MADE ELOQUENT APPEAL TO MEN

Rev. Wellington Camp The Speaker in The Every Day Club Hall Last Evening.

An impressive and eloquent appeal to men was made by Rev. W. Camp, in the Every Day Club hall last evening. Basing his remarks upon a famous admonition of Paul, he set forth four elements of manhood, such as they would help men to be men must possess.

He made a strong plea for the boys and girls whose playground is the street, and urged his hearers to be sympathetic and kind in their treatment of the wayward ones. His whole address was an appeal for the development of the highest manhood and the true spirit of helpful service.

NEWS FROM FREDERICTON

Report Now is That Accounts of Late W. P. Fiewelling Were \$20,000 Short-- Warm Weather Yesterday.

Fredericton, N. B., June 7.—A genuine hot wave struck the city today, the thermometer registering 87 in the shade. Fortunately a stiff breeze prevailed, the greater part of the day, making the heat less oppressive than it otherwise would have been.

A team representing the Fredericton Rifle Club, scored 751 in the first match of the Canadian Rifle League series here yesterday. Sergt. Farnsworth, of Royal Regiment led the team with a score of 91.

Fredericton, June 7.—Last night's Gleaser says:— "It is learned that in the special audit of the books of the late W. P. Fiewelling, deputy surveyor general, the shortage so far discovered runs up to \$20,000, instead of \$12,000 as previously stated.

"It is understood that some three or four years ago, shortly after the general elections of 1903, a shortage of about \$15,000 developed and while the books are so arranged as to make it appear that this shortage was fixed up in some way or other, there is nothing to show how it was fixed up, if it ever was; in fact there is nothing to show whether it ever was actually straightened out.

So far as the guarantee company is concerned, it is stated on the street, that the company claim to be responsible for the shortage which occurred during the last year, on the grounds that when the guarantee was last renewed it was represented to them that everything was all right and there did not then exist any shortage.

"It is understood that the special auditor, Mr. R. S. Miller, C. A., of Montreal, who has been engaged on the work for some time, will make a report to the Surveyor General and the government within the course of a few days.

Rev. H. R. Boyer, has resigned the pastorate of the United Baptist church, at Gibson. His resignation will take effect at the first of September after which he will continue his theological studies at the Newton Theological Seminary, at Newton, Mass.

REV. DR. HEARTZ HERE

Rev. Dr. W. H. Hertz, president of the Nova Scotia Methodist conference, preached twice in the city yesterday. In the morning, in Exmouth Street Church, Dr. Hertz spoke from the text, "My God shall supply all your need according to His riches in glory by Christ Jesus," Philippians iv. 19.

In Zion Church in the evening he took the words, "Jesus in the midst" as the subject of his discourse, and dwelt upon the four passages in the New Testament in which the words occur. Dr. Hertz referred to the occasion in St. Matthew where Christ is represented as in the midst of the doctors, in St. John to the account of the crucifixion where it is written "They crucified Him and two others with Him, on either side, and Jesus in the midst;" and in the same gospel where Jesus is quoted as saying "Wherever two or three are gathered together there am I in the midst;" and in Revelations where, in the fifth chapter, the words occur "In the midst of the throne stood a Lamb as it had been slain."

Dr. Hertz was supplying for Rev. James Crisp, who has been called to St. Stephen by the illness of his brother, Rev. S. Crisp.

SONS OF ENGLAND PARADE TO CHURCH

Favored by fine weather the members of the local lodges of the Sons of England paraded to church yesterday morning, 200 strong, led by the band of the 62nd Regiment.

The parade started from the meeting room of Exmouth Street, No. 248, in Orange Hall, Simons street and marched by way of Main, Mill, Dock, King and Queen streets to Queen Square, Sydney and Union streets Old Fellows Hall, the meeting room of Marlborough Lodge, No. 207, where the members dispersed.

Following the band was borne the handsome new silken banner of Portland Lodge, heading the representatives from that lodge. District Deputy L. A. B. B. In his sermon, Rev. Mr. Mitz welcomed the Sons of England on behalf of the church and spoke of the honor he felt had been conferred on him and the church.

