

of feeding the Russian famine war

MARTIAL LAW IS APPLIED IN MALABAR

Entire Disturbed Area Is Now Threatened With Famine.

LONDON, Aug. 28.—The India office reports that the entire disturbed area of Malabar is now threatened with famine. Martial law has been applied to the Malabar, Ponnani, Ernad, Calicut, Wynad and Karamnand districts.

A party from the British warship Comus has been landed at Calicut.

MADRAS, Aug. 28.—Concentration of the necessary troops in the disturbed area of Southern India has been completed, says an official communication issued here, and those sections which have been occupied by the military are quiet. The total number of military casualties since the outbreak are given as one officer killed and two of the ranks missing.

The Marquis Nabab was expected to arrive at Calicut from Bombay today with supplies.

AREA IS EXTENDED.

LONDON, Aug. 28.—The district has been increased to 15,000 and the area of the rebellion has been extended, says a dispatch to the Daily Mail from Allahabad. The expectation of famine is due to disorganization in trade and communication.

A dispatch to the Exchange Telegraph from Bombay, says the whole of the beautiful forest tract surrounding the Nalambur palace has been laid waste and every Hindu house in the district looted. One of the rebel leaders has established himself in the palace as ruler.

Evidence is accumulating, says the dispatch, that the success of the rebels in obtaining arms and munitions was due to treachery of individual members of the native Indian police and former Sepoys.

TROOPS GOING NORTH.

LONDON, Aug. 28.—(By Canadian Press.)—A Reuters cable from India reports that Indian troops are proceeding from Calicut to the north to districts to quell the uprising of the Moplahs. A Calicut dispatch says the losses to date are several Europeans, many Hindus massacred, twenty men of the Leinster regiment and seven of the British police killed. About seven hundred of the rebels have been killed.

LOOTED THE TREASURY.

CALICUT, India, Aug. 28.—Rioters looted the treasury at Ernad, (Ernad, capital of the native state of Cochin) Friday. Nearly six lakhs of rupees (six hundred rupees, or normally about \$100,000) are said to have been looted in the treasury.

The Moplahs, or native Moslems, released prisoners from jail and forced two of them and a warden to accept the Mohammedan religion. They also carried off arms and ammunition from the police station.

A motor bus returning to Calicut from the disturbed area was attacked by Moplahs who killed the driver and an attendant and set the vehicle on fire.

GOVERNOR-GENERAL VISITS "BYNG BOYS" TO HOLD MEETING

Lord and Lady Byng Spend Sunday Among Disabled Soldiers.

TORONTO, Aug. 28.—Canada's new governor-general, accompanied by Lady Byng, spent part of Sunday visiting hospitals and the disabled soldiers' residence here, and in each place the visitors were warmly welcomed and were shown every mark of respect and esteem. Lord and Lady Byng displayed sympathetic interest in the patients and frequently stopped to talk to disabled men. They shook hands with all, even the bed-ridden patients on the roof of the building. The distinguished visitors then moved to the Soldiers' Home, where they met more veterans and had friendly chats with them. Lady Byng sat down and talked for some time with Pte. George Richardson, now a resident of the Hall, who is 90 years old and the oldest Victoria Cross man in Canada.

Their excellencies attended divine service in the morning at St. Albans' Cathedral with Sir John and Lady Byng, who were in the front row. After the service, the governor-general and his wife were met by a large number of disabled men. After witnessing an exhibition match at the Woodbine Race Track tomorrow afternoon between two polo teams, Lord Byng will be the guest at a Canadian Club luncheon. Their excellencies will attend a garden party at the Royal Canadian Yacht Club between 4 and 6 o'clock tomorrow afternoon.

M'KILLIP PICNIC HELD AT PT. STANLEY

Splendid Outing Was Enjoyed by Members of Family.

ST. THOMAS, Aug. 28.—The Clan McKillop held its recent annual picnic at the lakeside, as yet unidentified, was held at the time of their long lives. After an afternoon of many enjoyments the officers of last year were re-elected. Crown Attorney J. B. McKillop was chosen president, and Dr. D. A. Cameron of London, secretary.

Death of Miss Wiggins.

