### AUSTRIAN FRONT BROKEN, IN DANGER OF CAPTURE

Muscovite Forces Have Torn a Hole a Hundred Miles Long and 40 Miles Deep in Enemy's Line and Austrians are Attacked in Front and Flank.

By Special Wire to the Courier.  
LONDON, June 9 (2.32 p.m.).—Information has reached the Russian embassy in Rome that the Austrian front has been completely broken along a length of 94 miles to a depth of 37½ miles, according to a Central News despatch today from the Italian capital. The Russian advance, according to these advices, now threatens to envelop the entire Austrian army in the region affected, the Austrians finding themselves attacked from both the east and the north. Austrian Slav regiments are declared to have been seized with panic during the first attacks by the Russians and to have surrendered without any real resistance.

### LT. R. E. WATTS DIED TO-DAY

84th Officer, Only Son of Mr. A. E. Watts, Has Passed Away.

### SUCCUMBED TO SCARLET FEVER

Was Graduate of School of Science and Enthusiastic Soldier.

It is with very sincere regret that the Courier records the death of Lt. Robert Edward Watts of the 84th Overseas Battalion, only son of Mr. and Mrs. A. E. Watts, 84 William street. He succumbed to scarlet fever in the military hospital, Toronto. Deceased, who was in his 25th year, was a graduate of the school of Practical Science, Toronto University, in 1913. While in the Queen City he was an enthusiastic military man and a member of the Field Engineers' Corps of the University and upon completing his studies he received an appointment as Field Engineer of the Dominion Government in connection with the Welland Canal operations. On the outbreak of the war he at once offered his services and was ap-

pointed lieutenant in the 19th Battalion. From that Battalion, he was transferred with others to the 84th Battalion, and was with the regiment during their winter stay here. He was a young man of exceptionally fine attainments and capacity, and was always known for the thoroughness with which he carried out any undertaking upon which he embarked. By his demeanour, conduct and respect and confidence of everyone. There will be a military funeral by the 84th from Exhibition Camp to Union Station, to-morrow morning, and the remains will arrive here at 12.32 (city time) on the T. H. & B. railway. There will also be a military funeral here at a service in Grace church at 3 p.m.

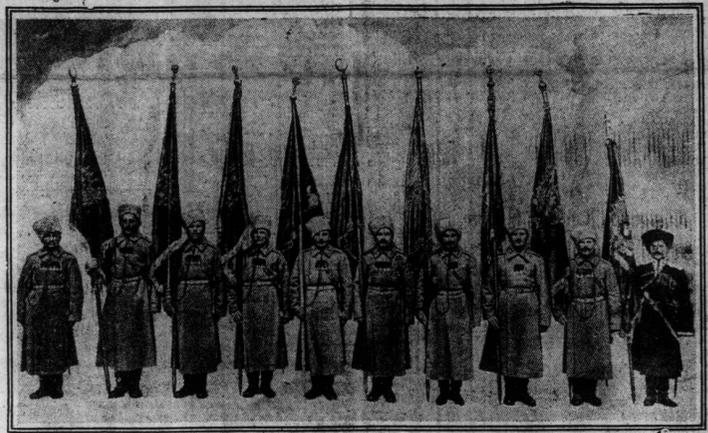

Lt. Watts leaves to mourn his great loss his mother and father and two sisters, Miss Marion and Miss Winnifred. To the sorely bereaved, the heartfelt sympathy of the community, will be extended.

### ROSE DAY

At a meeting of the W. H. A. held in the Free Library this morning, Rose Day receipts were reported at \$2,228 or about \$100 better than last year. A deputation represented the Hospital Board and the ladies promised their hearty co-operation in helping to carry the bylaw for \$58,000 on Monday, June 28th.

Pittsburg South Hills Republican Club will shortly build a \$20,000 clubhouse.

### WAR TROPHIES CAPTURED BY RUSSIANS FROM THE TURKS:

RUSSIANS WITH THE NINE TURKISH BANNERS CAPTURED AT ERZERUM.

### Never Has Russia Used Such Artillery Fire

Not Half a Yard of Enemy Front Left Untouched by Shrapnel, and Wire Entanglements, Often Twenty Feet Deep, Were Destroyed.

