## Special Orders

—FOR—

## ..Household Linens..

We have made arrangements with the representative of one of the largest **Belfast Linen Manufacturers** to make a display of their entire range of Samples, in our store, for one day only, on Thursday, April 12.

He will show a complete line of Table Linens, Table Napkins, Linen Sheets, in hem-stitched and embroidered, Pillow Slips, embroidered Bed Spreads and Shams, embroidered five o'clock Tea Cloths, Doylies and Centre Pieces, together with a large variety of the celebrated "Old Bleach" Huckaback Towels.

From this large assortment of the best Linens the Irish looms produce, we will take special orders, for delivery in about two months. This will afford our patrons an opportunity of selecting their requirements from a much larger assortment than any merchant could afford to carry in stock.

We extend an invitation to every lady in the city to come and look through the lines. Come, whether you wish to purchase or not. The morning will be the best time to see them.

Chatham, Ont., March 6, '06.  
P. S. COATS, Esq.,  
Manager Chatham Gas Co.,  
Chatham.

Dear Sir,—I have used Coke in my furnace for several seasons, and find it twenty-five per cent, cheaper than hard coal. It has not damaged the fire pot and has proved satisfactory in every way. I can heartily recommend it.

Sincerely yours,  
D. S. PATERSON

Genuine Gas Coke will hereafter be sold and delivered at \$5.00 per ton, natural size, or \$5.50 per ton, crushed. There are as many gas units in a ton of Genuine Gas Coke as there are in the best quality of hard coal. Why not save the difference?

Chatham Gas Co.,  
LIMITED.

## Spring Woolens

Of the most attractive weave, selected especially for the coming season's wear, now await your inspection.

Also a full range of

## ...HOMESPUNS...

for Ladies' Suits, in all the popular shades.

For the next two months the store will be open every Saturday evening from seven till eight o'clock—for one hour only.

ADVERTISE IN THE PLANET

## MAY CONSIDER NEW BRIDGE

This Seems to be the Only way out of Third St. Matter.

### CITIZENS ARE WILLING

The Railway committee of the City Council held a meeting in Harrison Hall yesterday afternoon to consider matters relative to the Third-street bridge. Previous to the meeting, the committee inspected the bridge in company with the City Engineer. There were present at the meeting Chairman Bensen and Ald. Edmondson, Thompson, City Solicitor Gundy and City Engineer Jones.

A communication was read from Manager W. N. Warburton of the C. W. & L. E. regarding proposed improvements to Third-street bridge. The Engineer laid out on the table plans for the strengthening of the present bridge, as presented by the railway people. The City Engineer stated that the bridge was in a bad condition at present, and it was imperative that extensive alterations should be made at once. He was of the opinion that what should be done was for the railway company and the city to combine in the building of a new bridge. This would be the cheapest and the best way out of the difficulty in the long run. Considerable discussion, pro and con, relative to the matter was indulged in, and it was finally decided that, for the present, no definite action should be taken.

It is understood that the majority of the Council now see that it would be wisdom to join with the railway in building an entirely new structure, and that the present bridge is rather too dilapidated an affair to waste money on in attempting to strengthen it.

## RUSSIAN ELECTION

Belated Returns of Russian Elections

Only increase its Majority. St. Petersburg, April 10.—Belated returns yesterday showed the magnitude of the Opposition's victory. The City of Moscow has returned 160 electors, all Constitutional Democrats. Kursk returned a solid Progressive delegation, headed by Prince Peter Dolgorouki. M. Shkoff, one of the members elected to the lower House of Parliament, is now in prison. Vitebsk elected two Poles, one a Catholic priest, and one a Progressive; two Constitutional Democrats and two peasants. Vladimir, one of the old capitals of Russia, where the orthodox faith is particularly strong, chose a Monarchist, but the electoral college elected five Constitutional Democrats.

Tula is the only province, except Moscow, which elected a majority of Conservatives. The result in Moscow Province constitutes an anomaly in the elections. All the Constitutional Democrats went down, but the result was engineered through a deal with the actionists and a portion of the Octobrists, who bought the support of the peasants in the electoral college by allowing them to name an additional member.

As a result, the Province of Moscow, the real heart of Russia, sends to Parliament comparatively unknown men—two peasants, a workman, Prince Gagarin, M. Bashoff, M. Krudner and Peter Struve. The latter is the most prominent being the president of the Moscow Bourse. With the single exception of Tula, in every province where the peasant class was in the majority they captured the majority of the members. Most of them, however, although belonging to the peasant class, are actually peasants in name only, and have risen far above their station. For instance a peasant of St. Petersburg province is a principal of a middle school.

Count Witte Resigns.

St. Petersburg, April 10.—Premier Witte late last night according to information which has reached the Associated Press, again tendered his resignation to the Emperor with a clear-cut intimation that the latter must choose, and at once, between him and the Minister of the Interior Durnovo. The Emperor, according to reports, took the resignation under consideration.

### "BEST OF ALL"

"Mexicana," a "tropical topical comic opera"—not a musical comedy—with a cast of 100, headed by Louis Harrison, Christie MacDonald, and Joseph Herbert, and including Carlo Roma, Maggie Moore, Edward Martindell and Edmund Stanley is the alluring prospect at the Grand for Good Friday. Sam S. and Lee Shubert (Inc) announce that this is the most elaborate production they ever have made—a most significant assertion, if not over-enthusiastic, when it is remembered that this firm stood sponsor for The Earl and The Girl, A Chinese Honeymoon, The Runaways, Lady Teazle, Happyland, and Fantasia.

"Mexicana" just closed a 100-night run in New York last Saturday night, and opens for a summer's run in Chicago on Monday next. The company travel in their own special train of six cars and is the largest, the most expensive and the most important engagement Chatham has ever had. Congratulations to Manager Briscoe.

## GAS BUOY FOR LIGHTHOUSE SECURED BY MR. CLEMENTS

Energetic and Capable Member for West Kent is Looking After His Constituency at Ottawa

### IMPROVEMENT WILL MEAN MUCH TO THE SHIPPERS

When H. S. Clements, M. P., was elected to represent this constituency in the Dominion House, he pledged himself to do everything in his power to advance the interests of his constituency while in Ottawa, regardless of politics, color, race or creed. Those who have followed Mr. Clements' subsequent public career cannot but admit that he has fully lived up to this policy, and results have shown that his efforts have been crowned with more than the ordinary amount of success. It is quoted on all sides that he is the most wide awake and energetic representative that West Kent has ever had in the Dominion House, and the electors are well satisfied with the showing he has made. A trip to Ottawa will convince anyone of his popularity with the members of both parties, and he has made West Kent one of the most prominent constituencies. He is after everything that is going, and he has a persistency of manner that is bound to be fruitful in good results.

For some time Mr. Clements has been making efforts to improve shipping facilities in Chatham. The dredging of the River Thames was recently brought up in the House by him and that matter is now receiving

consideration from the Government.

The latest move that Mr. Clements has made is the securing of a gas buoy for the mouth of the river for the convenience of the shippers. This is an up-to-date improvement, which will be much appreciated in Chatham, and will give further evidence of the fact that Mr. Clements is the kind of a representative that West Kent needs.

The following letter on the subject is self-explanatory:—

Department of Marine  
and Fisheries,  
Ottawa.

My Dear Mr. Clements:

With further reference to your recommendation for the establishment of a gas buoy at the mouth of the channel leading into the Thames River, I have pleasure in informing you that this application was favorably entertained when it came before the Lighthouse Board, and will be embodied in the minutes which are now being prepared for the approval of the Minister.

Yours faithfully,  
F. LOMDEAU,  
Deputy Minister.

H. S. Clements, M. P., House of Commons, Ottawa.

## THE HEAD ST. SPUR

Meeting of Citizens will be Held to-night to Consider what should be Done.

The citizens' meeting which will be held to-night in the Kent Mills office to consider the Head street spur matter will, no doubt, provide some interesting discussion.

It is understood that a prominent resident on Head street will outline a scheme for the settlement of the matter, whereby the C. W. & L. E. Railway will assume control over the P. M. lines from the centre of the city to the P. M. Junction outside the city limits. The C. W. & L. E. will handle all the freight traffic over these tracks and will also run a passenger service, thus supplying a car service to North Chatham and at the same time obviating the smoke trouble, which is the chief complaint of the ratepayers against the P. M. locomotives running through the streets. A plan for the paving of the street to the satisfaction of all parties concerned is also contained in the scheme.

### LACROSSE MEETING

A special meeting of the executive of the Chatham Junior Lacrosse Association is called for this evening at eight o'clock in the parlors of Hotel Rankin.

The meeting is called for the purpose of appointing a delegate to the O. L. A. meeting to be held in Toronto next Friday. Some other important matters may also be discussed.

### LAD AT REST

The funeral of the late Wm. Beaudregard took place yesterday morning and was largely attended. The remains were conveyed from the residence of Ophore Gore, Harvey St., to St. Joseph's Church, where requiem high mass was celebrated, and from thence the funeral proceeded to St. Anthony's Cemetery.

The pall-bearers were, Louis Pinnasault, Julius Perrott, Eddy Priem, Harry O'Rourke, Geo. Dumas, and Hector Bechard.

### MR. WILSON WELL UP

Toronto, April 9. — Though the voting for the Ontario Law Society benchers' election has been in progress four days, not quite half the vote has as yet been registered.

Thirty are to be elected, and in the list of the thirty gentlemen leading when voting closed last evening, the name of Matthew Wilson, of this city, stood third.

## TESTS WERE MADE

Medical Health Officer Dr. W. R. Hall Makes Inspection of City Milk

Medical Health Officer W. R. Hall recently made a test of all the milk sold in Chatham by vendors. Samples were taken from the milk delivered by fourteen dealers, and the tests proved that while a large quantity of the milk sold in this city is absolutely pure, there is a percentage of it which is adulterated or tampered with in some manner.

Of the fourteen samples tested, twelve of the vendors delivered their milk with wagons, while the remaining two sold it from cans, in a small way. The result of the tests is given out by the M. H. O. as follows:—

Three of the samples taken were found to contain pure rich milk, which contained four per cent. butter-fat.

Five samples just passed the average. The tests proved them only 31.2 per cent. butter-fat.

The remaining six were below the average, and were either adulterated with water or else were robbed of the cream.

The M. H. O. is doing a good work in making tests of the milk which is delivered in this city. It is likely the tests will be continued at intervals.

### WAS WELL RECEIVED

The Grand was filled with an enthusiastic crowd last evening when the Black Patti Troubadours presented the overwhelming musical conglomeration for which they have won a well-merited fame. The evening was a hilarious success from the rise of the curtain to the finale, and the applause of the audience was both loud and long.

The Black Patti herself came in for many encores, to which she responded as often as time would allow, but to all appearances the audience could not hear enough of her and they showed their appreciation by greeting her every appearance with a fresh round of applause.

The comedy furnished by the "funny people" of this organization is above the usual, and the pot-pourri of humorous situations which makes up the first part of the program, entitled "Looney Cooney Dreamland," constitutes one of the chief attractions of the whole show.

The scenery carried by the Black Patti troupe is as picturesque as it is plentiful, and forms a splendid background for the showing off of the many magnificent costumes worn by the dusky belles of the ballet. In all, the company easily justifies its claims to be "the biggest and best colored organization on tour."

When a fellow cracks his funny bone he doesn't laugh up his sleeve. Often the wildest celt turns out to be the most valuable horse.

## MR. WILLMORE ON FISHING

A Prominent Chathamite thinks that Industry Should have a Rest

### FISH ARE DISAPPEARING

W. Willmore, who has always taken an active interest in fishing matters, contributes the following letter, in view of the discussion which has lately arisen over this important question.

To the Editor of The Planet:

Dear Sir,—It is a well known fact that the late Ross Government practically permitted the Americans to own and run our fisheries, and by reason of this the fishing in Canadian waters has been carried on by or for the Americans.

It has been stated in all the recent reports in regard to the matter, that 95 per cent. of the catch is exported to the United States and that Ontario gets only the remaining five per cent. As a result our fisheries are impoverished and our own people are the sufferers.

Now we have an expensive organization of clerks, overseers and guardians, patrol boats and hatcheries distributing fry and supposedly protecting the same. With all this staff and outfit, and the accompanying expenditure, the people of Ontario cannot place a full grown fresh water lake fish on their tables, except possibly as an occasional luxury.

Not only do we endure the hardship of having 95 per cent. of the catch exported to the United States, but we are also compelled to witness the destruction of our fish and their future, through the use of gill nets, pound nets, trap nets, fyke nets, hoop nets and seines. This apparatus reaches every nook and corner, and every depth of water from 600 feet to two feet.

With the increasing number of fishermen operating on our lakes, and with the improved means of handling the nets, it is more than evident that if something is not done immediately to meet the effect of this increased attack, our lakes will soon be exhausted of their riches. It is more than probable that the Ontario Government will be forced to take control, abolish the fishery license system, and give the fisheries a needed rest.

Yours, etc.,  
W. WILLMORE.

