## THE TOWN COUNCIL MEET LAST FRIDAY

Small Attendance of Council-  
ors Transact Routine Busi-  
ness at Short Session

### INTERESTING REPORT

The Town Council met last Fri-  
day evening His Worship Mayor  
Murray presiding. There were al-  
so present Councillors Pinault, San-  
son, Miller and Lunan and the  
Town Clerk.

The minutes of the previous meet-  
ing were read and confirmed.

A communication from the Build-  
ing Inspector relative to the smoke  
stack of Campbellton Laundry was  
referred to the Town Solicitor.

Communication from Chief of Po-  
lice Hughes asking for an increase  
in salary of \$10 per month was re-  
ferred to the Police and License  
Committee.

A communication was received  
from Police Judge Matheson with  
his court records for 1st July, 1911  
to December 31st 1912. This was  
a long and interesting document  
which will be dealt with at length  
among other reports later. The  
amount of fines collected during this  
period was \$1100.50 cheque for  
which accompanied the report while  
the Magistrate's bill of costs amount-  
ed to \$100.40. The report was or-  
dered filed and the cost paid.

A petition from Harvey Malcolm  
for a restaurant license in premises  
on Sagarloaf Street was referred to  
Police and License Committee.

A petition from the livery stable  
keepers and cabowners protesting  
against a license being granted to  
A. Bertrand to run a public  
bus was referred to the Police and  
License Committee.

Reports from Committee were  
then received.

Councillor Lunan from Police  
and License Committee submitted  
report recommending that a barber's  
license be granted Geo. Godin on  
payment of \$10 and that a cab li-  
cense be granted A. Bertrand on pay-  
ment of \$7. Report was received  
and adopted.

### ACCOUNTS PASSED

The following committees sub-  
mitted reports recommending pay-  
ment of accounts—Police and License,  
\$38.85. Public Charities, \$262.10.  
Public Prop. and Streets, \$235.55.  
Water and Sewerage, \$192.56.  
Electric Light, \$2511.29. Finance,  
\$257.89. Reports all received and  
adopted.

The delegation expenses of Mr.  
John Harquail amounting to \$50  
was ordered to be paid.

On motion Mr. M. A. Kelly was  
appointed Town Auditor.

It was moved by Councillor Mil-  
ler, seconded by Councillor Lunan,  
that the Town Treasurer be in-  
structed to forward the required amount  
to the Receiver-General to provide  
for a sinking fund for the guar-  
anteed bonds of the town.  
Council then adjourned.

## YOUNG MEN ARE FREED FROM PRISON

Nelson Letourneau who was sen-  
tenced to two years imprisonment  
in February 1912, and William Cyr  
who got a life sentence in Decem-  
ber, 1911, are out on parole and have  
reported to the Chief of Police here.

## VETERAN SOLDIER DIED AT MONTREAL

Commandant of Maritime  
Forces Passes Away Sudden-  
ly While on a Visit

### BURIED AT ST. JOHN

Brigadier General Charles Wil-  
liam Drury, C. B., A. D. C., G. O. C.,  
Maritime Provinces died very sud-  
denly as the result of an apoplectic  
stroke at the home of his nephew  
Mr. Geoffrey P. riceous, 24 McTavish  
street, Montreal on Monday.

Although General Drury had not  
been in good health for some time,  
his death was entirely unexpected,  
and came as a great shock to his  
many friends in the city, and  
throughout Canada generally.

General Drury was one of the  
best known military men in Canada,  
and in fact was well and favorably  
known in military circles throughout  
the Empire. He was only 56 years  
of age.

He was the father-in-law of Sir  
Max Aitken. He leaves two sons  
and three daughters, in addition to  
Lady Aitken, namely Mr. Victor  
Drury, of Montreal, Mr. Chipman  
Drury of Quebec, Mr. Stephen  
Heward, and the Misses Aring and  
Helen Drury, who are living with  
their mother in Halifax.

The funeral took place at St.  
John, on Tuesday with full military  
honors. These were under the com-  
mand of the military authorities at  
Halifax and St. John. General  
Drury had only been in Montreal  
a few days, having come from Hal-  
ifax last week.

General Drury was a son of W. C.  
Drury, of Newlands and St. John,  
N. B. He was born in 1856. His  
education was received in St. John.  
While serving with the R. F. A.  
during the Northwest Rebellion, he  
took part in the actions of Fish  
Creek and Batoche Bay, and was  
mentioned in despatches.

During the South African war he  
was also distinguished, being created  
arevet-colonel, and receiving the  
Queen's Medal with three clasps.

He became a lieutenant of the  
Maritime Militia in 1874, a captain  
in 1881, a major in 1889, a lieuten-  
ant-colonel in 1890 colonel in 1910.  
He commanded the R. S. A.  
Kingston, in 1894, and was assistant  
inspector and inspector of field  
artillery.

As a practical soldier and capable  
administrator, he stood high in the  
councils of the Department of Mil-  
itia and Defence, and was an ex-  
tremely popular officer, both with his  
staff and the ranks.

## FUNERAL OF AN AGED RESIDENT

The funeral of Colin Irvin Nevin  
which took place on Saturday, Jan.  
4th, from the home of his daughter,  
Mrs. R. Hicks, Dalhousie Junction  
was largely attended by sorrowing  
friends from far and near. Interment  
was made at Dalhousie.

When about three years of age,  
with his parents and others of the  
family he came to Newcastle, Mir-  
amichi from the place of his birth,  
Stonehaven, Scotland. With his  
brother John, Newcastle, he learned  
the tannery trade. He built the  
Dalhousie tannery which he con-  
ducted for several years and after-  
wards moved to Bathurst. Tannery  
business becoming unprofitable he  
turned his attention to farming on  
a farm near Bathurst Village. Near-  
ly three years since a paralytic stroke  
rendered him a invalid and eventual-  
ly caused his death.

He is survived by a widow, who  
was Mary Ann Robinson of Dal-  
housie Junction, his married daughters  
and one son.

