## BOARD OF TRADE IN LAWRENCETOWN

The Business Men in Our Sister Town Pull Together, Not Apart

LAWRENCETOWN, June 8—A meeting of the citizens was held in the demonstration building last evening for the purpose of taking preliminary steps for forming a board of trade.

Dr. J. B. Hall, who is well and favorably known throughout the province, and whom we are proud to have as a citizen, a man who does things, was appointed chairman. The meeting took up the matter enthusiastically, the preliminary steps were taken, and J. B. Jefferson, one of our leading merchants, was appointed secretary of the board of trade.

The urgent and expanding interests of Lawrence town have made this step for forming a board of trade, looming on the horizon of its future. The housing problem demands immediate attention. L. H. Stoddard and L. W. Durling, two of our enterprising citizens, are building bungalows. It is felt, however, that private enterprise cannot successfully handle this situation. It is the intention of the new board of trade to vigorously tackle this problem.

The sidewalks are in bad shape. The town this year pays about \$500 road tax. It is felt that it would only be right for a little of this to be used for the improvement of sidewalks. Some of our citizens on their bended knees asked the highway board to allow this to be done. Their prayer was met with a refusal. The town is now taxing itself 15 cents on the hundred dollars to place its sidewalks in respectable shape. It will deal with the highway board later.

**BURGLARY AT BRIDGETOWN**  
Weare's Drug Store Entered Monday Night or Early Yesterday Morning.

The back window of the Western Union office in Weare's Drug Store was pried up sometime Monday night or early yesterday morning which gave the thief or thieves access to Mr. Weare's entire stock.

However, all that appears to be missing is two or three \$2.50 pipes and the contents of the cash register which contained \$9.41 all of which was taken with the exception of a few coppers. Mr. Weare closed his drug store about 10.30 p. m. and left the lights on as usual. Footprints are visible on the back cellar door. The matter is in the hands of Chief of Police Gill.

We trust the guilty parties will be captured and punished to the full extent of the law.

**BASEBALL NEWS**  
Saturday the Bridgetown Sub-Juniors defeated the Paradise sub-juniors 11-5 on the Paradise grounds. The league games this afternoon are: Berwick vs Bridgetown at Bridgetown and Annapolis vs Kentville at Kentville.

At the suggestions of Annapolis the protested game Berwick vs Annapolis will be played over on the Bridgetown diamond in the near future.

Bridgetown's Juniors defeated Annapolis Juniors at Bridgetown Friday evening, score 8-2. The Annapolis boys made both of their runs in the last innings.

The Bridgetown boys were defeated in Kentville last Wednesday, the score being 14-0. Another league game at Annapolis between Wolfville and Annapolis the same afternoon was a good one, the score being 7-5 in favor of Annapolis.

**CLOTHING PROFITTEERS FINED \$51,000**  
Convicted of conspiracy and profiting in the sale of men's wearing apparel, Weeds, Inc., of Binghamton, and Gordon H. Smith, general manager of the concern, were jointly fined \$51,000 at Syracuse, N. Y., last week. Among the charges were the sale of a suit of clothes costing \$70 for \$100, Nelson, of Binghamton, for \$40, and the sale of another suit costing \$17.80 to B. Perder, of Binghamton for \$45.00.

## AN OLD COASTER CRUISES ALONE

With Sails Set But No Crew She Still Sails On

Although there is not a man on board, the three masted schooner B. B. Hardwick, of Annapolis, is still sailing the Atlantic ocean, and is a serious menace to navigation. The Hardwick was lattered by a violent storm six months ago, and abandoned by her crew, who were rescued later by a passing vessel. They returned to their homes in Nova Scotia early

last winter and it was supposed the schooner had gone to the bottom of the ocean long ago.

The Hardwick was recently sighted well out to sea by a vessel which arrived at Boston a few days ago. This vessel reported that the Hardwick was still moving about the ocean, most of her sails being hoisted, although several of them were badly torn. One of the sails forward had been almost torn from the gaskets.

The B. B. Hardwick was well known for years as a trader between Boston and Bay of Fundy ports, carrying produce to the States and returning with merchandise for Annapolis, Noel and other ports. She was built at Clementsport (N. S.) in 1897 registers 123 tons and was at one time owned by Mr. H. W. B. Warner, M. P. P. of Plympton, Digby county, who sold her at a good figure during the recent boom in sailing vessels.

