## BELYEA ADDRESSES ROTARY CLUB ON MUNICIPAL FINANCE AND TOWN ADMINISTRATION

**Mr. Lansdowne Belyea of Firm of Belyea and Mc-Niece, the Speaker—Advocated Appointment of Government Commission To Assist In Municipal Administration—Emphasized Need Of Development of Civic Pride—Other Points**

Mr. F. Lansdowne Belyea, C. A. of St. John, N. B., was the speaker at the weekly meeting of the Campbellton Rotary Club at the Chateau Restigouche to-day.

Mr. Belyea, who is a member of the firm of Belyea and McNiece has had a large experience in municipal auditing, methods and finance and has made an extensive study of administration as applied to Town affairs.

## EXPENDITURES ON ROADS OF CANADA

**New Brunswick Expended \$1,517,120 Last Year—The Other Provinces.**

Ottawa, July 9.—Completed reports prepared by A. W. Campbell, Dominion highways commissioner, show that during the year 1924 there was expended upon the roads of Canada a total of \$31,413,097.49, of which \$23,000,000 was for construction, \$1,500,000 for reconstruction and about \$7,000,000 for maintenance. While this amount is large it is about \$10,000,000 or about 25 per cent. less than the expenditure in the previous year.

The large percentage of the outlay for maintenance is, according to Commissioner Campbell, due to the greater importance now attached to such work, and the more comprehensive and efficient systems of patrol which are now being introduced in all the provinces. Reports indicate that the expenditure during the present season will be about the same as last year.

There are now 422,924 miles of road open for travel in the Dominion. Of this about 50,000 miles are now completed to the standard of gravel, waterbound, macadam, bituminous and cement concrete surfacing.

Ontario leads the provinces with a total of \$6,448,809.28 under the federal plan and with \$6,143,000 as county construction and maintenance. Of the former total \$5,288,071.33 is for construction and \$1,116,730.98 for maintenance.

Quebec is next with a total of \$5,911,253.81, of which \$3,161,636.70 is for construction, \$2,695,402.32 for reconstruction and \$2,054,214 for maintenance.

Of the other provinces Nova Scotia of which \$2,162,583.55 is for construction and \$1,702,819.22 for maintenance. British Columbia is next with \$3,577,599.54, of which \$2,199,046.99 is for construction and \$1,378,552.55 for maintenance; then Saskatchewan with a total of \$1,566,113, of which \$1,488,593 is for construction and \$77,520 for maintenance.

New Brunswick had a total of \$1,517,120.43, of which \$961,694.54 was for construction, \$295,849.34 for reconstruction and \$259,576.55 for maintenance. Manitoba, \$912,743.47, of which \$874,710.05 was for construction and \$38,033.42 for maintenance. Alberta \$832,764.10 of which \$174,041.05 was for construction, \$12,872.14 for reconstruction and \$646,650.91 for maintenance. Prince Edward Island \$339,000, of which \$255,000 was for construction and \$84,000 for maintenance.

**ELECTRICIANS BURNED**

Two well known electricians at the Bathurst pulp mill, Chas. Newington and Geo. Thibideau were severely burned Sunday in the power plant of the big mill when a short circuit caused a "flash" and the flames enveloped the two men. Mr. Newington received burns on the head and face and Mr. Thibideau had one arm badly burned.

A commission would find plenty to do for years to come. The speaker emphasized the need of the development of civic pride and a spirit of friendly co-operation between officials and tax-payers and that citizens should be given all possible information in an understandable manner and educated out of their apathy in Town affairs. This education should be given by the public schools.

Mr. Belyea also pointed out a change in the method of assessing taxes, so that the fiscal year would more nearly coincide with the calendar year. The general act defines stock in trade, cash in bank, cash in hand, notes receivable, accounts receivable, debentures, bonds, mortgages, interest, all as personal property; and that the value of such property should be assessed on the basis of its fair market value.

I hold the opinion that if the Act were followed out literally as possible, and all valuations placed on a par, the rate in any Town would descend and each citizen pay less than under present methods.

I could sincerely recommend to any Provincial Government the appointment of a municipal commission to assist both Towns and County Municipalities in adopting uniform methods of valuation and in other matters. Such

## BOYS' CAMP A GREAT SUCCESS

**Some 39 Boys Enjoyed Outing At Allan's Point—Splendid Program of Varied Activities**

Friday last brought to a close a very successful camp for boys conducted by the Maritime Religious Educational Council, at Allan's Point, near Dalhousie.

For some time it had been felt that the provincial camp at Chipman was too remote to serve North Shore boys so an effort was made this spring by local leaders to have a new camp established which would serve North Shore and coast points. The results have been a most successful camp of boys and an even larger number of girls now in camp.

The camp at Allan's Point was headed up by Rev. W. C. Machum of Fredericton, Boys' Work Secretary for the Maritime Provinces. Mr. Machum has had a great deal of experience in work of this kind and proved an ideal leader in every way. Associated with him were Rev. W. W. McNair, Rev. S. S. Goffrey, Mr. Havelock Sanson and Rev. E. V. Forbes, the latter being business manager of the camp.

The Boys' Work program was taken over by Rev. Mr. Coleman, Rev. Mr. McIntosh and Dr. Fleck of Dalhousie and Dr. L. Gray of Campbellton. Mr. Robert Busted proved a very efficient assistant in sports, while Geo. A. Leach of Red Bank presided in the kitchen.

The camp was organized under the Trail Ranger program arranged by the Maritime Religious Council and the days were crowded with athletics, practical talks, Bible study, swimming, games and health craft. A large number of boys won badges of merit in the various contests. One feature of the camp life was that both leaders and boys gained a full understanding of the boys' work program as planned by the M. R. E. C.

The thanks of the leaders is extended to many local citizens who by providing tents and other equipment and helping with transportation did much to make the outing a success.

A list of the boy campers follows: Parker McMillan, Bruce McDonald, Willie Alford, Ian McLennan, Paul Sowerby, Chalmers McNair, David Gervard, Edgar Gillis, Gordon Coling, Barney Ferguson, Wendall Sanson, James Shaw, James Lunan, Reg. Steeves, Merton Gorham, Albert McDonald, Noble Nichol, Robt. Dickie, Walter Marquis, Shirley Hamilton, Robt. Ingram, Donald McLean, Ralph McDonald, Hugh McLean, Gordon McDougall, Douglas Mann, Willie Steeves, Arnold McDonald, James Troy, James Salmon, Waldo Sanson, Robt. Steeves, Donald Young, Robert Taylor, Imis Morrison, Tom Richards, Sandy Taylor, Alexander Anslow, and David Stewart.

**PERSONALS**

Mr. and Mrs. D. J. Rooney returned on Monday after a pleasant trip to Quebec and St. Anne De Beaupre.

Mr. and Mrs. Daniel Dewar have returned from their wedding trip.

Miss Jean and Ida Lachance are spending the week in Montreal. Paul Sowerby, Chalmers McNair, David Gervard, Edgar Gillis, Gordon Coling, Barney Ferguson, Wendall Sanson, James Shaw, James Lunan, Reg. Steeves, Merton Gorham, Albert McDonald, Noble Nichol, Robt. Dickie, Walter Marquis, Shirley Hamilton, Robt. Ingram, Donald McLean, Ralph McDonald, Hugh McLean, Gordon McDougall, Douglas Mann, Willie Steeves, Arnold McDonald, James Troy, James Salmon, Waldo Sanson, Robt. Steeves, Donald Young, Robert Taylor, Imis Morrison, Tom Richards, Sandy Taylor, Alexander Anslow, and David Stewart.

The river near Atholville was the scene of a sad fatality on Friday evening of last week when Baptiste Doiron, 22, of St. Alexis, who was employed at the Athol mill, lost his life by drowning.

The unfortunate young man had gone in for an after-summer swim and as he was a good swimmer the cause of the accident is somewhat of a mystery. A possible solution, however, is that in entering the water immediately after supper he was attacked by cramps and rendered helpless.

The body was not recovered until nearly two hours after the accident. The young man's mother was notified of the sad occurrence and came at once to Atholville. The funeral services which were held there on Monday morning were largely attended, all members of the community expressing much sympathy for the bereaved mother in the loss of her only son.

**NEXT MEETING HERE**

The next quarterly meeting of the N. B. Automobile Association will be held at Campbellton probably early in September.

**ATHOLVILLE BAZAAR**

Atholville Annual Bazaar will be held on Wednesday evening, all day Thursday and Friday evening, July 22, 23 and 24. Meals will be served on Thursday and Friday evenings.

**Thank You Mr. TING**

"Mark E. Ting" who conducts the breezy Hot Sales page in "Marketing, Canada's Business Magazine," says in the July issue "among the few puns that haven't nauseated me is 'The Moir you have, the merrier!'"

It is necessary to point out that Moir and More are not pronounced the same way, though they mean the same thing when you taste Moirs Chocolates.

## HOW MEMBERS VOTED ON THE GRAND FALLS BILL

The following was the division in the Legislature on the Grand Falls bill:

For Delay—Young, Smith (Albert), Richards, Pinder, Taylor, Dickson, Flewelling, Stewart, Dottle, Hunter, Guphill and Reilly—12.