## RESTIGOUCHE HAS GOOD RECORD

Close of Year Shows Good  
Shipments of Lumber For  
Season

### A COMPARISON

The year just closed shows a high  
average for exports of lumber and  
compares favorably with former  
seasons. A large increase is shown  
in exports to America, a much larger  
proportion being shipped by rail  
than in previous years.

Yet the coastwise trade was con-  
sidered an extra good one for lum-  
ber and all classes of exports.

In sea-going vessels 19 ships were  
loaded for Great Britain with a total  
tonnage of 21,919 tons of deals equal-  
ling 85,152,226 sup. feet; to  
South America 13 vessels, 19,452  
tons equaling 16,734,657 sup. feet; to  
United States 6056 tons equaling  
\$74,707 bundles of laths and 107,  
000 feet of lumber. There were 4  
vessels loaded for Australia with  
7,277 tons equaling 5,505,000 feet  
and 1 vessel each loaded for Hav-  
ana, Cuba and Spain.

In 1911 we loaded 25 vessels in  
all with a total of 39,291,355 sup.  
feet.

The figures for other North  
Shore towns are appended.

## LOCAL HOUSE IS CALLED TO MEET

February 13 is Date Fixed For  
the Opening of The As-  
sembly

### AN EARLY SESSION

Fredericton, Jan. 9.—The session  
of the Legislative Assembly will be  
formerly opened in this city on Thurs-  
day, the 13th day of February. This  
morning the Provincial Government  
who opened their monthly meeting  
here last evening, decided that the  
date of the opening of the session  
would be as stated and they feel that  
it will now be possible to go through  
with the session of the Legislature and  
have the House prorogued before  
Good Friday, which comes on March  
21st.

## OPENING OF THE HOCKEY SEASON

Moncton Team Pay Visit Here  
And Defeat Victoria's on  
Monday Evening.

At the rink on Monday evening  
the Campbellton Victoria's had as  
their guests the famous Moncton  
Pastimes team who were runners up  
in the City League last year.

The Victoria's were last year  
champions of Campbellton League  
going through the entire season  
without losing a match.

A goodly number of spectators  
turned out to view the game which  
was fairly fast and free from deliber-  
ate fouling, the Pastimes winning  
out by 6 to 2.

Campbellton's goals were scored  
by Delaney and Mowat, the first  
named missing many good chances  
to increase the score.

After the game the team's and  
friends were entertained to supper  
and an enjoyable time spent.

It is likely that a return match  
will be arranged for an early date.

## "Our January Sale"

Is Going With a Bang.

Reason Why?

Simply because Campbellton buyers know the  
Ferguson standard of reliability.

SALE is no trick or catch word with us. We  
mean it.

We realize the mistake of carrying over goods  
from year to year, and as the competent housekeeper  
overhauls the home each year, in a like manner do we  
clean up our stock every season. We insist on keep-  
ing our stock fresh and new.

### DOCTORS ADVISE OPERATIONS

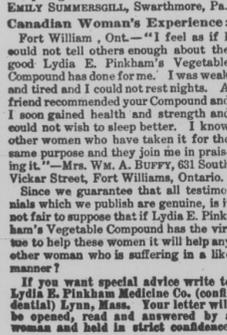

Saved by Lydia E. Pinkham's Vegetable Compound.

Swarthmore, Penn.—"For fifteen years I suffered untold agony, and for one period of nearly two years had hemorrhages and the doctors told me I would have to undergo an operation, but I began taking Lydia E. Pinkham's Vegetable Compound and am in good health now. I am all over the Change of Life and cannot praise your Vegetable Compound too highly. Every woman should take it at that time. I recommend it to both old and young for female troubles."—Mrs. EMILY SUMMERSGILL, Swarthmore, Pa.

Canadian Woman's Experience: Fort William, Ont.—"I feel as if I could not tell others enough about the good Lydia E. Pinkham's Vegetable Compound has done for me. I was weak and tired and I could not rest nights. A friend recommended your Compound and I soon gained health and strength and could not wish to sleep better. I know other women who have taken it for the same purpose and they join me in praising it."—Mrs. Wm. A. BUFFY, 631 South Vicker Street, Fort Williams, Ontario.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by woman and held in strict confidence.

### LETTER TO THE EDITOR

Jan. 1st 1913  
Editor of Campbellton Graphic

Dear Sir: We notice a letter in your paper under date Dec. 27th 1912 in which Mr. License Law desires to discuss the temperance question with his temperance friends.

License Law states there has or believes there has been more liquor sold since local option was adopted in our town.

Now we do not think this statement is based on facts although we must admit that there has been a large quantity of liquor sold and consumed in Campbellton since local option was adopted. From the fact that over four thousand dollars have been collected in fines during the time since our present Liquor License Inspector was appointed. We are free to admit also that if the temperance people had been used square in the matter there would have been double the amount collected in fines or the parties who violated the liquor license law would have been put out of business long ago. (See section 85, paragraph F, page 43, of Liquor License Law) which refers to sec. 62, second offense, jail 3 months, sec. 75, third offense, jail 3 months. We contend that no justice has any right to fine anyone for second offense who violates sec. 62 or sec. 75, third offense.

Anyone who reads above sections will readily see, we think, that the law is being violated by others than those who sell without a license.

We would like to have the opinion of License Law on these points.

License Law states that it would be in the interest of all to have, say six good bars owned by reliable and respectable people in town, one at Athol and one at Richardsville. In reference to the respectability of rum-sellers we will not discuss at this stage but will leave that matter for the people to judge for themselves. Rumshops are a good thing or a bad thing. If good all should uphold them. If six rumshops would be good for Campbellton, why not have one hundred, then all the merchants could have a rumshop to help their business, say one at I. N. R. ticket office, one at the corner of Sugar Loaf and Gerrard streets between Gosses and Duncans groceries, one at the foundry where the men could get rum handy in order that the owners could lay their hand on them just when they wanted to, this would surely be an improvement over former times, one would be required at the round house to keep the men primed for work before they take their engines out. One at I. C. R. station in order that the men there would not neglect their work by going to hunt for a drink elsewhere. This would also be handy for the conductors and brakemen if they so desired to get something to steady their nerves before starting out with passenger trains.

