LOCAL HAPPENINGS

THE GUIDE-ADVOCATE welcomes all items of interest for this column. Call Phone 11, send by mail or drop item in GUIDE-ADVOCATE Letter Box.

BRIGHTEN UP.

SPRING FAIR to-day.

SPRAYMOTOR outfits at Howden's.

NIFFY Blouses for 1st May.—SWIFTS'.

SPIRELLA CORSETS—Miss A. M. Bodaly, Corsetier.

JAS. A. GRAHAM has brought from Wm. Greer his brick cottage on Huron Street.

THE date of receiving tenders for the Sutorville daily mail route has been extended to May 30th.

CHOICE sweet pea and nasturtium seeds in bulk at McLAREN'S.

MISS GLENN, of Toronto, hair goods specialist, will be at Rogers Hotel, on Wednesday, April 30th. Read her adv. elsewhere.

THE Milwaukee News says that no man that wears a green hat with a bow behind it has a license to laugh at a hobbie skirt.

SCREEN doors and windows, washing machines, wringers, tubs, mops and all spring hardware at Howden's.

SEE our ad. in this paper and act accordingly and you will have comfort and save dollars by keeping your feet in good shape.—J. WHITE.

E. J. BOWLBY, of Saskatoon, has taken an interest in a drug business in Wolsley, Sask., and will be located there in future. The firm will be known as E. J. Bowlby & Co.

OWING to the fine weather for spring work on the farm the attendance at the Forest horse show on Tuesday was small. Farm work is of more importance however than looking at fine horses.

THE prayer commencing "Lighten our Darkness" used in Anglican churches, came at a very appropriate time in local church last Sunday evening, the electric lights having just gone out.

GARDEN SEED. We have a full line at two packages for five cents.—C. B. MATTHEWS & SON. 18-2

SUITINGS for our ordered clothing department direct from Glasgow.—SWIFTS'.

WM. DOAN has purchased W. S. Kelly's brick residence on Simcoe street and Mr. Kelly has purchased from D. Roche the brick building and lot on Front street formerly occupied by Dr. Harvey as an office.

ALL the local churches were inconvenienced Sunday evening by the electric light current being shut off ten or fifteen minutes through the parting of a belt at the power house. Lamps were brought into use for the time.

MANY of our wall paper patterns are getting low. These we are clearing out at half price.—J. W. McLAREN.

We have a larger assortment of boots and shoes this year than ever before. Several new lines of well-made stylish shoes that are worthy of your inspection. Our prices are always right. Let us fit you.—P. DODDS & SON.

THERE is always someone somewhere who is anxious to buy what you have to sell, someone who has just the article you want to buy. To complete a deal each must know the other's wants and there is no better way to make these wants known than through the Want column of the Guide-Advocate.

REMEMBER the entertainment in the Lyceum on Friday evening under the auspices of the Ladies' Aid of the Methodist Church. If preparation means success this entertainment will undoubtedly be the crowning entertaining of the season. Do not fail to hear the ladies, otherwise you will miss a grand treat.

BROCKVILLE lawn mowers are guaranteed to please.—\$3.75 to \$6.00 at Howden's.

BULGARIAN Neckwear, Star Brand Shirts, W. G. & R. Collars, Holeproof Hose, Penman's Underwear.—SWIFTS'.

As the summer season approaches a great many people leave their Saturday purchasing until late in the evening. The result is that the delivery boys are kept working until after midnight. Send your orders in early on Saturday and thus help the local merchant to make prompt and satisfactory deliveries. It will be of great assistance to them in their business and will be of greater satisfaction to the purchaser.

WHEN the grasshopper ceases to hop and the cow quits her bawling, when the fishes no longer flop and the baby stops its squalling; when the dunnets no longer dun—and the hoot owl quits its hooting; when the riders ever cease to root, and the burglar stops his looting; when the wine no longer runs and the skylark stops its larking; when the sun no longer shines and the young man quits his sparring; when the heavens begin to drop and the old maids stop advising, then it is time to shut the shop and quit your advertising.

C. B. MATTHEWS & SON are still selling flour at cut prices. Buy your flour from them and save money. 18-2

ORDER your clothing for 24th of May.—SWIFTS' Tailoring Department.

SWELL Bloomer Suits.—SWIFTS'. HORSE SHOW this (Friday) afternoon. THE Watford Milling Co. shipped a car of bran to Chatham this week.

T. G. MITCHELL shipped two cars of oats to London this week, and one to Galt.

TENDERS are asked for the carrying of a daily mail over a rural route southeast from Watford.

KELLY green undershirts in satin, silk and taffeta.—SWIFTS'.

HORACE KEDWELL, of Brantford, has purchased the Wyoming Enterprise from Mr. Ed. Rice.

W. W. EDWARDS paid \$9.10 per hundred for a car of hogs which he shipped to Toronto, Tuesday.

THE shipping of horses has commenced. This week Frank Restorick loaded a fine lot for Montreal.

EVERYBODY likes Rexall Rose Glycerine or Violet Glycerine toilet soap, 15c per cake, 2 for 25c at McLAREN'S—The Rexall Store.

THE Board of Health has issued notices requiring all persons to clean up their premises before May 15th.

SOME farmers are through seeding, others are pretty well on with the job, and still others have not yet commenced.

THE Bell Telephone line men are busy putting up a new cable for the twenty-five new phones to be installed here this spring.

R. WALKER has rigged up a power drill in rear of his blacksmith shop that will enable him to get out work more expeditiously.

We can save you money if you are building, on hardware, glass, or furnaces. Ask to see the new waterproof building paper, absolutely waterproof at \$1.25 per roll at Howden's.

NOBBY New Hats for youths.—SWIFTS'.

RICHARD RESTORICK will be in Watford for the next two weeks. He wants to purchase fifty good heavy hogs. If you have one or two to sell see him.

THE rain on Tuesday evening was welcomed by all. There was considerable thunder and lightning and a few minutes of strong wind is reported in some places.

GEORGE H. TEMPLE, a brother of Jacob Temple, Watford, and Wesley Temple, Brooke, died in Waddington, Alberta, on Friday, April 11th, aged 51 years.

CALL at C. B. Matthews & Son for clover, alfalfa, alsike and timothy seeds. We have a full line and prices are right. 18-2

MR. AND MRS. WM. POWELL are comfortably settled in their new home on St. Clair street, and Mr. and Mrs. Joseph Keller are now occupying their house on Wall street.

WHITEWEAR, special princess slips, \$1.00, \$1.25, \$1.50, \$2.00.—SWIFTS'.

MR. J. E. CALLAHAN met with a nasty accident about two weeks ago, a splinter of steel getting into his eye. The member has been exceedingly painful since and will require treatment by a specialist to bring it to its normal condition again.

If you require something dainty in china—a dinner or tea set or odd pieces—we would ask you to see our stock before you make a purchase. No use paying a big price when you can get dainty goods for little money.—P. DODDS & SON.

THE Reeve has received an appeal from the Ralston, Neb., Relief Committee, asking for financial aid for the cyclone sufferers in that place. Anyone desirous of making a contribution can leave the same with Mr. Stapleford, who will see that it is duly forwarded.

AMONG the changes proposed in the Assessment Act are the raising of the income tax exemption in towns and villages from \$900 to \$1,200, and in cities from \$1,200 to \$1,500, for householders, and the placing of farm lands within a corporation limit on the same frontage tax basis as other unoccupied lands.

MR. AUSTIN, assistant to Mr. W. A. Mahoney, Woodstock, architect for the Carnegie Library, was here on Saturday staking out the ground for the building. The excavating is now in progress and we understand the building will be pushed to completion as soon as possible. G. O. Stevenson is the contractor.

SHERWIN-WILLIAMS' paints and varnishes, pure white lead \$9.50, linseed oil 80c., and all dry colors at lowest prices consistent with first quality.—THE N. B. HOWDEN EST.

A YOUNG man named James Watt, lately out from the Old Country, was up before A. G. Brown, J.P., on Wednesday charged with stealing clothing, shoes and money from Horace Smith, a fellow employee at D. Ross'. The magistrate committed him to Sarnia jail for trial. Such characters as Watt should not be allowed to stop in Canada but should be deported as soon as their failings become known.

IN the years to come Margaret Elizabeth Wykesmith will be able to tell her friends that she was the first child baptised in the new Trinity church, Watford. The ceremony was performed on Thursday evening last by the rector, Rev. S. P. Irwin, a number of relatives and other members of the congregation being present. The marriage of Mr. and Mrs. W. A. Wykesmith, parents of the child, was the last one solemnized in the old church.

ODD Coats for school boys; odd bloomers pants; odd long pants.—SWIFTS'.

CHILDREN'S Wash Suits.—SWIFTS'. HAVE you got your storm doors off yet?

ANOTHER good gas well has been struck at Wyoming, this time on the property of Dr. Kidd.

THERE will be morning service in Trinity church next Sunday as well as the usual evening service. Holy communion will be celebrated at the morning service and the service will be specially for young people.

EASE your tired feet. We have just added a full line of Scholls' foot appliances. Foot easers, bunion reducers and corn pads.—McLAREN'S.

FRUIT growers say that the promise of fruit is excellent. Strawberries have come through the winter looking fresh and green, and other small fruits seem to have weathered well. Wheat and clover have come through the winter well.

AN exchange says:—"Pick out twenty young men as you meet them and not five out of the twenty are making an effort to save money. The indications are the poor house of the future will have to be ten stories high with folding beds in each room."

DRESS goods remnants from 1 1/2 to 4 yards. Special price.—SWIFTS'.

WATFORD has the reputation of being not only one of the best business towns of its size, but also one of the cleanest and brightest spots in the county. Let the reputation be maintained by everyone doing their part in keeping their premises free of all rubbish.

EVERY once in a while someone intimates that we ought to "rip someone up the back." Say they deserve it, and they don't see why we don't do it. Friends, we are not in the roasting business. If you have it in for some one, go to him and fight it out like a man. Don't try to mix the printer up in your grievances. He has troubles of his own.

