KING GEORGE IS VERY BUSY MAN

Body of Late King Will Be Conveyed to Westminster Hall Tuesday

FUNERAL SERVICE WILL BE BRIEF

Many Appropriate Wreaths Are Being Sent From Canada and U. S.

London, May 12.—From a life of comparative ease and retirement, King George suddenly found himself one of the hardest worked officials in the kingdom. In addition to spending considerable time in the study of the comforting his widowed mother, he has to attend to multitudinous duties connected with the preparation of the royal funeral and the arrangements for the state and the funeral of Edward VII.

Business Will Be Suspended. When the funeral procession starts on Friday, every tramcar in London will come to a standstill for a quarter of an hour. It is also proposed that all the public houses in London should be closed while the procession is passing. The Queen Mother herself has been exceedingly busy since the death of the King. She has received a great number of visitors who have been invited to attend the death chamber. These included, besides most of the members of the cabinet, the leaders of the opposition, many ambassadors and other officials connected with the court and government.

Members of the Board of Regents of Great Britain, including the Duke of Devonshire, met today in the banquet room of the Mount Vernon home. Their first action was to adopt resolutions of sympathy for Queen Alexandra, because of the death of King Edward. The resolution provided that a wreath from the tomb of the late monarch be placed upon the tomb of the late monarch. The delegates then proceeded to meet from the fire-entwined Washington tomb, from which King Edward, when Prince of Wales, planted at Mount Vernon, and from a magnolia planted by Washington, the leaves to be made into the wreath of the tribute.

Great Demand for Tickets. New York, May 12.—British Consul General Bennett announced today that the demand for tickets for the funeral service on May 17 for King Edward VII. is so great that not one in ten of the applicants who have sent in requests for tickets can be furnished. (Continued on page 3.)

New President of Rifle League

Ottawa, Ont., May 12.—Lieut. Col. Davidson of the 8th Royal Rifles, Quebec, was elected first vice president of the Canadian Rifle League, has taken over the duties of president for the time being. The position of president was left vacant by the death of Lieut. Col. H. A. Bate.

Killed By Cave In

Hart, Ont., May 12.—A sad fatality occurred here this evening, by which Mitchell Campbell, of Brantford, was killed. He was digging a drain and the walls caved in upon him with fatal result. He was a young man and married.

T. BURROWS' SAW MILL BURNED TO THE GROUND

Was Very Heavy and is Only Half Covered by Insurance

Grandview, Man., May 12.—T. A. Burrows' large saw mill, which was started this season, was burned to the ground this morning at 7:30 o'clock. It is supposed that sparks from the chimney started the fire. The loss on the mill is about \$65,000 which is about half covered by insurance. Mr. Burrows has a further loss in that he has about ten million feet of logs in the river ready to cut. He is already working on plans for rebuilding.

Period of Mourning for Late King

Edmonton, May 12.—His Excellency the Lt.-Governor has announced the following cable-gram from the colonial secretary in London: "The Governor-General has agreed to furnish the current by August, or September at the latest, so that the accident means that power cannot be furnished before October, anyhow."

And all this, of course, is contingent upon whether or not the Dominion government authorizes the city council to grant a franchise to the company or enter into a contract. In the meantime the city is in the hands of the city council, which has agreed to furnish the current by August, or September at the latest, so that the accident means that power cannot be furnished before October, anyhow.

Accountant for Navy Department. Ottawa, Ont., May 12.—Mr. L. J. Beaudouin of Montreal has been appointed accountant for the navy department.

UNIVERSAL UNIFORM FOR MOUNTED TROOPS

Decidedly Different From Any Other Uniform in the Militia and Will Be Very Attractive

Ottawa, Ont., May 12.—The militia department has adopted a universal uniform for all mounted troops. The idea is to make the uniform question less complicated. The cavalry and artillery will be particularly affected, as well as the mounted divisions of other branches of the service. At the present it will not apply to infantry. It is decidedly different from any other uniform in the militia, the riding breeches being one color and the serge another. The trousers are of Bedford cord material, of a khaki color, and will be worn with tanned leather leggings and tanned boots. The serges or coats are of dark blue, the same color as the former serges, but the piping of the sleeves. The straps come detached and have to be sewed on. They afford the only distinction between the different branches of the service. For the artillery they will be red, for the cavalry yellow, and so on.

