PROCEEDINGS OF THE  
ANNUAL MEETING OF THE SOCIETY

HELD ON TUESDAY, OCTOBER 14TH, 1873,  
IN THE WESLEYAN METHODIST CHURCH,  
PETERBORO'.

THE HON. JAMES FERRIER, OF MONTREAL,  
IN THE CHAIR.

The Meeting was opened with Singing and Prayer.

An Abstract of the Society's Operations, and the Financial Statement, having been read by the Rev. Dr. WOOD, the following Resolutions were unanimously adopted by the Meeting:—

I.—Moved by W. CLENDINNENG, Esq., of Montreal; seconded by the Rev. JOHN GEMLEY, of Toronto:

That the Report, an Abstract of which has been read, be adopted and published; and that the following be the officers of the Society for the ensuing year:— The Rev. E. WOOD, D.D., and the Rev. L. TAYLOR, D.D., General Secretaries; and JOHN MACDONALD, Esq., and the Rev. L. TAYLOR, D.D., Treasurers.

II.—Moved by the Rev. JOHN POTTS, Pastor of the Metropolitan Church, Toronto; seconded by the Rev. C. S. EBY, B.A., Missionary to the Germans:

Considering the present condition of the Society, both in its Spiritual and Financial Aspects, this Meeting expresses its thankfulness to Almighty God for the success attendant upon the labors of His Servants in this Department of His Work: it is also solemnly impressed with the necessity of more earnest prayer that the Word of the Living God may be attended with the Spirit's power, that obstacles to the Truth may be overcome, and that the kingdom of Christ may be universally triumphant.

III.—Moved by the Rev. J. B. ARMSTRONG, recently from Norway and Oxford House; seconded by JOHN MACDONALD, Esq., of Toronto:

That the enlargement of our Missions in the Red River and British Columbia Districts, with the commencement of the Mission to Japan, and the pressing claims upon the Funds of the Society from other parts of our Missionary Work, are strong reasons why our generous supporters should continue and increase their Annual Offerings.

IV.—Moved by the Rev. THOMAS CROSBY, Missionary to the Indian Tribes of British Columbia; seconded by the Hon. J. C. AIKINS:

That the warmest thanks of this Meeting be presented to all who, by preaching and advocating, giving and collecting for this good cause, have swelled up the Income to the large amount placed at the disposal of the Committee; and especially to the Honorable Senator FERRIER, for his great kindness and ability in presiding over this Forty-Ninth Anniversary.

## MISCELLANEOUS RESOLUTIONS.

*Extracted from the Minutes of the Missionary Committee.*

### TIME FOR THE BRANCH SOCIETIES' RETURNS.

"It having been seen that the time taken by the Branch Societies for sending in their Lists and Moneys was yearly becoming later, and the financial interests of the Society having suffered by the consequent late publication of the Annual Report, it was

"RESOLVED—That the Treasurer's Report shall be closed from year to year on the last day of June, and that Superintendents of Circuits are required to use all practical effort to have the subscriptions on their respective Circuits collected, and paid to the Treasurers, at or before the Session of Conference."

### REPORTS ON MISSIONS.

"RESOLVED—That the Report of the religious state of Missions be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the Revision of that Meeting."

### RETURN FROM DISTRICT MEETING.

"RESOLVED—That the Chairmen of Districts, in compliance with the Directions of Conference, forward to the Mission Rooms, as early as practicable, a copy of the recommendations to this Board by the September District Meeting for grants of Missionary money, the same to embrace the number of Members, Children on each Mission, and the probable amount of current income."

## REPORT.

The growing age of the Society is happily distinguished by increasing means of extending the blessed work of religious influence and power. Verging to the Jubilee of its history, the Wesleyan Missionary Society never had such a record of prosperity as that which marks the present Anniversary. The Committee have kept a vigilant out-look for needy and destitute places, where they have appropriated the means placed at their disposal by a generous and confiding people, to aid in the maintenance of Divine Ordinances within the boundaries of the Dominion; and, under the guidance of Divine Providence, and prompted by the sympathies and generosity of a people "zealous in a good cause," they have ventured upon the responsibility of opening a Mission in Japan, combining their energies with other Christian Churches to plant the standard of the Cross among millions of our fallen race, who, in the emphatic language of our Founder, "need it the most." Nor have they been left to mourn over wasted labors and unrequited time and means: tidings of a joyous nature have reached the Committee from every department of the Mission-field; and though not all equally cheering, yet the reports of the Sowers and Reapers warrant the expectation of a fruitful and glorious harvest.

This inequality of success is both a test of obedience and a trial of faith: they cannot question the command, to "go into all the world and preach the Gospel to every creature," Mark xvi. 16; nor ought they to forget what the wise man says to encourage their diligence and perseverance, "In the morning sow thy seed, and in the evening withhold not thine hand, for thou knowest not whether shall prosper either this or that, or whether they both shall be alike good," Eccles. xi. 6; whilst the certainty of success is irresistible,—"It shall accomplish that which I please, and it shall prosper in the thing whereto I sent it," Isa. lv. 11.

THE Missions at Winnipeg, Headingly, and Boyne River, with those at High Bluff and Palestine, have been regularly supplied by the brethren throughout the year, whose health has mercifully been uninterrupted and vigorous, and whose visits have not only been heartily welcomed by the settlers, but their labors have been visibly attended with the Divine blessing, shown by the increase of numbers in the congregations, reverential and obedient attention to the Word preached, and by the increase graciously vouchsafed to the spiritual membership of the Church. Scattered over the extended circuits in this new Province, there are about nine hundred and fifty in the congregations, gathered in nineteen different places for worship, in which there are six churches, supplied during the year by four travelling ministers, assisted by one superannuated minister, five local preachers, one exhorter, and five leaders of classes. The membership is one hundred and forty-four, being an increase of forty-three. There are four Sabbath-schools, twelve teachers, and one hundred and fifty scholars. The Committee rejoice to say, from these simple details, officially communicated from the District, the friends of the Society will see that the institutions of our Church are being faithfully established in this early history of the Mission.

### NORWAY HOUSE, ROSSVILLE.

I have great pleasure in presenting at the first regularly organized district meeting of this vast district, a report of the Rossville, Norway House, Wesleyan Mission. The first sermon was preached there by Rev. R. S. Rundle, on the 7th June, 1841. Through the care and attention bestowed on them by the H. B. Co.'s officer in charge, Donald Ross, Esq., the Indians in the immediate vicinity of the Fort were in a measure prepared for the instant reception of the word. Success attended his efforts at once, and the tears and sighs of the penitents and the glad shouts of the emancipated souls from Satan's thralldom were almost at once heard. Mr. Rundle remained at Norway House for a short time only, and then proceeded on to the vast Saskatchewan, where he was "in labors more abundant." His record is on high. His place at Rossville was supplied by the Rev. James Evans, who may well be called the founder of this mission. He was a man of great physical endurance, of dauntless courage, and of unquenchable zeal. He feared not the frowns or opposition of men, no matter how high their position, nor could he be deterred from the conscientious discharge of his holy duties. Besides inventing and perfecting the syllabic character, he constructed a press by which he was able to give to the people, in their own language, portions of the word of life, and also many beautiful hymns. He also built a large canoe of plate tin, in which he travelled many thousands of miles on his long journeys into the then almost unknown interior of this vast continent, carrying with him his soldering iron, etc., with which to repair all damages received, which were not unfrequent in the rock-filled and rapid rivers of this northern land. The Mission has been faithfully served by such men as Revs. Messrs. McDougall, Brooking, Stringfellow, etc.; and so complete has been the work accomplished that not a vestige of the former paganism exists. The things they once loved they now hate. If they excel in one thing, it is in their great love for the house of God and the ordinances of the church. We always have good congregations. Fierce winds and intense cold fail to keep them from the place where prayer is wont to be made. They prize the Sacraments very highly. The watch-night services are always well attended, and the general feeling in the hearts of the people is, that it is good to be there. The population has been steadily increasing, until now it numbers well nigh a thousand souls. The length and severity of the winters are serious drawbacks to the comfort and prosperity of the people. The quantity of arable land is very limited. Fish, to hundreds, is the only article of food. The principal employment and sources of livelihood to the men is tripping for the H. B. Company, and fur hunting. The former will soon cease, and steam will perform the work which, although arduous, has been profitable to the Indians. The fur hunting is very uncertain, and is not sufficient to keep the people in comfortable circumstances. The question has already been discussed frequently among them, "What are we to do to live?" It is to be hoped that our authorities will

devise some scheme by which they can render them some assistance.

I have not been able to visit Nelson River as yet during this year, but hope to do so before Conference. They are a people "hungering and thirsting after righteousness."

Berens River has been visited six times by your Missionary during this ecclesiastical year. A good commencement has been made at that place, and we firmly believe that the time has fully come when a large grant should be made for the purpose of erecting a church and mission-house, and an ordained missionary sent to reside there. We regret to have to report the severe illness of Timothy Bear, the native agent at that place, sent there only in July last. The Indians are very anxious as to their future. Timothy's illness is of such a nature that he is quite incapacitated for work. "Send us another man" is their unanimous and urgent request.

I spent the first Sabbath of February, 1873, at the Oxford House Mission. Mr. John Sinclair, the present incumbent, reports himself sick, and as having been unable to attend to his duties as Missionary since last October. I met a few of the Indians at the south end of Oxford Lake, a few more at the Fort, and about forty at the mission at Jackson's Bay. I married one couple, and gave the Sacrament to a considerable number. The church is far from being finished. The parsonage erected by the Rev. Mr. Brooking is falling into decay. As liquor has been banished from all the H. B. Company's trading posts, and as large brigades of unprincipled boatmen will no longer pass by that fort from Red River for the vast interior, insulting our people and disturbing religious worship, the time has come when it is no longer necessary to build our churches or establish our mission buildings far away from the trading posts. The great majority of the Indians, and also all the H. B. Company's people, are very anxious that the mission should be established much nearer the fort than at present. The present site at Jackson's Bay is 18 miles from the Fort by the summer route, and 12 miles by the winter dog track. The Indians will congregate and live mainly where they get their supplies and do their trading. May the Great Head of the church, the Good Shepherd himself, direct His servants in all their work of faith and labor of love.

E. R. YOUNG.

alities found in this vast country. According to instructions, the Indians at, and in the vicinity of, Bow River have been visited by the Messrs. McDougall, and preparations made for a Missionary permanently to reside there. The letters of these brethren, published in the *Notices*, are full of interest and encouragement. Dr. Taylor is expected to dedicate the new sanctuary at Edmonton House before his return to Ontario. A very distressing fever has afflicted many of the Indians at White Fish Lake, from which we regret to say the Rev. Henry Steinhaur and family have suffered, but, at the date of our last letters, they were slowly recovering. The Rev. P. Campbell writes cheerfully of Victoria, notwithstanding the unusual severity of the last winter throughout the whole of the territory:—

The work of God has steadily progressed on this Mission during the past year. Our congregations are good and appreciative, and all the means of grace are well attended. The Missionary Meeting held in the early part of January was quite a success. The chair was occupied by J. Brown, Esq., H. B. Company's officer in charge of this post, who made a very excellent speech, beautifully and eloquently comparing the past with the present, and ascribing the blessed change to the "glorious gospel of the blessed God." The brethren present gave very interesting addresses, and the result was \$162 subscribed to the Missionary Society. This amount is a little below last year's donations, but, when we consider the different circumstances of the people, together with the \$350 paid by them to the school teacher, we find that really they have contributed more than in any previous year.

Since the District Meeting we engaged in revival services, that were attended with very pleasing results. Night after night the altar was crowded with anxious enquirers after salvation. The Sabbath-school of tender years, and the old and gray-headed bowed together, mourning over sin, and were enabled to rejoice together in the assurance of sins forgiven. Glory to God! The old and the young were enabled to triumph through the blood of the Lamb! After continuing the meetings for nearly four weeks we received on trial 33; in that number quite a few of our Sabbath-school are included. May the tender lambs be kept unblameable unto the end! I cannot close this allusion to our special services without making mention of the very cheerful and valuable aid rendered by Bros. Mackenzie and Snyder, who frequently preached able and powerful sermons that alarmed the sinner's conscience, awakened his fears, and constrained him to flee to Christ for refuge. Both of these brethren have successfully taught our mission schools, and appearances would seem to indicate that they were thus in training for a more extensive sphere of usefulness. Our class and prayer-meetings are truly seasons of refreshing; our Sabbath-school, under the able superintendence of Mr. Mackenzie, continues to increase in interest, while our day-school will compare favorably

Allow me in conclusion to ask you to procure for our Sabbath-school a \$15 library, and pay for the same out of my appropriation. We are in great need of a library, and if you will be kind enough to order one as directed above, you will confer on us a great favor.

Dr. Taylor being now engaged in visiting all the Missions in this and the Red River District, the Committee await the result of his personal observation with much interest.

VERY encouraging openings for enlarged usefulness present themselves to the Committee in this new and prosperous part of the Dominion of Canada. The minds of the people appear to be more impressed with the agricultural excellencies of the soil and climate than they formerly were; and hence the farming population are becoming more numerous and important every year. There is greater certainty in achieving general independence and wealth by the cultivation of the soil, than in the exciting pursuit of gold in the mining districts, where but a small proportion are successful after all their toils and sacrifices. The reports show encouragement and success in the Indian Department of the work. Appeals from the settlers in Thompson's Valley and other rural districts have been responded to by the brethren, and have secured the practical and sympathetic attention of the Committee; whilst the large number of Chinese who have landed in Victoria has drawn out financial and personal efforts to bring them

under the influence of Gospel light and knowledge. The Wesleyan churches and congregations throughout the land give striking evidence of their lofty appreciation of their religious advantages, by generous gifts consecrated to the maintenance of their own ordinances, and by their contributions to the general objects of the Missionary Society. Notwithstanding the changing character of the population, always attendant upon the peopling of a new and vast territory, the numbers constituting the membership and congregations have increased.

#### VICTORIA.

We cannot review the labors of the past year without feeling new emotions of gratitude to the Giver of all good for His manifold blessings. At this time last year we were in the midst of our church extension. This has been completed to the satisfaction of all parties. We began just at the right time, for our congregation has been gradually increasing ever since the re-opening. The financial state of the Trust and Circuit Funds is very satisfactory.

Our Missionary Services, which were conducted by the Revs. T. Derrick and A. E. Russ, M.A., were deeply interesting and profitable. The heavy expenditure on the Church probably affected to some extent our Missionary income this year. The Missionary Report of 1872 shows the return for this city of \$306. This year it is \$350.

Our Sabbath-school is increasing in numbers and interest. We have formed a Bible-class especially for adults, which is well attended. In addition to the Thursday prayer-meeting in the church, cottage prayer-meetings are being held in different parts of the city, which we hope will be productive of much good. We report nine increase. The wear and tear of the work in this city is very great on account of the migratory character of the population. We need a constant increase to keep up the numbers.

The work among the natives in this Circuit is encouraging. The Indian Sabbath-school is more numerously attended and a deeper interest is felt in it. Since David's death, Amos Sah-hats-ton, who was one of the first converts from paganism here, has taken charge of the class, and is doing well. A prayer-meeting has been commenced among the Hydahs, who are pagan. Some of these Northerners had attended the Indian Sabbath-school and fellowship-meetings, and were very much affected by the experiences of our converted Indians and by the change which had been made in their habits of life and domestic comforts.

They requested that a prayer-meeting might be held among these, such as the Victoria Indians have. The Victorians were very much pleased at this invitation from their northern brethren, and have promised to come over once a week to help them. Thus a new door of usefulness has been unexpectedly opened to us. Very much credit is

due to the teachers of the Indian Sabbath-school, who have persevered in their work amidst inconceivable difficulties.

Not one of the teachers understands the Aukamenun language, and only two or three can speak the Chinook.

The Indians are doing very well in English, and several of them can read in the New Testament. But we need some one to conduct the religious services in their language. Could we get a suitable teacher for Nanaimo, we might bring Bro. Tate to Victoria, who could spend part of his time in visiting the Indians up the coast. Bro. Tate can speak the language fluently. It is difficult to get a man whose heart is sufficiently warm in the work to submit to the hardships incident to a life among the natives. The possibility of opening a Mission-school among the Chinese in this city has excited a good deal of interest in China town. The celestials are all pagans, but they are very eager to have a Mission-school. I deemed it expedient to visit the principal firms to ascertain their views concerning it, before I wrote to the Mission-rooms. These commercial establishments have great power over their brethren. They were very much pleased at the prospect of having a teacher to educate their children and young people. But they cannot understand how the people in Ontario love them so much as to send them a teacher. They asked me many questions about the people on the other side of the Rocky Mountains. I told them it was the Methodist Church that was sending the teacher. They replied that the Methodists in England and the United States had sent teachers to China, and that many of the Chinese had become Methodists.

WILLIAM POLLARD.

#### NANAIMO, AND INDIAN WORK.

Another year of trials, joys, and labors is past, and we "Thank God and take courage."

In our last report we referred to a subscription list for Church enlargement. A willing people responded to the call, and now we report that God's house, beautifully enlarged and furnished, is free of debt. The outlay on the enlargement of both church and lecture-room has been \$2,346 75; and the receipts have been \$2,346 75, and for which we give our God, who commands the hearts and purses of mankind, the glory and the praise. And this has not been accomplished at the expense of any other branch or branches of revenue in support of Circuit or Connexional funds, for we are thankful to place on record that more has been done financially for the support of your Missionary, the support of the Sabbath-school, and for Christian Missions, than was done during the previous year. "The people gave willingly," until giving became to them a luxury, and they grew thereby. We wound up our church extension with a clear balance sheet, and proclaimed a Sabbath of "thanksgiving to Almighty God," followed by a thanksgiving public meeting and tea. Our God smiled upon this also, and at the tea meeting the cheering proceeds were \$132. With this sum we insure God's house for double the sum at which

#### INDIAN WORK.

This truly Missionary department of our work has been to us a source of deep anxiety, and upon the whole a deep and blessed joy. The year opened with a certain opposition of a class, and from a quarter that shall at present be nameless,—followed during the winter by a most persistent and prolonged season of heathen feasting and dancing, and as long a season on our part of persistent effort of continuous work for Christ. The three sermons each Sabbath and services on five nights each week, have triumphed for Christianity and baffled the enemy.

Your agents, the brethren Tate and Cushon, have stood by their work with unflinching zeal, and are among the most faithful of your Missionary agents.

The day-school improves, and education of Indian children shows a most pleasing advance. Our congregations are very good, and evidences of changed hearts are distinct, and in many cases very marked and cheering. Three happy deaths during the year have added to the number of redeemed spirits before the Throne, from the "multitude of the Isles converted to God;" surely this should stimulate the *givers* and the *goers* forth in the cause of Heathen Missions.

#### NEW WESTMINSTER.

Labors with some success have been our portion another year on this field. For health in my family, zealous co-operation of the members, office-bearers, and local-preachers in the church, we feel grateful to God who has led us thus far. With a slow but gradual increase of population in the province, there have been seven removals of members and three deaths.