### "A BUNCH OF KEYS"

Our theatre-goers are promised one of the most delightful shows of the season at the Grand on Thursday, April 12th, when Gus Bothner's comedians will appear in the musical comedy, "A Bunch of Keys." We hear and read none but complimentary things of the show; the musical numbers combine popularity with artistic excellence to a greater degree than any other farce comedy. It is more than a roaring farce—it is a cracking, thundering one—it fairly takes the audience by storm and wreathes in smiles faces that have grown sorely sober watching theatrical performances that do not amuse. It is impossible to resist the fun, it is of such a jolly, wholesome sort that it reaches out and takes hold of the spectator and makes him laugh whether or no, as said "A Bunch of Keys," and in the immortal words of Rip Van Winkle, "May it live long and prosper."

There always can be found a way to satisfy the conscience in a struggle for the mastery.

## Our Young Men Suits

We take special pains in providing JUST THE RIGHT KIND OF CLOTHES for the young men of 16 years of age or upwards.

Our Suits have the desired amount of style in cut and make-up, while the fabrics are the most appropriate.

## The Daily Planet

8, STEPHENSON, PROPRIETOR.

Business Office 55. Editorial Room 102.

TUESDAY, APRIL 10, 1906.

THE ONLY SOLUTION.

The startling discovery made by City Engineer E. B. Jones that the southern retaining wall of the Third street bridge is by no means in a safe condition, and the subsequent announcement that the sum of money required to repair the same will be, approximately, \$3,000, has caused considerable interest among the ratepayers of Chatham.

The popular feeling now seems to be that if the city has to pay out such a large sum for repairs to an old structure, it is surely an opportune time for the Council to consider more seriously, the proposition from the railway company, to build a new bridge.

No matter of public interest has caused such wide-spread discussion and comment during the last few months as the Third street bridge question. The City Council and the railway company have considered it separately and jointly, in a vain endeavor to arrive at some ultimate conclusion whereby both sides would be satisfied. Meetings have been held and propositions have been made, but the matter still hangs on in a tiring and annoying manner. In the meantime the company have not received much encouragement to extend their line, as the citizens desire them to, and the Council has not won a very enviable reputation in the outside world, as a result of the way they have treated the capitalists whom they induced to invest money in a scheme which is a beneficial one in forwarding the interests of this city and county.

When the company made a proposition, whereby they and the city would each bear half the expense of erecting a new bridge, it was hoped by many of the ratepayers that the city would go hand in hand with the railway men in supplanting the present structure with a new and more suitable bridge. The Council, however, rejected the company's proposal, with the excuse that they thought that a by-law granting the sum of \$20,000 for this purpose would not be approved of by the electors. The company then had no other alternative but to prepare plans for the strengthening of the old structure.

In view of the recent discovery that the present bridge is in such a condition as to render it unsafe for heavy traffic, it is not surprising to find that the trend of public opinion is in favor of the city meeting the company half way—in other words the majority of the ratepayers are ready to support the acceptance of the \$20,000 proposition which was thrown out by the Council when the matter was last discussed by them.

It is admitted that providing the city did pay half the cost of the construction of a new bridge, they would practically recover the amount in the use of the old structure. The city engineer has pointed out that the Indian Creek, Adelaide street and Princess street bridges are in a tumble-down condition, and require immediate attention from the Council. He has shown that to repair or replace these bridges the city will be called upon to expend a sum which exceeds the \$20,000 they are asked to contribute towards the building of a new bridge at Third street. If the company's offer is accepted, the city will be able to make these repairs to the three bridges above mentioned, through use of the present structure at Third street, with a small additional cost.

In other words, the acceptance of the railway's proposition would enable the city to repair and rebuild the bridges at Adelaide street, Indian Creek and Princess street, and they will have a new bridge at Third street. If they do not accept, they will have to repair the three above mentioned bridges at a cost of about \$20,000—the amount the company asks them to contribute—and they will have the present old structure at Third street, which they will have to replace in a few years anyway.

Where, then, is there any reasonable argument against the building of the new bridge? The railway company are as anxious as the city

## THAT OVER WORKED, PLAYED OUT FEEL- ING AMONG WOMEN

There are thousands of females all over our land who are broken down in health and dragging out a miserable existence, overburdened with diseases peculiar to their sex, apparently growing old while yet young. Often they have pale or sallow complexion, hollow, sunken eyes, with a lifeless look; the face has a pinched and haggard appearance; they are weak, weary and trembling, often extremely nervous, starting at every little noise. Many are low-spirited, and some are fretful. Some are apparently bloodless, with cold hands and feet, while others are flushed by an unequal circulation of the blood, dizziness, and sometimes dimness of vision, loss of memory, and often loss of appetite and sleep, and are wearied with terrible dreams. Palpitation of the heart, nervous prostration, smothering and stifling spells, shortness of breath and the sensation of pins and needles are all indications of a weakened condition of the heart or nervous system, and should any of them be present we would strongly advise the use of

## MILBURN'S HEART AND NERVE PILLS

They bring health to the broken down, energy to the weakened constitution, tone up the tired, overstrained nerves, and strengthen the weak heart. Mrs. Edward Jackson, Hall's Bridge, Ont., writes: "For a year I was greatly troubled with nervousness and loss of appetite, and could neither sleep nor eat. After taking a few boxes of Milburn's Heart and Nerve Pills I was completely cured and can recommend them to all sufferers."

Milburn's Heart and Nerve Pills 50 cents per box or three boxes for \$1.25, all dealers or The T. Milburn Co., Limited, Toronto, Ont.

to settle the matter in a fair and square manner, and all their proposals up to the present have been of a most reasonable nature. Although it is the duty of the Council to safeguard the interests of the public by curtailing municipal expenditure as far as possible, it is now "up to them" to realize that in this case they are only asked to obtain a reasonable sum, for a necessary and beneficial use, and they should lose no time in properly testing public opinion by submitting a by-law for the required amount.

## The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicine leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicine in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, over-worked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous or native medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient antiferment.

Neither of the above medicines contains alcohol, or any harmful, intoxicating drug, as will be seen from glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent, or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes have any such professional endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

## Swallowed Her Dead Husband.

The only case on record of a disconsolate widow swallowing the remains of her dead husband is that of Artemia drinking a glass of wine in which the ashes of Mausolus had been stirred for that purpose. The parties to this remarkable transaction were brother and sister and also husband and wife. Mausolus was king of Caria and reigned about 300 years before Christ. After his death his remains were burned and the ashes disposed of as related.

## THROW MEDICINES TO THE DOGS

At best they are unpleasant, often useless. You have some disease of the nose, throat or lungs. Doctors would call it bronchitis, asthma or catarrh. The common root of these diseases is germ or microbe irritation. Catarrh means it is too inflamed. Disease germs, it does more, it heats, diseased and inflamed tissue. The disease is not only cured, but its return is forever prevented by using Catarrhazone, which is splendid also for cold, coughs or irritable throat. Remember, you inhale Catarrhazone—Nature's own cure—use no other but Catarrhazone—it's the best catarrh cure made.

Take Hollister's Rocky Mountain Tea this month. Drives away spring tiredness, gives appetite and sleep, makes you well and keeps you well. Great family tonic. 35 cents. Tea or Tablets.

## THE STAGE

ANNOUNCEMENTS.

At the Grand—  
Hoyt's Bunch of Keys—April 12.  
Mexican—April 13.  
Leslie's Vaudeville and Trained Animals—April 16-18.  
When Knighthood Was in Flower—April 20.

(Supplied to The Planet by Press Agents.)

A BUNCH OF KEYS.  
In spite of the conclusion arrived at some time ago by the management who for so many seasons have exploited with so small pecuniary gain Hoyt's "A Bunch of Keys" to at least temporarily rest this wonderfully successful musical farce owing to the long continued service, and for the purpose of launching another offering of equal merit so urgent have been the requests for its retention that as a sort of farewell our fun and music patrons are to be treated to another visit of this greatest of Hoyt's triumphs at the Grand on Thursday next, on which occasion the purpose will be to show to what an extent an old and tried amusement friend can be rejuvenated through the process of a new interpretation and in brand new attire. To this end nothing has been neglected from a scenic point of view and extra care has been exercised in the selection of such a cast as would insure the best possible meaning of the author's humorous motives.

THE DISTRICT

BLENHHEIM

April 10.—Miss C. Fox, of Detroit, is visiting her grandparents, Mr. and Mrs. I. Shaver.

On Sunday evening the sudden death took place of Wm. Hood, a well-known resident. The deceased was apparently in good health. In the latter part of the evening he complained of feeling smothered and asked his wife to get him a drink of water which, on being given him, he attempted to drink. Immediately he strangled and expired. His weight is about 255 lbs. The funeral will take place on Wednesday.

The many friends of Jas. H. Gtatham, of Buxton, were pleased to see him in town on Saturday.

Fergus Beemer, of Taylor, is visiting friends in town.

The Rowland Stock Co. closed their three nights' engagement here on Saturday.

John McCollough, of Detroit, visited his aunt, Mrs. A. W. Bell, over Sunday.

The funeral service of the late Mark Wellwood was conducted yesterday in Trinity Church, by Rev. G. McQuillin.

The ladies of the Baptist Church conducted a successful bazaar in J. K. Morris' store on Friday and Saturday last.

The Choral Society are practising hard on the Cantata, "Ruth," which they intend rendering on April 17th.

HOW IT SPREADS.  
The first package of Dr. Leonard's Hem-Roid, the infallible Pile Cure, that was put out went to a small town in Nebraska.

It cured a case of Piles that was considered hopeless.

The news spread, and although this was only two years ago, the demand prompted Dr. J. S. Leonard, of Lincoln, Neb., the discoverer, to prepare it for general use. Now it is being sent to all parts of the world.

It will cure any case of Piles. There is a month's treatment in each box. Sold for \$1.00, with absolute guarantee.

It is for sale by druggists, or by The Wilson-Pyle Co., Limited, Niagara Falls, Ont.

THAMESVILLE

April 9.—Dr. Thornton, from Chatham, preached two very able sermons in the Methodist church yesterday and, as usual, made a deep impression on his congregation. In the morning he preached in the interest of education, and at night a sermon to young people.

Fred. Bambridge spent Saturday in Chatham.

Charles Davidson, from Chatham, spent Sunday in town.

The interest in St. James' Sunday school was greatly increased yesterday by an orchestra of a dozen pieces. Dr. DeCov, from Chatham, assisted the orchestra rendered some fine music, and great credit is due J. G. Cameron, and to those who took part.

Mrs. M. O'Neill spent Saturday in the Maple City.

Will Hubbard was in town to-day. Miss Jean Duncan, who has been visiting in town, returned home to-day.

James Mowbray, from Comber, spent a few days at his home in Botany.

Wm. Mowbray, of the staff at Upper Canada College, Toronto, came to his home in Botany for the Easter holidays.

Charles Eberle, from Dresden, spent Sunday at his home in Bothwell.

Dr. Thornton was the guest of Mr. and Mrs. G. A. Fraser, who in town.

John Coutts is spending the day in Chatham.

Miss Margaret McPherson spent the week end at her home, River Road.

Mr. Mallet will spend some time in town in the interest of the "Chosen Friends."

KENT BRIDGE.

Mrs. Aikens and son Charlie, of Chatham, returned home on Saturday, after spending the week at J. L. Williams'.

John Norton, of Toronto, spent the week end at his home here.

A. W. Gregory, of Parkdale, passed through here on Wednesday to take a position as day operator at the C. P. R. station, Chatham.

John McCollough, of Detroit, visited his aunt, Mrs. A. W. Bell, over Sunday.

The funeral service of the late Mark Wellwood was conducted yesterday in Trinity Church, by Rev. G. McQuillin.

The ladies of the Baptist Church conducted a successful bazaar in J. K. Morris' store on Friday and Saturday last.

The Choral Society are practising hard on the Cantata, "Ruth," which they intend rendering on April 17th.

HOW IT SPREADS.

The first package of Dr. Leonard's Hem-Roid, the infallible Pile Cure, that was put out went to a small town in Nebraska.

It cured a case of Piles that was considered hopeless.

The news spread, and although this was only two years ago, the demand prompted Dr. J. S. Leonard, of Lincoln, Neb., the discoverer, to prepare it for general use. Now it is being sent to all parts of the world.

It will cure any case of Piles. There is a month's treatment in each box. Sold for \$1.00, with absolute guarantee.

It is for sale by druggists, or by The Wilson-Pyle Co., Limited, Niagara Falls, Ont.

THAMESVILLE

April 9.—Dr. Thornton, from Chatham, preached two very able sermons in the Methodist church yesterday and, as usual, made a deep impression on his congregation. In the morning he preached in the interest of education, and at night a sermon to young people.

Fred. Bambridge spent Saturday in Chatham.

Charles Davidson, from Chatham, spent Sunday in town.

The interest in St. James' Sunday school was greatly increased yesterday by an orchestra of a dozen pieces. Dr. DeCov, from Chatham, assisted the orchestra rendered some fine music, and great credit is due J. G. Cameron, and to those who took part.

Mrs. M. O'Neill spent Saturday in the Maple City.

Will Hubbard was in town to-day. Miss Jean Duncan, who has been visiting in town, returned home to-day.

James Mowbray, from Comber, spent a few days at his home in Botany.

Wm. Mowbray, of the staff at Upper Canada College, Toronto, came to his home in Botany for the Easter holidays.

Charles Eberle, from Dresden, spent Sunday at his home in Bothwell.

Dr. Thornton was the guest of Mr. and Mrs. G. A. Fraser, who in town.

John Coutts is spending the day in Chatham.

Miss Margaret McPherson spent the week end at her home, River Road.

