Moderate SENATE P O

THE POWER UNION IS GROWING STRONGER

Many Municipalities Represented at Conference, Which Bids the Government Go Ahead.

A strong resolution of support of the hydro-electric power commission plans, moved by Mayor Stevely of London, and seconded by August Lang, was carried unanimously by the members of the Niagara Power Union, at the meeting held in the city hall yesterday afternoon.

Delegates were present from Toronto, Hamilton, Brantford, London, Stratford, Woodstock, Berlin, New Hamburg, Waterloo, Ingersoll, Galt, Guelph and St. Mary's.

Besides these municipalities already in the union, there were representatives present from Oshawa, Whitby, Cobourg, North York, Acton, Wauson, Georgetown and Dundas, places which expect to join the union. In the eastern towns' organization work will be taken up at an early date.

Ald. J. H. Fryer, Galt, presided, and besides were present the Hon. Adam Beck and other members, and officials of the hydro-electric power commission.

F. H. McLaughlin, the contractor for the new transmission line, was prominent among the visitors. At the general request he briefly addressed the union, stating that as soon as the order was given to go ahead he was ready to proceed.

"I will be able to complete it well within the time," was his cheery assurance.

Power at Cost. W. K. McNaught addressed the union on the salient points of the scheme. "It comes down to this," he remarked, "if your commissioners are capable and honest men, you will get your power at cost, and no corporation can or will give it to you at that."

The question of light was more important to him personally than that of power, and he considered many would be in the same position, expecting to make a large saving in this way.

The government is being very absolutely and honestly in this matter. If you let the opportunity pass, you will never get it again. It is in your hands and not ours, to carry it thru, he concluded.

P. W. Ellis went into some details with regard to the advantages to the manufacturer.

The Hamilton Trouble. Mayor Stewart of Hamilton had no objection to him personally than that of power, and he considered many would be in the same position, expecting to make a large saving in this way.

The meeting then adjourned.

A. A. WRIGHT, M.P., LOSES S. RENFREW NOMINATION

Is Beaten Two to One by Renfrew Lumberman in Convention—Mackie Declines N. Renfrew.

ARNPRIOR, Sept. 9.—(Special.)—South Renfrew Liberals in convention today nominated Thomas A. Low, lumberman, of Renfrew, as their candidate for the federal house.

To the surprise of many, the convention turned down A. A. Wright, M.P., Renfrew, who has been the federal member for this riding for eight years.

The vote stood: Low 72, Wright 36, out of 116 delegates in attendance. For the convention 135 were entitled to credential tickets.

Dr. N. McCormick, Renfrew, and J. E. Thompson, barrister, Arnprior, were nominated, but withdrew.

MUNICIPALITIES ARE LOYAL.

WHEREAS: 1. The Hydro-Electric Power Commission have received tenders for the construction of the transmission lines from Toronto to Niagara Falls and from St. Thomas to Niagara Falls; 2. Municipalities have heretofore signed contracts with the commission for a supply of 24,535 horsepower;

3. The arrangements in certain municipalities to take such power have been delayed by special circumstances and actions have been brought against certain municipalities and unnecessary delay may be caused thereby;

4. Since the said contract was submitted to the municipalities, other municipalities have applied to the commission for a supply of power;

5. It is desirable that the plans of the commission for the construction of the said transmission lines should be carried forward expeditiously;

IT IS RESOLVED AS FOLLOWS: 1. The representatives of the municipalities and of the Niagara Power Union present at this meeting affirm the result of the tendering for the said transmission lines as eminently satisfactory;

2. Said representatives urge the commission to use every means within their power to remove all obstacles, and hasten the construction of the transmission lines, in order that the work may be advanced as far as possible before winter, so that a supply of power may be delivered to the municipalities at the earliest moment.

CARRIED UNANIMOUSLY.

DIDN'T KNOW STROKE WAS ON

Glasgow Mechanics, in Affidavit, Tell Why They Refuse Now to Work for C. P. R.

MONTREAL, Sept. 9.—(Special.)—"Nine of the men brought out by the C. P. R. Company are stranded in the city and spent the night in the Bleury Street Mission and 18 more, all blacksmiths, are still inside the Angus shops, but have refused to work," Bell Hardy told The World to-night.

"A number men are only working because they do not know what to do, and are afraid the company have the power to put them in jail for refusing to work," he said.

"The following affidavit, sworn to by five men, covers in a general way the case of perhaps 100 men brought from Scotland contrary to the British merchants' shipping act.

"The men are appealing to the government and are entering proceedings against the Canadian Pacific Railway Company for having brought them out under false representation."

The affidavit reads: "I, the undersigned, solemnly declare: 1st. That I have been induced by a Canadian Pacific Railway agent at Glasgow to come to Canada for the purpose of working for the company without any knowledge that there was a strike here. 2nd. If I had known that there was a strike here I would never have come here."

Other Cobalt Pilgrims. The World had a talk with Colonel Sir Augustus FitzGeorge yesterday in the private office of Mr. R. R. Bonnard of Charles Head & Co. the colonel, in the company of Mr. Van Cutsum of the London Stock Exchange and Mr. C. Farrell, a Scotch mining engineer of London, has spent most of the past three weeks in the Temiskaming country and special- ly in Cobalt and up the Montreal River.

These gentlemen are all interested in Cobalt mining. Colonel FitzGeorge is enthusiastic over Cobalt and the prospects of Cobalt and of the Montreal River country. He and his friends saw all the big propositions of Cobalt, were all over the veins and down the shafts. Nipissing, La Rose, Temiskaming, Contags, all impressed them. Contags, said the colonel, is the best managed and best organized of them all.

Contags mines, concentrates and smelts for itself. Mr. Farrell ventured the opinion that the deep and more permanent silver ores might be in the neighborhood of Temiskaming, and the showing in the deep shaft and tunnel of that property he regarded as highly promising for that particular mine and the whole camp. One of their pieces of hard luck was that they happened to be in the Crown Reserve the day the best rich strike was made. Mr. Van Cutsum called to London to his firm to buy a block; the message was stalled at London, Ontario, by mistake of the telegraph company.

This morning representatives of insurance companies decided to immediately pay the damage. Dines went to New Westminster for his cheque. He received the money and was riding home on the front end of a street car. At a switch the horse and driver were thrown off. He was thrown under the wheels and cut in two.

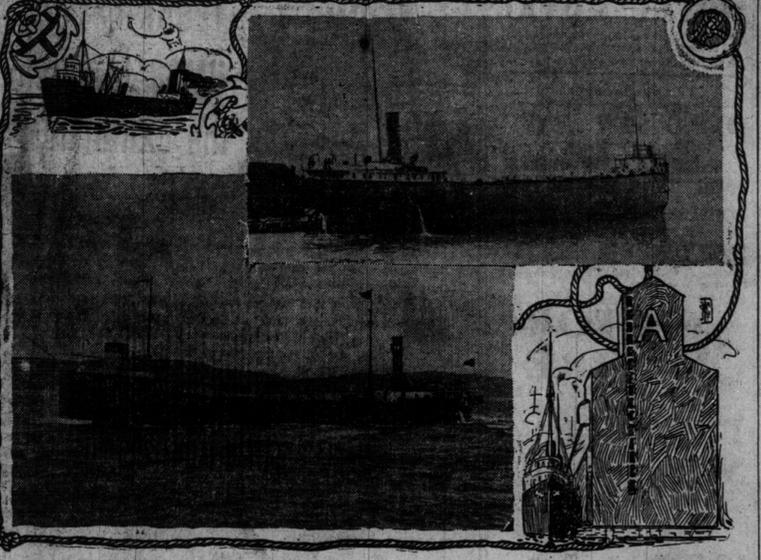

NEW ATLANTIC FLYER

Will Ply Britain to Canada Under White Star Flag.

LONDON, Sept. 9.—The pioneer boat of the new service from Britain to Canada, under the White Star flag, the Laurentic, of 14,000 tons, was launched at Belfast Friday. Great secrecy was observed regarding the speed, but it is expected to be very fast. She is the first passenger steamer fitted with combination high-pressure piston and low-pressure turbine machinery.

LONDONER KILLED

LONDON, Sept. 9.—(Special.)—A message to-night says that Jos. Robson of London was killed by a train at Barrington, Ill., to-day.

