These are to be of similar material and construction and ballasted the same rs the continuous crib-work and to be placed twenty feet apart.

The outer block, or landing-pier, is to be 40x60 ft, built of similar material to that used in the other blocks, but to be double-timbered on the outer face and ends, so as to form "close work" and to be be allasted solidly from top to bottom (on allasted the same rs the continuous crib-work and to be placed twenty feet apart.

The outer block, or landing-pier, is to be 40x60 ft, built of similar material and construction and ballasted the same rs the continuous crib-work and to be placed twenty feet apart.

The outer block, or landing-pier, is to be 40x60 ft, built of similar material and to be placed twenty feet apart.

The outer block, or landing-pier, is to be 4

and urged that the pressing of the petition and urged that the pressing of the petition might be the means of withdrawing just the influence that might be needed to the pressing of the petition might be the means of withdrawing just the pressing of the petition of the p

Children Cry for Pitcher's Castoria.

It will be seen by advertisement in an dealing in tranactions requiring the services of spies and informers, that it is no wonder Mr. Burns set his face against the propositions formulated as The event will, in all probability, of the work are portion of the propositions formulated as The event will, in all probability, of the work are noticed for the construction of the proposed and dent that no serious charge was sustained ed against the propositions formulated as

Lower Neguto Wharf.

Chas. H. Spurgeon, the eminent London Baptist preacher, died last Sunday evening. He was only in his fifty ninth year-although his world-wide reputation has caused him to be thought of, by a geneffective and attractive character, and he never be fully filled by any other nan. To say that he was the greatest Baptist of the century but faintly expresses the eminence to which he attained n that church.

estimates made and tenders forwarded t Ottawa in due form by the 16th inst The Influenza, or Grippe. The presence of influenza in our midst is a fact which concerns a number. if not George Dick, Napan. all, of our readers. On this subject we

DEAR SIR:—My attention having been had advanced the money and were from the plan and specification, which As I see a note of instruction in your issue of the "Courier des Provinces Marithat the \$500 business was deemed too The new wharf is to be constructed so you will allow me to add a little on this that the \$500 business was deemed too good news to be true by the petitioner and his attorney, who, doubtless, were tring of the late visits of W. A. Russell, Esq., to Bathurst, I beg you to inform the public that I knew nothing of the scrape and together wantthe business of W. A. Russell, until I was told of the letter of N. A. Landry in the Courier. I may in addition say that I had not the slightest conversation with the said W. A. Russell about the matter of the election petition whilst he was at my place. Yours truly,

Power Active was a way place. Yours truly,

The side of the scrape and together want Robert Armstrong. have been pleased to give the scheme solid road-bed. From the end of this 80 set aside almost as soon as projected. The Here, also, is Mr. Russell's letter to since its failure became manifest, it ft. so built, there will be 290 feet of conseems reasonable to believe that these tinuous open crib work, built of round should trust to any medicines alone as emphasises the points which the unforand the etceteras, and goodness knows what lengths they would have gone to had Mr. Burns' flat refusal to be a had Mr. Burns' flat refusal to be a not less than 7 in. at the small end, and life generally assumed that influenza in the small end, and life generally assumed that influenza in the small end, and life generally assumed that influenza in the small end, and life generally assumed that influenza in the small end, and life generally assumed that influenza in the small end, and life generally assumed that influenza in the small end or less than 22 feet long, ing medicines to the best of their skill, but the small end, and life generally assumed that influenza in the small end or less than 22 feet long, ing medicines to the best of their skill, but the small end, and life generally assumed that influenza in the small end or less than 22 feet long, ing medicines to the best of their skill, but the small end or less than 22 feet long, ing medicines to the best of their skill, but the small end, and the had Mr. Burns' flat refusal to be a to be solidly filled, from top to bottom a kind of zymotic fever; but while it is party to their scheme not upset the with good durable stone ballas', the stones clear there is fever in it, and sometimes Dear Mr. Hickson:—Yours of yesterlay is just received. I can't say I am
surprised at Landry, as he would stick at

