Rev. A. J. Prosser will preach at Steam Mill Village Sunday at 3 p.m.
Capt. Samuel Beardsley and Mrs. Beardsley of Wolfville were the guests of Mrs. Ezra Reid at Dalhousie over Sunday.

Corpl. H. C. Rich, of Bedford, one of employees of the B. N. R., who enlisted in the 64th Battalion was wounded on May 3rd in the left leg and is now in the King Edward Memorial Hospital, Ealing, W., England. He is a young man highly esteemed. He is a grand-son of Mr. and Mrs. C. L. Parker, Medford, his many friends wish a speedy recovery.

Mrs. Percy Parker and two children have been spending a few days in the city guests of Mr. and Mrs. Rupert Parker.

Mrs. Charles Smith left on Wednesday to spend a week with her friend, Mrs. Jenner of Digby.

Mrs. L. H. Eaton of Wolfville and daughter Elmora, were visiting friends in town on Wednesday. Miss Eaton who is head nurse in a recuperator hospital is spending a three months vacation at her home in Wolfville.

Furnished House to let in vicinity of Kentville, with or without board. Apply at this office.

ESCAPED FROM JAIL

Two desperate characters gained their liberty by breaking out of jail at Annapolis Royal Tuesday night. They were Enos Carter and Max Crouse, who were to be tried at the June term of the Supreme Court at Annapolis Royal, charged with burglarizing several places in the Valley. Both of these men were rounded up by Chief Detective Kennedy, of Halifax, some time ago. The detective located Carter at St. John. Carter has a record for jail-breaking and at one time made his escape from Dorchester penitentiary, to which institution he was sent from Digby for burglary. While awaiting trial for this offence he broke jail at Digby. Crouse's record is not such a bad one, but he is too dangerous to be at large.

FOR RENTAL—4 rooms in a house pleasantly situated. For terms, etc., apply at Advertiser Office. sw

FOR RENTAL—Office Room in Advertiser Brick Block, Main St. Apply at this office. sw

WOOL CARDING

I have fitted up the CARDING MILL AT STEAM MILL and will be ready now for Carding Wool. All work will receive prompt attention. E. KAIZER, Steam Mill. swd.

SHEEP FOR SALE

From fear of dogs and conscription, I will sell 30 ewes and 50 lambs. The Ewes are nicely bred commercially. Pasture can be arranged for A. J. Newcombe. 1 x

BUNGALOW FOR SALE

A well built and substantial Bungalow, situated at Kingsport, near the station, with land adjoining, 50 x 75 feet, is offered for sale. A deposit of \$100 down—the rest may remain for a time, without interest. Apply to Rev. T. C. Mellor Kentville.

PRESBYTERIAN CHURCH

Next Sunday morning the united service will be held, Rev. J. Polhill being the preacher. In the evening there will also be service, when Rev. (Rev.) J. T. Lawthrop, of the 112th Battalion will preach. Capt. Lawthrop is a Presbyterian minister and was stationed at Glenewan, Sask, prior to joining the army.

The A.S.C. (Canadian Transport) from Toronto are expected to attend the morning service at the Presbyterian Church.

112TH SERGEANT DEAD

Many of our readers will remember Sergt. Timothy Dill, 112th Batt., and a former resident at Ellerhouse. He carried three stripes in the 112th but fearing that he might be left behind at Bramshott he donned the tunic of a private and took up his position in the trenches. He was at Viny Ridge and on May 30th died of gunshot wounds in the head. His death occurred at the 6th British Red Cross Hospital, Etaples, France. A short time before going overseas he was united in marriage with Miss Bessie May Freeman, of Kingsport, Kings Co., N. S., - Hants Journal.

CAPTAIN WM. LOCKHART DEAD

Capt. William Lockhart, of Avonport is dead at a port in Peru. Word to that effect was received in Halifax today. He was well-known in this city, having sailed out of Halifax from time to time. He will be better remembered by the travelling public as the genial and popular commander of the D. A. R. steamer Prince Edward, which was on the Bay of Fundy route between Digby and St. John, some ten years ago, and late plying between Yarmouth and New York. His wife and two children accompanied him on this trip to the Pacific coast of South America and were with him when he died. Captain Lockhart was a victim of cancer of the throat.—Herald.

RED CROSS PARCELS RECEIVED

Letter to Miss Mary Cogswell, Kentville, dated April 13, 1917:

"My Dear Friend—Just a line in answer to the one you sent in a pair of socks to a soldier in France I am most pleased to say I was the lucky one to get them. You say that the news there is that you send socks to soldiers and they do not get them. Now that is not true we do get them and you cannot realize how much they are appreciated by the soldiers. Now it is not a case of one getting them and not others, for an instance of this came to me from the trenches after our most glorious victory, which no doubt you will have read in the papers long before you get this letter.
Now we came out to get a little rest and to have a roll call to make sure how many casualties we had and I was a little late getting to my tent. It was snowing hard and blowing, in fact it was more like a Canadian blizzard and my feet were wet and cold I had no socks and my corporal gave me a pair of six. Now I took them well knowing that they had been sent by our unknown friends in Canada as we often get them now. It is most strange but when I took them I said God bless the little lady who sent me them socks and I was not long in getting off my putties and boots and getting into the socks when I found your note and I am taking the first opportunity to let you know that those that say we do not get them are only trying to stop you from sending them, now all my platoon got socks, about 50 men and I was the last one to get a pair and I thank you very much for them. My address is Pte. J. T. Baldwin P.P.C.L.I., B. E. F., France.
I will how close with best of thanks, hoping you will continue with the good work. I remain yours, etc. J.T.B.

..DON'T FORGET—Basket Social in the Presbyterian Church, tonight (Friday), at 7.30.

RESIGNATION OF THE RECTOR OF ST. JAMES' CHURCH

Rev. T. C. Mellor, rector of St. James' Church, Kentville, has resigned his charge here and has accepted the rectorship of the Church at Annapolis Royal.

During the 5 1/2 years as rector here and 7 years in charge of St. John's church, Cornwallis, Mr. Mellor has endeavored himself with the people of this section of the Valley. He has ever been a friend and comforter to all under affliction, in other churches than his own. As a citizen he will be much missed. Anything in the way of support and help given him during his recruiting and other work in the prosecuting of the war. Two of his sons joined the army in France and one made the Supreme sacrifice. It is probable that he will leave for Annapolis Royal in August.

