COUNCIL TO GET AFTER THE RAILWAY COMPANY

Ald. Edmondson Strongly Backs Up His Statements, As Published In The Planet, And The Aldermen Will See That The Third Street Bridge Is Strengthened

"I just want to say a few words in connection with an item which appeared in The Planet recently," said Ald. John Edmondson at last night's meeting of the City Council. "The item I have reference to is that with regard to what I said previous to the last Council meeting relative to the C. W. & L. E. and the Aberdeen bridge, and I wish to say that I do not wish to repudiate one word of what appeared in that article. I will repeat those same statements to-night. I think that the whole Council should take action, as the state of that bridge at the present time is positively dangerous. It is certainly time that something were done to make the railway company move in the matter."

Ald. Stone quite agreed with Ald. Edmondson, and he said that he thought the matter should be attended to at once. The railway company had promised to have this matter attended to last April, and here it was November now, and yet there was no sign of them taking any action.

Ald. Potter thought it was a matter which the Railway committee should attend to. They should prohibit the cars crossing the bridge till it was properly strengthened. "We have acted in good faith," said Ald. Potter, "and the railway people should do the same."

Ald. Edmondson thought it would be a good idea to have the City Clerk write to the railway people and tell them that if something were not done to strengthen the bridge within a specified time that they would be prohibited to cross the bridge.

Ald. Stone favored the idea of having the members of the Railway committee call on the officials of the C. W. & L. E., and inform them that if the bridge were not strengthened at once that the city would prohibit them using it any longer.

It was accordingly moved by Ald. Stone, seconded by Ald. Edmondson, that the members of the Railway committee should call on the officials of the C. W. & L. E., to inform them that if they do not take prompt action to have the bridge strengthened, that the City Council will at its next session pass a resolution, and they from passing their cars over it.—Carried unanimously.

THAT COLLEGIATE MATTER.

Ald. Scullard referred to the statement made at the last meeting of the High School Board, to the effect that the matter of building the addition to the Collegiate had been referred to the Finance committee of the City Council. He said that he did not remember any time at which the Council had referred the matter to his committee.

Ald. Stone suggested that the matter be left over till the next meeting of the Council.

Ald. Austin—My recollection of the matter is that it was decided to leave the matter over for next year's Council and the new Board of Education to deal with it. It is necessary to submit a by-law in this case! Cannot the Council make estimates for the work similar to the manner in which Public school work is done?

Mayor Marshall—Not with regard to Collegiate institutions.

Ald. Austin—We have nothing definite to put before the ratepayers even if we did decide to submit a by-law. The Collegiate Board have not even accepted any plans as yet.

Ald. Scullard—I didn't understand that this matter was left to the Finance committee to deal with anyway.

The Mayor—No, I don't remember anything about it being referred to the Finance committee.

Ald. Stone—It wasn't either. We are not financially in a position to take this matter up, and I don't think the ratepayers would consider it favorably anyway if it was placed before them in the form of a by-law.

Ald. Austin was of the opinion that as the county's share towards the maintenance of the building had not yet been decided upon, it would be folly to take the matter up for some little time.

It was decided to take no further action with regard to it.

It was moved by Ald. Austin, seconded by Ald. Edmondson, that the collector be empowered to collect on the Bent Goods Company on the same basis as in 1905.—Carried.

PLACING OF LIGHTS.

A rather spirited discussion arose between Ald. Stone and Potter about the placing of a light on Jeffrey street, near Harvey street.

Ald. Stone wanted it placed near to the C. P. R. crossing, and Ald. Potter thought that the proper place for the light was just a short distance from Harvey, where it would give the most light to people.

The matter was left with the Property committee.

Ald. Austin drew attention to a light on the corner of King and Lacroix, which has been out for the past few nights.

Ald. Potter moved, seconded by Ald. Edmondson, that the Clerk be instructed to write to the various places referred to in the Gas Company's charter with a view of finding out what they were paying for gas.

Ald. Potter thought that the Property committee should be empowered to advertise for rent of the stall on the market, which Mr. Wheeler had refused to pay \$250 a year.

Ald. Stone thought it would be well to give Mr. Wheeler a little more time to consider the matter.

Ald. Potter said that the committee had not much more time at their disposal, as the stalls would be ready for occupancy by the first of December.

The matter was left in the hands of the Property committee with power.

ACTION FOR DAMAGES.

The matter of the Levi Matt action against the city for damages for injuries received through a fall on a defective sidewalk was left with the Finance committee with power.

ALDERMEN WILL DICTATE PRICE OF NATURAL GAS

Interesting Development Which Has Recently Come Out In Reference To This Important Question—Gas Company Restricted

An interesting development has come out in reference to the natural gas question, which is looked upon as welcome news by the aldermen, and which may yet give the Council an opportunity of dictating as to what shall be charged the citizens for natural gas, even though it be supplied by the Chatham Gas Company, according to their present agreement with the Symmes Company.

It appears that there is a clause in the charter held by the Chatham Gas Company which states that the company shall conduct their business in the city of Chatham, and they must keep within these limits. It is, therefore, illegal for the company to receive gas from an outside corporation without the consent of the City Council. Connections have to be made at the city boundary lines, and the Council has the legal

right to say whether these connections shall be made or not. The Chatham Gas Company already has the permission from the township municipalities to make these connections, but they have not received the permission of the City Council, which is vitally necessary.

The matter was the subject of a short discussion by a number of the aldermen before the Council meeting last evening, and it was the general opinion that when the Gas Company comes to the Council to get this permission to make connections, the aldermen will insist upon having a say as to the price which is to be charged the citizens for the gas. It was felt that the Council are now in as good a position to deal with gas matters as they were when they were considering the granting of a natural gas franchise to an outside company.

