## MARKET REPORTS

CHICAGO, Jan. 26.—Evidence that Australia and Russia were undervaluing the United States, had a bearish influence here today on the price of wheat. Largely in consequence the market, all day steady at the close, was 1/2c to 3/4c down, compared with Saturday night. Each of the other principal staples, too, showed a net decline—corn 1/4c to 1/2c, oats 1/4c to 1/2c, and provisions 1/2c to 3/4c.

A FINE SHOPPING CHANCE.

Brantford's "Dollar Day," which takes place on Thursday of this week will afford a splendid opportunity for the residents of this city and county, to get the biggest kind of value for their money.

They always do that here, but this is an annual occasion when the merchants of this community join together in a combined effort on behalf of very special bargains.

All sorts of goods are included in the lists offered and the names of the firms concerned, constitute a sufficient backing, and guarantee of the excellence of the offerings.

Courier ads tell you where to go and what you can obtain at little price.

SERIOUS CHARGES

The people of Quebec are just now greatly stirred up over a series of charges of the gravest kind preferred by the Montreal Daily Mail, a paper which came into existence a short time ago.

The proprietors of that sheet entertained the idea that certain members of the Local Legislature were open to bribery, and to test the matter had a bill quietly drawn up to give certain privileges to the "Montreal Fair Association." No such project in reality existed, but it served as a bait.

A Mr. G. S. Sampson, of a firm of contractors, and a Burns detective, did all the negotiating for the mythical project, and there was a concealed detective in the room in which the conversations were carried on. What the two gentlemen named have to relate, and what the instrument recorded of the conversations, is day after day occupying column after column of the Mail.

Direct cash is alleged to have passed, with the promise of some thousands more, if the bill became adopted. The names of members are given, and all the reputed circumstances are set forth in very great detail.

The accused have made a general denial, and Premier Gouin has ordered an enquiry and instructed the president and the editor of the paper to appear before the House.

ROSS AND THE NAVY

Hon. George Ross, Liberal leader in the Senate, is an imperialist at heart. He has shown that on more than one occasion, but, like a good little boy, he swallowed the nasty dose Laurier handed him last session in the matter of rejecting the Navy Bill.

He seems now to be uneasy with regard to what was done, or, at any rate, this is the only explanation to be deduced from a speech which he recently made in the Upper Chamber. During that deliverance he criticized the Borden Government for not again introducing their measure just now, pointed out that the time to strengthen navies was not during periods of peril, but in preparation therefor, and asserted:

"It takes time to build dread-noughts—three years, at least, and during these three years great peril could develop. Can the Government say the empire was in danger last year and not this? No man can say when the empire is in danger. It is always in danger. The time of peril may come before these ships are built."

Mr. Ross should have thought of these things at the time when, according to the orders of Sir Wilfrid, he was sharpening the Senate guillotine to decapitate the Borden proposal. Now he and his irresponsible colleagues have the head in the basket is no period at all for him to indulge in mournings and lamentations.

Meanwhile, in addition to the humiliation placed upon Canada by the Senators, there is the other undoubted fact that the British authorities still consider an immediate strengthening of the fleet a prime necessity. This circumstance is abundantly demonstrated by the acceleration of dread-nought construction and the fact that Winston Churchill, First Lord of the Admiralty, has triumphed with regard to his heavy estimates, despite the protests of Lloyd-George, Chancellor of the Exchequer.

Easy to Fall Off

"How do you account for the falling off in enthusiasm in your district?" "It's to be expected," replied Senator Sorghum. "People will fall off a band wagon, the same as a water wagon."—Washington Star.

SIR WILFRID LAURIER, CROAKER.

Sir Wilfrid Laurier, in the Dominion House, asserted that for the first time since 1896, when he assumed office, there had been men out of work in Canada willing to labor, and further that—

"It was only when a new government (his own) came in that had the courage to take the matter in hand, that there had come an era of prosperity which terminated only when the present government came into office."

The ex-Premier was wrong as usual.

There was a most marked and admitted financial stringency in 1907 and 1908 with a consequent slackening of trade. This, be it noted, was eleven years after Laurier, with his alleged magic touch, had been in office.

Hon. Mr. Fielding, then Finance Minister, spoke in his budget speech of a "world-wide financial stringency" and the Labor Gazette, bearing the names of Hon. Mr. Lemieux, then Laurier's Minister of Labor, and Mackenzie King, then his Deputy Minister of Labor, said in reviewing conditions in the month of December, 1907:—

"With the setting in of the winter season and the general cessation of most outdoor occupations, conditions are duller than those of last month with large numbers of both skilled and unskilled workers out of employment. The continuance of the financial stringency has induced a slackening of activity in nearly all lines and the problem of providing for the unemployed has become serious.

And two years later, in January, of 1909, the same Gazette contained the following:—

"The world-wide commercial depression which set in during the latter half of 1907, and which continued during 1908, was reflected in the trade and revenue returns of Canada for the past year, which showed a considerable falling off compared with those of 1907. Total foreign trade declined by about \$70,000,000, the decline being almost wholly in imports in which the chief gains had been shown in the past two years."

And yet in the face of such official testimony as this from his own side, Sir Wilfrid Laurier actually had the consummate nerve to assert "For the first time since 1896 men are seeking work, and are not finding work. For the first time since 1896 there is such a thing as unemployment in this country."

The unfortunate truth is that there have always been such cycles the world over, and that they occur without regard either to tariff or government. Canada, this time has weathered the situation better than any other land, and the immediate prospects are most reassuring.

Croaker Laurier ought to at least be fair with reference to the experience of his own government, and with regard to the excellent immediate outlook.

NOTES AND COMMENTS.

If the gas filtration works all right that commodity will not sulphur as much as hitherto.

Optimism is exemplified by the individuals who use sleighs on Brantford streets these days.

The dentists of America are meeting in convention at Buffalo. No doubt they have their canines with them.

In a Guelph grocery store Hydro-electric has been yoked up to run a coffee mill. That power will almost do anything from spanking the baby to hooking up madam's dress.

Word comes from California that this season's orange crop is a record breaker. As for the lemon crop, it always keeps at about the same figure year in and year out.

A Chatham man when charged with non-support of his wife said that he had left her because she ate too many eggs. She ought to have known that only the spouses of millionaires can safely indulge that kind of a stunt.

The annual report of Dr. Cutcliffe shows that during the year he confiscated 745 pounds of meat offered for sale, as unfit for food. That he located all such would, of course, be out of the question. The solution is the establishment of a public abattoir where all animals would be examined before slaughter and then be despatched under sanitary conditions.

A remarkable state of affairs is disclosed in the township of Tisdale, Northern Ontario, the tax collector refusing to give up the books, and the old Council having passed large accounts after being defeated at the polls.

CANADIAN BIRTHDAYS

TUESDAY, JANUARY TWENTY-SEVENTH

G. M. Bosworth, vice-president of the C.P.R., familiarly known as "Boss" Bosworth, was born fifty-six years ago to-day at Ogdensburg, N.Y. He is the supreme head under the president of the traffic department of the big system and as such has to look after the transportation of something like sixteen million passengers and thirty million tons of freight every year. Yet he bears his heavy load without complaint and is always ready to assume added duties. Everything that troubles anyone else is usually shouldered off on "Boss" Bosworth, whose capacity for work seems to be limitless. Steamships, hotels and telegraphs, one after the other, were shifted to his department and are now operated under his supervision. He is a most unassuming man and does each day's work quietly and effectively.

And he is a most unassuming man and does each day's work quietly and effectively. He lifted them all to his lap, and the Christ in His kindly grace. When their low, sad, sob he hears, Puts his tender embrace around the race, And kisses away their tears."