BRITISH COMMONS TO MEET JUNE 8

A Large Amount of Business to Be Considered and Session is Expected to Be a Long One

London, May 12.—Aquith's announcement that commons will meet on June 8 gives the Ministers a badly needed extension of holidays and accords with the general desire that the constitutional controversies should not be resumed earlier. The premier's outline of business to be taken, namely, civil list and some unnamed business, including possibly a bill dealing with the coronation oath, means a further pause in budget of 1911, due of course to whether it will be introduced with the lords yet still undecided with. As to the complications pertaining to the bill, it is hoped something may be done to prevent further dislocation of business by the general election. The aid if necessary, to overcome fiercer spirits of coalition, but whether this accommodation would extend to budget is doubtful. The Chronicle points out that the government was elected to deal promptly and decisively with the veto question, and concludes firmly: "Will the cause lead to peace? that is the question which rests primarily with a majority of the lords and with those who cooperate politically with it."

PECULIAR ACCIDENT AT C.P.R. ROUND HOUSE

Locomotive Ran Away and Dropped Into Turntable

On Monday night a peculiar accident happened in the C.P.R. yards at Calgary, when one of the large locomotives was run away and dropped into the turntable pit in front of the round house. For a day several of the locomotives that happened to be in the round house when the accident occurred could not be gotten out. The C.P.R. officials held an investigation on Tuesday night, all the employees working in the round house at the time of the accident were called on the carpet to give their version as to how the accident occurred, but according to the statement made by Superintendent McInnes has yet been placed on any employee for the accident. He further stated that he thought one of the wisest or helpers in the round house had started to move the locomotive and not being able to stop it, he had jumped in fright and let it travel along to its fate.

Nelson Turns Down Y. M. C. A.

Nelson, B. C., May 12.—Bylaws to reorganize the Y. M. C. A. building free water and light for ten years at a cost of \$1,000 yearly were voted on today and badly beaten. Required three-fifths majority, but failed of the majority by 18.

MAYOR SAYS WASHOUT WAS NOT SERIOUS

Will Only Retard Progress of Work for About a Month

CURRENT WILL BE HERE IN OCTOBER

City May Be in Embarrassing Position Next Winter if Power is Not Supplied

Mayor Jamieson said yesterday afternoon that he does not believe the accident at Horseshoe Falls, caused by the recent high water, will delay the date on which the Calgary Power company has agreed to furnish the city with 4,000 horsepower for more than a month. According to the information furnished him the construction work washed out by the high water was only temporary, and will not seriously retard progress. The city, however, will be in a rather serious situation next fall if the Calgary Power company's plans are not finished by that time. The company has agreed to furnish the current by August, or September at the latest, so that the accident means that power cannot be furnished before October, anyhow.

And all this, of course, is contingent upon whether or not the Dominion government authorizes the city council to grant a franchise to the company or enter into a contract. In the meantime the city is in the hands of the city council, which has agreed to furnish the current by August, or September at the latest, so that the accident means that power cannot be furnished before October, anyhow.

Injured Aeronauts Recovering. Glasgow, Ky., May 12.—A courier from Kentucky brought word today that A. Holland Ketchum and J. C. Yates, the injured aeronauts, were doing nicely, but would not be able to start north for two or three days. What is left of the balloon has been boxed for shipment to New York.

Supreme Court Reserves Judgment. Ottawa, May 12.—The Supreme Court today reserved judgment in the case of the Calgary and Edmonton railway vs. McKinnon. Hearing of the appeal in the western cases was continued today, after which the court adjourned until Monday next, when it will take up the cases of the Maritime provinces.