SUPREME COURT STILL IN SESSION

(Continued from page 2)

In the alleged forgery case known as the Parker case the following witnesses were examined on Wednesday—Messrs. Robie and Whitney Parker, J. W. McKay and A. A. Thompson of Kentville, acting Chief of Police Haurahan of Halifax, T. H. Morse, Berwick; N. I. Bowlby and J. R. Frizzle of Aylesford, Mr. H. H. Wickwire prosecuted and W. E. Roscoe, K. C., defended. Mr. Roscoe in his defence raised the point of law that in this case there was no "forgery" as credit was given the prisoner himself and the name signed to the check was not the name of any existing person who was injured by the use of that name. The cases cited were so strong that His Honor instructed the jury that a verdict of not guilty of forgery would have to be entered. Such was the verdict given.
The prisoner LeRoy Illsley was then arraigned on the charge of theft and receiving stolen goods from the same person G. W. Parker, Kentville. About the same witnesses were examined in the forenoon and a verdict of guilty rendered by the jury at 12.45 o'clock.
On Wednesday afternoon the S. B. Chute case for alleged forgery was tried against Illsley and witnesses examined again. The evidence as to handwriting on the checks in court was most carefully gone into as given by Mr. Thompson of the Royal Bank, Kentville, Mr. Frizzle of the bank at Aylesford and Mr. Graham teller at Aylesford bank. At 5.45 after addresses by the counsel and His Honor the jury gave a verdict of guilty.
Thursday morning the case of alleged forgery of T. H. Morse's name was taken up and continued all through the morning. The burden of the Crown in this case was to establish the identity of Illsley and the proof of his handwriting on the check. At 3.30 p. m. the Jury retired and after due consideration returned stating they were unable to agree. This means a new trial.
Several other cases are yet to be tried and the civil docket may all have to remain over for the summer term.

- 6—Jefferson, Elmer, Blomidon, Farmer
- 7—Reagh, Judson, Aylesford, Undertaker
- 8—Magee, Ernest Town Plot, Farmer
- 9—Spinney, Leland, Greenwood, Farmer
- 10—Piggott, W. E., Kingston, Merchant
- 11—Skinner, Alfred, Greenwood, Farmer
- 12—Ward, George, North Alton, Farmer
- 13—Margeson, Judson, Berwick, Farmer
- 14—Hilsley, Ken, Berwick, Farmer
- 15—Magee, Henry, Auburn, Farmer
- 16—Newcombe, Wilford A., Greenwood, Farmer

Farmer
17—Saunders, A. P., Harmony, Farmer
18—Thomas, Chas, A. Berwick, Farmer
19—Hardaker, John, Grand Pre, Farmer
20—Porter, Perry, Centreville, Farmer
21—Shankel, Harold, Steam Mill, Farmer
22—Magee, Charles, Greenwood, Farmer
23—Armstrong, Hazen, Burlington Farmer

24—Morse, Frank, Berwick, Farmer
The criminal docket was a large one and was presented to the Grand Jury by His Honor as follows:

The King vs. Fullerton.
The King vs. Le Roy Hilsley accused of forgery in three cases (Chute, Morse and Parker) and two cases against same for larceny and receiving stolen goods in Parker case and case of Bank of Nova Scotia.

The King vs. Austin Lockhart for assault.
The King vs. John and Pern Clark, assault, etc.

The King vs. Stanley Fielding for assault on David Aalders.

The King vs. Young and MacInnis for assault on R. L. McDonald. The Grand Jury considered all these cases and found true bills in all except the Stanley Fielding case.

Mr. Sangster was given an order of foreclosure in the case of Cook or Wellwood.

The case of The King vs. W. Y. Fullerton was taken up and continued all through the day several witnesses being examined for prosecution and defence. The Jury returned a verdict of not guilty at 8.15 in the evening.

On Wednesday at 10 a.m. the case of The King vs. LeRoy Hilsley in the G. W. Parker case was taken up. This was for the exchange of a wagon for a new one and the giving of a check for balance in a fictitious name. The charge was forgery and altering a forged check.

WHAT CAUSES YOUR DISTRESS

AIR RAID ON BRUGES

Docks and Canals with Good Results

LONDON, June 4.—The commando at Dunkirk reports that a bombing attack was carried out on the Bruges docks and canals last night with good results.

U. S. REGISTRATION DAY

For selective draft tomorrow, which will be a general holiday — Loss of citizenship faces Britishers who refuse to respond.

NEW YORK, June 4.—Final arrangements have been completed for the registration tomorrow, and possibly 10,000,000 Americans, between the ages of 21 to 31 inclusive, to serve with the Allies in the war.

Minor disorders here and there, which usually mark election day, are anticipated but local State and Federal authorities are co-operating to meet promptly and adequately any organized resistance to the draft measure. In accordance with President Wilson's proclamation, Tuesday a general holiday has been declared in most centres.

It will probably be days before accurate registration totals can be announced, but the work of sifting the flower of American manhood for service at the front will begin tomorrow. Loss of citizenship face British slackers in the recruiting lines of the British mission headed by Brigadier General White, which will begin recruiting at 280 Broadway on Wednesday.

"It is naturally expected," said General White, "that a large number of Englishmen in this country will come forward voluntarily, but it should be borne in mind that compulsory service is now in force in England and probably will be put in force in Canada, and the citizens of any country accepts the obligations as well as the privileges of his citizenship it may be assumed that the man of military age who does not offer his services cannot expect to retain the privileges of citizenship."

CONTINUED EFFORTS

Of British and French to advance on Macedonian front

SOFIA, June 3, via London June 4.—Continued efforts by the French and British to advance on the Macedonian front are reported in the official statement issued by the war office Sunday. The text of the statement follows:

Some French companies tried to attack Bulgarian advanced posts south of the villages of Humna and Moyina, but were repulsed by our gunfire. In the northern part of the Seres' plain at nightfall after artillery preparation, strong enemy detachments advanced towards Shtovo but retired under effective Bulgarian fire.

Invitation to Young Men to Join, the 24th Railway Construction Draft, Western, N.S., under the Command of Lieut. L. H. Putnam, Bridgewater, N. S.

The attention of all young men, intending to enlist before Conscriptio comes into effect, and who are doubtful as to what unit they should join, is directed to the 24th Railway Construction Draft. This Draft especially invites experienced Railwaymen, consisting of Conductors, Brakemen, Baggage-men, Firemen, Engineers; also Axemen, Fishermen, Lumbermen and all men familiar with logging, lumbering or railway operations.

The pay and allowances:
Private \$1.10 per day. Dependent \$20 per month, children extra.
L. Corp. \$1.10 per day. Dependent \$30 per month, children extra.
Corpl. \$1.20 per day. Dependent \$30 per month, children extra.
Sergt. \$1.50 per day. \$35 per month.

children extra.
Clothing, food and transportation free.

There is little doubt but that when the new regulations come into effect large numbers will be enrolled. Those who join first are the ones to whom rapid promotion is likely to come.

This draft will proceed overseas immediately 50 men are obtained.
Join today thus getting in ahead of Conscriptio.

L. H. PUTNAM, Lieut.
O. C. 24th Railway Construction Draft.
Western N. S.
Wolfville, N. S., June 1, 1917.

LANDSCAPE ARTIST OF REPUTE

Mr. W. C. Archibald of Wolfville was in Sackville on Tuesday en route to his home from Bathurst. Mr. Archibald is a Landscape Artist of considerable repute and has been engaged in laying out an estate of about seventy-five acres for Mr. Angus McLean, President of the Bathurst Lumber Company, with drives, woodland, etc. Mr. Archibald recently completed another large task, the designing of plans for the Cathedral at Charlottetown. His friends in Sackville were pleased to see him again.—Sackville Tribune.