COLD CHICKEN AND DUCK ENJOYED BY BURGLARS

Residences Of W. E. Gundy And E. R. Smith Entered Last Evening—Small Amounts Of Money Taken—Thieves Are Supposed To Come From The States

Two Lacroix street residences were visited by uninvited guests at an early hour this morning. It is evident, too, that the guests came with the intention of being entertained whether their hosts were present at the festivities or not. Cold chicken and otherainties formed the bill of fare. After the inner man had been thoroughly satisfied, the visitors commenced to look around for some little remembrance in the way of small change to carry away as souvenirs of the event.

Apparently the residence of Mr. E. R. Smith, Lacroix street, was the first place favored with a call. Between three and four o'clock the Misses Smith were awakened by some persons moving about downstairs. Mr. Smith did not awaken, and as they knew he had no revolver in the house, the young ladies feared for his safety should he go downstairs where the burglars were.

Mr. Smith was not awakened till the thieves attempted to come upstairs. As soon as they heard him getting up, they hastily took their departure.

This morning the tracks of the three men were found in the snow. The thieves made their entrance through a rear window, from which they took away the screen with the aid of a step-ladder.

One of the men remained outside to watch, while the other two entered the house. The men went to the kitchen where they feasted on cold duck and cake. They upset everything in general. After partaking of a hearty lunch they proceeded to get down to business. They purloined about two dollars which they found in Mrs. Smith's purse, and some small change belonging to the Misses Smith. Then they started to go through the sideboard.

They threw the silverware around on the floor, but they did not take any of it with them. It was apparently the thieves who were after. A pair of money which they were after. A pair of money which they were after.

The thieves left the Smith residence by the side door, and from what can be learned they next went to Mr. W. E. Gundy's residence. Mr. Gundy's story is perhaps best related in his own words, as he described the incident to a Planet reporter this morning.

"They were apparently very gentlemanly fellows," said Mr. Gundy, "for they did not disturb me during their visit to my house. I didn't know that they had paid me a visit till this morning when I got up. Things were scattered all over the floor. Their hard work at the Smith residence must have whetted up their appetite some, as they cleaned up pretty well on the contents of my kitchen. They found a cold chicken and they eat everything on the plate, even to the gravy. They were evidently looking for money, too, but they could not have known it was a lawyer's house, or they would have felt satisfied with having something to eat."

"Mrs. Gundy's purse, containing \$7 or \$8, was taken. That and the chicken was about all they got for their pains. They could not have been experts at their business, as they overlooked a number of valuable things. They missed all the children's money, which was on the sideboard in purses, and in going through the drawers they overlooked two gold pieces—a five and a ten dollar piece."

"I made a little investigation of my own this morning, but I could

only discover the footprints of one man. If there were others with him, they must have been careful to walk in his tracks.

"I found a lot of burned matches lying around on the floor, and that and the footprints were about all the clues the thieves left behind them."

At the Smith residence also, a large number of burned matches were found. As they were a brand of matches not on sale in this city, the police are of the opinion that the thieves belong across the border.

THE BANNER'S "STORM."

The local Liberal organ, in reporting the Conservative Convention, did exactly what people, who know Banner tactics, expected of it. In doing so it certainly did not regain any of its lost prestige—it merely lived up to its reputation for misrepresenting public men and garbling reports of public meetings. However, it is only the Banner, after all, and the people have learned from past experiences how much to credit it, and how much to put down to the exaggerated and misplaced imagination of the over-enthusiastic writers who hang out around that office.

The Banner was placed in rather an awkward position. They had advertised a "Storm," and it was up to them to make the storm even, if it didn't come. It is the same old story of one untruth requiring many more following, in order to make the first one good. Where they made their most serious mistake, however, was in not having the manliness to come out themselves with what they wished to say, instead of cowardly placing their own words in the mouths of reputable farmers and citizens. There is no excuse for this iniquitous manufacturing of fake speeches, for a Banner reporter was present taking notes throughout the whole meeting. The report was simply a highly-colored and libelous misrepresentation, and one evidently aimed with evil intent.

The Banner would try to make out that the convention was manipulated by Mr. Clements, but this is untrue. Mr. Clements had nothing to do with the calling of the convention, which was characterized with spontaneous action on the part of the delegates.

It is the aim of a certain Liberal faction to stir up the storm which the Banner predicted, but they have little hope for success. Mr. Clements has proven his strength, and the Banner itself endorsed in the highest words of praise the candidature of Mr. Sulman. The Conservatives are confident that they have a winning team in the field, and it is no doubt the knowledge of this that is hurting the Banner.

The New York Press, which is probably the most vigorously conducted independent Republican paper in New York, proposes Charles E. Hughes for the Presidency in 1908. Though Roosevelt's purpose seems to be to provide a residuary legatee for the White House in the person of Mr. Root or Mr. Cortelyou, the Press guesses that the people of New York and Mr. Hughes have settled the matter of succession.

Here is some excellent advice from the Montreal Gazette: "Some Liberal papers in Ontario are demanding an enquiry by a commission into Conservative wrongdoing in connection with parliamentary elections. There is a possibility, too, that if they are persistent enough, a commission will be appointed. There would be good pickings for a few of the faithful in connection with a commission. Most people will incline to think though that the plan of laying a charge before a police magistrate would be the best way of getting at the facts. It is working well at Toronto, and is not costing much."

In England an agitation has begun against that antiquated and objectionable custom of kissing the Bible in court. The principal objection raised to it, says the Ottawa Free Press, is that it is insanitary in the extreme, but there are also other strong moral objections. It has frequently been pointed out by medical men that there is no easier means of conveying disease than by kissing a book that has been kissed for perhaps years before by people of all sorts and conditions. It is not only very dirty, but it is dangerous and the wonder is that in a civilized country it has been permitted as long as it has.

