' from the Fatigue of your Journey.'

The Chief of the Onondagoes spoke:

BRETHREN,

We propose to rest sour Days, and then come to the main Business. At present we are at a private Conference about News, and have something of this Sort to mention to our Brother Onas.' And on the Governor's signifying they would be glad to know what it was, the Chief proceeded.

BRETHREN,

It is our Way when we come to our Brethfen, or any other Persons, whom we live in strict

Friendship with, to remove all Obstructions to

a good Unsterstanding; with this View we are

to inform you of a Piece of difagreeable News

that happen'd in our Journey.—Some White

· People, living at a Place called Conegocheegoe,

whose Names we cannot tell, nor whether they

belong to this or the neighbouring Government,

but one of them, as we heard, had his House

burnt over his Head some Years ago, and he was

brought down a Prisoner, and committed to the

· Gaol of this City: These People lighting of our

'young Warriors, as they were hunting, made

fome Proposals about the purchasing of Land

from them, and our young Men being indif-

creet, and unacquainted with public Bufiness,

were foolish enough to hearken to them, and

to receive five Duffil Strowds for two Plantations

on the River Cohongoronto. A Conestogoe Indian,

and a French Indian, and some others that were

B 2

in Company, had three Duffil Strowds, and went away with them; and our young Men carried off the other two. As foon as this came to: our Knowledge, we fent for our Warriors, and after examining and rebuking them feverely, we took away their two Strowds, and publickly censured them for exposing us to our Brethren of Pensylvania, in doing a Thing so inconsistent with our Engagements to them; "You are, " faid we aloud, that all our People might hear " and take Notice, to know and remember, that " the Six Nations have obliged themselves to sell " none of the Land that falls within the Province " of Pensylvania, to any other but our Brother "Onas, and that to fell Lands to any other is an " high Breach of the League of Friendship." Brethren, this rash Proceeding of our young Men makes us ashamed. We always mean well, and shall perform faithfully what we have opromised: And we assure you, this Assair was transacted in the Manner we have related, without our Privity or Consent. And that you may be fully convinced of this, and of the Sincerity of our Intentions, we have brought you these two Strowds [here he presented two red Strowds " to the Governor] they are the very Strowds our ' foolish young Men received; we took them from them, and we give them to you, to return to those white People who made the Bargain, and defire when the Strowds are returned to them, they may be told what we now fay, and that we ' shall not confirm such Bargains, nor any other that may interfere with our Engagements to our Brother Onas.'

The Governor then spoke:

BRETHREN,

' I thank you for this Piece of News; you have ' taken this Matter perfectly right. All Bargaining for Land within this Province is, to be fure, ' a manifest Breach of your Contract with the ' Proprietor, and what we know you will not ' countenance. We have hitherto found the Six ' Nations faithful to their Engagements, and this ' is a fresh Instance of their Punctuality. ' could not help these Mistakes of your young ' Men; they were not done in your Presence: But as feveral Inconveniencies may arise from ' these kind of clandestine Sales, or from any ' such loose Sales of Land by your People, we defire you will, on your Return Home, give public Notice to all your Warriors, not to bargain for ' any Land; or if they do, that you will not confirm such Bargains; and that this very Affair, together with what you have done therein, may be particularly reported to all your Nation af-' fembled in Council.'

The Onondago Chief promised to give public Notice; and desiring Liberty to mend his former Speech, he proceeded:

'BRETHREN,

'I forgot one Circumstance: Our People, who pretended to sell the Land, demanded a Belt of Wampum of the Buyers to carry to their Chiefs; and on their declaring they had no Wampum, our Warriors said, they would not answer that their Chiefs would confirm this Bargain, since B 2

The Governor, after a short Pause, spoke:

BRETHREN of the Six Nations,

I take this Opportunity to relate to you a Piece of disagreeable News I received some Days ago in a Letter from Le Tort, the Indian Trader, at " Allegheny, who fays, "That in May last, some " Indians of the Taway Nation, supposed by us to " be the Twightwees, in their Return from War, " called and staid some Time with the Shaw-" anese; who being asked, and denying they " had brought either Scalps or Prisoners, the " Shawanese suspecting them, had the Curiosity to " fearch their Bags, and finding two Scalps in "them, that by the Softness of the Hair did not " feel like Indian Scalps, they wash'd them clean, " and found them to be the Scalps of some Chris-"tians. On this Discovery, the Twightwees were " fo much ashamed, that they stole away from " their Town in the Night-time; and coming, as "they afterwards understood, to a little Village " belonging to the Shawanese, they told our Peo-" ple that their Hearts were full of Grief; for, as "they came along the Road, they found it all " bloody; and having good Cause to believe it " was made bloody with the Blood of some of the " white Brethren, they had very forrowfully fwept "the Road; and defired them to inform the Governor of Pensylvania of their (the Twightwees) "Grief; and how they had swept the Road " clean." Le Tort adds, on Behalf of the Shavanese, "That they were much grieved at " this unfortunate Accident; and prayed, as they had no Concern in it, more than by being Instruments

I would represent it to the Six Nations, who were

you do not, that you will make diligent Enquiry

Upon this the Governor put an End to the Conference; and calling for Wine, and other Liquors, according to the *Indian* Custom, after a decent and chearful Entertainment, the *Indians* withdrew.

At a COUNCIL held at the Proprietor's House, July 5, 1742.

PRESENT,

The Honourable GEORGE THOMAS, Esq; Lieutenant-Governor.

> fames Logan, Clement Plumsted, Esqrs;

With several Gentlemen of the Town.

The Chiefs of the Six Nations.

It being judg'd proper, at this critical Time, when we are in daily Expectation of a French War, to found the Indians, and discover what Dependance we might have on them, in case their Aid should be wanted, an handsome Dinner was provided for their Chiefs, and after they had made an hearty Meal, and drank his Majesty's Health, the Proprietor's, and the Health of the Six Nations, the Chiefs gave the folemn Cry, in Testimony of their Thanks for the Honour done them. And foon after the Governor began, in a free Way, to enquire for what Reason the Senecas were not come down, fince they had an equal Share of the Goods with the other Nations .- Canaffuteego, their Speaker, said, 'The Senecas were in great Distress, on Account of a Famine that raged in their Country, which had reduced them to fuch Want, that a Father had been obliged to kill two of end to the other Linn, after a he *Indians*

his Children, to preserve his own, and the rest of his Family's Lives; and they could not now come down, but had given Directions about their Share of the Goods.'-The Governor express'd his Concern for the unhappy Circumstances of their Brethren of the Seneca Nation; and, after a short Respite, enquired if any of their Deputies were then at Canada, and whether the French Governor was making any warlike Preparations. And on their answering Yes, the Governor said, with a smiling pleasant Countenance, 'I suppose, ' if the French should go to War with us, you will ' join them.' The Indians conferr'd together for some Time, and then Canassateego, in a chearful lively Manner, made Answer. --- We assure you, the Governor of Canada pays our Nations great Court at this Time, well knowing of what Confequence we are to the French Interest: He has already told us, he was uncovering the Hatchet, and sharpening it, and hoped, if he should be 6 obliged to lift it up against the English, our Nations would remain neuter, and affist neither Side.—But we will now speak plainly to our Brethren: Why should we, who are one Flesh ' with you, refuse to help you, whenever you want our Affistance?—We have continued a long 'Time in the strictest League of Amity and ' Friendship with you, and we shall always be faithful and true to you, our old and good Allies.— ' The Governor of Canada talks a great deal, but ten of his Words do not go fo far as one of ' yours. --- We do not look towards them; we · look towards you; and you may depend on our ' Assistance.' Whilst the Onondago Chief made this open and hearty Declaration, all the other Indians made frequently that particular Kind of Noise which is known to be a Mark of Approbation. The Governor bid the Interpreter tell Canaffatery o, B 5

6 He did not set on foot this Enquiry from any Suspicion he had of the Six Nations wanting a due Regard for the English. Our Experience of their Honour and Faith, said he, would not e permit us to think any other of them, than that they would esteem our Friends their Friends, and our Enemies their Enemies, agreeable to the ftrict Union which had ever subsisted between 'us.—As to the Governor of Canada, he told them they need not mind what he faid. The English, on equal Terms, had beat the * French, and could beat them again: And were 4 they but to consider the Advantages which the * English have, by possessing so many large and * populous Countries, and fo many good Ports on 4 the Continent of America, they would foon fee who had most Reason to fear a War, the French or the English.

Here the Conversation dropped; and after another Glass of Wine, the *Indians* resumed the Discourse, by asking whether their Brethren had not been for some Time engaged in a War with the King of *Spain*, and what Successes they had met with.

The Governor told them, the King of Great Britain lived in an Island, and being surrounded with the Sea, his chief Strength lay in his Ships; in which he was so much superior to his Enemies, that they were seldom to be met with on the broad Ocean, but sculk'd and hid themselves, only venturing out now and then; and whenever they did, they were almost sure to be taken; and that the King of Great-Britain had, with his Ships, beat down, or taken, several of the Spaniards great Forts in America.—The Indians said, they were pleased

The Governor then enquired into the State and Condition of the Nations, to the Westward of the Great Lakes, and whether they had any Warriors then in those Countries? Whether they had concluded Peace with the Southern *Indians?* And whether they had heard what their Deputies had

done at Albany?

They made Answer: That they had always Abundance of their Men out amongst the Nations situate to the West of their Lakes.—That they had kindled a Fire with a vast many Nations, some whereof were Tributaries, and they had a good Understanding withal.—They set out from their own Country in Company with two Sets of Deputies, one going to hold a Treaty with the Southern Indians, and they believed a Peace would be concluded: The other going to meet the Governor of New-York, at Albany; but they could not tell what had been done at either Place.—On their Return, they were to hold a general Council, and would inform their Brethren of these Particulars.

Then the Governor put an End to the Conference, by telling the *Indians* the Goods would be delivered to them at a Council to be held Tomorrow Afternoon at the Meeting-House.

The Governor having commanded Silence,

Six Years ago a Number of your Chiefs obliged us with a Visit, when they agreed on Behalf of your Nations, to the Release of certain Lands on both Sides the River Sasquehannah, to the Southward of the Endless-Mountains, and within the Limits and Bounds of the King's Grant of this Province. In Consideration of which, a certain Quantity of Goods was agreed on, and dee livered, as a full Satisfaction for the said Lands, · lying on the Eastern Side of the said River: And for the Lands on the Western Side of the said River, you desired the Payment should be deferr'd till another Opportunity. These Goods, which are exactly the fame in Quantity as those you received the last Time the Chiefs of your Nations were here, have been ready a considere able Time, and kept in Expectation of your coming for them: And now you are come down, fully impowered by your respective Councils to receive them, we are well pleased to deliver them; · leaving it to you to make a fair and equal Division of them amongst yourselves, We are forry for the Absence of our Brethren the Senecas, and much more so, that it should be owing to ' their Distress at Home by a Famine that rages in their Country:—A Famine so great, that you tell us a Father has been obliged to facrifice one Part of his Family, even his own Children, for

Then the Governor told them that the Goods, of which the Particulars had been just read to them, were in the Meeting-House, and would be fent to whatever Place they would direct.

The Governor then proceeded:

Harmony with all the Indians: Of these your Nations have ever been fully fenfible; but more especially a Number of your Chiefs, about ten Years ago, when, on the Arrival of a Son of your said great Friend William Penn, large and valuable Presents were exchanged by us with you; a new Road was made and cler, a new Fire kindled; and the Chain of sendship made ftronger, so as to last while the Sun and Moon endure.

And now we cannot but congratulate ourselves, that your coming should happen at a Time, when

we are in daily Expectation of a War being declared between the King of England, and the

French King, well knowing that should such a War happen, it must very sensibly affect you,

confidering your Situation in the Neighbourhood of Canada. Your coming at this Juncture is

particularly fortunate, fince it gives us an Opportunity of mentioning several Things that may be necessary to be settled, between People so

firictly and closely united as we are.—An Union

not to be expressed by any Thing less than the affectionate Regards which Children of the same

· Parents bear for each other, as conceiving our-' selves to be one Flesh and one People.

The utmost Care therefore ought mutually to be taken by us on both Sides, that the Road be-

' tween us be kept perfectly clear and open, and ono Lets nor the least Obstruction be suffered to

' lie in the Way; or if any should by Accident be found, that may hinder our free Intercourse and

In Evidence of our sincere Intentions we lay down this Belt of Wampum.

In the last Place, considering the Obligations we are mutually under by our several Treaties,

"That we should hear with our Ears for you, and you hear with your Ears for us; " we shall at

'Times very willingly give you the earliest and best Intelligence, of any Designs that may be

' form'd to your Disadvantage.—And if you discover any Preparations that can hurt us, we de-

fire you will immediately dispatch some suitable

' Person, in whom we can place a Considence, to ' give us a proper Information.'

To inforce this Request, as well as to brighten the

Chain, we lay down this other Belt of Wampum.

On the Governor's concluding the Speech, the folemn Cry, by Way of Approbation, was repeated by the Indians, as many Times as there were Nations present; and then Canassateege rose up and spoke.

BRETHREN,

We thank you for your kind Speech: What ' you have faid is very agreeable to us; and To-

morrow, when we have deliberated on the fe-

' veral Matters recommended to us, we will give

' you our Answer. We desire, as our Time will

' be wholly taken up in Council, you will order ' the Goods to be carried back to the Proprietaries,

' to prevent their being lost, and that they may

' continue there till we call for them.'

CANASSATEEGO's Speech on Behalf of the Six Nations.

BRETHREN, the Governor and Council, and all present,

According to our Promise we now propose to return you an Answer to the several Things mentioned to us Yesterday, and shall beg Leave

to speak to public Affairs first, tho' they were

what you spoke to last. On this Head you Yesterday put us in Mind, first, " Of William

e Penn's early and constant Care to cultivate

" Friendship with all the Indians; of the Treaty we held with one of his Sons, about ten Years

ago; and of the Necessity there is at this Time

of keeping the Roads between us clear and free " from all Obstructions." We are all very sen-

fible of the kind Regard that good Man William Penn had for all the Indians, and cannot but be

e pleased to find that his Children have the same. We well remember the Treaty you mention held

with his Son on his Arrival here, by which we confirmed our League of Friendship, that is to last

quence of this, we, on our Part, shall preserve the Road free from all Incumbrances; in Confirmation whereof we lay down this String of

firmation whereof we lay down this String of Wampum. 'You, in the next Place, faid you would en-· large the Fire, and make it burn brighter, which we are pleased to hear you mention; and assure you, we shall do the same, by adding to it more Fuel, that it may still flame out more strongly ' than ever: In the last Place, you were pleased to ' fay that we are bound by the strictest Leagues, by to watch for each others Preservation; that we · should hear with our Ears for you, and you hear with your Ears for us: This is equally agreeable to us; and we shall not fail to give you early Intelligence, whenever any Thing of Confequence comes to our Knowledge: And to encourage you to do the same, and to nourish in ' your Hearts what you have spoke to us with ' your Tongues, about the Renewal of our Amity, and the Brightening of the Chain of Friendship, we confirm what we have faid with another Belt f of Wampum.'

BRETHREN,

We received from the Proprietor's Yesterday, fome Goods in Consideration of our Release of the Lands on the West-side of Sasquehannah. It is true, we have the sull Quantity according to Agreement; but if the Proprietor had been here himself, we think, in Regard of our Numbers and Poverty, he would have made an Addition to them.—If the Goods were only to be divided amongst the Indians present, a single Person would have but a small Portion; but if you consider what Numbers are lest behind, equally entitled with us to a Share, there will be extremely

little. We therefore defire, if you have the ' Keys of the Proprietor's Chest, you will open it, and take out a little more for us.

We know our Lands are now become more valuable: The white People think we do not know their Value; but we are sensible that the Land is everlasting, and the few Goods we receive for it are foon worn out and gone. For

the future, we will fell no Lands but when Brother Onas is in the Country; and we will know

before-hand, the Quantity of the Goods we are to receive. Besides, we are not well used with e respect to the Lands still unsold by us. Your

· People daily fettle on these Lands, and spoil our · Hunting.-We must insist on your removing them, as you know they have no Right to fettle

to the Northward of Kittochtinny-Hills. - In particular, we renew our Complaints against some People who are settled at Juniata, a Branch of

· Sasquehannah, and all along the Banks of that River, as far as Mahaniay; and desire they may

be forthwith made to go off the Land, for they 6 do great Damage to our Cousins the Delawares.

