HON. WILLIAM RESTLESS

Hon. Mr. Tarte Hints That Minister of Customs May Get Out. Ottawa, July 21.—Hon. Mr. Tarte has a word to say this evening on Mr. Blair's resignation. The ex-Minister of Public Works compared the situation created by the retirement of the Minister of Public Works to John Morley's description of Sir Robert Walpole. La Patrie says: "Mr. Blair knew on resigning, for he is a man of long experience, that the flatterers of yesterday would become the insulters of tomorrow. He has gone, and the parasites will beseege his successor's house. If the Minister were to come back the crowd would hasten to the House he had already deserted."

ANOTHER BLAIR LETTER

Montreal, July 21.—(Special.)—Hon. A. G. Blair has written a very touching letter to a very close friend in this city, who showed the epistle to his correspondent this afternoon, upon condition that he should not be mentioned. The ex-Minister of Public Works states that his friend will not doubt be surprised and pained, because he cannot do, and the acceptance of the Grand Trunk Pacific policy is one of the things that the ex-Minister adds, he is unable to do. He adds that he feels the blow very deeply in separating himself from his colleagues and his party. Yet he says he will resign as he is obliged to leave the cabinet. Mr. Blair also mentions the great regret he feels in being obliged to resign, and says that his resignation will be a heavy blow to the Government. ### ANARCHISTS IN UNIONS.

Chicago, July 21.—According to Chief of Police Francis O'Neil, instead of living in wait for kings and presidents, the modern Anarchists join labor unions, at the same time preaching their inner circles. According to the chief's information, they preach the doctrine of dissonant and direct every effort consistently to the same end, while the great mass of labor, organized and unorganized, remains in ignorance of the true state of affairs.

The chief said today: "Anarchists and certain labor leaders are merging their interests and aims. There are to be no explosions, no shootings. They are working toward a universal strike, and certain labor leaders have already been thoroughly infected with the most radical ideas."

## LOCAL FIRM GETS CONTRACT

### New Rock Crusher Will Be Supplied by the Westinghouse Company for Hamilton.

### NIGHT CLERK CONTRADICTS DOCTORS

#### Declares Edward A. Stephenson Was Alive Last Wednesday Morning—Illegally Man Fined.

Hamilton, July 21.—(Special.)—The Board of Works took only two hours in clearing up a very lengthy order paper tonight. There was very little on it of importance. Three tenders for motors to run the new rock crusher were received. Two of these, the Canadian General, Peterboro, and R. Pringle & Co., Montreal, were for 30 horse-power machines, quoted, respectively, at \$600 and \$750, f.o.b., were made. The Westinghouse Company, a local firm, quoted a 37 1/2 horse-power motor at \$720, and secured the contract.

John N. Land offered to sell the city about seven acres of quarry land in rear of the Springer premises for \$1450, but the chairman said he had a plan ahead for securing stone at a very much cheaper rate, and before any more quarries are bought he asked permission to make full inquiries, promising a report next Monday evening.

Ald. Finlay asked why both road rollers were not at work. It is being whispered about that the reason is that the chairman could not find a Conservative to run the machine. The chairman said the only reason was that he had been unable until today to find a competent man for the job. The roller will go to work at once, and a Liberal will run it. The Cataract Power Company offered to furnish power to run the rock crusher at \$500 per annum. Nothing definite will be decided until it is known whether the new 20-horse-power roller will be used, also Ala. Birrell strongly advocated that the board stick to its original intention and use the quarry for the purpose it was bought for. The cost of the crusher will be charged up to the good roads fund.

It was decided to proceed with the grading of the extension of Ferris-street. The construction of a new batch of sidewalks was authorized, and

## STATEMENT OF COMPANY AND REPLY BY THE UNION

### Causes Leading Up to Strike of the Moulders Given to the Public.

The Canada Foundry Co. has issued a statement touching the strike of the moulders. They say that they have been paying higher wages than the foundries of Montreal and Hamilton, and the men have a shorter week, notwithstanding living is cheaper in Toronto than in Hamilton and Montreal.

In reply the moulders say the nine-hour day has been granted in 61 cities of the United States and Canada, including 10 shops in Toronto. Under an agreement the moulders could not strike until a conference was held, but before the conference was held some of the foundrymen were at Ottawa urging the passage of the Loughheed bill, making it a criminal offence for an international officer to come to Canada. The foundrymen asked their international organization to order the international officers to send their striking moulders back to work. The international officers ordered the men back to work pending a settlement, and did not advise the men to another, as claimed by the foundrymen.

As a number of communicating and erroneous statements in regard to labor conditions at the Canada Foundry Co. have appeared from time to time, we secure to you the following facts before the public:

The iron moulders' Union had an agreement with the foundrymen not to go on strike without first endeavoring to settle matters by a conference of three representatives from each side. The local union disregarded this agreement, and the men went on strike early in May. After being out two weeks their head officers persuaded them to go back to work, and a conference was held on the 8th and 9th of June, which resulted in a disagreement, as the union representatives insisted on 50 hours per week for moulders and 25 cents for coremakers. WORSE THAN INTEMPERANCE.

(CONTINUED FROM PAGE ONE.)

Committee when Mr. Fielding championed the bill. Mr. Fielding denied that he had championed any such bill.