A DUTTON young lady answered the advertisement of a western farmer for a wife. His reply contained the information that he considered himself perfectly capable of providing for a wife, adding that he had always had good success with hogs and had a hundred at the present time. Perhaps he was sincere in his statements but the young lady is still wondering just what he meant to imply.

New Perfection oil stoves in two, three and four burner styles. All our stoves are 1913 model with all improvements. A new Florence automatic with oven at \$10.00.—THE HOWDEN EST.

THE Guide-Advocate is asked to say whether women have the right to vote at vestry meetings of the Anglican church in any diocese in Canada. There are twenty-one dioceses of the Anglican church in Canada, and of these the following give women a legal right to vote in vestries, viz., Niagara, Montreal, Ontario, Nova Scotia, New Brunswick, Ottawa and Saskatchewan.

THE A.Y.P.A. entertained the Young People's Societies of the other local churches in Trinity school room on Tuesday evening. Despite the fact that the rain storm came about the time of assembling over one hundred young people were present. A program of music, readings, etc., was given and lunch served. At the close of the evening the visitors passed a vote of thanks to the A.Y.P.A. for the pleasant evening spent with them.

Do you count 10 per cent. on money a good investment? 10 per cent. saved is the same as 10 per cent. made. Buy your flour and feed from C. B. Matthews & Son and you will save 10 per cent. Our prices guarantee you that saving. 18-2

CLOTHING that will please you at SWIFTS'.

A CAMPAIGN for county-wide prohibition under the Canada Temperance Act has been freely talked of among temperance workers in this part of Lambton. Several counties in Western Ontario are already taking steps to carry the measure. It is taken for granted that Lambton would carry the act by a very large majority, as every municipality in the county, including the large towns, has already given majorities against the barrooms. With proper enforcement by the Ontario government it is generally considered, by temperance advocates, an effective law.

An amendment to the Ontario Municipal Act has been proposed to be made under which candidates for municipal offices must be proposed and seconded in writing, and the proposer and seconder must be present at the nomination. On the other hand, if the first provision is not carried out and the nomination is accepted by the Returning Officer without objection being taken, it shall not invalidate the nomination. This is to guard against difficulty in cases where the returning officer is not acquainted with his duties.

SPECIAL Hosiery for the children.—SWIFTS'.

New postoffice matters are beginning to look up after the long delay. On Tuesday Mr. W. E. Fitzgerald received from the Finance Department at Ottawa cheques on the Bank of Montreal for the purchase of the site. These are signed by E. D. Sutherland for Auditor General, and J. C. Saunders, Deputy Minister of Finance, and are made out as follows:—\$2250 payable to W. D. Cameron and W. E. Fitzgerald, agent for the Minister of Justice; and \$350 payable to Jacob

D. Brown and W. E. Fitzgerald, etc." Now that the land has been transferred let us hope that the work will be commenced without delay.

BEFORE the Grand Trunk summer time-table is arranged, would it not be well for the Board of Trade to make an effort to have one of the fast trains going west at noon and the 11.19 p.m. going east stop on signal at Watford? If a well-signed petition was properly presented by the Board to the proper officials it is possible that this could be accomplished. If the Company positively refuses to stop these trains daily, probably a Sunday service to Sarnia could be secured by having the 12.09 or the 12.34 p.m. train going west and the 11.19 p.m. train going east stop on signal on Sundays. If this could be accomplished it would be a great convenience to those who wish to spend a warm afternoon at the lakeside. The suggestion is thrown out for the Board's consideration.

SEE our Friday bargains.—SWIFTS'.

PERSONAL.

Mrs. W. Hagle returned from a visit to her son in Calgary.

Miss Margaret Brock, Florence, is visiting her grandmother, Mrs. Morgan.

Mr. Joshua Saunders returned from London Saturday very much improved in health.

Miss Mamie Kerton, Wanstead, left this week to fill a position as stewardess on the steamer Huronic of the Northern Navigation Co.

Vern Brown, of Sarnia, son of Mr. and Mrs. J. D. Brown, was home for a few days and left on Thursday to take a position on the N. N. Co. steamer Saronic.

Mr. Fred Roche and his friend, Mr. Fred Anderson, of New Hamburg, manager of the Merchants Bank at Sydney, spent last week in Kankakee, Ill., the guests of Mr. Roche's sister, Mrs. T. N. Langan.

Mr. James Piper, Jr., Vancouver, made a short visit in Watford on Wednesday and renewed old acquaintances. He is a native of Watford and left here with his parents, Mr. and Mrs. James Piper, now of Brantford, over twenty years ago.

Mr. Joseph Keller, unfortunately fell ill just before his sale and has been laid up ever since. His neighbors very kindly dropped their spring work and helped to move his household effects into Watford. Mr. Keller has now sufficiently recovered to be out.

E. L. Liquor Licenses

The license commissioners for East Lambton met in Roger's Hotel on Saturday and granted the following licenses for 1913-14:—

Atvinston—J. W. Laird, Columbia Hotel; W. A. McLean, Grand Central Hotel; P. W. Benner, Revere House; Watford—Roche Bros., Roche House; F. W. Rogers, Rogers' Hotel; J. A. McManus, Taylor House.

Thedford—F. A. Jennings, Holwell House; P. Robinson, Gettis House, (three months).

Congregational Association

The spring meetings of the Western Association of Congregational Churches of Ontario were held in the Congregational Church, Watford, on April 15th and 16th. At the opening session, the Rev. R. Stevenson acted as chairman (pro tem) in the absence of the president, and after the close of the devotional services, the regular half-yearly business was gone through with. Rev. H. D'Arcy Whitmore, of First Congregational Church, London, was appointed president of the association for the coming year. At the close of the afternoon session, luncheon was served by the ladies in the church basement. The evening session was opened by Rev. John Lyal, of Speedside, who led in the devotional exercises. Greetings were then presented by the resident ministers of the town, Rev. H. E. Currie, Rev. T. M. Mead and Rev. J. C. Forster. The association sermon was ably preached by Rev. Walter Cannon, of Forest, after which the Lord's supper was dispensed, the Rev. R. Stevenson presiding. Wednesday morning's session was opened by Rev. Byron Simmons, of Burford, who led in the devotional exercises. Satisfactory reports from the various churches of the association were listened to with interest, after which all remaining business was completed. A pleasing feature at the noon luncheon table was an interesting and instructive address on "Life and work in British Central Africa" by the Rev. Walter Cannon, who spent several years in that land as a missionary. Rev. W. H. A. Claris, of London, opened the afternoon session. A round table discussion was then held on the subject "How to increase the proportion of men in our churches." Rev. J. H. McLean, of Embro, gave an excellent paper on "Sympathy, the condition of effective service," which was followed by an interesting and profitable discussion. The devotional exercises at the closing session were led by Rev. R. Stevenson. A most excellent and appropriate sermon was then preached by Rev. H. D'Arcy Whitmore, of London, on the subject, "Sanctification," after which a beautiful anthem by the choir brought the meeting of the association to a close.

If you trade in Watford you go home satisfied.

WARWICK.

Miss Bessie Beacom visited at William Patterson's, Wyoming, on Sunday.

Mrs. Jas. Lafarelle, London, was the guest of Mr. and Mrs. Jas. Harrower over Sunday.

Mr. and Mrs. Joseph Keller wish to thank their neighbors who so kindly helped them move into town.

There will be evening service in Zion Congregational church next Sunday. The pastor's subject will be "Visions."

Mrs. Wm. Lester, 2nd line north, who has been visiting her niece, Mrs. H. Restorick, Watford, returned to her home Monday.

Mrs. W. J. Ausley, of Medicine Hat, Alta., and Mrs. Hugh Bryce, of Watford, Ont., visited Mrs. Geo. L. McKee, of Edmonton, Alta.

The branch of the Sterling Bank at Warwick Village will be open on Thursday next week instead of the usual day, Wednesday. This change is for next week only.

Mrs. W. E. Kearney and Mrs. Jas. Harrower, accompanied by Mrs. D. Campbell, celebrated their annual birthday anniversary on Monday at the home of Mrs. R. Craig, and report having a good time.

Miss Kathryn Cameron and Miss Irene Matthews, of Strathroy, and Mr. Russell and Miss Maud Long, of the 6th line, spent Sunday with Miss Margaret Bryson of Wisbeach.

Mrs. Hugh Bryce, who has been spending the winter at Medicine Hat, Alta., visiting her daughter, Mrs. W. J. Ausley, and also Mrs. Geo. L. McKee, of Edmonton, Alta., has returned home.

Mr. Charles Thompson was called to Port Huron, last week, by the death of his brother, Ebenezer Thompson, who died in that city on Wednesday. The remains were interred at Lakeport on Friday.

Elsewhere will be found an account of the death and funeral of the late Neil A. Edwards, formerly of Warwick. He was ill for about ten days, having had two paralytic strokes about a week apart, living only four days after the last one. Mr. Edwards was a member of long standing in the Orange order and also a member of the Knights of the Macca-bees.

BROOKE

Service will be held at St. James' church, Brooke, on Sunday afternoon at 2.30.

There will be afternoon and evening service in Christ church, Sutorville, on Sunday next. Services at 3 and 7.30 p.m.

The infant child of Mr. Ernest Harris, of Strathroy, late of Brooke, died on Friday last and was buried on Friday afternoon in St. James' church cemetery, Brooke, by the Rev. S. P. Irwin.

BORN.

In Forres, Sask., on Monday, April 14th, 1913, to Mr. and Mrs. J. P. Mitchell, a son.

In Brooke, on Thursday, April 10th, to Mr. and Mrs. Leslie W. Oke, a son.

In Alvinston, on Friday, April 11th, 1913, to Mr. and Mrs. Val. Goldhauck, a daughter.

In Enniskillen, on Thursday, April 10th, to Mr. and Mrs. Thos. Steadman, a daughter.

DIED.

In Strathroy, on Monday, April 14th, 1913, Jennie Fletcher, aged 51 years.

In Strathroy, on Monday, April 14, 1913, Margaret Campbell, aged 52 years.