# EAT MORE FISH AND SAVE MONEY

Two Good Reasons Why You Should Encourage One of Canada's Greatest Industries

Two good economical reasons why you should eat more fish: It is cheap and nutritious, and provides a thirty meal.

One of Canada's greatest sources of wealth is her fisheries, and you help develop the industry by eating fish, and also help to put Canada in a better financial position.

Probably you are not aware how little fish Canadian people use.

Great Britain is one of the greatest fish consuming countries in the world. During 1918 she had a per capita consumption of 58 pounds, and in 1919, it is believed, this was increased to 60 pounds. This means that each individual consumed at the rate of more than one pound per week.

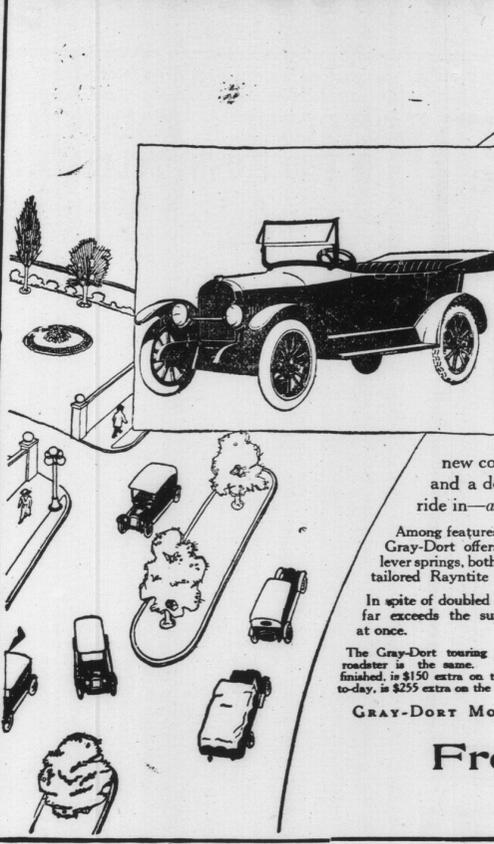

In the United States last year it is estimated by officials at Washington the per capita consumption was 19 pounds. Although little reliance can be placed in this estimate, there is no doubt but that the local consumption in the United States has increased greatly in recent years.

A few years ago the per capita consumption in Canada per annum was a matter of ounces. Through the combined efforts of the Canada Food Board and the Fisheries Branch it is estimated that the local consumption at one time reached a point equal to 45 pounds per capita. During 1919 it is estimated the per capita consumption was somewhere between 23 and 25 pounds per annum. Canada is one of the greatest, if not the greatest, fish producing countries of the world. Why have our people so little faith in fish?

## DR. J. B. SLOCUM GOING TO DAYTON

Will Accept Flattering Call to First Baptist Church, at a Salary of \$6,000

(From the Yonkers, N. Y., Statesman)

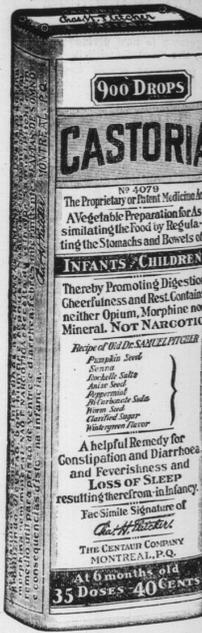

Dr. Joel Byron Slocum, of the Warburton Avenue Baptist Church of this city, has received a unanimous call to the large First Baptist Church of Dayton, Ohio, as the successor of Dr. J. C. Masse, who recently became pastor of the Baptist Temple in Brooklyn, N. Y.

Dr. Slocum made the announcement of the call at the prayer and conference meeting of his Church last night. Previously, however, he sent a special invitation to 25 of the leading officials of the Warburton Avenue Church, in order that he might extend to them the courtesy of hearing the first public announcement of his call to Dayton, as a Church family. There was a fairly good attendance of the members of the Church; some of the members of the Board of Trustees and Deacons were obliged to be away from the city.

