WHAT WILL CANADA GET OF (THEIR) REPARATIONS? Varying Opinions of Sum to Come From Germans

Reparations Bill Sent in is Between Six and Eight Hundred Million Dollars—Probably Will Be Cut.

Ottawa, Ont., Feb. 2.—(Canadian Press)—The bill for reparations has become so unpalatable to the idea of shouldering unpaid the two billions of net debt resulting from the war that they will read with something of surprise and incredulity that the bill for indemnity being forwarded by Canada to the reparations commission through the high commissioner in London will total between six and eight hundred million dollars.

The British empire claim will be sent in as a whole, and the amounts appropriated to various parts of it will be included in the total amount, though listed separately. The whole question is still in fog, and what Canada will really get only the future can reveal.

One optimistic opinion expressed here with regard to Germany's ability to pay is that the Allied terms of reparation will, if accepted, the total population of Germany of all her debts incurred in domestic loans, and the interest on her indemnity obligations in their place.

In England it has been worked out that the share of the debt is twenty-two per cent. It was also estimated that the five per cent of the British empire total should go to Canada, but on the other side of the water there are advocates of two per cent for Canada.

The Allies' necessities and debts will probably lead to acceptance of German bonds to pay obligations in the United States and elsewhere for a large part of the debt.

In the treaty of peace it was stated that the Allied powers could not hope to get indemnity for the cost of maintaining armies in France and elsewhere during the war.

The matter will come before the common council again.

Distributing Creamery Here Planned by Milk Producers of Kings

Discussed Today at Convention of Farmers Major G. S. Kinnear Says Easy to Raise \$100,000 for it—Mr. Caldwell's Election as President—Discussion on the Farmers' Platform.

Frederickton, N. B., Feb. 2.—Major G. S. Kinnear, of Sussex, appeared before the United Farmers' convention today on behalf of the milk producers of Kings county, discussing a prospective distributing creamery planned by that body for the city of St. John.

The British empire claim will be sent in as a whole, and the amounts appropriated to various parts of it will be included in the total amount, though listed separately.

The farmers members of the provincial legislature, including A. C. Fawcett, Westmorland, Wainwright, Pickett, Carleton county, were then called to the front.

In connection with section three, development of the development of county roads in conjunction with trunk roads, the past had been thought of by the government to eliminate much of the political roads. All roads should be taken up to a certain standard of efficiency and then there would be no roads for any elected member to walk on to a re-election.

A class which provides for abolition of the manufacture, importation and sale of intoxicating liquors within New Brunswick, subject to a plebiscite, was then taken up. The original clause provided that the plebiscite be held on an election day, but this was amended to read "at the earliest time it can be arranged."

In connection with the New Brunswick Telephone Co. and telephone extensions and rates in rural districts, G. S. Kinnear stated the matter ought to be considered deeply. There was no use in running through resolutions until they were thoroughly understood.

Mr. Caldwell, M. P. for Carleton-Victoria, was re-elected president by acclamation.

"The town's kind-a woke up—aint it?" said Mr. Hiram Hornbain to the Times reporter this morning. "Notice folks is lookin' more cheerful."

"I kin see that," said Hiram. "It's a great thing to see a faller here and there that has a big heart as well as a full pocket—'it's always keepin' an eye out to see that his neighbors aint laxed to death."

HANNA ORDER A MATTER FOR PARLIAMENT

Views in Ottawa Found Announcement of Finding of Conciliation Board.

Ottawa, Ont., Feb. 2.—Expecting that the Canadian National Railway executive will persist in its intention of maintaining the "no politics" order of President D. B. Hanna, in the face of the finding of the Board of Conciliation, which advised the reinstatement of the three dismissed employees, Moore and Higgins, it is thought that the question will in consequence have to be threshed out on the floor of parliament.

It is even ascertained here that the board of directors had decided to stand by the guns of their former president, and to insist upon the reinstatement of the employees in the same positions with the same pay for the time that would solve the difficulty.

CHURCHILL AND APPOINTMENT OF OUR GOV. GENERAL

The Story of a Newspaper Peer's Joke and Some Comment on It.

London, Feb. 2.—(Canadian Associated Press)—Statements recently published here that Hon. Winston Churchill's first duty as colonial secretary would be the selection of a successor to the late Lord Devonshire as governor-general of Canada are described by the London correspondent of the Yorkshire Post as incorrect.

"Canada," the Post adds, "is keenly alive to its new status of nationhood, and has recently displayed a rather pardonable degree of sensitiveness concerning this appointment."

An English newspaper peer recently raised a small storm in the Canadian press when he told a London luncheon audience that he had approached the Canadian newspaper peer concerning his willingness to become governor-general of Canada.

GERMANS MAKE A PLEA FOR TIME

Allied Reparation Terms Not Taken as Final Regarded as Basis for Negotiation—Socialists Say Workingman Hardest Hit and Willing for Allied Coalition Government.

Berlin, Feb. 2.—Germany does not consider the terms of reparation decided upon by the supreme Allied council in Paris as being the final settlement of the indemnity question, but the basis of future negotiation. This was indicated by Dr. Walter Simons, foreign minister, in the Reichstag yesterday.

The reparations demands are, above all, a blow at the German workingman, Dr. Eduard David, majority Socialist leader and former member of the ministry, declared in talking with the Associated Press.

"The reparations classes might be able to survive such economic impositions, as they are able to feed themselves. The wealthy also would probably not suffer under such a burden, but the German laboring people would have to shoulder the burden of such terms."

"We are quite willing to have an entente coalition government, comprised of English, French, Belgian, Italian and Japanese, take over the government of Germany and demonstrate the feasibility of the terms now imposed upon us."

Paris, Feb. 1.—The fact that the German delegates to the Brussels conference of financial and economic experts are remaining in Paris and continuing their consultations is taken in political quarters here to mean that Germany is willing to accept the decisions of the Allies regarding reparations on condition that the reparations plan is not decided upon by the Paris conference.

London, Feb. 2.—Resolutions protesting against "dictatorial decisions" reached at the conference of the supreme council in Paris, have been adopted unanimously by the Bavarian Diet, says a Berlin dispatch to the London Times. The resolutions were introduced by President Koenigsmann of the Diet.

London, Feb. 2.—A sign of slackness of trade between Canada and some of the more distant countries is that the Canadian West African service, inaugurated last season by the Elder Dempster Co., has had to be temporarily suspended.

It was said today by D. W. Cook of the company, that business had been good during the earliest part of the year, and that in normal times there would undoubtedly be sufficient trade to warrant monthly sailings. There was every reason to hope that the present state of things would not last over the winter, and that the service would be resumed from Montreal with the opening of navigation or soon after.

EARLY LIFE WAS SPENT IN ST. JOHN

Senator McSweeney of Moncton Died Today Was Ill Only a Few Days—Outstanding Figure in Life of Moncton and Prominent in Canadian Affairs.

Moncton, N. B., Feb. 2.—(Canadian Press)—Hon. Peter McSweeney, a member of the senate of Canada, and well known not only among parliamentarians, but among Canadian business and professional men as well, died at his home in Moncton this morning. Senator McSweeney had been in his usual state of health up to two or three days ago, when he was stricken with illness.

