J. B. MacDONALD. J. B. MacDONALD.

E have decided to give this space to a short review of the leading new Fashions, and have no doubt that the Ladies will find it both interesting and useful. For this summer small Bonnets and large Hats are undoubtedly leading styles in Headwear, and Ladies will find the "Hollynow," "Fairmont" and "La Tosca" both becoming and new. The variety of Ribbons is unprecedented, the newest things being Watered and Tape Rdges. Flowers are used in great abundance, and may be considered the leading Trimming of the season. Poppies, Roses, Green Leaves, &c., are favorite designs. Aigrettes set in the midst of bows is noticeable in trimmings, and Quill Feathers thrust through the bows are deriquer. All sorts of Laces are used, many of the patterns being very pretty and effective. Indeed, never before was seen a greater or more pleasing variety in Millinery Goods, and BEER BROS, the largest Importers on the Island of these Goods, are showing an immense stock of pretty Novelties for Ladies and Children. Lace Hoods, and Lace and Satin Bonnets are the prettiest things for Infants. As a rule, new Mantles are heavily trimmed with Jet, Lace and Beadwork of all kinds. In Dress Material the variety is both large and pleasing, the prettiest thing in Trimming being the new Watered Silks Waist-coats are in high favor for both simple and dressy costumes. Many new styles are shown in Children's Dresses-Smocking being the favorite trimming.

In addition to all the above, many new

In addition to all the above, many new styles are shown in Parasols, Gloves—some of which have double finger tips—Hosiery, Print Cottons, Zephyrs—which are very serviceable—Jerseys—the Blouse being a favorite—and in fact in every department at BEER BROS, you will find Novelties of a most pleasing character, and everything marked at fair prices.