Mrs. James Rylett, died in August, 1872, in hope of rest. Joseph McBride, formerly of New York, experienced religion in the hospital, joined our church, and after a few weeks died, April 25th, 1872, in great peace. James Wickwire, a native of Ontario, highly esteemed, after a short illness died November 22nd, 1872, full of faith, glorifying God. He left a bequest for church extension, the amount of which will be known when the executors wind up the estate.

Twelve persons have been received and as many losses, leaving the total membership 56. There are three churches and two other preaching places, comprising a field of fifteen by forty miles, necessitating much travel and expense. At Maple Ridge we dedicated in November, 1872, a beautiful Gothic Church, with tower and bell,

costing about \$1,000. This mission requires more preaching, and the Quarterly Board asks for a second man, which request if carried out with the divine sanction may prove more beneficial, in all respects, than at present. The Indian work is quite at a stand here, chiefly owing to the painful want of an interpreter, though the school still exists.

All the English services, including the Sabbath-school of twenty scholars, have been through grace well sustained, and with such a hope of the future that gives some importance to our present plans and efforts.

A. E. Russ.

#### SUMAS AND CHILLIWHACK.

In reviewing the work of the year, we are led to thank God for some degree of progress.

A commodious parsonage has been erected at Sumas. It cost about \$1,300, towards which one half has been raised mostly from local sources. It stands on a lot, two acres in extent, presented to the mission by the Secretary of the Trust.

We show an encouraging increase in our Missionary subscriptions, being \$32 more than last year, while our regular circuit income testifies to the increased liberality of our membership in an advance of \$100.

The Annual Camp Meeting in September was visited by awakening and saving power, some fruit of which remains to cheer our hearts and glorify God.

In the Indian department, we have had indubitable evidence of the work of the Holy Spirit and the presence of the Divine Master, despite the hinderances of error and superstition which are ever present to oppose. Bro. Crosby will report more intelligently the state of this branch of the work. Both among Whites and Indians we have had the drops, but await and pray for promised "showers of blessing." The hallowed quarterly services which closed our ecclesiastical year enable us truthfully to report that God is with us, and assure us that His Spirit will nerve us for further duty and conflict while we confide in Him and "lean not to our own understanding."

#### INDIAN TRIBES.

The year just closed has been one of toil, trial, and bereavement. I have made several visits to the coast of Vancouver Island, and I also visited the Thompson River, Nicola Valley, &c., where I met with numbers who expressed their strong desire to have a Wesleyan Missionary who would reside among them.

Kamloops, Nicola Valley, North and South Thompson, and Cache Creek, would form an extensive but prosperous mission, both in a financial and spiritual sense, if systematically and efficiently worked. There are hundreds of Indians in that part of the country needing the word of life. Here I met with a converted Chinaman, who had been connected with our mission in China, who spoke of Bros. Cox and Piercy with affectionate respect. As he prayed in his own tongue, and told us how his heart had been changed, we thanked God for the blessed fruits of mission toil in that part of the world.

The work on the different circuits is doing well. We have had to mourn the loss of some by death, and others dropped; so that upon the whole our numbers stand about the same as last year.

We mourn sincerely the loss by death of our Native Preacher, David Sallaselton, who was an earnest and devoted worker; beloved and now lamented by all who knew him. We pray that the Great Head of the Church may more than repair our loss by raising up others.

All are earnestly praying that God will send us a revival in the conversion of many souls.

Yokohama..... George Cochran, Davidson McDonald, M.D.

On the 7th of May, 1873, a solemn and profitable Vaedictory Service was held in the Metropolitan Church, Toronto, conducted by the Rev. Dr. Punshon, President of Conference, on the occasion of the Revs. Messrs. Cochran and McDonald being about to undertake a Mission to the Japanese.

In addition to the President, the following took part in the services: the Rev. William Scott, Secretary of the Conference; the Rev. John M. King, M.A., Presbyterian Minister; the Rev. F. H. Marling, Congregational Minister, Toronto; John Macdonald, Esq.; and the Rev. Drs. Green and Wood. Both the Missionaries addressed the large audience gathered upon the occasion. The whole service was reported to be "most impressive and inspiring."

The Committee confidently look forward to the future pages of the Society's Report containing similar accounts of the converting power of the gospel of Christ from this densely populated heathen country, which has marked the history of their Missionaries' labors for the last forty-nine years.

FORTY years have passed since the first converts to Christianity, by the agents of the Wesleyan Church, awakened emotions of joy, that even these Pagan and idolatrous people could be brought to know Him, "whom to know is life eternal." There can be no doubt of the thoroughness of the heart-change wrought in hundreds of them who have died in the Lord, nor of hundreds more who are under the care of the missionaries of this Society. They are often allured and victimized by the wickedness of unprincipled men; yet, after all that can be uttered doubtfully of their Christian character, the greater number of them in Church fellowship walk uprightly and in the fear of the Lord. As a people they are most reverential in the house of God, and prepare for and keep holy the day of the Lord. In their afflictions they are

singularly patient, and cheerfully submissive to the Divine will. With few exceptions they approach the shores of the better land with humble but joyous and confident expectations of an "inheritance incorruptible, undefiled, which fadeth not away, reserved in heaven for them." One who labors among them has been so impressed with these fruits of the Spirit, that in describing their ending the journey of life he exclaims, "'tis beautiful to see them die." Without venturing upon what may be the future of their civil and political destiny, God has honored the Society in the past in their attempts to lead them to the blessings of salvation; and the reports from the Indian department of the work for the present year are hopeful and promising for the future.

#### NEW CREDIT.

The past year has been a successful one. The presence of God has been felt in all the means of grace, and the Gospel has proved the power of God unto salvation to many that believed. During the year twenty have professed conversion and joined the church, and the members have been greatly revived. Three have died in the triumph of faith. Some have had to be excluded for unfaithfulness. The Mission is in a good state spiritually.

The Mission Church has been painted inside and out, and matting put on the aisles. Considerable repairs have been made on the Mission-house, and two new stoves purchased for it. The connexional funds are all largely in advance of last year. On the whole we have much to encourage us to labor on at God's command. Members—Whites, 12; Indians, 70; Total, 82. Increase, 10.

#### GRAND RIVER.

In reviewing the past year your Missionary is constrained to render thanksgiving to Almighty God for his manifold mercies. Although we have not enjoyed that degree of prosperity for which we have longed and labored, yet we have not been without seasons of refreshing and of the manifestation of the Divine presence. During the year we have lost by death two of our oldest and best members; they died rejoicing in the Lord. Two others have withdrawn, and six have been dropped. We have received seven on trial during the year, so that our net decrease is three; but compared with the return of 1870 we show an increase of twenty-three.

Though we have had to struggle during the two years past with great spiritual apathy, we rejoice now to report an increased religious interest and better congregations. At our last lovefeast many of the Indians seemed very happy. We have received one from Paganism, who has since been married to one of our members.

Through the exertions of your Missionary, and the co-operation of Indians and friends, we have now two comfortable school-houses. The school recently opened at the Stoneridge appointment is doing well, and maintains an average attendance of twenty. The Mission-school is smaller, but with a more constant attendance than usual. Our Sabbath-school possesses a good degree of interest. What we need for this Mission is the outpouring of the Holy Spirit in "floods upon the dry ground," so that converts to Jesus "shall spring up as willows by the water-courses." The Lord hasten it in his time. Members—Whites, 5 ; Indians, 57 ; on trial, 5 ; Total, 67.

J. C. WILLMOTT, M.A.

#### MUNCEY.

In our efforts to do good we have been encouraged during the year. Some Ojibways have joined with us in church membership during the year. Class-meetings have been attended more generally than in some past times. One middle-aged person on returning said, "I feel well in my mind now ; I shall not leave this religion again, which used to be the means of joy in my mind." An Ojibway and his partner in life, when they saw that they could not be received as members of the Wesleyan Methodist Church, requested to be published, and they were married, and both are now enjoying the privileges of the church.

Two Sabbath-schools have been commenced, one at the back settlement, conducted by brother Joseph Waucosh, and the other at Colbourne, conducted by myself at present. The First Catechism is being learned and the Scriptures explained in the Ojibway. With the aid of the local agents the sick and the dying have been visited.

#### ONEIDA.

During the labors of the past year we recognize the hand of the Lord with us for good. Some having had a desire to flee the wrath to come, have united with the church. A few have been summoned to their reward. The death-bed scene of the Christian Indian is very delightful ; they give a noble testimony to the power of God to remove the sting of death, and give the victory through our Lord Jesus Christ. The instability of a few we are called to mourn over. With gratitude to God we report progress morally, numerically, and financially. Members, 18.

**SNAKE AND GEORGINA ISLANDS.**

As regards the state of the work of God on these two Islands, I may remark that I have tried to do my duty with the people. Our meetings are well attended, and there is a growing interest in the means of grace among this people. During the past year I believe the people of God have been quickened, and impressions made on others which I trust will be lasting. One thing I am thankful for, *i.e.*, the presence of the Master in every service, and the people's experience seems to be from the heart. May God continue his blessings.—Members, 37.

**RAMA.**

The past year the means of grace have been well attended, the classes have been regularly met by native leaders, and the Sabbath-schools have been kept in successful operation; but the whole of our Mission work is retarded by the long semi-annual absence of all the Indians from home, from the school, and from the means of grace, in the spring at sugar making, and in the fall hunt, in addition to the absence of many of the men during the summer season when they act as guides to the white tourists; and these latter, if they are not seasons of exposure in their absence, are too often attended with dissipation when they return, and are paid off.

There have been further improvements made about the Mission premises to the amount of over \$50, and some of the liabilities of the last year paid off, towards which the Missionary Committee generously made us a special appropriation of \$40. Over a hundred dollars have been paid and expended on the Atherly Church, towards which A. G. P. Dodge, Esq., M.P., with his accustomed liberality, gave us fifty dollars: and we have secured in the same neighborhood a beautiful lot of one acre of land for a burying-ground, which has just been deeded in the usual manner to the Connexion.

Our camp-meeting in August last was largely attended both by our own and other bands of Indians, but I regret to say that our own people were so heavily taxed, both in time and energy, in attending to the necessities and comfort of their guests from the distance, that they did not themselves partake very largely of the spiritual advantages of the meeting. We have had two peaceful and very happy deaths among the Indians, and a sad case of drowning from dissipation. Our connexional interests are well sustained, as our figures will show, and our membership similar to the past year. Members—Whites, 26; Indians, 90; Total, 116.

some professed conversion, and many "rejoiced with joy unspeakable and full of glory."

During the year two excellent Indian sisters have died happy in the Lord. In this band there has been an unusual amount of mortality, and many children have been removed by death.

We have had to lament over the waywardness of some and dissipation in others. It is much to be regretted that there are many white men, notwithstanding the illegality of the act, yet for the love of gain, supply the poor Indian with the intoxicating draught. This frustrates many of our designs, and is a constant source of discouragement. The Indians do better alone, and any mixing with the whites is to them an evil. The Sabbath-school has been revived, and is now in successful operation. The children have learned to sing many of the songs of Zion, and both on the week-day and Sabbath love to join in the praises of the Lord. Our beloved brother John Sunday is still enabled to take his part in preaching Christ to his red brethren and sisters in the Indian tongue; and during the year John Sunday, jun., has rendered very efficient aid both in the Sabbath and day-schools. #### HIAWATHA.

Our experience on this Mission during the past year has been of such a character as to produce very sad reflections. Severe affliction has visited almost every family; and there have been also many deaths both among the adults and children, all of these the result either of scrofula or consumption, the twin scourges of the Indian race. Among those who have passed away were four of our members, all of whom, we have every reason to believe, died happy in the Lord. Five of our members have removed to Mud Lake, and four have been dropped or expelled. We are thankful, however, to the Great Head of the Church for favorable tokens of his presence with us, especially during the latter part of this Conference year; an awakening has taken place, and nine persons have joined the church, and there are others upon whose hearts the Holy Spirit has made deep impressions. Another favorable circumstance may be noted in the fact that there has been far less drunkenness than heretofore.

Although we do not return quite so many members this year as last, yet we are thankful in being able to say that the church is in a far more healthy condition.

Mrs. Brooking has just commenced a Bible-class for our young women, which we have no doubt will be attended with much good. My dear wife's health has been so very bad during the past year that she has been almost entirely confined to the house; we are thankful, however, for symptoms of returning health, by the blessing of God, upon the means used.

The day and Sabbath-schools have been kept up during the year, with few interruptions, and under Miss Sanderson's instructions considerable progress has been made.

The Indians have been very regular in their attendance on the preached Word during the past year, and the sanctuary services have been times of refreshing. Our lovefeast and sacramental occasions were among the best we ever attended. Great and general affliction prevailed, especially in the latter part of the winter, and several deaths occurred, among whom were four members, who all died in peace. Members, 44.

JOHN HODGSON.

#### ST. CLAIR.

On this mission I report 135 members. Five returned last year are now, I trust, with the sainted in glory. Among these I name especially Brother Joseph Petohaick, sen., a member, class-leader, and local-preacher of many years standing—one of the most respected and influential of our members: he died in peace, and has left a precious memory behind him. His aged wife followed him to the better land a few months after.

Our congregations are encouraging in number, while the religious interests of our people does not flag. As a rule our services are "seasons of refreshing from the presence of the Lord."

We have been under the necessity of dropping a few, but others have been added.

In the course of the year, by the action of the Conference Special Committee, the Kettle-point and Sauble appointments, some thirty and thirty-five miles distant from St. Clair, have been placed under the supervision of the minister at Forest, whose Ravenswood appointment is in the immediate neighbourhood, being midway between the two, about two miles and a half from each; while Forest is the resort of the Indians for trade. By this arrangement the expense of an average of two dollars and a quarter for each visit of the St. Clair missionary is avoided, with three days absence from home, and the Indian work more efficiently supervised.

The year has been one of no little disquietude on the reserve, because of the renewed rumour of the likelihood of means being adopted leading to the surrender of their land and consequent removal. The feeling gains ground among them that it is a mere question of time; that sooner or later the land will be ceded. This agitates and disturbs them. I have felt deeply for them, and especially in view of the influence I am persuaded is operating to this end. The older people cling to the *Old Reserve*. In this vicinity they were born. The graves of their fathers are around them. Here they were

converted to God—rendering the locality yet more sacred. Thus memory goes back to the time when the white man was rarely seen along this river or these extended lands bordering the great lake, and where they hunted their favorite game. Cannot the white man allow them to remain in the occupancy of the few acres left them! My prayer is that God may over-rule all their affairs as shall be for the best.

I would just say that so far as comparison of Indian membership with whites is concerned, I am satisfied that on the average we have as large a number of men and women of sterling moral integrity as you will find anywhere in a corresponding number of members in our churches of white people. May God bless the Indian people more and more.

GEORGE GOODSON.

#### WALPOLE ISLAND.

We report the same number of members as were reported a year ago. We received twenty-five in connection with our camp-meeting held last September; but the total of the removed, dead, withdrawn, dropped, and expelled is exactly the same. Drunkenness is the great moral hindrance to the progress of evangelization amongst these Indians. Could we but stay the ravages of this curse, our success on the Island would be much increased. Members, 70.

WILLIAM W. EDWARDS.

#### SAUGEEN.

In presenting the annual report of the state of the work of God on this mission, I regret that I cannot speak as favorably as could be desired. Several things have occurred which have exerted a very baneful influence on the interests of our cause here. Yet we have often realized the truth of the Saviour's promise and presence, "Where two or three are gathered together in my name, there am I in the midst of them."—Matt. xix. 20.

I have been cheered and encouraged by seeing how some of the Indians appreciate the public means of grace. A poor woman, weak and enfeebled by consumption, was anxious to attend our February quarterly meeting: being unable to walk, she was drawn on a hand sleigh. During service she was too weak to sit, and therefore laid on her blanket on the floor. She with difficulty arose, and being assisted, stood and related her religious experience, and, I am informed, witnessed a good confession. Early next Sabbath morning, and quite unexpectedly, her happy spirit departed to where "the wicked cease from troubling," and "the weary be at rest."—Job iii. 17.

I have been obliged to drop quite a number for non-attendance at class and other causes.

During the winter we organized a temperance society, and over 100 signed the pledge; it has exerted a very beneficial influence for the present, and I hope also for the future.

#### CAPE CROCKER.

You will remember that when appointed to the mission, I had leave to have my family reside at Brooke or at Owen Sound. This I attempted, moving my family to Owen Sound, as no dwelling could be had at Brooke. One or two visits to the Cape in the way proposed, served to convince me that I could neither satisfy my own conscience nor do the people over whom I was appointed the good which I desired, in that way. I resolved to find and fit up a dwelling at the Cape, and move my family thither. This, after obtaining your consent, we did in the latter part of September, 1872. My family could not but feel that this involved some sacrifice on their part in the way of society and educational privileges, which are good in Owen Sound. But two things served to make them more willing to move,—first, they did not find their usual good health in the town, and they had become alarmed at the dangers to myself which attended my boat voyages backward and forward. I had to pay more than rent for the only house obtainable which was at all fit to occupy, as the house offered me by the Indians at a nominal rent could not be fitted up even in a tolerable way short of an outlay of fifty dollars. As the season was running into lateness, and I had no money and could get very little, *that* would not do. I paid the heavier rent and moved my family. The house we occupy is far from good, being small, inconvenient, a mere shell, and very open. Still, by the blessing of God, we have passed the winter in excellent health, never better, and saved the expenses of repairs; but if we are to stay here, the repairs must come this summer.

In regard to the fruit of my labors here, it is hard for me to form a correct idea; I can only judge by the expressed feelings of the people, by the attendance at the different religious services, and their general behaviour. They seem much pleased to have a missionary, a white missionary and his family, to live among them. It is the opinion of the leading men, (who do not go off wandering over the country,) that there is a decided improvement in the religious tone and in morals; and that the prospect is very good. Many of our people never leave their homes, and they are most improved and comfortable in every way, and others are beginning to see their better condition, and are making efforts this spring to prepare better for the time to come. I am myself sure that I see an increased interest in religious matters. We have organized a temperance society, and many both of our own people and the Roman Catholics have signed the pledge and kept sober. The reason that I cannot speak with more certainty of results is, that I have no data from which to form my opinion. I did not find here one written line recording past or present condition. No register, no class-books, not an organized class on the mission. The

only class-meeting is one held after the morning public service. The number meeting thus averages from ten to twenty, seldom more, often less; and this is all the class-meeting they have had since the late Rev. S. Brownell left the mission. I have found, after much labor in tracing through the families, that there are a little over sixty persons of both sexes recognized as members, with six persons standing as leaders and exhorters, and two local preachers. With these, not counting the children, (which are more numerous than with any Indian Band with whom I have lived,) there are about two hundred adherents—perhaps more.

We worship in a small log building used as a church, and this during summer, when the people are at home, is often crowded; and through the storms of winter was well attended. There is now strong talk of building a good church soon, and they will give one of their houses, with sufficient land, as a mission-house. This latter is determined on already—perhaps the house I now live in.

I may venture to express my opinion of this mission as a field of labor and operation. It seems to me that if we are to keep up our work among the Indians, this mission is as important as many others, and there should be stationed here, if possible, always a capable and experienced missionary. In a short time it may be made a desirable place for a minister whose health has partly failed, but whose strength is not so much broken as to make absolute retirement necessary. If I remain here a year or so longer, I have no doubt but I shall be able to make it such a residence.

