All Records Broken.

With the backward conditions of the spring and the weather of the day against us, the amount of business done here on Saturday, our third anniversary, beat all previous records clean out of sight.

We start our 4th year with the brightest possible prospects, a large and well assorted stock of Men's and Boys' Clothing of every description. All marked in plain figures at prices that are bound to maintain the reputation this store has gained for giving the best clothing values in St. John. We wish to thank all who have so generously patronized us in the past and trust to receive a continuance of the same.

DUNN BROS. MAY TAKE ACTION.

Their Goods are Excluded from Country Market.

Clerk Dunham, Who Shut Them Out According to Bye-Law, May Be Sued.

Legal complications are likely to arise over the action of Wm. C. Dunham, clerk of the market, in rejecting quantities of pork and meat products sent from the factory of F. B. Dunn & Co., Gypsy Settlement, Fairville, to the market for sale.

The goods were sent in barrels to the market last week. Messrs. Dunn first sought to lease space to sell their goods on their own account. Clerk Dunham refused to lease any space. Messrs. Dunn then attempted to arrange with some of the market dealers to dispose of their goods for them. Clerk Dunham again interfered and absolutely forbade the sale of any goods whatever in the market owned by Messrs. Dunn and manufactured at their factory. Some of the goods are now in the market, standing to one side, awaiting removal by their owners.

Hon. A. T. Dunn, representing F. B. Dunn & Co., has threatened to take immediate legal proceedings.

Mr. Dunham warrants his rejection of the goods of the ground that the law relating to the market prevents his admitting them. The civic regulations specially provide that no person keeping a shop or place of business within five miles of the market shall be allowed to keep a stand within the market. The regulations even go further and provide that a lessee of a stand within the market shall forfeit his stand upon his becoming an owner of a shop or place of business within the five miles limit.

Mr. Dunham says that if he allowed Messrs. Dunn to sell their products within the market he would have to extend the privilege to all the pork and meat factories in the city.

REQUESTS FROM THE CITY.

Police Want More Pay—Cold Storage Warehouse Proposed—New Factory for St. John.

The common council will meet this afternoon when a number of important matters will come up. Among the matters to be considered will be a petition from the police asking for more pay. This petition is signed by all the officers from the deputy chief down, and sets forth the facts that the police of this city are about the poorest paid of any city of its size in Canada, receiving only from \$1.40 to \$2.00 per day, and that the cost of living in this city has greatly increased of late; that all the officers are married men with families, and that the officers find it difficult to keep their heads above water.

A letter will be read from Messrs. Williams Thomson & Co. re the erection of a cold storage warehouse on this side of the harbor for the handling of apples. This letter says that it would mean a big increased shipment from this side of Nova Scotia apples and that the shippers would be willing to pay a fee of one cent storage and one cent top wharfage per barrel.

A communication from the active Militia and Rifle clubs asks for a contribution of \$800 toward the erection of a proper shelter for the range. The Dominion government will contribute one thousand dollars. The building will cost \$1,800.

The Seamen's Mission want a free supply of ferry tickets to bring sailors across the harbor to their meetings, also the free use of the McLeod building or a part of it as long as is convenient.

The Retail Merchant Brokers Co. of Toronto call attention to the fact that the B. and I. patent bias filed Corset Co. are desirous of moving their factory from Toronto. It is a pushing concern and at present employ forty hands and four travellers. If they could locate here they would greatly enlarge their present capacity.

The annual report of the director of public works will be presented.

DETERMINED TO DIE.

Quebec Wife-Murderer Kills Himself by Tearing Wound Open with His Fingers

(Special to the Star.)
ORIGINAL P. Q., April 4.—Joseph Menard, who murdered his wife and then attempted suicide on March 6, died last night at the county jail here, where he was removed from his home of the Brook on Thursday. Menard, who was under guard at his home, escaped recently by feigning illness, but was recaptured.

His death was caused by his tearing the bandages from his head and reopening with his fingers the wound he made with an axe at the time of the tragedy. This with exposure to cold brought on paralysis. Menard said that he had been confined in an asylum at New Years he would have committed no crime.

300 PAINTERS ON STRIKE.

(Special to the Star.)
QUEBEC, April 4.—Three hundred painters have struck here for higher wages and all painting is at a standstill, causing much inconvenience at this season.

Mrs. Rhea D. Christie, who had intended discontinuing her dressmaking business, desires to inform her customers that she will continue the same and will be pleased to receive all orders at her old address, 18 Orange street.

JAPANESE CAMPAIGN CAREFULLY PLANNED.

260,000 Men Now in the Field—60,000 More Coming—Will Have Three Armies of 100,000 Men Each.

SHANGHAI, April 4.—A letter received from Kobe, Japan, says the Japanese government has 260,000 troops in motion and fully 60,000 more under arms, in garrison and at the depots. These numbers are exclusive of the third reserves numbering 120,000, which have not been called to the colors. The exact number of troops which have left Japan for their various destinations are not known, but the entire first army had been landed and has been distributed throughout Northwestern Korea, with its main base at Chinampo. The Japanese General Staff still carefully guards the plan of campaign, but it is generally believed that it will operate three armies and nominally numbering 100,000 men, the second army landing west of the Yalu river and the third army east of Newchwang. The landings of the latter two armies will be easily accomplished, for the light cruiser squadrons can protect both movements.

It is thought that the landing of a heavy Japanese force west of the mouth of the Yalu will force the Russians to abandon the fortifications which they have been erecting north of the Yalu for the purpose of opposing the crossing of the first army of Japan from Korea.

