DAMNABLE.

The above is the only word which in the opinion of The Courier correctly describes a cartoon in this morning's Globe.

It is entitled "Order in the Court" and depicts Sir James Whitney and Hon. Mr. Hanna in a prisoners box.

It is true that said word "box" has the unctuous addition "That the Premier and the Prof. Secy. are in but that does not hide the contemptible innuendo.

The whole thing has the atmosphere of a trial by jury for a criminal offence.

It is part and parcel of a similar set of cartoons which Bengough used to draw for the same paper and in which he depicted Tupper and Foster as crackers.

There is apparently no length to which the leading Brit organ will not go in attempting to defame political opponents.

It ought to be ashamed if itself.

ONTARIO HOSPITALS

The annual report of Dr. Bruce Smith, Ontario Government Inspector of Hospitals and Charitable Institutions, has been issued for the year ending September, 1912. It clearly shows the continued success and progress of these institutions and the total number of patients under treatment during the twelve months was 64,559.

The total expenditure was \$2,330,295, of which \$530,474 was on capital account, and the Doctor remarks:—"The expenditures indicate the philanthropic spirit of the people and the fact that the hospital is recognized as a necessity to every community." There has also been a notable increase of the sanatoria for the treatment of consumptives. The work of the Victoria Order of Nurses and of Ladies' Aid Associations is highly commended.

As far as the Brantford institution is concerned, the figures for the year ended—

Table with columns: Patients, Revenue, and various sub-categories like 'Total under treatments', 'Males', 'Females', 'From the Province of Ontario', etc.

These figures show an improvement, but nothing to what they will be when the enlarged buildings are completed.

For instance, Guelph during the year treated 1,100 patients in the general hospital with a revenue of \$28,000, and 708 in St Joseph's Hospital with a revenue of \$14,823.

Peterboro, in the general hospital had 725 patients with a revenue of \$22,255 and 630 patients in St Joseph's Hospital with a revenue of \$9,119.

Other like instances might be given. The truth is that the residents of other cities and counties have taken more readily to hospitals than here, but the tide has turned, and this year will show a big advance.

People more and more the world over, and of every class are commencing to realize that the trained attention under medical supervision, in such institutions gives patients of all kinds a much better chance of recovery than under treatment at home.

The hospital is no longer a bugaboo to the thinking, but a place of sanitary

methods, clean rooms, deft nurses, regular insistence upon medicine taking and diet, and all the rest of it which aids nature to restore the afflicted to health once more if they have any kind of a chance.

TO REDUCE THE COST OF LIVING

As the cost of living continues to soar with regard to all products, the scientists are now taking a hand in for the purpose of securing things synthetically—that is artificially, or by combination.

From Germany it is announced that the cost of producing milk in this way has been successfully achieved at 6 cents per quart, and the article is said to be of even better quality than that obtained from the cud chewing bovine.

The London Lancet, recognized as the leading medical paper of the world, thus describes the process:—"A cow requires an acre of pasture to support her. She only converts sixty-three per cent of the food she consumes into nourishment and she does not convert more than five per cent into milk.

The average yield of a cow in milk is forty pints a day. It is estimated that the same amount of milk can be made from one-eighth of an acre of soy beans.

"The soy bean is the oily pea of China and Japan. Its nutritive value may be judged from the fact that it contains 33 per cent of proteins as compared with 20 per cent for ordinary beef. It contains 17 per cent of fat, as compared with five per cent for the beef. The superiority of the soy bean over beef lies chiefly in the fact that it contains only 10 per cent of water as compared with 72 per cent for the latter.

"Cow's milk is the most indispensable of all our foods, for children in civilized communities are practically dependent on it, although adults may have other meats and vegetables to choose from."

The Lancet further states:—"That English scientific men have investigated the milk made from soy beans in Germany, and report that it possesses all the properties of milk except that of producing butter. Despite this drawback the cream from this artificial milk is more nourishing and the other ingredients are declared to be more digestible than the natural milk. The new product is obtained without difficulty and with uniform success, now that the experiments, which have been carried on for three years, have been perfected."

Another move now nearly developed, is to produce nitrogen, which constitutes a large proportion of the atmosphere, on a cheap basis, so as to be used as a fertilizer, and thus lead to crops of enormous volume.

Another point under consideration has been established at Chicago, where a drainage canal constructed some time ago to empty in the Illinois river, has resulted in a haul of fish from that stream increased to 23,000 tons per annum against 7,000 tons previously. It is thus thought that the waste of cities may be used to cheapen the cost of fish.

Other similar incidents and experiments have been keenly noted, but the list is too lengthy to record here.

As a matter of course, the daily absorption of foods is simply to build up tissue, maintain animal heat and so on, and it is the various constituents of said foods which constitute their value. If a milk value beyond that of cows milk value can be obtained from the soy bean why not, and so with other things.

"He possessed the greatest crop of brains ever accorded to any one man" was the way he put it.

Hamlet he considered his masterpiece. What does Hamlet mean? We know the meanings of the plays of the Greek dramatists. We know what the other plays of Shakespeare mean—"Othello," the tragedy of wounded honor; "The Winter's Tale," a tragedy of jealousy; "Macbeth," the tragedy of conscience, and so on. But what does Hamlet mean? It introduces all the questions and perplexities of life, and is in fact interrogatory.

Hamlet, to a small extent, was a replica of Christian self-examination, but Christ entered heaven and left the door open for all to follow.

The Bishop spoke for nearly two hours and kept the intense attention of all.

It is said he may return here in May of next year.

If so, that is welcome news.

What the Other Fellow Thinks.

Not the Same.

Toronto News:—The twentieth century Laurier is not comparable with the nineteenth century Laurier. "After posting all over England and Scotland as the heartiest of Imperialists, he surrendered to the Quebec Nationalists and declared that Canada might remain neutral when the Mother country was fighting our battles abroad."

The Liberal party must be reconstructed under new leaders before it can once more render valuable services to the State as it did during the first years of the Laurier regime."

What's the Attraction?

Woodstock Sentinel Review: What is there in a government job that gives it its fascination? Labor conditions in both the United States and Canada have for some time been fairly satisfactory from the point of view of labor. The complaint has been from the employer rather than from the employee; the difficulty usually has been to get sufficient help rather than to get sufficient work.

But this does not apply to the Government jobs. It is said that on P. E. Island Wilson's accession to office he found 120,000 applications for about 10,000 jobs. And in our own country the record in proportion to population is almost as remarkable.

A United States View

Detroit News:—"When it comes to a plain matter of bluff and show-down the Government of the United States must stand firmly upon its rights as a nation, and as a federation it must protect the rights of its States against foreign aggression or coercion. The Government of Japan does not permit American citizens to hold land in its Empire and it is none of our business why she adopts that policy. The Government of Hayti also forbids ownership of land to alien whites. Its right to do so goes without question. The smallest of nations is mistress in its own house, or it is a nation in name only."

First to Receive Honor.

LONDON, April 28.—Miss Frances Margaret Harper, the first woman to receive such honor, has been granted a diploma in tropical medicine and hygiene. This is granted jointly by the Royal Colleges of Physicians and Surgeons.

British Aviator Killed

LONDON, April 28.—Lieut. Roger Harrison, of the British army's aviation corps, was killed while flying at Farnborough early to-day. He was attempting a steep descent from a height of 400 feet when the elevator of his biplane collapsed under the strain and his machine crashed to earth. Harrison was killed instantly.

BISHOP QUAYLE—AN APPRECIATION.

Bishop Quayle of St. Paul, who occupies the position of Presiding Bishop of a large district of the Methodist church, is a man of unique attributes, and powerful personality. There can be no doubt at all about that.

He has paid his first visit to Brantford, and as a distinct result the residents of this city and surrounding districts would like to see and hear him again, and yet again.

It has been the lot of the writer to hear a great many leading exemplars of the teachings of the Bible—Henry Ward Beecher, Talmage, Spurgeon, Bishop DuMoulin, Dr. Tate, Archbishop of Canterbury, Varley and so on, but Bishop Quayle is in an original class.