After an exposition of the 55th chapter of Isaiah, Dr. Slocum related the circumstances of the call and read the letter which was sent by the Dayton Church. He read also a letter which had been previously written by the Dayton committee subsequent to a visit which several weeks ago, they had made, with out the knowledge of Dr. Slocum, to the Warburton Avenue Church. The result of that visit was a unanimous recommendation to the larger committee of 50 that Dr. Slocum's name be presented to the Church. At this point, the officials at Dayton invited Dr. Slocum to come out to Dayton to meet the committee; he did so, and was present at their prayer meeting last Wednesday night. Although the night was very unfavorable as to the weather, following an all-day down pour of rain, there was an attendance of over 200 and Dr. Slocum was given a hearty reception. He returned to Yonkers the next day and occupied his own pulpit last Sunday.

The Dayton Church has had no candidates, and Dr. Slocum has not yet preached in its pulpit. The unanimous call to the Dayton Church was voted at their morning service last Sunday, and the message reached Dr. Slocum by wire in the middle of the afternoon.

Dr. Slocum admits that he is very favorably impressed with the Dayton situation. The membership of the Church there is 1,300 and only 200 of that number are non-resident. The building is one of the finest, in the county and is nearly new its adaptation to the best kind of modern work in the Sunday School is perfect. The attendance of its Sunday School is over 600 and the Church conducts a flourishing mission, with one of

## Use Paper Serviettes

For Informal Occasions

**NOWADAYS** in most Canadian homes you will find a supply of paper serviettes. Housewives vote them indispensable for their casual guests—always at luncheon—when serving refreshments at night—or when off on a picnic.

They defeat the high cost of laundry. They are most attractive in appearance. In fact, they are just one more Eddy improvement in housekeeping methods.

## PRICES MUST COME DOWN

(New York Times)

A series of incidents recently brought to notice indicate the change in merchandising conditions which is especially marked in this neighborhood. The slowing up in consumer buying, every where admitted, and now not always ascribed to unseasonable weather, is one of them. Another is the natural corollary less promptness in collections and a practical cessation of the practice of taking discounts on purchases. There are also a series of disputes over the matter of paying for goods f. o. b. mill, buyers wishing delay until delivery and acceptance. Another circumstance of similar purport is the reluctance of both wholesalers and retailers to make purchase any further in advance than is absolutely necessary, with a decided preference for what is known as hand to mouth buying. These various manifestations are merely evidence of general belief that prices are too high and must come down, and no one is willing to have on hand, when the inevitable crash comes, any more goods than he is obliged to have. Profiteering is admitted, but each one in the long line of intermediaries, from the producers of the raw material to the handlers of the finished product at retail counters, is trying to show that the other fellow is mostly responsible for the high prices. The one fact they have now run against is that the public's patience is at an end and the consumer is determined to get what he wants for less, or else go without.

## LET US PAY OUR DEBTS

(By Francis G. Brown)

Debts are distinctly nasty things. They destroy friendships oftener than any other one thing; and for many people they convert their lives into a bed of thorns. If a man would commend his religion to another he must live modestly and within his means; and, as far as possible, keep out of debt altogether. Remember that the storekeeper and the doctor the lawyer and the mechanic, have to worship together, and it must surely be an unpleasant sensation to look up from the hymn book and catch a back, or side glance of two or three creditors with whom one would rather not exchange words and then for those creditors to see one driving around later in an automobile cutting a high figure. It is a miserable fate; and for many people it convert life into a bed of thorns. To keep on swapping creditors is no honorable way for a religious man to attempt to relieve the situation. Even from a standpoint of worldly policy that is only to go from bad to worse. The only right and wise thing to do is to live quietly and modestly, cut down expenditures, avoid all superfluities, and live within one's income. You say, "that is rather a blunt way of stating things." I know it is. But in this age of fast living and loose thinking, the disease must be plainly diagnosed, and frankly stated, if we are to hope for a remedy. Therefore, I say, make an honest effort to pay your debts. You'll enjoy all your religious exercises much better afterwards.

## A New Character

When, four years ago, KING COLE ORANGE PEKOE TEA first appeared, something more than a new tea had been produced—a new character in tea had been created. Only

after most searching experiments in flavor-blending were we at last able to develop that peculiarly mellow richness of flavor so delightful to the taste, which has won for KING COLE ORANGE PEKOE the high place it holds. The total annual sale of KING COLE ORANGE PEKOE has doubled twice in the last two years.

We are confident that you will say that it is different to any tea you ever tasted.