Mrs. Jean Wiggins, widow of the late William Wiggins, died at her residence, 122 Railway street, Saturday, after an illness of some months. Three daughters survive, Mrs. Shem Luomas, Mrs. Minnie Delacy of St. Thomas and Mrs. J. H. Delacy of Chicago.

Six Speeders Summoned.

The motorcycle officer patrolling the roads between London, Lambeth and Port Stanley has summoned half a dozen of speeders before the county magistrate the coming week.

AGED MAN RUN OVER.

HAMILTON, Aug. 28.—The body of an aged man, as yet unidentified, was found this afternoon in the Hunter Hotel. He had been run down by a train and both legs had

LABOR FEDERATION URGES PREMIER TO CONTINUE TRUCE

Lloyd George Urged To Defer Any Action Planned Pending Conference.

ATLANTIC CITY, N.J., Aug. 28.—The executive council of the American Federation of Labor at a brief meeting today sent a cable message to Mr. Lloyd George, British prime minister, urging him to continue the truce with the Sinn Fein in Ireland until after the forthcoming disarmament conference at Washington, no matter what the outcome of the present peace negotiations with the Irish Republican leaders.

Members were reluctant to discuss the contents of the cablegram, which was drafted by President Gompers. The message, which was ordered by the recent convention in Denver, would have gone forward some time ago, it was explained, had it not been for the pending peace negotiations between the British Government and the Sinn Fein.

The council, in asking the British prime minister to prolong the truce, it is said, believes that with added time a solution and basis on which to formulate an agreement will be found.

President Gompers tonight made public his appeal to the labor movements of the nations that are to participate in the Washington disarmament conference to prevail upon their respective governments to have labor represented on their delegations.

PASTOR AND BABE MAY DIE FROM EATING LOBSTER

Little Hope Held Out For Recovery of Rev. Charles Schofield.

(Special to The Advertiser.)

SIMCOE, Aug. 28.—Rev. Charles Schofield, Baptist pastor at Vittoria, is in a very critical condition tonight, and his three-year-old daughter Muriel is dangerously ill from ptomaine poisoning.

The poisoning may have been caused by some canned lobster of which they partook yesterday. Four other children who did not eat the canned lobster are not ill. Tonight it is stated that it is extremely doubtful if Mr. Schofield will recover.

Lost Season's Crops.

Joseph Fallon of concession 2, Woodhouse, lost his fine new barn and his entire season's crops by fire which is believed to have been due to spontaneous combustion. The loss, which will be \$7,000, is fully covered by insurance. When the floors burned through, 17 loads of grain went through into the basement, and is still burning. There was no smoke in the building.

Want a Dispensary.

A petition, which has already more than 300 signatures, is in circulation, asking that a government liquor dispensary be established in Simcoe. This afternoon local Odd Fellows held their annual decoration service, and the graves of 180 departed brethren were visited. Headed by the Citizens' Band and the Canton from Brantford they marched to the cemetery and conducted the services. Appropriate addresses were given by Mr. Harry Johnson and Rev. Duncan Moir.

OXFORD U. F. O. AND WOODSTOCK I. L. P. TO HOLD MEETING

The Differences Over Recent Agreement Have Been Patched Up.

(Special to The Advertiser.)

WOODSTOCK, Aug. 27.—The U. F. O. of North Oxford and I. L. P. of Woodstock will hold a joint convention in Woodstock on Saturday, September 17. This was the conclusion reached following a joint meeting of the executives of the above parties here today. According to one of the U. F. O. members, all differences existing between the parties over the agreement made two years ago, whereby the U. F. O. was to support the Labor men in provincial politics, in return for federal support from the Laborites, has been settled.

Both Men There.

At any rate, Messrs. Star Webster and John Scott were in attendance at today's meeting. At the convention the Labor men will be allowed to vote on the extent of one to every 25 voters on the Woodstock list. There was the utmost harmony at the meeting, said J. F. Lillico, the U. F. O. nominee for the next federal election. Following the next federal election, following the executive meeting an open meeting was held to confirm the taking out of a federal charter. The meeting was only fairly well attended and was of short duration.

J. J. Morrison was there and gave an address, in which he called on the U. F. O. to conduct a clean campaign.

Keep Politics Clean.