London, June 9 (New York Times' cable).—A despatch to the Daily News from Petrograd says: During the whole war such artillery fire has not been seen on the Russian side. In preparing the attack on the chosen fronts there was not half a yard left unscathed by shrapnel. Wire entanglements, often twenty feet deep were destroyed. Further there has been actual artillery captures by isolating Austrian groups by means of a certain fire compelling their surrender, although they were not attacked by infantry. A long way behind the enemy lines all wires of the field telephones and telegraphs have been cut by shrapnel, destroying Austrian regiments' communications with each other and their staffs. The Russians after their first unexpected advance attacked the enemy on the flank and broke through to the rear, thus cutting off considerable forces and making large captures of men and undamaged guns and even of reserve arsenals far behind the enemy's front positions. Though the Russian losses naturally were heavy at the outset, they were not disproportionate to the success achieved. Perfect organization brought up the reserves so swiftly that the primary success was followed up without allowing the enemy the smallest breathing space for the reorganization of the defence.

### GERMAN LOSSES IN SHIPS AMOUNTED TO 19 OR 20 AS TOTAL, AT VERY LEAST

Three Battleships, Two Battle Cruisers, Five Light Cruisers, Eight or Nine Destroyers, and This Not Counting the Hindenburg Which Seems Also to Have Been Lost—Admiral Beatty Came Home With Victory, and Was Greeted as if Defeated.

By Special Wire to the Courier.  
New York, June 9.—A London cable to The Times says: "The Germans were badly whipped, they've got all they want from our fleet and I don't think they'll come out again," said a high naval official who returned to London to-day from a visit to the British battle fleet, whither he went to get first-hand details of the battle of May 31. The official found officers and men all in high glee over the outcome of the battle, which they all insisted was a glorious triumph for the British navy.

ENEMY RAN. "I closely questioned the officers from the highest down, who had any part in the battle and talked with the men," he said. "Not one of them but told how the enemy had turned tail and ran when the main part of the British fleet came up and that the Germans were utterly demoralized." Each day develops new losses of the Germans. The reason why it has been impossible to ascertain with final accuracy exactly how many German ships were sunk is that a mistake has been made in the count of the darkness, so that it was not known at the time of the battle how many went down. Now fragments of news are coming into the fleet that enable the men up there to make a pretty fair calculation although it is not complete even yet.

THE LOSSES. "From their figures as they gave them to me, it is certain the Germans lost at least three battleships, two light cruisers, five light cruisers, eight or nine destroyers, and one submarine, making nineteen or twenty in all. Reports have been received that caps of German sailors of the Dreadnaught Hindenburg were found on the shores of Holland. That would make four battleships if we can verify later that the Hindenburg went down."

MORE YET. "On the Germans' own report of missing from the personnel of their ships our men calculate that many more ships actually have been sunk than they admit even in to-day's battle report."

The naval officer related incidents of the battle as told to him by officers in command during the engagement. One torpedo boat, dashing into the thick of the fray, the fifth in line saw four ahead of it go down from German fire. The Germans were pouring a terrific hail into the approaching British. The commandant of the torpedo boat went straight ahead at the enemy under the nose of a German dreadnaught. One shell went straight over the torpedo boat's bow taking off the funnels. The torpedo boat turned, but not before it had fired a torpedo that sank the dreadnaught.

BADLY REPORTED. The naval officer speaks regretfully of the impression made upon the officers and the men by the first newspaper and other comments upon the Jutland battle. A report has it that Admiral Beatty wrote his wife complaining that instead of being received with flags flying and other demonstrations of rejoicing over the victory, his squadron returned home to find long faces and talk, as one paper had phrased it, of "disaster."

The first impressions created by the way in which the results of the battle were announced has not yet been eradicated even here. Naval men accurately judged the meaning of the two admirals' announcements, but their opinions had been carefully kept from the public until harm had been done.

HAVE A CELEBRATION. How keenly moved is public opinion over the matter is indicated by a proposal that the lord mayor and municipal authorities of London should appoint a day of rejoicing, so people could express their pride and faith in the victorious navy.

Germany's belated admission of the loss of the Lutzow and Rostock evokes the surmise that "military reasons" may be held to justify the permanent concealment of even heavier German losses.