Mr. Borden said that this very session he had raised the same objection as Mr. Oser referred to, and in fact upon a public measure, an act to extend the powers of loan companies. The extension of the powers enabled the companies affected to invest in all kinds of wild speculative shares. Mr. Borden said that he had been told that the loan companies could buy stocks on margin. But surely the result was the same if company bought stocks outright from a broker. They had pledged them to a bank to raise money. Mr. Borden rebuked Mr. Bourassa for his severe statements on the subject. He did not believe as Mr. Bourassa charged that the stock brokers as a class were a set of scoundrels. If the books were a scribble what was the man who went to the broker and took a flyer in stocks? Mr. Bourassa was anxious some time ago for an investment in the speculations, but perhaps if that were to be done he need not go very far outside this House. However, speculation in stocks was like speculation in land, and it was doubtful if it could be prevented by legislation.

Two St. Thomas Companies. Jabel Robinson agreed with Mr. Oser that the two St. Thomas loan companies were acting in a manner that obtained from the government when they embarked in the speculations which proved so ruinous. The savings of hundreds had been wiped out and he hoped the law would be amended.

F. D. Monk thought there might be the beginning of a remedy in the suggestion of Mr. Bourassa to increase the amount of margin.

Robert Holmstrom with Mr. Bourassa, and believed he had done a good thing in bringing before parliament the evils of gambling on margin.

Limited Available Money. W. F. Maclean spoke of the great harm done by stock speculation. He limited the money available for legitimate enterprises. The banks sent money out of the country in connection with these speculative ventures. Proof of the injury caused by

stock speculation might be found, Mr. Maclean said, in the fact that in this, the most prosperous period, the population of America has ever known, there is great financial stringency. It is the result of the speculation in stocks, the presence of millions of dollars on the stock market that could not be digested. Mr. Maclean pointed out the danger to loan and insurance companies whose reserves sometimes find their way into the stock market. He stated that interests were affected in the same way.

Curb Loan Companies. D. Henderson, who had brought up the matter at an earlier period of the session, spoke forcibly of the necessity of curbing the powers of loan companies to invest in speculative stocks. Dr. Sprague suggested that in every case the law should require an actual transfer and register of stock, together with a monthly return to the government of all such transactions.

The Minister of Justice deprecated the disparaging reference made by Mr. Bourassa to the Judicial Committee of the Privy Council. Mr. Fitzpatrick described the members of the Judicial Committee as possessing the capacity, the learning and the desire to do what is fair and just. As to the purchase of stocks it was a matter of civil contract to be regulated by provincial law. The only way the parliament of Canada would get it was in so far as it could be made a criminal offence.

Admits the Evil. He agreed that there was an evil which required a remedy. He would like to think it over. He added that there will be this session some amendment proposed to the law respecting companies which would meet one feature of the difficulty.

Mr. Tarte said that when members of parliament for divided districts in Ontario in all the legislatures of Canada were constantly speculating in stocks it was not surprising if young men all over the country did the same thing. Last session in the lobbies of the House everybody was talking of stocks and coal. He pointed out that for members of parliament to be gambling in stocks of companies that must sooner or later apply to parliament for additional duties and bonuses.

Resolution was withdrawn.

RAILWAY WRECK AT GALT.

Continued From Page 1.

This curve is looked upon as the most dangerous on the line between Toronto and Detroit, but since the elevation of the bridge, three years ago, this is the first accident that has occurred, although previous to that several wrecks took place.

Official Report.

Following is the official report sent to Toronto. At about 12:35 this morning a C.P.R. cattle train, extra No. 563, was waiting in the Galt yards. Although the switch behind it was open, the engine and train set at closed, and the train should have proceeded safely. At a little after 12:30 extra No. 838, a passenger train bound from London to Toronto, came into the yards, and either the engineer did not notice or disregarded the semaphore protection No. 563. The moving train came in at a speed of about 15 miles an hour, and soon after passing the semaphore the engine of the moving train struck the van of No. 563. In the van were a number of cattle buyers on their way to Toronto. They were thrown shortly before, and at the time of the accident were fast asleep, and did not wake until the time when the other train struck them. Four of the occupants of the van—Mr. P. Campbell, Mr. F. J. Smalke, Mr. D. Macpherson, and Mr. T. Pihale—were seriously injured, and one man, Mr. Hugh McMillan, was killed.

The injured men were taken to Galt Hospital, where their injuries were treated. It is believed that all of them will recover, although the condition of the despatches were sent nothing positive could be stated about their condition. The accident was due to negligence on the part of some of the employees of the company, and an investigation will follow.

Damage to Rolling Stock. The damage to the company's rolling stock, considering the circumstances, was comparatively slight. About \$2000 was stated officially, would cover all loss. The locomotive was damaged to the extent of about \$500, and the wreckage of merchandise and parts of the wrecked cars would be considerable.

Killed Well Known. Hugh McMillan, killed, was a well-to-do farmer and driver living two and one-half miles north of Dutton, with his wife, his father, a man 96 years of age, and his sister. He was about 51 years of age, and a member of a well-known and highly respected family. John, Alexander, Robert and Daniel McMillan, all living near Dutton, are brothers.