VALUABLE FARM FOR SALE

Farm is finely situated at Sheffield Mills with a total of about 125 acres. A fine orchard of 7 acres, 5 acres now producing an average of 400 bbls. fruit; 40 acres cultivated land, 20 acres of pasture with 2 streams, 60 acres woodland (hardwood). Farm now cuts 20 ton hay, can be increased, House, good repair, 9 rooms, two barns, hog pen and fowl house. Farm is good location and soil good clay loam. This farm must be sold at a great bargain as owner cannot work it alone, son being absent and help scarce. If wanting a money making proposition in farming don't delay as first reasonable offer will be accepted.

HOW TO DISTINGUISH LINEN FROM COTTON

Linen is hard to tell from cotton especially when the cotton is mercerized or the material heavily starched and well finished.

If the threads are carefully examined it will be found that the cotton thread is the more exact in twist, becomes fuzzy when rubbed between the fingers and when quickly broken the frayed ends usually curl up.

The linen fibres are long and when spun into thread are strong, smooth and lustrous. These threads are rather irregular in appearance and break with the straight uneven ends.

When burned, the ends of cotton shread out a point brush, while linen threads are even and compact.

A drop of glycerine on linen causes it to become more transparent but does not affect cotton in the same way.

When torn the linen gives shrill noise, the cotton has a duller sound.

There are several chemical tests for distinguishing between linen and cotton but these are not practical for the average house wife, and are not always sure. The microscopic test is the only one which is absolutely certain in all cases.

HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:—
Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice.—It will be confidential.

Four Canadians are included in the King's birthday honor list. Mr. J. W. Flavell, Chairman of the Imperial Munitions Board, is made a Baronet, and Mr. George Bury, Vice-President of the C.P.R.; Mr. John Aird, General Manager of the Canadian Bank of Commerce; and Mr. George Burr, General Manager of the Bank of Ottawa, receive Knighthoods. Canada's titled population is growing rapidly.

WHAT FRANCE SAYS THE PEACE CONDITIONS MUST INCLUDE
Paris, June 5.—By a vote of 453 to 55, the chamber of deputies, in secret session has adopted a resolution declaring that peace conditions must include the liberation of territories occupied by Germany the return of Alsace-Lorraine to France, and just reparation for damage done in the invaded regions. The resolution, which was accepted by the government also favors the creation of a league of nations for the maintenance of peace. The secret session, which adjourned from Saturday continued all yesterday afternoon and evening until midnight.

Overland
Fours

Simplified Driving

THIS MODEL is a great family car because it is so easy to handle. All electric controls are on the steering column—within natural reach. The wheel is large and easy to steer with. The shifting lever and emergency brake can be reached without changing your driving position.

So it is just as easy for your wife or daughter to drive this Overland Eighty-Five Four as it is for you. And as you know, that cannot be said of all cars.

Step in today for a demonstration.

SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-TIVES"

ALBERT VARNER

Buckingham, Que., May 3rd, 1915. For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-tives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach. I say take "Fruit-a-tives", and you will get well". ALBERT VARNER. 50c. a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Protests Against the Persecution of Jews.

Madrid, June 4, via Paris.—The Spanish Government, it is announced in the newspapers, has instructed its representatives in Berlin, Vienna and Constantinople to present an urgent note demanding that there be an end to the persecutions, deportations and footings practiced against the Jews in Palestine. King Alfonso, it is stated, has intervened directly in this question. Numerous residents of the Near East, it is pointed out, are of Spanish origin and have retained that language. The action of Spain in this matter is declared to be energetically upheld by several of the other neutral nations, including Argentina.

Keep Minard's Liniment in the house

11 Provinces of China

Peking, June 3—Eleven provinces of China, including the province of Chi Li, in which Peking is situated now no longer recognize the authority of the Peking Government.

The provinces of Ewang Tung, Mwang Si and Yun Nan are supporting President Li Yuan Hung, The Provisional Assembly of Ewang Tung, in assuring its loyal support to the President and Parliament, demands that the military Governors be dismissed and punished. Dr. Sun Yat Sen, former Premier Tang Shao Yi and other revolutionary leaders, are proceeding hurriedly to Canton.

It seems probable that should the military governors persist in their revolutionary course that the three loyal South China provinces named, Ewang Tung, Kwang Si and Yun Nan, will rise in support of the president. At present the situation is serious and the president virtually powerless.

Parliament was convened to-day to consider a bill calling for a declaration of war against Germany, but there was no quorum owing to the fact that 250 members had left Peking. Attempts are being made to influence President Li Yuan Hung to resign rather than to dissolve parliament, the object being to throw the blame for any disturbance upon the militarists.

The Militarists, it is said, do not intend to force a disturbance while they are in control of the railways. Traffic has been uninterrupted and the militarists are demanding a new election immediately for the purpose of securing a workable constitution. President Li Yuan Hung is powerless, owing to the Peking military commanders refusing to carry out his orders.

Believed that General Haig is to Strike Great Blow.

London, June 5.—All the familiar signs which herald a great offensive are reported from the British front in France and everything points to the near approach of a resumption of fighting on a great scale in the western front. The thunder of the British guns increases day by day in volume, while trench raids and other feintings for position multiply in number.

The most interesting feature in meagre official reports is the repeated announcement of a tremendous artillery duel in progress around the little Belgian village of Wyttschaete, about five miles south of Ypres. From this point as far south as the famous Vimy Ridge, thirty miles away, the guns are roaring day and

night, apparently indicating that General Haig has chosen this sector for the next big blow. In this connection it is recalled that General Maurice, director of general military operations, predicted some weeks ago that the next British offensive would be on a vaster scale than any which preceded it.

Wyttschaete marks the head of a short salient held by the Germans south of Ypres. This salient is roughly three miles deep and averages about the same extent in width. Its great importance lies in the fact that it is the only high land between the British and Lille. Once in the possession of the British their guns would command the broad plain between the plateau and Lille a distance of about ten miles.

Value of Manure from Twenty-Four Steers.

Kentville Experimental Farms Note

The manure from twenty-four steers averaging in weight close to 1000 pounds each and running loose in two-box stalls at the Experimental Station, Kentville, N. S., covering a period of 120 days, or four months, weighed 112 tons, 640 pounds. The average for each day was 1872 pounds or 78 pounds per steer. Straw bedding amounting to 10 pounds per steer per day was used and all liquids as well as the solids were saved.

Chemists tell us that this fresh manure from fairly well-fed steers contains in each ton 7 1/2 pounds nitrogen, 3 1/2 pounds of phosphoric acid and 9 pounds of potash. When buying commercial fertilizer we pay 25 cents per pound for nitrogen, and 7 to 8 cents for phosphoric acid. Potash cannot be bought at a fair price, but in order to get at a fair valuation for the manure we should allow at least 5 cents per pound the price of potash before the war. A ton of the above manure at these prices would, therefore, have a value of \$2.63.