Uncle Walt The Poet Philosopher

COULD anything, my friends, be sadder, than is the modern comic song? Of sense or taste it has no shadder, in sound and fury it is strong. Its humor is a thing distorted, its chorus treats of "spoons" and "moons," it's time the authors were escorted to some stone hatch designed for loons. At eve I wind my phonogrammer, and then a "comic record" start; the music gives me katzenjammer, the words just rend and break my heart. It always has the same old burden: "Come out and spoon beneath the moon," the sickest rot that e'er was heard on this globe, since Adam hummed a tune, Oh, Ada Jones and Billy Murray, and all who sing for graphophones, suppress this nuisance, in a hurry, and sing good songs in dulcet tones! So many songs with truth are gleaming, so many touch the heart and please, there's simply no excuse for screaming such idiotic things as these. Kill off the "spooning" and the "mooning," of which the loud voiced warbler tells; one song you heard your mothers crooning was worth ten million modern yellies.

To The Editor

ARREST THIS MAN!

Editor Courier: Dear Sir—Now that the streets of our thriving city will soon be lightened with Hydro-Electric, will you kindly state in your paper the beginning of electricity.

I see by your Saturday's issue that ex-Mayor Hartman was burning coal oil in street lamps in the year 1854. Now, I have traced it back many years B.C., when Noah made the ark light on Mount Aarat.

THE Y. M. C. A. AUXILIARY

A Pleasing Address Given by Mr. Lee on Immigration Work.

The regular monthly meeting of the Women's Auxiliary of the Young Men's Christian Association, took place yesterday afternoon and was rendered more than usually interesting by an address from Mr. W. W. Lee, Y.M.C.A. Immigration agent at the Port of Quebec.

Mr. Lee announced that his subject was "To Be Strangers" and explained that the strangers were the 1563 foreigners who landed in Canada every day and had been doing so to this extent for the past ten years.

It was the work of his department to direct these men to their destinations and to provide work for those who had none to come to; also to organize classes in English.

Mr. Lee said the greatest need was the adoption of a different attitude towards our foreign brothers and he explored the use of nicknames which prevailed, closing his interesting and touching remarks with the lines: "Dago and Sheeny and Chink, Greaser and Nigger and Jap. From none of them doth Jehovah shrink. He lifted them all to his lap, And the Christ in His kindly grace. When their low, sad, sob he hears, Puts his tender embrace around the race, And kisses away their tears."

Mrs. Yeigh the president, thanked Mr. Lee for his entertaining talk, and the afternoon's affair was terminated most enjoyably with refreshments and conversation.

U S. Women hit the Ball Too Lightly Says Walter Travis

Walter Travis declares the playing methods of Misses Ravenscroft and Dodd are precisely the same as those of Miss Rhona Adair and her compatriots of a decade ago. He summed up the differences between the foreign and domestic article thusly: "American women hit the ball too timidly, too carefully, as it were; as though it was a lovable thing; the English women hit firmly, hot to say vindictively," as if they hated the ball and delighted in hitting it."

HAMILTON 7; SIMCOE 2. SIMCOE, Jan. 27—Hamilton juniors met the locals in a scheduled O. H. A. game here last night and defeated the Simcoe seven by the score of 7 to 2 in one of the fastest games of the season. In the opening period the Ambitious City Septette hit it on the locals by the score of 3 to 1. The contest was witnessed by a large crowd, who has been without hockey for some time because of the accident to the rink.

The body of Mrs. Baker of Detroit was found embedded, head downward, in solid ice in River St. Clair.

FIFTEENTH ANNUAL AT BALFOUR STREET

Splendid Growth Has Been Achieved by West Brantford Church.

The fifteenth annual meeting of Balfour St. Presbyterian Church was held last evening. It proved to be one of the most enjoyable and successful meetings ever held.

In the absence of the pastor, Rev. J. M. Whitelaw, the chair was taken by Mr. R. H. McCormick. The reports from all departments and organizations were read and showed very satisfactory progress all round. The condition of the Sabbath school called for special mention, because in attendance and other matters it has all previous records beaten.

The treasurer, Mr. Wm. Robertson, presented a most satisfactory report, showing a neat balance in the bank. The total revenue, raised by all organizations amounted to upwards of \$1150, which, considering the size of the church, is indeed a record. Mr. Robertson has made an ideal treasurer, and was unanimously re-elected to that position.

A special vote of thanks was tendered the Ladies' Aid, whose report showed valiant work.

The election of members for vacancies on the Board of Managers was dealt with, resulting as follows: Three-year term, Mr. E. A. Danby and Mr. Angus Finlayson; two-year term, Mr. Wm. Robertson and Mr. J. F. Dewar; one-year term, Mr. D. Morrison and Mr. A. Wakeling.

Mr. G. Calbeck and Mr. E. H. McCormick were appointed auditors, and Mr. A. Finlayson and Mr. T. Powell head ushers.

Votes of thanks were extended to the choir, the orchestra and Mr. and Mrs. Marno, for rendering valuable services.

The secretary was instructed to convey the congregation's thanks to the capable and efficient organist, Miss Clara McIntosh, who has brought the musical end of the services to a state of perfection.

The chairman referred feelingly to the pastor's illness and his enforced absence. The secretary was instructed to convey the congregation's sympathy, with hopes for a speedy recovery.

Balfour St. Presbyterian Church has closed the best year of its existence, and better things are anticipated for the year 1914.

The managers were instructed, in view of the present uncertain gas situation, to at once proceed to commodity the church for electric lighting. Estimates have already been secured, and the work will be finished speedily. The board were also instructed to make proper sewer connections. These matters will be dealt with at the first meeting of the new board.

Presbyterianism has struck its gait in West Brantford, and the growth of

Ladies' Aid

On January 13th, 1914, the Ladies Aid of Balfour St. Presbyterian Church, held their annual meeting at which the election of officers took place as follows: President, Mrs. J. Book; vice-president, Mrs. J. Wilde; treasurer, Mrs. J. F. Dewar; secretary, Mrs. S. Danby; collector, Mrs. N. Greenwood; visiting committee, Mrs. Wilde, Mrs. Dewar, Mrs. Greenwood.

The attendance was fair and the past year leaves us with a neat balance on hand.

It was then arranged that a social

Division Court will be held one week from to-day at the Court House before His Honor Judge Hardy.

**Would Construct Line.**  
The Bell Telephone Co. have written the city asking permission to place poles on Victoria Street from Murray to Brock streets.

**Account Rendered.**  
John H. Hall and Sons, Limited, have rendered an account to the city for \$9.90, the firm having laid out and sketched improvements for the old stone crusher.

**Want Debentures.**  
Gibson, Crombie and Co., Toronto, have written the City Clerk asking for particulars concerning municipal debentures. The firm would purchase debentures.

**Inaugural Meeting.**  
The inaugural meeting of the Brantford Public Library will be held on Tuesday evening, February 3rd. Committees will be struck and the ordinary routine business transacted.

**Presiding Over Court.**  
Major Smith, Superintendent of the Six Nation Indians is in Hamilton to-day attending police court in which several parties are charged with selling liquor to Indians.

**Joined the Staff.**  
Mr. Adam Kew, formerly an employee of the Waterous Engine works, has joined the staff at the East End Fire Hall, replacing Fireman Harry Rock, who resigned. Fireman Kew went on duty this morning.

**Visited City.**  
"There is no general suffering in this city," said W. D. Killins, Fair Wage Officer of the Department of Labor, Ottawa, who visited Brantford yesterday, looking things over. "It is true there are a number of unemployed, but I am satisfied that things are not so bad at all."

**Firemen Called to Fire.**  
Last night at 9.30 the central fire department was called to the American Radiator Co. The soot in the chimney leading from one of the ovens used for baking cores, had gotten on fire, the pipe became red hot, and one of the employees, believing that the roof would ignite, called the department. Upon the arrival of the firemen an investigation ensued, and it was found that the roof was of concrete construction and the chimney hole was protected with iron. The fire was allowed to burn out.

**Evangelistic Services.**  
The special meetings at the Calvary Baptist church commenced last evening. There was a gratifying attendance and a fine spirit manifested. Rev. James Chapman delivered an impressive address on Proverbs 11: 30: "He that winneth souls is wise." All felt that the speaker had been given just the message for the occasion. Mr. S. J. Timbs sang a beautiful solo. This evening Rev. T. Richards will speak and Mr. Harry Green will sing. The congregation will be led in song by the choir.

**Cannot Play.**  
The National Business College of Hamilton have written Manager Slatery asking for a game here. The management finds it impossible to take on the game.

