The copy filmed here has been reproduced thanks to the generosity of:

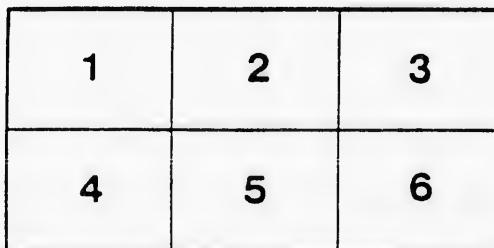

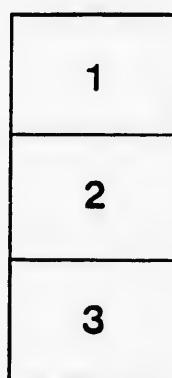

National Gallery of Canada,  
Library

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Musée des Beaux-Arts du Canada,  
Bibliothèque

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

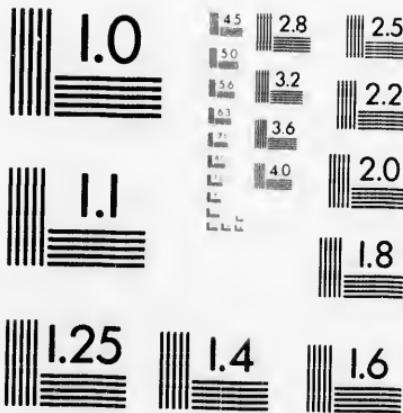

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PICTURES ON VIEW TUESDAY AND WEDNESDAY PREVIOUS

1897

Mr. T. Mower Martin, R.C.A., who has long been noted for seizing and fixing the Canadian character of our scenery and life in his pictures, being about to leave for Europe has consigned to us his whole collection of Paintings illustrating many parts of the country through which he has been travelling and sketching for the past thirty-five years.

Many of these pictures have been exhibited in the R.C.A. and O.S.A. Exhibitions, the rest are later works in which he has attained the happy medium between the indefiniteness of the impressionists and the hard detail of the earlier English school.

Mr. Martin's specialties are Northern Landscape and Farm scenes with animals in both, which lines he is well and favorably known, his pictures being found in many English and American collections, including Her Majesty's at Windsor Castle.

The Collection will be on view at our Gallery, 22 King St. West, on Tuesday and Wednesday, 20th and 21st inst. and will be sold on Thursday, 22nd, at 2.30 p.m. without reserve, except in cases marked within.
