THE PHILIPPINES SWEEP BY A DISASTROUS TYPHOON

Meager Reports Tell of Enormous Property Damage and State That the Loss of Life Must Be Great—No Particulars Received

MANILA, Sept. 24.—A typhoon of terrific velocity swept over the central portion of the Philippine Group, sweeping part of the island of Samar, Northern Leyte, Southern Luzon, Northern Panay, Gasbat and part of Remban. The typhoon disappeared in the China Sea, moving in a direction west by northwest.

Wires are prostrate and available details of the damage done are meagre. It is evident, however, that serious disaster followed in the wake of the storm. A despatch received from Remban says that the typhoon caused a great loss of property and that undoubtedly many persons have been killed.

A big sensation has been caused in one of the largest grocery houses in this city, by the wholesale dismissal of seven employees of the firm, who are alleged to have been implicated in the systematic robbery of the concern. Some of the employees were old and trusted servants who have been with the firm for many years, but they had to go as well as the others, as it is stated that they were equally guilty. Seven employees in all were discharged.

LONDON, Sept. 24.—Captain Walter and crew of the schooner Grenade, which was abandoned in mid-Atlantic on August 28, arrived here yesterday from Rotterdam, where they were landed by the steamer Manchester Shipper, which rescued them. The Grenade sailed from Campbellton, N.B., bound for New York. She ran into a sea, setting so deep that the crew had to seek refuge on the top of the deck-house. They spent four days without food or water and had to lash themselves to the vessel to prevent being washed away.

BRITISH INFLUENCE IN VENEZUELAN AFFAIRS

PORT OF SPAIN, TRINIDAD, Sept. 24.—Sir Vincent Corbett, the British Minister to Venezuela, who has been here for the past three weeks, left for Caracas last night on board the steamer Barbadian via Curacao. During his stay here, the British Minister has been non-communative with regard to his mission, but it is believed here that upon his return to the Venezuelan Capital, he will endeavor to have rescinded President Castro's decree which has virtually shut off trade between the West Indies and Venezuelan ports.

GROKER COMPLAINS OF UNFAIR TREATMENT

DUNELM, Sept. 24.—Richard Croker has sent a telegram to the London Standard complaining of the treatment the paper is accorded him in sporting matters. He points out that since the appearance of his race horse Rhodora, paragraphs have frequently been inserted in this paper giving unfavorable accounts of her condition. The inaccuracies of the report, says the latter, is shown in the fact that the mare has won more than \$5,000 in stakes. Mr. Croker also protests against the publication of a telegram alleged to have come from his trainer, which he says was forged, in which it was stated that Rhodora would not likely run in the Cambridge Stakes.

CHARGE AGAINST CHIEF WINTER NOT SUSTAINED

Decision Given in Fredericton Today—Morrill Gets Three Years for Burglary.

FREDERICTON, N. B., Sept. 24.—L. W. Johnston, chairman of the police commission this morning gave judgment of that body in the charge against Chief of Police Winter, of having received \$5 hush money from one Norman Cameron, a blacksmith. The charge was investigated at great length and the commission found that it was not sustained. Winter, some weeks ago, was called to quell a disturbance at a house in Whitechapel, where he found Cameron alleged to be living with another man's wife. Winter taxed Cameron with this, and the latter alleged afterwards that he had paid the Chief \$5 to hush the matter up.

MR. BROWN WELL RECEIVED AT A BAPTIST PICNIC

FREDERICTON, N. B., Sept. 24.—Mr. Brown, the liberal candidate, was accorded a very hearty reception at a Baptist tea meeting at Mouth of Keswick yesterday afternoon and evening. When she viewed the scene below she sent up a cry of encouragement to her sisters above, for in either direction for several hundred feet was a long line of coffee cups, grape juice glasses filled to the brim, sandwiches and other edibles, with candles alight along the platform. All the women said they had a good time.

BRIEF DESPACHES

BOSTON, Mass., Sept. 23.—It was announced in this city tonight that the price to be paid to the farmers for milk by the Boston contractors would be the same this coming winter as they were last winter. An agreement to this effect has been reached between the local contractors and the Boston Co-operative Milk Producers Company. This means a slight increase over the summer rate, the amount to be paid varying according to the locality where the milk is produced. It is expected that the retail price of milk in Boston beginning October 1st will be nine cents a quart, the same as last winter, and a cent higher than the summer rate.

FRANK GOULD HAS NOT YET SHOT A MOOSE

Frank Gould, who left a week ago with a party from the yacht, and a guide to hunt moose, has been unsuccessful, and up to today has been unable to land any game. Yesterday word was received from him by the captain of his yacht, stating that they were enjoying considerable sport, and had been able to at least fire a few shots at big game, but had not secured a moose. He asked for more provisions and is evidently intending to spend a longer time in the woods than was expected. His crew thought that Mr. Gould would be home for Saturday, for arrangements for another trip had been made for Sunday, but now it is doubtful if he will return before the middle of next week.

Last evening a very successful corn bake was held at the breakwater, West St. John, for the benefit of Alfred Jackson, of M. R. A., on the occasion of his twenty-first birthday. After enjoying a very pleasant evening, the party broke up at an early hour in the morning. The Chinese will not drink tea that has been standing over five minutes. They pour boiling water on the leaves and then pour off and drink the infusion immediately. When made in this way "Salada" tea is very delicious and fragrant and does not affect the nerves. Although all the returns have not as yet been received, there is every indication that the St. John exhibition was a success financially. Secretary Gleason has been a busy man this week winding up the business, and expects to have everything completed in a few days. Union Jack Lodge, No. 80, P. A. P. E., met last evening in the Market Building, Charlotte Street. A large number of the members were present. During the evening some of the members presented to the lodge a large Union Jack with flag-staff and lodge emblems. Songs and speeches were indulged in and the members spent a very pleasant evening. A little girl about four years of age, who evidently wanted to go away on the train, was found near the I. C. Y. depot last night by some of the Salvation Army people who were leaving the city for their homes. The child, whose name was Lizzie, but was unable to tell her father's name or where she lived. The child was crying and the army ladies tried to comfort her by feeding her on fruit, while others attempted to find someone who knew her. Later a sister of the child arrived and rejoiced over finding the little tot. She was taken to her home on Paradise row, from where she had strayed early in the evening. Miss Maud Cummings, who resides in Carleton, narrowly escaped being hurt last night by falling in front of a street car on King Street. Miss Cummings, who was carrying a baby at the time, did not notice the approaching car. She stood for a short time between the tracks with her feet turned in the opposite direction, when suddenly she heard the bell directly behind her, and in her fright she dropped the child to the ground on the side of the track and jumped to get out of danger, but in doing so her feet slipped and she fell in front of the car. The conductor managed to stop the car in time to prevent an accident and no injuries were received by the girl or child as a result of their experience.

AYRSHIRE DAY AT THE SUSSEX FAIR

Some Magnificent Specimens of Ayrshires Were in Competition. SUSSEX, Sept. 23.—The attendance at the exhibition today was the largest of the week. A large number of persons from outside points were in the town today and helped to swell the attendance total at the fair. The races at the fair were very successful. A considerable crowd from St. John was present. The weather was perfect and well suited to the Ayrshire day, as the judges devoted the whole of the day to the judging of that breed of cattle. The entries of Ayrshires were numerous, as the farmers in this vicinity devote a great deal of attention to this breed. Some magnificent specimens of Ayrshires were in the competition. The judging before today was of classes in which there was little or no competition. Walker & McMonagie and Gurnsey & Harding Bros. of Walsford did the same. The competition in grade cattle was very keen. The prizes for the drawings entered by the pupils of the Sussex public schools were awarded today.