David Macpherson, killed, resided north of Dutton and is also a well-to-do farmer and driver. He was about 32 years of age, and was married to a long ago to a Mrs. Buchanan. He has three brothers, John, Duncan and Daniel, as well as several sisters. T. Pihale, killed, is a son of John Pihale, 10th concession of Yorkmouth. He lived at Markham. He leaves a widow and six children. He was 35 years of age, married, and a brother-in-law of C. A. Brower, M.L.A.

WRECK AT PETERBORO.

Peterboro, July 21.—There was a serious head-on collision of two double-track freight trains this afternoon near the Wm. Hamilton Company's shops. There was a train standing on the main line while the engine was taking in water. A train which was following in the rear end. Both engines of the rear train appear to be completely demolished. The accident occurred a couple of blocks from the business portion of the town. Both crews escaped by jumping.

DEATH MASK TAKEN.

Rome, July 21.—A death mask of Leo XIII was taken today by Commander Gall, director of the Vatican Museum. The delicate work was successfully executed, and the result is considered highly satisfactory. The visera of Pope Leo, which was today placed in an earthen urn and provisionally deposited in the crypt of St. Peter's, was removed at midnight to a magnificent urn, which, carried by Mrs. Marzolini and Angeli, was taken in a Vatican carriage to the Church of St. Vincent Anastasio. The carriage was met at the door of the church by priests carrying torches. The visera of all the Popes, except Pius IX, have been deposited in this church. The will of the Pope has not been opened.

125,000 Troops Preparing.

London, July 21.—The Standard's Odessa correspondent says that 125,000 troops are being mobilized from Central and Northern garrisons in Russia for immediate dispatch to the Russian East in case of necessity.

GENE AT THE VATICAN AND THE CAPITAL IN THE DEATH CHAMBER RESIST GOVERNMENT MEN

Leo's Nephews With Their Families Everywhere Else in Soledad, Venezuela, the Rebels Are Being Slaughtered.

Rome, July 21.—There was a touching scene at the Vatican this morning, when the nephews of Leo, with their families, entered the death chamber to take a last farewell of their uncle, for whom they had an intense reverence. The elders were dressed in black, and the younger children, awe-struck and frightened, began to cry at this, their first acquaintance with death, but the beauty of the scene soon quieted them. The little party advanced on tiptoes, and, circling around the bed, fell on their knees and joined in the prayers of the penitentials. Presently the nephews arose and slowly lifted past the bed, kneeling to kiss the dead as they passed.

Mr. Cagliano, the major domo, assisted by the papal notary and Mrs. Bislet, master of the chamber, sealed all the drawers and boxes in the papal apartment, making a minute inventory of all objects of value found. Cardinal Oreglia, in giving instructions to the general confidants among the nuncios, said: "Altogether the relations between the church and the government of Italy are less strained than in 1878, so that the Vatican is maintained outside the Vatican, I remind you that it is your duty to watch closely inside the Vatican to prevent, especially during the conclave, the interference of any extraneous influence."

The method suggested by Speaker Power of the Dominion Senate for making every citizen a soldier does not receive the sanction of prominent military men in Toronto, who consider that the enormous expense entailed by such an undertaking would render the idea preposterous. It is not until the end of the month that the amount of opposition which would come from men whose business would be seriously interfered with by the time spent in drilling. Speaker Power's plan, as reported, is to revise the now obsolete provisions of the Militia Act for dividing districts into regiments and companies, with an additional reserve of 20,000 men. These 20,000 men, i.e., those between 21 and 25 years of age, should have an annual training of ten days. Between 26 and 30 years of age, 21 years old shall be "recruits," and shall be divided into successive reserves up to the age of 40.

FIGHTING IN PHILIPPINES.

Scouts and Naval Constabulary Defeat 250 Rebels in Albay. Manila, July 21.—The Philippine scouts and rural constabulary defeated 250 rebels in the streets of Albay, the capital of the Island of Albay, Thursday, killing fifteen and wounding fifteen. The combatants entered the town from opposite sides, and street fighting continued for three hours. Four non-combatants were killed. The rebels were led by Simon Oia, chief of the Albay rebels, and they had fifty rifles. Col. H. Bandholtz, who was in command of the scouts and constabulary, has been working actively in Albay, but this was his first decisive engagement.

DROWNED WIFE AND SELF.

Man Threw Woman into Pond and Jumped After Her. Denmark, Me., July 21.—A farmer at work in a nearby field saw Andrew McRae and his wife engaged in earnest conversation on the shore of Deer Pond today. On looking up again a few moments later the farmer saw the man throw the woman into the water and jump in without a moment's hesitation. The man was seen to splash about in the water for a few moments, but he was not seen again. The woman was seen to splash about in the water for a few moments, but she was not seen again. The man was seen to splash about in the water for a few moments, but he was not seen again. The woman was seen to splash about in the water for a few moments, but she was not seen again.

Double the Camp Pay.

Col. Mason heartily endorsed the proposal to double the present 50 cents per day in addition to this, he is strongly in favor of a 50-cent increase in the "first-class" pay of the military police. He stated that a number of officers who disapproved of the increase in pay, but who were equally opposed to any such thing as a suggestion to take the same line as those of Col. Mason.

Mrs. Tussaud's Centenary.

