WENT FOUR MILES ARE  
NOW READY FOR OPERATION

Good Progress, Says Mr.  
Corbett, is Being Made on  
Moncton-Chipman Section  
—Some Deep Fills, and  
Heavy Bridges

Talking with the Star, James H.  
Corbett, head of the Corbett-Floesch  
Company, gave an interesting account  
of the progress of the work on the  
Grand Trunk Pacific between Moncton  
and Chipman. As is known, the Cor-  
bett-Floesch Company has the con-  
tract for constructing the greater part  
of the road between these points. They  
have a total of fifty-five miles, in-  
cluding six into the ballast pit within  
three miles of Salisbury.

We have been working at both  
ends of our contract, from Coal Creek  
and Moncton, and our camps are now  
within five miles each other. We  
expect to have them connected within  
the next couple of weeks. Working  
from Moncton towards Chipman, the  
work is practically completed up to  
mile thirty-three and a half, except  
three hundred dump cars, five derrick  
plants, including steam-wings and  
hoisting engines, three stone crushing  
plants, five concrete mixers, four  
standard gauge locomotives, twenty-  
five Hart-Otis invertible cars, a  
spreader and three standard gauge  
flat cars. This plant cost upwards of  
a quarter million of dollars, and it  
cost the Corbett-Floesch Company  
\$75,000 for freight and duty to bring  
it to their contract.

LOOKED ON AND LAUGHED  
WHILE A BOY DROWNED

Workmen, Fooled Too Often, Thought This  
Lad, Like Others, Was Joking.

MONTREAL, July 27.—While a dozen  
men in boats looked on and laughed,  
that yesterday the men laughed at the  
drowned yesterday. The men were lay-  
ing a new intake pipe and have made  
the excavation three feet deep. It was  
often fooled the men into a rescue,  
and the boys have been in no danger,

KNIGHTS ARE PREPARING  
FOR TRIP TO QUEBEC

Final preparations are being made  
for the excursion under the auspices  
of the Ancient Order of Hibernians to  
Quebec, where a handsome monument  
will be unveiled in August. The Hibernian  
Knights of St. John, St. John, N. B.,

OFFICIAL POLITENESS  
WASTED THIS TIME

An Intercolonial Railway passenger  
official experienced this morning one  
of those situations where politeness is  
its own reward. He saw a couple of  
young ladies rush into the depot just  
as the Maritime express was beginning  
to move out and make a dash up the  
slopes by the time they reached the  
train it was in motion so they slowed  
down and watched it pull out with an  
expression of disappointment on their  
faces.

The gallant official stepped up and  
with his most polite bow expressed his  
regret that they had missed the train  
and informed them when the next one  
left.

The girls stared at him a moment and  
then laughed, and one of them remark-  
ed: "Oh, that is all right. We were just  
coming down to see a friend off."

FARMER'S BRUTALITY  
TOWARDS HIS WIFE

Lashed Her With Whip and  
Rubbed Salt into Wounds  
Probable Murder at Three Rivers—Child  
Killed by Street Car—Hospital in  
Quarantine—Court Matters.

THREE RIVERS, July 27.—Maxime  
Dumont, of this place, who disappeared  
from home Monday, the 19th inst., was  
found drowned at Cap Madeleine Sat-  
urday. The body bears marks of vil-  
lence and the case is believed to be  
one of murder.

HAMILTON, Ont., July 27.—Willie  
Haggarty, three years of age, was run  
over by an electric car on Main street  
last night as the result of running in  
front of the car. One leg and one arm  
were practically cut off and the child  
died in a few hours.

WOODSTOCK, Ont., July 27.—Wood-  
stock General Hospital has been placed  
under quarantine for a period of two  
weeks, on account of cases of small-  
pox having developed in the building,  
one victim being a patient.

QUÉBEC, July 27.—The preliminary  
investigation into the charge of false  
pretences alleged against W. P. Lindsay,  
ex-manager of the Lévis branch of the  
Bank of British North America, was  
concluded in the court of sessions yester-  
day. The decision of the magistrate  
whether the evidence supplied with money,  
and the comparatively small amount car-  
ried by McTavish would not naturally  
appeal to her enough to induce mur-  
derous desires. It is around these  
facts that both prosecution and defence  
will claim the woman had an accomplice  
and from the fact that the police have  
in no way changed their feeling of cer-  
tainty in Mrs. Richmond they believe  
they have the criminal it is hinted that  
the rumored additional arrest means they  
will claim the woman had an accomplice  
and from the fact that the police have

PREPARING FOR A BUSY  
BOWLING SEASON

H. F. Black is installing two more alleys,  
and new building in rear of O'd  
Y.M.C.A. will be ready

Black's bowling alleys will open this  
fall with double the previous accom-  
modation for the popular pastime.  
Last winter the sport was so very  
popular that there was not enough alleys  
to accommodate all that wished to  
engage in it, and to meet the de-  
mand Mr. Black has made arrange-  
ments to install two more alleys. An  
extension is being built to the east-  
ward of his present alleys, and a  
double equipment of the more modern  
type will soon be placed in position.  
The grip that bowling has attained  
on the young men of St. John, to say  
nothing of those who are not so young,  
is shown by the fact that although  
three new alleys were opened in the  
Victoria rink last year, there was not  
sufficient room in the city for the  
bowlers. And in addition to the pre-  
sent places a new bowling alley is  
also being erected on Charlotte street  
in the rear of the O. Y. M. C. A.  
building.

BOARD WILL DEAL WITH  
TENJERS FOR PAVEMENTS

On Germain Street—Much Other Business  
Before Board of Works This  
Afternoon.

The question of what form of per-  
manent paving is to be laid on Ger-  
main street will be decided at the  
monthly meeting of the Board of  
Works which is in session this after-  
noon at City Hall. Tenders for the con-  
tract were received up to noon today,  
and it is understood a number of firms  
are anxious for the job. The Housing  
Company is supposed to have the in-  
side track, but considerable opposition  
to their claims is expected.

In reply to the request of Con. Regan  
that he be allowed to place a light  
lunch wagon on the Market Square he  
will be recommended to search else-  
where for a location.  
The city engineer recommends that  
the N. B. Telephone Co. be allowed to  
extend their underground conduits  
from the corner of King and Center-  
bury streets to M. R. & A.'s building,  
and that a new roof be placed on the  
D. A. R. freight shed.  
The residents of Seely street have  
petitioned for a sidewalk, the cost of  
which is estimated at \$100.  
There is in addition to these matters  
considerable routine business for the  
board.

CHIEF SARKE LOSES HIS  
JOB AS HEAD OF TRIBE

Joe Bernard Succeeds Him in P. E. Island  
—McTavish's Body Home for  
Burial.

CHARLOTTETOWN, P. E. I., July  
27.—An exciting election took place yester-  
day at Lennox Island, the Indian  
reservation, for the Chief of all the  
Albemarle, P. E. I. John Sarke, the  
present incumbent who has held the  
office for many years, was defeated by  
Joe Bernard by three majority.  
The remains of Stewart McTavish,  
murdered in Cambridge, arrived here  
last night and were taken to his home  
today for burial.  
Yesterday an excursion took place on  
the steamer Harland to Tatungouche  
to enable visitors to become acquaint-  
ed with the Brule route, which is being  
advocated here as a summer-win-  
ner route between here and the main-  
land.  
The annual Sunday school picnic of  
St. Matthew's church is being held  
today at Watford's Landing. The  
steamer Hampton took up about 250  
passengers this morning to the picnic  
grounds, and another large contingent  
left on the afternoon trip.

ONE BIG PRIZE SHOULD BE  
ENOUGH FOR ANYBODY

Never Let a Day Pass Without  
Adding Something to Your  
Store of Votes in the Star  
and Sun's Great Contest—  
Watch the Papers Every Day

Candidates will bear  
in mind that the Sun  
and the Star cannot  
be sent by mail in the  
City of St. John.

When people are turning first to the  
contest page and noting the gains the  
candidates are making it is proof posi-  
tive that the great Prize Contest is  
taking a tremendous hold on the pub-  
lic and many are the opinions put  
forth as to who will be the fortuna-  
ry winners.

AN IMPORTANT QUESTION AN-  
SWERED.  
We were surprised to hear that  
some are under the impression that  
more than one prize can be won by a  
single candidate. It seems to us that  
this would be most discouraging to  
others who are making their best ef-  
fort and who, if they miss a grand  
prize, are at least entitled to the dis-  
trict prize. We tried to make clear in  
our first announcement that the four  
candidates who secured the highest  
number of votes, irrespective of dis-  
trict, would win the four grand prizes,  
it is possible, though not at all prob-  
able, that one district will win two of  
these grand prizes, but one candidate  
will get only one grand prize. This  
does not affect the division of the dis-  
trict prizes at all. After the grand  
prizes are awarded, the winners of  
them have all they are entitled to.  
Then the candidates in each district  
who shall highest in their district will  
get the district prize.