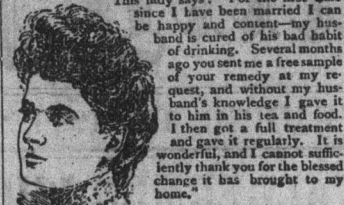

Better Than Spanking

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 4, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if you children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

This lady says: "For the first time since I have been married I can be happy and content—my husband is cured of his bad habit of drinking. Several months ago you sent me a free sample of your remedy at my request, and without my husband's knowledge I gave it to him in his tea and food. I then got a full treatment and gave it regularly. It is wonderful, and I cannot sufficiently thank you for the blessed change it has brought to my home."

SAYS PRINCE RUPERT IS SPLENDID HARBOR

INSPECTOR OF AGENCIES BREDT RETURNS FROM NORTHERN TRIP

P. M. Bredt, of Regina, Dominion Government inspector of agencies and foreign colonies, accompanied by Mrs. Bredt, arrived in Victoria yesterday after attending the New Westminster Fair.

In the fall of last year Mr. Bredt visited the coast for the benefit of his health, impaired by too close application to the arduous duties of his office and made his headquarters in Victoria. The balmy climate of this island had its customary effect, and in a few weeks Mr. Bredt was sufficiently recovered to make many excursions about the island taking notes of its conditions and advantages; and among other functions, he attended the Cowichan Agricultural exhibition at Duncan, where he acted as one of the judges, afterwards taking a sea trip up the west coast as far as Port Simpson.

"My opinion of Victoria and its surroundings," said Mr. Bredt, "is sufficiently expressed by the fact that I have taken the earliest opportunity of coming back again to spend my summer holiday with you, and that I have brought Mrs. Bredt this time to share my enjoyment. I have this year repeated my west coast trip, this time extending it as far as Skagway. It is certainly the most picturesque country one could imagine. We were delighted and surprised at its grandeur, it is like several Norways in one wonderful panorama. Among many other changes for the better that I noticed was that of the improved conditions of travel. The boat in which we made the trip was commodious and comfortable, luxuriously fitted with the latest improvements, with the additional recommendation of good cuisine and attendance, a good seaboat, a genial commander and pleasant and capable officers. We

ENJOYED THE TRIP IMMENSELY and were fortunate enough to have as fellow passengers, President Hayes of the Grand Trunk Pacific railroad. We had thus the chance to visit Prince Rupert. In my opinion it is an ideal location for the terminus and the harbor is unsurpassed on the coast. At present the hydrographic survey is still incomplete and mariners enter for the first time with natural caution, but once having made the entrance they say that they would have no fear about entering at any time. While we were there the weather was very stormy with a nasty sea running outside. Inside, however, it was perfectly calm, the position being well protected from the prevailing winds.

"Certainly," continued Mr. Bredt, there is room there for a great city and Digby Island would make an ideal suburb or summer resort. Communication would have to be by ferry. I think, though the dividing passage is narrow and the distance short; not greater than between North Vancouver and Vancouver city, if as far; it would be practically a part of the city.

"There is plenty of activity in evidence at Prince Rupert; houses for the engineers are being rapidly constructed and gangs of men are busy clearing land for the township. Already there is a very serviceable wharf which they intend to extend immediately and everything seems to point to quick development."

ALMOST DEAD OF BRONCHITIS.

Few people have suffered more than John P. Taylor, of Dymont, P. O., Ont. To-day he is well and strong, but must tell you how much Catarrh-ozone has been to me. I was so bad with bronchitis sometimes that I thought it would soon be over with me. A spell of choking would come on that left me prostrated and weak. Since using Catarrh-ozone I have had no trouble at all. It strengthened my throat, stopped the cough, gave me free breathing and entirely cured. Just the usual experience. Catarrh-ozone invariably cures whether Bronchitis, Asthma or Catarrh. Two sizes, 25c. and \$1.00 at all dealers.

Good deeds grow in places where they are looked for the least.

A SUGGESTION OF RARE VALUE.

A diseased condition of the surfaces of the air passages causes bad breath, but more commonly emanates from indigestion or an impure condition of the blood. Thousands of cases prove that Dr. Hamilton's Pills, through their specific action on the secretory and eliminative organs, not only cure bad breath, but so thoroughly purify the system that anything suggestive of blood or digestive troubles is impossible. Through Dr. Hamilton's Pills the skin grows rosy and clear, activity of the body and mind increases, and bounding health is established. Sold everywhere.

The Pandora Thermometer

The thermometer on the Pandora range oven means precisely in accuracy to the cook what the square and compass mean to the draftsman. Without the square and compass the draftsman would have to work entirely by guess, just as you do without an accurate and reliable thermometer on your oven.

The Pandora thermometer reduces cooking to an exact science. You know precisely how much heat you have and what it will do in a given time. It is one of the small things which makes the Pandora so much different and better than common ranges.

OPINIONS OF
"JIM" HILL

Between United States And
Canada The Consummation

ABSOLUTE FREE TRADE

Chicago, Nov. 12.—James J. Hill was the guest of honor at the banquet of the Merchants' Club Saturday night, and delivered an extended address upon "Chicago's Interest in Reciprocity with Canada."

In the course of his remarks, Mr. Hill said:
"Canada no longer comes as a suppliant. There has been increasing irritation toward our attitude, and already the fact that our average tariff on dutiable articles coming from the Dominion to us is 49.83 per cent, while that levied by Canada on dutiable goods coming from the United States is 24.83 per cent, causes comment and suggests reprisals."

