

MARITIME PRESBYTERIAN SYNOD DISCUSSES SOCIAL MATTERS

Some Diversity of Opinion Over Prohibition Question - Forward Movement Ably Discussed by Leading Clergy of the Synod.

Special to The Standard.

Fredericton, Oct. 9.—The Maritime Presbyterian Synod today discussed many questions that are now requiring the best thought of the clergy as well as the laity. A discussion on social service and prohibition was opened by Rev. I. H. McLean of New-castle. Referring to prohibition he said he did not think that the 2 p. c. beer and wine license in Quebec should dictate to the rest of Canada. He said all the other provinces were in favor of prohibition. He believed the Synod should vote in favor of the absolute prohibition. It was his belief that kid gloves should not be used in handling the question.

The question of teachers' salaries was given lively consideration. A resolution was proposed that the minimum salary of teachers be placed at \$1,000. Dr. Thomas Fullerton of Charlottetown opened the discussion on the remuneration to teachers. He said the teachers were not asking a minimum of \$1,000 but only \$400. He thought the minimum of \$1,000 was too high as different conditions existed in the three provinces. Some of the teachers receive only \$130 a year.

Several of the members spoke on educational matters. Dr. John Pringle, moderator of the General Assembly, said the fault lay in the fact that the country had not yet produced the kind of politicians who would put a tax on adverse farmers sufficient to pay decent salaries to the public school teachers.

Dr. John Clark of Halifax, said \$1,000 was not too high. What was wanted was something to shock the authorities. The best change was going to the west where they could get higher wages. Good teachers could not be obtained for less than \$1,000 a year. The education of the children has degraded until it is done today by mere slips of girls.

Forward Movement. Rev. W. H. Rose made an address on the forward movement of the churches saying that it was very encouraging to hear laymen and women expressing their approval of the outlook in the forward movement. They believed something was necessary for the world and this was necessary in the great movement of the Christian churches. The work of the returned missionaries to the different congregations seemed to be a great inspiration to the people. This was true in all churches and not confined to the Presbyterian church.

What was needed was a comradeship of intercession to make people feel that there was a great force at work in the world to change the face of things and bring back the great force of the Spirit of God.

He moved the adoption of the following resolution which was seconded by Rev. M. H. McIntosh of Musquodoboit, and passed unanimously: "The Synod approves of the suggested plan in the folder, the Forward Movement in Local Congregations," and urges its adoption as a means of marshalling the forces of our church as a dedication of its life and means for the promotion of the Kingdom of God '09 and '10.

Rev. Dr. Robertson said if the schemes of the great Forward Movement were to succeed the Sunday school must be strengthened in the maritime provinces by the appointment of one experienced man to supervise Sunday school work. Some difference of opinion seemed to exist concerning overlapping of duties of the any man who might be appointed by the different denominations.

Dr. Robertson was again called upon and he said the object of the whole scheme was to overcome the duplication of duties. The recommendation was passed following:

In view of the section of the General Assembly at its last meeting in unanimously adopting the following recommendations: (The General Assembly) endorse the plans for co-operative Sunday school promotion work, as agreed upon by the representatives of the Sunday School Council of Evangelical denominations, and the International Sunday School Association—and in view of the fact that organization of Sunday School work in harmony with this proposal is now underway in the maritime provinces."

The Synod's committee on Sabbath schools and young people's societies be appointed as a representative of this Synod on the governing body of any new co-operative Sunday school organization of the maritime provinces which may be formed in harmony with the principles approved by the General Assembly.

Prohibition. In discussing the liquor question Rev. D. C. Ross, of Stewiack, N. S., said that the church had a great fight before it to keep the liquor traffic out.

SAGE TEA DANDY TO DARKEN HAIR. It's Grandmother's Recipe to Bring Back Color and Lustre to Hair. You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of Wyeth's Sage and Sulphur Compound at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it is being applied. Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

Congregation Welcomes Soldiers

Social at Portland Street Methodist Church Last Evening Much Enjoyed—Large Attendance.

Special to The Standard.

In continuation of the week of Rally celebration an enjoyable congregational social was held last evening in the Portland street Methodist church. There was a very large attendance. A feature of the evening was the reading of the Roll of Honor by A. C. Powers, each soldier answering to his name. At the close of R. Hayes in the name of the congregation welcomed the men home and wished them every success. Percy J. Steele answered on behalf of the returned soldiers, telling some of his experiences and thanking those present for the warm welcome.

Rev. Nell McLaughlin, pastor of the church, also spoke in cordial words of the joy felt at the soldiers' return. A program was given by Mrs. Muriel Turner, solo by Miss Muriel Turner, solo by Mrs. Roy King and a reading by Miss Miss Vera Roberts. The ladies of the congregation served refreshments.

Fewer Horses Now In The Province. Crop Statistics Show the Acreage Under Cultivation and Number of Cattle and Horses in New Brunswick.

The compiling of the 1919 crop statistics for the Province of New Brunswick has been completed. A comparison of acreages, as between 1918 and 1919, is shown in the following table:

Table with 2 columns: Crop, 1919, 1918. Rows include Wheat, Oats, Barley, Peas, Buckwheat, Turnips, Potatoes, and Horses.

The harvesting of the grain crop practically completed in all sections of the province. The yield will vary greatly throughout the province. Along the North Shore and east coast, as well as in Kings County, reports indicate a crop well up to the average. In counties on the western side of the province, the crop was not so good, but was better than last year.

FOREST FIRES COST NEW BRUNSWICK \$154,155 DAMAGE. Special to The Standard. Fredericton, N. B., Oct. 9.—Fire Prevention Day was signalled by the issue of statistics today by Provincial Forester G. H. Prince, showing the damage done by forest fires in New Brunswick, and special exercises were carried on in the public schools with a view to bringing forward the necessary methods for taking every possible step to prevent fires.

The statistics which were sent out by the forest service showed that there had been 366 forest fires in New Brunswick this season, which burned over 11,398 acres, or about 18 square miles, being a total damage of \$154,155.

Beware of Tender, Inflamed Gums

Pyorrhea, with a premature loss of teeth, is almost inevitable if you do not properly care for your gums. Here is the explanation:

As you age, the body tissues naturally relax. You see this tissue loosening in the neck. It goes on in your gums, too. As you grow older, your gums shrink below the normal gum line. Through lack of care they become spongy and inflamed. Then you have Pyorrhea (Riggs' Disease). Four out of five people over forty have Pyorrhea. And many under forty, also.

Don't let a tender gum spot develop. These tender spots breed disease germs which enter the system through tiny openings—infecting the joints or tonsils—or causing other ailments. Immediately get Forhan's, which positively prevents Pyorrhea if used in time and used consistently. It cleans the gums and loosens them. They in turn keep the teeth healthy. Brush your teeth with Forhan's. It cleans them scientifically—keeps them white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment, 35 and 60c tubes. All druggists, FORHAN'S LTD., Montreal.

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parmitin (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.

THIN PEOPLE NEED BITROPHOSPHATE

Increase Weight, Strength and Vigor in Many Instances. The average person is beginning to realize more and more that the physical strength and nerve action (frequently evidenced by excessive thinness) are the direct cause of the failure to succeed in any struggle for the necessities of life, and also for the handicap in social aspirations. Compare the sickly, angular frame with the

rounded form which is usually accompanied by the bloom of health and attractiveness. That millions of people are conscious of this appearance in papers and magazines of many nations proposing various remedies for the cure of thinness, or of which might or might not be a proof for a given case.