"Keep your politics clean," he told his hearers.

During his talk Mr. Morrison did not forget to tell the delegates that he was opposed to the Drury Government. He also took a fling at the strong, able-bodied men who stand in the bread line in cities like Toronto, while the farmers of Ontario are crying out for more help.

He should be some productive industry established for these men, he said. A big pile of wood, where the applicant for meals could work for food, was the speaker's suggestion. Mr. Morrison praised the courage of the members of the U. F. O., who, he claimed, had to dig down in their pockets for all election expenses, while the members of the other parties had their expenses returned to them.

PREMIER'S SECRETARY MARRIES HEIRESS

LONDON, Aug. 28.—The Yorkshire mining village of Darton was festive yesterday on the occasion of the marriage of Premier Lloyd George's principal secretary, Sir William Sutherland, to Annie Fountain, who inherited a big interest in the collieries on the death of her father, who left her an income of thirty thousand pounds sterling. Several notables, including the premier's wife, stayed overnight at the residence of the bride's guardian, Sir Joseph Hewett, and drove through Barnsley on church today amidst cheering thousands.

MAYOR OF SARNIA AVERTED BAD SMASH

[Special to The Advertiser.] SARNIA, Aug. 28.—But for the prompt action today of Engineer Mayor George Crawford at the throttle of the express arriving in Sarnia at 1:20 p.m., the Wandahead wreck of some years ago might have been repeated at the east entrance of the local yards. A short distance from the entrance to the yards, Engineer Crawford slowed down his train on a curve and as he did so the engine ran into an open switch. The brakes were jammed on and the engineer and fireman prepared to jump. The engine, however, was slightly off, but a number of passengers were badly bruised and shaken up, while one or two suffered severely from shock. Officials are probing the cause of the crash.

Forbids Bank To Hand Money Over To Gas Company

Chatham Council Takes Firm Stand Regarding Gas Funds.

[Special to The Advertiser.]

CHATHAM, Aug. 28.—At a special meeting of the city council Saturday, a serious turn in the gas question was fought out.

It appears that the Chatham Gas Company has threatened action against the Standard Bank if it continue to refuse to return money placed with the bank as security under an agreement between the city and the gas company. City Solicitor O. L. Lewis, K.C., was present at the meeting and outlined the situation up to the present time.

On motion of Ald. Fitzsimmons and Sulman, it was regularly ordered that "pending the action already taken by the Government requesting the re-opening and re-hearing of the gas question in regard to rates, that this council bids the Standard Bank to hand over to the Chatham Gas Company the bonds now held as guarantee for difference between any 25c and 40c rates."

An informal discussion followed the passing of the above motion. The total amount of security put up by the Chatham Gas Company and which is deposited in the Standard Bank in this city is sixty thousand dollars.

Reaffirmed Principle. Congress reaffirmed its adherence to the principle of the international form of labor organization by expelling the Canadian Brotherhood of Railroad Employees from membership. It was the opinion of the delegates that the objective of organized trades unionism can best be attained through following out the traditional policy of the organization.

May Enter Politics.

The conventionists such expressed no views on political issues, but there were occasional remarks by individual delegates to the general effect that the congress could make more effective progress by political action on its own account. A number of delegates were active during the week in the formation of an independent organization for the propagation, politically, of labor ideas.

Officials of the party were instructed to arrange for a conference at the earliest possible date with Hon. T. A. Cramer, leader of the National Progress party, with a view to discussing the whole political situation and agreeing upon some common basis for united action.

Bruce Is President.

John W. Bruce, Toronto, was elected president of the Canadian Labor party, and other officers were appointed as follows: Vice-president, F. J. Dixon, M.L.A., and leader of the Labor group in the Manitoba Legislature; secretary-treasurer, Jas. Simpson, Toronto; provincial representatives on the executive committee, Nova Scotia, W. Fursy, Halifax; New Brunswick, J. E. Tighe, St. John; Quebec, Alphus Mathieu, Montreal; Ontario, R. S. Ward, Saskatchewan, Mr. Watson, Moose Jaw; Alberta, T. R. Riley, Edmonton; British Columbia, Tom Richardson, formerly a member of the British House of Commons.

President Bruce was authorized to appoint a representative for Prince Edward Island.