Minaid's Liniment cures Distemper

## TWO ALPHABET LETTERS.

"J" and "W" Comparatively Recent Additions to the List.

It is a fact, not so well known but that it may be said to be curious, that the letters j and w are modern additions to our alphabet. The letter j only came into general use during the time of the commonwealth, say between 1649 and 1658. From 1630 to 1646 its use is exceedingly rare, and I have never yet seen a book printed prior to 1652 in which it appeared.

In the century immediately preceding the seventeenth it became the fashion to tail the last i when Roman numerals were used, as in this example, viij for 8 or xij in place of 12. This fashion still lingers, but only in physicians' prescriptions, I believe. Where the French use j it has the power of a s as we use it in the word "vision." What nation was the first to use it as a new letter is an interesting but perhaps unanswerable query.

In a like manner the printers and language makers of the latter part of the sixteenth century began to recognize the fact that there was a sound in spoken English which was without a representative in the shape of an alphabetical sign or character, as in the first sound in the word "wet."

Prior to that time it had always been spelled as "vet," the v having the long sound of u or of two u's together. In order to convey an idea of the new sound they began to spell such words as "wet," "weather," "web," etc., with two u's, and as the u of that date was a typical v the three words above looked like this: "vvet," "vweather," "vweb."

After awhile the typesetters recognized the fact that the double u had come to stay, so they joined the two u's together and made the character now so well known as w. I have one book in which three forms of the w are given. The first is an old double v (vv); the next is one in which the last stroke of the first v crosses the first stroke of the second, and the third is the common w we use today.

# ANKLE REDUCING

"ONE OF THE 14"

A DOLLY VARDEN ANKLE

Some athletes have clumsy figures while others enjoy the graceful lines of a Sandow.

Some feminine ankles are swollen and bulky while others are as slender as a fawn's.

Whether clumsy or graceful, bulky or slender the method of training is the cause.

The ankles are completely surrounded by muscles. If these muscles are constantly strained and stretched by the feet wobbling about on unsuitably built shoe foundations, bulky ankles cannot fail to ensue.

Dolly Vardens reduce bulky ankles and preserve slender ones. Why?

Because of their Free Flat Tread, which allows the feet to rest free and flat on the sole. This prevents bending and bowing of the ankles and the consequent stretching of the ankle muscles.

Because of their newly devised steel arch support, which holds up the arch and relieves the vertical ankle muscles from the tension occasioned by falling arch.

Because of their Dead Level Ball and Heel Balance which throws the ankles into their natural vertical position.

Because they hold the foot and ankle firmly at every point in a corset-like grip.

The Dolly Varden Agent in your city will be pleased to show you Ankle Reducing Dolly Vardens. Purchasers or investigators equally welcome. In the States and Canada at the same price—\$3.50 and \$4.00. Every Pair Goodyear Welted. (To be continued.)

**Success in Business.**  
The path of success in business is invariably the path of common sense. Notwithstanding all that is said about "lucky hits," the best kind of success in every man's life is not that which comes by accident.—S. Smiles.

**Bred to It.**  
"He seems to see the worst side of everybody."  
"He can't help it. He's an amateur photographer."—Washington Star.

### GOLD MEDAL

— FOR —  
**Ale and Porter**  
AWARDED  
**JOHN LABATT**  
AT ST. LOUIS EXHIBITION  
1904.  
Only medal for Ale in Canada.

**Consolation.**  
The honeymoon was over, and the husband, returning from business, was grieved to find his little wife crying bitterly. "Oh, George," she sobbed, "such a dreadful thing has happened. I had made you a beautiful pie all myself, and Edie went and ate it!" "Well, never mind, my dear," he said cheerfully, "we can easily buy another dog."

### PURGATIVES ARE DANGEROUS.

They gripe, cause burning pains and make constipated condition even worse. Physicians say the ideal laxative is Dr. Hamilton's Pills of Man-drake and Butternut; they are exceedingly mild, composed only of health-giving vegetable extracts. Dr. Hamilton's Pills restore regular movement of the bowels, strengthen the stomach and purify the blood. For constipation, sick headache, biliousness and disordered digestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c. box yourself.

Men don't mind getting into a little bit of trouble if the ground of retreat is very well covered.

**STRAINED BACK AND SIDE.**  
"While working in a saw mill," writes C. E. Kenney, from Ottawa, "I strained my back and side so severely I had to go to bed. Every movement caused me torture. I tried different oils and liniments, but was not helped till I used Nerviline. Even the first application gave considerable relief. In three days I was at work again. Other men in the mill use Nerviline with tremendous benefit, too." An honest record of nearly fifty years has established the value of Polson's Nerviline.

It is better to be happy than rich, but lots of us are neither.

**The Alternative.**  
The doctor had been called to see a pitman's wife. On coming down from her room, the doctor said to the husband: "Well, Geordy, I'm glad to say there isn't very much wrong with your wife. It's a case of too much blood, and we'll try an old fashioned remedy. Just get a leech at the chemist's and put it on her, and I believe you'll find her better when I call in the morning." Next day the doctor called again and, meeting the husband, who was a bit of a sportsman, like many of his kind, said: "And how's your wife this morning, Geordy? Better, I expect." "Nal, man, but she's worse," replied Geordy. "Worse?" exclaimed the doctor. "But did you do as I told you last night?" "Well, not exactly, for I couldn't get a leech, so I put the ferret I bed w' 'er."—London Tatler.

### THEIR MAJESTIES APPRECIATE.

Reply to Canada's Condolences on the Death of Queen's Father.  
Ottawa, April 9.—The following reply has been received by the Governor-General from the Secretary of State for the Colonies, to the message of condolence with Their Majesties sent by the Government of Canada on the occasion of the death of the King of Denmark:

"Downing street, 21st March.  
"My lord,—I have the honor to acknowledge the receipt of your despatch No. 88, of the 21st ult., enclosing a copy of the approved minute of your Privy Council expressing profound regret of your Ministers and tendering the devoted sympathy of the people of Canada to Their Majesties the King and Queen, in the loss which they have sustained through the death of his Late Majesty the King of Denmark.  
"Your despatch and its enclosures have been duly laid before Their Majesties and I am commanded to request you to convey to your Ministers and through them to the Canadian people, the cordial thanks of Their Majesties for this mark of sympathy in the time of distress and of appreciation of the great loss which they have sustained, and to say that Her Majesty the Queen has been greatly comforted by the expressions of affectionate regard towards herself and by knowing that the heart of Canada goes out to her in her sorrow. I have, etc.,  
(Signed) "ELGIN."

**THE OTHER SIDE.**  
Major Longbeon tells such exciting stories of the Civil War, doesn't he?  
Yes, he does tell some good ones. Well, which side was he on during the war?  
The other side.  
Confederate?  
No—the other side of the Atlantic.

**Age of Some Noted Universities.**  
It is said the University of Oxford was founded by King Alfred the Great in 872. The University of Cambridge, or, rather, the first of the colleges at present comprised in it, was founded by Hugo, bishop of Ely, in 1257. The University of Paris was founded by King Philip II. about the year 1200. The first German university was established at Prague in 1348. Trinity college, Dublin, was incorporated by royal charter in 1591. The University of Edinburgh was first chartered in 1582 by King James VI. of Scotland. Harvard college was founded at Cambridge, Mass., in 1636. Yale university was first established at Saybrook, Conn., in 1700. It removed to its present location, New Haven, in 1716.

### Humor and Philosophy

By DUNCAN M. SMITH

#### PERT PARAGRAPHS.

Laziness is no doubt due to a miracle that isn't a bit lazy.

Trying to put some fat on the bones of the family skeleton is distasteful work.

Graft makes some other things respectable by comparison.

The silvery lining of your clouds are not salable at the mint.

Some people are so sensational that their features look like double column headlines.

There are people who are such base imitators that even their sin isn't original.

You can't tell how much a man knows by his knowing look.

Those people who are up in the air ought to be able to solve the problem of aerial navigation.

Some cooks are so tender hearted that they can't bear to beat an egg.

Trouble must be a bird, for it's always hatching.

**Perverted Uses.**  
A hammer is a useful tool  
If used in building fences  
Or mending things about the house,  
Thus keeping down expenses,  
But when its only mission is  
To keep the neighbors dented,  
You're rather sorry when you think  
It ever was invented.

When busy building chicken coops  
Or on that kind of duty,  
The hammer is, as you may see,  
Almost a thing of beauty,  
But when it raps the human race  
Then would you call it cruel  
To throw its head away and turn  
Its handle in for fuel?

Some people do not seem to know  
About the hammer's uses,  
But are way up in G or more  
On some of its abuses.  
They couldn't drive a carpet tack  
Or keep a board from splitting,  
But they are cheerful experts in  
Some other kind of hitting.

But we must stand for them because  
There is no way of blocking  
The ones who take their exercise  
In hard and constant knocking—  
Must stand for them, but in our breast  
The hope must ever linger  
That some day they will make a slip  
And soundly rap their finger.

#### Best For the Price.

"What is your price for telling fortunes?"  
"Ten cents to \$1, madam."  
"I'll take a ten cent one. What do you see in the lines in my hands?"  
"Clotheslines, madam."

**Fits the Name.**  
"Why do they call it the Stock Exchange?"  
"I suppose because when a man goes in there with loose change it is exchange before he gets out."

**Let Her Go.**  
We drop our work, as you observe,  
When Mandy sings a piece,  
But still we never have the nerve  
To call in the police.

**Behind the Times.**  
"He reads the future by the stars."  
"Pears to me that would be a powerful poor light to read by. Can't he afford to buy a kerosene lamp?"

**Not So Much So.**  
"He went broke for an idea."  
"That was noble of him. What was the idea?"  
"That he could beat the races."

**Has to Live.**  
The radical reformer  
Who's strictly up to date  
Is at the trade show warmer  
If reforming pays the freight.

**Ground Enough.**  
"He started in to work from the ground up."  
"And?"  
"He was ground down."

**Should Have Been Clean.**  
"None of his is tainted money."  
"No, he made his fortune in soap."

**Notable Omission.**  
"Why is the Boston tea party so celebrated?"  
"I suppose because no beans were served."

Truth is the foundation of all knowledge and the cement of all societies.

Minard's Liniment cures Burns, etc.

Minard's Liniment cures Burns, etc.

## IN A GOOD CAUSE

Advisory Board Hold Their Regular  
Monthly Meeting and Continue  
Noble Work

The regular monthly meeting of the Advisory Board of the Children's Aid Society was held yesterday afternoon in County Clerk Gosnell's office, Harrison Hall. There were present, Mesdames Goodland, Stephenson, Williams, Sulman, Fraser, J. L. Bray, Young, Sheldon and Pike, and Messrs. Patterson, Baxter, Somerville, Gosnell and R. V. Bray.

The executive officer reported, since March 12, visits made, 9; letters written, 22; interviews, 7; cases reported for investigation, 2, embracing 2 children, both investigated; children made wards of the society, 1; applications for children, 2. After two of the cases had been explained, the report was adopted.

Accounts amounting to \$15.78 were ordered paid.

The matter of a charities organization for the whole city was brought up, and the executive officer was instructed to write to a few places to find out the workings of such a society, and also to see what arrangements could be made for the financing of the same.

On motion, it was decided to hold a rummage sale in aid of the society, in September, and the President was instructed to advertise the same.

Mesdames Fraser and Goodland were appointed a committee to look after the boy who was said to be in need of clothing.

The Ladies' Visiting committee reported having visited the different families which were allotted to them, and supplied the needs as far as they were able.

The Society has a baby boy, about six months old, for whom they would like to get a home.

After some minor discussion, the Board adjourned.

## TOWNSHIP COUNCILS

### DOVER COUNCIL.

The council met as Court of Revision on Friday tap drain repair March 29th. The members were all present. The appeals were read and considered, and the appellants were heard and their evidence taken down. The Court of Revision adjourned till April 16th. The council met. The minutes of the last meeting were read and adopted. A petition was read, signed by S. Gervais and others, asking that T. McQueen be appointed commissioner on the front concession mechanical drain in place of R. Benson, resigned. Also a petition signed by F. Reame and others, asking that Robert Jubinville be appointed commissioner on Dolson Creek drain. The Reeve stated that he was served with a notice of appeal by Chatham Township against the engineer's report on the improvement of the Onellette drain east of McFarlane drain. John Glasgow, through his solicitor, notified the council, claiming damages for accident to himself and team in going over a bridge or culvert. Arthur Wennp wants a bridge over Little Creek drain at his lot, to replace a bridge washed out by waters coming down said drain. The Clerk was instructed to look up the by-law re this matter.

Mr. Shackleton's amended report on the Hind Outlet Relief drain was read.

Moved by Lewis and Bourdeau, that Timothy McQueen be appointed commissioner on the front concession mechanical drain in place of R. Benson, resigned.—Carried.

Moved by Bourdeau and Crawford, that the grievance of John Glasco be referred to the Reeve and Mr. Terry to investigate and report.—Carried.

Moved by Lewis and Crawford, that the Reeve be empowered to settle the grievance of Andrew Thomson re lot purchased by him on the Woods Survey at tax sale.—Carried.

Moved by Lewis and Terry, that The Planet account, \$4.32, be paid for advertising for tenders re running a free ferry at or near Prairie Siding.—Carried.

Moved by Lewis and Bourdeau, that Mr. Shackleton's account, \$36, be paid—\$10 for work on Hind drain outlet and \$26 for work on Dolson Creek mechanical drain.—Carried.