Authorities, however, agree healthy nerve tissue is absolutely essential to a strong, robust body. Weak nerves, while induced by a multitude of different causes more immediately and generally in lack of energy, sleeplessness, indigestion, depression, etc., which gradually consume the health, leaving only hollow, a flat, bony neck and scrawny arms and legs.

Our bodies need more phosphorus than most of them are able to get from the foods we eat nowadays. Many opinions affirm that the nothing which may be taken in human system that so effectively pierces this deficiency as the genuine phosphate known as Bitrophosphate and sold by good druggists everywhere.

The essential phosphoric formula in bitrophosphate acts directly by the nerve cells should soon produce increased vitality and strength. PRINCE EDWARD ISLAND BOY HAS MADE GOOD IN CANADIAN WEST

John P. Hood, Formerly Owner of Charlottetown Guardian, Now Head of Big Boot and Shoe Concern in Alberta—Started Life as Farm Boy in Island Province, Taught School and Ran a Newspaper.

Farm boy, school teacher, book-keeper, newspaper proprietor and now practically the owner of the largest retail shoe concern in the Canadian West; these are the progressive steps in the life of John P. Hood, formerly of Tryon and Charlottetown, Prince Edward Island, now of Calgary and at present a visitor to St. John.

Mr. Hood's commercial career, which reads like an Alger story of ambition, started when he left the village of Tryon, where he had been engaged in the prominent but unprofitable work of country school teaching, to handle the accounting work of the Charlottetown Guardian, then a weekly newspaper.

It was not long before he acquired ownership of the paper and under his management it rapidly rose from a weekly, and third of importance in its territory, to a semi-weekly, then a tri-weekly and later evolved into a publication with both morning and evening editions ranging from eight to sixteen pages, a country edition and a weekly edition, the whole embracing the leading newspaper in the island province.

Perhaps it was with a feeling that he had developed his publications as greatly as possible in that restricted territory, or perhaps the strong voice of commerce lured this island Dana from the field of the fourth estate. At any rate he sold his major interest in the Island Guardian Publishing Company to a syndicate, and after several years of travel decided upon Calgary, Alberta, as the next theatre of his activity, believing with the scriptural chronicler that the wise men came from the East.

In Calgary he is the presiding genius over the affairs of Hood & Erwin, Limited, perhaps the largest book establishment in the west, a business by the way that, like other enterprises in which he has been connected, started modestly and made time.

THIN PEOPLE NEED BITROPHOSPHATE

Increases Weight, Strength and Nerve Force in Two Weeks—Times in Many Instances.

The average person is beginning to realize more and more that the lack of physical strength and nerve exhaustion (frequently evidenced by excessive thinness) are the direct cause not only of the failure to succeed in life's struggle for the necessities of existence, but also for the handicap in one's social aspirations. Compare the thin, sickly, angular frame with the well-

rounded form which is usually accompanied by the bloom of health and attractiveness. That millions of people are conscious of this handicap is evident from the continued appearance in newspapers and magazines of many suggestions proposing various remedies in food or medicine or exercises, either of which might or might not be appropriate for a given case.

Authorities, however, agree that healthy nerve tissue is absolutely essential to a strong, robust body and mind. Weak nerves, while indicated by a multitude of different symptoms, more immediately and generally result in lack of energy, sleeplessness, irritability, depression, etc., which conditions gradually consume the healthy flesh, leaving ugly hollows, a flat chest, bony neck and scrawny arms and legs.

Our bodies need more phosphates than most of them are able to extract from the foods we eat nowadays, and many opinions affirm that there is nothing which may be taken into the human system that so effectively supplies this deficiency as the pure organic phosphates known as bitrophosphate and sold by good druggists everywhere.

The essential phosphoric food elements in bitrophosphate assimilated by the nerve cells should soon produce a pleasing change in nerve energy and hence increased vitality and strength. With the burdens of nervousness, sleeplessness, lack of energy, etc., lifted, normal weight with its attractive fullness and ruddy glow of health, suppress the former picture of thinness and lassitude. Mrs. Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitrophosphate has wrought a magic transformation with me. I gained 18 pounds and never before felt so well."

CAUTION:—Although Bitrophosphate is unexcelled for the relief of nervousness and general debility, owing to its tendency to increase weight, one should watch the scales while taking it unless it is the desire to put on flesh.

A REAL REMEDY FOR FALLING HAIR

Keeps Scalp Clean and Healthy—Prevents Dandruff.

When your hair becomes faded, dry, streaked and scraggly, when it falls out, balding and new hair cannot grow, the roots should be immediately vitalized and properly nourished.

To do this quickly, safely and at little expense, get from your druggist some Parisian sage (liquid form) and apply as directed. Parisian sage is guaranteed to abolish all dandruff—stop scalp itch and itching and promotes a new growth or money refunded. It's in great demand by discriminating women because it makes the hair soft, lustrous, easy to arrange attractively and appear much heavier than it really is.

A massage with Parisian sage is a real delight—easy to use, not sticky or greasy, and delicately perfumed—an antiseptic liquid free from all dangerous ingredients.

If you want good looking hair and a real delight by all means use Parisian sage—a little attention now helps insure beautiful hair for years to come.

Watson's Drug Store will supply you and guarantee satisfaction if you are not entirely satisfied.

WOMEN PREFER KID SHOES TO CALFSKIN GRADE

Although Latter Make Far Better Foot Covering the Ladies Prefer Kid No Matter What the Price.

Toronto, Ont., Oct. 9.—The Board of Commerce sitting here started an investigation into the price of footwear today. J. A. Walker, a maker of women's shoes, was called as a witness.

He testified that most of the kid used came from the United States and very little was obtainable in Canada. He said the United States could not mark the thirtieth year by a withdrawal from active editorial work.

SEARCH FOR LOST BALLOON MEN

Canadian Government Requested to Institute Search for Two Believed Lost in Canadian Wilds.

St. Louis, Mo., Oct. 9.—The Canadian government, through the British consulate here today, was requested to begin a search for Captain Carl W. Damms, pilot, and Lieutenant Edward J. Verhoyden, aide of the Wichita, the only entrants in the national championship balloon race who have not reported.

The race started from here ten days ago and the two fliers are believed lost in the Canadian wilds. The balloon was leaking when it started and was seen soon after over Lake Michigan a week ago. The balloon carried provisions sufficient for three days.

FORMER PTON MAN HELD ON CHARGE OF EMBEZZLEMENT

Alleged to Have Misappropriated Funds of Aroostook Valley R. R. While Freight Agent at Presque Isle, Me.

Presque Isle, Oct. 8.—Earl G. Hall, formerly of Fredericton, N. B., former freight agent of the Aroostook Valley Railroad, arrested yesterday, was arraigned today before Judge Waick on the charge of embezzling \$1,400 in funds of the company, the complaint being made by Treasurer Horace A. Grandall.

Hall pleaded not guilty, waived examination, and was held for the November term of court, going to jail in default of bail. Hall came here to substitute for W. B. Tealey, the regular agent, who was in Canadian military service. Since Agent Tealey returned, Hall has not been employed. It is understood that the alleged shortage took place since Jan. 1st. Hall has been popular and moved in good society here. His arrest was a surprise to many.

THE EMPIRE PRESS UNION TO VISIT CANADA IN 1920

London, Oct. 9.—Sir Henry Brittain leaves next Wednesday for Canada to assist in the arrangement for the visit next year of representatives of the Empire Press Union who will visit the Dominion as the guests of the government. The party will include fifty members of the British press, also thirty from newspapers from other parts of the Empire.