A great deal has been heard of the centenary of late—the centenary of Emerson, of Lytton, of Mangani, and so on. Yet another centenary is to be celebrated at the end of this year—that of the first appearance in England of the wax figure. This famous exhibition was immediately after their execution, and well as those of Marat and Robespierre, left France to make her permanent home in England in 1843 during Napoleon's rule. The present managing director of this same exhibition, John Tussaud, is a great-grandson of the founder, and the directors do not unnaturally think that a show which has given such boundless opportunity to many generations of children, and not seldom to their parents, deserves a commemorative festival.

Champion Whiskers.

France is not only supposed to possess the smallest soldier in Europe, but it has a citizen whose beard is the longest in the world. The man possessing this remarkable feature is the peasant Louis Goulet, and he is an inhabitant of Montreux. Time has whitened it, and no doubt prevented any further growth, but it still measures a little more than seven feet in length. The happy possessor of this beard is sixty-eight years old. At the age of fourteen his beard was over one foot and a half in length, and at twenty it measured a yard. The sculptor wears part of his "seven footers" within his waistcoat, and uses it as a chest protector. Some persons may think that this record beard is a little too much of a good thing. The sculptor evidently does not—Paris Messenger.

PROBUD OVER GREENWAY

Latest Returns From Manitoba Elections Show Great Conservative Victory.

Winnipeg, Man., July 21.—(Special.)—Yesterday's sweeping Conservative victory today forms the all-absorbing topic for discussion among all classes of citizens. On the streets, in the hotels, the shops, everywhere, there is the Liberal defeat, and the splendid endorsement of the policy of the Premier, the Hon. R. C. Roblin, and his progressive administration. In those circles where opposition to the government was the keener, the verdict has been accepted with a degree of stoicism hardly to have been expected. It was not until last night, when the returns continued to come in, it was shown that the Conservatives had carried the province by a large increased majority, that the fact dawned upon the critics of the government that the result was the very one that might have been anticipated. As the atmosphere cleared and the government's majority loomed up in large figures, supporters of Mr. Greenway, as well as Conservatives, asked themselves what it was all about.

SAYS CITY IS CAPTURED.

Caracas, Venezuela, July 21.—A messenger who has arrived here from the city of Caracas, reports that the government troops at 8 o'clock this morning.

SWEEPED INTO SEWER.

Waterbury, Conn., July 21.—After being swept for 500 feet through an underground sewer, helplessly battling in the darkness against a wild rush of water, four laborers were dragged, limp and terrified, but still living from manhole on Cherry-street yesterday afternoon.

AT WOMAN'S SUGGESTION.

Rosneath, Pa., July 21.—John Bailey and John Kennedy, under arrest charged with wrecking a Norfolk and Western passenger train near Greenville Dec. 26, have signed a confession saying they planned the wreck with Mrs. Ellen Painter. Any passengers who might escape death in the wreck were killed, they say. Only the engineer was killed, and the plan of the murder was abandoned. Mrs. Painter will be arrested later. The men are charged with murder.

House of Beer Bottles.

A house of beer bottles is one of several startling architectural novelties in Tonopah, Nev. Among the others are houses made of straw, of burlap sacks trimmed with blue jeans, of tin from five-gallon oil cans, of drygoods and cracker box lumber, of mud, stone, tents and cloth. The reason for this is that the material is so plentiful and so cheap. The houses are built in a region barren of trees. In consequence the commonest lumber sells for \$65 a thousand feet, while an interior grade of scrub cedar for fuel costs \$22 a cord. Tonopah is a young mining camp, and its riches are still mostly underground. Therefore, the need for economy, and hence the origin of William Peck's glass house.

CURE FOR SEA SICKNESS.

An Old Traveler Finds Dodd's Dyspepsia Tablets a Specific Against the Much Dreaded Sickness. This is the season of the year when thousands of people go on sea voyages to escape the heat of the summer. Others stay at home to escape sea sickness. How many summer outings, even to escape the heat, are spoiled by sickness! And yet there is a cure for it—Dodd's Dyspepsia Tablets. Mr. H. Hutchinson of Chatham, Ont., who crosses the ocean four times a year, says: "I find Dodd's Dyspepsia Tablets the best thing as a preventive against sea sickness. I find them a splendid remedy for indigestion and that is the reason I tried them for sea sickness. On my last trip I gave away several tablets to different passengers who felt sea sickness coming on, and in every case it seemed to settle their stomachs and prevent sickness. No one using Dodd's Dyspepsia Tablets would travel without them."

No Cure! No Pay!

Not a penny down. Simply drop me a postal with your name, and I will forward you at once one of my latest Improved High Grade Electric Belt. You can use it three months, then pay me if cured, and the price will be only one-half what others ask for their inferior belts. If not cured, you return the belt to me at my expense, and your Word Will Decide. I am willing to trust you entirely, knowing that I will have the best and most perfect belt ever invented, and nine men in ten always pay when cured.

I Will Trust You! This modern Belt is the only one that generates a powerful therapeutic current of electricity without the use of batteries, and is guaranteed never to burn. It is a certain and positive cure in all cases of Rheumatism, Yarrow, Dizziness, Lenses, Weak Back, Nervousness, Kidney, Liver and Stomach Troubles, and weakness brought on by abuse and excess.

When a Woman Fainted.