It is also anticipated that these great Japanese forces will operate in conjunction, the third army swinging eastward from Newchwang, seizing or cutting the railroad and then engaging in a turning movement against the main Russian position.

The Japanese are confident that the Russians will be unable to transport supplies sufficient to maintain in Manchuria a force larger than 300,000 men. The heavy detachments necessary to guard the railroad and supply bases will, it is claimed, reduce the Russian fighting force to about 200,000 men.

The Japanese are requisitioning thousands of horses and it is probable that a considerable detachment of cavalry will accompany each army. Though the horses of the Japanese cavalry seem inferior to those of the Russians, the Japanese officers say they will satisfactorily accomplish the work planned for them.

Much Japanese artillery is departing for the front. The guns seem light, but it is believed that the Japanese have a number of heavy batteries equal in range to the best European field artillery.

Japan also possesses a large number of excellent mountain batteries, which in a rough country will have a distinct advantage over the Russians.

It seems certain that Vice-Admiral Togo's failure to effectually dispose of the Russian fleet at Port Arthur has delayed the Japanese land operations. A general thaw is now proceeding in Korea and Manchuria, rendering the country roads impassable and making it impossible to conduct general military operations until the ground hardens.

A FALL IN THE WORLD.

English Visitor Starts the Week in Swell Hotel and Ends it in the Jail.

Frank Reynolds is twenty-seven years of age and claims England as his home. For some days to come he will be on the register at the big King street hotel. This is a terrible comedown for Mr. Reynolds.

He arrived in the city just a week ago and for two days put up at the Victoria hotel, paying two dollars and a half a day for the pleasure, at least this is what he told the police this morning. Wednesday he went to the Grand Union. Thursday he stopped at a lodging house on the harbor front, and for two days put up at the Victoria hotel, paying two dollars and a half a day for the pleasure, at least this is what he told the police this morning. MURDER HID 36 YEARS.

After Eluding the Law Since 1868, Charles Cockley's Crime is Brought Home to Him.

KEOKUK, Ia., April 4.—The trial of Charles Cockley, for an offence committed thirty-six years ago, commenced today. Cockley shot and killed Constable Reuben Fenstermaker at Farmington, Ia., July 5, 1868, escaped from jail until a short time ago had been at liberty. During the interval he married and raised a large family to whom his crime has not been known. Having served in the civil war, he applied for a pension. His name attracting notice, the government officers investigated and he was brought to Iowa for trial.

The German woman Cecilia Kuhnert, of whom much has been published of late, is now among the missing. She was last seen in this city from Boston, she is believed to have been in the city, and she is believed to have been in the city.

REV. W. L. BEERS RESIGNS.

Unitarian Pastor Leaves St. John For Work in the United States.

Rev. W. L. Beers, pastor of the Unitarian church in this city for some time past, preached his farewell sermon last night.

Mr. Beers' departure from his pastoral charge in this city will be greatly regretted by a host of friends. During his stay here Mr. Beers has taken a warm interest in the affairs of the community and has identified himself with different public movements.

Accompanied by his wife and family, Mr. Beers left his morning for Union Springs, New York, where he will enjoy a needed vacation. He will afterwards probably assume the pastorate of some Unitarian church in the United States.

THE MANUFACTURERS' PROTEST.

Matters were very lively around the board of trade rooms today. This morning there were two meetings and several others are scheduled for later in the day.

A committee of the manufacturers met to discuss just what recommendations they would make to the government re the factory act and he expected that these recommendations will be drawn up and forwarded to Frederick tonight or tomorrow.

The other meeting was one of the council of the board of trade to consider several matters now pending.

SICKNESS IN FREDERICTON.

T. C. Allen Loses His Appendix—R. A. Estey Recovering—Canon Roberts has the Grippe.

(Special to the Star.)
FREDERICTON, N. B., April 4.—T. C. Allen, clerk of peace, was taken suddenly ill last evening and was removed to Victoria Hospital, where Dr. Altherton performed an operation for appendicitis at 11 o'clock. Mr. Allen passed a very good night and today is doing as well as can be expected.

The funeral of the late W. H. Quinn was held this afternoon at three o'clock. The body was taken to St. Ann's church, where Dean Partridge officiated. Interment was made in the old burial ground and was largely attended.

The body of St. Ann's, which deceased had been a member for over thirty years, marched in a body to the funeral. Mr. Beers, the pastor, was a result of a serious cold, caught while lumbering. His family hope that with careful attention Mr. Beers will recover from his prostration.

Canon Roberts, though still confined to bed, is gradually improving. His case has been one of grippe with slight attack of bronchitis.

HARD MAN TO KILL.

Negro Has Lived for Twenty Years With Knife Blade Imbedded in Skull and Brain.

NEW YORK, April 4.—A despatch to the Herald from New Haven, Conn., says: Part of a long thin knife blade, which was imbedded more than two inches in his skull, penetrating an inch into the brain and becoming encysted, has been removed from the head of Christopher Osborn, colored, at Grace Hospital.

In a quarrel with another negro, twenty years ago, Osborn was stabbed in the head and the blade of the knife was broken off. He suffered no inconvenience until a few weeks ago, when he was attacked with convulsions and paralysis set in. The physicians at the hospital say Osborn will recover.

THE RESTAURANT MUST BE CLOSED

Evangelical Alliance Takes a Strong Stand.

Mass Meeting Will Make Public Protest Against Sunday Opening of Park Restaurant

The Evangelical Alliance held its regular monthly session this morning. Rev. C. T. Phillips in the chair. There were present Revs. Dr. Fotheringham, Dr. Wilson, P. J. Stackhouse, C. W. Hamilton, S. Howard, C. Burnett, B. Beatty, W. T. K. Thompson, Mr. Ferguson and J. C. B. Appel.