For Development—Veniot, Rand, Hetherington, Roberts, Magee, Michaud, Foster, Smith, (Sunbury), McManus, Estabrooks, Scoville, Wetmore, Bentley, Morrissey, Hayes, Scully, Curran, Leger, Melanson, Boudreau, Vanderbeck, Martin, Fowle, Violette, Doucet, Fawcett, Warnock, Smith, (Carleton), Tracey, Pickett and Burdock—31.

**ANOTHER SHOOT HELD YESTERDAY**

Capt. McNair Won Medal—Unusually Large Number Entered Competition

A large number of riflemen from the North Shore Military Rifle Association took in the shoot on the Tide Head Ranges on Wednesday, July 15. Competitors from Dalhousie, Gloucester, Tide Head and Campbellton entered the competition. Last year a team from Restigouche County shooting in the annual matches at Sussex of the N. B. Rifle Association won third place in the shoot open to the counties of the Province and also was awarded a silver medal to be put in competition open to the members of the local Association. This medal in the shoot yesterday was won by Capt. W. W. McNair.

The contestants with scores for three ranges follow: Next Wednesday the practice will be 10 shots at 300 and 500 yards.

Rev. W. W. McNair 83; Harry Olsen 79; Alex. Jamieson 77; Roy Campbell 71; Alfred Gillis 70; D. G. Stewart 70; Rev. E. V. Forbes 70; H. R. Barnes 68; S. Grimmer 67; Kelvin McNair 62; Harry Pritchard 61; Francis Goss 59; George Foster 58; Francis Matheson 56; James Smith 54; Blair Adams 53; J. A. Jardine 52; N. C. McKay 50; Robert Mair 47; J. L. Annett 36; R. A. Christie 26; Judge Matheson, one range 17; W. M. Gray, one range 5; A. McIntyre, one range 4.

**SAD DROWNING AT ATHOLVILLE**

Baptiste Doiron of St. Alexis Lost Life On Friday Last

The river near Atholville was the scene of a sad fatality on Friday evening of last week when Baptiste Doiron, 22, of St. Alexis, who was employed at the Athol mill, lost his life by drowning.

The unfortunate young man had gone in for an after-summer swim and as he was a good swimmer the cause of the accident is somewhat of a mystery. A possible solution, however, is that in entering the water immediately after supper he was attacked by cramps and rendered helpless.

The body was not recovered until nearly two hours after the accident. The young man's mother was notified of the sad occurrence and came at once to Atholville. The funeral services which were held there on Monday morning were largely attended, all members of the community expressing much sympathy for the bereaved mother in the loss of her only son.

## LOCAL BOY BACK FROM AFRICA

**Father Jacques Boudreau, Member of Congregation Of White Fathers Visiting Parents Here.**

Father Jacques Boudreau, son of Mr. and Mrs. Joseph Boudreau, arrived in Quebec on the S. S. Antonia of the Cunard line on Saturday morning the 12th inst., with twelve other young members of the congregation of the White Fathers of Africa and is now enjoying a well-earned rest as the guest of his parents here.

Father Boudreau joined the congregation of the White Fathers, 14 1920. After spending one year at the pastorate in Quebec, he went to Africa where he entered the Novitiate. He was ordained a priest on the 24th of June 1924. He spent the last year of his novitiate at the seminary of LeBlanc, Antwerp, Belgium, and on the 20th of July he sailed via Marseille-Paris Cherbourg.

Father Boudreau will, according to the first Solemn High Mass in the Catholic Church at Campbellton at 10 o'clock on Sunday morning.

The young missionary will spend about two weeks with his parents before returning to Africa where he will devote himself to the Congregation of the Black Fathers of Africa. His relatives and friends take this opportunity to offer the young missionary fervent prayers for the success of the apostolate which he is about to undertake.

**SOME THOUGHTS ON A TIMELY TOPIC**

The motorist simply enjoys life today as never before. A trip to Matapedia is a dream of delight. The car glides along with only the purr of the engine audible, with scarcely a jar. He enjoys the frequent trip largely to because of the fact that there is so little wear and tear on his car, which prolongs its life greatly to the gain of the owner.

A little reflection discloses the fact that these conditions are the results of a good road policy. And it all means to the public to be provided with good roads to the motorist who may be farmer, business man or pleasure seeker. The farmer whether blessed with team or car is enabled to get his farm products to the nearest market with such little delay, with such comfort and such a limited wear and tear upon his animals or his machinery. The business man is not dependent alone upon the Railway. The perfect highway opens up for him an easy, comfortable manner of conveying and being conveyed which spells out gain, and the pleasure seeker, particularly if by the car, is enabled to get his vacation with such little delay, with such comfort and such a limited wear and tear upon his animals or his machinery. The business man is not dependent alone upon the Railway. The perfect highway opens up for him an easy, comfortable manner of conveying and being conveyed which spells out gain, and the pleasure seeker, particularly if by the car, is enabled to get his vacation with such little delay, with such comfort and such a limited wear and tear upon his animals or his machinery.

The value of the fishery production of the Yukon Territory in 1924, as reported by the Dominion Bureau of Statistics, was \$18,773, an increase of \$6,857 over the preceding year. Salmon, whitefish, and trout were the principal contributors, accounting for over 97 per cent of the total.

**A QUEEN'S INVESTMENT**

The good advice of Queen Victoria, her chief adviser, Queen Victoria of England invested in the Yukon Territory in 1924, as reported by the Dominion Bureau of Statistics, was \$18,773, an increase of \$6,857 over the preceding year. Salmon, whitefish, and trout were the principal contributors, accounting for over 97 per cent of the total.

**YUKON FISH PRODUCTION**

The value of the fishery production of the Yukon Territory in 1924, as reported by the Dominion Bureau of Statistics, was \$18,773, an increase of \$6,857 over the preceding year. Salmon, whitefish, and trout were the principal contributors, accounting for over 97 per cent of the total.

**TO TAKE POST GRADUATE COURSE IN NEW YORK**

Dr. D. Parker Cook left Montreal on Saturday for New York, where he will take a year's post graduate course in dentistry. Dr. Cook, who is well known here graduated with honors from McGill University Dental College this year.

**BATHURST SHIPS PULP TO JAPAN**

Initial Shipment for the Far East Leaving This Week.

Bathurst, July 13.—Much has been said recently regarding the possibility of export trade from the Maritime provinces, and while this trade has been to a limited extent developed during recent years, there still remains a wide field of opportunity. Among the chief commodities of this province which may be exported are forest products, rank first, and it is interesting to know that this week an initial shipment of wood pulp is leaving Bathurst for Japan.

The pulp is being shipped by the Canadian Pacific, and is the first of a series of shipments which will eventually lead to a large export trade in pulp from this province.

**OBITUARY**

Donald Murdoch Mann, infant son of Mr. and Mrs. Alex. Mann, passed away at Bathurst on Tuesday, June 30th. Death followed a short illness of pneumonia.

Besides the sorrowing parents he leaves to mourn two brothers and two sisters.

The funeral was held from the parsonage on Wednesday, July 1st, at 10 o'clock, and the interment was in the cemetery at Matapedia. Services at the home were conducted by Rev. W. J. Wetmore, distributor for New Brunswick in Halifax recently.

**ATHOLVILLE BAZAAR**

Atholville Annual Bazaar will be held on Wednesday evening, all day Thursday and Friday evening, July 22, 23 and 24. Meals will be served on Thursday and Friday evenings.

## NEW SCHOOL IS DISCUSSED AT LARGELY ATTENDED ANNUAL MEETING

**Committee Appointed To Secure Suitable Site And Arrange For Necessary Plans Without Delay—\$6650. Voted For Other School Purposes—General School Matters Investigated Following Recommendations of Late Principal—Other Matters.**

A letter read by Mr. McKay, written by the late Principal, J. McK. Anderson, finding fault with the Board of Trustees, and offering certain suggestions, caused considerable discussion, and the trustees present profited of the opportunity to fully investigate school matters. Those who had complaints made them openly and good results will follow. Mr. Anderson wisely suggested the building of a new school house. The teachers were handicapped for want of space, the pupils for want of playgrounds, etc.

A full discussion on the proposal to erect a modern school building in the Shiretown then took place, resulting in a unanimous resolution being adopted, giving power to the Board of Trustees, consisting of Aldermen Calhoun, chairman, Ex. Alderman D. G. Stewart and W. A. R. Craig, to secure a new and proper site, for the erection of a new school building, with playgrounds, etc. to be followed by securing the services of an Architect to prepare plans and specifications for an up to date and fire proof school house, to be placed under contract without any unnecessary delay.

It is expected that the required school building for Dalhousie, including the land, will not cost over \$45,000.

John B. Delaney, who has filled the position of Secretary Treasurer of the Town School District, in a very satisfactory manner continues in this position.

The new staff of teachers for the term beginning in Sept. for the Dalhousie Superior School, will consist of the following: Principal, Albert Purvis; Mary G. Allen, Chatham; Miss Mary Ann Breen, Miss Kathleen Doyle, Nelson, N. B., and Miss Emma Hainwood, and Miss Elizabeth Mott of Dalhousie.

Mr. Purvis has been teaching at Dalhousie.

**ACCIDENT AT SHINGLE MILL**

As a result of a serious mechanical break at the local shingle mill of the Fraser Companies, here, employees will be thrown out of work for at least two weeks. The accident which was one of a rather peculiar nature, occurred on Friday morning last when the steel strap on the connecting rod of the large compound engine broke, causing the cylinder heads and pistons to fly out, these being broken into numerous pieces. It is considered miraculous that no one was injured. The engineer had a narrow escape, jumping through a nearby window when the accident occurred. The McManus Engineers are making the necessary repairs and it is hoped that the mill will again be ready for operation within three weeks time.