He has the habit of reaching a pathetic climax and then in a flash making a witty remark which transforms the tear-stained eyes, to laughing eyes.

His lecture upon "Hamlet" on Saturday night was handled in a masterly way. He spoke a lot that wasn't Hamlet, but always interesting, and of the play itself he manifested a keen analysis. He spoke of Shakespeare as not only the world's poet laureate, but also the greatest human mind the world had ever produced.

MAGISTRATE IS CHARGED AS A BIGAMIST

Sensation at Oshawa, Where First Wife Alleges Divorce Was Not Valid.

OSHAWA, April 28.—Mr. W. J. Watson, police magistrate of this town, was placed under arrest last evening on a charge of bigamy, laid yesterday by his first wife, and held without bail in the Oshawa jail pending a preliminary hearing before Justice of the Peace Drysdale at 11 o'clock to-day.

Watson's appointment as magistrate dates back only a few weeks, and was hotly criticized at a convention of the local Conservative Association. According to common rumor last night it was the expectation that something in the nature of what has happened would shortly transpire that inspired the adverse comment respecting his appointment.

The story told to the police by the woman who claims to be Watson's legal wife alleges that they were married in Lakeside, Ontario, in the year 1878. Her maiden name was Annie Long. Three children were born. The couple separated, she says, in 1904, with an arrangement that he was to make her an allowance of two dollars a week. The woman removed from Toronto, which was then Watson's home, to California, and her allegation is that he ceased to make the weekly payments within a few months and since then has contributed nothing to her support.

Watson secured a divorce from Annie Long in 1907, under the laws of South Dakota, taking up temporary residence at Sioux Falls, that State, for the purpose. The bigamy charge is grounded on the allegation that this divorce was not in accordance with the requirements of the marriage laws of Ontario. The second marriage took place in 1908, the second Mrs. Watson having been Mary Farley, a resident of Toronto. The ceremony, however, is said to have been performed in Northfield, Michigan.

Mrs. Watson the first says that she has planned laying the charge of bigamy ever since she learned of the second marriage, but her circumstances have been such that she has been unable to secure funds for the journey until now. She arrived at Oshawa last evening, coming here directly from California and immediately preferred her complaint to the local police.

Watson is a native of Guelph and spent the early part of his life in the printer's trade in Western Ontario. He then removed to Toronto where he was for a number of years editor of the Central Press. He came to Oshawa within the last three years.

and up to his recent appointment had been in charge of the Vindicator, a weekly newspaper. The separation, divorce and second marriage all took place during his residence in Toronto, where Watson was active in many circles. He was at one time president of the Toronto camera club.

The prisoner has retained the services of W. E. M. Sinclair, Liberal member for South Ontario in the Legislature, as his counsel. Mr. Sinclair is confident of an acquittal. He maintains that Mr. Watson's South Dakota divorce is perfectly valid and in accordance with the provincial requirements.

CONGREGATIONAL CHURCH. In the absence of the pastor through illness the pulpit was supplied by the Rev. C. Pedley of Woodstock, who delivered a splendid address from the text, "For God so loved the world that he gave His only begotten Son," that whosoever believeth on him should not perish, but have everlasting life." The speaker, referring to the petition which the newly formed Chinese Empire had sent out for the prayers of all the Christian churches, that the God of the Christians would direct them in wielding the ship of state aright for the proper guidance of the vast population which was entrusted to their supervision. Adjutant Price of the Salvation Army Rescue Home in Hamilton made a touching appeal for aid in her noble work. The music consisted of anthem by the choir and quartet by the Brant Male Quartet. In the evening Rev. Mr. Pedley took his text from I. Peter 1:17, and preached an able sermon from it. The music was especially good. Miss Campion sang a brilliant solo, "I Will Extol Thee," from Costa's "Eli," also rendering her old-time favorite, "He Wipes the Tear From Every Eye," very sweetly. The choir gave "The Radiant Morn" in good style.

BISHOP WAS VERY ELOQUENT

Hundreds Were Turned Away at Wellington Street Church Sunday.

The services held in Wellington Street Church yesterday, the occasion of the seventy-eighth anniversary of the church, will no doubt be long remembered by all those who had the privilege of hearing Bishop Quayle at the service of the day. The service in the morning was very largely attended, at which the Bishop delivered a very eloquent and interesting sermon, using as a text "On earth as in heaven." The expectations of the large congregation were more than realized, and on all sides words of appreciation were to be heard on the magnificent sermon the Bishop delivered.

In the afternoon Bishop Quayle gave the boys and girls of the Sunday school a decidedly interesting talk. The evening service brought a very successful anniversary day to a grand climax. In spite of the inclement weather hundreds were turned away from the church. At 6.30 every seat in the capacious church was filled, and people were crowding into every available chair, many being forced to stand during the entire service.

Bishop Quayle used as a text for the service, "And the house was filled with the odor of the ointment," from the twelfth chapter of John. He opened his address by drawing the attention of the congregation to the events immediately preceding the time and happenings of the above passage, namely, the feast of the disciples, which was one of the last places in the Gospels. Bishop Quayle stated, "This feast was a man's affair, but we find the women hanging around, and," said the Bishop, "I reckon they always will. Men are not very desirable, but I guess they are not very harmful, is the women's way of looking at them." Bishop Quayle drew the attention of those present to some of the individuals who were present at this feast, namely, Simon and Lazarus and Mary, who entered the feast with the box of ointment, which she spilled on the feet of Jesus.

"It is a significant point," stated the Bishop, "that there was one there, namely, Judas, who had a voice like a file, who said 'Why was this money not spent on the poor?' and Judas got out his little pencil and began to figure the cost of the ointment. The Lord held the subject," said Bishop Quayle. "Judas was one of those men of whom we find so many to-day, who say, 'How can I save that pickle?' The great objection men have to joining the church is that it costs too much. In my experience I have not seen any individuals go bankrupt because of what they have given to God. The fact is, the rank and file of men and women give much less to God than any person else.

"But it is not money we need," stated the Bishop, "I've could bank my money in heaven in thirty days if we had love enough. There are two classes, however, in the world to-day—the Judas type and Mary type. Judas," said the Bishop, "is in hell worrying over the cost of the ointment. Mary is in heaven wishing it could have been better ointment. Let's get the big heart and use it."

Bishop Quayle in conclusion said that "What the world needs to-day is the man with the big heart."

Bishop Quayle is a pulpit orator such as is seldom the privilege of the people of this city to hear. His addresses of yesterday were not only eloquent, but full of energy, wit and inspiration. The pastor of Wellington Street Church is to be congratulated upon securing such a distinguished orator for the anniversary services of the church.

The music rendered by the choir at the evening service, under the direction of Mr. Thomas Darwen, was very fine, especially the anthem, "Hark, Hark, My Soul," by the choir, the solo parts in which were very ably taken by Miss Limburg and Miss Fawkes. Miss Fawkes also delighted the gathering with her rendering of "One Sweetly Solemn Thought," which she sang in an exceptionally fine manner.

PROTEST IS NOW LAUNCHED

Some Bellview Ratepayers Don't Want Old School Enlarged.

A protest has been launched against the decision recently arrived at in Bellview by a small majority of ratepayers to spend \$23,000 on the old school. Inspector Standing on Saturday received the protest and on Wednesday evening a private conference will be held to discuss the matter. In the meantime, Mr. Standing will thoroughly investigate the matter, and probe the charge that there were irregularities in the vote taken. The protest received is as follows: To T. W. Standing, Esq., Inspector of Schools for the County of Brant:

Sir,—We the undersigned ratepayers for S. S. 23, in the Township of Brantford, respectfully complain that the poll taken on Friday, April 11th at the Belle View school house to de-

cide whether the school trustees should be empowered to borrow the sum of \$23,000 to make additions and alterations to the present school house, was not taken according with the instructions given in Sub. section 3, Section 54 of the Public Schools Act, 1, Edward VII. c. 30.