There was received from the secretary of the St. John Horticultural Association an acknowledgment of the receipt of the resolution of the alliance condemning the opening of the restaurant in the park.

A letter relating to the opening of the restaurant in the park was received from the secretary of the St. John Christian Endeavor Union. The letter conveyed the information that the union intended to take action to prohibit the opening of the proposed Sunday restaurant by sending petitions to the different churches of the city with a view of creating a strong feeling against the project. A mass meeting of the public is to be called in the near future and addresses will be delivered by influential men. The Evangelical Alliance has been asked to take charge of this meeting.

The matter of opening the park restaurant on Sunday came in for considerable discussion and in some instances heated discussion this morning. A statement embodying the views of the alliance on the matter is to be prepared and will be submitted at an adjourned meeting of the alliance to be held next Thursday. It has come to be felt that some immediate action should be taken in view of the nearness of the time when the park restaurant will be thrown open to the public.

Rev. Mr. Ferguson, of the Carleton Free Baptist church, was introduced this morning by Rev. P. J. Stackhouse. A warm welcome was extended to him and he took an active part in his meetings.

The rest of the morning was taken up by the reading of a paper entitled "The Doctrine of the Holy Spirit," by Rev. P. J. Stackhouse. The paper evinced careful and scholarly preparation and was commended by those present. Mr. Stackhouse was tendered the thanks of the alliance for his paper.

The alliance then adjourned to meet Thursday, when the matter of the park restaurant will receive its undivided attention.

WE ALL FEEL IT.

THE REWARD OF TYRANNY.
Russia's governmental sins are surely finding that country out. The cruel tyranny which the Czars have meted out to their own people, is proving, in their own country, the greatest danger which Russia has to face today.

In her own territory Russia's recent oppression of Finland has caused a Finnish disloyalty which extends wherever the Finnish refugees have been driven; and even in old Poland, in whose proper the Russian disloyalty to the people is finding vent in open expression, hopes that the pride of the government may be humbled by defeat and in threats, which only await the proper moment to materialize in a bloody revolution.

Besides this trouble within her own territories Russia is confronted with a hostile sentiment, in every civilized country in the world, which renders hopeless the search for an ally in the present emergency. The feeling is directly the result of the Russian government's oppression of the masses in their own country and is so strong as to neutralize what friendliness for Russia may be felt in governmental circles in such countries as France and Germany. France especially is officially friendly to Russia, but the working people, among whom the Socialists have great influence, are bitterly anti-Slav and the fact that the present French ministry holds office through a coalition of the Liberal and Socialist parties makes it impossible for Premier Combes to take any action favorable to Russia without ruining his government.

No other great power of the world would, in defeat, receive as little sympathy as Russia. In the end tyranny always defeats itself.

EXHIBITION AND TERCENTENARY.

It is regrettable that affairs have so been mismanaged as to cause any rivalry between the Exhibition Association and the promoters of the Champlain tercentenary celebration. There is no reason why both should not be successfully carried on. The Tercentenary certainly must go on and will probably prove the most popular celebration ever held here. On the other hand, no exhibition has been held here for two years and if this year is allowed to go past, it is more than possible that the project could not be successfully resurrected, which result, considered from agricultural, educational, or popular standpoint, would be deplorable.

The government has practically assured the Exhibition Association of a grant and has no right to refuse it on account of the demands for a celebration in which the whole province is deeply interested and which in no wise conflicts with the exhibition. The two are matters for separate consideration. The common council will also act unwisely if it decides to make the success of either project detrimental to the other. Both, while of a provincial nature, will be directly beneficial to the city and money given to their aid would be returned in other ways.

The Fredericton Herald sees in the rumor that the Imperial government is to quarter 10,000 soldiers in Canada a chance to make the New Brunswick capital a gay garrison town again. It urges that the Fredericton exhibition buildings be offered to the British government as barracks and promises that "if His Majesty will kindly send his troops this way they will be very warmly received and comfortably cared for."

Joseph Chamberlain, with whom the monoco was almost a trade-mark, is said to have taken to spectacles instead. The Halifax Echo recommends that Mr. Geo. E. Foster, who was once a temperance lecturer, should drop a note of warning to his friend on the evils of one glass more.

John D. Rockefeller is said to be planning to give away one hundred millions of dollars before he dies. The Lord help us poor people who have to burn kerosene oil.

NEW AUSTRALIAN TRADE.
The experimental tobacco-growing carried out by the Victorian government at Edin Farm is proving very successful. Samples of the tobacco grown at the farm have been submitted to several Melbourne tobacco manufacturers, who have expressed high approval of the quality. The manager of the States Tobacco Company, reporting on the samples, says: "They are the best samples of Australian-grown cigar leaf we have ever had submitted to us, and we ourselves would be prepared to purchase immediately a large quantity of such leaf at a price which we believe would be profitable to the producer."

I. C. R. TRAIN WRECK.
Twenty Cars Derailed at Rothesay and Smashed to Pieces—Fifty Head of Cattle Killed.

Yesterday morning about 9.45 o'clock a cattle and freight train, composed of thirty cars, was almost totally wrecked at a short distance this side of Rothesay station. Twenty cars left the rails and were broken up into pieces. Out of two hundred head of cattle, fifty, valued at \$3,500, were killed. The entire damage is estimated at between \$12,000 and \$15,000.