VOYAGING BERALS OF YORK FORM A STRONG CLUB

FREDERICTON, N. B., Sept. 23.—Over 100 young Liberals met tonight at their rooms over Farrell Bros.' store and formed a strong political club, which enters upon its existence with every prospect of a successful career. After a short programme of music by a travelling band of harpists, C. E. Allen was elected to the chair and W. A. McLellan was appointed secretary. On motion of W. A. Walsh it was resolved to form the Young Men's Club of York and a constitution and by-laws were adopted. The age limit was fixed at from 18 to 40 years with a provision for honorary membership for men over the maximum age. Arranging of the details of by-laws was referred to a committee consisting of C. H. Allen, Peter J. Hughes, and W. A. Walsh. A number of other Liberals, including J. D. Phinney, K. J. Bell, Thos. Fitzpatrick, Robert Murray, Chas. Bernard, who will draw up committee and report at a meeting Monday evening.

WHERE WOMEN ARE SILENT

Woman Who are Mourning are Forbidden to Speak. LONDON, Sept. 23.—Among the curiosities of religious belief mentioned at the Congress of the History of Religions, which met at Oxford this week, perhaps the most striking was related in the section over which Prof. James of Philadelphia presided. Here Dr. Frazier told of the silent widows of Northwest America and Central Australia, where, partly with the object of disgusting their dead husbands, it was the custom of widows to keep their mouths shut for periods of mourning which in some cases lasted two years. There is one particular tribe of Australian aborigines which extends this veto to the mothers, sisters, daughters and mothers-in-law, so it often happens a majority of the women in a tribe are prohibited from speaking. Dr. Frazier added that an odd circumstance was that many of them when the time for mourning was over preferred to continue to be silent women and to discourse only by signs.

LIQUOR DISCOVERED UNDERNEATH FLOOR

Yesterday was a lively one in Scott Act circles in Sussex, five raids being made, two of which turned out successful. Early in the day Constable Asbell, assisted by Rev. Mr. Kennedy, got to work. They raided the premises of George Doherty, who conducts a pool room. They found two bottles of liquor on the person of Doherty, which they secured after a hard tussle. On visiting the premises of Alfred Doughty, no liquor was found on the ground floor. On the second floor a house board was found and underneath it was a large quantity of liquor, which was seized. The other places, including Thomas Brown's restaurant and J. R. Ward's shop, where a private den was conducted, were visited, but no liquor found.

LAURA MERRILL AND ESTILL BOY TROT DEAD HEAT FREE-FOR-ALL

SUSSEX, Sept. 23.—A result of the second day's racing connected with the exhibition was the winning of the free-for-all by Laura Merrill in straight heats after running a dead heat with Estill Boy. In the dead heat Terrace Queen was distanced. The 235 trot and pace went to Ollie Online in straight heats. Harry W. of St. John was distanced in this race. Laura Merrill's best time was 2:17. The dead heat was in 2:16. The best time in the 235 was 2:19. The attendance at the races today was much better than that of yesterday, but was not what it should have been. Quite a number of St. John people came up for the afternoon's sport. The weather was beautiful and the track as fast as on the preceding day. The temperature for an autumn day was high and brought the speed out of the horses. The wind was stronger than on Tuesday but not strong enough to interfere with the drivers, although it blew in their faces on the back stretch. The summary is as follows: 235 Trot and Pace—Purse \$300. Laura Merrill, Duncanson, Fairville (Raymond)... 0 1 1 1 Estill Boy, Springfield Stables... 0 2 2 2 Will Be Sure, Nat McNeil... 3 3 3 3 River Louisa (McGowan)... 3 3 3 3 Terrace Queen, St. J. Dewar... 3 3 3 3 Bridgetown, N. S. (Holmes) de Time by heats—35, 1:09, 1:42, 2:06; 35, 1:08, 1:44, 2:15; 34, 1:10, 1:45, 2:18; 34, 1:09, 1:42, 2:17. The officials were as follows: Starter, William Wilson, Moncton; Judges, Ora P. King, Sussex; D. S. Mahon, Sussex; timers, J. S. McNeil, St. John; Thos. J. Dean, St. John; Dr. D. H. McAlister, Sussex; clerk of the course, S. McLeod, Sussex; distance judge, Jas. Lamb, Sussex. In the account of yesterday's racing the statement was made that 2:14 1/2 by Laura Merrill was a new record for the Sussex track. This was incorrect. The record of the local track is 2:13, made in 1905 by Simasse. The figure 2:15 1/2 was the previous record, made by Iuna some years before.

ISLAND RACES KEENLY CONTESTED

CHARLOTTETOWN, P. E. I., Sept. 23.—Four thousand persons saw the second day's races at the exhibition. It was summer weather, with bright sunshine, but the heavy, sandy condition of the track operated against record breaking. The races were well contested, good square trotting being the order of the day. Following are the summaries: THREE-YEAR-OLD TROT AND PACE—PURSE \$200. George Croesus, Frank Beale, Charlottetown... 1 1 1 1 Lady Commodore, Dan O'Brien, Charlottetown... 2 2 2 2 Parklin, E. B. Hammet, Charlottetown... 3 3 3 3 Time—2:30; 2:33; 2:34. 219 TROT, 232 PACE—PURSE \$350. Kalol, R. H. Stern, Charlottetown... 2 1 1 1 Nellie Evans, P. L. Time—2:28; 2:24; 2:28; 2:28; 2:29.

MONTREAL CRACKS TO COMPETE IN ST. JOHN

The Every Day Club intend to have a list of starters for their field day of sports on Saturday, Oct. 31. It is expected that some of the Montreal 'crack' will be induced to come down while some fast men from Halifax will be present. Longport will not be able to compete on account of his taking part in another race on that day. Covey, the fast local sprinter, who compiled a Schaffer to finish the hundred yards in ten seconds will again be on hand. The junior road race is creating great interest. Alfred Doughty, who captured the Clifton road race will be one of the starters, as well as Danaher, who ran so gamely in the Miramion road race last year.

AQUATIC

Is it not time that the harbor championship race should be rowed? The above question is being asked by several sportsmen in the West End. They claim that something should be done in the matter. The present holder of the title is Coates, but Nice could be induced to try conclusions with him instead of allowing him to again hold the trophy and title without having to row.

WOODSTOCK EXPO. IS IN FULL SWING

WOODSTOCK, N. B., Sept. 23.—The local exhibition was in full swing today, the glorious weather contributing greatly from all over the country. All told more than three thousand persons during the morning, and the management are consequently very happy. The main attraction of the afternoon was the horse racing, two classes, the 235 and the green class, affording much keen sport. The summary: 235 CLASS—PURSE \$150. Estella Glen, E. McLean (Gal-lagher)... 3 1 1 1 Major Bill Good, W. F. Bol-SP... 1 2 2 2 Daley, W. Mott (Mott)... 2 2 2 2 GREEN RA 70—PURSE \$75. E. Sandy MacDonald, Fred G. McLean (McLean)... 2 2 1 1 Alice D., H. W. BRANDON LIBERALS NOMINATE SIFTON

TORONTO, Sept. 23.—The Ontario license department has seized five cases of liquor in transit over the P. & N. O. Railway to Cobalt on the ground that they constitute illegal shipments. Some of the liquor was shipped from Toronto and some from Montreal. The government took possession and paid the freight before any one had a chance to call for it, but no one called for it, and this fact is regarded as an indication that the names used were fictitious. An enthusiastic Liberal convention at Brandon last night nominated Hon. Clifford Sifton for the fourth time. No other name was proposed.