### GERMANS LAUNCH ANOTHER ATTACK

Penetrate French Lines at One Point, Otherwise Repulsed. By Special Wire to the Courier. Paris, June 9, 11.55 a.m.—The Germans have launched a general attack along the entire front, on the right bank of the Meuse and have penetrated the French line at one point but were repulsed elsewhere with heavy loss, according to an official statement issued by the War Office to-day. The point where the Germans entered the French lines is in the neighborhood of Thiaumont farm. The Germans also made two small attacks southwest of Hill 304, but these attacks, the statement says were repulsed.

### CORPORAL PATTE HAS LIFE SPARED BY STEEL HELMET

Knocked Insensible by Machine Gun Bullet, But the Stretcher Not Needed.

In one of his characteristically breezy letters to his father, Mr. J. Patte, Corporal Patte tells of how narrowly he escaped death. It was a helmet which saved his life.—Somewhere's, May 21st. Dear Dad:—Well, here I am back with the boys again. It was a good thing to get away, although a lot of the old familiar faces are missing. Take it from me, it has been a long time since I was out on my feet again. Was out on a fatigue party up near the front line. Was just shaking hands with an old pal of mine from Dupas, we hadn't met for eleven years. When Fritz opened up with a machine gun, we started to flop and I was getting real close to mother earth, when one of the bullets struck the steel helmet, and I would have been the next man further off on my part to get down as it struck me and I fell. Talk about seeing stars and hearing bells ring. I came to in a minute. My friend was holding me a stretcher, but they didn't need one. Fritz rang the bell alright, but beyond a dent in my head and a few buzzing noises in my ears, I was alright, etc. I was as good as ever, so he doesn't score. However it was the helmet saved my life. If I had not had it, it would have torn my scalp off, and I would have been the next man at a funeral by now, with one of those little crosses R.I.P. (rise if possible) over me. I certainly have been lucky, and am beginning to believe the old saying that a tailor has as many lives as a cat, (which is nine). Everything is going about the same up here. Our boys have been in some pretty tough scraps since I left. They have had a good many casualties, but have never taken a back seat yet, and it will take some bunch to make them take one. Don't worry too much about me. I'm only one in a few millions over here, and I only told it to you to show you that I am still wearing horseshoes. I'll take all the precautions a fellow can, but at the same time I'm right glad that I am out here, instead of having to put up with fellows saying "Well you sure have a bomb-proof job." Of course it wouldn't make one mad if they called it off any time, and I mean the better. Well Dad, will close for this time. Drop us a line. I reckon all your letters have gone astray as I have not received any since January. I saw in one of the Brantford papers where you were on the committee for the Heather Bowling Club. I'll have to join when I get back there. I sincerely hope that business has picked up this spring, give my regards to all the boys. With lots of love to Celia and yourself. Your loving son, George.

Simcoe, June 9.—Red Montgomery, Harold Smith, Ralph Westbrook, Thos. McInosh and Markier No. 113, were the notes taken by Policeman Clark when a Brantford car with four occupants, crashed into a bed of gravel after knocking down the guard planks which closed Colborne street from traffic. Two of the men were given shelter for the night at the guard room, and the others got away with the car. The whole four were in the King's uniform, and fortunately for the service, no one was injured.

### NARROW ESCAPE OF SMALL BOY

Little Son of Robert Neil, Simcoe, Nearly Run Over by Motor. (From Our Own Correspondent.)

Simcoe, June 8.—The little son of Pte. Robt. Neil, narrowly escaped being run over by Dr. Litton's car at the drill hall corner, as the regiment filed in this afternoon. He was knocked down and considerably shaken up. Q. M. S. Jack Work, of D Company, 133rd Battalion, was married to-day to Miss Rose Culver, daughter of Mr. and Mrs. Robert Culver of Dover. The ceremony was performed by Rev. H. C. Newcombe, at the Baptist parsonage, and the young couple were, so far as we know, the first bride and groom to leave by the trolley. Mr. George Doughty has been chosen by A. Shaw as arbitrator regarding the price to be put on his North Ward property as part of a school site.

Barge Angus Sunk. Vancouver, June 8.—The barge Angus, owned in Tacoma, struck a log or other obstruction in the Fraser River and sunk. The two men aboard were rescued. The barge and cargo of ore were valued at \$25,000.

