Herriot Given Authority To Sign London Agreement

REPUBLICAN RESOLVE REICHSTAG

FRANCE CAN ACT ALONE NO LONGER DECLARES ECHO. Senate Gave Herriot Overwhelming Majority in Last Night's Vote. OPPONENTS BITTER. Poincare Supporters Generally Did Not Vote—Public Mind Satisfied.

(By Canadian Press.)

Paris, Aug. 27.—By virtue of the Senate's approval last night, Premier Herriot now is fully empowered to sign the London agreement and do all necessary to put the Dawes plan into effect.

In view of the weakening Nationalist opposition, little doubt is felt here about the German acceptance and the final signature of the agreement on Saturday at London. The Belgian cabinet has already given its ratification without bringing the matter before parliament.

M. Herriot's big vote of more than three to two in the Chamber and his even larger majority in the Senate, where he expected and met with bitter opposition from Poincare, have strengthened the Premier's hand and given him additional prestige to deal with the many other problems yet to be overcome.

Opposition Bitter.

Paris, Aug. 27.—(By John DeGruin, British United Press)—France can act alone no longer, the Echo de Paris said today, summarizing Conservative opinion following the Senate's acceptance of the London agreement for settlement of the reparations question.

All the opposition newspapers carried bitter editorials on what they considered the surrender of the strong foreign policy of the Poincare Government. The Echo de Paris saw grave danger in Premier Herriot's stand.

"Whom are we following now?" the newspaper demanded. "Leon Blum, an arch-Socialist has stretched out his hand to Prime Minister MacDonald."

The newspaper described as a "sorry affair" last night's Senate's debate, where Poincare and Herriot fought out their opposing views and which ended in a complete victory for the Premier.

"Poincare spent all his time justifying his past policy, regretting the policy of the Herriot Government and expressing fears for the future," the newspaper declared.

It emphasized that ex-Minister Cheron and other supporters abandoned him when the vote on Herriot's action came.

"It is not alone following a policy of surrender," the Journal complained.

BULGARIA ADOPTS COMPULSORY WORK

A System Under Which Municipalities May Secure Service of Laborers.

By HENRY WOOD (United Press Staff Correspondent).

Geneva, (By mail to United Press)—Bulgaria, which has replaced her pre-war compulsory military service by a system of compulsory labor service, has just arranged to place her labor classes at the disposition of municipalities, according to notice received here by the International Labor Bureau.

Under the new Bulgarian system, the government each year calls to the colors the regular classes that previous to the war were called up for military service. These classes now, however, instead of doing military service, perform work for the state.

The system has proved such an economic one for the state treasury that the government has just decided to help out the municipal treasuries in the same manner.

As a consequence, any Bulgarian municipality which has city work to perform can now apply to the national government and the latter will place at its disposition soldier-workers in groups numbering not less than 50. The only restriction is that the number of workers furnished by the government cannot exceed the number of workers regularly employed by the municipality which demands government aid.

Eric the Red in 983 Discovered Ivgitut

The American globe flyers en route to Ivgitut on the west coast of Greenland followed the course of Eric the Red, who first discovered the island.

At Ivgitut is one of the most interesting settlements in the northern part of the world, established by Eric in 983.

It was maintained for several centuries by Norwegian colonists.

When the colony was established substantial homes were built, 16 churches were formed, and a monastery and nursery started.

The flyers missed the famous "Greenland's icy mountains" by taking the sea route around the island. If they had taken a direct course from east to west they would have traveled over a veritable land of ice.

The ruins of a dozen or more millenniums have built up a crystal blanket that some places is six to seven thousand feet deep.

BATHURST SUFFERS FROM \$40,000 FIRE

The Warehouse of the George Eddy Company Destroyed With Contents.

(Special to Times-Star.)

Bathurst, N. B., Aug. 27.—Fire which broke out about 2 o'clock on Tuesday morning in the building near the West Bathurst end of the station bridge, formerly used as a planing mill by the Northern Woodworkers Ltd., but more recently a warehouse of the George Eddy Co., completely destroyed the building and its contents.

Before the firemen could arrive on the scene the big wooden structure was a solid mass of flame, and the flames sprang into the air. The flames spread through the sawdust wharf which surrounded the building, and in a few minutes the entire wharf was a mass of fire.

The origin of the fire has not been explained.

The George Eddy Company had a large quantity of hardwood flooring and other building material stored in the building, but no one had been about the building during the day.

Insurance to an amount about half the value of the building and its contents was carried by the George Eddy Company. The total loss is in the neighborhood of \$40,000.

DE VALERA GOES ON CAUSING TROUBLE

Demand Release of All Political Prisoners and Applauds the Republicans.

Dublin, Aug. 26.—Addressing a meeting here tonight, and denouncing the release of all political prisoners in British and Irish jails, including two girls arrested yesterday, Eamon De Valera read a statement issued by the chief of staff of the army last July accepting responsibility for all acts committed by the Irish Republican Army acting under orders.

Mr. De Valera said:

"I came here to accept my share of the responsibility for the statement. It is a shame that I should be free while soldiers are in the prisons for doing their duty in defending the constitution of the republic."

Asserting that the declaration of independence by the Dail Eireann in 1919 had never been disavowed by the Irish, he declared that the prisoners were defending the rights of the Irish people.

MICHAEL FARRELL LEAVES ESTATE OF QUARTER MILLION

Bulk of Estate Goes to a Grand-niece and Three Nieces.

WILL IS PROBATED

Personal and Charitable Bequests Totaling \$5,500, Provided For.

(Special to Times-Star.)

Starting in as a helper on a farm located on the "Broad Road," between St. John and Fredericton, soon after his arrival from Ireland as a lad, and later engaging in business for himself as an itinerant peddler, Michael Farrell, who died a few weeks ago, laid the foundation for the creation of an estate valued at more than a quarter of a million dollars.

This fact was learned yesterday when his will was proved before Judge McInerney in the Probate Court.

According to the papers filed in court Mr. Farrell's estate was valued at \$225,000, of which \$205,000 was personal and the remainder real estate.

The Eastern Trust Company of St. John was named executor and Barnhill, Sanford & Harrison were probators.

After making charitable and personal bequests amounting to about \$5,500, Mr. Farrell directed that the residue of his estate be divided equally among his grand-niece, Marion McParland, and his three nieces, Mary Ann Delaney, Agnes Holmes and Margaret Kearney, in equal shares.

Charitable Bequests.

The bequests included the following: To the Bishop of St. John, \$1,500, to be used in connection with the upkeep of St. Vincent's and St. Patrick's Orphanages; to the Monastery of the Good Shepherd, \$500; to St. Vincent de Paul Society, \$500; four bequests of \$500 each to the children of George Eddy, Thomas L. Kearney; \$500 to Miss Annie Delaney, and \$500 to Charles O'Hara, who was Mr. Farrell's barber for many years, and whose death took place this morning.

Mr. Farrell's career as a merchant started during the time that the Intercolonial and other railways were being constructed in New Brunswick. It was his practice to set up a small shop near the camps where the railway builders were housed and to supply them with such things as clothing, haccos, etc. Later he was engaged as manager in Fredericton for a St. John firm, in which he had pronounced success. He afterwards returned to St. John and for many years carried on a very successful tailoring establishment.

AMERICAN NEGROES MUST STAY AT HOME

Liberia Wants no Marcus Garveys Planned in Territory it Controls.

Washington, Aug. 27.—The Government of Liberia is a formal communication delivered by Ernest Lyon, Consul General, has advised the Washington Government that it is irrevocably opposed both in principle and in fact to the emigration of American negroes to Liberia.

The communication declares that "the Liberian Government has noted with some concern the continued activities of Marcus Garvey, particularly in respect of his widely advertised plans for the emigration of American negroes to Liberia."

The West Now Has Enough Harvesters

Winnipeg, Man., Aug. 27.—Western railway executives are reported to have advised their head offices in Montreal that in their opinion there is sufficient harvest labor now in the west to handle the crop, and suggesting that no more harvesters trains be run.

Milk Fund Grows, But There is Still Opportunity to Give More

Two contributions of \$10 each from E. A. Goodwin and W. B. Tennant, added to \$29,350 acknowledged yesterday, brought the Times-Star Free Milk Fund up to \$33,350 today.

While this amount is creditable, it will not go far in providing means of sustenance for the many babies who otherwise will suffer this winter for lack of nourishment.

No worthwhile object has presented itself for the kindly consideration of the public for some time and every fifty-cent piece that is diverted from some other purpose will have its reward in the humanitarian work accomplished. More money is needed; those who can afford to give, should not hesitate.

Fell Into Bath Tub Made Bad Error

New York, Aug. 27.—"The funniest place in the world," Wallace Irwin says in Collier's, is Java. And the funniest time, he found in Java, was one of the 47 bathtubs in his hotel.

Situated in a dark and the tub was a five-foot vat in the shape of a tub. He climbed up the ladder at its side and dabbed his feet in the water, not darning to his death. But he lost his balance and tumbled in over his head. He was fortunately rescued by a faithful, but non-committal native, who then led him to a sign, which read:

"Notice of Warning. Tourist and Gentlemen must not jump into tub which is for Water Only. To Bath Gents Please Ring Buzzer by Pouring it on You."

LAST OF WHALERS ENDS HER CAREER

Wanderer of New Bedford Wrecked and Eight of Crew Are Sought.

New Bedford, Mass., Aug. 26.—The whaling bark Wanderer ended her career on Middle Ground Shoal yesterday, and search is being made for eight members of her crew who had not been seen since shortly after they left the ship in a whale boat. Mate Gomes and the other seven men in the crew landed on Cattyhunk Island.

The Wanderer, last of the square-riggers which once made this port famous as a whaling center, set out Monday on a cruise to the South Atlantic. Captain Edwards was in charge of the vessel for this voyage which was planned as her last search for whales. Old time shippers, their memories of stirring experience revived, gave her a rousing send-off.

Captain Edwards, after sailing, decided that he needed more men in his crew, and Monday night he left the vessel for a search for crew members. He was accompanied by his grand-niece, Marion McParland, and his three nieces, Mary Ann Delaney, Agnes Holmes and Margaret Kearney, in equal shares.

The Wanderer struck the shoal some 100 miles from New Bedford. She was being driven toward the shoal by the wind and waves. The ship was wrecked on the shoal in 1878, and registered 288 tons net. The whaler was built at Mattapoisett in 1878, and registered 288 tons net. She was 116 feet long.

Men Are Found.

Cattyhunk, Mass., Aug. 27.—The missing men from the whaling bark Wanderer, torn away from their compartments in another boat when the vessel was wrecked in Vineyard Sound last night, were brought ashore here today. They had spent the night on a lightskip.

Other Pastimes.

He also showed up at the fancy dress show last night, and made the party a tremendous success with his costume. Everybody had been rubbing about getting costumes for the ball all day, and sheets, blankets and curtains (Continued on page 8, sixth column.)

A GREAT DECLINE IN TUBERCULOSIS

Germany and Japan Are The Exceptions—A Terrible Record.