The vote taken was unfairly and irregularly taken in that the secretary did not record the votes by setting the figure "1" opposite his (the voter's) name in the proper column so as to show how he voted on the question, (6 Edw. VII. c. 53, S. 13).

The voters crowded all around the table together and were offered the polling book to mark down their vote for and against. They were advised and assisted by the matter not being fairly placed before them singly by the chairman, so that some voters were under the impression that the column "for" was "for a new school on the Mohawk Road," while others were confused and puzzled by the crowd around them at the table so that there could be no proper check upon the influence and advice brought to bear upon the voter while he recorded his own vote.

As a very large majority, 10 (2 against 73) had been cast against the resolution when the voters had separated themselves into two separate rooms, and as this majority was converted into a minority of 4 (70 against 66) by the poll, we believe that the resolution was carried by the confusion brought about in the minds of a number of voters who did not thoroughly understand the nature of the vote they were recording. As it would only require a change of three votes from one column to another to reverse the decision of the poll, and as the proceedings were not carried on for the voting and recording of the poll as the law requires, we respectfully request that you will set aside the proceedings at this poll as being irregular and not in substantial accordance with the instructions given in the Act, and that you will order a new poll to be taken in a manner which will prevent all irregularities and any interference with the voter while he gives his vote, except as provided for by the Act.

Dated this twenty-first day of April, 1913.

Signed by John Robertson and others.

The "Last" Argument

Against Corns and Bunions

Corns and bunions are caused by ill-fitting shoes. Foot troubles are unknown to races that go bare-foot.

Of course you don't want to go barefoot. But you can be without foot trouble by clothing your feet in properly-fitting shoes.

The interior of a Foot-rite Shoe is the exact mould of a properly shaped human foot.

To secure the last for the Foot-rite Shoe a sculptor studied the perfectly shaped feet of leading athletes of Canada, the United States and Great Britain. From this model the last for Foot-rite Shoes was made, in graded sizes. And on this perfect foot-form Foot-rite Shoes are moulded.

The interior of the Foot-rite Shoe is so finished that nothing can irritate the foot. In Foot-rite Shoes you will experience real foot-comfort. We selected Foot-rite Shoes to give our men patrons foot-comfort and style with value and satisfaction to the fullest possible extent.

CITY NEWS ITEMS

THE PROBS

TORONTO, April 28.—Several depressions exist on the continent the most pronounced of these covering the middle Atlantic States. Rai has fallen heavily in the peninsula of Ontario, while a few local showers are reported from the Maritime provinces and snow flurries from Alberta.

FORECASTS. Fresh to strong northerly winds, generally fair and cool. Tuesday—Fair and cool.

Temperature. Record for the last 24 hours: High 52; lowest, 45. Same date last year: Highest, 52; lowest, 27.

New Fireman. H. Boulton has joined the Central Fire Department.

Many Patients. The hospital still continues to be about full up, and the total thus far this year has greatly exceeded all previous years for a like period.

A Bowling Green. On the St. Basil's property men are putting down a lawn bowling green between the house of Dean Brady and the church. It will be a beautifully level piece of work.

Is Progressing. Mr. Donaldson, the local liveryman, who was injured in a runaway on Saturday is reported to be progressing. He received a very severe gash in the head which required several stitches.

Laid at Rest. The funeral of the late Jean Fletcher took place from her mother's residence, 15 Holme street Saturday afternoon to Mt. Hope cemetery. Rev. L. Brown of the First Baptist church officiated.

Unveiling Ceremony. On the last Sunday in May the local order of the Woodmen of the World will unveil the monuments of their deceased brethren, who have been laid to rest in Brant church cemetery.

In the City. Chief Finch of the Guelph Fire Department was a visitor in the city on Saturday. While here he looked over the Malleable fire and declared it was great work to have stopped a fire of such proportions where it was stopped.

A Fine Soloist. Mr. D. Ernest Caldwell, baritone soloist of Toronto, sang at St. Andrews Presbyterian church yesterday at both the morning and evening services. His singing was greatly appreciated by the congregation.

Lost Part of His Thumb. Mr. Ward H. Johnson, Superintendent of the Hurley Printing Co., met with a painful accident on Saturday when in the act of locking the safe he held his thumb a little too far down at the top of the door jam and as the door was being closed nipped off the top of one of his thumbs.

A Communication. City Clerk H. F. Leonard is in receipt of a communication from J. T. Sherritt, editor of the Industrial Canada, requesting the following information: A list of factories actually under construction at the present time; factories to which additions are being made at the present time; firms if any contemplating erection of factories in Brantford.

A New Fire Hall. Chief Lewis is not favorably impressed with the proposal advanced in municipal circles to remove the central fire hall to the Darling street side of the Waterous property. The chief objection to Darling street is that of location, which could be improved upon a great deal. Chief Lewis favors the new hall on Dalhousie street next to Simpson's Carriage Works. That would give the firemen the best access to every section of the city, the east excepted.

Wedded in Reno. In Trinity Episcopal Church last evening, at 7.30, the Rev. Samuel Lundy officiated at the wedding which brought the bride all the way from Ontario. Canada. Mr. Pearl Waldo Matley of Lundy, Cal., and Miss Ella Nevada Larrington of Cathcart, Ont., were the contracting parties. After a few days Mr. and Mrs. Matley will go to Lundy to make their home. From the Nevada State Journal, April 18.

Buried in Detroit. The funeral of the late Henry Edwin Crooks took place on Wednesday afternoon last from the residence of his son, 768 Sixteenth street, Detroit. Rev. Mr. Attwater, rector of St. Peter's church, conducted the services. The attendants were Messrs. H. Crooks, W. Baxter, A. Masterson, C. Busick, cousins of the deceased; H. C. Todd, son-in-law, and Mr. McAbe. The floral tributes were very beautiful. The deceased leaves a

That G. T. R. Mail Box. Brantforders are cautioned that if they have any mail matter they wish to get off quickly they should not by any chance take such a great hazard with its despatch as to put it in the mail box at the G. T. R. depot. The fact that the box is within a few feet of mail trains, is not assurance that the mail will make rapid connections with its place of destination. It is said that the carriers seldom open the G. T. R. box. City mail is not collected there, and it is left to the train messengers to secure it.

Electrical Display. The Arts and Crafts committee has decided to give the public another chance to see the wonderful work of Mr. R. H. Mortimer with his high voltage, high frequency outfit at the Y.M.C.A., on Tuesday evening. This is done at the request of many who saw the demonstrations last week. The apparatus consists of step-up transformers of exceedingly high voltage, and a Tesla outfit demonstrating the theories of transmission of electric power without any conductor. The Water Commissioners in company with Mr. W. P. Kellett went down to the Holmedale this morning for the purpose of setting a price on the right of way which the Lake Erie and Northern Railway Company has through Waterworks property in that district.

Some citizens are of the opinion that if the Lake Erie and Northern Railway could be persuaded to move their right of way slightly in the Holmedale district, so as not to necessitate the Morrel street school being torn down, the building could probably be used as a Smallpox Hospital.

Moving Picture Shows

By HOWARD L. RANN

THE moving picture theatre is a place of entertainment where people pay a nickel to see love made and murder committed. They are also able to witness the murder of the English language and the popular song by a petrified vocalist, who stands in the spotlight and forces vowels and consonants through an orifice called the throat. As a rule, no extra charge is made for this privilege, and if there were there would be a grand rush for the box office.

The acting in moving picture shows is always perpetrated by deaf and dumb people, who have a very emphatic form of lip expansion and look as if they were about to say something. Some of the acting is so plain that the audience can tell at once when they are witnessing a love scene. As fully nine-tenths of the acting in a moving picture show consists either in patient manner or in reading an anonymous letter, it is easily understood by all.

GRAY HAIR TURNS ITS NATURAL COLOR AFTER APPLYING SAGE TEA.

Mixed With Sulphur it Darkens Beautifully and Takes Off Dandruff.

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready to use product—called Wyeth's Sage and Sulphur Hair Remedy—you will get a large bottle for about 50 cents. Some druggists make their own but it's usually too sticky, so insist upon getting "Wyeth's," which can be depended upon to restore natural color and beauty to the hair and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair.