## REPUBLICANS FRANKLY SAY THEY CANNOT TAKE MR. ROOSEVELT

### Committee of Progressives and Republicans Met Last Night and Roosevelt's Name Suggested, but Republican Convention Thought to be Averse to Idea.

By Special Wire to the Courier.

Chicago, June 9.—After giving the names of the conferees on both sides, the report of the Republican-Progressive harmony committee to be presented to both conventions to-day, will recite that they had a full and frank conference last night which resulted in an agreement that there should be united action on the part of the two parties if possible of attainment; that the policies and future of the country for the next few years would depend upon their getting together and uniting to rescue the country from the present Democratic domination.

The report of the Republican convention will then recite the fact that the Progressives presented the name of Col. Roosevelt as the proper man for selection as the Presidential candidate, expressing the opinion that

on account of his personal following and hold upon the people as well as because of his mastery of the questions of the day, he was the best fitted of all men mentioned by either party to bear the standard of the combined organizations.

While no mention is made of the fact that another conference had been practically agreed upon by the conferees, it is perfectly understood that it is their plan to get together again after two or three ballots have been cast by the Republican convention. The representatives of the Republican convention did not make any counter-suggestion as to a candidate, but on the contrary some of them stated that they would be entirely well content to accept Mr. Roosevelt if the Republican convention could be brought to that conclusion, which they frankly stated they did not believe could be done.

The Situation.

It is once more the Russians who afford some heartening news. Particulars of their tremendous drive against the Austrians have been withheld, but that enormous success had been achieved was indicated by the official statement that they had captured 57,000 troops and vast quantities of ammunition, and a despatch from London this afternoon over the Courier leased wire, says the Austrian front has been broken along a front of 94 miles, and to a depth of 37 1/2 miles. This not only means a highly important achievement for the troops of the Czar upon their own account, but also for the effect it will have in mitigating the Austrian offensive against the Italians. At last accounts, the Russians were still forcing back the troops of Francis Joseph.

Latest reports from the part of the front near Hooge, held by the Canadians, are to the effect that infantry attacks have ceased for a while at any rate, but a continual bombardment is maintained by both sides.

The Huns have secured Fort Vaux but thus far they have been unable to move ahead from there. It looks as if the capture would do them about as much good as the taking of Fort Douaumont and that was nothing.

During an address, which he made to troops yesterday, Sir Sam Hughes stated that in recent fighting, six thousand Canadians were either killed, wounded or missing. It is a terrible toll, but one in the glorious cause of Empire and human liberty.

The Republican Choice.

Our neighbors not only have the tumult of a Presidential election every four years, but also, as a rule, quite a prior scrap in the party councils as to who shall carry the standard. For the Democrats, there is this time only one choice—President Wilson.

The Republicans, on the other hand, are having a high old time in making a choice. Roosevelt makes no bones about the fact that he would like to get in the White House again, but he headed the Bull Moose party in the last contest, which caused a split in the Republican ranks, and his course has naturally created a lot of sore heads. The two factions are now seeking to get together on a common basis, but it is understood that Roosevelt has insisted that the initials of the nominee must be T. R., or else there will be more trouble.

Two other names prominently mentioned are those of Elihu Root and Judge Hughes. Mr. Root is considered by very many to be the cleverest man in the States, but he is 71 years of age—pretty old to assume Presidential duties, although Gladstone, at 76, again became Premier of England after Lord Salisbury's short lived ministry. Judge Hughes is a man who has had honors thrust upon him, including the governorship of New York State. He had a notable career in the latter capacity, but throughout ignored the party bosses, which served to get him in wrong with some of them. It is either one of these three, or a dark horse who hasn't had enough of prominence to offend any one.

One notable thing about the making of both party platforms, is the urgent consideration of "preparedness." The great war has at last awakened Uncle Sam to the fact that he is woefully weak, both with regard to land and naval forces and equipment.

GERMAN POLICE TRICKED THE WOMEN.

All the Frankfurt Moving Picture theatres flashed upon their screens a few days ago the following notice: "Married women, whose husbands are at the front have only to present themselves at the box offices on the way out to obtain re-payment of the sum paid for their seats." Naturally this produced a rush to the office.