The party lands early in August and remains till the end of September.

An invitation for the party to continue their journey to Australia has been declined.

Lord Burmah, proprietor of the Daily Telegraph, will head the gathering. Lord Northcliffe will also be a member of the party.

FROM HERE AND THERE.

The resignation of Edward Bok as editor of the Ladies' Home Journal, effective January 1, next, was announced recently. H. O. Davis, of Los Angeles, Calif., who has been managing editor of the magazine for the last six months, will succeed him.

Mr. Bok has been editor of the publication for thirty years, and in his latter of resignation it is wished to mark the thirtieth year by a withdrawal from active editorial work.

He will retain his interest in the Curtis Publishing Co., and continues as a member of the board of directors.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble—Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling are signs of acid indigestion. The presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastric complications by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisulphated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy that meals with no more fear of indigestion.

Women physicians are particularly asked for by the Serbian Government in an appeal for medical aid for that country, where physicians are greatly needed.

SOME BOOK NOTES.

Mary Roberts Rhinhart is in Los Angeles, where she is studying local atmosphere for the coming of her next novel, and is also overseeing the filming of one of her novels by the Eastman Studios Corporation.

W. Douglas Newton, whose book of English romances, "Green Ladies," is announced for early publication by the Appletons, is serving as a special correspondent for an English paper with the party of the Prince of Wales, and will therefore arrive in New York in November.

Edgar Lee Master's "Spoon-River" has gone through twenty-five printings, many of them having been for editions.

Lieutenant Conynghy Dawson, whose several war books, "Carry On," "Living Boy Scouts" and "Out to Win" have had many readers, who has been revisiting the western front and the occupied territory in Germany in order to make a study of reconstruction problems, will return to New York in about a fortnight and will at once begin a series of lectures and readings from his books dealing with his experiences in the war. His tour will begin in New York City soon after his arrival and will last for six months taking him into every State in the Union.

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parmitin (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.

Plumer—What did the critics think of Scribner's latest novel? Manford—Not much! One said it might be a good book to read up a train if there were plenty of charming scenery to look at along the route.—Edinburgh Scotsman.

THE COURT HOUSE.

The ruins of the Court House still stand at the head of King street. The Municipal Council objects to any plans for reconstruction which have been presented, and has recently gone on record as also opposed to removal of the ruined structure.

No action has been taken, because of lack of funds, for a modern structure to meet the requirements of the city and county would involve an expenditure of perhaps half a million dollars and the city and county of St. John are said to be in no position to meet such an outlay.

GERMANY'S TRADE.

We have been hearing a lot lately about Germany's bid for world trade. Dire predictions have been made in newspapers everywhere of this country's marvellous recuperative powers, of the determination of her people to regain their lost prestige, of the resumption of activity everywhere throughout the country, and indeed of the remarkable success which even in the first few months following the armistice attended her efforts.

How very different from these predictions is the real situation today. In England there is not a manufacturer in any line who is able to come within twelve months of filling his orders. There is not an industrial plant which has not work on hand sufficient to keep it going at its full capacity for eight months or more.

WHAT THEY SAY

A Homecoming. New York Herald—At the present stage of the discussion in the Senate about the only thing that members of that body will be anxious to find out from Colonel E. M. House is just why he came home—now a high diplomatic secret.

Down Everything. Mail and Empire—"Down with Hitler! Hang him!" "Down with Wilson," and "Down with Jugo-Slavia; down with Serbia!" So shouted pro-Russian demonstrators in Fiume.

To Whom Justice is Due. La Patrie: "We hope that in nominating Lieutenant-Colonel Lafche on the Board of Commerce, the Federal Government has had in mind, not only the appointment of a valuable member of the board, but also the intention to render to the French-Canadians in Lower Canada a measure, a commencement of justice."

transference, however, is not confined to lawmakers. It goes back of Congress to the public. Governments are no more wasteful in the handling of the people's affairs than most people are in their own individual affairs.

The Puzzle. New York Herald—Italy has ratified the peace treaty without making a reservation covering the activities of Captain d'Annunzio and without apologizing for them.

DERRICK READY AT SARNIA FOR REV. WM. IVENS

Safety Committee of Ontario Town Determined Winnipeg's Famed Clergyman Shall Not Address Its People.

Sarnia, Ont., Oct. 8.—Lawful means to keep Rev. William Ivens of Winnipeg strike fame, out of Sarnia will be taken as the direct result of a meeting of some hundreds of citizens in Victoria Park here last night.

Colonel Towers, addressing a meeting of citizens in Victoria Park, last night, stated that no one protested the right of free speech in Canada, but no one can use free speech to infringe on other people's rights.

Those of us who are accustomed to feel dull and heavy when we arise; to feel stuffy from a cold, a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, look and feel as fresh as a daisy always by washing the system each morning.

We should drink, before breakfast, a glass of hot water, with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before eating more food.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a fine appetite for breakfast. A quarter pound of limestone phosphate costs very little at the drug store, but is enough to make anyone who is bothy with indigestion, constipation, stomach trouble or rheumatism an enthusiast on internal sanitation.

Then and Now. A blatant bugle boldly blown. Disturbed my dreams delightful; I dodged bombs that were wildly thrown By Germans who were spiteful.

CANADIAN NATIONAL RAILWAYS INCREASED SERVICE

Transcontinental Train Every Day in the Week

Toronto-Winnipeg-Vancouver-Victoria. In effect October 5th.

A daily Transcontinental service between Toronto-Winnipeg-Vancouver-Victoria, is the principal feature announced in the Canadian National Railways Fall and Winter time table.

This train will leave Toronto 9:15 p.m. daily and will be equipped with up-to-date sleeping, dining, first-class day coach, tourist and colonist cars.

A parlor car will be attached, for the convenience of passengers, while travelling through the Rockies, so they may enjoy, in the utmost comfort, the magnificent scenery for which the Canadian National route is famous.

Further particulars can be obtained from Passenger Officers of Canada's National system of Railways.

PURITY - QUALITY - ECONOMY

With the increased cost of labor and materials due to war conditions, it is not reasonable to suppose that a really first class baking powder can be made and sold at the old prices. Rather than sacrifice the quality of

MAGIC BAKING POWDER

we found it necessary to make slight increases in price during the war period. Even though Magic Baking Powder may cost a few cents more than the ordinary kinds it is still by far the most economical baking powder on the market to-day when purity, strength and leavening qualities are taken into consideration.

Common Council Special Meeting

Authority Granted for Extension of Water and Sewerage to New Housing Area on West Side and to Mount Pleasant Court.

Authority for the extension of water and sewerage to the city's housing area on West Side, and to Mount Pleasant Court, was voted in special Council meeting yesterday morning. The amount involved is estimated at \$4,500.

Other matters taken up included discussion of housing, street and sidewalk improvement and renewal of the double street car service on North Rodney wharf. On the motion, the commissioners were present, and R. H. Bruce was in attendance at the committee meeting.

The first item discussed was the report of the Commissioner of Public Works on the Mayor's million dollar programme for street improvement, already published in full.

The Mayor, Commissioner Thornton and Commissioner Jones took exception to a clause in the report, in which the Commissioner of Public Works recommended that 10,000 yards of street work be done per year out of appropriation. The opponents of this feature advocated that the whole work be done by bond issue. Commissioner Thornton favored reserving appropriations for side streets and doing the main thoroughfares by bond issue.

Further, he pointed out that there was no provision in the programme for paving the West End. Commissioner Fisher replied that he was planning to look after West St. John through appropriation. On the motion, the programme was laid over for further consideration.