TYPES OF CANADIAN GRAIN CARRIERS: The upper picture is that of the Midland Prince, which, excepting the E. B. Osler, is the largest Canadian vessel on inland waters. She is over 500 feet in length and has a wheat capacity of 300,000 bushels. The picture is taken at an angle that does not give the impression of her real length. Below is the steamer Kenora, a typical canal-length steamer, which has a capacity of 110,000 bushels to Georgian Bay ports, and a canal capacity of 75,000 bushels.

THE PART THE LAKE MARINE PLAYS IN MOVING WESTERN GRAIN CROP

Great Fleet Developed From Practically Nothing in Fifteen Years—Some Ships as Large as Ocean Liners.

The development of the Canadian lake marine is one of the most fascinating processes in the evolution of the Dominion.

Fifteen years ago the Algonquin Rowland and the ill-fated Benmoreburn were practically the only steel carriers engaged in grain transportation on the Great Lakes which flew the Canadian flag. This unpretentious fleet was supported by a dozen small wooden freighters of the type of the old Sir S. L. Tilley, which was at one time a familiar figure on the Great Lakes.

The Sir S. L. Tilley and vessels of her type had a grain capacity of approximately 60,000 bushels to Georgian Bay ports and could get thru the canals to Montreal with about 35,000 bushels.

The E. B. Osler of to-day with a length of 610 feet and a capacity of 310,000 bushels, the product of a Canadian shipyard, cannot get down the canals at all. She is nearly double the length of a Welland canal lock and her operations must be confined largely to the Lake Superior and Georgian Bay business. With the Canadian grain carriers of this class are the W. D. Matthews, Midland King, Midland Prince and Collingwood. The latter is just about to go into commission and has a capacity of 200,000 bushels of wheat. The Midland Prince has a capacity of 200,000 bushels, slightly less than the Osler, and the Midland King 200,000. These vessels are the work of Canadian shipyards and a source of pardonable national pride.

The work is equal, perhaps superior to any thing that can be done abroad, for the Canadian shipbuilder undertakes a fresh water conditions as the British shipbuilder cannot. Altho Scotch and English built vessels have been augmenting the fleet from time to time, the tendency is to give the business to the country which will return the business later in another form.

The note of Canadian sentiment rings clear with every succeeding year among the men of the Canadian lake marine.

In the meantime, however, several new vessels from England will soon be slipping up the canals to the Great Lakes. One of these is for the Western Steamship Company, and it may be here in time to participate in the fall trade. The other is the steamer Kilmount for the Montreal Transportation Company.

Fifteen years ago one million dollars would have purchased the whole fleet of vessels engaged in the Canadian lake grain trade. To-day the fleet is

APPOINTED.

Order-in-Council Makes Lt.-Col. Gibson Lieutenant-Governor of Ontario.

OTTAWA, Sept. 9.—(Special.)—At a meeting of the cabinet council to-day a formal order in council was put thru appointing Lieut.-Col. Gibson of Hamilton to be Lieut.-Governor of Ontario.

28TH YEAR

LONDON GREETS THE PAPAL LEGATE

Opening of the Eucharistic Congress is a Most Notable Event in the Religious History of Great Britain.

LONDON, Sept. 9.—With all the solemn splendor of the Roman Catholic Church, Cardinal Vincenzo Vannutelli, the pope's legate, was formally received by the prelates who have gathered here for the Eucharistic Congress, over which he will preside.

The reception took place this evening in Westminster Cathedral, a simple but grand structure which the Catholics of England erected at a great cost, but the interior of which is not yet completed.

Long before the arrival of the legate every seat in the cathedral, which is capable of accommodating eight thousand persons, was occupied, and in the streets thousands waited for hours to get a glimpse of the pope's representative.

Cardinal Vannutelli, with the attending priests, walked from the archbishop's house, a block from the cathedral, thru lines of cheering people, including hundreds of priests who came from almost every country in the world to attend the congress.

The service opened with the singing of the Veni, Sanctus and Agnus Dei, which was followed by the recitation of a collect by Archbishop Bourne, head of the Westminster diocese.

Cardinal Vannutelli, having likewise said a collect, took his seat before the altar, while the chaplain read the apostolic letters appointing Cardinal Vannutelli legate of the pope.

The legate then addressed the prelates, of whom there were a greater number present than have gathered in one place in England in centuries. The cardinal spoke in Latin.

Cardinal Vannutelli said that what touched the delegates most deeply was the fact that they were receiving this hospitable welcome in England, a country upon which for centuries past God had bestowed his benefits. In the passage of time painful divergences had arisen, they gradually had been changed into a desire for peace, and so forth.

Two flights of approximately one hour each, another flight in which two men were whirled thru the air for upwards of six minutes, were the achievements of the Wright brothers' aeroplane to-day. That these flights, record-breaking as they were, will be surpassed by Orville Wright during his trials at Fort Myer, is confidently predicted.

The first flight, made this morning, in which the machine circled the drill grounds at the fort 57 times in 57 minutes and 31 seconds, was surpassed this evening when a flight of 62 minutes and 14 seconds was made.

Not satisfied with breaking all distance and time records for a heavier-than-air flying machine, Mr. Wright took Lieut. Frank P. Lahm, the aeronaut of the signal corps, for a spin around the drill grounds, making a new record for a two-man flight.

At 5.16 p.m. the machine rose into space and sailed over the drill grounds. Higher and higher it rose, turned at a slight angle as the aviator brought it around at the far side of the field, and raced along at increasing speed. There was hardly a quiver of the aeroplane in the first few rounds of the field, Mr. Wright evidently having the steering apparatus well in hand.

Round and round the machine traveled on, cutting short turns, shooting along the stretches, and presenting somewhat the appearance of an automobile racing about an imaginary course in the air. The maximum height reached was 150 feet.

CAR STRIKES BIG TALLY-HO UPSET TAKES WOMAN'S LIFE

Mrs. Alex. Mitchell Killed at King St. and Strachan Ave. While Returning Home From Exhibition.

While standing on the curb stone on the southeast corner of Strachan-avenue and King-street at 10.30 last night, Mrs. Alexander Mitchell of 72 Bellevue-avenue was instantly killed and her companions, Mr. and Mrs. James McBain of Desboro P.O., slightly injured by a tally-ho belonging to Verrall and Company, being thrown on the sidewalk by Bathurst car No. 515, while the driver was crossing King-street.

James McBain was cut on the forehead, his right leg is cut and knee wrenched. He is 8 years of age. His wife, Eliza, is cut on the forehead and on the right wrist. She is 59 years old.

The conductor of the car was Michael Lolan, 171 West Queen-street, and the conductor of the trailer, No. 12, was Thomas Reading. Alexander Mitchell, the husband of the dead woman, is carpenter.

Coroner Dr. Morgan was on the street car and gave first aid to the injured, and Drs. Ferguson and Clarkson attended to them after they were removed home. The driver, Lolan, had his thigh hurt and was removed to his home on Princess-street in the police ambulance.

Coroner R. B. Orr will hold an inquest.

WINNIPEG NEXT

LONDON, Sept. 9.—(C.A.P.)—The British Association adjourned its sessions at Dublin to-day, to meet in Winnipeg next year. Francis Darwin is president.

BARTON TP. MATTER SUBJECT TO SCRUTINY

Won't Supply Water For Awhile—Burlington Man Is Arrested on a Perjury Charge.

HAMILTON, Sept. 15.—(Special).—The city officials are going very carefully into their dealings with Barton Township, with regard to the newly annexed portion of the township to the city.

Gertrude Fleming, a little girl who lives near Fourth-street, was struck by a Dundas car while crossing Aberdeen-avenue to-night. She escaped with only a severe shaking up.

Provincial Detectives Miller and Greer to-day went to Burlington, where they arrested Alfred Ireland on a charge of perjury. Ireland was to have been the star witness for the crown in a recent liquor stealing case in Burlington.

Lieutenant Inspector Birrell is of the opinion that the hotelmen can keep their bars open on Sept. 16, when several money bylaws will be voted on. He says the act demands the closing of the bars only on dates of parliamentary, municipal and school trustee elections.

Thomas Lee Sing, a local restaurant keeper, is contemplating an action against Lee Sing, a laundryman, for damages for alleged wrongful arrest and imprisonment. Lee Sing was arrested on Lee Sing's premises recently and charged with theft, but was acquitted. It is said there is bad blood between the two Chinamen because they both loved the one girl and Lee Sing married her.