## WHAT A GOOD BAND IS TO A TOWN

In speaking about band and town bands in particular, we sometimes hear people carelessly say, "What good is a band in a town, anyway?" Well, first take inventory of the fellow who makes the remarks. You may have reason to allow the silly question to go unanswered. But regarding the remark more seriously, let us say that a good band is one of the most useful things a town or community can possess. It is one of the best advertisements a town can have. Emerson says something about the world making a beaten path. Well, a good band will make all the roads leading to the town beaten paths, even though the town's other attractions be not enormous. Every merchant is benefitted by a good band. Many people come to town to attend the delightful entertainments, and they combine shopping with this pleasure. The promoters of business and musical enterprises always have the satisfaction of knowing that their civic demonstrations from time to time will be successful, because they have a first class band to lead the parade and attract the crowd. A band composed of able players is a tower of strength to any town or section of the country. It cultivates the public ear to a high class of music, and does it right at your door, too. Every enterprising citizen will boost the band wherever it goes.

**AMHERST WINTER FAIR**

The Officers of the Maritime Poultry Association are preparing for a greatly enlarged exhibit by poultry breeders of the Maritime Provinces at the Amherst Winter Fair in December next. They met, with nearly a complete attendance, in Amherst on June 8th to devise plans whereby the Exhibition can be improved in point of numbers and quality of exhibits. The prize list is a great improvement over that previously used and should be satisfactory to every prospective exhibitor. The choice of judges which includes the best in the business, as well as many improvements of a general nature will likewise be recommended.

The report of the prize list committee will be commended to the Winter Fair Board for adoption. This prize list is a great improvement over that previously used and should be satisfactory to every prospective exhibitor. The choice of judges which includes the best in the business, as well as many improvements of a general nature will likewise be recommended.

Members of Executive present consisted of: J. R. MacMullen, Truro, N. S.; P. S. Houston, and J. A. Clark, Charlottetown, Vice Pres and Director respectively for P. E. I.; R. P. Allen, Fredericton; Vye Gibson, Moncton; and W. E. B. Tait, Dorchester, Vice Pres and Director for N. B.; T. C. Latham, Alma Director for N. S. and A. C. McCulloch, Fredericton, N. B., Secretary Treasurer.

Maritime Poultry raisers will do well to begin now the preparation of their birds for the Winter Fair which will be one of the largest and best on record.

**BRIDGETOWN'S FOX BUSINESS**

A correspondent signed "Tourist" writes the Liverpool Advance as follows: "I inadvertently omitted last week noting that while in Bridgetown on visit to the Black Fox Farm there. As before the war, this business in foxes was inflated beyond ordinary conception, and the business today apparently knocked out, it will be interesting to know that a revival has taken place. Mr. Karl Freeman, former Mayor of the town, is a large stock holder and gave us some points as to the management. The ranch contained one hundred and fifty mature and young all black foxes, and a cross bred one as in many other ranches. The manager said a number of sales had been made, a pair of those little kitties that could be stored away easily in one's overcoat pocket, commanding one thousand dollars, and a pair of mature ones, worth three to five thousand. We were told that last season only six ladies' coats (and their wearers) were made in London, costing each at many thousand dollars, that next season the price would be at least ten thousand. Mr. Freeman said the dividend this year was very satisfactory. He is one of our Milton boys, and glad to say, the leading hardware merchant in Bridgetown, and still takes great interest in the welfare of his town.

**CONDUCTOR DICKIE'S BIG FISH**

An enormous codfish, the largest by far that has ever been caught in this part of the province and generally believed to be the largest ever caught in Nova Scotia waters, was hooked and landed at Kingsport on Saturday afternoon by F. W. Loomer, of that place, assisted by Conductor A. W. Dickie, of Kingsport and C. W. Tupper, of Kentville. Its weight was well over one hundred pounds and its length five feet. The diameter of its mouth was eight inches and it could with ease have swallowed the ordinary cod as caught at this time of the year in the Minas Basin. The catch was made about three miles from Kingsport wharf. As cod weighing thirty or forty pounds are considered unusually large this catch of one weighing one hundred pounds has aroused a great deal of interest and many visited the wharf on Saturday where the cod was left for a time on exhibition—Kentville Chronicle.