SUPREME COURT CASES RESULT IN CONVICTIONS

YARMOUTH, N. S., Sept. 23.—The regular session of the supreme court, which opened in Yarmouth yesterday was concluded today. Judge Mosher presided, and the grand jury found true bills against Augustus Fitzgerald, charged with rape, and Adalbert Claco, charged with abduction. Both pleaded guilty on being brought before the jury. Fitzgerald was sentenced to ten years in the penitentiary, and Claco to one year in the common jail at Yarmouth. There was only one civil case on the docket, and that was taken and the case will be argued in Halifax. Let Lyons, the Advertiser, boom your business. Price 2000.

STRICTLY FRESH SERMONS ONLY 25 CENTS A PIECE Syndicate Offers an Up-to-Date Service and Guarantees Against Accusations of Plagiarism. NEW YORK, Sept. 23.—For 25 cents a week or \$10 a year, clergymen may now obtain sermons which are described as "being strictly up to date and containing allusions to current events and matters of national interest." Many clergymen in New York and surrounding towns have received circulars addressed "Dear Brother" from the homiletic department of publishing houses, offering the sermons and giving descriptions from them. "No patron," says the circular to the clergymen, "need fear an accusation of plagiarism. We sell the clergyman our work and he has a right to use what he purchases as seems best to him. The sermons are mailed in New York every Friday morning in plain sealed envelopes. They are evangelized in tone. We shall not furnish our service to more than one minister in any city or town." Page 6 of a sample sermon accompanies the circular. Included in the excerpt is a quotation from the Bible and a verse from a hymn. The permission of the sermon is as follows: "Let us all stand firmly on solid ground and still stand when storms and philosophies shall have reached the utmost limit of their inquiry and all truth is woven into a crown of everlasting glory and placed upon the brow of Him who has shown shining moral humanity the way of life, who has revealed to wayward, erring man the truth of life; who has given to the unworthy the best gift at His disposal — Himself."

SYNDICATE AFTER EASTERN COMPANY

BOSTON, Sept. 23.—In the United States Circuit Court, Portland, today, proceedings were instituted for the purpose of terminating the court's control of the Eastern Steamship Company and effecting its sale to a New York syndicate, which includes some of the company's creditors. The Eastern Steamship Company has done excellent business the past summer under the management of Governor William T. Cobb and Calvin Austin, receivers appointed last February. The proceedings took the form of a petition for a final decree on which the hearing will be Sept. 30. It is not certain whether Charles W. Morse is a member of the syndicate, but it is believed he is.

NO MUTUAL HATRED AMONG WORKMEN

Fraternity of English and German Trades Unionists.

References to the Wickedness of the Idea of an Anglo-German War Loudly Applauded.

Berlin, Sept. 23.—There was a remarkable demonstration here yesterday of the fraternity of English and German Socialists and trades unionists. It culminated in a joint meeting in the Reichstag building, in the presence of the British Labour members of parliament who have been attending the Inter-Parliamentary Conference. The general assembly of the English and German Trades Unionists, who, for political reasons, refused to amalgamate in a joint demonstration, met in the Reichstag building, and the members of parliament entered the New World here garden they were greeted with volleys of cheers, by five thousand German workmen, who were echoed by thousands more who were assembled outside the garden. The avowed object of the visitors was to protest to their English brethren against the mutual hatred of Germany and Great Britain, for which a section of the press of both countries was responsible.

Fred Maddison, Radical member for Burnley and a prominent Trades Unionist, presented an address on behalf of British workmen, signed by 48 members of parliament and more than 8,000 trades union officials. The address embodied a protest against the talk of trouble between Germany and England, and put forth the claim that the Anglo-French entente was due to the efforts of the workmen. It also invited German workmen to cooperate with their English brethren in founding an Anglo-German entente, and at the same time secure a reduction in the construction of costly armaments.

Mr. Maddison, in supporting the address, judged the English workmen to be united in their efforts to secure the settlement of international quarrels by arbitration. Evaluating the English workmen, he said, wanted to trade with one another and not to fight.

SEAMAN'S RULES IN RHYME.

When the passenger lies awake in his luxurious berth on board a modern steamer, he often wonders how the captain on the bridge manages to steer his way in safety through the pitch darkness of the night, he thinks that he owes his peace of mind to the kindly efforts of a post office clerk. Yet such is the case. Colossal as sea would be far more frequent than they are had Thomas Gray, C. B., not lived and penned certain lines of rhyming verse.

ADOPTED FOR SEAMEN. Mr. Thomas Gray realized that the same dog might be adopted in teaching seamen, so that at a crisis, instead of having to use their brains in an effort of reasoning, they could fall back on the aid of an unforgettable rhyme.

Now the safety which the passenger enjoys on board ship is really due to the existence of what is called the rule of the road at sea. Just as when you are crossing a road, you have no fear when you meet another machine coming in the opposite direction, so in travelling by sea. On a cycle you know with absolute certainty that the man you are meeting will keep to his right. If there were no such law, to venture on a highway would be to risk your life. Similarly, if there were no rule of the road at sea, no sane man would ever embark upon the billows.

THE CASE OF COLLISION. But obviously, at sea, there is no actual "road," so that the rule cannot be merely "keep to the left," or "keep to the right." That would be too vague for the sea, where a ship would be neither to the left nor to the right, but crossing your bows at right angles. The sea rule, then, has to be more complicated, and for this reason might be harder to remember in a moment of excitement, than the one simple rule which suffices on land.

Summons Rules 2.—"If I find you crossing my bows at right angles, and you are not a ship, you shall be deemed to be crossing me, and you shall be bound to stop."

Probably the experienced captain at anchor, acts on the sea rule instinctively, without definitely repeating Mr. Gray's lines; but there can be no doubt that the young captain, almost losing his head in a serious situation when a collision is imminent, often steadies his nerves and reminds himself of his duty by repeating one of the following verses:

When both side lights you see ahead, Port your helm and show your red. That is to say, if both the red and green lights of an approaching steamer are visible, the steamer is coming straight on to you; by turning your helm you will clear it.

After a half dozen pithy haunts thrown in rapid succession, the negro was pretty well used up, and he was compelled to retire. His injuries may prove fatal.

FOUR THE STAR, ST. JOHN N. B., SEPT. 24, 1903

SEPTEMBER. To many, September is the pleasant month of the year. In St. John our autumn weather is the finest of all with clear, sunny days, cool and exhilarating, and with beautiful long evenings still untouched by the frosty sharpness which heralds the snow.

Even Mr. Hazen would never recognize the picture of himself that is being printed in cartoons in upper Canadian journals. The artists have caught on to Mr. Hazen's peculiar style and show him a different attitude every day. They know how readily he changes.

Humor of the hour. "George," said Mrs. Ferguson, "there's an item in this paper that tells you how to know a mad dog when you see one."

SEEK A MESSAGE FROM DEAD MEMBER London Ghost Club Will Make a Serious Test.

LONDON, Sept. 21.—Believing that it is possible to communicate with the dead and encouraged by the recent announcement of the result of tests made by members of the Psychological Research Society, another body of occultists, known as The Ghost Club, is going to try to get into communication with the late Mr. Collins, an eminent professor, who had when he died a compact with a score of his fellow members to try to communicate with the survivors after death.