At the valuation of \$2.63 per ton 112 tons, 640 pounds would be worth \$295.40 or \$12.31 per steer, a little over \$3.00 per steer per month. Considering that potash will each year become a greater factor in economical agricultural production, the value is even greater than that given above.

Nothing has been allowed in the above calculation for the value of the humus value of manures is 50 to 100 per cent of the value of the chemical ingredients, depending upon the soil on which the manure is used and the manner of application.

It is a well-known fact that half of the total value of the excrement from live stock is in the urine. If the liquid part is allowed to drain away through holes in the stable floor, or otherwise, over one half of the value of the manure will be lost, therefore, every effort should be made to conserve all the excrement voided by animals.

The water retained after twenty-four hours by 100 pounds of material used for absorbents in the stable is estimated to be as follows:—

Wheat straw, 220 pounds; Oat straw, 285 pounds; Well dried peat, 600 pounds; Dry sawdust, 435 pounds; Dried leaves, 162 pounds.

No Evasion of Service in United States.

Washington, June 1—President Wilson issued a proclamation warning "that attempts to evade registration by fleeing from the country will expose them to prosecution upon return to this country." The proclamation says:

"I, Woodrow Wilson, hereby give warning that all persons subject to registration under provisions of the act of congress, and the proclamation of the president withdrawing from the jurisdiction of the United States or the purpose of evading such registration, expose themselves on their return to the United States, to prosecution for such evasion of registration, which enacts that any person who shall wilfully fail or refuse to present himself for registration or to submit thereto as herein provided, shall be guilty of a misdemeanor and shall upon conviction be punished by imprisonment for not more than one year, and shall thereupon be duly registered."

The Hun Submarine is Losing its Power, and the Losses Cut Down.

London, June 5.—The weekly report of losses of British merchant vessels in the submarine campaign will again show a favorable total when it is issued tomorrow. In some respects the last week has been the best since unrestricted submarine warfare was inaugurated. Last Friday was a blank day on the records, that is, no loss of the British merchantmen occurred. It is the first time this has happened for a long period.

British naval people believe the improvement is cumulative, and that there is not the slightest chance with the improved allied organizations, that the Germans ever will repeat their performance of the black week, when nearly sixty boats were sunk.

Over Seven Hundred Airplanes Shot Down.

London, June 2.—The morning papers figure that 713 airplanes were shot down on the western front in May, of which 442 were German and 271 British and French. British headquarters admitted the loss of 86 machines but as the French do not announce any war losses it is impossible to verify the inference that they lost 185. It is worthy of note that the estimate of 271 is compiled from the German official reports. The total air losses for April were estimated at 709.

Enemy Airplane Bases Attacked

London, June 5.—The aerial attacks on German establishments in Belgium are being continued vigorously by the British. Further operations were reported officially to-day as follows:

"Naval airplanes on Sunday night attacked the airdrome at St. Denis Westarm, near Ghent. Many bombs were dropped with good results. The enemy airplane base at Zeebrugge was attacked by our seaplanes at the same time and shipping in Bruges also was bombed. All our machines returned safely."

Captain Hayden Injured

Digby, June 4.—Captain John W. Hayden, coxswain of the life saving station at Bay View, had his arm broken in two places this morning while rescuing a disabled fishing boat in Digby Gut. He was brought to Digby by the life boat "Daring" and the limb was set as soon as possible. The captain suffered a lot of pain while the run was being made from Digby Gut to Digby Pier.

German Destroyer Sunk

London.—The German destroyer S20 was sunk by British fire near Ostend during the British bombardment of Ostend, the admiralty announced today. There were no British casualties.

FOR SALE

A small Farm situated in Steam Mill Village, containing Thirty Acres. Good House and Barn. Twelve acres cultivated, 3 acres in orchard. Remainder in wood and timber. Apply to Advertiser Office, Kentville.

Ask Our Local Dealer

When installed according to plans furnished by us, the Sunshine Furnace will heat your home comfortably, healthfully and economically. Ask our local dealer to tell you how it's done, or write for free booklet.

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.

Mr. B. M. Blackadar was in Kentville on Saturday en route for Delhaven to spend the week-end with his family who are the guests of Mrs. Reid for the summer.

A Sabbath School has been formed at Forrest St. Church and it will be held on Sunday next at 3 p. m. and each following Sunday afternoon.

THE ADVERTISER
 H. G. HARRIS
 Editor and Publisher
 KENTVILLE, FRIDAY, JUNE 8, 1917.

MAY RESULT IN AN EARLY ELECTION

While in Europe Sir Robert Borden saw the necessity of a more vigorous prosecution of the war and the raising of more troops in Canada. Immediately on his return he took every step possible for a united Canada to continue the war and give every support to our noble boys already in the trenches.

Unfortunately for Canada after nearly two weeks of hesitation, Sir Wilfrid Laurier as the leader of the great Liberal party has refused to sink politics as the game is now being played in Quebec, and join with Sir Robert.

The Premier was prepared to sacrifice everything, short of his pledge to the heroes overseas itself, to bring about the union of the two parties. Every request every concession, that the opposition leader asked was promptly given. No stone was left unturned to defeat schism, disunion and disloyalty.

If national unity is beaten it is not the fault of Sir Robert Borden. He can face his countrymen, strong in the consciousness that he has striven, as no leader has ever striven before him, to close up the ranks of the Canadian people in the face of the common foe.

What may follow is still in doubt. Premier Borden may take into his cabinet a number of strong and loyal Liberals and more vigorously continue Canada's part in the great struggle in Europe. In doing this his government, coalition or otherwise would not shrink from asking a verdict from the electors of Canada.

CAPT. C. O. ALLEN HEARD FROM

It will be genuine good news to all our readers who know Captain Charles O. Allen so well either personally or by his writing and doings as published in our paper in years gone by, that he is alive and doing well.

Capt. Allen left his home here where he had all the comforts of life after retiring from the sea, and volunteered to serve his country. After many trips in the danger zone in his vessel, he was taken prisoner. His vessel was torpedoed and he was taken on board a German submarine and the other officers and crew left to seek safety by making for the shore.

It has been a period of deep suspense since his capture. Several reports have been started that Capt. Allen had been shot. Others feared that the submarine might be caught in a British net and all drowned like rats.

Mrs. Allen has received a card from her husband dated April 21st from Germany giving the brief but supremely happy information: "Not yet at final destination, I am well, comfortable as can be expected. Love to all."

The many prayers and fondly expressed hopes for his safety have surely been answered and when the cruel war is over Capt. C. O. Allen will return to receive a true Nova Scotian welcome and the best homage which grateful and loyal friends in Kings County can give him.