All of you have heard "Make good"  
Now see what it has to do especially  
with the contest business. All who  
take this to heart are preparing a  
good time for themselves and will  
have cause to rejoice on the last day  
of the contest.

BOATMEN AGREED TO  
CARE FOR LIFEBOAT

And Mr. Doherty's Bill for That Service is  
Not Likely to Get Very Far—Harbor  
Board Meets This Afternoon.

An investigation in the bill recently  
submitted to the Common Council by  
Edward Doherty has revealed the fact  
that the boatmen at Beech's Point  
agreed to take care of the lifeboat  
stationed there and pay \$5 per annum as  
well in return for being allowed the  
use of the other half of the shed in  
which the lifeboat is kept. The mat-  
ter will be dealt with at the meeting  
of the Harbor Board at four o'clock  
this afternoon.

INDIANTOWN NOTES

A fair quantity of produce is com-  
ing down river these days. At Indian-  
town this morning the following  
wholesale prices were quoted:  
Potatoes—30 to 30 cents.  
Green peas and string beans—12 to  
13.50.  
Lamb—12 to 14 cents.  
Beef, by the carcass—6 to 8 cents.  
Blueberries—Per box, 10 cents; per  
pail, 10 to 15 cents.  
Raspberries, cultivated—12 to 14  
cents.  
Strawberries—About 7 cents.  
The supply of strawberries during  
the last few days has not been of the  
best quality and good berries arriving  
tomorrow should bring from 8 to 10  
cents per box, by the crate.  
Most of the farmers are now begin-  
ning to get their hay in and until that  
is over will not be likely to send down  
much produce except those kinds that  
will not stand delay.

Work on the extension to the Canadian Pacific Railway yard at Esby Shore is progressing rapidly. A steam shovel and construction train are at work filling and grading, and the rails and ties to be used in the new tracks are being unloaded and distributed.

North Enders of law-abiding propensities will congratulate themselves upon the fact that not an arrest has been made at the Portland police station for days past. The dates from Saturday, July 17th, to Monday, July 26th, nothing appears beneath the date marks but red ink division marks in the fine clerical hand of Sgt. Kilpatrick.

Complaint has been made of the condition of the thoroughfare to the suspension bridge on the East Side. With the material removed from the structure when the repairs were made, together with the silt used during the winter to haul the lumber, the scene in the vicinity is anything but picturesque, and not in keeping with the wishes of the Tourist Association.

The preliminary round of the Canadian tennis championship opened at Montreal yesterday under most favorable conditions. The entry list is a luscious one and the tournament is expected to develop record tennis. Ronald Steadley, the representative of the St. John Club, did not play.

Mrs. Jas. Stratton gave an enjoyable picnic yesterday at Ashburn Lake. About eighty were present. The guests were conveyed to the lake by backboard. During the afternoon bridge was indulged in. Among those present were: Mrs. Geo. West Jones, Mrs. Elizabeth M. Tilly, Mrs. J. D. Hazen, Miss Furlong, Mrs. Schmidt, Mrs. Coleman, Miss Bayard and Mrs. E. T. Hinde.

The body of Stewart McFavish, the man who was murdered in his room in a hotel in East Cambridge, Mass., on Friday last, was taken through St. John yesterday to Eden, P. E. I., where the murdered man belonged. It was forwarded by William McKinnon, of East Cambridge, at the request of John McFavish, the murdered man's father, who sent him a telegram requesting him to attend to this for him.

ROOSEVELT, IN PERIL, KILLS 2 HIPPOPOTAMI. Boat Surrounded by a Dozen Giant Animals, Colonel Is Not Dismayed.

NATASHA, British East Africa, July 25--Colonel Roosevelt had an exciting experience yesterday while endeavoring to kill a cow hippopotamus. He was on Lake Natasha in a row boat, accompanied by two natives, when the boat was surrounded by a dozen hippopotami, who attacked the boat, some of them diving under and striking the bottom of it with their backs. The natives became terrified, but Colonel Roosevelt was not dismayed, and selecting the finest bull and the largest cow, shot them dead. The rest of the animals were driven off.

Kermat Roosevelt has arrived at Natasha, but the rest of the expedition will not reach here until tomorrow. Edmund Heller, of Riverside, Cal., the zoologist of the Roosevelt expedition, caught a 150-pound leopard in a wire trap this morning.

MRS. THAW ATTACKS JEROME IN BOOKLET FOR PURSUING SON

Says He Is Malevolent Personality, Dominating Case. Hints Conspiracy--Declares Combination of Victim's Friends Tried to Blacken Harry's Character.

WHITE PLAINS, N. Y., July 16--Mrs. Mary Opley Thaw, mother of Harry K. Thaw, now confined in the White Plains jail awaiting the continuation of the trial of the question of his present sanity before the Supreme Court Justice Mills, today issued a booklet, in which she gives a resume of the different proceedings in court in which her son has been involved. She makes an attack on district Attorney Jerome and criticizes insanity experts.

Mrs. Thaw is now stopping at the Hotel Caryon Arms, White Plains. She mailed out from the White Plains Post Office booklets to newspapers all over the country, as well as to friends of the different proceedings in court in which her son has been involved. It contains twenty pages, six by eight inches. The title page is: "The Secret Unveiled."

ATTACKED WHOLE FAMILY. "They set to work to blacken the reputation of my son, an average young man with a chivalrous nature, as shown by his attempts to break up these despicable plots."

DR. BAKER'S CHANGE OF MIND. Mrs. Thaw continues: "Every doctor who had examined my son--seventeen in all--during three years agreed with the decision of the eminent and able commission, April, 1907, that Thaw 'was and is sane.' This includes Drs. Lamb and Baker, who with him there 'was and is sane' with his mind," and assured Dr. P. F. Mattern and others, after they had examined him for over two months, that he had never had any delusions and had no paranoia whatever.

"After Dr. Baker's queer visit to the district attorney's office in New York in April, 1908, he contradicted himself. Yet nothing is more obvious than that Mr. Jerome and his associates also believe him sane or they would not so persistently have sought to prevent a hearing on his sanity."

Two derailments occurred on the Shore Line yesterday. The engine of a ballast train ran off the rails a short distance east of St. George and held up the passenger train from St. John about an hour. It was finally replaced with the assistance of the engine of the passenger train. About the same time the engine of a west-bound freight train got off the track at LePore. The crew replaced this in a couple of hours without assistance.

EL GALO CAPTURES THE 2.15 CLASS AND PRIZE OF ONE OFFER STAKES

The midsummer meet at Moosepath closed yesterday with El Gato of the Pine Tree Stables, Lewiston, Maine, the winner of 2.15 class, and Prince Louise the winner of the 2.24. The weather was warm, but a stiff breeze blew across the track and under the circumstances very good time was made. The attendance was better than had been expected.

Frank Power could get nothing better than fourth place in the first three heats, but in the fourth pulled up to third. Metcalf, of the Valley Stables, Sussex, and King Arden, owned by Alex. H. C. Jewett of Fredericton, were not in it at any stage.

Prize Louise, the pole horse, took the lead in the first heat and held it until the half mile had been covered, when the Yankee mare's bad break let Prince Louise go ahead. Gemovieve pulled up, however, and regained her lead. She held it until the horses rounded into the home stretch, when Crescent and Prince Louise came up on the outside and beat her to the wire, Crescent taking the heat. The finish made the crowd sit up. Time, 2:25 2-4.

Prize Louise, the pole horse, took the lead from Crescent in the first quarter and held it until the finish. The excitement was furnished by the brushes between Gemovieve and Prince Louise, who were getting second place in the heat. Time, 2:31-4.

Prize Louise captured the third heat after breaking on both legs. He finished the half mile in first position, with Gemovieve second, and Crescent third. Leading at the three quarters, the American mare getting the place. Time, 2:36 2-4.

ST. JOHN, N. B., July 26--The opening of the Grand Circuit at the state fair grounds was marked by one of the most wonderful races ever held on the oval. Country Jay was in good shape today and at the age of 13 years he moved down a high-class class in the 2.11 trotting stakes and reduced his record to 2:07 1-4. The old gelding was not considered in the betting and sold in a 215 field in pools of \$42.

THE BOSTON RED GRAYS PLAY SEVENTEEN INNINGS

BOSTON, July 25--(National)--New York and Boston played 17 innings to a 3 to 1 tie today. The game was the longest and in many respects the best seen here this season. The contest was marked by darkness. After the opening inning, when each team scored twice on poor work by the fielders, it was a pitchers' duel between Ames and Mattern, the New York man having just a shade the better of it. Halting catches and lightning infield plays saved the game several times after it had gone to extra innings. Mattern's work with men on the bases was one brilliant feature and a catch by Thomas while lying stretched out flat on the ground was another.

JEFFRIES WILL POST FORFEIT

CHICAGO, Ill., July 25--James J. Jeffries tonight made this statement: "I am on my way to New York, where I will post forfeit of \$5,000 defending my title to the heavyweight championship of the world. I have finished my theatrical season, and I promised months ago that I would defend my title when the season was over. I am now going to redeem that promise. I will post the forfeit this week in New York. Captain Johnson is not and will not be the champion until he whips me, and he never will do that."

