

ASKS WHAT CITY WANTS.

Manager Coleman Replies to Mayor McLaren's Letter.

Injunction Over Southam Home For Consumptives.

Complaint About Smoke Nuisance From Uptown Places.

Manager Coleman, of the Radial Railway, this morning forwarded to Mayor McLaren the following reply to the letter sent by him on Saturday, re the carrying of freight to Burlington and Oakville.

John I. McLaren, Esq., Mayor, City Hall, Hamilton, Ont.:

Dear Sir,—The Radial Company has some difficulty in knowing just what the city really wants in its litigation. It is notified to stop running freight cars to the Terminal, and on stopping doing so it sends a letter on Saturday asking if you see that we have refused to carry any freight to Burlington, so that you may take such action as seems best in the city's interest.

We want to do what is convenient to the public. We don't want litigation, and it will be very advantageous to us if you will say, on behalf of the city, what you think we should do in the city's interest and in the interest of all concerned.

Hamilton Radial Electric Railway Co., Edw. P. Coleman, Manager.

Mayor McLaren referred Manager Coleman's letter to Solicitor Waddell.

The city may find it difficult to compel the Radial Railway Company to carry freight unless an understanding is reached with the company.

Although the company's charter gives it the right to carry freight, it is understood that there is nothing in the by-law that compels it to operate freight cars.

The aldermen and city officials agree that the time is rapidly approaching when action must be taken if the city is to be saved from being cut to pieces with freight routes.

By joining east of the city limits with the H. G. & B. both that road and the Radial would have an outlet to the west over the Hamilton, Waterloo & Guelph line.

Mayor McLaren does not look for much discussion at the Council meeting to-night over the Board of Health's report.

SHOT HIM.

Woman Confesses She Murdered Her Father-in-Law.

(Special Despatch to the Times.)

London, Ont., Sept. 13.—Harvey Scott, an aged farmer living near Thorndale, was found dead in the yard this morning, with a bullet hole under his right ear.

Mrs. Scott called Mr. Armstrong, of Thorndale, immediately after the shooting, and told him that she had killed the old man because he had abused her. It is stated that Mrs. Scott for some time has been mentally weak.

His son Wesley also lives on the same farm in a small frame house, and another also, who has a hundred acres a short distance away. It is stated that the old man kept the sons in continual trouble by his complaining.

He was lying dead just in front of Mrs. Scott's door. The physician stated that he died instantly. Constable Gum, of Thorndale, was notified, and, acting under instructions from Crown Attorney McKillop, of London, at once placed Mrs. Scott under arrest.

All members of Central W. C. T. U. are invited to meet at the home of the President, Mrs. T. H. Pratt, on the mountain, to-morrow afternoon.

FOR SOLE BENEFIT OF THE CATARACT.

That Is City's Declaration In Its Defence In the Morris Case.

Declaring that the action brought by R. S. Morris to prevent Hamilton entering into a contract with the Hydro-Electric Commission is carried on in the name of the plaintiff, at the instance, and for the sole benefit, of the Cataract Company, the city in its statement of defence, filed by City Solicitor Waddell to-day, asks that the action be dismissed with costs.

The statement of defence is as follows: The defendants submit that the statement of claim shows no cause of action, and deny the right of the plaintiff to maintain this action.

The by-law referred to in the statement of claim as 775 was never submitted to the ratepayers in accordance with the requirements of the statute and is not binding.

On the 7th day of June, 1909, a by-law "to authorize the corporation of the city of Hamilton to enter into a contract with the Hamilton Cataract Power, Light & Traction Company, Limited," to which for greater particularity the de-

fendants crave leave to refer when the same shall be produced at the trial of this action, was submitted to the electors of the municipality qualified to vote on by-laws for the creation of debts, and on the conclusion of the vote the Clerk of the municipality declared the majority against the said by-law to be 185.

In an action in the High Court of Justice wherein James Smith was plaintiff suing on behalf of himself and all other residents, ratepayers and electors of the city of Hamilton and the municipal corporation of the city of Hamilton and the Hamilton Cataract Power, Light & Traction Company, Limited, were defendants, the question raised in the 13th paragraph of the statement of claim was considered, and by the judgment pronounced in that action by the Honorable Mr. Justice Anglin, it was adjudicated that there was no binding obligation on the part of the defendants after the year 1908 to take or pay for power under the alleged contract referred to in the sixth paragraph of the statement of claim.

The defendants admit that they were not parties to the contract set forth in schedule A to the act of the Legislature of the Province of Ontario passed in the 9th year of the reign of His Majesty (Continued on Page 4.)

CHILD KILLED; TWO WOUNDED.

A Mysterious Crime Committed Against Utica Children.

Three Italian Children Shot by Unknown Person.

Wounded Girl May Be Able to Identify the Man.

Utica, N. Y., Sept. 13.—A crime for which at present there appears to be no explanation was committed against three Italian children in this city last evening. They are Theresa Procipio, 7 years old, who is dead, shot through the heart; Fanny Infusino, 8 years old, badly wounded in the left arm, and Freddie Infusino, 2-1/2 years old, shot through the stomach and will die.

The children were missed about 7 o'clock last evening, and immediately search was made for them. The police were notified, and the city bell tolled for 24 hours.

It was at first thought that the crime was the work of the Blackhand, and when that theory was disproved, it was believed that mistreatment of the girls was intended and perhaps accomplished. But examination proves this is not so. There appears to be absolutely no explanation as to why the children were shot.

The children were missed about 7 o'clock last evening, and immediately search was made for them. The police were notified, and the city bell tolled for 24 hours.

It has developed this morning that they were seen a few minutes after 7 last evening going up third avenue in company with a man about 40 years of age. Shortly after 5 o'clock, a lady residing near the place where the children were found, which is in a sparsely settled section of the city, saw a child moving about in some bushes. She sent some men to the place and they discovered the dead body of the other little girl, and the wounded boy.

The wounded girl could talk little as she was nearly overcome with fatigue and the pains from her wound. She said that she knew the man that shot them, and to the police she gave some information though it was very meagre.

HAPPY EVENT.

Two Jewish Citizens Were Married Last Evening.

A very pretty wedding took place last night, when Ida Binder was united in the holy bonds of matrimony to David Book. The ceremony was performed at the residence of the bride, 220 Main street east, by Rev. Mr. Halpern, assisted by Rev. Mr. Forster, of the Hebrew church. Miss Chartovce acted as bridesmaid, and S. P. Halpern was best man. The flower girls were Rosie Halpern, Ida Grossberg and Hattie Davis. The bride was gowned in light blue satin and carried a bouquet of bridal roses. After the wedding breakfast had been served dancing was indulged in. The happy young couple will reside at 220 Main street east.

NOT SERIOUSLY HURT.

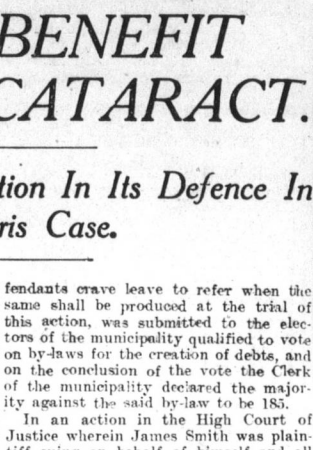

Just as James Wild, father of ex-Ald. George Wild, was stepping off a Barton street car in front of his house on Saturday night, he was knocked down by a bicyclist and received a severe shaking up and many bruises.

The young man on the bicycle was thrown violently off, but was not seriously hurt.

Mr. Wild is not much the worse of the accident, as he was out walking to-day.

MISS LEWIS' ENGAGEMENT.

Mr. and Mrs. Thomas Lewis announce the engagement of their daughter, Jeanette Margaret, to George Frederick Rouse Driscoll, of Ottawa. The marriage will take place shortly.

Why not put the freight on top of the passenger cars? Dr. Roberts is never very far from the storm centre. What would the Board do without him?

Now let the President of the Trades and Labor Council welcome the Manufacturers' Association to the city and at the same time usher in the millennium.

The Greater Hamilton movement promoters should do a land office business this week among the members of the Canadian Manufacturers' Association. They should be able to get a few factories out of them.

The Yankee farmers are flocking into the Northwest by the thousands, and it only takes about a year to teach them to sing "God Save the King." If you are a betting man I think you would find it safe to put your money up on the British Government. All signs point to the biggest victory the Liberals ever won over there.