Paris News

(From our own correspondent.) PARIS, April 28.—The death took place in the early hours of Thursday morning of one of the most highly esteemed residents of Brantford Township in the person of Mr. William Dewey. The late Mr. Dewey was a pioneer farmer being born in Wentworth county 84 years ago and had resided in Brant County for the last half century. Besides his aged partner in life he leaves three sons and one daughter, two of the sons residing in Brant County and one in Cleveland, Ohio. The daughter, Miss Mary Dewey, resides at home. The funeral took place on Saturday afternoon.

Mr. Thomas Hawley, a well known and highly respected farmer of South Dumfries passed quietly away last Tuesday and was interred in the cemetery on Thursday, the funeral being attended by a wide circle of friends and relatives.

The Paris brick Company have at last secured their drill and will start work at once to bore for gas on their property here. They now have 21 men on their pay roll.

Mr. Reichold, who recently purchased the Ira Wooden livery business has bought a lot adjoining the former Hub Hotel and will erect new livery barns.

Mr. Wm. Hunt of the O.A.C., Cleveland, Ohio, in the Y.C.A. on Friday on "Seasonable Topics for Flower Growers." The meeting is under the auspices of the Paris Horticultural Society and Fire Hall.

The Army

Is Unpopular in United States - Times too Good.

WASHINGTON, April 28.—The average American will not enlist in the army and mortgage his future for a long term. This is evidenced by the practical failure of the new recruiting law passed by the last congress. Four months operation of the law has resulted in an average enlistment and re-enlistment of 2,300 men which is a material loss as compared with the operation of the old law providing for enlistment for three years.

Secretary of War Garrison is expected to use this fact to reinforce the recommendation of a further amendment to the law to provide for a two year term of enlistment and for the creation of an independent reserve.

1,000 Miles in Aeroplane. KOLLUM, Holland, April 28.—A distance of nearly 1,000 miles in an airplane, was flown in an aeroplane yesterday and to-day by the French aviator, Ernest Francois Guillaux, who made only two stops during his flight. He started from Biarritz, in the extreme southwest of France on Sunday morning at 4.42 a.m., and arrived here early to-day, having made a two year's trip to replenish his fuel at Bordeaux and Villavoulay, just outside of Paris.

Hamilton Lawsuit. TORONTO, April 24.—Action has been entered at Osgoode Hall, by George Joseph Tuckett, of Hamilton, and Mrs. Blanche Innis Bragg of New York against the executors of the late George T. Tuckett, and against Arthur MacFarlane, Ada Lillie Guy, Phillis McNeile Tuckett and Virginia Tuckett. The action is set aside the will of George T. Tuckett, and to have it declared that he died intestate.

KING TO VISIT IN

London Correspondent Laid for His Majesty Open Toronto Exhibition

NEW YORK, Apr. 28.—The King of England will visit Toronto on the date of April 12 writes a London correspondent.

"I am able to announce that King George will visit Toronto on the date of April 12, 1914. Only some such event as an European war or a family bereavement will prevent this trip taking place. The King and his advisers are so afraid that the Canadian people will be disappointed that they have decided to postpone this event as far as possible. A meeting of King George and President at Niagara Falls is likely to be arranged within the near future. King George has intimated his intention to open the Toronto Exhibition in August, 1914, and preparation for this event are already being made in English court circles. Queen Also May Come. It will be the first time that King of England has visited the United States since the King's visit to the United States in 1901, and the Prince of Wales is quite sure to accompany him. In Canadian circles here from the King has long been awaited. When Lord Grey was not-General, powerful reports were made as to the desire of Canadian people to see in person the King. The appointment of a Commissioner of Government was in no small degree due to Royal appreciation of this. It is understood that the Duke of Connaught has cordially endeavored to secure the sanction of the Government, and people of the King has now accorded his plans can be arranged in a welcome assent. Lord Strathcona, the very Commissioner of Canada, yesterday said: "No people of the Empire are more attached to the King than the Canadians. His Majesty's visit to the United States is a most timely and gratifying event. It would be impossible to receive a finer welcome in the world than in Canada. As the yacht races for the America's Cup take place in 1914, there is just a chance that the King will visit Toronto on his return trip."

KING TO VISIT CANADA IN FALL OF NEXT YEAR

London Correspondent of Brooklyn Eagle Says Plans Are Laid for His Majesty, Accompanied by His Heir, to Open Toronto Exhibition and See America's Cup Races.

NEW YORK, Apr. 28.—The Brooklyn Eagle's London correspondent under date of April 17 writes as follows:—

It is now possible to announce definitely that King George will visit Canada in the fall. Only some such unexpected event as a family bereavement could prevent this trip taking place.

The king and his advisers are taking somewhat unnecessary pains to keep the proposed visit secret. They are afraid that the Canadians will be disappointed that they are not being invited to a meeting between King George and President Wilson at Niagara Falls, which is likely to be arranged within the near future.

King George has intimated his willingness to open the Toronto Exhibition in August, and preparations for this event are already being made in English court circles.

Queen Also May Come.

It will be the first time that any King of England has visited Canada. It is hoped that the Queen will accompany the King, but nothing is definitely settled as regards this. The Prince of Wales is quite likely to accompany his father on the trip.

The Canadian circles here are very anxious that the King should visit. When Lord Grey was Governor-General, he made a desire of the dominant people to see in person the monarch. The appointment of the Duke of Connaught as Governor-General was in no small degree due to the Royal appreciation of this sentiment. It is understood that the Duke of Connaught has cordially endorsed the earnest solicitation of the Canadian Government and people, to which the King has now acceded, so far as his plans can be arranged in advance, a welcome assent.

Lord Strathcona, the veteran High Commissioner of Canada, said yesterday:—

"No people of the Empire are more loyal or more attached to the King than the Canadians. His Majesty received evidence of this in 1899—when the Boer War broke out. Should the King go now or any subsequent time it would be impossible for him to receive a finer welcome in any part of the world than in Canada."

To Witness Yacht Race.

As the yacht races for the America's Cup take place in September, 1914, there is just a chance that the King on his return trip home, may be a spectator of Sir Thomas Lipton's fourth attempt to "hit the cup." It has been suggested that the warship on which the King will make the trip to Canada should be diverted to Sandy Hook, so that King George can see in person what happens to the four-leaved "Shamrock."

It is hardly likely that the King would go ashore at New York, but if it can be suitably arranged he would be glad to see one or two of the races for the America's Cup.

During the King's absence from England the Royal prerogatives will be vested in a commission similar to that which was appointed when he went to India to receive the homage of his subjects in that empire. For reasons of State it may be decided that the Prince of Wales stay in England while his father is abroad.

This trip to Canada is only the forerunner of others. It is King George's ambition to be the first King to visit not only Canada, but also Australia and South Africa.

Striking Sermon By Ex-Brantford Pastor

Rev. W. J. Smith, Formerly of Colborne Street Church, Speaks on "The Modern Skirt."

"One of the most stirring arrays of modern vice ever made in Hamilton emanated from the pulpit of the Charlton Avenue Methodist Church Sunday morning, when the pastor, Rev. W. J. Smith, formerly of Brantford, who soon leaves to associate with the province, spoke on throughout the province, spoke on the white slave traffic and gave a specific instance of this deadly "cultured anarchy" as he termed it.

"I wish I could gather together in this church some of these women who walk the streets, and whom we know are pure white the law," he declared, "those who are at the height of fashion, wearing skirts that appeal to the sensual minds of men. They are clean, yet they take the place of unclean women by the very fashion of the dress they wear. On the streets and on the street cars we must hear the things that are said about them as they parade up and down the highways. You women do not hear and thank God you don't, else you would hide your heads in shame. The men of Hamilton cry to you this morning, through me, 'will you not help us to help ourselves'—help that men may be re-

strained from evil by the appearance of clean womanhood on the streets.

Mr. Smith made a slashing attack on employers and others who paid girls so little wages that they were forced, advised by their employers to live a life of shame to secure more money.