Mrs. R. S. Will of this city dropped dead in Burlington after arriving on the car from Hamilton.

The attempt of two burglars to rob the office of the Meakin brush factory last night was frustrated by a woman, who lived nearby, overhearing the men discussing their plans. She notified the police, but before they arrived the men had received wind of the move and made good their escape.

It is possible that a new jail will be built instead of reconstructing the present one, to give more accommodation for prisoners. If such is done a new site will be chosen.

The Toronto World

A Morning Newspaper Published Every Day in the Year. MAIN OFFICE, 83 YONGE STREET TORONTO.

A favor will be conferred on the management if subscribers who receive papers by carrier or thru the mail will report any irregularity or delay in receipt of their copy.

UNFAIR TO THE MEN. Hon. Mr. Lemieux, minister of labor in the Ottawa Government, is reported to have said in a speech last Saturday in Quebec Province that the mechanics of the Canadian Pacific now on strike had lost the sympathy of a board of conciliation they had refused to abide by its findings.

MORE FIRE ENGINES. Committee Recommends Purchase of Two for Eptown. The advent of the high pressure system down town hasn't impressed the fire and light committee sufficiently to encourage them to withdraw the steam fire engines from the district.

CERTIFICATE ANNOYS. Embalmers Object to Restrictions Imposed by Government. The delegates attending the Canadian Embalmers' Association convention yesterday complained of the new act requiring a death certificate before a body can be removed or embalmed.

POLICEMAN'S TRAGIC DEATH. Thomas Guthrie Takes His Life With Strychnine. Police Constable Thos. A. Guthrie, attached to the patrol wagon at the Court-street station, committed suicide by taking strychnine at his home, 127 Langley-avenue, yesterday morning.

SENSATION IN DENMARK. M. Alberti, Former Minister of Justice, Surrenders to Police. COPENHAGEN, Sept. 9.—M. Alberti, who retired recently from the post of minister of justice, today surrendered to the police and confessed to a series of frauds against the Bondestensenshanske, a savings bank of which he was president.

MADMAN'S WORK WITH AX. WILMINGTON, Del., Sept. 9.—Pearson Talley, aged 60 years, while temporarily insane, attacked his wife in his this morning, splitting her skull with a broadax; then he split open the head of his niece and fractured the skull of her husband, Andrew Johnson, who were living with the older couple.

WOMAN SWEEP OVER FALLS. NIAGARA FALLS, N. Y., Sept. 9.—A woman about 25 years of age, of reputed appearance, late yesterday walked into the river about 30 feet above Prospect Point and was swept over the falls. She left nothing to identify her.

CONTRACTOR UP AGAINST IT. John McLeod, the contractor for the carpentering at the Leslie-street school, who made a mistake of over \$8000 in billing for his work, must finish the job at that loss or sacrifice \$4000 in work already done.

REWARD FOR HIS REWARD. A. G. Cardwell, private detective, issued a writ against the corporation of Blind River, Ont., claiming the \$500 reward offered for the arrest of the first burglar who terrorized the town last winter.

POLITICAL INTELLIGENCE

YESTERDAY'S NOMINATIONS. South Renfrew Liberals—Thomas A. Low.

North Renfrew Liberals—Thomas A. Low. Norfolk Conservatives—Alex. McCall. North Waterloo Liberals—Will call another convention.

South Cape Breton Conservatives—J. W. Maddin, barrister. Yarmouth, N.S., Conservatives—Dr. C. S. Williamson.

North Oxford Conservatives will on the 15th choose a man to essay the task of beating George Smith, M.P. The candidate will be J. G. Wallace or Dr. Welford.

The Conservatives of Norfolk met at Simcoe yesterday. Every polling division in the county sent its full quota of delegates.

The convention of the North Waterloo Reform Association yesterday had a large attendance and a feeling prevailed that North Waterloo could be redeemed, but no candidate was selected.

For the opening meeting of Sir Wilfrid Laurier's tour in Western Ontario at Queen Victoria Park, Niagara Falls, on Tuesday next, the 15th inst., an excursion has been arranged from Toronto by Niagara Navigation Company's boats to Greenboro and thence by electric railway (Canadian side) to the Falls.

Peel County Conservatives will hold a convention on Saturday, Sept. 12, in the Concert Hall, Brampton, for the purpose of selecting a candidate to contest the county in the coming elections.

The Carleton County Conservatives have decided to contest the nomination for that seat to the opposition leader, R. L. Borden. The convention will be held Sept. 21 in Ottawa.

Stories of opposition to the Niagara power policy of the government in the person of Sir James Whitney itself have been so persistent, and with so little apparent foundation, that the World asked Hon. W. J. Hanna if he would speak on the question as his name had been several times mentioned in this connection.

W. K. McNaught, who is regarded as one of the ablest members of the cabinet in the house, a business man with a just appreciation of merits and values, replied to a question on the subject without hesitation.

Legal authorities will be consulted to ascertain whether the Dominion Government can be assessed by the city for the property on Simcoe-street used for the military offices. A. Paterson, R.C., for the government, claimed exemption.

A reduction in all of \$12,872 was made in the assessment of the Ingersoll Amusement Co. properties at Hamilton's Point.

INNOCENT MAN SPENDS TWO MONTHS IN JAIL. Because he wanted to appear in the sessions court, and couldn't give bail, Peter Ilyea, a foreigner, has spent two months in jail, only to be promptly discharged by Judge Winchester yesterday.

REEFERS AND RUSSIAN OVERCOATS. Reefers navy blue beavercloth; overcoats Oxford grey frieze; trimmed with brass buttons or mohair frogs; velvet collars; Italian lined; sizes 21 to 26; regularly \$4.50, for \$3.49.

MILLINERY. Street Hats, newest shapes, trimmed with wings, quills, fancy feathers, ribbons, velvets, fancy braids. Friday bargain, each \$3.69.

WINGS. 12 inches long, good shape, black, cardinal, saxe blue and old rose. Friday bargain, pair \$1.29.

FORM FIRST. O. G. T. NATIONAL GRAND LODGE

Good Templars From Different Provinces Federate—Will Hold Biennial Sessions.

The Good Templars yesterday federated their provincial grand lodges by the establishment of a National Grand Lodge of Canada. This body, which will have Dominion jurisdiction, will meet biennially. The next meeting will be held at Winnipeg in July, 1910.

The National Grand Lodge was organized by Rev. James Yeames of Boston, Mass., with A. M. Leffingwell as fraternal delegate, from the National Grand Lodge of the United States.

The delegates attending the National Grand Lodge meeting were made by G. L. McCrea, grand secretary of Ontario; Joseph Day, grand councillor; and Arch. M. Gignac, district chief templar.

The following officers were elected: President, H. B. Beckett, Goderich; 1st vice-president, C. N. Greenwood, Stratford; 2nd vice-president, J. Simpson, Sault Ste. Marie; treasurer, H. R. Collart, Chatham; secretary, Richard Tees, Montreal.

The body of examiners, which has been reduced to three, is as follows for 1908: A. Dodds, Bolton; J. J. Marsh, Smith's Falls; N. J. Body, Mitchell.

Inspector Davis had ordered him to resume patrol duty yesterday.

P. C. Guthrie had been a member of the force for 23 years. He came to the city from London Ont., where he was a member of the police force. He was 50 years of age. He leaves a widow and two young children.

Inspector Davis had ordered him to resume patrol duty yesterday.

Price 10c. Take no substitute. 24c

FARMERS SEE THE SIGHTS

CROWD BEATS LAST YEAR

75,000 is Estimated Attendance—Various Happenings of a Very Busy Day on the Grounds.

The man with the hoe, his wife and daughters made up the chief exhibit at the fair yesterday. The crowd there was a sprinkling of urbanites and dwellers in towns and villages, some of which appear in the railway map while others do not.

The bulk of the 75,000 persons on the grounds consisted of that section of the community which extracts a comfortable livelihood from the soil. Judge the weight of a heifer within a pound or so, and is popularly and not mistakenly spoken of as the bone and sinew of the province.

President George had not quite so many guests as usual at the directors' luncheon, but those present well represented the farmers' interests. Hon. C. Robinson, ex-premier of New Brunswick testified to his appreciation of the fair, and also of the province. Hy. Glendinning, Manila, had been present at the opening of the old crystal palace under Lord Dufferin in 1878, and the progress made since then in this exhibition afforded some idea of the progress of the country.