ANOTHER RAID IN THE EAST. Large Quantities of Liquor In Foreign Boarding Houses.

The heavy fines imposed last week on some foreigners, for having an unreasonable quantity of liquor on their premises, apparently did not deter some keepers of foreigners' boarding houses on Rosedale avenue from having too much for personal consumption in their houses on Saturday.

The police received information that beer was being taken in wholesale quantities to 4 and 6 Rosedale avenue and a raid was planned on the same lines as the previous one. Sergeants Knox and Robinson, with a large posse of constables, visited the section and a large quantity of liquor was found and seized at 4 and 6 Rosedale avenue.

The names were taken and summonses were issued to-day to appear in the morning. Many houses in the district were entered, but no large quantity was found. The police inform that the houses that store large quantities of liquor is said to be a young fellow countryman, who goes amongst them as a good fellow, and is unsuspected of the double game.

SUNDAY ROW. Italian Taken to Hospital But Not Badly Hurt.

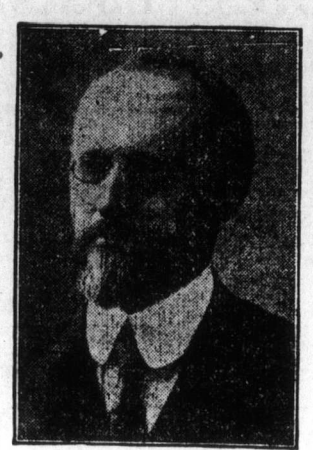

Some time last night the police ambulance was called to 412 Sherman avenue north, having been informed that in a drunken row in an Italian boarding house Rafael Rosse had been struck on the head with an iron shovel. Rosse was taken to the City Hospital, where he was found to be suffering more from fright than anything else.

Saturday and Sunday nights in the northeast end are being made hideous by the rowdiness indulged in by foreigners, who get half drunk and fight among themselves. One of the chief causes of annoyance to neighbors is a brass band which the foreigners have organized.

The police have received many complaints, and efforts will be made to bring about due recognition of law and order. SAFETY DEPOSIT BOXES To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables. TRADERS BANK OF CANADA.

HYDRO METHODS LEAD TO VIOLENCE.

Foreman and Men Injured by Pitchforks and Shovels In Gainsboro Township.

Actual violence was the outcome of the Hydro-Electric methods in Gainsboro township, on Saturday. Among the many in that township who strongly object to the illegal arbitration notices and the bulldozing which representatives of the Commission have done are the members of a family named Lane. This family has several branches, and the owner of one farm, believing that the Commission went on the principle that "might is right," and having been told that if he did not agree to the terms offered him the agents could take possession of such of his property as they desired, and that "it would be worse for him," signed an agreement for easements on his farm.

Other members of the family, however, decided to stand out for what they believed to be their rights.

Mrs. Prudence Lane is one of those who knew she was not getting a fair price for what she was asked to give up, so she refused to sign. On Saturday morning, according to the story told the Times by people residing in the section, a number of the Hydro men went upon Mrs. Lane's farm and began excavating for the foundations of towers.

The farm is said to be owned jointly by Mrs. Lane and her son, Eli O. Lane, and it is asserted that the Hydro-Electric Commission in July last agreed with Eli Lane on the amount of compensation to be paid for the right of way, but the money had not been paid over, Mrs. Lane not having signed.

At any rate, as soon as the workmen went on the land on Saturday morning to excavate for the foundations of the towers members of the Lane family went out, armed with pitchforks, shovels and other implements, and ordered them off.

The workmen were under the direction of Foreman Bowen. They did not leave when ordered off, and a fight ensued. While it was in progress Bowen was struck across the face, and had his nose injured, another workman received a scalp wound two inches long as the result of a blow with a shovel, while another was struck on the side, also with a shovel, and badly bruised.

Bowen and his men hurried off to Smithville, where Dr. Zumstein dressed up their wounds. They are not serious at all, the worst being a fork thrust in one man's leg. The case was remitted to Magistrate Martin, but it was this afternoon he had not issued warrants or summonses. They will see what Solicitor Lobbs has to say before going into court.

(Special Despatch to the Times.)

Ottawa, Ont., Sept. 13.—The mountain section of the Grand Trunk Pacific Railway will never be built, at least, not until you are grey-headed, unless contractors are allowed to get in other than white laborers. Of this I am firmly convinced," said Mr. Colliugwood Schreiber, Consulting Engineer of Department of Railways, to your correspondent this morning.

It is the business of Mr. Schreiber to check up the work of the Grand Trunk Pacific contractors on behalf of the Government, to make sure that the road has been built according to the high standard required by the contract with the Government. Mr. Schreiber has been walking and riding over all of the work from Winnipeg west since the work started. He is a man of great experience in railway work, having supervised the construction of the Intercolonial and inspected the greater part of the original Canadian Pacific construction.

"Condition in British Columbia as regards labor is particularly bad," continued Mr. Schreiber, "and I don't seem to be some white men walking around the streets of towns but they will not go on railway construction work. They say that it is too hard. Of course it is not so agreeable as city life, but if white men will not do the work, some else will have to, as the work must be done. At the present there are graded the first hundred miles from Pacific west."

The rails are arriving for this section now. Contractors have been over a year engaged on this first hundred miles. They are doing some seven hundred and fifty miles of mountain construction to be accomplished. Contractors for the first sections are Foley, Welsh and Stewart—a first-class firm.

They have only been able to get a couple of thousand men for work so far, and they have obtained them through the payment of \$3 a day and board. This is more than contractors can afford to pay for navy work. There are still four contracts to be let for mountain work, and in the course of the next two years there should be at least 25,000 on the job. At all the half and four dollars a day for men is heavy, and the railroad contractors cannot hold them. However, this is only a temporary condition.

Addresses of farewell were read by Daniel Stanley from Council No. 217, and A. P. S. Donaldson from the members of council No. 160. An address and presentation of a diamond ring was made by Dr. McCarthy on behalf of Council No. 20. An address and gold-headed cane were presented by Odessa Council, No. 186, this presentation being made by Mr. Davies. After the presentation, Dr. Bell gave a touching address.

OTHER SIDE GOT REMAND.

Defence Had So-Called White-Slave Case Laid Over.

Two Bunches of Grapes Cost Young Man \$5.

Another Fined \$5 For Painting Sign on Pole.

Usually on Monday morning the Police Court enclosure for transgressors is crowded, but there was an exception this morning, only five sat there, and trivial charges were entered against their names. Chief Smith wore a smile of satisfaction and even deigned to be talkative to the reporters. He discussed the proposition of presenting them with some of the confiscated bottled goods secured in Saturday night's raid on the foreigners' boarding houses.

Showing unmistakable signs of acute suffering in his face, Annie Merry, the chief witness in the Buflus and Partlett case, appeared. A. M. Lewis, counsel for the defence, asked for an adjournment till Wednesday, as, he said, he understood the charge had been altered from detaining to keeping a house of ill-fame.

His Worship said the charge had not been altered at all. Chief Smith objected to an adjournment, explaining that the Crown witnesses were ready.

"Will you pay the witnesses if the case is adjourned?" asked Chief Smith of the lawyer.

"No, I won't." "I'm between the devil and the deep sea," said the chief, who continued to object to an adjournment, whereat Mr. Lewis reminded him of how often he had been granted the same privilege, and he (counsel) had not unduly objected.

"Your witness can come on Wednesday," said the Magistrate to the chief.

The chief said that would not suit him as well, whereat the Magistrate remarked, "The Crown should always be ready to show its hand and should have nothing to hide."

"I don't know about that," muttered the chief. The case was adjourned till Wednesday. Annie Merry required assistance in leaving the court room.

James Conlan claims to be one of Montreal's old boys, but apparently he had no desire to be present at the re-union, for he arrived in this city yesterday in a side door pullman on the G. T. R. When alighting, he was arrested by G. T. R. Constable Shree, for trespass, and this morning was assessed \$5 fine, \$3 costs, or in default, 21 days.

The fox in Aescop's fable saw the grapes but could not reach them and consequently called them sour, but the case of James Fernbaugh, Bartonville, and the grapes were entirely different. He saw them and could reach them, and as they looked tempting, he took two bunches from the vine which belonged to George Awrey, Bartonville. County Constable Van Meeze saw Jim pluck the fruit, hence the prosecution. Those two bunches cost Fernbaugh the high price of \$5 this morning, and he was told by the Magistrate he could be sent to jail for such an act.