**TO TAKE POST GRADUATE COURSE IN NEW YORK**

Dr. D. Parker Cook left Montreal on Saturday for New York, where he will take a year's post graduate course in dentistry. Dr. Cook, who is well known here graduated with honors from McGill University Dental College this year.

## FOR JOY OF GOOD HEALTH

Manitoba Woman Thanks Lydia E. Pinkham's Vegetable Compound

Crandall, Manitoba.—"When I was a young girl at home and working I had terrible pains, almost more than I could bear, and I was not regular. These troubles kept me so tired in the time that I had no strength and no inclination to join in with my friends and have a good time. I was just tired and miserable all the time and life just seemed as if it wasn't worth living. I saw a notice in the papers about Lydia E. Pinkham's Vegetable Compound, and then I had a friend who had taken it and told me about it, so I got some. Every month after taking it I got stronger and I soon did not suffer every month. It stopped the pains and helped me other ways. Then when my babies were coming I was tired and worn out the first three months and ached badly. I took the Vegetable Compound right along and must say it made a new woman of me and able to do my work, and it helped me through confinement. You see I am a farmer's wife with a big house to look after, and three babies now. I have told over so many women about your medicine. Just last week I got a letter from my old chum in the East. Her baby was born fifteen days before mine and she told me she was not feeling very well, her back aches so much, and that she is going to take the same medicine I took. You can use my letter and I hope some one will be helped by it."—Mrs. J. H. Kidd, Box 56, Crandall, Manitoba. C

## MOTHERS LIKE TO TREAT COLDS WITH VAPORS

Direct Treatment with Vaporizing Salve Immediately Reaches Inflamed Air Passages.

It is no longer necessary constantly to dose the children in treating croup, bronchitis, sore throat, or deep chest colds. Many Canadian mothers now use the "outside" remedy, Vicks VapoRub, for the cold troubles of all the family, because it is just rubbed over the throat and chest—there is nothing to take. When so applied Vicks gives off medicated vapors which are inhaled directly into the inflamed air passages, loosening the phlegm and making the breathing easier. At the same time Vicks is absorbed and stimulates the skin like a liniment or plaster and thus aids the vapors inhaled to break up the congestion. At all drug stores 50c a jar. For free trial package, write Vicks Chemical Co., 111 St. Paul St., W., Montreal, P. Q.

## SOME THOUGHTS ON OUR INDUSTRIAL OPPORTUNITIES

A Few Manufacturing Possibilities In Restigouche County—Agricultural Development Would Open Way For Local Industries and Supply Raw Materials Needed.

An English expert has been telling the people of Nova Scotia what they ought to do to make themselves. Mr. Joseph Hetherington, an expert, who is now Managing Director of Canada of the largest joint stock company in Great Britain, has visited the province and will prepare a report to be submitted to the Provincial Government on the subject of fruit growing and canning. In an interview he said to the Halifax Chronicle: "With the opportunities you have in this country for raising small fruits in rich profusion and of highest quality, you should have a large jam and pickling industry." This does not apply only to Nova Scotia. It is a topic that should interest the people of Northern New Brunswick. There are undoubtedly opportunities here in fruit growing and in the jam and pickling industry which have never been seriously considered by either the farmers or business men of this part of the province.

### Agricultural Resources

Not long ago the writer discussed the need of more locally supported industries here with a Restigouche business man, maintaining that we have the resources to produce the necessary raw material. Like many other people who seem to have surprisingly little faith in their own section of country this man seemed to think that we had no very promising opportunities for industrial development. His imagination did not seem to be able to go beyond the lumber business and that, as mentioned, was at a standstill owing to market conditions.

But he forgot our forms. He did not realize that if our agricultural resources were fully developed they would easily support one or more very lucrative industries.

### Some Possibilities

This brings us back to the statement about canning and pickling. The manufacture of jams and pickles is an industry that would be well located in Northern New Brunswick. There would be no necessity of importing produce because it could be grown here at the source of the industry. In the pickling business this is especially true. The country of Restigouche alone should produce enough to supply the market and in sufficient variety to support an industry of this kind. It would be merely a matter of showing the farmer and land-owner the opportunity that was his and in a comparatively short time tons on tons of vegetables could be grown in the gardens of the country, whereas at present we are not producing enough for local consumption.

Another industrial possibility is the production of strawberries. This branch of horticulture is an activity that has proven most profitable in other parts of the province where the market opportunities are no better than here. It is true that the strawberry crop would be earlier in the

## WHITE INDIANS OF BRAZIL INTERIOR

Armed With Bows and Arrows And Living in Primitive State.

New York, July 11.—White Indians who evidence no surprise at seeing a hydroplane or other modern things, although armed with only bows and poison arrows, and living nude in a primitive state, are among things Dr. Alexander Hamilton Rice has seen in Brazil.

On his return yesterday from his expedition to the Brazilian jungles, Dr. Rice said about finding the Indians at the head waters of the Parana river, seventy-five miles distant from the head waters of the Orinoco. Their faces were streaked with pigment, but they impressed the explorers as being undeniably white.

The Indians are under sizes and speak a distinct language of their own.

They move in and out between the trees like jaguars without making a sound or causing a rustle of the leaves," Dr. Rice said.

The Graphic \$2.00 year.

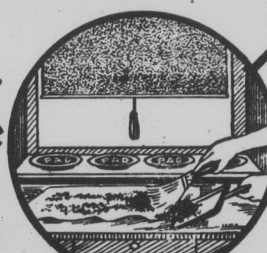

WHEN USING  
**WILSON'S FLY PADS**  
READ DIRECTIONS CAREFULLY AND FOLLOW THEM EXACTLY

There is only one way to kill all the Flies

This is it—Darken the room as much as possible, close the windows, raise one of the blinds where the sun shines in, about eight inches, place as many Wilson's Fly Pads as possible on plates (properly wetted with water but not flooded) on the window ledge where the light is strong, leave the room closed for two or three hours, then sweep up the flies and burn them. See illustration below.

Put the plates away out of the reach of children until required in another room.

The right way to use

## VALEDICTORY, CLASS HISTORY AND LAST WILL AND TESTAMENT AT SCHOOL CLOSING HERE

**VALEDICTORY**  
Mr. Chairman, Members of the School Board, Friends, Teachers and Classmates:

Tonight, we are present for the last time, as a class, in the Campbellton High School. Although, for several years, we have looked forward to this night, still it is not without regret that we think of the parting which is at hand.

We, the class of '25 entered High School three years ago, we modestly think, as a tolerably inter-mixed group of youth, not knowing exactly what was in store for us, but with, at first, a confidence typical of intelligent pupils entering High School. We hope that this has not declined with the three years that have passed. We entered this, our "Hall of Learning," very much as we would a bazaar. We were first confronted with the choice of an Academic or a Commercial Course, some of us investing in one and some in the other. Later, we found ourselves drifting each to his or her particular forte, some to the Latin booth, others to French, still others to mathematics, and, strange as it may seem, some of us turning to solve the mysteries of our native language. And so the years have flown, as if on wings, bringing us to the outer door, each with our particular purchases, ready to leave the gay bazaar for the more serious things beyond.

Here, we must commend the patience and sense of humor of our instructors, who have so aptly guided us to the place at which we now stand. We wish to thank each one of them for so kindly overlooking our shortcomings and for making the way much smoother than it might have been. They have not only imparted to us that knowledge which we now have, but they have also tried to leave with us a small part of the wisdom with which it is necessary to apply our knowledge. We were given by them "a set of tools, a shapless mass, and a book of rules; and each must make, ere life is down, a stumbling block or a stepping stone." As we take our place in line with the other builders, we will try to remember the kindly advice that they have given us, from time to time, and the many things that they have taught us, apart from our school work.

The opportunities that we have had of obtaining our education have shown us how necessary that education is, and even if we should not spend the next few years in further study, we feel that we are fitted, in a measure, for our work, whatever it may be. Those who follow us will be doubly fortunate in having a composite school which will afford a wide range of study, suited to the requirements of each and every one. This has been made possible by the efforts of the Board of School Trustees and the interest which they have taken in the education of Campbellton's sons and daughters.

To you who take our place next year and in the years to come, we leave our example of good deportment, and we ask you, as a class, to work together for in unity there is strength. We wish you success beyond our own in your last year and when that is done and you have your fortunes to make or to mar, that every thing you touch will turn to gold.

Now, class-mates, that we are on the verge of parting, not knowing when we shall meet again, and each one going his own way, we must take with us our class resolution, "to aspire to the stars," standing on the threshold and looking back over our happy school days, we find that our ups and downs have but their sting and only a feeling of gratitude remains, mingled with regret that we must say farewell. A work that must be and hath been, a part which makes us fingers of fate.

WALTER S. GORDON HARRIS

OAK HALL

McRAE'S LIMITED

To the girls he'll hardly speak." Raymond's natural love for the girls was revealed by the discovery of his daily character sketches of Grade XI flappers.

Marie Dorward and Walter Ferguson. Conspicuous by their absence, we're still in the dark however as to whether Marie's absence had any influence on Pock or not.

Beatrice Byrnes: "Laugh and grow fat." Beatrice's irrepressible mirth often gets her into difficulties with the teachers.

