The Weekly Monitor.

WEDNESDAY, JULY 15, 1896.

The issue between the two great political parties in the United States is now clearly defined, and while there are several planks in their respective platforms, the one that is commanding the serious consideration of both parties is the financial plank. High protection versus tariff for revenue only—this a question well calculated to engage the attention of able statesmen—has been relegated to an inferior place and other questions are welling forgotten, while the problem of confining the coasts of the country to a gold standard, as in the case in nearly every other civilized country in the world, or extending it so as to include gold and silver as it is at present in the States, is the one absorbing, engrossing and exciting question.

The Democratic convention was in session during the past week, and the world watched with eager eyes to observe the proceedings and note the result. As was expected, the party nominated a silver candidate, but few here were not a little surprised at the person chosen. The party nominated a silver candidate, but few here were not a little surprised at the person chosen. That Joseph C. Dodge came to his death while attempting to board the west-bound train, which was in motion; and further, we believe his death was purely accidental, and that no blame is attached to anyone.

County Court opened at Annapolis yesterday morning, Mr. Justice Savary presiding. The following is the docket:

Morton v. Foster and Pales. Parsons for plaintiff, and Wade and Patten for defendant. Judgment reserved.

Rice v. Purdy. Owen for plaintiff; Gillis & Harris for defendant. Judgment reserved.

Declamation. Sims v. Toole and Larimore. F. L. Miller for plaintiff, and O. S. Miller for defendant. Continued to November term.

Maud m. and Andrew to Race. A matched race between Maud m. and Andrew is to take place on the track of the Bridgetown Driving Park, on Saturday, the 25th day of July, 1896. An agreement has been entered into between John Hall, the driver of Maud m. and W. F. Gibbons, the driver of Andrew, with the consent of the owners of the respective horses, to trot a matched race on the track here on the 25th inst., race to mile heats, beat three in five to harness. The race is to be started at 2 o'clock sharp in the afternoon. Maud m. was the winner of the 2.35 race trotted here on July 1st, getting a mark of 2.29. Andrew taking second money in the same race. A very sharp contest may be expected between these two horses under the skillful handling of their respective drivers. Spectators will be hard to place the winner and a bona fide race it is sure to be.

On Friday last the D. A. R. placed a special berry train on the line between Kenilworth and Middleton, which will connect with the main trains for the east and west. By this arrangement the delay that has been noticeable of late will be overcome, and trains will reach destination on schedule time.

SHOCKING RAILWAY FATALITY.

Joseph C. Dodge, of Middleton, Instantly Behanded by the Bluenose Train.

On Friday afternoon last as the flying Bluenose train from Halifax was about hauling up at Middleton a most melancholy and fatal accident happened one of Middleton's most promising young men. While Mr. Joseph C. Dodge, aged 32, was attempting to board the train while slackening up at the station, for the purpose of soliciting patronage for his father's house, he missed his footing and fell under the moving train, the wheels of one of the cars instantly passing over his neck and completely severing his head from his body. The horrible sight was witnessed by quite a concourse of people standing on the platform, but the accident happened so suddenly that it was impossible to render any assistance.

This sudden and terrible accident to a young man born and brought up in Middleton, has cast a gloom over the whole community, and the ghastly spectacle, as unfortunately witnessed by the spectators present, will long linger in unpleasant memory of a sad, and some of the friends of the deceased are naturally inconsolable, as he was their only son, and just entering into manhood, as he would have arrived at the age of twenty-one years next month.

As soon as possible after the fatal accident the remains were given in charge of Coroner S. F. Roper, who on Sunday the following day, E. E. Reed, E. C. Dodge, L. P. Schaffner, W. G. Sutherland, Fred E. Cox, W. W. Duggan, Zebulon S. Croft, E. Gates, J. A. Woodbury, A. W. Plimley, D. B. Armstrong and Z. S. Banks.

Mr. Joseph C. Dodge came to his death while attempting to board the west-bound train, which was in motion; and further, we believe his death was purely accidental, and that no blame is attached to anyone.

The funeral of the unfortunate young man took place from the residence of his parents on Sunday morning last at ten o'clock, and was one of the largest ever seen in this vicinity.

"Sir William" Meets with an Accident. The admirer of the fast passing station "Sir William" owned by Mr. Hugh Fowler of this town, was pleased to learn that a serious accident happened him on Thursday last at Kenilworth driving track, while being exercised by his driver, Mr. Wells Rockwell, who has had him in charge for the past two months.