The band is large, more numerous than Saugeen. Their secretary, Mr. L'Amarondiére, informs me that they have on their census roll seventy families. These are, however, divided. Next in number to our adherents are the Roman Catholics. A Church of England mission once maintained is now abandoned, and their catechist and people unite with ours. A puerile effort is made to keep up a mission in the interest of some Congregationalist (I do not think the body is responsible for it,) but they have not the smallest sign of organization beyond paying \$150 to a teacher. They have no following: if they withdraw the money from them, their influence vanishes like a shadow. Our influence is predominant with the Protestant Indians.

The place is very suitable for an Indian settlement. The reservation is large, and has the waters of the Georgian Bay on three sides of it; and though a great part of the land is unfit for tillage, being rocky and gravelly ridges, these furnish a good range of pasture land. There are tracts of first-class land here and there over the entire reserve, but not in large enough blocks or in great enough quantities to tempt the white inhabitants near them to covet it. They may live here untroubled for some time. Fish of excellent quality is to be obtained at all seasons. It was a misfortune to the Indians that agents, reckless of their interests, built their first houses on land which, though beautiful for situation, is very ill suited for cultivation. They are now, however, finding and settling on the good places. There are four of such settlements, and these are from two to five miles

#### CHRISTIAN AND BEAUSOLIEL ISLANDS.

During a residence of five years on this Indian Mission, we have had a good opportunity of studying the Indian character, and marking the influence of Christianity upon the living and the dying, and the impression made upon our mind is, that the mission established and maintained by the Wesleyan Society among this people has been a success. Our last quarterly meeting was one of our best, the Indians all home, &c. We have visited Beausoliel six times during the past year: the few members there continue faithful. Our Sabbath school on Christian Island is kept open the entire year when the children are at home. We are in advance in all our funds; the missionary money paid by the Indians this year, is more than ever paid in any one year by the band on this mission. We report \$56 44.

Members:—3 received, 2 died; total, 102; increase, 1. We have held our own. God be praised for all his goodness.

E. HURLBURT.

#### PARRY SOUND, SHEWANAGA, AND FRENCH RIVER.

God has blessed our labors this year among this scattered and isolated people. Bro. Elliott wears well and is liked among them. A goodly number have been converted. The Missionary contributions bade fair for an increase, but the hunting and sugar making have been almost a failure. Some of them pay up nobly; but others who have large families cannot.

The Parry Sound minister should be relieved from the superintendence of this field. As Bro. Elliott has not been able to go up this spring on account of the late opening of the ice, I cannot enter into recent particulars. May God bless our poor Indians. Members, 68.

S. TUCKER.

#### GARDEN RIVER, BATCHAWANA, MICHIPICOTON, &c.

During the past year we have visited parts where nine years ago the blessed gospel was preached with soul-saving power, but being left since then without any human spiritual help; yet we rejoiced to see the permanent effect of the grace of God manifested in the fidelity and consistent lives of these dark sons of the forest. We found them praying and hoping for a minister to be sent to them, and I left them engaged in the same earnest prayer.

From all the bands in our extensive field we have the earnest request to get an Industrial School established, in which some repre-

representatives from each place might be taught to read, &c., and taught to cultivate the land, as there was little prospect before them but starvation unless they could get a living otherwise than by fishing and hunting, as these resources now yielded but a scanty supply. During the severe winter there has been much suffering from hunger, even among some of our most faithful and industrious members.

And although we have had much to discourage us, yet our heart has been cheered by some conversions to God, and an increased desire expressed by many to know the way of life.

Not hearing recently from the Native Assistant, we cannot give the exact membership. I judge we are safe in saying 50.

E. S. CURRY.

#### LAKE OF TWO MOUNTAINS.

Concerning this prosperous mission, notwithstanding the hostile elements it has to contend against, the Rev. J. Borland writes:—

"Our work here is still a glory and a joy. God has marvellously sanctified to this people their trials and perplexities, and blessed in no ordinary degree the labors of the missionary among them. The meetings for hearing the word preached and for prayer have been seasons of great spiritual power and comfort. There have been times when the missionary, after spending hours in the prayer-meeting, and in which as many as forty have prayed, has found it difficult to bring the meeting to a close.

"Our great want now is a missionary to take the place of Bro. Sickles, who, because of severe domestic trials, feels compelled to return to his home in Muncey. May the Lord raise us up a suitable person to minister to this people, that so His work may not suffer in this mission, being left without a suitable supply.

"The school is still in active and encouraging operation, from which, as the children become more acquainted with the English language, we may expect increasing usefulness.

"Several deaths have occurred during the year, in each of which the grace of God was delightfully displayed. Victory through the blood of the Lamb was exemplified in each instance.

"The little church is in course of erection, when as accommodation will be more adequate to the wants of the Indians, even larger congregations may be confidently looked for. The Lord's blessing is upon this mission and people, and we trust it will be ever so, even unto the end."

We also give brother Sickles' report, whose labors have been much appreciated by the people, and greatly blessed by the Head of the Church:—

"As it regards the state of the work of God in this Indian Mission, we may remark that we have tried to do our duty with the people in

our own way, through evil and good report. During the last year we have had times of trial and discouragement, but on the whole prosperity and success. Our members, as it regards numbers, stand about as last year, 205; 4 on trial; 3 died very happy, trusting in the merits of Christ. The spiritual condition of the mission has been very much improved. From thirty to forty pray in the prayer-meetings. The Lord has graciously poured out His Holy Spirit upon the people. Our Sabbath-school is in a flourishing condition: it has been kept up explaining the lesson in Scripture and Catechism. The day-school is doing well, through the diligence and efficiency of Miss A. Cousins, which have produced satisfactory results. As for our Church, I am thankful to say that Bro. Borland succeeded last fall in procuring timber and lumber, which the Indians drew some twenty miles to the spot. The foundation was laid last fall. The Indians are at work; the frame will be ready to raise in a few days. Notwithstanding the difficulties with which they have to contend, and the threatening of the Seminary, they are determined to go on with the work.

ABRAHAM SICKLES."

MOUNT ELGIN INDUSTRIAL INSTITUTION.

The year now closing has been upon the whole encouraging. The average attendance of scholars has exceeded the number provided for by the Government. General contentment prevails among the pupils, which is indicated by the fact that none of them have absconded during the last ten months. Gratifying progress has been made by several, both in the school and in the shops in which the trades are taught. I am not without hope that one or two of the boys are destined to fill posts of usefulness among the Indian tribes.

The religious condition of the inmates is not as satisfactory as we desire. The want of a leader acquainted with the Ojibway language, renders it difficult to keep up a class of such as are seriously disposed. This defect we hope to have remedied. The Sabbath-school is regularly conducted, and the results are encouraging.

The general health of the scholars has been good. Two of the girls have succumbed to pulmonary disease. Both gave pleasing evidence of their saving interest in the atonement, and died rejoicing in the hope of eternal life.

The interests of the Indian Bands represented, would be greatly promoted by the Indian Department authorising a larger attendance than at present is provided for. The buildings also require considerable outlay for repairs, and the prevention of decay. E. EVANS.

### HAMILTON.

In closing another year of patient toil on this mission, I express my gratitude to God for his comforting Spirit. In all our joys and sorrows he has blessed our souls, and in attending the means of grace we often felt his holy influence, but the want of success in our efforts often marred our joy and pained our hearts.

Our difficulties are many, and our position on the side of true and experimental religion, as well as on the great temperance cause, is so decided, that our poor and misguided people think that we are making the way to heaven too narrow; but by the help of the Lord we will not swerve,—even if our progress be slow in consequence, for then only will it be sure and lasting. Members, 13. S. KAPPELE.

### PRESTON AND PARIS.

Amid many discouragements, we have toiled another year, and have still to mourn over the state of our Zion. Our labor has, however, not been without fruit, for God has given us souls—at least, enough to take the places of those whom death and other causes have removed. We ask still for patience with this tree, until we “dig about it and dung it,” trusting in the Lord of the harvest for the increase. Members, 66; on trial, 3.

CHARLES S. EBY.

### RANKIN.

Reviewing the past year, we can of a truth say, “Hitherto the Lord hath helped us.” Our work has been owned of Him. The joy of bringing souls into the kingdom of grace has sweetened the toilsome hours on this laborious field, and abundantly rewarded us for any self-denial to which we have been subjected. Very important additions have been made to our Church.

We feel an increasing anxiety for the salvation of our countrymen, both for their own personal benefit and for the sake of their influence upon society. There is an amount of rationalism abroad in Canada far beyond the knowledge of the English-speaking community, which many Germans are bold to avow and zealous to advocate. In our large towns, circles are being formed and presses established for the better promulgation of their opinions, against which their enfeebled national church brings no moral power in opposition.—Members, 105.

UPON the general condition and prospects of these Missions the Superintendent writes :

“Our French Missions are still prosecuted against the difficulties peculiar to this department of our mission field. Priestly vigilance and exactions, and unreasoning subserviency, active and devoted, on the part of their emissaries, mark the opposition our Missionaries encounter ; while the continuous stream of emigration, in which those hitherto connected with our evangelical operations form a part, are like so many wasting issues of our missionary strength and success.

“An idea may be formed of this when we state, that in one locality on Bro. Charbonnel’s mission not less than five families, comprising thirty-five persons, and of whom fifteen were members of our church, have removed during the year. Yet the number returned by the Missionaries of our church is 110, being one over the number of last year.

“In the course of the year several have died happy in the Lord, who in their last hours gave pleasing evidence of the reality of their faith, and of the power of grace which saves all who believe.

“Wider ranges of operation, and occasional visits to more distant parts of the country adjacent to the missions of the brethren, were acted upon during the year, and with encouraging effects. This method it is intended to practice yet more fully in the coming year, when it may be hoped that the seed of the Word thus sown will appear, ere long, in fruit to the honor and glory of the Lord.

“JOHN BORLAND.”

### BOLTON.

The assistant at Bolton reports :—

During the year we have had very refreshing times ; often my heart has been cheered in hearing the members relating their experience in the class-meeting and other social means of grace. The congregations have been very good, and the class-meetings well

attended. I have by the grace of God preached twice every Sabbath, and occasionally three times, and frequently during the week wherever I could gather a congregation.

I have visited every week, when able to do so, several families in different localities.

In Potton two persons have become Protestants, but have left and gone to the States. In Stukely, also, a family has gone to the States, in which were two members. During the year I have received ten persons into the church, who have proved faithful.

During the month of September, Stukely was added to this mission, with a membership of twelve persons. I am happy to say that the mission has greatly improved in every department. The members are more in earnest than ever, and others who are looked upon as Protestant only, have a great desire to become the children of God. There are also a good number of Roman Catholic families in which a missionary is at liberty to read and pray. May God bless our efforts for the salvation of those for whom we daily pray, the French Canadians. Members, 30.

#### SWEETSBURGH.

From Sweetsburgh village, as a central point, I have labored during the year in the townships of Granby, East Farnham, and Sutton, also in Richford, Vt. I have preached alternately in Canaan, Adamsville, and Richford, and have visited in the surrounding places, distributing testaments, tracts, &c. After having preached in Richford for several months, to congregations varying from ten to twenty persons, I was compelled to give up the appointment, the priest having prevailed in preventing his people further to attend. In Adamsville our congregations are small; we have there two members. The Canaan appointment is now principally English; there is, however, a leaven working among the large surrounding French population of Canaan, which I hope will soon cause them to attend our services.

JOHN SYVRET.

#### ROXTON.

From Roxton the Rev. J. A. DORION writes:—

In the month of September last we had a grove meeting, which proved very successful in strengthening the cause of our mission; although we regret to be called to report that eight families who were united with us have moved away during the year, making in all nineteen members; but we are not discouraged nor forsaken; by the blessing of God we hope to have some others to take their places: for the Lord of the harvest is with us. Four Roman Catholic families have joined us during the year, and there are several others who are very hopeful. It is very encouraging to witness that the Roman Catholics are not so prejudiced against the Protestant religion as they formerly were. I hope we may soon see the day when they will be

free from the thralldom of Popery. By the grace of God I have been able to fill all my appointments during the year, and also make some casual visits beyond the boundaries of my circuit with some success.

The people in the Smith neighborhood are making some preparations to build a church this summer, and the building-lot is already secured. Our mission-school, under the superintendence of our worthy teacher, Mr. Burcks, is in a very good state.

It is my painful duty to record the death of one of our faithful members, Mrs. Pierre Herbert; she died of typhoid fever. Her end was peace,—glory be to God. I preached her funeral sermon to a crowded house, from these words, "For me to live is Christ, and to die is gain."

During the year we have had nineteen removals, and one death. Our present membership is 50; on trial, 5; total, 55; decrease, 2. I had eight baptisms, seven burials, and two marriages.

LESLIEVILLE.

The Rev. Dr. Punshon visited this mission last November, and preached in our Leslieville church, on the occasion of the anniversary of its opening. He pronounced it "purely home mission work, that ought to be sustained."

This mission sustained great loss by the death of my predecessor, Rev. Thomas Jeffers, soon after his appointment to it; and for want of efficient pastoral oversight for nine months preceding my appointment, the cause became entirely disordered, and the religious interest exceedingly limited. The past year, however, has been marked by some success. The congregations have increased in number and spirituality. The people manifest a disposition to support their Missionary, and have raised \$40 for the missionary funds. We have here a large territory well populated; and with efficient pastoral labor, and the blessing of the Head of the Church, Leslieville will yet become an important station. I pray that God may revive his work here, and that many precious souls may be brought to Jesus. Members, 7.

## ORANGEVILLE.

We have found it difficult to work this mission during the year on account of its arrangement. To remedy this, the Quarterly Board has recommended a division of the work, which it is hoped may be effected. We are thankful to the Head of the Church that we can report a degree of prosperity. During the year sixty-five persons have been received on trial, but on account of altering boundaries, removals, &c., we have only ten of an increase to report. The connexional funds are all in advance. Eleven hundred dollars have been paid towards liquidating the debt on the church and parsonage, besides \$432 interest. Members, 200.

## NIAGARA.

This old historic field of Methodist labor has for some years greatly suffered from decrease of population, and consequent financial depression. The present indications, however, are—that the lowest ebb of fortune has been passed, and that the tide of prosperity is returning. Our attached and devoted people feel encouraged to attempt the purchase of the excellent brick church erected by the Canada Presbyterian congregation, the possession of which will give us an important vantage-ground in the community. After three years of pleasant, and on the whole of prosperous sojourn on this circuit, I part with regret from the kind friends of Niagara, trusting that still increased prosperity will be vouchsafed to the labors of my successor.

## DUNVILLE.

This, our third year's report from this mission, should especially express our gratitude. Our Master's presence has made the year happy to us and to his people.

We are able again to report increase in numbers and also in connexional funds. Our wants have been more than supplied by the kindness and liberality of the people, whose interest in our welfare has laid us under lasting obligation, and from whom we part with deep regret. Members, 95; increase, 10. T. METCALFE CAMPBELL.

## CAYUGA.

As a mission and a people we have enjoyed much of the mercy and goodness of God. We have had good congregations, and manifestations of the Spirit's presence and support. An increased liberality has been shown among some members in support of the church's interests, whilst we are heavy losers in the removal of several influential members,—losers both in spiritual interest and monetary support.

The Sabbath-schools have been well attended, and some very laborious teachers, both male and female, lend their aid in this good cause. In the spiritual interests of the church on this mission there are many urgently seeking to finish their course with joy, in which we rejoice. Two have been called away, leaving a good testimony that they have gone to be with Christ, which is far better. We trust solely on the guidance and support of the Holy Spirit for increase, and the future success of this mission. Members, 187.

JOHN SANDERSON.

## POINT ABINO.

The past year has been one of considerable financial prosperity. All the collections and subscriptions on behalf of the connexional funds are in advance of those of the former year. With the aid of the grant from the Missionary Committee the claims of the minister have been fully met.

The dedication services of the "Volunteer Memorial Church" at Ridgeway, which took place in September last, was very successful.

Steps have been taken to secure a proper title for the old Baxter Church,—certain obstacles having in the past interfered with the attainment of that important object. The building itself is about to be remodelled and enlarged. The late Mr. Burch Baxter having left a legacy of \$500 for that purpose, no difficulty will be experienced in effecting the improvements.

A strong desire has been expressed, by official and other members, for the appointment of two ministers next year, that the incorporated villages of Port Colborne and Fort Erie, lying contiguous to this mission, may be supplied with Wesleyan Methodist ministrations.

A few accessions during the year enable your missionary to report a small net increase, placing the membership at 82.—R. L. TUCKER.

## WATERFORD.

The original composition of this mission out of several appointments, no two of which had previously had any connection one with another, and the consequent lack of a sufficient bond of union to insure a thoroughly cordial co-operation in advancing the general interests of the church, were circumstances which called for a long process of laborious forging in order to weld them into one church, having such a unity of interest and purpose as is essential to success. Such work has scarcely, as yet, been fully completed, and therefore it is impossible to report as much tangible prosperity, as the result of a year's hard toil, as we could wish. Many and great, however, as are the discouragements which such a state of affairs put in your Missionary's way, the field is not totally destitute of encouragements. The congregations at most of the appointments have steadily increased during the year, and a quickening interest in spiritual things, unmistakable signs of which have appeared in some parts during the last few months, seem to afford ground upon which to base a hope that the steady sowing of the seed during the past year will result in a reaping time of souls at no distant period in the future. A pruning of the membership, which the spiritual interests of the church demanded, has made it necessary to report a small decrease, notwithstanding some additions during the year.

We pursue our labors in a firm faith in the power of divine truth as the great instrument by which God's purposes of mercy are to be accomplished, and continuing in fervent prayer that the preaching of "Christ crucified" may still prove itself, as in the past, the "power of God unto salvation." ## PORT ROWAN.

It is with humble gratitude that we acknowledge the Head of the church in the success and prosperity of the past year. Some thirty-five persons have been received into the church, most of whom are now rejoicing in hope of a blessed immortality. The membership of this mission take a deep interest in the institutions of our church ; this is manifested by the amount of money raised per member for the various connexional funds, and the happy increase in every particular during the year. We are sorry to say, however, that within the last few weeks some of our most liberal supporters have moved away from this

The official board is exceedingly thankful for the assistance kindly given them from the Mission Fund, and hope that in a few years, when the country has become more improved, they will be able to do with a much less grant than they are now necessitated to ask for in order to pay their way. We report 56 members and 10 on trial; total, 66.

LYNEDOCK.

The past year has been one of patient and happy toil on the part of the missionary, and in some respects of important results to the people.

With the exception of Lynedock appointment, our cause is maintaining its ground throughout the mission. Some weeks of special services at Venison Creek were made a great blessing. We have received valuable help from our local brethren; the leaders too have been faithful. Financially, though we have to report a rather large deficiency, our people generally have done well, considering the losses they sustained last summer by the destruction of their crops. The debts incurred in the repairing of Lynedock and Venison Creek churches have been paid, or are very nearly so. After a year's delay, the new church at Holtby's appointment has been commenced, and is now in a fair way to be completed this coming summer. Upon the whole, we think that Methodism is better understood by the people, and stands upon a more firm basis now than a year ago. We never had greater confidence in its vitality and power, and we hope in our faithful God for the future. Members, 169; on trial, 1; total 170.