Moved by Bourdeau and Lewis, that Mr. Carron, treasurer, be paid \$35 on salary.—Carried.

Moved by Lewis and Crawford, that James Murphy's account, \$6.04, be paid for goods furnished Mrs. John Plinn and family, and O. I. Dolson's account, \$2.28, be paid for goods furnished Wm. Duckett.—Carried.

Moved by Terry and Crawford, that the Reeve and Clerk be appointed to attend to the matter of the appeal of Chatham Township re Onellette drain improvement.—Carried.

Moved by Terry and Bourdeau, that Mr. Crawford be empowered to sell a tree on the 12th concession road.—Carried.

Moved by Terry and Lewis, that the grievance of Eli Jubinville and Robert Jubinville be referred to the Reeve and Mr. Bourdeau and report.—Carried.

Some other accounts were paid. The council adjourned.

JOHN WELSH,  
Clerk.

## LETTERS

### ENGLISH EMIGRANTS.

Dear Sir—In reference to your correspondent's letter in your paper of Friday's issue respecting us, I think it only just to the society by whose assistance we came out here, and also to Messrs. Gray & Sons, to state that we were not without money, and that we were offered work immediately on application, so therefore were not destitute.

Yours respectfully,  
T. WOODING.

In the report referred to, The Planet did not wish to cast any reflection on Mr. Wooding's financial condition. We merely drew attention to the fact that Englishmen are being continually dumped off in Chatham, many of them destitute, strangers in a strange land. This is often the result of misrepresentation by English societies. It was reported to us that in Mr. Wooding's case he was not expected at Gray's, as he had understood, and had it not been for Mr. Robert Gray's public spiritedness in offering Mr. Wooding a position, he might have been placed in the same position as some of his fellow Englishmen who arrive in Chatham to find that they have to get out and hustle for themselves as best they can. Often under very unfavorable and discouraging conditions.—Editor Planet.

### DANTE.

Mrs. E. Broad died on Friday last. Deceased was well known and beloved by all. The remains were interred in Fansher Cemetery. Rev. Mr. Sawyer, pastor, officiating.

Mr. and Mrs. John Coleman spent Sunday with Mr. Peaha, of Ephraim.

Roy Stocking is home, before leaving for Ridgetown, where he intends spending the summer.

Will Wood spent a few days in Dresden.

Ethel Wood is visiting friends in Dresden this week.

John Vail leaves for Saskatchewan next Monday.

## C. AUSTIN & CO

Fashionable Dress Making  
KING ST. CHATHAM.  
Easter  
Millinery

## Spring Dress Goods

AT UNAPPROACHABLE LOW PRICES

The secret of our Dress Goods trade is we never mark them for more than they're worth when first placed on sale. The price from the start, in addition to their superiority in every detail, is what appeals to women and sells them before they become stale and shop worn. Hence every economical, shrewd and well dressed buyer is not easily misled by so called radical reductions so early in the season. Our quick selling business methods offer clean, up to date stuffs.

## A Few New Specials

46 inch all wool batiste for street or house gowns, in all the new spring shades, blue, cream, light blue, champagne, navy, brown; also black, special 50c yard.

Silk and wool eolienne in apple green, pearl grey and sky blue, correct for fancy gowns, beautiful goods, \$1.40 yard.

Cream dress serges for Eton suits, separate skirts, etc., some very special numbers now in stock, 50c, 60c, 65c, 75c and 85c yard.

Silk warp Henriettas for fancy gowns, in new spring shades, champagne, reseda, pearl grey, also black, special \$1.25 and \$1.50 yard.

Black lustrous, special finish, excellent values, 42 to 44 inches wide, 50c, 60c, 75c; special 48 inch black seilian, extra heavy and fine, 60c yard.

Black nun's veiling for summer gowns, special values 50c, 60c yard; plain or checked black batiste and bengaline suitings, pure wool, 50c per yard.

New embroidered nun's veiling, cream ground, with silk embroidered spots, in cream, blues, brown, helio, cardinal and light green, 28 inches, special 50c yard.

Priestly black dress goods, a leading line with us—see them.

## Easter Hats !

We don't care where the next best Millinery is—we have the best! In nothing is a woman's taste so distinctly arbitrary, and in nothing have we been as thoroughly successful. Our showing of fine Millinery this season discounts everything in the past, and the more you make comparisons the surer we are of your money.

We're making a special feature of trimmed hats to sell at popular prices, with new styles coming to us all the time. The best proof of our success is that we almost never lose a customer.

## Going to Buy a Carpet this Spring?

If so, we invite you to inspect our magnificent selection of Carpets, which is being added to almost daily, and for the essential features of carpet worth are unsurpassed anywhere.

To-day we opened our new stock of English, Velvet, Brussels and Balmoral Carpets, and the 1906 designs include some very rich effects well worth seeing. The price for this season will be—

Velvet Carpets at \$1.00, \$1.15 and \$1.25 per yard.  
Brussels " at \$1.00, \$1.10 and \$1.25 per yard.  
Balmoral Carpets at 75c per yard.

All the above prices include making and putting on your floors.

## Linoleums and Cork Cloths

Of every description. Over 50 pieces to select from. All widths, 2, 3 and 4 yards wide.

Enamel Surface Design at 35c, 40c, 50c, 60c, 65c and 75c square yard.  
Inlaid (through to canvas) Tile and Floral at 85c, \$1.10 and \$1.25 square yard.  
Inlaid (3 colors) at 75c square yard.  
Cork Felt at \$1.25 square yard.

## ARE YOU READY FOR EASTER, SIR ?

If you've forgotten something and you can't remember what, just look over our display of Easter Clothing, Hatters and Hats, and perhaps you will remember what you forgot. A mint of money will be spent in Easter trappings. The swiftest of Suits and Top Coats are here, while our Easter Neckwear is in full blossom—tropical profusion. Our New Spring Hats in the soft or stiff styles are right up to the scratch. Street Gloves, new spring styles in Shirts, medium weight Underwear, Silk Umbrellas, etc.

Bright Styles for brave dressers, peaceful kinds for quiet tastes, purse consolation for all.

## MEN'S RAINCOATS—VERY SPECIAL VALUES

Plain Oxfords, Olives, Tweeds, Fancy Woosteds—handsome Garments we ever showed. Our specials at \$7.90, regular \$10.00 values, suitable for Overcoat or Raincoat, dressy and serviceable. Big Choice at \$10, \$12, \$15.

## Stylish Suits for the Boys..

In these pre-Easter days, when everybody puts on newer garb the boy comes first generally. Mothers who take pride in their little men will find our Easter showing interesting.

Fancy Suits for little men 3 to 8 years, \$1.98 to \$5.00.

Boys' 2 piece Suits for 5 to 15 years, \$1.98 to \$5.00.

Boys' 3 piece Suits for 9 to 16 years, \$3.00 to \$7.00.

## C. AUSTIN & CO.

## Easter Plants

Nothing nicer for a gift, nor anything nicer for the home than an Easter plant. We will have a large number of plants to choose from—and they are very reasonable in price.

15c to \$1.00

EASTER CHICKENS, 5c and 10c.

EASTER EGGS, 2c, 5c and 10c.

EASTER BASKETS, 5c, 10c. and 15c each.

MIXED BISCUITS, 15c a pound.

NUT TAPIES, 15c a pound.

FINE CHOCOLATES, 25c a pound.

Our English Breakfast Tea—40c a pound—will please you.

**H. Malcolmson**

## BEE SUPPLIES

We have our stock of Bee Supplies ready a little earlier than usual this year. And you will find it more complete than it has ever been before too. We have everything the bee man needs and you will find the prices a trifle lower than you have been used to paying.

Court Companion, No. 521m in their hall at 8.  
Citizens' meeting in Kent Mills Office, at 8.  
Young Men's Club, Park St. S. S. Hall, at 8.  
Divine service will be held in Holy Trinity Church, at 8.  
Divine service will be held in Christ Church, at 8.  
Men of Park St. Church at Home, in Park St. Church, at 8.  
Chatham Lodge, No. 29, I. O. O. F., Oddfellows' Temple, at 8.  
Meeting of Junior Lacrosse team executive in Hotel Rankin, at 8.

## LOCAL

James Fleming, of Fleming & Tillson, left for Lindsay to-day.

Mrs. Allen, Cross street, gave birth to a baby boy Monday night.

See the New Grey Sulings just passed into stock at Foreman's.

Rev. J. R. Peters, of Chatham, is spending Sunday with his friend, Walter H. Wigg—St. Thomas Times.

Excelsior Paint will give you what you desire—a nice, glossy finish. Try it. Drow & McCullum.

Mr. and Mrs. S. J. Sutherland, New Orleans, were in the city and left for Toronto yesterday afternoon.

The Sunday School Teachers of the city will meet in the First Presbyterian School Rooms at 8.

The lot that was not for sale the last time you inquired about it may be advertised to-day. Read Planet ads.

Mr. Harold McDonald will give two vocal selections at E. M. L. dramatic entertainment on the evening of April 16th.

A reward is offered for the return of a note and cheque book on the Standard Bank which was lost last Thursday between Cedar Springs and Chatham.

Sale of Homemade Cooking, Aprons and Sweeping Caps, by the Ladies of the First Presbyterian Church, at Mr. Sullivan's Store, on Wednesday and Thursday, 11th and 12th inst. Hot pies at 11 a.m. both days.

Mrs. Creighton, of Chatham, is visiting relatives in the city and will remain until after Easter, to be present at the marriage of her cousin, Miss Mariel Brantlinger, to M. K. Moorhead, U. S. Consul—St. Thomas Times.

City Assessor Thomas French has received a letter from his son Norman, who is now cashier in the Astor House, New York. Norman sent home a circular giving a number of views of the hotel.

Billy Quensell, of Windsor, who in seasons gone by put up many a fast game of lacrosse on the Tecumseh team, is at present in the city. Mr. Quensell in a chat with The Planet this morning said that he had a good offer to go to Souris, Man., where a crack lacrosse team is being organized for the season. He may accept.

N. J. McArthur, who for the past year has been a valued servant in the staples department of the Thos. Stone & Son store, has severed his connection with that firm and has accepted a position with Rankin & Co., of Brandon, Man. Mr. McArthur was fittingly remembered by his co-workers at Stone's, who, before his departure, presented him with a beautiful silver ring as a token of their regard for him. Before leaving to assume his new duties in the west, Mr. McArthur will spend a few weeks with his parents in Coningsby, near Guelph.

**Happy at Last**  
Her Husband no longer gets Intoxicated—Samaritan Tasteless Remedy Cured Him.

This lady says: "For the first time since I have been married I can be happy and content—my husband is cured of his bad habit of drinking. Several months ago you sent me a free sample of your remedy at my request, and without my husband's knowledge I gave it to him in his tea and food. I then got a full treatment and gave it regularly. It is wonderful, and I cannot sufficiently thank you for the blessed change it has brought to my home."

**Free Package** and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence strictly confidential. Address: THE SAMARITAN REMEDY CO., 11 Jordan Chambers, Jordan St., Toronto, Canada.

**NOT WHAT IT IS QUACKED UP TO BE.**  
Last night the Banner attempted to discredit the report appearing in this journal to the effect that there was small-pox in Dresden. Scooped again!

**LET YOUR LIGHT SHINE.**  
The following recipe, for which we are indebted to Mr. J. W. White, is claimed to add greatly to the brilliancy of a lamp in which coal oil is so used. Add to oil one-eighth to one-fourth of camellian salt. This will make the light given off much brighter, prevent smoking and keep the wick clean.

Baxter's Lillies!  
H. Beugle, of Tilbury, was in Chatham yesterday on business. Salesladies Wanted—Experienced ones preferred. Apply at once to Thomas Stone & Son.

Reserve your seats for "More Sinners Against Than Sinning," at Tschirhar's music house to-morrow. The Sunday School Teachers of the city will meet in the First Presbyterian School Rooms to-night. The members are asked to bring their bibles.

The Board of the Children's Aid Society, at yesterday's meeting, decided to hold a rummage sale in the early fall. All charitably disposed are asked to co-operate with the Board in this undertaking.

George Watt, of this city, has received word from Ray Peck, of Howell, Mich., in which Ray states that he has secured a position on the Detroit News-Tribune staff, and that he will commence his new duties at once. His brother Walter has been appointed captain of the H. H. S. baseball team of Howell. The baseball season in their district opened to-day.

The remains of the fated engine, and tender, No. 151, which was smashed up last week on the G. T. R. at Port Robinson, passed through the Chatham depot this morning, going west to the repair shops. The body of the locomotive was in a running condition and was sandwiched in between two flat cars, each of which bore a heap of scrap iron that represented some part of the tender or engine cab.

On Sunday night, about 11 o'clock, one of the overhead wires of the Chatham Gas & Electric Light Co. at the corner of Adelaide and Murray streets, broke and fell on the pavement. The result was that several places were without light for the rest of the night, one of the chief sufferers being the Hotel Sam'ta. The wire was repaired yesterday and the service is now uninterrupted.

Easter Excursion Tickets will be issued by W. E. Rispin, City Passenger and Ticket Agent, 115 King St., to all points on G. T. R. and Wabash, in Canada, also to Detroit, Chicago and Buffalo, on Thursday, Friday, Saturday, Sunday and Monday, April 12, 13, 14, 15 and 16. At single fare for return trip, all good to return until Tuesday, April 17th. Fare and one-third to teachers and students, good to return until April 27th.