GREAT FISHING ON BAY SHORE

The fishing at times along the Bay shore has been heavy this season and then again very scarce. On Sunday night, May 27th the weirs at Harborville were alive with fish and could not be taken care of between tides. Mr. Isaac Spicer caught about 2000 nice pollock and was only able to get out about half of them that tide. The weir of Vinton-Connors and Spicer had also a phenomenal haul. At Murray Brook Mr. Keiser had so many pollock that it took about four tides to get them all out and he sold the lot for the tidy sum of \$400 to Max Parker, etc., of Halls Harbor. Mr. James Meisner had about 1200 pollock on Monday, May 28, but small catches since. He took 16 salmon on Wednesday night of this week, and about 100 salmon in the month of May. In May 1916 he took 200 salmon. On Tuesday May 28 the weirs along the shore were well filled again.

METHODIST CHURCH

The morning service will be held in the Presbyterian Church. In the evening the preacher will be Pte. G. D. Domson of the 249th Battalion. Mr. Domson is a Methodist clergyman of the Saskatchewan conference and prior to enlisting was stationed at Masenod, Sask.

DELCO-LIGHT

--- Electricity for Every Farm ---
\$390 Brings You Electric Light

A self contained, compact, efficient Electric Plant for \$390 to \$465. That can be had in the Delco-Light Plant, safe, durable, reliable, a wonderfully simple equipment, a compact sturdy gasoline engine, generator, switchboard and storage batteries. Easy to understand, easy to operate. Children are looking after Delco-Light plants today.

You can rely on Delco-Light giving you the utmost services that electricity offers—brilliant, safe, clean electric light, convenient, cheap electric power.

It provides current that will flood with light every room in your house, the barn and sheds, outdoors. No more drudgery or time wasted in cleaning filling and lighting smoky oil lamps.

It provides power that will do mechanically all the milking, separating, churning, washing, water-pumping, feed-cutting.

Small, compact, sturdy—it starts on the pressing of a lever. Stops automatically when batteries are fully charged. Engine is air cooled—cannot freeze anywhere.

DOMESTIC ENGINEERING COMPANY
 DAYTON, OHIO

Economical Electricity

No complicated details about the Delco-Light plant—no big upkeep costs. Lights the average home for less than five cents a day. Saves hours of time spent on chores and house work because of the better, more convenient light it gives. Allowing only 10c an hour for labor on your farm, it will save you at least \$1,27.40 each year. It extras its way by saving hours of time and labor.

The Useful Powerful Stand

A portable, efficient sturdy motor can be had with the Delco-Light. Runs from nearest light socket. Carry it anywhere—it will drive all your light machinery. Uses up very little current.

FREE-- ALL ABOUT DELCO-LIGHT

A lot of literature has been prepared about Delco-Light. Send for it. Cost you nothing and will interest you intensely. Show how farm-life is made easier, more attractive by Delco-Light wonders.

The fine weather of the last few days has certainly been an improvement over anything we have had this spring.

Mrs. A. W. West has been spending a few days with her sister Mrs. Ernest Robinson of Canning.

FOR SALE-Double Seated Surrey Wagon in good condition. Will sell cheap. Apply Box 5, Grand re la-o Mr. Shaw of Newport, Hants Co., has purchased and now is farming on the Porter farm at Lockhartville.

FORMER ADVERTISER EMPLOYEE LOOSES LEG IN FRANCE

Mrs. Ellen Lovelace of Kentville has received a letter from the hospital where her son, Private Charles B. Lovelace lies wounded. Private Lovelace, was for years on the composing staff of "The Advertiser." The letter explains itself dated May 22nd.

Private C. B. Lovelace, who is now at No. 1 Southern Gen. Hospital, Stonebridge, Eng., has recently been seen there by our authorized Red Cross visitor. She tells us he was wounded in the left leg, severely by gunshot and while in hospital in France it was necessary to amputate the left leg below the knee. It appears that he was hit by an explosive bullet which shattered the bone. He naturally still suffers a good deal of pain but we hope he may soon feel better.

"He will be visited regularly and we shall send you a report of his condition from time to time. If we can send him any extra comforts other than those supplied by the hospital it will be our pleasure to do so assuring you of our continued interest in him.

"CONSTANCE SCOTT, per D.F."

DEATH OF MRS. GORDON ALLEN

(From the Maritime Baptist)

On the morning of May 16th, death entered the home of Stanley Kempton, at Harmony, Queens County, and took from it one of its dearest treasures, Pythelia, beloved wife of Gordon Allen, of Grand Pre, Kings County, now with the overseas forces in England. Mrs. Allen was only twenty-nine years of age, and the mother of two little sons, the youngest only a few months old. On the morning of her funeral a loving message in verse, entitled, "Forget-me-not," was received, addressed to her from her husband, not aware of her death, and was read by her pastor at the funeral. Mrs. Allen's genial manner and sweet disposition endeared her to all whom she met. She was devoted to her family to her country, as was evidenced in the heroic sacrifice she made in giving her husband to the war, and best of all, she was devoted to her God. She was a member of the Caledonia United Baptist church. She had been recently appointed assistant Bible class teacher in the Harmony Sunday School, but only had the privilege of teaching it once, when she fell a victim to pneumonia from which she had not the strength to rally. In the midst of the sadness of this event we look up and rejoice in the assurance we have that one more has joined the heavenly host around God's throne. Husband, father, mother, sister and two brothers, one of whom is overseas in the fighting line, mourn their loss, but precious memories and the glorious hope of the resurrection give them comfort and cheer in the midst of their sorrow.

WATERVILLE

Mr. Harry H. S. Refuse has enlisted with the Canadian Railway troops recruiting at Windsor.

Miss Elizabeth Grant of Weymouth is visiting her sister Mrs. Irwin Lyons.

Mrs. Martha Illsley has been at Kingston visiting her sister Mrs. Ruth Illsley.

Miss Elizabeth H. Foster left a week ago Saturday via Yarmouth for Beverly, Mass, where she will enter the Beverly Hospital for training.

Mrs. Alfred Whitman has had of late visiting her son Mr. George Whitman and wife of Fresno, California. They purpose remaining the summer.

O. A. Craig arrived from Alberta a week ago and visited his mother Mrs. W. T. Young.

MAKE a PAL of the "MASTER 17"

Have you ever ridden a motorcycle? Did you ever get out in the morning when the dew was still glistening in the fields and meadows along the road? Have you ever heard the song of the Harley-Davidson motor and felt the tingle of the morning air as you sat in the saddle and watched the ever-changing panorama of green and brown flit by? If not, then you have not sounded the keynote of outdoor sports. Let the

HARLEY-DAVIDSON

be your pal. Then you can get out under the open sky where the air is filled with the scent of forest, field and stream; with only the sounds of snapping twigs, whispering leaves and rushing streams to break the silence - that is motorcycling. That is what it will mean to you to own a Harley-Davidson, for more than 15 years the "Master Motorcycle" and this year better than ever. Greater power, more speed, beautiful military olive drab finish - and perfect in design.