TRYCONNELL.

We have had peace, and some degree of prosperity. Our quarterly meetings have been seasons of refreshing and spiritual power; and in connection with the established means of grace there have been several instances of sound conversion to God.

Our work on this field is composed of two parts, widely separated from each other. Tyrconnell and three adjacent appointments form one portion; and then, in Aldborough township, eleven miles from Tyrconnell, we have Wesley Church, with the most scattered membership we have ever known.

The pastoral work of Tyrconnell and vicinity is all that any man can properly attend to, and therefore our work in Aldborough cannot receive the attention that is desirable. The work in Aldborough is rough and toilsome, and as purely missionary as any in the Connexion. During the past year we have lost by removals, 8; by death, 2; by withdrawal, 3; by the enforcement of discipline, 3. On the other hand we have received by letter, 3; on trial, 18; present membership, 95; on trial 5; total, 100.

MOUNT BRYDGES.

This mission has five appointments, which have been regularly supplied with the word of the Lord during the year, and our congregations have been increasingly good. We have two Sunday-schools in a prosperous state, which have been attended to during the year. There are also two union-schools which are doing a good work. We regret that we are not able to report an increase in our membership, yet we are not without indications of prosperity on the mission. Members, 100.

MISSOURI.

We believe the cause of religion on this mission to be in a peaceful, healthy, and prosperous condition. During the year now ending, considerable has been done by way of providing for debt, and a little has been done by way of building. Some precious souls have been converted, and we trust believers have been led forward. After making up for removals, deaths, and dropped, 25 in all, we return 183 members, the same as last year.

Another year of cultivation and toil has been spent upon this feeble, but old field of Methodistic labor, and, as is customary, it is both necessary and essential to present, as nearly as possible, a report of its present aspect and future prospect.

Many years ago Methodism was comparatively strong here, but, owing to a variety of circumstances, it gradually retrograded, until its membership was reduced to a mere handful when your Missionary took charge of its interests.

Among past adverse circumstances which might be enumerated as having tended to enfeeble our cause here, has been the want of regular ministerial service; but the services having again been renewed, and now taken under the favorable consideration of the executive authorities of the church, it is expected that this will in time be overcome. During the year services have been held twice every Lord's day in our own church in the town, and once every alternate Sabbath in a small school-room four miles west of Sandwich. Our congregations in Sandwich have varied in numbers, being always larger at night than in the morning.

The attendance at both appointments averages one hundred, with two Sabbath-schools in a prosperous state. The membership on this mission is small, being only 13—eight in full membership, five on trial. This field of toil, Methodistically, is weak, but in the future may, by the Divine blessing upon consecrated effort, repay both for labor and expenditure. One half the population being French Roman Catholics, the over-shadowing influence of Romanism is felt. It is the opinion of your agent that, as there are only two Protestant churches in the place, and that as the Protestant population is likely to increase, because of certain local improvements, for a time at least, this mission deserves the favorable consideration of the Stationing and Missionary Committees, in order to test whether Methodism can prosper in this section of our country.

W. J. TURNER.

#### FLORENCE.

The past year has been one of very great encouragement to the laborers for Christ on this old mission. The seed faithfully sown in former years has sprung up and been brought to perfection by the genial influences of the Holy Spirit, and now a rich harvest has been gathered. There have been tokens of the presence Divine throughout the whole year. Some have listened to the voice of Christ in the ordinary means of grace. Two special services were attended with very satisfactory and, thus far, permanent results. The congregations are gradually increasing, and a deeper interest in our work is being manifested throughout the entire field. The members are kind, united, and spiritually-minded, and are looking for still greater prosperity. Besides paying off a debt on the organ in Florence, nearly \$500 in subscriptions and materials have been secured to erect a brick parsonage, which is to be completed early this fall. The Connexional funds are generally in advance. Present membership, 119; on trial, 26; total, 145; increase, 40.

It is with gratitude to Almighty God we report the progress made on this mission during the past year; the Lord of the harvest has poured out his Spirit, and as the result of special efforts we are able to report an increase of fifty-one members. flourishing condition. Removed, 26; increase, 51; total membership, 227.

The year now closing has been fraught with deep interest on this mission. At the beginning of the year we organized a Sabbath-school in Forest, which is in a very flourishing condition. We report an increase in all the funds over and above the year previous, which in itself is an indication of prosperity. What is really wanting among us is an outpouring of the Holy Spirit, then should we go forth joyfully, and sinners would be converted; may the want be supplied in the mercy of Him who died the world to redeem. #### MOORETOWN.

Much has been done on this mission during the past year in improving our church accommodation. A very neat frame church—twenty-six by thirty-six—has been erected at Booth's appointment, and has already been the birth-place of souls. Reynold's church is now undergoing repair.

Through the northern branch of the C. S. R. having terminated between Mooretown and Reynold's appointments, and there being two or three other roads building into St. Clair, which are to form a direct connection with the C. S. R., there is quite a town springing up at this point, called Courtright. In order to supply the people who are making this their home with the preaching of the Gospel, a tabernacle was erected immediately after last Conference, in which we are worshipping to the present, but which is to give place in two months

Although the business of the mission has taken up a very great portion of our time, we have had some gracious manifestations of the Divine presence. Present membership, 97.

#### OIL SPRINGS.

This mission was formed a year ago, having been detached from Petrolia, and consisted of twelve members, whose zeal seemed to be correspondingly affected by the general financial depression resting upon the place since the suspension of oil operations in Oil Springs. Your Missionary began the work of the year much discouraged, but with hope and confidence in God; and throughout the year the gentle droppings of the Spirit were manifest in the gradual revival and increase of the membership, which was only the foreboding of the coming shower which God poured out in abundance upon us during ten weeks of revival services, in which nearly fifty were converted, over thirty of whom united with the church. During the year we have received three by letter, forty-one on trial, and four have removed, leaving an increase of forty. Present members, 19; on trial, 33; total, 52.

The business of Oil Springs is still depressed, though with prospects of revival, oil having been found in paying quantities at the same depth as Petrolia; and all that is wanting to revive the oil trade here is the completion of the Canada Southern Railway, and a rise in the price of oil.

Our magnificent church and good parsonage are in an excellent state of repair. The congregations have increased largely; the financial condition of the mission is good; and general prosperity shines upon this part of the Lord's vineyard.

At the station of the Canada Southern Railway, two miles from our church, there is prospect of a village rising, and the Quarterly Board, desirous of cultivating this ground, ask the power to dispose of the two village lots owned by the church in Oil Springs village, with a view of purchasing at the station preparatory to building a church there, should it be required.

#### WYOMING.

As we review the labors of the past year, we feel thankful to be able to report progress and continued prosperity. Although several have died during the year, and others have removed from the mission, the membership continues to advance. Several have been added to the church during the year, and the blessing of God continues to attend our labors. Improvements have been made in several of our churches; while in every appointment our Society appears to be in a healthy condition. The attendance at our services is large, and a spirit of seriousness seems to pervade our congregations. On trial, 7; full membership, 157; total, 164.

**NAPIER.**

This year has been one of anxiety and peculiar difficulty on this laborious field of toil, but the Lord has been with us,—many sinners have been converted and joined our church.

We are sorry to report so many removals, which have taken considerably from the strength of our work in this place; but from the accessions made to our ranks, we hope yet to become greater and stronger. Members, 55; on trial, 15; total, 70.

J. H. STONEHOUSE.

**SOMBRA.**

In reviewing the labors of the past twelve months, we feel grateful for a degree of financial and spiritual success. A church at Black Creek appointment has been enclosed, the frame of which was nearly finished last year; and provision made to the amount of \$350 towards its completion. At Bear Creek appointment steps have been taken to secure a church-site—material for the greater part of the lumber has been furnished, with \$250 subscribed, in aid of the erection of the building. At Sombra, effort has been put forth, and means realized, for the improvement of the church, and for the construction of sheds there. Our connexional collections, all things considered, have been good. The attendance on religious worship has increased, and the Lord has been with us in the conversion of some, and in the revival and restoration of others. While, from deaths, removals, withdrawals, and the administration of discipline, several have been deducted from our lists, we report an increase of numbers. Members, 78; on trial, 12; total, 90.

elements exist, but we are not without encouragement. The principal sources from which we meet with opposition in the work are false doctrine and spiritual carelessness. One of our greatest obstacles is to overcome the popular objection which prevails against a paid ministry, owing to a large number of the population who deny some of the fundamental doctrines of the Bible. The apathy for divine things manifested by many is very discouraging. Notwithstanding these and other discouragements, there are manifest signs of more vigorous life, and indications which lead us to look hopefully to the future.

Our membership has been greatly diminished during the year by removals; but with the Divine blessing we have been enabled to make up the numbers thus lost, and report an increase of one. Included in the removals are some of our more energetic members—two stewards in the number; but the mission still has a few families who, for piety, intelligence, zeal, and liberality, would be a credit to any of our circuits; but as they are few in number, and limited in means, there is no prospect of the mission doing much towards its own support for years to come. Members, 41; on trial, 9; total, 50.

#### GARAFRAXA AND LUTHER.

On the whole, this mission is doing well. At Colbecks, the most remote settlement in Luther, we have a flourishing Society: our right there is none to dispute. Five weeks of special services, held last winter, resulted in a very handsome addition to our membership. At Luther village, situated on the T. G. & B. R., we have a church in course of erection. This appointment imperatively demands careful attention, if we would retain the advantages gained by years of Wesleyan pioneer toil, and continue to hold what we now have, the first position among four rival denominations. Your Missionaries have broken up the soil: others are actively seeking to enter into their labors.

At Douglas, a church and shed, worth over two hundred dollars, were erected and paid for last year; while this year our people have removed a debt of over one hundred dollars from their church, and paid for over one hundred dollars' worth of parsonage furniture. Members, 50.

P. W. JONES.

#### ROCKWOOD.

The presence of the Great Head of the church has been with us during the year. At two of our appointments a few precious souls have been brought to God, yet we regret that we cannot report an increase of members. We have lost, by removals, 25; fallen, 6; died, 1; given to Acton circuit, 10: present membership, 132; decrease, 20. We have lost one Sabbath-school, with five teachers and forty scholars, by the transfer of Bethesda appointment to Acton circuit. There is likewise a slight decrease in the contributions to the connexional

funds, with the exception of the College and Missionary, the latter being \$11.12 in advance of last year.

C. E. STAFFORD.

GALT.

Last year the Lord gave us a new church: this year He has filled it with his glory. Then the people brought "all the tithes into the storehouse:" now the Lord has "opened the windows of heaven" and poured "out a blessing" in the conversion of many precious souls. As a result, our church enjoys "peace and joy in the Holy Ghost." The connexional funds exhibit an increase; the Sabbath-school is prospering; the congregations have steadily improved, and the prayer and class-meetings are well sustained. Though we report sixteen removals, there is an increase of twenty in church fellowship. We devoutly thank the Lord for all his mercies. Members, 71, which includes 11 on trial.

JOHN B. CLARKSON.

BERLIN.

In giving a report of this mission, there are certain features to which we have to revert from year to year: The work is scattered; and because of the strong German element, it is constantly embarrassed. Removals to and from the mission are frequent, especially at Berlin; and each successive laborer has felt the effects. During the year we have done what we could, and have reason to thank God that our endeavors have not been entirely in vain. At most of the appointments the work has quietly advanced under the ordinary services. On the whole, we have had blessing and progress. If the work were of a compact and permanent nature, the good results would doubtless be greater, and easier to be recorded. Members, 180.

T. STOBBS.

LISTOWELL.

The Head of the Church is affording some grounds to look for the speedy dawn of better days on this mission. Notwithstanding the existence of many obstacles to the work of God, the presence of a specious and meddling form of materialism, which has sent an iceberg chill through the community, and a lamentable indifference to religion, and neglect of the sanctuary, yet there are proofs here, as elsewhere, that "work done for God is never lost." The labor of years will yet have its harvest.

Liberal sums have been raised during the year for the improvement of the churches on this mission, and the liquidation of church debts. One church is now in course of erection in a neighbourhood in which the services have hitherto been held in a dilapidated old log school-house. The connexional funds are all—some of them largely—in advance. The people are making greater efforts to support the Gospel in the midst of them. The church in the village of Listowell, which many at one time thought it folly to build so large, has proved inadequate to accommodate the numbers who desire to attend public

The year has been one marked by prosperity. Special services held at Palmerston were successful,—over thirty persons presented themselves as seekers of pardon. Palmerston is growing, and needs more attention. At Harriston special services were also held, and about sixty persons sought and found pardon. One great drawback to Harriston is the want of a church, which difficulty will soon be removed, as we are going to build a brick church this summer, fifty-four by thirty-five. We have now about \$1,000 subscribed for that purpose, also a lot to build on. The parsonage should be at Harriston, and will have to be, if our cause is to prosper. Harriston is the centre and most encouraging appointment on the mission, and if neglected now, the result will be irretrievable. At Clifford we had no Society at the beginning of the year, but now we have a very interesting class. The finances are greatly in advance of last year. The mission has improved very much, so that all are encouraged. The Quarterly Board asks for a second man, and the work demands it. Members, 129; on trial, 36; total, 165. F. C. REYNOLDS.

We have nothing of an extraordinary character to report with reference to this mission. We are thankful that God has been with us in an eminent degree. This has been evidenced by about a score of conversions, several of the subjects of which have joined with us in church fellowship; and also by an advance in the piety of our members, as attested at the last quarterly meeting of the year. Notwithstanding the large revivals which immediately preceded our coming to this mission, followed, as they generally are, by the relapse of many of the converts, and notwithstanding a very large number of removals, we are able to report only a small decrease in the number of our membership. If the influx of Germans does not do our cause on this mission the harm that it at present threatens, this mission will continue to be a desirable field of labor. Feeling very grateful for the conscious presence of the Master during the past year, we look forward for still greater manifestations of his presence and saving power. Members, 146. NATHANIEL SMITH.

Having no church, we were obliged to worship in a very old, and in winter, an intensely cold school-house. When the English church minister preached in the morning, we had preaching in the evening, and *vice versa*, for the first year. During the second year, having moved into our new church, and the other churches having no settled

pastors, we kept up preaching to large congregations every Sabbath, both morning and evening. Shortly after my return from Conference, the third year—as all the other churches had ministers of their own, and had preaching in the morning in all of them, and none in the evening—I transferred the preaching in the morning to a new appointment six miles distant, which never before belonged to the Wesleyans, at which we have fourteen accredited members, with a most excellent class-leader at their head. It is now the most promising appointment connected with this mission.

We have got our new church nicely painted on the outside, and it is now let to contractors to have it neatly pewed, according to the plan and specifications agreed upon. We have the pewing completed, and the church is now ready to be formally opened and dedicated to the worship of Almighty God. We are out of debt, and have a balance of upwards of fifty dollars in the hands of John Anderson, Esq., our worthy treasurer.

Though we have a decrease in some of the connexional funds, and, as usual, a large deficiency in the preacher's salary, yet I am happy to be able to state that there is an increase of about fifty per cent. in the Missionary Fund.

We commenced the year with 41 members: of these, 3 have been dropped, 1 expelled, 1 moved away, and 2 have died, which would leave 41 minus 7=34. Our present membership consists of 6 on trial, and 55 members; total, 61; increase, 20. G. MCNAMARA.

#### MOUNT FOREST.

We close the present year with much more pleasure than last year, which was one of considerable depression. The crops have been better, enabling the people to be more liberal; and our congregations have been very good. Our special services were "seasons of grace and sweet delight," both to ourselves and others; but though we have taken a goodly number of persons into the church on trial, a large number of removals has prevented us reporting a very large increase. My colleague, Brother Henderson, has worked well. The Sabbath-schools generally are doing better. We have peace throughout our borders. We have no deficiency: over fifty dollars increase has been added to the missionary income, and we have a small increase in membership. On trial, 7; in full membership, 173; total, 180.

#### WELLESLEY.

Four years ago the Millbank mission was divided. Wellesley was set off as a circuit, with a small grant from the Contingent Fund. The friends went to work with energy, and soon secured a comfortable home for their minister. Had things worked in accordance with the expectations of the people, Wellesley would soon have become not only independent, but in many respects a very desirable field of labor. But these expectations were disappointed by the emigration of large

numbers of the English-speaking population from this township,—their places being, for the most part, supplied by Germans, from whom we cannot expect to recruit our membership. Several more families contemplate moving shortly. In view of these facts, your missionary thinks it highly desirable that there should be a reunion of Wellesley and Millbank. Such is the geographical situation of the appointment, that the work will admit of concentration, such arrangement not being likely to prove injurious to our interests, and would result in a saving of nearly \$200 to the Missionary Society.

During the year, we have had peace in all our borders, many displays of God's goodness, and some souls added to the church. To God be all the glory. Members, 161. JAMES WOODSWORTH.

**HOLMESVILLE.**

This mission came into existence last year by the union of three appointments detached from Londesboro' and one from Goderich, and is very compact in its formation. There is a church at each appointment, two of which are frame and two of brick.

During the year the cause has not made desirable progress, for obvious reasons. At one appointment, through the instrumentality of the leader, the Plymouth heresy was introduced; and because it was exposed and checked by your Missionary, four families, including the leader, became disaffected. At another appointment, the irregularity of the hour of worship has militated against its prosperity; while a school-house, in which our class met, was destroyed by fire, thus depriving them of a convenient place of fellowship. Notwithstanding those adverse circumstances, the cause has been sustained; and through the instrumentality of a judicious laborer, may again flourish to the praise of God.

The addition—if practicable—of two adjacent appointments, now belonging to Bayfield, would, with a small increase of the missionary grant, make this a very desirable and prosperous field for a married and single man. Members, 118. W. E. SMITH.

## TEESWATER.

This is an increasingly interesting field of labor, where the messenger of Christ receives much kindness and active co-operation from a people who are ardently and intelligently attached to the church of their choice. Though the past year brought with it much sickness and the dark shadow of death to the home of your Missionary, yet the work proceeded unremittingly, and with some success. During the year a few have been enrolled for Christ, so that, after careful sifting, an increase of seventeen is reported. There are manifest improvements at most of the appointments in the social means of grace, and increasing and attentive congregations. Attention has been more carefully directed to the care of the children. With some difficulty one promising Sabbath-school has been organized, and probably another will satisfactorily change its form immediately, making the third Wesleyan Sabbath-school on the circuit. We have erected and nearly finished a frame-church at Williamson's; and during the next year it is intended to build a brick church at Belmore, for which subscriptions have been obtained. Much trouble has been experienced during the year by the Mildmay Society in obtaining a place for meeting. Kindly proffered shelter, in their day of trouble, was accepted in the use of the Presbyterian church. It is to be hoped the decision in the proposed union will provide a more satisfactory conclusion to the pending difficulty.

By a very self-sacrificing effort, the parsonage trustees have succeeded in extricating themselves from some pressing difficulties, and now have their property free of debt. While the contributions to the connexional funds are in advance, the receipts for the Missionary Fund are more than fifty per cent. above that of last year, and largely in excess of any former time. It is hoped that, with railway facilities, and vigorous and faithful effort, Teeswater will yet rise into the importance of a very desirable and self-sustaining field. Members, 150.

JAMES H. MCCARTNEY.