New York, Aug. 27.—(Associated Press)—Reports from 23 countries representing one-third of the population of the world, compiled by G. J. Drolet, statistician of the New York Tuberculosis Association, indicate that in the last 43 years more than 18,000,000 people have died from pulmonary tuberculosis, according to a statement issued today by the association.

In practically all of the countries studied the death rate from tuberculosis is declining, with the exception of Japan, where there is a marked increase. The central European countries showed an increase during the war, but so far as figures are available since the war there has been a decline. At the present time, however, the death rate in Germany seems again to be mounting.

In the United States the death rate from tuberculosis has steadily fallen from nearly 800 in 1880 to 97 for each 100,000 of population in 1922.

BRITAIN TO ENTER SEAPLANE CONTEST

New Machine Said to Have Speed of 220 Miles an Hour.

London, Aug. 27.—A new Gloster Napier machine capable of a speed of 220 miles an hour will be entered by Great Britain in the international seaplane race for the Schneider cup to be flown at Bayshore Park, Md., in October. The machine now is in the hands of experts being tuned up and overhauled and will be shipped to the United States the middle of next month.

The engine, which is a 430 horsepower Napier "Jom" is the latest type high speed English model and can develop 550 horse power. In test flights the machine has eaten all previous records for British entrants for the Schneider cup. It will be flown by Capt. H. C. Baird, who will win the event at Naples in 1922.

Argentina Still Unrepresented

Buenos Aires, Aug. 27.—Foreign Minister Gallardo has announced definitely that Argentina would not be represented at the forthcoming sessions of the Assembly of the Nations. Argentina's non-representation, he said, was due to the failure of congress to act on the Government's request for legislative sanction of the adherence to the League of Nations given by the Government of former President Yigoyen.

AN AMERICAN GIRL IS MADE HAPPY BY PRINCE OF WALES

He Danced Several Times With Miss Cahill of St. Louis.

ON BERENGARIA

Appeared in Costume at a Fancy Dress Show—In Sports.

(By CHARLES W. SUTTON (Written for the United Press. Copyright, 1924.)

Aboard the Berengaria, en route to New York, Aug. 27.—The Prince of Wales, who has been called a prince of almost everything agreeable by the passengers of the Berengaria, has proved a real Prince of the dance in the ballrooms.

Miss Cahill, satisfied the desires of St. Louis, and the Prince danced with her in the palm room of the tea dani in the ballroom of the liner, and he made one American girl very happy by dancing several times with her after he had been presented by his aide, General Trotter.

The girl is Miss Lenora Cahill of St. Louis, and the Prince evidently thinks she is an excellent dancing partner, for he smiled continually as they foxtrotted to the snappy music of the jazz band of North Carolina University students.

Miss Cahill, of course, was quite happy, but she was modest and said she supposed the Prince selected her as a partner merely because they were about the same size.

"He's a most excellent dancer," she said enthusiastically.

The Prince had been loafing around the ship and most of the girls aboard had begun to give up hope that he would attend any of the afternoon dances, which had not proved very lively affairs. Yesterday, however, he caught a strain of the jazz music coming from the palm court and suddenly decided to dance.

He first went on the floor with Lady Mountbatten and later danced with Mrs. Richard Norton, of the Mountbatten party. Then he asked to be presented to Miss Cahill, who was frankly carried by every girl on the ship said she was the best dancer that has been on the floor so far, using many of the steps common in the United States.

Other Pastimes.

He also showed up at the fancy dress show last night, and made the party a tremendous success with his costume. Everybody had been rubbing about getting costumes for the ball all day, and sheets, blankets and curtains (Continued on page 8, sixth column.)

VISITING MISSIONARIES TELL OF WORK IN FOREIGN FIELDS

Reports are Heard at Session of Baptist Women's Union.

The morning session of the annual convention of the United Baptist Women's Missionary Union of the Maritime Provinces was taken up chiefly with reports from the provincial secretaries on the work during the last year. Addresses were also given by Mrs. J. A. Huntley and Mrs. G. W. Parker. Mrs. W. G. Clark of Fredericton, president of the union, occupied the chair.

Secretary's Reports.

The annual report of the executive committee of the union was read by Miss C. R. Fullerton, the recording secretary. The report of the provincial secretary was read by Miss Augusta Shipley of Hampton, provincial secretary. She reported increased activity in all departments of work. In many cases the records of previous years were far surpassed and in every case at least equalled. Many shared in making the Jubilee offering a success, according to the report. The province raised \$11,918.90 for foreign missions and \$9,726.85 for home missions during the year. These amounts were raised by the missionary societies of the province exclusively. The German street Baptist led the province by raising \$1,083 with the First Baptist church of Moncton second with \$1,060 and Brantford street, Fredericton, third with \$1,037.66. The largest average raised per member was by the church at Notre Dame, Kent county, which sent in \$18 per member.

STORM CAUSES SEWER TO BREAK

The rush of water following the heavy rain of yesterday was responsible for a job for the water and sewer department, the old wooden sewer in Hilyard street collapsing and flooding the street. Commissioner Wigmore was notified of the break and hastened to the scene. As it was too wet and there was too much water running in the repairs last night the area was fenced off and this morning the work of renewing the sewer was begun. The portion which collapsed will be replaced with terra cotta pipe.

GREEK COURT CASE CAUSES COMMOTION

Hubbub Ensues When Men Ordered Below—Refector in Toils.
Although several officials and many spectators were present in the police court this morning it is doubtful if there was one person sufficiently conversant with the Greek language to give a coherent account of the proceedings when four sailors of the S. S. Nicosa were present for the second time in two days to answer a charge of refusing duty.

GIRL IS ARRESTED; WORE BOY'S CLOTHES

She and Companion are Fined in Police Court Today.

In the police court this morning James McKewen was charged with being drunk in Prince Edward street and resisting the police, while a girl companion was also present on a charge of drunkenness. When the case was called Mr. McKewen was asked if he was guilty and answered "I suppose so."
In order to learn the facts Magistrate Henderson summoned Policeman Coughlan to the stand. He swore that he met the couple on Prince Edward street about 2 o'clock this morning. Both were drunk and were taken to the police station. The girl, who was named McKewen, started to resist and while holding on to the young woman with one hand he had a hard time with his male prisoner. He succeeded in getting his baton out and striking a pole thus attracting the attention of a night watchman that vicinity, who telephoned for the patrol wagon and the two prisoners were taken to the police station.
Magistrate Henderson adjudged both guilty and struck a fine of \$8 or two months in jail on the drunkenness charge. He also fined McKewen \$24 for three months in jail for resisting "Boys" is Girl.

PLAN FOR CRUISE ON LABOR DAY

Preparations for the Labor Day cruise of the St. John Power Boat Club were made at a special meeting held last evening at the Club House. W. McKelvey, vice-commander, presided. A resolution of sympathy with the strikers was passed and a copy ordered sent to him.
It was decided to make Oak Point the objective for the cruise and to leave the club harbor at 9 o'clock on Saturday afternoon. Saturday evening there will be a big bonfire and singing on the beach and on Sunday divine service will be attended at Oak Point by the Rev. W. W. White, who will be accompanied by the members of the R. K. Y. C. to take part in the cruise.
On Monday afternoon there will be a big programme of sports on land and water. There is to be a speed boat race between the Patricia and a number of cabin cruisers, a tender race and a dinghy race. On shore there will be a baseball game between the married and single men and races for the juniors.

DEMONT'S CHAPTER HAS ANNUAL FETE

The annual fete of Demont Chapter I. O. O. F. is being held this afternoon at the "Lowwood" building home of Dr. W. W. White, and the time day tempted many to attend. The grounds were beautifully decorated for the occasion and it is expected a good sum will be realized.

WARSHIP MAY STAY UNTIL NEXT WEEK

Many Visitors Inspect Vessel Today—Entertainment for Crew.

The U. S. S. Detroit, now in port in connection with the round-the-world flight by U. S. army aviators, was opened for public inspection this afternoon and a large number of citizens availed themselves of the opportunity of looking over one of Uncle Sam's new toys. Visitors were impressed with her neatness and powerful guns and the obliging manner in which members of the crew explained various features. The latter are attached to the airplane on board which is shot off the ship by a compressed air machine at the rate of 50 miles per hour.

FOR BRIDE-TO-BE

Last evening several friends and fellow employees of Miss Bessie Gisham tendered her a lovely shower at the home of Mrs. T. P. Murray, Broad street. The house was prettily decorated. The gifts were presented in a basket, gaily decorated in lavender and yellow with a miniature bride dressed in white satin with veil and orange blossoms. Games and music were enjoyed and refreshments were served at the close.

C. P. R. OFFICIAL HERE

Charles E. McPherson, assistant passenger traffic manager for the Canadian Pacific at Winnipeg, arrived here today for a brief visit. U. S. TARS READY FOR BALL CONTEST

Team From Cruiser Detroit Will Meet Vets on Thursday.

Lieutenant George L. Russell, manager of the baseball team of the U. S. S. Detroit, now in port, said this morning the members of the team would be delighted to give their services in a game on Thursday night on the East End grounds against the War Vets in aid of the Milk Fund.
"The boys think this is a mighty fine fund to boost along and while we do not expect to beat our boys, I can tell you they will find us no easy marks," said Lieutenant Russell this morning.
The Detroit's team is a heavy-hitting aggregation and includes in its lineup a 200-pound first baseman named Englishard, who has been nicknamed by other teams of the fleet "Babe" Ruth. He is the heavy hitter on the Detroit's lineup and is the life of every game in which he takes part. Lieutenant Russell announced his lineup this morning would be as follows: Catcher, Wilcox; pitchers, Greene, Delvecchio, Mammenstein; first, Englishard; second, Collins; third, Edwards; shortstop, Truss; left, Watson; center, Lacombe; right, Crowe; Wilson, Myquist and Burns.

WANT AMBULANCES TO MEET BIG LINERS

The Arabic Was Damaged by Hurricane and Several Passengers Injured.
New York, Aug. 27.—Several passengers on the White Star liner Arabic, bound from Hamburg to New York, were injured last night when the ship ran into a hurricane, according to word received at the steamship company's office today.
The message from the liner requested that ambulances meet the ship when she docks at about 4 o'clock this afternoon. The vessel herself was damaged by the gale.
The hurricane struck the ship about 9 o'clock last evening. Most of the passengers are immigrants, but many Americans are also on board.

CLOSING TOMORROW

St. Peter's playground will be officially closed tomorrow afternoon when a special programme will be carried out. Tennis championship matches will be held, games conducted for the benefit of the children, and there will be an exhibit of work which they did during the summer months. In the evening the programme will take the form of a garden party and booths have been constructed for the sale of refreshments.
The proceeds are to be devoted for the grounds fund.