"Each year has seen lately a diminution in the Canadian desire for reciprocity. It is still possible, largely because of the downfall of the Chamberlain policy in Great Britain. Had that been ratified, had England really granted to the Colonies a preference in its markets for their products, based on reciprocal advantages, this country would have felt the double thrust in a decline of business with its greatest and its third greatest customers on two sides of the Atlantic."

"The defeat of the plan has not greatly disappointed the dependences, but it has assured them that for the present they must seek commercial alliances elsewhere. It is, perhaps, the time when reciprocity with Canada may be considered with more favor than it ever can be again. For no man who understands industrial conditions in Great Britain will believe that the issue raised by Chamberlain is permanently settled, or that unrest and distress there will not at some future time bring it again to the front with better prospect of success."

"The consummation most to be wished is the wiping out of custom houses along our northern border, together and the establishment there of absolute free trade. If the time be not ripe for that, the least that it demands is a policy and a measure of ample reciprocity."

PRE-ICTS ANNEXATION.

Goldwin Smith on Future of Canada and United States.

Philadelphia, Nov. 12.—In an interview with a North American correspondent in his home at Toronto, Goldwin Smith said:

"The annexation of Canada to the United States will probably come, but none can say how soon or in just what way. Two countries so closely related by nature and so similarly populated can hardly forever remain apart. But great movements often progress unseen for a time you know, and so it is with this one."

"England has already withdrawn her military from the Dominion. And not long ago the Canadian Minister of Justice said in effect that Canada would be safe under the Monroe Doctrine. Suppose England were to go to war with some other nation, and that nation decided to attack Canada; could England defend it against the enemy? Would the United States defend it simply as a neighborly act, and having done so, withdraw and hand it over to England again?"

"And do you consider the form of government of the United States the best for Canada?"

"I cannot say I consider your present form of government the best for yourselves. You are trying to run a Government without statesmen. Your President's Cabinet is made up of men selected at large, not men who are trained in the affairs they undertake to supervise. You have no trained statesmen."

Bonfire of 50,000 Tons of Coal.

Chicago, Nov. 12.—The docks of the Lehigh Valley Coal Co., situated at 190th street and Commercial avenue, were destroyed by fire Saturday, causing a damage estimated by the officers of the company at \$757,000. The fire originated in the basement of a coal house in which 50,000 tons of hard coal were stored. The coal is still burning, and it is expected that it will be several days before the fire is entirely extinguished.

Rev. J. M. Auld Dead.

Palmerston, Nov. 12.—The death occurred Saturday morning of Rev. J. M. Auld, one of the best known Presbyterian divines in Ontario. He was for 26 years pastor of Knox Church here, and that day was the anniversary of his arrival in this town. He was 72 years of age and is survived by a widow and two grown-up daughters.

19 Years For Manslaughter.

Syracuse, N. Y., Nov. 12.—A special to The Herald from Watertown says that Paul Blake Hunsagan, was convicted there Saturday afternoon of manslaughter in the first degree for the killing of Geo. Machuga. Judge Rogers at once sentenced him to Auburn State Prison for 19 years and 4 months.

Lift Lock Closed.

Peterboro, Nov. 12.—The lift-lock closed on Saturday. The season has been satisfactory, as the lock has not been closed once for repairs, and the volume of business was in excess of any previous year.

The Last Call.

Galt, Nov. 12.—John Smith, American Civil War veteran and pensioner, is dead, aged 73. He lived in Galt 23 years and was a comrade-in-arms of Col. Ryerson, U. S. consul here.

BOY KILLS COMPANION.

Says Gun Accidentally Discharged While Resting on His Knee.

London, Nov. 12.—Charles Hodgins, a 16-year-old boy, is dead, as the result of a shooting accident on Saturday afternoon.

In company with a companion named Barker, he was hunting. He had shot a squirrel which fell on a brush heap, and while searching for it, gave the gun over to Barker, who rested it across his knees, where it accidentally discharged and the bullet entered Hodgins' head, killing him instantly.

Barker claims that his finger was not on the trigger, and that the gun had discharged itself once before during the afternoon.

Dr. Reaume's Health.

Windsor, Nov. 12.—Hon. Dr. Reaume on Saturday made a minor operation to the palate. Dr. Reaume will be out again in a week or 10 days.

Do You Want to Know**What You Swallow?**

There is a growing sentiment in this country in favor of MEDICINES OF KNOWN COMPOSITION. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and realizing that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock" as it were, and is publishing broadcast a list of all the ingredients entering into the composition of his "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and outspoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsement by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated anti-bilious granules. They regulate and invigorate stomach, liver, and bowels. Do not become habit-forming, but cure constipation. One or two each day for active cathartics. Once tried always in favor.

Last year we have given away \$50,000 worth of these invaluable books. Do not hesitate to give away \$50,000 worth of them. Will you share in this benefit? If so, send only a one-cent stamp to cover cost of mailing only for book in suit paper covers, or of stamp for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

STEAL MACHINE GUN.

Another Exploit of the Revolutionists at St. Petersburg.

St. Petersburg, Nov. 12.—The most recent exploit of the St. Petersburg revolutionists is the theft of a machine gun of the latest model, and a large supply of cartridges.

It is presumed that an expert gunner is involved, because all the necessary accessories were simultaneously abstracted from the armory.

The prefect of police has issued an order specially emphasizing the necessity of recapturing the gun.

Police Lured to Death.