Edith Harquail and Mildred Brooks: "Make a lot of noise." Many people were disturbed by odd sounds coming from their corner of the room. Edith's whistle accompanied by Mildred's high treble did annoy Mr. Colpitts.

Emma Shannon, Lila Sansom and Susie MacDonald: "Silence was their mother tongue." Being of quiet and retiring disposition, these girls upheld "the balance of power" in the class.

Mary Murphy and Vera Marquis: "They are pretty to walk with And witty to talk with. And pleasant, too, to think on."

Mary's Irish wit and Vera's humor bring smiles wherever they go. George McMillan:

"Never flurried, never worried He'll have an office yet."

Margaret Ward and Hectorine Guldry:

"Up! Up! my friends, and quit your books, Or surely you'll grow double."

"Up! Up! my friends, and quit your books: Why still this toil and trouble? Lillian Hamilton and Bessie Young, are typical school girls. They're always in attendance even if their lessons are not prepared.

Muriel Sears: "Alias Finnegan. She is more at home in the ball field than she is in the school room. Four strides usually take her across the field."

Harold Jamieson and Edward MacLean: "Should make good marksmen for they have had abundant practise in school with elastic bands and spit balls."

Mertell MacKay: "A smile for all, a welcome glad A jovial coaxing way she had."

Mertell our class secretary was forever introducing some new fad. One day much to Mr. Bridges' disgust, she even brought a dog to school.

Mildred Smith and May Boyle: "The reason firm, the temperate will Endurance, foresight, strength and skill."

Tillie Goldenberg: "For better is she, Than vice can be And very, very good company."

Olive Sullivan and Winnifred Sansom: "The girls to do their duty And where to find their equal, 'T would be very hard to tell."

Hazel Robertson: "When you marry, some poor man Will indeed be made a martyr."

Let him tame you, if he can, He'll find out he's caught a tartar."

Evelyn Dobson and Edna Hume: "A little work, a little play."

Coming into Grade XI room for English, these girls always brought with them a fresh supply of jokes which when passed around the room created much amusement.

Marjorie MacBeth: "Long live the merry heart That laughs by night and day."

And now to the annals of the Campbellton High School, we add the history of the class of 1925. Hereafter we shall all be following separate paths.

"But remembrance is the golden chain That naught on earth can sever The passing years roll on in vain True friends are friends forever."

By CHRISTINE TAYLOR.

**LAST WILL AND TESTAMENT**  
Mr. Chairman, Your Worship, Trustees, Teachers, Fellow Students, Ladies and Gentlemen:

The twenty-ninth day of June 1925 marks, as you know, the closing of our high school career. This event which causes much grief to the members of our class has also given rise to much speculation in regard to the disposal of the class effects as well as many personal ones looked upon as treasures by their loving owners. We hope that the effects will be appreciated by our successors and that they may be beneficial to them.

Upon me devolves the task of making to you the allotment of these rare articles which none but a member of this graduating class can fully feel the loss of.

We, the expiring Grade XI of Campbellton High School in the Year of Our Lord nineteen hundred and twenty-five being of sound mind and memory do therefore make, ordain, publish and declare this to be Our Last Will and Testament in manner and form following:

We leave to the coming Grade XI acquired in our term through High School. We also bequeath to them ways shown in our studies, and hope that they will follow in our footsteps, by making use of every moment in class hours.

Mertell MacKay and Mary Andrew who of late have had difficulty in keeping within the boundary limits set by Mr. Bridges, leave to Winnifred Hamilton and Joyce Calder a well worn strip of sidewalk opposite the school. They hope that these girls will be more prudent by keeping strictly within bounds.

Walter Ferguson, famed baseball star, who always has been a staunch

class is well known, also her reputation for her rousing temper. She leaves to Frances Adams a dilapidated desk which glaringly shows the marks of her bad temper.

Emma Shannon and May Boyle have all through their High School course shown marked attention in class. They are now well informed on such subjects as Botany and Chemistry, and are able to leave to Harry McDavid and Gordon Mosher several well kept note-books.

Helen Marquis and Tillie Goldenberg astonished their class mates early in the year by the amazing manner in which they executed several jazz steps. Many of the class at once enrolled as pupils, but as this was not at all to the liking of Helen and Tillie were forced to discontinue their dancing classes. They leave the secret of their success to Alfred Titus and Bob Milligan, hoping that they will carry on the good work.

Frank Steeves whose charming per-

sonality has kept the girls guessing as to who would be the lucky one to win the year by the amazing manner in which they executed several jazz steps. Many of the class at once enrolled as pupils, but as this was not at all to the liking of Helen and Tillie were forced to discontinue their dancing classes. They leave the secret of their success to Alfred Titus and Bob Milligan, hoping that they will carry on the good work.

## Local Items of Interest

Newsy Notes of Town and Country  
Happenings Gathered by Graphic Reporters

**NOW A J. P.**  
D. Austin Kean is now a Justice of the peace. His appointment was announced last week.

**PRICES KEEP UP**  
Although the strawberry season is at its height and the local market is well supplied, yet prices keep up. The cultivated berry has been selling the last few days at 18 cents a box.

**TREAT ENJOYED**  
A large salmon, sent by Hon. Sir J. D. Hazen, who was fishing at the Bonaventure Fishing Club, was received on Friday by the Home for Incurables. The inmates greatly enjoyed the fine fish.—St. John Globe.

**ENGLISH CHURCH**  
Services on Sunday next. Holy Communion 8 a. m. Matins 11 a. m. Evensong 7 p. m. Preacher, Rev. R. J. Coleman, Dalhousie.

**CHURCH OPENING**  
The new Restigouche Baptist Church at Flatlands will be dedicated on Sunday afternoon next, July 19th, at 8 o'clock. Rev. T. S. Roy, Rev. Dr. Camp, as well as other speakers will take part in the services.

**IN MEMORIAM**  
In loving memory of Alfred S. Hurley who died July 15th, 1924. This day brings back a memory. A dear one laid to rest. And those who think of him to-day Are those who loved him best. Interred by uncle Joe, Aunt and Cousin Ora Lannigan.

**BABY CARRIAGES WANTED**  
The District Health Nurse could use six baby carriages at once. If you have one which is not being used will you please notify Miss McPhail at once. These are required for the proper care of young babies.

**NONPAROLE WINS**  
Nonparole, owned by John Cool won the 222 event in the races at Causapital yesterday. This promising local horse was in fast company but proved his mettle in a hard contest. Henry Cornier was the starter while Fred Shirley acted as time keeper.

**IN MEMORIAM**  
MYLES—In loving memory of our dear son and brother Wesley Frederic Myles, who was drowned July 20th, 1923. No one knows the silent heartache. Only those who have lost can tell Of the grief that's born in silence. For the one we loved so well. Father and Mother, Sisters and Brothers.

**ESCUIMAC CHURCH SERVICES**  
Escumac United Church Services for Sunday. Oak Bay Mills 11 a. m. Pt. a la Gardie 3 p. m. Escumac Flats 7 p. m. Subject: "The Mountain of Vision." Suppose we follow your course and let the church die. What organization will take its place?

**TRAVELLER'S DANCE**  
The Linnae will, in all probability, be the scene of a large gathering to-morrow evening when the Campbellton Commercial Travellers' Association holds its first dance since organization. The dance program will be a attractive one and in addition to this four fine prizes will be awarded. The Linnae Dance Orchestra will furnish the music and a dainty lunch will be served at intermission. With these attractions the attendance at tomorrow evening's function will doubtless be a large one. Admission has been placed at \$1.00 for gentlemen and 50c for ladies.

Tennis Racquets and Balls try RENAULTS.

**SALVATION ARMY**  
Special visit of Major and Mrs. Burton, Saturday and Sunday, July 18th and 19th. Saturday services 8 p. m. Sunday services 11 a. m. and 7:30 p. m. Don't fail to hear them.

**FISHING ON UPSALQUITCH**  
Sir Robert Borden was a guest of W. A. Black, M. P., at Upsalquitch last week, and enjoyed the salmon fishing. He left Monday for Grand Pre, N. S.

**CARD OF THANKS**  
The family of the late Mr. Thomas MacCurdy, wish to thank all the friends and neighbors for kindness sympathy in their recent sad bereavement.

**ATHOLVILLE BAZAAR**  
Atholville Annual Bazaar will be held on Wednesday evening, all day Thursday and Friday evening, July 22, 23 and 24. Meals will be served on Thursday only. July 16-2w.

**CARD OF THANKS**  
We wish to take this opportunity of thanking all those who were so kind to us during the illness which recently visited our home. (Sgd.) Mr. and Mrs. A. Gauvin, Eel River Crossing.

**IT PAY TO PAY CASH**  
Fifteen bars of Comfort or Pearl Napha Soap with one Handy Household Rubber Apron can be bought for one dollar and thirty cents at the CAMPBELLTON CASH AND CARRY STORES.

**REDUCED RATES**  
I wish to inform all prospective patrons of my auto service between Campbellton and Matapedia, that I have reduced my rate from \$1.15 to \$1.00 for the return trip. Rates for shorter trips reduced accordingly. ROBERT NELSON.

**REPORT OF PUBLIC HEALTH NURSE FOR MAY AND JUNE**  
May: Visits 206. Infant Welfare 129; School 36; T. B. 15; Organization 26. School children examined 1100. June: Visits 308. Infant Welfare 129; School 36; T. B. 15; Organization 26. This includes survey of Town to get in touch with all infants. School children examined 200.