W. S. Fraser, Bradford, had also been present in 1878. W. S. Fraser, Bradford, spoke for Northumberland County, James McEwing, M.L.A., Wellington, ex-president Farmers' Association, spoke for the City of Toronto, and women on the farms were the greatest products of agriculture in Canada. Others guests were Wm. Farmer, Amherst, P. F. Farmer, department of agriculture; G. T. Putnam, superintendent Farmers' Institute; F. R. Mallory, Bradford, general manager of the fair; and the Canadian railway men are expected at the fair to-day; to be specific, Sir Thos. Shaughnessy, Sir William Van Dine, C. McEwen, and one or two lesser magnates.

Miss Marjorie McIlwraith of North McNab-street, Hamilton, was struck by a horse on the grounds, and the result was a fractured skull. She was taken to the home of her uncle, Dr. McIlwraith, on Avenue-road, in Craig and Sons' private ambulance.

While entering the grounds by the garden common route (over the fence) Michael Skerritt, 38 Carr-street, was arrested by P. C. Gracey.

At the annual meeting of the Canadian Kennel Club held in the administration building last night, the annual meeting for the year ending Aug. 31, showed a balance of \$110,110. Secretary Treasurer H. B. Donovan said that during the year the club had received a number of dogs entered in the stud book was 10,771. The membership of 201 showed an increase of 20.

These officers were elected: President, J. G. Kent; vice-president, A. A. Macdonald; secretary, W. B. Donovan; solicitor, Frank Stallings; directors, Fred Jacob, J. W. Bain, K.C., and Frank Britton.

Some dissatisfaction with the railway rates given from various points to the Guelph winter live stock show was expressed at a meeting of representatives of farmers, held at the home of the most part, however, the delegates seemed to be content with the arrangements.

A meeting of the executive of the Ontario Horticultural Association was held, and an exceptionally strong program for the convention to be held in Toronto during the second week of November was carried up. The subjects to be discussed will cover all branches of gardening from the care of small gardens to the planting of trees. Among those who will give addresses are Prof. Hutt and Wm. Hunt, O.A.C., Guelph; Prof. Macoun, Ottawa; R. E. Whyte, Ottawa; Rodolph Carson, assistant park commissioner, Toronto; C. A. Heaton and W. B. Burgoyne, St. Catharines, and others.

Landscaping and garden design, expressing strong approval of the report of the horticultural societies of Ontario, issued by the superintendent, Lockie Wilson, Kingston, and the ladies of the Buffalo Club showed their appreciation of the hospitality of the fair management by presenting Supt. Fred W. Jacob with an Orange Persian kitten, valued at \$75, yesterday afternoon.

GARDENING WILL BOOM NEXT YEAR.

A conservative estimate places the total attendance to date at the illustrated lectures on "Landscaping and Improvement Work" in the women's building at 6240. Eight complimentary performances are given daily, beginning at 1 p.m. and again at 8 p.m. The theatre has been open for six days and at every lecture the place has been packed. There are 100 seats, but 30 or 40 more have crowded into the aisles. The popularity of these entertainments, given under the auspices of the National Cash Register Company of Dayton, O., has demonstrated that the Canadian farmer is intensely interested in the problem of beautifying his home and domestic environments, and it would portend that the influence of these lessons will spread rapidly thruout Ontario. Next spring will see much development along these lines.

Landscaping and garden design as an aid to character building, is equally as important as vegetable gardening. No where can its influence be greater than among factory and shop workers. Health and cheerfulness are the two most important essentials of sustained effort. These are the fruits of outdoor work. Children are inductively interested in nature. The impulse to plant things and see them grow is in every child. All that is needed is to awaken this impulse and encourage actual work out of doors. Given this their health will be improved, they will be able to do their school and domestic work with more interest and reliance that responsibility and self-dependence that comes from individual effort.

Independent Order of Oddfellows.

The record of this great order is a wonder to men and women alike. Instituted barely 80 years, with but five members, and comparatively very light prospects of great notoriety, it has rapidly spread its usefulness and adaptability to meet the wants of the people for some better means of fraternal sympathy and of financial relief in time of sickness and distress.

Decade by decade, year by year, it has accomplished all its most ardent hopes for; "yes, far more, and to-day stands as the great pioneer fraternal benevolent society of the age." In Ontario there are 347 lodges, having

29,047 members, and during 1907-8 it paid out in relief to its members, its widows and orphans \$39,900.

The whole of Canada there are 654 lodges, having 66,786 members. The total sub- lodge membership of the order thruout the world is 1,425,787, including the Rebekah branch, a most important auxiliary, there are 1,814,445 persons interested in the great work of the order. The relief paid out in 1907 was \$5,112,993.75. Total invested funds of the order, \$44,200,000.75.

Bro. George T. Clarke, grand secretary of the New South Wales, and junior past grand sire of Australia, is at present in Toronto, and the guest of the grand lodge of which he will entertain him as best they can.

Bro. Clarke will represent the order in Australia at the coming session of the Dominion Grand Lodge at Denver. He is now taking a short tour thru Canada before going to Denver. Bro. Clarke was a guest at an exhibition luncheon and made an excellent speech, giving many particulars about Australia. Bro. Clarke is an alderman in Sydney, chairman of the finance committee and is also secretary of the manufacturers' association of that city. He has expressed great satisfaction at his reception in Toronto.

Society Row and the Canadian Order

One of the popular resorts of the exhibition is the tent of the Canadian Order of Foresters, in Society Row. So far there have been thousands of visitors here who have registered their names, desiring residences in all parts of the Dominion, and the order has received fraternal greetings in the C. O. F. tent yesterday. The tent is well appointed to attract many more, and the new acquaintances and all parts of the Dominion, and the order has received fraternal greetings in the C. O. F. tent yesterday. The tent is well appointed to attract many more, and the new acquaintances and all parts of the Dominion, and the order has received fraternal greetings in the C. O. amid the most pleasant surroundings

with absolute certainty of being pleased with the menu, table appointments and service, should go to McConkey's, 29 West King-street. This restaurant is centrally located, and having for many years catered to the highest class of patronage, its reputation is a positive guarantee of satisfaction. It is an ideal place wherein to meet by appointment, its luxurious waiting rooms being most comfortable and inviting. The menu is the most complete in the city and the quality unexcelled, while the terms are surprisingly moderate. Remember, McConkey's, 29 West King-street.

Sewing Machine Dealers' Opportunity.

The Davis Sewing Machine Co. of Dayton, O., are now placing their goods in the hands of reliable firms and business houses thruout Canada. On account of their enormous output and the straight business terms on which their goods are sold, they are able to give the dealer considerable advantages both in price and quality; moreover, they can give their customers three "mechanically distinct" styles of machines, viz., Vertical Feed, Rotary, and Vibrating Underfeed. The Vertical Feed, being the only one on the market and being capable of doing a range of work which places it in competition, makes it an ideal machine for the dealer to sell to the better class of trade. The Rotary and Vibrating are the most up-to-date in America.

In This Page Communion Cups.

In this age, society demands that individuals who are called upon at communion in the churches. There is an up-to-date exhibit of most long-lipped individual cups in the center of the process building. The idea of the lip is for quick and effective sterilizing.

AN ARTISTIC FUR EXHIBIT.

Display of Sellers-Gough in Manufacturers' Building Most striking. In the exhibit of the Sellers-Gough Fur Company, in the manufacturers' building, many of this season's very latest styles, exclusive with this firm, are shown, and the display is acknowledged to be one of the most artistic and interesting at the fair. It is a showing dear to the feminine heart, and should not be overlooked by visitors to the exhibition.

Included in the display are the pony skin coats, so much the vogue last year in New York, with trimmings of black lynx; jackets of Alaska sable, and Persian lamb, sets of Royal ermine, black lynx and blue lynx. Labrador mink, black, wolf, red fox, and the beautiful white fox of the Arctic.

Sellers-Gough are nothing if not up-to-date, and also original. Every style of muff is shown by them, from the square pillow and the curving emblem to the newest creation of soft satin pillow, over which is thrown the daintily-lined whole skin, heads and tails, and all the styles and ties are equally unique and stylish.