His subject he announced would be some qualities of citizenship and he took as his text the words: "Quit you like men, be strong." These words, he said, were used as a slogan by the ancient Philistines in their raids on the Israelites. They were also adopted as a motto by the Spartans and the heroes of ancient Greece, as well as the conquerors who came forth from imperial Rome.

In the present day, the motto was also followed. It was a day of strong men. There were some qualities which were necessary for the true citizenship. The speaker enumerated as the qualities, purpose, principle, purity and patriotism, he enlarged upon the necessity for each. He also touched upon the responsibility of the Sons of England as residents of the great country of Canada and sons of a greater empire, to act in the best interest of the nation.

At a meeting of the St. John district Orange Lodge on Saturday evening an invitation from Westmorland county lodge to join with them in a celebration at Pettedale on July 11 was read. After discussion the matter was left to a committee to make enquiries and report at a meeting to be held soon.

ANNUAL MEETING OF BAPTIST DISTRICT

Sessions Were Held on Sunday in Fairville--The Reports for the Year.

The annual meeting of the seventh district United Baptist churches opened in Fairville Baptist church on Saturday afternoon and continued throughout yesterday. There were many helpful addresses and the delegates, though not large in number, will carry back to their churches much that will be of profit.

The first meeting was a purely business one and committees were appointed and reports read. Rev. M. E. Fletcher, president of the district, presided. The reports were presented by the delegates and, in the absence of any delegate, by D. C. Clark, clerk-treasurer. There are twenty-eight churches in the district and twenty-three were heard from. The total membership was given at 2,462. During the year ninety-four were added to the church roll and 229 were dropped for various reasons, leaving a net decrease of 115. The total value of churches was reported to be \$68,400; of parsonages, \$13,150.

The number of ministers was given as ten ordained and one licentiate. To these a total of 47,290 were paid. The amount expended for improvements on churches was \$6,670 and for denominational and charitable purposes, \$790. The Sunday schools and other auxiliaries raised \$2,200. The total amount raised for all purposes was \$15,770.

Twenty Sunday schools were reported in the district with a total enrollment of 1,710 and an average attendance of 1,063. During the year 44 joined the church from the Sunday schools. The amount of \$886 was raised by the schools alone.

There was a large attendance at the public foreign mission meeting on Saturday evening under the auspices of the Women's United Baptist Foreign Mission Society. Addresses were given by Rev. Wellington Camp, president of the Baptist Foreign Mission Board, Rev. E. W. Kelly and Miss Gerow, resident missionaries.

Mr. Camp told first of the work carried on by the women and their system of supporting missionaries in the field. He then told of the essentials for successful missionary work. He said that there were three pillars upon which true missionary work must rest. These were the spirit of the gospel, the power of the gospel and the sense of the obligation to give the message of salvation to the heathen world. The spirit of the gospel, he said, was the third pillar, which was one of the grand characteristics of Christ.

Rev. E. W. Kelly told of his work in Burma and of the progress of the mission there. He said that in that province of British India alone there were now 90,000 Christians. In 1912, Rev. A. J. Simons, entered Burma as the first missionary and a great harvest had been sown.

Miss Gerow also told in an interesting way of her life in India and of the need for greater effort and more missionaries.

The Sunday services opened with prayer and confession by Rev. Frank E. Bishop of the Fairville church, and in which all present took part. The annual sermon preached by Rev. W. C. Goucher was a brilliant effort and was listened to by a large number. Rev. Mr. Goucher took as his text the words "Blessed are the pure hearts, they shall see God," from Matt. 5:8. His subject was "Seeing God" and he told of the necessity of having a vision of God, the importance of keeping a pure heart.

In the afternoon the delegates met with the Sunday school of the church and after the lesson study, an admirable address was given by J. N. Harvey, superintendent of the adult Bible class department of the church. He spoke of the growth of the Sunday school and spoke of its great importance. He also made a strong plea for the recognition and maintenance of a strong adult Bible class department in the Sunday school of today.