**NEW MILL AT VICTORIA BEACH**

The new mill just installed by Mr. Charles Boudreau at Victoria Beach started operations last week. This is a water power mill and gets its power from the North Mountains. It is driven by a 250 horse power turbine, probably the largest in the county. The dam completed this spring, is of stone and concrete, 21 feet long and 21 feet high. Should a greater head be required the dam can be raised to 50 feet. The mill when completed will be 80 feet long and 30 feet wide, and will turn out flooring, headings, lumber, laths and singles, besides hard wood manufactures of various kinds. A few more interesting citizens like Mr. Boudreau would be a great help to this whole section of this country.

Annapolis Spectator: Mrs. Ada M. Fucker arrived home Wednesday after spending the winter in Windsor. She was accompanied by her daughter, Mrs. Charles L. Wood and little Helen.

It is said that some Bridgetown merchants are opening their stores on the fast time and closing on the slow in order to get another hour's business out of the public.

The Chicago Housing Association has secured options on two extensive plots and proposes to erect 10,000 new homes, 2,000 of which are expected to be ready before the next winter.

Annapolis Spectator: Many more would have attended the Theatre last night had they known that the pictures of the fire and flood here and at Bridgetown were to be shown.

Walfville Acadian: The captured German airplane, which the government presented to Acadia University, arrived last week and is being set up in the College Museum. The machine is a German scouting plane.

The little raised deck cruiser Sea Hawk formerly owned by Mr. Ross Bishop sailed from Bridgetown for Boston Saturday with her new owner, Mr. Prescott Whitefield, on board, accompanied by his friend, Mr. Geo. Dalplane.

People from the surrounding villages should note that the stores close in Bridgetown every Wednesday afternoon. Several of the merchants are running a notice in their regular advertisements in the MONITOR.

The Officers and members of the Bridgetown Amateurs Athletic Association, who are trying to make a success of this organization, appreciate the weekly half holiday and also the early closing of the factories and stores in order to give the clerks and mill hands a chance to attend the ball games, otherwise this organization will have difficulty in keeping up its regular game receipts.

**NEW D. A. R. TIMETABLE**

Commencing July 5th, there will be an extra passenger train between Annapolis and Yarmouth and the Bluebonnet express will be put on between Halifax and Yarmouth. This will give the travelling public excellent accommodation on this line the business of which has greatly increased under its popular manager, Mr. George E. Graham.

**BRIDGETOWN SCHOOLS**

He sailed in, and owned stock in, some of Yarmouth's best ships, and in them navigated practically all of the waters of the known world. He retired from the sea and returned home about ten years ago. After the return of the Conservative government in 1911, he succeeded the late Norman L. Treffy as shipping officer for the port of Yarmouth. ## MELVERN SQUARE

Mr. and Mrs. Harold Gates are receiving congratulations on the birth of a son.

A light frost visited us a short time ago, but there was little or no damage done in this locality.

D. M. Oulhit, in company with friends from Kingston recently returned from a very successful fishing trip fly bites not counted in.

The Misses Myrtle Morse, Mable Brown and Ruly Chute, students at Acadia, are home for their summer holidays.

Mrs. P. W. McNeil recently visited her daughter, Miss Thekla, who is attending school at St. Vincent and other friends in Halifax.

A neat new wire fence has recently been placed around the Presbyterian cemetery in this place, the cemetery having been enlarged lately to be used as a public cemetery in the future.

The welcome showers on our beautiful "Blossom Sunday" no doubt proved a disappointment to those who were anticipating a day of pleasure, but the much needed rain has been a blessing to all in many ways.

Mr. Fred McNeil, who has been doing business for the past few years in Halifax, left a few weeks ago for Toronto, where he will spend the summer in the interest of his business his family remaining in Melvern Square.

One of our progressive young farmers, Mr. Levellyn L. Chute, was united in marriage to Miss Iva Gates, on the evening of June 2nd at Middleton, the Rev. Dr. Hutchins officiating and the happy couple are now occupying their new home in Melvern.

There was quite a bit of excitement here one day last week, when a large cow moose walked through Melvern, as unconcerned as possible, going north, perhaps out on a special tour during "blossom time" and a few days after, Mr. J. Abner Phinney while attending to his pasture fence came face to face with a beautiful deer, which appeared to be quite tame, truly, the forest folk are getting quite familiar.

