See Appendix D.

The Synod then adjourned until 3 p.m.

Afternoon Session.

The Synod met at 3 p.m.

The Rev. C. Forest presented the Report of the Mission Board.—See Appendix E.

NOTICES OF MOTIONS.

By Rev. J. A. Morris.

That the leave of the Synod be given to the Incumbent of Ameliasburg and Churchwardens of St. John's Church, Carrying Place and Consecon, to sell a portion of the parsonage glebe of said parish.

By Rev. F. L. Stephenson.

That in future Reports of Committees must be printed and distributed before they can be received by the Synod.

By Rev. C. Forest.

That in the case of those parishes which are stipendiaries of the Mission Board, where the appointed collections are not taken up at the headquarters and outstations

as by Canon required, or where the purpose of the Canon is manifestly evaded by the sending up to the Secretary a mere nominal sum instead of a collection—or by the subtraction from it, for local uses, of moneys which properly belong to the Synod, the quarterly cheque to such mission shall be stopped until either the collection in question be made and forwarded, or good and satisfactory reason be given for its not having been so made and forwarded.

By Rev. C. Forest.

That for the future it be a standing rule, that—unless a Mission be lawfully released from the obligation—the grants made to such Missions be discontinued in every case where it neglects or refuses to pay in the assessment annually made by the Finance Committee.

By Rev. C. Forest.

That at the proper time he would move the adoption of the Mission Board Report.

By Rev. G. J. Low.

That inasmuch as there are two separate interests involved in the Clergy Trust Fund, viz.: 1st, the interests of those who are already beneficiaries of said Fund, whose main care it is that they themselves duly receive their incomes; and 2nd, the interests of those who are not yet annuitants, but who expect to be such in due time, whose chief concern it is that the capital of the Fund be not diminished: Therefore, the Lord Bishop be requested to nominate, as clerical members of the Clergy Trust Fund Committee, not exclusively, as at present, those who are annuitants, but a fair proportion of those who are expectants, that thus both interests may be represented in said Committee.

By Hon. L. Wallbridge.

That a Committee be appointed to enquire into what lands liable to sale belonging to the Rectory of Belleville, by whatever name the same called, have been sold, the sum realized or yet unpaid thereon, and what income derived therefrom; what lands belonging to the said Rectory are yet unsold, with power to report to the next Synod or to the Executive Committee as the Committee may see fit. The Committee to be composed of R. C. Hulme, of St. Thomas' Church, Albert Geen, of St. John's Church, J. W. Dunnnett, of Christ Church, Belleville, and the mover.

By Rev. J. W. Burke.

The appointment of a Committee to consider the letter of the Bishop of Rupert's Land, and to report to the present Synod on the subject, with a view to comply with the Bishop's wishes.

By R. T. Walkem, Esq.

That at the proper time he would move the adoption of the Treasurer's Report.

Moved by Rev. E. A. W. Hanington, seconded by Rev. Thomas Bousfield,

That a Committee be appointed to report at next Synod on the desirability of amending the Canon for the regulation of the Widows' and Orphans' Fund, and in what way, if any, that Canon should be amended, and that such Committee shall communicate with the other Dioceses upon the subject of reciprocity,—and that the Revs. E. A. W. Hanington, G. J. Low, and T. Bousfield, and Dr. Wilson, be the Committee.—*Carried.*

SUSPENSION OF RULES OF ORDER.

Upon motion of Rev. J. W. Burke, seconded by Rev. H. Pollard, the Rules of Order were suspended, and the Rev. J. D. Morrison, D.D., D.C.L., Rector of St. John's Church, Ogdensburg, in the Diocese of Albany, was invited to take a seat in the Synod.

UNFINISHED BUSINESS.

Moved by Rev. C. Forest, seconded by Dr. Wilson,

That the first clause of the Constitution be amended by the addition of these words after the words "Lord Bishop" in the third line,—“having care of Parishes whose annual assessment by the Synod be duly paid.”

Moved in amendment by the Rev. A. Spencer, seconded by the Rev. C. P. Emery,

That the Resolution of the Rev. C. Forest to amend Section First of the Constitution be referred to a Committee to report at the next Synod.

Moved in amendment by R. T. Walkem, Esq., seconded by the Rev. W. Cruden,

That the question of the best means of paying off the arrears of the Synod assessment, and of securing payment of the Assessment in future, be referred to a Committee to report on Thursday.—*Carried.*

The Bishop appointed as such Committee, the Chancellor, Judge Macdonald, Geo. A. Kirkpatrick, R. T. Walkem, and Revs. Messrs. Forest, Lewin and Carroll.

CANON ON VESTRIES.

The Ven. Archdeacon Lauder moved, seconded by the Rev. Canon Bedford Jones, the first clause of the proposed Canon on Vestries, as follows :

I. WHO SHALL BE MEMBERS OF VESTRIES.

(Rented Churches.)

1. All members of the Church of England, male or female, being pewholders, or holding sittings and paying therefor such sums as the Vestry may determine, shall form a Vestry for the purposes in this Canon mentioned and declared.

Provided always, that no person shall be allowed to vote at any Vestry meeting who shall not be of the full age of twenty-one years.

Provided also, that any person before voting shall, if required by any member of the Vestry, declare in writing at the meeting, in a book to be kept for that purpose, that he is a member of the Church of England and of no other religious body, and that he has held a pew or sitting in the Church of which the Vestry is held for six months previously, and that he has paid all arrears of rent or dues that may have been rated or assessed by the Vestry on his pew or sitting.

2. In case of a Church having been destroyed by fire, or otherwise rendered unsuitable for the holding of Divine Service, and the congregation of which Church assembled for worship in some temporary place, the Vestry of the said Church shall be constituted under the clause regulating the Vestries of *Free Churches* during such temporary occupancy.