Senator McSweeney was born in Moncton on April 11, 1842 and was consequently in the 79th year of his age. He was a son of the late Peter McSweeney and Joanna Downing, his wife, both of Irish descent. His father came to New Brunswick from County Kerry, Ireland in 1838.

Senator McSweeney spent the early part of his life in St. John, where he was a dry goods clerk in the Commercial Palace, which, before the fire, was a large retail store situated in King street between Canterbury and Prince William.

After the St. John fire in 1877, Senator McSweeney left the city and went to Moncton. He was steady and industrious as a young man, and his early days in St. John are remembered with pleasure by all who knew him and the news of his death was received with sincere regret.

MAXIMUM ON U. S. COAL PUT AT \$9 TON IN FRANCE

Paris, Feb. 2.—The French government has fixed a new maximum price of nine dollars a ton for all United States coal, free on board, at French Atlantic ports. This is the lowest level U. S. coal has reached since it began declining last October, when the figure was \$8.22.

Representatives of the coal dealers of France, meeting in Paris, declared that the government's action was in effect an embargo on U. S. coal, because the winter company could afford to sell at the new price, which after the payment of freight, would not net more than four dollars a ton.

The French dealers, it was said, approved the fixing of the new price as a temporary measure. The chief purpose of the present meeting of the dealers, however, is to protest against the arbitrary action of the government in fixing the purchase and sale prices for all the coal in France. The dealers appear unanimous in demanding complete freedom of action in the coal business.

FREDERICTON FIRE LOSS SMALL

But There Were 180 Alarms—Effort to Keep D. S. C. R. Hospital.

Frederickton, N. B., Feb. 2.—The city of Fredericton during 1920 had a total fire insurance loss below the average for thirty-seven years. That average itself is remarkably low, being \$7,779.80. The loss for 1920 was \$6,629.12. During the year there were 180 alarms, a record number.

Fredericton City Council has appointed a special committee to co-operate with the Fredericton Board of Trade, Fredericton Labor Council and York Commercial Union in an endeavor to prevent the removal of the D. S. C. R. hospital from this city. The report is that the hospital is to be amalgamated with that in St. John.

A city by-law relating to the compulsory weighing of wool sold here, on the city scales, has been amended so as to provide that the minimum quantity is a half ton instead of a ton.

WOMAN SUFFRAGE IN THE DUTCH EAST INDIES

Amsterdam, Jan. 18.—(Associated Press Correspondence) Women's suffrage movements have reached the Dutch East Indies, the colonies whose history and ancient savagery were chiefly known to credulous Americans through the agency of circus side-shows, wherein the "Wild Man of Borneo" and "The Terrible Dyaks, Ferocious Head Hunting Cannibals," drew many dimes while the crowd waited for the big tent to open.

Head hunting and kindred savage pastimes still continue, to some extent, within the jungles of the Dutch East Indies, but according to the Dutch press, most of the natives are rapidly adopting modern theories.

In Java, the upper class native women, under leadership of Raden Adjeng Kartini, a woman of high birth, are reported to be making rapid strides toward emancipation, although the Mohammedan custom of polygamy still prevails. In all the "Kartini Schools" the girls of the upper classes are being taught occidental theories of quality with the man. Dutch correspondents say the progress of the movement is necessarily slow but appears to be certain of ultimate success.

BRINDELL HAD EX-POLICEMAN AS BODYGUARD

New York, Feb. 2.—Fear induced by the receipt of an anonymous letter caused Robert P. Brindell, labor leader, to bring a former policeman as his personal bodyguard, so testimony at his trial indicated yesterday.

Stephen W. Birmingham, recently dismissed from the police force for unauthorized employment by Brindell while on a leave of absence from the police department, said he acted as a protector for the labor leader, coming from his home to his office. He testified that he accompanied Brindell to Albany during the special session of the legislature when the Lockwood committee was authorized to investigate housing conditions here. The witness said he did not know the purpose of Brindell's visit.

PLAN TO MAKE WINNIPEG-FUR TRADING CENTRE

Winnipeg, Feb. 2.—An association, with the backing of several of the largest fur trading posts in the northwest has been formed here by local business men who hope to make Winnipeg the centre of fur trading for the western world. H. Newdall, who for the past 15 years has been identified with every phase of the Canadian fur business, is the manager of the new company, and is well known by fur shippers.

The first sale will take place the first week in March. A special feature of the sale will be the system of bidding by the sealed tender instead of the method of open bidding. By this procedure, it is claimed, buyer and seller alike will have the assurance that they have been fairly treated. Any shipper may place a reserve bid on his consignment.

THRILLS IN MAN HUNTS IN IRELAND

Belfast, Ireland, Jan. 18.—(Associated Press by mail)—Exciting man hunts and thrilling escapes by fugitives, reminiscent of the older days in Ireland, often attend conflicts between British authorities and Sinn Feiners.

Martin Conway, one of the Sinn Feiners, wounded in the shooting which took place at a dance near Bruff, in the county of Limerick recently, crawled four miles after he was wounded. He was tracked down with a dog which he shot when it came upon him. The fugitive was himself, killed by the shots of those who were endeavoring to arrest him.

Another fugitive who was being hunted by the government agents hid neck-deep in a bog. His pursuers were close on his trail and swept the bog with a searchlight. Everytime the light swept over him he was forced to hold his head under water to avoid being detected. He remained in the bog for several hours and eventually escaped.

The complexion which always attracts

She may not be beautiful, this girl who wins attention, and other women wonder what men see in her. Look again, and the compelling charm proves to be a smooth, fresh, flawless skin, radiant with the charm of health.

Such a complexion transforms even plain features and lends beauty to every type. It is an attraction every woman can achieve if she will learn to give her skin proper care.

Cleopatra's beauty secret

The means was discovered 3,000 years ago in ancient Egypt. The use of palm and olive oils as cosmetic cleansers was one of Cleopatra's beauty secrets. There is nothing known so good for skins as palm and olive oils. And these are blended in Palmolive soap.

Soap is essential

Nothing takes the place of soap. Use whatever else you will. But once a day, wash off the oil, dirt, perspiration and powder, which clog the pores.

To do that you need soap. Not ordinary soap, harsh and irritating. That

is not for faces. Use a soap which is an emollient, which is smooth and balmy in effect. Such soap is made by modern science from blended palm and olive oils.

Before you sleep Use powder and rouge if you wish, but don't leave them on at night. Remove them with a soft, penetrating, cleansing lather.

Blackheads and pimples result from clogged pores. Wash your face nightly with mild, pure soothing Palmolive soap and protect yourself against skin troubles.

Millions of women keep their skins clean and healthy, smooth and fresh, by the use of Palmolive soap.

10 cents the modest price No higher price can buy a better skin soap. The supreme ingredients in a facial soap are palm and olive oils.

Classic beauties used them

The beauties of Egypt, Greece and Rome used palm and olive oils. And those ancient beauties are to us their secret of beauty.

The modern scientist, after all his tests, finds nothing to compare. So we go to Africa for palm oil—to Spain for olive oil. And we blend those cosmetics of ancient queens in a balmy, penetrating soap.

All men are soap users

Women should note that all men wash with soap. Men's complexions, which average so fine, are due to simple cleanliness. They are not users of creams and cosmetics. That sort of bath of clean pores should be your bath too. This is the first requisite.

AT THE TURN OF THE ROAD.