Synopsis of Canadian Northwest Land Regulations

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 40 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$5.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent and cultivate fifty acres extra).

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$20.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

CANADIAN WEST WANTS 5000 MEN

WINNIPEG, July 26—Joseph Burke, provincial superintendent of immigration and employment, stated this morning that he could at present place five thousand men at wages ranging from 40 to 45 dollars a month and board. Applications for men are pouring into offices every day and cannot be filed. Mr. Burke estimates that before the harvest is well under way quite 25,000 men will be required in western Canada, and wages will be higher than farmers can well afford to pay. Domestic servants are also very scarce and some servant girls on farms are receiving as high as twenty dollars a month.

WORD RECEIVED HERE OF WRECK OF A FINE STEEL STEAMER NEAR CANSO, N.S.

Word was received by the Robert Reford Company here yesterday to the effect that the steamer Cairnrag had been wrecked near Canso, N. S.

H. S. Schofield of the Robert Reford Company left immediately for Canso to look after the steamer for the owners.

The following dispatch was received by The Sun from Canso last night: After feeling her way from Boston through fog which has enveloped the coast for a week past, the fine steel steamer Cairnrag of Newcastle, England, struck Bowling Rocks, Dover Island, eight miles west of Canso, today.

With all possible dispatch boats were launched and provisioned, as the ship lay full forward at anchor, and when daylight broke boats were able to land in sheltered places on Dover Island, where they still are awaiting the effect of another tide upon their ship.

At the break of day the wrecked steamer and crew were discovered by fishermen, who lent every assistance in their power. As soon as the news of the disaster reached Canso the gov-

ernment steamer thirty-three was despatched to the scene of the wreck. She was unable to get near the wreck, but was able to land on the sheltered side of the island and convey offers of assistance to Capt. Hyslop and crew. Capt. Hyslop refused to leave the scene of the wreck, and hopes that the sea may moderate with the prevailing west wind to enable them to get on board again and perhaps save some more of their effects. That no lives were lost is now moderating fast.

The rock where the Cairnrag struck is one of the most exposed on the coast and breakers were today thirty feet or more over the ship's bow. Should the steamer survive the pounding of the seas throughout the night, it is possible she may remain unbroken for some days as the sea is now moderating fast.

The forward holds and engine room are full of water, but the stern seems to be intact.

The Cairnrag was bound to Bathurst, N. B. to load. She is a fine steel steamer of 2022 tons, built at Newcastle in 1892 and owned by Messrs. Cairns, Noble & Young of that place.

DANIEL BRITT RESCUES A BOY FROM DROWNING

Daniel Britt, the well known ball player, last evening saved the life of Robert Knowles, the young son of Joseph S. Knowles of 123 Orange street, who had fallen from a raft at the foot of Orange street, and was sinking for the time in the waters of Court's Bay. Young Knowles was rescued in an exhausted condition and had to be worked over some time before he recovered.

The accident happened at about 7:30 p. m. A party of eight or ten boys were upon a raft which was tied by a rope to the breakwater at the foot of Orange street. In some way this rope was broken, and Young Knowles trying to reach the part attached to the breakwater fell in the water, which at that point was too deep for him to find bottom. The boy was unable to swim and could only struggle helplessly. One of the boys on the raft named Percy Holder tried to help Knowles, but was unable to reach him.

As the lad was sinking for the last time Daniel Britt, who was attracted to the scene by the cries of the boys, dived from the breakwater, fully dressed as he was, and caught him. The rescuer was able to get the boy up on the breakwater and after working for some length of time restored him to consciousness.

While Knowles was in the water another of the boys named John Seely, son of Frank R. Seely, of 219 Prince street, fell from the raft. His chums were able to pull him out safely, however.

Mr. Britt deserves great credit for his courageous act. Had his action been delayed but a few seconds a young life would have paid the toll to the sea.

The cries of the boys attracted a large number of the residents of the neighborhood to the scene and willing hands were soon at work in an endeavor to restore the Knowles boy to his normal condition. Young Knowles was resting easily at a late hour last night.

YACHTSMEN HAVE THRILLING TIME

One Falls Overboard With His Clothes On—Excitement at Indiantown

Two yachtsmen furnished a whiff of excitement near St. John & Cutler's Indiantown mill yesterday afternoon.

They were working about a large motor boat owned by George Fairweather in an endeavor to disentangle a rope from the propeller. Falling other methods one of them donned a bathing suit and dived over to try and get at the scene of the trouble from below.

He found, however, that he was much too buoyant.

Falling to get at the bottom of the bow of the boat suddenly the young man rowed her from the Lancaster ferry floats to the side of a schooner near the mill. A rope was attached to a ring in the deck of the boat, and with a wrench the stern was hoisted out of the water to give a view of the propeller.

One of the two stood fully dressed on the bow of the boat. Suddenly the weight of the yacht pulled out the plank to which the ring was attached, and the natty young man was jerked unceremoniously into the brink.

His companion, knowing that he could not swim, dived overboard in a moment and held him up until the two were pulled aboard the schooner. The rescuer's change to swimming costume proved fortunate, as it made the work much easier.

LYNN FACTORY WILL RESUME OPERATIONS

LYNN, Mass., July 26—An agreement between the executive committee of the Packing Room Employees' Association and James Phelan & Sons firm reached tonight will result in the opening tomorrow of the factory, which has been closed since Friday in all departments.

SAYS SHE'LL SUE U. S. GOVERNMENT

Two ladies who arrived in the city last evening from Prince Edward Island were prevented by the United States Immigration Department officials from crossing the border, and are detained in the city.

One of the two, Mrs. Gallant, of Boston, is an almost complete cripple, and cannot move any distance without assistance.

The other woman, who is a Mrs. Perry of Charlottetown, states that she will sue the United States government for illegal detention. She had, she says, no connection with the cripple lady, but had met her on the train and had befriended her on account of her condition.

Mrs. Gallant is so badly disabled that she had to be carried up the stairs of the Grand Union Hotel, where she is stopping until she can return home or have her case re-adjusted.

AMUSEMENTS

ANOTHER STRONG BILL AT THE NICKEL

It was warm yesterday, but the crowds filled the big, cool, comfortable Nickel afternoon and evening. And they enjoyed a great big entertaining show, too. Holmes and Buchanan introduced another distinct novelty in "I Remember You," a stirring song of the most laughable and contagious type, the piece being "set" in a outdoor cafe with waiters, etc. Mr. Buchanan assisted Miss Holmes in staging this song, and it had been arranged to use Little Pat Harrington as well, but his illness prevented his appearance. Pat will be out again to-night or tomorrow, it is expected. In the line of pictures some excellent films were shown, the most striking novelty being the Pathé novelty, "An Inspiring Sunset," a most remarkable photograph taken in the dusk of the evening on the river St. John, with colored effects, etc. The Orator Man's Gold is a strong melodrama; Her Country Cousin, a scenic-comedy, and Led Astray, a sea story drama. One of the happy surprises of the bill was the re-appearance of Mr. DeWitt Cairns, St. John's most popular baritone, who volunteered to take Little Pat's place on the programme and will be heard again today in a fine ballad. Mr. Cairns arrived Saturday from Boston where he had been singing in Scotch Tompkins.

AN HOUR AND THREE-QUARTER SHOW AT H. H.

"A dollar show for 90 cents." That's the expression one of St. John's best known business men—and a man who sees every show that comes to town—made at the H. H. H. last night. It is anniversary week at this house, and a special programme is presented. The Berlin commenced their "goodbye" week with a splendid programme. Libiano was their first number. Mrs. Berlin sang Serenade, and Signor Berlin sang O Dry Those Tears. Needless to say applause followed. Fortis Brown, in their Roman ring act, were continuously applauded, as was Ross and Ross, who do some wonderful hand balancing. Both these acts were declared by patrons to be among the best ever seen here. An act, the like of which has never been seen here before, and doubtless never will again, is Leo Hollings' Original Rag Paliters of Paris. This has not been in America a year yet, and has been a hit in every city they have played. The pictures they make out of rags are surprising for their beauty, and the audience testified their approval by hearty applause. The pictures are very fine. A Priest in The Wilderness, Mardi Gras in Havana, The Troubadour, Lamp Post and The Old Drummer complete an hour and three-quarter show that has never been equalled and never will again in this price. Those who miss this show are alone the losers. New pictures tomorrow. On Thursday an entire change of programme will be given.

ONE BIG LAUGH AT THE PRINCESS.

"The Sidelonia" have arrived and their sketch, "The Eccentric Thump and the Golf Girl," made hundreds of people laugh last night, and if the people want to laugh it will make thousands of them do so before the week is out. It has all other so called comedy acts beaten a mile, and it's such nice, clean comedy that every one will enjoy it. Don't forget that this act is an all afternoon and evening, together with a "top" motion picture programme and some music that is hard to beat. If you want to laugh see "The Sidelonia" at the ever popular Princess.