The woman fainted, and these are some of the things that the half-dozen men in the room with her did. says The Baltimore News. Two of them made a dash for the dining room to get water, and fell over each other at the door of that apartment. One hastened to a neighboring drug store for a mixture of vichy and ammonia.

SOUTH AFRICAN IMPERIALISM.

How an American Paper Views the
Aims of Chamberlain.
New York Post: Gen. Louis Botha
has issued a formal protest against
Lord Milner's administration. At the
time of the capitulation, Botha took a
singularly wise and conciliatory atti-
tude. It was he more than any other
who urged the Boers to accept the new
government cheerfully, and was con-
stant in expressions of confidence in
the liberal intentions of Lord Milner
and the British Colonial Office. Thus
it is Botha's reputation for moderation
which gives to his manifesto denounc-
ing the colonial government as despoil-
ing a peculiar weight.

GETTING IN THEIR COAL.

Householders Preparing for Winter
-Ask With Maguire Bros.
The coal famine last year has caused
very many Toronto householders to
be next winter's supply, and there-
by avoid any possibility of trouble
as far as they are concerned during
the incoming winter. There is at pre-
sent no appearance of disturbance in
the mining districts, but the heavy
business of the railroads may prevent
a ready supply as was the case for
some weeks previous to last season.
William Maguire of Maguire Bros.,
194 West Queen-street and Dupont-
street, talked with The World on this
subject and expressed himself pre-
tremely much along the lines indicated
above. This firm were extremely fortunate
during the severest pinch last winter
to provide their customers and friends
with coal at the current rates, and
are feeling the benefits of their busi-
ness acumen at that time by a very
much increasing trade now. Mr. Maguire
has provided for a full supply
this season, and is pushed already to
fill orders. He does not anticipate
prices to advance much, but thinks
it would be good judgment to place
orders now to avoid the possibility
of having to pay more later on.
The price of the best anthracite as quoted
by this firm now is \$5.50 a ton.

AYLESWORTH ACCEPTS.

Will Represent Canada on the
Alaska Boundary Commission.
Ottawa, July 21.—(Globe special)—A
cablegram has been received by Hon.
Clifford Sifton from Mr. A. B. Ayles-
worth, consenting to act in place of
the late Judge Armour as representative
for Canada on the Alaska boundary
commission. The tribunal will meet in London
on Sept. 3, when written arguments will
be presented. It is thought that all the
members of the tribunal will be held
in the English metropolis.
Hon. Mr. Sifton will have to attend
the meetings of the commissions in
London, but it is not known when he
will leave here. He will probably be
required to go about the last week in
August. Whether Mr. Aylesworth will
accept an appointment on the Supreme
Court bench still remains to be ac-
certaind. There is no hurry, however,
for this appointment, as the court does
not meet until October.

PRAYERS FOR EVERY DAY.

What Catholics Will Pray All Over
the Whole World.
These are the prayers said every day,
in all the churches all over the world,
until the new Pope is chosen. They
are not to be confused with the requiem
mass, which will be said on Wednesday
at 9.
Mass on the election of the Supreme
Pontiff (the See being vacant):
Introit.—I will raise me up a faith-
ful priest, who shall do according to my
heart and my soul; and I will build
him a faithful house, and he shall walk
always before my anointed.—1 Kings, ii,
26.
Lect.—Remember David and all his
weakness. Glory be to the Father, etc.
Collect.—With humble hearts, we ask
oh Lord, that in Thy boundless loving
kindness thou wouldst grant the Holy
Roman Church a high priest according
to Thy heart, who would both love us
and ever for good government be re-
verenced by Thy people. Thru Christ
Our Lord.
Epistle, Heb. iv, 6 and 7.—Let us go
therefore with confidence to the throne
of grace, that we may obtain mercy
and find grace in time of need. For
every high priest, taken from among
men, is ordained for men in the things
that appertain to God, that he may offer
up gifts and sacrifices for sins; and
have compassion on them that are ir-
rorant and err, because he himself
also is compassed with infirmity—and
therefore is bound, as for the people,
so also for himself, to make offerings
for sins. And no man taketh the hon-
or to himself, but he that is called by
God, even as Aaron was. So Christ
also did not glorify himself that He
might be made a high priest; but he
that saith unto him: "Thou art my
Son, this day have I begotten thee."
As he saith also in another place:
"Thou art a priest forever, according
to the Order of Melchisedek." Who in
the days of his flesh offered up prayers
and supplications, with strong cry-
ing and tears, unto him that was able
to save him from death, and out of rever-
ence his prayer was heard.
Gradual.—Lev. xxi, 10; Heb. ii, 17.—
The high priest, thy greatest among
the priests, shall be chosen from among
the brethren of the high priest, and
his hands have been consecrated for
the priesthood, and who hath been
with the holy vestments out in all
things to be made like unto his brethren
and supplicants, with strong cry-
ing and tears, unto him that was able
to save him from death, and out of rever-
ence his prayer was heard.
Gospel.—St. John, xiv, 15.—Jesus said
to His disciples: If you love me, keep
my commandments, and I will ask the
Father and He will give you another
paraclete, that he may abide with you
forever, the Spirit of truth, whom the
world cannot receive, because it seeth
him not, nor knoweth him; but you
shall know him, because he shall abide
with you and shall be in you. I will
not leave you orphans; the world seeth
me no more, but you see me, because
I live, and you shall live. He that
loves me shall keep my commandments;
and he that loveth Me shall be loved
of my Father, and I will love him,
and will manifest myself to him.
Gospel.—Eodem ibi, 40.—Let not
the holy things be shared among them
until they shall have a high priest who
shall be seen in prayer.
The Secret Prayer.—Grant, oh, Lord,
in the abundance of Thy love, that
thru the sacred gifts that we receive
we may rejoice to have a high priest well
pleasing to Thy Majesty for the gov-
ernment of Thy people.
Communion.—Exod. xxix, 29 and 30.—
He that shall be appointed high priest
shall have a holy vesture, and shall
enter into the tabernacle of the testi-
mony to minister in the sanctuary.
Post-communion.—May we, oh Lord,
thru the sacred gifts that we receive
be refreshed by the sacrament of Thy
precious body and blood, rejoice in
the news of the death of the Pope,
and in all goodness, and bid the minds
of the faithful with the odor of spiritual
sweetness.— Amen.