A home mission meeting was held in the evening, and the auditorium of the church was crowded. Rev. M. E. Fletcher presided and introduced the speakers, Rev. Dr. W. E. McIntyre and T. S. Simons.

Rev. Dr. McIntyre devoted his address to a review of the needs of the home mission field. He spoke of the large number of unfilled pastorates and fields and of the inability to fill them with good men. He reported that twenty student preachers had been assigned churches for the summer months throughout the province. The speaker also touched upon the new problems confronting home missions, mentioning the G.T.P. construction camps as a field for effort.

Mr. Simons, in the course of a concise address, outlined the conception, object and growth of the Laymen's Missionary movement, and explained what had already been accomplished in this movement.

Last evening the preachers attending the district meeting were invited to occupy pulpits in the city as follows: Rev. E. B. Buchanan, of St. George, Fairville Methodist church.

Rev. A. T. Brown, of Grand Manan, Lonsdale street Baptist church.

Rev. W. L. Archibald, Acadia College Tabernacle church.

THE FIRST HALF HOLIDAY

Brilliant summer weather prevailed on Saturday and employees of the hardware firms in the city had the benefit of an ideal day to celebrate the first half holiday of the season. The blacksmiths' shops also observed the half holiday and closed at noon. Business houses in a number of other lines will probably fall into line next month.

Wilson for \$13,900, to satisfy a mortgage of \$2,500 held by William Crawford. The property, formerly known as the Willis Woolen Mills, was purchased some years ago by Messrs. Sharp & MacMackin and other parties for about \$5,000. Mr. Wilson is understood to have been acting for a client. It is rumored that the property will be resold. The power boat Hobo, owned by J. J. Morrison, was sold by Auctioneer T. Y. Lantalam for \$165. Five shares of Bank of New Brunswick stock realized 16 1/4 a share.

REV. H. G. KENNEDY WILL NOT COME TO ST. JOHN

Sussex Pastor Declines Call To The Ludlow St. Baptist Church.

Sussex, N. B., June 7.—Alfreda Andrews, wife of John L. Andrews, died this evening at 4 o'clock at her late home, Park street, of cancer of the stomach. A husband and five children survive. The funeral will take place on Tuesday morning at 10 o'clock, interment at Kirkhill Cemetery, Rev. Frank Baird officiating.

Mrs. Andrews was twice married, her former husband being a Mr. Duncan, engineer on the Central Railway, who was killed a few years ago by his engine going through a bridge.

Miss Snider, a sister of Mrs. Harry Parlee, of Smith's Creek, was stricken this evening at 7 o'clock, with a severe paralytic stroke, and the doctors hold out little hope for her recovery.

Andrew Aiton, who has been seriously ill of pneumonia, for the past two weeks, is now reported out of danger.

Rev. I. N. Parker, pastor of Main street Baptist church, who received a call from the Ludlow street church, St. John, a few weeks ago, notified his congregation this evening that he had decided not to accept the call to St. John. A meeting of the congregation was held on Wednesday evening and a strong resolution was passed asking Mr. Kennedy not to leave.

ALDERMEN BUYING SANDY POINT LOTS

At Chubb's Corner, on Saturday, Auctioneer Frank L. Potts sold eighteen out of twenty-two building lots on the Sandy Point road near the Isolation hospital, which was offered for sale by the municipality. The sum realized was \$1182, which is regarded as very satisfactory by members of the building committee. The prices realized from \$49 to \$85, according to location. The buyers were: P. McCarr, lots 2 and 3; E. Bates, lots 4 and 5; Ald. H. H. Pickett, lots 6 and 7; Ald. J. King Kelley, lots 8 and 9; John A. Davidson, lots 10 and 11; W. & K. Pederson, lots 12 to 16; Ald. McGoldrick, lots 17 to 19.

No. 1 on the plan was a two acre lot adjoining the old deaf and dumb institution, and failed to reach the reserve price of \$100. Three other lots also failed to attract buyers.

The property owned by the municipality consists of several hundred acres with a house and barns and cost about \$5,000. The lots sold on Saturday are desirable for residential purposes and the prices realized appear to indicate that land in the neighborhood of the city is increasing in value. It is thought that there will be no difficulty in disposing of the lots which remained unsold.