FRANCE CAN ACT ALONE NO LONGER DECLARES ECHO

(Continued from page 1.)
In general, however, the public seemed well satisfied that parliamentary approval of the London agreement had been completed, believing the French position would be stronger. France is the first nation to show its full support of the programme which Europe and the world hope will result in a general settlement of the tangled political and economic situation prevailing since the signing of the treaty of Versailles. The final vote in the Senate was overwhelmingly for the Poincaré action, 204 declaring their approval and only 40 opposing.
The Poincaré supporters generally did not vote, as the ex-Premier was cleared by the Senate to support the pact of London which had been to run counter to his own Ruhr policy, because of the provision for evacuation of occupied territory; to vote against it would be to oppose the Dawes plan, on which the London agreement is based, and responsibility for which Poincaré has always claimed.

BASEBALL GAMES ARE CANCELLED

Moncton Team Unable to Get Through for Double-header.
The double-header scheduled here today between Moncton and the War Vets has been cancelled, according to an announcement this afternoon. The Moncton team started out in automobile from the railway city but found the roads in bad condition and turned back to catch the train. They missed the Maritime, however, and notified the local management they could reach here at 6:30 o'clock. As it grows dark quite early now, the Vets decided to cancel both games.

WANDERED THREE MONTHS IN WOODS

Youth, His Body Deeply Tanned, Found by Massachusetts Sheriff.

Middlefield, Mass., Aug. 27.—Police officials believe that they have solved the mystery of the wild man who has frightened many persons in Springfield, Becket and various sections of western Massachusetts in the last year, in the capture in the deep woods about a mile from Middlefield Centre, of a stark naked young man, who says that his name is Charles Burt and his father is a Boston builder.

Is Deeply Tanned. Sheriff G. E. Cook, who located the man, believes that he is either a war veteran suffering from shell shock or the effects of disease and drugs, as he cannot tell how he happened to be in Middlefield or give any details of his recent activities except that he worked in the Hendee Motorcycle plant in Springfield some time in the past.

It is evident that he has been wandering around like a wild man for at least three months as his body is deeply tanned, his hair hangs in dark curls below his shoulders and he has a heavy beard although he is only 23 or 24 years old.

A Day or Two Longer and he would have died, the sheriff says, as he was so exhausted by starvation when found that he was too weak to rise from the ground where he was lying. He weighed only 80 pounds although he is at least 5 feet 7 inches tall. His general appearance is that of a well educated man, and what conversation he could carry on with the sheriff today indicated that he came from a cultured family.

The sheriff took him home and is holding him there until he can locate some of his friends or relatives in Boston or Springfield. He was so near death from starvation that despite the fact he was voraciously hungry, the sheriff was obliged to limit his first meal to bread and tea.

Middlebury hunters came across the man, who fitted away into the shadows of the woods, yesterday. They reported the incident to Sheriff Cook who went to the point in the deep woods where the hunters had seen Burt and found him lying flat in a path. Burt made no attempt to resist or to run away from the sheriff as his strength was too far gone.

The fact that stores in Becket were entered a short time ago and robbed of food, leads the police to believe that Burt made forays upon the town for food until he was frightened away and

Wind Breaks Glass And Cuts Motorman

Last midnight while a trolley car was proceeding from West St. John to the city along Douglas avenue a heavy gust of wind caused a pane of glass in the front window to break with the result that the flying glass made a severe gash on the forehead of the motorman, William James McCordick, 288 Prince Street. The injured man was taken to the office of Dr. H. S. Clarke, 19 Douglas avenue, where the doctor found it necessary to use five stitches to close the wound. After the injured motorman had been treated, he again boarded his car, which was operated by a brother motorman and he went to his home.

that since then he had tried vainly to live upon what few berries he could find in the thickets near Becket and Middlebury. How he came to reach Middlebury, which is 40 miles from Springfield, is a mystery, that Sheriff Cook hopes to clear up when Burt has rested and returned to more nearly normal condition.

A SHAWL OF FEATHERS.

For three years twelve men worked long and patiently on one shawl. There has never been a shawl like it before, and it is doubtful whether even a companion can be produced, which has been brought from India, and is now exhibited in the Indian Pavilion at the British Empire Exhibition.

Several years ago a family of Kashmir weavers discovered that they could transform, by a process which is kept absolutely secret, the soft down of the Kasa bird into woollen thread, and that the thread possessed remarkable strength and resilience.

The shawl is 7 1/2 yards long and 38 inches in width, but its texture is so fine that when rolled up it can be passed through an ordinary ring without being creased. With this knowledge, the weavers made a very small shawl, and they were at once struck with the peculiar properties of the wrap they had produced.

They brought it to the notice of Mr. Gopi Krishna Madan, of Messrs. Madan & Co., Srinagar, Kashmir, and Mr. Madan ordered a special shawl to be made of the material.

So, after three years, with a dozen people working on it, the only bird's down shawl existing today has been finished.

VANCOUVER SHOWS NOTABLE GROWTH

Claims Nearly 250,000 People—Remarkable Trade Development.

Vancouver, Aug. 27.—For years Vancouver citizens have been referring to the boom days around 1912 as the most prosperous the city and district have ever enjoyed. Some statistics gathered by the Vancouver publicity office speak eloquently of the progress made since that period and go a long way towards showing that very substantial development has taken place since 1912, despite the war and the period of depression following.

For instance: The population of Greater Vancouver in 1911, as reported in the government census of that date, was 109,401. The population this year, as estimated in the directory, just published is 247,128.

That the increase in population as given in the directory has not been exaggerated, is indicated in the number of water meters in use in the district in 1912 as compared with 1924. In 1912 the number was 16,215; today it is 89,115.

Increase in Metres. In 1912 there were 20,000 active light metres in use as compared with 63,000 at present. The difference in the number of water metres and light metres is largely accounted for by the fact that where there will be one water metre in an apartment house, office building or other such block, there will be many light metres.

When it comes to telephones, the figures gathered by the publicity office further serve to show the remarkable progress Greater Vancouver has made. In 1912 there were 16,194 telephones in use. Today there are 84,000 telephones used in this area.

Bank clearings of 1912 amounted to \$62,000,000; last year they amounted to \$780,000,000. Postoffice revenue has more than doubled in the same period. In 1912 this totaled \$328,000; last year it reached \$1,113,275. The same growth is reflected in the figures from the customs office. From \$7,760,000 in 1912, the receipts grew to nearly \$16,000,000 in 1923.

Huge Wheat Increase. In still further evidence of the city's growing importance as a port is the fact that the amount of lumber that passed through the port was 290,767,000 feet, while in 1923 it was 290,767,000 feet.

In 1912, of course, no wheat was shipped through Vancouver. Last year 3,481,188 bushels were exported. One hundred and forty-four ocean-going vessels visited Vancouver in 1912. Last year the number of registrations was 887. The number of coast-

CONVICTED MAN TRIES TO ESCAPE Quebec, Aug. 26.—An attempt to escape was made yesterday by Giuseppe Serafini, but it was frustrated, stated Charles Lanctot, K.C., assistant Attorney General for the province, tonight, when questioned regarding the report emanating from Montreal to the effect that Serafini had secured temporary freedom. Mr. Lanctot stated that he could give anything further for publication, but added that an investigation was now going on. CROP 300,000,000. Vancouver, B. C., Aug. 27.—A 300,000,000 bushel crop is my estimate, stated W. L. Parrish, Winnipeg grain man, in the course of discussion of the crop situation. "That is not as big as last year's record, but with the advance in prices it means that the farmers who have crops will make about the same money," he added.

MATTHEWS MUST NOW STAND TRIAL Was Committed in Toronto Yesterday on Five Charges—Bail is Sought. Toronto, Aug. 27.—Charles A. Matthews, former Deputy Provincial Treasurer, who was committed for trial yesterday afternoon by Magistrate Jones on charges of violating the Secret Commissions Act, commencing with the public or to affect the market price of sterling bonds of the province, and on charges of fraud and a breach of public trust, Counsel for Matthews will appear before a county judge on Thursday morning in an effort to obtain bail for his client, and if his request is refused, application will be made to the justice of the Supreme Court of Ontario. The trial will take place at the sessions commencing under bond in the sum of \$10,000 to appear at the trial as a material witness. The five charges on which Matthews stands committed for trial are: 1. That in the year 1921, being an agent, he accepted, agreed to accept or attempted to obtain from Garnet M. Hart, Alexander Ross and L. C. Mason, for himself, or other persons unknown, gifts or consideration as a reward for showing favor or forbearing to show disfavor. 2. That in the years 1921, 1922 and 1923, he conspired with L. C. Mason, Alexander Ross and G. M. Hart and other persons by deceit, falsehood and other fraudulent means to defraud the public or to affect the public market price of sterling bonds of the Province of Ontario. 3. That in the years 1919, 1920, 1921, 1922 and 1923, being a public officer, he committed a fraud or breach of trust affecting the public. 4. That in the years 1919, 1920, 1921, 1922 and 1923, he conspired with G. M. Hart, Alexander Ross and L. C. Mason and other persons to commit an indictable offense. Y. M. C. A. OFFICIAL TO WED. H. T. C. Hutton, physical director of the St. John Y. M. C. A., is at his home in Moncton. On Wednesday next Mr. Hutton is to be married at Loggieville, Northumberland County says the Moncton Transcript.

The Wisest Doctor Can't Explain Why Most People so Carelessly Neglect Their Eyes. What Eye Specialists Have to Say About This. People who would consider themselves healthy if they neglected to care for their teeth, usually never even realize that they ought to take care of their eyes. You can get new teeth, or have injured or decayed teeth made as good as new, but not so with your eyes. Once injured, your sight remains injured. You do not see with your eyes as you see with your brain. Your eyes are mechanical arrangements, and like all such, need constant attention. Exposure to dust, dirt, chemical fumes present in the atmosphere, disease germs floating in the air, rough winds, glare of artificial light, all tend to irritate the eyes, causing them to itch, burn, smart, water, pucker, tear, the lids become inflamed and headache or dull or sharp pain results. These danger signals are not only annoying, but they warn you that, if neglected, such external irritation will in time actually affect the internal mechanism which is necessary to enable your brain to see. Consult your own comfort. Get a package of Bon-Opto, a harmless, helpful, soothing, cooling, cleansing medicine for the eyes. Its composition is not secret. It contains ingredients which the best eye specialists, as well as wise everyday doctors, prescribe for their patients. Bon-Opto is known by many doctors, and endorsed and praised by many experienced and well known medical men. Bon-Opto relieves inflammation, soothes smarting or burning, stings, itching, watering, redness, and the vision, overcomes blurring, and, by removing irritation, helps to strengthen the eye-sight. Get a bottle of Bon-Opto tablets at any drug store. Dissolve one tablet in one-fourth of a glass of water, use the eye-drop supplied in the Bon-Opto package and bathe the eyes as directed, two to four times daily. You will notice a difference in your eye-comfort at once. You will see better, be able to use your eyes longer and without discomfort. Soon you will come to rely upon Bon-Opto as you do upon your toothbrush, as something necessary to keep you fit and to protect you against future discomfort or serious trouble with your eyes. Bon-Opto means good eyes, healthy eyes, strong sight. Get the Bon-Opto tablets. It helps to improve eye health, as well as eye comfort. Bon-Opto is sold in this city by all good druggists.