A few along Gerrard street and a number along Water street to pick up the dollars while the merchants gather in the few cents that are left or sell their goods on time to help the rushing business along. (that is the rum business). One at each of the rinks and two at least would be required at the public school, as the license law allows one license for each two hundred and fifty population. This would give the children a chance to become educated to drink rum on the installment plan as they receive their other education, and when they are through with their schooling they would be ready for the rum sellers to bring trade to our merchants.

There would be several required at Shives shingle mill and Harquail's factory in order that plenty of men would be handy at all times as you no doubt know Mr. License Law, how well the red nosed bum likes to work when soaked full of rum, who asst. so much to build up the town and help the merchants along and as business flourishes with the rum sellers from the effect of rum-selling, all the floaters would be at work and more able bodied men would be required to keep the mills and factories going. The rum-sellers who claim to be so anxious to build up the town would likely be glad to take off their coats and earn a few honest dollars to help along the business which the rum shops have built up, (namely) the jails, prisons, poor-houses and asylums.

Now, Mr. License Law which do you think would be the most benefit to any community, mills and factories who pay out on an average 85% of the turnover a wages or the rum shops which pay out 5% of their turnover in wages.

### LOGATES LEAKS IN PIPES

The Detectophones Will Save Money for People of Montreal

It is anticipated that many more hours of unnecessary labor and much money will be saved by the adoption by the Montreal water department of the "Detectophone," an electrical instrument by means of which it is possible to locate leaks in water pipes without excavating. The machine, like a large syringe in appearance, is fitted at one end with a thin steel rod. This is driven into the ground near where the earth is damp from the seeping water, while the operator places over his ear a receiver identical with those used on telephone head sets.

As soon as the apparatus has been adjusted the operator presses a button, which has the result of electrifying the earth round the steel rod in the ground, while the hiss of the seeping water may be distinctly heard. By following up the damp earth and properly using the "Detectophone," it is claimed that the position of a leak can be located to inches.

### MAORIS BECOMING WEALTHY

Former Canadian Tolls of New Zealand Aborigines

An exceedingly interesting talk on New Zealand was given in Toronto by Mr. George McCaul, a well-known Maori citizen of that country. Mr. McCaul was born in this country, but emigrated to Galt, New Zealand, when very young. He said that many of the Maoris were educated and highly cultured. Some were even wealthy, and their estates were larger than those of the white intruders.

## Write Ideas For Moving Picture Plays!

# YOU CAN WRITE PHOTO PLAYS AND EARN \$25. OR MORE WEEKLY

### We will Show You How!

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100. and more, for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near New York City. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers our Sales Department has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as Vitagraph, Edison, Essanay, Lubin, Solax, Imp, Rex, Reliance, Champion, Comet, Melles, etc., urging us to send photoplays to them. We want more writers and will gladly teach you the secret of success.

We are selling Photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25., a low figure.

You Will Earn \$100 Monthly For Spare Time Work.

FREE SEND YOUR NAME AND ADDRESS AT ONCE FOR FREE COPY OF OUR ILLUSTRATED BOOK, "MOVING PICTURE PLAYWRITING"

Don't hesitate. Don't argue. Write NOW and learn just what this new profession may mean for you and your return.

#### HARCOURT

Miss Marion Dunn left yesterday for Chatham where she will spend the winter. Miss Beatie Ingram who has been in Moncton for the past year returned home on Wednesday to spend some months with her parents. Miss Grace Bailey who has been spending the past few weeks with her mother, Mrs. Geo. Bailey left Wednesday for her return to Worcester, Mass.

Mr. James McK. Wathen arrived home yesterday from a trip to Moncton. Mrs. Allen Irving and child left Wednesday for Moncton after having spent some time with friends here. She was accompanied by her mother.

Mr. and Mrs. H. B. Smith and son Leonard and daughter Dorothy, of Grandville spent New Year's day with friends here. Miss Mary Keswick left this week for Moncton.

Miss Louise Robertson is spending a few days with her uncle, Mr. John Robertson. Miss Jessie Dunn who has been spending a few days here returned home on Tuesday.

On Monday last Debbie, the little daughter of Mr. and Mrs. Andrew Warren passed peacefully away. The funeral was held on New Year's day. Rev. R. H. Staver conducted the service. Interment was made in the Presbyterian cemetery at Harcourt.

January 3rd.—In the public hall in Harcourt on the evening of New Year's day, Rev. E. H. Creed delivered a very interesting and instructive lecture on the subject "A Trip to the Old Country."

Rev. R. H. Staver presided and introduced the lecturer. During the past summer Mr. Creed spent several months touring through the different parts of England. He spoke of the natural beauty of the country describing many of the old "Historic Spots" visited, compared the methods of farming in vogue there with those used here and told of the many interesting sights to be seen in London, besides relating various incidents and happenings which took place along the line of travel.

The lecture was thoroughly enjoyed by all. A number of vocal and instrumental selections were well rendered during the evening. Miss Rubina Dinn and Trinda Wathen were the soloists, Miss Marian Dinn played the violin and Mrs. E. H. Creed presided at the organ.

At the close of the lecture a vote of thanks to the lecturer was moved by Dr. H. G. Fairbanks and seconded by Mr. L. J. Wathen, Stipendiary Magistrate. When this had been tendered a vote of thanks was moved by Mr. H. Wathen, seconded by Mr. J. A. Wathen and tendered to the chairman for the efficient manner in which he had discharged the duties of that office. Both motions were carried unanimously, and after both of the gentlemen had replied fittingly the meeting was brought to a close by singing the "National Anthem."

Mr. Hedley Handerson has returned to Ontario after spending a few days with his home people. Messrs. John and Ambrose West have returned to St. John to resume their studies.