**Child Taken.**  
Baby Morris, who has been under the protecting wing of Mr. Stander, was taken by the Rev. Mr. Miller to the Berlin orphanage yesterday. One hundred dollars have been guaranteed by Mr. Stander for the child's upkeep.

**To Have a Big Night.**  
At a meeting last night it was definitely decided that the combined courts of the A. O. F., would hold a big rally in Victoria Hall the latter part of February. Chief Organizer Butt is to give a stereopticon lecture and several of the high court officers are expected to be present.

**Re-establishing Garbage System.**  
Mr. D. A. McLachlan, chairman of a special committee of the Stratford City Council, appointed to bring in a report re-establishing a garbage system in Stratford, has written the city clerk asking for information. Mr. McLachlan asks for a copy of the city's by-law dealing with the garbage system; also for special information as to initial cost and expense of running the system.

**Football League Meeting.**  
A special meeting of the Brantford and Paris Football League will be held to-morrow evening at 8 o'clock in room D, Y. M. C. A. All delegates are asked to be present as business of utmost importance to the league will be taken up. The coming season promises to produce much in football. Much of the success of the season depends upon the interest taken during the season when playing is impossible.

**Will Play Here.**  
The junior O. H. A. team will play the last league game here on Friday night with Paris, satisfactory arrangements having been made with the rink management. The line up for the game will be as follows: Goal Wood; left defence, Burgess; right defence, Brown; rover, Treacy; centre, Beckett; right wing, Cassidy; left wing, Summerhayes. The team will practice Wednesday night at the arena from 7 to 8 o'clock.

**Dance Last Night.**  
The ladies of the Dufferin Chapter of the Daughters of the Empire expressed themselves very much pleased with the dance under their direction held last night at the Dufferin Rifle Armouries. The decorations for the officers ball had been left in place, and the regimental band rendered equally as good music as on the evening of the officers ball. There was an attendance of 800 and about \$30 was realized after all expenses had been paid. The merry makers had a delightful time.

**AN IMPROVEMENT NOW LOOKED FOR**

**New Superintendent of Cemeteries Has Had Long Experience.**

Mr. Thresher who is the new superintendent of cemeteries, is a well-known Englishman who resides on Terrace Hill street. As a young man he was employed in the gardens of the Hon. Mr. Goschen, a former well-known Chancellor of the Exchequer in Lord Salisbury's administration. Coming to this country some thirty years ago, he first looked after the gardens of Mr. H. W. Brethour on Brant avenue and then for 24 years was in charge of the gardens and greenhouses at Wynarden, the residence of Mr. Henry Yates and now of Mr. Herbert R. Yates. Mr. Thresher is an enthusiastic member of the Horticultural society and an ex-president of that body. He is looked upon as one of the finest landscape gardeners in Ontario and under his supervision a great improvement can be looked for in the years to come in the upkeep and appearance of the Brantford cemeteries which are sadly in need of expert care and attention.

Mr. Thresher is an enthusiastic member of the Sons of England and of the I. O. O. F. societies.

War between the transatlantic steamship lines was begun in London in earnest.

Assistant Deputy Minister J. U. Vincent of the department of Inland Revenue, has been added to the Commission on the High Cost of Living.

**William Milmine Elected Warden This Afternoon**

At the inaugural meeting of the Brant County Council this afternoon with all the members present, William Milmine was elected Warden of the County by an unanimous vote. The nomination of Mr. Milmine was made by Marshall Burtes, seconded

by Reeve Jennings of Brantford. The Warden-elect hails from Burford and it is a long time since that Township has secured the wardenship. Without doubt the new warden will prove a most capable head of county affairs.

## Grand View's Fight Shunts Pest House Away From the Hill

Purchase of Property of J. H. Williman on Charing Cross Road Will Not be Effected by the City Council.

According to a decision reached by the city council last night, Grand View will get no pest house in its midst. A resolution can always rescind a previous resolution, and that was the air brake applied last night by the aldermen on the proposal to buy the property of J. H. Williman on Charing Cross Road at a price of \$5,800. This purchase was authorized by last year's council.

Inasmuch, however, as the agreement with Mr. Williman had not been backed up by a by-law with the corporation seal affixed thereto, the council legally could crawl out from under, and Mr. Williman has no redress. It was felt by several of the members of the council that \$5,800 was too high a price for the property, others attacked the situation of the place. The result was a resolution by Ald. Hollinrake which negated the

resolution of last year's council whereby purchase was authorized. The city is now up against the proposition of getting a new location for a pest house. Behind Strawberry Hill and out of sight, has been suggested although it is likely that no matter where the new smallpox hospital is built, there will be serious objections from the neighboring community.

Ald. Hollinrake drew attention to the protests of Grandview people to the establishment of the pest house on Charing Cross road. The city had agreed to give \$5,800 for the house of Mr. Williman, whereas the actual value was about \$3,300. An action for damages was threatened if the place was bought. Below it, the East Ward creek had its origin, and it might be the disease would be carried through the eastern part of the city. Ald. Hollinrake thought the city could get out of the deal. A pest house could be built near the House of Refuge. The Williman cottage was never built for one. The rear corner of the House of Refuge was much more suitable.

## FROM GREAT LAKES TO THE ROCKIES

Women Sing the Praises of Dodd's Kidney Pills.

Saskatchewan Lady Adds Her Testimony to What Has Already Been Said of the Great Work Dodd's Kidney Pills Are Doing.

CEASARVILLE, Sask., Jan. 26—(Special)—The scarcity of female help in a new country subjects the women of the prairies to unusual strain, and careful observation has established the fact that this strain first makes itself felt in the kidneys. For this reason Dodd's Kidney Pills are making an enviable reputation from the Great Lakes to the foothills of the Rockies.

Everywhere you will find women singing the praises of the great Canadian kidney remedy that has banished their pains and weariness, and brought them back to health. Among the many is Mrs. Edgar Cowen, an estimable lady of this place. "I have found Dodd's Kidney Pills very beneficial," Mrs. Cowen states. "If anything I can say will help any sufferer I am glad to add my testimony to what has already been said."

The kidneys strain all the refuse matter out of the blood. If they are out of order this refuse remains in the blood, and becomes poison. That's why sound kidneys mean pure blood and good health. Dodd's Kidney Pills make sound kidneys.

CONGREGATIONAL CHURCH. Owing to the illness of the pastor, the pulpit was supplied by the Rev. T. S. Linscott, whose discourses were listened to with much interest by all present. The speaker exhorted his hearers to greater Christian optimism. We, as Christians, have no right to be gloomy. We should radiate the rightness of our faith to all around us and by so doing draw others to the sunshine of Christ's love; for we are all creatures of environment.

In the evening the preacher took for his text "Seek ye the Lord, while He may be found, call ye upon Him while He is near, etc."

The music was also much enjoyed, consisting of: Anthem, "Radiant Morn," Solo, Miss Campion, "Lead Kindly Light," Quartette, "Steal Away to Jesus," Brant Male Quartette.

## When Accounts Are Passed At City Council

At the City Council meeting last night Hydro Electric Engineer Ireland, who goes to Toronto every Saturday, submitted a bill to the City Council for \$11.81 expenses to Toronto, Mr. Ireland's home is in Toronto and when the account was read, it was wondered by several aldermen whether it was a joy visit or not.

A detailed statement was asked for, and Ald. Hollinrake supplied it, mentioning \$4.00 actual expenses to the Queen City, also several other things which came under the category of "incidentals."

The account was passed finally. Ald. Ryerson pointed out that certain fire and light committee accounts had been standing for six to twelve months. As chairman of the committee he objected against these old time accounts coming in.

Ald. Hollinrake also "objected," stating that the chairman of the fire and light committee last year had certainly let things go. No account should be outstanding even two months.

Ald. Ryerson: "Hear, hear." With that the matter dropped. It was announced by Mayor Spence that until construction work was completed all Hydro accounts would go through the City Council.

Ald. Broadbent wanted to know what alteration's account from Wiles and Quinlan was for? It was pointed out that two new men came on and their clothes had to be changed.

## LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Sick headache or sour stomach means sluggish liver and bowels. Get a 10-cent box now. Furred Tongue, Bad Taste, Indigestion, Sallow Skin, and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

Mr. J. Mabbott is Winner of Courier Prize in the Football Contest.

Great interest was shown in The Courier's first football competition, and a large number of entries were received. After sorting out the coupons, J. Mabbott of 76 Mary street was found to be nearest correct; he had six errors. He was closely followed by S. Carey of Emily street and W. Garland of the Starch Works, who each gave twelve correct guesses. Neil McKay and J. Hugins followed with eleven correct.

The winners showed considerable inside knowledge and good judgment of Old Country football, and has evidently followed the teams closely. He carries off the consolation prize of two dollars.

The uncertainty of modern football is one of its chief attractions, and no doubt this fact lends considerable interest to the competition.

In view of the popularity of The Courier football contest, it has been decided to substantially augment the prize list, as will be seen from our football page.

**Football Competition**

All that is necessary is to cross out in ink the names of the teams which the competitor thinks will not win. In case the intention is to designate a draw, both teams should be crossed out.

ther in the pay nor employ of the department. The Minister proceeded to depreciate the captain's alleged statement as slander on the Bay of Fundy route and said that in reading it he had suggested to the St. John Board of Trade the advisability of laying the facts before the public. Mr. Hazen proceeded to say that it was especially unfair that an endeavor should be made to prejudice any route of navigation in Canada. The record showed that the Bay of Fundy route was as safe as the St. Lawrence, and he believed that when the report of the investigation into the wreck of the Cobequid was made public it would be found that the disaster was not attributable to dangers inherent to the Bay of Fundy, but to other causes.

Mr. H. R. Emmerson repeated his question as to whether 23 trains, besides the Ocean Limited, were to be discontinued on the Intercolonial Railway.

Hon. Frank Cochrane made answer that the proposed discontinuance of 23 trains was news to him. As to the Ocean Limited, he promised an answer at the next sitting.

**Debate on Address**

Mr. LaFontaine, of Montreal, resumed the debate of the address and the speech which he began on Friday evening. He expressed his surprise that the government should propose to increase the number of the Senators, and that before it had dealt with the representation in the Commons. He evidently took little stock in the Laurier "free food" policy, for he asserted with vigor that the farmers were not given enough protection, and demanded an increase in the duty upon tobacco imported into the country to compete with the Canadian article. He reviewed the allegations made by Liberals to explain the defeat of their candidate in the Chateaugay election.

Mr. Andrew Broder, of Dundas, in commencing his address, reminded the House that if Canada embarked upon a permanent naval policy she would have to provide annually a large sum to maintain and operate her ships. "Let Canada decide whether she is to swim or to fly first," he said. He commented upon the fact that Sir Wilfrid Laurier had been very anxious to prevent the government from getting credit for passing the much desired Cassidy improvement legislation, and at the same time anxious to disclaim any intention of hurrying the bill. "They want the child to cry, but are afraid to whip it," he said. He declared that any one who realized the situation would appreciate that the improvement of roads in the rural districts would do much to keep the people on the land. He warned the Opposition that the people would fare but little for technical objections to the bill, and would call to account those who blocked the plan to give them good roads.

Mr. Broder said that Sir Wilfrid Laurier had in his amendment pronounced the body politic very sick indeed. He had proposed no remedy, but had called in Dr. Clark (Red Deer) whose treatment was the same whether the patient was sick or well-free trade. In Ontario, continued the member for Dundas, the farmers were never more prosperous. In Liberal days hard times had begun in the rural districts, and had stayed in the rural districts.

**High Cost Due to Mode**

If Sir Wilfrid Laurier had been right in estimating that 100,000 men were out of employment in Canada, that would cover the immigrants arriving in three months only. New-comers could not all expect to find work as soon as they landed.

"I know that a man can live cheaply, because I have had to do so all my life," said Mr. Broder, taking up another phase of the question. The high cost of living was largely due to the mode of living. Women bought bread instead of baking it as in years gone by, and a modern wife did not know where the scrubbing brush and clothes line were. "My right hon. friend and his followers may pass all the resolutions they like," said Mr. Broder, "but they cannot make the hen lay one more egg or add a pound to the bullock in the stall or the hog in the sty. The producer can do it, and you

**WITHIN THE LAW**

By MARVIN DANA FROM THE PLAY OF BAYARD VEILLER

Copyright, 1913, by the H. K. Fry company.

**CHAPTER VII. A Legal Document.**

MARY TURNER spent less than an hour in that mysteriously important engagement with Dick Gilder of which she had spoken to Aggie. After separating from the young man she went alone down Broadway, walking the few blocks of distance to Sigismund Harris' office.

Harris regarded his client with an appreciative eye as he bowed to greet and invited her to a seat.

"I sent your cousin, Miss Agnes Lynch, the release which she is to sign," he explained, "when she gets that money from General Hastings. I wish you'd look it over when you have time. It's all right, I'm sure, but I appreciate your opinion of things. Miss Turner—particularly of legal documents."

"Thank you," Mary said. "And have you heard from them yet?"

"No," the lawyer replied. "I gave them until tomorrow. If I don't hear then I shall start suit at once." Then the lawyer's manner became unusually bland and satisfied as he opened a drawer of the desk and brought forth a rather formidable appearing document, bearing a most impressive seal.

"You will be glad to know," he went on unctuously, "that I was entirely successful in carrying out that idea of yours as to the injunction. My dear Miss Turner, Fortia was a squawking baby compared with you."

"Thank you again," Mary answered as she took the legal paper. For a moment her glance ran over the words of the paper.

"It's splendid!" she declared. "Did you have much trouble in getting it?"

"Why, no," he declared. "But at the outset when I made the request the judge just nearly fell off the bench. Then I showed him the Detroit case to which you had drawn my attention, and the upshot of it all was that he gave me what I wanted without a whimper. He couldn't help himself, you know."

That mysterious document with the imposing seal reposed safely in Mary's bag when she returned to the apartment.

Mary had scarcely received from Aggie an account of Cassidy's threatening invasion when the maid announced that Mr. Irwin had called.

"Show him in," Mary directed.

"Who's the gink?" Aggie demanded.

"You ought to know. He's the lawyer retained by General Hastings in the matter of a certain breach of promise suit."

"How's he brought the money?"

"Leaves the room now," Mary ordered. "When I call to you come in, but be sure and leave everything to me. Merely follow my lead. And, Agnes—be very ingenuous."

"Oh, I'm wise—I'm wise," Aggie nodded as she hurried out toward her bedroom. "I'll be a squab—surest thing you know!"

Next moment Mary gave a formal greeting to the lawyer who represented the man she planned to meet effectively.

"Irwin lost no time in coming to the point."

"I called in reference to this suit which Miss Agnes Lynch threatens to bring against my client, General Hastings."

"It's not a threat," Mr. Irwin. "The suit will be brought."

"You realize, of course, that this is merely plain blackmail."

"It is blackmail, Mr. Irwin, why don't you consult the police?"

Mary turned to the maid, who now entered in response to the bell she had sounded a minute before. "Fanny, will you ask Miss Lynch to come to my room?" Then she faced the lawyer again, with an aloofness of manner that was contemptuous. "Really, Mr. Irwin," she drawled, "why don't you take this matter to the police?"

"You know perfectly well," the lawyer said bitterly, "that General Hastings cannot afford such publicity."

"Oh, as for that," Mary suggested evenly, and now there was a trace of slyness in her fashion of speaking. "I'm sure the police would keep you out of the matter. Really, you know, I complain a secret. Really, you know, Mr. Irwin, I think you had better take your troubles to the police rather than to me. You will get much more sympathy from them."

The lawyer sprang up with an air of sudden determination.

"Very well, I will then," he declared. Mary pushed in his direction the telephone that stood on the table.

"3100 Spring," she remarked encouragingly. "Will bring an officer almost immediately." She leaned back in her chair and surveyed the baffled man amusedly.

"Nevertheless," he rejoined, "you know perfectly well that General Hastings never promised to marry this girl, you know?" He broke off as Aggie entered the drawing room.

