BORDEN TALKS OF CADET SCHEME

Arrangements Made to Give Nova Scotia Boys Military Training

FREE INSTRUCTION

Militia Department Will Provide Teachers for Permanent Corps—Minister Pats Col. Hughes on the Back and Defends Increased Cost of the Force.

(Special to The Telegraph.)

Ottawa, Sept. 3.—A very pleasant function was the luncheon given today at the D. R. A. by the president, Colonel Sam Hughes. On the right of the speaker Sir Frederick Borden, minister of militia, sat and on the left Lord Aylmer. After the usual loyal toasts Colonel Hughes proposed the health of the minister, speaking in complimentary terms of his interest in the militia force and his zeal and energy in endeavoring to advance the welfare of the men, both acting and permanent.

Sir Frederick Borden, replying, said there was one thing above all others that he admired about the president of the association and that was that Colonel Hughes always fought fairly and would be one of the last men to resort to some of the tactics and means which had been attempted to make him (the minister) unpopular, but which had ever been held up by any of the government officials for a "rake-off" or discount to go into their official pockets.

Costs Increased Outlay.

At Frederick conveyed the kindly greetings of Sir Wilfrid Laurier to the gathering and then went on to defend the increased expenditure of the militia force. He did not believe that the people of Canada begrudged the annual payment of eighty or ninety cents per head for the militia force, but he believed in the permanency of their institutions of which they were so proud.

He expressed his fullest sympathy with the cadet movement and announced that an order-in-council had been passed approving of an agreement entered into by the department of militia and the government of Nova Scotia with reference to the schools of that province.

This agreement provides that the department of militia will furnish all the instructors free of cost from the permanent force for service in the schools of Nova Scotia, as instructors in drill, training and rifle shooting. In turn the educational authorities of Nova Scotia are required to adopt a compulsory regulation that a teacher before securing his license to teach in the schools of the province shall be compelled to pass an examination in physical training and drill before he receives his teacher's certificate. The Nova Scotia government has agreed to this and Sir Frederick regarded it as a great step in advance.

MANUFACTURERS DENY CANADIAN CHARGE

Declare There is No Truth in Allegation That Their Shoddy Cloth is Infected With Disease.

(Special to The Telegraph.)

Montreal, Sept. 3.—A special cable from London says:—The Yorkshire heavy woolen manufacturers, especially those of Batley, strongly repudiate the allegations attributed to the Canadian Manufacturers' Association that the British shoddy cloth imported to Canada is mostly garbage from the diseased of Europe. The Batley Chamber of Commerce has resolved to ask the Canadian government to look into the matter and to see whether it is responsible for the accusations so ill-founded.

A general meeting of the Dominion permanent force would largely be a teaching corps and instructors so sent out would, of course, give better pay for their services.

NO GRAFT, SAY MONTREAL MEN

Witnesses in Marine Inquiry Declare Dealings With Department Were Straight

PROFITS WERE SMALL

Several Testify That They Sold Goods to the Government For Less Than Ordinary Customers and "Rake Off" for Officials Was Not Thought of.

(Special to The Telegraph.)

Montreal, Sept. 3.—From the evidence produced before Judge Caselle today, at the investigation into the business relations of the department of marine and fisheries, it would appear that the government is in an unusually fortunate position with regard to the buying of goods, being able to buy them not only cheaper than anybody else, but on occasions to get them so cheaply as to cause an absolute loss to the dealers who sell them. This statement was made by several witnesses this afternoon.

After taking general evidence to refute the charges made in the famous report of the civil service commission, G. H. Watson, representing the government, proceeded to take up a number of concrete cases and called several Montreal business men to testify as to their business relations with the department of marine and fisheries, the profits they made, and as to whether or not they had ever been held up by any of the government officials for a "rake-off" or discount to go into their official pockets.

NEW BRUNSWICK MEN DO WELL IN D. R. A. SHOOT

(Special to The Telegraph.)

Ottawa, Sept. 3.—A fall-tail wind varying from easter to 12 degrees, a sparkling light and slight mirage were the trying conditions of the fourth day of the D. R. A. The incident of the day was the shoot-off of the tie for the D. R. A. silver medal in the first stage of the government's match between Lieut. C. D. Spittal and Lieut. A. Martin, of Calgary. They tied on five shots at 600 yards with 20 points. In shooting off again Spittal won with two bulls to a bull and magpie.

The New Brunswick P. E. I. men who finished in the first hundred and fifty and are therefore qualified for the second stage are: Maj. Jones, 82nd P. E. I., 95; Maj. Wetmore, 74th Sussex, 93; Capt. Forbes, 73rd Chatham, 93; Corp. Daigle, 74th Sussex, 93.

Thirty-six men shot off for thirty-four places. The eastern men who won places included: Lieut. S. W. Smith, 67th Woodstock, 90; Capt. J. T. Frost, 62nd St. John, 90; Tyron in the gubernatorial first stage, Corp. McInnes, P. E. I., 90; Lieut. Murray, 78th, 86.