Shortly after the accident occurred an immigrant special, which was following the cattle train, came in sight and was promptly derailed. The immigrant train was delayed for eight hours. The cattle train left Moncton at 5.30 o'clock yesterday morning. The train was in charge of Conductor Wilbur and Driver G. Demill. Twelve of the cars contained cattle, and the remainder were loaded with miscellaneous freight. The immigrant train left Moncton 20 minutes later.

It was just 9.45 o'clock when the cattle train passed Rothesay station. About 500 yards further on the train went to pieces. Twenty cars left the rails, ten of them containing cattle. The engine, the van, a passenger car and a number of freight cars remained on the track uninjured. The scene that followed was one of wild confusion.

Conductor Wilbur immediately telegraphed to St. John and Moncton for assistance. In the meantime the cattle, a dozen in all, who were on the train, assisted by the immigrants, got to work to save as many of the cattle as possible. A number of Rothesay men, notably Thomas Rathburn, Geo. Gallagher, H. Macrae and Daniel Douglas, rendered great assistance. John Storm, who has charge of shipping cattle at Sand Point, was early at the scene of the accident, having driven out as soon as he got word. He, assisted by his cattle foreman, put some of the worst injured cattle out of their pain, while those that were not so badly injured were cared for.

Wrecking crews were sent from both St. John and Moncton. They soon cleared the track of the demolished cars and by 6.30 o'clock had repaired the track so as to allow the immigrant train to pass. The immigrant train reached the city by 7.30 o'clock. The 150 head of cattle which escaped injury were brought to the city last night shortly after 12 o'clock. Donald Monro, who owns the cattle, will arrive in the city today from Montreal.

TERCENTENARY OR EXHIBITION.
A meeting of the programme committee of the tercentenary celebration was held in the mayor's office on Saturday night. Mayor White was in the chair and D. R. Jack acted as secretary. Among those present were: D. J. Purdy, M. P. P., Geo. Robertson, M. P., Police Magistrate Smith, Rev. W. O. Raymond, Col. Markham, Ald. Macrae, Roland Frith, D. C. Clinch, Ald. Bullock, R. O'Brien, William White, C. A. Macdonald, and a number of others.

The meeting was called to consider the matter of grant from the government and city, but little progress was made beyond appointing a committee to wait on the Exhibition Association at their meeting this afternoon. It seems that the government considers themselves pledged to the grant to the Exhibition Association, while the common council are in the same box and neither body feel that they can afford to double the grant. Opinions differ as to what is best to be done, and so His Honor Judge Ritchie and Rev. W. O. Raymond were selected to meet the exhibition people.

GO ON.

Another failure! Never mind! Go on! Thy work has not been wasted. Try again! The old base the lighthouse stands upon. Supports it hidden by the chafing main.

Success is just the lantern of the tower. The flag upon the flagstaff, or the shine That comes of burnishing pure gold, the power Evolved when work and patience intertwine.

To raise the tower, the flagstaff to up-rear, Refuse the gold—this is thy present need; And, working upward, nearer and more near, Thy soul shall to the height it craves proceed.

Success! This is the top of all, the crest. The stone that locks the slowly-built bridge. The colored ribbon on the vet's van's bridle. The medal for the stormers of life's ridge.

Go on! Don't run a little way and stop! Go on, and, if alone, go on alone. Till effort find a foothold at the top. And worth, proved worthy, make success its own!

RECENT DEATHS.
Ferdinand Ripley, an aged resident of Milltown, died at his home on Elm street, Tuesday, after an illness of several years' duration.

The death occurred on Wednesday of James Mureland, aged 85 years. He was a resident of that place about thirty-seven years. He was born at Manquepue, P. E. I., and is survived by his wife, eleven children and twenty-one grand-children.

PINCHES ALL 'ROUND.
(Philadelphia Press.)
She—My new gown is just lovely; it's a perfect fit.
He—Satisfied on that point, eh?
She—Yes, I know it's a good fit because it pinches me so—
He—Well, it doesn't pinch you half as much as it does my pocketbook.

LOCAL NEWS.

Str. Kilkeel, Capt. Kerr, which landed a cargo of coal taken in at Parrsboro at Quaco, reached St. John early yesterday afternoon.

A city hackman, Henry Goding by name, has been reported for going beyond the place appointed for occupation by hackmen at the L. C. R. depot to solicit passengers and custom. At the Easter services in St. Mary's church yesterday a special collection was asked for the payment of an old debt on the church. The response was most generous, \$170 being handed in.

On Saturday evening between half-past five and six o'clock, a rowboat belonging to H. S. Mayes was stolen from Market slip. It was reported that two men were seen taking the boat, and it is pretty well known who they were. Mr. Mayes was prosecuted if the boat is returned at once.

At the services held in the Cathedral yesterday, collections were taken in aid of repairs to the spire. The total cost of this work was \$8,000. Yesterday's collections amounted to \$625, making the total amount already raised, about \$4,000.

The death occurred Saturday night at the residence of Frank E. Craig, 80 Sydney street, of Mrs. Elizabeth J. Roop, widow of the late John Roop. The deceased was 82 years of age. Funeral will take place Tuesday afternoon at 2.30 o'clock.

The Eastern liner St. Croix, Captain Thompson, did not reach St. John till 9 o'clock Saturday night, two hours after the time announced for her departure for Boston again. She sailed at 2 o'clock yesterday morning. The weather encountered on her way St. Johnward was terrific, but the staunch ship acted well as usual.