In Arkona, on Tuesday, April 15th, Mrs. W. H. Jackson, aged 72 years.

In Sarnia, on Wednesday, April 16, 1913, George Bruce, aged 64 years.

In Sarnia on Friday, April 11th, 1913, Shradrach Mann, aged 81 years.

From Old Subscribers.

Theo. Styles, Souris, Man., writes on April 12th:—"Enclosed find \$1.00 for my paper. We are having fine weather here, snow about all gone. Watford friends are all well. We have another Watford man here now, James Edgar; he is running a blacksmith business here."

The town of Essex will pave a mile of streets this year.

A COUNTRY youth travelling in a railway carriage proudly exhibited upon his breast a large silver medal. A military gentleman sitting opposite, noticing the medal, and curious to learn the nature of the deed for which the brave lad had been rewarded, ventured to remark—"Pardon me, my friend, but may I ask what decoration it is you are wearing?" "Oh, ay," was the proud reply. "That's the prize our coo won at the cattle show."

A tramp approached an old gentleman who was reclining in an armchair on his veranda. "Please help a poor cripple, sir!" he whined. (The old gentleman slowly thrust his hand into his pocket as he gazed with anxious concern at the miserable looking object standing before him. "Bless me, why, of course!" he said as he handed him a coin. "How are you crippled, my poor fellow?" Pocketing the money quickly, the tramp replied, "Financially crippled, sir."

MOTHERHOOD SUGGESTIONS

Advice to Expectant Mothers

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

HARRIS & CO. PROPRIETORS.
WATFORD, APRIL 25, 1913.

NOTE AND COMMENT.

From the three sugar beet factories at present in operation in Canada there was produced during the sugar-refining campaign of 1911-12 from Canadian grown sugar beets a total of 22,157,155 lbs. or 11078 short tons of beet root sugar, as compared with 20,612,276 lbs., or 10,306 tons in the previous campaign of 1910-11. The three factories are situated at Wallaceburg and Berlin in Ontario and at Raymond in Alberta.

Proposed changes in the Provincial Liquor Law are:—All liquor sold in taverns to be consumed on the premises, eliminating the bottle trade; shop and tavern license to be placed on uniform footing, advancing the smaller fee of shop at present to same as that of tavern; livery stables and similar lounging places to be subject to same penalties for having liquor on premises as boarding houses at present; hour of opening in the morning changed from 6 to 8 o'clock.

general for British Columbia, have been dispatched from London to Victoria, B. C., where they will be let loose to build nests in the forests of Vancouver Island. The Dominion Express Company, which has undertaken to convey the songsters, has had an aviary specially constructed on the Canadian Pacific steamship Montclair, and has reserved a car deluxe for their journey across Canada. An attendant, who is an expert whistler, will travel with the birds to keep them in song.

Ohio will be known as "the modest State" if the Legislature adopts a pending measure. It provides severe limitations, or rather prevents limitations, in feminine apparel, and similar restrictions are provided for the artificial display figures in stores. As the negroes on trains must move into separate compartments on entering the color-line States, and the liquor supply in dining cars must be shut off on entering prohibition States, the lady travelers may have to robe themselves after the manner of visitors to the Cave of the Winds while passing through Ohio.

Lord Wolseley, whose name is linked with Canadian history, was buried in St. Paul's Cathedral on Monday, where his body will keep company with the bodies of Nelson and Wellington and all the illustrious dead. Many Canadian men who went out to Fort Garry, under Lord Wolseley, in 1870 to quell the first Reil Rebellion, were awaiting their old commander on the other shore. Many others who took that long canoe and portage trip with him from the great lakes into the Red River Country, are taking their last stand. "Tramp, tramp, tramp, the boys are marching." Tramp! tramp! the boys who blazed the paths and the boys who saved Canada for the Crown are marching on, and as they fall, we, their children, step into the gap.—Parkhill Gazette.

A westerner writes:—There is not much encouragement for woman to go west, especially to Saskatchewan, as the law gives the woman no personal interest in the property. She skimps along on a mere existence, to help give her husband a start on the land, and perhaps if she has a little saved beforehand she spends that to help things along. The majority of the women on homesteads out there live in one room which would be hardly fit for the chickens in the East, and the cold is intense. As soon as the farmer is able, he hires help and leaves the wife at home to work, while he runs around having a good time. Farm houses are so far apart that sometimes a woman will not see another woman to speak to once in a week. After years of toil, and after putting up with abuse perhaps all this time, if the wife is not satisfied she is told she can walk out with nothing. Now, is it not a nice law to have in this glorious Western Canada, the land of plenty?

Must You Be Bald?

What have you done to stop your hair from falling? Have you tried Rexall "93" Hair Tonic? If not, we want you to try it at our risk.

If you have dandruff; if your hair is falling out and your scalp is not pleased and shiny, if you use Rexall "93" Hair Tonic according to directions for thirty days, and at the end of that time you are not thoroughly satisfied with the results and will tell us so, we will immediately hand back your money. We won't ask you to promise anything. We won't even question you. We will take your money and return your money.

Doesn't it stand to reason that Rexall "93" Hair Tonic must be a mighty good remedy and have given great satisfaction to our customers if we endorse it like this? We know of no similar remedy that is as good. It is because of what Rexall "93" Hair Tonic has done for others that we back it with our own money.

Why suffer scalp and hair trouble or be bald, when Rexall "93" Hair Tonic will remove dandruff, make your scalp comfortable and healthy, promote hair growth and tend to prevent baldness—when we will pay for the treatment should it fail to please you?

We don't obligate you to anything. You simply buy the treatment; use it, and if not pleased, come back to us empty-handed—and we will hand back what you paid. Two sizes, 50c and \$1.00 a bottle.

You can buy Rexall "93" Hair Tonic in this community only at our store:

J. W. McLAREN.
Watford The **Small Store** Ontario
There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ailment, especially designed for the particular ill for which it is recommended.
The Rexall Stores are America's Greatest Drug Stores.

Racing Commission

A bill has been introduced in the Ontario Legislature providing for the appointment of a provincial racing commission to control all running races in Ontario. The commission is composed of five members, three of whom shall be breeders and raisers of thoroughbred stock, and no two of them members of the same racing association. The appointment is placed in the hands of the Lieutenant-Governor-in-council and the term of office is four years. The commission will appoint its own secretary at a salary of not more than \$1,200 a year, which amount will be assessed on the racing associations. The powers of the commission are "to prescribe the rules, regulations and conditions under which running races shall be conducted in the Province, and no such races shall be conducted except by a corporation or association duly registered by said commission. It is specially provided that the bill does not apply to trotting nor to races conducted by a fair association holding not more than one meeting annually, and for a period not exceeding six days for such a meeting.

Bank Interest

The disparity between the three per cent. paid to savings depositors and the handsome rate of dividends usually paid to bank shareholders will make a good many people feel that cause should be shown why the depositors should not receive a little more. The benefit should not all be on one side. A four per cent. rate would be an additional incentive to save money, and the funds at the disposal of the banks would be correspondingly increased. Wage earnings now squandered on foolish or unnecessary expenditures would be directed to aiding the commercial and industrial development of the country. The United States national banks pay four percent to savings depositors. By raising the rate in its postal savings banks to four per cent. the Government would not necessarily take funds away from the chartered banks. The latter would doubtless raise their rate and depositors would continue to place their money as before. To the extent to which this change would increase the savings deposits the Government could replace foreign borrowings by native capital.

RHEUMATISM YIELDED TO ZAM-BUK

Read This Lady's Experience

Just at this season many people find themselves suffering from aches and pains of rheumatism, sciatica, etc. For these, Zam-Buk is a sure cure.

Mrs. Mary Harman, Wheatley, Ont., writes: "I had rheumatism very badly. It affected my right arm and leg, and was so bad that I could not put my hand to my head or behind me. I was quite helpless, could not do my work, and could not even dress myself, but had to be attended to like a child. The rheumatism in my leg was so bad that at times I could hardly walk.

"Naturally I tried various remedies, but they seemed to do me no good. A friend advised me to try Zam-Buk. I obtained some and had it rubbed thoroughly into the affected muscles. Before the first box was used I was very much better. I could move around the house with ease, and dress myself, and needed very little personal attention. I continued with the treatment, rubbing Zam-Buk thoroughly every day, and in a few weeks' time the rheumatism was driven completely out of my system. The cure was permanent too, and since that time I have never been troubled with rheumatism."

It is just as good for skin injuries and diseases, eczema, scalp sores, eruptions, piles, cuts, burns, bruises, scalds, etc. All druggists and stores, soc. box, or by mail from Zam-Buk Co., Toronto, for price.

Strathroy Farmer Injured

Strathroy, April 17.—Mr. Arthur Brock, North street, was seriously injured at his Meadow farm, near Napier, last evening. Mr. Brock, who was overseeing the work of repairing his fences, was bringing up some wire. It was fastened to the wagon and was dragging behind. When making a turn the wire caught and the wagon was overturned, Mr. Brock being thrown forcibly to the ground. He was picked up and brought to his home here. Dr. McDougall was called, and on examination it was found that two ribs had been wrenched from the spine. They were also cracked in the breast. The back of his head was also injured. The patient is 68 years of age, and is a very large man, weighing over 200 pounds.

Mother Graves Worm Exterminator will drive worms from the system without injury to the child, because its action while fully effective, is mild.

What Cures Eczema?

Many different remedies have been tried for Eczema and other skin diseases. But it is now known that the only possible cure is a mild, soothing liquid made up of Oil of Wintergreen, Thymol, Glycerine and other ingredients so carefully compounded that each ingredient has its proper effect.

This compound is now made up in the D.D.D. Prescription. Years of success and thousands of cures show the merit of this wonderful compound, but the

most convincing proof is a trial of the remedy by any eczema sufferer. D.D.D. will prove to you that you can be cured. The very first drops will give you instant relief.

You don't even have to pay the regular price of \$1.00 a bottle, for we have arranged with the Laboratories to offer, for a while, a special large 25c. trial bottle. Get this special bottle to-day and see how quickly the itch will vanish.