LOCAL GOVERNMENT TO MEET AUGUST 10

Mrs. Kingdon Among Arrivals in Fredericton Yesterday

FREDERICTON, N. B., July 26.—The local government is to meet here on August 10th, the second Tuesday of the month instead of the first Tuesday as is customary.

Among the arrivals in the city today are Mrs. Kingdon, and daughter, and Mr. and Mrs. Alfred Edgewood, of St. John.

Mr. Arthur Hannay is among the visitors to the city this evening. Mr. Hannay, who is a son of Dr. Hannay and is reporter of the senate, is spending the summer vacation in the provinces.

Money Alleged Given Legislator as Bribe Goes Begging in Indiana.

INDIANAPOLIS, July 25—Oscar A. Baker, agent of the American Tobacco Company, who fled the state after being indicted for attempting to bribe a legislator, to vote against the anti-cigarette bill, appeared in court here and the indictment against him was dismissed.

The legislator to whom Baker was charged with giving \$100,000 has died, and there was no other witness.

"Mr. Baker, I have \$100,000 in my possession and if you want to give me a receipt for it I will gladly return it to you," said Prosecutor Hooten.

"I don't know anything about that money," Baker replied, declining to fall into the trap. "I never had anything to do with it."

John W. Kern, who was Baker's attorney, said in his behalf that Baker disclaimed any interest in the \$100,000 and that as far as he was concerned the old folks home needs some money."

YEARS TO AID WIFE

WHO WED ANOTHER

Former Person Will Care for Children of Husband No. 2—Happy Reunion.

BLOOMSBURG, Pa., July 26—Vol-

untarily becoming an exile from his home and family when he learned that his wife, believing him dead, had married again, John Taggart, once a minister of the Methodist Episcopal church, returned to his former home in Hemlock township yesterday, after an absence of twenty-one years, to offer that wife and family the aid of which they stood in dire need.

WIFE HEARD HE WAS DEAD.

When a son was born to them a year later the tongues of the village gossips began to wag, and one day Taggart left. No word was received from him, although he had said that he was going away to seek work, until finally there came a report that he had been drowned in the Johnston flood. Believing this story, Mrs. Taggart

married John Van Horn. That was three years after Taggart had left her, and two children were the result of this union, a girl, now 15 years old, and a boy of 7.

It was about the time that the girl was born that Taggart, tired of his wanderings made up his mind to return home. He learned, however, of his wife's marriage and the birth of the child, and then determined to

DO NOT BE HUMBLED.

MORE THAN EVER

Diaphanous and disreputable pharmaceutical concerns are flooding the market with cheap and worthless preparations designed to be imitations of "Dr. Fowles' Extract of Wild Strawberry."

Are you willing to risk your health—perhaps your life, to these no name, no reputation, likely dangerous, so-called Strawberry Extracts?

For sixty-five years "Dr. Fowles' Extract of Wild Strawberry" has been used in thousands of families for Diphtheria, Dysentery, Colic, Cramp, Summer Complaint, Cholera Morbus, Cholera Infantum and all Bowel Complaints.

Do not let the dishonest or unscrupulous dealer humbug you into accepting one of these cheap substitutes, to the detriment of your health and gain to his pocket.

MILLIONS OF BRITISH CAPITAL FOR CANADA

MONTREAL, July 26.—Chas. H. Hays returned today from England much satisfied with the result of his mission, which was, he said, almost entirely devoted to the business connected with the recent \$10,000,000 issue in London of Grand Trunk Pacific government guaranteed three per cent. bonds.

"A three per cent. issue at 82 1/2 means that we have got our bond issue ready at 2 1/2 per cent.," said Mr. Hays. "That is the cheapest rate of interest for a railway loan that I have ever known. Other railways on this continent have to pay a much higher rate of interest when they go to the London market to raise capital."

say, he disputed, that our 3 per cent. issue at 82 1/2 compares very favorably with their 3 1/2 per cent. at 94. "The people of Canada are, I think, to be congratulated on the fact that the government and the Grand Trunk Pacific have been the means of bringing \$10,000,000 sterling into this country on such terms. It means a great deal to the country. Our experience on the other side has demonstrated beyond question that London is still the great financial centre of the world. So far as the Grand Trunk Pacific was concerned it had every reason to be satisfied."

QUEER BELIEFS OF SAILORS.

"Sailors are the most superstitious people in the world," said an old man who was discoursing from his seat upon a rusty anchor. "Anything they can't understand," went on the speaker, "they explain by magic or something supernatural. The life too makes men superstitious. Let a young fellow who would poolpooh the idea of putting off anything until Saturday or next week, because Friday is an unlucky day, ship before he gets the mast, and inside of six months he'll be like all the rest, full of signs and superstitions about this and that."

make all the rats leave a ship if he wishes and that Finns have a great deal of control over the winds. They can raise a storm by spells and it is unwise to anger them. I have heard old sailors tell of certain Finns who were members of the same ship's company who could send messages to absent friends on shore by gulls which would light upon the rigging at their call and repeat to the relatives of the Laplanders the message that he whispered to them. They also told of a Finn who had a bottle of liquor from which he could drink several times every day without lowering the contents. It always remained just so full day after day and week after week. There are also men of some other nations who are thought to have more than ordinary powers.

BUYING A WIND.

"Some of the older sailors believe that it is possible to buy a wind; they call it, and by this is meant getting the favor of certain persons who have control over the elements. There are not many sailors now alive who put much faith in this, although I have heard of a commodore in the British navy who not over twenty years ago said that he knew where he could buy a wind if he needed it. This belief is fast dying out among younger men."

A CHILD BRINGS GOOD LUCK.

"I know of but one thing that is considered to bring good fortune to the vessel and that a child. The presence of a child during a voyage is always thought to be a good omen, and it is believed that the child which has a child on board will sink. On the other hand women are thought unlucky. I cannot tell the reason for this unless it is that a ship is the least comfortable place in the world for a woman and the least desirable place for a child. Ministers are sure to bring misfortune to any ship that carries them out of sight of land, although the presence of a priest is not considered by Catholic sailors to be unlucky for all people whom the sailor detests the lawyer is looked on with the greatest dislike. They are particularly unlucky to have on board."

"These are some of the unlucky things which sailors believe," went on the man of the sea, "righting his pipe, but in addition to these things there are many others in which they place more or less faith. I have seen many old tars who believed that Finns or Laplanders had magic powers. The Finns are a strange, silent people and have come to have the reputation of being wizards. It is thought that they can use this power for either good or bad and they are somewhat feared by the average sailor. It is sometimes believed that a Finn can

main away rather than go back and bring trouble upon her. But he kept in touch with his old home in some way.

Her second husband was arrested recently upon a charge presented against him by Taggart's son that involved Van Horn's 15-year-old daughter. He was convicted, and is now in the county jail serving out his sentence, while the family has been in difficulty.

A HAPPY REUNION.

This news reached Taggart, as had the earlier story of his wife's marriage. This time he decided that the proper thing for him to do was to return home and do what he could to make up to his wife for what she had suffered.

So yesterday he returned and met his wife and son, the latter, of course, grown out of all recognition. There was a happy, but unobtrusive reunion.

Taggart declared that he would take his wife and all three children to some other place and start life anew. The wife and children agreed to this.

Strangely enough, when Van Horn was informed of what had occurred he declared that it was the best thing that could have happened. He says that he will not interfere with Taggart in any way.

The former minister said that he had traveled all over the world since leaving his home, and that he had supported his living by working as a painter and paperhanger, occupying his spare time by itinerant preaching.

HAMPDEN, N. B., July 26.—In the stipendiary court, here, today, the preliminary examination into the charge against Fred Bell, of stealing a light wagon and a set of driving harness from the barn of Dr. A. Scovill Murray, at Hampton, on or about Saturday, the 24th inst., was gone into, identification of the property made by James H. Scovill, and evidence given by Sheriff Fred W. Frazier that on learning of the theft on Saturday morning he instructed Constable D. O. Laughy to proceed towards the Belvidere and arrest the party described. It found in that direction and hold the rig until his (the sheriff's) arrival. Following another route, the sheriff and J. H. Scovill reached the residence of a Mr. Bates, in the Parish of Springfield, where he found Laughy and his prisoner, with the outfit intact, and drove with his man back to Hampton and placed him in goal. This morning the prisoner pleaded guilty and was sent up for trial before the Kings County Court at the sitting on the second Tuesday in September, being returned to goal until that date unless he in the meantime takes advantage of the speedy trial act.

This afternoon the stipendiary court, here, today, the preliminary examination into the charge against Oscar B. White, of South Sherborne, Mass., who was charged with the theft of a watch and chain, the property of Mrs. Stella D. Floyd, of Central Norton. After hearing the evidence and the accused pleading guilty his honor decided to suspend sentence and handed the lad over to the care of his uncle, Mr. Oscar Campbell, a respectable farmer of Campbell Settlement, who undertook to have him safely returned to his home and family to pay all cost incurred in the boy's capture and trial; also entering into a recognizance for his future good conduct within the jurisdiction of the court. The stipendiary gave the boy some good advice which brought a hearty "Thank you, sir, for your great kindness," immediately followed by a quiet but copious flood of tears as his uncle led the boy out of the court. 200 ARRESTED

DURING RIOTS

MEXICO CITY, Mex., July 26.—More than two hundred arrests were made, a score or more were injured, including two Americans and two were killed in political riots in Guadalajara yesterday and last night.