The grand aggregate consisting of the highest scores in the Bankers, Walkers, Dominion and the first stage of the gubernatorial match was won by Capt. McVittie, 48th Toronto, who won a medal and \$20 with a score of 327.

Eastern winners included: Each \$4—Maj. Jones, 82nd P. E. I., 309; Sgt. Stock, 78th Truro, 308; Capt. Forbes, 73rd Chatham, 304; Maj. Wetmore, 74th Sussex, 303.

NEW YORK RAILWAY DEPOSIT TO COST ABOUT \$20,000,000

New York, Sept. 3.—Architects for the new Grand Central station have completed their plans and estimates for that structure. The total cost of the building will reach \$20,000,000. The new station will set back forty feet from Forty-second street and seventy feet from Vanderbilt avenue. The work of taking down the train house of the present station is nearly finished.

N. S. QUARRYMAN CUT TO PIECES BY TRAIN

Windsor, N. S., Sept. 3 (Special).—An accident occurred this morning in one of J. B. King & Company's quarries, about two miles from Windsor, which resulted in the death of Alexander Ross. He was on a flat car when the sudden stoppage caused him to fall off. The cars passed over his right leg and right arm, crushing them and he died in an hour. He had been a quarryman for twenty years.

HORRIBLE MURDER UNEARTHED IN BOSTON LODGING HOUSE

Body of Woman, Cut in Pieces, Found in Trunk—Chester Jordan, Husband of the Victim, Arrested—Confessed to Killing His Actress Wife During Quarrel at Somerville Home, and Thought to Conceal Crime by Throwing Body Overboard at Sea, But the Plan Miscarried.

Boston, Mass., Sept. 3.—The most horrible and brutal crime committed in Greater Boston since the Susan Geary murder of four years ago, and much remembered in its details, was disclosed tonight by the discovery of the dismembered body and mutilated pieces of flesh of Mrs. Honora Jordan, an actress, aged 33 years, of Somerville, in a trunk in a boarding house at 7 Hancock street, on Beacon Hill. Later the head and bones of the limbs were found in the furnace of the home of the woman in Somerville, while the scalp and hair and other parts of the body were found in the kitchen range of the same home.

Chester Jordan, a actor, aged 29 years, of 500a Medford street, Somerville, is held by the police, charged with the murder, and made a full and complete confession of the crime according to the police.

Chester R. Jordan is a brother of Mrs. Jesse L. Livermore, wife of the well-known stock and cotton speculator. His parents, Mr. and Mrs. Phineas Jordan, and a sister, Mrs. Kendall, prominent in the Boston social circles, live in that city.

Jordan is a large man, being six feet three inches tall, weighing 218 pounds. According to Jordan's confession he accidentally killed his wife Tuesday night in a quarrel at their home and became frightened at the consequences, went out and bought a butcher's knife and hack-saw, cut up the body and placed it in a trunk. He then planned to take the trunk to a Boston boarding house to carry the same trunk to Hancock street, for New York and throw the parts of the body overboard.

HACKMAN FARE CLUE

The discovery of the crime was due to the suspicions of the hackman, James Collins, who had in mind the numerous robberies which have taken place in and about Boston recently, and, believing the trunk he was carrying about, from its weight, contained silverware, notified the police early this afternoon.

Collins reported that he had first taken the trunk from the North Station early in the day it having come in from Somerville on a local train. It was first taken to the South Station where he left it. Later he was called upon by Jordan to carry the same trunk to Hancock street. Jordan tried to secure a room at No. 5 on the street, but was unable to find the landlord. He next tried No. 7 and secured a room from Mrs. Haley. The hackman stated he left Jordan and the trunk about 11 o'clock at No. 7. He then notified the police Station 3, which is on Joy street, one street away.

Sergeant Crowley, was detained to go to the Hancock street home and investigate the trunk about the house. Jordan was not around. He was shown the back room on the second floor, which Jordan had engaged when he returned and, being accused by the officer, at first denied his name. Later he admitted his identity. Asked about the trunk he confessed not to know anything about it. He was ordered to his room by the officer, however, and commanded to open the trunk. Jordan did not appear nervous or alarmed, but showed some delay in opening the trunk, and it was not until after considerable argument on the part of the officer that he produced the key to the trunk and inserted it in the lock.

Turning his head, Jordan threw up the cover of the trunk and then sank back on his knees, burying his face in his hands and sobbing.

A Glimpse Slight.

Sergeant Crowley staggered back aghast at the disclosure, for the open trunk disclosed a horrible mass of hacked flesh, a woman's torso filling the greater part of the trunk, while, chopped up pieces of flesh from other parts of the body were stuffed into the corners, the entire interior of the trunk being spattered with blood. There was no clothing of any sort over the body.

While professing that he was in a dazed condition when the crime was committed, by the clearness and consciousness of his tale it seemed apparent that whatever preceded the actual killing the most careful plans were laid for the disposal of the body and the covering up of the crime.

Jordan's Story.