For painting an advertisement on posts of the Cataract Power Company, Arthur Patrick was fined \$5.

"I'm not guilty your worship, for I have a good home," sobbed Mary Foley, charged with being a common vagrant. P. C. Reynolds found her on Saturday in Paradise Road. "You can go, and think yourself fortunate," said the man with the power. "Thank you kindly, Mr. Jeffs," said Mary, as she adjusted the trimmings on her new fall hat and passed through the swing gate to liberty.

A SEND-OFF To Dr. J. H. Bell, Who Has Come to Hamilton.

Prior to his departure from Kingston to take up his residence in this city, a farewell was tendered Dr. J. H. Bell, Grand Medical Examiner of the Canadian Order of Chosen Friends. The at-home was held in the City Hall and the supper was given in the Randolph Hotel. The affair was conducted under the auspices of Council No. 20, C. O. C. F. All the Grand Councilors of the Order who could possibly attend were present. The chair was occupied by Alexander Morris, Grand Councilor, Hamilton; Recorder, W. P. Monaghan; Hamilton; Grand Organizer, W. E. Campbell, Hamilton; Major H. J. Snellgrove, Cobourg, member of the Grand Executive; Dr. Edward M.P., Chairman of Auditors, and Chairman Alex. Morris made speeches, in which they expressed their appreciation of Dr. Bell's work.

Addresses of farewell were read by Daniel Stanley from Council No. 217, and A. P. S. Donaldson from the members of council No. 160. An address and presentation of a diamond ring was made by Dr. McCarthy on behalf of Council No. 20. An address and gold-headed cane were presented by Odessa Council, No. 186, this presentation being made by Mr. Davies. After the presentation, Dr. Bell gave a touching address.

J. P. Kohl Sues to Have Marriage With Vinie Daly Annulled.

Sequel of His Denial That He Wedded Girl Last June.

Chicago, Sept. 12.—John P. Kohl, winner of numerous prizes in regattas on Lac La Belle, who last June strenuously denied that he had married Vinie Daly, vaudeville actress, filed suit yesterday to have that marriage annulled.

Mr. Kohl, who is the son of Charles E. Kohl, head of the Kohl & Castle Amusement company, is only 20 years old. His wife is 25. The marriage took place in Philadelphia on June 24 last and was the culmination of a romance which had its inception when Vinie Daly was playing at the Majestic theatre in Chicago last January.

Kohl says he made the acquaintance of the actress then, and that the attachment became strong. He left the Kohl summer residence at Oconomowoc on June 23, 1909, and went to Philadelphia, where Miss Daly, whose real name was Elyria Delehanty, was playing in Keith's theatre. Young Kohl waited until she finished her performance at 4 o'clock and then they went in an automobile to the clerk of the Orphan court, where they obtained a marriage license. The ceremony was performed at 7:30 p. m. and Kohl says he then handed to his bride a certified copy of the marriage certificate, which she still retains.

She returned to the theatre, and Kohl took the first train out of Philadelphia to Chicago. From that day to this, he says, he has not seen his wife. On his return to Chicago he apprised his parents of the marriage. Their objection to the match was manifest, and Kohl says he notified his wife he never would live with her, and that he renounced the ceremony.

He declares the actress prompted him to represent himself as being 21 years old, and also encouraged him to keep the matter of their marriage a secret from his parents and from the world.

It is set up that the marriage is in opposition to the laws of Pennsylvania, inasmuch as Kohl was a minor and could not enter into such a contract without the consent of his parents, who were then and are now unalterably opposed to the match.

With Daly returned to Chicago, she Delehanty. The mother is known on the vaudeville stage as Lizzie Daly, and has been an actress for thirty-five years. The daughter has played in numerous theatres throughout the United States, Canada, and Europe, and in many theatres controlled by Kohl's father. Kohl says she has been on the stage ever since she was 20 months old. She is a niece of the late Dan Daly.

PEARY MAN STARTED IT. Was Fined \$1 and Costs for Founding a Cook Man on the Street.

Fort Worth, Texas, Sept. 12.—Judge Lane, of the corporation court, decided against a Peary contender in an argument over who discovered the pole. B. C. McHam and Lewis D. Wall had the dispute. Wall stood out for Cook and when a patrolman came along to stop the fight Cook seemed to have the better of the argument.

The court decided that Peary's supporter started first, even if Peary didn't, and the referee fined him a dollar and costs. Cook's supporter went free.

LUMBER MAN DEAD. Chicago, Sept. 13.—Turlington Walker Harvey, one of Chicago's pioneer lumbermen, and at one time the greatest lumber dealer in the world, died yesterday in a hospital at Littleton, N. H., of injuries caused by a fall six weeks ago while entering a ferry boat in Jersey City.

GRAIN MEN TO MEET. Chicago, Sept. 13.—Representative grain dealers and brokers from all over the United States and Canada will gather in Chicago on Friday and Saturday of this week, as guests of the Chicago Board of Trade. The occasion is the first assemblage of grain exchanges, and the object is to establish harmonious action on the vital matters affecting operations of exchanges.

HARVEST FESTIVAL. The annual harvest festival at Holy Trinity Church, Chedoke, which takes place on Thursday and Sunday, Sept. 16 and 19, will be of a rather unusual character, as the Bishop will be the preacher on Sunday evening, and will hold a confirmation at the same time. The preach-

er on Thursday evening at 8 o'clock will be the Rev. Mr. McNamara, rector of Winona. Large congregations are expected at these services, and also at Glanford on Sunday afternoon, when the Bishop will hold a confirmation.

The people at this church are to be congratulated upon the progress in church work which has been made since the arrival of their new rector this year.

FOR SOUTH POLE. CAPT. SCOTT TO LEAD EXPEDITION NEXT AUGUST.

It Will Have Two Bases—Hope to Accomplish Valuable Geological Work in Addition to Reaching the Pole.

London, Sept. 12.—Capt. Robert Scott, who commanded the National Antarctic expedition of 1901-4, will lead another British expedition to the Antarctic regions, starting about the beginning of next August.

The annual camp reunion and bazaar will take place next Saturday, Sept. 18, at 7:30 p. m. All the campers are cordially invited to be present.

Beach Bethel Sunday School. It was a great source of satisfaction to Mr. Robinson to see the fidelity with which the boys attended the Sunday school, carrying with it a splendid influence.

The annual camp reunion and bazaar will take place next Saturday, Sept. 18, at 7:30 p. m. All the campers are cordially invited to be present.

Captain Scott figures that the expedition will cost fully \$200,000, and to raise this amount considerable subscriptions have been offered. He appeals to the nation to subscribe the rest to secure to the British Empire the honor of achieving the South Pole.

In the course of a long letter detailing his plan Captain Scott says he proposes that the King Edward land base will be 400 miles east of Mac Murdo Sound. The attack on the Pole will be made from whichever base circumstances favor.

WEAVERS' STRIKE. Fall River, Mass., Sept. 13.—The one thousand weavers employed at the Fall River iron works cotton mills, which are controlled by M. C. D. Borden, of New York, did not report for work today, in accordance with their announced intention of striking for an increase in wages. The striking weavers ask for a ten per cent. increase in wages and the adjustment of several other minor grievances.

The death took place yesterday of Philip Marian, only daughter of T. J. and Mrs. Baker, 130 Ingham street. The funeral will take place to-morrow at 4 p. m. from his parents' residence. Interment will be in Hamilton Cemetery.

The funeral of Oliver Beatty took place from his late residence, 355 Charlton avenue west, on Saturday at 2 p. m. There was a family service at 11.30 a. m. Rev. Canon Abbott officiated; also at the public service at Christ's Church Cathedral at 2.30. The cortege, by relation, passed St. Mark's Church, while the dead march was being played as a mark of respect to one who was popular with the choir of that church.

The funeral of Miss Pearl Nixon took place from the residence of her uncle, T. W. Mountain, 190 West avenue north, on Saturday at 3 p. m. and was largely attended. Rev. J. A. Wilson officiated at the house and grave, and the pallbearers were four members of Unity Lodge, G. O. Lake, P. G., C. H. Mann, P. D. G. M., R. Gillespie, P. G., Frank H. Hod, P. G., and J. Ross and Geo. Smith, represented the A. O. U. W. The floral tributes were numerous and beautiful.