Plan Conference.

On the question of the tariff the conference decided that it was advisable not finally to dispose of the matter until a further conference was held. The party asks for: Removal of taxation on the necessities of life.

Taxation on land values.

Abolition of fiscal legislation that leads to class privileges.

The party also advocates nationalization of the banking system and a capital levy for the reduction of the war debt.

On motion of James Somerville, Moose Jaw, seconded by J. J. Dixon, M.L.A., Winnipeg, it was decided that each provincial section be recommended to organize along the lines of the British Labor Party.

William Wilkinson Buried at Simcoe

(Special to The Advertiser.)

SIMCOE, Aug. 28.—All Simcoe today turned out to honor the memory of a pioneer, William Henry Wilkinson, better known as "Push," who lived here all his life. At the funeral were some, Bruce of St. Thomas, and Fred of Eno, Ont.; Mrs. N. C. Durranne of New York City; Mrs. Joseph Howick, Mrs. Westley Pettit, William Davies, Arthur Pettit, Robert Smith, all of St. Thomas; Fred E. Wilkinson of Bay City, Mich.; Mr. and Mrs. John House, Mr. and Mrs. Wallace Safford of Courtland, and Herbert Safford of Port Dover. Mr. Wilkinson was born in Waterford. He married Jessie McDonald, daughter of Simcoe's first policeman. Early in life he took to the sea, later becoming a fresh water sailor, sailing out of Port Dover and Port Ryerse when those places were real lake ports.

After 25 years as a sailor he became a sailmaker, and up to the time of his death held the reputation as the best cable splicer in Norfolk. In 1886 he saved the life of John Crook, Pond street, when the dam gave away. Thirty years ago he recovered the body of Capt. Ryerse of Port Ryerse after 42 days' diving. He laid the first sewer in Simcoe, and among his many accomplishments was that of an acrobat and tight wire walker. He was buried in Oakwood Cemetery. He was constructed, with Rev. A. B. Farney officiating. Death was due to heart-failure.

COMMUNISTS KILLED IN CLASH WITH POLICE

BERLIN, Aug. 28.—Two Communists demonstrators were killed in a clash with the police today at Potsdam, where rival Communist and Monarchist demonstrations were held in defiance of Government orders not to proceed with a conflict between the rival parties, however, did not occur.

Workmen on Saturday attacked and scattered a procession held to commemorate the battle of Tannenberg. Many former army officers were in the line. Afterwards the workers smashed the windows of a hall, where a Tannenberg festival had been arranged, and expelled the audience.

SWINDLE GROWS BIGGER.

CHICAGO, Aug. 28.—Another \$100,000 was added today to the total of notes seized by federal agents investigating the alleged "swindle ring" headed by Charles W. French, John W. Savken, who Wednesday found \$9,050,000 in notes in a Cleveland safety deposit vault, brought the \$10,000,000 additional to Chicago.

Will Be Jailed Rather Than Pay Levy Rates and Were Arrested.

Labor Members Refused To Levy Rates and Were Arrested.

LONDON, Aug. 28.—By Canadian Press.—Labor members comprising a majority of the council of Poplar, one of the boroughs of metropolitan London, recently refused to levy certain rates, and in a high court judgment delivered against them it was indicated that unless they reconsidered their decision they would be imprisoned. Today there was a great demonstration near the Tower of London, in which all of the east end boroughs participated, in support of the Poplar members' decision not to levy the rates. The huge procession was headed with a banner inscribed: "Poplar councillors are determined to go to prison to secure equalization of rates for the poorer boroughs."

Speakers urged the east end people to begin a huge "no-rent-no-rates-no-taxes" strike. They said the movement would give labor the biggest victory ever won by the cause. The councilors re-emphasized that they would not levy the rates and would cheerfully go to prison. It is expected that they will be rearrested this week.

Allies Will Send Reinforcements To Upper Silesia

Council of League of Nations To Discuss Problem Today.

BERLIN, Aug. 28.—The British, French and Italian ambassadors have informed Germany of the decision of their governments to send reinforcements into Upper Silesia.

WILL MEET TODAY.