#### NEW CARLISLE

The streets of New Carlisle are again a glare of ice making it poor travelling but a veritable heaven for the blacksmiths. Once again the old adage is true "it is an ill wind that blows nobody good."

The Christmas season brings many young people home, among them we notice the Misses Gladys Kempfer, Ruby Blois, Blanche Bouillon, Belle Caldwell, Lizzie Gilker, Annie Ray, Muriel Traverse, Margaret Sutherland, Gertrude Cooke, Hazel LeGallais and Messrs Howard Bouillon and Guy Kempfer.

Mr. and Mrs. Grier, of Montreal were the guests of Mr. and Mrs. Scoles, parents of Mrs. Grier.

Mrs. Leach of Winnipeg is visiting her sister Mrs. Sheppard, Mount Pleasant. The many friends of B. B. Smith, now of Winnipeg are glad to see him once more in New Carlisle.

Mrs. Blois entertained a few young people on Friday evening, prior to the departure of her daughter Ruby, who has been teaching in Montreal for the past three years.

Mrs. Sutherland left on Jan 1st, for Montreal, Colliat and other points in Ontario. G. Dewar of McGill University spent Friday and Saturday in town visiting friends.

W. Luce formerly of Paspébiac, spent a few days last week with friends in town. Miss F. Cavanagh of Gaspe, is the guest of her sister Mrs. Dr. Maguire.

Mr. and Mrs. J. H. Kelly and daughter who have been spending the past month in Quebec have returned home.

Percy Arnold left on Monday for Montreal and other points.

We regret to learn that R. LeSalleau of LeBouillier Bros has been transferred to Paspébiac, "so near and yet so far."

Miss Borlace of Montreal, is the guest of her sister, Mrs. Gavin Hamilton. Tom has once more his right arm free, if you can't skate, Tom, there are other things to do, just as interesting.

Miss Corinne L. Bel entertained a skating party on Thursday from the half-way rink. Messrs Dalton and Blais of the Bank of Nova Scotia spent Sunday and Monday in New Richmond.

Rev. J. M. Sutherland who has been in Dalhousie for the past fortnight returned on Tuesday.

J. A. Dorais, Notary Public, spent Christmas and New Years with his relatives in Montreal and returned home on Friday.

Miss Leferrerie left a few days ago to visit friends in Quebec and Montreal. The friends of Mrs. Richard Smith and family sympathize with them in their recent bereavement, in the death of their son and brother, Percy Caldwell, who died in Montreal after a lingering illness. The interment took place Thursday afternoon in the Church of England cemetery.

The holiday season is now over and the teachers have taken up their work again in the schools. Mr. Baker arrived from Montreal Monday the 6th and the New Carlisle school resumed work on the 7th.

Miss Mabe from Gaspe has taken the model grade in the Paspébiac school for the balance of the term in the place of Miss Eva Smith who was supplying the school until Christmas.

A full dress carnival is expected at the half way rink about the 19th and we trust every one who enjoys skating will help to make it a success.

The Good Templars expect to have a supper in their lodge room on Friday the 10th. There were eight new members initiated last meeting the 7th.

#### DALHOUSIE

Dalhousie, Jan 9.—In forming plans for the advancement of our town during the new year, those who are at the head of affairs should see that a new time table be outlined for the proper running of the steam service between Dalhousie and Quebec points, as soon as navigation opens. This action should be taken now, the local legislature will soon meet, the usual subsidy will no doubt be voted and the Chief Commissioner of Public Works, on the recommendation of the members for the county, would approve of the time table to be followed, before a subsidy is paid.

The Dominion authorities having provided suitable wharves for ferry purposes, etc., at Dalhousie, Carleton, St. Omer and Miguasha West, there should be a very regular service at these points, then, Fleurant's Point and E-cumaine, which have not yet been provided with wharves should be visited by the ferry boat during two days at least per week. The farmers who are the backbone of our country and who are located at distances from railway communication, should be furnished with every convenience possible, to bring their produce to market. Our merchants will no doubt meet at an early date to discuss the situation, confer with the owners of the S.S. R.R. Call and submit their propositions to our local members.

The business portion of the town situated at Dalhousie is, dependent on several sources for trade. First, there is the farmer who is now getting good prices for all he raises and spends his money in our stores, except the few penny wise and pound foolish ones, who send their money to the departmental stores of Montreal, Toronto, etc. The farmers have just as much to do in building up and improving their town as do the citizens of the town. It is to their credit to have up-to-date merchants. How can they expect their villages

and towns to prosper and become good markets if they send to the large cities for merchandise—that should be bought of the home dealer? Even if you pay a few cents more, encourage you own, you will feel happier by doing so, and you will not be retarding the progress of the community in which you live. Trade is also derived from the laboring men and since the working class in Dalhousie have been able to secure lots and build their own homes, there is a remarkable improvement in their dealings. Another source of revenue for our merchants as well as furnishing a splendid market for our farmers, etc., is the tourist traffic. With three or four hundred visitors spending the summer months in our midst, there is life in business circles and our town council should vote a small sum of money to defray expenses towards advertising Dalhousie for tourists.

We have the location, with its bathing, fishing and boating facilities. We have the hotel which when lighted with electric light, will be complete in every way. Mr. John E. Dean who has expended considerable money in making the Inch Arran Hotel, one of Canada's most favorite summer resorts, should be encouraged. A small sum placed in the hands of a committee of progressive citizens would go far towards encouraging city folks to come our way. The time is fast approaching when health and pleasure seekers in our large cities will be asking the question "Where are you going for your vacation? The answer which one desirably after hear, is "to the place where I'll get the most benefit."

Let us have views published in the western press accompanied by such information as will bring hundreds of tourists down east, where on the shores of the Baie des Chaleurs, they will find our summer climate heavenly.

On Thursday evening Jan 2nd the Campbellton Amateur Dramatic Club presented the drama "Botany Bay" to a good audience in our new opera house and our citizens gave the company a good reception.