The Centenary of Peace

The Canadian Peace Centenary Association continues to make preparations for the proposed celebration of the approaching centenary of the peace treaty with the United States. A host of suggestions have been made as to the best form the celebration could take and a summary of these forms, the contents of the latest circular of the association, just issued. Among the suggestions is one from Canon Scott, that France should be invited to join with Canada and the United States in a sympathetic observance of the hundred years' peace. He also suggested the erection at Quebec of a monument of triangular design, to bear messages from the heads of the three nations. The peace memorial bridge at Niagara Falls or Fort Erie has also received much support, and a suggestion of Mr. Mackenzie King's that commemorative tablets to be erected in every university in Great Britain, the United States and Canada, met with approval. That steps be taken by all the nations concerned for the perpetuation of the peace now so long maintained seems to appeal to as many as any other proposal brought forward.

Children Cry FOR FLETCHER'S CASTORIA

Another Arctic Tragedy

Further news of the German Arctic expedition under Lieutenant Schroeder-Stranz shows that there are probably not more than seven survivors of this ill-fated party. The first news of the party reached civilization last January, when Captain Ritschel returned to Advent Bay, Spitzbergen. It was thought then that he was the only survivor. Four other men have reached Advent Bay and two others have reached another point. All are in deplorable conditions. Nothing has been heard of Lieutenant Schroeder-Stranz and the chances are that he is lost.

The fresh tragedy in the Arctic region proves again, as did the fate of the Scott party in the Antarctic region, that man may plan to the limit of his scientific ability, but whether or not he succeeds in doing his self-set task in the great icy wastes of the Far North or the Far South, depends on nature's whim. Peary was years in reaching his goal, being turned back time and again by natural obstacles over which he had no control whatever. Amundsen succeeded in reaching the South Pole by the strange chance of taking the only remaining route of three which were supposed to be available to explorers. Scott, who was in the field first, had chosen one of the others and another expedition had taken the next most likely route. Amundsen had no choice, yet he reached the Pole with comparatively easy going. Scott had trouble nearly all the time, and, in the end, perished. The third party was turned back by obstacles.

Arctic and Antarctic exploration apparently is to be a great game of chance for many years to come, if not forever, regardless of the remarkable progress science has made in helping the adventurous.

Watford merchants have the goods and meet all price competition.

"FAGGED-OUT" WOMEN

Will Find a Helpful Suggestion In This Letter.

Overworked, run-down, "fagged out" women who feel as though they could hardly drag about, should profit by Miss Richter's experience. She says: "Last winter I was completely run down and felt fagged out all the time, was nervous and had indigestion.

"One of my friends advised me to take Vinol, and it has done me great good. The tired, worn-out feeling is all gone, and I am strong, vigorous and well. The stomach trouble soon disappeared and now I eat heartily and have perfect digestion. I wish every tired, weak, nervous woman could have Vinol, for I never spent any money in my life that did me so much good as that I spent for Vinol." Marie Richter, Detroit, Mich.

Thousands of women and men who were formerly weak and sickly owe their present rugged health to the wonderful strength-creating effects of Vinol. We guarantee Vinol to build you up and make you strong. If it does not, we give back your money.

T. B. Taylor & Sons, Druggists, Watford, Ontario.

Shiloh

The family remedy for Coughs and Colds.
Shiloh costs so little and does so much!

Story From Australia

(Melbourne Age)

A young man, while riding through the timber country at Willung during a recent storm, had a remarkable escape from death in peculiar circumstances. A large tree directly in front of him was struck by lightning and split in halves. The horse he was riding, becoming terrified, started to plunge and jumped through the gap between the halves of the tree. At that moment the halves came together with a snap like a rabbit trap and crushed off a length of the horse's tail, which can still be seen protruding from the tree. The young man received a severe shaking, but otherwise came through the ordeal safely.

DO YOU SMOKE CIGARETTES?

Read How They Are Made.

Go to any big factory of the cigarette making firms, and you will find in some part of it a storehouse filled with heaps of ropes—hemp ropes collected from ships and shipyards, through the junk dealer. Here is a pile of new short ends, cut off as waste by the ship fitters and sailors, there a pile of old ropes, but all are hemp; hemp, mind you, not tobacco.

Now just as nicotine is the essential property of tobacco, and as morphine is the essential property of opium, so hemp has an essential oil more terribly poisonous than either the tobacco plant or the poppy. This is known in Turkey and Persia in the form of hasheesh, but its dangerous properties are so well understood that it is rarely indulged in even in those countries.

It acts directly on the brain and spinal column. Its action is similar to that of opium, but infinitely more vicious, and it has the same property of awakening a craving in proportion to its use. Consequently, when you find that this hemp rope is fed into a machine, which tears it into shreds and turns it out in the form of a fine fibre, and when you find that this fibre enters largely into the manufacture of the "Turkish" cigarette, for which you pay a fancy price, you will begin to realize where the harm comes in.

If you found that your boy smoked opium or that your girl was addicted to morphine, you would have a pretty bad half hour—would you not? Yet this habit of smoking cigarettes is infinitely more fatal to body and mind. He is becoming a victim of the most soul-destroying drug habit known throughout the wide world—hasheesh—supplied under the guise of tobacco.

This is a simple statement of facts. The evils of such a habit have not been enlarged upon.

Dad's Dope

All things come to those who wait. A dining-room girl in Prince Albert recently married a Danish count.

A Brockville athlete is to be married to a New York widow whose fortune is rated at \$15,000,000. The union of muscle and money should make a strong combination.

In view of Britain's supremacy in military aeroplane the New York Tribune suggests that the patriotic air, Rule Britannia, be varied to include "Britannia rules the air."

There is no question about Mrs. Pankhurst's ability to defend herself in court, on platform or elsewhere. If there is any surplus assistance available it might well be given to the other side.

The issuers of spurious money take advantage of the financial stringency to circulate worthless currency. When money is scarce the receiver does not stop to closely scrutinize anything that looks like the real thing.

It is stated that a prolonged residence in the polar regions has a tendency to cause baldness. Explorers who remain too long in the frigid zone may have to sail under bare poles.

The Turkish nobleman who married a daughter of the Khedive of Egypt never saw his bride's face until she unveiled after the wedding ceremony. The custom of "going it blind" is not confined to the remote East.

The proofs presented to the committee investigating the printing bureau demonstrated that there was a number of typographical errors in the department. As a result the spacing between certain employees will be wider than heretofore.

The Ontario government is giving that province prohibition on the instalment plan. Local option has been supplemented by high license tax on percentage of bar receipts, and the closing of hotels on all holidays. It is now proposed to shorten the hours from 8 a.m. to 8 p.m., and close at 12 noon on Saturdays. When the thirsty farmers on the back concessions, who knock off work early on that day to come into town and do their trading, find everything locked up but the town pump and the grocery stores, the high cost of living will be secondary to the thirst quenching proposition.

TRIAL IS INEXPENSIVE. To those who suffer from dyspepsia, indigestion, rheumatism or any ailment arising from derangement of the digestive system, a trial of Parnee's Vegetable Pills is recommended. Should the sufferer be unacquainted with them. The trial will be inexpensive and the result will be another customer for this excellent medicine. So effective is their action that many cures can certainly be traced to their use where other pills have proved ineffective.

ASTHMA NO LONGER DREADED. The dread of renewed attacks from asthma has no hold upon those who have learned to rely upon Dr. J. D. Kellogg's Asthma Remedy. So safe do they feel that complete reliance is placed on this true specific with the certainty that it will always do all that its makers claim. If you have not yet learned how safe you are with this preparation at hand get it to-day and know for yourself.

Hog Cholera

Thanks to wise government regulations faithfully carried out, Canadian swine raisers suffer comparatively little loss from Hog Cholera as compared with those of many other countries. From time to time, however, this disease appears in various parts of the Dominion where the infection has been brought in some way or other. This disease, which is entirely confined to hogs is extremely contagious and accompanied by a high death rate. In order to put owners of swine on their guard the Veterinary Director General, Dr. F. Torrance, has issued a plainly written bulletin setting forth such information as should enable the lay reader to readily detect the malady and understand what course to pursue in the case of an outbreak in his herd.

It is stated that the disease is caused by a germ which may be transferred in virulent form in many different ways, such as on the boots of attendants, the feeding of uncooked garbage containing raw pork which may have come from a diseased pig, wandering dogs, domestic pigeons, or in the water of a stream flowing through an infected pasture or yard. Infected hogs lose appetite, become sluggish and, if moved, may cough. They rapidly become thin and weak, linger for a time, or they may die in few days. Other symptoms that will help diagnosis are described in the bulletin which contains a number of clear photographic engravings of hogs in various stages of illness, as well as sections of internal organs showing characteristic diseased conditions.

Whenever the disease is noticed the owner is bound by law to notify a Veterinary Inspector. Failure to do this lays one liable to a heavy fine besides the forfeiture of compensation for the loss of slaughtered animals.

On account of the nature of the subject treated, this bulletin, No. 15, of the Health of Animals Branch is not being sent out to names on the regular departmental mailing list. Persons who desire copies may receive them by making application to the Publications Branch of the Department of Agriculture at Ottawa.

Muxlow-Nelson

On Wednesday, April 2nd, a very pretty wedding was solemnized at the home of Mr. and Mrs. Thomas Nelson of Arkona, when their youngest daughter Nellie May became the bride of Mr. Abram Muxlow. The ceremony was performed by her pastor Rev. H. J. Fair, the wedding march being played by Mr. W. R. Holmes.

The bride who was given away by her brother, Mr. Fred Nelson, was tastefully attired in white with a cape, and brodered net, and carried a shower bouquet of bridal roses, and was attended by her friend, Miss Frances Mellor, who wore a very becoming gown of pale blue voile. The ceremony was attended by his brother Mr. Arthur Muxlow.