ARE BUSY GETTING READY FOR SCHOOL

Number of Permits Issued Runs Ahead of Recent Years

The weather yesterday made the business of issuing school permits and vaccinating school children rather more slack than usual but previous to yesterday there had been exceptionally brisk days for both of these preliminaries for the opening of school. As the city schools reopen on Sept. 3 there is not very much more time in which pupils can have these preliminaries attended to.

On Monday afternoon there had been 218 school permits issued as compared with 162 for the previous year, 178 for 1922 and 147 for 1921 on the corresponding date.

Up to yesterday afternoon there had been 377 children vaccinated by the medical inspector of schools which was more than the total number vaccinated

In the first year when the medical inspector carried out the free vaccination. The greatly increased attendance at the free vaccination clinics this year. The medical inspector's office open Wednesday morning in addition to each week-day afternoon except the afternoon Saturday for issuing of certificates that vaccination has been successful. Up to yesterday afternoon only 30 certificates of successful vaccination had been issued.

DEATHS

Charles O'Hara.

The many friends of Charles H. O'Hara will regret to hear of his death which occurred at his residence, 45 Douglas avenue, at a quarter to one this morning. He had been ill three weeks. Besides his wife, he is survived by one daughter, Rev. Sister Hermes, of Roxbury, Mass.; five sons, Rev. Charles O'Hara, C. S. R., Edmondston, Alta.; Rev. Joseph O'Hara, C. S. R., Brockville, Ont.; Francis J. of St. John and Leo and Edward, at home. The funeral arrangements had not been completed this morning.

Only on Aug. 12, Mr. and Mrs. O'Hara quietly celebrated the golden anniversary of their wedding. The anniversary, which occurred a few months previously, had not been observed at that time on account of the sudden death in Boston of their daughter, Miss Margaret O'Hara.

Solemn high mass for the anniversary was celebrated, in St. Peter's church, the successor of the old St. Peter's church in which they had plighted their troth fifty years before. The celebrant was their son, Rev. Joseph O'Hara, C. S. R., of Brockville. He was assisted by Rev. F. Hill, C. S. R., deacon and Rev. Arthur Conlogue, C. S. R., as sub-deacon. The following day there was a family reunion.

Mr. O'Hara was 78 years old last October, and had been in the barber business for 67 years. During the many years he plied his trade he initiated 82 men. His place of business was in Mill street near the Union depot.

Mr. O'Hara was known and esteemed by a wide circle of friends and acquaintances. There will be sincere sympathy felt by St. John people for the family in their sad bereavement.

Dr. Mont. R. Gilchrist.

Word has been received by relatives here of the death of Dr. Mont. Rankine Gilchrist at North Vancouver on Aug. 14. He was 48 years of age and was born at Cambridge, N. B., the son of the late David and Emmeline Gilchrist. He is survived by his wife and two sons, Spencer and McDonald; three brothers, Robert E., of Cambridge, N. B.; Dr. Harry, professor of dentistry in the University of Alberta, and Mack, a civil engineer, of Cobalt; one half-brother, Wallace Lloyd, of Vancouver; and two sisters, Mrs. George Reid and Mrs. Harry Colwell, both of Vancouver. Dr. Gilchrist had been ill for the last three years. He was a graduate of Northwestern University, Chicago, and practiced as a dentist in Chicago, afterward going to Calgary, where he remained until failing health caused him to give up his professional activities and he removed to Vancouver, where he remained until his death.

Miss Annie M. Hea.

Very many friends will greatly regret to learn of the death of Miss Annie M. Hea, which occurred at her residence, 120 Orange street, yesterday after a short illness. Miss Hea is survived by two sisters, Mrs. J. M. Lawrence and Miss Alice Hea, of this city, and one brother. The funeral will be held on Thursday afternoon from her late residence and the service will be at 2.30.

PICNIC PRIZES DRAWN.

The last drawing for prizes for the Bishop's picnic at Torryburn on Tuesday, Aug. 5 was held last evening with the following awards: Irish lace centrepiece, Dorothy Nichol, 31 St. David street; child's shoes, B. McHuff, 3 Erin street; Boys Y. M. C. ticket, Zena Benzine, Torryburn; Girls' gymnasium ticket, May Martin, 304 Union street; large centrepiece, Charles Henneberry, 42 Horsfield street; beautiful doll, Eunice Peatman, 84 Gerard street.

A TOTAL ECLIPSE OF SUN ON JUNE 24

Washington, Aug. 27.—While no total eclipse of the sun are listed for this year, one of the best opportunities for observing a total shutout of Old Sol's face will be afforded the eastern part of the country early in the coming year, officials at the United States Naval Observatory here say.
On Jan. 24, 1925, the sun will be in total eclipse. This will start at sunrise just beyond Lake Superior. Its path will be on into New York state and lower New England, Eastern New York and southern New England will be the best positions for observations. Vessels in the Atlantic Ocean north of Scotland will be able to see it at sunrise. In the middle of the Atlantic it will be visible at noon.
Another total eclipse will take place Jan. 14, 1926. This will start in Africa, crossing the Indian Ocean and the Island of Sumatra in the Dutch East Indies, and the lower islands of the Philippines.

A Very Fine Collection of New Fall Coats

Women Who Delight in Wearing The Exclusive Will Do Well to Make Selections Early.

September is coat time—and this store is ready at the first hint of fall with an unusually fine collection of newest modes.

Materials, Silhouette, Colors and Trimmings differ greatly from the prevailing mode last autumn. Never have coats been more beautiful.

Materials are exquisite featuring the new wool de laines, flamingo, ribbed velours, suedette, and other smooth, velvety finished cloths bound to be becoming. Stripes, cut patterns and plain surfaces are all new.

The smart silhouette is loose above the waistline, tapering in ever so gradually at the hips and decending with great alimness to the hemline. A silhouette extremely flattering to all.

Furs are used extensively as trimmings and are seen to form collars of rare shape, cuff bands for barrel sleeves, borders for skirts and in very other attractive ways. Sometimes fur is of matching shade and sometimes in happy contrast. Colored embroidery in dull shades to harmonize with coat cloth is also new. Waistcoats in short or long lengths are extremely fashionable and out of the ordinary.

There are many more details in connection with the description of these newest coats. We haven't room to tell you about them here, however, we cordially invite your inspection at our earliest convenience.

NEW BRUNSWICK IS IN GOOD CONDITION

Premier Veniot Tells Moncton Rotary Club of Progress Made

Moncton, Aug. 26.—This province passed through the period of depression better than did any other province in the Dominion, declared Premier Veniot in the course of his address before the Rotary Club at the weekly luncheon in the Brunswick Hotel today. All know the effect that war had on industry and the collapse that followed, and yet, the Premier said, the fall in the value of the agricultural products produced in New Brunswick from the peak of 1918 until the lowest point of the depression in 1921 was only \$10,000,000 or from \$58,000,000 to \$48,000,000. In Nova Scotia the drop was \$21,000,000; in Quebec, \$12,000,000 and in the P. E. I. it was \$5,000,000. In the same year, 1921, the products of the forests of New Brunswick exceeded in value the products of coal mines and steel mills of Nova Scotia by nearly \$1,000,000.

In opening his address, Premier Veniot dealt with the matter of good roads. Premier Veniot spoke of the praise which had been given the roads by a member of the Good Roads Association at St. Andrews, and in this respect he gave the credit to the engineering staff which was employed by the Department of Public Works.

TO FIND OUT HOW MUCH THEY GAINED

The children at the Lady Byng summer camp at Fair Vale will return to the city on Saturday and at that time the final weighing will be made to ascertain what has been the total gain of the children cared for throughout the season. It is hoped to have two of the younger children now in camp remain for a short time but all the others are to return at the end of this week.

ACCIDENT BOARD.

Halifax, Aug. 26.—The eleventh annual meeting of the International Association of Industrial Accident Boards and Commissions opened here this morning with a large attendance of delegates, who were welcomed by Premier Armstrong, of Nova Scotia; Mayor Murphy, of Halifax, and Fred W. Armstrong, president of the association. Mayor Murphy welcomed the delegates on behalf of the city, and in the course of his address made reference to the good feeling existing between Canada and the United States, making particular mention of the large number of American visitors who have visited Nova Scotia this summer. F. A. Duxbury, a member of the Industrial Commission of Minnesota and past president of the association, responded to the welcoming address and corroborated Mayor Murphy's statements regarding the friendly relations existing between the two countries.

MARYLAND GIRL MAY THROW LIGHT ON WHEREABOUTS OF CHARLES RAAS.

New York, Aug. 27.—Fearing that Charles Raas, former business associate of Aaron Graff, aged manufacturer of radio cabinets, whose body was found Friday sealed in a tin box in the cellar of 81 West Twelfth street, may also have been a victim of violence, the police have concentrated all their energy in an attempt to find John Lugosy, to check up his movements.

Raas, it is recalled by friends, has not been seen since the last of May when he was known to have had a large sum of money. It was thought at the time that he had absconded, but in view of the killing of Graff and circumstances before the disappearance of his business associate, police have more than a suspicion that Raas may also have been slain.

COLLISION MAY MEAN LAW SUIT

Hopewell Hill, Aug. 26.—A recent collision between an automobile and a cow, according to report, has caused some friction between two residents of Hillsboro parish, and even may be productive of a suit at law. The car, with a woman driver, it seems, struck the cow and knocked her down. Afterward she evidently resented the indignity of being bowled over in public, making havoc with the car's lamps by a vigorous use of her kicking equipment. It is understood that legal action may be instituted against the owner of the cow, seeking damages for injury to the car.

Motive is Yet Unknown. Whether the slaying of Graff was for robbery the police are unable to say. The fact that he had considerable money with him the day he was last seen lends strength to this theory as the possible motive. Whoever the slayer was, it is pointed out, he had ample time to make a complete getaway, as it is estimated that at least three weeks elapsed between the time of Graff's murder and the finding of the body.

MADAWASKA CROPS ARE BEST IN YEARS

Edmundston, Aug. 26.—The crops in Madawaska county are better this year than they have been known to be for several years. There has been considerable amount of rainfall this summer which has greatly benefited the crops. There will be a plentiful supply of hay this year. The grain fields are well advanced and the potato fields are looking fine. The rain storm which covered so large a portion of New Brunswick today had not arrived here up to midnight.

HON. F. B. CARVELL ESTATE IN PROBATE

Woodstock, Aug. 26.—The will of the late Hon. F. B. Carvell was admitted to probate in the Carleton County Probate Court here today. The petition showed an estate to probate valued at \$25,000 of which \$18,000 is real estate and the balance personal property. There is also \$12,000 life insurance. The estate is left to the widow who is sole executrix.

Social Notes of Interest

Despite the rain which fell in torrents yesterday and last night, many social events were in progress in the city and suburbs. Any plans for outdoor events were necessarily changed and the parties were carried on in private homes and in the club houses of the various resorts. A large bridge was held at Westfield Country Club and a presentation was made at Renforth Athletic and Outing Association Club House. The Millidgeville Boat House was gaily decorated for the weekly bridge and dance. These functions, with several private events, showers and small parties, made the evening gay, while the weather carried on a watery display with almost tropical heat.