A mob broke up a meeting which was addressed by orators who spoke in behalf of the re-election of Diaz. The rioters shouted, "Down with Diaz," "We want Hayes."

During the night they stormed the Hotel Garcia, where the Diaz orators stayed. Every window was smashed and the lower floors were looted.

The police charged the crowd restlessly, but were repulsed. State troops were called out and a number of volleys were fired in the air without effect. The members of the mob expected a barricade on one of the side streets and shots were exchanged between them and the soldiers. Six mounted gendarmes and two policemen were wounded. A boy, four years years old, is said to have been killed.

Considerable American property was destroyed and two Americans were wounded. The Americans asked the American consulate for protection. The names of the American wounded are thought to be W. Hinton and H. Murphy, though the dispatches are so certain.

The latest despatch from Guadalajara said that all was quiet.

CANADIAN MAYORS

"I think that one of the beliefs most common among seamen of all classes," went on the speaker, "is the idea that a cat on board ship will cause her to meet with gales. The old saying is that 'a cat carries a gale in her tail,' and the sailors believe that when a cat frisks about the deck she is raising a storm. The belief that you can whistle up a wind is also pretty generally found among seamen, although those of the younger sort do not believe these things so firmly as do most of the older tars. In my younger days I remember boys having their ears crossed by the reputation of one who caught them whistling about their duties."

"It is curious how sailors dislike a cat and how the name is associated with so many things that are unpleasant to the sailor. The cat is not only a well known enemy, and no sailor has any love for the gear used in raising the anchor, but the cat is also the cat, the catboat, and the cat-back. The pig seems to be only second to the cat in the sailor's estimation. It has on board ship, and there are some other things which are unlucky to have on the vessel. All luck is supposed to desert a vessel that carried a dead body."

SAFETY BOARD DECIDES TO PROBE THE FIRE DEPARTMENT SITUATION

The regular monthly meeting of the Safety Board, which was held yesterday afternoon, was indeed a busy one, the session being replete with cross-questioning and forcible assertions. It all that was said at the meeting concerning the conditions prevalent in the fire department, the service is indeed worthy an examination under oath.

The lowest tender for the erection of the proposed West Side engine house was in excess of the appropriation, and the matter was referred back to the council. Other business of lesser importance followed and was disposed of after which the Shannon case received over an hour's attention, during which time heated arguments were in order. The matter was brought up by Ald. Potts, after which Chief Kerr spoke at some length, defending his position. Ald. Wilson also spoke on the subject, and cross-firing between the trio was also a feature of the day. The argument resulted in Ald. Potts' motion, which was carried, to have the whole fire department investigated under oath.

The chairman, Ald. Vanwart, presided and besides the members of the board there were present: Common Clerk Wardrop, Director Wisely, P. Neil Brodie, Chief Kerr and the building inspector. At the opening of the meeting Ald. Scully asked that Clark and Adams tender for the erection of the West Side engine house be withdrawn at their request. The tenders for the building of the engine house were then opened. They were as follows: Building, glazing, etc.—G. R. Craig, \$43; Jas. B. Pullen, \$200; Plumbing, etc.—Jeremiah Dudley, \$305; Wm. E. Emerson, \$28; F. E. McManus, \$250; Mason work and excavation—J. H. Hurley, \$1,960; B. Mooney and Sons, \$1,500; W. A. Stepler and Co. tenders to do the galvanizing iron work and steel cutting for \$288; S. A. Williams tendered for the labor and material, according to carpenter's specifications, for \$1,650; A. E. Hamilton offered to build the station complete for \$6,000; Ernest W. Green tendered for the woodwork, galvanized iron and sheet metal work, also cast and wrought iron work for \$2,210; J. H. Hatch tendered to do the work complete for \$10,817. A few tenders were assigned to the waste paper basket, as they lacked the required check. After some discussion on the matter it was agreed to hand the tenders to Mr. Brodie and allow him to consider the matter and make a recommendation thereon. The director then read a communication from Lieut. E. S. Hill, asking why certain encroachments were made on the land known as the Fort Howe Reserve. The police building, the old electric light house, now used by the Board of Public Works, property leased to Dr. Maher and a couple of small buildings are situated on the above property. Ald. Potts thought that the city had nothing to do with the sheds. Mr. Wardrop stated that the city had a lease of Fort Howe from the Dominion government, paying \$50 a year for same. Ald. Kelley moved that the correspondence be sent to the Minister of Public Works for consideration.—Carried.

A communication from Peter Clinch on behalf of the N. B. Fire Underwriters was then read. Objection was taken to a shed built in the Matthews' alley, on Charlotte street, and the roofing on the Ruddick property. A similar motion was passed concerning the latter objection. A letter from Wm. Ellis was then read, in which he asked for a renewal lease of the leasehold property 270, 40, corner of Pitt and Mecklenburg streets. The man from whom the property was purchased is dead and the city has no record of the lease. It was decided to lay the communication on the table until proper title could be shown. The director was empowered to have a new floor built in the North End police station, at a cost not exceeding \$25. A communication was read from Mrs. M. H. Kingston, in which she offered to buy the house known as the Nelson property in Fairville for \$30 and pay \$16 ground rent. The director recommended that the offer be accepted, and after some discussion the recommendation was on motion adopted. Mr. Kennedy was given a seven year renewal lease of a lot on Rodney street, West End, at \$1 per year. The resignation of E. Percy Howard from the Salvage Corps was accepted. Mr. Brodie then recommended that A. E. Hamilton's tender, \$6,000 for the complete work, be accepted. The estimate cost was \$4,750, but the changing of the lot made a difference of \$1,250. Mr. Brodie stated that the work could not be cut down any. In answer to Ald. Kelley, Director Wisely stated that the former lot had been leased, and the lease executed, hence the change of lot. Ald. Scully moved that the council be asked to accept the lowest tender and the Treasury Board furnish the funds.—Carried.

The monthly pay roll, \$99,69 was then passed by the board. FIRE DEPARTMENT. Ald. Potts then brought up the matter of the fire department discipline, making a particular reference to the case in which Frank Shannon was transferred from No. 4 to No. 3 station. He felt rather interested in this particular case. He said that the papers had commented on the attempt of the Safety Board to override the authority of the chief. He thought that the matter was very unfairly put before the public. He asked that Chief Kerr be asked to state his reason for the transfer. Ald. Kelley referred to a case which was before the council a year or so ago, but Ald. Potts stated that he was not particularly interested in what happened in the council when he was not a member. Chief Kerr then commenced a heated and lengthy argument. He stated he desired to give a full account of the case, as he thought he was not as bad as he was painted to be. There was an act passed in 1878, which gave the chief absolute control of the firemen without referring to the Common Council, although appointed by them. He then referred to the time when Recorder Dr. Jack ruled against this, giving the council the power of control. Recorder Skinner later thought that the council still had the control, and about 1866 the chief was once again given the absolute control of the department, and was subject to dismissal by the council. He then stated that he was endeavoring to do the work in the interests of the people and according to the wishes of the council. He would not put Shannon back until he would make his peace with the foreman of the company. The position he held, he said, was one of continual trouble, and he didn't care if he lost it or not. If he was dismissed when doing his duty he was satisfied. Ald. Vanwart, he said, asked him to put Shannon back and save trouble for himself. This he refused to do, as it was not in the interests of the people. Now, he said, the matter was again brought up, by whom he knew not, but he had his suspicions. He intimated that Ald. Potts was the one who first brought the matter up this time, and had been urged by some one also to do so. Ald. Wilson—"You're making an insinuation you cannot prove." Chief Kerr continued: "Shannon asked me to put him back and I said I would not. Let him deny that if he will. The reason for the change was that something had to be done in No. 4 Company, and I thought the best thing was to separate the men in order to have peace restored. Shannon is a good fireman, he said, but there he will remain as far as I am concerned." Ald. Wilson thought that Shannon was transferred so that he would have no chance of promotion. Chief Kerr—"I say no." Ald. Potts—"Has there not been a promotion of any substitutes since Shannon went to No. 3?" The chief was not certain and asked Ald. Wilson to name the men. Ald. Wilson—"No, I do not want to get any man into trouble." The chief stated that Shannon was first class man and understood electrical work. Ald. Potts—"Why did you make a pick-up of Frank Shannon?" THE RINGLEADER. Chief Kerr—"Because he was the ringleader, and after he was there was peace." Ald. Wilson—"Why did you and