We have further to observe, with respect to the Lands lying on the West-side of Sasquehannah, that though Brother Onas (meaning the Propriefor) has paid us for what his People posses, yet fome Parts of that Country have been taken up by Persons, whose Place of Residence is to the South of this Province, from whom we have e never received any Confideration. was recommended to you by our Chiefs at our

last Treaty; and you then, at our earnest De-' fire, promised to write a Letter to that Person who has the Authority over those People, and to

procure us his Answer: As we have never heard any from you on this Head, we want to know what you have done in it. If you have not

done any Thing, we now renew our Request, and desire you will inform the Person whose People are seated on our Lands, that that Coun-

try belongs to us, in Right of Conquest; we having bought it with our Blood, and taken it

from our Enemies in fair War; and we expect,

s as Owners of that Land, to receive such a Con-

fideration for it as the Land is worth. We defire you will press him to send a positive Answer:

Let him fay Yes or No: If he fays Yes, we will

treat with him; if No, we are able to do our-

felves Justice; and we will do it, by going to take Payment ourselves.

It is customary with us to make a Present of

Skins, whenever we renew our Treaties. We are ashamed to offer our Brethren so few, but

your Horses and Cows have eat the Grass our

Deer used to feed on. This has made them fcarce, and will, we hope, plead in Excuse for

our not bringing a larger Quantity. If we could

have spared more, we would have given more;

but we are really poor; and defire you'll not

consider the Quantity, but, sew as they are, accept them in Testimony of our Regard.

Here they gave the Governor a Bundle of Skins.

The Governor immediately replied:

BRETHREN,

We thank you for the many Declarations of

Respect you have given us, in this solemn Re-

'newal of our Treaties: We receive, and shall

keep your String and Belts of Wampum, as
Pledges of your Sincerity, and defire those we

gave you may be carefully preserved, as Testi-

' monies of ours.

'In Answer to what you say about the Proprietaries.—They are all absent, and have taken the · Keys of their Chest with them; so that we canon their Behalf, enlarge the Quantity of Goods: Were they here, they might, perhaps, be more generous; but we cannot be liberal for them.—The Government will, however, take ' your Request into Consideration; and in Regard to your Poverty, may perhaps make you a Prefent. I but just mention this now, intending to refer this Part of your Speech to be answered at

our next Meeting.

'The Number of Guns, as well as every Thing else, answers exactly with the Particulars specified in your Deed of Conveyance, which is more than was agreed to be given you. It was your own Sentiments, that the Lands on the West-side of Sasquehannah were not so valuable as those on the East; and an Abatement was to be made, • proportionable to the Difference in Value: But the Proprietor overlooked this, and ordered the full Quantity to be delivered, which you will · look on as a Favour.

It is very true, that Lands are of late become ' more valuable; but what raises their Value? Is it not entirely owing to the Industry and Labour ' used by the white People, in their Cultivation and Improvement? Had not they come amongst ' you, these Lands would have been of no Use to ' you, any farther than to maintain you. ' there not, now you have fold fo much, enough ' left for all the Purposes of Living?—What you ' fay of the Goods, that they are soon worn out, is applicable to every Thing; but you know very well, that they cost a great deal of Money; and ' the Value of Land is no more than it is worth ' in Money.

On your former Complaints against People's fettling in the Lands on Juniata, and from thence e all along on the River Sasquehannah as far as

· Mahaniahy, some Magistrates were sent expressly

to remove them, and we thought no Persons

would presume to stay after that.'

Here they interrupted the Governor, and faid: . " These Persons who were sent did not do "their Duty: So far from removing the People, they made Surveys for themselves, and they are are in League with the Trespassers. We desire " more effectual Methods may be used, and ho-" nester Persons employed."

Which the Governor promised, and then pro-

ceeded:

BRETHREN,

According to the Promise made at our last 'Treaty with you, Mr. Logan, who was at that 'Time President, did write to the Governor of ' Maryland, that he might make you Satisfaction for fuch of your Lands as his People had taken up, but did not receive one Word from him ' upon that Head. I will write to him again, and endeavour to procure you a fatisfactory An-' fwer. We do not doubt but he will do you ' Justice: But we exhort you to be careful not to exercise any Acts of Violence towards his Peoe ple, as they likewise are our Brethren, and Sub-' jects of the same great King; and therefore Violence towards them must be productive of very evil Consequences.

'I shall conclude what I have to say at this

'Time, with Acknowledgments for your Prefent; which is very agreeable to us, from the

· Expressions of Regard used by you in presenting ' it: Gifts of this Nature receiving their Value from from the Affection of the Giver, and not from

the Quantity or Price of the Thing given.

The Board taking into Consideration whether it be proper or not at this Time, to make a Present to the *Indians* of the Six Nations now in Town, in Return for their Present to this Government at Yesterday's Treaty;

Resolved,

That it is highly fit and proper that a Present be made to the said *Indians* at this Time.

And it is the Opinion of this Board, that the faid Present should be of the Value of 500 1. or at

least 300 %

And it is recommended to Mr. Logan, Mr. Preston, and Mr. Lawrence, to acquaint Mr. Kinfey, the Speaker of the Assembly, with the Opinion of this Board; and that they request him to confer with such other Members of the Assembly as are in Town, and report their Sentiments thereupon.

The Governor informed the Board, that the Indian Chiefs dining with him Yesterday, after Dinner delivered their Answer to two Affairs of Con-

fequence: The first related to the violent Battery committed on William Webb, in the Forks of Delaware, whereby his Jaw-bone was broke, and his Life greatly endangered, by an unknown Indian. nassateego repeating the Message delivered to the Six Nations by Shickcalamy, in the Year 1740, with a String of Wampum, faid in Answer: The Six · Nations had made diligent Enquiry into the Affair, Vol. II.

and had found out the Indian who had commit-

ted the Fact; he lived near Asopus, and had been

examined and severely reprov'd: And they hoped,

• as William Webb was recovered, the Governor

would not expect any further Punishment; and

therefore they returned the String of Wampum received from their Brethren, by the Hand of

Shickcalamy, in token that they had fully complied

with their Request.'

I thank'd them, faid he, for their Care; but reminded them, that though the Man did not die, yet he lay a long Time in extreme Misery, and would never recover the free Use of his Speech, and was rendered less able to get his Livelihood; and in fuch Cases the English Laws obliged the Assailant to make good all Damages, besides paying for the Pain endured.—But as the Indian was, in all Probability, poor, and unable to make Satisfaction, I told them, that for their Sake I would forgive him; adding, had Webb died, I make no Doubt but you would have put the Indian to Death, just as we did two of our People who had killed an Indian; we caused them to be hung on a Gallows, in the Presence of many Hundreds of our People, to deter all others from doing the like, Canassateego made me this Reply: 'The Indians know ono Punishment but Death; they have no such

Thing as pecuniary Mulcts; if a man be guilty of a Crime, he is either put to Death, or the Fault

is overlook'd. We have often heard of your

hanging up those two Persons; but as none of

• our *Indians* faw the Men die, many believe they

were not hanged, but transported to some other Colony: And it would be satisfactory to the In-

' dians, if, for the future, fome of them be fent

Canassatego then proceeded to give an Answer to what was faid to them the 2d Instant, relating to Le Tort's Letter: 'That they had, in Council, confidered in what Manner the Matter recommended to them ought to be conducted; and they were of Opinion, that as the Shawane/e, not the Twightwys (for they knew so much of it, that the People were of the Twightwy Nation in whose Bags the Scalps were ound) had sent me na Present of Skins, I should in Return, send them a Blanket or a Kettle, and with it a very sharp Message; that the they had done well in sweepsing the Road from Blood, yet that was but a fmall Part of their Duty; they ought not to have fuffered the Twightwys, after their Lye, and the Discovery of the Scalps, to have left them, 'till sthey had given a full and true Account how they scame by them, whose Scalps they were, and in what Place, and for what Reason the Men were kill'd; and when they had been fully fatisfied of all these Particulars, then it was their Duty to have given Information to the Government where the white People lived, that the Murderers might be complained against, and punished by the Nation they belonged to: And as the Shawanese had omitted to perform the Part of Brethren, that I should reprove them for it, and charge them to make Amends for their Neglect, by using all possible Expedition to come at the Knowledge of these Things, and to aid their Brethren the white People in obtaining Justice.'

The Minutes of the preceding Council being read, Mr. Logan reported, on Behalf of himself, and the other Gentlemen to whom it was recommended, that they had confer'd with Mr. Kinsey, and requested him to consult the other Members

of the Assembly concerning the making a Present to the Indians; and that Mr. Kinsey, having collected the Sentiments of several Members of the Assembly in Town, whom he had confer'd with on that Subject, found them generally of Opinion, that a Present should at this Time be made; but that they had declined nominating any Sum: However, that Mr. Kinsey had given it as his own Opinion, that the Governor and Council might go as far as three hundred Pounds.

And accordingly it is refer'd to Mr. Logan, Mr. Presson and Mr. Lawrence, to consider of, and prepare a proper List of the Goods whereof the Present should be composed, to the Value of three hundred Pounds, as aforesaid; advising with the Interpreter as to the Quantity and Quality.

BRETHREN,

'The last Time the Chiefs of the Six Nations were here, they were informed, that your Cousins, a Branch of the Delawares, gave this Province fome Disturbance about the Lands the Proprietor so purchased from them, and for which their Ancestors had received a valuable Consideration above fifty-five Years ago, as appears by a Deed on now lying on the Table.—Some time after this. · Conrad Weiser delivered to your Brother Thomas · Penn your Letter, wherein you request of him, and James Logan, that they would not buy Land, • &c.—This has been shewn to them, and inye terpreted; notwithstanding which, they have con-' tinued their former Disturbances, and have had the Insolence to write Letters to some of the ' Magistrates of this Government, wherein they have abused your good Brethren, our worthy Proprietaries, and treated them with the utmost · Rudeness and Ill-Manners. Being loth, from our Regard to you, to punish them as they de-· ferve, I fent two Messengers to inform them that you were expected here, and should be acquainted with their Behaviour.—As you, on all Occasions, apply to us to remove all white People that are fettled on Lands before they are purchased from you, and we do our Endeavours to turn such People off, we now expect from you, that you ' will cause these Indians to remove from the Lands in the Forks of Delaware, and not give any further Disturbance to the Persons who are now

Then were read the several Conveyances, the Paragraph of the Letter wrote by the Chiefs of the Six Nations relating to the Delewares; the Letters of the Fork Indians to the Governor and Mr. Lang. horne, and a Draught of the Land; these were then delivered to Conrad Weiser, who was desired to interpret them to the Chiefs, when they should take this Affair into their Consideration.

An Account exhibited by Conrad Weiser of his Expences upon the Indians, and Indian Affairs, from February last to July 1, 1742, amounting to 36 l. 18 s. 3 d. was laid before the Board, and examin'd, and allow'd to be a just and very moderate Account.

And the Board taking into Consideration the many signal Services performed by the said Conrad Weiser to this Government, his Diligence and Labour in the Service thereof, and his Skill in the Indian Languages and Methods of Business, are of Opinion, that the said Conrad should be allowed, as a Reward from the Province at this Time, the Sum of Thirty Pounds, at least, besides Payment of his said Account.

all these several Papers: We see with our own

Eyes, that they have been a very unruly People,

and are altogether in the Wrong in their Dealings with you.—We have concluded to remove

of Wampum in Return for yours.'

Then turning to the *Delawares*, holding a Belt of Wampum in his Hand, he spoke to them as follows:

· Cousins,

Let this Belt of Wampum serve to chastise

you. You ought to be taken by the Hair of the Head, and shaked severely, till you recover

'your Senses, and become sober. You don't

know what Ground you stand on, nor what

very just and plain, and his Intentions are to

Did you ever tell us that you ' had fold this Land? Did we ever receive any Part, even the Value of a Pipe-shank, from you for it? You have told us a blind Story, that you ' fent a Messenger to us to inform us of the Sale; but he never came amongit us, nor we never heard any Thing about it.—This is acting in the Dark, and very different from the Conduct our Six Nations observe in the Sales of Land; on fuch Occasions they give publick Notice, and ' invite all the Indians of their united Nations, and give them all a Share of the Present they receive for their Lands.—This is the Behaviour of the wife united Nations.—But we find you ' are none of our Blood: You act a dishonest Part, not only in this, but in other Matters: Your Ears are ever open to slanderous Reports about our Brethren; you receive them with as much Greediness as lewd Women receive the Embraces of bad Men. And for all these Reasons, we charge you to remove instantly; we don't give you the Liberty to think about it. You are Women. Take the Advice of a wise Man, and remove immediately. This being interpreted by Conrad Weiser into English, and by Cornelius Spring into the Delaware Language, Canassatego taking a String of Wampum, added further:

'After our just Reproof, and absolute Order

to depart from the Land, you are now to take Notice of what we have further to fay to you.

Canassateego then spoke to the Governor and Council:

BRETHREN,

We called at our old Friend James Logan's, in our Way to this City, and, to our Grief, we found

s found him hid in the Bushes, and retired, thro' ! Infirmities, from publick Business. We press'd him to leave his Retirement, and prevailed with him to affift once more on our Account at your Councils. We hope, notwithstanding his Age, and the Effects of a Fit of Sickness, which we understand has hurt his Constitution, that he may yet continue a long Time to affift this Province with his Counsels. He is a wise man, and a fast Friend to the Indians; and we defire, ' when his Soul goes to GOD, you may chuse in his Room just such another Person, of the fame Prudence and Ability in counfelling, and of the same tender Disposition and Affection for the Indians. In Testimony of our Gratitude for all his Services, and because he was so good as to leave his Country-house, and follow us to 'Town, and be at the Trouble, in this his ad-' vanced Age, to attend the Council, we present him with this Bundle of Skins.'

· BRETHREN;

It is always our Way, at the Conclusion of a Treaty, to desire you will use your Endeavours with the Traders, that they may sell their Goods cheaper, and give us a better Price for our Deer-skins. Whenever any particular Sort of Indian Goods is scarce, they constantly make us pay the dearer on that Account. We must now use the same Argument with them: Our Deer are killed in such Quantities, and our Hunting-Countries grown less every Day by the Settlement of white People, that Game is now difficult to find, and we must go a great Way in quest of it; they therefore ought to give us a better Price for our Skins; and we desire you would speak to them to do so. we present you with this Bundle of Skins.

BRETHREN,

When we first came to your Houses we found them clean, and in Order, but we have staid so Iong as to dirty them; which is to be imputed 6 to our different Way of Living from the white · People: And therefore, as we cannot but have been disagreeable to you on this Account, we e present you with some Skins, to make your Houses clean, and put them into the same Condition they were in when we came amongst 'you.'

BRETHREN,

• The Business the Five Nations transact with you is of great Confequence, and requires a fkilful and honest Person to go between us; one in whom both you and we can place a Confidence.-We esteem our present Interpreter to be such a Person, equally faithful in the Intere pretation of whatever is faid to him by either of us, equally allied to both; he is of our Nation, and a Member of our Council, as well as of yours. When we adopted him, we divided him into two equal Parts: One we kept for ourselves, and one we left for you. He has had a great Deal of Trouble with us, wore out his Shoes in our Messages, and dirtied his Cloaths by being amongst us, so that he is become as nasty as an · Indian.

'In return for these Services, we recommend him to your Generosity; and on our own Behalf, we give him Five Skins to buy him Cloaths and

' Shoes with.'

· BRETHREN,

We have still one more Favour to ask. Our Treaty, and all we have to say about public Business, is now over, and To-morrow we design to leave you. We hope, as you have given us Plenty of good Provision whilst in Town, that you will continue your Goodness so far as to supply us with a little more to serve us on the Road. And we likewise desire you will provide us with Waggons, to carry our Goods to the Place where they are to be conveyed by Water.'

To these several Points the Governor made the following Reply.