## AINLEYVILLE.

We are glad to report progress on this field of labor. The Lord has been pleased to pour out his Spirit; souls have been saved and believers quickened. Forty-three are returned on trial, and although, on account of the number dropped, the increase is not large, yet the work is believed to be in a healthy state. Our finances are ahead of any previous year. In addition to wiping off our old debt on the parsonage furniture of about a hundred dollars, there is an increase in all the funds, amounting altogether to between two and three hundred dollars.

Want of church accommodation is the great drawback to the work on this mission. A few good churches would help us wonderfully,—the work might then be concentrated and strengthened; whereas, now it is so scattered that our labors cannot be given to the best advantage. fact. Two of the appointments are going to unite and build a church this summer, the estimated cost of which is \$900 dollars. A few efforts in this direction will render this a desirable field of labor; but, meanwhile, in view of the struggles of our people to secure themselves homes, and the burdens of a local character, we still feel very much the need of help from the Mission Fund. Members, 222.

#### TROWBRIDGE.

We have been favored with some encouraging tokens of the Divine presence. Forty have been received on trial, and seven from other circuits; but as twenty-six have removed to other parts, and many have been dropped, we have only to report an increase of three in the membership. We have purchased a church from the Methodist Episcopal, paid two-thirds of the price, and provided for the remainder. About \$150 have been spent on the church and parsonage property in Trowbridge, and the Molesworth church debt reduced \$100. All the finances are in advance of last year. After a winter of affliction, which for several months laid us aside from regular labor, and entirely unfits us for special efforts, we feel thankful for any success, and give all the praise to God. Members, 148.

JOHN HOUGH.

#### LUCKNOW.

We are now closing our third year on this mission, and still we report advancement. The mission sustains a higher status than at any former time. Its membership and its finances, in all departments, are steadily increasing.

Three other churches have now become established in the village, which give to our congregation less of the fluctuating and sensational, but more of the reliable and uniform, and a growing attachment to Methodism is easily discernable.

During the past year the mission has unburdened itself of all debt, excepting a little incurred by purchasing and completing a church at Miller's appointment.

With judicious care, and the blessing of God, Lucknow will yet rise to be a field of labor both encouraging and desirable. Members, 125.

Through the blessing of God we have been favored with some degree of prosperity on this Mission. A number of souls have been converted to God, and added to the church. The means of grace have been well attended, and have been seasons of refreshing; and the spiritual progress of many of the members is quite encouraging.

The debt on the Woodford Church has been paid off, and a new church is now in course of erection at Massie's appointment. All the funds, Circuit and Connexional, are in advance of previous years.

We have received 44 persons into the church during the year, 33 on trial, and 11 from other circuits; but, after making up for 21 removed, 2 died, and 19 dropped, we can but return 2 of an increase. Members, 166; on trial, 5; total, 171. WILLIAM TUCKER.

**THORNBURY.**

Your Missionaries on this interesting field report,—removals, 25; deaths, 2; withdrawn, 1; dropped, 24; from other parts, 5; received on trial, 24; decrease, 22.

The prosperity of preceding years—monetary pressure—new settling—heavy municipal taxation—and securing connexional property in liquidating parsonage and church debts, account for any deficiency. The friends here grappled with these claims in a most liberal spirit, and with a little more continued sympathy and aid from the Missionary Department, this field will yield its quota of desirable independence. Speedily may strength come to Zion! Members, 282.

THOMAS HANNA.

PORT ELGIN.

This Mission has made some progress during the year. At Port Elgin there has been raised on the church debt, \$341 31. Still there is a debt of \$625 remaining, of which only \$75 are provided for. The debt on Alexandria Church has been reduced \$182, leaving a balance due on it of a little over \$250, which they are determined to pay off next year. The total amount raised for church and other purposes during the year is \$1,167 21, being nearly \$12 for each member.

We have organized one new Sabbath-school during the year, which now has over fifty scholars. We have received by letter, and on trial, 34; but, owing to removals, deaths, &c., we can only report an increase of 12 in the membership. Present membership: on trial, 4; members, 108; total, 112.

D. PERRY.

PAISLEY.

In reviewing the past year we feel much reason for gratitude to Almighty God. The year has been crowned with His goodness. The wisdom of the appointment of an additional laborer to this field already appears. The good seed has been sown over a wider extent, and the first fruits of the harvest have been gathered in. We find ourselves in advance spiritually, numerically, and financially. We report an increase of thirty-seven in the membership, after accounting for removals, &c. The contributions are all in advance to the various Connexional Funds with one exception. Those to the Missionary and the Superannuated Funds are largely so. Unity and harmony prevail among us, and we are looking for greater things than these. Members, 182.

WALKERTON.

When we came to this field it was our first endeavor to organize it in harmony with the spirit and genius of Methodism. We have been sustained and cheered in our toil by the presence and blessing of the Master. Although we cannot boast of great financial and spiritual prosperity, yet we are thankful to witness the signs of continuous improvement. The tone of piety among our people has perceptibly improved. Financially, they have done much better than heretofore. They have contributed liberally to all our Connexional Funds. We commenced the year with 80 members; we close it with 85. Faithful

and judicious toil, with the blessing of heaven, will soon make this a very desirable Circuit. We are waiting for the Spirit of power.

With gratitude to the giver of all good we present our first report of this mission. During the past year God has graciously visited us, and manifested His power in saving sinners—reclaiming backsliders, and building up the Church. Financially, we are in advance of last year. Three Sabbath-schools are doing a good work. Members, 106; on trial, 25; total, 131.

CHATSWORTH.

We devoutly acknowledge the goodness of God in blessings vouchsafed during the past Conference year. We have had peace in all our borders, and some degree of spiritual and financial prosperity.

With the grant from the Missionary Board the claims of your missionary have all been met; the other Connexional Funds pretty well sustained, and over \$400 raised for church and parsonage improvements. Altogether the mission has raised, during the year, over \$1,000.

Most of the materials are on the ground for a brick church at Wilkinson's appointment, and the contract is let for the erection of the same during the present summer. The contract is let likewise for a new parsonage, to be completed in August.

The Sabbath-school interest is not in as flourishing a condition as we desire. At present we have but two Wesleyan schools in operation; however, another is about to be re-opened, and at one of the appointments there is an interesting union school, carried on, principally, by the Wesleyan and New Connexion Methodists.

Quite a number have been converted, and a class formed, at Desboro', where, hitherto, there has been none; still the membership remains pretty nearly the same as reported a year ago. We rejoice in a growing desire on the part of many of the members for purity of heart, and that some have recently had the desire fulfilled. May grace, mercy, and peace be the abiding portion of this people. On trial, 8; members, 179.

We cannot present a very flattering report of the state of this mission. Circumstances, unfavorable to progress, have worked against us; yet, our congregations have been comparatively good, and a few precious souls have been added to the Church. Our people are generally poor, many of them very poor, hence our very large deficiency. This mission, in its present form, is rather awkward to work. Your missionaries cannot report anything special. The congregations, though on the whole small, have increased. The earnest attention of the people, while listening to the Word preached, encourage us to hope that much seed will yet bring forth much fruit. One new brick church has been erected—subscriptions secured for the erection of another. The mission has raised during the year over \$900 for all purposes, this, in part, accounting for a large deficiency in our salaries. If the mission obtain a good grant from the Committee she can sustain her financial interests. Members, 158.

## VESPRA.

In presenting this report it is felt there is abundant cause for gratitude. Special services held at Minesing last fall, besides augmenting other churches, increased the membership of our own to the number of twenty, fifteen of whom continue faithful, and are returned full members of the church. The Sabbath-school at this appointment is increasing in interest and efficiency; in addition to which, a week-night Bible-class has been organized, under the supervision of a most estimable sister, whose unostentatious, but ever active influence, is felt for good by the entire community. Of other parts of the mission we cannot speak so favorably. Spiritual supineness, as the great bar to prosperity, is deeply deplored; but the large and attentive congregations induce the belief that the seed sown is germinating, and under the gracious influences of the Holy Spirit will yet spring up and bear fruit. After accounting for a loss of twenty-two by removals, dropped, &c., we return numerically an increase of two. Members, 132.

## COLLINGWOOD.

The year just closed has been one of great financial embarrassment in the town, and as a church we have felt its effects in the removal of many of our members, forced to seek employment elsewhere, and in the inability of many others to support the funds of the Society as they had been accustomed, and would still desire to do; but through the mercy of God we have been sustained. Many have increased their givings, and others have been added to our supporters, so that at the close of the year our funds, with one exception, are largely in advance of any former year. Our congregations have steadily increased, so that we find a difficulty in meeting the demand for pews; and although we report a decrease of ten members, when compared with the return of the last year, yet fifteen have professed conversion to God during the year, and added to the church. The attendance on the class-meeting has improved. The prayer-meetings are well sustained, and our very excellent Sabbath-school is requiring more room to meet its necessities; and as we now take our place among the self-supporting stations and circuits of our work, we would express our thankfulness to the Missionary Society for the generous aid given in years past, without which the ministry could not have been sustained, and rejoice in the hope that henceforth Collingwood will be classed among the most pleasant and desirable stations in our work. ## ORILLIA.

During our three years' association with this sphere of evangelical labor, the village of Orillia has more than doubled its proportions, while the region around is developing with unprecedented prosperity; and we are rejoiced to report that, through the Divine

blessing, Methodism advances in equal proportion with the general progress of society. During the last three years the membership has increased from 63 to 118; the missionary contributions from \$63 to \$204; the connexional collections from \$26, for village and country united, to \$52 for the village alone; the Circuit finances from \$300 to \$600; and the church debt has been greatly diminished, without any extra appeal to the people, to the amount of nearly \$1000. We do not give these items in a boastful spirit, but to show the friends and supporters of our missionary enterprise that the field of Domestic Missions in Canada renders, in realized results, returns not inferior to those reaped in the most successful portions of the missionary world. Giving all the praise to God, and subordinately to faithful and efficient laborers in this rising place, where Methodism was represented fifteen years ago by two families, we now possess an elegant brick church, capable of seating some hundreds, and stately filled with an intelligent and liberal congregation, who even now talk of enlargement as a not distant necessity; a Sunday-school of more than 200 children on the books, and a brick parsonage which in size, convenience, and excellence and salubrity of site, is equalled by few in Ontario. The experiment of detaching the village from the country, and constituting the latter into a separate mission, which was made a year ago, with some anxiety, has resulted favorably. The congregations and membership have increased on either field, and the finances been considerably augmented. The promise of yet better things to come is bright and cheering; and we leave this mission, feeling assured that the church has only to adhere faithfully to the great principles entrusted to her charge, and she is certain of planting the standard of a prosperous Methodism, and an experimental Christianity, in this northern region, to an extent not exceeded in prosperity by any part of our work in Canada. Members, 118.

ROBERT FOWLER.

RUGBY.

This mission was formed last Conference, by taking four appointments from the Orillia work, one from Vespra, and then adding another which did not receive preaching by our Society previous to this year. The aspect which this mission—under the new organization—presented at the beginning of the year, was somewhat discouraging. During the past year I have endeavored to preach Christ and him crucified to the people, as their only hope and ground of salvation. I hope and pray that the seeds of truth, which have been scattered over this field of labor, may yet germinate, take root, spring upward, and bear much fruit.

Financially, the people have done much better than they did previous to the separation. Our Connexional returns are much in advance. The missionary money raised on this newly-formed mission is about one-third, or a little over the amount raised last year. Everything is showing some signs of advancement, and the prospects of our cause on this mission, generally, are of a more hopeful character.

Altogether we have much reason to be thankful for the past, and still be encouraged in the future, "in our works of faith and labors of love." Members, 36, and 3 on trial; total, 39.

#### HILLSDALE AND PENETANGUISHENE.

Hillsdale, last year, was intended as a centre of operations for Flos and Medonte, and parts of Oro and Vespra; but as the south half of the village property changed hands unexpectedly (the building in which we conducted worship being included), and the school-house having been *closed against us*, we were compelled to withdraw our appointment for the last half year; and the slight falling off in some Connexional Funds is accounted for by the course of events there. This being a lumbering part of the country, society becomes more or less fluctuating in its character. Not a few of our friends come and go with the seasons, and removals are of frequent occurrence. Some, however, are settling upon and subduing the sterility of the soil, and at no very distant day will be comfortable and wealthy. Having been blest with good health, we close the second year without disappointments. Society meetings are not prized by some, or held in the high estimation which their importance demands; yet we cheerfully bear testimony to the moral worth and self-sacrificing zeal of our friends generally. New openings are before us. Midland must become a strong commercial point. Members, 198.

#### STAYNER.

Some advancement has been made during the year upon the Stayner Mission. Two new week-day appointments have been established. An increase of ministerial labor has been given to the village. There are also three other Sabbath appointments. The large class in the village has been divided into three, each class holding a cottage prayer-meeting once a week. There is an increase of five in the membership, and an increase in the number of hearers and contributions. An old debt has also been removed from the Stayner Church. Stayner Mission presents an excellent field for future effort. Members, 94.

#### AVENING.

The external evidences of improvement on this mission, this first year of its separate existence, are: 1. Some souls have been brought to Christ, and united with His Church. 2. A parsonage has been bought for \$1,200, and furniture to the value of \$100 obtained. \$250 have been collected and paid on the church at Avening; \$100 expended in improving the church at Cremon, and \$100 on the Sabbath-schools on the mission, making a total of \$1,750 since our separation

Our congregations are encouraging, and we have been favored with some cheering evidences of revival. There has been a very gratifying increase in most of the funds of the church. An old debt of \$100 on the Angus Church has been removed, and the same amount paid on the parsonage debt. A church was commenced in Brentwood under very discouraging circumstances during the year, which we will be occupying in a few days. Another, commenced shortly after in Vespra, is progressing very favorably. The contract has also been given for an excellent stable on the parsonage lot. The minister has been liberally supported. We receive from the mission funds \$200, and pay in about \$320, thus paying all our own missionary money, with a balance of about \$120 over. In addition to this the other funds are liberally sustained. A more agreeable people it would be difficult, if not impossible, to find. Our greatest need is more of the converting and sanctifying power of the Holy Ghost. We have some earnest workers for God. We are praying for the baptism of fire. Members, 131. J. W. TOTTEN.

This Mission is making some progress. We have a few more members; a little more money raised in nearly every department, and some advance in church accommodations. If the Missionary Committee have patience with us, and the Lord blesses us, the Mission will some time become self-sustaining. But this must not be expected too soon, for, besides nearly the ordinary share of financial difficulties with which all are familiar, we have some that are peculiar to Osprey. Members, 126. A. L. The labor on this Mission is arduous and extensive, but the Mission was never more prosperous, financially and spiritually, than at present. There has been some improvement made on our church at Bracebridge, in painting, papering, and furnishing a clock and bell; but it is far too small, although an end gallery was built to it last year; had we sufficient church accommodation, our congregations would, I have no doubt, be increased at least one-third.

Owing, chiefly to the failure of the crops, we were not able to erect any new churches last year, but preparations are being made to build two or three during the summer. The timber is prepared, and

shingles made for a hewed log church in Stisted; with their own work, nearly enough is subscribed to pay for it. At Madill's, the walls of a substantial hewed log church are up, and they expect to have it so they can worship in it by the time the Minister arrives after Conference. The timber is on the ground for a frame church in Huntsville. The mortgage on the parsonage in Bracebridge has been paid, and the release registered. Our church property is now free from debt.

God made our special services a means of great spiritual good to the members of the church, and the conversion of many souls. It is positively necessary to have a young man at Huntsville; and the Quarterly Official Board unanimously recommended another division of the Muskoka Mission, and make Utterson the head of a new Mission, with a young man stationed there, and two men on the remainder of the Mission, to take up new work east of Bracebridge.

Having the oversight of the Morrison, in connection with the Muskoka Mission, I have to travel a distance of 60 miles in length, and 40 in width. These journeys have been performed on foot, on horseback, in a buggy, and sled or sleigh, canoe and boat. In the midst of peril, by land and water, the Lord has graciously preserved my health and life. During my three years I have been nobly sustained by eight colleagues, who have labored with me in "word and doctrine," and by an able staff of local preachers. We have an increase in membership, all the Connexional Funds in advance, and the Missionary money more than \$60 in advance of last year. When I look at the work on this Mission and its surroundings, we are led to say, "What has God wrought?" Members, 120. JOHN WEBSTER.

#### MORRISON

Comprises, as reported last year, six appointments. The year has been one of continuous prosperity, reporting in membership an advance of 31. Attentive and increasing congregations—a spirit of religious enquiry—and growing interest in the general welfare of the church, are features everywhere manifest. Connexional Funds advancing,—and special efforts in church improvement crowned with success. A new church, 30 × 45, in the village of Gravenhurst, will, without doubt, be completed the present summer. Another Wesleyan Methodist Sabbath-school organized and doing well. We received from the Missionary Society \$200, and pay into the fund \$143 31.

The interests of the work, local and general, require that Gravenhurst and Morrison appointments have preaching every Sabbath; while the villages of Severn Bridge and Washago are entirely destitute of any religious services.

In the township of Ryde, at the eastern extremity of Kah-chee-shee-log-a-mog Lake, is a large and rapidly improving settlement, also entirely without religious services. The interests of the field, occupied and unoccupied, require that as soon as possible another man be sent. Members, 87.

## COLD WATER

Notwithstanding drawbacks, we can report progress. We have succeeded in getting the two connexional churches seated. We have eight appointments, two of which are new ones. The people in those places are poor, but promise to do what they can to support the ministry amongst them. Our membership has increased. In conclusion, we thank God and take courage. Members, 49.

## BRUCE MINES.

The past year having been one of great depression in the mining interests of this place, we have no alternative but to report a considerable falling off in our funds. We are, however, firmly persuaded that our friends have acted most praiseworthy, according to their means, whilst they deeply regret their inability to sustain the work as they have been wont to do. Removals and other casualties present a reduced membership; but, in visiting the classes, and in pastoral calls, we have been favourably impressed in regard to the spirituality of our members. Special services were conducted during the winter, and we trust that good was done. Our Sabbath-school is well attended, and will well compare with kindred institutions in more highly-favored places. Members, 65; on trial, 2; total, 67. THOMAS WOOLSEY.

## SAULT STE. MARIE.

We have an isolated position here, on a mission district which measures nearly a thousand miles in length. We have service twice each Sabbath at the Sault, and once in two weeks in the country. We have no increase or decrease to report: we have held our own, and kept up our congregations; and this while other branches of the church have been organizing here. Our quarterly services and class-meetings have been seasons of spiritual joy and great comfort,—we have much hope for the future. We have an excellent Sabbath-school at the Sault, most ably conducted by Mr. Beggings, the jailor of Algoma. A tide of emigration is just moving this way. The excellent lands will induce settlement, and then our work must widen. We have many visitors, to whom we minister in summer, and this gives us a special claim upon the funds of the church, as our visitors from all parts of the Dominion do not contribute to our support only by their subscriptions to our general mission fund. If we get our contemplated railway, with permanent settlers on our new lands, we shall have an important centre here. We are building a large new parsonage. All our funds are in advance of the past. With a membership of 32 we have raised this year, for all purposes, between seven and eight hundred dollars. May God bless the people here, and multiply his elect through all the world. To Christ our Lord be endless glory given.