Moved in amendment by Judge Macdonald, seconded by
Rev. R. Lewis,

That "three" months be substituted for "six."—*Lost.*

The original motion was then put and carried.

Archdeacon Lauder moved, seconded by Canon Jones, the adoption of the second clause, as follows :

II. WHO SHALL BE MEMBERS OF VESTRIES.

(Free Churches.)

1. In churches in which all the pews or sittings are free and unappropriated there shall be a Vestry for the purposes of this Canon mentioned and declared, and the members thereof shall be—

1st, COMMUNICANTS, male or female, habitually communicating in the Church of which the Vestry is held.

2nd, NON-COMMUNICANTS, male or female, habitually attending the said Church

Provided always, that both Communicants and Non-Communicants shall be the full age of twenty-one years.

Provided also, that any person voting as a Non-Communicant shall declare himself in writing at the meeting, in a book to be kept for the purpose, to be a member of the Church of England and of no other religious body, and to be habitually attending public worship in the said Church of which the Vestry is for the space of six months previous to the meeting of Vestry.

2. The decision as to whether a person is either an habitual Communicant or an habitual attender, shall rest with the Chairman of the Vestry, and his decision shall be final.

Moved in amendment by the Rev. E. P. Crawford, seconded by the Rev. G. J. Low,

To alter so as to read, "First, Communicants, male or female, who shall have communicated at least three times during the previous year in the Church of which the Vestry is held," and to strike out the word "habitual" from sub-section 2.

Moved in amendment by the Rev. A. Spencer, seconded by the Rev. W. B. Carey,

That the Section be altered to read as follows: "In Churches in which all the sittings are free, there shall be a Vestry for the purposes of this Canon mentioned and declared, and the members thereof shall be of the full age of twenty years, and each such member shall declare himself in writing at the meeting, a book to be kept for the purpose, to be a member of the Church of England and of no other religious body, and to be habitually attending public worship in the Church, of which the Vestry is held, for the space of six months previous to the meeting of the Vestry."—*Carried.*

(A)

Auditors' Report for 1879 and 1880.

TO THE INCORPORATED SYNOD OF THE DIOCESE OF ONTARIO.

We, the Auditors appointed at the last session of the Synod, have the honour to present the following Report respecting the accounts of the Synod for the financial year ending the 30th April, 1880.

Our audit was partially made in the month of November last, and was completed at the close of the year.

We have, as in former years, employed an accountant to assist in the examination of the accounts and the preparation of the necessary statements, but we have personally checked each item so as to assure ourselves as far as possible of the correctness of our Report.

Some of the changes recommended by us in former years and by the Committee on the Auditors' Report at last session of Synod have been made in the mode of keeping the accounts.

A ledger account has been opened for each security, the principal and interest accounts have been separated, and the moneys received on securities have been credited, not as heretofore to the general capital or interest account, where it was difficult to trace them, but to the particular accounts of the securities on which they have been received.

At the close of the year the balance at the credit of the interest account of each security was transferred to the general interest account of the fund to which the security belonged.

Under this system it can be ascertained at a glance how much capital is due on each security, and what payments have been made on interest account.

A cash blotter was opened on the first of September last. In this book all moneys received and deposited, or paid out, are supposed to be entered at the time of such receipt, deposit or payment, and from these entries the cash should be posted into the several cash books belonging to the different funds.

We have observed some discrepancies between the cash blotter, or day book

and the cash book. We think it should have been posted into in the blotter, and we agree, there are no necessity for keeping discrepancies that

It would be useful to which we have errors, we have ha affects the Clerical particularly stated

and the cash books, from which we infer that the former has not been kept as we think it should have been. There are some entries in the blotter which we are not posted into in the cash book, and some in the cash book which are not entered in the blotter, and between some entries which appear in both and which should agree, there are differences, of small amount certainly, but important in view of the necessity for keeping the accounts accurately. We are led to conclude from these discrepancies that the cash books have not in all cases been posted from the blotter.

It would be useless and indeed impossible in this report to note the discrepancies to which we have referred. In those cases in which they led to clearly established errors, we have had those errors corrected, but there is one case which materially affects the Clerical Secretary's cash balance, and which we think should be particularly stated.

There is in the blotter under date of the 5th January, 1880, an entry of a deposit in the Bank of Montreal to the credit of the Mission fund of \$120.00, and another to the credit of the Rectory Lands fund of \$2,904.50. In the cash book of the Mission Fund we do not find an entry of the deposit of \$120.00, nor does the Bank credit it. In the cash book of the Rectory Lands fund the deposit is entered as \$2,312.50, which agrees with the Bank book. The Clerical Secretary claims that he deposited the amounts mentioned in his blotter, but the entries in his cash books of the deposits have evidently been taken from the bank book instead of the blotter and are opposed to his contention. The Bank declines to admit any responsibility for more than the amount entered in the Bank book and in the account as finally closed the Secretary is not credited with the disputed items.

The books shew that moneys received are not promptly deposited in the Bank. This irregularity has led to some trouble and confusion and to the creation of cash balances at the close of the year in favour of and against the Clerical Secretary.

These balances should not exist but they have been continued from year to year and now enter into all the statements except those of the Prayer Book and Clergy Trust Funds. In our last report we stated that there was an ultimate cash balance in the Secretary's favour on the 30th April, 1879, of \$1,672.24, and we expressed our belief that this balance arose from the omission to credit moneys received as against the entries made of deposits in the bank.

This balance was reduced by \$95 omissions discovered before the statements were printed and which were charged to the Secretary, leaving the cash balance in his favour in the accounts as finally closed, \$1,577.54.

We find this year that our suggestion has been verified, and that some further moneys which had been received on mortgages in former years had not been credited. The Clerical Secretary has debited himself with these moneys, which amount to the sum of \$1,170.00, and his former credit balance is therefore reduced from that source by that sum.