BRETHREN of the Six Nations,

'The Judgment you have just now passed on ' your Cousins the Delawares, confirms the high ' Opinion we have ever entertained of the Justice of the Six Nations. This Part of your Character, for which you are defervedly famed, made us wave doing ourselves Justice, in order to give ' you another Opportunity of convincing the World of your inviolable Attachment to your Engagements. These unhappy People might ' have always lived easy, having never received the · least Injury from us; but we believe some of our own People were bad enough to impose on their Credulity, and engage them in these wrong Measures, which we wish, for their Sakes, · they had avoided. • We

eir Sakes,

We hoped, from what we have constantly given in Charge to the *Indian* Traders, that they would have administred no just Cause of Complaint: If they do you Wrong, it is against our Inclinations, and contrary to our express Directions. As you have exhibited no particular Charge against them, we shall use our best Endeavours to persuade them to give you as much for your Skins as they can possibly afford; and to take Care that their Goods, which they give in Exchange for Skins, be of the best Sort. We will likewise order you some Rum to serve you

on your Journey Home, fince you defire it.
We wish there had been more Room and better Houses provided for your Entertainment;

but not expecting so many of you, we did the best we could. 'Tis true, there are a great many

Houses in Town, but as they are the Property
of other People, who have their own Families

to take Care of, it is difficult to procure Lodg-

ings for a large Number of People, especially if

' they come unexpectedly.

We entertain the same Sentiments of the Abilities and Probity of the Interpreter, as you have expressed. We were induced at first to make Use of him in this important Trust, from his being known to be agreeable to you, and one

who had lived amongst you for some Years, in good Credit and Esteem with all your Nations;

and have ever found him equally faithful to both.

We are pleased with the Notice you have taken of him, and think he richly deserves it at your Hands. We shall not be wanting to make him

a fuitable Gratification, for the many good and faithful Services he hath done this Government.

We have already given Orders for Waggons to carry your Goods, and for a Supply of Provi-

fions to serve you on the Road in your Return

Home,

Home, where we heartily wish you may arrive

in good Health.'

After the Governor had concluded, Mr. Logan returned an Answer to that Part of Canassateego's Speech, which related to him, and faid, 'That not only upon the Account of his Lameness, of which the Indians themselves were Witnesses; but on Account of another Indisposition, which about three Years fince had laid him under an · Incapacity of expressing himself with his former usual Freedom, he had been obliged to live retired in the Country. He thanked them kindly for their Present, and heartily joined with them in their Defires, that this Government may always be furnished ' with Persons of equally good Inclinations, and only with fuch, but also with better Abilities to ferve them.' The Honourable GEORGE THOMAS, Esq; Governor, &c.

The Honourable the Commissioners of Virginia.

The Honourable the Commissioners of Maryland.

The Deputies of the Six Nations.

Conrad Weiser, Interpreter.

The GOVERNOR spoke as follows:

Honourable Gentlemen, Commissioners for the Governments of Virginia and Maryland, and Brethren, Sachims, or Chiefs of the Indians of the Six Nations;

A T a Treaty, held by me two Years ago, in Behalf of the Government of Pensylvania, with a Number of the Chiefs of the Indians of the Six Nations, I was defired by them to write to the Governor of Maryland concerning some Lands in the back Parts of that Province, which they claim a Right to from their Conquests over the ancient Posselfors, and which have been settled by some of the Inhabitants of that Government, without their Consent, or any Purchase made from them. It was at that Time understood that the Claim was upon Maryland only; but it has since appeared, by some Letters formerly wrote by Mr. President Lovanian.

The honourable the Commissioners for these two Governments, and the Deputies of the Six Nations, are now met at the Place appointed for the Treaty. It only remains therefore for me to fay, that if my further good Offices shall be thought useful for the

the Accomplishment of this Work, you may rely most assuredly upon them.

But I hope, honourable Gentlemen Commissioners, it will not be taken amiss if I go a little further, and briefly represent to you, how especially necessary it is at this Juncture, for his Majesty's Service, and the Good of all his Colonies in this Part of his

Dominions, that Peace and Friendship be establish'd between your Governments and the *Indians* of

the Six Nations.

These Indians, by their Situation, are a Frontier to some of them; and, from thence, if Friends, are capable of defending their Settlements; if Enemies, of making cruel Ravages upon them; if Neuters, they may deny the French a Passage through their Country, and give us timely Notice These are but some of the Moof their Designs. tives for cultivating a good Understanding with them; but from hence the Disadvantages of a Rupture are abundantly evident. Every Advantage you gain over them in War, will be a weakening of the Barrier of those Colonies; and consequently be, in Effect, Victories over yourselves and your Fellow Subjects. Some Allowances for their Prejudices and Passions, and a Present now and then for the Relief of their Necessities, which have, in some Measure, been brought upon them by their Intercourse with us, and by our yearly extending our Settlements, will probably tie them more closely to the British Interest. This has been the Method of New-York and Pensylvania, and will not put you to fo much Expence in twenty Years, as the carrying on a War against them will do in one. Friends and Brethren, Sachims, or Chiefs of the Indians of the Six Nations:

These, your Brethren of Virginia and Maryland, are come to enlarge the Fire, which was almost gone out, and to make it burn clearer; to brighten the Chain, which had contracted some Rust, and to renew their Friendship with you; which it is their Defire may last so long as the Sun, the Moon and the Stars, shall give Light. Their Powers are derived from the Great King of ENGLAND, your Father; and whatever Conclusions they shall come to with you, will be as firm and binding as if the Governors of these Provinces were themselves here. I am your Brother, and, which is more, I am your true Friend. As you know, from Experience, that I am so, I will now give you a few Words of Advice. Receive these your Brethren with open Arms; unite yourselves to them in the Covenant Chain, and be you with them as one Body, and one Soul. I make no doubt but the Governor of Canada has been taking Pains to widen the Breach between these your Brethren of Virginia and you; but as you cannot have forgot the Hatred the French have always borne to your Nations, and

[†] The two preceding Paragraphs were allowed by the Commissioners of Virginia, whilst they were at Philadelphia, to be very proper to be spoken by the Governor of Pensylvania, at the Opening of the Treaty; but taking up an Opinion, from what passed at the first friendly Interview with the Indians, that they would not make any Claim upon Lands within the Government of Virginia, the Governor consented so decline speaking them in the Presence of the Indians.

He wants to divide you from us, in order the more easily to destroy you; which he will most certainly do, if you suffer yourselves to be deluded by him.

As to what relates to the Friendship established between the Government of *Pensylvania* and your Nations, I will take another Day to speak to you

upon it.'

To enforce what had been said, the GOVERNOR laid down a Belt of Wampum; upon which the Indians gave the * Yo-hah.

After a short Pause, the Governor ordered the Interpreter to tell the Indians, that as they had greatly exceeded their appointed Time for meeting the Commissioners, he recommended to them to use all the Expedition possible in giving their Answer to what had been said, that they might forthwith proceed to treat with the respective Commissioners on the Business they came about.

Then Canassatego repeated to the Interpreter the Substance of what the Governor had spoke, in order to know if he had understood him right (a Method generally made use of by the *Indians*) and when the Interpreter told him he had taken the true Sense, Canassatego proceeded to return the Thanks of the Six Nations for the Governor's kind Advice, promising to follow it as far as lay in their Power;

but as it was their Custom when a Belt was given to return another, they would take Time till the Afternoon to provide one, and would then give their Answer.

PRESENT,

The Honourable GEORGE THOMAS, Eiq; Governor, &c.

The Honourable the Commissioners of Virginia,

The Honourable the Commissioners of Maryland.

The Deputies of the Six Nations. Conrad Weiser, Interpreter.

Canassateego's Answer to the Governor's Speech delivered in the Morning.

Brother Onas,

YOU spoke in the Presence of Assaragea and the Governor of Maryland to us, advising us to receive them as our Brethren, and to unite with them in the Covenant Chain as one Body, and one Soul. We have always considered them as our Brethren, and, as such, shall be willing to brighten the Chain of Friendship with them; but since there are some Disputes between us respecting the Lands possessed by them, which formerly belonged to us, we, according to our Custom, propose to have those Differences first adjusted, and then we shall proceed to confirm the Friendship subsisting between us, which will meet with no Obstruction after these Matters are settled.

Here they presented the GOVERNOR with a Belt of Wampum, in return for the Belt given them in the Morning by the GOVERNOR; and the Literpreter was ordered to return the Yo-hah.

Then the GOVERNOR, in Reply, Spoke as follows:

I receive your Belt with great Kindness and Affection; and as to what relates to the Governments of Virginia and Maryland, the honourable Commissioners, now present, are ready to treat with you. I shall only add, that the Goods for the Hundred Pounds Sterling, put into my Hands by the Governor of Virginia, as a Token of his good Dispositions to preserve Friendship with you, are now in Town, and ready to be delivered, in consequence of what was told you by Conrad Weiser when he was last at Onondago.

Then the Governor, turning to the Commissioners of Virginia and Maryland, said, Gentlemen, I now finished what was incumbent upon me to say, by Way of Introduction to the Indians; and as you have a full Authority from your respective Governments to treat with them, I shall leave the rest intirely to you, and either stay or withdraw, as you

shall think most for your Service.'

The Commissioners said, they were all of Opinion, it would be for their Advant, e, that the Governor should stay with them; and therefore they unanimously desired he would savour them with the Continuance of his Presence whilst they should be in Treaty with the *Indians*: Which his Honour said he would at their Instance very readily do, believing it might expedite their Business, and prevent any Jealousy the *Indians* might conceive at his withdrawing.

Here

The Commissioners of Maryland ordered the Interpreter to acquaint the Indians that the Government of Maryland was going to speak to them, and then spoke as follows:

· Friends and Brethren of the United Six Nations,

We, who are deputed from the Government of Maryland by a Commission under the Great Seal of that Province, now in our Hands (and which will be interpreted to you) bid you welcome; and in Token that we are very glad to see you here as Brethren, we give you this String of Wampum.

Upon which, the Indians gave the Yo-hah.

When the Governor of Maryland received the first Notice, about seven Years ago, of your Claim to some Lands in that Province, he thought our good Friends and Brethren of the Six Nations had little Reason to complain of any Injury from Maryland, and that they would be so well convinced thereof, on farther Deliberation, as he should hear no more of it; out you spoke of that Matter again to the Governor of Pensylvania, about two Years since, as if you designed to terrify us.

It was very inconsiderately said by you, that you would do yourselves Justice, by going to take Payment yourselves: Such an Attempt would have intirely dissolved the Chain of Friendship subsisting, not only between us, but perhaps the other English and you.

We assure you, our People, who are numerous, courageous, and have Arms ready in their Hands, will not suffer themselves to be hurt in their Lives and Estates.

But, however, the old and wife People of Maryland immediately met in Council, and upon contidering very coolly your rash Expressions, agreed ha fai

And as an Earnest of our Sincerity and Goodwill towards you, we present you with this Belt of Wampum.

On which the Indians gave the Yo-hah.

Our Great King of ENGLAND, and his Subjects, have always possessed the Province of Maryland free and undiffurbed from any Claim of the Six Nations, for above one hundred Years past, and your not faying any thing to us before, convinces us you thought you had no Pretence to any Lands in Maryland; nor can we yet find out to what Lands, or under what Title you make your Claim: For the Sasquehannah Indians, by a Treaty above ninety Years fince (which is on the Table, and will be interpreted to you) give, and yield to the English Nation, their Heirs and Assigns for ever, the greatest Part (if not all) of the Lands we posses, from Patuxent River, on the Western, as well as from Choptank River, on the Eastern Side of the great Bay of Chessapeak. And, near fixty Years ago, you acknowledged to the Governor of New-York at Albany, "That you had given your Lands, and " fubmitted yourselves to the King of England."

We are that great King's Subjects, and we possess and enjoy the Province of Maryland by Virtue of his Right and Sovereignty thereto. Why, then, will you stir up any Quarrel between you and ourselves, who are as one Man, under the Protection

of that Great King?

We need not put you in mind of the Treaty, (which we suppose you have had from your Fathers) made with the Province of *Maryland* near seventy Years ago, and renewed and confirmed twice since that Time.

By these Treaties we became Brethren; we have always lived as such, and hope always to con-

tinue fo.

We have this further to say, that altho' we are not satisfied of the Justice of your Claim to any Lands in Maryland, yet we are desirous of shewing our brotherly Kindness and Affection, and to prevent (by any reasonable Way) every Misunderstanding between the Province of Maryland and you our Brethren of the Six Nations.

For this Purpose we have brought hither a Quantity of Goods for our Brethren the Six Nations, and which will be delivered you as soon as we shall have received your Answer, and made so bright and large a Fire as may burn pure and clear

whilst the Sun and Moon shall shine.

We have now freely and openly laid our Bosoms bare to you; and that you may be the better confirmed of the Truth of our Hearts, we give you this Belt of Wampum.'

Which was received with the Yo hah.

After a little Time Canassateego spoke as follows:

Brother, the Governor of Maryland,

We have heard what you have faid to us; and, as you have gone back to old Times, we cannot give you an Answer now, but shall take what you have faid into Consideration, and, return you our Answer some Time To-morrow.' He then sat down, and after some Time he spoke again.

Which was received with the ufual Ceremony,

Brother, the Governor of Maryland,

You tell us, that when about Seven Years ago you heard, by our Brother Onas, of our Claim to fome Lands in your Province, you took no Notice of it, believing, as you fay, that when we should come to reconfider that Matter, we should find that we had no Right to make any Complaint of the Governor of Maryland, and would drop our De-And that when about two Years ago we mentioned it again to our Brother Onas, you say we did it in fuch Terms as looked like a Defign to terrify you; and you tell us further, that we must be beside ourselves, in using such a rash Expression as to tell you, We know how to do ourselves Justice if you still refuse. Your wise Men have done well; and as there is no Obstacle to a good Understanding between us, except this Asfair of our Land, we, on our Parts, do give you the strongest Assurances of our good Disposition towards you, and that we are as defirous as you to brighten the Chain, and to put away all Hinderances to a perfect good Understanding; and, in Token of our Sincerity, we give you this Belt of Wampum.

Which was received, and the Interpreter ordered to give the Yo-hah.

Brother, the Governor of Maryland,

When you mentioned the Affair of the Land Yesterday, you went back to old Times, and told us, you had been in Possession of the Province of Maryland above One Hundred Years; but what is One

One Hundred Years in Comparison of the Length of Time fince our Claim began? fince we came out of this Ground? For we must tell you, that long before One Hundred Years, our Ancestors came out of this very Ground, and their Children have remained here ever fince. You came out of the Ground in a Country that lies beyond the Seas, there you may have a just Claim, but here you must allow us to be your elder Brethren, and the Lands to belong to us long before you knew any Thing of them. It is true, that above One Hundred Years ago the Dutch came here in a Ship, and brought with them feveral Goods; fuch as Awls, Knives, Hatchets, Guns, and many other Particulars, which they gave us; and when they had taught us how to use their Things, and we saw what Sort of People they were, we were so well pleased with them, that we tied their Ship to the Bushes on the Shore; and afterwards, liking them still better the longer they staid with us, and thinking the Bushes too slender, we removed the Rope, and tied it to the Trees; and as the Trees were liable to be blown down by high Winds, or to decay of themfelves, we, from the Affection we bore them, again removed the Rope, and tied it to a strong and big Rock [here the Interpreter said, they mean the Oneido Country] and not content with this, for its further Security, we removed the Rope to the big Mountain [here the Interpreter said, they mean the Onondago Country] and there we tied it very fast, and roll'd Wampum about it; and, to make it still more secure, we stood upon the Wampum, and fat down upon it, to defend it, and to prevent any Hurt coming to it, and did our best Endeavours that it might remain uninjured for ever. During all this Time the New-comers, the Dutch, acknowledged our Right to the Lands, and folicited us, from Time to Time, to grant them Parts of our Country,

y

Country, and to enter into League and Covenant with us, and to become one People with us.