In deciding to close the vocational classes on Feb. 15 the vocational board has pursued the only course open to it, in view of the action of the city council. Mr. Nagle pointed out that the board has incurred obligations which must be met and it must not incur others if funds are not to be made available. Some four hundred and fifty students must discontinue their studies, and several hundred more will not get the opportunity they desired to take up courses.

All this is the result of an agitation begun by two ladies, one of whom does not live in the city, but was quite willing at the outset, it was said last evening, to be a member of the vocational board. It is the more regrettable that citizens who ought to have been fair-minded enough to investigate before they spoke permitted themselves to disparage the work of the vocational training committee. That there is a general lack of knowledge of the whole purpose and plan of vocational training is shown by criticisms which are heard in the street and echoed in a portion of the press. This is a gross injustice to the members of the vocational training board, who are quite as intelligent as their critics, and have the additional merit that they are willing to give their time and effort for the public good. If the board has erred in any direction, or if some of its members who are such by reason of being members of the public school board are not sympathetic toward its work, that can be remedied, but there is no ground whatever for an attack on vocational training.

Let it be stated once more and with emphasis that the purpose of vocational training is two-fold. It is designed to serve the needs not only of school pupils but those who have left school and are in need of such training. To give them that opportunity is merely to give them that of which they were deprived when they were of school age. The public school board recognizes this right when it conducts free classes in mechanical drawing for mechanics and free classes for men who want to learn to read and write. No citizen protests against this action by the public school board. Why single out the vocational school board and its students for attack? Wherever there are vocational day schools there are just such evening classes as we now have in St. John. In starting the evening classes first this city is pursuing what experience elsewhere has proved to be the proper course. Those who criticize are doing so without knowledge.

These vocational classes must not be closed. There is to be a meeting this week of representatives of the Rotary Club, Board of Trade, Commercial Club, Trades and Labor Council, Women's Council and City Council at which members of the vocational board will be present. This conference will be able to get at the facts, and when it has them it will not say that the vocational classes should be closed on Feb. 15. The Board of Trade is now appealing for general support. It could not better prove itself deserving of that support than by coming to the rescue of the vocational training for which it has so often pleaded; and the like is true of the Commercial Club which aims to make St. John "a better city to live in."

THE BOARD OF TRADE.

The Times recently printed an appeal by Mr. W. F. Burditt, president of the Board of Trade, pointing out the importance of having a thoroughly live board, taking an ever more active interest in the city and its affairs, not only commercial but civic. Next week a banquet will be held, which any male citizen may attend, the purpose being to get men together and create a more lively interest in the board and its work for the welfare of St. John. Every city has its Board of Trade or Chamber of Commerce. St. John has both the Board of Trade and the Commercial Club. Neither of these interferes in any way with the other, and each has a large field of usefulness. The Board of Trade is the older organization, having existed for about a hundred years, and having been incorporated under a Dominion charter in 1872. It has had a very long record of usefulness, and there has never been greater opportunity for service than is now presented. The president and his council desire the fullest co-operation of the citizens, and both business and professional men will find in its committees splendid opportunities to serve the public interest. The luncheon next week should therefore be a rallying point, and every business man should be interested and if possible attend.

A SUNDAY DIVERSION.

Wars have not ceased. We have it on the authority of several members of the Independent Labor Party in Nova Scotia. At a mass meeting in Halifax on Sunday night one of the speakers told his hearers that it was a bad policy to be afraid of bloodshed, and that "everything good that ever came into the world came by bloodshed." He declared "a war is inevitable between the two great classes of society," meaning labor and capital; and that all the resources of the country would be taken over for "the working class." Then there would be no party but the "working party," and all production would be for use and not for profit. Another speaker pointed to Russia as the star of hope. A report of his remarks says:

"Labor had once been comparable to a man on his knees, then to a man who stood upright and looked the world in the face. Now it was a man who had one foot in the stirrup and before long it would be a man who was in the saddle and in control as in Russia. No class had ever in the history of the world freed itself from the tyranny of another class by love. They had to do it by naked strength or not at all. The I. L. P. was being organized to take over the means of life and to use them for the class which produced them."

This speaker had much to say about politicians who were the paid tools of capitalists, and a capitalist press that preached lies about Russia. All these and other parasites were to be put out of the reckoning in the happy time when Canada followed the example of Russia, although one speaker was kind enough to say that it might not be necessary to sever heads from shoulders in the task of getting Canada in line with Russia. That the new era is anticipated with exceeding joy was shown by the applause of the audience.

It may be that meetings of this kind are a harmless Sunday evening diversion, but one wonders why the orators and those who cheer them do not give a little earnest study to conditions in Russia, especially the reports by Communists from England who went there expecting to find a workers' paradise. If they did so their ardor might be cooled to some extent. Meanwhile they ought to give some credit to a political and social system which assures them the right of reasonable and the privilege of even unreasonable free speech on a pleasant Sunday evening when they have nothing else to do. Neither the capitalist nor the social democrat denies that diversion. Will they be as tolerant when they get in the saddle?

The death of Senator McWenney removes from the life of Moncton a man who did much as a leading merchant for many years to promote the interests of that city. Through a long life he earned and held the confidence and esteem of his fellow citizens, and he lived to see the small centre grow to a city of twenty thousand people. Senator McWenney took an active interest in public affairs, and has been since 1899 a useful member of the Canadian senate. News of his death will be learned with regret throughout New Brunswick.

Mr. John Dillon says that a reconciliation between the Nationalists and Sinn Fein is impossible, and he expresses the opinion that many who voted for the Sinn Fein in the last election now regret it. This is a significant statement, coming from a man so prominent in Irish affairs.

Toronto Globe—"Having bought the Canadian Northern by the assumption of a vast bonded debt the Canadian people are now confronted with huge expenditures for the reconstruction of a run-down system. Soon public ownership will be blamed for the conditions that prevailed while the road was still under private control."

A correspondent of the Times today suggested a fair-rent law. The fair landlord would have nothing to fear from such a law, but it is said there are some who should be made to show cause for a large increase in rentals. Such a law operates very well wherever it has been enacted.

New Brunswick farmers still appear to be somewhat divided as to political action, but they have a good representation in the legislature and the work of organization is still going on. The wave is still rising.

Charles Gorman of St. John is making a great showing at the skating championship meet at Sarnac Lake. His success will stimulate local interest in the great sport.

While radicals in Canada are still permitted to agitate for Soviets the United States continues to send agitators that brand back to Russia, where they may enjoy the real thing.

TALKING SHOP.

We all are fond of talking shop, when we round up together; the shoe man sounds his plaintive yawn about the price of leather; the farmer speaks about his crop, and wails about the weather. The cook, in language terse and quaint, discourses of his frying, the man who sells us glass and paint has found conditions trying, the undertaker makes comments that people have quit dying. The doctor talks of sawing limbs, and patients' revolutions, the oculist of healing glims by magical ablutions, the pastor talks of ragtime hymns and lightward contributions. And every fellow files a roar, and shows he's discontented; the good old happy time of yore by everyone's lamented; the cry of spirits worn and sore is thus with ardent vent. We feel we're shackled up with grief by rusty chain and fetter, and when from mumps we get relief, we have a dose of letter; and, having paused to kick and beef, we all of us feel better. We have to kick around a while, we have to grumble daily; we have to work off surplus bile, and swear that life is acaly, and then we don the shift-worn, our safety valve we find in kicks, they soothe the human critter, and only superficial licks can think our hearts are bitter; we throw some harmless rocks and bricks, and then we sing and twitter.