As a matter of fact, however, the credit balance has during the past year become a debit balance, for the books shew the following cash balances:

	Dr.	Cr.
Mission Fund.....		\$1,238 82
Episcopal Fund.....	\$ 748 50	
Sustentation Fund.....	340 00	
Rectory Lands Fund	1,010 19	
Divinity Students Fund.....	192 22	
Widows and Orphans' Fund	539 41	
Assessment Fund.....		489 21
	<u>\$2,830 32</u>	<u>\$1,728 03</u>
	1,728 03	
	<u>\$1,102 29</u>	

The result is an ultimate cash balance against the Clerical Secretary of \$1,102 29, which is caused by the entry above referred to of \$1,170 00, and by the fact that the Secretary appears by the books to have received during the past year an amount considerably exceeding what he has deposited in the bank. This debit balance represents money in the Clerical Secretary's hands.

The entries in the books show that the interest on many of the debentures which accrued due on the 1st July last was not credited until the month of September, though one at least of the debentures which matured on the same date is credited in July. We have not received any explanation of this circumstance. The interest on debentures should, we think, be collected and credited immediately after it becomes due.

Very many of the cheques issued have not been signed by the Bishop. We have noticed this irregularity in our former reports, but it has increased during the past year. The Clerical Secretary informs us that the signature of the Bishop to the cheques cannot be conveniently procured, and that for this reason the cheques are issued without it.

The payments in connection with the various funds were all vouched by cheques.

The Mission Fund is still largely overdrawn, but the debit balance has been materially reduced during the past year.

We may here state that on examining the securities in the joint custody of the Secretary and Treasurer we found that the following debentures had been taken from the securities of the Sustentation Fund, and had been deposited with the Bank of Montreal as a security for the Mission Fund overdraft:

County of Elgin, No. 172.....	\$1,000 00
" " Simcoe, No. 122 to 128.....	7,000 00
" " Grey, No. 7, 8 and 94.....	3,000 00
" " Frontenac, No. 46, 47, 48 and 49.....	2,000 00
	<u>\$13,000 00</u>

The Manager of the Bank gave us a certificate that these debentures were held by the bank as collateral security for the overdrafts of the Mission Fund. The circumstances under which this transfer was made will, no doubt, be explained in the report of the Mission Board.

The interest of the Episcopal Fund is still considerable overdrawn, though there has been a slight reduction in the debit balance since the date of our last report.

This fund has been charged only with that part of the expenses which represent the Clerical Secretary's salary. We do not see why this should be, as the Rectory lands and other funds bear their share of all expenses.

We have had a statement of the expenses prepared in detail, showing the amount charged to each fund. This statement is satisfactory in proving that the business of the Synod is transacted at an exceedingly small cost. The whole expenses for the year, including the Clerical Secretary and Treasurer's salaries, printing, &c., amounted to the sum of \$2,651.04. The expenses have all been brought into the Assessment account.

We have again to call attention to two important matters in connection with the Rectory Lands Fund.

The first is the necessity for disposing of the balance at the debit of the expense account of that fund. This should be done at the present session of the Synod. The other is the necessity for keeping separate cash accounts for each Rectory or endowed parish. The Secretary in last year's statement of the capital accounts of the Rectories represented certain cash balances as existing in connection with each. We cannot certify to the correctness of these balances, nor of those issued this year, as they were arrived at by balancing the old ledger accounts of each Rectory, and assuming that the difference represented cash. The balances thus arrived at do not on being brought together agree with the general cash balance, there being a difference of \$184.39. How this difference is caused it is impossible to ascertain without much labour, as it may have arisen many years ago. It would be well at once to open separate cash accounts for each Rectory, and while doing so to ascertain how the discrepancy is caused, and have it corrected.

This year the stock of the Diocesan depository has been taken, and we suggest that it should be taken every year, in order to ascertain what the depository gains or loses.

A difficulty has arisen in the Clergy Trust Account in connection with some of the mortgage securities belonging to that fund. The Treasurer is understood to keep the general accounts of that fund, and the Clerical Secretary the mortgage accounts. The payments on the mortgages have been made to the Clerical Secretary, who hands over the money to the Treasurer.

The Treasurer disclaims responsibility for the correctness of the mortgage account, stating that he has not the custody of those securities and merely credits what he receives. The Secretary produced to us a book, recently opened, which purports to contain ledger accounts of the clergy trust mortgages. This book does not, however, contain all the mortgages, and has not been regularly kept, and its present form is of no use.

One of the results of this confusion of accounts is that although the Treasurer, in his returns dated 30th April, 1880, states that part of the capital of the Clergy Trust Fund consists of \$508.69 Warwick mortgages, the mortgages have, in fact, been all paid, and have been given up by the Secretary. This matter was, we understand, before the Clergy Trust Committee at last meeting.

It appears to us that all the accounts and securities of this fund should be kept by the Treasurer.

We examined the securities of the various funds in the joint possession of the Treasurer and Clerical Secretary twice during the past year, once in November last and once at the close of the year. Those transferable by delivery we found to be in such possession with the exception of the debentures belonging to the Sustentation Fund which were pledged to the Bank of Montreal, for which the Bank Manager's voucher was produced.

The other securities in such joint possession were also correct, with the exception of the following, which were not produced or accounted for:

✓ Certificate of 2 shares of Dominion Stock belonging to the Shannonville Endowment, amounting to \$200.00.

Deposit receipt of \$250, belonging to Ameliasburgh Endowment.

We have examined the mortgages belonging to the various funds which are in the custody of the Clerical Secretary. They were all produced with the exception of those in suit (for which the Solicitor's receipt was given us,) and the following:

The Warwick mortgages.

George Thompson's mortgage belonging to the Matilda Rectory.

William Adams' mortgage belonging to the Ameliasburgh Endowment Fund.