The question of supplying water and sewerage to Mount Pleasant Court was taken up. It was decided to install a 9-inch tile drain and a 3 and 2-inch galvanized pipe for water, on condition that owners of the property guarantee 10 per cent. of cost until revenue amounts to 10 per cent. The Town Planning Commission must approve before work is started.

Tenders are to be called for placing water and sewerage in Lancaster street and City Line. The service provided will be for the dwellings to be erected under plans of Dominion building scheme.

The housing scheme was discussed, and Commissioner Bullock pointed out that the houses could be purchased by paying \$25 a month for 20 years, in addition to a cash payment of 15 per cent. of the cost of the house.

OBITUARY

Capt. James W. Dunham. Word has reached here of the death of Capt. James W. Dunham, which occurred at his residence at 57 Fern Grove, Sefton Park, Liverpool, England, September 9th, after a few weeks' illness. Capt. Dunham was born in Barton, Digby county, N. S., 32 years ago where he married Miss Elizabeth Hilton, who survives him. He also leaves several sons and daughters, all of whom reside in England, one sister, Mrs. Abbie Churchill, of Yarmouth, N. S., and several nieces and nephews in Digby and Annapolis counties, among whom is the editor of the Monitor.

Capt. Dunham, before retiring from sea, was a very successful master mariner, his last Canadian command being the ship Alexander Yeates, of St. John, N. B. His last visit to his native province was in 1891. His family took a prominent part in the late war, both on land, in the air, and on the sea—Annapolis Monitor.

"I HAVE PROVED"

Zam-Buk invaluable for eczema, both in the case of my baby and myself," says Mrs. L. Booth of West Archa, N.S. She adds: "Baby's skin was badly broken out but repeated applications of Zam-Buk entirely cured it."

"In my own case, I had eczema on my hands, which made it very inconvenient for me to do my housework. Particularly was this so, as it aggravated the trouble so to put my hands in water. By using Zam-Buk, however, I soon got relief, and it was not very long before every trace of the trouble had disappeared. I really think no home should be without Zam-Buk."

Zam-Buk is equally good for all skin injuries. All dealers 50c. box.

PROVINCIAL OPPOSITION CONVENTION IS TO BE HELD IN ST. JOHN, NOVEMBER 6TH

Those Qualified To Attend Will Be Two Elected Delegates from Each Parish, Two from Each Ward of Cities and Towns, Together With Parish Chairmen and Ward Chairmen—Convention to Discuss Organization and Policy.

A convention, in the interests of the Provincial Opposition Party in New Brunswick, will be held in the hall of the Seamen's Institute, Prince William street, St. John, N. B., on Thursday, November sixth, commencing at ten o'clock in the forenoon.

Three sessions will be held, forenoon, afternoon and evening, the two latter at two thirty o'clock and eight o'clock p.m. respectively.

Representation at this convention will consist of two elected delegates from each parish, together with the parish chairman—qualified ex-officio—and from the towns and cities two elected delegates from each ward, together with the ward chairman, along with such other persons as may be qualified to be present.

This gathering has been arranged by the Convention Committee of the Opposition party and is called for the purpose of discussing matters of organization and policy. County and parish organizations are requested to make note of the date and conditions of this convention, and to take such steps as may be necessary in preparing for the election of delegates and substitutes.

CANADA'S PROSPERITY RESTS WITH YOU

Continued Business Activity and Good Wages Depend on Canada's New Victory Loan

DURING the past four years Canada's prosperity has been due largely to orders from Great Britain and our Allies.

Canada was able to obtain these orders because she advanced credit to these countries.

Canada was able to give this credit only because you bought Victory Bonds.

Great Britain, with France, Belgium, and other Allies, are now prepared to place large orders with us for the products of our factories, farms, forests and fisheries—provided Canada again gives them credit.

Credit must be given if we are to have any guarantee of good times and good wages.

But our workers on these orders must be paid their wages in cash; so, much of the money that you invest in Victory Bonds will go out in wages to Canadians.

You will be absolutely protected—you will get a good rate of interest and all of your money will be paid back at the time stated in the Bond.

Every cent will be spent in Canada, and ultimately circulate to the benefit of all.

Canada can give this credit only if you again buy Victory Bonds.

If Canada is not able to give this credit, other countries will.

Therefore Canada's continued prosperity rests with you.

Victory Loan 1919

REDS MADE WHITE SOX LOOK LIKE PIKERS IN FINAL AND DECIDING GAME OF SERIES

(Continued from page 1)

The World Series baseball championship game for 1919 will be played at Redland Field, Cincinnati, next season. Pat Moran's athletes invaded the host territory today and annexed the eighth and deciding game against the Chicago White Sox by a score of ten to five.

As expert baseball it was as funny as a sack race. Nearly everything possible happened, including a comic four-run rally by the athletes in the pale history.

The Reds, after dropping two games of their own grounds on the banks of the Ohio, permitting the Sox to get back in the running for the big emblem, started after the deciding game at the outset. They ascended on Claude Williams' left-handed offerings with a determination which sent him into seclusion before the third man was out and Bill James, who hurled from the other side, was tested out. Three runs were scored off Williams and one off James. It was the latter's first appearance in the series, and he led a terrible life until the sixth, when, with two men on the sacks, he was given the beckoning finger by Manager Gleason, and Roy Wilkinson, also a right hander, came forth to remain through the home run. The invaders continued their onslaught and sent three runs across the rubber. In the seventh the range hurler was somewhat wild and walked two men, but no runs were scored by the low-weary champions-to-be. In the eighth they annexed another and let it go at that. Their position was no more secure than they appeared indifferent, even bored, at the Sox rally, which had the effect, largely of merely stretching the contest into the longest of the series, namely, two hours and twenty-seven minutes.

The remarkably good weather of the series was again in evidence, and \$2,800 paid to see the massacre of the local idols.

It touched the ground. Groh up. Strike 1, Groh routed the first one off. Ball 1, foul strike 2, Groh routed the third ball into the left field pavilion. Groh singled to right. It was a short hit that cleared over first base, and Daubert held second. Roush up. Ball 1, strike 1, Roush doubled to the right field pavilion, scoring Daubert and putting Groh on third. Duncan up. James is warming up in Chicago. Foul strike 1, ball 1. Duncan fanned to left field, scoring Groh and Roush. It was a line drive that went over Weaver's head and Jackson fanned in the extreme left field corner. This was enough for Williams and Bill James went into the box for Gleason's team. Kopf up. Ball 1, ball 2, strike 1, ball 3. James could not locate the plate properly and walked Kopf. Duncan reached second. Neale up. Strike 1, strike 2. Neale took a terrific swipe at the second strike but missed, ball 1. Neale fanned, the third ball being called on him. Rarden up. Ball 1, James almost made a wild pitch but Schalk recovered the ball before damage could be done. Rarden lifted a Texas Leaguer hit over first base, scoring Duncan and putting Kopf on third. Eller up. The crowd gave Eller a handclap ovation when he went into the batters' box. Foul strike 1, ball 1. Rarden stole second. Ball 2, Eller ended the inning by flying out to Felsch.

Four runs, five hits, no errors.