THOMAS CLEWORTH.

## PARRY SOUND.

Four years ago the first Missionary was sent to this field of labor—then a wilderness. Three years ago the writer consecrated himself to a term of toil among the toilers, and has been amply repaid. At the close of the first year, the Rosseau mission was set off, and has prospered. The second year, McKellar mission was formed. This year the growth of population towards Nipissing demands the division of the Rosseau mission, and an additional laborer to be sent into the townships of Ryerson, Spence, Croft, and Chapman. An ordained minister should be sent to McKellar, who could superintend the new mission. The Parry Sound minister could still superintend the Rosseau mission; but he ought to be released from the oversight of the Indian missions. If this were accomplished, the Parry Sound mission could be consolidated, and would soon grow in numbers and grace. Our congregations are good and attentive. We have an excellent Sabbath-school in the Sound; two others, that are not entirely connexional, are kept open in the summer. The class and prayer-meetings are better attended than last year. Our membership fluctuates with the constant changes in the population. Your Missionary deeply regrets leaving a people endeared to him amid toil, exposure, and suffering. Members, 62.

S. TUCKER.

## McKELLAR.

It is with gratitude to the Giver of all good that we present this report. This mission was formed of a part of the Parry Sound mission, giving to it six appointments, with a membership of 105 at the beginning of the year. I found a great many whose names were on the class-book, but had ceased to attend class, so that we had to strike them off. During the year the Lord has blessed us at our special services,—eighteen were converted to God. We have a church at McKellar, and another in course of erection at White Stone Lake. Members, 90: on trial, 18; total 108; increase, 3. J. MOONEY.

## ROSSEAU

Mission should be divided into two, and for convenience I must so divide it in my report—*i.e.*, north and south,—as the two settlements are divided by about twenty-five miles of uninhabited country, and very bad roads. Our work in the north is in the townships of Spence, Ryerson, and Chapman,—here, owing to the good land, the population is rapidly increasing: many of the settlers are members of our church from old settlements, and from these your missionary often hears the Macedonian cry, “come over and help us,” but cannot help them. The south part is at present confined to the township of Humphreys, but might be extended into Christie and Cardwell. On this part of our work we have two handsome churches not quite finished, but are used for public worship, Sabbath-school, &c. On the whole mission we

There has been a slight progress in financial matters: the contributions to the Mission Fund have increased five-fold. Members, 32; increase, 2.

I think it due to the generous hospitality of Captain and Mrs. Burk, of Seguinfalls to make honorable mention of it: they keep a very respectable temperance hotel—good accommodation for man and beast; it is the half-way house between the two sections of our work, and all Missionaries are entertained free of charge; this is a great accommodation and saving of expense, as your Missionary has to stop there, going or coming, once a week nearly the whole year, and often to stay over night. May the Lord reward them, and send prosperity to the Rosseau Mission.

#### MANITOULIN ISLAND.

The lamented and unexpected death of the Rev. THOMAS HURLBURT, which took place on the 14th of April, 1873, at Little Current, obviates the possibility of any formal report from this mission. He had labored with great perseverance and fidelity, both among the white population and the Indians, with some success. In response to the wants of the Immigrant and the calls of the Indians, it is fervently to be desired that God in his great mercy will furnish the Society with suitable men,—of courage and experience, of love for souls, and a self-denying spirit, to carry on the great work which has to be done in this immense, but painfully destitute, part of our country. In 1872 fourteen members were returned.

#### SILVER ISLET.

Our first year's labor on this mission has been in many respects successful. At a census taken just before the opening of navigation, the population of the village was reported at 480; of this number about 260 are Protestants, and these represent a variety of denominations. We have regular congregations of from one hundred to one hundred and twenty, and have a Sunday-school with an average attendance of thirty. We have established a class, and have been permitted to rejoice over some conversions. We have set in operation a strong temperance organization, which has widened our influence and increased our congregation. The kindness of the Silver Islet Company has been uniform: one gentleman gave thirty dollars for supplying our preaching place with bibles and hymn books. The people have not only liberally sustained your missionary, but have purchased and paid for a cabinet organ for our services, worth two hundred and fifty

dollars. We expect a large increase this year in the number of men employed at the Islet. Members, 11 ; on trial, 1.

JOHN H. KEPPEL.

#### PRINCE ARTHUR'S LANDING.

In presenting the first report of this new place, the Missionary feels that there is much cause for devout gratitude for the blessings of the past year, and many things to encourage for the future. When he came here ten months since, with difficulty he found a place to lie down in at night, except by camping out, or lodging in a whisky shop. Finding, in the survey of the town plot, two lots set apart for our denomination, as soon as possible on one of them he erected a little home, and at the end of six weeks after landing took possession of the first Protestant minister's house erected on the north shore of Lake Superior.

The visit of the President of Conference, J. Macdonald, Esq., and other friends, much encouraged the Missionary, as they subscribed \$500 towards a new church, and gave him words of cheer. In November last the opening of the school-room of our new church took place ; and we have found it very convenient, not only for our Sabbath-school, but for our regular services, as the upper part of the church will not be finished for some time yet. Many of the people leaving for the winter at the close of navigation last fall, we expected but a small congregation after this ; but, contrary to expectation, our school-room has often been more than comfortably filled, even in our coldest weather.

The state of the population here is such, and, for the present, so powerful are adverse influences, that we have not had that apparent spiritual prosperity we earnestly desired ; but we labor in hope, believing that the Master has called us, as a church, to do a large share of work for Him in this place and surrounding country. While the interests of the village have not been neglected, it has given us much satisfaction to be able to visit some of the mines that are opening about our Bay, and the services held among the miners have often been profitable ; and the tracts too, distributed, have been very useful. We have been during the winter somewhat uncertain as to Thunder Bay becoming the terminus of the Lake Superior branch of the C. P. R. R. If it be determined to make this place the terminus, then we shall feel encouraged to push on with the completion of our church. A very great, interesting, and rich country will be opened up by the Pacific R. R., and abundance of earnest work will devolve upon us as a church ; but, as in other places, strong drink is a fearful curse, and a great hindrance to the Gospel. Owing to the unsettled state of things here, and so many leaving the place last fall, we are able to report only 12 members.

This is likely to remain mission ground. The drawbacks to its prosperity are the large proportion of Roman Catholics in the population, and the impossibility of giving our people a service every Sabbath day at each appointment. We are enabled, however, to report some prosperity during the year. After losing our most wealthy appointment by altering boundaries, we contribute more to the Mission Fund without it than we did while united: other funds also are in advance of previous years. The congregations are on the whole increasing; the people are kind; the official board a model of harmony and unity; one new Sabbath-school started, and the membership increased: removed, 10; withdrawn, 2; dropped, 9: present membership, 99; increase, 5.

J. SMILEY.

**HORNING'S MILLS.**

We have good congregations. Attendance at class-meeting is generally good. Connexional collections slightly in advance. Missionary money one-fifth more than last year. Some souls have been converted to God, and added to the church. Our Sabbath-schools are in a prosperous state. All things considered, we feel that we have reason to thank God and take courage. Members, 115.

**SUTTON, Ont.**

On arriving on this field of labor, in the early part of November, 1872, we found the people somewhat discouraged, on account of their being without a minister from July till the above date; they were like a flock without a shepherd, and many of them had wandered from the fold. We commenced our labors in the name of the Lord, and he (praise his holy name) owned and blessed the feeble efforts made, and the result was about forty joined the Society. There is a deficiency financially, but we hope for the best. Members, 81, not including the Indians; 41 of our members have removed during the past year.

BEAVERTON.

In closing the term of years permitted me to spend on the Beaverton mission, it seems natural to reflect and compare present with past. It is with deep gratitude to Almighty God that we are enabled to report some advance in the work of Christ during the past three years. On coming to this mission we found fifty-six names on the circuit book; we now report ninety-five in good standing. This increase is all the more appreciable when known that no less than forty-five have removed and eighteen dropped, and only fifteen received from other circuits. God has been with us in all our labors—in special meetings and under the ordinary services; which is evidenced by at least sixty-eight conversions on the mission in the three years, the greater part of which continue to the present, and witness a good confession. We have turned special attention to the interest of children in all parts of the mission, and have succeeded in organizing five Wesleyan Methodist Sunday-schools, there having been no Sunday-school on the mission when we came. We have relieved our churches of some of their debts: Fairvalley church has been lessened from \$200 to \$40, and Beaverton church from \$300 to \$200, also paying the interest. The Connexional Funds are all in advance; and though the two first years of your Missionary's salary was largely deficient, this year we return the mission clear. The spirituality of the members is advancing,—several have experienced the blessing of "perfect love," and are now living in its enjoyment; which is a salvation all our members seem to be looking for and expecting. May God grant it them, and to all in our Church.

A. C. WILSON.

MANVERS.

We are truly thankful to the Lord for the mercies of the year. Sinners have been converted, and the church blest. We have to mourn over some who have fallen, but trust that they may yet be restored. All our finances are in advance of last year. The Quarterly Board almost unanimously requests the Conference to change the relation from "mission" to "circuit." They hope, with help from the Contingent Fund for a few years, to be able to support their minister.

**CAMPBELLFORD.**

This mission has been favored with prosperity ; its finances are in advance of the previous year, and its resources are being more fully developed. In Campbellford more church accommodation is contemplated and required, to provide for the increasing population and the extension of the work of God. At one of the country appointments steps have been taken for the erection of a new brick church, and about \$800 subscribed; and \$62 have been expended in parsonage furniture.

In our ordinary means of grace we have had times of refreshing ; the power of God has been displayed in the salvation of souls. As this is the last report from the Campbellford mission, the officials tender their thanks for the help rendered by the Missionary Society, and desire hereafter and for ever to be placed on the list of circuits. Members, 155. R. POTTER.

**HASTINGS.**

In finances this mission stands well ; there is an increase on the Missionary income of one-fourth, and all the other funds are a little in advance. We have paid the balance on a mortgage, and secured the deed of the church property in this village, and furnished the parsonage house with stoves. We have secured half an acre of land at one of our country appointments to erect a church on ; are succeeding well with a subscription, and intend to build this summer.

I regret that my return of members shows a decrease of twenty-five ; the chief cause, the principal factory in this village closed last fall, causing the removal of two most excellent class-leaders, the leader of a good choir, some principal singers, and others, to the number of twenty-seven ; ten have been dropped, while we have only received eight. Yet still there remains some loyal Methodists, who are determined to live to the glory of God, and to serve the interest of his cause,—and none more than Brother Ashton Fletcher, who has been a fellow-helper indeed, preaching every Sabbath, leading a class, attending and generally leading a weekly prayer meeting, and generously sustaining the cause. **WARSAW.**

If we have not witnessed all the fruit of our toil in the cause of God on this mission—in the Conferential year just concluded—which we could desire, yet we have been favored with sufficient success to be saved from great discouragement. We have not labored without difficulties and trials, nor have we without joy and success. Our work has not been marked by any sudden and unusual manifestations of Divine power and grace, but by a steady and, we trust, permanent progress. Our four day's meeting at Grant's church, in which we were favored with the kind assistance of Brothers Fish, Winter, Edmison, and others, and also our other special services, were graciously blest in the quickening of many of the members of the church, and in the conversion of a few souls,—but still the good effected was far short of what our prayers and faith desired and asked.

Financially, this has been the best year in the history of this mission. May the great Head of the Church abundantly pour out the Holy Spirit on this interesting mission, and make it spiritually "bud and blossom as the rose." Members, 97. JOHN W. WICHER.

**BOBCAYGEON.**

In the village God has graciously poured down his Spirit,—souls have been converted, and those who professed his name have been built up in their most holy faith. Most of those who connected themselves with our beloved Methodism are heads of families, who will be a stay and support to our cause. We have now in course of erection, in connection with the Bobcaygeon church, a large shed, 100 x 24: an improvement very much needed. The Sabbath-school in the village is in a most prosperous state. They have just added one hundred volumes to the library; they take fifty copies of the "Advocate" and eleven copies of the "Banner." Throughout the whole mission our congregations are large. The people are exceedingly kind, and do what they can towards the support of your Missionaries. By care and attention, we have no doubt that in a few

#### MINDEN.

On November 14th, your Missionary arrived at Minden. The spiritual state of the mission was very low; they were not only without a minister, but had been for nearly two years without prayer-meetings or class-meetings, and for more than two years without a Sabbath-school. During our first visit around the mission we succeeded in re-organizing four classes and two prayer-meetings. We also have re-organized a prosperous Sabbath-school in the village of Minden. In the winter season an effort was made to raise funds for the building of a parsonage, which is now in course of erection.

The good Word of God, accompanied by the benign influence of the Holy Spirit, has not been spoken in vain. All our services have been "seasons of grace and sweet delight;" believers have been quickened, mourners comforted, and sinners have been led to give their hearts to Jesus. To God's name be all the praise for all the good accomplished. Members, 73.

#### FENELON FALLS.

We have devoted but little time to special protracted services; but steadily, week by week and day by day, we have been sowing the seed and gathering some sheaves; seeking the lost and bringing some to the fold; comforting the sick and sorrowing, and trying to lead on the lovers of Jesus in ways of holiness and works of usefulness.

Last November, in response to an urgent call, I took up a new appointment in an adjoining township, where we have now a class of eleven members, and have lately started a Sabbath-school. At another appointment, where the cause was very weak, a class of four has increased to sixteen; a prayer-meeting commenced at Christmas has been well attended since; and a new Sabbath-school has been organized this spring, with seventy scholars and a fair staff of teachers. At the two principal appointments the cause is in a healthy and growing condition. At only one of our preaching places are there signs of declension, owing principally to removals. All of our Sabbath-schools, five in number, use the International Series of Lessons, and highly value the admirable aids to teachers and scholars published at our Book-room. Our classes, seven in number, and our prayer-meetings, four, are pretty well attended, and are hallowed by the Saviour's presence in the conversion of sinners, and the quickening of believers; the preaching of the Word has been owned of God to the good of

many souls. Though we have lost heavily by removals, yet we are grateful that we can report an increase in our members. Present membership, 132 ; on trial, 8. W. C. WASHINGTON.

COBOCONK.

This mission has been frequently united to neighboring missions. It was last with Bolsover, and left very weak, and the members much discouraged. Trusting for Divine guidance and support we organized an official board, and strove to advance the work of the Lord. A house and lot for a parsonage have been purchased, and furnished with stoves, bedsteads, and chairs, and lumber for a new church. We have three Sabbath-schools doing a good work for the young. We have forty-seven members and seven appointments. The kindness and generosity of members and friends will be long cherished by us. Members, 47. WILLIAM SUTTON.

WOODVILLE, Ont.

The interest of Methodism has been steadily advancing on this widely-extended field. Our membership is not very large, but at each appointment we have a few good loyal Methodists. Your missionaries have been enabled to keep up the work regularly, and have been encouraged by increased congregations and more marked and devout attention paid to the Word. At Kirkfield we had a season of refreshing last Fall, the results of which have been felt during the whole year. A new brick church at Hartley has been built, at a cost of \$1600, all paid or provided for. At Woodville, where our cause is only in its infancy, we have succeeded in establishing a regular prayer and class meeting, and organizing a flourishing Sabbath-school, with an average of over fifty scholars. All the funds of the church have been liberally sustained, according to the means of the people, and more systematic efforts made for the support of their own ministers. Although we have nothing marked and special for report, yet we have had a year of general prosperity. Peace and harmony pervade the entire field, and the common prayer of all is, "Lord, revive thy work." Members, 146. ROBERT McCULLOCH.

BLAIRTON.

This mission was formerly called "Havelock Mission," and is now in a prosperous condition. During the past year our Heavenly Father has been pleased to answer the prayers of the saints, and command his blessing on the preaching of the Word. Many backsliders, whose names had been continued on the church register, have been quickened again ; others, who had gone out from us, have been reclaimed, and many have for the first time experienced the blessedness of being "saved by grace through faith." good, and in the village of Blairton increasingly large. At most of our appointments there is an evident increase of spirituality. Our Sabbath-schools are efficiently worked, and are prosperous.

We have built a neat and commodious parsonage, &c., at a cost of \$825, with a good prospect of paying for said buildings. A respectable sum in cash and subscription has been secured for the parsonage fund.

In finance we are steadily progressing; but it is painfully evident that many of our friends have yet to master the rudiments of Christian liberality.

The prospects of this mission are encouraging. The Quarterly Meeting has requested an additional preacher, which we hope will be granted. The mission is too large for one to work properly. During the year the following changes have been realized,—5 have died, 17 have removed, 2 withdrawn, and 7 dropped. Present membership, 93; on trial, 38. We report 7 of an increase. T. W. GLÓVER.

#### HALL'S BRIDGE.

We feel thankful to Almighty God that, although our affliction during the past year has been long, severe, and still continued, our lives are still continued.

Perhaps in no part of the connexion have the members paid a larger average amount towards the support of the minister, and he has received unmistakable evidence of their great kindness in various other ways; but one year of servitude here, in addition to the past, ought to be sufficient, therefore I hope to have a change. All the funds are in advance, and the membership has increased, so that we can now return 20 full members. J. HODGSON.

#### CHANDOS.

This mission extends to five townships; its extreme length about forty miles; we have five Sabbath and five week-night appointments, four of which we established this year; but, for want of a suitable place to hold service, we are compelled to give up one of our Sabbath appointments for the present. We have reason to feel grateful to God for the temporal and spiritual blessings we have enjoyed.

We can report an increase in all the collections, and for the Missionary Fund we are able to report an increase of over two hundred per cent. above last year. The people have not only given freely to all of our Connexional Funds, but have liberally supported the Missionary laboring amongst them. The best of all is that God has been with us, blessing the feeble efforts of his unworthy servant, to the awakening of sinners, the conversion of souls, the reclaiming of backsliders, and the sanctifying of believers.

We have had four removals, one member dropped; we report 39 full members, and 5 on trial; total, 44; being an increase of 8.

While the scenes of our three years' ministry with this people close, we cannot but express gratitude to God. No year has passed without divinely accredited seals of Wesleyan instrumentality.

During the past year we have had but few conversions, but enough to prove that the Gospel is still the "power of God unto salvation" We have received on trial sixteen, and four from other circuits; but, owing to twelve removals and eleven dropped, we report a decrease of three. Members, 130. J. C. OSBORNE.

**FLINTON AND ADDINGTON ROAD.**

God has been blessing us on this mission during the past year. Souls have been converted and believers refreshed and quickened. Thirty persons have been received into our Societies—twenty-eight on trial, two from other circuits. We have lost, however, by removals, seven; death, three; dropped, six; leaving us an increase of fourteen. Our present membership is 72.

During the winter we devoted all the time we could spare to the lumbermen,—preaching, distributing tracts, selling Bibles, Testaments, and useful books among them. From the attentive manner in which they listened to the word, and the great pleasure expressed by them during our visits to their shanties, we are led to hope that some good will result from those efforts. JOHN TOZELAND.

**L'AMABLE.**

Our experience in the past year, has been much chequered; we have had seasons of joy and depression; we have witnessed scenes in the sanctuary and in the humblest dwelling that must have occasioned joy in heaven over the prodigal's return; and others that have disgraced the Christian cause, and produced joy in the bosom of those who wish not well unto Zion.