After this, the English came into the Country, and, as we were told, became one People with the About two Years after the Arrival of the English, an English Governor came to Albany, and finding what great Friendship subsisted between us and the Dutch, he approved it mightily, and defired to make as strong a League, and to be upon as good Terms with us as the Dutch were, with whom he was united, and to become one People with us: And by his further Care in looking into what had passed between us, he found that the Rope which tied the Ship to the great Mountain was only fastened with Wampum, which was liable to break and rot, and to perish in a Course of Years; he therefore told us, he would give us a Silver Chain, which would be much stronger, and would last for This we accepted, and fastened the Ship with it, and it has lasted ever since. Indeed we have had fome small Differences with the English, and, during these Misunderstandings, some of their young Men would, by way of Reproach, be every now and then telling us, that we should have perished if they had not come into the Country, and furnished us with Strowds, and Hatchets, and Guns, and other Things necessary for the Support of Life; but we always gave them to understand that they were mistaken, that we lived before they came amongst us, and as well, or better, if we may believe what our Forefathers have told us. then Room enough, and Plenty of Deer, which was eafily caught; and tho' we had not Knives, Hatchets, or Guns, fuch as we have now, yet we had Knives of Stone, and Hatchets of Stone, and Bows and Arrows, and those served our Uses as well then, as the English ones do now. liable to many other Inconveniencies fince the English came among us, and particularly from that Pen and Ink Work that is going on at the Table (pointing to the Secretary) and we will give you an Instance of this. Our Brother Onas, a great while ago, came to Albany to buy the Sasquehannah Lands of us; but our Brother the Governor of New-York, who, as we suppose, had not a good Understanding with our Brother Onas, advised us not to sell him any Land, for he would make an ill Use of it; and, pretending to be our good Friend, he advised us, in order to prevent Onas's, or any other Person's imposing upon us, and that we might always have our Land when we should want it, to put it into his Hands; and told us, he would keep it for our Use, and never open his Hands, but keep them close shut, and not part with any of it, but at our Request. Accordingly we trusted him, and put our Land into his Hands, and charged him to keep it fafe for our Use; but, some Time after, he went to England, and carried our Land with him, and there fold it to our Brother Onas, for a large Sum of Money; and when, at the Instance of our Brother Onas, we were minded to fell him fome Lands, he told us he had fold the Safquehannah Lands already to the Governor of New-York, and that he had bought them from him in *England*; tho', when he came to understand how the Governor of New-York had deceived us, he very generously paid us for our Lands over again.

Tho' we mention this Instance of an Imposition put upon us by the Governor of New-York, yet we must do the English the Justice to say, we have had their hearty Assistances in our Wars with the French, who were no sooner arrived amongst us, than they began to render us uneasy, and to provoke us to War, and we had several Wars with them; during all which, we constantly received Assistance.

Assistance from the English, and, by their Means, we have always been able to keep up our Heads

against their Attacks.

We now come nearer Home. We have had your Deeds interpreted to us, and we acknowledge them to be good and valid, and that the Conestagoe or Sasquehannah Indians had a Right to sell those Lands to you, for they were then theirs; but fince that Time we have conquered them, and their Country now belongs to us, and the Lands we demanded Satisfaction for are no Part of the Lands comprized in those Deeds; they are the * Cohongorontas Lands; those, we are sure, you have not possessed One Hundred Years, no, nor above Ten Years, and we made our Demands so soon as we knew your People were fettled in those Parts. These have never been fold, but remain still to be disposed of; and we are well pleased to hear you are provided with Goods, and do assure you of our Willingness to treat with you for those unpurchased Lands; in Confirmation whereof, we present you with this Belt of Wampum.'

Which was received with the ufual Ceremonies.

CANASSATEEGO added, that as the three Governors of Virginia, Maryland, and Pensylvania, had divided the Lands among them, they could not, for this Reason, tell how much each had got, nor were they concerned about it, so that they were paid by all the Governors for the several Parts each possessed; and this they left to their Honour and Justice.

the Occupation of some of the Deople of Virginia. Upon seeing a Copy of this Letter, the Governor, with the Council of Virginia, took some Time to consider of it. They sound, on looking into the old Treaties, that you had given up your Lands to the Great King, who has had Possession of Virginia above One Hundred and Sixty Years, and under that Great King the Inhabitants of Virginia hold their Land, so they thought there might be some Mistake.

Wherefore they defired the Governor of New-York to enquire of you about it. He fent his Interpreter to you in May 1743, who laid this before you at a Council held at Onandago, to which you answer, "That if you had any Demand or Pre-"tensions on the Governor of Virginia any Way, you would have made it known to the Governor of New-York." This corresponds with what you have said to Governor Thomas, in the Treaty made with him at Philadelphia in July, 1742; for then you only make your Claim to Lands in the Government of Maryland.

We are so well pleased with this good Faith of you our Brethren of the Six Nations, and your Regard to the Treaties made with Virginia, that we are ready to hear you on the Subject of your Mes-

Now we answer, We have the Right of Conquest, a Right too dearly purchased, and which cost us too much Blood, to give up without any Reason at all, as you say we have done at Albany; but we should be obliged to you, if you would let us fee the Letter, and inform us who was the Interpreter, and whose Names are put to that Letter; for as the whole Transaction cannot be above a Year's standing, it must be fresh in every Body's Memory, and fome of our Council would eafily remember it; but, we assure you, and are well able to prove, that neither we, nor any Part of us, have ever relinquished our Right, or ever gave fuch an Answer as you say is mentioned in your Letter. Could we, so sew Years ago, make a formal Demand, by James Logan, and not be sensible of our Right? And hath any Thing happened fince that Time to make us less sensible? And as this Matter can be eafily cleared up, we are anxious it should be done; for we are positive no fuch Thing was ever mentioned to us at Onandago, nor any where elfe. We know very well, it hath often been faid by the Virginians, that the Great King of ENGLAND, and the People of that Colony, conquered the Indians who lived there; but it is not true. We will allow they have conquered the Sachdagughroonaw, and drove back the Tuscarroraws; and that they have, on that Account, a Right to some Part of Virginia; but as to what lies beyond the Mountains, we conquered the Nations reliding there, and that Land, if the Vi xinians ever get a good Right to it, it must be by us and in Testimony of the Truth of our Answer to this Part of your Speech, we give you this String of Wampum.'

Brother Assaragoa,

We must now tell you what Mountains we mean that we fay are the Boundaries between you and us, You may remember, that about twenty Years ago you had a Treaty with us at Albany, when you took a Belt of Wampum, and made a Rence with it on the Middle of the Hill, and told us, that if any of the Warriors of the Six Nations came on your Side of the Middle of the Hill, you would hang them; and you gave us Liberty to do the fame with any of your People, who should be found on our Side of the Middle of the Hill. This is the Hill we mean, and we defire that Treaty may be now confirmed. After we left Albany, we brought our Road a great deal more to the West, that we might comply with your Proposal; but, tho' it was of your own making, your People never observed it, but came and lived on our Side of the Hill, which we don't blame you for, as you live at a great Distance, near the Seas, and cannot be thought to know what your People do in the Back-parts: And on their fettling, contrary to your own Proposal, on our new Road, it fell out, that our Warriors did some Hurt to your People's Cattle, of which a Complaint was made, and transmitted to us by our Brother Onas; and we, at his Request, altered the Road again, and brought it to the Foot of the Great Mountain, where it now is; and it is impossible for us to remove it any further to the West, those Parts of the Country being absolutely impassable by either Man or Beait.

We had not been long in the Use of this new Road before your People came, like Flocks of Birds, and

Which was received with the usual Ceremony.

Then Tachanoontia added,

That he forgot to say, that the Affair of the Road must be looked upon as a Preliminary to be settled before the Grant of Lands; 'and, said he, either the Virginia People must be obliged to remove more Easterly, or, if they are permitted to stay, our Warriors, marching that Way to the Southward, shall go Sharers with them in what they plant.'

T Am always forry when any Thing happens that I may create the least Uneasiness between us; bu as we are mutually engaged to keep the Road be tween us clear and open, and to remove every Ob Atruction that may lie in the Way, I must inform you, that three of the Delaware Indians lately murdered John Armstrong, an Indian Trader, an his two Men, in a most barbarous Manner, as h was travelling to Allegheny, and stole his Goods a confiderable Value. Which was accepted with the Yo-hah.

The Indians having viewed and examined the Goods, and feeming diffatisfied at the Price and Worth of them, required Time to go down into the Court-House, in order for a Consultation to be had by the Chiefs of them concerning the said Goods, and likewise, that the Interpreter might retire with them; which he did. The Honourable GEORGE THOMAS, Efq; Governor, &c.

The Honourable the Commissioners of Virginia.

The Honourable the Commissioners of Maryland.

The Deputies of the Six Nations.

Conrad Weiser, Interpreter.

The Commissioners of Virginia desired the Interpreter to let the Indians know, that their Brother Affaragoa was now going to give his Reply to their Answer to his first Speech, delivered them the Day before in the Forenoon.

Sachims and Warriors of the United Six Nations,

XIE are now come to answer what you said to us Yesterday, fince what we faid to you before on the Part of the Great King, our Father, has not been fatisfactory. You have gone into old Times, and so must we. It is true that the Great King holds Virginia by Right of Conquest, and the Bounds of that Conquest to the Westward is the Great Sea.

If the Six Nations have made any Conquest over Indians that may at any Time have lived on the West Side of the Great Mountains of Virginia, yet they never possessed any Lands there that we have ever heard of. That Part was altogether deserted, E 4

and free for any People to enter upon, as the People of Virginia have done, by Order of the Gree King, very justly, as well by ancient Right, as h its being freed from the Possession of any other, an from any Claim even of you the Six Nations, ou Brethren, until within these eight Years. The sim Treaty between the Great King, in Behalf of li Subjects of Virginia, and you, that we can find was made at Albany, by Colonel Henry Courp. feventy Years fince; this was a Treaty of Friend thip, when the first Covenant Chain was made when we and you became Brethren.

The next Freaty was also at Albany, above fifth eight Years ago, by the Lord Howard, Govern of Virginia; then you declared yourselves Subject to the Great King, our Father, and gave up to his all your Lands for his Protection. This you ow in a Treaty made by the Governor of New-Yan with you, at the same Place, in the Year 1687, an you express yourselves in these Words, "Brethre " you tell us the King of England is a very great

"King, and why fhould not you join with us in

Land likewise; and therefore, O Great Sachim beyond the Great Lakes, awake, and fuffer no

those poor Indians, that have given themselve and their Lands under your Protection, to be de

The last Treaty we shall speak to you about to that made at Albany by Governor Spotswood, which you have not recited as it is: For the white People your Brethren of Virginia, are, in no Article that Treaty, prohibited to pass, and settle to the West dians, you at the E South Article ee of c tain se Virg e mei ee blin 66 to t se belo se tions

It is the Indians, tributary to Virginia, that are restrained, as you and your tributary Indians are, from passing to the Eastward of the same Mountains, or to the Southward of Cohongorooton, and you agree to this Article in these Words; "That the great River of Potowmack, and the high Ridge of Mountains, which extend all along the Frontiers of "Virginia, to the Westward of the present Settlernents of that Colony, shall be for ever the established Boundaries between the Indians subject to the Dominions of Virginia, and the Indians belonging to, and depending on the Five Nations; so that neither our Indians shall, on any Pretence whatioever, pass to Northward or Westward of the faid Boundaries, without having to produce a Passport under the Hand and Seal of the Governor or Commander in Chief of Virgiinia; nor your Indians to pass to the Southward or Eastward of the said Boundaries, without a Passport in like Manner from the Governor or " Commander in Chief of New-York."

And what Right can you have to Lands that you have no Right to walk upon, but upon certain Conditions? It is true, you have not observed this Part of the Treaty, and your Brethren of irginia have not infisted upon it with a due Strict-

ness, which has occasioned some Mischief.

This Treaty has been fent to the Governor of Virginia by Order of the Great King, and is what we must rely on, and, being in Writing, is more certain than your Memory. That is the Way the white People have of preserving Transactions of every Kind, and transmitting them down to their Childrens Children for ever; and all Disputes among them are settled by this faithful Kind of Evidence, and must be the Rule between the Great King and

E 5

figned some Years after the same Governor Spats wood, in the Right of the Great King, had been, with some People of Virginia, in Possession of these very Lands, which you have set up your late Claim to.

The Commissioners for Indian Affairs at Albany gave the Account we mentioned to you Yesterday to the Governor of New-York, and he sent is to the Governor of Virginia; their Names will be given

you by the Interpreter.

BRETHREN,

This Dispute is not between Virginia and you, it is setting up your Right against the Great King under whose Grants the People you complain are settled. Nothing but a Command from the Great King can remove them; they are to powerful to be removed by any Force of you, or Brethren; and the Great King, as our common Father, will do equal Justice to all his Children wherefore we do believe they will be confirmed in their Possessions.

As to the Road you mention, we intended a prevent any Occasion for it, by making a Peace between you and the Southern *Indians*, a few Year fince, at a considerable Expence to our Great King which you confirmed at *Albany*. It seems, by you being at War with the *Catawbas*, that it has no been long kept between you.

However, if you defire a Road, we will agree to one on the Terms of the Treaty you made with Colonel Spotfwood, and your People, behaving themselves orderly like Friends and Brethren, shall be used in their Passage through Virginia with the same Kindness as they are when they pass through

BRETHREN,

ESTERDAY you spoke to us concerning the Lands on this Side Potowmack River, and as we have deliberately considered what you said to us on that Matter, we are now very ready to settle the Bounds of such Lands, and release our Right and Claim thereto.

The Honourable the Commissioners of Virginia,

The Deputies of the Six Nations.

Conrad Weifer, Interpreter.

Gachicadodow, Speaker for the Itidians, in Answer to the Commissioners Speech at the list Meeting, with a strong Voice, and proper Action, spoke as follows:

Brother Assaragoa,

HE World at the first was made on the other Side of the Great Water different from what it is on this Side, as may be known from the different Colours of our Skin, and of our Flesh,

and that which you call Justice may not be for amongst us; you have your Laws and Customs, and so have we. The Great King might send you over to conquer the Indians, but it looks to us that God did not approve of it; if he had, he would not have placed the Sea where it is, as the Limits between us and you.'

Brother Assaragoa,

Tho' great Things are well remembered among us, yet we don't remember that we were ever conquered by the Great King, or that we have been employed by that Great King to conquer others; if it was fo, it is beyond our Memory. We do remember we were employed by Maryland to conquer the Conestogoes, and that the second Time we were at War with them, we carried them all off.'

· Brother Assaragoa,

You charge us with not acting agreeable to our Peace with the Catawbas, we will repeat to you truly what was done. The Governor of New-York at Albany, in Behalf of Affaragoa, gave us feveral Belts of Wampum from the Cherikees and Catawbas, and we agreed to a Peace, if those Nations would fend some of their great Men to us to confirm it Face to Face, and that they would trade with us; and defired that they would appoint a Time to meet at Albany for that Purpose, but they never came.

The Catawbas refused to come, and sent us Word, That we were but Women, that they were Men, and double Men; that they could make Women of us, and would be always at War with us. They are a deceitful People. Our Brother Assaragea is deceived by them; we don't blame him for it, but are forry he is so deceived.'

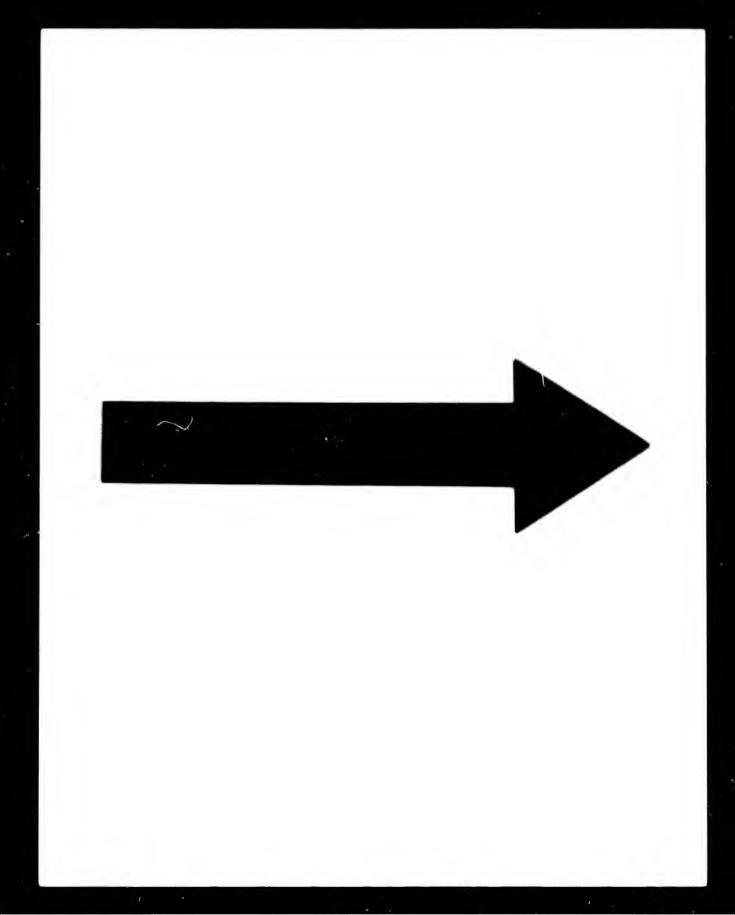

Brother Affaragoa,

We have confirmed the Peace with the Cherikees, but not with the Catawbas. They have been treacherous, and know it; fo that the War must continue till one of us is destroyed. This we think proper to tell you, that you may not be troubled at what we do to the Catawbas.'