THE JOURNEY.

It's a wild night for a soul to go,
Stars shine, but winds blow,
And the flood tides flow.

It's a long road to the nearest star,
Where the band of well-beloved are,
But I shall reach it, near or far.

A wild night for a naked soul
To cast aside the broken bowl
And start for the distant goal.

A wild night and a lonely way,
And death is terrible, they say,
Yet methinks I like his looks today.

And glad I'll lay my garment by
And fling me forth to the windy sky
When Death rides by.

A long road to the nearest star,
Where the band of well-beloved are,
But I shall reach it, near or far.

COMMON COUNCIL

Rent increases by landlords were discussed at the regular weekly meeting of the common council yesterday afternoon and severe criticism was made of this action by the commissioners. Authority was given the public works department to purchase a motor truck and adding machine. The question of paying day laborers by the week also was considered. Mayor Schofield presided and all the commissioners were present.

A communication was received from the Sons of England Benefit Society asking that a plebiscite be held in regard to the hydro-electric power being distributed by the municipality. The letter was referred to the mayor.

For Unemployed.
A letter from Hon. G. D. Robertson, federal minister of labor, was read, explaining the federal government payment of relief for the unemployed. If it was impossible to find employment, the government would pay one-third of any money expended by the city to aid these men. The aid was to be granted through the federal employment bureau.

Mr. Bullock made a motion that the letter be received and referred to the mayor to bring in a report as to what bearing it had on the situation. The motion carried. In making the motion Mr. Bullock said that when a man obtained work it did not cease the suffering at once. If he was hired by the city it was fourteen days before he received any pay. He thought the present arrangement a hardship and that men hired by the day should be paid once a week, especially in the winter.

Gandy & Allison gave notice that they intended giving up the lease on May 1 of the property occupied by them in Water street.

James Pender & Co. Limited, asked for a renewal of the agreement whereby they were assessed on the flat amount of \$100,000. Under present conditions any increase in taxes would force the works to close. The letter was ordered laid on the table to be taken up later.

A letter from the Union of Canadian Municipalities was received, in which closer co-operation for the protection of municipalities against corporations and public utilities was asked. A bill for \$150, yearly membership fee, was enclosed. On motion it was decided to renew the membership.

On the motion of Mr. Frink it was ordered that tenders be called for 15,000 scoria blocks, according to specifications of the city engineers.

Mr. Frink said that, according to the annual reports of the different banks, they had enjoyed a very prosperous year and, as the city needed all the revenue it could get, he thought that more might be secured from these institutions. He moved that the mayor bring down a list of the banks doing business in the city and the amounts taxed against them for 1919-20. The motion carried.

The council adjourned.
Dr. Frink asked authority to purchase a motor truck for \$5,000 and an adding machine for \$375, and recommended that a Federal truck be bought. Authority was given by the council to do this.

MATTERS BEFORE BOARD OF HEALTH

At the regular monthly meeting of the St. John sub-district board of health held yesterday a letter was received from Dr. G. G. Melvin saying that the minister of public health had approved the regulation by the local board regarding the re-admission of children to the schools who were recovering from diphtheria. The board ordered one of the milk producers of Kings county to discontinue doing business owing to a test of his milk. The board also refused a license to a man in the city to sell milk in the city owing to the condition of his premises.

Reports were received from the Victorian Order of Nurses regarding child welfare, from Miss Brophy, regarding tuberculosis cases looked after, from Dr. T. Fred Johnston, on dairies and food stuffs, and on slaughter houses, and from Dr. Abramson, government pathologist, on two examinations of the water supply of the city. Both of these examinations showed the water to be satisfactory. The report of Dr. Hanington, medical inspector of schools also was submitted. The reports of Mrs. Flewelling, the assistant food inspector, were discussed. Mrs. Flewelling was present at the meeting and said the conditions in the city showed considerable improvement.

THE FARMERS

Secretary Sharp Resigns—A. C. Fawcett is Appointed Leader of Farmers Party.

The annual meeting of the United Farmers of New Brunswick was concluded yesterday afternoon in Fredericton. Copies of the financial statement were circulated among the delegates after which Gordon Sharpe, secretary-treasurer made his report. He mentioned that sickness in his own case and unfavorable weather conditions prevented the extension of the organization last year. He mentioned the establishment of the "Farmers' Guide" and its success. The Provincial U. F. O. is now represented at the Canadian council, thereby linking with the federal organization.

Mr. Sharpe said that long working hours prevented freedom and time for organization in this province. He contrasted this with the after supper football games engaged in by the western farmers.

In speaking of the membership fees it was announced that money was now pouring into the Woodstock office. On January 1, the financial sheet for the year showed total receipts of \$8,711.94 and total disbursements amounting to \$8,211.60, thereby leaving a balance of \$500.34.

Mr. Sharpe Resigns.
In conclusion Mr. Sharpe tendered his resignation as the secretary of the U. F. of New Brunswick. He spoke of his long connection with the movement and the pleasure derived therefrom, but his financial status was such that he must go back to his farm and go to work.

T. W. Caldwell commenting on the resignation of the secretary said that the first year Mr. Sharpe worked for nothing, the second year he got \$100, the third \$300 and last year he was offered \$1,900, but took only \$800.

Fawcett Provincial Leader.
Mr. Fawcett was greeted with applause when it was announced that he was the leader of the Provincial Farmers' Party. At the opening of the evening session of the United Farmers convention, a musical entertainment was arranged by the Y. M. C. A.

RECENT DEATHS

The death is announced in Winchester (Mass.), of Alfred L. Starrett, formerly of St. John. He died at the home of his daughter, Mrs. Charles A. Lane. He was 86 years of age.

The many friends of Mrs. Sarah Mann will be shocked to learn of her death, which took place yesterday. Mrs. Mann, who was the widow of James T. Mann, had been ill only a short time. She is survived by one son and one daughter. The son is Frederick and the daughter Marion, both at home. The funeral will be held on Thursday afternoon at 2:30 o'clock from her late residence, 28 Castle street.

Hanford W. Keith of Sussex Corner died suddenly while at the supper table last night. He was forty-nine years of age and is survived by his wife, two brothers and two sisters.

The death of Mrs. E. H. Garden occurred on Sunday in Digby. She was a member of the well known Savary family formerly of St. John and is survived by one son. A sister died last summer.

URGES FAIR RENT LAW

To the Editor of The Times:
Sir—Altho many tenants have been served by their landlords with the customary "quit" notices and also the advice that if they wish to remain their rents will be increased for the coming year. In many of the cases that I have heard of the increases are very substantial ones, and, of course, the cases will be usual ones, i. e., "increased taxation."

In view of the fact that there will be little, if any, increased rate in the taxes, this excuse is simply a shield for what can better be termed "profiteering" in rents. Here is one case that I heard of. There are three tenants, and the total increase demanded this year is \$260. Some increase in taxes for this poor landlord, especially when it is taken into consideration that last year an increase of about the same amount was demanded. Another case that I know of last year was that of a landlord who "hoodled" the rents in her flats to a total of something over six hundred dollars divided among four tenants, and a similar increase was demanded the previous year. Since 1914 the rents in these particular flats have increased over 150 per cent, and, mark you, they are not heated, and the total expenses in the way of wall paper, etc., will not total \$100 in the six years, and as taxes have not increased to that extent it is easily seen where the "profiteering" comes in.