Patrick Kelly's mortgage belonging to the Episcopal Fund.

The Clerical Secretary informs us that he never had possession of Kelly's mortgage; that some time ago at the request of a member of the Synod in Trenton, he sent him a mortgage prepared by the Chancellor, with a receipt for \$50, to enable him to collect the first payment and have the mortgage executed, and that although he has received a payment of interest on the mortgage, he has not received the instalment of \$50, or the mortgage itself. The Secretary desired us to make this statement so as to have the matter brought up and settled.

A statement of all the securities and the accounts accompanies our report. These statements have been so prepared as to give full information and be easily understood.

The Bank balance of the Mission Fund agrees with that of the Secretary, except in so far as a difference is caused by outstanding cheques, and by a charge of \$50, which the bank has made for payment of a cheque which the Secretary alleges he did not issue. This matter should be adjusted at once.

The Bank has also credited a sum of \$90 belonging to the Widows' and Orphans' Fund to the Rectory Land account. This credit causes a difference in both funds between the Secretary's and the bank's balances. In other respects the balances agreed allowing for outstanding cheques.

The Treasurer has, under authority of a resolution passed at last Synod, drawn his allowance for the past year.

All of which is respectfully submitted.

To the Right Reverend the Lord Bishop of Ontario, the Reverend the Clergy, and the Lay Representatives of the Diocese of Ontario :

I address you as I address also the other Synods of the Provinces of Canada, in consequence of circumstances of the greatest gravity for our Church as a body, and for members of our Church as individuals. It is unnecessary for me to speak to Canadian gentlemen of the fertility of the land here, of its vast extent, and of the emigration that is coming to us at an ever increasing rate. Still I would place before you a few very impressive facts :

The land disposed of by Government from the establishment of a Land Office in 1872 up to October 31, 1877, was..	1,400,000 acres.
In the single year ending October 31, 1878.....	700,000 "
" " " " " " " " 1879.....	1,000,000 "

Besides this large amount, mainly taken in homesteads and pre-emptions, nearly two millions of acres have been granted to meet claims by half-breeds and old residents. The large tract of land owned by the Hudson's Bay Company is also now in the market. Emigrants are entering by purchase on land from both these sources. There are also not a few on squatting claims. I have no doubt the record of land taken this year will show again a large further advance.

In 1870 there were 16 Protestant Common Schools.
 " 1877 " " 38 "

1877	"	"	38	"	"	"
1878	"	"	100	"	"	"

The number is continually increasing, showing the formation of new settlements sufficient population, &c., for a school.

In 1870 there were 16 Post Offices established.
 " 1878 " " 58 "

" 1878	"	58	"	"	existing
" 1879	"	120	"	"	

Quite a number have been established since.

I need not enlarge on the significance of these facts. The Province of Manitoba and a considerable section of country in my Diocese west of the Province are covered with a sparse population. The difficulty of ministering to this population is almost inconceivable to outsiders. The different settlers hold so much land. So many are simply single individuals. In too many cases a proportion of the land is from one cause or another unoccupied. It is, therefore, very difficult to get together in the first year or two of a new settlement a congregation of any size or power.

Then the population, such as it is, is composed of adherents of different bodies ; having a predominance in one district and another in another. The practical consequence of the situation I have described is an impossibility of immediate self-support or of anything approaching it in any new settlement.

The consequence of this is that any church that cannot obtain at the present time the practical help from outside, must lose any chance of establishing or extending its influence.

ALKEM, } AUDITORS.
N. }

ing itself through the rural settlements in the great country that is raising up here. This is becoming more and more our position. Members of our Church from your Diocese and the other Dioceses of the Provinces of Canada are to be found scattered in all directions over the face of the country. In many large districts there is no minister of our Church to afford them the means of grace.

The Presbyterian Church of Canada guarantees \$700 to unmarried ministers, and \$900 to married ministers. It supplies the main portion of salary for over 20 ministers in this country, and the general interest shown by that body is great. I believe the students of Knox College alone support a missionary here.

The Wesleyan body of Canada is mainly supporting over 20 ministers here.

We are not receiving from the whole Church of Canada help sufficient to maintain a single missionary.

May I earnestly beg of the Synod of Ontario to guarantee us, for a few years, at least \$300 to our Mission Fund. We get no new grant from England exceeding \$486 a year, and we have only one grant now in the Province of Manitoba exceeding that sum. One or two clergymen have allowances in addition on past considerations. This throws a great deal on the small Mission Fund we raise ourselves and places us at a great disadvantage with other bodies who are able to work new districts with Missionaries having a salary fully guaranteed from outside.

Then we are in a very peculiar position as a colony. Most colonies have grown so slowly that before they have been of any size there has been some city of importance that could help. Here there has sprung up within, I may say, two years an enormous area covered with a spare population, while every Parish and settlement in the Diocese has only temporary buildings, with one exception, from which, however, we cannot, on account of its general poverty, look for help.

Winnipeg lies in four parishes. Every one of these has only, what I may call a temporary church. There is not a single parish that is not burdened with its own needs.

I feel words cannot add to the impressive eloquence of the simple facts I have put before you. I will only say that there is a country rising up here that will repay any effort.

The inaction of the Church of Canada, if continued, threatens to lead to disastrous results to our Church that I am sure the day is not distant when the Church of Canada will wonder at its own want of foresight.

I am aware of your own mission difficulties and calls, but I believe that if a committee were appointed by the Synod, there might be a special effort that would not interfere with your own schemes. May I further ask the Synod to pass a resolution requesting its representatives to see that this question receives the attention of the Provincial Synod. I do not hesitate to say that it is one that seriously concerns the duty and honor of the Church of Canada.

I have been assured on all hands of a most kind welcome if I were to visit Canada to plead for our work. But neither the clergy nor I can do this conveniently.