GENEVA, Aug. 28.—(By the Associated Press.)—The council of the League of Nations will meet tomorrow morning at 10 o'clock. It will take up as its first work the Silesian question referred to it by the Allied Supreme Council.

Viscount Ishi, president of the council of the league, today told the Associated Press that he personally would present the case as the time was too short, after the declaration of Count Quinones de Leon, the Spanish representative, to serve, to choose another person to present the report.

Viscount Ishi will make a simple presentation to the council of the documents turned over to him by the supreme council. An early decision on the question is not expected as the members will require time to study the papers.

PLAN DEMONSTRATION.

BERLIN, Aug. 28.—The Socialists and Laborites are arranging for demonstrations throughout Germany against the "white terror" for next Wednesday, the date set for the funeral of Matthias Erzberger, who was assassinated Friday. It is said that the members of the Left party intend to permit no militarist demonstrations in the future without carrying out counter movements.

Two students who had been arrested on suspicion of being connected with the assassination of Erzberger have been released.

FLOATING LUMBER MAY SPELL DOOM OF THE IMPORTER

Relief Vessel Unable To Find Any Trace Of Wrecked Liner.

SEATTLE, Aug. 28.—(By Canadian Press.)—The doom of the Canadian Government freighter Canadian Importer, disabled for more than a week, apparently was spelled by lumber floating about the surface at her reported position, according to a radiogram from the Canadian liner which had gone to the aid of the wrecked vessel.

The message said that the Canadian Importer had been searching all day and was continuing the search tonight. The coastguard cutter Stenochish wireless that she was speeding to the scene of the wreck in the hope of picking up survivors.

NORRIS PARTY MAY BACK PROGRESSIVES

Winnipeg Paper Says Premier May Take the Platform.

WINNIPEG, Aug. 28.—The Free Press bulletin on Saturday published the following:

"The Norris party of Manitoba will support the National Progressive party in the next federal election, according to best informed circles at the Parliament Building."

"Premier T. C. Norris and his ministers are prepared to take this platform in support of the Federal Farmer candidates during the campaign. It is expected the majority of the followers of the Government in the Legislature will support the actions of their leaders. The impending federal election is a topic of much interest about the Parliament Buildings."

"The matter of the Norris cabinet going out in support of the federal election campaign apparently has been discussed in the cabinet several times. The ministers are not all reluctant to talk on the subject. Hon. G. H. Caldwell, Premier Norris, Hon. C. D. McPherson, Hon. B. W. Armstrong and Hon. R. S. Thornton probably will be the most active in support of the Farmers during the campaign. Whether Hon. Edward Brown and Hon. Thomas Johnson will take the platform actively to support the Farmers is not definite, but from current talk they are in favor of support to the Farmers."

SWINDLE GROWS BIGGER.

CHICAGO, Aug. 28.—Another \$100,000 was added today to the total of notes seized by federal agents investigating the alleged "swindle ring" headed by Charles W. French, John W. Savken, who Wednesday found \$9,050,000 in notes in a Cleveland safety deposit vault, brought the \$10,000,000 additional to Chicago.

VICTIMS PROBABLY KILLED IN SLEEP

Full Investigation Into Murders At Quebec Will Be Made.

QUEBEC, Aug. 28.—The tragedy which occurred here on Saturday morning on board the steamer Maskinonge, anchored in the St. Lawrence, resulting in four Chinamen being shot to death and two others wounded, is being investigated by the officers of the attorney-general's department and deputy-coroner Bedard started his inquest on Saturday afternoon.

The names of the four murdered Chinamen, whose bodies are at Moisan's morgue, are Tol Kiu, Ah Dee, Long Chow, three quartermasters, and Loo Ding, a seaman.

The names of the two wounded men, who are under treatment at the Hotel Dieu Hospital, are Youk Hong and Glow Wa Sing.

All indications lead to the theory that the four victims were murdered while they slept in their bunks and the allegations point to Chung Tong, one of the quartermasters, as the perpetrator of the crime. The provincial police placed under arrest Chung Tong and six other Chinese members of the crew.

Endeavors were made to find the weapons with which the murders were committed, but the search proved fruitless, and it is thought that after the shooting the revolvers used were thrown into the river.

DEVISING PLANS TO SAVE \$300,000,000

Sir Eric Geddes and His Committee Start Big Job.