Miss Margaret Hennessy one of Campbellton's popular teachers, who spent her vacation at her home in St. John, arrived here on Saturday to spend Sunday with her friends the Misses Harquail.

Miss Vera McVerney has returned from Rexton to take up her school work. Mr. and Mrs. Harvey McMillan of Jacquet River, were visitors here recently guests of Mrs. McMillan's parents, Sheriff and Mrs. J. E. Stewart.

Mrs. Henri Dugasne who was so badly injured as the result of a fall is now out of danger. Mrs. Murchie of Charlott has been visiting her daughter, Mrs. Geo. Miller.

Mr. Gregory McKenzie of Murray Bay, P. Q., spent the Xmas holidays here with his parents Mr. and Mrs. A. G. McKenzie. Mr. H. McEvoy of the Sydney Lumber Co. is in charge of the operation here in place of Mr. Gorman who is spending a couple of months with relatives in Ontario.

Miss Annie Dickie of Point la Nim was the guest of her sister Mrs. Art. McMillan on Monday. Mr. James Reid, M. P. of Charlott was in town on Saturday attending the funeral of Mr. Nevins of Dalhousie Junction.

Councillors John Dickie and D. A. Arsenault were in town on Saturday. Master Arlo Cook has been taken on the staff of the Bank of Nova Scotia here.

Mr. James Green of Miguasha while driving to the post office during Saturday's gale was upset and is now kept in the house from injuries received. Mayor W. S. Montgomery and Capt. Charles Powell have gone to Montreal. Our Mayor will meet Mr. Chaplin a Toronto engineer regarding the proposed electric light plant for the town of Dalhousie.

Rev. Z. Lambert, P. P., of Nash's Creek was in town on Tuesday. Good views of the boat races that were held here on New Year's day are on exhibition in the town stores.

Persons troubled with partial paralysis are often very much benefited by massaging the affected parts thoroughly when applying Chamberlain's Liniment. The liniment also relieves rheumatic pain. For sale by all dealers.

#### MAPLE GREEN

The weather since New Years has been very changeable. Mr. H. St. Onge is very ill at his brothers Mr. Robert St. Onge.

Mr. John Callahan is able to be up and around again. New Years passed very dull but a number of our young folks enjoyed themselves out driving.

Miss Agnes Callahan spent New Years at home. A number of our men have moved out for fishing. We wish them luck.

Master Robert St. Onge has returned to College after spending Xmas and New Years with his parents here. The school was opened on the 6th by Miss L. Campbell.

A number of our young men have returned to the woods after spending Xmas at their homes here. The stork has visited Mr. and Mrs. Edward Boudreau leaving them a baby boy on New Years day.

#### WHISKEY HOLDS ITS VICTIMS

Until Released by Wonderful Samaria Prescription

Liquor sets up inflammation and irritation of the stomach and weakens the nerves. The steady or perijoidal (sp-ee) drinker is often forced to drink even against his will by his unnatural physical condition. Samaria Prescription stops the craving, steadies the nerves, builds up the general

health and makes drink actually distasteful and nauseous. It is tasteless and odorless and can be given with or without the knowledge of the patient.

Thousands of Canadian homes have been saved from misery, and disgrace by some devoted wife, mother or daughter through this wonderful Canadian remedy. The money formerly wasted in drink has restored happiness, home content, education and respect to the families formerly in want and despair.

Read the following, see the number of unsolicited testimonials received: "I can never repay you for your remedy. It is worth more than life to me. My husband has been offered liquor several times, but would not touch it. He said it had no charm for him now. May God's choice blessings ever rest on you and yours are my prayers ever. No one knows it but those who have tried it. At once as I can I will see others that I know would give anything to stop their husbands from drink. I will give them your address."

Mrs. K.—Hewitt, Aitah. (Name withheld on request)

Now, if you know of any family needing this remedy, tell them about it. If you have any friend or relative who has formed or is forming the drink habit, help him to release himself from its awful clutches. Samaria Prescription is used by physicians and hospitals.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet giving full particulars, testimonials, prices, etc. will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence strictly confidential. Write to day. Samaria Remedy Co. Dept. 77 49 Colborne Street, Toronto, Canada. Also for sale by Thos. Wran. Druggist, The Royal Hotel, Campbellton, N. B.

#### NEW MILLS

The weather here for the past few days has been very delightful. The sleighing is splendid. Mr. James Daley who has been visiting at her home at Sussex returned home on Thursday.

Mr. and Mrs. Wilfred Blake were the guests of Mr. and Mrs. Jack McKinnon on New Years day. Mrs. Robert Dickie was the guest of Mrs. Wilson Gillis on Thursday.

There was quite an excitement at New Mills station on Friday evening when a bride and groom, Miss Emma Pettigrew and Mr. John R. Dickie respectively were showered with rice just as the local pulled in.

Mr. R. L. Myles spent Tuesday in Dalhousie. Mr. Arthur McNair who has been working in St. John spent New Years at New Mills. Mrs. Arthur McNair who has been visiting at Black Cape returned to her home on Hiram Island a few days ago.

#### GRANTED DIVORCE BY MONTANA COURT

Dochester Lady Given Permission to Resume Her Maiden Name

Lewiston, Montana.—In the District Court of Feas county, Montana, Judge Cheadle the divorce case of Mrs. Bessie I. Brice against Dr. J. Theo. Brice, came on for hearing and Mrs. Brice was granted a divorce from the doctor on the grounds of cruelty, and her maiden name of Bessie I. Anderson was restored to her. Miss Anderson left immediately after the trial for her old home in Dorchester, N. B., Canada.

THROWING COLD WATER

The press of St. John state that the people there are not worrying over the proposal to establish a national port at Gaspé, giving as their reason that a previous experiment of such had been made, and before the vessel could get to sea, was caught by the ice and kept a prisoner till the next summer.