**ENGAGEMENT ANNOUNCED**  
Mr. and Mrs. Benjamin Robinson of New Carlisle, Que., announce the engagement of their eldest daughter, Frances Verona, to Mr. Stanley P. MacKenzie, son of Mr. and Mrs. W. F. MacKenzie of Campbellton, N. B. The marriage will take place at an early date.

**WANTED AT ONCE**  
All parents having old baby carriages not in use are asked to get in touch with the Public Health Nurse as a number of carriages are required immediately in connection with Health Work here. MISS A. McPHAIL, Phone 418.

**MOST WONDERFUL SIGHT HE HAD EVER SEEN**  
Livingstone, Rhodesia, July 13.—The Prince of Wales visited the Victoria Falls viewing them under most favorable conditions. He showed great enthusiasm and delight, declaring it was the most wonderful sight he had ever seen. The Victoria Falls, in the Zambesi River, were discovered by Livingstone in 1855. The cataract is one of the greatest in the world, with a width of 1,000 yards, and a drop of 360 feet.

Paris Green 1 pound tins, 45c. at RENAULTS.

## NEW BRUNSWICK ELECTRIC POWER COMMISSION

**Grand Falls Development.**  
Tenders for Construction of Power House Railway

SEALED TENDERS addressed to the Chairman of the New Brunswick Electric Power Commission, Saint John, N. B., and endorsed as follows: "Tender for the construction of a railway to the Grand Falls Power House, in connection with the proposed hydro-electric power development at Grand Falls."

Plans and specifications governing the work may be inspected at the office of the Chief Engineer of the Commission, 33 Prince William Street, St. John, N. B.

Each tender must be accompanied by an accepted cheque on a chartered bank of Canada to the amount of ten per cent of the total tendered price, as a guarantee that the successful tenderer will enter into a contract and satisfactorily complete the work.

Complete sets of specifications and drawings, together with the form of tender, may be obtained by application to the Chief Engineer of the Commission, such request to be accompanied by an accepted cheque for fifteen dollars (\$15.00). This deposit will be refunded upon the return of the specifications and drawings in good condition.

The lowest or any tender will not necessarily be accepted.

S. R. WESTON, Chief Engineer of the Commission 4th day of July, 1925.

Unauthorized publication of this advertisement will not be paid for.—2w.

## CANADIAN NATIONAL RAILWAYS

**Tender for Hardwood Ties**  
Sealed tenders addressed to the undersigned and endorsed "TENDER FOR HARDWOOD TIES" will be received at the Office of the General Tie Agent, Room 802, Canadian Express Building, McGill Street, Montreal, until 12 noon Monday, August 3rd, 1925, for Railway Ties to be manufactured from Yellow Birch, Hard Maple, Beech or Oak timber, cut between October 1st, 1925, and October 1st, 1926, and delivered between January 1st, 1926, and August 1st, 1926, f. o. b. Cars, Canadian National Railways, in accordance with Tie Specification No. S3W-1.2, dated July 20th, 1923, for No. 2 and No. 3 hardwood ties.

Tender forms can be obtained at the Office of the Tie Agent at Moncton, N. B.  
Tenders will not be considered unless made out on form supplied by the Railway Company.  
The lowest, or any tender, not necessarily accepted.

W. H. GRANT, General Tie Agent, Canadian National Railways, Montreal, Que. July 8, 1925.—3pd.

## BEGIN MOVING BUFFALO NORTH

Surplus Animals in National  
Park at Wainwright Go To  
Wood Buffalo Reserve

The success of Canada's experiment  
in conservation of buffalo is shown by  
the steady increase in the herd in the  
Buffalo park at Wainwright. In 1919  
the herd numbered 704, over two thou-  
sand have since been slaughtered for  
commercial purposes, and this spring  
there were about eight thousand in  
the park. The herd has now reached  
a point where there is a substantial  
surplus over and above the average  
forage capacity of the park. That  
surplus this year is to be disposed of  
by sending the animals to the Wood  
Buffalo park near Fort Smith, on the  
border of Alberta and the North-  
west Territories. The first weekly  
shipments have begun and will con-  
tinue at the rate of two hundred  
animals per week until a total of  
about two thousand animals has been  
transported. The buffalo are loaded  
on railway cars at Wainwright and  
shipped to Waterways, Alberta. Here  
they are transferred to scows, which  
are down the Athabasca, and  
arrive at the Wood Buffalo park,  
where the herd will be under the care  
of the North West Territories and  
Yukon Branch. The Wood Buffalo  
park or reserve is an unfenced area  
of ten thousand five hundred square  
miles, in which a herd of wild wood  
buffalo has ranged and thriven for  
many years.

The experiment is one of great  
moment, both as regards the conserva-  
tion of buffalo and as to economic and  
food conditions in the north country.

TO LET—One heated apartment, all  
modern conveniences. Apply to S.  
W. Dimock. —July 14-15.

## KING SOLOMON'S MINES FOUND

Claims that Biblical Ophir Has  
Been Located in Peru, S. A.

Ophir, reported in the Bible as the  
country of gold mines from which the  
navy of King Solomon brought gold  
to Palestine, was located in Peru, says  
Dr. Von Hauch, an Austrian explorer.

Von Hauch declares he met in the  
primeval forests of Peru in the Para-  
pas Del Sacramento, 300 members of  
an Indian tribe of pronounced Jewish  
appearances, speaking a language  
similar to Hebrew. The name Solomon  
is the most common name among the  
members of the tribe.

There is a legend current among the  
tribe, says the explorer, of a land of  
gold known as Ophir, situated on the  
River Hualla, to which, so the legend  
says, white men came years ago and  
carried off large quantities of gold.

## MR. MICHAUD SPEAKS ON HYDRO POWER

(Continued from page 3.)

Mr. MICHAUD (Bow River): I am  
pleased to see the House of the  
United States would no longer  
have any right in connection with this  
development.

In order to show the House that the  
Americans have no longer any rights,  
I say that they have asked, not as a  
compensation, not under their sov-  
ereign right, but just as a compromise,  
that the New Brunswick Electric  
Company should sell them 2,000  
horse-power and they would pay for  
it just the same amount as would be  
paid by a Canadian consumer. The  
2,000 horse-power does not represent  
the rights of the Americans as far as  
the international boundary is con-  
cerned.

The international boundary  
on each side of the river covers a dis-  
tance of seventy miles. The Ameri-  
cans are claiming only 2,000 horse-  
power, whereas we are going to  
develop between 50,000 and 75,000  
horse-power. They do not claim even  
one-fifth of their rights according to  
the agreement which I have just read.  
This water-power is developed on Cana-  
dian soil entirely, and according to  
the engineers the dam that will be  
built will allow the water to flow back  
for a distance of only fourteen miles  
out of a distance of seventy miles as  
far as the international boundary is  
concerned. Our American friends  
are willing and ready to give us what  
we are entitled to. In order to make  
this development a success, while a  
certain quantity of this power will be

needed to fill our requirements at  
home, we feel that we are going to  
develop more than we need at home,  
and for that reason we want to have  
the power, not under the Dominion  
government, but under our provincial  
rights, to sell outside the extra power  
that we shall have on hand.

Therefore, I would suggest that it  
would be very appropos for the House  
to arrive at this conclusion, that the  
export of hydro-electric power from  
Canada should be permitted only on  
yearly license, and that hereafter no  
license for export of power beyond  
that already granted should be issued  
except with the concurrence of the  
province or provinces in which it is  
proposed to develop such power. That  
means that no power should be ex-  
ported out of any province by the  
Dominion without the consent of the  
province where the power is develop-  
ed. Let me appeal to my hon.  
friends from the west. They are  
just about to develop their provincial  
water-powers, and I remember not  
very long ago in the Railway commit-  
tee seeing on two occasions moving  
pictures showing the great water-  
powers about to be developed in Mani-  
toba, Alberta and British Columbia.

I ask my hon. friends from the west.  
When you start to develop your  
power and you have a surplus after  
providing for all your industries, far-  
mers, merchants and the rest of  
your inhabitants, what are you going  
to do with the surplus? Are you  
going to allow it to keep that at  
home without deriving any revenue  
from it? Are you going to let the  
government say: No, we will not  
allow you to export any of that  
power? You want to control that  
privilege. As long as a province  
has the right to export its own power,  
there is no danger of its going too far  
in that direction.

Mr. GARLAND (Bow River): What  
is giving the provinces this right?  
Mr. MICHAUD: They have the  
right actually to develop their own  
power.

Mr. GARLAND (Bow River): But  
to refuse to export it?

Mr. MICHAUD: If the propo-  
sition of the hon. members for West  
Lambton (Mr. LeSueur) passes in this  
House, no power will be allowed to be  
exported according to the laws of the  
Dominion of Canada. If I under-  
stand his proposition rightly, he is  
going to stop any further exportation  
of hydro-electric power from this  
Dominion into the United States or  
anywhere else. My contention is  
that we should not allow the Dominion  
to control our provincial rights in that  
regard. The little province of New  
Brunswick is entering upon a large  
expenditure in order to develop a  
water-power which is one of the big-  
gest in the Maritime provinces, and it  
would be unfortunate for us, after  
we were to be deprived of our rights.

