# JAPANESE NOW OCCUPY PORT ARTHUR

## ACCORDING TO A NEWSPAPER REPORT

### RUSSIAN ARMY LOSSES NOW ESTIMATED AT 100,000

Sharp Encounter Reported 30 Miles Northeast of Yalu on the Yalu River.

London, March 22.—A number of rumors are printed in the newspapers this morning, but they must be taken with great reserve.

The Daily Telegraph's Tokyo correspondent cables a newspaper report of the Japanese occupation of Port Arthur after a combined land and sea attack Saturday and Sunday.

It is asserted that a division of Japanese landed on the Liaoting Peninsula Saturday and engaged the Russians near Port Arthur, while the fleet bombarded from Saturday evening until Sunday morning.

The same correspondent reports a sharp encounter at Chyongson, on the Yalu River, about thirty miles northeast of Wiju, in which THE RUSSIANS LOST 600 KILLED AND WOUNDED.

The Daily Chronicle's Shanghai correspondent reports from Newchwang that the Japanese crossed Tatung Pass, forty miles from Haicheng, and collisions occurred with the Russians.

Reports from Seoul and Tokio are to the effect that Marquis Ito has arranged to lend \$2,500,000 to Korea on easy terms.

### Wants Extension of Time.

According to The Standard's Tientsin correspondent, China is appealing to the powers for an extension of a year in the period for the payment of the indemnity growing out of the Boxer troubles.

The correspondent at Tientsin of The Daily Mail reports that Kataoka, a Japanese merchant, but a Russian spy, has been ASSASSINATED. He was BURIED ALIVE, but that the Japanese authorities disavow any knowledge of the assassination.

The Morning Post's Hamburg correspondent says that Russia has purchased the Hamburg shipbuilding yard, which is now at Vladivostok, for \$250,000, and that the vessel's name has been changed to Alexander.

### FIRING OFF YALU.

Yinkow, March 22.—Firing was heard off the coast, apparently about six miles to the southward, this morning. There were foreign shots between 7 and 10. The morning was hazy, and it was impossible to distinguish objects at sea. A credible report has reached here that two cruisers and five gunboats were off Kinchow yesterday.

### NORTHERN SQUADRON'S ATTACK.

Constadt, March 21.—The Vestnik, the leading service organ here, surmises that the Russian Vladivostok squadron has gone to attack Mororan (in Volcano Bay) and Okranak (the island of Boy). It is said that the Japanese island of Tesso, where an excellent quality of coal is supplied to the Japanese warships.

### WILL DEFEND ON FIGHT.

St. Petersburg, March 21.—In government circles there exists a strong belief that the question as to whether China will observe her neutrality under the result of the first heavy land fighting, a big victory by Russia, or the reverse of the celestial empire, but there are grave fears as to the Russian position in the event of a signal Japanese success in the early stages of the land operations.

### THRU RUSSIAN SPECTACLES.

St. Petersburg, March 21.—The following despatch from Mukden, March 20, was received to-day:

"Gen. Zhilinski reports as follows: The troops are in good spirits and there is no sickness.

"According to reports received from the frontier guards on the Eastern Chinese Railway, the Japanese are in order there. At Ulyuin station Captain Ikenhoff, with 70 cavalry men, was driven off a band of 100 Chinese (Chinese bandits).

"The occupation of the Towns of Anlu and Pingyang by the enemy's infantry and artillery is confirmed. An increased movement of the troops and transports on the road between Pingyang and Anlu is noticeable.

"Thirteen of the enemy's transports recently unloaded at Chiampo.

"According to reports there have been no preparations for landing on the coast of Cojali or opposite Kinchow.

"All reports appearing in foreign newspapers of the landing of Japanese troops at different points on the coast are inventions."

### RUSSIANS ARE SICK.

St. Petersburg, March 21.—Official reports of the concentration of armed Mongolian disarmed soldiers at Vanburen, south of Lake Balkal, and a few miles from the Russian frontier.

A telegram has been received from Medical Officer Treppoff, at Chita, Eastern Siberia, saying:

"THERE ARE MANY CASES OF SICKNESS HERE."

This news causes some uneasiness, reports from other places are uniform to the effect that the health of the troops is good.

### RUSSIANS DRIVEN OUT.

St. Petersburg, March 21.—Gen. Zhilinski's official confirmation of the reports that the Russian outpost abandoned Anlu upon the approach of Japanese in force, causes no surprise here, as such action is in perfect accord with the Russian plan of campaign.

The Russian skirmishing and advanced posts were thrown forward solely for the purpose of harassing and worrying the Japanese outposts. The Russian skirmishing and advanced posts were thrown forward solely for the purpose of harassing and worrying the Japanese outposts.

### READY FOR BALTIC FLEET.

Paris, March 22.—The correspondent of The Figaro, at Rome, says that the Japanese legation there announces that it repairs to the Japanese fleet are actively proceeding in order that the vessels may be ready to meet the Russian Baltic fleet. The battleships Mikasa and Hatsuseo, and the armored cruisers Iwate are in dock, as are also several cruisers and torpedo boats. It is intended, according to the information received from the Japanese legation, to have the fleet in perfect condition by the end of June, and therefore further bombardments of fortified places are improbable, especially as the artillery equipment of several of the battleships is being changed.