The service in the Melvern Baptist Church on Sabbath morning June 6th, was cancelled, or at least the appointment was owing to the heavy rain; but the Rev. Mr. Hockin filled his appointment in the Methodist Church in the evening, it probably being his last sermon here, as he is soon to leave us for a new field of labor. An ever faithful minister and a kind friend to all, Mr. Hockin's people will miss him sadly, but they all unite in wishing him the same love and loyalty on his new circuit that has been shown him here.

## BUSINESS GIRLS AND TEACHERS

### Suffer From Overtaxed Nerves And Often a Complete Breakdown.

Thousands of earnest intelligent young women who earn their livelihood away from home, in the school room, in public offices and in large business establishments, are silent, suffering victims of overtaxed nerves and deficiency of strength. Weak, breathless and nervous, they work against time, with never a rest when headaches and backaches make every hour seem like a day. Little wonder their cheeks lose the glow of health and grow pale and thin; their eye are dull and shrunken and beauty slowly but surely fades. Business women and girls because of their work and worry, look older than their years. What they need is the frequent help of a true, strengthening remedy to carry them through the day. Dr. Williams Pink Pills are like actual food to the starved nerves and tired brain of the business girl. By making rich, red blood they supply just the kind of help girls need to preserve their health and energy, and their good looks. Dr. Williams Pink Pills bring bright eyes, rosy cheeks, high spirits and thus make the day's duties lighter.

Miss Mary H. Hunt says: "Many people think of the life of a school teacher as one of comparative ease, with short hours and holidays plentiful. But the reverse is the case. When one has to stand day after day, year in and year out, with the worries great and small, from handling children, it begins to tell upon even the strongest, and especially upon the nerves. I had been teaching about five years and was then located at Springfield, Ont., when I found I was far from having the vitality I started out with. Before my term was out I had a complete nervous breakdown. I tried doctor's medicine and it helped but only for a while. I then tried osteopathic treatment but with no better results. I suffered from loss of appetite, slept poorly was nervous and troubled with severe headaches. Holidays came and I tried a change of schools, but got into a harder place I had over fifty pupils under my care. There were days when it seemed impossible for me to carry on my work. At this stage my sister, who had also been a teacher, strongly advised me to try Dr. Williams Pink Pills. I took the advice, and by the time I had finished my second box, I felt that the pills were helping me. I was on my ninth box when I decided there was no necessity for continuing the treatment, as I had never felt better, and had gained twelve pounds in weight. Dr. Williams Pink Pills, with plenty of fresh air, worked wonders in my case and I should advise the use of them to any other run down teacher."

You can get Dr. Williams Pink Pills from any dealer in medicine, or by mail, post paid, at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

Committees have been organized and elaborate plans are underway for Berwick's celebration of Peace Day, July 19th. The tanner attraction, we understand, will be an aeroplane exhibition.

### A REAL LIVE TESTIMONIAL

Given to Professor Hamilton, of Hampton, N. S.

East Middle LaHave, June 30, 1914  
I can scarcely find words to express my thanks for what Prof. B. S. Hamilton has done for me. I suffered from Catarrh for eleven years. Tried several well known remedies, but kept getting worse, until I was ready to give up in despair. One doctor told me my case was incurable. But thanks to Professor Hamilton's treatment I am cured. I do not hesitate to recommend him to all who suffer as I have.

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEO GARCEAU 82 Hickory St., Ottawa, Ont. "I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician. I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again. I look upon this fruit medicine, 'Fruit-a-tives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

JOY AND GLADNESS FOR THE CHILDREN

Every child—whether it be poor or rich is entitled to joy and gladness. Health is the birthright of all and there is absolutely no doubt that the healthy baby is a happy baby. It is the baby's nature to be happy—not cross. Only the sickly baby is cross. The well child is a joy to the home—it is laughing, gurgling, happy little piece of humanity which drives dull care from the household. The sickly baby is the opposite—he is cross and peevish; cries a great deal and is a source of constant worry to the mother. But mothers there is no need of your little ones being sickly. Regularly the baby's bowels and stomach his stomach with a gentle but thorough laxative and baby will soon be well and happy again. Thousands of mothers have proved this through their use of Baby's Own Tablets—there is a smile in every dose of the Tablets. Give them to your baby and make him happy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

SAYS GRATITUDE IS BEYOND WORDS

Mrs. John McIsaac Declares Tanlac Brought Health And Happiness

"Tanlac has brought me health and happiness and words just can't express how grateful I feel for the good this wonderful medicine has done me," said Mrs. John McIsaac, 175 Prince Street, Sydney, Nova Scotia, recently.