CANADIANS AT BISLEY.

Defeated in Contest for Kolaro
Cup But Make Good Scores.
Bisley, July 21.—(Telegram cable).—
The first stage of the King's prize was
the feature today.
In the Daily Graphic Skeddon took
fourth place, winning £5 and three
sketches of a value of £10 10s each.
In the Graphic Hayhurst took four-
teenth place, winning £20 and two
sketches.
The following were the scores of the
Canadians in the King's prize at 200
yards:
Crows, 5455555-33; King, 4355431-
28; Naughton, 564554-35; O'Brien,
454454-31; Fiedle, 45444-30; Spear-
ing, 555544-33; Stuart, 554445-31;

33; Jones, 455554-30; Morris, 32;
McGregor, 555555-33; Smith, 454555-
32; Drysdale, 444554-30.
Staff-Sergt. Bayles of the 10th Gren-
adiers scored 454555-35.
The Scores.
The Canadians were defeated to-day
in the contest for the Kolaro Cup.
The weather was fair and some excel-
lent scores were made by the various
teams competing. It looked for a time
as if the Canadians had a good chance,
but Hayhurst had the misfortune to
place his last bullet in the 500-yard
range on the wrong target, thus losing
five points, while the targets of King
and Stuart at 500 and 600 yards were
poor. It was simply remarkable how
little interest was manifested in the
event, if one may judge by the attend-
ance. It was simply remarkable how

LAW FOR END SEAT MAN.
Toledo Councilman Will Introduce
an Ordinance to Squelch Him.
Toledo, O., July 21.—The promiscu-
ous expectorator in the city street,
cars has been taken care of by ordi-
nance, and now the "end seat hog" is
to get his dues, if the ordinance which
will be introduced at the meeting of
Council this evening by Councilman
George Young becomes a law.
This morning City Solicitor Denman
drew up an ordinance at the request
of Mr. Young aimed directly at the
fellow who gets into the open, cross-
seat cars and sticks to the seat on
the right side of the car, thus forcing
every man, woman and child who
wishes to enter the car to crawl over
him and his impediments, be they
muddy boots or clothes covered with
the reddish dust of the iron ore docks.

USES OF A MONARCH.

History has made us familiar with many conceptions of a king, ranging all the way from the absolute monarch to the figurehead.

In the last two years we have experienced a change from a Sovereign living in seclusion to one living in the public eye.

A SWEEP IN MANITOBA.

The victory of the government in Manitoba turns out to have been a sweep, Greenway having only a handful of supporters.

THIS IS TOO BAD.

The following despatch from Toronto with the cable, appeared in The Buffalo Express, July 21: The deputations, augmented by the striking moulders, met late in the evening and petitioned to the country, where they attacked the strike-breakers from the United States, employed by the company.

ST. JAMES' UNREPRESENTED.

F. D. Monk points out that Government is lax in duty. Ottawa, July 21.—(Special)—F. D. Monk to-day called the attention of the first minister to the delay in the issuing of a writ for an election in St. James' Division, Montreal.

THE GRAND TRUNK PACIFIC PLANS.

The difficulties that have arisen in connection with the Grand Trunk Pacific seem to have been due to the confusing of two questions. There was a matter of urgency, requiring immediate action, and there was a matter which, the important, would not have suffered by delay.

TWO CENTS A MILE.

It was pointed out by Mr. Maclean the other day that railways which operate in Canada and the United States charge two cents a mile in the States and three cents in Canada.

GRIMSBY PARK LAWN BOWLERS

Beat Lorne Park—Dr. Parkhurst Preached on Sunday.

The lawn bowlers of Lorne Park came and saw, but did not conquer. The lawn bowlers of Grimsby Park on Saturday last, as they stood at the end of the game 80 to 150, Grimsby Park leading in each of the four rinks.

The Grand Trunk had a fast express stop at Lorne Park and take up the excursionists and stop again at Grimsby Park, and reverse the operation on the return trip, so that ample time was afforded for bowling, as well as for refreshments at the Lakeview Hotel later on.

No Moving Pictures.

The Selig Polyscope Company, which was to have begun a week's engagement of moving pictures, much to the disappointment of the younger portion of the community, failed to put in an appearance.