There is a remedy; in fact two. One is for the tenant as soon as he is informed of the increased demand for rent to at once notify the city council of the same as to the amount. The other is for tenants to form an association and invite the city commissioners and the local representatives to attend. Have a bill prepared, call it "Fair Rents Bill," and demand that the commissioners and members endorse it, send a delegation to Fredericton and have it passed at the coming session of the house. Make provision in the bill that the landlord is entitled to a stipulated return on the assessed value of his property. He is entitled to a reasonable amount, but not to an extortionate rate such as many of them are demanding here today. They seem to forget that the tenant is necessary for the prosperity of both themselves and the city. Without tenants the landlord and the city would not amount to much.

Fair rent laws have been adopted in nearly every state in the United States, and many of them are decidedly drastic. The one in New York is one. If a landlord increases the rent, the tenant can bring the case before the courts, and the landlord has to present proof of all his claims as to investment, taxes, expenses, revenue, etc., and if he is getting the legal return from his building in the way of rents, well, he whistles for the money.

New Aero Engine a Success in Test

Experts Look to Cross-Atlantic Service Direct or Via the Azores—Airship to Carry 50 Passengers.

London, Feb. 2.—The successful testing of a 1,000 horsepower aero engine led to the most powerful known, has opened up claims by experts of the possibility of a regular London-New York trial trip within twenty-four hours, or by changing air craft at the Azores. Captain John Alcock in 1919 flew from Newfoundland to Ireland in a sixteen hours using two 375 horsepower engines. The new engine is called "The Cub." It was ordered by the Royal Air Force. It is understood at the Titanic, a flying-boat destroyer which is to be used in long distance paths, will be equipped with two "Cubs" and have a range of 1,500 miles. For routine the crew will number ten and for civilian use the craft can accommodate fifty passengers. A test indicated 507 horsepower in 20 hours of running. The engine weighs nearly a ton and costs about £5,000.

BWARE OF BRONCHITIS

Bronchitis is generally caused by neglecting a cold, or exposure to wet and inclement weather. It begins with a phlegm across the chest, difficulty in breathing, and a wheezing sound comes from the lungs. There is a raising of temperature, especially the first thing in the morning. This is at first white, but becomes of a greenish or yellowish color and is occasionally streaked with blood.

On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, thereby prevent it becoming chronic and prevent developing into some more serious ailment.

Dr. Wood's Norway Pine Syrup, the genuine is put up in a yellow wrapper, three plus trees the trade mark; price 50c and 90c; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

SON OF WEALTHY MAN KIDNAPPED

Chews Hole in Head Covering and Call for Help is Answered.

Tacoma, Wash., Feb. 2.—Arthur Rust, aged twenty, son of W. R. Rust, a wealthy Tacoma resident, was kidnapped here yesterday by a bandit and forced at the point of a revolver to write a note to his father for \$25,000 ransom, according to reports to the police. Rust later was found bound in a garage near the city and was released. He said he had accepted a stranger's invitation of an automobile ride to work and was driven to the garage, where he was tied with ropes and a heavy blanket thrown over his head. While his captor was away, the boy said, he chewed a hole in the blanket and attracted the attention of a negro, who called the police.

LYING ON ROADS DYING FOR THE WANT OF FOOD

Vancouver, B. C., Jan. 2.—(Canadian Press)—With 110 saloon passengers and more than 600 Chinese the C. P. O. S. steamer Empress of Asia docked here on Monday night from Oriental ports. Her cargo were 800 tons of silk and more than two million Chinese eggs for Atlantic provinces and states. Among the passengers was Dr. J. C. Ferguson, financial adviser to the President of China. Referring to famine conditions in China he said that if the people of America could only see those millions of people lying by the roadsides, too weak to walk and in such a condition that unconsciousness was a God-send, there could be no hesitancy on the part of the people here to share a little of the bountiful harvests given to America. He would not divulge the mission on which he is going to Washington, but he indicated that it had bearing on both the consular and famine relief.

CUT PAY ON STREET RAILWAY IN CLEVELAND

Cleveland, Feb. 2.—Motormen and conductors of the Cleveland Railway Co. will receive wage reductions of twenty per cent. when the present wage agreement expires on May 1, said G. L. Russell, vice-president and general manager, last night. Approximately 3,400 car men will be affected. They now receive seventy and seventy-five cents an hour. Special compensation agreements, including time and one-half for overtime, ten hours' pay for eight hours' work on night cars, and a straight eight-hour day on Sunday, also will be discontinued. Union officials last night refused to comment on the announcement. Some 1,200 other employees of the company, including President J. J. Stanley, received wage reductions of ten per cent. yesterday.

W. C. T. U. MEETING.

Mrs. Hope Thompson was chosen to conduct the evangelistic service at the meeting of the W. C. T. U. yesterday, and having read the sixty-first chapter of Isaiah read a paper explanatory of that portion of scripture. Mrs. Thompson reported on having visited the General Public Hospital and having taken information to patients. Mrs. H. Humphrey, superintendent of the visiting committee, and Mrs. Hansparker told of having taken fruit and jellies to sick members. Mrs. George Colwell, county president, reported of literature which she had received and asked for further information in this regard. Mrs. Henniger spoke of the December bulletin and told of the temperance work being done by her son in Japan. Mrs. I. Howe reported on having visited the Boys' Club. Mrs. Mary Seymour extended an invitation to the union to meet at her home on Frances Willard's day. The pianists at the meeting were Mrs. Burgland and Mrs. May Seely.

MARINE NOTES.

The R. M. S. P. Chignecto arrived yesterday afternoon at five o'clock from the West Indies. The steamer made an excellent trip and encountered very little bad weather, for this time of year. The passenger list was exceptionally light, even in view of the falling off in all travel, consisting of only eleven persons; four of these are for the United States and the remaining seven for Canada. Besides the passengers there were forty-nine bags of mail and an extremely light cargo of freight.

Cause of Early Old Age

The celebrated Dr. Michrahoff, an authority on early old age, says that it is "caused by pisons generated in the intestines." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound.

RECORD YEAR IN ALBERTA MINES

6,650,000 Tons Coal Output for 1920—Big Shipment to Ontario.

Edmonton, Alta., Feb. 2.—The total output of Alberta coal mines for 1920 is estimated at 6,650,000 tons, by John S. Stirling, director of the government mines branch. This is the largest output in the history of the industry, exceeding the 1919 figures by 1,637,500 tons. Outstanding feature during the year was the marked increase in shipments to both the eastern and western markets.

Final returns from one mine are still lacking, but for the eleven months, to the end of November, Manitoba took 318,198 tons of domestic and steam coal, with an additional 1,161 tons of anthracite as against a total of 814,290 tons in 1919.

The British Columbia market took 108,480 tons of domestic and steam coal, a gain of nearly 20,000 tons over the preceding year.

Even Ontario furnished an increased market for Alberta fuel. Shipments of 10,688 tons were made to Toronto and other Ontario points, compared with 208 tons the previous year.