"Only my friends know how I suffered during the past ten years, in fact, I was so bad off I lost interest in everything and got no pleasure out of life," said Mrs. McIsaac. My appetite was so poor that I ate very little of anything and some mornings a glass of water would be all I would take for breakfast. Whenever I did eat anything I would begin to bloat up with gas shortly afterwards and my throat and chest would get so choked I thought I would suffocate. Sometimes at night I lay in bed so long without closing my eyes that I just couldn't stay there any longer and I would have to get up and walk the floor. I suffered from severe headaches and at times I would be walking along the street and get so dizzy I would have to catch hold of something to keep from falling. I got so weak that my housework became a burden and it was an effort for me to get around the house.

"But now, I just feel like a different person, for Tanlac has given me life and strength and I am enjoying better health than I have in over ten years. I can hardly wait for meal time to come and everything I eat digests without a particle of trouble. I never suffer from a headache and more and the dizziness has disappeared entirely. My sleep is sound and refreshing and I get up every morning feeling so full of life that I do my housework without tiring in the least. Every suffering woman should certainly know about Tanlac and I feel it my duty to tell others publicly what this medicine has done for me."

Tanlac is sold in Bridgetown by S. N. Weare and in Middleton by Clifford A. Mumford and in Bear River by L. V. Harris.

POTATO FINANCING

(Summerside paper) Last summer a certain citizen bought his winter's supply of potatoes and paid \$11. The other day he found that he had five bushels remaining of his purchase. He took them to a dealer and was paid \$15.00 for them. The result of the transaction that he got his winter's supply for nothing and what is more, is four dollars to the good.

A story is told of a farmer in the western part of the province who took a solitary potato, a large one, to the village store and offered it for sale. At the prevailing rate per pound he was given twenty-four cents.

One potato grower who sold out last week at \$3.25 per bushel told the Island Farmer that when the price was around \$2.50 his conscience annoyed him when he was tempted to market them. So he waited for the price to come down a bit. It persistently refused, but rather out of sheer contempt for humane scruples, rose to the \$3.25 mark. Rather than have it said that he was holding out for excess profits the farmer accepted the dictates of fate at that figure. Hauling his potatoes to market he was paid at the rate of \$190.00 a load until he had accumulated something over \$2,000 for what he could spare.

FREE APPLES (?)

Here is Where the United Farmers Disagree

In his address on the Budget in reply to a question Honourable T. A. Crerar, the leader of the Farmers Party, in the House of Commons, declared himself flatly in favour of removing the duty entirely from apples.

Following is an extract from his speech as found at page 3907 of his reviewed Hansard.

MR. DAVIDSON—Is the honourable member in favour of making apples free?

MR. CRERAR—Certainly I am in favour of making apples free, my honourable friend from Annapolis is badly mistaken if he thinks he is putting a poser to me in that regard.

In reference to this declaration of Mr. Crerar, W. E. Chappell, Secretary of the United Farmers of British Columbia has made the following statement:

"I will not stand for the removal of the tariff on fruit, the prairie people may think such a policy is satisfactory but it is a blow at the fruit industry in this province, which I for one will not stand for."

MR. CRERAR, W. E. Chappell, Secretary of the United Farmers of British Columbia has made the following statement:

MANGEL GROWING

(Experimental Farms Note) The growing of mangels has received a great impetus in many districts owing to the serious loss among turnips caused by club root. The mangel is attacked by very few insects or diseases, and when successfully grown produces immense yields of succulent food, so necessary for live stock during the winter and spring months.