# "CATHOLIC PRIVILEGES" IN THE ANGLICAN CHURCH

## Liberty Exercised by Several Toronto Congregations in the Use of Ancient Customs.

St. Luke's Church—Rev. John Langtry, D.C.L., Rector, Rev. A. Silva-White, M.A., Assistant Priest, Holy Communion, 8 o'clock a.m. Choral Eucharist and Sermon, 11 o'clock. Choral Evensong and morning, 6 o'clock. Catholic privileges. Unappropriated seats and a sure welcome await you.

The above notice appeared in an evening paper on Saturday in the ordinary course of notices of the weekly services. Many eyes were arrested by the unusual phrase towards the close, "Catholic privileges! What do they mean by that?" was a frequent question.

People who have been instructed in the doctrines of the Holy Catholic Church, it is claimed by the authorities of St. Luke's, do not require any explanation. Rev. Dr. Langtry would say nothing for publication when requested to state what was meant by the word.

"The privileges we offer people are attendance on the services of the church, the reading of the Bible, the preaching of God's word, the holy eucharist, baptism, the hearing of confessions and so on, just the same as in any other church," he said.

"Are there not other practices in other churches mentioned?" he asked.

"I have nothing more to say," was the reply. "If you make any wrong statement, I will write and correct you," he added, good-naturedly.

### Tendency to "High" Church.

Such of the clergymen of the several churches in Toronto, who are being "high" in tendency, as "The World" was able to see, were reluctant to speak of "Catholic" practices more than four or five, St. Thomas' St. Luke's, St. Matthias', St. Mary Magdalene's, St. Mary the Virgin, and the extreme type, and the use of license, which is considered to be the extreme stage of ritualism, is exceedingly limited.

Besides confession, which is common in at least a dozen Anglican Episcopal churches in Toronto, the somewhat unfamiliar to the majority of the Protestant churches, there are included, such as kneeling at the altar, genuflection or bowing before the altar, the use of vestments, the use of incense, kneeling at certain passages in the recital of the creed; the use of the sign of the cross; the use of wafers; the consecration of holy water, and of candles. These, of course, are not the only practices of the Catholic Church, but they are the leading features embraced in that category.

### Justified as a Barrier.

The daily are much less reserved than the clergy of the Roman Catholic Church. A prominent member of St. Luke's justified the High Church as a barrier against the "low" church, and the Roman communion.

William Redmond said that he had been invited to give the eucharist and cannot do so in their own church, they naturally go where they can. Nothing is more common than to see a priest who reads the New Testament unblissfully find the practice recommended in a grave commercial effort in the world to be able to unburden one's mind in this way.

It is not surprising that churches for people who wish to show their reverence for sacred things in their own way, are more numerous than in many churches without exciting comment. But in St. Luke's it is natural and ridiculous.

St. Luke's is in a flourishing condition, having paid off the balance due on the building, and the congregation showing a steady increase.

### PENALTY OF POLITENESS.

London, March 21.—Chivalry is evidently a virtue for which we have no use in these prosaic days. So, at least Walter Hartley of Philadelphia, Tottenham, has discovered.

He was going home on a tramcar, when a lady got in, before him, and Mr. Hartley at once offered his, and the offer was accepted.

A few minutes afterwards, however, a gentleman, who was the driver, and asked Mr. Hartley's name and address, and asked him to get out of the tramcar, and to get out of the tramcar, and to get out of the tramcar.

### TRAVELERS' LETTERS ON CREDIT.

The Travelers' Letters of Credit issued by The Canadian Bank of Commerce are the most convenient method of providing funds for a trip. The money may be drawn in portions, as required, in any part of the world, without further identification than is supplied by the Letter of Credit itself. There is no risk nor trouble connected with these credits, and their possession ensures courtesy and attention from the bank's numerous correspondents. Full particulars can be had on application at any of the bank's branches in the city or country.

### FINANCED 2 YEARS AHEAD.

Montreal, March 21.—Private advices here state that Wm. Mackenzie, president of the Canadian Northern, has been fully successful in disposing of the company's bonds in London, and that the C. N. R. will build a great extent of railway during the present year. It is said, in fact, that construction is now financed two years ahead.

### TO-DAY IN TORONTO.

Lenten services, St. James' Cathedral, 12:30 p.m.

The legislature, 3 p.m.

Board of trade council, 4:30 p.m.

Prof. DeLury at Astronomical Society, chemical building, 8 p.m.

Meeting of South American Mission, Macey Hall, 8 p.m.

Theatre, see public announcements.

# USES QUITE A BUNCH OF HIS OWN.

Old Man Ontario: Well, I certainly do admire that man Roski's nerve when he enlists about "opposition treachery" and "poisoned swords." Note—The Globe accuses the opposition of using "poisoned swords" on Friday last.