Second half—Liedbold up. Strike 1, Eller's first pitch was over the plate. Liedbold started for the Sox with a clean single to left that Duncan belted fast and prevented him from stretching into a double. E. Collins up. Strike 1, ball 1. E. Collins doubled to left, Liedbold went to third. Weaver up. Ball 1, strike 1, strike 2. Weaver fanned. Eller got his first victim when he slipped the third strike over on Weaver. Jackson up. Jackson lifted a puny fly that Kopf captured in back of third. Liedbold holding third and E. Collins second. Felsch up. Foul strike 1, Felsch tried to dodge the ball but it hit his bat. Strike 2, he swung at the second one but failed to connect. Foul ball 1, ball 2. Felsch fanned. The Sox hit Eller hard at the beginning but he tightened on the third man and pitched himself out of a bad hole.

No runs, two hits, no errors.

THE NEXT ACT—FROM THE DIAMOND TO THE GRIDIRON

Second Inning.

First half—Rath up. Strike 1, strike 2, ball 1, ball 2, ball 3. Rath strikes out. Daubert up. He fished out to Jackson who got the ball after a short run. Groh up, strike 1, Groh called for the ball and examined it but the umpire ruled it was O. K. Foul strike 2, ball one, ball 2, ball 3. Groh singled to Gandil, the latter got the ball in back of first but could not get up in time. Groh turned his ankle when he stepped on first base and play was delayed for a few minutes but he resumed and took his position on first base. Roush up. Ball 1, ball 2. Roush doubled to left field scoring Groh on the hit, but Roush was caught between second and third when Liedbold threw to Risberg and in the run down Schalk and Weaver got assists, while E. Collins finally put the ball on him.

One run, two hits, no errors.

Second half—Gandil up. Ball 1, strike 1, Gandil line fly to Daubert. Risberg up. Ball 1, ball 2, ball 3, strike 1. Eller had trouble to locate the plate and walked Risberg. The ball was again examined by Schalk and the umpire, but was returned to the pitcher. Schalk up. Ball 1, Rarden dropped Schalk's high ball and was given an error. Strike 1, strike 2, foul, foul, Schalk wanted the umpire to examine the ball and he tossed it back to Eller. Ball 2, Schalk singled to left, Duncan came in fast but the ball hit the ground.

No runs, no hits, no errors.

First, Risberg reaching second, James up. James hit a high foul to Groh and neither base runners advanced. Liedbold up. Strike 1, ball 1, foul strike 2, ball 1. Liedbold struck out.

No runs, one hit, no errors.

Third Inning.

First half—Duncan up. Strike 1, Weaver took Duncan's bounder and threw him out. Kopf up. Strike 1, ball 1, Weaver came over fast getting Kopf's grounder and throwing to Gandil for the putout. Neale up. Ball 1, ball 2, foul strike 1, ball 3, strike 2, foul. Neale thinking the ball had been touched before it rolled foul stayed on first base and the crowd booed him. He resumed his place in the batter's box and fouled the next ball. He then drew his fourth ball and walked. Rarden up. Strike 1, strike 2, ball 1. Neale was caught stealing, Schalk to E. Collins.

No runs, no hits, no errors.

Second half—E. Collins up. Ball 1, strike 1, E. Collins line fly to Duncan. It was a hard drive, but almost directly into the hands of the Red left fielder. Weaver up. Ball 1, Weaver hoisted a high fly that Rath made a circus catch of going back over his head. Jackson up. Ball 1, the outfield moved back for Jackson, he put one into the right field bleachers for a home run. It was the longest hit made during the series at this point. Neale who was playing deep backed up to the fence and waited for the ball to go over his head. Felsch up. Kopf took Felsch's grounder and tossed to Daubert for the third out.

One run, one hit, no errors.

The crowd gave Jackson a big hand.

Fourth Inning.

First half—Rarden up. Rarden hit into Gandil's hands for the first out. Eller up. Eller was hit by the first pitched ball and walked to first. Rath up. Foul strike 1, Rath attempted to sacrifice but the ball rolled foul, ball 1, foul strike 2, ball 1. Rath singled to second base. Risberg managing to stop it but could not recover it in time for a put out. Eller taking second. Daubert up. Ball 1, foul strike 1, ball 2, Daubert singled to center and Eller was caught at the plate when Liedbold made a wonderful throw to Schalk. Rath reaching first and Daubert took second on the throw to the plate. Groh up. Groh popped out to E. Collins.

No runs, two hits, no errors.

Second half—Gandil up. He hoisted to Neale who caught the ball in right-center white on a full run. Risberg up. Strike 1, ball 1, strike 2. Risberg struck out the last strike being Rarden out at first. One run, two hits, no errors.

Second half—James up. Strike 1, strike 2, foul, foul, James fanned one that hit his foot and bounced on fair ground. The umpire called it foul. Foul, James struck out. Liedbold up. Kopf made a great stop of Liedbold's grounder and got the ball over to first ahead of the runner. E. Collins up. Ball 1, Kopf also took E. Collins' grounder and threw him out at first.

No runs, no hits, no errors.

Sixth Inning.

First half—Eller up. Ball 1, strike 1, singled through the box. Rath up. Every Cincinnati pitcher has now made at least one hit. Ball 1, ball 2, ball 3. Strike 1, strike 2. James got Rath in the three and two hole and then walked him by pitching one wide. This finished James and he was ordered from the box by Manager Gleason. Wilkinson relieved him. Daubert up. Ball 1, Wilkinson's first offering was extremely high but Schalk held on to it. Foul strike 1, Daubert attempted to sacrifice but fouled. Daubert bunted in front of the plate and Schalk threw wild to catch Eller as tried. Eller reaching there safely. Rath taking second and Daubert first. Groh up. Strike 1, foul strike 2. Groh fanned, striking at the final one. Roush up

up. Risberg threw out Eller at first making a pretty throw from deep short. One run, one hit, no errors.

Second half—Liedbold up. Ball 1, strike 1, strike 2, ball 2, foul ball 3. Liedbold arched a fly to Neale in deep right. E. Collins up. E. Collins singled through the pitcher's box, Roush retrieving it. Weaver up. Foul strike 1, Weaver doubled to the right field box seats putting Collins on third. Jackson up. The outfield again moved back for Jackson. Ball 1, Collins and Weaver scored. Jackson doubled to right scoring Collins and Weaver. It was a hard line drive. Felsch up. Felsch popped an easy one to Daubert and Jackson held second. Gandil up. Gandil tripped to right field. Jackson scoring. Neale took the ball in the sun and it landed fully 30 feet away from him. He did not locate it until it hit the ground. Risberg up. Strike 1, ball 1, strike 2. Roush fumbled Risberg's fly, Gandil sliding across the base. Roush lost sight of the ball when it got into the sun, but finally got it and then made a fumble. Schalk up. Rath tossed out Schalk at first. Four runs, four hits, one error.

Seventh Inning.

First half—Rarden up. Rarden took Felsch's grounder and hit at the first ball pitched. Eller up. Strike 1, strike 2, foul, foul. Eller struck out, striking at but missing the third one. Rath up. Ball 1, ball 2, strike 1, ball 3, strike 2, ball four. Rath walked. Daubert up. Ball 1, strike 1, foul strike 2, ball 2. Rath struck second. Gandil up. Kopf hoisted a high foul that Rarden got under and caught. Wilkinson up. Strike 1, ball 1, ball 2, strike 2. Wilkinson struck out. No runs, no hits, no errors.

Second half—Risberg up. Ball 1, strike 1, strike 2, foul. Risberg hoisted one to Rath in short right center. Schalk up. Ball 1, Schalk lifted a high foul that Rarden got under and caught. Wilkinson up. Strike 1, ball 1, ball 2, strike 2. Wilkinson struck out. No runs, no hits, no errors.

Eighth Inning.