After partaking of a very dainty wedding dinner, Mr. and Mrs. Muxlow left on the evening train for points east. The bride was the recipient of many handsome gifts, among them being a beautiful oak rocker and linen towels presented by the Epworth League and choir of the Methodist Church of which she was a member.

Holbrook-Kitt

A very pretty wedding was consummated at the home of Mr. and Mrs. Thos. Kitt, Main St., Lucan, on Wednesday, April 16th, at 1 p.m., when their only daughter, Gertrude M., was united in marriage to Mr. E. A. Holbrook, teller of the Merchants Bank, Lethbridge, Alberta. The ceremony was performed by Rev. T. T. George, in the presence of a few intimate friends.

As the wedding march, played by Miss Stell of Toronto, pealed forth, the charming bride, dressed in a beautiful gown of white silk and mull, and carrying a shower bouquet of roses and lilies-of-the-valley, entered on the arm of her father.

After a sumptuous repast the bride and groom left for Toronto, followed by the best wishes of their many friends. The many beautiful gifts and substantial cheques attest to the popularity of the bride, who will be very much missed from her wide circle of friends here.

After a short stay in Toronto Mr. and Mrs. Holbrook expect to return to Lucan before leaving for their new home in Lethbridge.—Lucan Sun.

SALE REGISTER.

W. S. Kelly, Simcoe street, will sell a quantity of household furniture, buggy, cart, cutter, harness, etc., on the premises, on Saturday, April 26th, at 2.30 o'clock. 4 months' credit on sums over \$5. J. F. Elliot, Auctioneer.

in the south end of the 5-6 con. Bruce Bossenbury was appointed poundkeeper at Grand Bend, and Edwin James was appointed a pathmaster.

Messrs Sitter and Thomson were appointed commissioners to let and super-tend the work of repair of the Clark-Humphries drain, and a by-law was passed fixing the boundaries of Ward No. 2.

Council agreed to pay 3 of the cost of digging about 60 rods of ditch on Stoney Point, Indian Reserve, to take the water off the Lake Road. Council adjourned sine die.

GEO. SUTHERLAND, Clerk.

CHOP STUFF.

Forest has organized a lawn tennis club with D. M. Tait, president, and W. Seat, secretary.

The Methodists of Theoford, will erect a new church costing \$6000. It will be built of cement blocks.

Finlay Downie, one of the oldest residents of Mossa township, died early Sunday morning of apoplexy.

The auditors in their report for 1912 "are pleased to find a substantial reduction in Glencoe's indebtedness during the past year." The net debt of the village is now \$21,895.26.

W. A. Gibson, turnkey of the County jail, has resigned his position and is going into the grocery business in the late James Kelly's old stand, corner George and Milton streets, Sarnia.

The West Lorne council has authorized the purchase of a steam fire engine from the West Lorne Foundry Company at a cost of \$1,000. A ladder truck and three thirty-foot ladders are also to be invested in.

Ethel, the three-year-old daughter of Mr. and Mrs. F. J. Watkinson, Strathroy, while looking out of an up-stairs window on Sunday morning, fell to the ground a distance of about 12 feet. Fortunately she was not injured by the fall.

Tom Benstead, Strathroy, is home after having spent the past three months in Great Britain in the interests of immigration to Ontario. He says this season will see the greatest influx of people from the British Isles to Canada on record, and a good portion of them will come to Ontario and permanently settle.

Mr. Thomas Bicknell, secretary of Petrolia Lodge, A. F. & A. M., received a telegram on Sunday morning to the effect that Adam Nickle, a former resident of Petrolia, and a member of the lodge, had passed away in Toronto on Saturday. Mr. Nickle was for many years employed by the Imperial Oil Company.

The town of Forest now owns that portion of the electric light plant upon which the arbitrators gave an award, namely, the dynamo and outside equipment, for which, including costs assessed against the town, a cheque for \$4,576.31 was handed to Messrs Hamilton & Prout by the Mayor and chairman of the finance committee last week.

The adjourned vestry meeting of St. James' Church, Wanstead, was held on April 7th, when T. Squires presented the financial report. The following officers were elected:—Minister's Warden, Martin Forester; People's Warden, T. Squires; Auditors, Rev. J. C. McCracken and T. A. Lampman; Lay Delegate to Synod, Mr. Lampman with Mr. Squires as substitute.

When Mrs. Wilford Bishop and a neighboring lady were sitting in the living room of the Bishop residence, Petrolia, on Monday evening shortly after 9.00 o'clock, they heard footsteps and voices in an adjoining room. They ran out of the house and to a neighbors for aid. Returning with two men they were in time to see the intruders making their escape through the back yard. The pursuers immediately gave chase but lost their quarry in the darkness. Nothing of value was taken from the house.

An old, old theory has been exploded, a common belief has been proved a fallacy, an ideal has been shattered. Girls, after it is never seen to carry money in your stockings. One day last week, the wife of a well-known citizen came down town to do some shopping and placed a couple of \$5 bank bills in her silk hose. She discovered a short time afterwards that the stocking had split and the bills dropped out. Now, it is said, the lady has taken a solemn declaration to never again wear silk stockings. —Amherstburg Echo.

AN OLD LANDMARK GONE

Almost every person who ever lived in this district or visited the town of Watford, will recognize in the above picture the old Anglican place of worship, known as Trinity Church, of which nothing now remains but a pile of bricks and rubbish and the spot where the sacred edifice stood. The building has been torn down and those who watched the progress of the work were surprised at the short space of time that was required to do the job. The roof, windows and interior wood work were removed; then jacks were placed under the buttresses at the west side and the wall thrown inward. Ropes were then placed on the remaining walls and a few strong pulls by the gang of men employed on the work soon brought them crashing to the ground. The brick and mortar of the old church will soon be cleared away, but a flood of fond memories will centre around the spot, memories of the old days when the building was proudly looked upon as the first brick church erected in town. The building had the appearance of a solid brick structure, but

when razed it was found that the walls were hollow.

The erection of the building was commenced in 1868, when Rev. John Gibson was rector of the parish, and cost \$5000, of which amount \$4000 was subscribed by the residents of Watford, Brooke and Warwick. The building committee was composed of A. W. Stickle, John McDonald, Samuel Hungerford and John Dallock. These gentlemen gave the lot on which the church stood, to the Church Society of the Diocese of Huron, the deed of gift bearing the date Feb. 1st, 1869, and was witnessed by John Reid and John Fuller, and the declaration made before Geo. J. Browne. All these gentlemen except Mr. Stickle have long since passed to the great beyond, and are remembered only by the older residents of the town.

Many people were sorry to see the old building go, but the prosperity of the church and its people demanded a church home more in keeping with present day surroundings.

BABY'S OWN TABLETS USED FOR TEN YEARS

When one medicine is used in a home for a number of years it is the strongest testimony as to the value of that particular remedy. Thousands of mothers have been using no other medicine but Baby's Own Tablets for years—in fact many of them say they would have no other medicine in the house. Concerning them Mrs. Jas. H. Konkle, Beamsville, Ont., says: "I have used Baby's Own Tablets for ten years and would not be without them as long as there are children in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Death of Neil Albert Edwards

(From the New Liskeard Speaker.)

On Monday evening last at about 5 p.m., Mr. Neil Edwards, of Thornloe, passed away after but a few days' illness. Indeed, we saw him in town one day last week, and although he did not look quite as well as usual, we did not imagine there was anything seriously wrong with him. He died from the effects of a stroke.

Deceased was born in the Township of Lobo, Co. Middlesex, on 23rd Dec., 1850, and was consequently over 62 years of age.

He paid his first visit to Temiskaming in 1901, and brought his family and settled in the country during the following year. We have heard him relate his early experiences in this country, and he certainly has been a strong friend of the Northland. With his pen and on the platform he never failed to extol the merits of Temiskaming.

Politically Mr. Edwards was a Conservative, but he did not make himself a disagreeable partisan. He was too good-hearted to say unpleasant things. His many friends in this country will miss Mr. Edwards very much, and to his sorrowing widow and children we extend our sincere sympathy. We frequently discussed Temiskaming matters with Mr. Edwards, and we found that he always had unbounded faith in the country and he did all that he possibly could do to help advance the interests of the land of his adoption. He was a good citizen.

He leaves, besides his widow, the following children:—Miss Lucy, Ernest, Milford, Norman and Beatrice, and two sisters, Mrs. Henry and Mrs. Down, of Adelaide Township, and a brother, David of Warwick.

The funeral on Wednesday was very largely attended, there being probably 50 rigs, and, besides, many persons walked from the family residence to the cemetery. The Orangemen had charge of the funeral, Thornloe and Hilliardton lodges being in attendance. The deceased was a Baptist, and the Rev. Mr. Barker, of New Liskeard, Mr. Brown, of Charlton, and Mr. Andrews, of Thornloe, conducted the religious services. The bereaved

SUFFERED FROM VIOLENT CATHARTICS

The Warning of Mr. Geo. C. Fox Is One That Should Be Heeded by All.

Few men on the road are better known than genial George Fox, whose friends throughout the West are legion. In the following letter he expresses gratitude for signal services rendered by Dr. Hamilton's Pills. He goes on to say: "Until I used Dr. Hamilton's Pills and experienced their wonderful mildness and curative power, estimated the value of every pill by its activity. Talking about this to a well-known physician I met on the train the other day, he explained there are different kinds of drugs that act upon the bowels, the most active being known as drastic. Except in extreme cases where the life of the patient depends upon speedy evacuation of the bowels, pills should never be drastic. Purgatives cause catarrh of the bowels and inflammation; their dose must be increased, causing even more harm. With such a clear explanation I could see why Dr. Hamilton's Pills are curative and not irritating, why they are mild, yet most searching. "From my experience I recommend everyone that takes pills to give up the old-fashioned harsh, purging pill, and instead, to use Dr. Hamilton's. They cure headache, biliousness, constipation, bad stomach, and keep the system in perfect condition."