Fur rugs are among the most luxurious appointments to be found for use in a bare floor, and here they are in all their glory—Bengal tiger, polar bear, or leopard, with huge head for seat, prepared to trip the unwary walker, as well as seal rugs with a unique apique of stone martin.

The exhibit, as a whole, gains very much from its tasteful setting of mauve and purple in the treatment of the walls.

Novelties in Hard Rubber Goods.

Ladies' collars, Arlington rubber col-

"A FRIEND IN NEED IS A FRIEND INDEED" NOTHING IS TRUER THAN THAT OLD SAYING.

Of all friends old and new the Thermos Bottle is perhaps the wonder of them all YOU MUST BUY ONE TO-DAY

Just think of this marvelous bottle. Keeps contents hot 24 hours without fire. Keeps contents cold 72 hours without ice.

lars. Pyralis dressing combs, martingale rings, harness leopards, collared goods, comprise a display that has attracted many interested visitors to the manufacturers' building, and is calculated to attract many more. These goods are manufactured by the Arlington Company of this city, John A. Chantler, in charge. The company is of their whole output thru their several travelers, from coast to coast. The Chantler people sell to both jobbers and retailers. E. J. Quinn is in charge of the booth, and welcomes all enquiries concerning the display.

The Fortune Teller. Few ladies leave the midway without first paying a visit to Madame Baxter's cool tent, where phrenology and palmistry is practiced at

### TORONTO FRUIT MARKET.

Receipts very large, prices easy all  
round. Tomatoes cheaper than ever be-  
fore. Apples, selling at low as 10c  
to 12c per basket.  
Beans, Can., basket, \$0.10 to \$0.15  
New potatoes, Canadian, \$0.20 to \$0.25  
Peppers, green, \$0.15 to \$0.20  
Onions, basket, \$0.20 to \$0.25  
Potatoes, Canadian, basket, \$0.10 to \$0.15  
Cauliflower, basket, \$0.20 to \$0.25  
Corn, per dozen, \$0.07 to \$0.08  
Apples, basket, \$0.10 to \$0.15  
Pears, basket, \$0.20 to \$0.25

# 52 CARS AT CITY YARDS QUALITY GENERALLY POOR

## Prices Unchanged—Hogs Firm— Lambs, Sheep and Calves Continue Steady.

Receipts of live stock at the City Market  
were 52 car loads, composed of 831  
cattle, 400 hogs, 1008 sheep, 40 calves.  
Trade was slow and market dull for  
the different classes of cattle.  
Prices for good cattle were steady, but  
common were easier.  
Sheep—Lambs and calves, as well as  
hogs, sold at unchanged quotations.  
Woolly lambs bought 200 sheep, at 18  
per cwt. 100 lbs. at \$4.75 per cwt.; 75  
cwt. at \$7 each.  
Receipts of live stock at 50 butchers' cattle  
No. 1 to 100 lbs. each, for M. Vincent, at  
\$3.25 to \$4.25.  
George Rowntree bought 100 butchers' cattle  
for Harris Abattor Co.; steers and heifers,  
at \$3.25 to \$4.25; cows, \$2.75 to \$4.25.

### CATTLE MARKETS.

Cables Unchanged—Hogs 10c to 15c  
Higher at Buffalo Market.  
NEW YORK, Sept. 9.—Beef—Receipts  
1422; steers, firm to 10c higher. Bulls,  
steady, cows, steady; this cows, firm;  
steers, \$1.35 to \$1.40; calves, \$1.00 to \$1.10;  
cows, \$1.40 to \$1.45; Liverpool cattle mar-  
ket, \$1.35 to \$1.40; Chicago, \$1.35 to \$1.40;  
weight; London, Liverpool, at 11 1/2c to 12 1/2c.  
Exports to-day, 2075 quarters of beef.  
Calves—Receipts, 100; market, 10c to 12c  
in fair demand; buttermilk and grassers,  
steady; westerns, more active; veals, \$3  
to \$3.50; throwouts, \$2.75 to \$3.00; grassers  
and grassers, \$3 to \$4; Western and In-  
diana calves, \$2.50 to \$3.00; sheep, slow  
and unchanged; best lambs, fully 15c  
higher; other lambs, 10c to 12c; mixed,  
\$2.50 to \$3.00; \$1.50 to \$2.00; \$1.50 to  
\$2.00; \$1.50 to \$2.00; \$1.50 to \$2.00.  
Hogs—Receipts, 608; market, nominally  
firm.

### Chicago Live Stock.

CHICAGO, Sept. 9.—Cattle—Receipts,  
14,000; market for choice beefs 5c to 15c  
higher; other beefs, 10c to 15c; calves,  
\$3.40 to \$3.50; hogs, \$3.50 to \$4; stockers  
and feeders, \$2.75 to \$3.00; mixed,  
\$2.50 to \$3.00; light mixed, \$2.50 to \$3.00;  
\$2.50 to \$3.00; \$2.50 to \$3.00; \$2.50 to \$3.00.  
Hogs—Receipts, 13,000; market 5c to 10c  
higher, touching a new high record mark  
for the year shipping, \$7.00 to \$7.50;  
\$7.00 to \$7.50; \$7.00 to \$7.50; \$7.00 to \$7.50;  
\$7.00 to \$7.50; \$7.00 to \$7.50; \$7.00 to \$7.50.  
Sheep and Lambs—Receipts, 30,000; market  
10c to 15c lower; sheep, \$3.50 to \$4.50;  
lambs, \$4.25 to \$5.25; yearlings, \$4.25 to \$5.25.

### Montreal Live Stock.

MONTREAL, Sept. 9.—Cattle—About  
500 head of cattle, 25 milk cows, 100 calves,  
1000 sheep and lambs and 150 fat hogs  
were offered for sale to-day. The market  
no prime beefs on the market, and 45c  
per lb. was the highest figure paid here  
to-day, and from that down to 32c for  
pretty good cattle. The common stock  
sold at 2 1/2c to 3c, while the lean canners  
sold at 1 1/2c to 2c. The small bulls at  
1 1/2c to 2c per lb. The heifers and cows  
and a large proportion of the cattle will  
be held over for a future market. Milk  
cows sold from \$30 to \$35 each. Grass-  
fed calves sold at 2 1/2c to 3c, and good  
veal at 4c to 6c per lb. Sheep sold at 2 1/2c  
to 3c per lb. and the lambs at 4c to 4 1/2c  
per lb. Good lots of fat hogs sold at 36c  
to 37c.

### East Buffalo Live Stock.

EAST BUFFALO, Sept. 9.—Cattle—Re-  
ceipts, 100; market, steady; prime steers,  
\$3.75 to \$4.25.  
Hogs—Receipts, 250 head; active and  
2c higher than last week; good, fairly  
active and 1/2c to 3/4c higher; common,  
\$2.25 to \$2.50; a few, \$1.75 to \$2.00.  
Sheep and Lambs—Receipts, 1000 head;  
active lambs, 5c higher; yearlings, 10c  
to 15c higher; the lambs at 4c to 4 1/2c  
to 4 1/2c; ewes, 4c to 4 1/2c; mixed, 4c  
to 4 1/2c.

### British Cattle Market.

LONDON, Sept. 9.—London cables for  
cattle are steady at 11 1/2c to 12 1/2c per lb.  
for the lower grades, and 13c to 14c for  
at 10 1/2c to 11c per pound.

### DEATHS REPORTED AT CITY HALL.

Elizabeth Tobin, 78, hemorrhage of  
bowels.  
Lilly May Turan, 2 years, broncho-  
pneumonia.  
Doh E. Salside, 22, typhoid.  
John Sheewell, 23, tubercular  
Eugenia Shock, 23, tuberculosis.  
Mary Thompson, 42, carcinoma.  
Russell Ward, 7 months, cholera mor-  
bus.  
Witrid Smith, 16, crushed in elevator  
shaft.

### POLICEMAN SHOT.

LOS ANGELES, Cal., Sept. 9.—In a  
desperate shooting affray, a police  
burglar, whom he met on the street  
at Ninth and Grand-avenue shortly  
before 10 o'clock to-day, shot and  
Walter Auble of the city police, a  
wash of three times and probably  
fatally wounded.