The argument on the face of it looks very plausible, but if one goes a little deeper into the matter there appears another reason. No doubt St. John is booming the Eastern provinces, they are carrying on a splendid publicity campaign, but it is St. John all the time. They are not boosting the Maritime provinces but only themselves, and by many it is looked on as being just a little selfish that they should desire all the plums, and leave the crust to the rest of the Eastern States.

There is no reason in the world why Gaspé should not become a terminal port. It is much nearer than St. John, Halifax or Quebec to ships using the Northern passage, and it would be an easy matter to keep the harbor at Gaspé open all winter. The harbor itself is in a splendid location with plenty of deep water and no shoals or dangerous channels to navigate, and to those who understand the location of the two ports, Gaspé would be a serious rival to St. John, as the Canadian port for a quick service to Britain.

Further, the Gaspé peninsula is as yet an undiscovered country. Endless opportunities and splendid possibilities lie dormant in that great silent stretch of country, and if only for the opening up of the territory the fact of establishing a port at Gaspé would create an enormous impetus to the trade of the Maritime provinces.

TEMPERANCE IN ONTARIO

In the fight for local option in Ontario on Monday the temperance men won many victories. If a bare majority sufficed they would have won ten more, but a three-fourths vote is required, and they failed to secure it in these places. The vote in towns, villages, and townships, and in the one city in which a contest was held, was so largely in favor of the abolishing of bars that it is evident temperance continues to grow in Ontario. Perhaps the campaign of the provincial Liberal leader, Mr. W. W. Rowell, has had more effect in strengthening the movement, although it did much to support his party in a recent by election.

BOOMTIMES

New Brunswick's premier, the Hon. J. K. Fleming, predicts in an article in the Moncton Times that during the next few years a wonderful transformation will be wrought in the Maritime Provinces. More people are coming to New Brunswick, industries are increasing and expanding, and agricultural and fruit lands are becoming better known. There has been a notable increase in real estate values throughout the province.

ONE RAILWAY ENOUGH

An Ottawa despatch says that promoters are asking assistance for the building of a railway from St. Flavie eastward to Gaspé and westward to St. Eloutherie to connect the National Transcontinental with that fine harbor. As Gaspé is now served by a railway and it only needs the erection of a bridge at Campbellton to connect it with the International Railway which joins the Transcontinental line, this project is unnecessary and should not be encouraged. Let us have the bridge which will serve the same purpose at much less.

### QUEBEC LIFT BAN ON PULP EXPORT

Big Paper Concerns Not Handicapped in American Market Now

#### THE ENTERING WEDGE

New York—John Norris, chairman of the committee on paper of the American Publishers' Association, said that the action of the Provincial Council of Quebec in removing the restriction upon the exportation of pulpwood from the Crown lands of four large mills, viz: Laurentide, Belgo-Canadian, Price Brothers & Company, and Wayagamac, insures the admission into the United States free of import duty of all the products of those mills, which have a producing capacity of 480 tons per day of news print paper and 60 tons per day of kraft paper. "It is inevitable," he said, "that the other and smaller mills in that province will obtain a similar concession when they ask for it, and that the news print paper mills in Ontario will be forced by competition to obtain equal concession from that province. British Columbia removed its regulations last summer for the Powell River Mill. The action of the provincial governments is calculated to stimulate the production in Canada to supply the large and increasing markets in the United States. The high duty which the United States imposes

ed on news print paper made from Crown land wood, viz: 55¢ per ton, put a premium of 82¢ per cord on freehold wood in Quebec and placed a corresponding burden on the paper makers in Northern New York for all the wood they brought from Quebec.

"The abolition of import duties on the products of Crown lands removes the competition of the Canadian mills for wood from Canadian freehold lands. The action of the Provincial Council is a distinct advance toward a healthier condition of the paper industry, helpful to Canadian producers, and helpful to American paper makers who have been forced to pay the cost of the retaliatory method of both governments. It is substantial beginning toward the sweeping away of every restriction upon the interchange of wood and pulp on both sides of the border."

#### WHY KEEP ON COUGHING?

Here is a Remedy That Will Stop It. Do you realize the danger in a neglected cough? Then why don't you get rid of it? Yes, you can shake it off, even though it has stuck to you for a long time, if you go about it right. Keep out in the fresh air as much as you can, build up your strength with plenty of wholesome food, and take No-Dru-Co Syrup of Licorice, Licorice and Chlorodyne. This reliable household remedy has broken up thousands of hacking, persistent coughs, which were just as troublesome as yours, and what it has done for so many others it will do for you. No-Dru-Co Syrup of Licorice, Licorice and Chlorodyne contains absolutely no harmful drugs, and so can be given safely to children, as well as adults. ### DOCTORS COULD NOT HELP MY KIDNEYS

"Fruit-a-Lives" Cured Me

For over twenty years, I have been afflicted with kidney disease and the doctors told me they could do me no good. They said my case was incurable and I would suffer all my life. I doctored with different medical men and tried many advertised remedies, but there was none that suited my case. Recently I read of "Fruit-a-Lives". I have been using them nearly all the time since, and am glad to say that I am cured. I have no trouble now with my kidneys and I give "Fruit-a-Lives" the credit of doing what the doctors said was impossible. I am seventy-six years old and am in first class health.

### TRAINING GERMAN

In keeping with the German Government's idea of making the empire one vast training school for the development of the best there is in the youth of the country for national commercial success, regular business school courses are being organized in the German army, so that the recruit during his term of military service will be fitting himself for the business life he will have to enter on quitting the colors.

One of the most powerfully educative forces in the empire is the continuation school originally intended to maintain some kind of discipline over youths from 14 to 18 years of age prior to their enlistment in the army. Of late years these continuation schools have been changed into vocational schools.

### MAN WHO AIDED DARWIN

Always a Student of Nature, a Great Reader and Writer  
When Darwin was making his researches which were afterwards given to the world in the "Origin of Species," the "Descent of Man," etc., his chief assistants was Mr. W. B. Tegetmeier, who died in London at the age of 96.