Final examinations for license, including grammar, superior, first and second class, will be held in St. John in the hall of the Centennial School, Brussels street, beginning at 9 o'clock next Tuesday morning. Inspector Carter is presiding examiner.

Rev. W. B. Westgate occupied the pulpit in St. Paul's (Valley) church at the morning service yesterday, and preached an eloquent sermon on missionary work in German East Africa.

OBITUARY

William J. Conway

William J. Conway died on Saturday at his sister's summer home in Brookville, where he had been staying during the last two weeks. He was twenty-two years of age and had been ill for some years with heart trouble, which was the cause of his death.

Mr. Conway was the son of Mr. and Mrs. William J. Conway of Cony Hill, Boston, formerly well known residents of this city. For a number of years Mr. Conway Senr., carried on a meat business here, and later kept the Windermeres hotel in North End and still later conducted a hotel in Prince William street. About fourteen years ago the family removed to Boston. One daughter is the wife of Dr. Luther J. Sheppard of Boston, and it was at their summer home in Brookville that the young man died on Saturday. His mother and other members of the family were with him when the end came. Besides father and mother, he is survived by three brothers and three sisters. The funeral will be held from Brookville at 2:30 o'clock this afternoon.

Cut in Steel Bars and Sale of Union Pacific Bonds  
--The Bonded Indebtedness During Last Week--

New York, June 6, '08.—The week has not been lacking in events of importance affecting the financial situation. The cut in steel bars was one of these, and that it was a wise move is shown by the trade report that the cut has already been followed by large activity in the trade, with manufacturers of agricultural implements especially coming into the market with big orders. It is expected that the building trade will also feel the stimulus of lower prices. The announcement finally of the sale of \$50,000,000 of Union Pacific bonds to a syndicate partly made up of important foreign bankers, at favorable rates, was perhaps the incident of most interest. Railroad use of money in equipments, improvements and extensions will give the greatest impetus to trade everywhere, and the good effects of the Union Pacific's spendings in these directions will soon begin to be felt. The reduction in the German Bank rate as at last announced. This probably means the ending of the currency war between the United States and Germany, and the deposit market is affected by the new currency law, as it bears obscurely on whether or not the banks are to pay interest on deposits which they already have, or only on new deposits. The interpretation of the law bears also on the money situation as it is affected by the volume of circulation. Banks may take out the emergency circulation only when they have 40 per cent. of their capital in gold, but the aggregate figures of all the national banks in the United States show more like New York banks have not nearly this percentage of gold than 40 per cent. thus taken out at present, in large centers notes, and consequently, to get emergency circulation in the large cities where, after all, it is most likely to be needed, a large amount of bond-secured circulation would first have to be taken out. This is only one of the complications to be unraveled in the result of an important revision of the currency system of the country, embodied in a law which actually had careful consideration for one whole night. We read in the papers that the "people" are very happy because a new currency law has been passed. The people are easily satisfied, but after all, it is like giving a hungry man a picture of an apple.

In a certain public school is a little girl who is well up in most of her studies, but she has an inveterate dislike for geography, and it seems impossible to teach the study to her. The other day her teacher, made impatient, sent to her mother a note requesting her to see that the girl studied her lesson. The next day she showed no improvement, however.

"And did your mother read the note, 'Road'?" said the teacher.  
"Yes, ma'am," was the reply.  
"What did she say?"  
"My mother said she didn't know geography, an' she got married, an' she got married, an' she got married, an' she got married, an' she got married."

**ROCKWOOD PARK.**  
Band concert at Rockwood Park to-night. Shoot-the-chutes, Merry-go-round, Ferris wheel, Swings, Boats and Canoes, all going full blast.  
**A GENTLE HINT.**  
Uredale Price ones chose to stay so long at my house (said Samuel Rogers in his "Talk") that I began to think he would never go away, so one day I ingeniously told him:  
"You must not leave me before the end of the week; if you insist on going after that, you may, but certainly not before."  
And at the end of the week he did go.