· Brother Assaragoa,

We will now speak to the Point between us. You say you will agree with us as to the Road; we desire that may be the Road which was last made (the Waggon-Road). It is always a Custom among Brethren or Strangers to use each other kindly; you have some very ill-natured People living up there; so that we desire the Persons in Power may know that we are to have reasonable Victuals when we are in want.

You know very well, when the white People came first here they were poor; but now they have got our Lands, and are by them become rich, and we are now poor; what little we have had for the Land goes from away, but the Land lasts for ever. You told us you had brought with you

Brother Onas,

These Things happen frequently, and we desire you will consider them well, and not be too much concerned. Three Indians have been killed at different Times at Ohio, and we never mentioned any of them to you, imagining it might have been occasioned by some unfortunate Quarrels; and being unwilling to create a Disturbance, we therefore desire you will consider these Things well; and, to take the Grief from your Heart, we give you this String of Wampum.

Which was received with the usual Ceremonies.

" Brother Onas,

We have heard of the Murder of John Armstrong; and, in our Journey here, we had Conference with our Cousins the Delawares about it, and reproved them severely for it, and charged them to go down to our Brother Onas, and make him Satisfaction, both for the Men that were killed, and for the Goods. We understood, by them, that the principal Actor in these Murders is in your Prison, and that he had done all the Mischief himself; but that besides him, you had required and demanded two others who were in his Company when the Murders were committed: We promise faithfully, in our Return, to renew our Reproofs, and to charge the Delawares to fend down some of their Chiefs with these two young Men (but not as Prisoners) to be examined by you; and, as we think, upon Examination, you will not find them guilty, we rely on your Justice not to do them any Harm, but to permit them to return Home in Safety.

We likewise understand, that Search has been made for the Goods belonging to the Deceased, and that some have been already returned to your People, but that some are still missing. You may depend upon our giving the strictest Charge to the Delawares to search again with more Diligence for the Goods, and to return them, or the Value of them, in Skins. And, to confirm what we have said, we give you this String of Wampum.

Which was received with the usual Ceremonics,

· Brother Onas,

The Conoy Indians have informed us, that they fent you a Message, some Time ago, to advise you, that they were ill used by the white People in the Place where they had lived, and that they had come to a Resolution of removing to Shamekin, and requested some small Satisfaction for their Land; and as they never have received any Answer from you, they have desired us to speak for them; we heartily recommend their Case to your Generosity. And, to give Weight to your Recommendation, we present you with this String of Wampum.'

Which was received with the usual Ceremony,

The Governor having conferred a little Time with the honourable Commissioners of Virginia and Maryland, made the following Reply:

They will set what Price they please on their own Goods, and give you what they think sit for your Skins; so it is for your own Interest that our Traders should be safe in their Persons and Goods, when they travel to your Towns.

BRETHREN,

I considered this Matter well before I came from Philadelphia, and I advised with the Council there upon it, as I have done here with the honourable the Commissioners of Virginia and Maryland. I never heard before of the Murder of the three Indians at Ohio; had Complaint been made to me of it, and it had appeared to have been committed by any of the People under my Government, they should have been put to Death, as two of them were, fome Years ago, for killing two Indians. You are not to take your own Satisfaction, but to apply to me, and I will see that Justice be done you; and hould any of the Indians rob or murder any of our People, I do expect that you will deliver them up, to be tried and punished in the same Manner as white People are. This is the Way to preerve Friendship between us, and will be for your Benefit as well as ours. I am well pleased with the Steps you have already taken, and the Reproofs you have given to your Cousins the Delawares; and do expect you will lay your Commands upon some of their Chiefs to bring down the two young Men that were present at the Murders; if they are not brought down, I shall look upon it as a Proof of heir Guilt.

If, upon Examination, they shall be found not to have been concerned in the bloody Action, they shall be well used, and sent Home in Safety: I will take it upon myself to see that they have no Injustice done them. An Inventory is taken of the Goods already restored, and I expect Satisfaction will be made for such as cannot be found, in Skins,

according to Promise.

- I well remember the coming down of one of the Conoy Indians with a Paper, setting forth, That the Conoys had come to a Resolution to leave the Land referved for them by the Proprietors, but he made no Complaint to me of ill Usage from the white People. The Reason he gave for their Removal was, That the fettling of the white People all round them had made Deer scarce, and that therefore they chose to remove to Juniata for the Benefit of Hunting. I ordered what they faid to be entered in the Council-Book. The old Man's Expences were borne, and a Blanket given him at his Return Home. I have not yet heard from the Proprietor on this Head; but you may be affured, from the Favour and Justice they have always shown to the Indians, that they will do every Thing that may be reasonably expected of them in this Case.'

The Indians agreed to what was said, and Canassatego desired they would represent their Case to the King, in order to have a further Consideration when the Settlement increased much further back. To which the Commissioners agreed, and promised they would make such a Representation faithfully and honestly; and, for their surther Security that they would do so, they would give them a Writing, under their Hands and Seals, to that Purpose.

PRESENT,

The Honourable GEORGE THOMAS, Eig.

The Honourable the Commissioners of Virginia.

The Honourable the Commissioners of Maryland.

The Deputies of the Six Nations.

Conrad Weiser, Interpreter.

The Governor spoke as follows:

· Friends and Brethren of the Six Nations,

A T a Treaty, held with many of the Chiefs of your Nations Two Years ago, the Road between us was made clearer and wider; our Fire was enlarged, and our Friendship confirmed by an Exchange of Presents, and many other mutual good Offices.

We think ourselves happy in having been instrumental to your meeting with our Brethren of Virginia and Maryland; and we perswade ourselves, that you, on your Parts, will always remember it as an Instance of our Good-will and Affection for you. This has given us an Opportunity of seeing

you fooner than perhaps we should otherwise handone; and, as we are under mutual Obligations in Treaties, we to hear with our Ears for you, and you to hear with your Ears for us, we take the Opportunity to inform you of what very near concerns us both.

The Great King of ENGLAND and the French King have declared War against each other. Two Battles have been fought, one by Land, and the other by Sea. The Great King of ENGLAND commanded the Land-Army in Person, and gained compleat Victory. Numbers of the French were killed and taken Prisoners, and the rest were force to pass a River with Precipitation to save their Live. The Great God covered the King's Head in the Battle, so that he did not receive the least Hunfor which you, as well as we, have Reason to be very thankful.

The Engagement at Sea was likewise to the Advantage of the English. The French and Spaniari joined their Ships together, and came out to fightus. The brave English Admiral burnt one of the largest Ships, and many others were so shattered that they were glad to take the Opportunity of very high Wind, and a dark Night, to run away and to hide themselves again in their own Hambours. Had the Weather proved fair, he would in all Probability, have taken or destroyed them.

I need not put you in mind how much William Penn and his Sons have been your Friends, and the Friends of all the Indians. You have long are often experienced their Friendship for you; not need I repeat to you how kindly you were treated and what valuable Presents were made to you two Years ago by the Governor, the Council, and the Assembly of Pensilvania. As a fresh Proof of this, I have lest my House, and am come thus far to see you, to renew our Treaties, to brighten the Covenant-Chain, and to confirm our Friendship with you. In Testimony whereof, I present you with this Belt of Wampum.

Which was received with the Yo-hah.

As your Nations have engaged themselves by Treaty to assist us your Brethren of Pensylvania, in case of a War with the French, we do not doubt but you will punctually perform an Engagement so solemnly entered into. A War is now declared, and we expect that you will not suffer the French, or any of the Indians in Alliance with them, to march through your Country, to disturb any of our Settlements; and that you will give us the earliest and best Intelligence of any Designs that may be formed by them to our Disadvantage, as we promise to do of any that may be to yours. To enforce what I have now said to you in the strongest Manner, I present you with this Belt of Wampum.'

Which was received with the Yo-hah.

After a little Pause, his Honour the GOVERNOR spoke again:

· Friends and Brethren of the Six Nations,

What I have now said to you is in Conformity to Treaties subsisting between the Province of which I am Governor, and your Nations. I now proceed, with the Consent of the honourable Commissioners for Virginia and Maryland, to tell you, that all Differences having been adjusted, and the Roads between us and you made quite clear and open, we are ready to confirm our Treaties with your Nations, and establish a Friendship that is not to end,

but with the World itself. And, in Behalf of the Province of *Pensylvania*, I do, by this fine Belt of Wampum, and a Present of Goods, to the Value of Three Hundred Pounds, confirm and establish the said Treaties of Peace, Union and Friendship, you on your Parts doing the same.'

Which was received with a loud Yo-hah.

The Governor further added, 'The Goods bought with the One Hundred Pounds Sterling, put into my Hands by the Governor of Virginia, are ready to be delivered when you please. The Goods bought and sent up by the People of the Province of Pensylvania, according to the List which the Interpreter will explain, are laid by themselves, and are likewise ready to be delivered to you at your own Time.'

After a little Pause the Commissioners of Virginia spoke as follows:

· Sachims and Warriors of the Six Nations,

The Way between us being made smooth by what passed Yesterday, we desire now to consirm all former Treaties made between Virginia and you, our Brethren of the Six Nations, and to make our Chain of Union and Friendship as bright as the Sun, that it may not contract any more Rust for ever; that our Childrens Children may rejoice at, and consirm what we have done; and that you and your Children may not forget it, we give you One Hundred Pounds in Gold, and this Belt of Wampum.'

Which was received with the usual Geremony.

· Friends and Brethren,

Altho' we have been disappointed in our Endeavours to bring about a Peace between you and the Catawbas, yet we desire to speak to you something more about them. We believe they have been unfaithful to you, and spoke of you with a soolish Contempt; but this may be only the Rashness of some of their young Men. In this Time of War with our common Enemies the French and Spaniards, it will be the wisest Way to be at Peace among ourselves. They, the Catawbas, are also Children of the Great King, and therefore we desire you will agree, that we may endeavour to make a Peace between you and them. That we may be all united by one common Chain of Friendship, we give you this String of Wampum.

Which was received with the ufual Coremony.

BRETHREN,

Our Friend Conrad Weiser, when he is old, will go into the other World, as our Fathers have done, our Children will then want such a Friend to go between them and your Children, to reconcile any Differences that may happen to arise between them, that, like him, may have the Ears and Tongues of our Children and yours.

The Way to have such a Friend, is for you to send three or four of your Boys to Virginia, where we have a fine House for them to live in, and a Man on purpose to teach the Children of you, our Friends, the Religion, Language and Customs of the white People. To this Place we kindly invite you to fend some of your Children; and we promise you they shall have the same Care taken of them, and be instructed in the same Manner as our

Which was received with the usual Ceremony,

Then the Commissioners of Maryland spoke as follows:

' Friends and Brethren, the Chiefs or Sachims of the Six United Nations,

The Governor of Maryland invited you hither, we have treated you as Friends, and agreed with

you as Brethren.

As the Treaty now made concerning the Lands in Maryland will, we hope, prevent effectually every future Misunderstanding between us on that Account, we will now bind faster the Link of our Chain of Friendship, by a Renewal of all our former Treaties; and that they may still be the better occured, we shall present you with One Hundred Pounds in Gold.

What we have further to say to you is, Let not our Chain contract any Rust; whenever you perceive the least Speck, tell us of it, and we will make it clean. This we also expect of you, that it may always continue so bright as our Generations may see their Faces in it; and, in Pledge of the Truth of what we have now spoken, and our Affection to you, we give you this Belt of Wampum.'

Which was received with the usual Ceremony.

CANASSATEEGO, in Return, spoke as follows:

We return you Thanks for your several Speeches, which are very agreeable to us. They contain Matters

Matters of fuch great Moment, that we propose to give them a very serious Consideration, and to answer them suitably to their Worth and Excellence; and this will take till To-morrow Morning, and when we are ready we will give you due Notice.

You tell us you beat the French; if so, you must have taken a great deal of Rum from them, and can the better spare us some of that Liquor, to make us rejoice with you in the Victory.

The Governor and Commissioners ordered a Dram of Rum to be given to each in a small Glass,

Which was received with the usual Ceremony,

Brother Onas,

In Answer, we affure you we have all these l'articulars in our Hearts, they are fresh in our Memory. We shall never forget that you and we have but one Heart, one Head, one Eye, one Ear, and one Hand. We shall have all your Country under our Eye, and take all the Care we can to prevent any Enemy from coming into it; and, in Proof of our Care, we must inform you, that before we came here, we told *Onandio, our Father, as he is called, that neither he, nor any of his People, should come through our Country, to hurt our Brethren the English, or any of the Settlements belonging to them; there was Room enough at Sea to fight, there he might do what he pleafed, but he should not come upon our Land, to do any Damage to our Brethren. And you may depend upon our using our utmost Care to see this effectually done; and in Token of our Sincerity, we present you with this Belt of Wampum.'

Which was received with the ufual Ceremony.

After some little Time, the Interpreter said, Canassateego had forgot something material, and desired to mend his Speech, and to do so as often as he should omit any Thing of Moment; and thereupon he added,

The Six Nations have a great Authority and Influence over fundry Tribes of Indians in Alliance with the French, and particularly over the Praying

They will not join the French against you. They have agreed with us before we set out. We have put the Spirit of Antipathy against the French in those People. Our Interest is very considerable with them, and many other Nations; and as far as ever it extends, we shall use it for your Service.'

The Governor said, Canassateego did well to mend his Speech; he might always do it whenever his Memory should fail him in any Point of Consequence; and he thanked him for the very agreeable Addition.

6 BROTHER Affaragoa,

You told us Yesterday, that all Disputes with you being now at an End, you defired to confirm all former Treaties between Virginia and us, and to make our Chain of Union as bright as the Sun.

We agree very heartily with you in these Propositions; we thank you for your good Inclinations; we desire you will pay no Regard to any idle Stories that may be told to our Prejudice. And, as the Dispute about the Land is now intirely ever, and we perfectly reconciled, we hope, for the suture, we shall not act towards each other but as becomes Brethren and hearty Friends.

We are very willing to renew the Friendship with you, and to make it as firm as possible, for us and our Children, with you and your Children, to the latest Generation, and we desire you will imprint these Engagements on your Hearts in the strongest Manner; and, in Confirmation that we

(109)

shall do the same, we give you this Belt of Wam-pum.'

Which was received with Yo-hah from the Interpreter, and all the Nations.

Brother Assaragoa,

You did let us know Yesterday, that the' you had been disappointed in your Endeavours to bring about a Peace between us and the Catawbas, yet you would still do the best to bring such a Thing about. We are well pleased with your Design, and the more so, as we hear you know what Sort of People the Catawbas are, that they are spiteful and offensive, and have treated us contemptuously. We are glad you know these Things of the Catawbas; we believe what you fay to be true, that there are, notwithstanding, some amongst them who are wifer and better; and, as you fay they are your Brethren, and belong to the Great King over the Water, we shall not be against a Peace on reasonable Terms, provided they will come to the Northward to treat about it. In Confirmation of what we fay, and to encourage you in your Undertaking, we give you this String of Wampum.'

Which was received with the usual Ceremonies.

· Brother Assaragoa,

You told us likewise, you had a great House provided for the Education of Youth, and that there were several white People and *Indians* Children there to learn Languages, and to write and read, and invited us to send some of our Children amongst you, &c.

In Token of our Thankfulness for your Invitation, we give you this String of Wampum.

Which was received with the usual Ceremony.

BROTHER Tocarry-hogan,

You told us Yesterday, that since there was now nothing in Controversy between us, and the Affair of the Land was settled to your Satisfaction, you would now brighten the Chain of Friendship, which hath subsisted between you and us ever since we became Brethren; we are well pleased with the Proposition, and we thank you for it; we also are inclined to renew all Treaties, and keep a good Correspondence with you. You told us further, if ever we should perceive the Chain had contracted any Rust, to let you know, and you would take Care to take the Rust out, and preserve it bright. On which the usual Cry of Yo-hah was given,

BRETHREN,

We have now finished our Answer to what you faid to us Yesterday, and shall now proceed to *Indian* Affairs, that are not of so general a Concern.

BROTHER Affaragoa,

There lives a Nation of *Indians* on the other Side of your Country, the *Tuscaroraes*, who are our Friends, and with whom we hold Correspondence; but the Road between us and them has been stopped for some Time, on account of the Misbehaviour of some of our Warriors. We have opened a new Road for our Warriors, and they shall keep to that; but as that would be inconvenient for Messengers going to the *Tuscaroraes*, we desire they may go the old Road. We frequently send Messengers to one another, and shall have more Occasion to do so now that we have concluded a Peace with the *Cherikees*. To ensorce our Request, we give you this String of Wampum.