By the assistance of Brother Pope the work has been carried out more efficiently, and the boundaries of our mission much enlarged. Considering existing circumstances, the people of this mission, financially, have done well.

Mission seems more interesting as time advances, particularly the wide open door of usefulness among the lumbermen. During the past year the cause of the Redeemer has prospered; at several of the appointments many have been seeking for Jesus, some have been converted and united with us in church fellowship; others are leaning to other branches of the Christian church. The settlers have endeavored to hold up the hands of your Missionary by contributing to his necessities in every possible way; it may be said of them, "they have done what they could." The mercies of another year demand our utmost praises, for although threatening storms and deep floods were in our path, the God of Jacob has been our help, graciously assisting in the ministry of the Word, and a few souls have been saved. Such working of principles, developing of character, and over-ruling of events are, I think, seldom seen. They have required the experienced eye divinely assisted, and undaunted fidelity to God to deal with them. We have lost some who became disaffected; but we now have peace and unanimity in all our borders. Our numbers have not decreased, while the vital piety on the mission has improved. The finances are as good, or better than ever, and our Missionary contributions are twenty-five per cent. in advance. Praise the Lord! Members, 66.

#### GANANOQUE.

The blessing of the Lord still rests upon his cause in this thriving village. Throughout the last summer our services were held in the drill-shed, and we were thereby somewhat hampered in our operations; but by the time winter set in the basement of our new church was so far finished that we were able to return to it once more. The main portion of the building was dedicated to God's service on March 16th, by Rev. G. R. Sanderson, Chairman of the District; other services being held during the day by Revs. J. Roy, M.A., and Wesley Casson, former pastors of the church. Our friends have given freely and largely, but the financial burden still resting upon them is heavy. We have now, however, an elegant and commodious church, a rapidly increasing congregation, a large-hearted and energetic people, with not a few praying for holiness and the revival of God's work. There have been some conversions during the year, and we have faith to look upon them as but drops before the teeming shower. Our Sabbath-school has largely increased and is doing well. Connexional funds all in advance. Members, 100.

We entered upon the duties of this mission with reluctance and some fears, but with an earnest purpose, in dependance upon Divine help, to build up the cause of God. God has graciously been with us in all our labors, so that we are able to report some degree of spiritual and material progress. The parsonage has been improved, and a cumbersome debt cleared off. Improvements have been made on two churches, and a new one in course of erection at South Lake appointment will be ready for dedication next fall. The Connexional funds have been well sustained ; the total of money raised for church purposes amounts to about fifteen hundred dollars. The congregations are generally good, the class-meetings at some of the appointments well attended, and God has blessed the preaching of his word to the restoration of wanderers and the conversion of some souls. The future prospects of the mission, we think, are encouraging. Full members, 161 ; on trial for church membership, 14.

#### CENTREVILLE.

This has been a year of unbroken peace and general prosperity. We were greatly cheered by a refreshing revival influence at Centreville appointment, during which between sixty or seventy presented themselves as penitents. God was unto us "as the dew unto Israel." Though, after all our accessions, we report an increase of only twenty-four. The painful and protracted domestic affliction mentioned in my last report is now greatly lessened. The Mission funds have advanced one-half. We leave this agreeable people with reciprocated feelings of kindness and prayers for success. Members, 127. E. L. KOYL.

#### HARROWSMITH.

The membership at the beginning of the year was 120 ; that number has been reduced to 101 by deaths, removals, and those who have been dropped. Two revival meetings have been held, in which Brother Neville, of the Newburgh circuit, took a very lively part, performing efficient and successful service, resulting in the conversion of some fifty or sixty, and thus making the present membership 150. The funds are all in advance, but one. The Missionary subscription list is fifty per cent. better. The parsonage debt of long standing has been paid, and the premises improved by the erection of a new fence along the front and a pump in the well. At Hartington, forty thousand of brick is on the ground to build a church, to be commenced at once. Members, 150.

The Lord has graciously favored us with his presence since our appointment to this mission in February. Since then we have suc-

Owing to many of our ablest supporters having removed from the mission, the Connexional funds are a little below last year ; whereas the expenses of the mission being greater this year than last, and the Missionary grant not so large, we are obliged to report a small deficiency. Membership returned last year, 61. We report this year, 64; on trial, 3; full membership, 61 ; total, 64. J. G. CROZIER.

In our last year's report I stated that the friends intended to erect two new churches; I am glad to say that they have succeeded, and now we have two churches on the mission: they both require some finishing, but am glad to say they are clear of debt. year, and have enjoyed no small degree of the Divine presence in the ordinary means of grace, and also in the special effort, which lasted for five weeks, in our church at Harper's Corners. These means have been attended with the usual blessed effects, viz., the awakening and conversion of sinners, the reclaiming of backsliders, and the edification and increase of piety, if not the entire sanctification of believers. We are thankful that instead of a large falling off of income, which was feared in the beginning of the year, owing to the heavy loss which some have suffered who had been our largest subscribers, we are able to return a handsome increase.

We received twenty-four persons on trial, two died, thirteen removed, six were laid aside because of neglect, and one withdrew. We returned seventy members and twelve on trial. Two of our Sabbath-schools assemble winter and summer, the others only in the summer season. Our people here are not restless or anxious for change, but are united and willing to do what they can; they, however, are too few to become self-sustaining, consequently will require aid for some time. #### PLAYFAIR.

We present a brief statement of the work on this mission during the past year, with feelings of devout gratitude to God who is the Author of all good. There has been a steady improvement in the congregations during the year; but we are sorry that in reference to so many who sit stately under the preaching of the Gospel, we have to take up the lamentation of the prophet, "Who hath believed our report, and to whom is the arm of the Lord revealed?" Aided by our excellent local-preachers, the Gospel has been regularly and faithfully preached at each appointment, and not without tokens of the Divine presence and blessing. Our congregations have frequently been visited with gracious and moving influences from on high. Two new libraries for the Sabbath-school in Playfairville have been purchased, and the school is in a healthy and prosperous state. We have fenced the lot on which the church stands, and added a kitchen and shed for wood to the parsonage house. All our improvements are paid for. The Con-nexional collections are a little in advance of last year, and there is no falling off in the receipts for the Missionary fund. Two of our members have died and gone "to be for ever with the Lord." Members, 70.

#### MABERLEY.

Our people on this mission are kind and liberal. We have never met with any who contributed more according to their circumstances. They have raised one-third more this year for the Minister's support than they have done for a number of years past, and we report our claim being met in full, which is the first time since the formation of the mission. God has been blessing the proclamation of his word, and

#### FITZROY HARBOUR.

This little mission possesses a parsonage, two churches, and a burying-ground. One of the churches and the burying-ground acquired by my predecessor have been since secured by registered deeds. The embarrassing debt on the church property when we came here is now one-half liquidated, and there is the prospect of soon paying off the remainder. Considering the circumstances of the people our funds have made a respectable advance each year. As an important appointment from the Pakenham and Arnprior circuit is now being united to this mission there will be a larger field to cultivate, and so much less required from the Mission Fund. Though not favored with the prosperity we desired and labored for, we have been cheered in seeing a few brought to Christ, and our people increasingly confirmed in their attachment to the cause God has honored in their conversion. We believe our influence is gradually deepening and extending in the community. Members, 48.

The work of God on this field of labor has prospered during the year. Some have been converted, and have united themselves with us. About \$2,400 have been raised to pay for our new church at Renfrew, which was dedicated to the worship of Almighty God last December, by the Rev. Dr. Taylor and the Rev. R. Whiting, Chairman of the District. We are thankful to be able to say that there has been an increase of members, and of all the funds each year of our incumbency on this mission, and that the congregation in the village is much larger than it formerly was. We are thankful to God for success, material and spiritual, during the past three years, and to the people for many tokens of their good-will towards us. Members, 64; increase, 10; baptisms, 46.

Wilberforce we have undertaken the finishing of a church—the frame of which was put up about eight years ago—and have already expended thereon about \$130; and on the parsonage a debt of \$30 has been paid. Financially, our returns, both circuit and connexional, are considerably in advance of past years. Spiritually, we have much for which to be thankful to God. His presence has been with us, and our labor has not been in vain. We have taken up some week evening appointments in neighborhoods where there is no Sabbath preaching. The Word appears to be gladly received. Eight souls have united with us during the year. On the other hand, two were dropped, four removed, and one died. Our present membership is 61.

W. NORTON.

#### ONSLOW.

Our third year's experience on the Onslow Mission has been one of peace and prosperity. Our people are exceedingly kind, and are becoming more interested, year after year, in the extension of the Redeemer's kingdom. We cannot report as great an increase as we did last year; but the good work has been gradually progressing. During every quarter of the year numbers have been added to the Church; in the ordinary work precious souls have been brought to Christ. We have just dedicated a church at the North Onslow appointment. We have a good parsonage and three churches. Financially, we are in advance of last year. Financially and spiritually, this mission stands among the foremost missions on the Pembroke District. Members, 130.

J. H. STEWART.

#### COLLFIELD.

On the portion of the mission embracing the township of Leslie the congregations have been good, and contributions for the ministry liberal. Constantly some of the Canadian converts from Rome have taken part in the religious services, and have been attentive hearers of what is to them new doctrine. The employees of the Gilmour lumbering firm have been most considerate to the missionary; their influence in regard to Sabbath observance has been leavening, and their financial aid well timed. Through their effort a stable has been erected for his horse, where formerly it was left during Sabbath unsheltered, and by a liberal lead in giving, have succeeded in providing a sleigh for the use of the mission. On other confines of the work, encouragements and discouragements are in alternate balance, calling for as well as trying to patience and perseverance. By alteration of boundaries some members are given to a neighboring circuit, and 54 are now returned.

S. E. MAUDSLEY.

#### MATTAWA.

The village of Mattawa is situated on the junction of the Ottawa and Mattawa rivers, one hundred miles above Pembroke, and consists of about one hundred and fifty inhabitants; but bids fair soon to

become a village of some importance. Here there is a mixed congregation of about fifty persons of various Protestant denominations. At Point Alexander, seventy miles nearer Pembroke, where there is a congregation of about forty, a class of twelve members has been formed, partly the result of three weeks' special services. There are five other congregations on this mission averaging about twenty each. Your Missionary visited 16 lumber shanties, where he found the men, without exception, civil, and the most of them paid marked attention to the Word preached. He also visited nearly all the lumber depots, pioneers' cabins, Hudson Bay posts, and even the taverns, reading the Scriptures and having prayer in most of them, and preaching in all of them in which a congregation could be collected. He met a few young men with hearts full of the love of God, nobly struggling with the temptations of shanty life, who expressed themselves as being greatly strengthened by these visits. Those places visited by him are scattered over an area of nearly two hundred and fifty miles, to be travelled in summer mostly in open boats, bark canoes, and on foot; in winter by horse and sleigh. He has endeavored to sow the good seed beside all waters, and earnestly solicits of all lovers of the missionary cause their most fervent prayers, that it may not have been sown in vain. He baptized thirty-two children, and received twelve members.

I am happy to say that for a few months past we have had peace, but many of the sad effects of its long absence yet remain. Among many causes of discouragement, I would record my grateful acknowledgement of kindness received from many persons on the mission, and there are several whose liberality in sustaining the funds of the church I have not found exceeded in any previous field of labor. Our connexional funds are all in advance of last year, and some of them more than double. I hope and pray that better days may soon dawn upon this old Methodist field of toil. Members, 41.

## BELL'S CORNERS.

It may appear strange to many, and not agreeable to the feelings of others, to see this field of labor, which for many years sustained the honorable relation of an independant circuit, placed now upon the list of missions; but this anomaly has not occurred because Methodism is dying out upon this long occupied field, but is owing to the general destruction of property, caused by the disastrous fire that swept through this part of the country on that painfully memorable evening of August 17th, 1870, leaving many of our wealthiest and most liberal supporters homeless and for the time being without the necessaries of life,—the destroying element having nearly consumed everything combustible on their farms. Hundreds on the sad morning after the fire beheld their recently well-improved premises a burning waste.

While so thoroughly occupied with the temporal affairs of the church, the spiritual has not been neglected. Our Sunday-schools have been conducted with increased energy and interest, over \$50 having been raised for library purposes. The district camp-meeting held last June upon this mission was attended with beneficial results to this and the adjoining fields of labor, although that general interest was not taken in it by our own people that we desired, yet those who did come up "to the help of the Lord" were greatly blessed, and some precious souls were gathered into the fold. Members, 213.

W. W. LEECH.

## LONG ISLAND LOCKS.

Though there is not the prosperity on this Mission that could be desired, yet the work continues in a fair state. The majority of the Protestants in the township are Presbyterians, having their own services and ministers. Our work is somewhat scattered, with long journeys. Several of the members have removed, chiefly to the city of Ottawa, so we cannot report so many as last year. Three are received on trial; Members, 89.

S. DOWN.

## OSGOODE.

In the autumn and early winter we spent fifteen weeks of unremitting revival service. Till did not go unrewarded. The Lord graciously sent "showers of blessing." The fruitage of past labor has been seen in the conversion of souls, reclaiming of backsliders, and quickening of believers. The debt upon the two churches have been liquidated, and a spirit of liberality engendered. Two Sabbath-schools have been organized and worked efficiently. We have sustained a loss of 8 members by removals and death, yet still we are enabled to state that we have an increase of 15 over last year. Two on trial; 122 full members. Total, 124.

SAMUEL TEESON.

## BEARBROOK.

The year has been one of arduous toil; we have spent many weeks in special services, made a large number of pastoral visitations, —experienced many soul-refreshing and blessed times. We have been called to follow two of our oldest members, who died in triumph, to the grave. Two old appointments laying destitute of any means of grace, have been remissioned, making now six. J. ROADHOUSE.

## GRENVILLE.

Spiritually speaking, there is much here to encourage. Some of the very excellent of the earth are living among these mountains, and up along these rivers. Those particularly I allude to come from the Highlands of Scotland. As a specimen, one of them, who died last fall in her ninety-ninth year, came out to this country a consistent Presbyterian; but, after being here some short time, and having heard divine truth through one of our Methodist ministers, she became dissatisfied with her religion. She then continued to labor under doubts and fears for thirty years, and all these doubts and fears were lest she might not be one of the elect. But, having heard a sermon by the Rev. Henry Shaler, she was delivered from all her doubts and fears, and continued for thirty years longer to enjoy a free and a full salvation. Glory to God! She has gone home to be with Jesus, and has left behind her four daughters and some grandchildren, all rejoicing in the same salvation. The church in the village has been re-seated, and a stable built; and also another church up in Arundel lathed and plastered inside, during the year. Members, 56.

JOHN CORBETT.

## THURSO.

There has been no marked change in the features of our work on this mission during the year. The difficulties are not less, or the prospects more encouraging than they were last year. Your Missionary has had somewhat severe domestic and personal afflictions, but our Chairman sent a supply for my work, friends have been kind, and the Lord has brought us through. Considering the number and ability of our people, the amount raised for our Missionary Society is large, and we still ask for the favorable consideration of the Committee. Members, 37.

R. NEWTON ADAMS.

## NORTH WAKEFIELD AND TEMPLETON.

We are thankful to be able to report encouraging progress both financial and religious. Special revival services have been held throughout a great part of the year, and many have been led to Christ. The connexional funds have been well sustained. The missionary fund is over one-third more than last year. There is also a growing interest in Sabbath-schools, manifested by an increased attendance, and also by liberality in furnishing good libraries.

AYLWIN.

The work of God on this extensive field has steadily progressed during the year. The mission is about sixty miles long and thirty wide, necessitating a great amount of travelling to do the work. We have ten Sabbath appointments, and a full board of officials. We have a comfortable parsonage and substantial frame churches; one of the churches erected this year at Kazubazua was dedicated by the Chairman, with appropriate religious services, on New Year's Day, assisted by Brothers Leech and Hammond. These services did the mission much good. We purpose adding another church to the list this summer at the Danford. We have a kind and generous people on this mission, willing to do all in their power to sustain the cause of God in their midst. Members, 141.

ROCHESTERVILLE MISSION.

This mission commenced about the beginning of November last. My labors have consequently just extended over the last six months of the year. Since then the mission has extended clear across from Ashburnham Hill, through Rochester ville, LeBreton's Flat, and the Island, to the village of Hull. The total number of visits and calls made by me during the same period have been 540. The number of sermons preached by me have been 93; prayer-meetings attended, 50; classes met, 25; and baptisms performed, 20. During the six months four adult classes have been organized, making five now existing, besides a class of children, comprising twenty names, half of whom at least are truly converted. On the whole I must express my gratitude to the greater part of those with whom I have stood associated, for their cordial co-operation. I leave upon the ground six leaders (including two females), seven stewards, three local preachers, and one exhorter. The membership is strictly a class-meeting attending one; and so far, the lovefeasts have been select and private. A Ladies' Aid Society has also been organized. On trial, 17; Members, 66; Total, 77.

#### LACHINE.

At the close of our second year of labor on this mission, we are able to report that the work of God is steadily advancing. The progress has not been as rapid as we could have desired, yet, considering all the adverse influences with which the cause has had to contend, we find great reason for gratitude and encouragement. The large debt upon the Lachine Church has been materially lessened, and we hope in a few months to report both of our churches free from those weights which have hitherto hindered us in our operations as a church. During the twelve months nearly a score have removed from us, while, to replace these, the Lord has added to our number such as we trust shall be saved; so that we are able to report a membership the same as last year. Members, 29.

THOMAS COLLING.

#### CHAMBLY.

Our cause here has been considerably weakened during the past year by the removal of five families, including five members; but the few that remain still evince their attachment to our church by their liberal contributions to her funds and regular attendance on her ordinances. During the winter our congregations were much reduced, but they are now nearly as large as in former years. Members, 12.

JAMES MASSON.

#### ST. JOHNS.

The condition of our little church in St. Johns continues to be one of great peace and harmony. JOHN BORLAND.

#### ORMSTOWN.

We are thankful to be able to report some progress on this mission. Our congregation has increased considerably during the past year. There has been also a large attendance on the Word in most of the school-house appointments. We have had some conversions to cheer us, though our expectations and wishes in this respect have not been realized. Our present membership is 83, being a net increase of 8, after deducting some removals.

Our Connexional Funds are all decidedly in advance of last year. We have experienced much kindness during the year from the people of this neighborhood, both within and without the church.

W. K. SHORTT.

---

#### HUESON.

A report of this mission, if written in full, would be a record of labor, affliction, and little success. The sick and dying have been visited, and told the story of the Cross, with tokens of the Divine favor and the comfort of the Holy Spirit. The appointments have been attended regularly, with few exceptions; the exceptions were caused by family afflictions and an impassable state of the roads. Members, 38.

A. D. MILLER.

---

#### LACHUTE.

This year we have had cause for gratitude to God. Our congregations have been good and attentive. In all our ordinances there has been a marked religious feeling; and so far as we can judge at the present time, harmony prevails among the members. We have lost two by death and three by removal. We have at present 111 members.

SAMUEL G. PHILIPS.