## Members Not Interested

### Tho Soo Owes \$400,000

### Connection of Messrs. Conmee and Bowman With Reorganization Plan Ventilated.

The Conservatives took advantage of another "off day" yesterday by making things exceedingly unpleasant for the ministers and some of their supporters. Incidentally a little side light was thrown on the connection between two members of the right side of the house, and the legislation which the government will attempt to put thru this week for the purpose of aiding in the re-organization of the Industrial enterprises at Sault Ste. Marie. Mr. Hanna moved for a return, showing: (1) What lands and securities are covered by the plan of Messrs. Conmee and Bowman, M.L.A.s, against the Algoma Central and Hudson Bay Railway Company, for upwards of \$400,000, dated on or about Sept. 22, 1903. (2) Whether the judgment of Messrs. Conmee and Bowman, M.L.A.s, against the Algoma Central and Hudson Bay Railway Company for upwards of \$400,000, dated on or about Oct. 12, 1903, is still a charge on the assets of this company. (3) And showing the amount of the said judgment, at the present time.

From the debate which ensued it developed that Messrs. Conmee and Bowman were contractors for a part of the construction of the Algoma Central Railway, one of the 800 properties; that the contract was sub-let to Foley Bros. for a reduction of 10 per cent. of the original contract price; that when the Consolidated Company became insolvent, Messrs. Conmee and Bowman secured judgment for the amount of their claim, over \$400,000, and that they were not paid until after the company had been liquidated.

### IT MAY BE SETTLED.

OTTAWA, March 21.—(Staff Special)—It is probable that the railway commission will not hear evidence as to compensation due the C.P.R. and the Bell Telephone Company in regard to the application of Port Arthur and Fort William. Negotiations are in progress that may lead to an amicable settlement between the contending parties.

### OTTAWA, March 21.—(Staff Special)—

In thirty-five minutes the house this afternoon swept thru the order paper and adjourned. The feeling grows that the session will be a short one and may, in fact, not exceed three months. There are only two government measures of importance—the Grand Trunk Pacific Railway contract and the militia bill. The latter is non-contentious, and two weeks is believed to be the limit of the debate on the Grand Trunk Pacific Railway contract. What private legislation there will go with a rush when the party issues are exhausted. For a time it looked as if the opposition might obstruct, but this probability grew out of the belief that the government was anxious to go to the point in June, a theory that is rapidly melting away. Liberal members who enjoy the confidence of Sir Wilfrid Laurier are convinced that they will be another season of parliament, and this conviction is shared to a large extent by the opposition.

### DEATHS.

ABBOTT—On Sunday, March 20, at his residence, 80 Queen West, of his youngest beloved daughter of Joseph and Eliza Abbott.

FURBER—On Tuesday afternoon, March 22, at 2:30 o'clock.

MARRISON—At his residence, 633 Palmerston, on Monday, March 21, William Joseph and Robert Harrison, aged 60 years.

FURNER—On Wednesday, March 23, at 2:30 p.m., at Mount Pleasant cemetery, Mrs. Mary Joseph and Robert Harrison, aged 60 years.

JOHNSTON—At Davisville, Isabella Cook, wife of Robert Johnston, in her 34th year.

Fueled from her mother's residence, Mount Pleasant, on Monday, March 21, at 2:30 o'clock, to the residence of her mother, Mrs. M. C. Johnston, at St. James' cemetery.

DUTTON—On March 21, Andrew Patton, 49 King West.

Fueled from her mother's residence, Mount Pleasant, on Monday, March 21, at 2:30 o'clock, to the residence of her mother, Mrs. M. C. Johnston, at St. James' cemetery.

TROTTER—At 12 Grant street, at 2:30 p.m., on Monday, March 21, at 2:30 p.m., to Norway Cemetery. Friends and acquaintances please accept this intimation.

McLaren and Richardson.

Mr. McLaren of Huntingdon to-day gave notice of his bill to prohibit the extortion, manufacture and sale of cigars. The motion was seconded by Mr. Richardson of South Grey.

A. E. Kemp was informed that a

# BIG VICTORY FOR CITIZENS KINGSTON CARRIES BY-LAW

## By an Overwhelming Majority City Decides to Purchase the Light, Heat and Power Co.

### MUNICIPAL OWNERSHIP THUS GROWS

With the Exception of the Street Railway, it Will Control All Its Utilities.

### GREAT VICTORY.

Sliding the situation up briefly one of the workers for municipal ownership says:

"Kingston has won one of the best victories in her history. It was a victory which at the first seemed quite uncertain, and were it not for the untiring assistance received at the last moment, we would probably have another story to tell today. The public did not recently seem to be in the hands of the private companies. No one seemed able to arouse sufficient enthusiasm to defeat the manipulations of the companies. The usual supporters of the citizens were noticeably inactive. The matter all assistance came from outside and exposed the true condition of affairs. As a result it means that people are alive to their interests, and there will be a profitable mine for newspapers or individuals, but think them in any way in their attempt to claim their streets."

Kingston, March 21.—(Special)—The city is rejoicing to-night over the victory for municipal ownership in the vote on the by-law to raise \$182,000 for taking over the Kingston Light, Heat and Power Company's plant at the arbitrated price of \$170,373, the balance being the costs in the arbitration and court proceedings. Victory was practically looked for, but no one imagined it would be so sweeping. The total vote cast was 143, of which 137 were in favor of the by-law, and 57 against.