LONDON, Aug. 28.—(By Canadian Press.)—Sir Eric Geddes and his committee of businessmen appointed to keep down national expenditure began their work yesterday at a meeting at Glenapp Castle, the residence of Lord Inchcape, near Ballantrae. It is their task to devise methods of saving sixty million pounds sterling next year, in addition to making seven million pounds from the amounts tentatively promised the various departments.

For this purpose a mass of information has been prepared by the treasury officials and submitted to the committee, who will hold a series of meetings in the next six weeks in Scotland, returning to London in October to continue their work. They hope to report to the premier before Christmas.

Long-Term Loans.

The agricultural development act pro-

NEW ONTARIO LAWS TEND TO DEVELOPMENT

Five Millions For Roads and Same For Northern Ontario.

TORONTO, Aug. 28.—Legislation passed at the first session of the Ontario Provincial House covered a wide field. There were many amendments to the laws governing municipalities, it is shown in a review of the new legislation as issued by the Ontario Government, and in addition several important steps were taken tending to the development of the province.

An additional \$5,000,000 appropriation was made for development work in Northern and Northwestern Ontario, and a similar sum was set apart for highway improvements. Provision was made that cities, towns and villages must construct that portion of provincial highways within their limits, issuing debentures in payment for the work.

What amounts to a practical cash bonus of \$200 to every farmer taking power in rural districts is an act providing that the province will pay 50 per cent of the cost of building primary transmission lines and cables required for the delivery of power in rural districts.

Farm Loans Acts.

Provision was made for both short and long term farm loans: The Ontario farm loans act provides a new system for obtaining short term loans. Under this act it is provided that a farm loan association may be organized in any township where thirty or more farmers reside. Each member of the association is required to subscribe for one share of stock, par value \$100, and pay up 10 per cent. The association is then required to secure a subscription equal to one-half the subscription of members from the township, and a similar subscription from the province. The members then elect three men on the directors, the township appoints two, and the province two. Applications for loans are then passed upon by the board of directors. Loans shall not exceed \$1,000 in any one case and are nominally for the balance of the year in which the loan is made, but may be renewed for a further period if the board sees fit. The loans are available for almost any current farm operation, and the character of the borrower is taken into consideration in deciding the making of the loan, rather than his precise assets. The rate of interest is not to exceed 7 per cent, and one-seventh of this goes to the association for incidental expenses. Provision is made in the act by which the money may be secured from banks or from other sources, and it is understood that definite instructions on this point will be given to any association when the machinery of the act is put into operation.

Long-Term Loans.

The agricultural development act pro-

vides for long-term loans on first mortgage security. This act provides for the appointment of an agricultural development board, which is empowered to issue bonds up to \$500,000 on the guarantee of the province, and to apply that to issue debentures, also guaranteed by the province, but on the security of the mortgage taken. No rate of interest is fixed, but it is expected the rate will be the rate at which the province can secure money plus 1 per cent for the cost of operation. Loans may be made up to 65 per cent of the value of the security and are repayable on the amortization plan over a period of 20 years, the borrower having the privilege of repaying any amount desired at any payment date.

Specific Purposes.

Loans under this act are available for the following purposes, and no other: (a) Acquiring land for agricultural purposes. (b) The erection of farm buildings essential to production. (c) To pay off charges existing against land at the time of acquisition by the borrower under a will or by descent.

These lands are available only to those who have at least three years' farm experience and have resided in the province for at least three years, and whose character and qualifications are favorably passed upon by the board appointed under the act.

Municipal Amendments.

Some of the amendments to the various municipal acts were as follows: The income of a person derived from investments is now exempt up to \$800 so long as the income from all sources does not exceed \$1,500. For example, if the income from investment is \$1,000 and the income from all sources is \$1,450, \$8,000 of the \$1,000 is exempt. Formerly the \$1,000 would be taxable because it exceeded \$800.

Power is given to municipalities to grant aid for the establishment of air harbors.

A great step in advance along the line of town planning was made when all municipalities were given the right to establish restricted districts or zones in which only detached private residences may be erected, and to regulate the height, bulk, location and character of buildings which may be erected within any defined area.