Harry Pickering, who played with the Chatham Tecumsehs last year, and who has for some time past been working in London, has been practically secured by the Toronto Tecumsehs, and it is likely he will be seen on their line-up this year.

Frank Grace of this city, it is understood, will also sign with the Tecumsehs. The Tecumseh management are after Grace, and it has been learned from a reliable source that they will offer him a proposition after the C. L. A. meeting is over.

**Death in Carpets**  
The favorite breeding ground of bacilli is an unclean carpet. Our rug and carpet cleansing system not only beautifies the article, it also deters it perfectly sanitary.

**CHATHAM RUG WORKS.**

**JUST A LITTLE BIT  
OFF THE TOP**

It may be sloppy at times, but this is real, old-fashioned April behavior.

If what we have been told is true, some of the city churches will rival any hot-house in town for floral ceremony, Easter Sunday morning.

Looks as though the construction of a new bridge at Third street is, after all, about the only way out of the difficulty in which there is any horse sense.

It is safe betting that more than one old back around the city was suffused with a conscious blush when he read that Marine City woman's plea in last night's Planet.

Who cares about the coal strike anyway? A strike among the Plymouth Rocks and the many other species who aid in producing the festive Easter egg would be the greatest calamity just now.

**NOT WHAT IT IS QUACKED UP TO BE.**  
Last night the Banner attempted to discredit the report appearing in this journal to the effect that there was small-pox in Dresden. Scooped again!

**LET YOUR LIGHT SHINE.**  
The following recipe, for which we are indebted to Mr. J. W. White, is claimed to add greatly to the brilliancy of a lamp in which coal oil is so used. Add to oil one-eighth to one-fourth of camellian salt. This will make the light given off much brighter, prevent smoking and keep the wick clean.

Prices firm at \$7.25 for select, and \$7 for light, and the quotations given by H. P. Kennedy.

**MONTREAL LIVE STOCK.**  
Montreal, April 9.—(Special.)—Cables from Liverpool and London on Canadian cattle came steady at 11 1/2c; exports from Portland and St. John were 2200 cattle. Armour Company have renewed contract with Thompson Steamship Line for all London space for one year. Canadian Pacific line have let 200 spaces on London boats for May and June to American firm, and prospects are other large contracts will be closed with American exporters in the near future. First vessels sailing from Montreal to Liverpool in May have been let for ranch cattle at 35s. A fairly active trade was done in cattle and some high prices were paid for fancy Eastern grades.

one steer, 1810 lbs., selling at \$7.35 per cwt. for shipment to Quebec; one heifer, 1800 lbs., sold at \$12.50; one calf, 830 lbs., brought \$12c per lb.; one, 730 lbs., 7 1/2c; other sales of fancy steers were made at 6c to 7c; prime 5 1/2c to 5 3/4c; choice, 5c to 5 1/2c; good, 4 1/2c to 4 3/4c; lower grades, 2 1/2c to 3 1/2c. Receipts of hogs were 1152, of which were brought up to the west for two of the large packers, consequently the supply was small. Demand was good and the market strong. Prices advanced of 15c per cwt. with sales of \$7.40 to \$8 per cwt., weighed of cars.

Cables from London and Bristol on Canadian bacon were strong at an advance of 2c to 3c, but Liverpool was easier with prices 6d to 1s easier again.

Milch cows sold at \$30 to \$60 each; good 10c to 12c; calves, \$6 to \$10; common, \$2 to \$4 each. Sheep, \$3 to \$4.75; lambs, \$4 to \$7 each. Receipts were 1200 cattle, 60 and 1200 hogs.

**EAST BUFFALO CATTLE MARKET.**  
East Buffalo, April 9.—Cattle—Receipts, 4500 head; opened slow and steady; closing firm; prime steers, \$5.25 to \$5.75; shipping, \$4.75 to \$5.25; butchers, \$4.25 to \$5.10; heifers, \$3.75 to \$5; cows, \$3 to \$4.65; bulls, \$3.25 to \$4.70; stockers and feeders, \$3.25 to \$4.50; stock heifers, \$3 to \$3.50; fresh cows and springers, steady, \$13 to \$22.

Hogs—Receipts, 14,500 head; slow; pigs, a shade higher; others steady; heavy, mixed and Yorkers, \$6.70 to \$6.75; pigs, \$6.60 to \$6.65; roughs, \$3.00 to \$3; stags, \$4.25 to \$4.75.

Sheep and Lambs—Receipts, 18,000 head; slow and steady; lambs, \$6.25 to \$6.50; yearlings, \$6 to \$6.25; wethers, \$5.75 to \$6; ewes, \$6.50 to \$5.75; sheep, mixed, \$3 to \$5.75.

**NEW YORK LIVE STOCK.**  
New York, April 9.—Beef—Receipts, 2885; steers, slow to 10c lower; bulls, steady; cows, 15c to 25c off. Steers, \$4.60 to \$5.75; bulls, \$3.50 to \$4.30; cows, \$1.75 to \$3.50. Exports to-morrow, 800 cattle, 1073 sheep and 8823 quarters of beef.

Cattle—Receipts, 1081; steady; 10c to 15c lower; veals, \$3.50 to \$7; few choice, \$7.15 to \$7.25.

Sheep and Lambs—Receipts, 6562; sheep, quiet but steady; unshorn lambs, 10c to 15c higher; clipped lambs, slow, but steady. Sheep, clipped, \$3 to \$4.75; no sales of woolled sheep; unshorn lambs, \$6.90; few choice, \$7; clipped lambs, \$5.50.

Hogs—Receipts, 1081; market firmer; state and Pennsylvania hogs, \$8.50 to \$7.

**CHICAGO LIVE STOCK.**  
Chicago, April 9.—Cattle—Receipts, 18,000; strong, to 10c higher; common to \$3.50; heifers, \$2.75 to \$3; bulls, \$2.00 to \$3.25; calves, \$2.75 to \$6.50; stockers and feeders, \$2.75 to \$4.75.

Hogs—Receipts, 32,000; strong to 5c higher. Choice to prime heavy, \$6.45 to \$6.50; medium to good heavy, \$6.40 to \$6.45; butchers' weights, \$6.30 to \$6.50; good to choice heavy mixed, \$6.40 to \$6.45; packers, \$6.30 to \$6.45.

Sheep—Receipts, 25,000; weak to 10c lower; sheep, \$4.50 to \$6.45; yearlings, \$5.75 to \$6.25; lambs, \$4.70 to \$6.00.

**A Paper of Influence**

An Eminent King's Counsel Expresses His Opinion of Canada's National Newspaper.

In addressing the jury at Cobourg last week in the libel action of Coyle vs. The Globe, Mr. W. R. Riddell, K. C., counsel for the plaintiff, gave utterances to the following sentences:

"There is a paper known as The Toronto Globe, a paper known to everybody in this country. It has an enormous circulation throughout the length and breadth of the civilized world. It has an enormous influence; it is a paper which at least one-half of the grown individuals in this country desire to see, and upon which a very large proportion pin their faith. So influential was it that some of the Reformers said, instead of 'Give us this day our daily bread,' 'Give us this day our daily Globe.'"

Carnations, Lilies, Tulips, Hyacinths, at Victoria Ave. Green Houses, eithas, Azalias, the best and cheapest.

There can be no such thing as a mass of people.

HIGHEST AWARD ST. LOUIS, 1904.

DISTRICT  
McKAY'S CORNERS.  
Mr. James Rose has returned, after visiting friends in Berlin for a few days.  
On Friday morning, after a long illness, Mrs. Benjamin Glassford passed away, aged 89 years. She was completely helpless for over six years from the effect of a stroke.  
Frank Driscoll, of Kingston, is calling on old acquaintances, after 18 months' absence.  
We saw blue birds on the 27th ult. Some of the local sports have been bringing in some great strings of pike.  
Mr. Fred Ward, of Chatham, occupied St. James pulpit on Sunday, our pastor, Rev. A. W. Ware, being east on a visit and business combined.  
Aulis Faul was in Ridgeway on Sunday.  
Mr. John Hamill is quite seriously ill. Mr. H. is one of the oldest and most successful pioneers of Harwich.  
Richard Wyatt, painter and decorator, has commenced a busy season in his line of work.  
Mr. Geo. Hales is putting a fine new wagon on the road this summer.  
Mrs. Henry Best is recovering nicely from a recent operation.  
It is remarkable that so many farmers these days place so little value on the rows of beautiful maple trees along the road line, as to destroy those beauties by cutting them down to furnish a supply of firewood for a few months. They seem to forget that those trees stand for much toil and forethought on the part of the earlier settlers, who recognized their worth. It is a pity this despoiling is allowed by law.

VOGUE POINTS.  
Smart and Serviceable Materials For Children in Spring Days.  
Materials for children's garments are seen upon the counters in a most charming variety.  
The jacquard designs bid fair to be popular, and these are seen in mohair, voile and a kind of mixed cotton and silk poplin, all of which, in their own way, are excellent for children. Then there is a new weave of heavy silk, neither canvas nor crash, but something between, that should make up into smart spring coats, the natural shades being especially good, and touched up either with black taffeta combined with a bit of red or with golden brown velvet the result should be both stylish and practical.  
A lighter weight of this silk in a similar weave is the Burlington. This, too, will be used for coats, while rajah, a lighter weight silk, almost identical in weave with the Burlington, will develop into charming frocks for afternoon wear with guimpes. Both of these silks have excellent wearing qualities, while the heavy crases should prove exceedingly durable, making them, perhaps, a good choice for boys' clothing, besides having the advantage of being easily laundered, a necessary consideration where boys are concerned.  
The mohairs in jacquard design are exceedingly pretty and bright looking, requiring little or no trimming, and are the very best choice for garments for general use, whether for best, school or afternoon wear, as they come in all colors as well as all qualities.  
In the thinner cotton goods the staple plain and dotted swisses are again to the fore, the latter being modeled into sweet little dancing frocks, which will come in later on for summer wear, so that such a purchase will be seen to

A RAJAH SILK COAT.  
be a good investment, for, as everybody knows, a good quality of dotted will stand the laundry perhaps better than any other sheer cotton material, and while a dainty fabric a child will never look overdressed wearing a frock of this material. The dainties are perhaps more charming than ever, tiny bunches of buttercups and roses being scattered over ivory grounds and single pink rosebuds displaying themselves over a pale blue surface. Pale yellow dainty with tiny brown daisies is most exclusive looking and will be the color par excellence for the brown eyed girl.  
Organdies showing the border have not yet appeared among the offerings for children's wear, but they may be expected, so closely do the toilets of little ones follow those of their elders, both as to material and models.  
The coat seen in the picture is a smart affair carried out in reseda green rajah silk. An empire effect is gained with a fancy colored braid outlining the short waisted bodice. The same braid trims the plaited skirt, deep collar and cuffs, which are further elaborated with plaited frills of the silk.

Hints to the Cook.  
A novelty attractive to the cook is called a food protector—a disc of enameled wire, perforated and indented, to be put in the bottom of kettles to prevent food from sticking, even should the water boil away. They can be had in various sizes, costing from 12 to 20 cents each.  
If salt is sprinkled over the range before frying is commenced there will be no disagreeable odor if the fat spatters over.  
In frying croquettes in deep fat be sure to plunge the wire basket in the hot fat first before the croquettes are placed in the basket; otherwise they may adhere to the wires and fall apart when lifted.  
In a fruit pie always mix a tablespoonful of flour thoroughly with the sugar—both dry. If butter is to be used spread it on the lower crust before putting in the fruit, and it will be evenly distributed through the pie.  
Fruit Souffle.  
Half a pound of prunes, three table-spoonfuls of sugar, four eggs, a tea-spoonful of vanilla and a pinch of salt. Beat the yolks till creamy, add the sugar, vanilla, salt and the prunes, which must have been previously stewed and chopped. Beat the whites to a stiff froth and lightly stir them to the other ingredients. Pour into a soufflé dish and bake for twenty or twenty-five minutes in a fairly hot oven.

TO BRIGHTEN GLASSWARE.  
A table-spoonful of ammonia to a quart of water is the best medium for cleaning windows, lamp chimneys and any kind of glassware.

SUNLIGHT SOAP  
\$5,000 REWARD will be paid to any person who proves that Sunlight Soap contains any injurious chemicals or any form of adulteration.  
is equally good with hard or soft water.  
If you use Sunlight Soap in the Sunlight way (follow directions) you need not boil nor rub your clothes, and yet you will get better results than with boiling and hard rubbing in the old-fashioned way.  
As Sunlight Soap contains no injurious chemicals and is perfectly pure, the most delicate fabrics and dainty silks and laces may be washed without the slightest injury.  
Lever Brothers Limited, Toronto

## HOW TO TREAT SERVANTS.

## Put Yourself in Their Place and Look at Life From Their Viewpoint.

The reason many women have difficulty in keeping servants is because they have acquired the habit of looking upon maids as a separate and distinct species of human beings, who could not be expected to respond to considerations which govern the life of their mistresses and who are almost, if not quite, incapable of feeling. "Only begin to show you are interested in your servants, and you simply can't keep them in their place," you hear women say. That may be, but, after all, is it not a thousand times better to win the love and respect of your dependents rather than keep them at arm's length by assuming a spurious sort of superiority? Try for a moment to put yourself in their place and look at life from their point of view. This is absolutely essential if you wish to understand the life of a servant and how different it may be under a mistress who really tries to treat her maids as fellow creatures. Here is a series of rules to practice which will do much to keep servants happy and contented:

## Pay Wages Regularly.

Always pay your servants as much money as you can afford as a compensation for the services they render you and always pay them regularly. So far as you can without offending, take an interest in the way they use their wages and help them to be economical. Always state your orders pleasantly, briefly and clearly. Maids, as a rule, are not mind readers; neither are they responsible for a mistress's poor memory.