By wards the vote was:

|              |     |
|--------------|-----|
| Sydenham     | 12  |
| Ontario      | 84  |
| St. Lawrence | 7   |
| Cataraqui    | 203 |
| Frontenac    | 299 |
| Huron        | 40  |
| Victoria     | 242 |

Of a possible vote of 219, 67 per cent. was cast. Owing to the formal decision of the private council, which is in the city's favor in the appeal to the Light, Heat and Power Company, it would be to let \$300,000 for franchise, having not yet been handed down, it will be impossible for the city to take over the plant by April 1, as was intended when the by-law passed the council, and it will be July 1 before it can be put into effect.

The voting was very quiet to-day. The city's side was well organized, and the other side was not. Many others were early to work and kept it up all day. The company had come to recognize the determination of the citizens to possess the plant.

### Surely the Last Kick.

But it is not open season yet. The majority of the citizens will be surprised to learn that the city will have a competitor. W. Campbell has applied to the city council for power to use the streets to transmit electricity. He has a mill, six miles north, to his mill in the city, and to sell his surplus energy. Mr. Maclellan's vigorous words here on Saturday night, will go far in having this request refused, but if it is, the Street Railway Company intend to take over his electric plant, and will claim the right thru powers conferred on them by the legislature of bringing energy into the city to drive the street railway, and also of selling it to private parties wherever their poles lie, that is along the line of the street railway. Many of these poles belong to the Light, Heat and Power Company, and will come into possession of the city, but new ones will be erected by the company if the city refuses them permission to use theirs for competitive purposes.

### City is Supreme.

Outside the line of the street railway, the city will be supreme. Immediately after securing the plant, it will be managed by the city. The Light, Heat and Power Company, and will come into possession of the city, but new ones will be erected by the company if the city refuses them permission to use theirs for competitive purposes.

### HAMILTON MAN APPOINTED.

London, March 21.—(Special)—Lawrence Clark of the Hamilton fire brigade was appointed chief of the local brigade here by council to-night.

### The New Ladies' Raincoats.

Every season the manufacturers of ladies' weather coats have endeavored to make something particularly light and natty looking. They have almost reached a climax this year in the new military effects and belt and caped rainproof. The Dineen Co. have now on view all these new creations. Don't purchase one without visiting Dineen's showrooms.

### UNSETTLED.

Meteorological Office, Toronto, March 21.—(8 p.m.)—The disturbance mentioned last night is now approaching the lake region and rain is falling as far east as the shores of Lake Huron. The weather has become fiercer in the Territories and Manitoba and it has also been due from the Ottawa Valley to the Maritimes Provinces.

Minimum and maximum temperatures: Victoria, 29-42; Calgary, below 14; Qu'Appelle, 2-12; Winnipeg, 23-30; Port Arthur, 18-24; Parry Sound, 10-34; Toronto, 17-23; Ottawa, 15-25; Montreal, 15-20; Quebec, 12-26; Halifax, 27-35.

### Lower Lakes and Georgian Bay—Unsettled and milder; rain; a few local thunderstorms.

Ontario Valley and Upper St. Lawrence—Strong easterly winds; snow, turning to rain.

Lower St. Lawrence and Gulf—Fresh to strong winds; shifting to easterly; fair to cloudy; snow during the night; not unlikely to turn to rain in some localities.

Maritime—Winds shifting to southerly and increasing to fresh or strong; fair to cloudy, followed by sleet or rain at night.

Superior—Unsettled, occasional snow or rain.

Manitoba—Fair and moderately cold.

### Try the decauter at Thomas.

Replying to E. F. Clarke, the minister of militia stated that the differences between the government and the municipal authorities of Valleyfield had been adjusted. The municipality pays for the transportation of the troops and maintenance for the first and second days of their service. It appears that at the end of the two days seven magistrates attended the withdrawal of the troops, but the officers did not deem

Kerlin May Never Come Here

Police Are Certain He Caused Murder of Boyd, but United States Authorities Demand a Positive Conviction.

EDWARD KERLIN, ARRESTED IN CHICAGO.

Herewith is the picture of the mysterious crook who threw the revolver to the Rutledge gang when they killed Constable Boyd three years ago. Gravelly, double-breasted, expanded by Inspector Stark as to the chances of Kerlin being extradited. He received a letter from United States Postoffice Inspector Stewart yesterday concerning the prisoner.

The suspect is in jail at Chicago. The federal authorities have several charges of robbery against him. Inspector Stewart wrote the Toronto department that he would surrender him provided the Canadian authorities could assure the United States officials that they could implicate him in the murder case.

Nothing better illustrates the intelligence with which the detective department of Toronto is directed than the supposed to protect society from crooks than the story of the man who had no record at that time. This fact contributed in no small degree to the difficulty of conviction.

The Awful Distress of Irritable Nerves

Can Be Overcome by Enriching and Nourishing the Nerve Cells. Nervous wrecks are very sad, pitiful, indeed, when a certain cure like Ferreroze is within easy reach.

Hosts of well-known people have found health through Ferreroze. Among these might be mentioned Mrs. E. D. Emerson of Centreville, who says: "I am glad to think that there is at least one honest remedy for nervous people."