MAKING PRIZE WINNING BUTTER

We have a small herd of Ayrshires, and in our opinion the Ayrshire has no superior when it comes to the production of butter of high quality. writes Hepburn Brattins, Dekalb county, Ill. In the Orange Judd Farmer. It was from this herd that the prize winning butter exhibited at the 1912 Illinois state fair was produced. The winning prints were made from the accumulated cream of eight milkings.

As soon as the milk comes from the cows it is separated and the cream is set to cool. The cream from the individual milkings is not added to the large can in which the entire churning is being assembled until it is well cooled. In other words, the cream to be added to the main supply must be near the temperature of this supply before it can be incorporated. We try to keep this at 48 degrees.

The cream is set in warm water and stirred slowly until the temperature is raised to 80 degrees. It is held at this until the correct ripeness is secured; then it is cooled down to about 50 degrees, and it remains at that temperature for about twelve hours. The cream for the prize butter was treated in this way and was churned in an ordinary barrel churn. Salting was also done in the churn. We use about two ounces of salt to every pound of butter. The large area of the churn enables us to distribute salt quite

Dairymaid of Pinehurst, the Guernsey cow here pictured, was awarded first prize at the national dairy show of 1912 in the class for inheritance, individual merit and production combined. Her record as a two-year-old for one year was 15,828 pounds of milk, 46 1/2 pounds of butter fat. As a three-year-old she produced 14,822 pounds of milk, 38 1/2 pounds of butter fat. As a three-year-old of any dairy breed, her four-year-old record is 17,350 pounds of milk, 50.67 pounds of butter fat. She is owned by W. W. Marsh, Waterloo, Ia.

evenly among the granules of butter. These have been kept firm by a thorough bath of cold water.

The butter was properly worked in the churn by swinging it for a few minutes, then allowing it to stand for a little while. A quart of cold water was then poured over it and the churn slowly turned for perhaps two minutes.

The roller of the butter worker was passed over it several times until the correct texture had been secured. The rollers probably made about six turnings, the butter being manipulated with the ladle to secure uniformity.

We use a table machine in making the prints. These were wrapped in parchment paper, and around the parchment paper paraffin paper was wrapped. This additional material was used in order that in shipping to the fair no undesirable odors would be absorbed from not overnest platforms and shipping stations.

We intended to speak of a few of the important things in making high grade butter, but cannot find anything that is unimportant in the preparation of this food. Perhaps the securing of a fine favor is as important as anything. Any idea that the ultimate consumer hankers after a butyric acid flavor can easily be disposed of by purchasing a small vial of this material at a drug store and becoming familiar with its odor and its taste.

Keep the Good Brood Sow. It is strange that a farmer will keep the good brood mare from year to year and at the same time put his good brood sow into the fattening pen and send her off to market as soon as she is fat enough to go. Thus the good brood sow is often sacrificed, while the gilt, untried as a brood sow, takes her place. This is a mistake. When a sow proves to be a good suckler and careful mother she should be retained, especially if she is prolific. With such a sow the farmer is reasonably assured of a strong, healthy litter of pigs that will grow into profitable hogs. A gilt may prove a poor suckler, overlay her brood, while four or five is often the number of her brood. So with the young gilt for brood sow the proposition on the farm is a very uncertain one. If a sow proves to be a good breeder from the start she should be retained, for it is reasonable to expect that she will get better each year. And it is a fact that older sows bring healthier, stronger pigs and a greater number of them with less danger of trouble of any kind at farrowing time.

CURE KIDNEYS AND RHEUMATISM DISAPPEARS

GIN PILLS Put Things Right

Get rid of YOUR Rheumatism for good by taking that reliable remedy, GIN PILLS. They will relieve the pain—they will strengthen the kidneys—they will cure you to stay cured—or your money will be promptly refunded.

Montreal, March 29th, 1912. "It affords me great pleasure to inform you that I have used GIN PILLS for about six months and that they have done me a great deal of good. I had Rheumatism for two years and this winter I saved myself from it by taking GIN PILLS. I highly recommend them to the public."

A. BEAUDRY. GIN PILLS neutralize the acid condition of the urine, prevent the formation of uric acid in the blood and stone in the bladder and kidneys, keep the kidneys well and strong, and thus cure and ward off Rheumatic attacks. 50c a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co., Canada, Limited, Toronto. 145

The Indignant Farmer

"I'm just as mad as I can be!" An angry farmer said; "Those early strawberries of mine Desire a folding bed!" "And my potatoes have declined To ripen underground, Unless, to keep dust from their eyes, Smoked goggles I have found!" "The cabbage heads, among themselves, Indulge in secret chats; But I have overheard them and They vow they'll have straw hats!" "Such foolishness I cannot stand; And now—just as I feared—Each single stalk of wheat demands A barber for its beard!" "The squashes too, are getting proud; It almost makes me smile; They want the very finest neckwear Of the very latest style!" "But now the very limit's reached! I learn, with stifled groan— Each ear of corn insists upon A private telephone?" —Harper's Weekly.

Church Census

The following extract from the Montreal Witness shows the standing of the different religious denominations in Canada:—"According to the last census, the Scotch proportion of the population in Canada has fallen, during the past decade, from 14.90 to 13.85. Yet in the same decade the Presbyterians have raced ahead of the Methodists, and now number the largest Protestant body in Canada. The bulletin of religions shows that in 1901 the Methodists headed the Protestant list with 916,886 church members and adherents, followed by the Presbyterians with 842,442. Now the positions are reversed, with the Presbyterians numbering 1,115,234, and the Methodists 1,079,529. But the largest percentage of increase is by no means carried off by the Presbyterians. It is claimed by the Anglican Church, with a percentage of increase of 53.05, the total number now being 1,043,017. The Presbyterians come next with 33.39 percent; the Roman Catholics with 27.06; the Baptists with 20.93 and the Methodists with 17.78. It may be assumed that immigration from the two national churches has much to do with these comparative figures. If the union of Presbyterians and Methodists is carried through, there will be a denomination almost as large as the Roman Catholic Church in Canada, which numbers 2,833,041, while if all the churches, Anglican and Nonconformist alike, were united, the total would be 3,654,890, or close upon a million in excess of the Roman Catholics.

It is a great mistake not to tell people how much their services are valued while they are still alive.

A Smile or Two

Willie: "Papa, Fido was just hit by a taxi."

Papa: "All right, Willie. Telephone for a taxidermist."

Miss Curious: "Have you ridden in young Mr. Sportsman's new auto?"

Mrs. Woudbe: "Yes; it was lovely. There was some oscillation, but it didn't bother me a bit."

Mother: "Why did ye strike my child for naething?"

Teacher: "I struck him because he wouldn't tell me where the river Thames was. He only stood and looked at me."

"He had be dumfounded at yer ignorance, likely."

A college professor who was always ready for a joke was asked by a student one day if he would like a good recipe for catching rabbits. "Why, yes," replied the professor. "What is it?" "Well," said the student, "you crouch down behind a thick stone wall and make a noise like a turnip."

"That may be," said the professor with a twinkle in his eye, "but a better way than that would be for you to go and sit quietly in a bed of cabbage and look natural."

A Missourian informed a traveller who had inquired about corn "that each stalk had nine ears on it and was fifteen feet high."

"That's nothing compared to our corn," replied the other, quickly. "Up in Illinois, where I came from, we always had nine ears to each stalk, and a peck of shelled corn hanging to each tassel; but we never could raise any field beans with it."

"Why?" asked the Missourian. "Because," nodded the other, "the corn grew so fast that it pulled the beans up."

In a Massachusetts town lives an eccentric old pork butcher remarkable for his shrewdness. Some young collegians one day entered the shop and for a joke asked how much pork was a yard. "One dollar," promptly replied the old fellow. "Then," said one of the smart youths, "I'll take a yard." "There's your money!" asked the butcher. The dollar was laid down. The old man quickly pocketed the coin and he produced three pig's feet with the quiet remark: "Three feet make one yard." The students marched out in silence.

The Push of Life

One of the most remarkable exhibitions of plant force I ever saw was in a western city, where I observed a species of wild sunflower forcing its way up through the asphalt pavement; the folded and compressive leaves of the plant, like a man's fist, had pushed against the hard but flexible concrete till it had cut up and then split, and let the irrepressible plant through. The force exerted must have been many pounds. I think it is doubtful if the strongest man could have pushed his fist through such a resisting medium. If it was not life which exerted this force, what was it? Life is a kind of an explosion; and the slow continued explosions of this growing and pushing movement as surely as powder would have done. It is doubtful if any cultivated plant could have overcome such odds. It required the force of the untamed hairy plant of the plains to accomplish this feat. —John Burroughs in Atlantic Monthly.

The Scotchman's Hint

Sandy and his lass had been sitting together about half an hour in silence. "Maggie," he said at length, "wasna I here on the Sabbath night?" "Aye, Sandy, I daur say you were."

"And wasna I here on Monday night?" "An' I was here on Tuesday night an' Wednesday night, an' Thursday night, Friday night?"

"Aye, I'm thinkin' that's so."

"An' this is Saturday night, an' I'm here again?"

"Well, what for no? I'm sure you're very welcome."

Sandy (desperately)—"Maggie, woman, dae ye no begin to smell a rat?"

Mile a Minute for 241 Miles

Dover, Eng., April 17.—Gustav Hamel, the British aviator, accompanied by a passenger, accomplished a monoplane non-stop flight from Dover and Cologne, Germany, this afternoon, in four hours and five minutes.

The distance from Dover to Cologne in air line is approximately 241 miles, so that the monoplane travelled at the rate of nearly a mile a minute all the way.

If you trade in Watford you go home satisfied.

A man is never really clever until he learns that he isn't clever enough to get along without working.

There is something harder to face than death, and that is the realization of failure and misdirected effort and wrong doing.

The disadvantage of crossing a bridge before you get to it is that you will have to cross it just the same when you reach it.

Internal parasites in the shape of worms in the stomach and bowels of children sap their vitality and retard physical development. They keep the child in a constant state of unrest and, if not attended to, endanger life. The child can be spared much suffering and the mother much anxiety by the best worm remedy that can be got, Miller's Worm Powders, which are sure death to worms in any shape.