Foram Bond go around this morning in your wagon and appeal to every alderman?" Chief Kerr—"I did not." Ald. Wilson—"You were at Ald. Potts' house with Mr. Bond." Ald. Kelley thought somebody was lying and the matter should be proven. "If the chief is lying to the board I would move that he be dismissed." The chief thought that the men should be brought in to prove the matter. Chief Kerr (to Ald. Potts)—"I supported you and I'm sorry for it, I will never do it again." Ald. Potts—"I came in a free man and will work in the interests of the people." Ald. Wilson stated that he understood that Chief Kerr was acting the crazy among the firemen, listed he should be loved by them if he was satisfied. Chief Kerr stated that he thought they had shown their appreciation by presenting him with things he had never expected. "I am not going to beat them in a messy way," he said. "I speak hastily and I know it, but I'm sorry, I think when any complaints were investigated I was found to be in the right. I am the first to say I'm sorry, the trait which is in my character and which I inherit from my father. If the council were to request me to put him back I would say, 'No, I cannot and will not put him back,' and would that they their respect that such men would bring the matter up." Chief Kerr asked him to do so, but a private citizen had asked him. He said he was told that Shannon was a good man and now he was in a place where he had to reason only to a second alarm. He thought he should be in a place in the central part of the city, where he could use his ability which he has already shown that he possessed. Ald. Potts—"Do you report always when you make a charge?" Chief—"Yes." Ald. Potts—"Was there not a man by the name of Taylor discharged in No. 4 or 5 station about a month ago?" Chief—"Yes." Ald. Potts—"Then why didn't you report that to the board?" Chief—"I was just going to now." Ald. Potts—"No, I am going to do the talking now." He then read from a morning paper about Shannon being recommended for his bravery at the Canterbury street fire. Ald. Potts continued, saying that Foram Bond had over ridden the authority of the chief. He knew there was a better man than himself in the company. Therefore he said, "cut his head off." You asked Bond if he wanted Shannon away and he said "yes," and you transferred him. Chief Kerr—"I did not say it, and I throw it in your face." Ald. Potts—"It doesn't hurt my very badly. There is hardly a man in the Common Council, he continued, whom you have not button-holed. You have done it with every member of the Safety Board with the exception of myself." Aldermen Kelley and Vanwart stated that nothing was spoken to them by the chief. Ald. Potts said that he was sure that there were six who were button-holed by the chief. Ald. Potts continued,

saying that the chief should be proud of Shannon, as he was one of the best men in the whole department, but the chief and Bond would not give him a chance to shine. Alderman Potts here suggested that Mr. Kerr be asked to retire from the meeting. Ald. Kelley thought that Shannon should be given a hearing. Mr. Shannon was sent for. Chairman Vanwart here stated that the report in Monday's Standard, stating that he called on Mr. Bond, was incorrect. Ald. Wilson stated that the chief had bought his aid in the appeals committee. Chief Kerr asked that Mr. Bond be sent for. This was also done. While the two men were being summoned, the matter of clearing away the rubbish at the foot of Duke street was brought up. The Board of Health was authorized to have the place cleaned, at a cost of about \$100. The chairman, Ald. Vanwart, was of the opinion that the meeting was not the proper place to fight out the fire department question. There should be a Kerr investigation held. Ald. Hayes was of the same opinion. Ald. Kelley thought it better for some person to make a direct charge against Chief Kerr, and then hold an investigation into the charge. At this point Chief Kerr and Messrs. Shannon and Bond were asked to retire. The chairman thought the matter should be disposed of by holding an investigation under oath, if anything were done to rescind the action of the chief, without this he could fight it. Ald. Potts—"He could fight in law better than he could fight a fire." Some discussion then took place, in which Ald. Potts intimated that there were other serious charges to be made, such as that of the No. 4 Company men taking liquor into the station, and that of the chief not reporting resignations when they were made to him, because a member was a relative or a friend, and could draw pay when not in the department. The result of the whole argument was the following motion, made by Ald. Potts and carried unanimously: That an investigation of the whole fire department be held under oath, with a view of betterment in the service for the citizens." During the meeting Ald. Potts strongly intimated that Chief Kerr was an incapable and unfit man for the position, and others in the department were far more suited for the office.

SHOOTS GIRL, THEN SUICIDES

MONTREAL, July 26.—John Smith, or Schmidt, who came here from New York a few weeks ago, tonight shot and probably fatally wounded Marie Smet at her home in St. Henri Ward, and then turning the revolver upon himself, committed suicide. Schmidt wanted to marry the girl, but she refused. Tonight he called to say goodbye, saying that he was going back to New York. He appeared quite rational when the young woman's sister was in the room, but as soon as she left he opened fire on Miss Smet, wounding her in the back and then putting a shot through his brain. The young woman was removed to the Western Hospital, where she now lies in a precarious condition. It is pretty safe to say that extensively advertised goods have merit.—Hon. Elisha A. Morse, "Blazing Stove Polish."

**SYNDICATE TO BUILD HOME FOR NEWSBOYS**  
Boston "Newsies" to Have Model Structure.  
Mission Started in 1849 Is Home for Workers—It Will Better the Boys Physically and Morally.

**BOSTON, Mass., July 27.**—The "newsies" of Boston will have a home of their own by next fall. "Newsies' Home" is the official and legal name under which it will be known. A syndicate has already entered into a contract for the ultimate purchase of property valued at \$200,000 for the purpose. The Children's Mission Home, at No. 277 Tremont street, will soon be fitted up with gymnasium, assembly room, reading room and with everything necessary for physical care and contentment of the boys as well as classrooms for their mental instruction. Eventually, if plans succeed, there will be a complete overhauling of the buildings, when a practically new structure, with all modern conveniences, will stand as a model for the country in the care of newsboys of large cities. The syndicate is headed by James J. Glavin, with whom is associated Nathan L. Amster, a man of wealth deeply interested in the welfare of the newsboys, and the following other incorporators of the Newsies' Home representing various institutions for the betterment of boys: Arthur Fox, president of the Hope Chapel boys' class; Mitchell Freeman, of the West End House; Philip Davis, superintendent of minor license, and Nathan Soderstrom, president of the Newsies' Union. The Newsies' Home is not to be a home for benevolence and charity, according to the usual conception, but for those who work and not for those who are inclined to live away from them. There will be provision for deserving boys who come to Boston for work, but the principle of work and worth will be maintained throughout. The contract with the officers of the purchase of the property within five years at certain intervals, with the syndicate representing a very large amount of money, is considered very reasonable, and the terms are regarded as most satisfactory on both sides. No less than two hundred or three hundred newsboys may be accommodated in the buildings, which contain four rooms of sufficient proportions, while other rooms may be devoted to class purposes. It is expected to make the necessary transformations by the fall, when the home will probably be opened with elaborate dedication ceremonies. "Everything is yet in embryo," said one of the men interested in the project, "except that we have made the contract and propose to carry out our plans. If the plan succeeds as well as we expect the property will be purchased within the stipulated period while in the meantime the newsboys will have a home conducted on principles and policies that cannot fail to be of incalculable value in improving the condition of all these young citizens. The boys are sadly in need of such a home, where they may study during leisure hours and improve themselves mentally, physically and morally. Unfortunately they are now under constant temptations while not at work, and some of them naturally turn to diversions that are improper and seriously harmful. This leisure will be turned to good by the Newsies' Home and the methods under which it will be conducted. It is understood that quite a large amount of money has already been subjected toward financing the project and that the projectors hope not only making the purchase but also of transforming the present structure into a fine modern building. The mission buildings are opposite Holtz street in Tremont street, and were erected in 1849 by philanthropic Unitarians. In 1884 there was an act of incorporation under the names of the Children's Mission to the Children's Home in the city of Boston, which at that time the work had increased to large proportions, but the system has changed and is now in private families, making the large buildings unnecessary except for office purposes. "We are leasing ourselves in relation to a good customer and also our property, which would otherwise be idle, but now will be used for philanthropic purposes. While our work is larger than ever before, all the space that we need in the mission building is for our offices. The reason for this is because all the children are now cared for in private families in the country. This change in system has made the large mission buildings where children were cared for years ago unnecessary for our purposes."

**BOY FACES CHARGE OF MANSLAUGHTER**  
Union of Canadian Municipalities in Session.  
Merchants Object to Early Closing—Western Hurricane—Lost Trying to Save Friend—Novel School.