THE DECLINE IN LIVING COSTS IN THE OLD LAND

New York, Feb. 2.—(By Canadian Press)—Striking instances of the rapid fall in the cost of living in the old country are contained in an article received by the Wall Street Journal from Herbert N. Casson, the paper's London correspondent. For the last four months there has been a peculiar situation in Great Britain—dear money and high prices. Since the beginning of the New Year, however, prices have been coming down with a rush and the London stores are all displaying goods at greatly reduced values. Mr. Casson's article says, in part:

"A sovereign now buys a ramshead, or two dozen linen handkerchiefs, or two dinners at the Hotel Cecil, or 20 yards of Ceylon flannel.

"A good enough pair of man's boots can be bought for \$5.40 in American money (Canadian equivalent \$8.50). A suit of ordinary clothes can be bought for \$6.65 (Canadian \$10.48) and a woman's skirt for 70 cents (Canadian, 84 cents).

"So-called 'half-price sales' are being held by most of the large stores. There is no doubt that a number of articles are actually being offered at half price, but the average reduction is apparently about 20 per cent.

"There are two reasons for the sudden fall in prices. One is the refusal of the banks to loan money and the other is the absurd situation in reference to the excess profits duty.

"Several months ago, money suddenly became tight in all parts of Great Britain. The banks acted with such unanimity that it is generally believed they had agreed to curb the government.

"Banks refused to lend money on the best securities. They all made the same explanation—'We haven't got any money to lend,' they said.

"They ordered merchants to reduce stocks and manufacturers to curtail development. They closed their vaults against large customers well as small. They practically put a sign on every bank in England—'No more money to lend.'

"The second reason for the fall in retail prices is the decision of stockholders to give their customers the benefit, instead of paying more money to the government in excess profits duty.

"Suppose I have made my profit for the year," says Duncan Campbell, a London merchant, "and suppose I have \$10,000 of surplus goods. If I sell them at a profit, the Government will take 80 per cent of it. Is it not better to clear out my surplus stock at half price and give the benefit to the public?"

"Whether right or wrong, this policy is now being followed all over England. It means that \$200,000,000 were made in 1920 against this tax. Several firms, it is said, have been saved from insolvency by the return of E. P. D. money."

MORNING NEWS OVER THE WIRES

Mrs. Duncan Davidson of Blackville, N. B., had a narrow escape from being shot to death yesterday morning when fire broke out in the lower floor of the building in which she lived. The ground floor was occupied as a pharmacy and it is thought that the stove here exploded and set fire to the building. Mrs. Davidson had great difficulty in making her escape with her baby in her arms and her young brother by her side. The loss is estimated at about \$10,000 with some insurance.

Nell MacMillan, formerly of Sydney, N. S., was shot and killed by thugs in Washington, recently. She was employed as a street car conductor at the time of her death. No details have been received by her relatives.

Brigadier-General W. A. Griesbach, M. P. for West Edmonton has been suggested as a possible candidate for the office of secretary of state left vacant by the death of Hon. A. L. Sifton. General Griesbach was in St. John last winter with a parliamentary delegation.

Joseph Gaudet of Southville near Digby was instantly killed yesterday when a tree he was falling swung in the wrong direction and crushed him as it fell.

PROMINENT NEW YORK
MAN PRAISES TANLAC

John F. Hyatt, of Albany, N. Y., is Relieved of Severe Attack of Rheumatism of Many Years' Standing.

JOHN F. HYATT,
227 Pearl St., Albany, N. Y.

"I am now seventy-two years old and am just getting rid of fifteen-year case of rheumatism that had me so crippled I could not walk," said John F. Hyatt, 227 Pearl St., Albany, N. Y., in relating his remarkable experience with Tanlac recently. Mr. Hyatt was chairman of the committee in charge of building the Albany County Courthouse and was four times elected a member of the County Board of Supervisors. At present Mr. Hyatt is Assistant Superintendent of the Albany County Courthouse, with offices in the building.

"I don't believe," he continued, "anybody could have rheumatism any worse than I did, and my case was of such long standing I didn't expect to ever get over it. I was unable to walk except for a short distance, supported with a cane, and even then the pains struck me every time I took a step. My legs, hips and ankles hurt something awful and my joints were stiff and ached. I couldn't cross my leg without having to lift it up with my hands, and to turn over in bed, why, the pains nearly killed me. My appetite was gone and the sight of food nauseated me. My stomach was out of order, and I had a sluggish, heavy feeling all the time. I was weak, off in weight and discouraged so that I looked like I might as well quit trying to ever get well.

SIR THOMAS WHITE
WILL RESIGN SEAT

Ottawa, Feb. 1.—Sir Thomas White's resignation as member of the House of Commons for Leeds is expected to be announced before the session opens. The report that a special act will be introduced at the coming session to make it unnecessary in his case to resign because he holds an office of emolument under the crown as one of the arbitrators on the Grand Trunk road of arbitration is unfounded. On good legal authority it is said that if Sir Thomas does not himself resign the seat would become automatically vacant by the commencement of the session, and that no special act can elect a member to any seat.

BIG DECREASE IN
LIQUOR PRICES
IN MONTREAL

Montreal, Feb. 1.—With the announcement that the provincial government would take complete control of the liquor traffic, handling it through retail stores and importing it directly from distillers, a noticeable decrease in whole-

sale prices has resulted. On Dec. 4 the very best brands of brandy were advertised at \$35 and \$40 a case. Today these same brands are advertised at \$25 and \$30 a case. Scotch whiskey, gin, Canadian whiskey, in fact every kind of "hard" drink, has been reduced in price by the wholesalers shipping to New Brunswick and other provinces. One brand of Scotch whiskey has dropped from \$44 per case to \$30 per case. Canadian whiskey also shows a sharp decline. Vendors, however, are still filling prescriptions at the rate of \$57 per case.

YAMASKA LIBERALS
NOMINATE BOUCHER

Montreal, Feb. 1.—At a Liberal convention of Yamaska county held today at St. Francois Du Lac, Alime Boucher, notary public, of Pierreville, was nominated Liberal candidate for the Yamaska by-election shortly to take place to fill the vacancy caused by the death of Oscar Glada, M. P.

A WOMAN'S TESTIMONY

Mrs. Ettie Warren, a farmer's wife, of Ennismith, Md., openly declares how she has found health through reading newspaper advertisement of Lydia E. Pinkham's Vegetable Compound. So great is her relief after fifteen years of suffering that she asks to have this information published.

AN EASY WAY TO
GET RID OF HEADACHES
AND BREAK UP COLDS.

If you are subject to headaches; often have attacks of neuralgia; or take cold very easily; you will naturally welcome information of any remedy which has been tested in hundreds of cases, just like yours and has given thoroughly satisfactory results.

Those who wisely followed this advice found that one or two tablets relieved the pain, reduced the fever, and broke up the cold.

DOMINION C.B.Q. TABLETS are a combination of Cascara, Bromide and Quinine and are sold by all druggists. They were originated by the National Drug and Chemical Company of Canada, Limited, an assurance in itself of the purity and efficiency of the ingredients.

Insist on having Dominion C.B.Q. Tablets.

A Brain Can't Work Right
on Thin, Watery Blood

It takes iron to make strong, magnetic, forceful men with the power and energy to win.

Many a capable intelligent man falls just short of success—nearly "gets there" but not quite—simply because he lacks sufficient iron in his blood to give him the physical strength and power to furnish the proper FORCE TO HIS BRAIN and the "STAY THERE" STRENGTH TO HIS "WILL."