Washington, March 21.—A new treaty regulating the admission of Chinese labor into the United States is being prepared. The existing treaty, which was made by Secretary Gresham and Minister Yu in 1884, expires next December by limitation.

IN CONTEMPT OF COURT? McBRADY MAKES BOLD MOVE

Proceeds Against Eight Members of the Board of Education—Sees Jail for Them.

Those who voted to suspend Miss Dunn at last Thursday's session of the board of education will have to answer a charge of contempt of court on Thursday next. L. V. McBrady is responsible for this latest development in the case, and he says that the supporters of the motion to suspend Miss Dunn disobeyed the spirit, if not the letter, of the injunction restraining them from disseminating her.

The argument is that any move that had as its object the ultimate ouster of the young lady was a direct breach of the injunction which he got out before Justice MacMahon on Thursday last. Papers were served yesterday afternoon on the eight supporters of the motion to suspend.

ORGY OF BURSTING SHELLS JAPS' AWFUL EXECUTION

Russian Officer Vividly Describes Bombardment of Port Arthur, "Blood Everywhere."

St. Petersburg, March 21.—A Russian officer commanding a battery on Electric Hill, during a bombardment of Port Arthur, has written the following vivid account:

It was a clear sunlight day and there was a gentle swell on the water. A little spot appeared thru the haze on the far horizon and then another and another until those spots were increased to 15. Nearer and nearer they came, and larger and larger they appeared, until, when six miles off, there was a tiny spurt of smoke and all in the battery wondered where the projectile was going to fall.

When clues pointed to Kerlin as the man who provided the firearms the Toronto detectives began a search for him. A general description of the person who was seen to cast the hat containing the pistols into the back and front of the car was given by the witness.

Instantly the matter for Kerlin became determined. The Bertillon system had no record of such a man. This convinced the local authorities the suspect had no very considerable criminal record.

WHAT THE KING READS.

the fact that the two whips come into the chamber by the front door side and take a grant for all the bills in ready, and the roll is then called for the recording of votes.

When a division occurs the whips must scour the lobbies, the library, the smoking-room and haunts of all kinds for delinquents. They remind us of the "whip" of the old days.

Who thru long days of labor And nights devoid of ease, Still heard in his soul the music of wonderful melodies.

We fully acknowledge all these services of the whips, yet question whether all this trouble and worry are necessary. What are these awful drudgeries, according to The Globe, the whips must strain every nerve to avert?

Without this severe discipline, if it showed the strength or weakness of a particular measure, it would be a benefit to the people to have that knowledge. But how are the people benefited by a party discipline which leads them to believe that an every question which the party raises is supported by the majority of its members...

Rich blood, healthy flesh, resistive force, more and better nourishment are what Scott's Emulsion supplies to the convalescent.

There's nothing better than Scott's Emulsion for the grip. When the fever is gone the body is left weak and exhausted; the nervous system is completely run down and vitality is low.

Two things to do: give strength to the whole body and new force to the nerves. Scott's Emulsion will do it; contains just what the worn-out system needs.

Rich blood, healthy flesh, resistive force, more and better nourishment are what Scott's Emulsion supplies to the convalescent.

To prove to you that Dr. Chase's Ointment is a cure for all kinds of skin diseases and every form of itching, we have prepared a list of the manufacturers who have guaranteed it. See the list on the back of the box and what they think of it.

"Specialties" OF OUR Spring Display

The following are special features of this season's importations, being goods of distinctly new character, hitherto unseen in this country.

The New Taffeta Silk That Won't Cut

It is called "Taffeta Rousseine." It possesses the life and brilliancy of the best taffeta silk, as hitherto understood, at the same time being so fine and flexible a composition that it recommends itself as being of durability.

Uncrushable Black Silk Grenadines at \$1.00 Per Yard

are a decided novelty, particularly when the patterns are considered; exquisite designs in the color and the richest of handsome effects; 4 in. wide.

"Assam" "Hanan" "Tussore" "Shantung"

are among the very new silk fabrics for shirt waist suits and spring frocks. They represent different weaves and weights in raw silk, are shown in beautiful evening shades of natural, white, ivory, cream, black.

An Immense Variety Printed Foulard Silks

The balance of this shipment is brought forward for this week, forming a display of these, the most popular of all spring gowns, such as cannot be duplicated. The vastness of the purchase explains the wonder of the prices.

50c, 60c, 75c, \$1.00, instead of 60c, 75c, \$1.00, \$1.50.

JOHN CATTO & SON

King Street—opposite the Post-Office TORONTO. ESTABLISHED 1864.

WORLD GOES WINTER HAVE—WHAT MADE THE STRIP CROP?

Some Dealers Fear Deficiency in Quality and Quantity, But Others Are More Hopeful.

The World yesterday called on a number of wholesale firms that make a specialty of the offering of maple syrup to exist as to the probable supply and quality of this year's syrup. Some were inclined to think both quantity and quality would be deficient, and gave as reasons the fact that snow followed the first frost in very quick order and remained, covering the ground practically ever since. To ensure a plentiful formation of sap, a frost state of the earth is essential, and the snow blanket, they believe, will prevent the frost penetrating deeply. As a result, there would be little sap, and on the first really warm day it would be released and flow upward, the premature flow resulting in a "budded" flavor, as one put it.