Ferguson & Page, the King street firm, have had their spacious premises repaired and even more attractively ornamented than ever before. Hundreds of citizens looked in Saturday to congratulate these enterprising merchants on the improvement in the appearance of the store. It makes the handsome stock look better than ever. The schooner Frank L. P., which has repeatedly fallen over in the slip to the southward of the east side ferry floats, is being stripped for her owners, the Lantulum concern, by P. Egan. Her timbers have been removed and the rigging is being piled on the wharf. It is hoped she can be righted shortly and then she will be consigned to the most convenient place to be broken up for the materials of value in her.

Charles H. Nelson of Waterville, Me., the well known horseman, spent Saturday night and yesterday in St. John as a guest at the Dufferin. Mr. Nelson, who is a member of the racing club, was named the famous stallion Nelson, which knocked the record at Moosehead park to pieces many years ago. met hosts of friends here. He talked with all the old earnestness of horse men and gave scores who enjoyed his stories a lot of pleasure. Mr. Nelson leaves for home today.

ANOTHER GOOD SALE.

Nordica Seats Go With a Rush Again Today.
The seat-plan was re-opened this morning for the accommodation of non-subscribers, and another ready sale was recorded. The seating capacity of the Opera House is being greatly augmented for this eventful occasion, and no need be deterred by the persistent rumors that all the seating capacity has been taken up. Excellent seats still remain, and until after these are taken up will the gallery tickets be sold. In Halifax every available position in the Academy has been sold, from the entrance to the rear of stage, right up to the rear wall of gallery, and still orders for seats are pouring in from all over the country for seats from parties who cannot be accommodated. Let all who purpose hearing Nordica in St. John, move quickly in the matter, so that disappointment may not ensue.

SENT UP FOR TRIAL.

C. P. R. Agent Wilkes Committed On One Charge—More Will Be Heard.
Wilkes, the C. P. R. agent at Fairville whose preliminary examination has been going on for some days past on a charge of obtaining money in a fraudulent way from the C. P. R., and forging the name of Barton, an employee of the road, was this morning committed for trial. The principal witness examined this morning was C. P. R. detective McKay, who came here from Montreal and with Detective Killen, of the local force worked up the case.

Tomorrow morning Wilkes will be arraigned on a charge of securing money from the road by using the name of C. C. Clark. In case it is understood, will conclude the preliminary examination.

ABSENT-MINDEDNESS OR CHEEK?

A gentleman entered a grocery store on Thursday afternoon and, without saying a word or asking any permission, walked to where the telephone was and called up another grocery establishment. As soon as connected he ordered a loaf of bread, a half dozen cross-buns and a flin-haddock, all of which articles were kept in the store from which he spoke.

Having placed the order and hung up the phone, he departed, without even saying thanks, which was certainly adding insult to injury. Should the offender read this item it would be interesting to hear from him as to whether the act was due to his absent-mindedness or cheek, or if he considers grocers keep phones in order that the neighbors may place orders with their grocers.

O'NEIL'S GOOD BATTING.
MOBILE, Ala., April 1.—The Boston American champions opened a picked local team here today. Cy Young, who recently joined showed himself in prime condition. But one run was made off his delivery. In the first two innings he retired two of the batsmen on strikes.

Three of the Boston players played on the Mobile side—O'Neill played second base. O'Neill proved an excellent ball player. He led his side at the bat, drove in three good hits off the great "Cy," and played his position with excellent results.

WHAT WE OWE TO ASIA.

(Portland, Oregonian.)
It is noteworthy that out of Asia come our Alphabet and our Arabic numerals. The compass we owe to the Chinese, who knew of the magnetic needle as early as the second century A. D. Gunpowder originally came out of Asia, and so did the art of printing and the manufacture of paper. The Chinese invented movable types in the eleventh century, 550 years before the invention of the printing press. They also made silks long before Europe, and porcelain that has never been equaled by Europe. Truly Asia is the cradle of the race. On the original ideas of the Persians, the Arabians, the Hindoos and the Chinese, our modern society has been built.

Deranged Nerves

Weak Spells.

Mr. R. H. Sampson's, Sydney, N.S.,
Advice to all Sufferers from Nerve Trouble is

"GET A BOX OF MILBURN'S HEART AND NERVE PILLS."

He says: "I have been ailing for about a year from deranged nerves, and very often weak spells would come over me and be so bad that I sometimes thought I would be unable to survive them. I have been treated by doctors and have taken numerous preparations but none of them helped me in the least. I finally got a box of Milburn's Heart and Nerve Pills. Before taking them I did not feel able to do any work, but now I can work as well as ever, thanks to one box of your pills. They have made a new man of me, and my advice to any person troubled as I was, is to get a box of Milburn's Heart and Nerve Pills."

Price 50 cts. per box, or 3 for \$1.25, all dealers.

ROBBERD ON HIS HONEYMOON.

Bridgroom Loses \$4,200 that He Carried in His Pocket.
WASHINGTON, April 4.—While on his wedding trip to this city, William Payne, of Whitmore, Randolph county, Va., was robbed of \$4,200, the accumulated savings of years. Payne took a shipment of cattle to Cumberland, Md., on Saturday. After concluding a profitable sale he hurried to the home of his fiancée, Miss Florence Milwood, where a previously arranged marriage ceremony was performed in time to permit the young couple to catch an afternoon train for Washington.

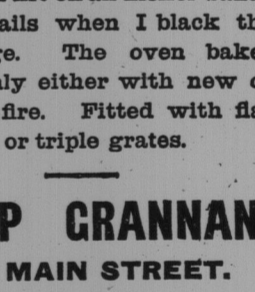

Arriving in this city, they registered at a hotel near the Baltimore and Ohio depot. Payne's money was rolled in a handkerchief, which he placed in his hip pocket. While at the hotel he drew a \$20 bill from the roll to defray his current expenses and replaced the remainder in his trousers pocket. Tuesday afternoon he and his bride left for Ryland, Culpepper county, Va., to visit his father, Harrison Payne, at whose house they spent the night.