At White's Restaurant, King street, to-night. Orchestral concert for benefit of patrons. Great musical treat in store for those who patronize this well-known establishment.

**LAIDLAW & CO.'S LETTER.**  
New York, June 8.—Last week apparently witnessed the passing of the U. S. financing as a factor in the immediate stock market and the substitution of more normal influences upon speculative operations. As a result the market internally narrowed and became largely a creature of the whims of floor traders. No news of vital bearing has developed over the week end to change this situation and the market appears to be in a state of transition between the governing factors of last month and the development of other considerations based on the business and political situations. There is now less uncertainty as to the outcome of the republican convention than there was a week ago and the favorable progress of the cereal crops has augmented the confidence beginning to be felt in a gradual improvement in general business conditions.

Canadian Trials Held on Saturday—Records Broken in the American Meet.

Montreal, June 7.—(Special.)—The finals to decide who shall represent Canada in the track and field events at the Olympic games in London were run off here Saturday. One event, the hop, step and jump was captured by a Maritime Province man, J. L. McDonald, of New Glasgow, who also won second in the running high jump, and Ross of the Halifax Wanderers was only beaten by the smallest of margins in the 800 metres by Budde of the Montreal crack.

Kerr, of Hamilton, already considered the fastest man in Canada, defeated Lukeman, the Montreal crack, in both short sprints.

The feature of the meet was the broad jump of Bricker, who made an exhibition leap of 28 feet 3 1/2 inches after he won the event with 22 1/2. Summary:

100 metres—1st heat: Lukeman, M.A.A.A., A. first; Beland, Quebec, second; Kyle, Toronto, third. Time—11 2/5 secs.

and J. A. Rector of the University of Virginia, who is reported to have sprinted 100 yards in 9 2/5 seconds this season, equalled the 100 metres record of 9 4/5 seconds in winning the first trial heat in that event.

The greatest interest was taken in the hundred metres race because of the many fast men entered. D. J. Miloy, of Spokane, who holds the world's record of 9 3/4 for the 100 yard dash did not run because of a lame leg. Rector, New Jersey; Cartmell, of the University of Pennsylvania; the intercollegiate 100 and 200 yards champion, and Lawson Robertson, of the Irish A. C., qualified without trouble. The failure of F. M. Ramsdell, of the University of Texas, who is said to have done the 100 yards in 9 4/5 was a surprise. In the final heat Rector was so fatigued that he made a false start and was set back a yard. Lawson was off like a flash and Cartmell was slow to get away. It was no one's race almost to the tape but Robertson, by a great effort managed to finish in front, with Rector second and Cartmell third. There was no delight between the three. J. B. Taylor, the negro runner, of the University of Pennsylvania and intercollegiate champion quarter-mile and runner won in the 400 metres easily and F. Bellars, of the N. Y. A. C., captured the five mile event. The American Olympic team will be selected Tuesday night.

St. Peter's, St. Rose's and Portland's Wear Scalps—Scores All Close With Lots of Excitement.

St. Peter's St. Joseph's 7, St. Rose's 6, St. John the Baptist 4, Portland Y. M. A. 6, Exmouth Y. M. A. 5. These scores give the results of the three games in the two senior city leagues on Saturday, and some idea of the closeness of the games can be gained from a glance at the scores. There was abundance of good work at each game and the teams seem to be steadying down to real baseball. On the whole the games were fast, clean contests and the spectators were satisfied.

Portland's Defeat Exmouth Y. M. A.

The St. John baseball league game on the Victoria grounds was witnessed by a fair crowd. The supporters of the North End team were out in force, and there was great rejoicing when the Portlanders won in the ninth. Jordan was in the box for the winners and pitched his usual steady game. Lea was very consistent behind the bat, and Crosby fielded and batted well. Carson's drive out three safe ones to centre field and made a runner out of the Exmouth Y. M. A., and was effective at times. Case made several errors on first base.