Mr. Tegetmeier was of service to Darwin in many different directions. For instance, he tabulated for him the "Racing Calendar," the births of racehorses during a period of twenty-one years, and also the births of greyhounds as recorded in the "Field" for twelve years.

On more than one occasion he suggested a method of research which Darwin adopted. For instance, he tried an experiment by which a bee was led to build a single cell, and found, as he suspected, that the "geometrical" instinct of the bee was a myth. The cell, in fact, was circular, and he read a paper on this discovery at the British Association meeting in 1863.

### HOUSE OF MYSTERY

Weird Jumble of Useless Things in Recluse Doctor's Home

A strange collection of articles, which the late Dr. John Phené hoarded in the rooms and grounds of his mystery house at Chelsea, came to light when the contents of Chayne House was put up for auction. The auditorium consisted of an old stone bridge. Behind rose the tall mass of the queer building, erected for a purpose which is not clear and decorated externally with the relics of a hundred antiquated places—odd columns and capitals, garroyles and imp—while round about lay the heaps of stones and classic statues, the masses of meaningless iron and marble, ecclesiastical symbols, baths, allegorical nymphs and cupids, and church furniture, which Dr. Phené made it his absorbing mission in life to collect.

He must have suffered from a mania for acquisition. There was a twelve foot figure of Queen Victoria, crassly robed over, two anvils, basins and baths, a broken spinning wheel and a block of carved stone which nothing but a traction engine and a body of determined men could move.

It used to be rumored locally, and truly believed, that a wedding breakfast, prepared many years ago, but never eaten, was rotting away in the darkness of one of the rooms. No record of this was discovered, however. In a second house there was the same evidence of collection without method—chairs, engravings, plaster casts, basins, stained glass, flag poles, window-panes, dust filled upon every thing, balustrades incomplete and wrapped in worn-out paper. It was a veritable museum of the grotesque.

Mr. Phené's hobby was a bookmaker. He used to collect stamps from the Irish landowners. Mr. Fenwick, Esquire of County Meath, £5,000 due on a dishonored cheque. The very first of these cheques was given for money owing on betting.

**SCORED ONE ON THE BISHOP**  
The clerical fox hunter is a fast disappearing figure. A generation or two ago, however, the country parson who rode to hounds was by no means unusual. G. W. Russell has a story of Bishop Samuel Wilberforce, who was once effectually scored on by one of his own clergy whom he had rebuked for his addiction to foxhunting.

### APPOINTED MANAGER

Mr. Herbert McNaughton, who has been in charge of a store at New Mills recently and was formerly in a similar position at Dorchester, has been appointed manager of the departmental store to be established at Marysville by the Partington Pulp and Paper Company. He assumed his new duties on Thursday. The grocery business at Marysville has been combined with the other and the store formerly occupied by it will be used for storage purposes.

### LISTEN TO US

**"We are only little ones, but we know Zam-Buk eased our pain and cured our sores. Perhaps it would cure you, too, if you tried it?"**  
Let's this sound advice from "babes and sucklings" take it! The speaker are the children of Mrs. E. Webster, of Seignour St., Montreal, and the mother adds weight to their appeal. She says: "My little girl contracted scalp disease at school. Bad gatherings formed all over her head, and not only caused the child acute pain, but made her very ill. The sores discharged, and occurring on the scalp we feared she would lose all her hair. She was in a pitiable state when we tried Zam-Buk."

Zam-Buk is "something different" in the way of balms. It is a powerful, soothing, and healing agent, which, when applied to skin diseases, kills off the germs and ends the painful smarting. Other ointments contained in Zam-Buk stimulate the cells that are inflamed, and so prolong the disease. Zam-Buk, on the other hand, soothes, and heals, and cures in this way. Use it for all skin diseases and ailments. It is also of great service for piles. All drug stores and stores at 25 cents each, or Zam-Buk Co., Toronto.

### TO STUDY ENGLISH ARMY DISCIPLINE

New York, Jan. 4.—Among the transatlantic passengers sailing from New York today was Major Charles B. Hatch, of the United States Marine Corps, who has been sent abroad on a rather interesting mission. Major Hatch is in charge of the naval disciplinary barracks at Port Royal, S. C., and the purpose of his visit to Europe is to study the system of discipline in the British army and navy, especially the detention system in force at the Aldershot barracks.

### A DISAPPOINTMENT

Those who have looked to woman suffrage as a sure cure for all the ills of society must be disappointed at reading the story of how difficult it has been to secure women to sit on juries in Kansas. A learned jurist in that state has held, very reasonably that if women were to vote they should be also considered available for jury duty. In making up the panels in his court, the names of women have been drawn, but very little else happened. Those who bore the summons to the home of certain estimable ladies were invariably informed by servants that their mistresses were not at home. Other women came into court and showed their talent for inventing excuses in order to be relieved from the duty.

The net result has been that it is apparently as difficult to secure women for juries, as far as the experience of Kansas can be taken as typical, as it is to secure men. This is saying a good deal and is also very sad.

### SCORING ONE ON THE BISHOP

The clerical fox hunter is a fast disappearing figure. A generation or two ago, however, the country parson who rode to hounds was by no means unusual. G. W. Russell has a story of Bishop Samuel Wilberforce, who was once effectually scored on by one of his own clergy whom he had rebuked for his addiction to foxhunting. The bishop urged that it had a worldly appearance. The clergyman replied that it was not a bit more worldly than a ball at Blenheim Palace at which the bishop had been present. The bishop explained that he was staying in the house, but was never within three rooms of the dancing. "Oh, if it comes to that," replied the clergyman, "I never am within three fields of the hounds!"

BACHELORS WILL HOLD SECOND BALL

Committee Complete Arrangements to Hold Dance at end of January Following the success of their last venture the Bachelor Masons will shortly issue invitations to a reception and dance in the Masonic Temple which will take place on the 30th January. Most of the committee of the last dance have been retained for this one and it is confidently expected that although the ball will be run much on the same lines, other innovations will be introduced and surpass the success of the last one.