Wednesday morning Payne had a payment of \$2,000 to make to people interested in the cattle sale at Cumberland. When he looked for his money he discovered that he had been robbed of all but a \$10 bill. His father came to this city Wednesday afternoon and reported the robbery to the local detectives. He said that his son was certain that the money had been stolen in Washington.

The contemplated Broadway-Courtland skyscraper, which will have almost double the number of stories in any existing New York office, will be 615 feet high.

The Value of Style.

Time was when style did not cut much figure in the ready-to-wear clothing business. Price was the chief consideration. Have you noticed what a change has taken place?

Any manufacturer can buy good cloth and trimmings and make clothes of them, just as they can buy canvas and paint and make a picture. But what kind of a picture and what kind of clothes? Good pictures cost much because there is something in them besides paint and canvas. And just so with clothes.

Do you want clothes in which there is something? If you do, and understand it, you'll find it in 20th Century Brand.

THE HOME OF THE SIBERIAN COSSACK.

The government of Tobolsk, where the Siberian Cossack is reared, is, says Engineering, a well-watered region, with something like 1,600 lakes, many of them of considerable size, scattered over the 254,780 square versts; but the population only equals about 1-1/2 per cent. of the total population of the government, and located along the railway line from Petropavlovsk to Omsk. The preparatory class for the Cossacks, continues Engineering, comprises lads from the age of eighteen, who undergo three years' training; the Cossacks of the first ranks are enrolled from the age of twenty-one for a period of twelve years; and all serve for a further period of five years in the reserves, the age of discharge being therefore thirty-eight.

hardly, not particular about food, and capable of enduring extreme heat and cold, but the load they can take, even on a level road, is only about 900 lbs. The province, too, is partly devoted to the race which gives Russia her Siberian Cossacks, recruited from the Kirgiz people, representing about ten per cent. of the total population of the government, and located along the railway line from Petropavlovsk to Omsk. The preparatory class for the Cossacks, continues Engineering, comprises lads from the age of eighteen, who undergo three years' training; the Cossacks of the first ranks are enrolled from the age of twenty-one for a period of twelve years; and all serve for a further period of five years in the reserves, the age of discharge being therefore thirty-eight.

DIED FROM INJURIES.

MONCTON, N. B., April 3.—William Daly, who fell off the maritime express at Moncton station Friday night, died yesterday afternoon of his injuries. Daly, who belongs to Riverdale, Albert Co., had been about the station shortly before ten o'clock and boarded the train to see a friend, Joseph Carnwath, who was going to Montreal for medical treatment. He appears to have stayed on board too long, as where he was found, about two hundred yards from the station, the train would be going at considerable speed. There was a frightful crash about six inches long on the top of his head and his face was also bruised. There were rumors last night of foul play, but before dying Daly, who recovered consciousness, told his nurse that he had fallen from the train.

Funerals.—The funeral of the late Malcolm Steele took place Sunday afternoon from 90 Haymarket Square. Service was held at the Cathedral by Rev. Father Coughlin. Six school companions acted as pall bearers. Interment was made in the new Catholic cemetery.

The funeral of Mrs. Jane Stewart was held Saturday afternoon at 2:30 o'clock from her late residence, 58th street. Rev. Mr. Phillips officiated. Interment was made in Fernhill.

At Loch Lomond at 2:30 o'clock Saturday afternoon, the funeral of the late James W. Foley took place. The late Foley was a resident of St. John's, and died at his home at 2 o'clock Saturday afternoon from his residence, Bridge street.

BAD FIRE IN RIDEAU HALL.

OTTAWA, April 3.—Mistakes never come singly. A few days ago Lady Minto fell on the ice and sustained a compound fracture of her right leg. About five o'clock Sunday morning her excellency was awakened from sound slumber by fire which broke out in the new wing of Rideau hall and did some \$25,000 damage before it was extinguished. Much valuable furniture was destroyed. The fire is supposed to have caught from a defective fuse.

BEATS ST. JOHN.—HALIFAX, April 3.—John Hatfield, Henry Inglis and Joseph Young, three men who have been sentenced from the city prison some time last night, and are now at liberty. Their escape was not discovered until this morning, when the only clue found as to how they got out was a crooked piece of wire. The police and militia were alerted, and parties sent out have so far seen no trace of them, although other three men working towards Truro.

A FORK IN HIS EYE.

HALIFAX, April 3.—Shortly before the Bavarian sailed for St. John last night, two firemen, brothers, named Bishop, got into an altercation in the stock hole, which was afterwards renewed in their quarters. One of them seized a fork and stabbed the other in the side and face. The injured man was called and sent the wounded man to the hospital, at the same time arresting the other. The wounded man was resting easy tonight, but will probably lose the sight of one eye.

R. A. EIGHTY ILL.

FREDERICTON, April 3.—R. A. E. Eighty, well known lumberman, was returned last evening from the scene of his lumber operations on the Tobique River, was early this morning seized with severe illness at the residence of his daughter, Mrs. Bedford Phillips. The attack was in the nature of paralysis and he died at 11 o'clock. He was moved, was obliged to bleed the patient.

LOCAL NEWS.

Celebrated Broad Cove coal, \$7.00 per chaldron delivered, at Watters', Walker's wharf. Tel. 612.

An Easter concert will be held Thursday evening of this week in the Carlton Baptist church by the primary department of the Sunday school, assisted by local talent. A good programme will be given.