Studebaker

The Studebaker Car From the Standpoint of Economy

IF ECONOMY is to be your consideration from now on, especially in the purchase of your motor car, you should by all means investigate the Studebaker Car from that standpoint.

Where people know cars, in all probability they buy that car in greatest numbers which gives them the greatest value for their money.

Therefore, in Detroit, where 80% of all cars are made, where people know cars, the official registrations show that there are more Studebakers in use than any other car costing over \$500.

In Western Canada, where people prove motor car value and quality, where they test it out, twelve months in the year, on the longest, hardest, hilliest drives, they have found that Studebakers give consistent service, day in and day out, at the least possible maintenance and repair expense.

In the large cities where style is a factor, there are thousands of Studebakers in daily use.

In ratio to power, Studebaker Cars are most economical in gasoline consumption.

In ratio to carrying capacity, their light weight and perfect balance make them most economical in tires—Studebaker owners frequently get from 8,000 to 10,000 miles on a single set of tires.

Studied accessibility reduces inspection, adjustment and repair costs to a minimum.

Therefore, if economy is to be your watchword, buy a Studebaker.

Buy it as an investment—not as an expenditure.

If you want to sell it, or trade it in, it will bring a higher re-sale price in ratio to first cost, than most other cars.

The Studebaker Car is the best work of a great Canadian manufacturing organization; it bears a great name, it carries a splendid reputation, and it is protected by a year's guarantee against defective material and workmanship.

Come in and let us show you, point by point, the quality features of this Canadian built car, the features that make it one of the best automobile "buys" in the world.

MOMENTOUS ISSUES AT OTTAWA

OTTAWA, June 1.—Events of surpassing importance are in the making these days. On Monday of this week both senators and commoners assembled together in the commons chambers to welcome the great British leader, Rt. Hon. A. J. Balfour. The galleries were also crowded. The demand for admittance was ever greater than on the memorable occasion when the eloquent Viviani, representative of France, addressed parliament. The speech which Mr. Balfour delivered was inspiring and was received with tumultuous applause.

Mr. Balfour was welcomed by Speaker Rhodes of the House of Commons and Speaker Bolduc of the Senate. And Mr. Balfour responded in both languages.

Following him the two leaders made brief speeches. Both were eloquent. Both were laden with fervent declarations of loyalty to the Empire, and determination that Canada would continue to contribute her utmost strength to the cause of the allies. Sir Wilfrid Laurier appeared to be in better form than he was on the occasion of Mr. Viviani's visit. And certainly he was most emphatic in his expressions of devotion to England which he described as the mother of civilization.

Remarkable events happened in the province of Quebec. And the great

audience here was wondering what Sir Wilfrid would say. In Quebec City and in Montreal thousands of young Liberals of military age organized under the chiefs of Liberal clubs had held noisy demonstrations on the public streets; had hoisterously announced their determination to fight compulsory military service; had challenged England's right to be in the War; had denounced England for being in the war, had threatened to start a revolution, had emphasized their violent and disloyal declarations by smashing windows of buildings in which newspapers that criticized them are published; and by brutally attacking returned soldiers who were so disabled as to be unable to defend themselves. And all these grave excesses were indulged in by young Liberals capable of bearing arms—young Liberals who refused to volunteer—who say they will not volunteer—and who swear in the name of "Liberalism," "freedom" and "democracy" that they will resist any law that may be enacted in regard to compulsory service. They riotously proclaimed their indifference to the call of their brothers Overseas—nor did they care a snap whether the great war for world freedom and civilization be lost or won. They were quite determined that they would not go to the help of their brothers or to the defence of their country.

Under circumstances it was not surprising the people waited almost with

hated breath to hear what Sir Wilfrid Laurier would say; and that they were glad when they heard him fervently portraying England's greatness and pledging Canada's full strength to support the mother of civilization.

It must not be understood that the riotous young Liberals who indulged in the excesses just mentioned represent the whole people of the Province of Quebec. They do not. But nevertheless their violent conduct is a serious menace to the unity peace and good government of the country. And it raises questions of importance in regard to the political teaching that gives such violent results; and the future consequences if brute force is to take the place of reason.

The situation at present is this. Sir Robert Borden is home with first hand knowledge of the awful war danger that hangs over our heads. He knows that if we would save ourselves from the cruelties of German barbarity we must fight and beat that monster on the plains of Flanders. The young Liberals of Quebec and Montreal think that we should wait until the German hordes land in Canada. But Sir Robert knows, and we know that it would then be too late to save our country.

Unfortunately the Liberal members of Parliament, excepting two or three appear also to be indifferent to the impending danger; and are thinking only of ways and means of getting into

power. The time of the House is being occupied by them with long-winded discussions of subjects that should be postponed until we have made sure that Canada will continue to be British and not become a German dependency.

Unfortunately, too, Sir Wilfrid Laurier is letting a great deal of valuable time pass by before he decides whether he will live up to his eloquent declarations of last Monday, or drop back into the old rut of partisanship with his hungry followers.

Sir Robert Borden, it is understood, has conferred with Sir Wilfrid, has confided to him the confidential reasons why Canada should hasten to the support of her noble sons in the trenches and at once throw every ounce of strength into the defence of the mother of civilization and our own defence. And Sir Robert it is also understood has frankly invited Sir Wilfrid to cooperate with him; and is prepared to make a fair distribution of cabinet positions to reorganize the government and non-partisan lines but Sir Wilfrid is hesitating. There is no announcement yet made. It is hoped that one will be made early next week. It is hoped that Sir Wilfrid will in the presence of national peril, forget partisanship, and and grasp Sir Robert's proffered hand so that together they may lead the brave people of Canada unitedly forward in the contest for flag and free-

dom.

There is a remarkable and regrettable coolness in the Liberal press. It is worthy of careful observation that a great many Liberal papers have not yet made up their minds that they really want united action to win the war.

G. A. L.

A reporter was interviewing Thos. A. Edison. "And you, sir," he said to the inventor, "made the first talking machine?" "No," Mr. Edison replied, "the first one was made long before my time—out of a rib."

RUSSIAN WAR MINISTER

Declares Russian Troops Have Ceased Fraternizing With the Germans and their Army is Daily Gaining Strength.

KEIV, Russia, June 4.—M. Kerenka, Minister of War, today delivered an address to the military delegates in which he declared that the Russian troops had ceased fraternizing with the Germans and that the Russian army was gaining in strength daily.

"After touring the whole of Russia and the battlefield," said M. Kerenka. "I can affirm that what hitherto was regarded as the dying agony of our army, was nothing else than the laborious travail of the new Russian State. I can affirm that notwithstanding the destruction of the old discipline, the power of the Russian army is increasing daily, based as it is on a new and intelligent discipline. I can affirm once for all that fraternization with the enemy has completely ceased."