I. C. R. TO HAVE A BIG SURPLUS

Will be Larger This Year Than Last, Says Ottawa Report Ottawa, Jan. 9.—It is understood that the Intercolonial Railway will have another surplus this year, larger than last year. The profit last year was \$539,569.69, or somewhat over half a million. The surplus for the year ending March 31, 1912, will be a larger one, but it is probable that most of it will be transferred to the equipment renewal account and will be available at the beginning of the following year for the purchase of rolling stock. There is a great need for new rolling stock on the railway. The shipment of grain and the running of cars into the States cause delay in their return leaving a shortage.

SUDDEN DEATH OF MR. THOMAS FOLEY

Well-Known Hotel Keeper Passes Away Suddenly at Chatham The death occurred early Wednesday morning at the Hotel Dieu hospital of Thomas Foley, owner of and at one time proprietor of the Miramichi Hotel, Newcastle, and at present running the Commercial hotel of the same place. Mr. Foley was one of the most widely known men in this district and news of his death was a great shock to all. The late Mr. Foley was 44 years of age. He is survived by his mother, an aged lady of Pokesaw, N. B., his wife, formerly Miss Julia Fitzgerald of Chatham, one daughter Gladys, and two sons, Gerald and Barry, students at St. Thomas college here. The remains were taken on Wednesday by Maher Bros. to Newcastle and the funeral announcement will be made later. Besides the hotel business Mr. Foley engaged in several other lines of business and among his enterprises was one of running an automobile between Nelson, Chatham and Loggieville. Mr. Foley was a hard worker and had a reputation to accomplish his end and had a very forceful personality. He was a nephew of Bishop Barry.

ROYAL PATIENT RESTING BETTER

Duchess of Connaught Passed Restless Night—Condition is Serious but not Grave LATEST BULLETIN That the condition of Her Royal Highness the Duchess of Connaught is serious, yet not grave, is the information given out officially to-day after the attending physicians had left the bedside of the distinguished patient in the Royal Victoria Hospital. Closely guarded from all possible intrusion, H. R. H. lies in a special ward for the second time. On June 4th last she was hurried from Quebec following an attack of peritonitis. The second attack of this malady struck H. R. H. in Ottawa, and from the Capitol she was swiftly conveyed last night, as on the previous occasion, a special train of C. P. R. being requisitioned. Since her arrival at the hospital, the Duchess has been constantly watched by Dr. A. E. Garrow, who performed an operation when she was attacked last summer. Associated with Dr. Garrow are Dr. W. W. Chipman, and Dr. E. S. Worthington. The three doctors have not left the hospital since the arrival of the distinguished patient. THE DUCHESS' CONDITION The following official bulletin was issued early Thursday afternoon: "Her Royal Highness, the Duchess of Connaught did not pass a very good night. She was restless, and complained of considerable pain. This morning, however, her condition shows improvement." (Signed) E. S. WORTHINGTON, A. E. GARROW, M. D. W. W. CHIPMAN, M. D. PREMIER SENDS MESSAGE Ottawa, Jan. 9.—The illness of Her Royal Highness, the Duchess of Connaught, has caused the sincerest regret at Ottawa. From the Prime Minister and his Cabinet, and from scores of other people prominent in official and social life of Canada, messages of sympathy have been forwarded to His Royal Highness and members of the Household. There are many solicitous enquiries by cable and telegram. The Duchess has lived exceedingly quietly in Ottawa, but numerous social functions at Government House have brought her in contact with a great many people of prominence, to whom she has become endeared by a most amiable disposition and many kindly courtesies. The Duchess has manifested a deep interest in Ottawa's hospitals and its charitable institutions, and has lent her patronage to many plans for their benefit. On all sides the sincerest hopes for her speedy recovery are expressed.

MAPS OF TEMPERATURE

Canadian Professor Makes Suggestions as to Overcoming the Ice-Berg Peril Professor Barnes, of McGill University, Montreal, submitted to the Minister of Marine and Fisheries, an interim report on his investigations of methods whereby ships may be warned of the nearness of ice or land. The professor regards the results of his work as highly satisfactory. Professor Barnes has now for three years investigated conditions in the St. Lawrence, in the Straits of Belle Isle and along the Labrador coast, the Department of Marine and Fisheries supplying him with a steamer. The concluding portion of Professor Barnes' report was as follows:—"Very important results have been obtained indicative of methods which should be developed for equipping ships for avoiding ice and land. The experiments have been so decisive and reliable that I must strongly recommend that attention be devoted by the Government and by steamship companies towards adopting accurate temperature recorders on board ships. "Again I must emphasize that it is to a study of the variations of temperature in the sea and not the temperature itself which will enable navigators safely to avoid ice and land at night or in time of fog. I would strongly recommend the Government to equip at once a ship to map out the isothermal lines around the coasts of Newfoundland, Labrador and the Straits of Belle Isle, for in so doing a chart could be prepared which would be of great value." "Similar charts should be made all over the world, but this is a matter for international action and not for one Government alone."

MYSTERY OF FIRE AT SILVER FALLS.

Charred Bones of Human Body Found in Ruins of Barn. St. John, Jan. 6.—What are believed to be the charred bones of a human body were found on Sunday morning in the ruins of a barn at Silver Falls, belonging to Andrew P. Stevens, which was destroyed by fire on Saturday afternoon. The terrible discovery was made when Mr. Stevens, his hired man, Mr. Cox and several others were looking through the debris. The skull, they say, is distinctly visible, and the teeth, they feel sure, are those of a man or woman. Lying near the bones were found the remains of two bottles which had been almost melted by the heat, and the theory is expressed that some tramp went to the barn and was burned to death while sleeping in the hay mow. It would seem that he had with him two bottles of liquor which he placed down beside him. The barn was destroyed about 3.80 o'clock on Saturday afternoon, and a valuable carriage, some tools, a large quantity of hay and a shed full of straw were burned, making a loss of about \$250.