Mrs. Margaret Boone died at her residence, Camden street, Sunday 3rd. She leaves beside her husband and one child, father and mother, two brothers and one sister in Carleton, N.B., and two sisters, Mrs. Esau Thomas and Miss Livenia Clark of this city.

Col. Buchanan has announced his readiness to turn out with 250 or 300 members of the Boys' Brigade, headed by their own band, and give an exhibition on the occasion of the twenty-first anniversary celebration if a place can be found on the programme.

Miss Florence Borden, of the Fall River Golf Club, won the women's championship of Southern California at Pasadena recently. Miss Borden was defeated by Miss Thomson, of St. John, in Miss Giescom's tournament at Moncton.

The regular Easter concert will be held at St. Philip's church this evening at eight o'clock, in connection with which J. L. Coffin will sing one of his excellent solos. Instrumental selections will make up part of the programme. The choir will render special Easter music.

J. R. Wilkins, of St. John, on Friday took charge of the Hotel American. Mr. Wilkins has already made many needed alterations and his proposed improvements are extensive, which when completed will give him one of the most up-to-date hostels in the Maritime Provinces.—Moncton Transcript.

Harry P. Perkins, formerly of Manchester, Robertson, Allison, Ltd., has been appointed by the navy department at Washington, D. C., to take charge of the wireless telegraph plant on the United States armored cruiser Brooklyn, flagship of the south Atlantic squadron.

There will be a change in the personnel of the Lorne Club on Friday evening this season. One of the old members will not be in condition to row on account of illness. A good man will be selected to take his place, and the Lorne will again make a strong bid for the championship.—Halifax Mail.

T. Wm. Barnes and Wm. J. Brown, of Hampton, left Friday evening for Boston and New York, and will interview a number of capitalists and others in reference to the establishment of a manufacturing plant for insulated and enamelled tin ware. The re-opening of the old Osseke works would be a great boon for Hampton.

The Sabbath was well observed about 2:30 o'clock yesterday on Peter street, where twelve boys obstructed the whole sidewalk playing marbles, to the accompaniment of about eight and ten, as is ever to be heard in the streets, says a correspondent of the Star, who adds to his statement the comment that of course no policeman was to be seen anywhere in the near vicinity.

THIS EVENING. Dalley Stock Company at the Opera House.

Meeting of the Ladies' Auxiliary of the Seamen's Mission.

Meeting of St. Paul's Needlework Society at the residence of Mrs. Dickson.

Meeting of St. Stephen's church guild.

Easter cantata at Victoria street Free Baptist church.

POISON SENT THROUGH MAIL. On Thursday a well known member of the local boxing fraternity received some poisonous pellets through the mails. The package came from St. John and friends of the boxer are inclined to feel that they were sent as an April fool's joke. If so, the person who sent them was playing a joke which might have had a serious ending.—Fredericton Cleaner.

BOY WON THE PRIZE. W. S. Masters, of the Flewelling Co. of Hampton, while in the city today came into the Star office and was paid the \$10 won as a prize for the nearest guess at the Star's circulation for March by his seven year old son.

F. R. PATTERSON & CO. THE DAYLIGHT STORE.

MEN'S COLORED SHIRTS, Hard and Soft Bosoms. A large variety at lowest Prices.

SEE WINDOW DISPLAY. All marked with Price Tickets.

Cor. Duke and Charlotte Sts. Store Open Every Evening.

LOTS OF CANDIDATES.

Names of W. B. Wallace and A. W. Baird Added to the List of Aldermanic Possibilities

Two weeks from tomorrow the civic election will be held, and as the day approaches the candidates appear more numerous. The other day the Star published a list of those in the field, but since then three other names have been prominently mentioned.

W. B. Wallace was spoken of as a possible candidate for Kings ward, also Col. J. R. Armstrong. It is now understood that the colonel will not offer, but it looks as if Mr. Wallace, who is one of the leading Orangemen in the city, will come out for alderman at large. Mr. Wallace would have as opponents five candidates, including the present incumbents, Messrs. Allan and Hilyard.

Another aspirant for civic honors is A. W. Baird, who may run for Dukes. Mr. Baird told the Star this morning that he had not yet definitely decided, but would make known his intention in a day or so.

PERSONALS.

Frank Manning, formerly of Moncton, now with Manchester, Robertson & Allison, St. John, is spending a few days at his home here.—Moncton Transcript.

Hon. H. A. McKeown arrived home from Ottawa Saturday.

Miss Ethel Armstrong has returned from Fredericton for the holidays, accompanied by Miss Little McNair, of Campbellton.

E. Hickson, of the west side, who went to Colorado recently on business, is returning in ill health.

Lady Tilley, accompanied by Miss Isabel Howland, expects to return home from Ottawa April 15.

Mr. and Mrs. H. C. Tilley arrived home Saturday from Jamaica.

John McAllister, ex-M. P. of Campbellton, who has been in New York for the benefit of his health, came in Saturday and registered at the Royal.

Mrs. H. G. Rogers and daughter sailed on the Lake Champlain Saturday for a trip to Germany.

Rev. J. C. Robertson, pastor of the St. James' Presbyterian church at Milltown, has declined a call with a very flattering salary, to Truro, N. S.

Miss Jennie Gough, of St. Martins, came to St. John April 1st to take a course at Kerr's Business College.

Mr. Joseph Paul, nee Miss Ethel Tibbitts, and her little daughter Helen, arrived in Annapolis on Thursday from Vancouver, B. C., to spend the summer with her parents, Mr. and Mrs. Marshall Tibbitts, and to be present at the marriage of her sister on Wednesday, April 14th.