Have the kitchen and the servants' room or rooms clean and cozy. Pictures are not necessary, but comfortable beds, chairs and a sunny window.

Do not take a superior tone in speaking to servants. It makes them either servile or resentful, while the qualities you should seek to cultivate in them are self respect, honesty and affection.

Never permit children to be disrespectful to a maid. This rule is as necessary for the proper bringing up of the children as for the comfort of the maid.

Remember that she needs rest and fresh air and sunshine, that social relationships are as essential to her as to you, that her life is brighter and her work better for her afternoons and evenings off, that sorrow depresses her and pain hurts her even as they do you and yours.

The Training of a Servant.  
A servant should be taught to wait able quietly and rapidly, and perhaps these are the most difficult points to master. It may take months of training before they are done satisfactorily. Some girls, however, being so much quicker than others, soon learn to wait at table, so that one is only aware of their presence by the removal of a plate or dish.

Glazed Apples With Ginger.  
Core and pare half a dozen apples. Make a sirup with a cup of sugar and a cup of water. Cook the apples in the sirup, putting them in as fast as they

A Dainty Apple Dessert.  
are made ready, until tender. Turn the apples during cooking and do not cover the dish, as the steam would cause them to break in pieces. Have ready rounds of stale sponge cake or brioche. When the apples are cooked take them up on to the cake, sprinkle apples and cake generously with granulated sugar from the dredger and set them into the oven to glaze. In the meantime add half a cup of sirup from the ginger jar to the apple sirup and let boil up once. When the apples are glazed and delicately colored pour the sirup on to a serving dish, set the apples into the sirup and fill the open spaces with pieces of "stem" ginger. Serve hot with cream.—Boston Cooking School Magazine.

NO MISTAKE

ABOUT THIS CASE

Dodd's Kidney Pills Cure a Young Man Who Had Reached a Very Critical Stage of Kidney Disease

His Case Was More Serious Than He Thought, But Thanks To Dodd's Kidney Pills He Is Well and Strong Now.

St. Leolin, Glo. Co., N. B., April 8.—(Special).—Mr. Patrick Downing, of this place, is a young man only twenty years of age, but some time ago kidney disease had him firmly in its grasp and had it not been for Dodd's Kidney Pills he would probably not have been alive to-day.

"I think the cause of my trouble was over work," says Mr. Downing, "any way it began with a heavy dragging pain in my back and across my loins. Then I was subject to headache, cramp in the muscles, dizzy spells and weakness till I felt fit for nothing. But the worst symptom of my case was when I noticed my urine was streaked with blood, then I knew that my kidneys were affected. Hearing of Dodd's Kidney Pills I sent for some and I am pleased to say the pains have all gone since taking them and I am well and strong as ever I was."

Aged 78; Year in the Central.

Windsor, April 9.—Seventy-eight years old and a self-confessed burglar, Paul Laroux was Saturday sentenced by Judge McHugh to one year in the Central Prison, Toronto, for robbery committed in McGregor several weeks ago.

Saw Mills Burn.

Ottawa, April 9.—The saw mills of Ald. James Davidson, situated at Fort Coloume, Pontiac County, were completely destroyed by fire Saturday afternoon. The loss is \$25,000; insurance \$10,000.

ABOUT RHEUMATISM.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

Date Is Inconvenient.

Washington, April 9.—The State Department has suggested to the Russian Government, through Ambassador Rosen, that the period suggested in the Russian note for the convening of the second Hague conference, namely, the early part of July, would be inconvenient to this country, and to some of the other countries of this hemisphere, which had expected to be represented at the Hague.

THE VERY BEST REMEDY FOR BOWEL TROUBLES—NO FAMILY CAN AFFORD TO BE WITHOUT IT.

Of regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as one of the very best remedies for bowel troubles," says Mr. J. W. Hanlon, editor of the Despatch, Ocala, Georgia. "I make this statement after having used the medicine in my family for several years. I am never without it." No family can afford to be without a bottle of this remedy in the house. It is certain to be needed sooner or later. For sale by all druggists.

Charges of Lawson Effective.

Boston, April 9.—The charges made by Thomas W. Lawson that the big insurance companies, in their hunt for proxies, have been giving rebates and issuing policies for no consideration other than the assignment of the vote to the holder, resulted Saturday in the return of several indictments after a special enquiry under the direction of District Attorney John D. Moran. All the names but one were withheld pending arrests. The exception is that of Frederick Hockaday, who is accused of "allowing rebates of insurance premiums contrary to the public statutes." Hockaday was taken into custody.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing this. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

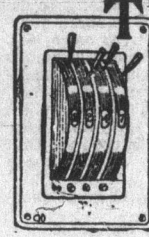

Present adversity is easier to bear than past prosperity.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

"HELLO GIRLS" GOING

THEY ARE BEING SUPERCEDED BY AUTOMATIC PHONES.

The Substitution At Exchanges of An Electrically Controlled and Self Acting Apparatus For the Manual Switchboard Is a Great Change—Apparatus Does Everything But Think, and Seems to Do Even That.

INDICATOR PLATE FOR CALLING.

The telephone girl as an individual may be a charming creature and a hard working employee, but as an abstract proposition experts in telephony have long been seeking to do away with her. Indeed she has been done away with already in some places, and it is believed she will be relegated to the domain of outworn institutions, along with the high wheeled bicycle and other devices which in their day and generation were a good thing, but which have survived their usefulness.

One improvement has rapidly followed after another in telephone construction and operation in the last ten or fifteen years, so that the methods now in vogue at the exchanges in putting subscribers in communication are quite different from what they were even as late as the close of the nineteenth century.

The introduction of the "common battery" system, which did away with the old plan of turning a "crank to 'ring up' a person when a telephone conversation was desired, was a great improvement. It is much more convenient simply to remove the receiver from its hook in calling central than to turn a crank, as the old system, still in use in some places, necessitated. The improvement also has saved a great saving in the cost of installation of telephones.

The most radical change of all is that introduced with the automatic exchange system, which substitutes for the "hello girls" an apparatus that does everything but think, and that seems to do even that. It makes the operation obtaining telephonic connection speedier and greatly reduces the cost of maintaining a plant and the large force of operators need be employed. It also has an advantage in that the two persons talking may be assured of absolute secrecy. There is no possibility that some far operator at the exchange switchboard, with her curiosity natural to her sex may be listening, a matter of special importance in the smaller towns.

According to the automatic system, which is now in operation in several

THE AUTOMATIC TELEPHONE.

large cities, the subscriber instead of calling up an operator at the exchange and naming the number he wishes pushed the pointers of a dial so that they stand over the exact number he required. He presses the button, and the automatic exchange does the rest. If the line of the subscriber called is busy the person calling hears a buzzing sound which notifies him of the fact. Otherwise he hears the signal bell at the other end of the line ringing and waits until the call is answered. When through he hangs up the receiver, as in the old system; the two lines are disconnected and free for other use. At the telephone exchange instead of a switchboard, with its operators in front of it there is a system of mechanical devices electrically controlled. The machinery to perform the operations formerly executed by the "hello girls" is done by a series of switches, and the dial is taken to tell the story to take up other work as required. When there are more calls than the number of switches idle the calls are stored and served to the first switches disengaged without greater delay than a few seconds at most, which is better treatment than one usually receives from the intentionally expiring telephone girl.

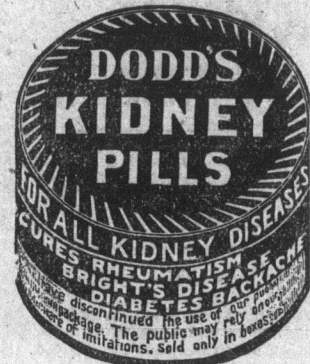

Should there be any crossing or grounding of wires automatic notice of it is immediately given to the exchange, consequently the defect may be remedied before even the subscriber is aware of it.

ASKS NO BONUS.

J. H. Hill to Build New Transcontinental Railway in Canada.

St. Paul, Minn., April 9.—James J. Hill intends to build a transcontinental railroad through Canada, from the Atlantic to the Pacific. In a letter to the Winnipeg Board of Trade, he says:

"We are now undertaking to build up a new system, a trans-continental line through the Canadian Northwest, which, I hope, will serve to further develop your city and the country from which its prosperity is drawn. I am called east on business, which will keep me until about May 1, after which time I intend to visit Winnipeg."

From Montreal west, the line will parallel the Canadian Pacific. Mr. Hill asks no bonus.

Try Again for Health

Gin Pills Will Cure You

OR MONEY REFUNDED

If you have wasted money on doctors, and taken medicine after medicine, without relief, of course you are discouraged. But don't give up. There is one cure—certain and sure—that will make your kidneys well and strong.

Here is a letter from an old gentleman, 72 years of age, who had just your experience, but who was convinced that he owed it to himself to at least try GIN PILLS. Read what he says:—

The Bole Drug Co., Boissevain, Man.

Dear Sirs, I am now 72 years of age. I have been ill for about six or seven years. I have been attended by different doctors, but I could get no help. I started taking Kidney Pills, and I have taken several old boxes, and I found they helped me a little. This spring I started to take Gin Pills, and believe they have cured me. I cannot say too much about them, and recommend them as a good remedy.

(Signed) WILLIAM CUMPTON.

Note that Mr. Cumpton not only found quick relief, but "believe they have cured me."

Try just one more. Give GIN PILLS a fair trial. So sure are we that GIN PILLS are a positive cure for all Kidney troubles that we will let you test them free.

Send name and address, and tell in what paper you saw this advertisement. We will send you a sample box of GIN PILLS free of charge. Gin Pills are sold by all druggists at 50c a box, or 8 boxes for \$2.50.

THE BOLE DRUG CO. - WINNIPEG, MAN.

WOULD TRUST COLONIES.

Lord Curzon Raps Government re-Natal's Recent Treatment.

London, April 9.—Lord Curzon, in his speech at the Pilgrims' Club banquet at the Savoy Hotel Friday night appealed to the British people to do as they could, trust the men on the spot in the colonies and not to worry, fret or nag them with dogmatic wisdom. They themselves did not claim superiority for wisdom, but in any case their errors were in no wise comparable to those based on dogmatic ideas, conceived at home.

He proceeded to rap the Government for its recent treatment of Natal, warning it never to sacrifice the interests of a dependency to the convenience of British interests and never to force on it a policy unsuitable to it because it was advantageous to the Home Government.

Lord Curzon concluded by urging the country to send its best men to its dependencies.

Better Than Spanking

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 4, Windsor, Ont., will send free to any mother her instructions on how to treat bed-wetting. Write her to-day if your children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

May Be the Murderer.

Cornwall, April 9.—Detective Carpenter of Montreal passed through here yesterday afternoon with Arsene Soule, the man who was arrested at Massena, N. Y., on suspicion of being the murderer of the little Ahearn girl at Montreal.

YOU ARE AILING.

Not quite sick—but robbed of ambition to work—find it hard to think of dying, but bad enough for life to be pretty dull. There is a remedy—Ferrozone—that quickly lifts that half dead feeling. Gracious, but Ferrozone makes you feel good; it sharpens the dulled appetite, makes it keen as a razor.

BLOOD? Ferrozone makes lots of it, the rich, nourishing kind that vitalizes the whole body. You'll be wonderfully quickened, immensely strengthened, feel hearty and vigorous after using Ferrozone. Buysant health, surplus vigor and reserve energy all come from this great restorative. Fifty cents buys a box of fifty tablets at all dealers.

CHANGE EASILY MADE.

Former U. S. Minister to Norway and Sweden Gives History of Metric System Adoption There.

Strong testimony to the ease with which the change from the old system of weights and measures to the metric system was made in Sweden and Norway—a quarter of a century ago—was given recently by Major Thomas B. Ferguson, who served with distinction as the American Minister to Sweden and Norway from 1883 to 1893. When asked about the reform which those countries worked in their standards of weights and measures Major Ferguson pointed to a large scale which stood upon his desk.

Two Markings on Scales.

"You will observe," said he, "that this scale is marked in two ways. The metric units are indicated on one side of the line and the old Swedish pounds and their divisions on the other. The hand of the scale, when it is in use, shows at a glance the weight of the article placed upon it, not only in the old Swedish pounds but in the metric kilograms and their decimal division.

In order to facilitate the change from the old system to the metric the Swedish Government marked the metric equivalents on any scale sent to it by any citizen. At first the merchant or housewife would weigh articles by the old standard, but would note the metric equivalent until they were as familiar with the one as with the other.