He also blamed parents for expecting too much financial assistance from their children, and for not telling them of the snares in modern business.

"This mock modesty is the cause of a large portion of white slavery to-day," he declared.

He also alluded to the present criminal legislation in Canada. Before a woman fell, he said, her evil defence was not considered conclusive, although she had been on the verge of seduction, while if a young girl came depraved, through the white slave traffic, her evidence neither was considered to have any status, as she was now a woman of the streets.

"Where in God's name is the testimony of woman to have any weight," asked the speaker. "The time has come when action must be taken if our country is to be saved."

MASTERLY ADDRESS

Was Delivered to Odd Fellows by Rev. C. W. Rose on Sunday.

In the neighborhood of 700 Oddfellows, members of Gore and Harmony Lodges, who visited at the Anniversary services at the Park Baptist Church yesterday afternoon, when they were addressed by the pastor Rev. Mr. Rose, who took for his subject, "Man's Coronation."

Toronto Canton, No. 7, under the command of Capt. George H. Elson, Lieut. Moon and Ensign Johnson, came up 21 Chevaliers strong. Queen City Canton No. 10 was represented by three members.

Hamilton Canton, No. 4 under the command of Capt. Edward Drinkwater, Lieut. R. Gillispie and Ensign W. Brooks, attended, 17 Chevaliers strong.

The Hamilton I. O. O. F. band, under command of Drum Major Horn also attended and played several selections.

The Department of Ontario was represented by Major W. J. Foster, Assistant Adjutant General in the absence of General G. M. Hermonist, who was unable to attend owing to having it is thought, missed connections from Windsor. The General sent his regrets. The Second Regiment was represented by Major Parks and Capt. Crocker, both of Toronto.

Visiting brothers were present from Hamilton, Paris, Lynden and Burford.

The Route.
The Cantons and brothers lined up at the hall on Dalhousie St. and down to Colborne St., down Colborne to George St. and along George to the church. There were many spectators all along the line of march.

At the Church.

Rev. Mr. Rose preached an excellent sermon taking for his subject, as previously stated "Man's Coronation." In his opening remarks the speaker said: "My brethren of Gore and Harmony lodges of this city and of all lodges represented here to-day, welcome! Welcome! A most hearty welcome. May the God whom you acknowledge as Supreme Ruler of Heaven and earth look upon you on this anniversary occasion and bless you and make you a blessing. To-day our beloved order is ninety-four years old. Yet its eye is not dim nor its natural strength abated. From small beginnings, it has steadily grown until now it is one of the largest and most brotherly of all the fraternal organizations in the world. The membership has passed the two million mark by many thousands. The expenditures for relief during nineteen eleven were nearly six million. Since the year 1839 the magnificent sum of sixty three million dollars have been distributed for relief. The extent to which this has lightened the load of those feeling the pinch of poverty and the greater load of loneliness can never be told here. Widows and orphans, brothers and sisters of deceased Oddfellows rise up and call blessed the institution which in time of distress and loneliness carried out the spirit of the man of Galilee.

Brethren, I have preached many times on the cardinal truths for which we stand. I have been an Oddfellow now for twenty years and in that time have had the honor of speaking to the members of our Order on Anniversary occasions both in British Columbia and Nova Scotia.

Speaking of the subject which he had chosen, Rev. Mr. Rose said, "It will enable me to deal with the foundations upon which Oddfellowship rests and at the same time inspire to the loftiest service in the interests of mankind. The subject goes back to the root and makes possible the flower and fruit of our Order."

During his remarks the speaker dealt with Man's Past which reveals a common parentage in God and which lays the broad foundation for the fraternity, reciprocal relief and kindly offices one to another. Secondly, Rev. Rose dealt with Man's Present, as it reveals his freedom and corresponding opportunities and glory. Lastly he dealt with Man's Future of immortality through Christ as it brightens his prospects and makes possible enduring service.

Order of Service.
Hymn "All Hail the Power of Jesus Name"; Prayer, Rev. Snider; solo Mr. N. McLeod who rendered in good voice "Jesus, Lover of My Soul"; selection, the Wesley Quartette, members, Messrs. Ballantyne, Glenville, McLeod and Johnson; Scripture Reading, Rev. Rose; offering; Hymn, "O God Our Help in Ages Past"; sermon; hymn "Blest be the Tie that Binds"; benediction.

During the receiving of the offering, Mr. Cornelius played a piece of his composition.

The service of song as played by an Oddfellow's choir, chosen at the hall before the brethren marched to the church. Among those in the choir were Bro. Eacret, Darwen, O'Neill, Bowers, Brown, Pilling, Holding, Dr. Robinson, Hollinrake, Bould, Forsythe, Sharp, Archer, Martin, Ludlow, Matthews and Howarth.

Well Entertained.
The visiting brethren from Hamilton and Toronto were met at the hall by the Brantford Canton and escorted to the hall. After the service they were entertained by the Anniversary Committee, Messrs. Jas. A. Cochrane, Chairman; W. G. Dawson, W. F. Brown, A. J. Colborne, M. Clark and Wm. Armstrong, Sec. Com.

The visitors left by special car for their homes after having expressed themselves pleased with the courtesy shown.

WHY LIQUID CATARRH REMEDIES FAIL
They go direct to the stomach, have very little effect on the innards of the nose and throat, and entirely fail to cure. Only by cleansing the air passages by relieving the inflammation and killing the germs is cure possible. No combination of Antiseptics is so successful as Catarrhazone. In breathing it, you send the richest pine balsams right to the seat of the disease. Irritating phlegm is cleared out, hoarseness, coughing and hacking are cured. For a permanent cure for catarrh, nothing equals Catarrhazone, 25 cts. and \$1.00 at all dealers.

As the result of two long, hazardous trips, during which he many times risked his life and at all times faced death through the terrible diseases which ravage those of the Central Asian land, Dr. C. C. Young, of Belen, Texas, physician and breeder of fancy sheep, is in possession of the secret of the breeding of the lambs from which is taken the Persian lamb fur.

Dr. Young began his work at the invitation of the United States Department of Agriculture. To-day there are seventeen animals of the right kind distributed among the ranches of Dr. Young, Captain Charles de Bromond, of Howell, N. M., and the government experimental station.

In five years, Dr. Young declares, American women will be wearing Persian lamb skins raised in their own country, and in a few more years America will be exporting the skins.

Mr. and Mrs. G. F. Sterne left this morning for Kingston to attend the convocation of Queen's University, where their son, Ed, graduates with first class honors in analytical chemistry, bacteriology and mineralogy, and who also delivers the valedictory address.

The friends of Miss Kate Huff, nurse in training at the Rhode Ave. Hospital, Chicago, will be pleased to learn that she has passed her final examination and received her diploma. Nurse Huff has been offered the position of night superintendent at the hospital.

It is unfortunate that two such fine attractions as will be heard in Brantford on Tuesday evening of this week, should clash as regards to date—Robt Mantell at the Grand Opera House in the "Merchant of Venice," and the joint recital of Caplan and Gray at the Conservatory of Music, the same evening. Presumably each will be well patronized, however. It is only the unfortunate who would like to take in both who will be disappointed.

Prince Erik of Denmark, nephew of

Queen Alexandra, has decided on becoming a farmer, and will come to England in the spring in order to study farming in a practical way. Arrangements have been made for the Prince to spend several months on a large farm in Oxfordshire, where he will continue that agricultural training which he has commenced in Denmark. Prince Erik is the third son of Prince Waldemar and a grandson of the Duchesse de Chartres.

Mr. L. D. Barber is in Toronto to-day on business.

Mr. A. James, has returned from a trip to Winnipeg and the West.

Mr. Roscoe Beckett, Wm. Fair, Mac Tutt and Douglas Hamilton were week-end visitors in Brantford from Toronto.

Mr. Russell Adams, has completed his first year at the School of Practical Science Toronto, and is at the parental home, Northumberland St.

Mrs. A. G. Montgomery arrived home in Sunday after spending a very pleasant few weeks with her son, Dr. A. H. Montgomery, New York City.