Others, however, could not see any menace to the supply, while others, indeed, predicted an unusually good output. All, however, agreed on one point, that the demand would be easily met.

"There is on the market at present a quantity of adulterated left-over iron from last year, while some dealers make practice of melting down their last year's surplus of maple sugar, converting it into syrup, which is claimed to suffer no loss in flavor.

Adulterated Article "Does." From all accounts the adulterated form of syrup is driving the real stuff out of the market. The former can be retailed at 50 cents a gallon, while the latter calls for \$1.00 or \$1.50.

"I don't suppose there will be enough coming in to Toronto this year to fill a cart," remarked one. He didn't mean to be taken literally, of course, but his words were suggestive. It is authoritatively stated that nine-tenths of the so-called maple syrup consumed is an ingenious concoction in which brown sugar and water play leading parts.

We got our first barrel of real maple syrup in on the 23rd of March and will probably be about a month later this year.

Onions Are Very Dear. He went on to say that the other spring accessories were not behind this, however.

Florida tomatoes and cucumbers, Texas strawberries and California celery were all in the fore as usual. Yes, they were commanding a fancy price. For instance, some cucumbers, household name in London, were commanding \$1.75 a dozen.

It appears that the much fretted upon onion is proving recalcitrant in Canada at least. There will not this year, those who know, be more than one bush where last year there were a hundred. A species of devastating grub is blamed. Last year at this time the price per bag was 10 cents. It is now \$2.50, and would be much higher were it not for facility in importing the Valencia variety from Liverpool.

STUDENT NO LONGER MISSING.

John Pierce returned yesterday from business trip to Buffalo.

John W. Pierce of 25 Wood-street has returned as suddenly as he dropped out of sight last Thursday. He was closeted for an hour with his class instructor at the Queen's university. He leaves one son and three daughters. The funeral will take place to-day at 2:30 to Norway cemetery.

Alex Mitchell. At Clarksonburg yesterday, Alex. Mitchell, passed away, aged 87. He was in the township in 1851, and was a member of the township in 1851, and was a member of the township in 1851, and was a member of the township in 1851.

William R. Grace. At New York City yesterday, former Mayor William R. Grace, died from pneumonia, aged 72. He was born at Queensbury, New York, and was noted for philanthropy. He was a financier.

A. W. Colgate. At Pasadena, Cal., A. W. Colgate, the wealthy soap manufacturer, died from heart disease, aged 65.

In the Surrogate Court. In the surrogate court, probate has been granted for the will of Emmanuel de Cohen, who died in 1902, leaving a wife, William Oliver, late of Scarborough Township, left \$10,244. With the exception of some small legacies the estate goes to Margaret Gordon, his niece and housekeeper. George Arnold, left \$7,500, which he left to his widow, George Lantz of Toronto Junction left \$2,500. William Jackson of Maple left \$750, which he left to his widow. To his widow goes a cottage and farm rents; to his sons a pump and carriage and machinery. Malcolm Malloy of Vaughan Township left \$600.

Battle in New York Streets. New York, March 21.—During a riot in an Italian settlement at 114-street and First-avenue, one man was killed, several wounded and the police drawn into a battle which lasted half an hour. They arrested three men suspected of complicity in the murder. The trouble started in a fight over a woman.

Golden Wedding. Montreal, March 21.—F. B. McNamee, the well-known contractor, will, with Mrs. McNamee, celebrate their golden wedding the 24th of next month.

A BLOATED STOMACH. Distention and pains from indigestion are cured quickly by Nerviline. When you get an attack of indigestion, take a stiff dose of Nerviline, which is perfectly harmless but marvelously quick in effecting a lasting cure. It was once taken ill with stomach trouble," writes Edward Rowell of Rochester. "It was in great pain and distress, but half a teaspoonful of Nerviline freed me in a few minutes. I can recommend Nerviline for sick headache and cramps and consider it an invaluable household remedy. Try it yourself. Price 25c."

Funeral of Charles Barber. The remains of the late Charles Barber were laid to rest yesterday from his late residence, 485 Ontario-street, at St. James' Cemetery. The services were conducted by Rev. A. H. Baldwin of All Saints' and were largely attended by friends and relatives of the deceased. Among those present were: Drs. Stark and McPaul, Capt. Cosby, Capt. Barker, P. Hellwell, H. Hellwell, J. Stegman, W. Taylor, A. Carroll, Mr. Harvey, Mr. Duncan, W. Marshall, I. C. Robertson, Harry Sharnbrook, Percy Galbraith, L. Farewell, Thoms W. Walker, Mr. Smart, F. Burrows, Mr. Johnston, Mr. Richardson, W. McCormack, Mr. Hallworth, Mr. Claxton, A. Hood, A. Ayre, R. J. McBride, E. Smart, Mr. Woodhouse and others. Many beautiful floral tributes were received. The pall-bearers were: Frank and Horace Hellwell, Capt. Cosby, John Stegman, A. Carroll and J. P. Jones. The chief mourners were his sons, Albert W., Charles E., John H., Victor and W. G. Barber, Barber, grandson and J. F. Innes, son-in-law.