First half—Roush up. Strike 1, Roush hit by the ball and walked. Wilkinson claimed he was not hit, but the claim was disallowed. Duncan up. Duncan sacrificed. Wilkinson to Kopf. Kopf hoisted a foul to Weaver. Neale up. Ball 1, strike 1, ball 2, ball 3, strike 2, foul, foul. Neale walked, after getting Wilkinson in the three to two hole. He delivered another bad one and walked. Rarden up. Ball 1, he singled to left and Roush scored. Neale teaching third and Rarden second on Jackson's throw to the plate. Eller

ing the ball. Murphy held at first. E. Collins up. Strike 1, ball 1, foul strike 2, foul. E. Collins singled to center, Murphy going to second. Weaver up. The umpire again examined the ball and tossed it back to Eller. Neale grabbed Weaver's leg but Murphy made third after the catch. E. Collins held at first. Jackson up. Strike 1, E. Collins stole second. Strike 2, ball 1, foul. Rath threw out Jackson at first. No runs one hit, no errors.

Large Lumber Cargo.
Barge Number Three cleared yester-
day for Boston with a cargo of 200,
000 lbs and 616,821 feet of lumber,
loaded by the Pigeonfoot Paper Com-
pany.
S. S. Adriano Arrives.
The Furness liner Adriano arrived in
port yesterday afternoon from Lon-
don by way of Sydney and Halifax.
She is in ballast and will load general
cargo here and at Halifax for London.
Garry Fish to Maine.
Two small coastal schooners, the
Pioneer and the Patriot, cleared yester-
day for Eastport with cargoes of
fresh herring.
Immigrants Expected.
An influx of immigrants from South-
ern Europe is expected within the
next few months. The number now
seeking passage is at present limited
only by the capacity of the steamers.
The steamer Caspio is now on the
way with several hundred immigrants
from Naples, and she will add to the
number at the Azores. The steamer
is expected to arrive at Boston Oct.
14. The return for the steamer Greco
to this service after an absence of sev-
eral years will give to aliens addi-
tional means of reaching this country.
Sugar Shortage Helped.
Boston's sugar shortage was allayed
somewhat by the arrival there yester-
day afternoon of the American
steamer Choctaw, from Juaro, Cuba,
with 4,750,000 pounds of raw sugar for
the American Refining Company. The
vessel went direct to the refinery at
South Boston, and the work of break-
ing out the cargo and rousing it
through the process of refining began
immediately.
The steamer Lake Beacon, from
Nuevitas, Cuba, with 6,500,000 pounds
of sugar, which was expected at Bos-
ton yesterday, was intercepted by
wireless and diverted to New York.
Sails for Belgium.
The United States Shipping Board
steamship Onawatomie, which has
been assigned to the Red Star Line for
its Boston-Antwerp service, is loading
400 tons of barley, soap, machinery,
candy, pulpwood, canned milk and
other cargo, and will leave Boston
Saturday for New York to take 150
head of cattle to restock Belgian
farms.

**NO DUMPING OF
GERMAN GOODS**
British Official at Berlin May
Control All Exports.
Cologne Sept.—Mr. Charles Knott,
president of the British Chamber of
Commerce in Germany, has had a
series of interviews with the Finance
Minister, Herr Erzberger, and with
Herr Schmidt, Minister of Economics
and Food Controller, with the object
of proceeding further with the sug-
gestion of the scheme for a clearing
house to be established in Berlin, so
that absolute and effective control of
all exports from Germany to the British
Empire and of imports from Brit-
ain to Germany may be secured.
I interviewed Mr. Knott this morn-
ing on his return, and he states that
the German Government have consent-
ed in principle to the department of
the Ministry of Economics and Food
to be under a British official, who
will have entire control of the licence
department. Any goods leaving Ger-
many or coming into Germany from
Britain without a licence from this
department will be confiscated.
This, he maintained, was a very
reasonable concession, and must of
necessity dispel any fears as regards
the dumping of German goods on the
British market. Mr. Knott is laying
the proposals and details of the
scheme before the Board of Trade,
and he is extremely confident that
the Board will take it up—London Ex-
press.

SEALED TENDERS addressed to
the undersigned, and endorsed "Ten-
der for grain conveyer equipment, St.
John Harbour, N. B." will be received
at this office until 12 o'clock noon,
Thursday, October 23, 1919, for the
construction of grain conveyer equip-
ment, at Berth 15, St. John Harbour,
N. B.
Plans and forms of contract can be
seen and specification and forms of
tender obtained at this Department, at
the offices of the Engineer-in-Charge,
St. John, N. B., District Engineers,
Shaughnessy Building, Montreal, Que.,
and Equity Building, Toronto, Ont.
Tenders will not be considered un-
less made on printed forms supplied
by the Department and in accordance
with conditions contained therein.
Each tender must be accompanied
by an accepted cheque on a chartered
bank payable to the order of the Min-
ister of Public Works, equal to 10 p.c.
of the amount of the tender. War Loan
Bonds of the Dominion will also be
accepted as security, or War Bonds
and cheques if required to make up
an odd amount.
Note.—Blue prints can be obtained
at this Department by depositing an
accepted bank cheque for the sum of
\$20, payable to the order of the Min-
ister of Public Works, which will be
returned if the intending bidder sub-
mits a regular bid.
By order,
R. C. DEBRASCHERS,
Secretary,
Department of Public Works,
Ottawa, October 6, 1919.

**TO THE ELECTORS OF THE FEDERAL Con-
stituency of Carleton-Victoria:**
Having been nominated by a Con-
vention of the UNITED FARMERS OF
NEW BRUNSWICK, which was held in
Woodstock on September 2nd, to
contest the coming bye-election in the
above constituency to fill the vacancy
caused by the resignation of the De-
partment Minister of Public Works, and
as the Election is to be held on Oc-
tober 27th and the time being so short,
it will be impossible for me to per-
sonally call on all the Electors in the two
Counties, I, therefore, take this oppor-
tunity to state to you what the aims of
the UNITED FARMERS are.
They are, in brief, as follows:
THE UNITED FARMERS are
strictly independent of both the old
Political Parties, and their representa-
tives will be perfectly free to support
any measure that is for the best in-
terests of the Farmers of Canada, and
just as free to oppose any measure
that they feel is not in the interests
of the Farmers.
And Canada, being an Agricultural
Country, we believe that any legisla-
tion that is beneficial to Agriculture
is indirectly beneficial to every citi-
zen of Canada.
THE UNITED FARMERS also stand
for PURITY in elections, as they be-
lieve that the lack of this is the start-
ing point of all the Political Graft
and Corruption which is so much in
evidence in Canada today.
We would therefore appeal to every
loyal citizen of Canada to support the
FARMERS' PARTY, and to the Mem-
bers of Carleton-Victoria, to support us
as the UNITED FARMERS' Candidate
in the coming Bye-Election.
Yours sincerely,
T. W. CALDWELL.

THE WEATHER

Maritime—South and southwest winds becoming unsettled with showers.

Washington, Oct. 9.—Northern New England: Showers and warmer Friday; Saturday cloudy, cooler; Saturday afternoon. Fresh and strong south wind.

Toronto, Oct. 9.—A moderate disturbance is centered tonight over Lake Superior causing showers in Ontario and strong winds on the Great Lakes. The weather has been fair and cool in Ontario and Quebec, and cold in the Western Provinces with snow furries in Manitoba.

AROUND THE CITY

BACK TO MONCTON.
George Allard who was arrested on Tuesday by Officer McNamara, was taken to Moncton, where he was wanted for embezzlement of \$50 from the Star Laundry.