---

#### NORTH GORE.

On this mission we have great reason to be thankful to God for His goodness to us during the past year. Our services have been well attended, and several sinners led to the Saviour. Thirteen have joined the church, and at present there appears to be a deep spiritual feeling all over the mission. It was thought last year by many that on account of the great number of leading members who removed, that the cause would fail in the Gore, but it has only led to an increase of zeal and liberality. Our people show that they are determined to support the cause of God. Members, 91.

WILLIAM KNOX.

## NEW GLASGOW.

Through the goodness of God we have finished our full term of labor on this field. They have been three happy years. We came in fear, and leave in sorrow, for the people have been exceedingly kind and liberal, almost beyond their means. And though we have not seen many souls gathered in, our labors have not been in vain in the Lord; for backsliders have been quickened and believers built up, and all the ordinances maintained. A people more appreciative of the Word can nowhere be found, or more worthy of being helped. We leave the parsonage also pretty comfortably furnished. Up to the present we have labored in hope of seeing the work enlarged. We have sown but have not reaped; may another enter into our labors! Members, 51.

G. H. SQUIRE.

## SHAWBRIDGE.

In reviewing the labors of the past year upon this mission, your missionary is thankful to God for peace and a measure of prosperity. The people for the most part have attended faithfully upon our religious services. We believe many of our members have been quickened in the divine life, and some have been added to the Church. We are strongly of opinion that the interests of our work here require that a single man continue to be stationed in this place in time to come. Members: on trial, 2; full members, 58; total, 60.

J. B. WASS.

## RAWDON.

We regret that we cannot report all that progress which we anticipated. We have no complaints to make: we have been treated with the same generosity and kindness which we experienced during our first year among this people. As we have this year to report a large number of removals, we hope the time is not far distant when every one of them will find a home in a more hospitable clime and a more fruitful soil. Other parts of Canada have reaped from the seed sown in this part of the country. At present the city of Montreal is largely participating in the benefit of missionary toil on the Rawdon mission. We report 65 members, 1 member on trial, 20 removals, and 2 deaths.

God has given us prosperity. We have had a few conversions, some of them of a very encouraging character; but, owing to the removal of a large proportion of our membership to other parts, we report no increase. The number attending our Sunday-school is nearly double that of last year; an increasing interest is manifested by both teachers and scholars. Our financial condition is much improved. Members, 11.

JAMES ALLEN.

### THREE RIVERS.

Our congregations, by constant removals, are small, but attentive and regular in their attendance; and, considering their temporal circumstances, perhaps there is not to be found a more liberal people: during the present year, their subscription to the Mission and Connexional Funds average over \$21 per member. Our Sabbath-school has increased, both as to numbers and interest; and our week-day services have been well attended. Our connexional property is valuable, being among an increasing French population, and we hope that the time is not far distant when it will become the centre of a flourishing mission. If your Missionary could speak both languages he would find his field of labor much enlarged. We know that among the French Roman Catholics there are many who are enquiring after the truth, but who are as sheep having no shepherd. Members, 22.

EDMUND E. SWEET.

### MELBOURNE.

As the year closes, we have mingled feelings of pleasure and pain. We are thankful that in many of our services we have had

marked tokens of the divine presence and favor. We regret, however, that so few have been converted to God. The circumstances of this mission, more than its size, demand the services of two men. For a good part of the past year your Missionary was wont to preach four times on the Sabbath in order to meet the requirements of the work, until compelled, for want of strength, to abandon it. If we are to retain our hold and efficiently prosecute our work a second Missionary has become an absolute necessity. In common with our fellow-laborers in this district, the drainage upon our membership has been a source of regret. Our people here are kind: many of them deeply pious. Our great need on this mission is the baptism of power. We have striven to sow the seed; we pray that it may spring up and bear fruit to the glory of God. Members, 150.

#### DANVILLE.

By the blessing of God the work of the year has been attended to, and with encouraging results, notwithstanding some special difficulties. Most of our members still give substantial evidence of growing loyalty to Christ and His cause, though some do not appreciate the prayer-meetings and class-meetings as we could desire; and we find that when these are neglected the spiritual life shows signs of feebleness. One of the greatest sources of satisfaction has been the reception of a number of our young people in connection with the ordinary services. The Sabbath-school has borne precious fruit. It has been found very beneficial to meet the younger people at some of the week-day appointments for half an hour, either before or after service, for a Bible lesson or a review of the Sabbath-school lesson. As there is so much week-day work only a very few special services could be held. The camp-meeting, however, rendered this the less necessary, although the very wet weather, with other things, did much to lessen its usefulness to us. We feel very much the loss of some brethren who were removed by death from our Official Board last year, as well as the removal of a number from the circuit. Members, 173.

#### WINDSOR MILLS.

In the various means of grace God's Spirit has been vouchsafed. His presence has been gloriously felt and enjoyed, believers have been quickened, some have sought and found the blessing of holiness, backsliders have returned to the fold, and some sinners have been saved. After deducting one death and two removals we report an increase of nine. Total membership, 67.

earnestly desire that there was more of those features which distinguish Methodism, especially that spirituality which every truly awakened heart craves. While we have no reason to complain of diminution in any of our interests, hope of success, relying upon God's grace, is the only thing that cheers. We greatly need the outpouring of the Spirit, and in order to success we must have an additional man. Members, 107.

DANIEL CONNOLLY.

#### SAWYERVILLE.

The state of this mission is encouraging. The population is rapidly growing, and by this means our branch of the church has been especially benefitted. The congregations evince a deepening interest in the things of God. A goodly number have, during the year, entered into the enjoyment of conscious faith in Christ, and several have been added to the church. We have had financial prosperity; though the mission was divided last year, and the appropriation from the Missionary Society not increased, yet the claims of the minister have been fully met, and the contributions to the connexional funds on the whole advanced. For this mission we anticipate a bright future. Members, 122.

ROBERT H. SMITH.

#### ISLAND BROOK.

This field of labor was struck off from the Sawyerville mission last Conference. We commenced with seventeen members: the Lord has graciously visited us during the year, we have taken eight into our church, heads of families who profess to have found the pearl of great price. Our church in the village is commodious, in which we hold service every Sabbath morning, we have five other appointments, several French people occasionally attend our meetings; we have reorganized our Sabbath-school in the village. This being comparatively a new field, the settlers though industrious are yet in humble circumstances, consequently our finances are not yet what we anticipate, the prospect is encouraging, we despise not the day of small things, but look to the Giver of every good and perfect gift, for His blessings to rest upon the labor of His servants. Members, 22.

J. HISCOCK.

#### COOKSHIRE.

We sustain on this mission six preaching appointments, and six weekly prayer-meetings. The congregations at our principal Sabbath appointments are larger than they have ever been in the past. The Lord has been pleased to bless our services in the conversion of sinners, the reclaiming of backsliders, and the sanctifying wholly of believers. Death and removals have somewhat thinned our numbers, but they have been more than filled up by the newly ingathered. Membership, 54.

C. A. JONES.

## DUDSWELL.

Our year on this mission has been one of anxiety, yet we have felt that the Lord has been with us as we have labored for peace and spirituality among the people. We do not despair of success while we know there is a power in the Gospel sufficient for the elevation of man. Members, 77.

WILLIAM ADAMS.

## BURY.

The features of this mission are hopeful. During the greater part of the year we have been very happy among the people, who are kind, and also attentive upon the means of grace. The hand of the Lord has touched us; and in the death of my dear wife we all suffer; but our trust is in God.

Our Sabbath-schools have been well attended. Contributions to the support of the missions are in advance of any previous year; but some of the funds are not quite so well sustained as last year,—but in the future we hope to see greater prosperity. Members, 25.

HIRAM FOWLER.

## NEW IRELAND.

We think the mission is in a healthy condition. Our missionary and the other connexional funds have been well sustained for the year. We are engaged in building two new churches, and have taken steps towards the erection of a third—which will make five connexional churches on this station. We hope the Conference will see its way clear to send a second missionary to occupy openings which are offering. We are hoping and praying that the Great Head of the Church will visit us with the outpouring of his Holy Spirit.—Members, 122.

JOHN G. BRICK.

## DURHAM, Que.

The year has been rather pleasant and prosperous for which we are thankful to the Head of the Church. God has revived his work in connection with the means of grace. Members of the Church have been quickened, and souls have been converted to God. We have three Sabbath-schools that are doing well,—two of which are kept open the entire year. The finances are prosperous. Members, 134: increase, 9.

During the year a new appointment has been opened at Webb's suburbs. Owing to the great water-power of the Jacques Cartier river, this place bears a very promising aspect. The friends have come forward nobly in support of the mission. Full members, 27; on trial, 5; total, 32.

METIS.

The difficulties and trials of the year appear as nothing when viewed in connection with all the good we have received. The winter through which we are passing has been the longest and most severe in the memory of the oldest inhabitants. It set in on the first day of November, and it is not likely to end before the twentieth of May. At present we have peace and quietness. The congregations are good for this place. The Sabbath-school is somewhat encouraging. We have some here who are the friends of God, and are as liberal in their contributions to the Divine cause, according to their means, as any others in our church. Members, 24.

After much anxiety and arduous toil on this distant mission, your missionary is able to report some little progress. On this field there is work for two laborers; but we are afraid to ask for any larger grant to help to support another, the present grant or appropriation being so large. During the year the sum of \$140 has been raised and expended on the Basin Church. A parsonage and two acres of land have also been deeded to the church; the parsonage being so far finished as to be fit for habitation, and a debt of only \$50 remaining. The spiritual tone is not as high as we would wish; still, I think, we may report progress in that department too. We have had during the year some tokens of the Divine favor. Believers have been somewhat quickened, a few backsliders reclaimed, and a few souls saved. Three members have removed, two dropped, one died. On trial, 19; total, 78; increase, 14.

The Great Head of the Church has blessed the past year's labors on this Mission with a good measure of success. Societies have been formed at most of the new appointments, which promise to be growing and permanent. Our members show a growing love for prayer-meetings and other social means of grace. Coaticook is rapidly increasing in population, and promises shortly to become a centre of Methodist influence in this part of the eastern townships. Members, 140.

#### GEORGEVILLE AND MAGOG.

When I arrived on this Mission I found twenty-three names enrolled upon the Church Register, two of whom denied their membership. One has removed, and three have had to be dropped, leaving but seventeen members. However, I am happy to mention that a few have joined the church, and we have an addition of 13 members; total members, 30. I rejoice also to say that our congregations have been large and attentive. The attendance at all of the appointments has been very encouraging, except at certain seasons, when weather and roads make it impossible. In the financial state of the mission there has been a marked improvement. All our funds have been well supported, so that I am able to report a very large increase in all our connexional funds. I must also record my gratification at the manner in which your Missionary has been received by the people—I might almost say without exception. We see many things that make our heart glad, and yet some that tend to sadden us. Our difficulties are many. We have numerous appointments, scattered far and wide. But the chief hindrance lies in the unscripturalisms which seem to have taken a terrible hold of the population in this part of the country. However, "in the name of God we set up our banners;" and I bless his holy name that I have been the humble instrument of pointing large numbers of attentive hearers to the Lamb of God

"Now thanks be unto God, which always causeth us to triumph in Christ, and maketh manifest the savor of his knowledge by us in every place." We have been favored with prosperity, both spiritual and temporal, sinners have been converted and added to the church, believers have been built up in knowledge and holiness. The financial condition of the mission has been greatly improved in every department. Death, removals, and unfaithfulness have robbed us of ten members; yet we are enabled to report an increase of 28. Blessed be God for all His goodness! Number of members, 150.

LAWRENCEVILLE.

The prosperity of the cause of religion amongst us during the year has given us great encouragement. Special services have been held at about all of the appointments with the most gratifying results.

Our quarterly Sabbath services have been times of refreshing, and our business festivals in connection therewith have been characterized by much harmony of spirit and Christian fellowship. At six appointments class and prayer-meetings have been firmly established, and regularly attended. Interesting prayer-meetings for young people have also been held at three of these appointments.

Finances are also in a healthy condition, funds being in advance of last year. On the whole the prospects of the mission are materially brightening, and the people have much cause to be grateful to the Giver of all grace. We have received 68 on trial; 10 have removed; 3 have been dropped. Present membership, 101 on trial 24.

FRELIGHSBURG.

This small mission will require some years of persevering toil to work it up to the status of a circuit. There are many opposing influences to drive back. To overcome the church needs more vitality, a zeal which never tires, prayer as prevalent as Jacob's, faith as strong as Abraham's, and love warm as that of John, the beloved disciple, to declare the whole counsel of God in its warnings and in its promises. Though some have been added to the church, yet from deaths and removals we must report a decrease of four. Present number of members, 60.

THOMAS BELL.

FARNHAM.

There has been but little change in this mission during the past year, but that little has been mostly on the favourable side. The attendance at public worship is far less than it should be in this thickly settled point of the country, but it is not declining. Our new Sabbath-school has been commenced with some promise of success. There are a few at least of our people deeply anxious and fervently praying for the much needed increase of spirituality and Divine power in the use of the means of grace. Members, 71. JOHN ENGLISH.

We are thankful to be able to report a year of peace, with some degree of prosperity. There is a slight improvement in the finances of the mission, and an increase in the Connexional Funds, except the Missionary, but as the sum raised here last year was in advance of any preceding one, we are not discouraged with this year's receipts. During the winter we held a series of meetings at one appointment, and although the result, as to numbers, was not what we desired, yet it was very evident that the spirit of the Lord drew near and wrought conviction in many hearts, and, at no distant day, we hope to see others added to us. After making reductions for removal and deaths, our members are 54. RICHARD ROBINSON.

THE 155 Domestic Missions in Ontario and Quebec are doing a great work for God, and a great work for this New Dominion. What ever is to be desired in morals, whatever is important in patriotism and loyalty, whatever is beneficial in the forms and power of Godliness, will find earnest advocates and teachers in the Society's Missionaries. With very few exceptions the reports from the missions, read and confirmed in the several District Meetings to which they are attached, contain records of progress in material and spiritual elements not to be surpassed in the published statements of any former year. The difficulty is to keep abreast with the flowing tide of settlers, and gathering up our strength and resources, to unfurl the " banner of the truth " wherever the axe makes an opening for the broad sun-beams to shine upon the virgin soil, to reward the toils of him who soweth and reapeth.

## CONCLUSION.

THERE is no better illustration of the apostolic injunction, "Look not every man on his own things, but every man also on the things of others," (Phil. ii. 4,) than in the development of Christian love and zeal for the salvation of those "having no hope, and without God in the world." Thus, whilst possessing by fair and peaceful treaties the broad acres of these fertile Indian territories, we are mindful of the eternal interests of the sons of the forest, hundreds of whom, by the Missionaries of the Society teaching them the way to the cross, have joyously passed to the "better country;" and thousands more are now under the influence of Christian teaching, and will certainly be brought home in safety. Then we have the immigrant in search of a home for himself and family, where he can be secure from the uncertainties of a precarious and stinted living in many parts of "the old country." These we follow without solicitation to the remote places they have chosen for their future homes. The missionaries of this Society find their way to "the back-settlements," on foot, on horseback, with the honored Methodist saddle bags, in canoe, ox-sled or sleigh, until waggons and more refined carriages are in motion—preaching in the open air, private houses, barns and school-houses, the "unsearchable riches of Christ;" and long before the wilderness is subdued, and families live in comfort and independence,—numbers are led to the fountain, cleansed from their moral leprosy, and join "the general assembly of the Church of the first-born." After the lapse of a few years organized Christian Churches, Sanctuaries, Parsonages and Sabbath-Schools appear as the

"Bulwarks of our land."

Viewing "with calmly reverential joy" the "goodly tents of Israel," the Committee's desires expand beyond the boundaries of the Dominion, and to the inhabitants of Japan they send their messengers of the Canadian Wesleyan Church to make known to the millions in darkness and error the Saviour who died to redeem them, and who waits to save them. The Nationalities of Europe, the Aborigines of America, over its broad Atlantic and Pacific surface, and the distant Japanese are now included in the enterprising projects of the Society, which are commended to the prayers and sympathies of a living and prosperous Church. The world shall be gathered into one fold. May we have a large share in bringing the wanderers to the arms of the great Shepherd!

The undersigned have duly examined the Books of Account of the Wesleyan Missionary Society, and have compared the Receipts and Vouchers therewith, for the year ending the 30th June, 1873, and find the same to be correct. We certify that the excess of Expenditure over the Income for the year amounts to \$1,129 41; and that the Assets of the Society, in excess of its Liabilities, amount to \$14,554 51, of which but a small part is available as Cash to meet the current requirements of the Society,—the larger part representing its permanent investments. We cheerfully unite in our testimony as to the satisfactory manner in which the Accounts are kept.

AN ACT TO INCORPORATE THE MISSIONARY SOCIETY  
OF THE WESLEYAN METHODIST CHURCH IN  
CANADA.

35 Vict. (C.) Cap. cxvii.

WHEREAS the persons hereinafter named and others associated with them, now constituting the Missionary Society of the Wesleyan Methodist Church in Canada, have for a long time been endeavouring to further the objects of the Society as hereinafter set forth under an unincorporated association entitled the Wesleyan Methodist Auxiliary Missionary Society in Canada: And whereas the said parties find great inconvenience frequently to arise from the want of corporate powers: And whereas the said parties by their Chairman and Secretary have petitioned for an Act of Incorporation for the said Society under the name and style of The Missionary Society of the Wesleyan Methodist Church in Canada: And whereas it is expedient to grant the prayer of the said petition: Therefore Her Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

2. The objects of the said society are religious and charitable, designed to diffuse the blessings of Christianity and useful knowledge, to promote and support Christian Missions and Missionary Schools throughout the Dominion of Canada and other countries, as set forth in the constitution to be recorded in a register to be kept by the Secretary, a copy whereof, certified by the Secretary to be a true copy, with the seal of the corporation thereto affixed, shall be *prima facie* evidence in all courts, of the contents thereof.

3. The said Society by the name aforesaid, may receive a voluntary conveyance of, and may purchase, hold, and convey such real estate as the purposes of the said Society shall require, but the annual value of the said real estate shall not at any time exceed the sum of Twenty Thousand Dollars, and such conveyance shall be subject to the laws relating to the conveyance of real estate to religious corporations which are in force at the time of such conveyance, in the Province in which such real estate is situate.

4. The management and disposition of the affairs and property of the said Society shall be vested in a General Committee, to be appointed and elected according to the constitution of the said Missionary Society of the Wesleyan Methodist Church in Canada, now existing as aforesaid.

5. The persons named in the first section of this Act shall be the members of the first General Committee of the said Society hereby incorporated, and shall hold office until others shall be appointed and elected in their places.

6. The said Society shall be capable of taking, holding, and receiving any real or personal estate by virtue of any devise contained in any last will and testament of any person whatsoever, but the clear annual value of such real estate shall not exceed the sum of Ten Thousand Dollars; provided always that such devise of real estate shall be subject to the laws respecting devises of real estate to religious corporations which are in force at the time of such devise in the Province in which such real estate is situate.

7. The said Society shall have power to alter, vary, and add to the provisions of the revised constitution of the Missionary Society of the Wesleyan Methodist Church in Canada, now existing as aforesaid, and which is to be held to be as binding upon the Society hereby incorporated as if the same had been embodied in this Act; provided that such alterations, variations, and additions shall not be inconsistent with the limitations imposed by this Act and the laws of the Dominion of Canada.