The man who gets everything he wants is the man who wants nothing he can't get. Some men won't be happy in Heaven because they had to leave their earthly possessions behind.

Cause for Alarm

Loss of appetite or distress after eating—a symptom that should not be disregarded.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, healthiest persons are moderate eaters. Nothing will cause more trouble than a disordered stomach, and many people contract serious maladies through disregard or abuse of the stomach.

We urge all who suffer from indigestion, or dyspepsia, to try Rexall Dyspepsia Tablets, with the understanding that we will refund the money paid up without question or formality, if after use you are not perfectly satisfied with results.

We recommend Rexall Dyspepsia Tablets to customers every day, and have yet to hear of one who has not been benefited. We believe them to be without equal. They give prompt relief, aiding to neutralize acidity, stimulate flow of gastric juice, strengthen the digestive organs, and thus promote perfect nutrition and correct unhealthy symptoms. Three sizes, 25 cents, 50 cents, and \$1.00.

You can buy Rexall Dyspepsia Tablets in this community only at our store:

J. W. McLAREN. Watford The Rexall Store Ontario. There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ailment especially designed for the particular ill for which it is recommended. The Rexall Stores are America's Greatest Drug Stores.

Facts in Nature

FOR centuries it has been known that Nature's most valuable health giving agents for the cure of disease are found in our American forests. Over forty years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute at Buffalo, N.Y., used the powdered extracts as well as the liquid extracts of native medicinal plants, such as Bloodroot and Queen's root, Golden Seal and Stone root, Cherry bark and Mandrake, for the cure of blood diseases. This prescription as put up in liquid form was called

DR. PIERCE'S Golden Medical Discovery

and has enjoyed a large sale for all these years in every drug store in the land. You can now obtain the powdered extract in sugar-coated tablet form of your medicine dealer, or send 50c in one-cent postage stamps for trial box to Dr. Pierce's Invalids' Hotel, Buffalo, N.Y., and tablets will be mailed, postage prepaid.

The "Golden Medical Discovery" makes rich, red blood, invigorates the stomach, liver and bowels and through them the whole system. Skin affections, blotches, boils, pimples and eruptions—result of bad blood—are eradicated by this alterative extract—as thousands have testified.

LIVE STOCK NOTES.

One advantage in feeding steers on the farm is the maintenance of the soil fertility. Farmers and feeders would do well to pay more attention to the root crops in their attempt at getting the ideal feeding ration both for beef and dairy cattle. Young stock does not need a warm barn any more than it does plenty of exercise, fresh air and a chance to get in the sun. Corn is the best feed known for farm stock, but corn alone is one of the poorest. If balanced with a protein feed nothing will produce better results. Too often the dairy, poultry and hog work are side lines on the farm. Make them the main line and they will lead you to profit. The value of corn silage to the beef producer is not limited to its use in winter feeding alone.

BALANCED RATION FOR BEEF.

Combination of Cotton Seed and Silage Gives Excellent Returns. The South Carolina experiment station has recently published a bulletin dealing with the subject of feeding beef cattle in South Carolina. This bulletin, No. 109, by Archibald Smith, gives the result of a test to ascertain the value of different kinds of forage fed with cottonseed meal.

The bulletin is another proof of the great economic use of corn silage, which, when properly balanced, always shows a most profitable gain. In this particular test silage, corn stover and cottonseed hulls were compared. The corn silage gave by far the best returns, not only in economic production of beef profit in feeding, but also in the quality of the beef and the shape in which it reached market. The silage fed group of steers produced beef from 15 to 20 per cent cheaper than the other groups. They lost less in shipping to market, which is a test that has been disputed in the past, as some feeders have claimed that silage fed beef lost severely in the shipping process. In this test they lost the least. The silage fed group produced gains that would warrant an earning on the silage of \$6.86 per ton. This earning was made on a very poor market, as the steers sold for only \$5.50 per hundred. Had they sold on a better market this price could easily have been increased 20 to 30 per cent.

With corn silage costing but \$2 per ton—which is a fair price for its production—good corn land can be made to earn from \$60 to \$70 per acre. If the landowners of the southern states would heed the teachings of this bulletin their profits would be increased millions of dollars. The worn farms of the southeastern section of this coun-

Many breeders of dairy cattle regularly work their herd bulls. The results in all cases are excellent. Not only does regular work render the animals more docile, but it keeps them in fine physical condition for their special purpose in the herd. They retain their vigor longer and are surer getters of healthy calves. The illustration shows the method of exercising herd bulls at Wadhalla farms, Middleburg, N. Y. The bulls are of Brown Swiss breed and are ten and twelve years old respectively. They are gentle and easily handled and highly potent.

try can better be brought back to profitable and rich lands through the feeding and growing of cattle and the economic use of the silo and the cotton byproduct in the form of seed and

NA-DRU-CO LAXATIVES

hulls.

The fact that corn silage is the most economical form of carbohydrates should be known to every farmer keeping live stock. The southern farmer having cottonseed meal at hand and a soil that will grow abundant corn and forage for the making of silage certainly should utilize these products in the form of feed. Good feeding means supplying animals with needed nourishment at the lowest possible cost. The last part of this definition calls for study and figuring. Anybody can feed an animal well, but it requires skill and application of science to feed an animal well and economically. The two great food elements are carbohydrates and protein. To learn how to supply these two in the best and cheapest forms means good feeding.

The combination of corn silage and cottonseed meal makes a balanced ration which has always given good returns. Silage furnishes a cheap, succulent, easily digested food, lacking only in protein, which is supplied by the cottonseed meal in a condensed form, and corn silage can also be balanced by alfalfa, clover, cowpeas, soy beans, peas, wheat, bran, oilmeal, gluten feed or oats, but the silage should form the bulk of the ration, as it contains the principal food needed and is in a cheap, wholesome form.

Constipation

is an enemy within the camp. It will undermine the strongest constitution and ruin the most vigorous health. It leads to indigestion, biliousness, impure blood, bad complexion, sick headaches, and is one of the most frequent causes of appendicitis. To neglect it is slow suicide. Dr. Morse's Indian Root Pills positively cure Constipation. They are entirely vegetable in composition and do not sicken, weaken or gripe. Preserve your health by taking

Dr. Morse's Indian Root Pills

Little Helps.

Before using table oilcloth paste at each corner on the wrong side a square of cotton. This prevents the corners from wearing out as soon as they otherwise would. The finger marks on a door can be removed by a clean flannel cloth dipped in kerosene oil. Afterward wipe with a cloth wrung out of hot water in order to take the smell away. A yellow frosting is made by beating yolks of eggs lightly and thickening them with fine sugar as you would the whites. It will take a little longer to harden than if the whites were used. Dingy towels may frequently be restored to normal whiteness by putting in a kettle of cold water, adding white soap shavings and lemon juice and letting come slowly to a boil. Rinse in tepid water, then blue water, and hang in the sun.

SHILOH

quickly stops coughs, cures colds, and heals the throat and lungs. 10 cents.

Lots of people use most of their lives trying to sprinkle salt on the tail of opportunity.

Those succeed best who so plan their work that there will be the least possible waste of time and energy.

When one comes up to the mark he has set for himself, it is a safe conclusion that the standard was too low.

When a man arrives at the age of discretion, it usually means that he is too young to die and too old to have a good time.

INTERNALLY AND EXTERNALLY IT IS GOOD.—The crowning property of Dr. Thomas' Electric Oil is that it can be used internally for many complaints as well as externally. For sore throat, croup, whooping cough, pains in the chest, colic and many kindred ailments it has curative qualities that are unsurpassed. A bottle of it costs little and there is no loss in always having it on hand.

The Petrolia Lawn Bowling Club has been re-organized with Dr. Johnston as resident and R. S. Jackson secretary.

Resolution of Condolence A regular meeting of L.O.L. No. 1029, held on Wednesday evening, April 10th, the following resolution of condolence with Mrs. Wm. Henderson was passed unanimously: To WILLIAM HENDERSON, Dear Sir and Brother: On behalf of the members of L.O.L. No. 1029, we desire to express our sympathy towards you and your mother in this, the hour of great affliction, and feel what you have lost, what you have suffered, in the death of your dear and only sister, who was known and highly esteemed by us all, the same trials have taught us that for ills so immeasurable time and silence are the only medicine. We will not, therefore, by useless words, open afresh your griefs. It is some comfort to us and to you that the time is not far distant when we shall meet with the friends we shall still love and never lose again. God bless you and support you under your heavy affliction. Signed on behalf of L.O.L. No. 1029. R. J. LUCAS, D.C.M. THOS. E. HIGGINS, Com.