A person who is a member of a council may be elected, and may be re-elected, without the approval of the municipal board.

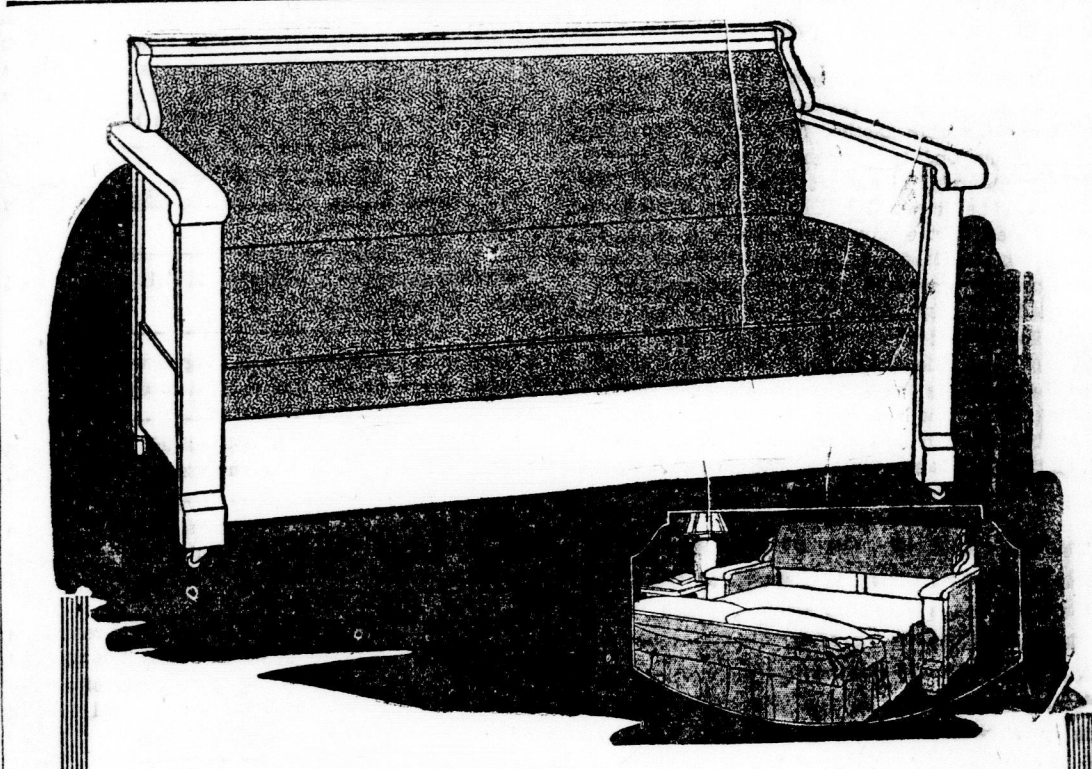

Farm lands may be separated from town and villages on the basis of the owners by the Ontario railway and Municipal Board. The question of separation is a matter for the board to determine after hearing the parties.

A person who is a member of a commission having the management and control of a municipal electric or street railway is disqualified from being elected as a member of a municipal council. This does not apply to the mayor.

Members of a board of control in a city having a population of not less than 200,000 may be paid \$5,000 a year, with the assent of the municipal electors.

WILL ACCEPT REDUCTION.

LONDON, Aug. 28.—(By Canadian Press.)—It is stated that the ballot by the printing trades has resulted in all unions accepting a reduction of three shillings weekly in women's wages. Results as regards the lithographic section are unknown.

A Problem--and Its Solution

You have just sufficient sleeping accommodation for the members of your own family, and the problem is where are your guests who are coming for exhibition week, going to sleep? You haven't another room in the house that can be turned into a bedroom. What are you going to do? The

KROEHLER DAVEN-O

solves this problem, as it is perfectly "at home" in either the living-room or dining-room, harmonizing as it does with the furnishings of either room. During the daytime it is a handsome and comfortable settee and at night time it can be opened out to make a full-size double bed so simply that a child can operate it without any great effort. The construction of the Kroehler Daven-o is entirely of seasoned oak, fumed or golden finish, with imitation leather, or tapestry upholstered seats and backs, and the price for Tuesday and Wednesday