Bay Still Ice-Bound. The ice on the bay is still said to be several feet thick, but a general break up is regarded as probable. The ice is being broken up by the wind blowing yesterday, causing the waves to leap high on the piling, and the ice was broken up in several places. The ice is being broken up by the wind blowing yesterday, causing the waves to leap high on the piling, and the ice was broken up in several places.

Miss Curzon Arrives. London, March 21.—A daughter was born to Lady Curzon this morning at her residence at Carlton House terrace. Lady Curzon and the infant are both well.

The Transportation Commission. Will hold a session in Toronto on Wednesday, the 23rd inst., in No. 1 committee room, city hall, commencing at 10 a.m.

Money for Paul. Paris, March 21.—Paul Kruger, former president of the Transvaal, has inherited a small fortune, left to him by Charles, the widow of James Campbell, field, sr. The deceased was in poor health the last few months and was in her 84th year.

Died at the Falls. Niagara Falls, March 21.—Death removed yesterday Mrs. James Campbell, field, sr. The deceased was in poor health the last few months and was in her 84th year.

Preparatory to Funeral. Body of Duke of Cambridge Taken to Westminster Abbey.

London, March 21.—The body of the Duke of Cambridge, who died Thursday, was removed to-day from Gloucester House, in Park-lane, to Westminster Abbey, preparatory to the funeral service to-morrow.

The duke was draped with the Union Jack, and was placed on a gilt carriage drawn by six horses and escorted by a band of the Royal Horse Guards. The coffin was followed by the members of the duke's family and his suite, including J. S. Boller, Toronto, H. Gumm, of Guelph was also present, and Grand Councilor Dr. Bell, mayor of Kingston, will arrive this morning.

The grand council will open to-morrow morning in the Temple Building, and a large attendance is expected. A proposal for biennial sessions in future being one of the points to be brought up.

The reports for 1903 are very satisfactory. The assessments collected amounted to \$260,198.71, and interest on investments brought in \$15,405.98. Death claims on 160 deaths were paid amounting to \$17,339.94. The surplus invested in Dominion of Canada and bank stock totals \$401,233.44. It is proposed to invest to some extent in municipal and waterworks debentures in future. At the close of the year there were 24,848 members on the rolls, an increase of 1621 during the twelve months.

Signaled for Two Years. Indianapolis, March 21.—At a meeting here to-day the scale proposed by the coal operators and accepted by the miners was signed by the joint sub-scale committee, consisting of two miners and two operators of each of the four states forming the central competitive district. No change was made from the original proposition, and the operators' scale is operative for two years.

Money for Paul. Paris, March 21.—Paul Kruger, former president of the Transvaal, has inherited a small fortune, left to him by Charles, the widow of James Campbell, field, sr. The deceased was in poor health the last few months and was in her 84th year.

Died at the Falls. Niagara Falls, March 21.—Death removed yesterday Mrs. James Campbell, field, sr. The deceased was in poor health the last few months and was in her 84th year.

W.A. Murray & Co. Limited

17 to 31 King St. East, Toronto.

EDUCATED IN TORONTO. Veteran Railway Clerk Passes Away in St. Johns, Que.

Montreal, March 21.—(Special.)—The death is announced this morning from St. Johns, P.Q., of the veteran railway clerk, Alexander Wainwright, who was born in Montreal, and spent his early years in the city.

For a few years he tried farming, but on being offered a government position he accepted and began his long official career in 1855 as a temporary mail carrier between Montreal and Kingston. Two years later he was promoted to the position of mail clerk, and in 1861 he was appointed to the position of mail clerk at the Royal Mail Line of steamers running between Montreal and Hamilton. On the occasion of the opening of the Grand Trunk Railway in 1856, he accompanied the late Mr. Freer, afterwards postoffice inspector, from Montreal to Kingston, and sorted the mail on the first train.

In June of the same year he commenced running between Montreal and St. Johns, P.Q., and subsequently he was placed in charge of the night mail car between Montreal and Kingston. Two years later, 1858, he received the appointment of the English mail clerk, and in 1861 he was promoted to the position of mail clerk at the Royal Mail Line of steamers. His trip to Boston and New York, in connection with the Allan Line, and continued on the Port and Halifax in winter. From that time up to his retirement in December, 1898, he was at his post on the intercolonial line.

EVERYTHING READY. Montreal, March 21.—(Special.)—A special from Quebec says everything is in readiness for the opening of the provincial legislature to-morrow afternoon. The government expects the session to be a short one, but this will depend upon the fighting humor of the opposition, notwithstanding the smallness of the number. The principal feature of the session will be the report from the commission on provincial railways and colonization, and plans adopted by the government for the coming year in accordance with the report, particularly wherein it will apply to colonization. It is thought that some measure will be submitted to the house on the subject of provincial wood and the conservation of provincial industries in this regard.

1200 FOR THE WEST. Montreal, March 21.—Twelve hundred young Englishmen headed three special C.P.R. trains to-day on their way to the Northwest. They had come out by the Tunisian; they were in their way to take up land in Manitoba and the Territories. They were young and ruddy, and strong, and it was the opinion of the C.P.R. officials that they constituted the finest lot of young men seen for years bent on a similar mission.