Petition of the Vestry and Incumbent of St. John's Church.

BELLEVILLE, June 15, 1880.

We, the undersigned Incumbent and Churchwardens of St. John's Church, W. Belleville, in pursuance of a resolution passed by the Vestry on Easter Monday last (March 23, 1880,) beg permission of the Synod of the Diocese to sell the original site of St. John's Church for the following reasons:

1. The church was removed to a much more central and valuable plot.
2. The original site is a small building plot, and useless from its distance from the Church for a parsonage.
3. The sale of it would assist in paying off the debt on present plot, on which account it is desired to sell it.

Wherefore, Your petitioners ask leave to apply the proceeds as the last payment on the present site of the Church.

The Committee to whom was referred the Petition of the Vestry and Incumbent of St. John's Church, asking for the sale of the original site of St. John's Church, the City of Belleville, and that proceeds of the sale be applied as in petition mentioned, and which petition is hereunto annexed, beg leave to report, That, having heard the Rev. Mr. Forneri, the Incumbent of St. John's Church, support, and Messrs. Sisson and Dunnett, Lay Delegates of Christ's Church, in opposition to the said petition, we think that the leave asked for to sell the said original site should be granted, and that the proceeds be applied, under the direction of the proper officer of the Synod, as the last payment of the purchase money of the present site of St. John's Church, and to obtain a clear title to the land, which shall be vested in the Synod. Within is a plan of the position of the churches in Belleville, agreed to by the said Incumbent and Lay Delegates.

Report of Mission Board, 1879-80.

As the Report for 1879-80 will differ, in some important particulars, from the Reports of past years, it may be proper—at the outset—to state the reason. The reason is a simple one. The Board is, and for the last four years has been, *in debt*.

Beginning in 1874 with a credit of \$2,588.70, the year 1879 found it burdened with a debit of \$4,394.60—, in other words, the income of the Board had been outrun to the extent of somewhat upwards of \$1300 per annum. The following table gives the exact rate at which the debt was incurred :

DR.		CR.	Spent over Income.
1874.....	\$ ———	\$2,588.70	\$ ———
1875.....	————	1,129.72	1,458.98
1876.....	————	125.37	1,004.35
1877.....	1,920.76	————	2,046.13
1878.....	3,047.94	————	1,127.18
1879.....	4,394.60	————	1,346.66

To meet this evil, one course, and one only, was open to the Board, viz. :—*retrenchment* : and to effect this in a way least burdensome to our missionaries, and—at the same time—protective of the interests of the Diocese, the Board has given its best attention.

The remedial measures adopted are these, viz. :

- 1st. To remove, by degrees, from the list of our beneficiaries those Parishes best able to sustain themselves.
- 2nd. For the present, and until warranted by the improvement to four finances, to grant no outfits.
- 3rd. To re-classify the Missions with strict regard to the funds at our disposal.
- 4th. As this re-classification could not be carried out in all cases, without burdens on some Missions which they were not able to bear, it was resolved that a reduction, after classification, of 10 per cent. should be made on all grants—thus equalizing the burden.
- 5th. To withdraw from the Secretary the \$200 per annum, voted five years ago for the performance of special duties connected with the Fund, which duties since the Synod of 1879, he has not been at liberty to discharge.

These measures are necessary if we would meet our difficulty.

Our *average annual receipts* from the Diocese, for the last five years, have been \$884.51, or in round numbers \$8,000. Add \$1,000 from the Sustentation Fund (for the other \$1,000 of the interest goes to the liquidation of the debt), and our reliable means would thus be about \$9,000.

From these \$9,000, there must be deducted \$400 for the Bishopric of Algoma, \$50 for working expenses, and \$200 as a contingent fund to meet the needs of missions, at present undealt with, but which may need help during the course of the year, in all \$1,350. This reduction limits our ability to about \$7,650, the sum which the Board has deemed it prudent to order its appropriations.

Admitting our available assets to be, as above stated.....	\$9,000
Deduct from Clerical Secretary's salary.....	\$200
Two Missionaries just put on Commutation Fund	350
Discount on grants	800
	1,350
	\$7,650

The Board has great pleasure in reporting that the financial statement submitted to it by the Clerical Secretary was of the most hopeful character. From it credits for the year appear to have been :

By Whitsunday collection.....	\$ 492 8
" Advent	646 0
" Parochial	5,947 4
" Miss'y Meeting	1,878 8
" Algoma	290 8
" Interest on Watkins' bequest	240 0
" " " Sustentation Fund	2,000 0
	\$11,494 8

And that the charges were :

To sundry expenses	\$ 668 00
" expenses for year ending April 30th, 1879.....	95 00
" Deputation expenses	118 55
" Grants to Missions	8,862 50
" Pension	200 00
" Expenses, Parochial collection	273 00
" Bishop of Algoma.....	400 00
	\$10,346 50

Excess of credits over charges.....\$1,147 38

This credit balance is highly satisfactory : but in view of the fact that average annual receipts from the Diocese do not exceed \$8,000, the Board not feel at liberty to make this passing improvement a factor in their calculations for the future. This caution was the more necessary, seeing no aid toward defraying of our expenses can be had from the Assessment Fund—that Fund being at this moment, *in debt* to the extent of \$1,613.08.

In this connexion your Board deem it to be a duty to state that its insufficiency of funds to meet the just expectations of the Missionary clergy, arises from the default of many Missions in not making the canonically ordered collections. This year Parishes have made no returns for Whitsunday : 8 have passed by Advent in silence : and 28 have, as yet, sent in no Parochial collections.

SUSTENTATION FUND.

This Fund is now confessedly under the management of the Mission Board, its interest available for Mission purposes. The Secretary reports the capital \$31,785.30. The outlay of its interest is thus stated :

The Committee reported that, having gone through all the Mortgage accounts at the beginning, they had traced the assumed difficulty to a mere clerical error, and that the figures at page 1,643 were correct.