SOMETHING SERIOUSLY WRONG.

Dear Sir—There is a very serious state of affairs existing in the Township of Gainsboro and other townships, through which the Hydro-Electric act is being carried out in the name of the plaintiffs, and at the instance and for the sole benefit of the said last named company.

There is something seriously wrong when tax law-abiding citizens are forced to pay for the maintenance of a civil right and property rights against the government of the Province of Ontario.

I am also credibly informed that the Hydro-Electric people have found the people so hostile to them that they are working at night in the townships. Constables are being appointed to watch them. There are rumors that the Hydro-Electric Commission intend to ask them to force their way through. The people are opposed to grant- ing easements, and want their property fenced so that this proposed high voltage line will not kill their cattle, servants and themselves.

The people are getting wise to the fact that there is no law to force them to give an easement. In my opinion the Dominion Government will have to take action or very serious consequences will occur, as the people are at white heat, and are out watching night-hawks.

Yours, etc. OBSERVER. Gainsboro, September 13, 1909.

A COMPLAINT.

Visitor Writes About Toronto Fair Accommodations.

Writing about the Toronto Exhibition in "The Weekly Fruit Grower." Free Lance, after enumerating the many splendid features of the great fair, says:

But this galaxy of good things provided by the Toronto people is greatly marred to us by three drawbacks. The first is that there is only one entrance and exit from the grounds, and that consequently all the street cars have to be bunched in one place which causes great inconvenience at the hours when the public are rushing in, and much greater inconvenience when they are rushing out.

The second is that it is nearly impossible to get a moderately decent meal anywhere in the grounds. The third is the extraordinary hardships to be encountered on the way back.

The matter of street car accommodation at the fair grounds is something that every person who has ever wanted to see an evening performance through has had to complain of. As things are at present all the loading must be done on one track and only one car can be filled at a time.

The street railway company seems to provide an abundance of cars, but after the close of a long and perhaps a hot day at the great fair it jars one's nerves to have to push and scramble for an hour in an effort to reach the spot where the one car can be filled. The matter of meals on the grounds is certainly another thing that the fair directors should improve.

He believed the time had come as never before to reach his countrymen who knew not God, and he pleaded earnestly for the help of the friends on this side of the sea.

The audience responded heartily to the call and gave a large contribution to the cause. Next Sunday Mr. Metrustry goes to London, from whence he proceeds to the States.

Amusements

"THE MAN FROM HOME."

One of the most attractive features about the new play, "The Man From Home," written by Booth, Tarkington and Harry Leon Wilson, which will be seen here at the Grand to-night, is the humorous blow it strikes at the folly of intermarriage.

QUEBEC---LOOKING BACKWARD

The 150th Anniversary of Its Capture by General Wolfe—September 13, 1759

(By J. A. SINCLAIR)

Standing at the edge of the declivity, on the spot where once clustered the tents of Vergor's detachment, and looking downward to the placid river touching the very foot of the bluffs, one wonders, indeed, where and how that indomitable army of Wolfe's ever made a landing.

The path threading to the heights through scrub and small bushes and protected in vulnerable spots by abatis, with other obstructions thrown there at this critical time, would seem to have been insurmountable, leaving the climb out of consideration altogether.

Why Montcalm did not employ some of the numerous Indians encamped around the city in watching the whole line of cliffs, when he must have known their sagacity and keenness as a valuable asset to the bluff, rebellious Canadians under Vergor, is hard to understand.

Of all the landing places, either in front or the rear of the city, Wolfe's choice was the only one. He could not dare another rush at the Montcalm Redoubt, and the first episode of the campaign, when day broke this battalion moved forward to the high ridge, a good half mile from Wolfe's troops, and placed their flags.

That the feat in front of the city by Saunders kept Montcalm at the tension point through the greater part of the night and caused him to mass the troops there, was a mighty aid to Wolfe's plans at the rear.

Saunders, next to Wolfe, cannot receive too much honor for the success of the expedition. He has received little. Without the help of the fleet in the long days before the battle, Montcalm might have rested serenely on the rock and his troops spared the ceaseless task of following the vessels up and down the river.

Half a continent passed into the hands of England by the battle of Quebec, and what is there now for the predominant

ing spirit of it all? Scattered up and down the Dominion Wolfe won are monoliths of granite, tablets of brass and mighty pillars rising to the clouds in honor of soldiers and statesmen, but among them all there is none to the memory of the British general, or the officers and men who fought and died in a battle whose results were the greatest of any before or since on the American continent.

"To-day across the victor's graves, The astonished years reveal No tribute to the gallant host Who won our land with steel."

TENNIS

Toronto, Sept. 13.—Great weather and a galaxy of tennis cracks of first water made Saturday afternoon at the Toronto Club courts a gala day for lovers of tennis. The open event for men to settle the championship of Ontario was completed to the challenge round, and Mr. Arthur, veteran of many tournaments, will meet Mr. Robert Baird, last year's champion, for the title.

Men's Singles. Arthurs defeated Dingman (final), 6-3, 4-6, 6-1, 6-1. Macklem defeated Weber 3-9, 6-3, 6-2. Men's Handicap. Weber defeated Ramsden 4-6, 6-2, 8-6.

Men's Doubles. Atkinson and Wickens defeated Fawns and Taylor 6-1, 6-3. Scandrett and Wood defeated Kiner and Laing 6-4, 6-4.

Mixed Doubles. Miss Sheppard and Brown defeated Miss Evans and Chambers 7, 5, 6-4. Miss Graham and Henderson defeated Miss Hertz and Langridge 6-0, 6-1.

Ladies' Doubles. Miss Andras and Miss Fairbairn defeated Mrs. Cox and Miss Fairbairn 6-1, 6-3.

THE TRIGGER

There was a good attendance of ladies and members of the Hamilton Gun Club on Saturday afternoon, it being Ladies' Day. It was an ideal afternoon and a good programme was arranged by the committee.

## HEROIC DEAD.

Corner Stone of South African Memorial is Laid.

The Lieutenant-Governor and Hon. G. W. Ross Speak.

Toronto, Sept. 13.—It is ten years ago since the Maxim guns last sounded like death's tuck-her on the South African field. It is more than ten years ago since Canada sent her sons across the seas in answer to the old country's call for aid. Boer and Briton have shaken hands, and a new dominion is entering the sisterhood of nations, over which waves the Union Jack as the chief emblem of liberty. It has resulted in a drawing more closely of the bonds of empire, and it is fitting that honor should be done to those who passed the bourn while fighting the battles of king and country. The granite column soon to raise its head on University avenue, with the inspiring emblematic figure of Peace springing from its apex, will serve for many generations not only as a reminder of the past, but as an index pointing the path for the future.

It was a matter of extreme regret that Admiral Lord Charles Beresford should have been prevented from keeping his engagement to lay the foundation stone in his absence. The ceremony was performed fittingly by his Honor the Lieutenant-Governor, President of the South African Memorial Association, to whom, together with the Hon. Geo. W. Ross, Hon. President; Mr. Edmund Bristol, M. P., and Mayor Oliver, eloquent addresses were delivered. The ceremony was carried out in the presence of a large crowd of interested spectators, who not only thronged the roped-off enclosure, but the adjoining roadways. A composite guard drawn from the city garrison was present, while two sides of the square were lined by veterans, soldiers, and sailors, some on whose breasts glistened decorations proving that they had fought under the Union Jack on many fields.

The site of the monument, which it is hoped, will be unveiled on next Empire Day, is situated a little north of Queen street.

His Honor laid the foundation stone, using for the purpose the trowel which had been presented by Mr. Harry Ellis for the purpose. The blade of which was composed of Cobalt silver and the handle of Lake Superior silver. Under the stone was placed a box containing current copies of the Toronto newspapers, current coins of the realm, stamps, and a list of the fallen soldiers.

His Honor, addressing those present, joined in the general regret at the absence of Lord Charles. "Fifty years ago," his Honor said, "I joined the Queen's Own Rifles as a student at the University, and I have always had a weak spot for that magnificent regiment." Continuing, he said that in later years, on successive occasions, it had been his duty to endeavor to capture Toronto, "but," he added, with a smile, "I never succeeded on any of those occasions any more than in a political sense."