THE STEAMER DREAM.
The steamer Dream, which has recently been rebuilt by Fred Heans, has been purchased by Capt. C. C. Taylor, who will have the steamer on the river service next summer.

BANK CLEARINGS.
The St. John bank clearings for this week were \$3,455,954 in the same week last year they were \$2,441,470, and in 1917 were \$2,178,897.
Halifax, Oct. 9.—Bank clearings for the week ending today were \$5,583,144; last year, \$4,983,194.

STOLEN CAR FOUND.
The automobile, belonging to J. L. McAvity, which was stolen from in front of the Union Club several days ago, was found yesterday near the Wilson box factory in the South Bay road. The car was badly damaged and the number plate was missing.

ROBBERIES.
The Rockwood Dairy, Carleton, was burglarized on Wednesday evening. A pane of glass was removed and money, cigarettes and other things stolen.
Six tubs of butter, weighing in the vicinity of two hundred pounds, and valued at over \$100, were stolen from the storehouse of Capt. Peter McIntyre, Main street, on Wednesday night.

TYPHOID SITUATION IMPROVING.
With no typhoid cases reported for the past two days and only two for the entire week, so far, the situation is looking rather bright. At the General Public Hospital there are now only about a dozen cases remaining out of the twenty-four that were in the hospital but a week ago. The patients are being discharged each day and at the hospital the officials look upon the situation as "well on the mend."

PRaise FOR POLICE FORCE.
The following communication has been received by Chief of Police Smith from Godfrey Thomas, private secretary to H. H. the Prince of Wales, written at Victoria, B. C., on September 27th:
"I am desirous of the Prince of Wales to express his appreciation of the excellent police arrangements which were made on the occasion of his visit to St. John, N. B.
Your obedient servant,
(Sgd.) GODFREY THOMAS,
Private Secretary."

POLICE COURT.
A quick and clean job was effected by Inspectors Saunders, Merryfield and McAlain yesterday morning when they visited the premises of John Campbell, 23 Peters street, and ferreted out seven bottles of liquor which were hidden away on a board in the garage. Campbell was taken to the police station with the officers. He pleaded not guilty. Each of the inspectors gave evidence and Campbell was then remanded to jail. Campbell has already been convicted twice under the Prohibition Act.
Roy Morrison, a former member of the crew of the S. S. Governor Dingy, was yesterday morning sent up for trial on the charge of broaching cargo and stealing a quantity of cigars and candy on the trip from Boston to St. John. J. W. Tait for the prisoner. One drunk was remanded to jail.

GYPSY CARAVAN: HERE LAST NIGHT
In Each Vehicle Was a Woman Fully Bedecked in True Roma Fashion—Chance for Horse Trade or Fortune Telling.

A caravan and two express wagons drawn by teams of faded horses and densely packed with gipsies, passed through the business section of the city last night, headed towards Brussels street. In each vehicle was a woman, fully bedecked in true Roma fashion and packed in all the available space were the growing generation.
Completing the true "movie" effect of the parade was the gipsies' stock in trade—a few bottles and kitchen utensils slung to the wagons, and a broken-down gray horse which could eventually be wished upon some unsuspecting bargainer.
Mr. and Mrs. C. H. Townsend returned yesterday from a motor trip to American cities.

Y. M. C. A. Directors Met Last Evening

Reports from Various Committees Showed Season's Work Well Under Way—Successful Winter Indicated.

The directors of the Y. M. C. A. met last evening with G. L. Warwick in the chair. Reports of the various committees were received. These showed the work for the season well underway and every indication pointed to a successful winter.

The report on reconstruction was read and passed. This provided for closer relationship with the churches and especially with those organizations interested in boys' work. The financial budget was read and accepted.

The general secretary in his report showed that all classes in the physical department had been started and that additional members had joined. One hundred had been medically examined to determine their fitness to take up the physical training. Local doctors had volunteered for this work and they had expressed a willingness to examine any of the seniors, who might wish it before starting the classes.

The bowling alleys had been repaired and opened.

F. I. Woodworth, the boys' work secretary was on the job, and his department was progressing favorably. Arrangements had been made for a meeting of all those interested in Boys' Work to meet next Tuesday in the association rooms.

Basil Robertson has undertaken to look after the boys' department in the building.

Renovations to the building have been made and new apparatus has been installed in many instances.

Many of the old members have taken a deep interest in the work recently and they have been frequently seen about the building.

The new physical instructor is T. C. Armour.

BUILT TO REPLACE THE GRANVILLE
New Steamer Ready for Launching at Meteghan River for St. John-Annapolis Service.

The new steamer which is being built to replace the Granville on the St. John and Annapolis Royal service is rapidly nearing completion in the yard of the Howse Construction Company at Meteghan River, N. S.

It is expected that she will be ready for launching in about two weeks. Her engines are being installed while she is on the ways. The work on the deck house is well advanced. The steamer is 100 feet long on the keel, 21.6 wide, and has a depth of hold of 9 feet.

IN HONOR OF
A tablet is to be unveiled in St. John the Baptist (Mission) Church on Sunday next to the memory of members of that congregation who gave their lives in the war. The tablet is a brass one with a Cross in the center of the top. At either of the upper corners are brass religious emblems in relief and at the lower corners are a Union Jack and a maple leaf.
The inscription is as follows:
"To the Glory of God and in Honor of Memory of
Ed. Master Charles H. Williams,
(W. O.)
Cpl. William Ramsay,
Pte. Robert A. Gabriel,
Pte. J. Rupert Leggett,
Pte. Douglas T. Mowbray,
Sergt. Alex. W. Whitehead,
Pte. W. Foster Brown,
Pte. Frank L. Ganter,
Pte. Howard Logan,
Pte. Frederick Wolfe,
Canadian Expeditionary Force.
Members of this Church, who laid down their lives in the Great War, 1914-1918.
Grant them, O Lord, Eternal Rest and May Light Perpetual Shine Upon Them."

FIRE PREVENTION DAY WAS OBSERVED
Talks on the Matter Were Given by Teachers in Public Schools—Chief of Fire Dept. and Men Inspect Buildings.

Talks on the matter of fire prevention were given yesterday in the public schools by the teachers. Dr. Bridges, superintendent, said yesterday that there was no special observance of the day beyond this, as it was regarded as too cool to rush the pupils out in bare heads and without their coats, since they had been practicing fire drill up to very recently. This matter was always taken up at the commencement of the term so as to familiarize the scholars with the part they should have to play in case of fire.

Fire prevention day was recognized by the public safety department of the city by an inspection of premises in the search of fire hazards. The inspection was carried out by permanent members of the fire department under the supervision of Chief Black. This has been a regular feature of the department's work for several years and has resulted in the elimination of many sources of danger. The firemen report on and advise the removal of inflammable waste material, wooden receptacles for ash, and other conditions which increase the fire risk and also see to it that fire escapes are readily accessible in buildings where they are provided and that access to them is not blocked.

New Organization Will Try Fortunes In Lower Provinces

Fair Vale Outing Club Was Formed at Large Meeting of Men Who Broke Away from the Old Association.

Seventy or eighty men who were former members of the Fair Vale Outing Association, who had withdrawn from that organization on the point of purchasing a pavilion assembled in a King street last night, and formed a new organization.

W. White was chosen chairman and L. Low, secretary-treasurer.

The chairman on opening the meeting stated that all present were quite aware of the reason that the meeting was called and declared the meeting open for discussion.