AFTER THE GAME

STUDENTS DROWNED WHILE BOATING ON DAM

Six Girls and Two Boys Lose Their Lives During Noon Hour

BOYS DESERTED THEIR COMRADES

Young Hero Lost His Life in an Attempt to Rescue the Girls

Wilkesbarre, Pa., May 12.—Eight high school students, six girls and two boys, lost their lives today while boating on what is known as the Mill Paper Mill Dam at Huntington Mills, about 20 miles below this city. The dam is a concrete structure about 100 feet high. The dead are: Mauda Suttile, aged 17 years; Carolyn Koons, aged 15 years; Ruth Bonham, aged 15 years; Iris Davenport, aged 15 years; Rachel Thompson, aged 15 years; Madeline Good, aged 17 years; Robert Minnich, aged 15 years; Roy Dodson, aged 15 years. Twelve students of the Huntington school secured two boats at the noon hour and started for a row on the dam. The dam is nearly half a mile in width and when the craft had reached the center of the body of water it was noticed that one of them had sprung a leak. The two boats were pulled together by the young men of the party and an effort was made to transport the girls from the leaky boat to the safer craft. The last one of the party had scarcely set foot in the leaky boat when it began to sink. The girls were helpless to save themselves, and the boys of the party, with the exception of Dodson, being expert swimmers, struck out for the shore, which all reached in safety. Minnich, in the excitement, it is presumed, thought all of the young women had succeeded in reaching land. He had no sooner gained the bank than he noticed the girls hanging to the rapidly sinking boat. The boy dashed into the water and swam swiftly back to the water-filled craft. Only one of the girls was able to get out of the boat, and she went down together when they were within a stone's throw of the bank. When the boat sprang a leak there was no excitement among the members of the party, but as soon as the sound of the leak began to fill with water, it seemed as though every member would have graduated this summer. The drowning girls could be plainly heard on the bank of the dam, but there was no one near who could launch another boat and go to the rescue of the imperiled party. Three of those who were drowned would have graduated this summer: young Minnich and the Misses Bonham and Good. After grappling for less than two hours all of the bodies were recovered. The bodies of the drowned boys and girls knew of the accident until all the bodies had been brought to shore.

PREFERRED DEATH TO A LONELY LIFE

Three Cornered Love Affair Was the Cause of a Winnipeg Tragedy

DUAL DEATH PACT WAS PREARRANGED

Two Young Men Walk Hand in Hand Off C. N. R. Bridge Into Red River

Winnipeg, May 12.—That two friends and fellow countrymen left their respective homes in St. Boniface at the same time and walked to death together, to carry out a prearranged dual death pact, has been established by the identification of the second body, which was dragged from the Red river yesterday. The cause which prompted the two young men to seek destruction was not, as previously believed, insanity, but a three-cornered love affair, which dated back to Belgium. There was a woman in it, and rather than have one take her while the other fought out his life in anticipated loneliness and misery, they walked hand in hand off the C. N. R. bridge and terminated the love dilemma by death. The one was Victor Divalere, the other, Iador Ventofoof. The first was twenty-seven years of age, and the second a few years his senior. Divalere after coming to the west worked on various dairy farms in St. Vital, and the other had a brother who owned a dairy in St. Vital. Not only their former careers, but their careers in this country were thrown together. On Wednesday they left their homes simultaneously. Where they met is not known, but in company, and probably holding to each other, they dropped from the piers of the bridge into the Red river. Divalere's body was found yesterday morning, his body remaining almost where he had plunged into the stream. The body of Ventofoof was picked up floating from the river bed near Middlechurch yesterday afternoon.

DAMAGING EVIDENCE IN MURDER TRIAL

Crown Trying to Prove Incendiarism as Well as Poisoning in McLaughlin Case

Whitby, Ont., May 12.—The McLaughlin murder trial was resumed this morning. George Colby, a carpenter who worked on the burned McLaughlin house, testified that he examined the premises and detected coal oil on the charred pillows. This corroborated the theory that the house was the spot where the McLaughlins lived. An attempt was made to show that this was from a broken lamp, but the evidence was to the contrary. The crown was evidently trying to prove incendiarism as well as poisoning.

CITIZENS OF GADSBY LOYAL TO TOWN

Interesting Report of Baseball Match Between Two Rival Towns

SPLENDID STOCK IN GADSBY DISTRICT

Other Items of Interest From the Prosperous Young Town in the Northeast

Gadspy, May 10.—Every loyal Gadspy man believes himself to be a citizen of no mean city. This feeling is, of course, not confined to Gadspy, but is said to be prevalent in Castor and even in Halkirk. The healthy rivalry that exists among the towns in the west is probably the main factor in their rapid and successful growth. They must beat their neighbors or bust. This spirit of emulation is evident in all their public and enterprises, business or sports.

To that feeling must be credited the extraordinary interest that was taken in the first game of the season between Gadspy and Halkirk, played on the diamond of the former on Saturday afternoon. The town was invaded by a great crowd of fans, and from all points of the compass, and one could scarcely credit there were so many people in the country. The game was a great success, and the Gadspy team, which Gadsby replied with a 2-0 victory in the second, but some good play was shown by both teams.

Large Majority in Favor of City Building and Owning Railway

Regina, Sask., May 12.—If the result of the voting on the referendum yesterday is any indication, there is very little opposition to the building of a municipally owned street railway in Regina. Out of a total voters' list of thirty three thousand taxpayers, there were only 4200 votes polled, and these only 25 were opposed to the building of the street railway.