The iron men of St. John appear to be, as a class, rather more active than others in politics. On the conservative side we have Mr. W. H. Thorne, Mr. W. S. Fisher, Mr. R. B. Emerson, Mr. John E. Wilson, Mr. Miles E. Agar, and Mr. Phillip Grannan.

Mr. H. A. Powell, K. C., has not yet gone on the stump in the interests of his dear friend Dr. A. W. Macrae. Perhaps Mr. Powell who promised to perform in Dr. Macrae's behalf only what was due his party does not include active assistance among his duties.

Dr. Pugsley, Mr. Pender and Mr. Charles McDonald will be among the speakers at the meeting in North End this evening. The issues of the campaign will be clearly placed before the electors.

Borden and Bryan will be rubbing thumbs in sympathy for each other early in November.

Humor of the hour. "George," said Mrs. Ferguson, "there's an item in this paper that tells you how to know a mad dog when you see one."

NO BETTER MEN IN POWER. "Put better men in power" is the cry of the conservative press throughout Canada. Certainly it is the duty of every voter to support the ablest and most trustworthy men available.

Japanese Typesetters at the News and Native Translators Distort It—How Manila Paper Had the Laugh on an Englishman.

Getting out a newspaper for foreigners in Japan and the open ports of China is as difficult a task and attended with as much embarrassment as journalism is said by Mark Twain to have been in the course of his early experience. Were it not for the saving grace of humor the Englishmen, Americans and Germans who try to give their competitors in this the news of the world with appropriate editorial comment would die of nostalgia between Monday and Tuesday.

Not in the typographical department do the most ludicrous mistakes occur, rather it is through the translations made from vernacular papers by native newspapers of the day previous and Japan and China furnish their readers with amusing pleasures. Each paper employs one or more such translators, whose duty it is to go through the native newspapers of the day previous and comb out what they consider to be worth reprinting.

Let's Listen to Reason.

Isn't it true that low prices alone fail to make clothing economical? Haven't you often noticed that a suit that was bought because it looked good, and was low in price, was rather unsatisfactory as an investment? Our many patrons know that the suits we sell are genuinely good, and that in that genuine goodness lies their true economy. But if YOU are not one of our patrons you may not realize the difference between such suits as our 20th Century line and others. The style may be the same or similar, but in the suits we sell there is something back of the outward and visible style—a firm foundation of solid worth—that keeps the suit shapely and retains its original elegance for an extremely long period.

We are now offering an extensive line of NEW Suits at \$12.00, \$13.50, \$15, \$18 and upwards to \$28.00. We invite your most critical inspection, and in looking at them we want you to bear in mind that they will prove fully as good as they look.

APPEAL TO COUNTRY WITHOUT A POLICY

CLINTON, Sept. 23.—Addressing today the fourth of the great demonstrations which have welcomed him since he commenced his Ontario tour, Sir Wilfrid Laurier struck a deeper and broader note than any he had previously sounded. His speech, eloquent as always, was for a very large part devoted to the work which had been accomplished during the past twelve years towards the raising of the Dominion of Canada to the dignity of a place among the nations of the world, and for an hour he was listened to with rapt attention.

Remarkable Gathering

The gathering was remarkable. From the Hurons, Perth and Bruce came crowds of electors, and the Liberal character who are not carried off their feet by momentary enthusiasm, but who once convinced of the justice of their cause, will fight for it to the end.

Without a Policy

The Premier dismissed with scorn the attacks of the opposition. The campaign he described as the most extraordinary he had ever known, for they had the sorry spectacle of seeing the Conservative party appealing to the country without a policy to place before

the people. They cried scandal, scandal, and yet had never framed a single charge against the government or any member of the administration. Dealing with the contention that the government had abandoned its pledges, particularly with regard to the reservation of land for settlers, he effectively contrasted the policy of Sir John Macdonald's administration with that of the present government. He also drew a striking picture of some of the achievements of his government in the matter of transportation and the development of the trade of the country.

"Our policy," he said, "had been to have every possible and due consideration for our rights as Canadians, and every possible and due consideration of our duties and obligations as British subjects. Our policy has been imperial unity based on local autonomy. This is the principle for which we are fighting at the present time. This is the principle which I commend to my fellow countrymen."

THE WATERLESS AMERICAN RESTAURANT

An American has invented the waterless restaurant. The waterlessness of some restaurants has long been an established fact, but no one until now has ever deliberately discarded water altogether. There has always been a pretence of having one or two at the premises, although perhaps effectually concealed from the hungry customer.

The American restaurant of the future will have a set of disappearing tables. The guest will write his order on a slate, press a button, and the table will vanish, to reappear a little later with the food upon it.

A GOOD TARGET.
In the waterless restaurant you will press the button and it will decline to work. There will be no waiter. A bus because the steak is tough or the soup cold. What will happen if the machine forgets to lay the salt on the table? Must you send the waiter back to the kitchen to be re-laid?

These labor-saving devices do not always save nerve and brain worry, but promote it. Who is there that has not simply ached to punch or smash a swivelling penny machine that has engulfed one's penny and decline to discharge the chocolate?

The average man does not wish for a waterless restaurant any more than he desires a foolproof one. The polite, courteous waiter is a good target for sarcasm if things are not to one's taste. Fifty per cent of male eaters get angry about something at some period of every meal, and if the waiter were not there they might thrash each other.

A NUISANCE.
Of course, at the beginning, before people get used to the mechanism, they will tumble in large numbers down the trap-doors—especially late in the dinner, when ideas of mechanism and other complicated things become confused. But the mortality rate is always high when inventions are new and folks mix themselves up in the wheels, and the tribute of misguided guests is one worth paying to progress.

The American waiter is to be discarded because he is in the way, listens to conversations, spills soup over ladies, and "butts in" on the conversation. It is a notorious fact that the American waiter is an untrained person of aboriginal characteristics, who when not engaged in falling over himself.

A BRIDE KIDNAPPED.
Toronto Man Lost His Young Wife in Cincinnati.

CINCINNATI, Sept. 23.—Jay Pitman, a decorator, who came here from his home in Toronto, Ont., reported to the police today that his wife was kidnapped last night. Pitman left his wife to engage an expressman to haul their goods from the depot, and spent several hours after that seeing the sights of the city. When he returned to the room where he had left his wife she was gone and neighbors told him that a strange man took her away. Pitman searched the city all last night and today without finding any trace of the young woman. Pitman is positive that she was kidnapped, though the police cannot understand why the kidnapper should also take the grips and suit cases belonging to the couple. According to the story of a woman who lives next door to the lodging house where the Pitmans stopped upon reaching the city, the man with whom Mrs. Pitman went away last night did not use any force; on the contrary, she declares, Mrs. Pitman seemed to be willing to accompany him. Pitman, however, does not believe that his wife has deserted him, and will continue the search. The police tonight dropped the case.

"MR. STORK, SEND ME A BABY," WRITES CHILD

Also Wants One for Her Friend, Not Later Than Christmas.

NEW YORK, Sept. 23.—The following letter was received at Central Park today addressed to "Mr. Stork":

"My name is Anna Trainor, and I would like you very much to send me a nice little baby, for I like them very much. My friend, whose name is Hazel Corney, told me that she wrote a letter to you and a few days after she received a letter from you telling her that you would send the baby Christmas, or before Christmas.

"Well, Mr. Stork, my letter must come to a close, but don't forget to send each of us a baby no other time but this Christmas, December 25. Hazel said that she did not get her baby yet, so don't forget to send them Christmas.

"P. S.—Write soon."