### A Week-End Outing

Can be had at moderate cost if you  
take advantage of the reduced rates of-  
fered by the Grand Trunk Railway  
System for Saturday to Monday trips.  
Return tickets will be issued at single  
rates for tickets valid for Saturday  
trips in Ontario, including Muskoka,  
Georgian Bay and several other tourist  
spots, good going any Saturday or  
Sunday, valid return for the following  
lowing date of issue. Tickets sold to  
Lake of Bays points on slightly differ-  
ent basis. For tickets and rates, apply  
at any city office, northwest cor-  
ner King and Yonge-streets.

### Request for Arbitration.

OTTAWA, Sept. 9.—The locomotive  
men of the Canadian Northern have  
applied for a board of conciliation un-  
der the Lemieux Act to investigate a  
demand for a new wage schedule  
and changes in the conditions of em-  
ployment.  
The company has named F. H. Rich-  
ardson, Toronto, and the men Harvey  
Hall, Toronto, as their representatives.

### Peen Released.

Judge Morgan yesterday released on  
suspended sentence Jabez M. Pearen  
for obtaining money by false pre-  
tenses.  
He has been four months in jail.

### Low Rates to Western Fair.

London, Sept. 9.—A good going  
Sept. 12, 13, 14 and 15; \$2.55, good  
Sept. 15 and 17 only, by Canadian  
Pacific direct line, and the return  
tickets good to return until Sept. 21st.  
Apply at C.P.R. ticket office.

### TOBACCO AND LIQUOR HABITS.

Dr. McTaggart's Tobacco Remedy  
moves all desire for the weed in a few  
days. A vegetable home treatment  
quiescences the habit and only re-  
quires touching the tongue with it occa-  
sionally.  
Truly marvelous are the results from  
taking his remedy for the liquor habit. It  
is a safe and inexpensive home treat-  
ment, and is a sure cure for all  
hypochondric injections, no publicity, no  
loss of time from business and a certainty  
of cure. Address or consult Dr. McTag-  
gart, 75 Yonge St., Toronto, Canada.

# PRIVATE SCHOOLS ARE THE FACTOR IN THE PROSPECT

## Education in Toronto Owing Much to These Institutions—New One on Broadview Ave.

The growth within the last few years  
of private and church schools has de-  
monstrated a more widespread recogni-  
tion on the part of parents that they  
have not completed their duty to their  
offspring by merely allowing them to  
attend for a few years one of the com-  
mon schools to be followed in a small  
percentage of instances by a year or  
two at a high school. That education  
means something more than driving  
a greater or lesser number of facts into  
the heads of large classes of pupils to  
be retained by the latter until "exami-  
nation" is being more and more recog-  
nized by thoughtful parents. As the  
word itself indicates, "education,"  
should mean the "leading out" of the  
latent powers of the individual, and  
character. The measure of individual  
attention necessary for this, particu-  
larly in the case of the average boy, is  
impossible where classification is made  
without any regard to special aptitude  
or ineptitude in certain directions, and  
where inferior classes are formed to be  
passed through the general educa-  
tional machine as rapidly as an over-  
taxed teacher can force them. The  
schools which have been most success-  
ful in this respect are those which de-  
velop in spite of the "machinery" pro-  
vided, but it is the average boy who  
suffers. By constant struggling he be-  
comes a mediocrity, but to accomplish  
even this much he has to struggle for  
years to rehabilitate within himself  
the faculties which the educational ma-  
chine destroyed in his early youth.  
Certain schools which educate, which  
afford opportunity for individual at-  
tention, and which characterize them-  
selves by the highest quality of in-  
struction in the play ground has an im-  
portant place, have existed in Toronto  
and Ontario for many years, and in them  
most conspicuous for character, the  
pace, manifested in public, professional  
and commercial life, received their  
early training. In the City of Toronto  
this is the case with the most enter-  
prising in the west and centre sec-  
tions, owing doubtless to the fact that  
until a few years ago the most enter-  
prising, the populous residential River-  
dale and Beach districts of to-day,  
were but sparsely settled. The class  
of houses which are now being built  
and the consequent influx of popula-  
tion seeking all advantages, have  
created the need of a good  
school in the immediate locality so as  
to render unnecessary the daily jour-  
ney across the city by children whose  
parents are unable to provide them with  
the best educational facilities, and to-  
day is opening day of the boys' school  
organized by the Reverend E. R. Biggs,  
located at 481 Broadview-avenue.  
The locality is a particularly at-  
tractive one, the altitude of the lands  
overlooking the picturesque Don Val-  
ley making it the most beautiful sec-  
tion of Toronto. The street cars stop  
within 50 yards of the school, which  
is distant only 15 minutes' ride from  
the centre of the city. The school is  
reverted principal assumes his  
duties with an experience of 45 years,  
and his character and his record so  
that particularly fits him to undertake  
the educational guardianship of Cana-  
dian boys. The following are some  
of the principal features of the school  
positions filled by Mr. Biggs in other  
lands:  
Mathematical and Form Master, Royal  
Artillery School, Newcastle-on-Tyne;  
Chaplain and math. master, Clays-  
more School, Farnborough;  
Chaplain and math. master, Grange  
School, Folkestone.  
Rector, Diocesan Schools, Naini Tal,  
United Provinces of Agra and Oudh,  
India.  
The views of the principal, which he  
has been carrying into practice in other  
institutions and which have been the  
ideal of the new school, are summed  
up in the following notice recently sent  
to the parents of prospective pupils:  
"It (the problem of education) is not  
a question of choice, of science, or  
classics, or mathematics, or moderns,  
or of the method of instruction. There  
is something far deeper than this—  
the preparation of the boy to take  
his place as a useful, self-reliant  
member of the community. It is  
gentleman in whatever vocation he  
may engage."

### HIS JOB FOR POLITICS.

New Ills Request for Seven Months  
Salary is Turned Down.  
James C. Mitchell, who resigned  
from his position on the board of  
health staff when Dr. Sheard last  
June told him he'd either have to drop  
his job or his political activity, ap-  
plied to be heard yesterday for seven  
months' salary.  
Dr. Sheard reported adversely. Mit-  
chell has been in the city's employ for  
15 years, and done faithful work, but  
had absented himself, without leave,  
while the doctor was away, to carry  
out work of his own. Mitchell com-  
plained that he followed the doctor's  
work for which he had not been  
paid, but Dr. Sheard pointed out that  
as he was an emergency man, he had  
not to be paid for his services.  
After a good deal of discussion, and  
an appeal from E. W. J. Owens in  
Mitchell's behalf, on motion of Ald.  
Foster the report of the medical health  
officer was confirmed.

### ARREST CAUSES WIND-UP.

Troubles Came Not Simply to Local  
Machinery Company.  
Levy, Weston & McLean Machinery  
Company, 102 Front-street, have  
assigned to E. R. C. Clarkson for the  
benefit of creditors. The assets are es-  
timated to be about \$40,000. The li-  
abilities are not yet ascertained.  
The assignment follows the arrest of  
A. E. McLean on the charge of forgery  
a cheque for \$100 on the Imperial  
Bank of Canada, which was issued at  
Hall street a portion of the assets of  
the company. The company is  
said to be indebted to the bank to the  
amount of \$100,000, and to the extent of \$25,  
000 besides.  
The company was incorporated in  
the Province of Ontario in Toronto.  
The nominal capital was \$100,000, in  
400 shares of \$100 each. There were  
\$15,000 subscribed for, but there is \$115,000  
still unpaid on these shares.