**MONTEREAL, July 26.**—Young Kercher, 14 years of age, has been found by the coroner's jury to be responsible for the death of his playmate, named Pezrag, and must therefore face the criminal courts on a manslaughter charge. It is many years since a lad of this age has been held responsible for such a serious charge. Kercher and Pezrag were fighting, and the latter threw a stone at Kercher's hand. The affair has caused much interest here, as both boys come of very respectable families. **MONTREAL, July 26.**—The Union of Canadian Municipalities met here today for its annual convention with delegates present from all parts of Canada. The meeting was opened by Mayor Pezrag, who delivered an important address today, outlining what had already been accomplished and suggesting the lines along which progress should be made. **MONTEREAL, July 26.**—An effort to make the retail merchants of the city to upset the recently enforced early closing by-law of the city, which closed at 7 o'clock on Wednesday and Thursday evenings, with the exception of saloons, cigars and fruit and ice cream stores. A meeting of retail merchants was held this evening, at which it was decided to petition the city council, and nearly \$1,500 was subscribed to meet the cost of the legal fight. **WINNIPEG, July 26.**—Advices from various parts of Saskatchewan tell of a fire which broke out in the city on Saturday and Sunday. The C. P. R. Wetaskinwin line, village of MacKlin, was struck by the hurricane and almost demolished. Only two stores were left standing. A number of settlers' shacks in the surrounding country were also destroyed. **HALIFAX, July 26.**—Judge Meagher has granted a restraining order forbidding the city council to dispose of the site proposed selling to the Anderson Manufacturing Company, for a chair factory. The council voted almost unanimously to sell a piece of land to the company at what it cost the city several years ago. The order is made returnable on August 27, so that the enterprise is held up for a month at least. The ground of the order is that the sale would be illegal and that the property is required for a water service purpose, for which it was secured. **TUSKETE, July 26.**—Jumping from a dory or quito bank to save one of his shipmates who had fallen overboard, Daniel Mulse, a native of Pooket, was drowned while the man he went to rescue was saved by other members of the crew of the schooner Meteor, which both men were on.

**TRIED SUICIDE, THEN REPENTED TOO LATE**  
NEW YORK, July 26.—"Here, tie that up," said Edward M. Perkins tonight as he held out his bleeding wrist to the frightened bell-boy who had answered his call in a lower Broadway hotel. Lieut. Kennedy Declares Sutton and Adams Fought Fiercely Admonished to Keep Mum

**ANNAPOLIS, Md., July 26.**—Today's session of the Board of Inquiry at the Naval Academy, which is investigating the circumstances surrounding the death of Lieutenant James N. Sutton of the Marine Corps, was most interestingly and completely overhauled by Charles W. Kennedy, now a private in the Marine Corps at Norfolk, Va., and Surgeon A. D. McCormick, U. S. N. Kennedy dropped into the situation like a bolt from a clear sky and told a frank, straightforward story of some of the incidents prior to the shooting which had not been mentioned by any of the young officers who have already testified. Though an eyewitness to the early encounter between Sutton and Lieutenant Adams on the night the former was shot, Kennedy's name has not been mentioned by the witnesses who supported the contention of Sutton's mother and sister that Sutton had not seek the fight with Adams and the other officers. In attacking his credibility, Major Leonard, the Judge Advocate, went into the private's record and showed he had been disciplined on several occasions in the service. Kennedy said he had been reluctant to mention his part in the affair, because Lieutenants Utley and Adams, his superiors, had both admonished him on the morning following the shooting to keep quiet. On his way to relieve a sentry at one o'clock in the morning, he saw Adams and Utley in an angry argument, the witness said. Adams was in his shirt sleeves ready for a fight, and Sutton had accented his blouse, cap and cap. "All right, Adams, if you want to fight, I'll fight you," he heard Sutton say, the witness testified. They fought hard for a few minutes, when Lieutenant Utley interfered and stopped the fight, saying the guard would be out if they did not stop. A second time he saw Adams and Sutton come together as he was going away to his post. Kennedy said, "Half an hour later Kennedy heard the shots from his post at the naval hospital, and immediately volunteered the information to Kennedy that Sutton had shot himself and that Adams had his finger shot off. Utley also told him at that time that Sutton had killed himself, the witness said. Aldrich Overlooked Them But New York Lawyer Points Out Need of Classification.

**NEW YORK, July 26.**—However much a master of detail Senator Aldrich may be, Harvey T. Andrews, a lawyer of this city, thinks he has given the notice. He says, "Aldrich overlooked them, but New York lawyer points out need of classification." Andrews has sent a telegram to Chairman Payne of the ways and means committee of the house, in which he calls attention to the failure to mention the most modern of all inventions in the proposed tariff act, and recalls the peripatetic former experienced in ascertaining the various materials, such as silk, cotton, ropes, baskets, etc., that go to make up a balloon.

**SURPRISED HIM**  
Doctor's Test of Food  
A doctor in Kansas experimented with his boy in a test of food and found that he was eating a lot of candy. "I naturally watch the effect of different foods on patients. My own little son, a lad of four, had been ill with pneumonia and during his convalescence did not seem to care for any kind of food. "I knew something of Grape Nuts and its rather fascinating flavor and particularly of its nourishing and nerve-building powers, so I started the boy on Grape-Nuts, and found from the first dish that he liked it. "His mother gave it to him steadily and he began to improve at once. In less than a month he had gained about eight pounds and soon became so well and strong we had no further anxiety about him. "An old patient of mine, 73 years old, came down with serious stomach trouble and before I was called had got so bad he could eat almost nothing and was in a serious condition. He had tried almost every kind of food for the sick without avail. "I immediately put him on Grape-Nuts with good milk and just a little plain sugar. He exclaimed when I came next day 'Why doctor I never ate anything so good that made me feel so much stronger.' "I am pleased to say that he got well on Grape-Nuts, but he had to stick to it for two or three weeks, then he began to branch out a little with rice or an egg or two. He got entirely well in spite of his almost hopeless condition. He gained 22 pounds in two months which at his age is remarkable. "I could quote a lot of cases where Grape-Nuts has worked wonders. "There's a Reason." Read "The Road to Wellville" in book.

**SEEK TO REPEAL TARIFF**  
NEW YORK, July 26.—A bill to repeal the tariff on foreign-made automobiles, introduced by Representative Charles D. Smith of New York, has been referred to the committee on tariff reform. The bill is one of the most important measures introduced in the House since the opening of the session. It is expected that the bill will be passed by the House in the near future. **LEOPOLD OF BELGIUM**  
He is a Very Busy Man, Rises Early, and Works Rapidly  
Scrutinizes Every Ministerial Paper and Has a Remarkable Memory  
Food of Paris.

**BRUSSELS, July 26.**—King Leopold is evidently determined to live up to his reputation as "Yankee of European monarchs." His latest ambition is to have the right to wear the uniform of an American colonel. The King is a general in the Dutch Army, a field marshal in the German, Austrian, and British Armies in Particular. As his Majesty once informed the late Colonel George W. Roosevelt, American ambassador in Brussels, he would like to have the privilege of attiring himself as an officer of the United States Army. As a matter of fact, the King has an extensive wardrobe, and pays strict attention to his appearance, especially in the practical business man who wears the Belgian necktie. He changes his clothes on an average six times a day. His favorite civilian attire is a sack suit and "boiler" hat, and in the course of a morning he has been known to appear in the uniform of three different regiments, and to turn up at lunch in plain civilian dress. The King's personal attendants often wonder how he finds time for these frequent changes, for the King is certainly one of the busiest men in the kingdom. He professes a profound contempt for idleness, and is literally "up and at 'em" when his habitual residence, Leopold II. rises at 5 o'clock in summer and half an hour later in winter. Immediately after finishing his toilette, the King takes a brisk walk in the park, and at 7 o'clock he is already at his desk busily engaged in the work of examining the minutes of the council of ministers brought by courier on cycles or in motor car. The King answers his letters at 8 o'clock at the Chateau de Laken. Leopold II., who has a good appetite, usually takes a hearty breakfast with a few slices of chocolate. At 12:30 a carriage arrives from the royal stables in Brussels, containing the King's breakfast, which is served by the King, and also another voluminous body of correspondence, which the King examines rapidly over breakfast. **CHESTER MARTIN OFFERED CHAIR IN MANITOBA**  
OTTAWA, July 26.—Through grasping light wires on which insulation was defective, Hyacinthe Roger, aged 62, an employee of the Hotel Hotel, here, was electrocuted in the cellar of the hotel this morning. Roger was found dead, grasping the electric lamp with his hand burned through to the bone. The coroner found that the voltage carried by the wire was too high. Mr. Chester Martin, M.A. (Oxford), assistant editor of Archives Report, has been offered the chair of history in Manitoba University. He joined the Archives staff over eighteen months ago after three years at Oxford as a Rhodes Scholar from Dalhousie University. It is not yet known if he will accept the position.

**MISS BOOTH PREPARES TO FIGHT AGAINST SIN**  
Third Generation of Family Enlists in Holy War  
NEW YORK, July 26.—Miss Myrtle Booth, daughter of General and Mrs. Booth, and granddaughter of General Booth, head of the Salvation Army, is preparing to take up the fight against sin. She is now 15 years old. She distinguished herself at the first private school she attended, and at the second the physical examination proved her to be a member of the best of her generation. Just now, at Miss Knox's school, Briarcliffe Manor, New York, she is a member of the basketball team and the champion long-distance runner. She stands well in her studies, and is an excellent musician. "As most people know," said Miss Booth recently, "mother has had greater success with missionary laborers among convicts than any other woman, and it may be that I shall assist my father, however, wants me to help him, the more so as my brother Charles has just taken up my mother's work."