# Stock Reducing Sale

Starts Saturday, July 18th

AND WILL LAST FOR ONE MONTH!

Beginning Saturday the most amazing Sale of our history, to raise cash is the only object. I seek only cash and not profits, and have priced my  
large stock accordingly, priced everything to be sold at sight, priced far below the market value. No matter how busy you may be, it will pay you to  
drop everything and come to this store bright and early on Saturday morning for your share of these outstanding Bargains, while it is impossible to  
mention every article in stock, we have below mentioned a few prices endeavoring to give you an idea what you can save by taking advantage of this  
Sale. The prices quoted are merely a sample of the extraordinary price reductions. Come and you'll be the Judge.

## You Must Be Sure— And You Can

This Helpful Book Is Free  
"Baby's Welfare"—containing answers to dozens of questions every mother asks about the care of her baby, particularly in regard to feeding.  
Address The Borden Company Limited, Montreal.

Baby is too precious for food experiments. Nurse him if at all possible but if you cannot, put him on Eagle Brand at once and BE SURE his food is right. Highest medical authorities have endorsed Eagle Brand as the SAFE infant food when Nature's supply is not available. Hundreds of thousands of mothers have successfully reared their babies on it since 1857.

No matter how young baby is he will like Eagle Brand. It is absolutely pure, always the same in quality, and easily digested by the most delicate infant. Its preparation is simple and it keeps wholesome for a long time after opening the can if a glass is placed over same.

## Of Interest to Women

Change Your China  
With The Season  
To Refresh Home

One way of enjoying the stay-at-home vacation is to change the china with the season. At first thought this sounds rather startling, and visions of unnecessary expense flit across the mind, but after a little thought and explanation it seems quite reasonable. Our home interest centres around our table so largely that the china we use means a whole lot to the atmosphere of the home. When we go summering, china and table appointments are the first things we notice. Now, if we change to entirely different table things it will change our outlook on this in general. With summer linens or the woven straw mat sets or those of olecloth on our polished table, we prepare for the new china. This need only consist of plates, cups, saucers, a few sauce-platters and some gay pottery salad bowls and plates. No platters or formal dishes are needed, as the open bowls are all right for the vegetables that are sent to the table to serve. Casserole dishes and a sprinkling of peasant pottery will do the rest.

The summer home table should be, and in most cases is, delightfully informal. Things served in little paper or pottery ramekins and on the glass dishes in which they are cooked helps a whole lot in this sort of service. There are numbers of very attractive Chinese and Japanese tea services in the blue wares, red Congo ware, and the dainty, cool-looking green sedge-ware, all of which have plates to match and can be matched up to salad and other bowls as well. Now these wares are not expensive and are square teapot, its handle and spout charming in models. There is the lost in the corners and the brown ware decorated with flowers and figures in Japanese or Chinese fashion. The tea service is sure to go to the porch for the tray luncheon or for afternoon tea drinking. Of course, a lot of English ware is in use, and that called cottage ware in very gay and cheerful in coloring.

Then there is the Bohemian china that is brilliant, but never too much so to lack harmony in its coloring, and the Italian offers many new shapes that make it a joy to use. There are the bowls with ears for handles, the cups whose saucers fit over the top to keep the drink warm. With the Italian pottery there are the little salts and peppers in painted tin frames. The bowls for salad are supplied with spoon and fork for serving that have handles to match the china. With this gay ware the use of colored tumblers has come, and two or three kinds will be used on the same table. Amethyst, willow-green, chrome yellow, delicate shell pink and rainbow make a good combination. The gayly decorated china on painted straw trays covered with peasant linen, or uncovered, makes one think

Two Wise Dinners  
For Warm Days

It is sometimes difficult to plan simple dinners for warm days where different tastes are to be considered. The following menus may aid the housekeeper in making her selections of proper combinations:

**MENU**  
Fruit Cocktail  
Cod Fish  
Baked Potatoes  
Asparagus, Hot or Cold  
Cucumber and Onion Salad  
Saltines  
Fruit Shells  
Coffee

The cocktails, made of fresh fruits in season, should be chilled before serving. The fish should be carefully broiled, well buttered and lightly dusted with pepper and salt, then garnished with parsley, lemon quarters and deviled eggs. The salad is cold, crisp and dressed with French dressing. The fruit shells are made of short piecrust, filled with fresh chopped fruit, berries, drained stewed fruit, or even dry apple sauce, and top it with whipped cream.

**MENU**  
Chicken Bouillon, Hot or Cold  
Wafers  
Creamed Chicken Loaf  
Escalloped Potatoes  
Peas  
Stuffed Tomato Salad  
Cheese Wafers  
Fruit Jelly  
Sponge Cake  
Iced Tea

A large chicken makes the bouillon and the material also for the creamed chicken. Select a young tender chicken, short and thick. Put on to boil in water to cover, adding a large onion, cut to thick slices, some stalks of celery, half a bayleaf, a few sprays of parsley, a leek sliced and a sliced carrot. When the chicken is done, remove it, and set it to cool. When cool enough to handle, strip the meat from the bones and cut up as much as is needed. Boil gently until the quantity is reduced to a little over a quart, then strain it. Next set aside to let the grease rise; then remove it. The bouillon is then ready to serve, hot or cold.

Make a rich cream sauce for the chicken and serve it in a loaf of bread hollowed out. Use the top crust as a lid.

of a country bouquet of old-fashioned asters. On a porch where the blinds are painted soft willow green and the awnings over them are of the rusted Venetian salicott and the rusted wicker furniture painted in combinations of colors, the china seems to fit the note that makes the whole scheme kin.

If you eat indoors, the same as in the winter time, then it is of more importance still to change the china.

**SOME FACTORS INFLUENCING THE CONTAMINATION OF MILK**  
While the sources of contamination of milk are understood in a general way, there is perhaps need of a more widespread knowledge of the relative importance of the various factors upon which the germ content of the milk as it leaves the stable depends, says Dr. A. G. Lock, head, Dominion Agricultural Bacteriologist.

With the object of determining more closely the relative effect of the various factors, a series of experiments extending over five months was conducted at the Central Experimental Farm, Ottawa. In the tests, the various sources of contamination were being divided for convenience into four classes: viz., care of the stable, care of the animal, care taken by the milker and care of the utensils. By extending the test over a prolonged period, during which daily bacteriological tests were made of the milk of a large number of cows kept under as nearly identical conditions as possible, results were obtained which indicate different degrees to which various factors contribute to the contamination of the milk.

It was found possible, by the careful exercise of ordinary sanitary precautions, to produce a milk of excellent quality without resorting to elaborate expensive methods. One of the points brought out was that the principal sources of contamination are represented by dirt and manure dripping into the pail during milking, and by improperly cleaned utensils. The contamination from the air, to indicate another source, is relatively less important, even when considerable dust is aloft.

The importance of the milk pail was clearly indicated, its state of cleanliness being of more concern than its form. While an open-top pail was found to result in an increased germ content of 200 per cent as compared with one with a small opening, if the animals were neglected, yet when care was taken with the animals and the udder wiped before milking, very little extra contamination resulted from an uncovered pail. Of much more importance was the sanitary state of the pail. The tests brought out that this factor affected the contamination more than any other connected with milking conditions, a change from a careful scouring, pre-

We Didn't  
Mean to Shout  
Rudely

But you don't have to fasten a Congoleum Gold-Seal Rug. It lies perfectly flat to the floor and never kicks up or wrinkles in any way.

RUGS

ferably with the use of steam, to a neglect in the care of the pails resulted in a greater increase in the germ content than the neglect of any other precaution, while on the other hand, where generally unsanitary conditions prevailed, a change to a proper treatment of the pails resulted in a big improvement than from any other single favorable change of operation.

**MINING FOR SOAP**  
Most people have seen crosses or other ornaments carved out of bog-oak. The stuff is black as coral and almost as hard as stone, but is actually oak timber dug out of peat bogs in the north of Ireland. There is more than one place in the world where timber-mining goes on. One is a swamp near Chicago, where white oak logs are dug up. Seven or eight centuries ago a terrible storm flattened out a whole forest, the timber was buried but preserved by some chemical in the soil. While the outer layers are decayed, the timber is very hard and of an exquisite color. It is worked up into hair-brushes backs, and ornaments which bring very high prices.

At Charlotte Plains, in Australia, a deposit of timber has been found in the hidden bed of the ancient river, and the strange thing is that some of the logs, when were originally found by prospectors, have every appearance of having been cut and shaped by man. The trunks are those of the tree known as the oak.

In New Zealand many men make a living by digging for kauri-gum, an amber-like substance used for making fine varnish. In North Germany and Jutland there are pits sunk solely for the purpose of finding amber, which is, of course, merely a fossilized gum.

Ashcroft, in British Columbia, has a soap mine. How nature made it is a mystery, but it is a mixture of borax with fatty substance.

**ESCUIMINAC**

The two teachers of the Consolidated School have again been engaged for the coming term; both being very popular throughout the district.

Rev'd Mr. McPherson who was the resident minister some years ago, is now visiting among his old friends at Oak Bay. Point a la Gaspere, and Escuminac. Mr. McPherson is accompanied by his wife and son.

It is interesting to note that Rev. Mr. G. G. Pigeon, of Toronto, who was recently appointed Moderator of the General Assembly of the United Churches of Canada, has relatives here, whom he visited on several occasions. The Misses Campbell and Mr. George Campbell are first cousins of Mr. Pigeon, his mother having been a Miss Campbell.