Now, the girl was demure in seeming almost beyond belief—a childish creature, very fair and dainty, guileless surely, with those untroubled eyes of blue, those softly curving lips of

warmest red and the more delicate bloom and the rounded cheeks. There were the charms of innocence and simplicity in her manner as she stopped just within the doorway, whence she regarded Mary with a timid, pleading gaze, her slender little form poised lightly as if for flight.

"Did you want me, dear?" she asked.

"Agnes," Mary answered affectionately, "this is Mr. Irwin, who has come to see you in behalf of General Hastings."

"Oh," the girl murmured, her voice quivering a little as the lawyer after a short nod, dropped again into his seat. "Oh, I'm so frightened!" She hurried, fluttering, to a low stool behind the desk beside Mary's chair, and there she sank down, drooping slightly and catching hold of one of Mary's hands as if in mute pleading for protection.

(To be continued.)

This is a short history of the humane and children's aid movement in the province, and is a glowing appreciation of Mr. Kelso's connection with these governments.

# LONDON KEEPS STRING UNBROKEN

## Tecumseh's Again Victorious, Beat Saint Thomas 6-1.

ST. THOMAS, Jan. 27.—Those Indians are not to be denied, and last night they climbed another notch pennantwards by trouncing the Saints in a rather loose exhibition of the winter pastime by 6 goals to 1. The tally at half time was 2 to 0. The largest crowd of bugs of the season here gathered to witness the fracas. The Londoners were numerous and noisy.

In reviewing the muss, one cannot say that it was the greatest yet unloaded by the Tecumsehs. In fact, it resembled the old but popular game of our childhood—shinny in many respects. Both teams showed speed at times, but the Saints could not bore in and lost the puck scores of times, when there might have been a chance to do damage. Of course it must be remembered the Hall marks was put on that old rubber most of the evening, and that is mainly the reason that the Saints did not bore in. Mr. Wardrope and Dot Reid were also some stumbling blocks.

### Many Penalties.

Quite the feature of the evening was the procession to the penitent bench. Wally Hern, Stratford, permitted nothing rougher than a loud sneeze, and a result he was as busy as a one-armed man hanging wall-paper on a ceiling, chasing the end boys to the cage. The writer counted up to 20 penalties, but as he was under orders to write a hockey match and not a dissertation on the reform of "rough necks" he let it go at that. There may have been one hundred, but that does not matter.

It must be said that the Saints looked much better than when they appeared in London earlier in the season. Baker their crack centre was sent to Montreal, and his place was taken by a Collegiate boy to be named Walker. This lad was one of the real things of the night, and played a hard, unselfish game. And he stood the punishment well, too. The defence played better, and were it

not for a disposition to play the man and not the puck they would have been much more effective. Jackson is a good man, but he was a spectator much to often to help his team as he should. Sheppard had the same trouble. Hamilton in goal was good. McLean and McDonald, late of Goderich, showed improved form, and played hard. The latter shot splendidly, and gave Wardrope a touch of rough stuff several times. Storer as rover was effective.

The Tecumsehs did not play to their form, taking the game rather easily. At times they showed great turns of speed, particularly when one or two men were off. They had room then, and they were dazzling. The forward line to a man played a great game. The slow ice caused them to overskate the puck frequently, however. They shot well and combined nicely. It was a nice workout for the lads. As mentioned before, the defence was as handy as a corkscrew at an Indian lister's conclave. They had all that was necessary to stop the home gang.

Hern refereed a good game in spite of the number of penalties. He got most of the off sides and was impartial. Both sides were willing to mix it, and had the gang got beyond him somebody might have been hurt.

The ice was soft and slow. Sharp, fast passing was impossible. The only good thing about the pastime was the result, from a London standpoint.

### GIANTS SIGNING UP.

NEW YORK, Jan. 27.—Arthur Wilson, catcher of the New York Giants, has not jumped to the Federal League as reported, according to a telegram received from Wilson yesterday by President Harry Hempstead. Wilson reported he had not sighted a contract with a club of the new circuit, and that he expected to sign with the Giants and would report at the spring training camp at Marlin, Texas, in February.

President Hempstead also received communication from Outfielder Snodgrass to the effect that he was satisfied with his contract.

Nat Ray is to have Grand Opera this year, but whether he will stick to the little tracks or tackle the big game is not known.

There are rumors that Director L. is to be in the Murphy stable this year, also that Walter Cochato has been added to the string.

Veteran hockey player, formerly with Brantford Pros, and playing good game with Quebec.

# STRATFORD INDIANS DEFEAT CLINTON

## Classic City Seven Now Stands Good Chance to Grad the Honors from Goderich.

STRATFORD, Jan. 27.—Just home from a little jaunt to Syracuse, the local intermediates met Clinton here last night in an O. H. A. fixture, winning by a score of 5 to 2. This victory gives the Indians a fine chance for the group honors, as they have only dropped one game, and even if Clinton should win on home ice on January 29, Goderich can only hope to tie up the district by defeating St. Marys. The half-time score was 2 to 1 in favor of Stratford.

There was not an exciting moment in the game, why two penalties being served up, and these both to Riggs for tripping. Team work was scarce, except now and then when a Stratford player was too feary to "hog" the puck. Schultz was the best man on the ice, with Bombray, and Riggs also doing good work. Johnson started for the visitors, blocking many sure shots.

### GODERICH 4; ST. MARYS 1.

GODERICH, Jan. 27.—Goderich defeated St. Marys here last night in one of the hardest fought games of the season. The checking was close all the time, both teams using their weight to good advantage. The first half started with a rush, and after 10 minutes' close playing Goderich scored the first goal, and nothing was doing the balance of the first period. The second half both teams started hard and Kinder was kept busy getting off-sides and tripping, and kept the penalty box full.

Towards the end Goderich got going and played them off their feet. The busiest man on the ice was St. Marys' goaltender, who was ruled out at the last. The game ended 4 to 1.

### SARNIA, 7; ALVINSTON, 4.

SARNIA, Jan. 27.—Alvinston and Sarnia intermediates came together last night in a speedy game of hockey. Alvinston had the best of it in the first half by 2 to 0, but in the second half the local boys got busy and the score stood 7 to 4 in Sarnia's favor. Arthur and McLennan held down the honors for Sarnia. Devenport started for the visitors. The Alvinston rooters came to town by special train and over 100 Watford boys came along to see the fun.

### PARIS, 4; WOODSTOCK, 4.

PARIS, Jan. 27.—The scheduled O. H. A. game last night between the local intermediates and Woodstock took the form of an exhibition game, as the visitors defaulted. With no being at stake but keep the crowd in good humor, the locals were only able to hold the Woodstock team to a 4 to 4 tie, as the Woodstock team lead at half time by the score of 3 to 2. The game proved to be merely a workout for Paris for their big game with London on Wednesday.

### GUELPH 8; NEW HAMBURG 1.

GUELPH, Jan. 27.—Guelph Varsity juniors went up a peg last night in district No. 5, when they beat New Hamburg by the score of 8 to 1. The ice was in perfect condition and the play fast and clean. The score just about indicates the play. Foster and Nunan starred for Guelph, while Bowman put up a good game for the visitors. The score at half time was 3 to 0 in favor of Guelph.

# TORONTO IN 'FED' TO A CERTAINTY

## All Doubt Was Swept Aside Last Night—Team Has Been Signed.

TORONTO, Jan. 27.—"You may make this statement just as strong as black printer's ink will make it on white paper: the Federal League will have a team in Toronto and we will be good and ready to open the 1914 team."

"Bill Bradley will manage the team. He has signed a contract. That contract is for three years. The Toronto team is already signed. It is one that the fans can be proud of. The necessary financial backing has all been arranged for and we are in an excellent position here as well as in every other town in the league. There has never at any time been any intention of transferring the Toronto franchise to any other town."

"Ever since coming to Toronto first we have had four options on good accessible properties on which to build a modern park. The location of the latter will be announced in a day or two. We have good and sufficient reasons for withholding our announcement in that connection."

Having thus delivered himself of those emphatic statements, Richard T. Carroll settled back in his chair, with an air of finality. Taking Mr. Carroll for it, what else do the fans want? Mr. Carroll says that the gentlemen behind the Toronto club will be in town to-day.