Tiflis, Nov. 12.—A deafening bomb explosion occurred on Pethanski street at an early hour yesterday morning, while the police were making a search of an unoccupied house. The entire city was shaken. Three policemen were killed and four wounded. The police discovered some revolutionary proclamations under a bed in one of the rooms in this house. It is apparent that a snare had been arranged and the police lured into it. They received a tip to search this particular house.

Spy Turns "Red," Goes to Siberia.

St. Petersburg, Nov. 12.—The man named Schekter, who threw the bomb at Police Captain Samsonoff of Biysk, was convicted Saturday and sentenced to ten years at hard labor in Siberia. The prisoner, who is a mere youth, testified that he entered the terrorist organization as a spy, at the instigation of his party in 1904, and served the police faithfully for two years. But he became converted to the theories of the revolutionists and determined to expiate his treachery by killing Capt. Samsonoff.

HAMILTON CAR STRIKE.

Company Has Done Its Best—Will Hire New Employees.

Hamilton, Nov. 12.—President Gibson of the Cataract Power Co. has handed out the company's side of the street railway strike. The statement declares that the strike was not brought on by the company in any true sense, that the company has been endeavoring in good faith to live up to the terms of the award, and that the men wanted the citizens to believe they had a grievance when they have no grievance. East from Port Arthur, with the exception of the Toronto Street Railway, men were receiving no higher wages than in Hamilton.

The statement concluded with the following: "The company has endeavored to show the Street Railway union all possible consideration, but must refuse to allow the union to take full control of the company's affairs. Having voluntarily disconnected themselves from the company's service, the company now suggests that they find employment somewhere else, and that the company get a fair opportunity to serve the citizens and public."

Mayor Biggar is still trying to secure a settlement, and the Ontario railway and municipal board will be at the job this morning. The city is bringing the case before the board.

The company will not try to operate the cars to-day, but will probably do so early in the week. The company has a force of detectives guarding the power plant.

BROKEN RAIL CAUSES WRECK.

One Dead and Many Hurt, Some Perhaps Fatally.

Blanchester, Ohio, Nov. 12.—A wreck on the Baltimore and Ohio Southwestern road Saturday resulted in the death of one man and the injury of 20 other persons, six miles west of here.

Fifteen of the injured were taken to Cincinnati, and some may die. Passenger train No. 5 struck a broken rail. The engine, postal and baggage cars passed over safely, but five coaches were derailed, turned over and rolled down the bank.

Three little children of one family were injured, one having its legs crushed. All the crew escaped except Conductor Graham, who was slightly injured.

Canal to Lake Champlain.

Montreal, Nov. 12.—A canal may be built between Lake Champlain and Montreal. C. F. S. Smith of New York, who is at the head of a syndicate, is petitioning the Canadian Waterways Commission for the endorsement of a plan for the building of the new canal. The plan is to eventually reach the Hudson River, and in that manner have a direct waterway from Montreal to New York.

The Meanest of Thiefs.

New York, Nov. 12.—Probably the meanest and most despicable theft that has taken place about New York occurred Saturday night when the bronze tablet on the monument erected in Lutheran Cemetery on the outskirts of Brooklyn to the memory of the victims of the burning of the steamer General Slocum, was stolen. The cost of the tablet was about \$450.

Reps. Want Recount.

New York, Nov. 12.—In view of the differences in the vote for Lieutenant-governor reported by Republican leaders, application will be made in the Supreme Court on Monday by lawyers for the Republican candidates on the state ticket to show cause why the valid and protested ballots should not be counted.

Mr. Cockburn a Witness.

Toronto, Nov. 12.—President Cockburn and the other directors of the Ontario Bank are to be subpoenaed to give evidence before Magistrate Denison. Their examination on the stand will probably begin this week.

Fatal Gun Accident.

Brandon, Man., Nov. 12.—A fatal gunning accident occurred here Saturday afternoon, when Harold Gunn-lanson, aged 11 years, was instantly killed by his companion's rifle being discharged in his face.

Admiral Beresford Now.

London, Nov. 12.—An Admiralty memorandum, issued Saturday, announced the promotion of Vice-Admiral Lord Charles Beresford to the rank of admiral.

District.**ZONE CENTRE.**

Hallowe'en passed off quietly at the Centre.

The season for quail shooting opened Friday, November 2nd, and by the sound of the guns, the poor little birds must be scattering.

A birthday party is to be given by Miss Elsie McPherson, on Monday next.

Masters Willie and Forest Gordon gave a Hallowe'en party to about thirty of their little schoolmates. The little folks went home well pleased with their evening's sport.

Messrs. Edward Randall and Ed. Golding, of Bothwell, spent Friday,

Nov. the 2nd, shooting with Mr. Geo. Lidster. We would judge by the way they were loaded with quail, as they wended their way home in the evening, that the little birds must be plentiful.

Mr. McCallum, of Cashmere, called on friends here this week. A few from here attended the hot fowl supper given by the Ladies of the Methodist Church, Bothwell, on Monday evening last.

Mr. and Mrs. Bedford were the guests of J. W. Vanhorn last Sunday.

The unexpected news of the death of Mr. Robert Burr, who has been in the far west for some time, was received here last week. Mr. Burr was well known here.

CANADA'S BEST PIANO
THE NORDHEIMER

Supremacy in the art of piano making can only be obtained by a combination of age, experience, capital intelligently applied, ambition to produce something better than has been made, and that care of minute detail, guaranteeing permanent satisfaction to the performer. More than the allotted span of life has been devoted by The House of Nordheimer towards developing the Nordheimer Piano to its present high state of mechanical and artistic perfection.

Mr. R. Victor Carter, our travelling representative, will visit Chatham regularly in our interests and will be pleased to give intending piano purchasers the benefit of his musical knowledge by making personal selection of pianos for all who entrust their order to him. Correspondence addressed to Mr. Carter at the Garner House, will receive his best attention.