A number of Escuminac people went to Oak Bay on Saturday evening last to attend a reception given for Mr. and Mrs. Harvey Baker, of that place, who were recently married.

Mrs. Brandon, accompanied by Master Billy Brandon, is spending the summer at the home of her mother Mrs. P. Campbell.

The Messrs. Carmichael, of Montserrat, who have been here recently and will remain for some weeks at their old home.

Mrs. Folkes and her daughters are spending the summer at their cottage here.

Mrs. Gough, wife of our clergyman, has consented to act as Guide for the C. G. I. T. girls from this district who go into camp at Allan's Point, Dalhousie, N. B. on the 10th inst.

An American minister, Rev'd Mr. Anderson is again summering here, occupying his pretty cottage in "The Glen."

**NEW CARLISLE**

Miss Rena Caldwell entertained delightfully at the tea hour on Tuesday, June 30th, in honor of Mrs. Dr. Patterson of Vancouver, B. C. Among those invited were: Mesdames F. Patterson, E. W. Sheppard, Hughes, G.

## MUST MARRY TO SECURE FORTUNE

Young Man Was Down and Out  
When He Heard of Good Fortune

Montreal, July 11.—Three months in Canada unable to secure employment, without friends or relatives here down and out looking for a position, Alexander Ferguson, aged 32, has just been left a fortune of \$50,000 by an uncle who did well in the sheep farming business in New South Wales, Australia. A condition of the will is that he must be married before he can become possessor of the estate, which is in cash.

Ferguson is the son of an engineer on the Canadian Railway, and himself, in the engineering trade. He served for two and a half years in the Dardanelles, being seriously wounded in the leg and abdomen. After the war he went to work in a railway office as an auditor, and later came to Canada.

Beebe, Brown, (Little Rock, Ark.) Blachet, A. Blois, Cote, LeGrand, Levesque, Gordon, Dorais, Gilker, W. Caldwell, Brimble, Wm. MacWhirter, (New Richmond,) J. Gordon, Miller, Hall, Levesque, Maguire, A. B. Caldwell, Levesque, Misses Kelly Smollett, A. Caldwell, Steele, (Black Cape,) Kempfer, Hamilton, M. Kempfer, LeBel, F. Caldwell, F. Cooke, Le Brocq, Bugeaud. Mrs. Hughes and Mrs. A. B. Caldwell poured, and Misses Steele and F. Cooke assisted in serving.

**GLENCOE NOTES**

Miss Marie Firth of Toronto is visiting her old home here the guest of Mr. and Mrs. Magness Firth.

Mrs. Peter Gerrard is visiting friends in Glencoe and Campbellton.

Our school closed on June 30th. Parents of the pupils and friends gathered at the school to hear the program which was splendidly carried out and to show the esteem in which our teacher, Miss Watling was held. An address was read by Edward Malcolm, while Miss Mary Firth presented Miss Watling with a gift from the friends of Glencoe. After the program lunch was served on the school grounds and was enjoyed by all.

Miss Della Kierstead spent a few days in Glencoe the guest of Misses Vana and Vera Malcolm.

Mrs. Magness Firth spent the week in town accompanied by Miss Mary Firth who was taking the High School Entrance examinations.

Edward Malcolm was also in town taking the High School Entrance examinations.

Jaden, Yee, and his wife and two children, who are now in the city, are also in the city.

Witness—Well, yet, you are in the city, isn't it, to allow as many as to answer?

Brings  
healthful  
cleanliness

Keep your house hygienically clean from attic to cellar with Old Dutch Cleanser. The soft, fine particles erase visible or invisible dirt and impurities with little labor. Goes further—lasts longer.

acquaintances in this place of the Rev.  
Sister Mary of Mercy for some years  
attached to the teaching staff at the  
Holy Rosary Convent here have  
learned with deep regret of the death  
of her mother, Mrs. Eusebe Dohren  
who died at Matapedia sometime ago.  
In the long list of those who sent  
spiritual offerings we notice the  
names of many prominent people both  
in the social and religious life of Can-  
ada which shows the high esteem in  
which the late Mrs. Dohren was held.  
The late Rev. Father Smith of Quebec  
was a brother of the deceased and the  
Rev. Alexis Dohren, (Campbellton),  
deacon of the Holy Heart Seminary,  
Halifax, N. S. is a close relative.Mrs. Adams of New York City and  
Miss Mary Jane McAuley of Montreal  
are the guests of their parents, Mr.  
and Mrs. Thomas McAuley.Miss Kathleen Rall teacher of Fri-  
gate Point, Miss Violet Rooney, teach-  
er of Gaspe Harbour and Miss Hor-  
meline Cassio, teacher of Ste. Major-  
ique, are spending the summer holi-  
days at their respective homes here.Mr. and Mrs. Bell of Toronto, Ont.,  
are spending the months of July and  
August in Seal Cove the guests of  
their daughter, Mrs. Hoberlin, Jr., at  
the latter's summer home.The teachers and pupils of the Holy  
Rosary Convent here had a pleasant  
motor boat trip to Cape Ozo on Tues-  
day where they held a most enjoyable  
picnic.Rev. Mr. Dickson, Rector of the  
Church of England in South Devon, N.  
B., motored through here on Tuesday  
last from Gaspe Basin enroute to his  
home in New Brunswick. Rev. Mr.  
Dickson came to Gaspe Basin to be  
the assisting clergyman at the wed-  
ding of his nephew, Mr. Ralph Pye of  
South Devon, N. B., and Miss Eagle  
of Gaspe Bay South. The newly weds  
returned with Mr. Dickson in his car.Mr. Clarence Rooney is in Douglastown  
from Sheldrake, Saguenay Co.,  
Que., to spend a few days with his  
parents, Mr. and Mrs. Michael Rooney.  
Mrs. John Whalen and Mrs. An-  
thony Cassio of Fox River were pass-  
engers on the "S. S. Gaspe" which  
docked here on Saturday morning.  
Immediately upon their arrival they  
were the guests of Mr. and Mrs. John  
McAuley and will visit in Point St.  
Petres and Chien Blanc before return-  
ing home.Many from this way attended the  
annual picnic held in Gaspe Basin on  
Monday day.Miss Emmaline Annett and Miss  
Vera Simpson teacher at the Protes-  
tant school in Brilliant Cove and  
Douglastown have returned to their  
homes in Gaspe Bay South and Rose-  
baire to spend the summer vacation.Mr. Robert Laird of Toronto, Ont.,  
for sometime stationed at the Meth-  
odist Church in the nearby parish of  
Cape Ozo, Gaspe Co., was elected on  
the committee of the newly organized  
United Church a few days ago.Another well known clergyman was  
also elected in the person of the Rev.  
J. W. Woodside, Rector of Chalmers  
Presbyterian Church, Ottawa. Rev.Mr. Woodside who is a son-in-law to  
the Honorable William Currie, Man-  
ager of the Continental Lumber Co. at  
Charlo, N. B., spent sometime in  
Gaspe Basin during the summer of  
1923 a guest at the "Baker House."Mrs. (Dr.) Alfred Strudwick of  
Campbellton, N. B., passed through  
here a few days ago enroute to Gaspe  
Bay South to visit her parents, Mr.  
and Mrs. Joseph Patterson.Mr. Frederick Morris was called  
here last week from North Bay, Ont.,  
owing to the illness of his mother,  
Mrs. Paul Morris.Rev. Father Edmund Plourde formerly  
of St. George's parish at Malbaie  
was a visitor to our village a few days  
ago.Mrs. Thomas Dean and little grand-  
son Master James Hartnett of Win-  
sted, Conn., who are summering at  
Mrs. Dean's old home in Brilliant Cove  
were in Douglastown for several days  
last week the guests of her sister,  
Mrs. Smith E. Baird.Recent weather conditions were  
generally favorable and all crops are  
doing well. Hay and grass pasture  
are looking nicely and the apple and  
plum trees were heavy in blossom  
which promises a good yield of fruit.Mrs. Leslie Horner son of the Rev.  
Louis Horner incumbent at the Angli-  
can Church in Peninsula and formerly  
of Sandy Beach, passed through on  
Saturday's train from Bishop's Col-  
lege in Lennoxville, Que.Miss Eugene Damour returned to  
her home in Griffon Cove a few days  
ago after spending several days in  
this place.The tug boat of the Howard Smith  
Paper Mills was in our harbour last  
week and took a large tow of cel-  
lars from up the river to the booms  
of the company in Sandy Beach.Rev. Father John Forest has been  
appointed secretary to His Lordship  
Rt. Rev. F. X. Ross, Bishop of Gaspe  
in succession to the Rev. Father Al-  
exis Dufresne who has been named  
vicar of Carleton, Que.**Matapedia**We are all pleased to hear that Rev.  
Mr. Gordon, pastor of the United  
Church has recovered from his recent  
illness.The party broke up in the wee hours  
of the morning.  
Miss Leonie MacNeill and Mr. T. M.  
Cumming were the guests of Mr. and  
Mrs. Jas. H. Adams for tea on Tues-  
day afternoon.Mrs. Austin MacNeill left on Fri-  
day evening for Montreal. She was  
accompanied by her daughter, Miss  
Jessie, who will enter Lachine Gen-  
eral Hospital as a nurse-in-training.Miss Jessie MacNeill left Friday  
evening for Lachine, where she will  
enter a nurse-in-training in the  
Lachine General Hospital.Miss Mary Delaney has returned  
from St. Lazare Portneuf to spend  
vacation with her parents Mr. and  
Mrs. Jas. Delaney.Miss Leonie MacNeill has returned  
from Pelee, Gaspe Co. to spend her  
vacation with her parents Mr. and  
Mrs. A. MacNeill.Mr. Lloyd Lynd passed through  
Matapedia on Tuesday.Mrs. Thos. Shea, accompanied by her  
two daughters Misses Madeline and  
Mary Shea, of Bangor, are the guests  
of Mr. and Mrs. Jas. Delaney.Miss Velma Delaney, nurse in train-  
ing at the Hotel Dieu Hospital is