"Regardless of malicious statements which have been circulated about us we are here to stay," said Mr. Carroll. "The forces of organized ball have done everything in their power to thwart us. They have knocked us incessantly. We have knocked nobody and will not knock anybody. We are here on our merits and do not ask any sympathy or any support that we do not deserve. The Federal League will do its best and leave the rest to the fans. We have not been asleep and we are not going into this thing blind. The new league has a strong corps of legal talent and will fight the baseball trust for its rights."

So, now, Mr. Fan, you know whether the Federals are coming to Toronto or not. There will be plenty of ball here next season with International, Federal and Canadian Leagues all doing business. The Federals and Canadian Leagues will clash in dates. If the fans desire to accept the statements of the new magnates Toronto is now a "major league" town.

### PUCKERINGS

Wesley and South Parkdale, Toronto, play a M. Y. M. A. League game at University of Toronto rink to-night from 9 to 10. An important Pacific Coast league game will be played to-night at Vancouver when the team of that city and the Victoria seven clash. A victory

for the homesters will practically give them the championship. Frank Nighbor, who last season played left wing for the Torontos, and who has been out of the game for the past month on account of injuries, will be found on the Vancouver forward line for the first time since his injury. Art Throop, last season's member

of the Tecumseh N. H. A. team and now with the New Westminster team of the Pacific Coast League, has been forced to go to a hospital on account of a broken collar bone sustained in the game against Victoria on Friday night last. He will be out of the game for the remainder of the season.

**NO BUSTLING WITH MAIL LATEST PLAN**

English Postal Employees Keep Up Annoying Sabotage.

LONDON, Jan. 27.—The sabotage in the general post office is not confined to the central telegraph office, where instruments are being tampered with in ever-increasing numbers. It is spreading to the big provincial offices, such as Manchester, Glasgow, and Liverpool, and delays in the transmission of telegrams are becoming more serious every day.

Another instance of "ca" cannying, as sabotage is called by British trade union members and officials, has come to light in the general post office. Typewriters are now used in large numbers for the writing out of messages, and these machines have during the last few days developed a remarkable facility for getting out of order and necessitating the attention of mechanical experts to set them right.

In regard to the sorting and delivery of letters, "ca" cannying is being carried on by the class of workers known as mail porters. It is frequently discovered that a bag of letters is "accidentally" left behind in post office or railway station; wagons destined for the railway termini somehow arrive late and trains are missed; breakdowns of mail vans are remarkably numerous, and it is surprising how the porters contrive to take double the time to handle a load of mail bags compared with the speed they were displaying a few weeks ago.

Men who used to seize a bag in each hand and carry them from van to truck, or vice versa, now find that one bag taxes all their strength. "No bustling" is now the order of the day.

An attempt was made by Mr. Smart, parliamentary secretary to the national joint committee of postal and telegraph associations to deny the charges of sabotage. His "denial" will carry very little conviction. The following are some of his statements:—"That pranks of one kind or another are sometimes played by thoughtless persons is, of course, correct, but this is not confined to the post office, and, indeed, is inseparable from the employment of thousands of people in one building."

"The placing of a small glass phial containing some evil-smelling substance in some hidden spot is certainly not unknown in other employ-

ments than that of the post office, and the fact that a controller has issued a notice on the subject is only proof that his nerves are unstrung, and certainly not of sabotage."

**THEY CAUGHT HIM**

KENORA, Ont., Jan. 26.—Hjalmar Molander, a Finnlander who has terrorized homesteaders and hunters in the Kenora district for two years, has been captured by a posse who surrounded his hut and got his rifle by strategy. The insane man is now lodged in a steel clad cell in Kenora jail.

**GOOD BLOOD THE SECRET OF HEALTH**

To be Healthy You Must Keep the Blood Rich, Red and Pure.

Dr. Williams' Pink Pills are useful in any disease caused by thin or impure blood, and the list of such diseases is astonishingly large. Anemia literally means a condition in which the blood is thin and watery. In rheumatism the blood becomes thin more rapidly than in any other disease. After an attack of a fever or acute fevers the blood is always thin and impure, and Dr. Williams' Pink Pills are the tonic to use during convalescence. When the blood is poor and thin the stomach suffers. The food ferments, gas and certain acids form and the trouble is pronounced indigestion or dyspepsia. The nerves receive from the blood all of their nourishment to keep up their energy and repair waste or damage. Some forms of paralysis are caused by thin blood. The progress of locomotor ataxia is stopped in many cases when the blood is made pure, rich and red. This is only a partial list of the troubles having their origin in impure, watery blood, and all can be cured by supplying the blood with its missing constituents.

This is exactly what Dr. Williams' Pink Pills do. Their chief mission is to make rich, red blood, and this good blood reaches every organ and every nerve in the human body, thus driving out disease and bringing renewed health and strength to those who are weak, despondent people.

Ask your neighbors. There is not an inhabited corner in Canada where Dr. Williams' Pink Pills have not restored some sufferer, and all over this country there are grateful people who do not hesitate to say they owe health—in some cases life itself—to this great medicine. If you are ailing begin to cure yourself to-day by using Dr. Williams' Pink Pills.

Sold by all dealers in medicine or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

**Girl Writer as a Waitress Seeks Color for Her Stories and Has a Good Time, Too**

Waitresses are honest and kindly and the women they serve are stingy. This much Miss Fannie Hurst, college graduate, writer of short stories and observer of humankind, found out after working a few days as a "learner" in one of the many quick-funch places dotting the city's business streets.

"The men give you a tip if they spend only a little on their food, but the women never do," declared the young woman.

Miss Hurst has written for the Saturday Evening Post and other magazines and papers, and she has also had two or three books published. She is a graduate of Columbia University. She came to New York four years ago from St. Louis.

Putting on one of her dingiest dresses, she started from her home, and applied for work in a white tiled restaurant near Herald Square. The manager employed her as a "learner" not as a waitress, because she had had no experience but she averaged 70 cents a day in tips, which she said was good for a beginner.

"There is a certain etiquette about tip-taking," explained the college waitress. "You must get the coin out of sight as quickly as possible, and it isn't easy to do, as you would know if you ever tried to slide one from a slippery table top into your apron pocket without anyone seeing you."

**Golf Champion Tells Why Game Can't be Too**

(By J. H. Taylor.)

(In this article the British open golf champion cites his own experiences in combating the doctrine that golf is becoming too easy.

The discussion had its origin in an article in "The Daily Mail" on December 18, in which Mr. Herbert Fowler, the well known golf architect, expressed the view that more cross bunkers placed at a distance to compel the long hitter to play short would give the medium player who is not a long driver, a fairer chance. He also suggested the standardization of golf balls and cross bunkers so placed as to limit the distance from which a green may be approached, as a way of overcoming any tendency which rubber coated balls and better kept courses might have towards making the game easier.)

It always seems to me as somewhat incongruous, and it will, I feel sure, appear so to all right thinking golfers that the periodical cry that golf is becoming too easy emanates not from the man who bears the stress of battle in the very front rank, but from a few players who are presumably influenced by the low scoring recorded occasionally by a brilliant wielder of golf clubs.

The really first class player does not attempt to denounce this most difficult of games as being too easy. He knows differently and does not disguise the fact that at all times and under any conditions he finds the playing of the strokes a very exacting test. Even in the most favorable conditions to play golf really well demands a very high standard of applied skill. Those who have reached a certain amount of accuracy in the propulsion of a golf ball know the difficult and elusive nature of the game only too well, and these characteristics are always present, even when the player is in his very best form.

This elusiveness is the greatest charm of the game, and in itself elevates the game above the category of the too easy. The concentration required by all who wish to excel is sufficient to disprove the too easy doctrine.

My friend, George Duncan did not find the game too easy at Hoylake last June, when attempting to qualify for the open championship. Nor did the then champion, Ted Ray, or I myself. Ray and I both scraped in by the lowest possible margin, and I shall never forget the horror I felt when it dawned on me that I had to hole a nasty golf putt in order to compete in the championship proper. To hole that putt was certainly far from being easy, and I never breathed a more delicious sigh of relief than when I heard the ball safely rattle in the bottom of the tin.