It had been one of the chief enjoyments of his life to be associated in various military capacities with officers who had occupied prominent positions in Toronto. He had trained with Gen. Otter and at the rifle ranges rubbed shoulders with many others, therefore, it was natural that he should feel an interest on the present occasion when they were commemorating the self-sacrifice of those who desired to do their duty. He thought he had better say "Amen" in advance to all that the President of the association, Hon. G. W. Ross, would have to say to say "Amen," said his Honor, "to nearly everything he said in the old days, but I am afraid that my judgment now would prevent me from accepting everything he might propose, especially if it were of a political nature—so I am advised."

Hon. G. W. Ross alluded in the opening sentences of his eloquent address to the peculiar fittingness that the ceremony of laying the foundation stone should have been performed by his Honor. As Mr. Bristol had said, it was no ordinary occasion. The South African War had been one of the great wars of the generation, and one of the immediate results had been to create a wider sentiment of Imperial unity. Australia, New Zealand, Canada, and all those parts of the Empire where the British flag flew had been drawn closer together, and it was clear that they had fought side by side as one of the strongest evidences that the empire would endure "while circling time moves round in an eternal sphere."

## A LARGER LOAF,

But There Will be No Increase in the Price.

Toronto, Sept. 13.—About seventy per cent. of the bread sent out this morning will be in loaves weighing ten ounces and the balance of about thirty per cent. will be of the sixteen-ounce loaf, which has been the general size for some time past.

The price of the enlarged loaf will remain at five cents, which was the price up till today of the sixteen-ounce loaf, so that the housekeeper will now receive more for her money than she did previously.

The question of further legislation relative to bread has been discussed by bakers and by some of the grocers who sell bread. The grocers consider that not only should the size of the loaf be fixed by legislation, but that "fancy bread" should be more accurately defined than in the present act, and that provision should be made for the city or Province analyzing the bread and prosecuting those who used any deleterious mixtures in its composition.

### MESSAGE FROM THE KING.

His Majesty's Personal Condolences to Dr. Goldwin Smith.

Toronto, Sept. 13.—Among the countless messages of condolence to Dr. Goldwin Smith which have poured in since the death of his wife was a cablegram containing a personal message from King Edward VII., conveying his sympathy in the bereavement Dr. Smith has sustained.

It will be recalled that when the King, then Prince of Wales, was a student at Oxford, Dr. Goldwin Smith, who is his senior by nearly twenty years, was for a time tutor to his Royal Highness.

### F. N. BURT COMPANY, LIMITED

The F. N. Burt Company, Limited, recently formed under the laws of the Province of Ontario, has acquired, as of September 1st, 1909, the businesses of the F. N. Burt Company of Buffalo, N.Y., manufacturers of small paper boxes; The Morton Company, Limited, and the Merchants' Counter Check Book Company, Limited, of Toronto, together with the Canadian businesses of the Carter-Crume Co., Limited, the three last named companies being manufacturers of counter check books, or merchants' sales books.

F. N. Burt Company are specialists in paper box making. During the last ten years there has been a striking evolution in the paper box making industry. The local paper box business, which was carried on almost entirely without the use of automatic machinery, has given place to factories employing thousands of people, with skilled labor and improved machinery. A few years ago many articles were wrapped only in paper, which are now sold in cardboard boxes. This applies in most lines of merchandise. Grocers' shelves now show a large proportion of their goods in such boxes, products thus reaching the customer in the same condition in which they leave the manufacturer, while manufacturing and wholesale druggists are conspicuous amongst many other large users of small paper boxes.

Mr. F. N. Burt of Buffalo, a Director of this Company, and whose experience will be valuable to it, has been a most successful manufacturer of small paper boxes for more than ten years, having manufactured goods of a high class and put his business on a low cost basis. During the last year Mr. Burt has perfected special machines, which have for some months been in practical use as to a percentage of the output. The exceptional value of these machines has been fully proven, and as soon as more of the same style can be installed the average cost of production will be further materially reduced. A number of these machines are now in process of manufacture.

The Burt Company leases one of its factories, but owns the other two, the real estate and buildings being well located and very valuable. This Company has taken them over, subject to small mortgages on a part of the property totalling \$49,000. One of \$25,000 is at 4%, and it is proposed to leave this indefinitely. As to the remaining \$24,000, which is at 5%, it is provided that \$10,000 shall be paid on May 11th, 1911, with the balance in instalments of \$2,000 per annum.

The Burt Company's output has nearly all been marketed in the United States. A small percentage, however, finds its way to Canada, and Mr. Burt has for some time thought of establishing a factory in Canada, believing that it would be profitable to do so. Mr. Burt has considered it wise to have factories in three different locations in Buffalo. This is regarded by the present Board as good policy, in view of its being a safeguard against serious interruption of business from fire, and in view, also, of the advantage from a labor standpoint.

Toronto, September 10th, 1909.

S. J. MOORE, President.

### ACCOUNTANTS' STATEMENT

After examination of the Books and Accounts of the F. N. Burt Company, Limited, The Morton Company, Limited, the Merchants' Counter Check Book Co., Limited, and the Canadian business of the Carter-Crume Co., Limited, we hereby certify that the combined profits for the years 1905, 1906, 1907 and 1908 are as follows:—

Year ending December 31st, 1905	1906	1907	1908
\$ 55,112.77	\$ 2,646.92	\$122,690.19	\$ 68,390.79

Of the above amounts, which total \$238,840.67, the net profits of the Burt Company for the four years were \$232,447.04, and of the Check Book business \$6,393.63.

All expenditures in connection with maintenance and repairs of the property have been charged against profits, and we are of the opinion that ample amounts have been annually written off for depreciation, in addition to the outlays required to keep the works in good condition. Losses from bad debts have averaged less than one-half of 1% during the past four years.

Net Assets, over and above Liabilities, irrespective of good-will and patent rights, exceed the amount of the Preference Stock.

The computed net profit upon the sales for the first eight months of 1909 we find to be \$79,843.20. On the basis of this computation, cost experience and volume and character of orders on hand, we feel warranted in estimating net profits for the year 1909 of \$119,000. This would provide \$52,500 for 7% dividend on the Preference Stock, leaving \$66,500 available for depreciation charges and Common Stock dividend.

Toronto, September 10th, 1909.

CLARKSON & CROSS.

### SOLICITORS' OPINION

We have had charge of the formation, under the laws of the Province of Ontario, of the F. N. Burt Company, Limited, and certify that both the Preference and Common shares have been validly issued as fully paid shares, the Preference Shares being preferred as to both assets and cumulative dividend of 7% per annum, and carrying the right to the holder to exchange the same at any time, share for share, for Common Stock.

## IS COOK AN IMPOSTOR?

Peary Declares That He Never Passed the 85th Parallel.

Mr. Whitney May be Able to Tell Who is Right.

Report That Cook Claimed Only to Have Beaten Peary's 1906 Record.

New York, Sept. 12.—Interesting evidence bearing upon the question whether Dr. Frederick A. Cook did, as he asserts, or did not reach the North Pole before Commander Robert E. Peary succeeded in his long quest for the Pole was supplied today in a despatch published in the New York Herald from its correspondent, who met Harry Whitney, the New Haven sportsman, aboard the Roosevelt, when she came from the north on August 23rd.

The correspondent has sailed on the relief ship Jeanie, which put out from Newfoundland early in August to find Peary, Cook and Whitney. The Jeanie and the Roosevelt met in Westholme Sound, north of Saunders Island. Whitney was aboard the Roosevelt, having been picked up at Etah by Commander Peary while the explorer was on his way back from the Pole.

Dr. Cook declared, in his earliest interviews in Copenhagen, that he had reached the Pole to Whitney. When returning from the Pole, he found Whitney staying at Peary's base of supplies at Etah. Dr. Cook explained that he had made two sets of records, including exhaustive observations. He had given one to Whitney, so that the event of a mishap to himself, there would still be proofs in existence to establish his claim to the discovery of the Pole.

When Whitney was heard from, Dr. Cook asserted positively, all doubt as to his contention of being the discoverer of the Pole would be dispelled.

The Herald's correspondent, who, when he wrote his despatch, evidently knew nothing of this, mentions that Dr. Cook met Whitney at Etah on April 17, and says that Dr. Cook told Whitney of his trip north. But, far from telling Whitney that he had discovered the Pole, the correspondent says that Dr. Cook merely stated that he "had gone beyond the mark reached by Peary in 1906." Cook, he says, spoke also of having been "well pleased to have accomplished this."