Westfield Country Club was very gay last evening with more than 100 guests in attendance, the hostesses being the lady members of the Westfield Golf Club. The ladies' prizes were won by Mrs. Kenneth Creighton, Mrs. John C. Earle and Mrs. R. Ernest Smith and the gentlemen's by Frank L. Peters, Frank Lively and R. Ernest Smith. Refreshments were served informally and the evening was declared a great success in the series of many social events for the season.

Miss Carlin Schmidt was the occasion for a presentation and a delightful dance last evening at the Renforth Athletic and Outing Association. More than 80 guests assembled when dancing was enjoyed and delicious refreshments were served. Miss Frances Job was the entertainer and Mrs. Ernest Job, her mother, received the guests, being assisted in chaperoning the party by Mrs. Wilson Dalton and Mrs. Ivy Robertson. A local orchestra played sweet music and the storm was forgotten in the pleasure of the brightly lighted club house and the merry party. Mr. W. C. Clark presented Miss Schmidt a beautiful gold pen and pencil on behalf of the company, who regret exceedingly her immediate departure for Newton, Mass., where she is to enter a hospital to train for nursing. Miss Schmidt thanked her friends most cordially for their kind thought.

There was a good attendance at the Millidgeville Boat House last evening when dancing and bridge were enjoyed. There was good music and refreshments were served.

Mrs. Frank A. Godson, 90 Leinster street, was hostess at her residence on Monday evening at a charmingly arranged dinner for Miss Rachel Senior Merrill, of New York, the accomplished violinist. Covers were laid for six, the table being centered

with lovely flowers from the garden of the hostess. This garden, which is one of the beauty spots of the city, also furnished quantities of the quietest blooms for the rooms which were a bower of loveliness. Those enjoying the evening were Mrs. T. J. Gunn, Miss Merrill, Mrs. J. M. Barnes, Mrs. C. H. Peters and Miss Mary McCarty, of Toronto, who is a noted pianist in her home city and was formerly a St. John girl. Music was part of the entertainment of the evening and was greatly enjoyed. Miss Merrill is the guest of Mrs. Gunn while in the city, the latter being a violinist of great ability.

Miss Mollie Chamberlain was the recipient of a delightful novelty shower last evening at her home, King Street East, when about forty of her friends called to present a beautifully decorated basket of gifts in anticipation of her marriage which will take place very soon. The bride-elect was greatly surprised, as she had been out with friends and had no idea that any event was pending. Miss May Rowley and Miss Marion Hoyt represented in costume the bride and groom and were also the hostesses for the evening. They presented the ornamented basket in blue and pink. Dancing was enjoyed and refreshments were served by Miss Mildred Bustin, Miss Marion Finley, Miss Martha Spencer and Miss Laura Hoyt. Miss Chamberlain will be married Sept. 3 in Portland street Methodist church.

Dr. Frank Scully, son of W. E. Scully, M. L. A., and Mrs. Scully, of West St. John, is the guest of his parents, coming here from Montreal yesterday, accompanied by his son, William.

Miss Ethel Wood, of Boston, who was a resident of this city for some time, is the guest of Mrs. W. Albert Nelson, Manawash Road, en route to her home at Bear River, N. S., for a short vacation.

Rev. W. W. Malcolm and Mrs. Malcolm, of St. Stephen, with their family are in the city, having just returned from a motor trip from St. Stephen to Quebec, during which they went along the Saguenay and had a trip to Lake St. John and returned by way of the North Shore. Mrs. Andrew Malcolm, of St. John, Mr. Malcolm's mother, accompanied them on the trip and they made a short stay at Kenogami, Que., to visit her son, Charles. Mr. Malcolm said that they had enjoyed perfect weather and the storm of yesterday in St. John was the first rain that they had experienced since leaving St. Stephen.

Among the passengers arriving on the Boston boat yesterday was Dr. Leslie Mitchell, of New York, who will visit

his parents, Mr. and Mrs. J. Cecil Mitchell, Douglas avenue.

Mrs. Emma Retta Currie, of Fairville, announces the engagement of her daughter, Jessie Florence, to Mr. Lloyd Stanley Jones, also of Fairville, the marriage to take place in the near future.

Mrs. T. W. McKee, of this city, is visiting in Montreal, the guest of Mrs. W. D. Lorimer. She will remain for several weeks.

Mrs. Thomas Brown has accompanied her daughter, Mrs. John Eddie and son, Douglas, to Montreal, and will visit her other daughter, Mrs. H. V. Armstrong while away. Mrs. Eddie and her son were visitors here throughout the summer.

Mr. and Mrs. S. B. deWitt, Fredrickton Junction, announce the engagement of their second daughter, Ruby Lillian, to Mr. S. John Butcher, of this city, the wedding to take place the latter part of September.

Mrs. Eva R. Prentice and daughter, Jean, of New York, returned home on Monday evening with her sister, Mrs. Preston, after a visit to Mrs. C. V. Vincent, Richmond street.

SCHOOL WAR ON IN CHATHAM, N. B.

Twenty-five Pupils Refused Admission Because \$30 Fee Unpaid

Chatham, N. B., Aug. 26—Chatham's school war which has been raging for years reached a climax today when 25 or more children from the Middle Island district were ordered to pay a charge of \$30 each for the year's tuition.

The Board of School Trustees met last night and ordered that the children be not admitted unless the amounts were paid when the public schools opened today. After being refused admission to the schools the children and some of their parents paraded about the town with a banner bearing the inscription: "We are Put Out of School—Why?" They called upon Mayor Hickey and sang the National Anthem in front of his office.

CONVENTION OF UNITED BAPTIST WOMEN'S SOCIETY IS OPENED

Law Enforcement, Education and Other Topics Dealt With.

The suggestions that some permanent form of memorial to the late Mrs. David Hutchinson be decided upon by the United Baptist Women's Missionary Union of the Maritime Provinces and that the members of the missionary societies had a duty to do in the present age in aiding law enforcement, encouraging education and welcoming the newcomer were embodied in the inspiring address of the president, Mrs. W. G. Clark, of Fredericton, given at the opening session of the annual convention of the U. B. W. M. U. in the Germain street Baptist church last night.

In spite of the very heavy storm there was a good attendance at the opening session. The programme was most inspirational. Mrs. Donald Grant of Wolfville, vice-president for Nova Scotia, presided and in the devotions and Mrs. D. J. McPherson, of Sussex, offered prayer. T. C. Cochran, in his organ selections delighted the assemblage, giving an appreciation of the wonderful capabilities of the splendid new organ.

The eloquent address of welcome to the delegates was given by Mrs. J. R. Vanwart and replied to in a gracious speech by Mrs. C. E. Sunder. Miss Parlee sang very pleasingly the solo, "The Voice of One Crying in the Wilderness."
The convention will continue with three sessions today and tomorrow.

Urges Observance of Law.
Proper respect for law enforcement, she thought, was one of the needs of today and in this connection she referred briefly to the attitude toward prohibition and the infringement of the prohibitory law. As this matter is to be taken up later in the convention, Mrs. Clark passed it by with a few remarks. She dwelt upon other phases of laxity in law enforcement, mentioning the practice of allowing children in the family to drive automobiles although they were under the legal age, mistaking the age of children to enter them in school under six years or take them from school before they were 14 years, and defrauding the post office and the customs.

Urges Wider Interests.
There was need to use the privilege of the franchise and as Christian women to take a stand against the present day extravagance in dressing and in the way of life, she said. Mrs. Clark pointed out that women today had many modern devices to save time and labor in their homes which devices their mothers had lacked and she thought on that account the women of today should have more time to give

Bon Ami
Keeps white shoes looking like new!
For all kinds of white shoes—except kid—Bon Ami works wonders.
Put it on with a wet brush—let it dry—then wipe it off with a dry cloth. You'll find that all the dirt, dust and grass stains have disappeared. Just the fresh original whiteness remains—without any pasty, chalky streaks.
When the original whiteness finally has worn off your shoes, clean them first with Bon Ami, then apply a good white dressing. This avoids the ugly, grimy, clogged-up appearance.
Bon Ami also cleans windows, mirrors, white woodwork, aluminium, kitchenware, bathtubs, etc.—in fact, it has scores of uses throughout the house.

to God. She recommended "tithing" of time as well as of money. Women could serve the present age in helping the newcomer whether native or foreign born, to find a place in the community and in the church and in being true neighbors to them. By taking a greater interest in education Mrs. Clark believed the women could serve the present age to a great extent. She thought they might adopt a "stay longer in school" slogan and encourage attendance at special classes, particularly the summer schools for missionary study. There was also the women's responsibility to assist Acadia University and to raise \$50,000 during the present expansion period of the university in return for which the university had guaranteed definite help in training missionaries.
He related incidents of mission work in the west. The majority of the Ukrainians adhered to the Catholic faith, however, he said. He told how one young boy in Alberta had cursed God for making such a mess of the world and said that it was only possible to Canadianize these people by Christianizing them. Some of the Canadians born children of foreign parents were "redder" than the "Reds" of Russia. Mr. Orchard held that the only way to make the future safe in the west was by sending money and missionaries and he believed that it was the duty of the Baptists in the east to help establish Baptist churches throughout the west so that none of the people of their own belief should be lost to other communions or the denomination fall in its own work of preaching regeneration.
He gave interesting facts concerning the flourishing Baptist congregations to be found among the Swedish people settled in the west and described the multitudinous duties of the four Baptist provincial superintendents in the west, Rev. C. C. McLaughlin and Rev. J. Willard Lynch.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

FRENCH LOST ON OLYMPIC GAMES

Contests Were Very Poorly Handled, Says Farrell.

By HARRY L. FARRELL. New York, Aug. 27.—(United Press)—Poor judgment in the selection of locations and bad management in the promotion of the programme caused the French Olympic committee to turn up at the completion of the Paris games with a deficit of two million francs.

The Columbus stadium, where the track and field games were held, was too far from the city. Train service was terrible and it was a 35-minute trip in a cab.

When asked if the experience of the French committee didn't make them less anxious to accept the responsibility for the 1928 games, one of the members of the Amateur Athletic Union replied that they expected to make money out of their games because they intended to apply business methods to the promotion and organization of the games.

The committee spent about 250,000 francs building a tennis plant back of the athletic stadium. It was also too far from the city and, with the exception of the final matches, there were only a few hundred in the stands.

When the same officials and players who had acted as hosts to him, arrived in Paris, they found him guilty of a very short memory. He didn't remember, or he didn't care to remember, the story that had been done for him, and he proceeded to treat the players like a bunch of third-rate prizefighters.

The details have been printed before. There is only one regret now, and that is that Julius M. Myrick, the association official in charge of the team, didn't pull the Americans out of the tournament after the first day. All the English-speaking teams would have followed the Americans.

Col. A. R. F. Kingscott, the captain of the British team, was more aroused at Myrick, but for political reasons, didn't pull the Americans out of the tournament after the first day. All the English-speaking teams would have followed the Americans.

Even with proper management, it is doubtful if the games could have been a financial success. France is not an sporting nation like England, the United States and the northern countries. There were too many sidish events in which there was no interest.