A PLEASING SHOW

The Morris-Thurston Company Appear Here All This Week—A Capable Company

The Morris-Thurston Co. are holding down the boards at the Brisco Opera House this week. They opened last night with "A Colorado Waltz," and it is safe to say that the production was one of the best ever presented in this city by a repertoire company. For popular prices this is the best company that has visited Chatham in years, and they should do a great business during their stay in the Maple City. There are no weak members in the company. Every player is an actor of ability; in fact, it is not often that the thespians of this city are fortunate enough in seeing as good a show playing one night stands at such increased prices.

There was a good house and, judging from the way the show took, there will be even a larger house to-night.

The show last night was a new one to Chathamites, as are all of the pieces played by this company. This is their first visit, and it promises to be a happy one. Special mention should be made of the splendid acting of William D. Morris and Grace Thurston, although every member of the company is deserving of special praise. These two stars in the important roles, were distinct favorites, and scored immediate successes. Specialties are introduced between the acts and they are of a superior character. Moving pictures and comic songs are always looked for in productions by repertoire companies and they never fail to please.

To-night the company will play "Peaceful Valley." This is one of the best plays in their repertoire and has always proven a favorite wherever they have presented it. In addition to this they will give in the moving picture line their best film, "The Famous Bank Robbery." No one should miss seeing this company during their stay here. One visit will only mean a desire for another. The prices are within the reach of everyone.

47 WERE KILLED

Another Eight Were Burned to Death and 38 Persons Injured in Wreck of An Immigrant Train.

Chicago, Nov. 13.—More than one-half of the passengers on an immigrant train on the Baltimore and Ohio Railroad were killed and injured in a collision yesterday between a passenger and a freight train near Woodville, Indiana.

One hundred and sixty-five passengers were on the train. Forty-seven were killed and another eight were burned to death in fire, which broke out in the wreckage immediately after the collision. The names of all the dead probably never will be known, as 45 of the bodies were consumed in the flames or were so badly burned that identification will be out of the question.

Thirty-eight persons were injured and several of these will die. Eighty others escaped unhurt, but lost nearly all their baggage and clothing.

The disaster was caused by a blunder of a railroad employee.

GIVEN A TABLE

The employees of the gas office were pleasantly entertained Wednesday evening at the home of Mrs. Edward Talbot on Herkimer street. The affair was a farewell party tendered to Mr. and Mrs. McPhail, who leave this week for Aurora, where they will make their future home.

All the guests came attired as ghosts, wearing sheets and pillow cases.

Mr. and Mrs. McPhail had been invited to spend the evening at the Talbot home and were greatly surprised when they discovered that they were the principals of an informal little gathering.

Various Halloween games were played. Luncheon was served. The guests presented Mr. and Mrs. McPhail with a handsome library table—Jules, Ill. Herald—table. Mr. and Mrs. McPhail are both well known former Chathamites. Mrs. McPhail was before her marriage Miss Mary Rayner, daughter of Mr. C. W. Ryner, of Joseph street, this city.

COME TO AUSTIN'S MEN'S STORE

ANY DAY AND EVERY DAY AND SEE THE SPECIAL SHOWING AND SELLING OF DISTINCTIVE NEW FALL SUITS AND OVERCOATS FOR MEN AND BOYS

There's much in clothes-making to which the ordinary tailor fails to respond—for with the ordinary tailor the necessary skill and talent are lacking to reach the fullest possibilities. With the masters of the craft it is different. Skill and talent are guided by intelligence.

Our Fall and Winter Suits and Overcoats owe their distinctiveness to the manner in which they are "Worked Out" by a carefully selected organization of the best talent the tailor-craft affords. The garments for which they stand sponsors are exponents of the best in clothes-craft. They mirror the new fall and winter fashions as the best dressed men would have them. The all important features are our "Concave" shoulder and "close fitting" collar and a concave gives to them stability in the great series of our models we have prepared in both Fall and Winter Suits and Overcoats, superiority of Austin & Co. Clothes is evident in no mind more than in our line of

WHAT IS CATARRH?

Simple Way to Overcome the Dangers of This Disagreeable Disease.

Catarrh is an inflammation of the mucous membrane of the nose, throat and lungs, with many annoying symptoms. In this climate there are few who do not suffer from this disagreeable disease, often in a chronic and dangerous state.

Fortunately, within the last few years, a simple and reliable treatment for catarrhal troubles has been found—Hymol, a combination of healing and germ-killing balsams, that, when breathed through the neat pocket inhaler that comes with every outfit, reaches the tiniest cells in the respiratory organs, carrying its healing and health-giving properties to every part where the catarrhal poison is present.

Used in this way, Hymol kills all catarrhal germs, drives the poison from the system and heals all irritation that may be present in the mucous membrane.

If you have the ordinary catarrhal symptoms, such as offensive breath, burning pains in the throat, cough, raising of mucus, difficulty in breathing, sneezing, hoarseness, discharge from the nose, droppings in the throat, coughing spasms, etc., etc., begin the use of Hymol at once.

The complete Hymol outfit costs but \$1.00, extra bottles, if needed, 50 cents. We do not want anyone's money unless Hymol gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hymol, or we will send it by mail on receipt of price, and every package is sold with the distinct understanding that it costs nothing unless it cures. Write us to-day for a symptom blank, which we will send you free, together with treatise on Catarrh and how to cure it. When you fill in and return to us the symptom blank, our consulting physician will give your case the best care and attention, and write you a letter of advice without charge. The R. T. CURLING CLUB GETS GRANT

Council Decides To Encourage Promotion of Athletic Sport

A deputation from the Chatham Curling Club appeared before the Council last evening and asked for a reduction in their assessment. The deputation was composed of J. G. Kerr, James Fleming, Robert Gray, James Gonnell, Wilfred Merritt and Geo. Fielder.