On the other side was Anna's address, East Thirty-fourth street, and Hazel's, in the same street, and the following postscript:

"P. S.—Write soon to each of us. Bring Hazel's first, because she wrote before me."

The letter is written in a childish handwriting, and evidently with great care in the first part before the writer tired. It is shown to Bill, of the Central Park storks. Bill put his head on one side and—three keepers will vouch for this—deliberately winked.

AMUSEMENTS.

PLEASED PERFORMANCE AT THE PRINCESS.

The Princess Theatre was crowded last night with the most pleased audience that has ever visited this family amusement resort this season. In addition to an excellent programme of moving pictures, the big musical act of Goldie and Good is attracting large crowds. This is one of the best musical acts that has been offered in the city for some time and is deserving of all the applause they are receiving. The Princess Theatre has a new and interesting programme of being a villain and challenges him to a duel. They take their places and then Mortimer is surprised to see his opponent fall when the word was given to fire, as he had fired his pistol in the air. They accuse him of being a murderer, but Bianca discovers that a young girl boy in the bushes fired the shot which killed the man. For betraying the boy, her tribe drive her out. Mortimer meets her secretly after this and his heart is filled with love for the sacrifice she has made; then he learns of her love and gives his in return. Two other good pictures, "Music that Charms," and "The Memory." New songs by the two high-class lady vocalists, Miss Mae Power and Miss A. Outous. No objectionable pictures are ever shown in this house.

A GREAT PICTURE AT THE UNIQUE TODAY.

To judge by the crowds that flock nightly to the Unique it is easily the most popular place of its kind in St. John. Today they are presenting one of the strongest bills ever put on in this city, consisting of three of the latest motion pictures and two beautiful illustrated songs. The feature picture is called "The Gipsy Girl's Love," and is without doubt one of the most fascinating dramas ever produced. Bianca, a young gipsy girl, is in love with Mortimer, a man belonging to a different tribe. This young man is in honor bound to wed a young woman whom he had known since childhood. The gipsy girl cannot understand this and resents it very much, and actually stopped his wedding to the other girl at the church door. The broker of the bride-price promptly accuses Mortimer of being a villain and challenges him to a duel. They take their places and then Mortimer is surprised to see his opponent fall when the word was given to fire, as he had fired his pistol in the air. They accuse him of being a murderer, but Bianca discovers that a young girl boy in the bushes fired the shot which killed the man. For betraying the boy, her tribe drive her out. Mortimer meets her secretly after this and his heart is filled with love for the sacrifice she has made; then he learns of her love and gives his in return. Two other good pictures, "Music that Charms," and "The Memory." New songs by the two high-class lady vocalists, Miss Mae Power and Miss A. Outous. No objectionable pictures are ever shown in this house.

ADGIE'S LIONS ARRIVE AT HAPPY HALF HOUR.

Large crowds were present at the Happy Half Hour yesterday. Although suffering from a cold, Miss Holme sang "The Summer Boat" in splendid style, and Mr. Buchanan, I Love and The World is Mine, from "The Waltz Dream," both singers receiving their customary accolades. As an extra attraction Adgie's Lions were placed on exhibition and during intermissions held receptions for those who cared to call on them. During one of the intermissions, the lions were fed, and it proved a delightful and interesting sight. Australian Native Dances, a hand colored picture, is most interesting. Taken at the Australian exhibit in the Franco-British Exposition, the dances are the same as were given for the U. S. fleet during their recent visit to Australia. The Wild Coast of Cornwall shows some rugged scenery and a realistic storm at sea, with waves running mountains high. A Love Affair of Olden Days is a dramatic picture. New songs today by Prof. Tins and Harry LeRoy. Last time for these pictures. Let the children see Adgie's Lions. Perfect care will be taken of the children at the matinee.

AT THE CEDAR.

No performances at the Cedar Theatre this afternoon or evening. Open again on Friday with Farley and Dugan, the expert clown dancers, who are the talk of the town. A new picture programme has arrived. Don't miss this big show.

A LIMITED LUXURY.

Two Irishmen were discussing the phenomenon of sleep. Said one, "Oh hear as was wan thin posthry lady calls it 'bald nature's hair restorer.'" "Yes," assented the other, "slapo's a grand luxury. It's a pity a man can't keep awake long enough to enjoy it. Jist with he's thinkin' 'plait a folne long shooose he'll be havin', begorra, it's mornin'!"

Christmas at Rory's Hope

By HOPKINS MOORHOUSE.

(Continued.)
Then did John Hawkins lips come tight together till his whole bewildered face bulged indignation. He deliberately did the string again about the pudding-sack, got up with equal deliberation, strode over to the bunk and brought the pudding down with a thump among the blankets. He wrenched his big fist within an inch of the other's nose and scolded till even his mighty chest was empty of breath. "Hoote, moe" gasped the Factor of Rory's Hope with spirit. "Dinna ye claver! That feckles fashion! Hand y'r tongue out ye ye! I'll see ye uncomf'raun I want see mair o' yr blab! Hand y'r tongue an' dinna let it be rindin' awa' ye! Anty Drudge Invited to Take an Automobile Ride.

Miss Spa-span (joyfully) - "Hello, Anty Drudge! Come take a ride with me!"
Anty Drudge - "My! An automobile! How extravagant!"
Miss Spa-span - "No. I earned this with my painting. And I do all my own housework. This is washday, but I was through by 12 o'clock. That Fels-Naptha you told me of is like sunshine on a rainy day. Why, the hanging out is the hardest part of my washing."

If time is money, Fels-Naptha will save you money and lots of it every washday. Perhaps you don't consider your time is worth money. But your coal is, and your clothes are, and you certainly value your health.

Fels-Naptha saves your coal or other fuel because it cleanses your clothes in cool or lukewarm water, with no need for a hot fire to heat water or boil your clothes, either in summer or winter.

It saves your clothes because there is no boiling to weaken their fibre and no hard rubbing to wear holes in them.

It saves your health because it takes all the back-breaking work out of washday and removes the danger of catching cold from overheated room or steaming suds.

Aren't these things worth saving? If you think so, get Fels-Naptha and use it according to directions on the red and green wrapper.

FIVE HUNDRED RAILWAY MEN IN PROCESSION

MONTREAL, Sept. 23.—With five hundred brotherhood and labor union men in line, three bands of music, banners floating to the breeze and processions looking their best, the celebration of the twenty-fifth anniversary of the Brotherhood of Railway Trainmen this afternoon may be described as one of unqualified success. No more fitting observance of the quarter century mark of the B. of R. T. could probably have been devised by the local order, and the general public were agreeably surprised at the strength shown by organized labor in this city. All train brotherhoods, including B. of L. E. O. R. C. B. of L. P. F. D. of R. T., took part in the marching, and the International Railway Brotherhood, blacksmiths and boiler makers made a big turn out. The Brotherhood of Carmen, 150 strong, and machinists' union, 110 strong, had the largest individual representation.

Did Great Credit
The celebration was almost purely local in character the parade was one that did credit to all concerned. At half-past two the orders gathered in front of the I. C. R. depot and formed in procession nearly a mile long, and headed by the mayor and aldermen, with Andrew McKim of the B. of R. T. marshal, circled the city and disbanded at the place of starting. Two local bands and the Dorchester band were in the procession, and nearly all the orders carried banners. The customary silk hat, dress suit and white gloves were worn by those in the march, and the parade was an imposing one. On returning to the depot a civic address was read to the B. of R. T. and visitors by Mayor Purdy and Ald. Rilly briefly addressed the orders as well as behalf of the city council. The men in the shops took a half holiday and the office clerks were off duty the greater part of the afternoon. A half holiday was also given in the schools and the city generally wore a holiday appearance.