THERE ARE 30,000,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD and each one must have iron as it is absolutely necessary to enable your blood to change food into living cells and tissues and to carry oxygen from your lungs to your brain. Without this your brain cannot do its work right—THINK THE THOUGHTS THAT WIN—any more than a locomotive can pull a big train of cars with a weak, smoldering fire under its boiler.

WHEN YOUR BLOOD IS STARVING FOR IRON no more tonics nor stimulants can put you right. You must have iron. To get iron, you must eat the basins of grains and the peels and skins of fruits and vegetables as our forefathers did or take a little organic iron from time to time and eat more such iron-containing foods as spinach and apples. But be sure that the iron you take is organic iron and not metallic or mineral iron which people usually take. Metallic iron is iron just as it comes from the action of strong acids on small pieces of iron, and is therefore an entirely different thing from organic iron. Organic iron is like the iron in your blood and like the iron in spinach, lentils and apples. It may be had from your druggist under the name of Nuxated Iron. Nuxated Iron represents organic iron in such highly condensed form that one dose of it is equivalent to be approximately equivalent

NUXATED IRON ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY.

RECORD POST-WAR
COAL OUTPUT IN
GREAT BRITAIN

5,307,000 Tons Mined in Week—Will Mean Much to Miners in Sliding Scale Bonuses.

(Associated Press Correspondence.) London, Jan. 31.—But on this mottle by the prospects of sliding scale bonuses for increased production, the coal miners of Britain have put their backs into the work, and achieved a record post-war output of 5,307,000 tons for one week.

As their latest rate, they are producing at the rate of 265,000 tons a year, just under the four-shilling mark. In 1918 Britain's coal output was 287,000,000 tons, but during the war this figure was reduced by over 60,000,000 tons. Householders are being told that the increase in miners' wages will inevitably raise retail prices, because the government relied on continued big selling prices for export coal to meet the advance in wages.

Now, however, America has come into the market and, according to the Coal Owners' Association, French, Italian and American consumers will refuse to continue paying the high British rates.

This assertion is, however, flatly contradicted by an authority in the laborer's Daily Herald who holds that there is a likelihood of export coal prices falling, and that apparently the consumer is about to be favored in order to keep up mine owners' profits.

LET a woman ease your suffering. I want you to write, and let me tell you of my own experience. I have used your pills and you will find me a happy, healthy woman. I have used your pills and you will find me a happy, healthy woman. I have used your pills and you will find me a happy, healthy woman.

I. O. O. F. CHAPTERS
ELECT OFFICERS

The Royal Standard Chapter, the Windsor Chapter and the Lucy Roberts Chapter of the Imperial Order of the Daughters of the Empire, held their annual meetings last night and each received encouraging reports of work done during the year.

The Windsor Chapter met at the residence of Miss Madeline Cunningham, with the regent, Miss Gertrude Lawson, presiding. In taking up new work, the chapter planned to hold a dance this week. The election of officers resulted as follows: Regent, Mrs. Eva Newcombe; second vice-regent, Mrs. A. C. Smith; secretary, Miss Gladys Shaw; assistant secretary, Mrs. W. C. Allan; treasurer, Miss Florence Ord; educational secretary, Miss Edith Campbell; treasurer, Miss Irene Macaulay. The reports were all received with great satisfaction.

The Seven Seas Chapter met at the residence of Miss Alice Wilson in Seely street and the regent, Mrs. May Haley, presided.

The election of officers resulted as follows: Honorary regent, Mrs. Lloyd Estey; regent, Mrs. Ray Haley; first vice-regent, Mrs. Helen Corbett; second vice-regent, Miss Frances Jordan; secretary, Miss Helen Hayes; assistant secretary, Miss Alice Wilson; educational secretary, Miss Helen Corbett; treasurer, Miss Jean Sommerfeld; treasurer, Miss Edna Simon; standard bearer, Miss Elsie Trenton; Mrs. J. H. Marr and Mrs. Everett Hunt.

The Royal Standard chapter met at the residence of Mrs. Alexander Wilson in Queen square with the regent, Mrs. Pope Barnes, presiding, and a large number of members present. The meeting voted \$25 towards the Free Kindergarten tag day. The election of officers resulted as follows: Honorary regent, Mrs. E. G. Armstrong; secretary, Mrs. H. A. McKeown; assistant secretary, Mrs. H. McIl. Stevens; education secretary, Mrs. Ernest Bowman; educational secretary, Miss Ethel Jarvis; standard bearer, Mrs. F. J. Harding; conciliator, Mrs. C. B. Allan; Mrs. Alexander Wilson; Mrs. W. Bennett; Mrs. F. J. G. Knowlton; Mrs. E. A. Schofield.

DARTMOUTH MAYOR
BEATEN BY DRYS

Halifax, Feb. 1.—Elections for the civic officers of incorporated towns in Nova Scotia were held today. In Dartmouth, Colonel I. W. Vidito defeated Mayor H. D. Simpson, M. D., by 265 votes. The "dry" forces worked with might and main for the colonel, while the "wets" sold solidly for the mayor, whose recent excessive issue of liquor prescriptions caused his conviction in the police court. The final count showed 769 votes for Colonel Vidito and 504 votes for Mayor Simpson.

Vapo-resolene
A Vapor Treatment for Coughs and Colds
The time for Vapo-resolene is at the first indication of a cold or cough. It is simple to use, you just light the little lamp that supports the crock and place it near the bed. The soothing anesthetic vapor makes breathing easy, relieves the cough, soothes the soreness and congestion, and protects the mucous membrane from invading germs.

COUNTY L. O. L.
ELECTS OFFICERS

The election and installation of officers took place last evening at the annual meeting of the St. John County Lodge, L. O. L., in the Dominion L. O. L. Hall, Simonds street. The election was conducted by Past Grand Master Harry Selten and the officers were installed by Grand Secretary William H. Sully. The officers were installed as follows: W. W. Starr, T. C. Chaplin, Charles C. Stevens; C. sec'y, James E. Arthur; C. financial secretary, Percy Gibbon; treasurer, W. B. McLintney; D. C., Charles B. Ward; lecturer, J. W. Rusk; deputy lecturers, N. J. Curtis and F. P. Kelly; and the secretary, W. W. Starr.

HEARTBURN
LIVER TROUBLE

When the liver becomes torpid and inflamed, it can furnish sufficient bile to keep the system in good order. Being purely vegetable they do not grip, weaken or sicken like the old-fashioned purgatives generally do.

Other liver trouble symptoms are pain under the right shoulder, yellowness of the skin and eyes, floating spots before the eyes, coated tongue, bad taste in the morning, foul breath, water brash, jaundice, constipation, etc.

Keep your liver active by using Milburn's Laxa-Liver Pills and you will have no heartburn or other liver troubles. Being purely vegetable they do not grip, weaken or sicken like the old-fashioned purgatives generally do.

Mrs. Mary Stross, Glasgwin, Sask., writes: "I have used Milburn's Laxa-Liver Pills, and they have cleared me of my liver trouble. I don't think they can be beaten by any other medicine, and I can highly recommend them."