The death occurred on Saturday of Rev. A. R. Best, father of Miss Best Y. W. C. A., Brantford. Miss Best left the early part of last week for his bedside.

Father Time is not always a hard parent, and this is true for those of none of his children, often lays his hand lightly upon those who have used him well; making them old men and women inexorably enough, but leaving their hearts and spirits young and in full vigor. With such people the gray head is but the impression of the old fellow's hand in giving them his blessing, and every wrinkle but a notch in the quiet calendar of a well-spent life—Barnaby Rudge.

One of the coolest of summer gown and blouse materials is washing silk. This season it will be popular in a white or cream ground with colored stripe.

They are much cooler, these silks, than cotton, for they do not hold any starch, which is always a warm addition to any garment in summer. Then silk does not require as much ironing, for it does not crush easily under a coat. China is sending over a vast quantity of silk weaves for spring and summer use which will be made up into every kind of blouse that a woman wants, plain and ornate.

The following item recently appeared in the Scotsman: London society girls of Canada. Her Royal Highness Princess Patricia, who has returned from Canada looking more handsome than ever. The unmarried daughter of the Duke and Duchess of Connaught has blossomed into a remarkably handsome woman in the bracing airs of Canada. Her Royal Highness has brought back with her quite a number of interesting water color sketches of Canadian scenes in winter and summer.

At the morning service at the Church of the Ascension, Hamilton, on Sunday, Rev. Canon Howitt preached a sermon in memory of the late Canon Wade, in which he paid tender tribute to his memory and to his works as a priest and a man. He made allusion to the part the late Canon Wade played in the life of Birchall, who was hanged at Woodstock, and said that while the deceased spoke of the awful ordeal through which he went with the condemned man he never divulged what had been entrusted to him by Birchall in his confession. Canon Wade had many warm friends and admirers in Brantford, and was rector at Brantford for many years.

Germans Getting Ready for Big International Affair.

There are many lady devotees to the game; here they have not always been so enthusiastic. However, as the local management are sending out attractive invitations for opening day, the fair populace is pretty sure to be on hand to encourage the home team which is certainly "one of the best." In New York since the opening of the baseball season there is a great increase in the number of girl "fans" and what is more to the point, they know the game.

The following program has been arranged by the Hamilton Golf club for the lady associate members and competitors for spring, 1913:

- May 1—Monthly handicap, 9.15 car.
May 5—Mrs English's prize, match handicap; 18 holes.
May 9—Mrs Stewart's prize. Medal handicap; 18 holes.
May 16—Mrs. Hope's prize. Match handicap; 18 holes; 9.15 car.
May 19—Mrs. Lucas' prize. Match handicap; 18 holes.
May 21 or 23 — Woodstock and Hamilton here.
May 26—Mrs. Moodie's prize for those having handicaps of 25 and over.
June 2, 4 or 6—Lambton and Hamilton here.
June 9 to 13—Ontario annual tournament.
June 16—Long cup. Match handicap. Previous winners excluded. Entrance 25c.
June 16—Mixed foursomes.
June 22—Mrs J. J. Scott's prize; Best nine half handicap; 18 holes.
June 23—Mrs. Rowe's prize; 18 holes. For those having handicaps of 25 and over. Medal handicap.
June 30—Captain's prize. Epitaph competition.
July 2 or 27—St. Catharines and Hamilton here.
July 3—Monthly handicap; 9.15 car.
July 2 or 4—Paris and Hamilton here.

Every Tuesday morning is reserved for Medal round, 18 holes. Two of these scores must be handed in each month.

Balloons in Race

Germans Getting Ready for Big International Affair.

DRESDEN, Saxony, April 28—Out of seven balloons which started last evening between 6.12 and 6.49 p.m. from this city in the elimatory race for the choice of the German representatives in the Gordon Bennett International race, which is to take place in the fall of this year in France four were reported at four o'clock this morning from the vicinity of Copenhagen, Denmark. All were proceeding in a northwesterly direction over the North Sea. Two of the balloons were recognized as the Gladbeck, piloted by Hugo Kaufen, and the Braunschweig II, piloted by Erich Lemkau.

The other contestants are the Chemnitz, piloted by Herr Schubert; the Otto Lilienthal, Herr Brockelmann; the Hanover-Minden, Baron Von Poehl; the Prinz Adolf, A Wandernach and the Nieder-Schlesien, Herr Gerliner.

Officers of the German army were forbidden in a recent order issued by the German war office to take part in the contest owing to the possibility of crossing a frontier in the course of the race and thus causing an unpleasant international incident.

Why This?

Two Children Repudiate Former Testimony Against Father.

FORT SMITH, Ark., April 28—According to attorneys representing Marion Capps, former minister and miner, under sentence to be hanged, Bertha Capps, his 15 year old daughter, whose testimony tended to show that the miner had set fire to their home and burned three of his children to death, has repudiated her testimony and a new trial will be asked.

At the trial the girl swore that when she was awakened on the night in question she found herself and a younger brother bound to an off-soaked bed with all exits to the room barred. She escaped, she said, when the fire burned the rope holding her. Now she admits that her testimony was untrue, that she was over excited when she made the statements and that she has not repudiated them previously through fear of prosecution.

Her brother Ellis, who gave evidence similar to that of the girl, is also said to have repudiated his testimony.

By WALT MASON

I'll starve and die ere I'll eat pie in this my gloomy prison; John Bull may fret and fuss and sweat, I'll eat no grub of his'n. At night I dream of cake and cream, roast beef and skillful carving, of Lima beans and luscious greens—and daylight finds me starving. I dream of tea that's not for me, of doughnuts, clams and fritters; do women know the load of woe I bear for fellow critters? In days of old the martyrs bold went bravely to the burning, but they could eat until the heat wound up their stomachs' yearning. In times far back men on the rack were stretched and strained and riven, but they had cake and pie to break the agonies thus given. The doomed galoot endured the boot, but ere they made him suffer, and broke his legs, some ham and eggs they gave the wretched duffer. All these might eat their bread and meat and still be counted martyrs, but I must shrink from food and drink and masticate my garters. At night I dream of pink ice cream and sausages and chickens, and when I wake at morning's break, I'm hungry as the dickens!

SPORTING COMMENT

By FREE LANCE

The Toronto team had hard luck at Providence on Sunday. It might have rained and saved the champions but it didn't. Toronto fans at beginning to howl and ask if the team cannot lose any more games. The facetious reply is given that it cannot because they cannot play any more games than at present.

There is one department where we believe the Red Sox will be stronger this year, that is on the bases. If Shea is retained, it will mean Shea, Orcutt and Wagner, three fast men who know the art of stealing. Burdick is also a fast man, and Lamond, Coose, Donovan and Collins use good judgment on the bases. Kane, himself is somewhat of a leader in the department, although he is by no means as fleet a foot as he was a few years ago. At that, however, it is not all a case of being fast on foot, but knowing when to go.

Cheer up! the Red Sox are not the only ones who are getting beaten or tied on the spring training trip. Knotty Lee's team was walloped 9-1 on Saturday by a college team. Knotty ought to swap teams right off and save a lot of worry.

Invitations for the opening game May 7, are being issued to-day. Those who have seen the cards have complimented the ball club upon their neat and attractive appearance.

THE rooster is spraying his throat. MR. FAN and Miss Faucus are coining adjectives. THE umpire is plugging up his ears. THE peanuts are restless in their shells.

THE "red hots" are barking in their cans. THE lead pencil is flirting with the score card. THE turf is begging to be spiked. THE bleacher smiles a welcome to the sun.

THE seventh inning stretch is getting out of bed. THE ninth innings rally is ready to be born again. EXTRA inning and cold supper are engaged to be married.

THE palm of the catcher's glove is itching. OUR old friend "Double Header" is convalescing. "HESWINGSLIKEAKATE" has registered for the summer.

THE office boy's grandmother can only live a few more days. WHITE Wash is on his toes ready to run along the foul lines. COLLEGE Ball has thrown off the Gampthor blanket and is taking outdoor exercise.