Chester Jordan's story of the murder, which was given the officers, was substantially as follows:—He stated that he was married in September, 1904, to Mrs. Honora Eddy, whose maiden name was O'Reilly and whose home was in Somerville. He did not know who his wife's first husband was or what had become of him. The couple went to Boston and lived there for four years ago, but remained only three or four weeks, as the climate did not agree with them. Later they went to Chicago, and appeared in some of the smaller theatres there, remaining three months. About three years ago they returned to Somerville and took the lower apartment of a two-story house at 59-A Medford street.

Mrs. Jordan, according to her husband, had taken to drinking of late and, he claims, was associating with other men and became jealous. It was in a jealous quarrel Tuesday night last that the trouble started which ended in the death of his wife.

Jordan declares that his wife struck him first and that he then knocked his wife down and was terrified to find that he had killed her. This happened at 7:30 o'clock Tuesday morning.

Tenders Asked for Big Contract.

(Special to The Telegraph.)

Toronto, Sept. 3.—This afternoon the Hydro-Electric Commission decided to ask for tenders for the construction of transformer stations and interconnecting apparatus.

The specifications call for a voltage of 110,000, the highest in the world. This means another contract of approximately \$1,000,000 for the Ontario municipal power project.

The trunk containing the remains was taken in charge by Medical Examiner Magrath, of Suffolk county, who ordered it removed to North Grove street morgue. It will be surrendered, however, to Medical Examiner Durrell, of Essex county, who, with the police of Somerville, will have charge of the case, since the alleged confession of Jordan locates the crime as having been committed in Somerville, which is in Middlesex county.

Chester Jordan stated to the officers that he was born in Indianapolis (Ind.), and that his wife was born at sea.

He stated that he was married in September, 1904, to Mrs. Honora Eddy, whose maiden name was O'Reilly and whose home was in Somerville. He did not know who his wife's first husband was or what had become of him. The couple went to Boston and lived there for four years ago, but remained only three or four weeks, as the climate did not agree with them. Later they went to Chicago, and appeared in some of the smaller theatres there, remaining three months. About three years ago they returned to Somerville and took the lower apartment of a two-story house at 59-A Medford street.

LIBERALS HOLD PICNIC AT WAASIS

Col. H. H. McLean and E. H. McAlpine Were the Speakers

ANOTHER PICNIC FRIDAY

Senator Ellis to Speak for Queens-Sunbury Candidate—Rothsday Tennis Club to Play Fredericton September 12—Other News of the Capital.

(Special to The Telegraph.)

Fredericton, N. B., Sept. 3.—Notwithstanding the inclement weather the Liberal picnic at Waasis this afternoon attracted a crowd of nearly 300 people. Speechmaking began at 2:30 o'clock in a large tent erected in the field directly opposite the railway station. Coun. Albury Grass was chairman and the speakers were Col. McLean, Liberal candidate, and E. H. McAlpine.

Col. McLean, who was first introduced, was most cordially received. He spoke for an hour and was frequently applauded. He told of the great success which attended his meetings in Queens County last week and assured the audience that it was a great pleasure to meet the people of the united counties. A most cordial invitation was extended by the speakers to the residents of Sunbury-Queens attending the St. John Exhibition to call at his home on Horsfield street.

The colonel told of the part he had taken in securing needed public works for his county and promised, if sent to Ottawa, to work faithfully in the interests of his constituency. He dealt with some of the incidents of the campaign and made a strong appeal for support.

Mr. McAlpine followed in a vigorous campaign speech. He paid a tribute to the worth of Col. McLean, as a lawyer and business man, and assured the people they would make no mistake in sending him to parliament.

The Rothsday Tennis Club, when it plays here on the 12th inst., will be represented by a team of sixteen players.

The last evening Wendall Durbar, who is leaving for Boston, was presented by the Fredericton Band with a handsome pipe and tobacco pouch.

The 7th Regiment Band last evening serenaded Lawrence McD. White, a popular member of the organization, whose marriage was announced. Today Mr. White was presented with a Morris chair and couch by the band.

Rev. C. P. Wilson has arrived at Gibson from Great Village at Marysville, N. S., to take up his duties as pastor of the United Baptist churches. Today Mrs. Wilson and their two children reached Fredericton, and they are now moving into the parsonage. On Sunday next Rev. Mr. Wilson will preach his first sermons at Gibson.

The death took place at the Victoria Hospital this morning of Mrs. Medley Fletcher, of New Maryland, of heart trouble. The deceased, who was a daughter of Mr. Solomon Greer, was aged 23 years, and is survived by her husband and one child.

The death took place at the Victoria Hospital Wednesday of Miss Emma Gertrude Green, second youngest daughter of Jesse Green, after an operation for appendicitis.

The dividends will be paid in three payments, and will total not less than 40 cents on the dollar, and probably better, and all that remains now is figuring out the standing of each shareholder. The hugeness of this task will put the actual payment of the money off for nine months or a little over.