"The period of transition in Norway occupied about three years. During the first year or two the persons using the old weights had them marked by the Government, so that the 'skilling' which is about one English pound, was increased to one-half kilogram. The old steel yards were changed to make the weight of weight on the beam equal to one-half kilogram for each old pound. The bushel measure for corn was adjusted so that one hundred and forty liters made a bushel, and seventy liters made a half bushel. I obtained in 1886 a report from the Norwegian officer of the customs and control on the results of the change in Norway. This report says in part:

"The change from the old system of weights and measures to the metric system did not cause any trouble of serious importance. Knowledge of the metric system was imparted by instruction in the schools, by publishing practical models and by means of popular notes and lectures. The law for the introduction of the metric system into Norway was issued on May 22, 1875. From July 1, 1879, this system was actually introduced for public trade and commerce. From this date its employment by the customs office and for calculating every kind of public fees became obligatory.

All Done in Three Years.

"From July 1, 1882, the metric law was fully enforced. Consequently, from that date the use of the new system has been compulsory for the purchase and sale of wares and the payment of fees and all other transactions. The period of transition from the old system to the new one commenced three years ago. After this all corrections of measures were forbidden. (It should be observed that even before the metric law of 1875 was passed the weight in grams had been used as an apothecary weight in Norway from July, 1871, having been introduced by the law of May 9, 1871.)

"It is beyond doubt that in Norway the metric system has proved to be practical and easy, useful and well adapted to every kind of trade, and certainly nobody in the country would wish to return to the old and complicated system. Whether the introduction of the metric system in Norway has had any direct influence on the commerce of the country may be rather hard to solve, except that naturally the use of the system has facilitated the intercourse with other countries which are using it."

Major Ferguson was asked what had been the results of the change in Sweden. He replied:

"Also in 1896 I obtained from the Foreign Office in Sweden a report from the assay and control office. I have made these extracts from the report: 'The metric has been used exclusively at the custom house and post offices and for the railway traffic of the kingdom since the beginning of 1881. The surveyors, however, were required to state the size of the plots in the old measure in their representation of their surveys. The proclamation of the Board of Assay containing the detailed regulations regarding the implementation of the metric system was published Nov. 13, 1879, and was followed by a royal proclamation concerning fees on Feb. 27, 1880.

"As guides for the change into the metric system of measures many private publications were issued, and a variety of scales and schedules for the new measure. The new measures and weights were not universally used until the period of transition was completed. After that the only lawful standards were the metric ones. No trouble of importance was observed in the transition, although prices were naturally fixed in many places, especially in the distant provinces, according to the old measures, but the new measures were used exclusively in delivering the goods.

"Practically, the metric system has proved satisfactory. The only additions to it after 1879 were the introduction of a measure of capacity of one and one-half peckliters for measuring dry wares and the denomination ton for one thousand kilos and decton for a tenth part of a ton or one hundred kilos. For the requirements of the postal service special weights of 15 and 125 grams were used. Several retailers expressed a wish for a special name of half a kilo, which would correspond nearly to the old pound, but no wish was ever expressed for the re-establishment of the old system."

"Count Douglas, Minister of Foreign Affairs, in transmitting this report, wrote me: 'With regard to your question (as to the effect of the metric system upon commerce), it might be mentioned, in addition to the Swedish memorial, that, according to the opinion of experts, the adoption of the metric system has proved profitable to the commerce of Sweden, as far as can be judged.'"

Chengman—Maybe you'll grow up to be a minister like me.

Freddy—Well, I don't know. Papa says it isn't much of a job.

Remorse of the morning-after variety doesn't last long enough to do much good.

KILLED AN INSANE PATIENT.

St. John's Authorities Astounded By a Conscious-Stricken Man.

St. John, N. B., April 9.—Edward Maloney, an Englishman, about 26 years of age, entered the Central Station Saturday and astonished the police by stating he had killed a man last August in the City of Warren, Pennsylvania.

Maloney says that, four years ago, he had charge of a ward in a state insane asylum in Warren, Pa. One day in August last he was attending a patient named Davidson, who angered him. Having a violent temper, he struck the man over the head with an instrument and killed him. He then ran away to Canada.

Cures Rheumatism Too.

Bu-Ju cures Rheumatism, because it cures the Kidneys. Every drop of blood in the body passes through the kidneys, to be filtered. If the kidneys are sick—tired—inflamed—they don't filter out the uric acid. It is this acid, deposited in the joints—on the nerves—that causes Rheumatism.

Bu-Ju

THE GENTLE KIDNEY CURE

cleans, heals, strengthens the kidneys—sets them to working properly—clears the blood—steps the ache—and takes away every trace of Rheumatism and Sciatica.

THE CLAPLIN CHEMICAL CO., LIMITED, WINDSOR, ONT. NEW YORK.

Almost Every Family Suffered.

Nagold, Black Forest, South Germany, April 9.—The burial of fifty bodies of those who perished April 5, by the collapse of the Stag Hotel, took place Saturday. There is scarcely a family in the village who has not lost a member.

A MILLION NEEDLES

COULD NOT INFLICT THE TORTURE WOMEN SUFFER FROM HEADACHES

Headache is not in itself a disease, but a symptom or accompaniment of other diseases, principally those of the stomach, liver and bowels, such as Constipation, Dyspepsia, Liver Trouble, Bad Blood, Female Complaints, General Debility and Weakness. Headache is common to both sexes, but more frequently affects females.

The varieties of headache most common are sick or bilious headache, nervous headache, headache from constipation, debility or indigestion, periodical and spasmodic headache. Undoubtedly the cause must be removed before permanent relief can be had.

Burdock Blood Bitters

removes the cause of the headache, and not only does this but it also restores the entire system to healthy action and buoyant vigor.

"I was troubled with headache for a number of years, but could get nothing to help me. I procured a bottle of Burdock Blood Bitters, and finding it was doing me so much good, I got two more. I am now fully cured and think there is nothing in the world like Burdock Blood Bitters for headache."

A Rare Showing of Easter Millinery.

## WM. FOREMAN & CO.

Which without the shadow of a doubt surpasses its predecessors in point of value, style and variety of weaves.

This Dress Goods stock is not only large but it is correct if measured by the fabrics shown in the exclusive and popular metropolitan stores.

It is not an uncommon thing for this store to show a color or a fabric at least six months prior to the popular demand. It is our business to keep abreast what is shown in London, Paris and New York, and every shade or weave that is strong there—provided it is not frakish and suitable for this community—will be found here in goodly numbers. For instance, Grey, Heli and Old Rose are correct in the above-named centres, but of the three shades Grey is the most wearable, and while we are showing helio and rose we are making a showing of greys which tourists say is as select as any showing they have seen in the larger centres, and our patrons claim that a more beautiful showing was never made in Chatham. You are welcome to our time and knowledge and we cordially invite you to inspect this large and well selected stock. No need to buy simply because you look.

## EDUCATIONAL BILL OPENING THE DOOR

Passes First Reading—Oxford University Opposes the Bill.

London, April 10.—The education bill, the main measure in the Liberal program for the present session, yesterday was formally passed on first reading in the House of Commons after an extended debate participated in by Mr. Birrell, president of the board of education (its introducer), James R. MacDonald, Labor and Socialist, and Sir Alfred Thomas, chairman of Welsh Liberal Parliamentary party, who supported the measure, and Sir Wm. Anson, Liberal, representing Oxford University; George Wyndham, Conservative, and Lord Robert Cecil, who opposed it.

Mr. Birrell declared the bill was an honest attempt to deal with a difficult problem.

Under the bill religious education may be given in hitherto unprovided schools, if they are taken over by the educational authorities two mornings weekly, but not by the local authorities, but not by the regular staff. The bill shall the attendance of pupils be compulsory, and no part of the expense thereof shall be borne by the rates.

The bill provides for a further annual grant of \$1,000,000 from the Imperial exchequer for education, and proposes the establishment of a national education council of Wales.

## HE LOSES HIS LIFE

Feed Cramus of Brantford Loses His Life in Altercation.

Buffalo, April 9.—His breast penetrated by a sharp file in the hands of Rudolph Schilling, a fellow workman, Frederick Cramus of Brantford, Ont., an employee at the Plant & Letchworth works here, lies dead. Schilling has been placed under arrest.

The men were employed as pattern-makers by the firm, and worked on benches side by side. Shortly after 10 o'clock Saturday morning Schilling attacked Cramus, and so it is said, asked familiarly, "How are you, Cramus?" The latter seemed to resent the freedom of this mode of being addressed, and returned that he "had a handle to his name and preferred to be called by it."

As a result of the altercation that came after, Schilling made a thrust at the other with a sharp file used to scrape patterns. Cramus expired almost instantly, a blood-vessel having been severed.

It is claimed by Schilling that his benchmate first dealt him a sharp blow on the jaw with his clenched fist, and that he (Schilling) acted in self-defense. He is a youth of 19 and had been at work on the plant for eight months. Cramus was 29 years old and had been in Buffalo for some time.

It's a story with a sad ending that finds its way into the waste basket.

But Foreign Travelers Take Risks in Interior of Manchuria.

Washington, April 10.—The following statement was given out yesterday at the Japanese legation:

"Owing to the fact that the withdrawal of the troops from Manchuria has not having sufficiently progressed, the Japanese Government hitherto has not permitted citizens and vessels of foreign countries to enter the ports and regions of Manchuria, nor allowed foreign consuls to proceed to their posts therein. Considerable progress, however, having now been made in this respect, the Japanese Government has decided, in accordance with the principles of the open door and equal opportunity and vessels of foreign countries to enter from May 1 at Antungchen and Tatungkiao, and to allow foreign consuls to proceed to their posts at Antungchen. From June 1 foreign consuls shall be allowed to proceed to their posts at Mukden and the traveling of foreigners in the interior of Manchuria will be permitted in so far as military exigencies do not prevent it. It has been decided that the Japanese Government will open Dihany (Talienwan) to the commerce of the world in as near future as possible.

"Judging from the present condition of the interior of Manchuria, it is impossible for the Japanese authorities to afford such foreign travelers adequate protection and facilities in housing and other matters. Those, therefore, who enter the interior of Manchuria do so entirely at their own risk, and the Japanese Government does not hold themselves responsible for any injury or damage which may suffer from bandits or other marauders."

## YORK LOAN MONEY USED

Was Instrumental in Starting Toronto Life Insurance Company

METHODS ARE SHOWN UP

Toronto, April 10.—Yesterday's evidence in the Phillips conspiracy case was not of a remarkably exciting character.

Miss Alexander said she was in the employ of the York County Loan for nearly three years. Phillips started The National Monthly in June, 1902. At that time witness was in the pay of the York County Loan from June 1902 until March, 1905, but she had worked for The National Monthly. Her work for the York Loan was not considerable.

Witness said she had also worked for The Canadian Home, under instructions of Phillips.

"Could you tell me the amounts spent by the York County Loan in advertising in The Canadian Home?"

"I could not say." Witness added that E. J. Burbridge had rendered the amounts. She did not know what Miss Lillian Hudson did. Witness knew nothing concerning the expenditures.

Divided the Profits.

Thomas Clark, teamster, said he had advanced of money from the York Loan. He thought \$2,950 in all. He entered the employment of the York County Loan.

"What did you do before you had any connection with the York County Loan?"

"I had a team and wagon. I went to work for the York County Loan four years ago. The first advance to me was \$400 in cash. I got the other sums in cash. I bought horses and wagons with the money and worked them at the York Loan and the Southern Light."

He added that he had not done much work outside these companies. He sometimes drove the Misses Hudson down town in a buggy. He rendered the bills to the York County for the work done. Witness had given no security for his loan. He had charged \$1-2 dollars per day for team and men. For the work done to the Southern Light he rendered the account to an employee of the York County. Witness paid two-thirds of the profits made to Miss Lillian Hudson, by arrangement with Phillips. He retained the other third. After he had received his expenses and retained the \$15 weekly due to him, he handed over the balance to Miss Hudson.

Witness added that his teams were not always working, but the magistrate reminded him that he could not have afforded to keep the horses idle in the stables.

"When your teams were working where were the division of profits about?" asked Crown Attorney Curry.

"Sometimes there would be \$100 of \$50 or \$60. Once there was \$100 profit made."

"You got a third?"

"Yes. I was instructed by the York Loan to buy horses and wagons. He admitted that he did not think the money advanced was a loan at the time.

"Did you not tell Detective Twigg that you said you would not sign anything?"

"No." He added that the interest on the loan had been fixed at 6 per cent.

An Energetic Agent.

The next witness was a man named Broadhurst, who said that he was now in the employ of the Sun Life about two months. Prior to that he had been in the employ of the York County Loan.

He had originally received a bonus of \$6 a week for writing 10 shares a week. He also received commissions, so that he got on an average \$15 a week in all. When he was an inspector he sold National Monthlys and Canadian Homes, and had also sold a Liszt piano, on which he got 15 per cent commission.

He had written from \$2,000 to \$5,000 of life assurance on the average a week, out of the city as well as in it. His expenses were paid by the York Loan. But he had been able to do business for the York Loan as well.

"But you could not do it at the same time."

"I could do it on the same day," said witness.

"What would your expenses be on the road?"

"About a dollar and a half per day for hotels and traveling expenses."

"York County Loan pay them?"

"Yes."

Witness had subscribed for stock in the Toronto Life for Mr. Phillips' suggestion. He paid \$229.77 for 10 shares.

J. E. Jones, who said that stock had nothing to do with Phillips.

Crown Attorney Curry claimed that he had a right to ask the question, as he contended that Toronto Life was started by the employees of the York Loan, from the president downward, out of the moneys of the York Loan.

Magistrate Denison said that Mr. Curry had to prove his contentions by asking questions.