Ald. Massey introduced the deputation, explaining briefly the object of their visit, and then called upon Mr. Kerr to address the Council.

Mr. Kerr gave a history of the case from the beginning. Two years ago a number of gentlemen formed a Curling Club, for the sole purpose of promoting athletic sport in the city. They were not in the business for money, and they made any money it was to be expended upon improvements to their property.

They bought a lot for \$1,600, being what the property at that time was assessed for. Since that time they have borrowed money and spent it on improvements, until their property is now assessed for \$6,100. They are the only athletic club in the city that owns any property and the only one that pays any taxes at all.

The others use the park and the city pays for the maintenance of that park ground. In the face of this they are the only club that promotes any kind of sport in the winter time, and in view of this it ought to be encouraged. What they asked was a rebate in their taxes for this year, and a fixed assessment of \$2,000. They were willing to pay taxes on this amount this year. They were making improvements in the rink this year, and would have a place where the young people of the city can go and enjoy skating without the lamentable accidents which happen every year.

Ald. Scallard thought it was a worthy project and, while the Council could not make a rebate, he was quite willing to make a grant which was quite within the jurisdiction of the Council. He moved that the Council make a grant of \$125 to the Curling Club, to apply on their taxes. This was unanimously carried.

There were present at the meeting Mayor Marshall, and Ald. Austin, Scallard, S. G. Benson, Edmondson, Potter, Radley and Thompson.

MONEY RUNNING OUT.

A statement, showing the estimates and expenditures of the different committees for the present year, as prepared by the Treasurer, was read. It was shown that some of the committees are near their limit.

Ald. Edmondson—The Board of Works has money coming from the stone crusher, which will leave us with plenty to meet our expenditures.

Ald. Stone—The Cemetery accounts show a deficit, but we had to saddle the expense of \$700 for the cemetery house which was not considered in our estimates.

The Clerk informed Ald Stone that there was considerable money to collect for this committee, and when this is in, there will be plenty of money to manage the department.

BASEBALL TROUBLES.

An account for \$12.75, from Tilt & Hildreth, for glass for the broken by the baseball boys, was paid. The city was not legally responsible, and the baseball boys had promised that they would pay for all glass broken. They had no money, and the Council did not think that Tilt & Hildreth should lose this account. In the interest of the sport of the city, therefore, it was paid, but without prejudice on future occasions.

Several requests to cut down trees were referred to the Chief of Police.

MARKET SPACES.

Ald. Potter read a communication from the Treasurer in reference to the sale of the market spaces. E. Harwood and Geo. Duff had consented to rent their most stalls at a rental of \$200 a year. The stall now occupied by Mr. Wheeler is worth \$250 a year, and he refuses to pay that much. He is willing to pay \$225. There is also a complaint about the price of the fish stalls.

The matter was left with the Property committee to arrange.

THE MARKET CLOCK.

Ald. Potter, for the special committee to consider the matter of the town clock to be placed in the tower of the market building, reported a number of tenders from four local jewelers, E. J. MacIntyre, Thomas Lailey, Alex. von Ganten and Ed. Jordani.

The choice was between A. Howard clock, handled by Mr. MacIntyre, and a Seth Thomas clock, handled by Mr. Lailey and Mr. Jordani.

The Howard clock would cost \$750, and the Seth Thomas clock \$698, installed by Mr. Jordan, and \$415 F. O. B. New York, as tendered by Mr. Lailey. Mr. Lailey, who was in the audience, said that he was in the audience clock for about \$548.

will give welcome relief from Backache,
Swollen Bladder and Painful Urine,
constant desire to urinate, and all other
kidney and bladder troubles. If you
pay 50c for a box of GIN PILLS, and
do not honestly believe that they have
done you good, and are curing you of
kidney or bladder trouble, return the
empty box to your druggist and he will
refund your money. And because we
know that you want to be cured your
simple word shall decide.

WALKERTON, Ont., Feb. 28th, 1905.

Adolph Misch, one of my customers, says of
Gin Pills: "I have used all the different
kinds of kidney pills and tried several doctors,
but none of them did me any good. I got a
sample box of Gin Pills, and since have used
two boxes and am completely cured."

Peter McGarrity says: "They are the best
kidney pill I ever used, and I would recom-
mend anyone to buy them."

SKIN DISEASES

Salt Rheum, Pimples, Erysipelas,
Ringworm, Shingles, Scald Head,
Itching Sores.

All diseases of the skin are more or less
directly caused by a bad state of the blood,
which produces acid humors and corrupts
the secretions.

No one can expect to have a clear, bright
skin when the blood is in a diseased con-
dition, and the stomach, liver and bowels
acting feebly in consequence.

All the above skin diseases, in fact, any
disease arising from a bad condition of the
blood, are curable by

BURDOCK BLOOD BITTERS

through its wonderful cleansing, purifying
powers on the blood, and its renovating
action on the system.

Mr. A. Squire, Dominion, N.S., tells how
he was cured of Salt Rheum. He writes:
"For years I suffered with Salt Rheum,
and was unable to find a curable remedy
out of all the medicines I took, and Physi-
cians consulted. Finally I was urged by a
friend to try Burdock Blood Bitters, and
after a very short space of time I was com-
pletely cured. I shall always recommend
B.B.B. for such cases, as I consider it an
indispensable remedy."

RADICALS CONCILIATED.

Fears of Religious Crisis in France
Somewhat Dissipated.