GANONG CHOSEN IN CHARLOTTE

Unanimous Nomination Made and Accepted at Convention

MANY ADDRESSES

George W. Fowler, George J. Clarke, Solicitor General Grimmer Among the Speakers—Candidate Tells His Friends That It Will Be a Hard Fight.

(Special to The Telegraph.)

St. Stephen, N. B., Sept. 3.—The Liberal Conservative convention met in the Curling Rink this afternoon at 3 o'clock. Lieut.-Colonel J. D. Chipman, president of the county association was chairman of the meeting and J. E. Ganong, county secretary, was secretary. The chairman appointed J. W. Richardson, St. Stephen; F. C. Murchie, Milltown; J. T. Wren, St. Andrews; and J. G. E. Daggett, Grand Manan, a credential committee.

J. D. Chipman, after briefly addressing the convention, introduced Surveyor General Grimmer, who declared he could hear that same still small voice of the electors that was heard previous to the election March 3, and which foretold the result of the provincial government.

George J. Clarke said: I can never resist a call of the Conservatives in Charlotte county. I congratulate you on the large attendance. He took occasion to thank the electors for the confidence reposed in him March 3.

The credential committee reported 127 delegates present out of a possible 133. The convention proceeded to the election of officers of the county association. J. D. Chipman was chosen president, and all the chairmen of the parish conventios vice-presidents; J. E. Ganong, secretary; R. W. Whitlock, treasurer.

Gilbert White Ganong was unanimously nominated as the candidate for Charlotte county in the House of Commons at Ottawa in the coming election.

Mr. Ganong was applauded when he rose to express his appreciation of the honor done him in nominating him for the fourth time. He has stood three times loyally supported and elected. He said: "My record in the past will be my guide in the future. I do not want you to vote on personality but on the principles of the party. I will not have a snap at the coming election, for no stone will be left unturned to carry the county." (Loudly cheered.)

George W. Fowler briefly addressed the convention. He said he had been associated in parliament with Mr. Ganong for eight years and had found him always working for the interests of his constituency. "Mr. Ganong and myself have been sitting at the feet of the man whose principles of the party. I will not have a snap at the coming election, for no stone will be left unturned to carry the county." (Loudly cheered.)

The following resolution was unanimously adopted this evening: Resolved, That the Liberal Conservative party of the county of Charlotte in convention assembled affirms its confidence in the principles and policy of the Conservative party of the Dominion, and also in Robert L. Borden, Esq., as the talented and gifted leader of that great party, and in Gilbert White Ganong, Esq., the representative of the county of Charlotte in the House of Commons. We also desire to place on record our determination in the future, as in the past, to work for the principles of the party whose hands we believe the interests and rights of this fair Canada of ours will be well protected and thoroughly guarded, and also to work for the triumphant return of Gilbert White Ganong as the standard bearer and representative of the great party at the coming election for members to serve in the House of Commons of Canada.

A public meeting in the rink tonight was attended by more than a dozen persons. The Milltown band was in attendance. Addresses were delivered by J. D. Chipman, G. J. Clarke, the candidate, G. W. Ganong, M. P., and George W. Fowler.

Mr. Ganong said: It is the duty of every elector to use his franchise right, if not, he should be disfranchised. He asked the electors to support clean government and not extravagance. The electors of Charlotte were responsible for placing Daniel Gillmor in the senate. He stated that he had been misrepresented on the Liberal platform by George Byron, of Campbellton, and had documents to prove that the statements made by that gentleman were a gross misrepresentation. Politics in this county were of a high class. The candidates had not in the past been personal in campaigns and, so far as he was concerned, would not be in the present campaign, and he felt sure Mr. Todd would not be personal either. He told that the present government had not done away with specific duties, Mr. Ganong quoted from the tariff lists. He regretted that Dr. Pugsley, the minister of public works, had not been given the rink to speak to the public here. He was confident that after election Robert L. Borden would be the premier at Ottawa.

KINGS COUNTY FARMER DISAPPEARS

Sussex, N. B., Sept. 3.—Edward Corton, of Keohan, is missing. He left for St. John last week and was to have returned home on Friday by the C.P.R., but neglected to do so. Corton is an Englishman and has been selling produce in the St. John market. He and his wife are well connected. The man's disappearance is a mystery.

FROM ALL OVER THE MARITIME PROVINCES

NORTON

Local Executive Fix Primaries for Tuesday Evening, Convention Two Days Later. Address by Hon. Mr. Pugsley.

GOVERNMENT TO PAY PART EXPRESS CHARGES

Encouraging Shipments of Fresh Fish from Maritime Provinces to Upper Canada by Paying One-Third of Transportation Cost.

THE GAMECOCK BY ALBERT DORRINGTON

(Copyright, 1908, by the New York Herald (Co. All Rights Reserved.) HE was thickset and cheerful, with a fresh-faced and kindly eye...

The man who joined us was evidently a sailor suffering from a long spell ashore, as his ragged clothes and lacerated boots testified...

We pushed on, hugging the railway, until the sun stared ahead of us down the long white road...

We had met his kind before on the outside tracks, where the mean man with the silver tongue preys upon your tobacco plug with the rapacity of a shark...