Great Loss of Life in Mine Explosion

One Hundred and Thirty-Seven Miners Entombed Within—Out Hope

COLLIERY WARNING HAD BEEN GIVEN

Colliery Was Owned by Lord Londsdale and Workings Extended Miles Under Sea

Manchester, Eng., May 12.—One hundred and thirty-seven miners lost their lives today in an explosion in the Wellington coal mine at White Haven. Rescue parties succeeded in saving four men, but fire broke out in the workings, leaving practically no hope for those who are still entombed. To-night rescue work was stopped by the collapse of the roof. A curious fact is that a colliery warning was published in man of the newspapers in the mining districts of the Kingdom yesterday to the effect that unusually high barometric conditions rendered fire damp explosions extremely probable and that all underground workers ought therefore to be on the alert. The barometer reached its highest reading in the White Haven district.

At the spot where the 85 hours and some 60 odd shaft men were working at the time of the explosion is about three miles from the shaft exit. The rescuers directed their efforts to tunneling a road through the accumulation of rock, the passageway, and by midnight had reached a point within a mile of their goal. Their progress, however, was slow as dangerous fumes were encountered. Distorted crowds of relatives surrounded the scene and was depressing.

The colliery is owned by the Earl of Londsdale and the workings extend four or five miles out under the sea.

Rabies Prevalent in Ontario. Toronto, May 12.—From reports received by the Dominion and provincial authorities in charge of the joint campaign being waged against rabies, it is feared that Kent county has become the center of the trouble, and it may be necessary to centralize special preventive methods in that district.

Joseph Chamberlain is Recuperating in France. Rumor of Death of Statesman Was Unfounded. Cannes, France, May 12.—Joseph Chamberlain, the British statesman, appears to be much improved in health. He may be seen, almost daily, promenading the boulevards.

Mr. Chamberlain, who has been in ill health for a long time, came here on February 21 to recuperate.

A rumor originated in London last night that Mr. Chamberlain had died suddenly at his home in Birmingham. The western statesman took the early train to London, and on the morning of February 24 and soon afterwards left the country.

ELKHORN MYSTERY STILL UNSOLVED

No Trace Has Been Found Yet After Four Days Search of Two Year Old Norman France

Elkhorn, Man., May 12.—A reward of \$1,000 has been offered by Mr. France for news of his little son, who disappeared last Sunday, and enthusiasm in the search for little Norman France is still strong. Notwithstanding the fact that the ground has been gone over and over again about sixty men worked hard all day on places where there was any possibility of finding him.

The theory that he might have been taken by Indians is to say the least very far fetched and the coupling of Sioux Ben's name with the affair is absolutely absurd. Sioux Ben who lives on the reserve is a civilized Indian and has the respect of all the settlers of the district, who have known him for twenty years. He and his house were in Elkhorn for the past about five miles north of where Norman France was lost, and this is the closest that he or any Indian was seen to the spot. Besides this Ben returned to his home the day before the boy was lost. Considerable effort has been made to locate a bloodhound and Detective Brookes, hearing of one in Saskatchewan, today has gone to secure it but cannot get back before tomorrow evening.

A statement has been communicated to the public, but no suggestion from him has yet been received.

LARGE AREA LAND TO BE IRRIGATED

Irrigation Project of Southern Alberta Land Co. Being Rushed Ahead

SEVERAL NEW TOWNS ARE SPRINGING UP

Route of Proposed New Railway From Medicine Hat to Calgary

By J. N. McDonald

Medicine Hat, May 12.—The Southern Alberta Land company, the head office of which is at Medicine Hat, is pushing work on its big irrigation project as quickly as possible. The company owns approximately 400,000 acres of land, of which lies the water of the Bow river and six townships along the main line of the C.P.R. west of Medicine Hat.

This tract lies between the Bow and Little Bow rivers, and north of the South Saskatchewan. The intention of the company is to bring the water from the Bow river to irrigate the land and to place it on the market at an early date. The development of this enterprise cannot be proved of great substantial and lasting benefit to the city of Medicine Hat in enlarging the city of fertile agricultural land, tributary to the city, and which will add greatly to its prosperity.

Course of Main Canal. The intake of the main canal is four miles west of the Blackfoot Indian reserve, south of Strathmore, and after cutting across the south western part of the reserve runs almost directly south for about twenty-five miles, along the Little Bow. From here it runs south east through the western section of the company's land to the junction of the Bow and Belly rivers, thence north easterly through the length of this main canal will be 130 miles and the company expect to have it completed by the month of the Bow river this year. The whole project will cost about \$2,235,000, and will take a couple of years to complete. The main storage reservoir, which is known as Lake McGregor, after the president of the company, is located about eight miles south of the Indian reserve and has a capacity of 350,000 water feet of that area of that number of square feet, one-foot deep. In this large reservoir the company will be able to store an abundant water supply for its entire tract of irrigable land for each season. The land will be placed on the market at \$20 and \$30 per acre, with a 10 per cent advance on the first \$100 per acre, although the rate has not yet been decided on.