Alban Clarke, of the Bank of Nova Scotia in Sussex, is visiting his parents, Mr. and Mrs. James Clarke, of the Dalley.

An Annapolis correspondent writes:—On Thursday evening the Rev. Mr. Marshall Tibbitts, and to be present at the marriage of her sister on Wednesday, April 14th.

James Nagle has been in hard luck for some time past and after doing two months with the chain gang will probably wish for another war so that he can again enlist and go to the front. His father is a very strong part, as The O'Grady, will be seen to splendid advantage. As Major Coffin, Chauncey Southern has a splendid role. Miss Nannary, as Arrah Melish, will be seen to splendid advantage. Miss Carr, as Fanny Pover, will have a splendid part, and Miss Blanche, as Katie, is sure to win favor. New scenery has been put up for this production and with every member of the company perfect in their lines a splendid performance may be looked for. Seats are selling rapidly.

SAVED MONEY BY STAYING. Recently quite a number of men arrested on minor charges have left deposits and have not turned up next day. Thursday night Hugh Furry and James McConnell who claim Scotland as their home, were gathered in on Water street looking drunk. McConnell left a deposit of eight and when sober was allowed to go.

This morning Furry, who works on the S. S. Concordia, faced his honor and admitted that while he had been coming to his port for three years it was his first offence. He got off by paying four dollars.

McConnell failed to turn up. His was a similar case, but the deposit of eight goes to the city treasury.

STEAMER MONMOUTH DOCKED. The C. P. R. freight steamer Monmouth, Capt. Birchman, docked today at No. 3 berth.

The Monmouth, which arrived off the island Sunday evening about eight o'clock, signalled the Lake Champlain when entering the bay. The C. P. R. boat sailed from Bristol and has some two thousand tons of cargo.

BETTER WATER SUPPLY NEEDED

Supt. Murdoch Says the Facilities for Supplying St. John With Water are Inadequate

Superintendent Murdoch, speaking to the Star recently of the water pressure, of which lately many complaints have been heard, said:

"The water pressure now is certainly not as good as it was before the winter set in. Along the line of the street railway the poor water pressure is particularly noticeable. I attribute it largely to the encrusting of ice on the interior of the mains. While the frost remains in the ground the mains must continue in a more or less encrusted condition and it will now be only a matter of weeks before this interference with the pressure is removed."

The low pressure was thought at first to be due to leakages in different parts of the city. Special paths were taken to ascertain whether this was so by shutting off sections of the water service at a time and carefully examining for leaks. Some leaks, it will be remembered, were discovered, but the stopping of these did not in the least assist the water pressure.

The reservoir is now, and during the greater part of the winter has been, overflowing, something which never occurs when the pressure is good. This goes to show that the severity of the winter has had much to do with the poor water pressure.

"But the severe winter has not been, by any means, the entire cause of the poor water pressure. The demands on the service have increased, but there has not been a corresponding increase in the supply of water. The present system of water works was all right for St. John twenty or thirty years ago, but it is wholly inadequate for St. John today. There must be additional facilities for bringing the water into the city, and until these are adopted there is likely to be trouble with the pressure."

"St. John has not been alone in her water troubles this winter. Cities in the New England states and in warmer latitudes have had worse freezings up than St. John. In Lowell (Mass.) up to January last over 200 water meters were frozen. Lowell has over 7,000 water meters. At the same date Fall River, with over 7,000 meters, had 200 of them frozen. St. John has only about 200 meters, but during the whole winter only three of them froze. The meters in every instance froze in cellars."

POLICE COURT. Fifteen Candidates for the G. P. Squad Examined Today.

Between noon on Saturday and this morning fifteen boarders occupied cells at the central police station. Among the lot were four protectionists, and the balance were disposed of this morning.

Several deposits were collected and the heaviest offenders went to jail. Wm. Lenihan, a common drunk, got two months with hard labor. Diggs said it was a long time since he had been in court and that he was working steadily. He paid four dollars. Those who were drunk on British street and were soaked for eight dollars or twenty days with hard labor.

John Dugan is fifty-one years of age and William Britt is thirty-eight. They were arrested on Saturday night for fighting on British street. It was not a case of "What did Dugan do to him?" but what his honor did to him. It was twenty dollars each, or two months with hard labor.

Harry Golding, a hickman, was reported for an infringement of the I. C. R. regulations. He was present in court but there was no one to appear against him. He was bid to see officer Stevens at the depot and arrange matters.

TWO MONTHS FOR SWEARING. Magistrate Won't Stand for Blasphemous Language.

If there is one thing more than another that affects his honor the police magistrate Ritchie is to have a man brought before him charged with blasphemous language and judging from the way he handled one offender this morning it would be as well that all should take notice.

The offender was William Guthrie, who says he is an Englishman. He was charged with being drunk and using profane language and taking out Saviour's name in vain on St. John street. The prisoner said he had been in the hospital for some time. Here his remarks were cut short, his honor was considered perfectly respectable and it was no offence to go there. Guthrie admitted he had been drunk and was fined four dollars or ten days. The officer who made the arrest swore to the other charge and Guthrie was sentenced to eight dollars or two months with hard labor.

BISHOP'S WILL CASE AGAIN. Dr. Quigley Will Appeal to the Imperial Privy Council.

Dr. R. F. Quigley, K. C., formerly of this city, now of Montreal, arrived in the city today. Dr. Quigley was prominently connected with the Bishop Sweeney will case before the supreme court of Canada, being counsel for the plaintiffs.

Dr. Quigley said this morning that it is the intention to appeal the bishop will case from the judgment of the supreme court of Canada to the judicial committee of the privy council.