MUST BE UTRILE. Montreal, Que., March 21.—The war department of France has notified a number of former residents of France now residing in this country to report to their respective districts for military duty. One of those who were called up was a young man named Hucheyne, an employe of Dupuis Brothers, drygoods merchants. Some of those called expressed their intention of disregarding the order, preferring to remain in Canada.

The French consul in Toronto knows nothing of the above.

PREPARATORY TO FUNERAL. Body of Duke of Cambridge Taken to Westminster Abbey.

London, March 21.—The body of the Duke of Cambridge, who died Thursday, was removed to-day from Gloucester House, in Park-lane, to Westminster Abbey, preparatory to the funeral service to-morrow.

The duke was draped with the Union Jack, and was placed on a gilt carriage drawn by six horses and escorted by a band of the Royal Horse Guards. The coffin was followed by the members of the duke's family and his suite, including J. S. Boller, Toronto, H. Gumm, of Guelph was also present, and Grand Councilor Dr. Bell, mayor of Kingston, will arrive this morning.

The grand council will open to-morrow morning in the Temple Building, and a large attendance is expected. A proposal for biennial sessions in future being one of the points to be brought up.

The reports for 1903 are very satisfactory. The assessments collected amounted to \$260,198.71, and interest on investments brought in \$15,405.98. Death claims on 160 deaths were paid amounting to \$17,339.94. The surplus invested in Dominion of Canada and bank stock totals \$401,233.44. It is proposed to invest to some extent in municipal and waterworks debentures in future. At the close of the year there were 24,848 members on the rolls, an increase of 1621 during the twelve months.

Signaled for Two Years. Indianapolis, March 21.—At a meeting here to-day the scale proposed by the coal operators and accepted by the miners was signed by the joint sub-scale committee, consisting of two miners and two operators of each of the four states forming the central competitive district. No change was made from the original proposition, and the operators' scale is operative for two years.

Money for Paul. Paris, March 21.—Paul Kruger, former president of the Transvaal, has inherited a small fortune, left to him by Charles, the widow of James Campbell, field, sr. The deceased was in poor health the last few months and was in her 84th year.

Died at the Falls. Niagara Falls, March 21.—Death removed yesterday Mrs. James Campbell, field, sr. The deceased was in poor health the last few months and was in her 84th year.

Preparatory to Funeral. Body of Duke of Cambridge Taken to Westminster Abbey.

London, March 21.—The body of the Duke of Cambridge, who died Thursday, was removed to-day from Gloucester House, in Park-lane, to Westminster Abbey, preparatory to the funeral service to-morrow.

The duke was draped with the Union Jack, and was placed on a gilt carriage drawn by six horses and escorted by a band of the Royal Horse Guards. The coffin was followed by the members of the duke's family and his suite, including J. S. Boller, Toronto, H. Gumm, of Guelph was also present, and Grand Councilor Dr. Bell, mayor of Kingston, will arrive this morning.

The grand council will open to-morrow morning in the Temple Building, and a large attendance is expected. A proposal for biennial sessions in future being one of the points to be brought up.

PREMIER IS NOT ENTITLED TO PLAY GAME OF HUMANHEEL

Hon. S. H. Blake's Outspoken Arrangement of Government and the Duty of Ministers.

"One of our own most prominent and most distinguished citizens," were the words in which President Parker introduced Hon. Sam. H. Blake to the Canadian Club yesterday.

Mr. Blake pointed his address, which was clear and witty and forcible, with the relation of several personal incidents. At the last Industrial Exhibition a farmer had called his attention to a pumpkin on the show bench.

It was well for us to have ideals, but it was a great thing, having them, to live up to them.

Mr. Blake deplored the inclination to sink the ideal in the material. He wished to see the country's ideals as true and as high as they could be set, and the people got to live up to them.

Mr. Blake, "by accepting a lower standard of morality than is tolerated outside politics," he had to turn for it to a parallel which was presented by the political situation.

Mr. Blake then entered into a legal parallel which was presented by the political situation. Later on he regretted that he had to turn for it to a parallel which was presented by the political situation.

Mr. Blake then entered into a legal parallel which was presented by the political situation. Later on he regretted that he had to turn for it to a parallel which was presented by the political situation.

Mr. Blake then entered into a legal parallel which was presented by the political situation. Later on he regretted that he had to turn for it to a parallel which was presented by the political situation.

The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines.

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy.

What is CASTORIA? Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance.

GENUINE CASTORIA ALWAYS Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought In Use For Over 30 Years.

LOOKING FOR SIX IMMIGRANTS. Dr. Sheard fears that they may be affected with Smallpox.

DIED AGED 106. Stratford, March 21.—Ronald McNeil, the oldest man in Stratford, a resident of the city for about sixty years, died at the age of 106.

MISERABLE CONFERENCE. The dates of the summer conferences of the young people's missionary movement are being announced as follows.

THE TRYING TIME. In a young girl's life is reached when Nature leads her uncertain steps across the line which divides girlhood from womanhood.

NO VENEDICTA FOR ONE YEAR. The vendicta in the Italian colony, between the houses of Lombardo and Ezio, will rest for a time.
