The working people of Liverpool are far better off and more comfortable than the people of corresponding station in life in the City of New York. We walked through street after street lined with small houses about sixteen feet wide by thirty-five feet deep, built in gothic style. We knocked at the doors, asked for and obtained permission to enter several of these houses to see how they were arranged. The most of them were of the same design. A narrow hall with stairs leading to the upper story. A parlor, or front room, perhaps twelve feet square. A dining-room of similar size back of the parlor, and then a leanto—or kitchen; from two to four bed rooms up-stairs and we have the home of thousands of people in Liverpool, who for a yearly rental ranging from twenty to twenty-five pounds, or from a hundred to one hundred and twenty-five dollars a year, have homes instead of tenement house rooms in which to live.

Gilmour is opposed to assessment for school purposes, and sympathizes heartily with the movement for the overthrow of our legislation on that subject. He is known to have pledged himself to join a movement in Parliament against it. This accounts for the support he gets from certain quarters. And yet, at the bidding of a patronage-bestowing Minister, he is supported by the professed organ of free non-secturian schools!

One of the most attractive therapeutical novelties for some time past in Lon-BUTTON MOULDS. don—recently introduced from the continent—consists in the erection of establishments for administering hot sand baths as a remedy for rheumatism, recent cases of nervous disorders, affections of the kidneys, and 'all cases where heat is needed as the chief remedial agent. The advantages claimed in behalf of this method of treatment are, that it does not suppress respiration like the hot water bath, but rather increases it, and does not interfere with the respiration after the manner of the steam bath or Turkish bath. It is found that the body can endure the influence of this kind of bath for a much longer time, and a much higher temperature can be applied.

The ship left here here for China with coal some months ago, struck a reef north of New Caledonia, the crew escaping in one of the hoats and making for Solomon's Island. On reaching their destination they were mercilessly slaughtered by the natives. Mayor Waler of New London moved to renominate the entire State ticket of the last election, Governor Ingersoll at its head. The motion was unanimously carried. The platform invites the cooperation of all; declares unfaltering devotion to the U. S. Constitution and the Union; that the people of the States have the sole and exclusive right of governing themselves as free, sovereign and independent States, subject only to the limitations contained in the U. S. Constitution; asserts the reserved rights of the States; denounces the Republican administration for incompetence, extravagance and corruption; demands retrenchment and economy; denounces all salary-grabbers, ring politicians and monopolists; appeals to all without regard to party affiliations to join the Democratic crusade; attributes the late panic to the Republican policy, and prophesies national bankruptcy unless there is a political change: urges a return to specie payments; opposes all land grants to corporations; sympathizes with the industrial classes and condemns monopolists; favors a popular vote on a Constitutional Convention; indorses the recent State administration and promises a hearty support of the ticket. A serious accident happened in Halifax on Monday, which may prove a serious matter for the injured man. For the past few days workmen have been busy excavating a cellar on the old Troop property, corner of Buckingham and Argyle streets. Monday afternoon a blast had been prepared, but failed to be discharged—and while drawing the charge or rather forcing a new hole with the drill, the discharge was ignited and a man named Burke, who held the drill, was very seriously injured. The face is very badly cut, the drill having been forced quite through the cheek, and it is feared both eyes are so badly injured as to seriously endanger the sight.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Vinegar Bitters?" Our answer is, that they remove the cause of disease, and the patient rethe cause of disease, and the patient re-covers his health. They are the great covers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Vinegar Bitters in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of Dr. Walker's Vinegar Bitters are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Billous.

Grateful Thousands proclaim Vinegar Bitters the most wonderful Invigorant that ever sustained the sinking system.

In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vinegar Bitters, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healtly functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with Vinegar Bitters. No epidemic can take hold of a system thus fore-armed.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.