Here a second surprise met the women, who had hoped that the management wished to show sympathy with those whom the war had deprived of their husbands, for they were met by a police sergeant and several policemen who marched them all to the station.

There they were told that as they had enough money to go to the movies it was evident that they did not need the allowance made to them owing to their husband's absence and therefore this allowance would be suppressed.

Don't Make Any Mistake About Our Great "June Preparedness Sale"

IT'S A HUMMER, AND WITH A REASON

WHEN we say we have the stock at the prices, we have it. We are "prepared" with the goods—no doubt about that. You just have to walk around our big store, on any or all of the three large main floors, to be convinced of that fact. No stock in this part of the Province is anything like as "prepared" to give you the goods and the values we offer. We would strongly emphasize the fact that it is entirely in your own interest to buy from us, and to buy now—and to even anticipate your wants.

The purse had been found by the defendant and retained by him. He pleaded guilty and agreed to make restitution of \$9 within a month. He was not represented by counsel. Lodge Notes

Mohawk Lodge, No. 452, I.O.O.F. held open house last night to a large number of members and visiting brothers, it being the 2nd anniversary of the Institution of the lodge. Instituted on June 10th, 1914, just a few weeks before the outbreak of the war it was only natural that many of its members should heed the call of England and offer their services to King and country. Some 21 members have enlisted to date, one of whom, Corp. Claude Charlton, made the supreme sacrifice and lies buried somewhere in Belgium. Several more are overseas and in the trenches. Progressive eulogies occupied the time during the early part of the evening. Bros. Howell and Cameron being the lucky prize winners and each were presented with a pipe by Noble Grant, Col. Page. Through the kindness of Bro. Cameron, local agent G.N.W. Telegraph Co. Messrs Bodell and Chalk were present and gave a most interesting illustrated talk on the "Story of the Telegraph" which was enjoyed by every one present. During the evening, Bro. Richards sang several solos. Bro. Fred J. Porter presided at the piano. Light refreshments brought the evening's pleasure to a close, all wishing Mohawk continued prosperity.

WAS A COAL PASSER
Since the world loves a lover, the announcement of the engagement of Prince George of Battenberg to the Countess, Nida Torby is of unusual interest. At this time in particular there is a special interest in the contracting parties owing to the position they occupy in the world drama now being enacted. Prince George, who is a naval officer, is a son of Prince Louis of Battenberg, who was compelled to resign as First Lord of the British Admiralty shortly after the outbreak of the war, owing to his German connections. The young man in question is a democratic youth, absolutely devoid of side, and won the friendly approbation of the British people a short time ago through having his picture in the papers as a coal passer on the battleship New Zealand. The young lady to whom he is engaged is a daughter of the Grand Duke Michael Michailovitch. She has spent practically her entire life in England.

ATTACK COMING FROM PT. DOVER

But the 125th Battalion is Ready to Repel the Raider.

HOWEVER, ONLY A SHAM BATTLE

A field day and sham battle are being held to-day by the 125th battalion on the outskirts of the city. The course of action being taken is described below:

A force of raiders have landed at Port Dover and advanced through Oakland via the Cockshutt Road, and seized the Cockshutt bridge. The 6th Brigade of Infantry are billeted at Brantford the night of June 8-9. At 9 a.m. June 9th, G.O.C. 6th Brigade decides to attack the raiders and drive them back. He decided to attack against the enemy's front and flanks with three battalions, keeping one in reserve. The 125th battalion is the right battalion of the three detailed, and will make the attack on the enemy's left flank. The frontage allotted to it is from the river bank to Birkett's Lane inclusive.

# WILL IT BE WAR, OR WILL IT BE PEACE?

**Progressive and Republican Conventions Meet To-day Again and No One Knows Whether There Will be Harmony or not in the Republican Party Progressive and Republican Committee Met Last Night Without Results.**

By Special Wire to the Courier.

Chicago, June 9.—Delegates to the Republican and Progressive national conventions assembled at the Coliseum and the Auditorium here to-day facing a situation unprecedented in recent American political party history. The Progressives met at ten o'clock and the Republicans resumed their deliberations at 11 o'clock.