M. Kerenka afterwards reviewed the troops massed outside the city, who enthusiastically cheered him.

CANADIANS ENGAGED

In Fiercest Fighting Since Battle of Arras, Considering Numbers Involved Held Works for 18 hours, when they were finally driven back.

ON THE BRITISH FRONT IN FRANCE June 4, via London, June 4.—(From a staff correspondent of the Associated Press).—The fighting which raged yesterday about the electric power station southeast of Lens was as fierce as any since the battle of Arras, considering the number of troops involved.

Canadian troops were in the thick of it, first and last. They gained the ruins of the electrical works, shortly before two o'clock Sunday morning, after a splendid dash into the moonlight, and it was not until nearly eight o'clock Sunday night that they were finally driven back to their original positions under the pressure of German counter attacks in which an overpowering weight of men was employed.

The works were held eighteen hours against the concentrated artillery.

One difficulty with which the Canadians were confronted was the fact that in preparing the attack on the works their artillery had reduced the buildings so effectively and had so obliterated the trenches dug about them that practically all shelters were eliminated.

While the objectives eventually were lost, the enterprise was not without compensations for 112 prisoners were taken and valuable identifications were obtained. The prisoners represented at least three different German regiments which engaged in the first fighting and in the counter-attacks.

FAMED BRITISH AVIATOR KILLED

Captain Albert Ball, D.S.M., Was Killed.

LONDON, June 3.—The War Office has received confirmation that Captain Albert Ball one of Great Britain's most noted aviators was killed in action some time ago. Captain Ball had been missing since May 7.

Captain Ball was last seen near Lens early in the evening of May 7, engaged in a fight with three German airplanes. He did not return to his base and since then a report has been in circulation that he had been made prisoner by the Germans.

The aviator had a brilliant record, his score of enemy airplanes shot down up to the early part of the year having been 29. His home was in Nottingham and because of his exploits he was given the freedom of that city. He had received the Distinguished Service Medal with two bars and also the Military Cross. He was only 21 years of age.

Ball in less than a year became one of the heroes of the war. Every soldier on the British front knew of him, and his friends in the aerial corps held the belief that the young aviator bore a charmed life and could not be killed while flying.

The Second Spray

(Written by G. E. Sanders and W. H. Brittain at the request of the United Fruit Companies.)

Throughout the Valley, growers on the whole, are taking better care of their orchards than for the past three years. The man who grows No. 3's this year will therefore have a little trouble, to say the least, in finding a market for his fruit.

It seems probable in view of the efficient organization for the marketing of apples the growers may look for their returns in 1917-18 to at least clear expenses and perhaps pay substantial profits. But whatever happens the Annapolis growers are going to have their orchards in excellent condition for crops in 1918 and 1919, while the competitors of Nova Scotia are going to have an immense amount of neglected orchard on their hands when the markets open again, orchard that cannot be brought to full bearing for two or three years at least. Nova Scotian growers on the whole are realizing that their duty and their opportunity will be to supply the markets to a greater extent than ever before from Nova Scotian orchards for three or four years at least after conditions become normal again, and are taking measures to prevent their orchards from deteriorating.

In the control of the biting insects the second spray, or that applied immediately before the blossoms, is the most important. In the control of the green apple bug it is also the most important and, depending on the season, it may or may not be the most important in the control of fungus diseases.

The directions given in Circular No. 8 of the Dominion Entomologist Branch are as follows:

SECOND SPRAY

TIME

When blossom buds are showing pink. For canker worm apply slightly earlier; for green apple bug leave until just before the blossoms open.

MATERIAL

Lime sulphur 1,007 sp. gr., or about 2 1-3 gals to 100 gals of water (1-43), adding powdered arsenate of lime 2 lbs to 100 gals water.

APPLICATION

Drench thoroughly at 200 lbs pressure using a Drive nozzle.

PESTS DESTROYED

Apple scab, budmoth, brown-tail moth, canker worm fruit worms, etc. If green apple bug or green aphid are present add nicotine sulphate, 3-4 pint to 100 gallons, making sure that every insect is covered with spray. For very severe infestations of green apple bug the trees must be banded with tree tangle-foot before spraying and kept clean cultivated until July 7th.

If the first spray has been applied the best results will be obtained by leaving this spray until just before the blossoms open. If the first spray has been omitted, this spray should be applied 3 to 5 days before the blossoms open.

If green apple bug is the major pest in an orchard, the poison and the fungicide should be added about one fourth weaker and three or four times as much of the dilute spray used as is ordinarily applied, making sure that every chink and crevice about the blossoms and fruit spurs is dripping wet.

BURNING BY THE SPRAY

"What is sauce for the goose is sauce for the gander", does not apply to apple trees. The susceptibility to injury from spray depends on a number of factors. Trees that are highly cultivated and highly fertilized will stand stronger spraying material without injury than those in sod or poorly fertilized. Some varieties such as McIntosh Red and Gravenstein, will stand stronger spraying material than others, such as Ben Davis. A tree that has few apples on will apparently show less leaf injury than one that is heavily loaded. Spraying after a period of dark weather will usually result in more injury than spraying after a period of bright, sunny weather. Spraying when the trees are wet or damp from rain or dew will result in more injury than when the trees are dry.

In spraying we must remember that last season many varieties, such as Ben Davis, which had not been sprayed developed marked burning of the leaves which was down to "spray injury" until it was found that the trees had not been sprayed at all and that poor cultivation and fertilizing are as often the cause of leaf burning as spraying. The

Relaxing the Tension with a Good Gillette Shave

A day a-wing over enemy lines—scouting, observing, fighting, dodging shells and machine-gun bullets—is a nervous strain that has no precedent and probably no equal. When our airmen alight at last, after flights an eagle might envy, they certainly do enjoy the refreshing relaxation of a cool, smooth Gillette shave.

Nor is this appreciation of the Gillette Safety Razor limited to our airmen, or even to our own British armies. Every service has its own tense moments, hours or days, with its welcome intervals of relaxation when the Gillette is a friend indeed. Keen, compact, always ready for action, the Gillette Safety Razor is treasured in tens of thousands of kits on every fighting line on land and sea—and by no means least in the land of its birth, with the forces of our newest Ally.

Nor does its service end here, for "the man behind the man behind the gun", who in the factory, the office or on the land is bending every energy towards production—he too gets solid comfort and satisfaction out of the Gillette Safety Razor and its wonderful three minute shave.

Spend a five dollar bill to send a Gillette to one of your defenders—and get one for yourself to see how much he'll appreciate it!

The lime sulphur arsenate of lime combination as recommended is the safest and best material that we know of at this time we are hoping to find a better material later on.

SUBSTITUTE MATERIALS

BORDEAUX 4-4-40 or 10-10-100 may be used for this spray. If prepared or hydrated lime is used a pound or so of excess should be added and the final mixture tested with litmus paper (which can be procured from any druggist) and lime added till the solution turns the paper blue. In adding the hydrated lime to the tank full of copper sulphate solution the agitator should be started before the lime powder is poured in for the faster the mixture is being stirred when 2 ingredients are combining and the better will be the resulting Bordeaux.