### WELL-KNOWN INVENTOR IN CITY.

Mr. Geo. P. Way of 18 Adelaide  
street, Detroit, the well-known inven-  
tor of artificial ear-drums for the deaf,  
is stopping in the Royal Hotel, and  
will be here until Sept. 12. For five  
years in succession Mr. Way has vis-  
ited Toronto, introducing his ear-drums,  
and hundreds of deaf people have  
been made to hear by his use.  
In a conversation last night at the  
Royal Hotel, Mr. Way said that he had  
of the Free Press, and 83-M.  
P.P. for Lambton County, in introduc-  
ing Mr. Way to a couple of Toronto  
business men, who were very inter-  
ested in his invention. "It was  
Way many years ago when he used to  
come to my office. Occasionally, on  
account of his deafness, I had to write  
to him, and he understood, but now,  
when he wears his ear-drums in his  
ears, you see he can hear as well  
as I do." Mr. Way told how he  
disclosed his invention. "It was  
purely by accident," said he, "his  
ten years ago he was in his engine  
room at the Detroit Works, and his  
ear was bothering him more than  
usual. He twisted a piece of cotton  
waste around a match and inserted it  
in his ear, and to his surprise he  
was able to hear. He was very  
further than intended, and all at once  
the noise in the engine room sounded  
like a thunder. He got frightened and  
ran to his assistant, and he found  
the matter, but his assistant  
thought he had gone crazy, as he did  
not know anything about the matter.  
The excitement was over, Mr. Way pulled  
the match and the waste out of his  
ear, when the loud noise all stopped.  
He assumed the same as usual, but  
started him thinking and experiment-  
ing on himself with artificial ear-  
drums on the next day. He was  
in the sounds with mica and  
rubber. The result is the artificial ear-  
drum which Mr. Way is selling to-day,  
that minute \$4000 bushels of wheat  
and yet so delicate and light that one  
hundred of them do not weigh one  
pound. He has, however, yet inven-  
ted a better one, which he is now  
Mr. Way wants every deaf person to  
come and see him while he is in To-  
ronto. He takes, however, no charge  
for his advice, and will state candidly  
whether he thinks his ear-drums will  
give any relief or not.

### Niagara Navigation Company.

Special two day rates to Niagara  
falls, Buffalo and other points via  
Niagara Navigation Co. steamers and  
connections. The route besides taking  
you to Niagara Falls is the only one  
which enables you to enjoy the beauti-  
ful scenery of the Niagara Gorge, and  
lower Niagara River, the awe-inspir-  
ing scenery of the Niagara Gorge, and  
a sail upon the largest and swiftest  
passenger steamer on fresh water.  
Be sure your tickets read Niagara  
Navigation Co., and your pleasure is  
assured. Ticket office, ground floor,  
Traders' Bank Building.

### In the Police Court.

Three young men, who sneaked into  
the exhibition grounds via the lake  
shore were yesterday fined \$1 and costs  
each.  
Frances Simpson, a middle-aged woman,  
will be examined as to sanity.  
She has a ticket to New York and \$318  
cash on hand.

### Charges of Disorderly Conduct against Wm. Cann and L. Wm. Penny for picketing were withdrawn.

Moulton College Opens.  
Moulton College opened its 21st ses-  
sion yesterday morning at an ex-  
ceedingly interesting chapel service.  
Many of the parents and friends of  
the students were present and brief  
addresses were made by Rev. Prof.  
Glover, McMaster University; C. R.  
Sayer, Winnipeg, travelling secretary  
of Y.M.C.A. for western Canada, and  
Premier Rutherford of Alberta and  
others.

### Part-Lake Marine Plays

Continued From Page 1.  
worth about \$10,000, based on an  
exceedingly conservative estimate.  
If a Navy of Commerce  
It is the vessels of that fleet were  
to load at the head of the lakes and  
start together for the ports of Geo-  
rgian Bay, there would be afloat at  
that minute \$4000 bushels of wheat  
and yet so delicate and light that one  
hundred of them do not weigh one  
pound. He has, however, yet inven-  
ted a better one, which he is now  
Mr. Way wants every deaf person to  
come and see him while he is in To-  
ronto. He takes, however, no charge  
for his advice, and will state candidly  
whether he thinks his ear-drums will  
give any relief or not.

### Estimated Market Value of Fleet, \$9,465,000.

The above fleet is the basis of Cana-  
dian's hopes for the future in asserting  
the superiority of this country's great  
traffic route to the sea. It is about  
the only interest that is in being  
up to the country's needs. While the  
country cried aloud for more cars, the  
lakes were built, and at the head of  
the lakes awaiting cargoes.

**YORK COUNTY AND SUBURBS**

**MAGISTRATE ELLIS HAD HEAVY DOCKET**

**C.P.R. Strike Case Gives Rise to Conflict of Opinion—Odds and Ends in County.**

WEST TORONTO, Sept. 9.—Perhaps never in the history of this municipality has there been such a prolonged hearing in the police court as to-day when Robert Hill, a C.P.R. striker, was charged with assaulting Herbert Wells, a C.P.R. employe, on Wednesday evening, Sept. 2. A. J. Anderson appeared for the defence. T. L. Monahan looked after the interests of the crown.

After twenty-nine foolscap pages of evidence had been copied and fifteen witnesses examined, Police Magistrate Ellis dismissed the case, with a warning to the liberties of anyone, in store for them. Crown Attorney Monahan was not satisfied with the decision in the case, and both Wells and Hill bound over in \$100 security to appear before the grand jury.

Wm. Barrett of 21 Western-avenue, stonecutter, appeared on a charge of disorderly conduct brought against him by his wife. He was fined \$5 and suspended sentence, after being bound over in \$100 security to keep the peace for a year.

Hugh Hepworth, the infant son of Mrs. John Dempster, corner of Dundas and Alexander-streets, died to-day.

A quiet wedding took place last night at St. Mark's Episcopal Church, when Miss Mary M. (Deedee) Smyth was married to Wilfrid S. Savage. The bride was attired in a princess gown of mauve silk crepe de chine and was attended by her sister Naomi, who wore steel grey silk. The groom, supported by Hewton Smyth, brother-in-law, carried the bride to the altar. The best man was a pearl scarf pin. Mr. and Mrs. Savage will reside in Toronto.

The bride was one of the most popular and loveliest ladies in West Toronto, and the wedding gifts in slight measure testified to the respect and esteem in which the young couple are held.

**Going! Going! Young!**

This is what you'll hear in 111 West Dundas-street next Tuesday, when the "Walk-In Quick Lunch" will be sold by auction. It's right in the main thoroughfare.

**MARKHAM.**

**Outlook for Fair Was Never So Rosy**

MARKHAM, Sept. 9.—(Special.)—Everything points now to the greatest county fair ever held in Markham Village on October 7, 8, and 9.

The Secretary Archie Milne reports the entire success of the fair. A great success is bound to insure a great success. The number of special prizes nearly doubles last year. The grounds otherwise splendidly improved and taken all in all Markham Fair this year and record even its own past enviable record. James Malcolm is president.

**EAST TORONTO.**

**Odds and Ends of News Outside the City Limits.**

EAST TORONTO, Sept. 9.—The monthly meeting of the town council will be held on Monday next, when a number of matters of more or less public import will come up for discussion. Just as soon as the Mayor and Municipal Board fix the date for the next meeting, the matter of annexation, interest in this matter, which has been temporarily sidetracked, will be revived. It is considered a foregone conclusion that the municipality will grant the desire of the town, while no opposition, so far as is known, will develop.

The first annual exhibition of the East Toronto Agricultural Association will be held on Thanksgiving Day and the Saturday preceding. The show will take place in Aberdeen Park and valuable prizes will be offered for competition.

Ed. J. Bell, who recently received the appointment of secretary at the York Division of the Y.M.C.A., will not assume his duties until Oct. 1.

The bright, cosy little waiting and refreshment room recently erected by James Lomas, has become a well-known business men in the east end. The committee having in charge the improvement of the town roads, with Councillor Lynde as chairman, have practically completed the work for the year. While the amount at the disposal of the committee was not as large as desirable, much good work has been done.

The condition of the Kingston and Danforth-roads within the town limits during the present dry spell has left much to be desired in the way of sprinkling, but it is down thru Scarborough that travelers get a dose of a dust blizzard. On Sunday last past the Half-Way House and in fact every day, autos driven by reckless drivers running anywhere from twenty to thirty miles an hour, raise clouds of dust which is most annoying to residents living along the Danforth and Kingston-roads. It is urged by the people living out there, that the county police might make an effort to locate some of these drivers.

**RICHMOND HILL.**

Postmaster Teffy is Hale and Henry at Advanced Age.

RICHMOND HILL, Sept. 9.—Very heavy traffic on the railroads both ways thru this place showed how popular Labor Day has become.

Rev. J. Sim of Toronto preached at the Disciples' Church at Sherwood on Sunday morning.

A great crowd attended the Maitland, Toronto-Bradford lacrosse match at Newmarket on Saturday. The match provided a veritable slugging match.

The first meeting of Richmond Lodge, A.P. & A.M. met last evening and received and discussed the report of the grand lodge.

Armand Teffy of Chicago was seen on a visit to his parents, Mr. Teffy, Sr., our esteemed postmaster, shows astounding vigor for his advanced age.