Their conclusion completely harmonized with that (*independently of them*) arrived at by the Auditors and the professional accountant.

The Board are further bound to report to the Synod that the Bank of Montreal refused to cash the Mission Fund cheques, the Bishop was obliged to pledge some of the Sustentation Fund securities as security for the overdrawn account.

The securities transferred were the following debentures, viz.:

NEW SCHEME FOR THE APPORTIONMENT OF MISSION MONIES.

It may be in place here to state that the Committee, appointed Sept. 3, 1877, to consider and submit to the Board some "better and more satisfactory scheme" for distributing money to the various Missions, or Missionaries, reported in December 1877, substantially as follows:—

That classification at intervals of \$50 be done away, and that grants be based on the ascertained merits of individual Missions.

That, as a general rule, the grants continue for *three* years, instead of one year, as at present.

That nevertheless, the Board have power to entertain applications for grants, and to alter or suspend grants—for just cause—at any time.

Being opposed by the advocates of a counter scheme, viz.:—that of classification and payment by *seniority*, the Committee was enlarged, and the Report was laid back for reconsideration. No Report on the subject was forthcoming at the next meeting. Since then, however, the following Report has been sent to the Board by the Board, its discussion and adoption, however, being reserved for the Synod:

A sub-Committee appointed by the Mission Board to consider what improve-

ments, if any, can be made in their present mode of disbursing the funds at their disposal, beg leave to report that they are of opinion :

- i. That in future grants be made to clergymen *in charge* of Missions, according to the following classification :

Class I. The six Clergymen next in seniority to those on the Commutation List—each \$300	\$1,800
Class II. The eight next to those in Class I, \$250	2,000
Class III. The remaining 24 (or more) each \$200, say	4,800
	<hr/> \$8,600

Provided always—that Clergymen serving in the Diocese under any one or more of the following conditions, shall in no case, so long as they remain in such condition, be entitled to receive aid, viz. : Those, 1st. who are assistant Curates only of Parishes; or 2nd. Whose public ministrations on the Lord's Day are confined exclusively to one Church or congregation; or 3rd. Whose Parishes, whether consisting of one congregation or more, are, on sufficient evidence, considered by the Mission Board as able to pay a salary, (including proceeds, if any, of *endowment*, land, or other property), of \$800 per annum; or 4th, whose Parishes do not guarantee towards Clergyman's stipend at least \$300 per annum, or if guaranteeing, have not paid the same in full previously to 30th June.

J. S. LAUDER, Chairman.

Two suggestions by Conveners—one, on the great need of church ministrations in certain sections of Hastings; the other, on the pressing importance of immediately opening a new mission in the centre of Leeds, with headquarters at Farmersville, will be submitted to the Board at its next session.

It must also be stated that in view of the discrepancies existing between the "tabular sheet" and the audited accounts, and to prevent their recurrence, the Board has passed the following resolution, of which it asks the Synod's endorsement, viz. :

"That no monies received after the 30th April be acknowledged in the tabular statement in the Journal of Synod for the expired year; and that all such monies be acknowledged in a supplementary tabular statement to be published in the Journal of the current year."

In concluding their report the Board would say that all hope of increasing the grants, from time to time made, must depend on the hearty co-operation and systematic working of the Clergy on behalf of the Mission Fund.

Every case of default, every evasion of the full discharge of duty, is just so much money taken out of the pockets of our Missionaries, already most inadequately paid.

The Board would also urge the importance of *promptness and punctuality* in making the returns. This year, for the first time since we have been a diocese, nearly all the collections were in before our May meeting.

This is a hopeful change. If the spirit which has induced it be fostered and allowed full play, the time is close at hand when the long cherished desires of our Missionaries will be realized, and worthier acknowledgment be made to them for their patient and arduous labors in the interests of the Church.

All which is respectfully submitted.

CHARLES FOREST, Chairman.

Memorial of Trinity Church, Frankford.

to the Right Reverend the Lord Bishop of Ontario, the Clergy and Lay Delegates
in Synod Assembled :

We, the undersigned, being the Churchwardens and members of the Church
and congregation of the Church of the Holy Trinity, Frankford, in the Township
of Sidney, most respectfully beg to represent that the action of the Synod, carried
its last session in the year 1879, in reference to the Frankford Endowment, is
touching in such form as to be inexplicable to us, thereby rendering it impossible
for us to carry out the wishes and intentions of the Synod in the premises.

And whereas the Report of the Committee in this case appointed, and to be

found on page 1,611 of the Journal of Synod, is based on the assumption that this endowment was not given upon any definite or specific trust, your memorialists respectfully ask for the appointment of a new Committee, for the purpose of receiving evidence documentary and otherwise, to show that the Frankford Endowment was given upon specific trust, and that therefore the Report of the Committee of 1879 in this case appointed was based upon error and should be changed. Your memorialists would also beg to say that, all opposition having been withdrawn on the part of the Incumbent of St. John's Church, Stirling, it is only necessary to correct the error above referred to, in order to bring about an amicable adjustment of the difficulties that have for so long divided the congregations of Frankford and Stirling. Your memorialists would, therefore, pray that a Committee be now appointed to hear the evidence to be submitted, and to report thereon to the present Synod. All of which is respectfully submitted.

REPORT OF THE COMMITTEE ON THE FRANKFORD ENDOWMENT.

Report of Board of Foreign Missions.

The Board of Foreign Missions beg to present to the Synod a report of their proceedings for the year ended April 30, 1880. The Receipts and Expenditure will be found in a statement duly audited and herewith appended.