Medicine Hat, May 12.—The town of Medicine Hat is one of the most important cities in the province. The company's irrigation project will add greatly to its prosperity.

Town of Sault. The town of Sault is one of the most important cities in the province. The company's irrigation project will add greatly to its prosperity.

One of the questions that will come before the provincial legislature when it re-assembles on May 25, will be that of guaranteeing the bonds of the Southern Alberta railway company, the proposed line to run from Medicine Hat to Calgary.

The preliminary survey in which the guarantee is asked runs north west from Medicine Hat for about 15 miles, thence south west and west around the center of the company's irrigation block, then north west to the Blackfoot reserve passing through the south western part of the reserve.

DEACON'S ESQUIMOS WON THE OPENER

Calgary Got the Short End of a 5 to 4 Score in First of Series

Calgary lost the opening game yesterday afternoon to Edmonton, the score after the smoke had died away being five to four. The dope sheet did not work right this time, as Calgary was in line for an easy win, but, then, we don't mind losing to the Deacon. Calgary would rather lose to him than to any other team, and perhaps that's the story in a nutshell of why Calgary lost yesterday.

To tell everything that happened would take up the space of a whole newspaper. There was a grand parade, good baseball, bad baseball, errors, home head plays and everything else that comes under the baseball category. It was a very exciting game on account of its close score.

Deacon got a 3 run lead in the first inning, but steady plodding by Calgary, who got a run in the second, third and fifth, tied the score. Then in the eighth the naughty Deacons got two more. Not by anything like good on their part, because they pulled the two scores without even making a hit. Calgary went up into the air so high that the two runs came in before they touched ground again.

The trouble started when Catcher Stanley failed to pick up a bunt right in front of him. Stanley was so eager to grab the ball, that he grabbed at it several times before being successful, and by that time the runner, who happened to be our old Calgary friend Rube Mills, landed safe on first. Then Wally Smith grabbed a bunt off Olsen's bat and landed the ball in the bleachers. Both runners came home, but Mr. Ump's was on his job with the ground rules, that's blocked ball is only good for one bunt extra, and marched Messrs. Mills and Olsen back again.

The Deacon then made an awful error. It was too much for him. Even a Deacon can err sometimes. He was on to the umpire like a flash, but Mr. Ump's stood pat. Deacon then came over to the scores and wrote out a protest. It was a very long appeal, all about umpires being robbers and Calgary always liked to beat Edmonton, but he would see to it that there was nothing this time. Deacon was very sore, but as the game went to Edmonton, the protest and what was in it will never be made public.

At their turn to bat Calgary nearly tied the score again. They got one of the runs back without a man out. Wally Smith hit a two bagger and Kellackey brought him home. Stanneman made a perfect sacrifice, and put the Calgary captain on second. Things looked pretty rosy, but Connors filed to third and Stanley hit out to Rube Mills, and thus the prospects were like a rabbit's tail cut short.

The burlesque of the day was from Alvin Baxter, who started kicking about Gehan's delivery. He kicked himself out of the game. Theumps told Moose to skidoo off the grounds, but Moose said he would stay right where he was. This bluff did not work with the umpire, who got a policeman to move Mr. Baxter. When Moose saw the cop he made a quick exit, one that would do credit to a theatrical performer on amateur night, when the hook is in sight.

Moose will find himself in hot water unless he cuts out the corner in this league. Besides, he will find a whole lot in this neck of the woods who know as much about baseball as he does, and the big Moose certainly ran against one yesterday. Besides his exit from the grounds, it cost him a liver, and no doubt another ten will be added to that when President Eckstrom hands out his sentence.

JEFFRIES DOES NOT LIKE BEING CALLED NAMES

Says that He Never Felt Better Than He Does Right Now

Ben Lomond, Cal., May 12.—Jim Jeffries denies that he is a grouch and resents being characterized as a bear, scally and other representatives of the animal kingdom. He said that early training puts anyone out of sorts. Following his fast and shifty work-out in the ring Jeffries shared with his trainers their elation over his showing. He felt so good that he talked with the volatility of a school girl.

"I am around the bend in the road" he declared. "I am thoroughly limbered up and my stomach is all right again. I have taken off the extra weight and from now on road work won't figure much in my schedule. If I ever had a doubt about being able to get into condition—and I don't say I had—that doubt is gone. I know I'll be ready to fight when the time comes and I want my friends to know that I never before felt better than I do right now."