"Australia's a red hot hole to a chap that's used to king's highway and a pot of four 'arf every two miles," he began. "There's isn't enough water in the country to wash a little dog's face."

"Well, Sandy Thompson walked round to the yard where the regiments of cheap roosters were cawing, a dozen at a time, when there was money in the cockpit..."

"Australia's a red hot hole to a chap that's used to king's highway and a pot of four 'arf every two miles," he began. "There's isn't enough water in the country to wash a little dog's face."

"I heard a bugle call in the scrub at my elbow, then something red flew over my body and hit the king-crow with a pair of shinin' steel...

"I must have slept a bit, but I woke pretty sudden an' began walkin' about until I started on the run. It was all up there. I felt that my clothes were made of fire..."

"I could feel the crowd of birds wheelin' about me from overhead, watchin' over my eyes an' lookin' at my neck, his wings lifted, his bill waitin' to strike into my other eye..."

"At first I thought they were seagulls, until they started dropping sticks on my face. Then a white stone fell on me and I saw their black wings and beaks through the branches..."

MAKE THE SPOUT AS LARGE AS POSSIBLE Dominion's Chief Warehouse Commissioner Talks on Grain Handling Here

SHOULD PLAN FOR GROWTH Looks to Time Five Years Hence When West Will Produce Two Hundred Million Bushels of Wheat - Will Be Twelve to Fourteen Million Bushels Here This Winter.

If St. John wants to capture the grain trade of the west to the fullest possible extent the loading and unloading capacities of the elevators here must be doubled or tripled in the opinion of Charles C. Castle, of Winnipeg, chief warehouse commissioner for the Dominion.

tors between 7,000,000 and 8,000,000 bushels of grain. This year this port would be asked to handle anywhere from 12,000,000 to 14,000,000 bushels. This year's crop had all been saved and is estimated at 110,000,000 to 115,000,000 bushels of wheat; 130,000,000 to 135,000,000 bushels of oats; and 30,000,000 bushels of barley.

Mr. Castle estimates that five years from now the west will produce 200,000,000 bushels of wheat every year. It must help one to understand these figures better, Mr. Castle continued, when it is known that in 1900 only 14,000,000 bushels of wheat were inspected while this year there would be more than 100,000,000 bushels.

Mr. Castle expressed himself as being impressed with the fine natural harbor of St. John and the advantages of its situation as being nearer the far west than Halifax. There would be, however, trade enough to swamp all the ports on the Atlantic seaboard, and then, he added, "we will have to look for two or three more."

MAY MEAN ANOTHER NEW INDUSTRY Dr. Ellis, Geologist, Brings Favorable Report on Albert County Shale

BACK FROM SCOTLAND COL. McLEAN HAS MORE PICNICS PLANNED Dates for Several During This and Next Week in Sunbury and Queens.

Several more political picnics in Sunbury and Queens Counties have been arranged by Colonel H. H. McLean, Liberal candidate in Queens-Sunbury. He will speak at all and will also be other speakers as announced. The 7th Regiment Band of Fredericton will play at all the dates, and the speakers in addition to Colonel McLean as far as arranged, are:

HOPE TO HAVE ROAD COMPLETED BY WINTER Thos. Malcolm Talks of the International Railroad Progress - Still After Strike Leaders.

Thomas Malcolm, the contractor for the building of the International Railway, was in the city yesterday. He said last evening that the railroad would be about completed this fall. Work was now being rushed after the recent strike and if the season did not close too early, the rails would likely be laid before snow came.

The workmen engaged in preparing the ground in the rear of the old police station, Chipman's Hill, for an enlargement of M. R. A's premises, yesterday came upon an old well, seventy feet deep. The engagement of Miss Ethel Baird and T. D. Pollard Lewin was announced.

STORY OF CABINET SPLIT RIDDLED AT OTTAWA Labor Department Appoints Conciliation Board to Deal With Dismissal of C. P. R. Engineers.

Ottawa, Ont., Aug. 31.—The Toronto Sunday World's story of Sir Richard Cartwright's dismissal from the cabinet and his conference with Goldwin Smith with the object of forming a new wing of the Liberal party is the subject of general ridicule here. It is known for instance that so far from having received notice to attend the council Sir Richard was present at every meeting held last week. Other elements of the World's Sunday fable are equally at variance with fact or probability.

S. T. Bastedo of Toronto who has recently appointed superintendent of Canadian government annuities, has arrived here and will at once proceed with the organization of his office. For the present Mr. Bastedo will be confined to the office to conducting a campaign of publicity for the annuities act in order that its provisions may be made general. Numerous enquiries already received at the general interest in the scheme.

LEAPS INTO HARBOR; LAUNCH IS SUNK Wm. Spears Throws Life Belt Around Him and Jumps In COLLIDES WITH STEAMER Towing Behind the Pontiac in Gasoline Launch to Take Off Pilot Below the Island - Short Tow-line and Chippy Sea Causes Launch to Strike Steamer and Sink.