Length of Drive a Detail  
Golf can never be easy. To hit the ball with the middle of any club is none too easy, and even should this be accomplished with more or less regularity there is the additional and ever present essential of direction and control. The "too easy" advocates appear to draw their deductions solely from the fact that the rubber core can be driven farther than could the old gutty ball. This cannot be denied but the length of the drive is only a mere detail in the curriculum of the game.

After all, length is a crude factor. Direction and control is the prime necessity and are more difficult with the resilient than with the solid ball. What does it really matter if Duncan, Braid or Vardon got round a course occasionally in 68 strokes

when 74 would appear to be more decent of them?

We cannot infer that because of the lower figure the game is becoming too easy. It would be a poor compliment to the experts and a sad reflection on the evolution of human skill. It must always be so. It is quite in accordance with the progress that is bound to be made by all who apply themselves to perfect their game, as my friends do, that they occasionally flash forth a particularly bright beam.

But it cannot be deduced by any reasonable reckoning that because they so shine their skill has received a flattering help from the easy conditions. It is not fair. It is not sportsmanship. I have played first class golf long enough to remember when 80 was considered a good score on an average 18 hole course. I won my first championship at Sandwich in 1894 with an average for the four rounds of about 81, but I also remember that my game then was not to be compared in steadiness and I saw it with all humility—sustained skill to that of to-day.

The better condition of the links and improvement in the implements are not the sole cause of it, but I flatter myself that I am a more skillful player now than in 1894. My long acquaintance with first class golf and my incessant bouts with an increasing number of first class players must count for something.

The "Too Easy" Delusion  
It is just because the game has become so popular, and consequently a greater number of really first class players, that the game appears to be easier. But this is only a delusion of the mind.

Assuming for the sake of argument that the game is becoming too easy for the first class player, it cannot even then be argued that the average golfer finds it too easy it must be remembered by those who delight to torture us all with their intricate subtleties of course construction that the average player is the backbone of the great golfing army and is called on to face these subtleties just as the first class man is. But with this difference; the first class player may face them with confidence compared with the fear and trembling of the average person.

In both cases the players lost the greatest benefit that the game can confer, its pleasure. It is not pleasure to be confronted at every stroke by such difficulties as can be surmounted only by a fortunate combination of circumstances allied to luck. The player should not be put on the rack of a shattered confidence at every turn. The game was never intended to be played under such painful conditions.

NEARLY DIED OF STONE IN THE BLADDER  
GIN PILLS SAVED HIM  
513 JAMES ST., HAMILTON, ONT.  
"Five years ago, I was taken down with what the doctors called inflammation of the bladder—intense pain in back and loins, and difficulty in urinating, and the attacks, which became more frequent, amounted to unbearable agony. I became so weak that I could not walk across the street. I could not sleep. My wife read in the paper about GIN PILLS and sent for a box. From the very first, I felt that GIN PILLS were doing me good. The pain was relieved at once and the attacks were less frequent. In six weeks, the Stone in the bladder came away. When I recall how I suffered and how now I am healthy and able to work, I cannot express myself strongly enough when I speak of what GIN PILLS have done for me." **Woman and Three Little Ones Dead**

Burned to Death at Village Near Montreal This Morning.

(By Special Wire to The Courier)  
MONTREAL, Jan. 26.—Mrs. Rodin and three children were burned to death this morning at Notre Dame des Rosaire, Que.

Mrs. Rodin was starting a fire with kerosene and the flames jumped to the clothes of her little girl present. Mrs. Rodin tried to extinguish the flames and her own clothing caught fire. Two other little girls in the room, one of whom was the daughter of a neighbor, were panic-stricken and ignited their dresses by attempting to put the flames out.

The house which was of frame construction, was ultimately completely consumed and the bones of the victims were discovered among the ashes when a search was made.

# OLD COUNTRY FOOTBALL

## Can You Forecast the Winners?

BRANTFORD TIGERS.

A fascinating and profitable pastime for the thousands upon thousands of new Canadian citizens of English, Irish and Scotch extraction who closely follow the football struggles in the Old Land week by week.

Realizing that the Old Countrymen in Canada, sportsmen all of them, while greatly interested in all branches of Canadian sports, cannot be weaned away from their interest in the most popular of all public sports in Britain, Association Football, the Courier has decided to give more particulars of these games in the future than it has in the past.

And to enhance the interest of these reports, the Courier offers prizes for those who make the best forecast of the winners in these Old Country competitions each week.

The Courier Sporting Editor has selected the five most important matches from the following four leagues:

ENGLISH FIRST LEAGUE, ENGLISH SECOND LEAGUE, SOUTHERN LEAGUE, SCOTTISH LEAGUE.

LEAVE YOUR ORDER WITH YOUR DEALER OR TELEPHONE 139 AT ONCE

### \$90.00 IN GOLD

To any subscriber to the Brantford Courier who has a paid-up three months' subscription, who sends in the correct result of the twenty matches in the four leagues mentioned, the sum of \$90.00 in gold will be given.

To any reader of the Courier who sends in the correct result of the twenty matches in the four leagues mentioned the sum of \$8.00 in cash will be given.

If there is more than one correct answer, the prize money will be divided amongst those who send them in.

### CONSOLATION PRIZE

In the event of no one making such a correct forecast, a consolation prize of \$2 will be awarded to whoever comes the nearest to the correct answer.

The Brantford Courier

# ANOTHER MAUSOLEUM HAS BEEN PROPOSED FOR MT. HOPE

## But the City Council Last Night Turned Down the Proposition on Final Reading of By-Law—Mr. Thresher is Appointed.

Another proposal to build a Mausoleum in Mt. Hope by another company than that which secured an agreement with the city council last summer, was launched at the council meeting last night. Coming as it did "like a bolt from the blue," it did not successfully navigate the treacherous waters of the by-law state. The company seeking to build is the American Mausoleum Company, and its representative, Mr. Cleveland, said whether crypts were sold or not, the company would build the mausoleum within six months. He addressed the council and described in detail the beauty of the building, for which plans and specifications were laid on the table. The by-law got through clause by clause until the third reading, when a two third vote was necessary. Then the by-law hit the rocks, as there were sufficient votes against its passing. The City Clerk had a strenuous time getting the vote recorded, having to call three times for the yeas and nays, while Mayor Spence had to deliver his first admonition that the aldermen were there for business and not for monkey work. Votes changed every time the City Clerk called for the yeas and nays.

It is said the by-law will be introduced at the next meeting of the council. Of other routine business, the appointment of Mr. John Thresher as Superintendent of the cemeteries, was the principal feature. Mr. John Hutchinson had a following, but Mr. Thresher got the vote and it was finally made unanimous.

**Board of Works**  
The Board of Works reported as follows:

That the letter of H. F. Leonard of Dec. 10th, 1913, be filed.  
That the letter of E. M. Reid (re. Kitchen) of Jan. 8th, be referred to the city solicitor.

That the City Engineer be authorized to call for tenders for supplying required by the board of works during the year.

Ald. Ward said that in regard to the cleaning out of the channel next to the Chief Engineer of the Dominion Railway Board had been notified as to the serious situation.

A reply had been received that the matter will receive his careful and prompt attention.  
Mayor Spence said that he was in correspondence with Mr. W. F. Cockshutt, M.P., in reference to the matter, and he would impress upon the Brantford member the necessity for action.

**Buildings and Grounds**  
The Buildings and Grounds committee recommended that John Thresher be appointed superintendent of cemeteries, at a salary of \$600 per year, his duties to commence February 1.

To this Ald. Bragg and Sutch had an amendment to the effect that John Hutchinson be appointed.  
Ald. Charlton and Mayor Spence pointed out that the appointment would have to be made by by-law. Therefore it would be an economy of time to take the matter up in the by-law stage.

Ald. Pitcher said the Buildings and Grounds committee wished to go on record themselves. The report was signed by four members of the committee.

Ald. Hollinrake thought there was no use for two discussions when one would suffice.

Ald. Pitcher thereupon withdrew his report and Ald. Bragg, his amendment. It was a case then of fighting things out in the by-law stage.