Interested Spectators
Interested spectators of the afternoon parade were Hon. W. S. Fielding and Deputy Speaker Charles G. D. G. who were in the city on their return from the Island, Fielding and March left for Quebec on the Maritime tonight. While here they were driven about the city by Senator McEwenery. The celebration of the B. of R. T. was concluded this evening with a mass meeting in the curling rink, where a large crowd gathered. There were speeches by a number of representatives of different orders participating in the celebration. William Kingston of St. John was the speaker for the B. of R. T.; Marshall Gowing represented the carmen; R. D. Donnelly, boiler-makers; Ed. Scott, blacksmiths; and W. C. Atkinson, B. of L. E. J. W. Clarke, Grand Lodge International Brotherhood of Railway Employees. The programme also included musical selections.

Andrew K. MacKasey of Halifax and Miss Blanch Mary Gillespie, daughter of John Gillespie of this city, were married this evening at seven in St. Bernard's church, Rev. Father Savage officiating. The ceremony took place in the presence of a large number of friends. The groom was supported by Robert G. Blackie of Halifax. The bride was attended by Mrs. Blackie, her traveling dress being brown silk. Mr. and Mrs. MacKasey left on the Eastern Steamship Company's dock here tonight when the floor of the building for the day when the crash came. There were 2,500 cases of the fish, all without covers, but two-thirds of the goods did not go into the water. The accident is attributed to the weakening of the warehouse supports by the bar of the vessel against the wharf. The loss on the sardines is \$5,000, and the damage to the building is about \$1,000.

ENGAGED MANY SINCE STRIKE WAS STARTED

MONTREAL, Sept. 23.—A special despatch from Ottawa to the Star today says: When Hon. Rodolphe Lemieux, Minister of Labor, arrived in Ottawa this morning his attention was called to a report from Toronto that the Railway Brotherhood had decided to moralize the government to intervene in the Canadian Pacific machinists' strike. Mr. Lemieux expressed the opinion that, in view of the failure to reach settlement under the industrial dispute investigation act, there is not much that can be done. He further expressed, as his personal opinion, that if the strikers would lack to work unconditionally, they would receive every consideration from Sir Thomas Shughnessy and Mr. McNeill. He had assurances to that effect.

Proceeding, Mr. Lemieux said that no one regrets the situation more than himself, but nothing further could be done under the circumstances until public opinion reaches the point where compulsory arbitration will be accepted by both capital and labor. The witness says tonight that altogether since the strike started the C. P. R. has engaged on the whole system upwards of three thousand five hundred men, among these being about six hundred strikers. Yesterday completed the seventh week of the strike, and it is estimated that the men who went out have lost over \$700,000 in wages.

Another Clash Occurs
MONTREAL, Sept. 23.—There was another clash between the C. P. R. strikers and the men working at the Angus shops tonight. When the workmen were leaving the works tonight they were assaulted by a gang of strikers numbering between five and six hundred and a free fight resulted. A force of police were called to the scene and dispersed the strikers. Another clash occurred later when one of the workmen was badly beaten and one of his arms broken.

SYNOUD FAVORS CHURCH UNION

OTTAWA, Sept. 23.—The fifth triennial synod of the Church of England in Canada was opened here this morning in Christ Church Cathedral with a choral litany and sermon by Rev. Dr. Ed. Scott, bishop of Minnesota, who pleaded for a greater spirit of tolerance, sympathy and unity among all members of the Christian church. About 250 lay and clerical delegates were in attendance. At an afternoon session Dean Farthing of Kingston was elected prolocutor. Other officers were named as follows: Deputy prolocutor, Rev. Rural Dean Coombs, Winnipeg; clerical secretary, Rev. Archdeacon Clark Hamilton; lay secretary, Robert Campbell, Quebec; treasurer, Judge McDonald, Brockville; auditors—E. J. B. Pose, Kingston, and Lanning Lewis, Montreal; registrar, F. H. Gibbons, Ottawa.

In the upper house Archbishop Sweeney of Toronto was appointed secretary. The main feature of the afternoon's sitting was the charge of the Archbishop Sweeney, primate of all Canada. After referring feelingly to the death of Bishop Carmichael in Montreal this week, the primate briefly reviewed the work before the synod. The church, he said, could rejoice in some of the recent legislation passed by the federal parliament, notably the Lord's day act in respect to this division, the primate noted that Canada was blessed with most stringent divorce laws of any English-speaking country. This evening's session was devoted to receiving reports of synod committees. A report of the committee on church union was summed up in the concluding paragraph as follows: "The committee believes that organic union, such as contemplated would result in a higher and truer conception of Christian ideal, and therefore this opportunity should be lost in cooling it, and no sacrifice consistent with legitimate adherence to principle should be spared."

Mr. Aylesworth, Minister of Justice, had a big meeting in New Market today, receiving the unanimous nomination of the Liberals of North York. TORY TORONTO WELCOMES BORDEN

TORONTO, Sept. 23.—R. L. Borden had a good reception tonight at a meeting in Massey Hall, Toronto. The hall was filled. Conservative stalwarts occupied the ground floor and the top gallery, while the first balcony was filled with ladies and escorts. At the back of the platform a large scroll was hung with the words "Welcome to our leader," inscribed upon it. Similar scrolls were suspended from the galleries. On the platform, which was filled by privileged ticket holders, small union jacks, the size of a pocket handkerchief, were distributed to be used in demonstration. The atmosphere, which was sultry enough outside the hall, became very oppressive within, though the band of Royal Grenadiers helped to keep the meeting interested and in good humor until the time for starting arrived. An overflow meeting was held in Victoria Hall. A great demonstration was given Mr. Borden when in company with Chairman E. W. J. Owens, Premier R. B. Ross, and other supporting speakers, he emerged from the waiting room on to the platform. Mr. Borden seemed very pleased with his reception and smiled at the audience as he stood listening to the applause. His speech was well received, but there was little if any new matter in it.

WOMEN RAISED LARGE AMOUNT

HALIFAX, N. S., Sept. 23.—Nearly twenty-five thousand dollars was raised by the Presbyterian women of the Maritime Provinces for missions during the past year. This was brought out at the thirty-second annual convention of the W. P. M. S. of that denomination now in session at Saint Matthew's Church, when the report of the Executive Committee was read at this afternoon's session: \$19,688.88 was raised for foreign missions, and \$2,921.19 was secured for home missions, while a special sum of \$123 to pay for a motor boat for Rev. Mr. Daubey, a British Columbia missionary, was also collected. Thus the total amount secured during the year reached \$22,610.07. After paying expenses and the contributions planned there is a balance of \$1,723.44. Addresses on missions were given by Mrs. A. F. Thompson, Trinidad, Dr. Kate MacMillan, Korea, and Mr. McKee, Korea, at the afternoon session, and in the evening there were interesting and instructive deliberations on the same subject by Rev. E. Miller, B. D., and Rev. R. P. MacKay, D. D., Toronto, secretary of the women's foreign mission board, western section.