Pilot William Spears had a very narrow escape from being drowned Tuesday night when the launch in which he was steering the launch, while going to sea, in charge of Pilot Wm. Murray, upset the motor boat belonging to the steamer Young Spears, who was in the motor, seeing his danger, jumped into harbor with a life buoy.

In leaping overboard, Wm. was severely bruised between the launch and the steamer, and he was not in time to prevent a collision which, resulted disastrously for the little craft. The seams were opened and it began to fill. Facing the double danger of drowning or being killed by a blow from the blades of the propeller, he cut the line and while the launch was dropping astern, put on a life belt and jumped overboard. Almost immediately after the launch sank.

A Vote for Honest Progressive Government

TO BRING FLOATING ELEVATOR TO WORK IN ST. JOHN HARBOR

Important Meeting of Improvements Committee Marked by Promises of Government Assistance from Minister of Public Works—Harbor Commission, Courtenay Bay Development and Marsh Bridge Abolished Taken Up.

At a meeting of the harbor improvements committee Thursday morning at which Hon. William Tugsey, minister of public works, was present, it was decided that as a grain conveyor could not be built in time for the coming season's business, a committee should be appointed to arrange for securing a floating elevator and lighters for handling grain.

The corporation would be more anxious to take hold of the matter than it appeared to be at present. The Allans had not been fairly treated last year. Dr. Pugsley said he thought the city and the C. P. R. should work along together for the development of the port.

Mr. Downie pointed out that it cost the C. P. R. as much as the Allans in shifting the steamers to load grain, as they had to move a steamer out to let the Allans hoist in.

Advantage was taken of the minister's presence at the meeting to question him about Courtenay Bay borings and the proposition to place the harbor in commission. Dr. Pugsley said he had an engineer report on a plan of harbor development for Courtenay Bay as soon as the result of the borings was made known.

Hon. Mr. Pugsley reviewed the matter of grain conveyors to the new wharf and said he had received from D. McNeill, of erecting a conveyor to berth 5, 6 and 7 which would be completed until January 1, which would be too late to be of service for this year.

Dr. Pugsley said possibly they should consider that an additional elevator would have to be built at some time at the head of the new wharves.

Mr. Downie, of the C. P. R., in answer to the mayor said he did not think there would be any trouble in handling a floating elevator in this harbor. He thought the C. P. R. tugboat "Cruiser" might be engaged to tow the elevator here.

Mr. Estabrook suggested that steps should be taken to get in touch with the transportation companies to see what it was proposed to do at Courtenay Bay. The building of wharves and dredging there would be a work of considerable magnitude and they should get right to work.

Dr. Pugsley stated that he expected as soon as the engineer had submitted his report to have a competent engineer, probably Mr. Coste, come here and look over the place with the view of preparing a plan of harbor facilities there.

Mr. Estabrook suggested that steps should be taken to get in touch with the transportation companies to see what it was proposed to do at Courtenay Bay. The building of wharves and dredging there would be a work of considerable magnitude and they should get right to work.

Dr. Pugsley stated that he expected as soon as the engineer had submitted his report to have a competent engineer, probably Mr. Coste, come here and look over the place with the view of preparing a plan of harbor facilities there.

Dr. Pugsley then proceeded to discuss whether they should procure a floating elevator or not.

It was decided finally to send to Montreal.

Mr. Estabrook suggested that steps should be taken to get in touch with the transportation companies to see what it was proposed to do at Courtenay Bay.

Dr. Pugsley then proceeded to discuss whether they should procure a floating elevator or not.

STRIKING FEATURE OF THE EXHIBITION

Natural History Department to Comprise Exceptionally Fine Collection of The Free Kindergarten Work.

The natural history exhibit will be one of the most interesting and instructive features of the approaching exhibition. William McIntosh, curator of the Natural History Society, will have charge of the display, which is a guarantee that every detail will be given close attention, and that all will be attractively arranged.

Perhaps the main feature of the exhibit, as it will take up a large portion of the space, will be the school children's competition, with collections of plants, minerals and insects. A large number of entries have come in already and some very good collections will be shown.

A large collection of the insects of the province, comprising about 5,000 specimens and showing the destructive and beneficial kinds, will be seen. A case will be devoted to a fine collection of corals and shells, the most beautiful specimens to be obtained from all parts of the world.

The mineral collection will be a very valuable one, a fine gathering of gems in the rough, as well as cut stones having been secured. There will also be a collection of ores of various metals, such as iron, copper, zinc, gold, silver, antimony, manganese, aluminum, lead and nickel.

A representative collection of fossils, showing ancient animal life, and periods will complete the list of attractions at this booth. It will be seen that this will be a most entertaining portion of the big show.

One of the attractions of the exhibition, will be the exhibit of the Free Kindergarten of St. John. This will be in charge of Mrs. W. C. Matthews, who has a training class for kindergarten teachers.

Through the kindness of T. J. Phillips, the association are enabled to sell candy, soap and a few pictures, inexpensive copies of famous pictures by old masters. The proceeds of these sales will go towards their work.