The case was adjourned until this morning.

The argument to make permanent the interim injunctions against the holders of Toronto Life stock obtained by the National Trust Co., liquidator of the York Loan, has been adjourned by Judge Mabey till April 18.

Must Contain Eight Gallons.

Ottawa, April 10.—Retail milk dealers have suggested that instead of an eight-gallon can for milk it should be sold in cans of eight pounds. This Archib Campbell, M. P., who presents the farmers, will not consent.

Where the Irish Go.

London, April 10.—(C. A. P.)—Statistics just issued show that emigrants from Ireland in 1905 to the United States numbered 24,134; to Canada, 2,360; and in Australia, 285.

Open For Navigation.

Brighton, April 10.—Presque Isle Bay is now open for navigation. The strong north wind Sunday night broke up the ice fields and carried the ice out into the lake.

## VICTORY IS ONLY HALF

Justice Burbridge's Decision in Ontario vs. Canada

IT WILL BE APPEALED

Toronto, April 10.—Hon. Mr. Matheson made an announcement in the Legislature yesterday that he had just received advice from the Attorney General, K. C., who was of the Ontario Government's legal counsel, of a decision by Judge Burbridge of the Court of Exchequer, which conveyed the meaning that the province had won a partial victory over the Dominion Government in litigation over the trust funds.

Since Confederation these funds had been held up till two years ago at a five per cent. interest rate. The funds are made up of common school fund of \$1,469,000 and a land improvement fund and an Upper Canada College fund, the grammar school and building fund totalling \$1,910,000. Two years ago the Dominion Government claimed the right to pay off the whole amount, and on this being refused, reduced the interest on other than the common school fund to four per cent, entailing a loss to the province of \$18,000 yearly.

The decision, while fixing five per cent. as the uniform rate and compelling the Dominion Government to make up the lapse, also gives the Dominion the right to pay off the whole at any time.

Hon. Mr. Matheson stated that this ruling would be appealed through the Supreme Court, and if necessary, through the Privy Council. He figures that as a perpetual asset at five per cent. it would be worth \$400,000 or \$500,000 more to the province than if otherwise invested.

Too Many Judges.

Should the bill by Mr. Clark, which received its second reading yesterday, become law, it will result in a considerable reduction in the number of judicial appointments for the province.

The bill provides that in any county only one judge should hold office. Mr. Clark pointed out that up till 1896 the unit was 40,000. In that year the Liberal Government of Ontario was considering asking the Dominion Government to make the unit 80,000, when a change in the government, whereby the Dominion Government might appoint two judges to a county on stating in issuing the commission that the population was 80,000. This, Mr. Clark declared, made it possible for an extra judge to be appointed through a lie in the issuing of a commission.

Hon. Mr. Foy agreed with the speaker's views that in many counties there were now two judges where one could easily do the work.

Hon. Mr. Ross thought the legal machinery of the province had improved. In the High Court, where there were now four divisions, the work was done more expeditiously than ever before. However, there might be too many judges.

"There are a large number of counties where two judges aren't necessary," ruled Premier Whitney. "The question would form part of anything in the nature of law reform which may be taken up."

Mr. Whitney's opinion was that the proposed measure could do no harm, while a good deal of good might come from it, he referred it to a select legal committee.

Telephone Regulation.

Mr. Lucas, in withdrawing his bill to allow any telephone line to be connected with any other line, said he did so because of legislation recently introduced at Ottawa, which made it unnecessary. He made the suggestion, however, that the new railway board be given authority to regulate the telephone lines in Ontario. He hoped the importance of having uniform standards for all the small rural lines would be seen.

A second reading was given Mr. Lennox's auto bill, with the clause relating to revolvers eliminated.

Bills Passed.

The order paper was decorated with no less than 48 bills, which were presented for their final readings, giving a rather striking evidence of the heavy routine work of the present session. The following bills were passed through the final stages:

Mr. Cochrane—Respecting the Department of Lands, Forests and Mines.

Mr. Cochrane—To amend the act to preserve the forests from destruction by fire.

Mr. Preston (Durham)—Respecting the United Counties of Northumberland and Durham.

Mr. Calder—Respecting the Town of Oshawa.

Mr. Lennox—To authorize the Law Society of Upper Canada to admit Henry Ernest Redman to practice as a barrister.

Mr. McCowan—To authorize the Law Society of Upper Canada to permit George Macgregor Gardner to practice as a barrister.

American Fire Insurance Co.

Mr. Preston (Durham)—Respecting the Village of Campbellford.

Mr. Lucas—Respecting the Town of Thornbury and the Township of Colborne.

As the House was rising Mr. Whitney announced that the education bills would be introduced to-morrow.

Hamilton Man Suicides.

Hamilton, April 10.—"I've done it now," remarked William Anderson, as he seated himself at the window of his brother's barber shop yesterday afternoon, after drinking a fatal dose of carbolic acid. In a short time he fell over unconscious, and he died on the way to the hospital. He had often threatened to end his life. He was 30 years of age, and leaves a widow and two children.

Prince Reaches Winnipeg.

Winnipeg, April 10.—Prince Arthur of Connaught arrived in the city yesterday morning. He was greeted by a large assembly of citizens. In the evening his highness and suite attended a state dinner at Government house.

Do not put off till to-morrow!

Exercise your talents.

## VESUVIUS ON THE RAMPAGE

Day of Terror in the Vicinity of the Angry Volcano

500 LIVES WERE LOST

Naples, April 10.—According to information received late to-night, probably as many as 500 lives were lost in the district of San Giuseppe perished while from the ruins of a church, which collapsed owing to the weight of ashes on the roof, forty-nine corpses were extricated. It is asserted that San Giuseppe thirty-seven persons were killed by falling houses.

Ashes are still falling in great quantities.

Ashes Crush San Giuseppe.

Yesterday was a day of terror for the cities, towns and country about Mount Vesuvius. Unconfirmed reports place the number of dead and injured at several hundred, but not many facts can be obtained upon which to base an accurate estimate. At midnight the situation appears more assuring, the lava streams having diminished in volume, and in some directions having stopped altogether, while copious rainfall is cooling the lava where it lies stationary.

Almost equally with the devastation wrought by the lava is the damage done by cinders and ashes, which in incredible quantities have been carried great distances. This has caused the practical destruction of San Giuseppe, a village of 6,000 inhabitants. All but 200 people had fled from the village, and these assembled in the church to attend mass. While the priest was performing his sacred office the roof fell, and about 60 persons were badly injured.

150,000 Refugees in Naples.

The showers of ashes ceased to fall over Naples for a time yesterday morning, but began again later in the day. There are 150,000 refugees gathered in this city. When the last train was leaving Boscotrecase, a fresh crater opened near the station. The refugees from Ottajano say five houses and five churches collapsed from the wave of ashes. An excursion steamer, attempting to reach Naples from the island of Capri, and to return as the passengers were being suffocated by the cinders, was being towed by a detachment of troops, who witnessed the destruction of Boscotrecase as a result of the eruption of Mount Vesuvius, the lieutenant is quoted as follows:

A Story of the Day.

"All was quiet in the town just before its destruction, the people believing that they were safe from the stream of lava, but after midnight terrific rumblings were heard, followed by violent earth shocks, which shattered the windows and cracked the walls. The lava then began flowing from Mount Caramella near where a fresh fissure opened a few days ago. A wild panic ensued, the people rushing into the streets, shrieking with terror. The Caramella crater was by that time hurling forth masses of incandescent rock and a current of fire was sweeping down the mountain with terrific speed, flowing in two streams. One of them, 200 yards broad, was moving towards the centre of the town.

"The population fled in terror to Torre Annunziata, while the soldiers visited the houses in order to see that all the inhabitants escaped. In so doing they rescued several bedridden people who had been left behind by their terrified relatives. Indescribable scenes of panic were witnessed.

River of Fire.

"The people seemed to have lost all control over themselves. The town was hardly evacuated when a river of fire invaded the houses, and soon after towards Boscotrecase seemed to be enveloped in flames. After passing Boscotrecase the two small streams flowed to Torre Annunziata.

ILL, LEFT ALONE TO DIE.

Hungarian Laborers at Niagara Falls Desert Sick Comrade.

Niagara Falls, Ont., April 10.—But for the cancer of curiosity on the part of the driver of a butcher's cart, Michael Carowitz, a Hungarian, would have perished of starvation within a few feet of one of the busiest thoroughfares around Niagara Falls. Carowitz was one of a party of Hungarian laborers who had been living in a little house on Portage road, just outside of the city limits at Falls View.

Carowitz developed consumption and became too ill to work. His companions, cared for him, but when the completion of the power development threw them out of work they decided to go to some other city.

Carowitz was too ill to take with them, so they calmly went off and left him to his fate. He is likely to die from his long cold and lack of food.

Year For Bigamist.

Brantford, April 10.—The case of Jas. McConnell, for bigamy, was heard at the Police Court yesterday. Prisoner pleaded guilty to being married twice. The two women were present in court and gave evidence as to their marriage, and McConnell would not support them. Prisoner was sentenced to one year in the Central Prison.

Railway Wreck Near Buffalo.

Buffalo, N.Y., April 10.—An east-bound passenger train on the Erie Railroad was wrecked ten miles west of here last night. Engineer Wallace Russell of Buffalo was caught beneath his overturned engine and crushed to death. Fireman George Griffith, also of Buffalo, was badly scalded.

Yankee Dealers Responsible.

Ottawa, April 10.—British wheat men are here opposing the lowering of grain grades as suggested in Manitoba. They argue that such action would result in a lot of inferior grain being mixed with grain of good quality, and that Yankee dealers are responsible for the agitation.

THE FAST TRAINS

To California are run over the Union Pacific, via Omaha, 16 hours quicker to San Francisco than any other line. No change of roads, no detours. "The Overland Route" all the way. Be sure your ticket reads over the Union Pacific. Inquire of H. F. Carter, T. P. A., 14 James Building, Toronto, Canada, or F. B. Choate, G. A., 128 Woodward avenue, Detroit.

## EASTER GARB FOR MEN

We are ready to fit you out at a moment's notice for your Easter jaunt. Everything you'll need to wear.

EASTER HATS  
EASTER NECKWEAR  
EASTER GLOVES  
EASTER SHIRTS

EASTER SUITS  
EASTER RAINCOATS  
EASTER BRACES  
EASTER HOSIERY

We haven't forgotten a thing, and, of course, every style is correct. We are ready for the little men too, with new Suits, Caps, Shirts, Ties and Gloves. Men from 3 to 13 years of age.

THORNTON & DOUGLAS

...LIMITED...

Caught in Ice Crush.  
Detroit, April 10.—The rain and wind Sunday broke the ice jam in the St. Clair River.

The McMorran, Port Huron, wrecking fleet of two steamers and a schooner, which had come down to Tashmoo to work on the sunken Linden, was caught in the crush of ice and carried below Algonac. The boats and their crews are thought to be safe.

## REMARKABLE TEST

Hyomei Has Been Known for Years And Is Guaranteed To Cure Catarrh.

We have given Hyomei a most thorough and remarkable test.

The remedy has made so many cures that we have urged its use in the most chronic cases of catarrh.

Breathed for a few minutes four times a day, through an inhaler that comes with every outfit, it soothes the irritated mucous membrane of the nose, throat, and lungs, kills the catarrhal germs, and restores complete health. Its healing, antiseptic fragrance penetrates to the remotest air passages, as no medicine taken into the stomach can possibly do. Immediate relief almost always follows the use of Hyomei, and great benefit is seen after a few days treatment.

The complete Hyomei outfit costs only \$1, and consists of an inhaler that can be carried in the pocket or purse, and will last a lifetime, a medicine dropper, and a bottle of Hyomei. If this is not sufficient for a complete cure, additional bottles of Hyomei can be obtained for 50 cents.

Compare this small expense with the fees charged by specialists. If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write to-day for consultation blank that will entitle you to service of our medical department without charge. The R. T. Booth Company, Hyomei Building, Ithaca, N. Y.

Toronto's Oldest Citizen Dead.

Toronto, April 10.—The death of Daniel Osborne Brooke, which occurred Sunday, removes one of the oldest, if not the oldest, Torontonians, born and raised in the city. Born in 1823, when Toronto was known as Little York, Mr. Brooke had resided here ever since.

Ghosts would frighten many people who are not afraid of germs. Yet the germ is a real danger. If this microscopic animalism could be magnified to a size in proportion to its deadliness, it would show like a giant python, or fire breathing dragon. The one fact to remember is that the germ is powerless to harm the body when the blood is pure. It is far easier to keep the germ out than to drive it out after it obtains a hold in the system. Dr. Pierce's Golden Medical Discovery is the most powerful and perfect of blood purifying medicines. It increases the quantity as well as the quality of the blood, and enables the body to resist disease, or to throw it off if disease has obtained a footing in some weak organ. Whenever the digestion is impaired, the nutrition of the body is diminished, for the blood is made from the food which is eaten, and half digested food cannot supply the body with blood in quantity and quality adequate to its needs. For this condition there is no remedy equal to "Golden Medical Discovery." It cures ninety-eight out of every hundred persons who give it a fair trial. When there is constipation Dr. Pierce's Pleasant Pellets will promptly relieve and permanently cure.

At cost, with freight added. Tea Sets, Dinner Sets, Chamber Sets, China, Lamps and Glassware. All must go as quickly as possible.