SIX NURSES ENROLL
FOR HEALTH COURSE

The opening address in the course of training for public health and district nurses at the Home of the Victorian Order of Nurses in Carleton street will be given by Dr. Murray MacLaren, C. M. G. The six nurses who have enrolled for the course are Miss Greta Harris, Miss Ethel Armstrong, Miss Jessie Murray of St. John, Miss Marian Maloney of Rogersville (N. B.), Miss Mary Stross of Glasgwin, Sask., Miss Ridge (N. B.), and Miss Elizabeth Aylward, of Five Islands, Colchester county (N. S.). Miss L. M. Cole, dominion inspector for the Victorian order, has been active in arranging the course and Miss Foreshaw is the instructor. The Red Cross Society is co-operating with the provincial board of health in financing the training of the nurses and successful candidates qualify for diplomas given by the University of New Brunswick.

FIRST EXECUTION
FOR HAVING ARMS

Cork, Feb. 1.—Cornelius Murphy, of Rathmore, county Kerry, was shot to death by a firing squad at the gallows of the Victoria prison for the first execution carried out since the re-enactment of the re-enactment of martial law in Cork.

Home-made Remedy
Stops Coughs Quickly

The best cough medicine you ever used. A family remedy easily and quickly made. It is a sure cure for all coughs, colds, and croup.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant. Children like it—and it is pure and good.

For 25c. ounces of Pines 16oz. bottle; then fill up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly soothes the inflamed membrane that lines the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pines is a highly concentrated compound of Norway pine extract famous for its healthy effect on the membrane. To avoid disappointment ask your druggist for 25c. ounces of Pines—it's cheap, but for prompt results it beats anything else you ever tried. Guaranteed to give absolute satisfaction or money refunded. The Pines Co., Toronto, Ont.

DOUGLAS AVENUE
CHURCH CONCERT

An enjoyable concert in aid of the field fund of the Douglas Avenue Christian church was held last evening in the church school room by the children and adult members of the congregation. After the concert was over, the children entertained those taking part in the concert. There were readings, instrumental selections, recitations, songs, and exercises.

NOTICE BY WIRELESS.

The Y. P. A. of St. Paul's church received an interesting message yesterday morning from the chief steward of the C. P. O. S. liner Metagama, now en route to the west coast.

The chief steward of the Metagama at the time said that they had been traveling the seas for many years, and they had never been entertained in that manner before. The chief steward of the steamer said that the next time they were sailing for St. John, he would send a marooning to the society when they were nearing port. The result was the following many thanks for the gift of a marooning to the society when they were nearing port.

Another War Coming
On Bronchitis!

The campaign last year against Bronchitis was so successful that the public is fully determined to renew hostilities against this formidable foe this winter. People are going into action armed with the world's mightiest and most destructive weapon—Buckley's Bronchitis Mixture. The germs of bronchitis, colds, etc., are driven out of their strongly entrenched position, and in many cases victims are relieved in a most miraculous manner. It is positively wonderful the way this remedy does its work.

The demand for it is phenomenal—over 6,000 bottles being sold in thirty days in Ottawa last winter. Buckley's Bronchitis Mixture is not a syrup, but a scientific mixture guaranteed to relieve the worst case of bronchitis, cough, cold, hoarseness, asthma, la grippe, influenza, etc.

Join in this fight for humanity. Don't hesitate. Buy a bottle today. 75c. at any druggist's. Your money refunded if you are not satisfied. Accepted no substitutes. For sale at all Drug Stores or by mail from W. K. BUCKLEY, LIMITED, 142 MUTUAL STREET, TORONTO.

TAKE UP CLAIMS IN
MANY PARTS OF ALBERTA.

Edmonton, Feb. 2.—The interest in oil claims is not restricted to the northwest territories and the Peace River country. In many parts of the province and leases are being taken in many sections previously approved for government disposal.

According to the returns issued by the dominion land office in Edmonton yesterday five applicants during the last month blanketed \$600 acres in the territory under the jurisdiction of the local department and paid in revenue to the government to the extent of \$18,688 for the renting of their holdings.

HEAD STUFFED FROM
CATARRH OR A COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headaches, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm for nothing else. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

HIS OWN GROUND HOGS;
EYE ON THEM TODAY

Monmouth, Kas., Feb. 2.—John Willheimer, skeptical about the theory that the ground hog regulates the length of the winter, purchased five ground hogs last fall and established them in a house with proper environment on a creek bank here. From a hidden observation tower close at hand, he will watch the ground hogs billet today.

"I intend to settle this thing for myself, anyway," he said.

SET FIRE TO DAUGHTER.

Berkauz, France, Feb. 2.—Entering the bedroom of her eighteen-year-old daughter, a widow named Cascaux sprinkled the bed with petrol and set fire to it. The daughter awoke and attempted to escape, but was struck down by her mother with an iron bar. The girl was finally rescued. She is in a serious condition. She said she declined to marry a man her mother picked out for her. The mother is believed to have committed suicide. A body reeking with her mother's blood was found on the railway tracks.

CANADA'S NEW COMERS.

Montreal, Feb. 2.—During 1920, 150,000 emigrants reached Canada, of whom 80,000 came from Great Britain and 50,000 from the United States. The total emigration into Canada during the 25 years ended with last year was 3,700,000.

J. P. DOHERTY AND MISS CONNOLLY WED

Marriage in Cathedral This Morning—Will Live in Montreal.

A wedding of interest was solemnized in the Cathedral of the Immaculate Conception at half past nine o'clock this morning when Miss May E. Connolly, daughter of Mr. and Mrs. Daniel Connolly, became the bride of John P. Doherty, of Montreal, export freight agent of the Canadian Government Merchant Marine. The ceremony was performed by Rev. Simon Oram, who was celebrant at nuptial mass, in the presence of relatives and immediate friends. The bride, who was given away by her father, wore a very becoming tailored suit of navy blue, with blue tulle hat trimmed with silver cloth, and carried a bridal bouquet of roses. She was unattended.

Arthur Godsoe presided at the organ and when the bride entered the church played Mendelssohn's wedding march. At the offertory Miss Florence Kierin sang "Ave Maria." Harold and Donald Kluge officiated as ushers.

Following the ceremony a dainty wedding breakfast was served at the home of the bride's parents, 68 Mill street. Mr. and Mrs. Doherty left on a honeymoon trip to Toronto via Quebec, after which they will go to Montreal where they will reside. The bride's going away dress was of fawn broadcloth with beech straw hat and seal coat.

The popular young couple were the recipients of a large and magnificent array of presents, which included a chest or silver from the staff of the Canadian Government Merchant Marine, a wardrobe trunk from the staff of the Maritime Mill Works, and a substantial check from the directors and executive of the Maritime Mill Works. A host of friends will unite in wishing them great happiness and prosperity.

Now for a Book and an all Evening of Comfort

Deep-seated luxury seems a good phrase to introduce this chair to your attention. This weather, when you have a fire on the hearth, and a book, and a light to read by, this is the sort of thing that makes it more than ever worth while to stay home o' nights.

You may be sure of one thing about Everett upholstered furniture: it's honestly made all through. There isn't rich velvet or velour cover over inferior workmanship. The things in such furniture that you can't see are as substantial and trustworthy as the outside. Indeed, it might often be, in seeking to economize on the price a little, that the hidden parts are really better than the cover.

One good piece like this will add more luxurious comfort to the home and at the same time add a finer decorative effect than almost anything you could have.

It is only one of many good things we have here for you.