CHOLERA INVADERS WINTER PALACE

ST. PETERSBURG, Sept. 23.—Not only has the number of cases of Asiatic cholera in this city increased today, but the disease has invaded the aristocratic precincts of St. Petersburg. It has even reached the winter palace, one case having been discovered in the servants' quarters of the palace, in which extensive preparations are going on in the expectation that the emperor and empress will spend part of the coming season in the capital. Other cases have been discovered in the palace of Grand Duke Nicholas Nicholasovitch, the Tauride palace, the palace of Prince Alexander Oldenburg, a cousin of the emperor and the imperial opera house. In order to test the efficacy of vaccination in cholera cases, several graduate students of St. Petersburg University voluntarily permitted themselves to be vaccinated, after which they drank a solution containing cholera germs. PULLING THAT HAIR. "What makes me so angry," said the woman, "is to spend minutes, hours, and days trying to get hold of a white hair which shows up on my head like a dazzling light, yet which is so tantalizingly elusive when I try to catch it, and then when I do finally separate it from the brown hair and give it a vigorous tug so that I have snatched out a good brown hair, after all, and left the white one still shining."

PABLO SARASATE

DEAD IN EUROPE

Greatest Living Violinist Passes Away at Biarritz.

Honored by Many Crowned Heads and Made Excellency by Spanish Queen

—A Composer Also.

PARIS, Sept. 23.—His Excellency Pablo Martin Melton de Sarasate Navarrese, the famous violinist, died at Biarritz, France, last night. He was a Spaniard, having been born at Pamplona, in the province of Navarre. He was a cavalier of the Order of Isabella the Catholic, a distinction which carries with it the distinction of Excellency.

Sarasate divided for many years with Joseph Joachim the title of premier violinist of the world. Joachim died last summer and Sarasate has since been known by only a name. Both of them continued active until a short time before their deaths. Sarasate has played in this country with the same success he has found everywhere in the civilized world, while Joachim was never heard here.

Sarasate played here first with Christine Nilsson, and on his second trip, in 1895, he came with Eugene D'Ale. He not only composed music that has passed into the classic literature of the violin but his playing inspired other famous composers. Thus Max Bruch and Lalo were among the musicians who dictated compositions to him.

Much of the interest attaching to his personality arose from the fact that there have been so few of his countrymen in the world of virtuosity during recent years. Whistler mentioned as his finest portraits of Sarasate and Rossini wrote on a photograph he gave to him: "To Sarasate, a giant in talent, whose modesty doubtless the charm." Maria Christina when Queen Regent of Spain, presented to him with her own hands the Grand Cross of the Order of Isabella the Catholic, one of the highest honors that a Spaniard can receive from his native country. He became a commander of the order; he was an Officer of the Legion of Honor in France and a Knight of the Red Eagle in Prussia. He had six or eight decorations from the sovereigns of other countries. His medals and honors were so numerous that he used to say he could not wear them all because they made his coat too heavy to be worn in colors.

Sarasate was the son of a Spanish regimental bandmaster who also played the violin in Pamplona of Pamplona, a town near the foot of the Pyrenees. He was born March 10, 1844. His parents moved to Madrid in 1854 at the age of six, he played before Queen Isabella. She gave him a Stradivarius and entrusted to pay for his musical education in Paris for three years.

He was then too young for the Conservatoire however and he remained two years before availing himself in 1856 of the royal offer. His teachers in Paris were Delphin Alard, the friend of Beethoven, and the violinist, and Fernand Reber, who taught him composition. He won first prize in harmony and violin, but he refused to play in the orchestra. He was more attracted to a virtuoso more attractive career of a virtuoso when his musical education was completed.

His first public appearance was made as a professional artist in 1862 at the Crystal Palace in London. In 1863, when he was but 17 years of age. His success was instantaneous. He met Joseph Joachim in London, and the friendship which resulted remained unbroken to Joachim's death. Sarasate played in every civilized quarter of the world except Australia. Every crowned head in Europe has heard him.

During later years he made his home in the Parc Monceau quarter of Paris, although he was treated with great honor whenever he returned to Pamplona. He received his many orders, he was honorary member of academies and honorary professor in conservatories all over Europe, and was director of the Royal Conservatory of Music in Malaga, Spain.

POLITICAL AND CLUB LIFE

EVELYN THAW BACK FROM SIMPLE LIFE

Despite Reports She Was Always Near New York.

Hopes to Go Abroad When Troubles are Over—Will Never Return to Stage, She Declares.

NEW YORK, Sept. 23.—The London correspondent of the Tribune cables as follows: London is overcrowded with foreign visitors. The France-British exhibition has continued to attract throngs of sightseers from France, Italy and Germany and helped to make the capital more cosmopolitan than ever. French patronage has been generous since the British patronage was at the time of the Paris exhibition, when I France admission tickets began to sell for 50 centimes. The admission entrance fees were not clipped at the turnstiles of Sheworth's bus and even evening seems a rare sight, pulsating with pleasurable excitement. There is a babel of foreign tongues everywhere in the hotel restaurants, and Piccadilly is a masquerade of racial types.

Yet with the unusual bustle in the streets and show places the capital is singularly stagnant and staid. There are neither royalties nor ministers in sight, and the only news that is being talked about except General Laurier's eulogy is the explicable sequel to the mysterious murder of his wife at Seven Oaks.

Rumors that Lord Morley will retire from the India office in October and that Premier Asquith will be urged to reorganize his cabinet as soon as parliamentary recesses are over, are being scarcely required, contradicted. Mr. Asquith has many social engagements in Scotland, and there is a feeling among the radicals that he is allowing the smart set to take up too much of his time when the party needs inspiring leadership.

Herbert Gladstone is held responsible for the mismanagement of the Eucharistic procession, and there are fresh rumors that he will take a passage, and that a sound lawyer will be found for the Home Office.

The weather in Scotland has been unusually disagreeable, and the shooting has hung fire. There have been no news of the performance of the smart set to take up too much of his time when the party needs inspiring leadership.

OPERA COMPANY SCORES

ANOTHER BIG SUCCESS

"La Traviata" Presented Last Night in a Thoroughly Artistic Manner—A Triumph for Miss Darling.

A splendid performance of Verdi's "La Traviata" was given before a large audience in the Opera House by the Boston Opera Company last night. The leading members of the cast were: Violetta Valery... Miss Helen Darling...

They were ably supported by the other members of the large company. The opera, which is familiar to English audiences, in its dramatic version as "Camille" is replete with dramatic scenes and dramatic acting as well as singing of a high order from the members of the cast. In both ways the company came well up to the expectations of the audience.

Miss Darling was extremely good in the role of Violetta, who realizing her own unworthiness gives up her lover and leaves him. She was heard to advantage in many numbers and won the admiration of the house for her artistic presentation of the part.

Roland Paul sang the role of Alfredo Germont, her lover. Signor Alberti, Alfredo's father, gave a finished performance that was admirable in the extreme.

As Doctor Grenville, a friend of Violetta's, Francis Boyle did full justice to the role assigned to him. The work of the chorus showing careful training and ability of a high order in this department. A ball of grapes introduced in the third act was very well received.

The direct opposite to the costume by the management resulted in a group of stage pictures that were extremely attractive to the eye. The beautiful music of the opera was rendered in a thoroughly artistic manner by the performance and contribution to the laurels gained by the company in St. John.

EARLE AND HIS WIFE

AGAIN ON GOOD TERMS

Woman Who Popularized Affinity Business Returns to Husband.

MONROE, N. Y., Sept. 23.—Frederick Pinney Earle, the artist, and his affinity-wife are reconciled. Mrs. Earle, who popularized the affinity business, arrived here Saturday evening with her baby and went to the Earle home. It was only a few weeks ago that she accused her husband of beating her and got a warrant for his arrest.