Mr. Spear said that the object of the meeting was for the purpose of organizing and he wished to state that as far as a pavilion was concerned the same proposition would be held good as was given to the old association. Major Frost said that he did not see any reason that with the material present there could not be as good an organization formed as the old one and made a motion that a new association be formed.

Mr. Goodrich said that he was well satisfied that a start had been made in forming a new organization and he was sure that success would follow, and he was prepared to work for its success harder than ever.

The next order was the adopting of a name for the new association and a number of suggestions were given, but finally it was decided to call the new organization the Fair Vale Outing Club.

It was also decided to form a committee for the purpose of drafting a constitution and by-laws and the following committee were drafted: Major Frost, Messrs. Goodrich, Wetmore and Spear.

The matter of the Gard property was brought up for discussion and on motion it was resolved to purchase the same.

The following trustees were chosen: Messrs. White, Spear, Frost and Dykeman.

On motion the meeting adjourned to meet in two weeks when the by-law committee will report.

AN ANNIVERSARY EVENING ENJOYED
Women's Missionary Society Session Held in Carleton Methodist Church Wednesday Evening—Satisfactory Reports Received.

The anniversary of the Women's Missionary Society was held in the Carleton Methodist church, Wednesday evening, with Mrs. I. O. Beattie, the president, in the chair, and the other officers present. Very satisfactory reports of the year's work were received from the various departments.

Mrs. J. Gough, who was delegate to the board meeting at Toronto, gave an address which was full of missionary interest. Mrs. George Barrett, who was delegate to the branch meeting at Moncton, gave a report which was much appreciated. Rev. J. Henne, the pastor, delivered a brief address touching on missionary problems with much force and attention. It consisted of a report which was very interesting. The members of the Missionary Circle presented an exercise illustrating the work of the missionaries in various lands.

GOVERNMENT FARM EXHIBITS SHOWN
Considerable Interest in Fine Samples of Grains Shown in Prince William Street Windows—No Samples of Provincial Roads Shown.

The Provincial Government's farm in the show window of their offices on Prince William street is attracting considerable attention. It consists of several fine samples of grains which have taken prizes at the Fredericton exhibition. Most of the grains are from the northern section of the province, and some St. John specimens have been agreeably surprised at the excellence of the samples of wheat, oats, barley, and hay which is grown in the province.

The exhibit was grown on the farm of Hon. Mr. Tweeddale, and indicates that the minister of agriculture is a good farmer as well as a politician. An old country man who located in the Tobique Valley many years ago has in the exhibition about 39 varieties of grains and grasses, and it must be admitted that the grasses are far superior to those grown on Commissioner Fisher's streets. To complete the collection the only things needed are samples of the political wild oats sown by the youthful premier, and the flowers of rhetoric produced by Mr. Veniot's roads.

HARVEST MEN RETURNING HOME
Many Who Went West Not Particularly Satisfied With Results of Their Excursion.

Men who went west for the harvest are now returning home. Many of them are not particularly satisfied with the results of their excursion. Wages were high, but owing to the damage to crops in some areas, and bad weather some men had not a few bad days.

With the approach of winter men are flocking to the cities of the east, and when the cold weather suspends odd jobs the labor market will be somewhat crowded. Montreal is reported to have twelve thousand men out of work, with more coming in every day.

Provincial Immigration Officer Sharp Believes Considerable Number Will Come Here from the Old Country to Locate.

Mr. Sharpe, provincial immigration officer, believes that in future a very considerable number of people from the old country will try their fortunes in the maritime provinces. The soldiers, he said, have given Canada a great deal of advertising; a new kind of advertising, too, which will redound to the advantage of the east. Many of the soldiers, especially with the first contingent, were British born, and had large numbers of friends and relatives who naturally were curious about conditions in Canada. And it appears that the story they told generally was that life on the grasses was a pretty dreary proposition, and their advice was that if anybody wished to locate in Canada they should stop in the east or go right out to the Pacific coast.

Mr. Sharpe is at present receiving a large number of letters from people in the Old Country asking for information about New Brunswick. Most of these enquiries are from people who say they plan on coming to Canada next year.

Apparently a lot of people who thought England was going to be a better place to live in after the war are not satisfied that Lloyd George will be able to create a new heaven and a new earth. An Englishman and his family who located at Norton some years ago sold their farm last March, and went to England, intending to remain there. The other day Mr. Sharpe heard from him. The Englishman had found conditions in the old country very unsatisfactory, and had returned to Canada and acquired another farm in the maritime provinces. He expressed regret that he had sold his place at Norton.

Service From St. John To Harve
Canadian Pacific Will Operate the Service to France This Winter—Another Service to Southampton and Antwerp.

The Canadian Pacific will operate a service from St. John to Southampton and Antwerp this winter. It is understood that the Granman and Corsican will carry on the service from St. John during the winter. The boats will proceed from Harve to London, and return direct to Canada.

The C. P. O. S. will also carry on a service from St. John to Southampton and Antwerp with the Scottish and Tunisian. The same company will operate the Scottish and Pretorian between St. John and Glasgow this winter. The reason why it is running two services to the continent is said to be to enable passengers bound to Europe to avoid the passport difficulties incident to transfers from English ports.

CHILDREN'S AID SOCIETY MEETING
Last Evening Pressing Need for Provincial Home for Feeble-Minded Was Discussed—Committee Appointed to Secure Information.

The monthly meeting of the Children's Aid Society was held last night in the Children's Home, 68 Garden street. Mrs. David McNeilan in the chair. Among other matters the pressing need of a provincial home for feeble minded was discussed and a committee will be appointed to secure information and present a memorial to the government on the matter.

The monthly report of the Agent, Rev. George Scott contained the following statistics of work done:
Visits made, 50; letters and post cards sent, 66; people called at house, 14; telephone calls, 21.

One little girl six years' old was taken to the Provincial Hospital for nervous diseases by Miss Ross, the police matron. Two children were taken out of our home by their father, he having found a home for them. Another Kings county case was brought to the attention of the agent during the month in which, unfortunately, nothing could be done. A home for the little baby girl who was found in the vestibule of No. 1 Coburg street was advertised for, but unfortunately it never recovered from the effects of the drug which had been given and it died today.

WEDDINGS
Hampton, Oct. 8.—The marriage of Ethel Fraser Wedderburn, daughter of the late Judge Wedderburn, to Mr. Louis Walter Lehrle occurred at the home of the bride.

Owing to the recent death of the bride's father, the event was quietly solemnized in the presence of members of the families interested. Mr. and Mrs. Lehrle are most popular in this town, and the united best wishes of their many friends go with them in their wedded life. They will be at home after May 1st, 1920.

"Pyrene" Fire Extinguishers

SHOULD BE IN EVERY HOME, EVERY STORE, WAREHOUSE, GARAGE, EVERY STEAMSHIP EVERY SCHOONER

A few shots of "Pyrene" will put out the most stubborn fire so quickly that it will surprise you.

ON YOUR CAR WILL REDUCE YOUR CAR INSURANCE 15%

Pyrene liquid is a chemical of purely organic materials, having an aromatic odor and a high specific gravity. As it touches the fire Pyrene liquid is converted into a dense white gas blanket, which surrounds the fire and smothers it instantly.

Pyrene is non-damaging and non-corrosive.

Pyrene does not freeze at 50 degrees F. below zero, and is good until used, because it does not deteriorate, neither does it evaporate, being enclosed in a sealed cylinder.

The Pyrene Extinguisher is easily operated and may be refilled as easily as a kerosene lamp.