The Board would most thankfully acknowledge that the interest in the Church's Missionary work outside our Diocese seems to be increasing. Contributions have been sent in during the year from 48 Parishes as against 23 of the previous year. This very gratifying fact is no doubt largely owing to the observance of the Day of Intercession, in response to the Bishop's Pastoral Appeal, and the funds derived from that day's offerings.

The Board has further pleasure in reporting that the subscriptions to the Indian Homes have increased from \$130.44 in 1878-79 to \$231.08 in 1879-80, the following nine Parishes having sent contributions:—St. John's and St. Alban's, Ottawa; St. James', Kingston; St. ———, Smith's Falls; St. John's, Portsmouth; Trinity Church, and St. Peter's, Brockville; St. John's, Prescott, and St. ———, Pembroke.

Contributions for the Rev. J. B. Good, Missionary in British Columbia, and for the Society for promoting Christianity among the Jews, have been received and duly forwarded.

The Board would respectfully appeal to their Clerical and Lay Brethren throughout the Diocese, who have not yet found themselves able to take a share in this truly Christian work, to try and make some beginning, however small. With no desire to encroach on the means available for the Church's necessities at home, they feel satisfied that interest promoted in behalf of the propagation of the Gospel abroad, the sympathy looked for our brethren, still sunk in the darkness of superstition and cruelty, some effort, however feeble, made to send the light of God's Truth amongst them, must re-act most beneficially on ourselves. Men will be more ready to help this great cause, and Church machinery in their own Diocese, which they know to be blessed and prospering all over the world. Our people are for the most part but very imperfectly acquainted with the splendid Missionary operations of the Church of England—their own Church,—and of the sister Church in the States,—

and the success vouchsafed to their zeal and liberality. The Board would suggest the circulation of the interesting and inexpensive publications and papers of the Society for Propagating the Gospel, and of the Church Missionary Society, which would be effected by a little parochial organization, and also the holding of at least one meeting annually in every Parish in which the Church's Missionary work, or some part of it, should be described, and made the subject of special prayer to God.

Your Board would, finally, request that among the collections in the Diocese of Ontario as printed in the Journal of Synod, a column be devoted to the collections or donations in the various Parishes on behalf of Foreign Missions. At present the amounts contributed to the Bishopric Fund of Algoma alone appears, and it is desirable that in the "Grand Total" of extra-parochial moneys all that is given by each Parish should be placed on record together.

All of which is respectfully submitted.

Communication from Rector of Kingston.

Secretary, Synod of Ontario:

15th June.

SIR,—I am directed by the Rector of Kingston to call your attention to the fact that over \$6,000 of money, belonging to the Rectory of Kingston, was retained by the Synod in the Bank of Montreal without being invested or placed at interest, for the space of two years or thereabouts; and that in consequence of this and other credits, the Bank allowed the *Mission Fund* to be overdrawn without paying interest on the over-drafts.

See Divinity Students' account.

The Rector of Kingston claims that he is entitled to be paid legal interest upon the capital sum belonging to his Rectory lying uninvested and virtually used by the Synod for the purpose of getting credit for the over-drafts on the Mission Fund account.

Yours truly,

GEO. A. KIRKPATRICK.

REPORT OF COMMITTEE.

The Committee to whom was referred the communication from the Rector of Kingston, respecting the loss of interest on \$6,000, monies belonging to that Rectory and which remained in the Bank uninvested for about two years, beg to report.

It not having been brought before the Investment Committee of the Synod that there were any monies remaining uninvested, no action could possibly be taken by them and your Committee are not able to decide on whom the duty devolves of informing the Investment Committee of Rectory Funds requiring investment, there being no Committee appointed for the management of these funds.

Your Committee do not consider that the Mission Fund of the Diocese is liable to make up any loss of interest, when it is considered that the Rector of Kingston, being a member of the Mission Board, had not called the attention of the Board to any presumed use of the Rectory Funds.

All of which is respectfully submitted.

Report of Committee on Enforcing Payment of Assessment of Parishes.

The Committee to whom was referred the question of the best method of provid-
ing for the payment of the assessment of Parishes, and of securing its due payment in the
future, beg leave to report:

That while they have not had time to consider and recommend any course to be

adopted by the Synod to enforce payment of the assessment by Parishes, they have considered the question which incidentally arose in the discussion in Synod as to preventing a Clergyman voting in Synod. They are of opinion that the Synod has power to pass a Canon preventing any Clergyman voting on any matter before Synod, unless the Assessment for the Parish he represents is first paid, and that a Clergyman is as much amenable to the Canons of Synod as a Lay representative.

Petition from Ameliasburg.

To the Synod of the Diocese of Ontario :

The petition of the undersigned respectfully sheweth :

1. That he is Incumbent of the Parish of Ameliasburg, in the Diocese of Ontario
2. That a lot of land of about eighty acres, on which the Parsonage stands, and known as " Lot number Sixteen, south-east of Carrying Place," is a part of the endowment of said Parish, purchased by the Parishioners from the late Rev. John Grier.
3. That the wish of the Parishioners has long been entertained, and frequently expressed, that the said Lot, excepting some five or ten acres round the Parsonage should be sold, and the proceeds of such sale invested in augmentation of the income of the Incumbent for the time being.
4. That at three recent Vestry Meetings resolutions to the above effect, and which are hereunto appended, have been formally and unanimously passed by the several congregations, and
5. That the undersigned has been requested by these congregations to present and urge their wish on, the Synod.
6. Accordingly, being in full harmony with the object of said resolutions—and believing that the execution of them will promote the interests of the Parish, he now begs the Synod to grant the prayer of this Petition.

3. In case of one or both of the Churchwardens declining to accept office, or in case of deprivation of office, resignation in writing to the clergyman, or change of residence to ten or more miles from the Church of which he was chosen Churchwarden, or of incapacity to act, or being convicted of any crime, or ceasing to be a member of the Church of England, or of the Church or congregation for which he has been elected, or of the death of either or both of said Churchwardens, a Vestry Meeting shall be thereupon called within one month in the manner provided for in this Canon, for the nomination by the clergyman or for the election by the said Vestry as the case may be, of a new Churchwarden, in place of the one whose office was vacated from any of the causes aforesaid.