The essentials in making this type of Bordeaux are: Stir rapidly while the materials are combining and add lime till the solution turns litmus paper blue. Almost any poison may be used with Bordeaux but arsenate of lime is the cheapest poison available in the Annapolis Valley and is perfectly satisfactory.

Nicotine sulphate may be added to Bordeaux but when the Bordeaux is used for green apple bug spraying it should be very dilute, say 7-7-100 or 3-3-40.

From 5 to 12 per cent of slight rusting will result from the use of Bordeaux for the second spray and it reduces the value of the poison used with it by almost one half. In spite of these drawbacks it may prove the best material in many seasons for this spray.

LEAD ARSENATE, double strength, or 12 pounds of paste lead arsenate to 100 gals of water with no fungicide. Experiments in Maine and Nova Scotia have demonstrated the high fungicidal value of arsenate of lead. We would not advocate anyone relying on this to control fungus in all seasons but we have great hopes that it will prove of value. When canker worms or other insects are very bad we should advise the application of this material in preference to the other sprays. For those who are inclined to experiment we would advise one tank of this material at 12 lbs of paste or 6 lbs of dry lead arsenate to 100 gallons of water.

Soluble sulphur, 1 lb to 40 gals, and arsenate of lime 1-2 lb to 40 gals, to which 2 lbs of hydrated or slaked lime is added. This combination is one of the most rapid killers known and has up to the present proved safe for one

application but should not be used where soluble sulphur was used for the first spray. The arsenate of lime may be reduced as indicated with soluble sulphur on account of sodium present hastening the action of the poison. We would not advocate a person using more than one tank of the combination in an orchard until it has been demonstrated safe under all conditions, as it has for one application only, under the few conditions where it was used in the past.

The fact that this combination costs less than 1-2 a cent per gallon complete while lime sulphur arsenate of lime costs almost 1 cent per gallon and arsenate of lead lime sulphur costs more than 1 cent per gallon shows us the advisability of testing this material under all conditions in a small way.

NOTES

Get litmus paper for testing Bordeaux and add lime until it turns the paper blue.

Measure your spray tank so as to be sure that you are not using your spray too strong.

If you have not a copy of Circular No. 8, write to G. E. Sanders, Dominion Entomological Laboratory, Annapolis Royal, N. S., for one.

SANTOS DUMONT INVENTS

Powerful Seaplane for Fighting Submarines

PARIS, June 4—Santos Dumont, the pioneer Brazilian aviator, has invented a powerful type of seaplane for fighting submarines, according to a Turin despatch to the Petit Journal. The despatch says that the new machine will be manufactured in the United States and supplied to all the Allies.

GERMAN STEAMER WANDERS

Into German Mine Field Near the Baltic

COPENHAGEN, June 4—A steamer flying the German flag wandered into the mine field which the Germans have laid south of the Danish Islands to close the entrances to the Baltic sea to Entente submarines. The steamer, which was of about 1800 tons, was destroyed, but the crew was rescued by one of the German warships constantly on guard in the vicinity.

WINDSOR PRISONERS CAPTURED NEAR BLOMIDON

WINDSOR, June 5—Andrew Lake, of Brookville, Hants County, the prisoner who broke jail here last week, was apprehended yesterday morning by chief Constable J. R. Mosher and Sheriff Curry and brought to Windsor, shackled and put in close confinement.

Lake had been sent up for trial in the supreme court last January for killing a sheep belonging to Major Smith, of Gosport.

He had escaped from the Windsor jail a few days before the court convened. He went down the river in a small boat and was thought to have gotten away on a vessel to the United States, as he is a sailor.

Last Saturday Constable Mosher got wind of the prisoner at his own home, and thinking he would try to escape from there by boat, came to Windsor on Sunday morning early, and accompanied by Sheriff Curry, hired a motor boat belonging to Rafter, Bros., who escorted the officers down the river and into the Minas Basin. The sheriff was armed with a Winchester rifle and Mosher with a revolver.

They sighted their quarry near Blomidon in an open sail boat trying to make land.

The wind was light, so the fast motor boat, under the skillful guidance of the Rafter's, soon overhauled the "windjammer." Lake was ordered by Sheriff Curry to "throw up his hands," and notwithstanding the fact that he would not be taken alive, meekly surrendered. He was handcuffed and shackled, and motored back to Windsor.

MILLVILLE AND VICINITY

June 5th

Mrs. Robert Joudrey of Greenwood is very ill at the home of her parents, Mr. and Mrs. Amos Ewing.

Mrs. H. M. Parker has been suffering from sciatic rheumatism but has recovered sufficiently to be able to get around.

Mrs. Enoch Charlton is able to be around the house again.

Mrs. Oulhit T. McNeill and little son were in Grand Pre for a few days last week, guest of her parents, Mr. and Mrs. S. W. Hodgerson.

Mrs. A. A. McNeill received a letter a short time ago from her daughter, Blanche, who has been stationed at Malta since December last, saying she expected to be taken from there before long but, as usual with military affairs, she had no idea where they were to be sent. We wish her a safe trip. The "Asturias" which took them to Malta was torpedoed on March 14, as it was making its return voyage from England. A number of medical officers were lost and one nursing sister.

BERNARD HORSFALL MAKES THE SUPREME SACRIFICE

Word has been received by Mrs. Caleb Rockwell, Upper Dyke, from Mr. A. Horsfall of Oldham, England, that his son Bernard Horsfall had been killed in action on April 20th, 1917. Private B. Horsfall came over from England about four years ago and engaged in farming with Mr. Badham. He was a splendid type of a Christian lad—attended the Bible Class of St. James' Sunday School, Kentville, and was a regular attendant of and subscriber to the church. He enlisted in the 40th Battalion and on arrival in England was attached to the 25th Battalion.

The Associated Bible Students of Kentville wish to announce that Mr. W. W. Black, representing the I.B.S. A. will be in Kentville next Sunday, June 10th and will lecture in Sealy's Hall at 8 p.m. Subject: "The desire of all Nations Coming Soon." The Bible clearly teaches that this present order of things is passing away and a new order is coming in. The great writers of our day say that the people will never go back to the conditions that existed before the war. Come and hear what the new order of things will be, and how it will become the "desire of all Nations" Seats free. No collection.

The Rector of St. James' Church made suitable reference to the death of this gallant soldier at the morning service on Sunday last.

BRITISH DRIVE OFF RAIDING PARTIES

London, June 5.—Only minor operations are reported from the British front in France. Following is today's official announcement.

"Hostile raiding parties were driven off last night south of Armentiers. A number of the enemy dead were left in front of our lines. Successful raids, in which we captured several prisoners, were made by us last night southeast of Ypres.

Paris, June 5.—The position captured by the Germans northwest of Froidmont farm, on the Aisne front, were retaken yesterday by the French, the war office announces. Violent artillery fighting occurred in the Champagne.