Henceforth Sam Berger announces Jeffries will take his weekly half holiday on Wednesday instead of Sunday in order not to disappoint the excursionists to his camp.

Maple Leafs Defeated City

The Maple Leaf Intermediates last night defeated the City's by a score of 4 to 1 in the league fixture. The game was well contested and brought forth some very pretty play.

Rackham and Williams for the Leafs put up a very strong game, Williams scoring two of the goals. The City goal put up a good game, but owing to the bad light at the finish of the tie to the bad light at the finish two shots got past him.

Football Practice

On Saturday evening at 6.30 p.m. in the Caledonia Senior and Intermediates will play a practice game at Mewata park. All members of the club are requested to turn out for the occasion.

Splendid Day For Baseball

The day was a splendid one for an opening, and the diamond was in perfect shape. The street parade was the best yet. Nearly half a million set by the band, made a good show, and it was a glorious occasion.

At the park the scene was a picturesque one. There were about a hundred people present, and the grand stand was filled to its capacity.

The first ball was thrown by Mayor Jamieson. The man who was in training for the occasion, as he pitched up a strike right off the bat. With a little more practice, he would make as good a pitcher as he does a mayor.

Both teams got a good reception from the fans, and Dell Gouchee got a good send off, when the crowd saw him lined up with the Esquimos uniform. Dell caught a good game. He did not hit any, but helped things along with a splendid sacrifice, and was hit by Gehan.

Both Gehan and Dell pitched swell ball. It was hard lines for Gehan to lose his game after pitching such good ball. He found eleven Esquimos, and only allowed six hits. He passed three and hit two, which, however, tallied against him. Dell was a puzzle to the locals. Calgary only got half a dozen safeties, and that is not so many for a hard hitting bunch such as Carney, Stanley, Connors, Smith, et al.

The scoring can be told in a few words. Deacon got three in the first. Mills, the first man up, put one down in Duggan, but the short stop booted it and Stanley hit out to Rube. Baxter got a hit over third and scored Mills. Morse bunted safe and Lussi hit to right field. This scored another, and the third came in on Gouchee's out to first. In the second, third and fourth, fifth and sixth Calgary played swell ball, and Edmonton never had a look in. It was a case of one, two, three each time.

From the second to the end of the seventh only nineteen men faced Gehan in six innings. Then the unlucky eighth came. Deacon got two runs without making a hit. Two errors and a base on balls and two hits by pitcher tallied the score for Calgary. One in the second, Kellackey got up on Brennan's over-throw to first, was sacrificed to second by Tallant; Connors struck out, but Catcher Stanley got down a perfect one to left and scored Kellackey. Another came in the third. Duggan got up on Jack Brennan's wild throw, Carney beat out a bunt, and Duggan scored on Clyde's sacrifice. There was nothing doing in the fourth. Carney's bunch got another in the fifth and one more in the eighth. In the last half of the ninth Calgary needed one run to tie the score. Pete Standridge was sent in to bat for Gehan, but Peter struck out, leaving Calgary's chances very slim. The final came when Duggan lined out a hard one, which under ordinary circumstances would have been a safe one, but it lined right in. Mills hit a sac-

ager Bill, the last and only hope of the locals, was next. Carney hit one down to Brennan, but this time Jack managed to throw into the first baseman's mitt, and the game was over, with Edmonton winners of the first game of the first home series of 1910 by the above mentioned score.

There will be two games today. The first will commence at 2.30, and the second at 6.15. Manning and Standridge will pitch for Calgary. Lefty Manning will open in the afternoon, and in all probability Grady, Dell or McClair will pitch for Edmonton.

The following is the box score:

LOCAL NEWS

Owing to the fact that today is Arbor day and a legal holiday, all the city offices will be closed.

The directors of the Calgary Exhibition company will meet in the offices at 2:30 Monday, May 16th.

A meeting of the Taxpayers' association will be held in the old Board of Trade room, 224 Eighth avenue east, on Friday the 13th inst. at 4 p. m.

The episcopal practice of the Unitarian Church will be held at the residence of Mrs. F. W. Forester, 1222 Fifteenth avenue west, on Saturday evening at 8 o'clock. All interested are cordially invited to attend.

Plans were filed with the building inspector yesterday for a three-story store and office building, costing \$10,000, to be constructed on Seventh avenue, next to the Church of the Redeemer, by Mr. E. J. Young.

The first settlers, so far as Immigration Agents know, to come to this province from Iceland passed through the city yesterday on their way to Red Deer. The name of the immigrant is P. Matheson, and he is accompanied by his wife and daughter.