Which was received with the usual Cry of Approbation.

' BROTHER Affaragoa,

Among these Tuscaroraes there live a sew Families of the Conoy Indians, who are desirous to leave them, and to remove to the rest of their Nation among

among us, and the strait Road from them to us lies through the Middle of your Country. We desire you will give them free Passage through Virginia, and surnish them with Passes; and, to enforce our Request, we give you this String of Wampum.

Which was received with the usual Cry of Approbation.

4 Brother Onas, Assaragoa, and Tocarry-hogan,

At the Close of your respective Speeches Yesterday, you made us very handsome Presents, and we should return you something suitable to your Generosity; but, alas! we are poor, and shall ever remain so, as long as there are so many Indian Traders among us. Theirs and the white Peoples Cattle have eat up all the Grass, and and make Deer scarce. However, we have provided a small Present for you; and though some of you gave us more than others, yet, as you are all equally our Brethren, we shall leave it to you to divide it as you please.—And then presented three Bundles of Skins, which were received with the usual Ceremony from the three Governments.

We have one Thing further to say, and that is, We heartily recommend Union and a good Agreement between you our Brethren. Never disagree, but preserve a strict Friendship for one another, and thereby you, as well as we, will become the

stronger.

Our wise Forefathers established Union and Amity between the Five Nations; this has made us formidable; this has given us great Weight and Authority with our neighbouring Nations.

The Governor replied,

The honourable Commissioners of Virginia and Maryland have defired me to speak for them; therefore I, in Behalf of those Governments, as well as of the Province of Pensylvania, return you Thanks for the many Proofs you have given in your Speeches of your Zeal for the Service of your Brethren the English, and in particular, for your having so early engaged in a Neutrality the several Tribes of Indians in the French Alliance. We do not doubt but you will faithfully discharge your Promises. As to your Presents, we never estimate these Things by their real Worth, but by the Disposition of the Giver. In this Light we accept them with great Pleasure, and put a high Value upon them. We are obliged to you for recommending Peace and good Agreement amongst ourselves. We are all Subjects, as well as you, of the Great King beyond the Water; and, in Duty to his Majesty, and from the good Affection we bear to each other, as well as from a Regard to our own Interest, we shall always be inclined to live in Friendship.

Then the Commissioners of Virginia presented the hundred Pounds in Gold, together with a Paper, containing a Promise to recommend the Six Nations for further Favour to the King; which they received with Yo-hah, and the Paper was given by them to Conrad Weiser, to keep for them. The Commissioners likewise promised that their publick Messengers should not be molested in their Passage through Virginia, and that they would prepare Passes

Passes for such of the Conoy Indians as were will.

ing to remove to the Northward.

Then the Commissioners of Maryland presented their hundred Pounds in Gold, which was likewist received with the Yo-hah.

CANASSATEEGO faid,

We mentioned to you Yesterday the Booty you had taken from the French, and asked you for some of the Rum which we supposed to be Part of it, and you gave us some; but it turned out unfortunately that you gave it in French Glasses, we now define you will give us some in English Glasses.'

The Governor made Answer,

We are glad to hear you have such a Dislike for what is French. They cheat you in your Glasses as well as in every Thing else. You must consider we are at a Distance from Williamsburg, Annapolis, and Philadelphia, where our Rum Stores are; and that although we brought up a good Quantity with us, you have almost drank it out; but notwithstanding this, we have enough lest to fill our English Glasses, and will shew the Difference between the Narrowness of the French, and the Generosity of your Brethren the English towards you.'

The Indians gave, in their Order, five Yo-habs; and the honourable Governor and Commissioners calling for some Rum, and some middle-fized Wine-Glasses, drank Health to the Great King of ENGLAND, and the Six Nations, and put an End to the Treaty by three loud Huzza's, in which all the

Company joined.

Then, presenting them with another String of Wampum, he told them, that was in return for theirs, praying him, that as they had taken away one Part of Conrad Weiser's Beard, which frightened their Children, he would please to take away the other, which he had ordered to be done.

The Indians received these two Strings of Wampum with the usual Yo-hah.

The Governor then asked them what was the Reason that more of the Shawanaes, from their Town on Hohio, were not at the Treaty? But seeing that it would require a Council in Form, and perhaps another Day to give an Answer, he desired they would give an Answer to Conrad Weiser upon the Road on their Return Home; for he was to set out for Philadelphia the next Morning.

CANASSATEEGO in Conclusion spoke as follows:

We have been hindered, by a great deal of Bufiness, from waiting on you, to have some private Conversation with you; chiefly to enquire after the Healths of Onas beyond the Water; we desire you will tell them, we have a grateful Sense of all their Kindnesses for the Indians. Brother Onas told us, when he went away, he would not stay long from us; we think it is a great While, and want to know when we may expect him; and desire, when you write, you will recommend us heartily to him. Which the Governor promised to do, and then took his Leave of them.

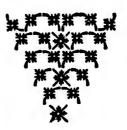

The Commissioners of Virginia gave Canassatege a Scarlet Camblet Coat, and took their Leave of them in Form; and at the same Time delivered the Passes to them, according to their Request.

The Commissioners of Maryland presented Gachradodow with a broad Gold-laced Hat, and took

their Leave of them in the same Manner.

TREATY

T is well known in the Province of New-York, that the Six Nations of Indians depending on this Province, Le (called Iroqueis by the French) had hand lately, on several Occasions, appear'd diffatisfied and wavering in their Fi-

delity to the British Crown. No doubt, this was principally occasion'd by the Artifices of the French of Canada, who had constantly Emissaries among them: But at the same Time there is Reason to think, the suspicious Behaviour of these Nations, in Favour of their once inveterate Enemy the French, could not have arriv'd to the Pitch it did, otherwise than by some Neglects or Misconduct of those who were entrusted by the Government of New-York with the Management of the Indian Affairs.

His Excellency the Governor of New-York, having received his Majesty's Commands, to engage the Indian Nations depending on his Government, to join in the Expedition then intended against Canada, and to make them the usual Presents on that Occasion; and being sensible of the great Use these Nations might be to the Success of this Enterprize, and likewise of the Difficulties that probably might attend his Endeavours at this Time, was defirous to have had the Affistance of as many of the Members of his Majesty's Council as the Circumstances of Affairs would permit; but they all declined to give their Attendance, except Mr. Colden and Mr. Livingston. As foon as his Excellency received his Majesty's Commands, he dispatched from Albany such Perfons as, by the best Information he could receive, had Influence among the Six Nations, to invite them feverally to meet him at Albany, on the 20th of July. His Excellency arriv'd at Albany the 21st of July, where having heard, that, besides the Small-Pox, (which his Excellency never had) many were fick of a contagious malignant Fever, he continued on board the Sloop which carried him up, to confider where to lodge with the least Danger to his Person from the Infection of these Diffempers; and the next Morning refolved to go into the Fort. He was received at his Landing with the usual Marks of Respect from the Corporation, the independent Companies of regular Troops then in the Place, and the Militia, under a Discharge of the Cannon of the Fort and Town.

In the Afternoon of the same Day on which his Excellency came on Shore, three Indians, viz. two Onandagos and an Oneydo, brought two French Scalps and presented to his Excellency: At which Time the Leader of the Party made a formal Speech, to the following Purpose: 'That having had repeated Accounts of the Mischies done by

- ' the French, and of the frequent Murders com-' mitted by them, and that the Mohawks, not-
- withstanding their Professions of Friendship, suffered this Bloodshed to remain unrevenged, his
- ' Heart could bear it no longer; he thereupon
- ' resolved to open for his Brethren the Path to
- Revenge: That these two Scalps which he now, presented were taken at Noon-day, in Sight of the
- French Fort at Crown Point.' His Excellency told

told him how well he took this special Mark of his Fidelity, and assured him, that he would not only now reward him and his Companions, by particular Presents, but would always remember this Act of Friendship. They had already received the Reward given by the Act of Assembly. His Excellency gave each of them four Spanish Dollars; to the Leader a fine laced Coat and Hat, and a silver Breast-Plate; and to each of the others

a Stroud Blanket and a lac'd Hat.

These Indians told us, that they lay several Days among the Bushes, from whence they could see every Man that came out of the Fort-Gate. endeavoured for some Time to take a Prisoner, but observing that none went to such a Distance from the Fort that they could hope to carry him off, they resolved to take the first Opportunity for a Scalp: Two Soldiers coming out of the Fort, after the Chapel Bell had rung about Noon, one of the Indians, by their Leader's Order, fired with Swan Shot upon them while they were near to each other. It is a constant Rule among these sculking Parties, never to fire without Orders from their Leader, One of the Frenchmen was killed upon the Spot, the other wounded, and fled immediately towards the Fort Gate. The Indian who had fired, pursu'd, and with his Hatchet brought him down within a hundred Steps of the Fort Gate; and, though the French in the Fort rushed out at the Gate, he took his Scalp off; the others had scalped the Man that was first killed, and then they all sled. French in their Hurry had run out without their Arms, and upon recollecting themselves, return'd to Arms, which facilitated the Escape of the Indians.

His Excellency being informed that the Leader of this Party was desirous to be distinguished by his Excellency's giving him a new Name, and that a Name, which, in the Language of the Six

He added, that in case he Interpreter, and others sent to invite the Six Nations to meet here, sail'd in any part, he would so among the Six Nations, and doubted not to ring many by his Instuence, who otherwise might tay.

In a Day or two after, fix of feven Indians, who ad been sent out by the Commissioners for Indian Iffairs to Crown-Point, to take Prisoners, and gain ntelligence, returned, and faid, That they had one to that Place, and that in Sight of it they hald parated, with Defign thereby to surprize any raggler that might have come out of the Fort: hat while they were thus separated, two of their sumber were fuddenly furrounded and taken by he Enemy: One of these two, after having been etained three or four Days, join'd the others at raghtoga. the French; and was sent to Canada.

Soon after this, fixteen Mohawk Indians came the Town, who had been fent out from the low Mobawk Castle by Mr. Johnson, to gain Intelli gence near Crown-Point, and to take Prisonen They reported that they had discovered so great Number of French and Indians at Crown-Point that they had no Hopes of being able to bring any Prisoners, and thought it adviseable to return speedily, and inform of the great Danger the thought this Place was in. His Excellency invited them to go thither again, in order to descry Motions of the Enemy: And as a farther L couragement to them, to either scalp or take Prisoners, he offered every Person of the said Pan that should take a Scalp or Prisoner, a Piece Stroud, and a Suit of laced Clothes, besides Bounty; but they, being frightened with the A prehensions of Danger, declined going back, a said, They must return Home, and acquaint the Friends and Relations, with what they had hear and feen. Several other Indians likewise alarme the Mohawks, by telling them that the French h a great Force at Crown-Point, and that they would certainly attack either Albany or Schenestade, ort Settlements on the Mohawks River, or perha several Places at the same Time.

Mr. Johnson, and the commanding Officers the Garrison of regular Troops in the Mohan Country, by their Letters to his Excellency, confirm'd these Reports; and added, the Mohan had entertain'd Apprehensions of the French For at Crown-Point, which was like to have a be Effect. On this, his Excellency wrote to Johnson, that all these Stories of the French For at Crown-Point were only Artisices of the French

One John Colan, a Frenchman, who some Years nce had removed from Canada, and settled and parried at Schenectade, and who has fince that ime lived in good Reputation there, was fent by Major Glen to inform his Excellency, that one aron, a noted Mehawk Sachim, who, with several thers of the Six Nations, had been last Spring in anada to treat with the Governor there, did then ntertain two Cahunaga Indians. This Man, John olan, acquainted his Excellency, that having diffovered the Cahnuaga Indians, he told them he was Frenchman, and was desirous of returning to his vn Country, on which they began prefently to opose to him Methods for his Escape; at which ime, this Aaron coming near them, he expres'd s Fears of being discovered by him. swered, that he need not fear Aaron, for he was eir Friend, and designed to go with them. As ey proposed to him to escape privately by himself, ed to meet them at a Place they named, he told em of his Fears, in that Case, of meeting with e French Indians while he was alone. swered, that if he dress'd himself like an Indian, French Indians would do him no Hurt, without It calling to him; upon which, if he stopp'd and

call'd out Maria, the French Indians would be for far from hurting him, that they would immediately come up to him, and take him by the Hand. From this, and several other Incidents, which it would be tedious to relate, his Excellency was convinced of some secret Understanding between the Six Notions and the Cahnuagas, or French Indians: And that, however any Party of our Indians might be induced to fall upon the French, they would not a that Time molest the French Indians, nor prevent the Mischiess which the Inhabitants received from their sculking Parties.

For this Reason, his Excellency endeavoured fend out again the Company of Rangers, which had formerly been employed against the sculking Indians: But, as the Assembly had made no Provision for this Expence, they resused to go, unless the gave his personal Bond for their Pay, at this Shillings a Day for each private Man, beside their Provision; and would not be satisfied with the Promises that he, by the Advice of the Coupell, made them of recommending their Services the General Assembly, and the Assurances in gave them of their being rewarded as they de

fired.

On their continuing obstinate, his Excelleng was of Opinion, that no considerable Service could be expected from Men, who were moved by mother Principle but that of excessive Wages: And he had Reason afterwards to be consirmed in this Opinion, when Captain Langdon, and afterward Captain Thebout, voluntarily went with their Companies of the new-levied Troops, to scour the Woods, and took some of these Albany Men with them as Guides; who, whenever they apprehended themselves in Danger, by the Discovery of recent Tracts, some one or other of them could not keept from siring their Guns, or making some Noise.

The publick Interpreter, whom the Governor las before observed) had sent with others, to invite he Six Nations to meet him at Albany, wrote to he Commissioners for Indian Assairs, That they net with great Difficulties and Obstructions from he Sachims, who had been lately at Canada: That he Oneydoes refused to give any Answer, tho' they had staid there thirteen Days endeavouring to peruade them; and that the Cayugas had absolutely refused to meet the Governor. On which, his Extellency defired to be informed by the Commisioners of Indian Affairs, whether they knew of any Person of Influence or Interest with the Indians, and it to be fent among them on this Occasion. They inswered, that they knew of none; and that the Indians were in a very bad Disposition, and much inder the Influence of the French.

About this Time his Excellency being informed, hat the Interpreter, and others fent with him, had neglected to fend proper Invitations to the Indians iving on the Branches of Sasquehannah River; and hat Captain Vroman, of Scohary, was a proper Peron to be sent to those Indians; he sent him, in Company with Captain Staats, with a Belt of Wam-

um to invite them.,

had, about four Years fince, made them a Visst, and were so kind to leave them sour Hundred Guns, which were now wore out; and, since the French had not thought sit to bring them any more Guns, they were resolved to go to Canada to setch new ones; and promised, that if the Senecas would shew them the Way, they would go Home, and return with sour Hundred stout Fellows. Some other Indian Nations who lived to the Westward, discovering their Aversion to the French at the same Time, these Incident affished the Governor's Messengers in bringing more Indians to Albany than they expected, when they wrote

to the Commissioners for Indian Affairs.

While the Interpreter was at the more distant Indian Castles, Mr. William Johnson was indesati gable among the Mohawks; he dreffed himself after the Indian Manner, made frequent Dances, according to their Custom when they excite to War, and used all the Means he could think of, at a considerable Expence, (which his Excellency had promifed to repay him) in order to engage them heartily in the War against Canada. Tho' he fucceeded beyond what any Man in Albany thought could be done, yet feveral of the Sachims (in the Conajohar, or upper Mohawk Castle, chiefly) refused to engage in the War; but infifted, that as this War was entered into between the English and French, in which they had no Interest, they ought to remain neuter. The English and French, they faid, could at any Time make Peace; but if they should enter into the War, Indians could not make up the Quarrel among themselves, otherwise than by the De struction of one or the other. The French could have no Hopes of engaging the Six Nations on their Side against the English, and therefore wisely play'd this Game of endeavouring to make them stand neuter, which they could enforce by strong political

political Arguments, of which the Indians were sensible enough. It is your Interest, the French Emissaries said, not 's suffer either the French or the English to be absolute Masters; for in that Case you must become Slaves to the one or the other. From this politic View chiefly, the Interpreter met with fo much Opposition every where: Tho' it is not to be doubted, but that at the same Time the French had gain'd some particular Sachims entirely into their Interest; however, many were prevailed on to come to Albany, to hear what the Governor of New-York had to fay to them; tho' feveral Sachims staid behind. When they of the more distant Nations came along with the Interpreter to the lower Mobawk Castle, and found that Mr. Johnson had already engaged many of the young Men there to join the Army against Canada, the others blamed the Mohawks; telling them with some Warmth, That they had been very rash in engaging so far. They ought, the others said, to have considered that they, the Mohawks, were the smallest in Number of any of the Six Nations, and ought not to have proceeded to so great a Length, without • the previous Consent of the others.' To this the Mohawks answered, It is true, we are less considerable as to Number, than any of the other Nations; but our Hearts are truly English, and all of us are Men *; so that, if our Force be put to the Trial, perhaps it will be found greater than you imagine. These Disputes, however, continued so far, that the Mohawks, and the other Five Nations, could not go in Company to Albany; the Mohawks marched on one Side of the River, while the other Nations went on the other Side. [There are two Roads from the Mohawks Castle to Schenectada, one on each Side of the Mohawks River.]