Each team scored in the first inning. Exmouth Street making it two to one. In the third, Jordan was in the box for the winners and pitched his usual steady game. Lea was very consistent behind the bat, and Crosby fielded and batted well. Carson's drive out three safe ones to centre field and made a runner out of the Exmouth Y. M. A., and was effective at times. Case made several errors on first base.

The score by innings was:

St. Peter's Again Victors.

If the first three innings had been omitted the afternoon contest on the Shamrock grounds would have been a rather close contest. St. Peter's made seven of their eight scores in these innings, and St. Joseph's tallied three runs. Murphy, a young pitcher who has been in the St. Peter's line-up since the first game, was in the box for St. Peter's, but was suffering from a sore arm and made a runner out of the Exmouth Y. M. A. in the first inning. The Exmouth Y. M. A. scored only once in the last six innings. The fielding also took a better turn and when the game ended the St. Peter's supporters heaved a sigh of relief, getting a base on base. St. Joseph's made a start and Joyce brought two men home with a bagger. Four men crossed the plate in this inning, but they were no more scoring.

The teams were:

St. Peter's	Catcher	St. Joseph's
Rogers	Catcher	Daley
Howe	Pitcher	Murphy, Donovan

St. Rose's Win from South Enders.

The evening game between St. Rose's and St. John the Baptist, was the best of the day. Six innings were played and the game was a snappy one from the start. Quigg pitched his first game of the season for St. Rose's and showed up well, striking out six men and allowing but three hits. Tregan opened the game by getting a base on base. He went to third on an overthrow and scored after Melaney had made a nice catch of Conboy's fly. Murphy and McNellie added four more. Captain Harris drove out a two bagger to left field, after two strikes had been called, and came home on a bunt throw to second. Hargraves scored on an overthrow and Cregan scored on an overthrow from O'Keefe to Keenan. McDermott followed after Conboy had been hit by the pitcher. McNellie tied out.

In the fourth inning Melaney was safe on first, stole second and scored on Murphy's fumble of Keenan's grounder.

In the fifth inning Harris and McNellie fanned, and Murphy tied out quickly. The St. Rose's won the game in the sixth and last innings when three men came home in quick succession. Kelly drove out a two bagger and Keenan followed. An error allowed Keenan to score, and the game ended.

The teams were:

St. Rose's	St. John the Baptist	
J. O'Toole	Catcher	McNellie
Quigg	Pitcher	Bent

**WIND TOO STRONG FOR RIFLEMEN**

What Was Done at the Range Saturday.

The 2nd Regiment Rifle Club held a spoon match on the range on Saturday afternoon and also shot their scores in the Canadian Military Rifle League Competition. There was a strong wind blowing and this kept the scores below the average.

City Rifle Club.

The St. John City Rifle Club shot their first league match on Saturday afternoon. The competition was large. The tricky wind made scores low. A GREAT MAN GONE.

(Toronto News.)

The death of Sir Robert Reid removes one of the industrial giants of the age and continent. Anyone who has crossed the rugged interior of Newfoundland and the well-built narrow-gauge railway which he hung across the island, or who has threaded the picturesque fjords of its rock bound coasts in one of his Clyde built steamers, can appreciate something of the genius of the man, who, single-handed equipped the Ancient Colony with transportation facilities. He brought remote fishing settlements into touch with the outside world, and did much to deliver the country from financial depression, and to set its feet on the road to prosperity. By way of compensation he was deeded control of about one-sixth of the whole area of the island, including forest and mineral lands. His career constituted a remarkable example of the ability of the transplanted Scot to stamp the imprint of his genius on undeveloped wilds of the new world.

Several members of the Congregational church here will leave this evening for Montreal as delegates to the Congregational Union of Canada, which will meet in Montreal on Wednesday next and be in session until Monday. There will be a number of delegates from the Maritime provinces. Those from this city will be Rev. S. W. Anthony, C. E. Macmichael and Mr. and Mrs. J. W. Frewelling.

This will be the first meeting attended by delegates from the Maritime provinces. The sessions will be held in the Emmanuel church, a new building of the denomination, dedicated last year. Important matters to come up for discussion include the subject of church union.