BROOKE COUNCIL

Inwood, 19th April, 1913. Council met pursuant to adjournment. Members, all present. Minutes of previous meeting read, and motion of Mr. Annett, seconded by Mr. Sutton, were approved. Appeal received from Salvation Army, Toronto, for a grant in aid of the work in their hospitals, women's rescue work, children's homes, etc. McVicar—Amoy, that the sum of \$5.00 be granted in aid of the Army's work.—Carried. Petition presented, signed by John W. Smith and 15 others, asking that lots 10, 11 and 12 in the 6th and seventh concessions, and the road allowance between said concession, be drained by means of a drain or drains. Johnston—Sutton, that petition be received and Engineers Flater and Code instructed to examine area asked to be drained, lay out the drain or drains required, and report to Council with the necessary plans, profiles, estimates and assessments.—Carried. Requests were received from Wm. Totten and Robert Watt, that the construction of the 7-8 Blind Line drain across lots 10, 11 and 12, be proceeded with. Robert Watt also asked that action be taken to repair the 6-7 concession road drain across lots 10, 11 and 12, threatening to apply to the courts if no honest effort was made to make the necessary repairs. McCabe—Johnston, that as there is a strong probability that the Smith-Patterson Drain will be constructed in the near future, and as the construction of the said drain would lessen the necessity for the work asked for by Messrs. Totten and Watt, that the Clerk write those parties to that effect and ask them to delay pressing for the work for drains mentioned.—Carried. Mr. James Deans applied for bounties on wire fence erected by him on east side of S E or lot 8, con. 7. Annett—McCabe, that Mr. Deans be paid bonus at the rate of 15 cents per rod, amounting to \$20.00, as promised him last year.—Carried. Mr. Deans also asked that the 6-7 concession road drain in front of lots 1, 2 and 3 be repaired. A. W. Griffith asked that the McEachern Drain be cleaned out. Johnston—Annett—Johnston, that the Engineer be instructed to examine these drains, and, if found out of repair, to report with a view to enable Council to proceed with the work.—Carried. Committee Council reported they had examined a number of the older bridges in different parts of the Township, and reported the wooden bridge on 21-22 sideroad, con. 7, as unsafe, and needing to be rebuilt. Sutton—McCabe, that Council take steps to rebuild this bridge, and that Messrs. Johnston and Annett be appointed commissioners to oversee its construction, with power to decide as to size and style of bridge, the acceptance of tenders, and any and all other matters in connection with its construction and completion.—Carried. G. F. Johnston and Dugald Leitch were appointed pathmasters, in addition to those already appointed. Sutton—Johnston, that Council do now adjourn to meet in the Village of Alvington on Saturday, the 31st day of May, 1913, and to open as a court of revision on the assessment roll for the present year at 2 o'clock p.m. of the same day.—Carried. W. G. WILLOUGHBY, Clerk.

to my room carrying me a box of candy from Tokio. I asked her why she did not stay longer. "Ah," she said, "Teach-er, do you not know one's own town is the loveliest city of the world. She is always faithful to God and never in any way uncertain in her testimony. In her home there is a Sunday School of some 60 children. They all call her grandmother. To the students she ever gives a warning voice, and one who has known her can never be outside her circle of prayer. We who know her are glad to have that privilege, and I am sure you who support her must be blessed. Never fail in your prayers for her and the souls she is reaching. And this glad Easter time, be uncasing in your prayers that the risen Christ may be known more fully to all our Christians in Japan. Superstition binds our people with heavy chains. If you knew how much there is against them you would wonder how they ever come out of darkness into light. But our God is a living God. And He will reign whose right it is. We praise God for this glorious gospel we have to carry to a people sitting in darkness. "The instant in season and out of season." I hope this message about Mrs. Wada may give you cheer and hope. Sincerely yours, ELIZABETH ALCOURN, Supt. of the Bible Women in Yamanashi Province

NERVOUS DISEASES IN THE SPRING

Cured by Toning the Blood and Strengthening the Nerves.

It is the opinion of the best medical authorities, after long observation, that nervous diseases are more common and more serious in the spring than at any other time of the year. Vital changes in the system, after long winter months, may cause much more trouble than the familiar spring weakness and weariness from which most people suffer as the result of indoor life, in poorly ventilated and often overheated buildings. Official records prove that in April and May neuralgia, St. Vitus dance, epilepsy and other forms of nerve troubles are at their worst, and that then, more than at any other time, a blood-making, nerve-restoring tonic is needed. The antiquated custom of taking purgatives in the spring is useless, for the system really needs strengthening, while purgatives only gallop through the bowels, leaving you weaker. Dr. Williams' Pink Pills are the best medicine for they actually make the new, rich, red blood that feeds the starved nerves, and thus cure the many forms of nervous disorders. They cure also such other forms of spring troubles as headaches, poor appetite, weakness in the limbs, as well as remove unsightly pimples and eruptions. In fact they unflinchingly bring new health and strength to weak, tired and depressed men, women and children. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A Letter From Miss Alcorn, Missionary in Japan

The following letter was received by Mrs. D. A. Maxwell, Sec. of the Women's Missionary Auxiliary of the Methodist Church. Mrs. Wada referred to in the letter has been supported by the local Society for several years. Kofu, Yamanashi, Japan. February, 1913. To the Watford Auxiliary: I am writing you before your Easter meeting of Mrs. Wada. She is your Bible-woman. She is now 86 years of age. A faithful good woman is Mrs. Wada. In discouraging times she has stood true to God. Her work is in this country village. A short time ago as she was walking through our city, small boys called out: "Old lady, you are going to the church, are you not?" She answered: "Because you are here. They answered: "Because you are always either going to the church or coming from it." Then they added: "Do you know, old lady, that you only worship the foreigner's God in that church." She called them and pointing to the sun said, "Do you see the sun, tell me, is it only for Japan." "No," they shouted, "it is for the whole world." "Ah," she said, "boys I worship the one great God, the God of the whole world." She is an old lady and noticed wherever she goes and her short conversations with people are very pithy and cannot be forgotten. I was out with her on a quiet road not long ago, we met a girl of 13 or 14. The girl bowed down very low before the old woman. When she bowed was finished, the old lady said, "You work for your living, do you?" "Yes, I work in a silk factory," the child announced. Then said Mrs. Wada, "See you do your work very honestly for the eye of the great and living God is on you." At funerals and weddings Mrs. Wada is the one whom people expect to see. People call on her for help. Last year a man of 55 or more was told he could not live. This man had been a Christian but had grown cold and never entered a church. In the night he was dying and was afraid to meet God. She prayed with him and by applying God's word brought the man to true repentance and pardon for sin. He died in the faith. She had never been in Tokio, and when one of her friends was married she went to the great city and had the great time of her life. We all tried to help her off, and give her a good time. She went to our own home in Azabu and Miss Hargrave did everything for her there. Then the Christians and those who live in Tokio met together and had an old fashioned class-meeting. But in spite of all the sights she came home one day earlier than she planned. She came

to my room carrying me a box of candy from Tokio. I asked her why she did not stay longer. "Ah," she said, "Teach-er, do you not know one's own town is the loveliest city of the world. She is always faithful to God and never in any way uncertain in her testimony. In her home there is a Sunday School of some 60 children. They all call her grandmother. To the students she ever gives a warning voice, and one who has known her can never be outside her circle of prayer. We who know her are glad to have that privilege, and I am sure you who support her must be blessed. Never fail in your prayers for her and the souls she is reaching. And this glad Easter time, be uncasing in your prayers that the risen Christ may be known more fully to all our Christians in Japan. Superstition binds our people with heavy chains. If you knew how much there is against them you would wonder how they ever come out of darkness into light. But our God is a living God. And He will reign whose right it is. We praise God for this glorious gospel we have to carry to a people sitting in darkness. "The instant in season and out of season." I hope this message about Mrs. Wada may give you cheer and hope. Sincerely yours, ELIZABETH ALCOURN, Supt. of the Bible Women in Yamanashi Province

LOCAL HAPPENINGS

THE noble hats at SWIFTS' COUNCIL, meeting next Monday night, No. 4 is long enough to waste at it nursing a grouch. SOME spinners are so timid that would jump at a proposal. COL. KENWARD and ROBT. AULD their new Ford cars this week. ASK for the "Vesto" Overalls, the thing.—A. BROWN & CO. SARNIA will observe the Victoria Holiday on Saturday, May 24th. "NORONIC" is the name chosen for Northern Navigation Co's new boat. ONE telephone to every eight people in Canada is what the latest report show. TO-DAY (Thursday) being Ascension Day, service will be held in the church this evening. READ our ad. See special in cloth—SWIFTS' REV. M. KELLY, of Brantford, for 1y of Watford, has undergone an operation for appendicitis. WHEN you want a new pair of trousers remember P. Dods & Son always a full stock of most reliable makes. BROOK and Alvington Agricultural Society have decided to abandon 24th of May celebration this year. ROLLER BLINDS at 25c. A lace insertion trimmed blind, very special 50c.—A. BROWN & CO. The Lambton Publicity Association having 10,000 pamphlets printed still further advertise the resource of the county. MR. WM. HARPER, of Harper I Watford, was married on Wednesday to Miss Marian Dennis, of Windsor the latter place. MR. POTTER and Miss Mitchell, of High School staff, have been appointed associate examiners in Mathematics English respectively. DRESSES for young ladies in gingham, white dress skirts.—SWIFT JUNE 16 to 27, inclusive, has been the date of the annual training of Division No. 1, and Goderiel again been chosen. The branch of the Sterling Bank Kerwood has been closed. B. McCallum, the manager, is on the staff for the present. VICTORIA DAY falls on Saturday the intention of the business men of Watford to hold the holiday on the or on the following Monday. JAPANESE matting squares, rug bedrooms, \$2.50 each.—A. BROWN & CO. F. D. MATHEWS, V.S., has a comfortable office fitted up in the building opposite the Wagon Works where he will be found in future. The Bank of Toronto has opened branch at Kerwood. J. Mathers and W. Dave, of the Wyoming branch been transferred to the former place. SEVERAL Watford young ladies will to London next Wednesday to meet great actor, Robert Mantell, in "Merchant of Venice" at the L. Opera House. UNDER the new marriage law a groom will not be able to take a wife before the wedding for fear the wife will smell his nestlings and refuse to with the ceremony. THE Bulgaria trimmings are right SWIFTS'. THE hired help proposition is that is causing the farmer quite a headache. The hired help, being wage being paid to experienced men, and are hard to get at any price. UNDER the new health act any found guilty of buying from a farmer any farmer found guilty of selling butter, a real call under four weeks for eating purposes, is liable to a fine \$50. THE movies and vaudeville show for Wednesday and Thursday met a The first night about 25 people were present and the second night the percentage was called off, less than a being present. TEACHERS and parents can account a real service to their country by insuring the children to spare the robins, robin and its nestlings are perfect manizers when it comes to make meal of bugs and caterpillars—the enemies of mankind. The fledglings are an two-fifths times their own weight and insects each day. WHY should there not be a ghouse cleaning? And let it be tho when you're about it. Gather together the accumulated rubbish of unkindness of envy and of selfishness and a bonfire of it. Search out the corners of old grudge and put it on the fire too. Empty out those old misstandings from the pigeon holes of memory and burn them too. Why that old ill feeling. Polish the pearls of your mind. Let cheerfulness charity have control. Clean up and clean. CLOTHING as you wish it.—SWIF