**HARMONY OR DISAGREEMENT.**  
No man on the ground was able to predict on a basis of fact, what the next 24 hours might bring out of the haze; whether it would be harmony and a re-united Republican party or disagreement and dual nominations by the two big conventions. The day was ushered in by a midnight conference of "peace" committees from the

Progressives and Republican conventions which took place at the Chicago Club on Michigan boulevard. The conference adjourned before 1 o'clock without definite results it was said, and details of its deliberations were withheld.

**THE COMMITTEE.**

The Republican committee was composed of Senator Reed Smoot of Utah, chairman, former Senator W. Murray Crane of Massachusetts, Senator William E. Borah, of Idaho; Nicholas Murray Butler of New York and A. R. Johnson of Ohio. Of these, three are rated as strong Hughes men, one as bitterly anti-Roosevelt, and one for Burton of Ohio.

The Progressive committee had G. W. Perkins, of New York for chairman, and the other members were Governor Hiram W. Johnson, of California, Horace B. Wilkinson of New York, Charles J. Bonaparte of Maryland and John M. Parker of New Orleans, all supposed to be hos-

## READY FOR ANYTHING

Dutch Army General Headquarters State Army is Thoroughly Prepared.

By Special Wire to the Courier.  
London, June 9, 11.43 a.m.—A Keuter despatch from Amsterdam says that a statement has been issued from the Dutch army general headquarters stating that the army is thoroughly prepared and equipped for any possible war.

title to any candidate except that of Col. Roosevelt.

**MET FOR TWO HOURS.**

For more than two hours the conferees discussed the points at issue between the Progressives and the Republicans and took up details of the peace plans projected earlier in the day by two conventions when the conference committees on harmony had been appointed.

When adjournment came it was announced that "we report progress" and the statement was made that the members of the two committees would not get together again until after the adjournment of the conventions to-day. They prepared reports, which are being presented to their respective conventions. There is considerable doubt as to just how these reports will be received by the delegates and whether leaders in the two conventions can hold the body of delegates under control while further harmony deliberations are being held.

**NO NOMINATIONS TO-DAY.**

"It is understood," said Senator Borah after last night's conference had concluded, "that while nominating speeches will be made in each convention to-day no nominations will be made."

"And," said another member of the convention, "we will resume negotiations in the afternoon or evening." Leaders of both parties sat up most of the night discussing numerous possibilities that might develop and making plans to handle the situation should efforts be made to stamper either convention for another candidate or against further delay in making nominations.

**HUGHES STILL STRONG.**

Those advocating the nomination by the Republican convention of Justice Charles E. Hughes of the Supreme court, declared that nothing had occurred to weaken their position; stated that they believed their candidate could be nominated to-day and prepared to press for action on a nomination without delay.

Managers for the various "favorite son" candidates, insisted the harmony conference programme had greatly improved the chances for their men, and it was predicted early to-day that neither the name of Hughes or Roosevelt would appear upon the Republican ticket.

**CABLE SERVICE INTERRUPTED.**

By Special Wire to the Courier.  
New York, June 9.—The Commercial Cable Company announced to-day that communication over its direct line to Fu-Chow, China, and Formosa had been interrupted. Code messages are subjected to delay, only plain language messages may be routed by way of Hong-Kong and without unusual delay, subject, however, to censorship at sender's risk.

## NOT DISCOURAGED OVER THE FALL OF FORT VAUX

**Germany Has Advanced Its Line One Mile During Last Week.**

By Special Wire to the Courier.

Paris, June 9.—The fall of Fort Vaux, with its gallant little band of defenders is regretted, but public opinion is not discouraged.

The withdrawal of the French line to the inner defences of Verdun on the right bank of the Meuse, which was forecasted by military writers as a natural consequence of the capture of Vaux, has not yet taken place. The French have resisted the furious and repeated efforts of the enemy to compel this retirement. Violent onslaughts both in the Thiaumont region and on the trenches in the vicinity of Vaux, were made by the Germans in the last twenty-four hours, but, according to the latest reports received by the French war office, all of these attacks were repulsed.