X.—CHURCHWARDENS TO LEASE AND RENT PEWS AND SITTINGS.

It shall be lawful for the Churchwardens, in Churches other than Free Churches from time to time to lease and rent pews and sittings in Churches where such pews and sittings are not held in freehold, upon such terms as may be settled and appointed at Vestry Meetings to be holden for that purpose as provided; and all pews and sittings shall be subject to such annual rent and other dues as may from time to time be rated and assessed in respect thereof at such Vestry Meetings.

XII.—CHURCHWARDENS SHALL ACCOUNT TO VESTRY.

Report of Finance Committee.

The Finance Committee beg leave to report as follows:

Our Committee recommend the adoption of the following scale for the current year. The general principle upon which it has been arrived at has been the addition of twenty per cent. to the actual annual assessment adopted by the Synod last year. That increase is rendered necessary by the additional charge laid upon the Assessment Fund in connection with the payment of the Clerical Secretary's guarantee assurance.

It has been shewn to the satisfaction of our Committee that there has been paid on behalf of St. Peter's Church, Brockville, a sum of \$15 in addition to the \$90 which the assessment of that Church was fixed last year. Your Committee recommend that that amount be allowed as part of the current year's assessment.

Errors occurred in the printing of some of the figures in the table of assessments of last year; three of these have been ascertained by your Committee. They are: Merrickville and Burritt's Rapids \$15.50, which should have been \$10.50; Prescott \$10.00, which should have been \$18.00; and Pakenham \$15.50, which should have been \$10.50.

Your Committee have again to report neglect on the part of certain Parishes

forward the last assessment; these are 24 in number, the amount outstanding in consequence for the year being \$194.00. The names of those Parishes are as follows: Archieville, Carrying Place, Cumberland, Eganville, Fitzroy Harbour, Frontenac (rear), Hawkesbury, Hillier and Wellington, Kitley, Leeds and Lansdowne, Madoc, March, Osnabrock, Pakenham, Pembroke, Richmond, Renfrew, Roslyn, Rochesterville, Shannonville, Stirling, Tamworth, Trenton, and Wolfe Island.

Your Committee regret to learn that there has been one instance in which the default of payment may be attributed to the advice of the Clergyman; they hope that this is a single instance, and that its repetition will meet with action upon the part of the Synod.

Your Committee consider that they cannot too strongly urge the necessity of taking steps to collect the arrears of assessments due for at least the five years last past, and to that end recommend that Parishes in default for any amount which has accrued due within that term be called upon by letter from the Clerical Secretary to pay the amount at once. They would further suggest that to simplify the question of the settlement of arrears, a book should hereafter be kept by the Clerical Secretary, so ruled as to show in each year the amount due by each Parish in default.

It is further recommended that Parishes which may, from their circumstances, be unable to pay the full amount of arrears, should further be called upon to make representations in relation thereto, which shall be laid before your Committee, to the end that they may consider the same and make such recommendations in relation to the several cases as the evidence may justify; and likewise that for the purpose of considering any such representations your Committee should be convened simultaneously with the other Committees of Synod.

The Committee appointed to consider the question of not permitting a Clergyman to sit or vote unless the assessment of his Parish is paid having reported that the Synod has power to make such an enactment, your Committee respectfully recommend that the necessary legislation to carry out that provision be had, but that it shall only apply to the assessment or assessments for the time during which the Clergyman has been in charge of the Parish or Mission, and shall not apply to the assessment heretofore in arrears.

That of which is respectfully submitted.

4. He shall, on the first business day of each Synod, unless it be a special meeting thereof, submit a statement in detail to be verified by the Auditors showing the condition of all securities on the day of the closing of the preceding financial year, the amounts paid thereon during such year, distinguishing principal from interest, the interest in arrear thereon, the rate of interest which each security bears, and the amounts, if any, which remain uninvested.

7. He shall obey and conform to the Canons and resolutions of the Synod in all matters which affect his duties.

8. He shall carefully preserve all papers, books, documents and vouchers belonging to the Synod.

Subject to such regulations as may be prescribed by the Executive Committee the Financial Secretary shall, before he enters upon his duties, give to the Synod security to be approved of by the Executive Committee for the due performance thereof, and for the safe custody and proper disposition of all moneys which may come to his hands as Financial Secretary, and such security shall be examined into every year by the Executive Committee.

The Executive Committee shall have authority to provide office accommodation for the Secretary and for the transaction of the business of the Synod.

The same Committee shall, before the Financial Secretary enters upon the performance of his duties, and thereafter from time to time, frame regulations respecting the mode in which the books shall be kept, the money deposited, the hours at which the Financial Secretary shall attend his office, and the performance of his duties generally.

The Executive Committee shall have power, in the event of any emergency occurring which requires such action, to suspend the Financial Secretary from the duties of his office and to appoint some person to act in his stead until the ensuing meeting of Synod, when the fact of such suspension and the reasons therefor shall be reported before the Synod; and the same Committee shall have power in the event of

the death of the Financial Secretary to appoint some person to fill the vacancy until the ensuing meeting of Synod.

The tenth section of the Constitution and all other Canons inconsistent herewith are hereby repealed.

The resolution, so far as it refers to Clergymen who are not yet annuitants of the Clergy Trust Fund, could not be acted upon without delaying the issue of the Journal much beyond the time fixed by the Constitution for its appearance. Much correspondence may be required in individual cases before the "length of service in the Diocese," specified by Canon XXX., can be satisfactorily determined. The whole matter will probably have to be referred to a Committee of Synod.