NORWEGIAN STEAMER CAPTAIN DROPS DEAD AT NEWCASTLE

Newcastle, N. B., Sept. 3.—Captain C. H. Sann, of the steamship Alderney, belonging to Tomberg, Norway, died suddenly of heart failure this evening, aged forty-six years.

A big swarm of bees settled on a trolley wire near Rochester (N. Y.), and drove three automobiles and two loads of trolley excursions away, and kept most of the drivers in the neighborhood busy.

LOCAL NEWS

Miss Grace Bell, of Moncton, is the guest of Mrs. H. H. James, 102 Wright street.

Mr. and Mrs. William Young who are spending a few weeks in Milton and other places in Nova Scotia will return home early this month.

Leonard G. Kirk, president of Leonard G. Kirk Co., engineers and contractors, of New York, with his wife and daughter, have been visiting his father, Jas. Kirk, High street, and left for home last evening.

Mr. and Mrs. L. L. Pye, Mr. and Mrs. O'Connor and Mr. and Mrs. R. H. Phillips, of Norwood (Mass.), and Mr. and Mrs. John J. McNeely, of Chatham, have returned to their homes after attending the funeral of Mrs. Mullin, of North End.

The engagement is announced of Miss Gertrude Greene, daughter of the late James Greene of St. Stephen, now employed with the New England Telephone Co., Sanford, Maine, and Mr. Orrin Fremont Davis, of Boston, the marriage to take place the latter part of October—Court.

Miss Margaret McHugh, stenographer in the general superintendent's office of the C. P. R. here, left last evening for the west. Miss McHugh's family is located at Tacoma, where her brother, J. F. McHugh, is manager for the C. P. R. Murphy Co. she intends visiting her sister, Mrs. Fred McDermott, in Vancouver, enroute to Tacoma.

James Rockfield, a farmer, from the vicinity of Hampton, fell from a sloven in Pond street, Wednesday afternoon and had his head badly cut. He was carried into the I. C. R. depot by Policeman Matthew Cavanaugh and others and was taken care of by his friends who took him out on the Sussex express. He had been in the city only a few minutes and had jumped on the sloven in a spirit of fun, but was hurt severely and narrowly escaped going under the wheels.

Suffering from an illness, said by the doctors to have been brought on by excessive use of alcohol, Joseph Arsenault, of Ipswich (Mass.), was taken from the sick man in the station and the ambulance Wednesday morning. He was enroute to his former home in Summerside (P. E. I.), and was taken ill on the train. He has been here in St. John since he said his father had been eating canned meat. Dr. T. H. Lumley attended the sick man in the hospital and he has been removed to the hospital where he was reported to be progressing favorably last evening.

A Big Clothing Sale at J. N. Harvey's Store Exhibition Week. The exhibition in St. John this year will give the people living outside the city a chance to attend one of the greatest clothing, hat and furnishing sales that has yet been held in St. John. J. N. Harvey, the Union street clothier, who has been in the habit of holding a big sale at least once each year, says that after each sale there have been a number of people who live outside the city and who have seen some of the bargains got by their more fortunate neighbors, have complained that they have never been able to take advantage of one of these sales. On the sale this year has been timed to take place during exhibition week so that the people outside the city can take in the fair and the big clothing sale at the same time, and save enough on their fall outfit to pay all expenses and still be money in pocket.

No business house in St. John can show so much real expansion as the Harvey clothing establishment, which now occupies the entire lower floor of the Open House block, as sales of goods of all kinds, fully guaranteed goods carried make it a pleasure to deal at these stores and accounts for the rapid growth of the business from one store in 1895 to four stores in one now. The sale starts Friday, September 11 and closes Saturday, September 19. Remember the Harvey store is in the Opera House block, 109 to 27 Union street. Watch next Wednesday's paper for large ads. and price list.

The government cruiser "Constance" is fitting out at the dockyard, Halifax, for a cruise to the west coast of Africa. Her crew was signed on Tuesday. Mr. Morris, of Cumberland co., goes as chief officer. It was decided finally to send to Montreal.

CORNS CURED. You can painlessly remove any corn, either hard, soft or bleeding, by applying Putnam's Corn Extractor. It is a simple, safe, and effective remedy, and is guaranteed to cure all corns. Putnam's Painless Corn Extractor.

A. R. Slipp, L.L.B., of Hanson, B. A., M.A., Slipp & Hanson, Barristers-at-Law, Fredericton, N. B. Solicitors for the Bank of Nova Scotia. Long distance telephone connection.

Oak Hall Fall Clothes for Wear Are Ready

To the critical man To the economical man To the tall, slim man To the short, stout man To every man who wants Thoroughly stylish, good-fitting Good-wearing clothes, this Announcement means much

We have allowed nothing to stand in the way of the development of this fall's product—and as a result we have clothes that in style, in fit, in workmanship and in wearability are not surpassed anywhere.