Boys Strike Camp.

The Brantford boys began preparations for striking camp immediately after breakfast. By noon all was in gear.

Secretary Beebe Honored.

Given a Grandfather's Clock by Cobourg Old Boys. There was a large gathering of Cobourg and Northumberland County Old Boys at St. George's Hall last night.

TO FORM A LOCAL LODGE

Continued From Page 1. There is so much worse in Roumania, and there is so little prospect of amelioration, that the two organizations have been, and are still, devoting their energies to getting out of the country such of the Jews as are able to secure these, and it is hardly probable that these two great organizations will make an attempt to aid by departing from Roumania from English oppression.

It is exceedingly difficult to establish a lodge in Roumania, because of the large industrial expense and the handicap under which a Jewish lodge in Roumania has to contend.

WILL COMPANY PAY SHARE?

Civic Authorities Fear G.T.R. Will Back Out of Esplanade Proposal.

The civic authorities fear there may be trouble with the G.T.R. before the agreement re John-street and Front-street crossings and Esplanade paving is signed.

By the draft agreement recently drawn up, and apparently accepted by the company, the company was to provide protection for the above named crossings according to the order of the City Engineer, and were also to pay their share of the cost of paving Esplanade-street from John to Berkeley.

Now the company, it is feared, will take a different stand. They want the Railway Committee of the Privy Council to be the judge of what is "adequate protection" for the crossings, and they also want a definite statement of the Esplanade paving before they agree to pay a share.

Unless the company stand by the draft agreement the city will oppose the granting of an order giving the company power to cross John-street at Front and into their property, where the old Parliament Buildings stand.

CAR MEN GET DEMANDS.

Ten Hours a Day and Some Increase in Wages.

Montreal, Que., July 21.—(Special.)—It will be gladly learned that the car men on the Lake Superior, eastern and Atlantic divisions of the C.P.R., who have been represented for some time in this city by their committee, have reached an amicable settlement with the company.

A schedule of rates, rules and wages has been arranged, which, while not as advantageous as the men had anticipated, yet they have accepted. Ten hours a day from 7 o'clock in the morning until 6 at night, has been adopted to govern all workers in the shops, with time and a half for all work performed after the regular hours, on Sundays and on Dominion holidays.

As regards the wages there will be an average increase of from one cent to one and a half cents per hour. The most inferior class of labor is that performed by the car cleaners, and they will receive 18c an hour. From that point the wages will be scaled up to those of the carpenters, who will receive twenty-two cents an hour.

C. P. R. Employes Will Hold Excursion, Sports and Baby Show at Niagara Falls.

CONSTABLE HARPER TO BE SUED

Another C.P.R. Man Resigns—Lambton Man Succumbs to Operation.

Toronto Junction, July 21.—The Canadian Pacific Railway employes will hold their annual excursion on Thursday to St. Catharines and Niagara Falls, per steamers Lakeside and Garden City. A baseball match will be played between the Union Station C.P.R. and Toronto Junction C.P.R. There will also be a football match between the C.P.R. League team and the Athletics, as well as a varied program of sports. An orchestra will accompany the excursion, and, as usual, there will be a baby show.

Lee & O'Donoghue, solicitors for Robert Hare, 147 Simcoe-street, and Edward O'Donnell, 214 East King-street, have notified Police Constable Harper, that he is to be sued for assault and false imprisonment. The charge is malicious detention. Hare and O'Donnell are the striking moulders who were arrested by County Constables Wilson and Ford and placed in the cells here until a rig was procured to take them to the city.

Tom Prince, for 23 years an employe of the Canadian Pacific Railway, handed in his resignation to take effect today at noon. He has accepted a position with the Palmer Piano Company, Toronto.

Peter Fitzgibbon of Lambton Mills died at the Western Hospital today from an operation. He was 29 years of age and was in good health up to a few days ago. Interment takes place at the cemetery, on the fifth line of Toronto Township, on Thursday.

The Volunteer Firemen's Association has adopted a constitution. They will practice on first and third Mondays of each month, and the annual parade and inspection will take place on the fourth Wednesday of June.

The West York License Commissioners have extended the license of the Heydon House for the remainder of the license year. The three Humber Bag hotelkeepers who were fined \$40 each for selling during prohibited hours have had their applications laid over.

North Toronto.

Wille Saunders, son of Mr. Albert Saunders, of Balliol-street, Daviessville, had his hand badly lacerated by the sprocket wheel of a bicycle on Monday. A portion of one finger was taken off in the accident.

Miss O'Brien entertained the little folks and their parents at Meriton-street on Monday evening on the grounds of Mr. Thomas Pratt. After tea a May-pole dance and other amusements constituted a most enjoyable evening.

A special meeting of the town School Board was held on Monday evening to consider the report of the Eglington School. Principal Hartigan had raised some opposition among the parents of the school and the board thought it advisable to ask him to resign. On the motion of Trustees Dunnett and Auld this will be done.

The Sunday school of the Eglington Presbyterian Church will spend the annual outing today at Bond's Lake.

Thornhill.

Farmers in this neighborhood say that they have had the best hay harvest for very many years.

Owing to the heavy storm on Sunday, the session of the Eglington Church was postponed until some time later.

Miss E. West is making considerable improvement from her recent severe illness.