When

The Six Nations reckon all other Indian Nations Women in comparison to themselves.

When the Indians came near the Town of Al. bany, on the 8th of August, Mr. Johnson put himself at the Head of the Mohawks, dressed and painted after the Manner of an Indian War-Captain; and the Indians who followed him, were likewise dressed and painted, as is usual with them when they see out in War. The Indians saluted the Governor at they passed the Fort, by a running Fire; which his Excellency ordered to be answered by a Discharge of some Cannon from the Fort: He afterwards received the Sachims in the Fort-Hall, bid them Welcome, and treated them with a Glass of Wine.

As, by all Accounts, the Disposition of the Six Nations seemed at this Time less in Favour of the British Interest than was to be wished, his Excellency thought it necessary to have frequent Conferences, in private, with the principle Sachims of each Nation; fometimes separately and singly, at other Times, with some of each Nation jointly, There were only two of the Mohawks Sachims (befides Aaron beforementioned, who left the Castle at this Time) that could not be prevailed on by Mr. Johnson to declare themselves for entering into the War against Canada: They were both of the Conajobary or Upper-Castle, and one of them the Head of the Tribe, called the Tortoife; (which, tho' not so numerous as that of the Bear, yet is looked on as the first in Rank or Dignity;) and, as he had been with the Governor of Canada last Spring, it was thought to be of some Consequence to gain him. Mr. Colden, above twenty Years fince, had the Compliment of being received into that Castle; and, about seven Years since, (the last Time he had been with the Mohawks) had contracted some more particular Acquaintance with these two Sachims: He invited them to a private Conference, at which, the Reverend Mr. Barclay affished as Interpreter; they met him, and brought five more

cularly distinguished himself in their Wars against the French, and he was resolved to show

himself not unworthy of his Ancestors, nor of his

Uncle's Name, which he had obtained after his

Death.

After the principal Sachims had, at these Conferences, been brought to a good Disposition, his Excellency advised with the Gentlemen of the Council, and the Commissioners from the Massachusets Bay, on what might be proper to be faid to the Six Nations in the public Speech, which he now proposed to make to them. Col. Wendell and Mr. Wells had arrived from Boston about the End of July, and foon after they came to Town, his Excellency ordered the Gentlemen of the Council to communicate to them all the Information which had been. received, with respect to the Indian Affairs: And they had frequent Conferences together from Time to Time, as Occasion required: It was likewise thought proper to communicate what his Excellency intended to fay to some of the Sachims of each Nation, who were thought most hearty in the British Interest; who said, that it was well conceiv'd as could have been done, had they themselves advised upon the Subject; only, as it had been advised to observe in the first Draught, That some of his Majesty's Subjects had been instigated by the French to rise in Rebellion against the King; that they had been defeated by one of the King's Sons; that these poor People were now utterly ruined, and had nothing left but to bewail their Folly in the Misery that was brought upon them, by suffering themselves to be deluded by the Promises of the

French; they said, that they did not understand the Affairs on the other Side of the Sea, nor did they trouble their Heads about them; and as they had no Method of retaining what is spoke to them but by their Memories, they were asraid that this might perplex their Memories, and make them less attentive to what was properly their Business; and advised, that it should be left out; which accordingly was done.

Another Difficulty remained. The publick Interpreter had been taken dangerously ill in his Return to Albany, and was at this Time confined to his Bed. Tho' feveral were employed, who had Knowledge sufficient in the Language of the Six Nation, to make themselves be understood, and to understand what was spoke to them; yet none of them were so much Masters of the Language, as to speak with that Propriety and Distinctness that is expected, and usual on so solemn an Occasion. thought therefore proper, to make one of the Sachims understand the Speech, by the Assistance of the common Interpreter, that he might be able to deliver it Paragraph by Paragraph, as it should be spoke. At first a Mohawk Sachim was pitched upon; but the Sachims themselves told us, That for some Time past, a kind of Party-Division among the Six Nations had subsisted: That the Mohawkin Onandagas, and Senecas, form'd one Party; and the Oneydoes, Tuscaroras, and Cayugas, the other: That, as the Mohawks might be suspected to be more partial to the English, it would be of more Use to employ one of the other Party; and an Oneydo Sachim was proposed for that Purpose. This Man was easily enough made to understand the Speech, and he repeated it several Times over in private, and was instructed where to make the proper Stops. After the Speech was delivered, some of the Commissioners for Indian Affairs, and other Persons present understand the a, nor did they and as they had fpoke to them afraid that this make them less their Business; out; which ac-

While these last Preparations were making, his Excellency was taken ill of a Fever, which occafioned fome further Delay; and as his Excellency did not recover so foon as was wished, the Sachims were told, that his Excellency being unwilling to detain them without Necessity, would, if they defired it, direct Mr. Colden to speak to them in his Name, what he defigned to fay. They answered, that they would be well pleased to hear it from Mr. Colden's Mouth.

At every Stop, where a Belt was given, one of the Sachims called out 10-bab, to which all the rest answered in a Sound which cannot be expressed in our Letters, but feemed to confift of two Words remarkably diffinguished in the Cadence; it feemed to this Purpose; the Sachim calls, Do you bear? The Answer is, We attend and remember, or un. derstand; or else it is a kind of Plaudit on In. terpreters could not explain. At the Close of the Speech, one Sachim of each Nation called our feverally the la bab, to which the others of the fame Nation answered severally: But when the War-Belt was thrown down, they gave the Wan Shout. We expected but fix of these Planding according to the Number of the Six Nations, but eight were diffinelly delivered; by which we understood some other Nations were united with them on this Occation.

After the Speech was delivered, the Sachims of the feveral Nations had Conferences together; and fome Time being front in deliberating, they acquainted his Excellency, 'That they had agreed upon their Antwer, which they were ready to give whenever he would appoint a Time to receive it;' and he named the next Day.

Accordingly, on the 23' of August, His Excet-LENCY being present; the Gentlemen of the Council; the Commissioners from Beston; the Commissioners for Indian Affairs; the Corporation of Albany; and many Gentlemen, as at the Time when his Excellency's Speech was delivered,

die in the common Caufe.

There is a Nation called the Messesagues, whose Delegates are here present: They consist of five Castles, containing eight hundred Men, who are all determined, and do agree to join us, in this common Cause, against our Enemies the French, and their Indians; and we hope you, and the Commissioners from Boston, will use them in such a Manner that they will go Home content and satisfied.

The Person who interpreted, returned the Yo-ha at the End of every Paragraph, and having done the same at the Time they declared War, it occasioned Laughter among them; upon which, observing his Mistake, he began the War-Shout, in which all the Indians joined.

The Messessagues are a Nation of Indians, living near the Place called De Troit by the French, and situate between Lake Erie and the Huron Lake.

After the Speaker had finished, his Excellency told them by the Interpreter, that the King their Father had ordered him to make them a Present on this Occasion; and that the Government of Virginia had, on the same Occasion, sent them a Present. The Commissioners from Boston at the same Time told them, that they had a Present from their Government; and as they were soon to return Home, desired the Six Nations to come to their Lodgings to receive it; on which, the Indiam desired his Excellency to delay his Present to next Day, and they immediately went to receive their Presents from the Commissioners of the Massachusetts-Bay.

The next Day, the Presents from the King being exposed on one Part, and those from Virginia separately near them, it was agreed by the People of Albany, who had seen many publick Presents given to the Six Nations on Treaties with them, that this was the most valuable ever given. His Excellency, on giving the Presents, said;

"BRETHREN,

What his Excellency said, having been interpreted by a Mohawk Sachim, the Sachim added of his own Head, You now see how you are here treated, really like Brethren; the Governor of Canada does not treat his Indians so; they are set on like his Dogs, and they run on without Thought or Consideration: You see what a noble Present is made to you; if the Governor of Canada should seize all the Goods in that Country, it would not be in his Power to make such a Present.

Brethren of New-York, New-England, and Virginia,

formerly spoke to us; and we beg no Mention may hereafter be made of what passed last Fall, since we are now heartily entered into the War with you, and have promised as many fighting Men from each Castle

Castle as can be spared; and likewise to engage as great Numbers of every Nation in Alliance with us, as we can, to join immediately with us in the War against the French, and the Nations who adhere to them.

Brethren of New-York, New-England, and Virginia,

You must not suspect that it proceeds from any Back-wardness in us, that a greater Number of our People do not at this Instant join with you; the Reason is, our Castles have but sew sighting Men in them, many are now Abroad, some hunting and trading with far distant Nations, and others out sighting against our Enemies; all these we shall recal Home, as soon as fossible, in order to enter with all our Force, into the War against your and our common Enemy.

Brother, We have no more to say at this Time, but only to tell you, we are sorry that we can so little shew our Hearts by the Presents we now offer; our hunting has been so very poor, that we cannot make you Pre-

The Mohawks added separately: We have been employed all Summer in your Service as Out-scouts, to gain Intelligence, or in some Manner or other, and thereby kept from hunting: We have no Furrs to offer you, but we here present our Persons, to serve you wherever you shalt command.

That Day was spent in dividing the Presents among themselves. We were told, that these Presents were divided into eight equal Parts, of which they gave two to the Messeague Deputies.

The next Day the War-Kettle was set over the Fire; and towards Evening the *Indians*, in his Excellency's Presence, where many Gentlemen attended him, began the War-Dance, and continued

As there was no Advice of the Arrival of the leet, and no Plan of Operations agreed on in ase the Fleet did not arrive, the supporting of out seven Hundred Indians was a great Expence his Excellency, for which he had no Allowance om the Province of New-York, or for any other arge attending this Treaty: And as many of Indians, (above twenty) had got the Small-pox, being impracticable to prevent their going into own, or conversing with the Town's People, and Indians becoming uneasy by Reason of the kness of many, and the Death of some; his Exllency thought it most prudent to dismiss them, soon as possible from this Place, and to give orders to Mr. Johnson, to send out several Parties m Schenectade, or his own Settlement near the wer Mohawk Castle, to harrass the French Settleents in Canada; and for that Purpose delivered him Cloathing, Arms and Ammunition, to be en to the fighting Men, as his Excellency had omised them whenever they entered on Serte, and impowered him to furnish them with ovisions, and whatever Necessaries they should

They were very sible of this Kindness, and acknowledged it; t not above two or three could be prevailed on stay, who were so ill, that they could not be reved: All possible Care was taken of the other sk, in all the Waggons which carried them to benestade.

On the 26th of September, the Captains Staats d Vromen, brought the Indians living on the anches of the Sasquehannah River; they came the Indian Order, marching in a single Line H 2 one

Fort, faluted by a running Fire along the Line, which Salute the Governor ordered to be no turned, by a Discharge of some Cannon from a Fort.

On Monday the 8th of the same Month Excellency spoke to them, telling them the Substance of what he had ordered to be said to the Six Nations, and their Answer; and as this had been set forth at Length before, it is needless been set what was then said. The Reason of he Excellency's speaking to them in this Manner was because these Nations living on the Sasquehamo River and its Branches, are known to be Department on the Six Nations.

The next Day they gave their Answer; the Gattlemen of the Council, the Commissioners for he dian Affairs, the Corporation of Albany, the Officer of the four independent Companies, and force Officers of the new Levies, and other Gentlem being present, as they were when his Excellent spoke to the Indians: Their Answer was publicated interpreted as follows:

BROTHER,

Yesterday informed us of what you had said to be Six Nations, and their Answer; we are grieved hat the Six Nations have not already made use of the latchet, but have hitherto kept it by them, and have of sent out their young Men to revenge the Murders which have been committed by the Enemy.

We are resolved to make use of the Hatchet against be French, to revenge the Injuries done to you and our People, our Brethren.

We have received at Times very different Kind of News from the Six Nations, sometimes it seemed as if he French would be Masters; but it cannot be so, bey are a deceitful People, and cannot be trusted; they make fair Promises, and have no Intention to perform hem; they statter themselves with Hopes to be Masters, at they shall be disappointed; for we shall keep the Hatchet sirmly in our Hands, and are resolved to make the of it.

We know several Roads that lead to Canada, we want to see the Hatchet, that we may take it up.

Upon which, his Excellency threw down a Hangr, which the Speaker took up, and began the War-Dance, and several others danced the same after him.

After which, they desired his Excellency to take Care of them, as he had promised.

His Excellency returned them Thanks for their or readily taking up the Hatcher; he said, that he would presently set the War-Kettle over the Fire, and provide them with every Thing necessary for he War. His Excellency gave them a handsome resent in publick for their Nations in general, and H 4 private

which promised, that after his Return Home, he would go round all the Indian Settlements, to invite them into the War against the French, and their Indians; and that he did not doubt to be able to bring six Hundred Men from the Indian Settlements on the Sasquehannah River and its Branches, to march at any Time, and to any Place, his Excellency should appoint, in order to join the Fosce intended against Canada; in the mean Time, they would cause a Party of their Men to go out with his Men to scour the Woods, and clear them

of the French sculking Indians.

About this Time, a Serjeant of Capt. Living flow Company was furprized and killed by a fculking Party of French Indians: In a few Minutes after the Account of this came to his Excellency, who happened to be dining at that Time in Capt. Two Men offered themselves, who went with one who up derstood the Indian Language, in order to prevent Mistakes. Happy it was that this Precaution was taken; for Capt. While this Party was out, some of the Indians fell fick, and the others being apprehensiveof the same Misfortune, they return'd, after havng been but a few Days in the Woods. Excellency then perceiving the Uneafiness the Infians were under from the Apprehensions of Sickless, found it necessary to dismiss them all, on their romife to return, whenever his Excellency should order, with all the Force they should be able to colect; and which, they faid, as before observed, might mount to fix Hundred Men. The Number of ndians that came at this Time from the Sasqueannah River, confisted only of about fixty fightng Men, befides old Men, Women, and Chilten: More had come near to Albany, but having here heard of the Small-Pox and Sickness that as at Albany, and that many of the Six Nations ad catched the Infection, and feveral of them ere dead, they returned back.

After the Six Nations left Albany, many of themse ere taken sick on their Way Home, before they eached the Mohawk Castles, and a considerable Sumber of the briskest young Men of the Mohawks led. This retarded the Execution of the Order iven to Mr. Johnson, to fend out Parties to harrass he French Settlements in Canada, though he used I the Means in his Power to effect it. While he

chims, who had promised to head a Party from the Canajohary Castle, said, You seem to think that we are Brutes, that we have no Sense of the Loss of we dearest Relations, and some of them the bravest Ma we had in our Nation: You must allow us Time to

bewail our Misfortune.

About ten Days before his Excellency left Alban a Party of upwards of seventy Men, consisting some of each Nation, went against Canada: Some Christians were of the Party to assist and direct and to be Witnesses of the Behaviour of the Indian They were to avoid all the Lakes, and the ulu Roads and Passes to Canada, and were to go this the Woods over Mountains that are seldom passed to prevent the Enemies discovering them: Be after these had been out, Capt. Butler's Son, to whom the chief Direction of this Party was com mitted, was taken ill of the Small-pox, and for of the Indians were obliged to return to can him Home. Another small Party was fent out take Prisoners, and gain Intelligence at Crown-Pin At the writing of this, it is not known what Succei they have had.

When the Six Nations had come as far as the lower Mohawk Castle, in their Return Home, the were met by about six Men of their own Nations who delivered a Message from Canada, which has been brought by the Indian who was taken by the French at Crown-Point, and carried to Canada. The Message was interpreted in the following Worth

"The Governor of Canada had called the Cahn aga Indians to him, and then complained to then

And to convince them of my Love, I now fend back to them one of their People that was taken at Crown-Point, without eating his Flesh. And now Cab-" nuagas, my Children, I would not have you spill any more Blood from Albany upwards, for I begin: to pity their Weakness; but turn your Arms towards New-England, against your most inveterate Enemies; there is the Place for you to gain Honour now."