Sound fresh plump seed should be secured and large quantities of the very best home grown seed are now on the market. The mangel requires plenty of moisture and should be planted in good well tilled land early in the season. It works in very well with the following five year rotation: Barley or Mixed grain, Mangels, Grain seeded down with clover and grasses, Hay Pasture, About one half of the manure (12½ tons) is applied to the larley seed and plowed under in the autumn; the balance (12½ tons) is worked into the land as soon as it is fit to work in the spring. When the land has been worked so that it is mellow and pliable it is thrown up into low drills 30 inches apart and the tops of these dragged off with a pole or fence rail. The seed is then sown about 1½ inches deep, at from 4 to 6 lbs. per acre, according to the quality of seed. The "Planet Jr" cultivator and seeder is a very satisfactory implement for this work. This is followed by a heavy roller firming the earth about the seed so that it may get sufficient moisture for germination. During a dry period it is well to seed in the evening so that the earth may remain damp about the seed for a longer time. The most important point in getting a good catch is to have the seed deep enough, so that it will not dry out, and to have the soil pressed firmly about the seed. It pays to take extra time and trouble to put the seed in right even if it is necessary to make a trench with a hoe for the seed and to cover and pack the earth down with the feet.

As soon as the plants are up in rows they should be edged with a hoe or hand cultivator. The latter will straddle the row and do both sides at once. The horse cultivator should then be run through the rows every week or after every heavy rain until the tops cover the ground. Thorough persistent cultivation will add greatly to the crop by conserving moisture and by destroying weeds. The plants should be thinned to about 10 inches apart in the rows by the time they get four leaves, and hoed a second time before the roots swell.

Mangels should be harvested before severe frosts occur. They should not be topped so close that they will bleed, and should be handled carefully if they are to be stored for a long period. They should receive plenty of ventilation when in storage. The "Yellow Intermediate" is easily harvested and contains a large percentage of dry matter.

### THERIAULT-BOYLAN

A quiet but pretty nuptial wedding took place at St. Patrick's Church, New Ross, when Olive, eldest daughter of Mr. and Mrs. E. M. Boylan, was united in marriage to Frank E. Theriault, of North Range, Digby Co., Rev. Father Reis being the officiating clergyman.

The bride looked charming in a gown of white duchess satin with lace and pearl trimmings, wearing the conventional veil and orange blossoms and carrying a shower bouquet of carnations and sweet peas.

Evelyn, sister of the bride, acted as bridesmaid, wearing a blue georgette crepe with hat to correspond, while J. W. Murphy, cousin of the bride, attended the groom.

Following the ceremony, breakfast was served to the immediate friends and relatives, after which the happy couple left for Halifax en route for Montreal.

The presents were numerous and costly, including an upholstered chair from the "Excel" Club of Bridgewater, where both bride and groom are very popular.

Immediately after the service a wedding breakfast was served in the dining room which like the parlor, was profusely decorated for the occasion. The bride, who was unattended was prettily gowned in a travelling suit of nut brown broad cloth with hat to match, and carried a bouquet of yellow carnations. For the past few years she has been an accountant with M. P. Cook and Co. She was the recipient of many beautiful and costly presents. At 8.50 Mr. and Mrs. Bishop boarded the outgoing D. A. ### FRASER-CHUTE

On Tuesday, June 1st, the old home-stead of P. J. Chute, of South Berwick, was the scene of a happy event, when their daughter, Zephina Blanche, was united in marriage to Mr. James Fraser, of Clinton.

Bright sunshine, the air laden with the fragrance of apple blossoms, the many costly gifts, and above all, the kind wishes of the many friends made the occasion not only a pleasant memory but a good omen for a bright and happy future.

At the appointed hour, to the strains of the "Bridal Chorus" from Lohengrin, played by Miss Frances Chute, sister of the bride, the bridal couple took their place beneath the arch of fern and apple blossoms. The bride was given away by her father and the double ring ceremony was performed by the Rev. P. R. Hayden, the ring bearers being little Mary Chute and Master Lindsay Road.

The bride was becomingly attired in silk chiffon trimmed in silk lace, wearing the conventional bridal veil and carrying a shower bouquet of white carnations and maiden hair fern.

## LETTER FROM MRS. WAKELIN

### Tells Remarkable Story of Sickness and Recovery.

Toronto, Ont.—"I suffered greatly from weakness, seemed to be tired all the time, and had no ambition to do anything or go any place. My nerves were in bad shape, I could not sleep at night, and then came a breakdown. I read of Lydia E. Pinkham's Vegetable Compound in the newspapers and several of my friends advised me to use it, and I surely put new life into me. Now I am quite able to do all my own work, and I would strongly advise every suffering woman to give Lydia E. Pinkham's Vegetable Compound a try. If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.