Last day for garden tools at reduced rates, the Calgary Horticultural Society will sell garden tools at Comer's Hardware Store, 117 Eighth avenue east, today (Friday) from 2 to 5 o'clock. This is the last day on which the Horticultural Society will sell garden tools at these rates. 4022-133

Mr. Justice Riddell suggests searching all immigrants for weapons

Toronto, May 12.—Radical measures to protect citizens from the menace of foreigners armed with weapons were suggested by the grand jury in the criminal assizes in their presentment to Mr. Justice Riddell at the close of their duties yesterday, and in reply his lordship suggested the stripping and searching for weapons of all emigrants entering Canada.

POPULAR CALGARY PASTOR RESIGNS HIS CHARGE

Ill Health Has Compelled Rev. A. W. Coone to Take a Much Needed Rest

Rev. A. W. Coone, for three years pastor of Trinity Methodist church, East Calgary, on Wednesday night tendered his resignation because of ill health. He has just recovered from an attack of typhoid fever, which has reduced his weight 35 pounds. He will rest for two or three months, but what he will do after that he does not know yet.

An invitation has been extended to Rev. W. J. Haggart of Banff to accept the pastorate, which Mr. Coone will leave on July 1. Mr. Coone came here from Ontario, and has increased the membership of the church tenfold since he arrived. He was very active in religious work in the city, having been secretary of the Ministerial association, president of the Calgary Moral and Reform league, and president of the local branch of the Epworth league. He will be obliged to tender all these positions.

AT THE THEATRES.

"Are you an Odd Fellow?" was presented at the Eckhardt company at the Lyric theater last night in a most creditable way, and without doubt is a most laughable comedy. It is pure and simple—not a serious situation or a serious line anywhere from the rise to the fall of the curtain, and in the hands of the Eckhardt players can not fail to please. "Are you an Odd Fellow?" runs the balance of this week with a matinee on Saturday.

At the Lyric Next Week

Mr. C. H. Kerr will offer his four-act comedy success "Nancy," with the original Grace Cameron in the title role, at the Lyric on Wednesday and Thursday next week.

The Orpheum Theater

The Orpheum was packed last night with a crowd that laughed the limit. This bill is one that just gets the very best of every one and is brim full of comedy all the way through.

The musical numbers of the Demon received many encores. This seems to be one of the best bills yet produced by this company.

The Cardboard Baby

A Cardboard Baby? Yes, a cardboard baby! Surely a somewhat novel title for a moving picture! Briefly the story of this film, to be shown today at Starland tells how a little girl was taught by a good fairy to control her temper. To be sure it was all a dream, but it seemed a reality to the little girl, and she had all sorts of astonishing and amusing things happen before she awoke. The photography of the same is indeed a work of art and compares a production which will be equally interesting to both young and old. A number of good dramas and comedies, popular music and a vocal selection by the artist surround this picture, and which will today commend itself to the public. Extra pictures at the ladies' matinee as usual.

IMMIGRATION BUILDING VERY MUCH OVERCROWDED

People Are Turned Away For Lack of Room to House Them

Immigration Agent Winn again called attention yesterday to the crowded condition of the local immigration station, and the necessity of immediately building a larger and more modern one to take its place.

"It is a shame the manner in which we have to treat the new comers," he said. "The other night eight of them slept in the same room. Even with such overcrowding, however, we are

frequently obliged to turn people away

We had to refuse admittance to four men tonight.

"The building is not only too small, but it is old and devoid of all modern conveniences. There cannot be too much haste in erecting a new building."

May Festival Tonight

Don't forget the May Festival, tonight in Sherman's rink. The monster children's chorus, in charge of Mr. Wilber Howe, is in excellent shape for creditable work. The drive under the direction of Sergt. Major Page will be a treat. Dr. A. M. Scott will occupy the chair. The attendees promises to be very large. This will certainly be one of the greatest entertainments of the season. 123

Think of it, situated as it is at present 310 miles from the nearest railway station, thousands of people swarming in, each trying to get there first, stores, hotels, banks and buildings of all kinds going up in all directions, six of the chartered Banks of Canada own sites in Fort George (three of which are now opened); can you recall an instance of this kind even in a gold rush, what will it be when the railway reaches there?

You are not buying lots in a Sub-division and paying city prices for farm lands when you buy in Fort George, but are buying in the midst of the business section, of a place that is destined to be one of the largest cities of the West, just the same as if you were buying in Calgary twenty-five years ago. This is positively the last chance for the people of Calgary to get in on Old Fort George.