ROTTEN Decision has one eye open already. FUMBLE and Muff are not invited but will be there. "THOU SHALT NOT STEAL" becomes null and void again, when runs are needed.

THE sweetest words from spring to fall, ARE when the umpire shouts, "Play Ball!"

Cuban Stars

Will Play Here on Wednesday and Thursday Against Brantford

The famous Cuban Stars which beat the Champion Athletics will be here Wednesday and Thursday of this week to play the Red Sox. The team represents the pick of the Havana players which have played and beaten Detroit Cincinnati Philadelphia and other big clubs who have gone to Cuba in the winter. This attraction is decidedly for exhibition purposes not better combination could be secured than the Cubans several of whom are playing big league ball to-day. The games Wednesday and Thursday behind the dyke will be called at three o'clock.

Base Ball

The Maple Leaf Baseball team held a practice at Mohawk Park on Saturday afternoon. The Regulars played the Yannigans and defeated them by a small margin the ground being too soft for good ball playing. A meeting of the club will be held in the Y. M. C. A. Parlors to-night.

LINEERS

The Leafs lead the league in team batting and games lost. Dick Radolph has asked the Toronto club to reinstate him, so that he may play with independent teams around New York. Nothing doing.

Seats in the reserved section for the opening game in Toronto on May 6 will be placed on sale at 33 King street west, Toronto, to-morrow.

GOOD FOOTBALL GAMES PLAYED ON SATURDAY

Weather Was Dull but Games Were Keenly Fought Out--Y. M. C. A. are Leaders of League--Critical Review of the Contests.

Y. M. C. A. 2, Tigers 0. The Y. M. C. A. played Holmedale Tigers at Agricultural Park on Saturday and won a very fine game by 2-0. Holmedale won the toss and Poynter started the ball rolling for the Y. M. C. A. Even play followed for the next 20 minutes. Then the Y boys began to wake up a little. Roberts made ground from his own half, and put forward to Poynter who shot, but Scanlon saved, but could not hold the ball and Hamilton rushing up scored with a good cross shot. This goal wakened up the Tigers and they tried hard to score but found Mason and A. Clark impenetrable. The Y scored again, but the goal was disallowed for off-side. Half time arrived with the Y leading by 1-0. The second half started with the Y forwards trying hard to increase their score, but splendid work by the backs and Scanlon in goal and the greasy state of the ball prevented them from doing so; but not to be denied they came again and their efforts were rewarded. A good forward pass to Vipond at outside right, resulted in that player going through alone and scoring with a terrific shot. The Tigers tried hard to get going but the Y halves and backs were too good for them and the play was mostly in the Tigers' half. The whistle went for time with the Y winners by 2-0. For the Association boys Mason and Clark at back were great the first named kicking with great judgment. The Halves worked hard. Of the forwards all

played a great game but better shooting is necessary to win games. For the Tigers Scanlon in goal played a splendid game he saving shot after shot in masterly fashion. The backs were good. Williamson at centre half retired his knee causing him trouble. The rest of the team played well. On the play exhibited the better team won.

Next Saturday the Y. M. C. A. meet Cockshtuts at Mohawk Park and a great game is anticipated as keen rivalry exists between the teams.

A Draw Game. The Sons of England and the Tutela Football teams played a draw game on Saturday afternoon, neither team being able to score. It was one of the best games seen this year, and the spectators were treated to a fine class of football and the kind that is going to make the game popular in the city.

The checking was very close, and many well planned species of combination were broken up. The backs played a subby game and kept the forwards well out, and did not let them get within close range of the goals.

So evenly matched were the teams that no player outshone the other, and as the game progressed it became faster and harder.

Many desperate rushes were made in the dying stages of the game by the forwards, but both defences were equal to the occasion, and the game ended without a goal being scored. (Continued on Page 10)

Practical Close of the Season for the Leagues.

Sunderland In The First.

LONDON, April 28.—This was the last Saturday of the league football season. Sunderland have won the First League championship and second place will be decided by Aston Villa's next game. A win would put the Villa there with Sheffield Wednesday third.

Notts County and Woolwich Arsenal are the two clubs to fall back into the second division, whilst Preston North End and Burnley step up. Notts county have enjoyed first league company since 1899.

Preston North End are champions of the Second Division. Their division has been a safe one for the last couple of months. Burnley are second.

The Southern League championship was won by Plymouth Argyle, with 48 points. Swindon having 48 points and are finished with their schedule.

For the third year in succession Glasgow Rangers have won the Scottish League championship, altogether having pulled it off eight times, including a tie with Dunbarton in 1891. Glasgow Celtic are second. They have won the championship no less than ten times. Rangers' points were 48 and Celtic's 49.

Saturday's results were as follows: English League—First Division. Bolton Wanderers 1, Sunderland 3. Bradford City 3, Tottenham 1. Chelsea 5, Notts County 2. Swanton 3, Sheffield Wednesday 1. Manchester City 1, Derby County 1. Newcastle 2, Aston Villa 3. Millham 4, Manchester United 0. West Brom. A., Blackburn 1. Woolwich A. 1, Middlesboro' 1.

English League—Second Division. Birmingham 2, Grimsby Town 1. Bristol City 1, Bury 5. Burnley 3, Stockport 2. Clapton O. 1, Bradford 0. Glossop 1, Wolverhampton 3. Huddersfield 1, Leeds City 0. Hull City 2, Leicester Fosse 0. Lincoln City 2, Barnsley 0. Notts Forest 2, Fulham 4. Preston N. E. 2, Blackpool 1.

EXHIBITION GAME A TIE

Red Sox Unable to Score--Pitchers Were Effective, Coose and Collins on Mound.

Sunderland In The First.

Brantford and St. Catharines played a tie game on Saturday afternoon at the Agricultural Park without a score. Neither team had scored at the end of the sixth innings at which time the game was called on account of rain. Up to that time neither team had much advantage over the other both playing the same class of ball, which was of a far superior quality than the game the previous day. Both teams were out to win.

Manager Kane evidently not caring very much to lose two games in a row, even if they were only exhibition games. Had the weather been fine their would no doubt' been a battle royal for Dick Tasker was out to beat his old team mates and Richmond was in fine form and kept the Red Sox batters guessing. In the fifth inning he struck out Chapdelaine, McCauley and Clermont in quick succession.

The Red Sox found the same Dick Tasker rather a puzzle and he looked just about good enough to beat them if his team had done a little hard hitting. The Red Sox tried the hit and run game, but Tasker was equal to the occasion and held the locals safe for six innings and when the rain came he looked good for the remaining three innings.

Kane started Coose in the box and while he was touched up occasionally he pitched good ball. Collins replaced Coose in the fourth and had speed to burn. On three occasions he gave the batter three balls then wound up and struck them out. Roy shaped up well and showed that he had good control and lots of speed. Shea played short stop and though he had a light session, did what he was required to do in first class style and made a very favorable impression with the crowd. He is very fast on his feet especially in getting down to first, and the player who beats him out for the position on the team will have to travel at a very fast clip. Shea comes very highly recommended both as a fielder and a batter.

There will be no need for worry or anxiety about Del Orcutt or Wagner, for they are faster than ever, especially the latter. "Wag" should just about clean up the league in fielding as far as record basemen are concerned.

There are many of the fans that would like to see English the catcher work and no doubt Kane will gratify their desire in the near future. English split one of his fingers in practice.

Your Furs are Safe in our Vaults!

Why send them out of town when they can be stored just well in Brantford?
Furs are so highly prized by everyone, it follows that great care must be taken to protect them from the ravages of moths. It is a fact that more furs are ruined by these pests than by actual wear.
The cold, dry air system of storage is a positive safeguard against moths. Much work and worry can be avoided by simply telephoning us at 619, and we will call for your furs and other winter apparel. You place your own valuation on each article, and we are responsible to you for that amount in case of loss by fire or moths. Our charge for storage and insurance is 3 per cent. of the value—a moderate charge when it is remembered that we carefully dust each article, and hang them in a vault that is intensely cold.
Nothing is packed or folded. Everything is kept on hangers, so that the most delicate article will not become creased or mussed, and will carry no odor of moth preventative.