Mrs. R. Bailey, formerly of the village, is somewhat improved in health and is spending the summer with friends at Roxana, Mich.

E. Wor. Francis has appointed Wor. Bro. A. D. Corley of King City as his district secretary, and Rev. A. P. Brace, Newtonbrook, his district chaplain.

Mr. Joseph Slater has returned home to Toronto after visiting with friends here.

The new cooperative binder will be tested on the farm of Mr. John Breakey at Newtonbrook on Thursday.

Intox-Hill.

The many friends of Mrs. Sinclair Hagerman, who, in company with Mr. Hagerman, has been for some time visiting here at the home of their son, will hear with regret of her continuing illness. Mr. and Mrs. Hagerman were for many years residents of Markham Township, and she has been a constant source of profound gratification to a wide circle of friends and acquaintances.

Great Plains.

The York County Division of the Dominion Association of Market Gardeners will hold their annual excursion to Mountain View Park at Hamilton tomorrow. Excursionists may go by either morning boat and be in plenty of time for dinner at the park. The fare is \$1.25, which includes steamboat, street cars, incline railway and dinner. Children, half fare. W. F. Maclean, M.P., and J. W. St. John, M.L.A., will deliver after-dinner speeches.

Consolidated Lake Superior.

New York, July 21.—Shareholders today received formal notice of an offering of \$12,500,000 new 20-year 4 per cent collateral trust bonds by Consolidated Lake Superior Company. The bonds are offered to subscribers at 90, this low price furnishing good illustration of the present condition of the bond market. The bonds will net investors 7 per cent.

Clergue's New Duty.

Montreal, July 21.—F. H. Clergue, originator of the Clergue syndicate at the Soo, has retired from all active part in the management of the Consolidated Lake Superior Company. The official announcement was made today. Mr. Clergue has given up his office at the Soo and will devote his entire time to the Canada Central Railway.

GAMEY CASE RECALLED

BY SENATORS AT OTTAWA

Senator Ferguson, However, Withdraws His Bill re Extra Employment of Judges.

Ottawa, July 21.—(Special.)—Senator Ferguson's bill respecting the extra judicial employment of judges was debated in the senate today. Senator Dandurand paid a high tribute to the Canadian judiciary and justified the reference of certain questions to that tribunal.

Sir Mackenzie Bowell admitted that a judge held a high position. He wanted to keep them in that position. He pointed out that the judge to whom the Caron charges were referred merely reported the evidence, and their impartiality was not impugned.

In the late case in Toronto certain witnesses were disallowed, as certain parties only heard them say other people knew things. In the Parnell case, Sir Mackenzie said, Michael Davitt took seven days to make his declaration, yet Gamey was stopped because he was making a speech.

Continuing, Sir Mackenzie asked if any one supposed that Judge Britton entered on the Treadgold Commission unprejudiced by the statements which he had made himself.

R. W. Scott said the appointment of judges to enquire into the Gamey charges was the result of the existing state of things. Gamey was a higher judge in Ontario than Chancellor Boyd. But for the Gamey charges this bill would never have been thought of. The bill was a censure on the Ontario government and on the government here, as Judge Britton's appointment had been called in question during the debate.

Senator Frost declared that there was sound precedent for the reference of the Gamey charges to a commission of judges. The widest scope had been given the investigation. Senator Frost asserted his unshaken faith in the judiciary of Ontario. Gamey, he said, was being held up as a paragon of virtue, and it was degrading to the public to see him set up against two of the best judges in Ontario.

Senator Scott said no Conservative had endorsed Mr. Gamey, nor would they go into power on the strength of Gamey. He had not been higher in Ontario than Chancellor Boyd. But for the Gamey charges this bill would never have been thought of. The bill was a censure on the Ontario government and on the government here, as Judge Britton's appointment had been called in question during the debate.

Senator Perrier said that there were very few connected with the Gamey case who could pose as paragons of virtue. It had been a sad show. He, coming from the lower provinces, had been struck by the superior quality of the superior of Ontario, but this had been striking revelation. The judges appointed to enquire into the case would be challenged for cause by a jury in the same matter. If that were not a scandal, what was it? He remembered the Canadian Pacific scandal and the Liberal papers' remarks at that time. As there had been repetition of affairs very detrimental to the high standing of the judiciary, he would vote for the bill.

Senator Ferguson, after a brief refutation of some of the arguments advanced against his bill, asked leave to withdraw it. The bill was then dropped.

Lost an Arm.

Teewater, July 21.—A painful accident occurred this evening on the fourth concession of Culross, a short distance from this village. A young man named McCormick was engaged in moving hay when in some way his arm got caught in the machine cutting it so badly below the elbow that amputation was necessary.

Butchers' Picnic To-Day.

\$5 Wash Vests, \$3.00

Made to Your Measure To-morrow. The very latest idea—Mercerized Wash Vests, such as all New York are adopted.

A New York traveller left sixty vest lengths with us, they being the end of his line, and too small a quantity to bother with. They should sell at \$5, made up as we make them in our custom tailoring department. In some of the American cities the swell tailors would charge you ten dollars for them. This new mercerized vesting preserves its soft, silky finish after unlimited washings. It's the "newest thing" and sixty lucky men are the first to come to the men's balcony to-morrow morning.