Instead of mentioning any proofs that Cook had entrusted to Whitney to show that he reached the Pole, the correspondent says that Cook would not tell Whitney how far north he had been, and the members of the Peary party are positive that the farthest north record has been retained by Peary. Moreover, the correspondent, going on, says:

### COOK'S STORY OF PEARY.

Copenhagen, Sept. 12.—A remarkable letter, giving Dr. Frederick A. Cook's version of the trouble with Commander Peary over supplies appears in the newspaper Politiken. The letter was written by Dr. Norman Hansen, a prominent Danish physician, who several times visited Greenland to study eye diseases, which he has made a specialty of. Dr. Cook told practically the same story to one of his closest American friends just a week ago, before Commander Peary re-appeared on the scene. Dr. Hansen was with Cook for some time in Greenland and returned with him on the Danish Government steamer Hans Eged. In his letter he says: "Now that Dr. Cook is gone I am no longer under any obligation to keep silence, and I will air my right to publish the story about the house at Annotok, a story which Dr. Cook himself had too much delicacy to relate to the world. I write it according to my memory, in the same manner that Dr. Cook, in Frederiksberg told it

to me, and I am fully convinced that in no details are my recollections wrong.

"Dr. Cook had built his house for stores in Annotok, north of Etah, and it was this depot which he started to reach in February, 1909, crossing Smith Sound. It was a pretty large house, the walls being of heavily-filled provision boxes, so that Dr. Cook knew that when this important point was reached, everything was safe. He had, before the start, arranged with a young friend named Whitney that he had the right to use the house while hunting musk oxen for sport in the winter of 1908-09.

"When Dr. Cook and his two Eskimos, exhausted and half starved, came within a shot's distance of the house in Annotok young Whitney came to bid him welcome, but inside the house was a stranger, a giant Newfoundland boatswain, on watch. This man had been placed in Dr. Cook's house by Peary, when the latter passed Etah with his ship bound north. Peary had given the boatswain a written order, which commenced with the following words: 'This house belongs to Dr. Frederick A. Cook, but Dr. Cook is long ago dead, and there is no use to search after him; therefore, I, Commander Robert E. Peary, install my boatswain in this deserted house.'

"This paper the boatswain, who could neither read nor write, exhibited to Dr. Cook, and the latter took a copy of this wonderful document. Dr. Cook gave me a lively account of how the young millionaire, Mr. Whitney, during the whole winter, was treated like a dog by the giant boatswain, and how he had calmly witnessed the sailor bartering Dr. Cook's provisions for fox and bear skins for himself. Dr. Cook also had to put a good face up on the unpleasant situation. He had to beg to get into his own house, and had to make a compromise with the boatswain with strong fists.

"Dr. Cook made a present of the house with all its contents to his two faithful Eskimos, with the proviso that Whitney was to have the use of the house as long as his hunting trip lasted, but he was compelled to let the Newfoundland boatswain continue his watch. "To Mr. Whitney Dr. Cook gave his instruments and his observations, as he thought these precious things were safer there than across Melville Bay, but all his notebooks and greasy and soiled record books, which have been so closely written upon, he kept and carried with him.

### THE ROOSEVELT DAMAGED.

St. John's, Nfld., Sept. 11.—According to Capt. Neilsen, of the fishing steamer Taff, which arrived here tonight from Battle Harbor, Labrador, Commander Peary's steamer Roosevelt was badly damaged by ice in the north, and may not get to North Sydney before Sept. 25. The Roosevelt struck a rock while entering Battle Harbor, and was fast for six hours, but was not seriously damaged in the accident.

The Taff, which left Battle Harbor early yesterday morning, was in port last Wednesday when the Roosevelt arrived from Indian Harbor. While the Roosevelt was stranded Captain Neilsen went aboard to offer his assistance. Capt. Neilsen says that Commander Peary and Capt. Bartlett showed him over the ship and told him that the pole had been captured. When Captain Neilsen asked Peary if he was certain that he had found the pole, the commander declared:

"Oh, I got there; you may rest assured of that."

When the commander of the Taff asked Peary what he thought of Dr. Cook's claim, Commander Peary replied that Cook's Eskimos had assured him that Cook had scarcely gone out of sight of land. Capt. Neilsen says that Peary appeared to be thoroughly convinced of his own success, and Neilsen tonight declared that he fully believed Commander Peary's report.

Capt. Neilsen also said that when he left Battle Harbor yesterday it was the intention of Peary and Bartlett to run the Roosevelt to Assise Harbor, where she would remain for ten or twelve days, and expected to reach Sydney about Sept. 25.

The crew of the Roosevelt are all well, but look thin and tired, and, according to Capt. Neilsen, the most worn out member of the expedition is Commander Peary himself.

Capt. Neilsen said that the rigging of the Roosevelt presented a curious sight. About forty musk oxen heads and heads of reindeer were suspended to dry. Above the deck house are kennels containing foxes and other animals which Commander Peary is taking to the United States for museums. An attempt was made to bring five musk oxen and a walrus back alive, but the animals acted so wildly that they had to be killed. The hold contains a large quantity of furs, some Eskimo skeletons, and bones of strange animals.

Neilsen says Peary's opinion is that Cook is an impostor, and did not at any time travel more than a few marches beyond land or penetrate further north than the 85th parallel, or a hundred miles beyond land. He describes the crew as anxious for news from the outside world, from which they have been absent so long.

Peary claims with assurance that he brings the indubitable proofs of the absolute truth of his claims that he has accomplished his aim of reaching the pole. Peary strove hard to get south to give the world the news before Cook, and proclaim the latter a falsifier, but was unable to do so. He had also the ill luck to run the Roosevelt on a rock in entering Battle Harbor, where she stuck till high water. This will compel her to spend a fortnight there, and she will be taken to Assise Harbor, repaired, refitted and painted, to remove the scars of her polar conflict, before proceeding to New York. The crew are so weakened from hard work and care that 24 new men have been engaged for this work. Peary forbids the answering of the messages received daily asking for news. When the Taff left the party were anticipating that ship loads of American pressmen would come north, as the messages that were being received indicated that the whole United States was ablaze with this controversy.

### DID NOT ASK PEARY'S LEAVE.

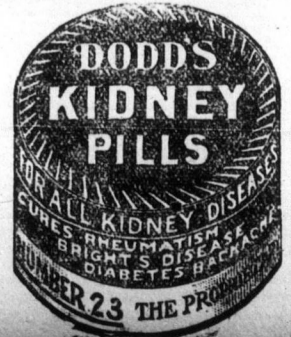

Christiansand, Sept. 11.—Dr. Frederick A. Cook arrived here today on the steamer Melchior from Copenhagen, and left shortly afterwards on the Oscar II. for New York. The municipal authorities boarded the vessel in the harbor, and the Burgomaster of Christiansand delivered a speech of welcome, in which he congratulated the explorer on his achievement.

Dr. Cook, in his reply, said: "After reading Szedrup's book I discerned a new route to the north pole, but I mentioned it to nobody. I felt impelled to try this route. Commander Peary seems to say the latter asked what he was going to do for her. Just afterwards she hurled a pint bottle at him. The bottle struck the stone wall and broke the window of Reid's butcher shop, and the liquid splattered over the clothes of the young man and the walk. The latter ran up Brock street and the girl out on King street, but the identity of either could not be learned. The young man called at several doctors' offices, and it is thought he was burned with the contents, which looked like carbolic acid and creosote."

### WOMAN THREW BOTTLE.

Result of Quarrel With Young Man at Kingston.

Kingston, Sept. 12.—The police are looking for a young woman who on Saturday evening about 8.30 o'clock threw a bottle of liquid at a young woman at the corner of Brock and King streets. The young man and woman were seen in conversation a minute before, and it is said the latter asked what he was going to do for her. Just afterwards she hurled a pint bottle at him. The bottle struck the stone wall and broke the window of Reid's butcher shop, and the liquid splattered over the clothes of the young man and the walk. The latter ran up Brock street and the girl out on King street, but the identity of either could not be learned. The young man called at several doctors' offices, and it is thought he was burned with the contents, which looked like carbolic acid and creosote.

TURNER WILL PLAY WITH THE TIGERS.

Initial Practice of Season Held Saturday--Craig and Binkley Likely Candidates.

Art Turner will play with the Tigers this season. This statement, which should bring joy to the hearts of the Hamilton football enthusiasts, was made unreservedly by a prominent official of the Tiger Football Club yesterday.