The Cahnuagas gave the following Answer to the Governor of Canada: Father, You are in the wrong to desire us to go among the Six Nations for Intelligence, or with Menaces; for such will only stirthem up, and bring them and all their Allies (who are very numerous) upon you, to destroy you at once. We know they are not to be bullied by your Words or ours; wherefore, Father, we must leave you to go through his Work by yourself.

After having, as above, related what had passed between them and the Governor of Canada, they ent the following Message from themselves.

Brethren of the Six Nations, "We hear the Governor of New-York has invited you to meet him; we intreat you not to mind any Thing be thall

A Cahnuaga Indian was fent along with the Prifoner that was restored; but when he came near the Settlements of the Six Nations, his Heart fails him, and he sent the Prisoner forward by himself

with the Message.

The Readiness with which the Six Nations communicated this Message, and the Slight they in all Appearance put upon it, is some Proof of their Sincerity in the Promises they made to his Excellency; neither from any Thing which has happened can't be shewn, that they were not sincere. On the contrary, it appears by Mr. Johnson's Letter to his

Excellency of the 21st of October; that several Parties are now out against the French; and that Mr. Johnson having received Orders from Col. Roberts, to fend as many Indians as possible to join the Army, all the Mohawks, even their oldest Men, were fitted out and ready; and having fent to the upper Castles at the same Time, they appeared so hearty, that there would not have remained above three old Men in any of the next Castles: And that Col. Roberts afterwards contradicting these Orders, they had appeared very uneasy on their being stopt. It was not expected that they would enter into the War without us, or by themselves, neither are they a People of so little Thought, as to give any Reason to expect it from them.

When the Companies raised in Pensylvania arrived at Albany, his Excellency was informed by their Captains, that Mr. Thomas, Governor of that Province, had sent Conrad Weiser their publick Interpreter, among the Sasquehannah Indians; and that they expected his Arrival at this Place in a little Time, with at least three hundred Indians. The Treaties with the Indians, which Mr. Thomas has published, gave great Hopes of the Success that the Interpreter would have; and thereby increased the Disappointment, when Mr. Weiser arrived a few Days before his Excellency lest Albany, and did not bring one Indian with him.

His Excellency Governor Clinton had, perhaps, more Difficulties to struggle with on this Occasion, than any Governor of New-York had at any Time: The Six Nations had, on several Occasions, given Grounds of Mistrust; the Governor of Canada was attempting all the Means in his Power to divert their Affections from us; the People of the County of Albany had, for some Time past, entertained a Dissatzsfaction in the Conduct of the

Commis-

Commissioners for Indian Affairs; the Commissioners oners themselves were divided in their Sentiments, and several of them refused to attend their Meetings; and they confessed to his Excellency, that they had lost all Influence on the Indians. Mr. Gooch having declined the Command of the Forces at Albany, his Excellency was forced like. wife to undertake a new and great Care, which he in no Manner expected when he left the City of New-York, and which, from many Incidents, was attended with many Difficulties. If these Things be duly confidered, and the Dangers his Person was in from the Infection of two different Diseases, which at that Time raged in the City of Albany, of which great Numbers died during his Residence there, of near three Months; none can doubt of his hearty Zeal for the Success of an Affair, in which the Safety and Prosperity of all the Colonies in North America were immediately concerned.

But as every one may not be sufficiently apprized of what Confequence the Six Nations being hearty, is to the Interest of Great-Britain, it may be proper to observe, That though a Number of Indians to march with the Army, which was intended to attack Canada, would be of great Use in discovering and defeating the Ambushes of the Enemy's Indians, while they were every Day to be guarded against by the Forces which were to march by Land; and would, by their Incursions into the Enemy's Country, terribly harrass them, and keep them from joining their Forces into any great Body to oppose the Design; these are not the most confiderable Advantages which might be gained from the Affection of the Six Nations at this Time, or any Time of War; for if the inland Extent of the Colonies from Nova Scotia to Georgia be confidered, and at the fame Time the numerous Indian Nations on the Continent of America, who may, by the

the Artifices of the French, be induced to make Incursions every where; and the cruel Methods by which the Indians make Incursions in small Parties, from the vast Force which every where covers the Continent, and which in many Places is impenetrable; it must evidently appear, that though the English Colonies be of much superior Force in Numbers of Men, yet their Number would not be sufficient to protect their Frontiers from the Incursions of the Indians in every Place: And that, while their Forces must in this Case be divided and scattered all over their Frontiers, it may be in the Power of the French in Canada, to invade with Success any Part of the English Colonies. On the other Hand, if a proper Attempt were to be made by the Northern Colonies alone, without the Assistance of their Mother Country, but with the Assistance of the Indians, it would in all Appearance be sufficient to reduce Canada; for if the Indian Nations can be persuaded to join heartily, (as from what is above related it feems probable they may) it will be impossible for the Inhabitants of Canada to defend themselves from the Incursions of these numerous Indian Nations, and from a Body of regular Troops at the same Time. As the French are very sensible of these Advantages to be gained from the Friendship of the Indian Nations, they neglect no Means in their Power to procure them: And it is to be hoped, that the Northern Colonies will be no less assiduous in a Matter on which their Well-being at least de-

Some People wish that the Indians may remain neuter, and think it adviseable to pursue Measures for that Purpose, by which many horrid Barbarities would be prevented. No doubt this is to be wished; but can the English Colonies by any Means be assured, that the French will be sincere

in preserving such a Neutrality? And if they be not fincere, we shall more certainly expose our. felves to all these Calamities, than we are now, by Indians being engaged on both Sides. The S_{lx} Nations are, by their natural Inclinations, disposed to War-like Enterprizes: They never have been at Peace with all their Neighbours, fince they were known to Christians. The Reputation they have gained among all the Indian Nations in North America, gives them an Influence in the Councils of every Nation. It may then be easy for the French to turn this Disposition of War in the Six Nations, against us, and, by their Influence, draw all the Indian Nations in North America upon us. The Genius of the Six Nations will not suffer them to remain inactive, while their Neighbours are at War.

In the last Place, it may not be improper to obferve at this Time, that though the Colonies to the Southward (and the Inhabitants of the Parts of the Northern Colonies, which are less exposed to the Incursions of Indians) think themselves little concerned in Interest, or in the Consequences of the present War; yet, if they would consider that the Northern Colonies are really their Frontiers, and that they defend the others from all the Calamities of a most barbarous War; the Southern Colonies must think that any Contribution of Men and Money, which is expected from them, is an easy Purchase of the Freedom from such Calamities, to which their Brethren are subjected; and that while they can follow their Occupations at Ease, they are much better enabled to support the Expence of a War than the Northern Colonies are, where the Inhabitants are every Day in Danger of their Lives from a cruel Enemy, while at their daily and innocent Labours. Southern Colonies neglect to keep the War at a Distance

New-York, Dec. 2, 1746.

The Party of seventy Indians and Whites mentioned in this Treaty, did not go out together as was at first intended; Sickness, and other Incidents, made it necessary to alter the Measures at first proposed. One Party of thirty Indians and ten Whites went by themselves. These sell upon a French Settlement on the North-side of St. Lawrence River, about 10 Leagues above Montreal, and brought away eight French Prisoners, one of them a Captain of Militia, and four Scalps. Party of nine Indians went to the Cahnuagas, under Pretence of continuing the Neutrality with them; they were introduced to the Governor of Ivionir ear under the same Pretence, who made them Prefents: Their Design was to gain what Intelligence they could, and after they had done this, they acted their Part so well, that they received several Letters, one from the Governor of Montreal, and others from confiderable Persons, to the Commandant of Fort St. Frederick at Crown Point. their Way thither, by which they were to return Home, they surprized some French in a small Fort, killed five, and brought away one Prisoner and one Scalp. They brought the French Prisoner and the Letters to the Commanding Officer at Albany, and informed him of what they had feen and heard at Montreal.

ment of the nerica: Togreed upon and divers rovince, to nued there, that shall

D had made t pleased him and to fit him not only qualify lift him with Skill and Power, but with Integrity to use them justly. This native Goodness was equally his Honour and his Happiness; and whilst he stood here. all went well; there was no need of coercive or compulsive Means; the Precept of divine Love and Truth in his Bosom was the Guide and Keeper of his Innocency. But Lust prevailing against Duty, made a lamentable Breach upon it; and the Law, that had before no Power over him, took place upon him and his disobedient Posterity, that such as would not live conformable to the holy Law within, should fall under the Reproof and Correction of the just Law without, in

a judicial Administration.

This the Apostle teaches in divers of his Epistles: The Law (fays he) was added because of Transgression: In another Place, Knowing that the Law was not made for the righteous Man; but for the disobedient and ungodly, for Sinners, for unholy and prophane, for Murderers, for Whoremongers, for them that defile themselves with Mankind, and for Men-stealers, for Liars, for perjured Persons, &c. But this is not all, he opens and carries the Matter of Government a little further: Let every Soul be subject to the higher Powers; for there is no Power but of GOD. The Powers that be are ordained of GOD: Whosoever therefore refisteth the Power, refisteth the Ordinance of GOD. For Rulers are not a Terror to good Works, but to evil: Wilt thou then not be afraid of the Power? Do that which is good, and thou shalt have Praise of the same.——He is the Minister of GOD to thee for good.—Wherefore ye must needs be subject, not only for Wrath, but for Conscience lake.

This settles the divine Right of Government beyond Exception, and that for two Ends: First, To terrify evil Doers; Secondly, To cherish those that do well; which gives Government a Life beyond Corruption,

and makes it as durable in the Word, as good Men shall be. So that Government seems to me a Part of Religion itself, a Thing sacred in its Institution and End. For if it does not directly remove the Cause, it crushes the Effects of Evil, and is as such (though a lower yet) an Emanation of the same divine Power, that is both Author and Object of pure Religion; the Difference lying here, that the one is more free and mental, the other more corporal and compulsive in its Operations: But that is only to evil Doers; Government itself being otherwise as capable of Kindness, Goodness, and Charity, as a more private Society, They weakly err, that think there is no other Use of Government than Correction, which is the coarfest Part of it: Daily Experience tells us, that the Care and Regulation of many other Affairs, more soft and daily necessary, make up much the greatest Part of Government; and which must have followed the Peopling of the World, had Adam never fell, and will continue among Men on Earth under the highest Attainments they may arrive at, by the coming of the blessed Second Adam, the LORD from Heaven. Thus much of Government in general, as to its Rife and End.

For particular Frames and Models, it will become me to say little; and comparatively I will say nothing. My Reasons are: First, That the Age is too nice and difficult for it; there being rothing the Wits of Men are more busy and divided upon. Tis true, they seem to agree in the End, to wit, Happiness; but in the Means they differ, as to divine, so to this human Felicity; and the Cause is much the same, not always Want of Light and Knowledge, but Want of using them rightly. Men side with their Passions against their Reason, and their sinister Interests have so strong a Biass upon their Minds, that they lean to them against the Good of the Things they know.

Secondly,

Secondly, I do not find a Model in the World, that Time, Place, and some singular Emergencies have not necessarily altered; nor is it easy to frame a civil

Government, that shall serve all Places alike.

Thirdly, I know what is said by the several Admirers of Monarchy, Aristocracy, and Democracy, which are the Rule of one, a few, and many, and are the three common Ideas of Government, when Men discourse on that Subject. But I chuse to solve the Controversy with this small Distinction, and it belongs to all three: Any Government is free to the People under it (whatever be the Frame) where the Laws rule, and the People are a Party to those Laws; and more than this is Tyranny, Oligarchy, or Confusion.

But Lastly, when all is faid, there is hardly one Frame of Government in the World so ill designed by its first Founders, that in good Hands would not do well enough; and Story tells us, the best in ill ones can do nothing that is great or good; Witness the Jewish and Roman States. Governments, like Clocks, go from the Motion Men give them; and as Governments are made and moved by Men, so by them they are ruined too. Wherefore Governments rather depen a upon Men, than Men upon Governments. Let Men be good, and the Government can't be bad; if it be ill, they will cure it. But if Men be bad, let the Government be never so good, they will endeavour to warp and spoil it to their Turn.

I know some say, Let us have good Laws, and no matter for the Men that execute them: But let them consider, That though good Laws do well, good Men do better: For good Laws may want good Men, and be abolished or evaded by ill Men; but good Men will never want good Laws, nor suffer ill ones. 'Tis true, good Laws have some Awe upon ill Ministers, but that is where they have no Power to escape or abolish them,

and the People are generally wife and good: But a

loofe and depraved People (which is to the Question) love Laws and an Administration like themselves. That therefore which makes a good Constitution, must keep it, viz. Men of Wisdom and Virtue, Qualities, that because they descend not with wordly Inheritances, must be carefully propagated by a virtuous Education of Youth; for which After-Ages will own more to the Care and Prudence of Founders and the successive Magistracy, than to their Parents for their private Patrimonies.

These Considerations of the Weight of Government, and the nice and various Opinions about it, made it uneasy to me to think of publishing the ensuing Frame and conditional Laws, foreseeing, both the Censure they will meet with from Men of differing Humours and Engagements, and the Occasion they may give if

Discourse beyond my Design.

But next to the Power of Necessity, (which is a Solicitor that will take no Denial) this induced me to a Compliance, that we have (with Reverence to GOD and good Conscience to Men) to the best of our Skill, contrived and composed the FRAME and LAWS of this Government, to the great End of all Gr vernment, viz. To support Power in Reverence with the People, and to secure the People from the Abuse of Power; that they may be free by their just Ohedience, and the Magistrates honourable for their just Administration : For Liberty without Obedience is Confusion, and Obedience without Liberty is Slavery. To carry this Evenness is partly owing to the Constitution, and partly to the Magistracy: Where either of these fail, Government will be subject to Convulsions; but where both are wanting, it must be totally subverted: Then where both meet, the Government is like to endure. Which I humby pray, and hope GOD will please to make the Lot of this of Pennsylvania. Amen.

AET ACT of SETTLEMENT, made at Chester, 1682.

WHEREAS WILLIAM PENN, Proprietary and Governor of the Province of Pennfylvania, and Territories thereunto belonging, hath, out of his great Kindness and Goodness to the Inhabitants thereof, been favourably pleafed to give and grant unto them a Charter of Liberties and Privileges, dated the Twenty-fifth Day of the second Month, One Thousand Six Hundred and Eightytwo: By which Charter it is faid, the Government shall consist of the Governor and Freemen of the faid Province, in the Form of a provincial Council and general Affembly; and that the provincial Council shall consist of seventy-two Members, to be chosen by the Freemen; and that the general Assembly may, the first Year, consist of the whole Body of the Freeholders, and ever after of an elected Number, not exceeding two hundred Perfons, without the Consent of the provincial Council and general Assembly: And such Assembly to hit yearly on the twentieth Day of the third Month,

as in the first, second, third, sixth, sourteenth and sixteenth Articles of the Charter, Reference being

And forasmuch as this Charter was the first of those probationary Laws, that were agreed to and made by and between the Proprietary, and Governor, and Freemen in England, that were Purchasers in this Province, which said Laws, in the whole and in every Part thereof, were to be submitted to the Explanation and Confirmation of the first provincial Council and general Assembly that was to be held in this Province, as by the Title and first Law of the said Agreement doth

And whereas, the Proprietary and Governor hath, according to that Charter, Mued out Writs to the respective Sheriffs of the fix Counties of this Province, to fummon the Freemen thereof, to chuse in each County twelve Persons of most Note for their Sobriety, Wisdom, and Integrity, to serve in provincial Council; and also to inform the Freemen that they might come, for this Time, in their own Persons, to make up a general Assembly, according to Charter. And that the faid respective Sheriffs by their Returns, and the Freemen by their Petitions to the Proprietary and Governor, have plainly declared, that the Fewness of the People, their Inability in Estate, and Unskilfulness in Matters of Government, will not permit them to serve in so large a Council and Assembly, as by the Charter is expressed; and therefore do desire, that the Members now chosen to be their Deputies and Representatives, may serve both for provincial Council and general Assembly; that is to fay, three out of each County for the provincial Council, and the remaining nine for the general Assembly, according to Act, as fully and amply as if the said provincial Council and general Assembly had confifted