To anyone who questions it we have but to Show our goods to prove our point. We know that the work put into the garments is the kind that counts. We know that the clothes we wear well—and that the fit will last as long as the goods. We are so sure that every garment we sell is what it should be that we guarantee it for satisfactory service and ready to make right any defect that comes to light.

But in addition to the style and fit and wear of our garments there's the advantage of lower prices than those of any other store. It is an advantage that no other store can duplicate, because no other that has to buy its clothes in the open market as all stores, except ours, must do—can possibly afford to sell at the same price as we. Our makers have no middle-men's profits to pay. We sell direct to you at practically what the goods cost other stores. They must pay the manufacturers a profit and you must pay it back to them. That's why our prices are always lower, seldom less than 25 per cent. lower, and often the saving is 30 per cent. and more.

Now do a little hard thinking when you get ready to buy your fall clothes and you'll understand why we do the largest clothing business in the maritime provinces and why you should buy here.

New Fall Suits and Overcoats, \$5 to \$25 King Street, Corner Germain. GREATER OAK HALL SCOVIL BROS. LIMITED, ST. JOHN, N. B.

OBITUARY

George Mitchell. Halifax, N. S., Sept. 1 (Special).—George Mitchell, ex-M. P., a member of the firm of Geo. F. Mitchell & Sons, for years one of the leading firms of West India merchants here, died this morning. Mr. Mitchell was, until stricken by the illness that proved fatal, one of the most active citizens, foremost in all good movements.

George Emerson Allen. George Emerson Allen, at one time a well known resident of this city and prominent in musical circles, died Wednesday in Amherst. He was a native of Ontario, but resided here for some time but left upwards of 25 years ago, and since lived in the states. A few weeks ago he and his wife, formerly Miss Joan W. Frith, daughter of the late Capt. Frith, went to Amherst, where Mr. Allen had since been at the home of his brother-in-law, Andrew B. Mack. He was about fifty-five years of age.

Hugh Blair. Hugh Blair, a former well known employee of the I. C. R., died at his home Tuesday, aged sixty-six years. He had been sick only four days, with paralysis. Besides his wife he is survived by two sons, and two daughters who live at home. The sons are W. H. Blair, baggage master on the I. C. R., and E. W. Blair, of the Cornwall mill. Mr. Blair was popular with a wide circle of friends, who will be sorry to hear of his death.

H. A. Whitney. Moncton, N. B., Sept. 2.—H. A. Whitney, ex-mayor of Moncton, passed away today in Montreal, where he was operated last week for internal trouble. The news of his death came in the form of a surprise to friends here as his condition up to a day or two ago was reported favorable. Deceased was 74 years of age and was born in Milltown, Charlotte county. He had resided in Moncton for many years, being one of its most prominent citizens. He was mechanic superintendent of the I. C. R. here for twenty years or more but was superannuated about fifteen years ago.

Rev. A. Judson Kempton. Many readers will be pained to learn of the death of Rev. A. Judson Kempton, at Madison, Wisconsin, on Sunday evening, May 20, of typhoid fever. Mr. Kempton was a graduate of Acadia College, of the class of 1888. He also graduated in theology at the Rochester Theological Seminary. He was a young man of exceptional ability and sterling Christian character. His first settlement was in St. John West, as pastor of the Holy Trinity Baptist church. Here he labored for about three years, when he removed to the United States and settled in Madison, Wisconsin. Here he took a first place among the preachers of that city and was highly esteemed by his brethren in the state. He identified himself with every effort which was put forth to benefit and bless his fellows. He became a strong advocate of the cause of temperance and moral reform. After a successful ministry in Madison, the seat of 14th State University, he removed to Muskegon, Illinois, where he was the pastor of the church at this place when he was called to higher service. Mr. Kempton was a most genial friend, a most sympathetic pastor, and a strong and vigorous preacher. His imagination was vivid and his sermons sometimes were interspersed with beautiful word pictures. The last year of his life was a most strenuous one. In a revival service which was held in that city and in which the different congregations united, Mr. Kempton threw himself with all possible energy. Following these services he had the exalted privilege of welcoming some 200 persons into church fellowship. The strain upon his physical strength was greater than even his friends had any idea of. In his exhausted condition he was stricken with the deadly typhoid, which he greatly dreaded, and which proved fatal. Mr. Kempton leaves a widow and three children, a widowed mother and a large circle of relatives and personal friends to mourn his early demise. His widow, who is well known in his province, where her husband labored for many years, will have the deep sympathy of her many friends in this great sorrow.

George Flewelling. George Flewelling, formerly well known in this city as one of the firm of G. & G. Flewelling of Hampton, died at his residence in Roxbury (Mass.) on Sunday last. He was 85 years old, and up to a few days ago was in good health. He leaves two daughters in Roxbury and a son and daughter in California. He and his brother, Gifford, organized the matches and box shock business, still so successfully carried on by sons of the firm. He was a member of the Gifford Flewelling at Hampton. He lived in St. John for many years, managing the selling department here and retired from active work about fifteen years ago, removing to Boston. A large circle of friends will hear of his death with regret.