FORT GEORGE LAND CO. 12 ARMSTRONG BLOCK

EAST TERMINAL ACREAGE EAST

FIVE ACRE BLOCKS

ACREAGE SURROUNDED BY LAND THAT IS LAID OUT IN TWENTY-FIVE FOOT LOTS appealed to us as being a proposition we could conscientiously offer to the public. **First: because it would give a bigger margin for profit; Second: our customers would have the advantage of "first selling" as lots. An enquiry will show you we are selling at**

ACREAGE PRICES

In adjoining COSSAR sub-division with the probability of two new railway surveys converging near this point,

"TERMINAL ACREAGE"

occupies one of the premier positions in the EAST end.

ACREAGE

Surveyed with an eye to the immediate future, i.e. each block lending itself to a re-subdivision into lots, with allowance for streets and lanes. A bridge to which \$20,000 has already been subscribed will bring this property within a short distance of the business part of the city.

\$375.00 per acre upwards for one week from May 12. Prices will be raised after May 18

Owners of Bridgeland Lots PLEASE TAKE NOTICE

- (1) That a few owners are offering Bridgeland lots at a price around \$600 each, which is altogether too low. Any Bridgeland lot that is 44 1/2 feet wide is worth \$1,000. Any owner selling below this is giving property away.
- (2) Eighteen blocks of sewer and water go into Bridgeland this year. This will begin in two weeks. Now look. Lots twenty-five feet wide, with sewer and water, high and dry like Bridgeland lots in all other directions are selling at \$600 each, that is \$24.00 per foot, and at that price 44 1/2 feet are worth \$1068.
- (3) Remember, 44 1/2 feet is just five and one-half feet short of two twenty-five foot lots. The average person simply thinks of Bridgeland lots as being like most others, viz: twenty-five feet wide, but building lots inside the mile circle are getting very scarce now and soon every one will learn to count the real value of every foot in these big lots. See that you get money for each foot. Bridgeland lots will bring \$1,000 each very soon.
- (4) Hold your Bridgeland lots. Don't compare them at all with the speculative property from two to five miles out. You can get a loan any time on Bridgeland property. Hold on and get your price. You are absolutely safe to hold the property because every lot will be needed for someone's house soon.
- (5) There is still a very good chance that certain railroad development will double the price of every foot in Bridgeland. Better hold and get the benefit of this good chance.
- (6) The City Engineer has definitely recommended two street railway lines to be laid practically all through and all around Bridgeland this year. Calgary does not have to wait for electric power for this. It has power now for the Bridgeland extension. Bridgeland cars will be first. Bridgeland lots are good to buy and good to hold. Don't sell till you see your price.

There are a hundred thousand square miles of land tributary to Calgary, and the world is moving in to occupy it. Calgary has a greater area of resources and a greater future than any other city of its size on the continent. Calgary is just now receiving railroads to open up this vast acreage, and another half dozen years will witness giant enterprises feeding long trains of cars where now is only buffalo grass. We have ample resources for a city vastly greater than even the most optimistic at present dream of.

Buy in The Bronx

Land immediately adjoining the south of the Bronx is valued at \$1,000 per acre. Parkdale at half a mile was put on the market at \$90 to \$100, and is now selling at from \$150 to \$350 per 25 ft. lot. 400 lots of the Bronx are richly cultivated. The soil is all warm, black loam, no stone or gravel. There is not a foot of rough or waste land in the property, and besides there is an abundance of clear, cold spring water for immediate use for those wishing to build without delay. Clear Torrens title to every lot.

PRICES: Blocks 1, 2, 3, 4 and 5, \$70; Blocks 6, 7, 8 and 9, \$60; Blocks 10, 11, 12 and 13, \$60

YOUR CHOICE OF THE FOLLOWING EASY TERMS:

- \$10 PER LOT CASH, BALANCE \$10 PER LOT PER MONTH.
- ONE THIRD CASH, BALANCE 3, 6 AND 9 MONTHS.
- \$10 PER LOT CASH, BALANCE \$5 PER LOT PER MONTH.
- ALL CASH, DISCOUNT OF FIVE PER CENT.

LOTS ON THE SOUTHEAST AND NORTHEAST CORNERS ARE EXTRA LARGE, SOME 44 FT. WIDE. PURCHASERS MUST BUY AT LEAST 8 LOTS WHEN ONE OF THESE CORNERS ARE INCLUDED, AND NOT LESS THAN FOUR LOTS ON THE SOUTHWEST AND NORTHWEST CORNERS OF THE BLOCKS.