posure which must leave "Mr. Nar
posu whole arrangement and caused the ex- showing between the logs of the crib- of a very pronounced type, there is said boshe what was said about Mr. Burns. I ter. We, therefore, think we were ras aware that I would probably not be ble to get the petition dropped and in ach event knew that Mr. Burns might ber:

think we were that I would probably not be fully justified in saying on 31st Decemble to be nineteen blocks 20x20 feet, built with a batter of 1 in, 12 on the sides and it will not be fought off as an ordinary life with a batter of 1 in, 12 on the sides and it will not be fought off as an ordinary life with a batter of 1 in, 12 on the sides and it will not be fought off as an ordinary life with a batter of 1 in, 12 on the sides and life will not be fought off as an ordinary life with a batter of 1 in, 12 on the sides and life will not be fought off as an ordinary life with a batter of 1 in, 12 on the sides and life will not be fought off as an ordinary life with a batter of 1 in, 12 on the sides and life will not be fought off as an ordinary life with a batter of 1 in, 12 on the sides and life with a batter of

the influence that might be needed to effect Judge Landry's appointment. I pressed him pretty strongly on this point, He, and the editor as well, complained that Mr. Burns was opposed to the apduction of nerve or vital energy. The Miller, Commissioners of Highways: United Miller, Cornelius Connolly, John Delaney.

ment on the removal to St. John of Mr. James Mitchell, Superintendent of Light- have also been great, yet it is my James Mitchell, Superintendent of Lighthou es at the time it was made; the government's action in the matter being looked upon as a decided slap at the North Shore and particularly at the Miramichi. A few months ago there were rumors that Mr. Mitchell had been suspended, and Parish and County Officers. people who had long known him, naturally enquired why. Now, it is stated in Appointed at the January Session of the papers that Mr. Mitchell is snper-

eration at least, as a much older man. His Redmond, Thomas Green, Alex. Templeton, No. 1; Peter O Neil, No. 2. whole life has been devoted to Christian Ambrose Hay, James Wood, (Douglastown,) enterprise and preaching of the most David Lawson, Jas. Gillis. leaves a place as an independent master. Dist., John Forrest, lower Dist., John Reed, builder in church work that will probably middle Dist-

last issue regarding influenza, perhaps

What I told Landry in reference to the judgeship was this—that his brother was amplicant for the appointment, and applicant for the appointment, and that the Conservative party, outside of Gloucester, looked on the prosecution of Cod Liver Oil. It is therefore the Chaptest and Best.

The day has gone by when you can get people to take the nauseous doses that used to be given. In taking Estey's Emulsion you don't taste the Cod Liver Oil in it. Still it is there, half of it being Cod Liver Oil in it. Still it is there to the conservative party, outside of Gloucester, looked on the prosecution of the petition against Mr. Burns as being prompted and carried on by a section of the petition against Mr. Burns as being prompted and carried on by a section of the petition against Mr. Burns as being prompted and carried on by a section of the petition against Mr. Burns as being prompted and carried on by a section of the petition against Mr. Burns as being prompted and carried on by a section of the petition against Mr. Burns as being prompted and carried on by a section of the petition against Mr. Burns as being prompted and carried on by a section of the petition against Mr. Burns as being prompted and carried on by a section of the petition against Mr. Burns as being prompted and carried on by a section of flowester, looked on the prosecution of the tone we half the fever be absend that the blocks to be of less thickness, and that the heart will scarcely carry on the circulation, unless the body be kept in the revolute of the block to be of less thickness, and that the heart will scarcely carry on the circulation, unless the body be kept in the revolute of the position of some unless that the block to be of less thickness, and that the body be kept in the revolute of the block to be of less thickness, and that t droppers behind the screen—in short nothing of all the ridiculous and mean things which go to show that the things which go to show the things which go to show the things which go to show the things