Yachting, for instance, has no place on an Olympic programme. Weight lifting is a silly event, and gymnastics offer no great thrill to a crowd. The only essential sports are track and field, tennis, swimming, rowing and boxing.

A Whole Ball Team of Brothers!

The Newells of South Dakota Don't Live in a Baseball Shoe but the Eleven Sons Are Right at Home in One

THE NEWELL BROTHERS TOP, LEFT TO RIGHT: FAY, CF.; HENRY, 2B.; GUS, SS.; WILL, 3B. BOTTOM: DELLIE, RF.; ELMER, P.; BEN, C.; LEE, 1B.; LOUIS, MASCOT; GILBERT, P.; LIE, LF.

Plankinton, S. D.—Like the resourceful matron of the fairy tale who solved the housing problem by moving into a commodious shoe, Dad Newell of this city plans a similar move. Except that he will live in a baseball shoe. You see, Dad Newell is manager of the Newell baseball team and it is made up entirely and exclusively of his sons, even unto Louis, the tiny mascot. Dad Newell admits the family is rather large, but says there is nothing unusual in the boys—all eleven of them being ball players.

HORNSBY GOT 22ND HOMER YESTERDAY

Athletes Won a Twelve Inning Game—Yesterday's Big League Results.

New York, Aug. 27.—Washington split a double-header with the Browns in the capital city yesterday, losing the first game 7 to 0, and winning the last 6 to 2.

The Yankees and Cleveland at New York and the Tigers at Boston were little because of rain.

Connie Mack's Athletics won a hard fought 12-inning game from the White Sox, 4 to 3. It took five Giant pitchers to turn back the hard hitting Cubs, 11 to 9, in a wild jambo in which both teams hit hard and often, the Giants getting 20 safeties to the Cubs' 18.

Brooklyn defeated St. Louis, 7-4, in a game in which Roger Hornsby, left-hander of the major leaguers, cracked out his 22nd homer of the season, and three doubles in four times at bat.

The Pirates split their double-header with the Phillies, winning the first game 9-1, and dropping the second, 3-1.

Cincinnati hit the offerings of Benion, of the Braves, hard and often, winning the last game of the series, 7-0.

St. Louis, Aug. 26.—Hornsby got a homer and three doubles in four times at bat today, but Brooklyn defeated the Cardinals, 7 to 4. Score: Brooklyn, 7; St. Louis, 4.

DOES NOT AGREE WITH CRITICISM

Thinks Mickey Morris Fairly Defeated Joe "Kid" Wheeler.

Spotting Editor of the Times-Star: Sir,—In reading over your edition of The Evening Times-Star of the 26th inst., in regard to the bout between Mickey Morris of Halifax and Joe "Kid" Wheeler of New York, you valued paper states that Morris was outpointed in the first seven rounds, especially in the eighth, ninth and tenth.

Leaving this aside, Wheeler also held Morris' mitts and punched with his free hand. In the fifth round Wheeler hit Morris low, as every fan could see.

Your valued paper also states Morris opened an old cut over Wheeler's left eye. Now this is untrue as Wheeler's old cut (so called) was over his right eye, and the one over his left Morris scored absolutely. As every one knows Wheeler had seven pounds weight on his opponent, as was announced.

My opinion as a ringside customer along with a good many more was Wheeler had first two rounds by a comfortable margin, and from the second round to the eighth round Morris delivered many short jabs that fans far from the ringside may not have seen.

In the ninth and 10th rounds fans were shouting for a K. O. as Morris had Wheeler in a bad way.

Your morning edition, even in the Telegraph-Journal, expressed the opinion of this fight in an entirely different light, mainly expressing the opinion that Morris had won by a good margin.

Now in all fairness to the boy, why not give him all he deserves. Thank you for your valuable space, I remain Yours truly, K. GRASS, 70 Queen street.

BABE GETS HOMER IN SAMARITAN LEAGUE

New York, Aug. 27.—Babe Ruth knocked a home run in the Good Samaritan League.

A motor truck chauffeur, Barney Shane, fined \$50 in traffic court for having driven his truck in front of the Babe's car while Mrs. Ruth and the wife of Mike McNally, Yankee utility pitcher, were driving it, had only \$35. The court said Shane wouldn't pay the difference by imprisonment in the work house. Then the Babe came to the plate.

"I'll pay the fine, judge," he volunteered. But Shane insisted on giving over his \$35 to the court. The judge made up the \$15 difference.

"Today's batting average for you is .000," Mr. Magistrate Magistrate Smith remarked as his clerk took the money.

THRILLS PROMISED IN TENNIS CHAMPS

Indications This Morning That Matches Would be Postponed.

The New Brunswick-Nova Scotia tennis tournament which was scheduled for the Sackville tennis courts today were expected to be postponed until tomorrow or Friday, yesterday's rain putting the courts in poor playing condition. The matches, when they once get under way, will furnish plenty of thrills to the galleries. It is expected that the players will have many of their friends at the courts to cheer them on to victory.

The match that is looked forward to as likely to furnish the most spectacular tennis is the men's doubles with Hazen Short and Phil Hallisey, Robeys entrants, this year's provincial title-holders, opposing the strong Halifax team of Jimmy Butler and Jack Edwards. Hallisey and Butler were former Nova Scotian title-holders in this event and proved to be one of the strongest teams seen in the sister province for years.

The mixed doubles take on a rather dubious outlook. Hallisey and Frances Frith, 14-year-old Robeys player, will have their hands full when they meet Professor Mercer and Miss Hilda Douglas, of Halifax. Although Miss Frith is yet young she, backed by Hallisey's faithful support in the recent provincial tourney, gave an excellent account of herself.

Miss Douglas is an "old-timer" at the game and, paired with Mercer, makes a formidable combination.

The ladies' singles will bring together two star players, Margaret Henderson, Robeys Club entry, this year's winner of the event, and Miss Mary Currie, of Halifax. Miss Henderson has been a consistent winner in tourneys as a Junior and this year as a senior, and possesses a beautiful serve as well as a hard drive and a nice backhand stroke.

Miss Currie appears also in the ladies' doubles. Her partner will be Mrs. J. W. Allen, South End Club, Halifax. Mrs. Allen was a member of last year's winning team for Nova Scotia in the doubles. Miss Gertrude Costley, of Fair Vale, and Miss Jean Knight, of Drury Cove, form the St. John's team. The Atlantic Coast League, having been accepted. With this merger also is chronicled the passing of the Seattle club.

Help the Babies

Is there a more appealing picture than a helpless baby in want?

Is there anyone who would not lend a hand when peril to a baby was apparent?

Two babies died recently because they did not receive sufficient milk—the greatest of all foods from Nature's marvellous laboratory. Is that not sufficient to stir all kindly citizens to action?

An opportunity to contribute to the Milk Fund inaugurated by the Times-Star will be given the real sports of the city tomorrow night on the East End grounds, when the War Vets meet a team from the U. S. Detroit, now in port. An admission fee of 25 cents to all parts of the field will be charged, and the entire proceeds go to the Milk Fund.

Here is a sportsmanlike challenge thrown down by the Vets and the American tars. Knowing how well St. John prides her sporting reputation, those in charge predict a big crowd. The American boys are no set-ups by any means and will make the Vets travel. Who will help the Babies?

LATONIA IS READY FOR AUTUMN MEET

Will Have \$50,000 in Stakes—Getting Ready for Epinard.

Latonia, Ky., Aug. 27.—Associated Press)—Latonia is dressing up for its biggest autumn meet, with \$50,000 in stakes to tempt horsemen. There will be run also the third of the international races in which the famous French race horse, Epinard, will meet the best of America's three-year-olds and up horses for a \$50,000 adduce purse, scheduled for October 11.

If the French horse does what some horsemen expect it to do in the east, win the two international sweepstakes, the third race here will be the climax of the thoroughbred racing season in America. But regardless of what Epinard may do in the races at Belmont Park on Labor Day and at Aqueduct Sept. 27, officials of the Kentucky Jockey Club are making preparations to handle the largest assemblage of race enthusiasts in its history.

The fall racing season here will open Sept. 13 and continue until Oct. 18. Six stakes are distributed over the 91 days of racing, in addition to the feature race, the third of the international races. This special race will be over a mile and a quarter route.

The other stakes are: The Fort Thomas Handicap, 2-year-olds, 6 furlongs, \$5,000 added; The Autumn Handicap, 8-year-olds and up, 6 furlongs, \$5,000 added; The Covington Handicap, 2-year-olds and up, 1 1/16 miles, \$5,000 added; The Latonia Cup Handicap, 3-year-olds and up, 2 1/4 miles, \$10,000 added; The Latonia Championship (closed), 3-year-olds, 1 3/4 miles, \$18,000 added and the Queen City Handicap (closed), 2-year-olds, 1 mile \$10,000 added.

THE COAST HOCKEY LEAGUE DISBANES

Patrick Circuit Has Merged With Western Canada Loop.

Calgary, Alta., Aug. 27.—The Pacific Coast Hockey League, which has been in existence since 1912, is no more. The Patrick circuit has merged with the Western Canada loop, the applications of Victoria and Vancouver, submitted by Lester Patrick and Frank Patrick at yesterday's annual meeting of the Western Canada League, having been accepted. With this merger also is chronicled the passing of the Seattle club.

Hon. John Wheatley, England's present Minister of Health, is indifferent to social conventions and lives in a small house with no servant.

WOMEN GOLFERS PLAY IN DOWNPOUR

Some Good Scores are Turned in Despite the Trying Conditions.

Moncton, Aug. 26.—The qualifying rounds in the championship of the ladies' Maritime Golf Association were played this afternoon on the links of the Riverview Golf Club, Gummingsville, Albert County, in a steady downpour of rain.

Owing to the heavy rain the qualifying rounds were limited to 18 holes instead of 36.

It was impossible to make a score under the conditions. Not only were the ladies compelled to play in the rain but some of the greens were almost under water and casual water through the green made it impossible to get distance. Despite the adverse conditions, however, Miss Edith Bauld of the Halifax Golf Club, the present champion, played the 18 holes in 97, being closely followed by Miss Stetson, of St. John, with 101.

Scores made by the 16 ladies qualifying for the championship were as follows: Miss Bauld, Halifax, 97; Miss Stetson, St. John, 101; Miss Page, Brightwood, 102; Mrs. W. H. Ross, New Glasgow, 104; Miss Maddison, Moncton, 108; Mrs. Cooke, Moncton, 108; Mrs. McKean, Halifax, 108; Mrs. Geo. McCoy, Moncton, 109; Mrs. Bonnyman, Amherst, 109; Mrs. McNaughton, Moncton, 109; Mrs. McKinnon, Charlottetown, 110; Miss Audrey McLeod, St. John, 111; Miss Rainnie, Brightwood, 113; Mrs. Geo. Taylor, Moncton, 117; Miss Mary White, Amherst, 123; Mrs. Trotter, New Glasgow, 126.