By a week of uninterrupted attacks in which it was a number of divisions were destroyed, the Germans have advanced their lines about one mile. They have taken the southern part of Callette wood, part of The Chapelle wood, Damboup village and now Vaux Fort. In past years the enemy's progress on the right would compel the French to fall back automatically from the Douaumont-Thiaumont lines, but under the present conditions it has been found that such a saw-toothed front can be held. The French found this to their disadvantage in the great Champagne offensive. Before the enemy will be able to make full use of his week's conquests, he will have to enlarge his front by the capture of Souville fort. This fort crowns a height of 388 metres which is situated to the southwest. Its guns sweep the line of the crests running from Vaux to Douaumont and its seizure will be a hard task which will entail desperate fighting and heavy sacrifices.

### Major Stewart Killed

Was an American Soldier Who Joined a Canadian Contingent.

New York, June 9.—Major Charles W. Stewart, Canadian infantry, was killed in action in Flanders, according to information received here by the Bureau. Major Stewart was a first lieutenant of the Fifth United States cavalry, but resigned to join the Canadian forces, saying that he was a professional soldier and wished to have wide experience. He was born in Montreal, was thirty-six years old and a member of the Society of the Cincinnati. His family lives in England.

## No Time For a Change

Present Time Inopportune, Says Irish Unionist Alliance.

By Special Wire to the Courier.

Dublin, June 9.—(New York Sun cable)—The Irish Unionist alliance has adopted a resolution to the effect that the present time is inopportune for any large change in the government of Ireland, as that would encourage the seditious element and imperil Ireland and the empire. It is absolutely necessary the resolution says that martial law be continued for some time.

**OLD FINANCIERS.**

Wall street with its strenuous life should bear out the Osler theory. Adams, writing in the Boston News Bureau, gives a list of prominent business men who not only give the lie to the Osler theory that a man's usefulness ends at sixty, but are so far discounting that, that men of twice that age and more are actively engaged in financial affairs. Levi P. Morton, of the Morton Trust Company, recently celebrated his 92nd birthday. The two Rockefellers, John D. and William, are far past the allotted "three score and ten" of the Psalmist and yet are big factors in the financial life of Wall Street, as was Jas. J. Hill, the railroad magnate, and many others. Going back a few years he calls to mind the fact that Russell Sage was over eighty, William R. Travers and Frank Work also doubled the age limit for usefulness set by Osler.

**FRANZ-JOSEPH AND THE POPE**

It would be very much like the verdict of Nemesis if the Kaiser of the Austrians and the Kaiser of the Germans fell out before the war was finished. It is reported anyhow, that there is a wide difference between the Emperor of Austria's views on peace and that of the German Emperor. The Austrian is all for placating the Allies and not making the abrogation of their blockade a sine qua non of peace. He has written to the Emperor and the Pope to that effect, and as that agrees with the Pope's own view, it may be that the Kaiser is about to receive the biggest diplomatic snub of his life.

## ALL EXCITED

Greek Populace Angry at Own Government Because of the Allied Blockade.

London, June 9 (New York Times cable)—A despatch to The Morning Post from Saloniki says:  
The announcement of the commercial blockade of all Greek ports caused great excitement among the population here. The anger, however, was directed, not against the allies, but against the present Athens' Government.

Some leading Venizelists assure me that the Entente powers have at last adopted the only effective method to force the country to declare itself one way or the other. They anticipate that the blockade will not last over a week.

**NEW GERMAN MINISTER.**

Dr. Charles Helfferich, who has just been transferred from the post of Minister of Finance to Minister of the Interior at Berlin and Vice-Chancellor of the Empire, is but forty-four years of age. Helfferich is one of the best known financial men in Germany being a director of the Deutsche Bank and also a director of Germany's railroad enterprises in Mesopotamia. For some years he was stationed at Constantinople as Germany's railroad and financial representative. It is said that he is one of the few men in Germany who foresaw the magnitude of the present conflict. He is regarded as a particularly competent official.

Bisons in the Tenth Nosed Out the Leafs

Toronto, June 9.—The hundred odd fans who braved yesterday's icy blasts from the lake were, indeed, faithful. Poorer baseball weather would be difficult to imagine. It was cold, windy, so foggy you couldn't see the score board, with a shower or two of rain thrown in to add to the gloom outlook. To cap it all the Leafs were nosed out in the tenth inning by the Bisons, who grabbed the initial encounter of the series by a score of 4 to 3.