Poisoned by Eating Paris Green. A two-year-old child living in the family of Mr. Hiram Wilson, in the suburb of this town, came near losing its life on Friday last by gaining access to a can containing Paris Green, a part of which had been used in the extermination of the insect pest on the vegetable growth about the premises.

International Steamship Line. As will be seen by our advertising column today the International S. S. Co. between St. John and Boston are making a bid for travel from Nova Scotia. Having added the new steamer, St. Croix to their line, they are enabled to make daily trips from St. John leaving there at 5 p. m., thus avoiding having to remain in St. John over night.

On Friday last the D. A. R. placed a special berry train on the line between Kenilworth and Middleton, which will connect with the main trains for the east and west. By this arrangement the delay that has been noticeable of late will be overcome, and trains will reach destination on schedule time.

On Thursday last the town of Castine in Maine celebrated its 100th anniversary. It is known that Dalhousie college, Halifax, was represented. Yet Castine is the mother in Dalhousie. The original settlement of the college was the proceeds of outlandish colonialism at Castine which British held the place during the war of 1812. 16 11

The Halifax Chronicle says: "It is likely that three unformed occupants of the American Order of Oddfellows will die in Halifax in September. They will be Honker Hill, Winter Hill and Boston occupants. They will be about 200 years old, and have a brass band of 50. The party will come via Yarmouth, and probably spend several days there. 16 11

Now that the smoke of political battle is passing away, it would be well for our manufacturers, farmers, stockmen and others who have been engaged in the election, to make preparations for the St. John exhibition, which opens on the morning of the 24th inst. Entry papers have been well distributed throughout the Maritime provinces. Application for copies may be made to C. A. Everett, St. John, N. S. 16 11

FOUNDED BY HALIFAX.—The American brig *Jane Adams*, Capt. Sanborn, 373 tons, founded about 20 miles from Halifax on Tuesday last, a few moments after crew had left her. The crew were brought to Halifax by the barque *Jane Adams*, which was within a hundred yards of the *Jane Adams* when she sank. The *Jane Adams* was bound from Sydney to Boston with coal. 16 11

A shipment of six hundred live lobsters and eight barrels of live oysters were sent from Halifax to Vancouver last week by the Dominion Fisheries department to be transported in the Pacific waters. A large number of lobster eggs and some black bass for transplanting in Fraser river were also among the lot. The shipment arrived in good order. 16 11

On the 29th Sept., 1842, there was not a single son of Tammany in the world. The year 1842 was organized in Nova Scotia. Yarmouth claims the honor of having the first, Arrol's, in the Maritime provinces, three months after, Chebucto was organized in Halifax. Five days later, two more were established in the metropolitan of Miram and Mayflower, both on the same evening, Feb. 1843. 16 11

RENEWED.—J. B. Mills, M.P. and bride arrived at Annapolis from Ottawa via Halifax on Monday afternoon. In honor of the late political victory won by the Liberals, a sitting tribute of welcome to his bride headed by the band of the town, Bunting, was also liberally displayed from several of the buildings. The bride was most notably entertained, and notwithstanding the inclemency of the weather the boys report a pleasant time. 16 11

OVERCOME BY HEAT.—The hot weather of the past four days in this section of the Valley has been of an unusual nature, and the duties of our life have suffered considerably. On Friday last, Mr. Watson, a well known farmer living about two miles from this town, while engaged about his premises was overcome by the sun rays, and when discovered by the other members of his family was in an unconscious state. Restoratives were at once applied and the sufferer soon rallied. 16 11

REMOVED.—Dr. B. H. Hadwick has been straggled by an Ontario man, D. P. McDonald, of Paris, Sound, who walked through the main streets of this town the morning after he had been totally unrecognized. When the Mackenzie government was put out of power in 1878 Mr. McDonald took a solemn vow never to shave his face until the Liberal party had control of the country again. He kept his word, and until the morning of the 24th of June last he wore a noble beard. On that morning, however, when he was in the Liberal camp, he shaved off his beard, and it made such a change in his appearance that they knew him as the D. P. McDonald of old. 16 11

As usual the fireworks display in Boston on the 4th of July was a failure, owing to the unfavorable weather. The Standard says that there were probably 12,000 people gathered in Franklin Park, to witness the grand fireworks display. It was a disappointed crowd, but because the weather was not so good, but because the weather was so such that the people could not see it. The \$100,000 pyrotechnics was almost spent in vain. Everything in the shape of a rocket was spoiled when it struck the mist, and the set pieces could only be seen by those who stood near the ropes.