Draw for the play in the championship tomorrow afternoon: Mrs. W. H. Ross vs. Miss Page; Mrs. McCoy vs. Miss Bauld; Mrs. Trotter vs. Mrs. McKean; Mrs. MacNaughton vs. Miss White; Mrs. George Taylor vs. Miss Audrey McLeod; Mrs. McKinnon vs. Miss Rainnie; Mrs. Cooke vs. Mrs. Bonnyman; Mrs. Maddison vs. Miss Stetson. Draw for the second division (consolation): Mrs. McLeod vs. Miss Pipes; Mrs. Acton vs. Mrs. Anderson; Mrs. Ferguson vs. Mrs. Worley; Miss Maria vs. Mrs. S. McDougall; Mrs. Wilber vs. Mrs. Embree; Mrs. Dennison, bye. Miss Bauld in today's play was first for the lowest score with Miss Stetson second. Lowest net score, Mrs. W. H. Ross, New Glasgow, 104. Less, 30-74, and Miss Page, Halifax, 102, less 23-79, tied for second place.

SOUTH END DISPUTE SETTLED TONIGHT

The meeting of the South End Baseball League executive committee scheduled for last evening was postponed again until tonight when final disposition of the disputed Royals-St. John Baseball game of May 28 will be made.

SKULL FRACTURED

Halifax, Aug. 26.—Struck by an automobile driven by Philip B. Kimball, of Montreal, yesterday, a young boy named Charles Green sustained a fractured skull. He was immediately removed to the hospital, where an operation was performed. Although the operation was successful, the boy is still in a critical condition.

THE WOMEN WEAR SOCKS

Moscow, Aug. 6.—(By mail)—In the interest of economy Russian women and girls have taken to wearing masculine socks. Full-length silk stockings, which usually are stung in through the Polish border, are an absolute luxury and far beyond the means of the average woman. At first only girls under sixteen wore short stockings, but now women generally have adopted them.

CHATHAM READY

Chatham, Aug. 26.—Arrangements have been completed with the Hillsboro team, winners of the Westmorland-Albert League to play the first game of the play off series here on Thursday. The second game will be played at Hillsboro early next week. Should a third game prove necessary it will be played on a neutral diamond. The locals are getting down to hard practice and are confident of their ability to win Thursday's game. It is possible that the St. Rose's team, of St. John, will be seen in action on Labor Day if negotiations now pending are completed.

OLYMPIC STARS JOIN PROFESSIONALS

Toronto, Aug. 26.—Two members of Canada's Olympic hockey team which won the world's championship in France early this year, will play professional hockey in the National Hockey League during the coming winter. Yesterday Reg Smith, star centre player, affixed his signature to a contract and will receive \$5,000 for playing with the Ottawa Senators. It became known definitely today that his team mate, Albert McCaffrey has signed to play for St. Patricks of this city.

Test the Oil of Your Car

For the sake of your car's present and future condition, be mighty careful what oil you select. Ask the garageman for a bottle or glass. Have him pour in a little LOILOIL—the double mileage oil. Add LOILOIL. Shake it up. See what you see. Nothing but clear, heavy oil and clear, pure water. Never a sign of sediment, not a single tell tale flaw. No acid—no gum—no grit. Try this test with one and all. Get at the truth of oil comparisons. Learn how LOILOIL stands up in a class by itself. Now take a fill into your car and make the discovery of discoveries—that it takes you safely twice as far, 1,000 miles at least with any gas—2,000 miles at least with Fundy friendly-to-oil Gas. Hand Sewn Suits Beat Machine Made

The first time that hand-sewn suits beat out machine-made contraptions occurred right here in St. John in this year of grace 1924. Highly organized 35 tailor team work turned the price trick along with location economies and cash trading both ways. And what a difference in the effect! Hand sewing stays put. Personal designs. Personal fittings before the basting threads are taken out and the finishing touches completed to your measure and satisfaction. While, above all, the cloth is tailor cloth. Factory cloths are not a patch on tailor cloths, for the tailor can't make clothes without putting his name and future reputation into them.

BARRIE'S MODESTY advertisement featuring a man in a suit and the text 'Sir James Barrie, who has been asked to make his own choice from 20 film actors who are ready to impersonate Peter Pan on the screen, seems to have entertained a poor idea of the financial value of his famous play before its first production. The late Charles Frohman commissioned him to write a play, and a few months after when they were dining together, Barrie reported, "I have written that play, but I'm sure it won't prove a commercial success. However, it's a dream-child of mine, and I'm so anxious to see it on the stage that I've written another play which I shall be glad to give you, and which will compensate you for any loss on the one I am so eager to see produced." "I'll produce of them," replied Frohman promptly. The compensating play was "Alice-off-by-the-fire"; the "dream-child" about which the author felt so diffident, was "Peter Pan"

Little Nationals, or Washington Juniors

This team might well be called the Little Nationals, or the Washington Juniors. It is made up exclusively of sons of stars on the Washington American League team. From left to right they are: Bob Johnson, Bill Hargrave, Walter Peckinpaugh, Eddie Johnson, Ralph Peckinpaugh, George Mordridge, Walter Johnson, Jr., Roger Peckinpaugh, Jr., and Joe Martina, Jr. The manager, who appears in this picture dressed funny enough to get a laugh out of the kids, is Al Schacht, Nick Altrock's partner in comedy.

BROKER ARRESTED ON THEFT CHARGE

Montreal, Aug. 26.—George Solomon, 80 years of age, and giving a city address and his occupation as broker, appeared before Judge Perreault in the Arraignment Court today to answer to a charge of robbing the mail from

a mail wagon on the night of Aug. 5, when the sum of \$25,000 was stolen by four armed men in St. James street. The prisoner pleaded not guilty and was remanded to the care of the detectives for three days.

George Solomon was placed under arrest last night.

LIVE FOX SHOW IN CHARLOTTETOWN

Charlottetown, P.E.I., Aug. 26.—A live fox and fur show open to the

world is to be held in Charlottetown in 1925, according to a decision reached here yesterday at the annual meeting of the Silver Black Fox Breeders' Association of Prince Edward Island. The meeting expressed the opinion that inasmuch as the island was the cradle of the fox industry its capital city was the proper place for the holding of such an exhibition at which it is expected there will be several thousand animals on show.

The length of the average sized dinosaur egg was eight inches.

LEAGUE READY TO COMBAT MALARIA

A Malignant Type Has Made Serious Ravages in Russia.

Geneva, Aug. 27.—(Associated Press)—Malignant malaria, which has made especially serious ravages in Russia, is now being given a thorough investigation by a special League of Nations commission which is touring the affected regions of Europe. An Italian expert, Doctor Lutetio, is chairman of the commission, which includes physicians from Germany, France, Spain, Great Britain, Poland, Rumania, Jugo-Slavia and Russia.

Already the experts have made an enquiry in Jugo-Slavia. Their itinerary includes Poland and finally Russia. In both Russia and the Ukraine the commission will study the principal malaria regions and, coming to Moscow, will be shown the workings of the central health organization and particularly the anti-malarial work of the Russian Health Service. It will also take part in a Moscow conference on malaria, arranged by the Soviet authorities.

The next meeting of the council of the League will have before it an exhaustive report on the whole question of malaria in southern and eastern Europe, and the health organization of the League will be enabled to arrange new international methods of combat.

Manila, July 27.—(Associated Press)—The Rockefeller Foundation has agreed to continue to supply one-half of the expenditures incurred in the campaign for the control of malaria in the Philippine Islands, undertaken jointly about two years ago by it and the Philippine health department, according to an announcement by Eugene A. Gilmore, vice-governor, under whose jurisdiction the health department operates.

DRINK'S RAVAGES INJURE IRELAND

Five Hundred Clergymen March in Procession Favoring Total Abstinence.

Dublin, Aug. 7.—(By Mail)—Ten thousand persons from all parts of Ireland participated in the recent celebration of the fiftieth anniversary of the foundation of the Pioneer Total Abstinence Association. Five hundred and 500 clergymen marched in the procession, which took 45 minutes to pass a given point.

A monster mass meeting was presided over by the Rev. F. J. Flynn, S. J., and addressed by the Rev. P. J. Gannon, S. J., who deplored the general return of drunkenness in Ireland within the last six years and urged the support of a bill introduced in the Dail to check abuses of liquor. He said the bill is encountering the opposition of the "vast vested interests which depend for their profits on our most notorious national weakness."

The Most Reverend Dr. Gaughran, Bishop of Meath, also addressed the meeting. He rejoiced in the fact that Ireland's political clouds are fast disappearing. "Irishmen are today rulers in their own country," he declared, "but of what permanent advantage is that if the demon of drink continues its ravages?"

A resolution was passed demanding the enactment of temperance reform measures by the Dail and the meeting concluded with the Papal blessing.

SPECULATE UPON CANDIDATES IN NORTH BERKLAND

Newcastle, Aug. 26.—There has been much speculation here since the announcement came from Ottawa that the date of the by-election as to who would be the candidates representing the Government and the Opposition sides. At the present moment there does not seem to be any doubt but that the candidate of the Government party will be opposed, and the name of P. Hickey, of Chatham, has been advanced by many of the Conservatives as a gentleman who would adequately fulfill the party expectations. The by-election will be held on Oct. 7.

The Liberals hold a convention in Newcastle on the day after Labor Day. Their candidate will be decided upon then. There are several, it is contended, who would like to try their fortunes for Ottawa and among them are W. B. Snowball, of Chatham; Sheriff Cassidy, an official well thought of in the county, and some of the members at present representing the county in the Legislature. Friends of John Martin, the representative of Labor, would like to see him enter the arena, but it is stated in the same breath that the popular representative who was on the independent provincial ticket in 1920 does not desire to leave provincial politics just yet.

The Conservatives will hold their convention in Newcastle on Wednesday, Sept. 3.

SOVIET COURTS ARE RULED BY PEASANTS

Moscow, Aug. 4.—(By Mail)—"Comrade" Snyrnoff, chairman of the Moscow figures in his annual report concerning the personnel of the Moscow Soviet courts. Of the 287 judges, 109 are laborers and 87 are peasants. Nearly 175 are members of the Communist party, while 50 are members of the so-called intelligentsia.

Out of 7,845 men available for jury duty in Moscow, Snyrnoff's report are workers and peasants, and 1,658 are clerical or other employes.

MAY INSPECT TRADE WITH WEST INDIES

Ottawa, Aug. 26.—While no announcement has been made respecting the appointment of a Canadian to investigate trade conditions in the West Indies with a view to negotiating a new trade agreement between the Dominion and that colony, it is probable that Hon. Thomas A. Low, Minister of Trade and Commerce, will go south to carry on the preliminary work.

The Government is committed to an examination of the possibilities of developing trade with the West Indies and as the work would come under the Department of Trade and Commerce it is quite possible that the minister himself will carry on the investigation. Though it is understood that appointments were made at the cabinet meeting today which will be announced upon the arrival of the Governor-General, it is also understood that several of the important vacancies will not be filled until the early fall.

Dr. S. J. McLean will likely act as chief railway commissioner throughout the hearing of the protests against the Crow's Nest Pass rates which will commence on Sept. 17.