With Herbert going good the one run annexed in the third looked pretty big, but the Bisons threatened in the fourth, and evened up in their half of the fifth on hits by Onslow and Haley. The Leafs were right back one to the good again, though, in their half, when Herbert got a life on McDonald's boot, and was chased around on hits by Truesdale and Blackburn.

Our old friend Buster Barrell had a hand in the Bisons' tying run in the eighth. Channell singled and McDonald sacrificed him a peg. Burdell put him on third with a drive to right and the score was tied again when Carlstrom hoisted a sacrifice to centre.

They got one each in the ninth, and the extra inning was necessary. For Buffalo Bader doubled with Chili Dineen, the decision was reversed and Turner was allowed to return to first base.

LEAGUE PRESIDENT UPHOLDS DECISION

When a Runner Collides With Umpire He Can Return to His Base.

Chicago, June 9.—President B. B. Johnson of the American League has sustained a decision of Umpire Chill in the Boston-Cleveland game last Saturday, which it was said today established a precedent for plays in which an umpire interferes with a base runner. The decision of Chill, against which Boston protested, was that the runner return to his base. So far as known, no similar case has occurred in major league baseball and is not covered by the rules.

Turner, after making a hit rounded first base and collided with Chili Dineen, the decision was reversed and Turner was allowed to return to first base.

The decision has received the sanction of President Johnson and Boston's protest was disallowed.

## RECOMMENDS LAYING OF SEWERS AND WATER MAINS

Board of Health Also States That Unsanitary House Must be Removed.

A short session was held last evening by the Board of Health, when a considerable amount of routine and other business was transacted. Those present at the meeting were J. W. Patte (Chairman), Dr. Pearson, Wm. Glover and M. M. McBride. A number of accounts were passed by the board, after which some discussion followed upon the subject of the laying of new sewers. It was finally moved by Dr. Pearson, seconded by Mr. M. McBride, that for sanitary purposes, sewers be laid on Spring street, from Jarvis street to the end; on Bruce, from Murray to Rawdon; on Emile from Eglinton Place to Bruce to the G. T. R. tracks; on Catharine avenue, from Brant street to the end. It was recommended also by the board that the water commissions by water mains on Catharine avenue from Brant street to the end of the street.

On motion of Dr. Pearson, seconded by M. McBride, the secretary was instructed to notify John Fair, agent for the McMeans estate, that as the thirty days' notice given at the last meeting has expired, and as the order has not been complied with, he must forthwith attend to the matter by having the building put into proper habitable condition or totally removed, as in its present condition it is a nuisance and a menace to the surrounding properties.

Navy Department, U. S. A., will open a submarine school at New London, Conn., on July 1.

St. Louis, Mo., will be asked to provide by bond issue \$3,000,000 for school extensions.

Mrs. J. Schwartz of Rutherford, N. J., one of the five Leonard sisters who were noted for their beauty, died on Sunday night.

## To The Editor

LETTER FROM MR. LLOYD HARRIS

Savoy Hotel, London, Eng. Brantford, Canada:

Dear Sir—I have just received a copy of your editorial dated May 10th, in which you state as follows:—

"It is generally understood that Mr. Lloyd Harris of this city, was one of the men from whom Mr. Kyte mainly derived the information on which he based his fuse charges in the Dominion House. It was also intimated that when he gave his testimony there would be a great deal of rotteness exposed, and some sensational disclosures."

Your assumption that I was one of the men from whom Mr. Kyte mainly derived information on which he based his fuse charges in the Dominion House, is entirely incorrect, as I never gave any information to Mr. Kyte nor to his colleagues in connection with this matter, and I was as much surprised as anybody when Mr. Kyte made his charges on the floor of the House.

I considered I had done my full duty when I went to the Prime Minister, and placed before him, on October 1, 1915, the information which had come into my hands.

As you have made a statement which is entirely unfair to me, I ask that you will publish this denial, and believe you will be glad to do so, knowing your desire at all times for fair play.

Yours faithfully,  
LLOYD HARRIS.

(The Courier, the day following the publication of the editorial to which above reference is made, hearing that Mr. Harris denied having given any information to Kyte, promptly published such denial. Presumably what Mr. Harris told the Prime Minister is what he related before the Commission, and Sir Robert showed good judgment in not taking action on same.—Ed. Courier.)