here on Saturday enroute to Nouvelle.The many friends of Mr. Eugene  
Gaudreau have been shocked to hear  
of the injury he sustained while work-  
ing at pulpwood. The unfortunate  
young man cut his knee with an axe,  
the consequences of which will be  
serious enough. His friends wish  
him a speedy recovery.At 10 a. m. Monday, July 6th,  
at Point a la Garde School, there was  
held a meeting of the tax payers, for  
the election of a new syndic.Mrs. H. Lavolette of Campbellton,  
N. B., is the guest of her daughter,  
Mrs. Jos. Gallant. Mrs. Lavolette  
is here to attend the Gallant-Carroll  
wedding, which will take place on  
Wednesday, July 8th.**Escuminac**The Rev. Hewlett Upton passed  
through here last week en route to  
Gaspe where he is to be stationed.The Rev. George Anderson has re-  
turned from Boston his many friends  
wish him a pleasant vacation.Mrs. John Alexander and daughter  
forer's brother, the Rev. George  
of Douglastown, N. B. are visiting the  
Anderson at his Bungalow Glen Keith.Mr. Gillford Court has returned to  
his home at P. E. I.Miss Lizzie Price of Point a la  
Garde is spending some time in Es-  
cuminac with Mrs. Herbert Gaudin.Miss Inez LeBlanc of Campbellton is  
the guest of Mrs. Herbert Gaudin.Miss Dora Court is spending some  
time in Richardsville.Escuminac is particularly beautiful  
at this season; and is being enjoyed  
by a number of former residents, who  
are re-visiting their old homes.On Sunday the 5th, a fine patriotic  
service was held in the Presbyterian  
Church here, at 7 p. m. The church  
was well filled; it also being remarked  
that there were two clergymen in the  
congregation. A suitable programme  
was followed; copies of same were  
distributed in the pews. Among the  
hymns sung were "Fight The Good  
Fight" and "The Son of God goes  
Forth to War." The solo, "Calvary,"  
sung by the Rev'd. Mr. McPherson,  
was enjoyed by all, as well as a beau-  
tifully given reading by Mrs. Mc-  
Pherson. The Rev'd. G. Gougne's  
sermon was, (as usual), helpful, prac-  
tical, and interesting. The singing  
of the national anthem, followed by  
the benediction, brought the service  
to a close.A picnic for the pupils of the Con-  
solidated School was held on June  
30th, at Brown's Point. There was  
a good attendance. School prizes were  
presented to pupils; and the annual  
gifts given to teacher's.**BIRD'S PAROID**

## PERSONALS

Mrs. John Sinclair of Moncton has returned home after a pleasant visit with Mrs. W. A. Trueman at Campbellton and Mrs. Walter Glover of Moncton.

Miss Sam'l L. Hayer, of Nashua, N. H., left last week to attend the summer session of the Vacation School at Mount Allison University.

Mrs. O. P. Gilker and Miss Jennie Gilker are visiting in Cochrane and Knapton, Ont.

Miss Mabel Barton is visiting friends in Boston.

Mrs. Sowerby of Montreal and Mrs. Caniffie of Medicine Hat, Alta., are visiting their brother, Mr. H. C. Fair at Oak Bay.

Mr. and Mrs. Leslie Edwards of Esquimaux left on Tuesday's limited for a trip to Springfield, Ill., and St. Louis, Mo.

Miss Jennie McMaster of Newcastle is the guest of Mr. and Mrs. A. O'Donnell.

Miss Eleanor Rogers of Detroit, Mich. is the guest of Miss Dorothy Ingram.

Mr. and Mrs. W. L. Bacon with their daughters, the Misses Rosamond and Dorothy Bacon of New Bedford, Mass., are visiting Mr. and Mrs. Robt. J. Miller.

Miss Edith Lunan, nurse-in-training at the Royal Victoria Hospital, Montreal, is the guest of her parents, Dr. and Mrs. H. Lunan.

Mrs. E. E. Farnham and her son, Master Herman, of New Bedford, Mass., are the guests of Mr. and Mrs. Robert J. Miller.

Miss Ruby Miller of Fredericton is spending her vacation at her home.

Mrs. Hugh Murchie of Blacklands was a visitor to town last week.

Mrs. W. E. Wicks and little son Jack, of Eldon, P. E. I. are the guests of Mrs. Wicks mother, Mrs. J. C. Ferguson.

Mrs. W. C. Crockett who has been the guest of Miss Kerr, at her cottage at Maple Green is returning to Fredericton this week.

Mrs. Duncan McNutt is hostess at a delightful bridge of three tables on Wednesday afternoon last in honor of Mrs. C. W. McLatchey of Moncton.

The prize was won by Mrs. A. I. Morrison and Mrs. McLatchey was presented with the guest prize. Among the guests were Mrs. McLatchey, Mrs. Dorward, Mrs. S. W. Dimock, Mrs. D. A. Stewart, Mrs. S. H. Lingley, Mrs. B. B. Rosborough, Mrs. Wilkinson, Mrs. Morrison, Mrs. Robertson, Mrs. L. E. Gorman, Miss McNeill, Mrs. J. LeRoy Saunders, Mrs. Lunan and Mrs. W. R. Fitzmaurice.

Mrs. McNutt entertained again in honor of her guest on Friday afternoon, at a bridge of three tables.

Mrs. Jas. Morton received the first prize and Mrs. McLatchey the guest prize. The guests were Mrs. McLatchey, Mrs. Geo. G. McKenzie, Mrs. James Morton, Mrs. James Evans, Mrs. B. Somers, Mrs. Weatherly, Mrs. J. H. Moores, Mrs. Hubert Henderson, Mrs. W. G. Mott, Mrs. Fred McEwen, Mrs. F. E. Shephard and Mrs. J. J. McPherson.

Miss Lottie Hume, nurse-in-training at the General Public Hospital, Saint John, returned on Monday to resume her duties.

Mrs. Wm. Howard and Mrs. R. W. Robinson of Moncton are the guests of Mr. and Mrs. J. W. Howard.

Mr. W. F. Hargreaves spent Sunday with friends in New Richmond.

Judge Atwood and Messrs. F. L. Atwood, Stanley Turner of Harford, Mass., and Prof. E. O. Turner of Fredericton were the guests of Mr. and Mrs. M. M. Mowat enroute to the

rude Chesses and Mary Gorham.

Evelyn MacIntyre and Evelyn Dobson two of our fair damsels, have always kept up with the dashing fashions of the day. They are now able to leave to Ruth Anslow and James Wetmore a wide selection of wearing apparel.

These happy creations are not to be worn at Carnivals.

George MacMillan, who lately has developed into a sheik of no mean talent, is now quite capable of holding his own with the best of them. He bequeaths his wide knowledge of such matters to Ralph Sowerby, who we hear has quite a social position to uphold among pupils of the coming Grade XI.

Muriel Sears and Christine Taylor have developed some skill in the line of keeping lawns. This being a heavy task they soon employed the care of these they bequeath to Mabel Adams, Rhoda Allison and Ruby Maisie.

Harold Jamieson has to his credit any need for trivial matters such as or otherwise, the supplying of chewing gum to the members of our class. They bequeath these to Genevieve MacMillan and Ollie Harvey will not keep up with this unworthy practice, but will supply the coming Grade with pencils, erasers, etc. which have been sadly lacking this year, much to the

disgust of our teachers who have had to supply them in many instances.

Hectorine Guidry and Vera Marquis have shown splendid team work in lessons. By simply leaning back in her seat, Hectorine could promptly answer any question put to her by the teacher being prompted carefully by Vera.

They leave to Mary Kaine and Anastasia Arsenault, the best geographically located seats in the room.

Mildred Smith whose inability to make herself heard has caused much straining of ears, leaves to Thomas McLean a loud speaker, which same, she admits that it was greatly needed on account of her position in the last seat in the aisle.

Marjory MacBeath is something of a mocking bird—she can imitate almost anything, even to the foolish laugh of John Howard. She leaves this wonderful requirement to Miriam White. Of all the treasures willed, we think this to be the most cherished.

Olive Sullivan and Edna Hume developed early in their career, sad to say, a liking for strong, handsome young men which liking we are in-aid of the janitor. The school lawns formed was acquired during their many evenings spent in the local opera.

Edna seems to have been fortunate, but it is hoped that Olive's will soon appear. Having no longer any need for trivial matters such as books, pencils, pens and erasers, etc. they bequeath these to Genevieve MacMillan and Janie McLean.

Mr. Bridges who has always complained about the untidy appearance of his desk, employed Winnifred Sanpencils, erasers, etc. which have been sadly lacking this year, much to the

Young, to care for same. The girls