Philadelphia, June 6.—Judging by the form shown by the candidates for the American team at the try-outs on Franklin Field this afternoon, the world's athletes who will meet in London next month will have to perform wonderful deeds if they expect to be crowned with the laurel wreath at the great Olympic games.

Practically the pick of the eastern athletes were entered in the twenty events on the programme today and before the last event had come to an end two world's records were smashed, six records at the Olympic games at Athens, Paris and St. Louis were broken and one Olympic record was equalled. Besides this, all but one of the other records were approached by inches or seconds.

The world's records to go were pole vault and the free style discus throwing. A. C. Gilbert, of Yale, set the new world's figures for the pole vault at 12 feet 7 1/2 inches, a remarkable performance. The former world's figures were 12 feet 6 1/2 inches and the Olympic record 11 feet 8 inches. W. R. Dray, of Yale, who held the world's record, and F. S. Nelson, also of Yale, tied for second place at 12 feet 2 1/2 inches.

A. E. Darborn, of N. Y. A. C., with a show of 159 feet 11 inches, and H. J. Sheridan of the Irish A. A. C. of New York, with a heave of 138 feet 6 1/2 inches are the men who broke the world's free style discus record of 138 feet 1 1/2 inches. Also broke the Olympic record at 115 feet 3 inches for the discus throw, Greek style.

M. U. Shephard, of the Irish A. A. C., clipped two seconds off the Olympic record of 1:58 for the 800 metres race; H. L. Hillman, N. Y. A. C., established new figures for the 300 metres three-foot hurdle race; J. P. Halsehead, of Cornell, the intercollegiate mile champion, cut the 1:00 metres record from 4:05 2/5 to 4:05 1/5.

St. Peter's Again Victors.

If the first three innings had been omitted the afternoon contest on the Shamrock grounds would have been a rather close contest. CHIEF THING THEY LEARN THERE.

Hix—That fellow who was just talking seems well informed on the subject of sports—speering editor of some paper, I reckon.

Dix—No—he's just left college.

And then the chairman of the meeting arose and announced to the large and intelligent audience:

"The next essay will be Miss Minnie Davis."

There was much hand-clapping to give Miss Minnie welcome, but three minutes passed and she did not appear. At length the chairman arose to say:

"Just a moment, and Miss Davis will be with us."

The "just a moment" lengthened into three or four, and the audience had become clamorous, when the chairman put himself in evidence again and remarked:

"It appears that Miss Davis has left the hall."

(Murmurs of astonishment.)

"It appears that she did not go home."

(Further murmurs.)

"It does not appear that she lost her nerve."

(An expectant silence on the part of the large and intelligent, with chances five to one that the chairman was going to make an explanation that would clear up the mystery.)

"In leaving the hall, however, she left her essay behind."

(Cries of "Read it! Read it!")

"And for your edification I will now read the same, as follows:

"Ladies and Gentlemen—From the time of Confucius down to 7 o'clock this evening it has been deemed the duty of every good-looking girl to marry if she had a chance. I have a chance. He's just too sweet for anything. He is waiting in a carriage in the alley back of the hall. I go to sleep. No more at present, except that we shall be married within half an hour, and I wish you the same."

The applause lasted ten minutes. Then, when the chairman could make himself heard, he said:

"I have consulted with the committee and we are unanimous in awarding the first prize to Miss Minnie Davis."

Henpeck—Come in, my friend, and witness a conjugal idyl. My wife is just getting a lock of my hair to wear in her locket.

A MIGHTY MEAN MAN

There were nine men among the passengers in the street car—nine men that wore Panama hats. The nine were looking proudly around and congratulating themselves when the mighty mean man got aboard. There was a vacant seat for him, but he did not take it. Instead he stood up and hung to a strap and looked at those nine men—looked at their hats. In a minute he made them uncomfortable. In two he had them hitching around. At the end of the third one of the nine observed:

"You seem interested in my hat, Sir?"

"Yes."

"But about what, sir—about what?"

"Yes, about what?" demanded the other eight.

"About those hats—those Panama hats—ha! ha! ha!"