Lady Marjorie's Love

quickly directed towards the folding doors which shut off another apartment. From behind them came sounds of talking and laughter and a jingling of glass.
"Mr. Bligh is not alone?" she said quickly.
"No, miss. There have been two or three gentlemen to dinner. What name shall I say, if you please?"
"Name?" She hesitated. Until now the propriety or impropriety of what she had done had never even remotely struck her—she had been too excited and angry for that. Now, with a suddenness that brought a rush of color into her cheeks, she realized that it would scarcely be the thing for Lady Marjorie Wynne to be announced in such circumstances as these. "I—I think," she said, faltering, "that I will not send in my name. You had better tell Mr. Bligh that a lady wishes to see him."
The man withdrew through the folding doors, Marjorie listening eagerly, and guessed that her message had been delivered. Then she heard a stir an approaching step and rose stood trembling as the folding doors opened and Loftus coming quickly in, shut them behind him.
"Marjorie? You? Good heavens—what has brought you here?"
That his evening dress was as perfect as his dress always was and that he was as handsome as ever she saw in an instant, but she saw more, something that held her still in her advance and held her cold as she looked at him. She had expected him to be astonished, though not to show amazement so disconcerted and blank, but mixed with his astonished look there was no light of pleasure, no warmth of welcome.
"I—I was obliged to come!" she faltered. Her hand fell to her side again; she looked with large wide eyes of bewilderment and trouble; her tongue and lips were suddenly dry. "I—I did not know what else to do, Loftus. Fenella is going away from the castle, and the Dowager is there. She says I must go with her to Ireland. I can't—I hate it! So I came away to you."
"Come away? And they let you? Is the Countess mad?"
"The Countess? She—they don't know. I came away without telling them. If they had known they would not have let me go."
"Good heavens—what a thing to do!" His voice, though carefully repressed, was harsh and angry. He was striding about in violent perturbation; he looked well-nigh stupefied with perplexity and dismay. "You came away from your proper guardians, and came to me! You must be mad, child."
Marjorie did not answer; she sank weakly into her seat again; unable to stand, turning colder and colder; a sort of terror and horror struck her heart. He did not want her; he was angry with her for coming, and it seemed that it was a dreadful thing that she had done. The room whirled around with her; she was faint with fasting as well as excitement and fatigue; her confused eyes could not clearly follow his figure as it moved.
"What shall I do?" He made a gesture of intense irritation and impatience, though still pitching his voice studiously low. "It is frightfully awkward, worse than awkward; it could not possibly have happened

at a worse time. I don't know what to do for the best. There are some men here dining. I wouldn't have them see you for anything that could be given me. I shall have to make some excuse and get rid of them, I suppose. And then you must go back."
"Go back?" Marjorie echoed stupidly.
"Good heavens—yes. Of course you must go back. What could have induced you to take such a mad step I can't understand." Perplexity, anger made him brutal. "Surely you know," he said, "that a girl can't do this sort of thing without compromising herself? If those fellows in there were to see you, if the tale got about—it won't bear thinking of. You must go back without the delay of an hour, and I only hope that no one may be any the wiser. Wait here a moment and I'll get rid of them in there."
He opened the folding-doors and disappeared through them. Marjorie was stunned, dazed, she found herself stupidly confusedly counting the number of gas-jets in the chandelier that lighted the room. Four aight and one not; five in all, four aight and one—
She sprang suddenly to her feet, grasping her chair for support, her heart thumping, her eyes fixed upon the door by which she had entered the room. It was not close shut, and on the stairs beyond it a voice was audible, plainly parleying with the man who had admitted her. It was not loud, but resolutely quiet, and she could hear every word.
"Engaged or not engaged, I'm going up," it said determinedly. You are making a mistake, my good fellow, if you think you are going to keep me here. As for what my business is, I'll explain that to Mr. Bligh when I see him. Now are you going to let me by quietly or am I to make you?"
The sounds that followed were a sufficient answer. An expostulatory murmur in the servant's voice died away; he could be heard retreating. Then footsteps came quickly up the remaining stair and across the landing. Marjorie had not turned her eyes from the door when it opened and Gerard Barrington came in.

CHAPTER XXIV
Lady Marjorie stood still, grasping the chair, looking with wide, half-scared eyes at Gerard Barrington as he came in and shut the door. She saw at an instant that he was pale, perturbed, as she had never seen him before, and saw also the look of intense relief with which he saw her standing there. She realized that there was another who considered that she had done a dreadful thing, but that was not her first thought. His rapid glance round, his change of expression as their eyes met told her why he was there without the passing of a word, and she looked at him with wrath and defiance in her face. "You followed me," she exclaimed. "Yes," he answered instantly. (To be Continued.)

Contrast

By RUTH CAMERON
"Oh, dear, why isn't it always Saturday afternoon and Sunday," sighed the Stenographer Lady, as she stopped at my gate to exchange greetings one blue Monday morning.
She expressed a feeling as old and as new as life itself. Doubtless you felt it to-day as you took up your routine again (how hard it is, by the way, to pick up one's routine after any break, however short). And yet, to say nothing of the infinite joy of work itself, how much less the pleasures of idleness would be if we did not have the contrast of work.
Few people realize the value of contrast. And yet what a tremendous force it exerts, and what an important part it plays in the lives of all of us.
It takes the contrast of misfortune to make us value good fortune. We drifted into a discussion the other day as to what had been the happiest moment of our lives, and one woman said promptly that the very happiest moment of her life was that in which she found a valuable ring which had been loaned to her and which she had lost. Undoubtedly there must have been moments of greater positive happiness in her life, but it was the contrast afforded by the misery of anxiety which threw the happiness of that particular moment into chief prominence.
In all the gamut of pleasures which the world affords is there any more exquisite sensation than the cessation of pain? Surely there is no one who has suffered who cannot recall how blessedly happy is that golden moment of relief that comes when some terrible pain has ceased to torment.
If every woman were beautiful would there be such a thing as a beautiful woman?
Do the people who live in ideal climates where it is never too hot or too cool get as much pleasure out of their continual felicity as we do out of an occasional perfect day?
If there were no such thing as death to enhance the value of life, would we appreciate what a wonderful thing life is?
And, to hark back to the little Stenographer-Lady, how could we possibly know the richest pleasures of idleness if we did not have the blessed contrast of work.
The only person I ever knew to dispute this last fact was Dr. Johnson, and I'm sure he only did it for the sake of being contrary. Boswell had said, "We grow weary when idle," and Johnson promptly retorted, "That is, sir, because others when busy, we want company; but if we were idle, there would be no growing weary; we should all entertain one another."
It sounds plausible, but I don't believe it, and I don't think Johnson really believed it.
Of course it is hard to realize it sometimes, but life without contrast would surely be as dull and flat as a picture without light and shade.

DODD'S KIDNEY PILLS QUICKLY CURED HIS KIDNEY DISEASE

How Hudson Marchbank, After Suffering for Five Years, Found Quick Relief and Permanent Cure in the Greatest of Canadian Remedies.

MARCHBANK, King's County, N. B., Apr. 28 (special)—After suffering for five years from kidney disease, brought on by a strain, Hudson Marchbank, Esq., the well-known farmer of this place, is again a strong healthy man, and another grand cure for Dodd's Kidney Pills has been put on record. In an interview, Mr. Marchbank:

"About five years ago I hurt my back from lifting, and it developed into kidney disease. My back pained me all the time, and I was very much troubled with headaches. My appetite was fitful; I had a bitter taste in my mouth in the mornings; I perspired freely, and my perspiration had a disagreeable odor. "I used liniments and plasters, but they did not do me any good, and as there were other symptoms that my kidneys were affected, I decided to try Dodd's Kidney Pills. After using two boxes, my back was completely cured, and my kidneys have not troubled me since."
When Mr. Marchbank decided that his kidneys were the cause of his troubles, the rest was easy. Almost any of his neighbors could tell him that Dodd's Kidney Pills always cure diseased kidneys.