Earle met his wife, for whom he persuaded his first wife to get a divorce, at the station, and bundling her into a carriage, drove her to the house she had left. It is said in the village that Earle's mother was the chief factor in bringing the pair together. She arrived from Europe last week, and announced that both her son and his wife understood each other, and the whole thing could be fixed up. She also felt that members of the younger Mrs. Earle's family should have kept out of the quarrel.

The quarrel which led to Mrs. Earle's quitting the house was due to the baby. The mother wanted to feed it in the good, old-fashioned way, while Earle insisted that it should be a bottle-fed product. It is generally believed that the old lady sided with her daughter in this very important matter.

AT NOON SIX HUNDRED PERSONS

had assembled at the grounds at Loch Lomond where the big Liberal Picnic is being held today. The weather is delightful and the affair is said to be just as successful as any in the series so far held. People have driven, some in their twenty-five miles to attend. As the majority of the country residents do not turn out until afternoon the attendance promised to be very large. Speech-making began at two o'clock, and the list of speakers include Dr. Pugsley, Mr. H. A. McKeown, Mr. E. H. McAlpine, John Keefe, and others.

SNAILS CLASSIFIED AS GAME

Burgundy Passes Closed Season Law to Protect Them.

PARIS, Sept. 23.—Snails are a delicacy which the French gourmet could not forego, and as during the past few years they have become scarce in the markets, the Council of Burgundy, where most of the new law in which areas are classified as game, and one is not allowed to hunt them, has just passed a law which prohibits the snail trade in Burgundy.

"The importance of the snail trade necessitated the new law," he explained. "Recently diseased vines, the ravages of which the snail feeds on, killed millions of the little creatures. Besides, the demand for them has increased in the last few years, and the snail trade has become a serious pest to the vine-growers."

THE BASEBALL SITUATION

NEW YORK, Sept. 24.—The unhappy ending of yesterday's game between New York and Chicago in the race for the National League pennant appears to have served only to intensify interest in the struggle which has been at its fever heat for weeks. New York defeated Chicago yesterday by a score of 2 to 1, but there is a possibility that this may not be permitted to stand. In some quarters it is believed that any decision on yesterday's questionable game would be made immediately, so that in case of a play off necessary two games could be played this afternoon.

"We don't rake in near as much on tips in the summer time," said the waiter in one of the downtown eating places. "I've been noticing that for several years. As near as I can figure it out, it's because men will hand out bigger tips when they're wearing overcoats. When a man can put on straw hat and walk out, he doesn't feel as if it's necessary to hand the waiter much of anything, but when the waiter has to help him on with his coat he takes that slight service as an obligation that must be met. Anyway I've noticed that the same man will give almost twice as much when they wear overcoats as when they don't."

The last tournament of the tennis season, the ladies' doubles, yesterday afternoon proved one of the most successful. Ten couples competed and the winners were captured by Miss Inches and Miss Zillah Rankine who scored 41 out of a possible 43. Miss Kate Hazen and Mrs. H. C. Schofield finished second with 38. The prizes for the winners were donated by Mrs. P. W. Thomson and Miss W. Barnaby. The weekly tennis tea was served yesterday afternoon under the direction of Miss W. Fairweather, Miss Brown and Miss E. Rankine. There will be another tea on Saturday.

The train known as the Point du John and Point du Chene, will make its last trip for the season on Saturday next. Thereafter connection with the steamer Empress will be by the Halifax express leaving here at 12:25 p. m. The connection from the Empress to St. John will be by the train arriving here at 4:25 p. m.

Work is progressing satisfactorily on No. 6 wharf, west side. Messrs Clarke and Adams, who have the contract and will have the whole job finished before the opening of next winter's business.

Word of the death of William E. Vincent, a former resident of this city in Somerville (Mass.), has been received by his brothers here. Mr. Vincent was the son of James E. Vincent, who was superannuated as caretaker of the I. O. O. F. sheds last winter, and who removed to Somerville. The late Mr. Vincent had resided for the last fifteen years in Somerville. He had been in failing health for more than a year, but his death came quite unexpectedly on Tuesday last. Besides his wife and three children, two sisters and his parents in Somerville, Mr. Vincent leaves two brothers, David E., of Magee Bros., wholesale department, and Newton, with Manchester, Robertson and Allison, Ltd.

Mr. Marshall Stevens, of Andover, is in the city today on his way back to the Yukon Territory where he has spent the past seven years following up mining. Mr. Stevens says that George Black, formerly of this city, and now a member of the Yukon Council, will likely be the Conservative candidate in the Yukon this year, and says that he will run a strong election. There is, he says, a general demand to have the Yukon election either before or on the same date as the general elections throughout the Dominion, so that there may be a fair vote taken. Mr. Stevens will be joined this afternoon at Princeton Junction by his brother, who is now in St. John, and they will proceed by C. P. R. to the Pacific Coast, his brother returning to San Francisco, while he will go to Dawson City.—Gleaner.

NEGOTIATIONS FOR FLOATING ELEVATOR

Dr. Pugsley Makes an Offer to Steamship Companies

Gives Same Terms as Were Offered the City—Remarkable Expression of Opinion by an Alderman

Absolutely no effort is being made at city hall to settle the problem of handling grain on the west side during the coming winter. Since the council abruptly declined to act as purchasing agent for the public works department in securing a floating elevator to handle St. John's traffic, no action has been taken by the board of works. Yet the opinion expressed at the meeting by one of the aldermen, who said that it was not worth while bothering about the Allan line, that the "Allans can leave if they feel like it; we don't want them here," scarcely voices the views of the whole council. Messrs. William Thompson, an agent for the Allan line, have written Mayor Bullock asking what arrangements have been made for the delivery of grain to their steamers. The mayor has replied, telling of the resolution passed by the council. If the transportation companies are now in progress between the public works department and the transportation companies, and it is probable that a satisfactory arrangement will be reached before very long.

Dr. Pugsley, speaking to the Star today, said that he had written to the Canadian Pacific and the Allan Companies making them the very same offer as he made to the city. He agreed that if the transportation companies will purchase a floating elevator and bring it here, the department of public works will pay the cost of towage, and as soon as an appropriation can be put through will purchase the elevator from the companies. The only condition attached is that the elevator selected shall be approved by a departmental engineer. Dr. Pugsley had not time to receive reply to his communication, but states that on Saturday he will have an answer from representatives of the companies. He hopes that an arrangement may be made by which the coming winter's business will be carried on without confusion or delay.

MANY NEW AUTOS FOR NEW BRUNSWICK NEXT SPRING

Several Orders Placed at Recent Exhibition—Who They are for—Marine Motors also Increasing in Popularity.

As the result of his display in the recent exhibition J. A. Pugsley sold a couple of motor cars, and judging from the conversations which he had with those interested in automobiles, he looks for a further boom in the use of this method of transportation next spring.

The cars he sold were a Ford model 8 to James Robinson, and a Russell car to J. A. Patterson.

The McLaughlin Company also secured a couple of orders; one from Dr. Fuddington, of Grand Falls, and the other from Mr. DeWolfe, of Oxford, N. B.

Speaking of the outlook for next spring's business Mr. Pugsley said this morning that he thought next year would bring many more orders. A deeper interest is being taken in the machines by those who have not yet purchased one, and many of those already supplied are talking of buying another.

Outside of the city the prospects for business are also good, and the use of autos will be more general throughout the province next year.

Among the additions to the list of cars in the province next spring will be a Russell car, which Ex-premier Robinson ordered at the Toronto exhibition.

Mr. Pugsley's exhibit of marine motors also attracted a lot of attention and many people from both the city and outside points signified their intention of supplying themselves with motor boats for use next summer.