The Tigers had their first work-out on Saturday afternoon at the Cricket Grounds, and although there was a good turnout, several of last year's seniors, who are still debating whether or not to play, were not present.

Craig and Binkley, of last year's Dundas team, may play with the Tigers this season. Both are players of quality and would prove strong candidates for the senior line-up.

ITEMS OF INTEREST FOR YOUNG ATHLETES FOOTBALL, BASEBALL, ATHLETICS

The junior pigskin chasers started in real earnest on Saturday afternoon, when the teams held their inaugural practice of the season, by turning out in large numbers and indulging in some light work.

The City League will be better than ever this year. Mr. Nelson says there will be three new teams. Guy Long's team and the Alerts will be about the two strongest teams. The Alerts will have Lock-McMaster on again. Lock is one of the best center half men in the business, and his presence should greatly strengthen the team.

The McPherson's road race next year will be bigger than ever. In this year's event there were only six starters, but next race will be open to competitors all over the country. The distance will also be lengthened, and better inducements will be offered. The prizes were all corded off by Scotsmen, which greatly pleased Mayor McLaren. It speaks well for the Dist Athletic Association.

The deciding game for the championship of the East End Soft Ball League will likely be played at Britannia Park next Saturday. Arrangements are under way with M. M. Robinson, secretary of the Inter-City League, to have this game as a curtain raiser for the big one. It will be played between the Woodlands and the East End Y. M. C. A.

### THE PEARY COOK FIGHT.

Peary Says That He Knows of No Cook Records.

France Wants to be Arbiter in the Dispute.

Explorer Peary's Vessel Still at Battle Harbor.

Sydney, N. S., Sept. 13.—Commander Robert E. Peary is still at Battle Harbor, Labrador, and his family here are eagerly awaiting word of his departure on the Roosevelt for Sydney.

Mrs. Peary yesterday received a wireless message from her husband that he would keep her posted, and from this brief word it is assumed that Commander Peary has not definitely fixed the time of his sailing from Battle Harbor. Further information from Battle Harbor is looked for to-day, but the Roosevelt is now expected here before the latter part of this week.

Plans are being made to have Herbert L. Brundage, Secretary of the Peary Arctic Club, with the correspondents, meet the Roosevelt in the vicinity of St. Paul's Island, and take him aboard the steamer Tyrion which the government had turned over to the newspaper men. The Tyrion is a much faster ship than the Roosevelt, and this would expedite Commander Peary's arrival here, and at the same time give the correspondents an opportunity to question the Arctic explorer about his dash to the North Pole and the Cook controversy.

Pending the arrival of Commander Peary no new phases of the Peary-Cook controversy are expected to develop, although the questions that have arisen are being earnestly discussed among the members of the Peary welcoming party which is made up of Arctic explorers, scientists and correspondents. It is known here that Mr. Brundage has wired to Commander Peary through wireless telegraph that because of the temper of the controversy it might be well to defer any long statement until he has reached here.

### TEA TABLE GOSSIP.

Hon. Dr. Johnson, of Jamaica (Jamaica Johnson) was in Galt on a visit on Saturday.

Miss Rousseau, of this city, is a guest at the Hotel Chalfont, Atlantic City.

Mr. William Lyle, of Brantford, who defended the old "22" champion football team of that city in 1894, is in the city calling upon old friends.

Rev. J. Roy Van Wyck has secured the services of N. Marotit, and will open a new Roman Catholic church on Monday, Sept. 13, at 8 p. m. It is intended that classes will be held for instruction in English and a religious service in Italian.

Madeline Agnes Vollett, infant daughter of R. J. and Mrs. Vollett, passed away this morning at her parents' residence, 221 Locke street south, aged 8 months. The funeral will take place on Hamilton cemetery on Wednesday afternoon.

A number of prizes offered at the moulders' picnic are still unclaimed. The winning numbers are: 1,104, 1,267, 1,633, 1,645, 1,632, 2,769, 3,147, 3,013, 3,994, 4,109, 4,572, 5,952, 5,772, 5,865, 6,890, 9,760. Holders of these tickets can receive the prizes from Ernie Atkinson, 188 West avenue north.

A very delightful time was spent by a number of the girl friends of Miss Louise Hodgkiss in the school room of the Church of St. Thomas, when the junior branch of the Women's Auxiliary of the church gave a kitchen shower in honor of Miss Hodgkiss' approaching marriage.

The sequel to the quarrel last week between a motorist and a conductor of the Street Railway is that both have been discharged. The quarrel took place on a Barton street car, and blows were exchanged. The cause was some personal animosity between the men. The conductor was discharged immediately after the incident, but the motorist was not let go until to-day.

### MARRIED AT BRAMPTON.

Fashionable Event at Hawthorne Lodge on Saturday.

Hawthorne Lodge, Brampton, was the scene of an interesting and fashionable wedding on Saturday afternoon, when the fifth daughter of Mrs. Bartholomew Hill Bull, was united in marriage to Mr. Alfred Langford Robinson, youngest son of Mr. W. A. Robinson, President of the D. Moore Co., of this city.

Rev. Dr. Long, of Grace Church, Brampton, officiated, and Mr. W. H. Hewitt, organist and choirmaster of Centenary Church, had charge of the music. The strains of the Lohengrin Wedding March the lovely bride entered the drawing room, leaning on the arm of her second brother, Mr. L. J. C. Bull. They were preceded by two little nephews of the bride, dressed in white and carrying white ribbons. Then came the flower girl, Miss Amy Bull, of Toronto, niece of the bride, in a sweet little frock and bonnet of mauve chiffon and carrying a basket of orchids and lilies of the valley. She was accompanied by Master Howard Griffin, nephew of the groom, and the bridesmaid, Miss Eloise Philippe, cousin of the bride, dressed in a beautiful gown of spangled chiffon, over mauve chiffon and silk with trimmings of lace and a wreath of violets in her hair. She carried a lovely bouquet of orchids and lilies of the valley. The bride was a picture in a beautiful train braided with heavy silk cord, ruffled sleeves of broad lace, and orange blossoms completed the costume. She carried a magnificent bouquet of white roses and lilies of the valley. Mr. Robert C. Milne, of the Bank of Hamilton, Listowel, supported the groom.

The groom's gift to the bride was a magnificent ring set to the bride, maid and flower girl, each pins, and to the bridesmaid a pearl scarf-pin. Mrs. Bull, mother of the bride, was given in a heavy black silk with Brussels lace collar.

Mrs. W. A. Robinson, mother of the groom, wore a Princess' heliotrope gown of crepe de Chine and Italian silk with yoke of cream Brussels lace, black hat with plumes, and a bouquet of sweet peas.

Mrs. R. O. MacKay, of Hamilton, sister of the bride, wore a beautiful gown of cream Honiton lace and crepe de Chine and medium of amethysts. A substantial and recherché dejeuner was served by Caterer Cole, of Toronto, the guests being seated at tables arranged in the spacious dining room, during which the usual toasts were proposed and duly responded to. It was a matter of regret that the eldest brother of the bride, Mr. W. P. Bull of Toronto, and Mrs. Bull, were not able to be present, through illness.

A special car carried the party from Hamilton, which included: Mr. and Mrs. W. A. Robinson, Mrs. D. Moore, Mr. S. D. Robinson, Mr. and Mrs. F. H. Robinson, Dr. and Mrs. Griffin, Mr. and Mrs. R. O. MacKay, Mr. and Mrs. S. F. Lazier, Mr. and Mrs. H. S. Brennan and Mrs. Brennan, Mr. and Mrs. Albert Brennan, Miss Helen Grantham, the Misses Marshall, Mr. H. Watson, Mr. Hewlett and others. They were joined at Toronto by another large party in a special car, amongst whom were Mr. and Mrs. F. H. Bull, Mrs. and Miss Pattinra, of Oakville, Mr. and Mrs. W. P. Page, Mrs. Fyfe and Miss Bull, Mrs. and Miss Phillips, Mrs. Bailey, of Winnipeg, Mr. and Mrs. David Duncan, Mr. Henry Duncan and others. They were joined at Toronto by another large party in a special car, amongst whom were Mr. and Mrs. F. H. Bull, Mrs. and Miss Pattinra, of Oakville, Mr. and Mrs. W. P. The bride's travelling costume was a light brown cloth with touches of gold, but to match trimmed with white mink fur trim.

The happy couple left on an extended tour to the East.