Ald. Pitcher introduced the by-law to appoint a superintendent of cemeteries, and the council went into committee of the whole with Ald. Hollinrake in the chair.

The name of John Thresher was moved by Ald. Pitcher, and in amendment the name of John Hutchinson was moved by Ald. Bragg. The amendment was lost by 8-5 and the original motion carried unanimously.

Those voting for Hutchinson were Ald. Bragg, Sutch, Quinlan, Sigman, Ward—5.  
For Thresher, Ald. Ryerson, Woolams, English, Calbeck, Broadbent, Pitcher, Wood, Robinson—8.

It was at Ald. Ward's suggestion that the appointment of Mr. Thresher be made unanimous.

Ald. Hollinrake, seconded by Ald. Robinson, introduced a by-law to authorize the borrowing of money to the extent of \$250,000 to meet current expenses. The by-law simply had to go through; therefore it went. The interest is not to exceed 5 per cent. per annum, and means that the city will have to wait for taxes which are as sure as death, wherewith to pay off the debt.

**New Mausoleum**  
Ald. Pitcher said the plans and specifications for the new mausoleum for Mt. Hope cemetery, which would hold 212 crypts, and more if necessary, had been received. The company designated the American Mausoleum Company, would start in six months and complete the building in a year. It would cost the city nothing.

Ald. Pitcher informed Ald. Charlton that the American Company was not the same as the one with which the city had already entered into an agreement.

Ald. Charlton said he did not feel justified in voting for something which had never been brought forward in detail.

Ald. Pitcher said the by-law would give all the details necessary. He thought the American Mausoleum would be more satisfactory than the International.

Ald. Charlton objected to the matter going through with a rush.

Mayor Spence said it had been intimated to him that the International company proposed to take their mausoleum out near Farrington Church, and leaving Mt. Hope alone.

Ald. Ward took the same grounds as Ald. Charlton. For weeks the matter was discussed, representatives of the International Company appearing as deputations before the council explaining everything.

Ald. Calbeck supported Ald. Charlton.

Ald. Broadbent said the American would not interfere with the International. The latter would have to sell so many empty crypts before they would build. The American Company, it was understood, would build anyway. It would not hurt to have two mausoleums in Mt. Hope, both of which would give a revenue to the city. Ald. Broadbent suggested that Mr. Cleveland, representing the American Company, be heard.

**Mr. Cleveland**  
Mr. Cleveland, a rather portly American gentleman, appeared. He said money had already been subscribed in Brantford for the mausoleum. The building was the best of its kind on the continent. Mr. Cleveland enlarged on the details of the endowment plan of his company. A body lasted forever and aye, he said, in any crypt. A chapel was built to hold 500 people, only those who owned crypts. If the

public used the chapel the city got a revenue. The reason it was wanted to get it through as soon as possible trained experts had to be secured to sell crypts and they were available now. He believed 300 or 400 could be sold in Brantford. Further, he said this city was to be made the head office of the American Mausoleum Company. Granite and marble would be the construction, said Mr. Cleveland. The outside wall would be granite, the inside marble, reinforced by concrete.

Ald. Charlton moved, seconded by Ald. Calbeck, that the matter be left over for two weeks.

The council finally decided to go into committee of the whole and discuss the details of the proposition.

Thereupon an argument on compound interest on crypts at \$5 per for 32 years, etc., etc., proceeded between Ald. Charlton and Ald. Ryerson.

Mayor Spence pointed out that the by-law was almost exactly the same as the one Ald. Charlton voted for last summer.

There were six nays to the by-law when it was put through finally. Ald. Ryerson, Calbeck, Charlton, Dobson, Bragg, English—6.

Yeas—Ward, Woolams, Sutch, Broadbent, Pitcher, Sigman, Wood, Hollinrake—8.

The vote was not sufficient to carry, and therefore it will be introduced at some future time.

### City Council Brevities

A number of ratepayers petitioned for a sanitary sewer to be extended to 42 Lyons Avenue.

The Bell Telephone Co. want to put up poles on Water street from Colborne to Market street.

The Board of Health has recommended to the city a large number of new sanitary sewers.

Frank Hubert said that a drain at the corner of Brock and Grey street caused the water to go into his cellar.

The resolution of Grand View residents strongly protesting against the pest house in their section was read by the City Clerk.

The honor roll at last night's council—Ald. Sigman, Wood, English, Broadbent, Woolams, Quinlan. These aldermen said nothing.

The City Clerk read several letters from applicants for cemetery and garbage jobs. They had all been looked over in committee previously.

Ald. Pitcher, as chairman of the buildings and grounds committee, refused to read off 42 names, all applicants for the job of Superintendent of Cemeteries. The names had previously been considered in committee.

Ald. Geo. Ward, as chairman of the board of works, holds his seat on the left of the Mayor, down pretty well. Ald. Ward has had experience and outside of talking pretty well himself on different questions, gets matters before council, put through with dispatch.

The quorum present was as follows: Mayor Spence, Ald. Hollinrake, Robinson, Wood, Charlton, Pitcher, Broadbent, Woolams, Ryerson, Bragg, Ward, Quinlan. Late arrivals in the order named were George Sigman, William Sutch, F. J. Calbeck, English.

Mrs. Emma Schell, Secretary of the Victorian Order of Nurses, wanted a more liberal grant than \$100 from the city this year, the work of the order having grown greatly in importance. The amount of \$150 however was granted for 1914, on motion of Ald. Hollinrake.

Ald. Ward introduced three by-laws for the construction of Sanitary sewers, stating that it was particularly necessary in view of labor conditions to have the work undertaken and pushed through. Accordingly the by-laws went through. The sewers will be constructed under the local improvement act.

Ex-Ald. S. Suddaby and many others petitioned the council to accept the offer of J. T. Hewitt, whereby the city should build a dyke on land donated by Mr. Hewitt, thus providing a big industrial tract on the outskirts of West Brantford and also making the entire district in that vicinity absolutely safe from flood danger.

Dr. Cutcliffe, as city veterinary, submitted his annual report. He had inspected all civic horses, and stated that a couple of fire horses should be replaced this year. Two more new horses should also be purchased for the board of works. The police patrol horse had no place for the storage of hay. In the case of potatoes, butter, beef and pork on the market, a few seizures had been made. The doctor recommended a public abattoir. He also condemned the market scales, which were seldom in order. He advised the purchase of a larger, also a smaller pair of scales for the market, the fees from which would more than repay interest on the investment.

**C. P. R. NOTE CERTIFICATES.**  
The new issue of note certificates by the C. P. R., from which it purports raising \$42,000,000, draws attention to the wide diffusion of the stock of the company—a diffusion which has given it the remarkable stability it discloses and which at the same time guards it from predatory attack by reckless speculators or unscrupulous syndicates.

There is probably not a country in the civilized world in which the stockholders of the C. P. R. are not found. In India, the Hindu merchant has shares of C. P. R.; in China, Japan, even Persia, the fame of the company has spread; and thirty people have put their surplus money into C. P. R. stock.

Railway 485; Rock Island Co. 4,157; Pere Marquette 1,662; Southern Railway 11,388; Texas and Pacific 1,245. Altogether, these aggregate properties have 124,098 owners at present, with share capitalization of \$1,481,892,039. Each holder has an average of 119.9 shares. The increase all over the properties during the year was 15,128 stockholders. Three of the companies made additions to their capitalization during the year. Atchafalaya by the conversion of bonds, \$2,000,000 more stock outstanding on June 30 this year than on the same date last year. The C. P. R. added nearly \$28,000,000 to the amount of publicly owned stock, but by the issue of its own shares.

The C. P. R. in fact, is the third of 100 companies in point of numbers of its stockholders, Pennsylvania and Telephone head the list. The number grows every year. For instance, in 1912 the number was 41,300, whereas in 1913 it was 48,000. The Atchafalaya has 12,000 fewer stockholders than the C. P. R.

The record shows that: Atchafalaya has 36,451 shareholders; C. P. R., 48,111; Central of New Jersey, 790; C. B. and Q., 333; C. S. P. M., and O. M., 1, 123; Delaware and Hudson