Paris, Nov. 12.—Unless the Vatican
authorities cause some radical changes
in the situation the fears of a religious
crisis resulting from the enforce-
ment on Dec. 11 of the law providing
for the separation of church and
state, are regarded as dissipated in
consequence of the middle course
steered by the Clemenceau Cabinet.

The extreme radicals under Mm.
Combes and Pelletan, who insisted
that a policy of spoliation and perse-
cution be inaugurated, have been ap-
peased.

The speech of Minister of Public
Worship Saturday, explaining the
Government's intentions, was extreme-
ly conciliatory in tone, and especially
designed to make it plain that the
Government is not anti-religious, but
only neutral.

Vatican Not Affected.

Rome, Nov. 12.—The speech of the
French Minister of Public Instruction
and Worship, M. Briand outlining his
Government's policy toward the Catho-
lic church in France, has not created
much of an impression at the Vati-
can, as just such an attitude as out-
lined by M. Briand has been antici-
pated. It is stated that the church
will not recede from the ground it has
taken, but will leave the vindication
of its rights to time and the wisdom
of Frenchmen.

AN INCIPIENT UPRISING.

Few Boers Get Together and Attack
Police Camp in Cape Colony.

Capetown, Nov. 12.—A disturbance
has occurred in the northwestern part
of Cape Colony.

The official report of the affair says
that several Boers, led by a man nam-
ed Ferreira, recently employed in Ger-
man Southwest Africa, entered the
northwestern part of this colony a few
days ago, and surprised a police camp
in the vicinity of Witkop, wounding
two troopers, seizing their arms and
ammunition, and subsequently captur-
ing a corporal of police.

At Abiquasaar, Ferreira gained
some recruits and marched to Zwart
Modder, about 25 miles from the fron-
tier, where he is reported to be com-
pelling farmers to join his forces, as-
serting that an uprising in the Trans-
vaal is imminent.

Section—Seven Firemen Hurt.

Scranton, Pa., Nov. 12.—Fire of un-
known origin which started shortly
after midnight Saturday destroyed the
Carter and Kennedy six-story build-
ing occupied by the Foots and Shear-
man Hardware Co. and the J. Scott Ingalls
Carpet and Furniture Co., and the
large two-story building of J. D. Wil-
liams Brothers Co., dealers in con-
struction, toys and house furnish-
ings, causing a loss on buildings and
stock of about \$450,000.

Seven firemen were injured by fly-
ing bricks and falling walls.

Vesuvius Again Busy.

Naples, Nov. 12.—At noon Saturday
Mount Vesuvius and the surrounding
earthquake, which was accompanied
by detonations and followed by a con-
siderable fall of ashes, especially over
Ottajano, which was destroyed during
the eruption of last April, and now
is in course of reconstruction. This
phenomenon caused great alarm. In-
vestigation showed that part of the
crater of the volcano had fallen in.
During the afternoon there were three
more slight shocks in the Vesuvian
region, and a further discharge of
ashes, which was blowing in the direc-
tion of Pompeii and Ottajano.

Swindler and His Nerve.

Peterboro, Nov. 12.—Making good
use of a little bit of ingenuity, a slick
tongue and an unlimited amount of
nerve, a gentleman whose name is sup-
posed to be Charles Walsh, cleared up
\$19 in an easy manner Friday after-
noon. Walsh presented bogus cheques
to several merchants from whom he
bought goods and received the differ-
ence in cash. The cheques were signed
H. F. Turner, and made payable to
Walsh at the Bank of Nova Scotia,
where no such man as Turner had
an account. Walsh is about 22 years of
age and of medium height.

First Train Into Toronto.

Toronto, Nov. 12.—The first of the
Canadian Northern trains to make the
the journey between Parry Sound and
Toronto steamed into Union Depot at
5.50 last night. A large crowd, anx-
ious to see the first Canadian Northern
train, quickly gathered on platform No.
5, William Mackenzie, president of
the Canadian Northern Railway, was
the first to step from the "Atokokan,"
the first of the two coaches of which
the train consisted. The road will soon
be opened for passenger service.

Four-Year-Old Instantly Killed.

Canora, Sask., Nov. 12.—The four-
year-old son of H. Raghu, a section
foreman, while playing with some
other boys in a neighbor's house, was
shot and almost instantly killed by a
loaded gun, left in the corner of the
room where they were playing with it.
The contents entered the boy's stom-
ach.

Jockey Sewell Dead.

New York, Nov. 12.—L. Sewell, one
of the best-known jockeys on the
American turf, died Saturday night at
the home of his mother, Sheephead
Bay, as the result of injuries sustained
in the sixth race at Aqueduct race
track Friday.

Will Contest Bye-Election.

Calgary, Alta., Nov. 12.—In a con-
vention of the Liberals of Gleichen,
Ira R. Riley, a prominent ranchman
and farmer of the riding and resident
of Hillhurst suburbs, was elected as
candidate in the coming bye-elections.

Suicide At Winnipeg.

Winnipeg, Nov. 12.—For reasons un-
known, a man by the name of Charles
Lewis committed suicide Saturday
morning by jumping into the Assini-
boine River at Armstrong's Point.

ing of a new church in the Town-
ship of Anderton Sunday. It is to
be known as Trinity church and is
beautiful little frame structure seat-
ing about 200. It has chancel and
have stained glass windows and choir
stalls and seats put in by the Walk-
erville Furniture Company. The
church was crowded at Sunday's ser-
vices and the choir did excellently.
This church is in a purely farming
community and there is no other
church within a radius of five
miles. The prospects for its future
are bright, as it starts off with a
debt of less than \$200. It will be
attached to Christ Church, Am-