Rev. W. G. Hanna, secretary of the Lord's Day Alliance, who was in the city yesterday, was asked by the Times when action would be taken against the cream vendors in this city for doing business on Sunday. He said that the Legal Committee of the alliance would meet to-day in Toronto, and nothing would be done until after that meeting. He further explained that the reason nothing had been done in the meantime is owing to many of the members of the alliance being away on their holidays.

### POWER SUIT.

Murray's Action Against Hydro-Electric Commission.

If It Succeeds the Beck Scheme Will be Knocked Out.

Toronto, Ont., Sept. 13.—An application will be made to-morrow at the Parliament buildings, before the Attorney-General of the Province on behalf of Major John A. Murray, of this city, for a fiat for leave to proceed with his action against the Hydro-Electric Commission.

At it will be remembered, the claim of Major Murray against the Commission is for an injunction to restrain the Commission from proceeding with the construction of the power transmission line, and from erecting towers, and constructing machinery and acquiring easements from the farmers, etc., on the ground chiefly that the whole proceeding is unconstitutional, and that the Ontario Government has no right to proceed with its power scheme for the transmission of power generated by the Ontario Power Company from the waters of the Niagara River.

The Ontario Power Company takes water from the Niagara River under a franchise or license from the Ontario Government and Major Murray claims that the Niagara River being an international boundary river and also navigable, the Dominion Government has exclusive control over it. The action, of course, raises very important constitutional questions, because if Major Murray is right, then the power companies are under the jurisdiction of the Dominion Government, and the Hon. Adam Beck's power policy would have lost its foundation altogether.

Mr. A. F. Lob is to represent the Hydro Electric Commission and the firm of Beattie, Blackstock & Company will act for Major Murray, through one of its senior counsel.

### ASKS WHAT CITY WANTS.

(Continued from Page 1.)

quest that the decision to spend \$10,000 enlarging the isolation buildings on the hospital grounds be reconsidered. The Board of Hospital Governors have asked that the Council to-night approve of plans and call for tenders for the enlarging of the buildings, and the Mayor thinks the aldermen will grant the request.

There will likely be litigation over the Southern home for incurable consumptives, over which there was constant squabbling during the time it was being built because adjoining property owners declared it would decrease the value of their property. It is the intention to open the home within the next two weeks, and as soon as this is done Geo. S. Kerr, acting for the property owners, will issue an injunction.

The Lepel Wireless Telegraph Company, which is asking the city to establish a plant here at a cost of about \$2,500, has sent further particulars of the scheme. It promises to give the city connection with twenty-five other stations in Canada, and as many more in the United States within three months.

Manager Howard, of James Shea's dry goods store, King street east, has written to Mayor Meahen complaining about the smoke nuisance from chimneys in that block, and the matter has been referred to the police to investigate, with instructions to enforce the by-law.

The Sewers Committee to-night will meet at 7.30 to open tenders for the construction of sewers on Arthur, Imperial and other streets.

The Council to-night will appoint Dr. McGillivray and Dr. Langs to look after Dr. Roberts' work during the four months he will be absent.

The waterworks department promised to turn the water on for the east end mountain residents last week. Secretary James Reid said that the delay in making the connections made it necessary to postpone the opening of the system until this week.

Wednesday next is the last day for the payment of taxes for those who would avoid the penalty.

The Council expects to adjourn to-night until Oct. 11.

The Parks Board will meet on Wednesday night.

### SAD SUICIDE.

Guelph Woman Takes Her Own Life While Despondent.

(Special Despatch to the Times.) Guelph, Ont., Sept. 13.—In an unconscious condition, with a bullet hole in her right temple, and a revolver from which the shot had been fired by her side, Mrs. Robt. Haugh, wife of Robt. Haugh, grocer, Glasgow street, was found in the bathroom at her home about half past three on Sunday afternoon. Medical aid was summoned, but she never recovered consciousness, and survived but a short time. She had been in poor health of late, but was about as usual on Saturday and Sunday. In the afternoon she lay down for a rest, and with her husband just outside the room on the verandah, took a revolver kept under the mattress and, going to the bathroom, fired the fatal shot. A fit of despondency was no doubt responsible for the rash act, and no inquest will be held. A three-year-old daughter and two sons survive with the husband.

### BISHOP ON APPOINTMENT.

His Lordship Referred to V. G. Mahoney at St. Mary's.

After official announcement had been made at the high mass in St. Mary's Cathedral yesterday of the appointment of Rev. Dean Mahoney as vicar-general of the Catholic diocese of Hamilton, Bishop DuMontin indulged in a little heart-to-heart talk with the congregation, and told the people very frankly what he thought of Hamilton Catholics in matters of this kind. He presumed that there would be criticisms, and people would want to know why this one or that one was not appointed. "That is my business. I have my own reasons. As a cardinal once said to me: 'You are the bishop and the judge; why do you do this or that?' I think that is his business. I think he does too," said his Lordship, who spoke appreciatively of Dean Mahoney's services, and said it was a high honor to the congregation of the cathedral to have him appointed vicar-general.

While explaining the meeting of the Plenary Council, which convened in Quebec on Sunday next, his Lordship referred with satisfaction to the fact that the Catholic Church was not a national church and never would be. The Catholic Church, he declared, was universal. While conceding that there was a grain of truth in all the sects of the world, and a great many in some of them, he said that the Catholic Church not only believed all the truths believed by the other churches, but a great many more. Special prayers were offered in all the Catholic Churches in Canada yesterday in the direction of St. Heloise, the Pope, in connection with the meeting of the Plenary Council.

The month's mind in memory of the late Vicar-General Laussie will take place at St. Augustine's church, Dundas, on Friday morning next at 10 o'clock.

### A NEW LIGHTHOUSE.

Work is well under way on the new lighthouse which the Government is having erected at Burlington. The structure will be of cement and steel, and will be solidly built upon concrete. Three feet of the cement work has been completed, and the placing of the steel work will be begun soon.

### NO WHITE MAN.

Battle Harbor, Labrador, Sept. 13.—The following details of Commander Peary's journey to the North Pole have been gleaned from members of the expedition on the board the steamer Roosevelt. The only men to reach the pole were Commander Peary and one Eskimo, Eging Wah by name. The other white members of the various parties that left Cape Columbia were sent back one by one as Peary drew nearer daily to his objective. Matheson and three Eskimo, the only other members of the reduced party that made the final dash, were left one march south of the pole.

### SOLOIST LEAVING.

First Methodist Church is losing one of its sweet singers, Miss Jo. Rowsome, contralto soloist and member of the quartette, having laid her resignation before the Music Committee, to take effect on the first of October. She has been a member of the choir over three years, and is a general favorite in the church.

### Quality Counts.

An American lady resident in Hamilton ordered oysters from us on Saturday, and this morning in enquiring for more remarked that they were the finest oysters she had ever tasted. That has been the opinion of our patrons for many years past. We can assure you there are no finer oysters sold anywhere. Standards, 50c; select, 60c the quart.—Peelies, Holston & Co.

### OFFICERS ELECTED.

The Hamilton Methodist Ministerial Association met to-day and elected officers for the year. Rev. J. W. Smith, of Charlton Avenue Church, was elected president and Rev. Isaac Couch, of Central Methodist, secretary. A committee was appointed to get out a programme for the year and it was decided to meet the first Friday of every month.

Hoax.—Well, the berry season is over. Joak—Now I suppose the undertakers can all take a vacation!

### Greater Effort is Required

ON our part to engage the attention of small depositors than the larger. VERY many accustomed to large financial transactions know of and avail themselves of our service. BUT those whose banking is limited, or to whom the occasion is rarely presented, can avail themselves just as well with every assurance of careful attention and courtesy extended.

### SPORTING NEWS.

New York, Sept. 13.—The International cricket match between the gentlemen of Ireland and a representative 11 from the New York club was resumed at Livingston, Staten Island, to-day when stumps were drawn 174 to the second Innings for 78 runs. The local players made only 29 runs in the first inning while the visitors had a total of 127. So that at the resumption of play to-day the New York men had to make 29 runs in order to aver a single Innings defeat.

Philadelphia, 13.—To-day's programme in the lawn tennis matches on the Germantown cricket grounds between the United States and England and to decide which country shall have the right to challenge Australia for the D. F. Davis cup, called for one match in doubles. The contest will close to-morrow with two matches in singles. Only one of the three remaining is necessary to give the Americans the honor of challenging.