**BOND LAKE.**

Interesting Gathering Pays Tribute to Mrs. Norman.

BOND LAKE, Sept. 9.—(Special.)—An interesting event held at the lake a few days ago, was the reunion of the Norman family on the occasion of the nineteenth birthday of Mrs. Hugh Norman. Together with twenty-two grandchildren, and twelve great-grandchildren,

and friends to the number of 400 were present. Dr. Norman of Toronto was chairman. Mrs. Norman is one of the oldest and most respected residents in Bond Lake, and bids fair for a number of years yet.

**NORTH TORONTO.**

**City Acknowledges Receipt and Will Give Conference.**

NORTH TORONTO, Sept. 9.—At the meeting of the Council Tuesday night a letter was read from the board of control, acknowledging receipt of an application for a conference with the board to annexation and promising application for a conference with the board.

Councillor Parks enquired if anything had been done with respect to getting a free postal delivery, to which Mr. Fisher replied that evidently nothing could be done in that respect till Deer Park was annexed to the city.

Messrs. Kamerer and Smith of Toronto appeared before the council, stating that they were compelled to apply near before Magistrate Ellis thru the violation of Chief Collins for alleged violation of the speed limit with their autos and that the magistrate had requested a view to dropping police proceedings. Council could not see their way clear to interfere and the magistrate must dispose of the cases.

Dr. J. A. Ampt, provincial analyst, reported that the town's water is in excellent condition.

Five bylaws were passed ordering construction of permanent sidewalks on three streets and the laying of two streets.

The general purpose money bylaw calls for payments of \$15,000.

The school board met last night to discuss the school for Biddenden Park. It was decided that Chairford Park, Le Cras school, Mr. Whaley's suitable lot and to report to the board at a special meeting next Monday evening.

Chief Collins will keep Police Magistrate Ellis busy for a couple of hours in-morrow (Thursday) afternoon. He is prosecuting two cases of excessive automobile speeding, two breaches of the service law and three of working horses which were in an unfit condition.

Be posted. Write for our booklet.

**PERFECTION HAS BEEN REACHED IN THE ART OF BREWING IN ENGLAND. WHO HAS NOT HEARD OF THE FAMOUS "BROWN OCTOBER ALE" OF THE OLD LAND?**

In Canada it has its prototype in "EAST KENT" ale—the ale with the "HOPPY" taste—brewed in the good old-fashioned English way by two generations of the Holiday family.

"EAST KENT" is the same to-day as it was when first brewed. The malt and hops are now as they were then—the very finest that can be procured, and the water flows icy cold from a deep, clear spring direct to the old brewery, absolutely uncontaminated by impurities.

The result of all this is that when "EAST KENT" reaches you it is sparkling and foamingly delicious. Its purity is vouched for by an eminent analyst.

A trial order will convince you of "EAST KENT" ale's excellence.

**BOTTLED BY T. H. GEORGE, 709 Yonge Street.**

At First-class Stores and Hotels.

**THE "SOVEREIGN" HOT WATER BOILER**

You may count on the "SOVEREIGN" Hot Water Boiler saving one ton on every five of what has hitherto been the amount of coal you usually burn each winter.

The "Sovereign" is the original boiler with the larger first section. While this feature is imitated, the "Sovereign" still has 19 points of individual merit, each contributing to improve the service and reduce coal consumption.

Be posted. Write for our booklet.

Doing Business in the New Store Before Christmas.

As far as our present facilities go—and they have been inadequate for the extraordinary growth of this business, we confess—but insofar as they go we lay them at the disposal of the visitors within the city's gates.

We have a fine store here—as things went in Canada five years ago. And it is a fine store yet. But already our vision has been enlarged to the store which shall be. To us, our once great building seems small in comparison to the development of our city, our province and our country. We know it is small from the huge increase that has taken place in the volume of our business. Before Christmas—how much before delays and disappointments already experienced warn us not to promise—but before Christmas we shall be doing business in part of the new store, and we are now day and night pushing to completion a building on the corner of Queen and Yonge that will do our city justice. Few stores on the Continent of America will equal it. It will be the largest steel structure of its kind in the British Empire. For completeness, compactness and beauty it will stand alone in Canada. Meantime, consider this store, as it stands, your downtown headquarters.

To-morrow is Bargain Day, and we advise **EARLY SHOPPING.**

**MANY AUTOMOBILE BUYERS.**

1800 Touring Cars at \$2000 Sell Well at Exhibition.

A visitor who placed his order yesterday at the exhibition automobile show observed that it was the first time he had found a touring car to suit him at the price he was willing to pay—\$2000.

The low-cost cars are proving to be a very successful feature of the show this year. This order being one of many reported during the past two weeks.

There has been a good deal of talk "in the air" among motor enthusiasts in Toronto and throughout Canada, as to what 1909 would be able to show in a \$2000 touring car.

The particular car referred to, and for which many other orders have been taken, has a four-cylinder 24 h.p. vertical engine, 32-inch wheels and 104-inch wheel base. It is claimed to be exceptionally comfortable, and looks it. It has features usually expected in high cost machines—for example, the same bearings, shaft drive and selective transmission, the same nickel steel alloys thruout the driving mechanism, and, apparently, the same quality of upholstery and general workmanship found in the more expensive models of the same make—the Russell.

The car's makers, the Canada Cycle & Motor Co., Limited, express the belief that in view of the demand already indicated this \$2000 five-passenger car will prove one of their most successful 1909 models.

Patrick Glynn, who cut his throat with a potato knife a few days ago at the home of David Ross, West Zoro, is dead.

**STEEL PLANT OPENING.**

Will Be Ready for Business on Monday Next.

SOO, Ont., Sept. 9.—(Special.)—At a meeting of the officials of the Algoma Steel Co. to-day, it was decided to open the steel plant Sept. 15 instead of Oct. 1, as formerly announced.

It is said several rush orders for rails have been received, including some 15,000 tons for the transcontinental.

**PIONEER OF ONTARIO.**

James Weldon, father of Thomas A. Weldon of the E. H. Eddy Co., is in the city for a few days. Mr. Weldon is 86 years of age, but as lively as a cricket. His father lived to be 100 years old and Mr. Weldon bids fair to beat that record. He is a pioneer of Ontario and Durham Counties, but for the past few years has been residing in St. Thomas.

**Section Man Killed.**

NORTH BAY, Sept. 9.—(Special.)—Parent, sectionman, of Wahnapitae, was killed by the Soo express while on a track velocipede. He leaves a wife and family. The body was taken to Quebec for burial.

The strike situation is quiet here. Two strikers reported for work this week, a coppersmith and a blacksmith.

**Charged With Trying to Kill Sultan.**

CONSTANTINOPLE, Sept. 9.—A man named Silvio Ricci was taken into custody here to-day, accused of being responsible for the attempt to assassinate the sultan of Turkey July 21, 1906, when a bomb was exploded.

**MOUNTAIN STOPPED SPOUTING**

Following Slight Earthquake on Island of Hawaii.

HONOLULU, Sept. 8.—Following a slight earthquake which occurred on the Island of Hawaii last Friday, the volcano Kilauea, fell from its usual level a distance of 700 feet in a few hours. A second shock occurred Saturday, and following this the lava began to rise again. At the present time it has risen 400 feet, or to within 300 feet of its original level, and is still rising.

**Grand Jury Findings.**

The only true bills brought in by the sessions grand jury yesterday were those against James P. Sherrin and Fred Schuwalb for criminal negligence in running a launch at the Humber River in July last, and against James Byles for theft from H. J. T. Ward-law on May 22 last.

**TOWNSHIP OF YORK**

Notice is hereby given that a bylaw of the Corporation of the Township of York passed on the 5th day of August, A.D. 1908, providing for the issue of debentures to the amount of thirty thousand dollars (\$30,000), for the purpose of enabling the Board of Public School Trustees of School Section No. 2, in the Township of York, to purchase land and build an additional school house in said section, and that said bylaw was registered in the Registry Office of the County of York on the 6th day of August, A.D. 1908.

Any motion to vary or set aside the same, or any part thereof, must be made within three months after the first publication of this notice, and cannot be made thereafter.

Dated, and first published, this 7th day of August, 1908.

W. A. CLARKE,  
Clerk of York Township.