**ANOTHER JOY RIDE HAS FATAL ENDING**  
HARTFORD, Conn., July 26.—John Scammon, 28, of London, one of the automobile experts employed by the Pops Manufacturing Company, died in St. Francis Hospital tonight as the result of injuries sustained when the automobile in which he was riding skidded and struck a telegraph pole at Station 11, Windsor. The car is owned by James H. Knight, president of the First National Bank of this city and was being driven by his chauffeur, Michael Sullivan, of No. 32 High St. The car, according to witnesses, was running between 20 and 30 miles an hour and came to a sharp turn in front of P. V. Mill's home. It is not believed the Pressed Steel Car employees will attempt to hold out after the first of the month, when election of strikers occupying company houses will take place.

**MIKE MURPHY, the New Glasgow cover point who has helped several teams to win dokey championships, passed through the city last evening to Montreal, where he will visit his uncle. Asked as to his peregrinations out of hockey season, Mike intimated that if he stayed at home he would have to hoe the potatoes, and he was not used to stick work in hot weather. Murphy will be back again in New Glasgow before the snow flies to share in the efforts of Scotchtown at regaining the Starr trophy. In order to work for a month and a half part. No chances are being taken of the interference of the residence laws. Each report are that Morrison and Williams will not line up with New Glasgow for the coming season. Each has booked himself as retired, and both are planning a trip west, but Morrison's decision, at least, is thought to be more formal. New Glasgow's line-up, as it shapes now, will include Jack Chisholm at right wing, Don McLean at left, Murphy at rover, Ronald Chisholm at cover point, and Jim McArthur at post. The importations make good, they will be given positions in goal and at center. A brother of Mike's, Sam Murphy, and Walter Simpson, are put down as spares.**

**ELMHURST GETS A BURGLAR**  
Done With Citizen Gregg's Gun Before the Police Came.  
NEW YORK, July 26.—Armed with a .44 calibre revolver former District Attorney George A. Gregg of Queens County, backed by half the population of Elmhurst, N. Y., yesterday morning rounded up and captured a burglar who was ready to do anything in light raid on the home of Prof. George H. Kingsbury, who with his family is spending his vacation at Windsor, N. Y. The police appeared after the burglar was surrounded by excited villagers and subdued by Mr. Gregg's heavy armory, had all the light taken out of him and was ready to do anything in light raid on the home of Prof. George H. 2,000 Moors Have Been Killed in War With Spain.  
Tyrphoid Due to Bad Potatoes.  
BERLIN, July 26.—A despatch to the Lokal Anzeiger from Pilsen says President Fallieres will arrive at Marienbad August 10 to meet King Edward. MADRID, July 26.—General Sanchez, military governor of Granada, has been named to replace General Marina in command at Melilla. OLAN, Algeria, July 26.—Native advice received here say that the first tribes consider the campaign now going on a complete defeat for the Spaniards, whom they have forced back to Melilla. It is reported that one of the tribes captured one hundred Spaniards, whom they tortured. MADRID, July 26.—It is estimated that the number of Moors killed in recent battles around Melilla is 2,000. Today a commissary detachment was attacked and nine Spaniards were wounded. WEST SECTON, Mass., July 26.—Economic frightened when the boat in which he was rowing careened so that it took in water, Frank W. Plimpton, aged 13, son of Harry W. Plimpton, a mill operator, jumped into Hotel Pond this afternoon and was drowned. His companion, James Jenkins, jumped and made two unsuccessful attempts to save him. GLOUCESTER, Mass., July 26.—A loss of about \$12,000 and serious injuries to a chauffeur resulted today from the ignition of a quantity of gasoline in the automobile garage of Parsons & Watson on Mount Pleasant avenue, following the explosion of an electric light bulb. John Darwin of New York was probably fatally burned and the automobile in which he was riding was entirely destroyed. Three other machines were damaged and the building suffered damage of about \$2,500. PROVINCETOWN, Mass., July 26.—That the outbreak of typhoid fever among the men of the battleship fleet was due to bad potatoes was the official verdict rendered today by a naval physician on the supply ship Calda, after a thorough investigation. BOSTON, July 26.—Mrs. Mara E. Tolman, said to be a prominent resident of Meadville, Pa., attempted to commit suicide by drinking carbolic acid at her apartments in Hotel Nottingham today. Mrs. Tolman was taken to the City Hospital. She will probably recover. WASHINGTON, D. C., July 26.—Attorney General Wickham says "It is late to attempt to re-cast the corporation law amendment bill on the basis of a proposition of the base statement of which would be received with very great credit by most minds." He so expressed himself in a letter written in reply to one from a number of firms of accountants in New York who made a suggestion to him.

PRINCESS STOCKHOLDERS ASKED TO CONTRIBUTE

One of the Directors in a Circular Letter Suggests a Call of Fifty Per cent.

—He Has Advanced Lot a of Money

A circular letter has been issued to the shareholders of Amusement Ltd., setting forth the present financial condition of the Princess Theatre, showing just how good profits can be made and incidentally asking that further advances be made to meet the company's debts.

The letter also sets forth the difficulty of drawing crowds during the summer months unless the receipts will only meet running expenses even with filled houses for the balance of the summer season, which is hardly to be expected on hot or stormy days.

At an expense of \$100 a new entrance from Charlotte street, a well-lighted room and various other improvements have been added, placing the "Princess" in the front rank of amusement houses of the city.

This director feels he has gone the limit and asks each stockholder to put up an additional fifty per cent of the amount of their present holdings to meet the company's immediate obligations, otherwise it will be necessary for him to sell the company out under a judgment he has for \$100.

In this event he would, regarding the company giving the old shareholders a chance to recover their first loss.

GEO. MCARTHUR ON THE WATER SYSTEM

Says Engineers are Responsible for Defective Pipe

His Firm Protested Against Putting the Concrete Line Through Dry Lake—Quicksand Caused the Trouble

To the public: In order that the citizens and taxpayers may know the truth in regard to the building of the water works system it would be only fair that a commission should be appointed to go into the whole matter and place the onus on the shoulders of those to whom it properly belongs.

The attention of the public is directed to the following facts: (1st) The city of Saint John supplied all the cement used, the brand being recommended by the engineers.

Protests were made by the writer to the engineers and aldermen—and also to a meeting of the whole board of aldermen—against building concrete pipe through the so-called Dry Lake and adjoining areas, as we did not consider it practical.

(2nd) The pipe line was built according to plans and specifications under inspectors appointed by the city, and notwithstanding the protests of our firm we were compelled to carry out the plans and specifications of the engineers under the directions of the inspectors appointed by the city.

It must be kept in mind that all of the pressure from the new system has to be borne by sections 1 and 2, which were constructed for us, they being built from Lake Lattimer, the remarkable part being that the pipe on section 2 (built of concrete) carried the water from Loch Lomond into Lake Lattimer.

We have built the line according to the plans and specifications, and we do not do so against our own vigorous protests to the engineers and council, the public can judge for themselves as to where the blame lies.

Yours respectfully, GEO. MCARTHUR.

JUDGE FORBES SAILS INTO JUDICE RITCHIE

Criticizes His Way of Doing Business

Says Means May be Found of Helping Him Along—The Driscoll Beer Cases on Appeal.

Before His Honor Chief Justice Barker in Equity Court Chambers this morning Mr. Cyrus F. Ritchie, for the plaintiff in the case of James Manchester vs. Joseph Semple, obtained a perpetual injunction to restrain the defendant from digging gravel and sand on the plaintiff's beach known as the "Gleaves" at high or low water.

The defendant, who is a teamster in Fairville, did not appear.

COUNTY COURT

The appeal in the beer case of the King vs. Timothy Driscoll, who was convicted by Magistrate Ritchie on June 24th last on two charges of selling beer during prohibited hours and once for one case and \$50 for the other, was up before Judge Forbes in County Court Chambers this morning. J. A. Barry appeared for Driscoll, the appellant, and A. W. MacIntyre, K. C., for the Board of Alcoholic Commissioners, who are opposing the appeal.

This morning's proceedings lasted but a few minutes and the case was adjourned until August 3rd next to allow Mr. Barry to file an affidavit of the facts of the appeal. This course was necessary as Magistrate Ritchie, before whom the convictions were made, has refused to sign the evidence in the cases in allowing Mr. Barry the time asked for. Judge Forbes scored Magistrate Ritchie for his tactics in this matter and intimated that other means might be taken to assist the magistrate in the discharge of his duty.

Dr. MacIntyre asked to have the appeal dismissed on the grounds that the notice of appeal was not served in time and that counsel for applicant did not specify which case he was appealing. The first objection His Honor will consider, but as to the second he said that he would allow Mr. Barry to try which ever case he desired. However, Dr. MacIntyre has no right to take any objection he wishes up to Tuesday next.

COUNTY COURT CHAMBERS

In the summary ejection case of Corkery vs. Mullin, His Honor Judge Forbes adjourned the matter until August 10th next to allow the defendant to vacate the premises. A. A. Wilson, K. C., appeared for the plaintiff and J. A. Barry for the defendant.