"Panama hats! Oh, it is to laugh—ha! ha! ha!"

Then the mighty mean man slapped his leg and roared again, and he turned red and seemed about to have a stroke of apoplexy, when the conductor led him to the door and dropped him off. The nine Panamas followed him, and their leader said:

"I must insist on knowing, sir, why you laugh at my hat."

"And at ours," chorused the rest.

"Why—why, I am from Danbury."

NO AUTOS IN BERMUDA.

New York, June 8.—Official news has been received here from Hamilton, Bermuda, that the bill prohibiting the use of automobiles in that island, to be enforced indefinitely, has passed both houses of the legislature, and on May 11 received the signature of the governor and became a law. The passage of this act is the result of agitation against automobiles, which led to a petition being presented to the governor in February by many residents and visitors in Bermuda. There has been for a long time strong feelings of dislike against motor cars being permitted to run on the island, but as the permission had previously been formally granted by law, a special enactment was necessary to prohibit them.

That made-to-order appearance is always apparent in our high quality socks suits at \$10.75, \$13.75 and \$16.75. C. B. Pidgeon, corner Main and Bridge streets.

JUMPED INTO THE REVERSING FALLS

Thomas Edwards, Patient in Provincial Hospital Made Determined Attempt on His Life.

Thomas Edwards a patient at the Provincial Hospital for Nervous Diseases attempted to end his life by leaping into the river from West Head Cliff, below the reversing falls, about five o'clock Saturday afternoon and would have succeeded, had it not been for Bryon Croft, a West End fisherman, who pulled him from the water and handed him over to the hospital authorities.

In the morning Edwards has been in the Provincial Hospital he has made three attempts to end his life. On Saturday, he was walking in the yard with other patients and when they were returning it was found that Edwards was missing and could not be located until two men brought him to the gate. Bryon and Walter Croft were fishing below the bridge, when they heard someone shout "There's a man in the water." Croft immediately rowed in the direction indicated by the man on the bridge. At first he could see nobody in the water, but soon noticed the top of the drowning man's head, and seizing his coat tail pulled him into the boat. During the last few years Mr. Croft has saved no less than five men from watery graves.

KEEN INTEREST IN SPORTS ON THE 27th

Every Day Club Meet on Victoria Grounds Should Be Best For Some Time.

The Every Day Club sports on the Victoria grounds on the 27th are creating a lot of interest. Since the club's former season was attended with such a measure of success the coming event promises to eclipse anything of its kind held here in a long while. All of the clubs that took part before, the Algonquins, Portland Y. M. A., St. Peter's and Maristons, Day and Every Day Club's own teams, will be well represented; and probably other organizations will also have representation.

As the previous sports were the first of the season not much was expected in the way of records, but it is certain now that the winners in all the events will have to exert themselves to the utmost to get places.

Cover the fast western sprinter and Bovaard will be there for the sprints; the former will run under the colors of the Every Day Club and Bovaard will wear the colors of the Portland Y. M. A. Stubbe, Sterling, Giggey and Merritt and all the other fast ones will be among the starters so that there should be something doing. The following is the list of events: 100 yards dash, 220 yards dash, 440 yards dash, 880 yards and 1 and 2 miles runs, 1 mile relay race (4 men to team) 100 yards dash, boys 17 years and under, 880 yards dash boys 17 years and under, 100 yards dash, boys 14 years and under, 440 yards dash, boys 14 years and under, high jump, pole vault, broad jump, hop, and jump putting the shot. Entries close on Wednesday the 24th and should be addressed, P. O. Box, 24.

SHOWER BATHS IN THE CITY SCHOOLS

School Board Tonight Will Consider Proposition From Miss Mabel Peters.

The regular monthly meeting of the school board will be held this evening. Among the matters likely to be brought under discussion will be a proposal made by Miss Mabel Peters to install shower baths in the public schools. Miss Peters explained the project to Mayor Bullock, who is a member of the board, this morning, and left with him a plan showing how the scheme could be worked out. The proposal is that when children attend school who are apparently in need of a bath, they would be sent to the bath house and have the surplus dirt removed.