The trade agreement with Australia, which has been pending for some time past, will not be disposed of until after the return of Hon. J. A. Robb late this week. Mr. Robb, as Minister of Trade and Commerce, was in charge of negotiating the agreement in its early stages.

The cabinet will not meet again this week. Premier King, accompanied by Hon. G. P. Graham, Minister of Railways, will speak in Peterboro on Thursday, in Warton on Friday, and in St. Catharines on Saturday.

LIVING IN ITALY IS MORE JOYFUL

Standard of Living Goes Up—Great Increase in Motor Cars.

Rome, Aug. 27.—(Associated Press)—Italy eats more, drinks more, and smokes three or four times as much as before the war. In the old days each Italian disposed of an average of 30 pounds of fresh meat a year and eight of preserved meat; now the consumption is 46 and 40 respectively. The use of sugar has risen from 11 to 17 pounds a year per capita, while the consumption of coffee has nearly doubled. Where the average Italian drank 40 litres of wine a year, he now consumes 600.

There has been a heavy increase in the consumption of tobacco, as the average Italian used to spend nine lire every year on his smokes and now spends 69.

Perhaps the greatest increase of all is in means of transport. Before the war the bicycles in Italy numbered 1,200,000; now the country contains 2,200,000; motorcycles numbered 15,000; now there are 38,000; automobiles were 19,000 and now they number 54,000; public automobiles, which were 1,600 are now 7,000; there were only 100 motor launches and now there are 1,600.

There is no doubt that whatever Italy has suffered through the war, the standard of living of her people has gone up refreshingly.

The chayote, a new vegetable raised in the United States, has beautiful flowers.

MAJESTIC MEMORIALS.

To climb Great Gable in the English Lake District is regarded as excellent practice for such climbs as the Matterhorn or even Everest, and last year, it will be remembered, it was acquired by the Fell and Rock Climbing Club as a memorial of the members who fell in the war, and handed over to the National Trust for the enjoyment of the public for ever. Now a tablet of bronze has been affixed to the crag, the centre of which is occupied by a relief map of the 3,000 acres of mountain area now vested in the Trust and containing the names of the 20 climbers who fell in the war.

An island as a memorial is something of a novelty, but it may be claimed that the island of Capraia in the lovely and stately memorial of the great Italian patriot to whom King Victor wore his throne, Giuseppe Garibaldi. This island was purchased and presented to him by some of his English friends. He is buried in an olive grove on the island which lies off the coast of Sardinia. Thousands of Italians and Sicilians make pilgrimages there.

The power of simplicity to be effective is shown at Cracow in the memorial to the Garibaldi of Poland, whose struggles and death for the cause of his country's freedom have at last borne fruit. Looking along a straight street one sees a grassy mound, a winding path to the top. On the top of a mighty boulder stone lies, hauled with incredible labor from the mountains, and inscribed upon it is one woman the name of the national hero, "Kosciusko."

On the peak of Majuba Hill in South Africa are many scattered boulders strewn about with Nature's profusion, but there is one which stands out from all the rest by reason of its enormous bulk. It is the giant boulder of the historic hill upon which a battle was fought between British and Boers who are today associated in the Government of the Dominion of South Africa, and it contains the words, "Here Colley Fell."

The statue opposite St. Martin's-in-the-Fields, is not the only memorial to Edith Cavell, for one of the highest peaks in the Canadian Rockies, in the great national reservation called Jasper Park, is called Mount Cavell; whilst David Livingstone, the pioneer missionary explorer, not only has his name and fame inscribed in Westminster Abbey, but he also has his name bestowed upon a whole range of mountains and upon the great waterfall on the River Congo.

ENGAGEMENT ANNOUNCED.

Mr. and Mrs. S. B. deWitt, Fredericton Junction, announce the engagement of their second daughter, Ruby Lillian, to S. John Butcher of this city, the wedding to take place the latter part of September.

E. P. DAYTON THE MAN.

In the article in the Times-Star yesterday regarding the work of Concrete Builders, Ltd., on the Lower Norton road, Mr. Dexter was referred to as the superintendent of the work. This is incorrect. The superintendent is E. P. Dayton.

WORK IS BEGUN.

Work on the repairs to the Indian town wharf were begun the first of this week. Commissioners Bullock and G. P. H. were on the wharf to see that the work was carried out as rapidly as possible. Eleven men are at work at present and the number will be increased as the work progresses.

MASQUERADE HELD.

The Glen Falls Community Club held a masquerade in their club rooms last evening. The costumes worn were very charming. During the evening those present were entertained by Charles Herbert Nealey, in the costume of a southern gentleman, who gave a good imitation of Charlie Chaplin, also a step dance worthy of mention.

HYDRO CHAIRMAN HERE.

Hon. Dr. E. A. Smith, chairman of the New Brunswick Electric Power Commission, arrived in the city this morning to attend to some routine business. H. G. Acres, consulting engineer of the commission, left New Brunswick yesterday and is expected to arrive in the city this week in connection with the Grand Falls development.

PICNIC FOR BOYS.

The Bishop's grounds at Torriburn was the scene of a happy gathering of about 200 boys of the East End and South End Clubs last afternoon. The Rotary Club gives its annual picnic to the boys. Efficient committees have been at work for some time now in arranging for the picnic and with ideal weather prevailing, the affair should be a huge success. Sports will be indulged in followed by a big supper.

BOY WAS DROWNED.

The sympathy of a large circle of friends extended to Mr. and Mrs. Ashley C. Young of Burton in the death of their only son Edwin C. Young, aged eleven years, who lost his life by drowning at Upper Burton on Monday afternoon. The little boy had gone to the wharf with a message for his mother about the motor ship D. J. Purdy, it is reported, and played about the wharf. He fell over and before aid could be secured was drowned.

YOUTH BREAKS JAIL.

Burton Silver, aged 10 years, a youth who was serving a sentence of four months in York County Gaol for breaking and entering took French leave Monday morning. It is believed he climbed the yard-fence and made his way through some of the garden adjoining. Young Silver claims he had been in the gaol since 18th he broke into the store of H. A. Palmer of Millville and stole some goods. S. D. Hall, justice of the peace sent the boy to Cape Breton. On June 18th the County Court after conviction sent him to gaol for four months. The boy's statement was that he was seeking employment and that he made the break at Millville because hungry.

CHAS. S. SPRAGUE.

Charles S. Sprague, of 126 West Wyoming avenue, Melrose, Mass., passed away at his summer home at Jetanon, Me., on last Tuesday after a lingering illness of several months. Mr. Sprague was in his 59th year and up to a few months ago had enjoyed good health. Mr. Sprague was born in East Hampton, Mass., Aug. 12, 1865, and had resided in Melrose for many years. He was associated with the R. H. Simpson Company of Melrose, where he held a responsible position. He was well known and respected by the many friends he made in business and lodge work. Mrs. Sprague was formerly Miss Will Warnock, daughter of Captain Warnock, and granddaughter of Mrs. George Price of West St. John.

COUNTY L. O. L. HOLD AN OPEN MEETING

The St. John County L. O. L. held an open meeting in the East St. John hall last night and although the weather was anything but favorable there was a very good attendance of members, their wives and friends. Singing addresses were delivered by Rev. A. D. MacLeod, Rev. W. G. Bevis and County Master R. G. Magee. Miss Edith Magee rendered several greatly appreciated solos. At the conclusion of the programme the ladies of Fairmount Lodge, No. 898, under the sponsorship of Mrs. Philip McIntyre, Worthy Mistress, served refreshments. A surplus of cakes and pies was auctioned off by Councillor George Simpson, of Glen Falls. The singing of the National Anthem brought the gathering to a close.

250 SAIL ON THE GOVERNOR DINGLEY

Capacity List on Steamer Leaving for Boston via Eastport.

Among the 250 passengers who left this morning on the Eastern Steamship liner Governor Dingley for Boston via Eastport and Lubec was George Hannauer, vice-president of the Indiana Harbour Belt Railway, who spent a three weeks vacation in the province. He was accompanied by his family and while in this city were guests of Mr. and Mrs. J. M. Woodman. In addition to motoring through the province they also enjoyed camping and fishing. Another passenger who left was George Price, a well known actor, who is going to New York to continue in his profession. So far he has not signed with any company but expects to secure a role with one of the many companies forming in New York. Last year he was with the "Blue Yea" company, which was organized in New York and traveled throughout the eastern states.

Other passengers on the large liner were W. S. Elliott, district freight agent of the G. P. R., and James Burke, a traveling freight agent of the C. P. R., who were en route to Eastport on business; Miss Josephine Savage of Main street, who is going to Boston on a vacation. She was accompanied by her cousin, Winifred Wren, who was here from Lynn, Mass., visiting her; Ethel M. Appleby, who left on a vacation trip to Boston. The vessel was filled practically to capacity.

LANCASTER WORK SHOWS PROGRESS

Finishing Coat Now Being Put on Main Street Paving.

Work is progressing rapidly on the extensive improvements being made to the streets in Lancaster during the last two months. The paving in Main street and Church street has been all done except the finishing coat, which is now being sprayed on. Nearly all of the side streets have been graded and furnished with cement sidewalks, in harmony with the paving on the main thoroughfare.

The work on the massive concrete retaining wall being built on the bridge road in front of the Simons brush factory, is well under way. The wall has a 10-foot base or footing course, and when completed will contain nearly 2,000 cubic yards of concrete. The excavating for this wall was done principally with the steam shovel used in removing the street surface in connection with the paving work, and in order to get a fairly solid foundation it was necessary to go down nearly on a level with the basement floor of the brush factory.

SIDE STREETS GRADED.

The earth removed in connection with the wall and the paving work was taken to good account in grading the side streets. The laying of the concrete sidewalk on the west side of Lancaster avenue, which previously only had a cinder walk, is done from the Fairville crossing to Cedar Hill Cemetery, and the paving work has been commenced on the lower end of the avenue at the Dufferin Terrace near City Line. Unless the weather happens to be favorable during the next few months it is doubtful if the paving work on Lancaster avenue and the bridge road will be completed this season.

HAS NEW POST OFFICE.

The new post office building in Sackville has been completed and is now open for business. It is a handsome structure.

AS HIRAM SEES IT

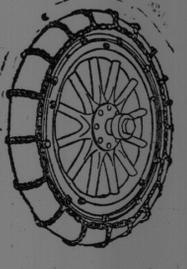

"Well," said Mr. Hiram Hornbeam to The Times reporter, "you got your street cleaned up at last—didn't you?"

"They were quite clean this morning," said the reporter.

"An' they'll be quite dirty tomorrow," said Hiram.

"It may be so," said the reporter.

"They ain't no 'mays' about it," said Hiram. "You folks couldn't keep your streets clean. You never did keep 'em clean an' you never will. The Good Lord takes 'em up an' sends a day's rain now an' agin to wash away some of the germs—an' then you go right on plin' up more dirt an' rubbish of all sorts. I'm glad that rain come afore the Exhibition. Now if you folks hed the right idee about things you'd keep the streets lookin' clean all next week—an' git on a few flags an' let the people know you was right here on the map—yes, sir."
