# MINU'TES OF THE INTENDED ARRANGEMENTS 

Between Earl Bathurst, His Majesty's Secretary of State, and the proposed Canada Company.

Ordered, by The House of Commons, to be Printed, 15 April 1825.

TTHE Merchants and others, who have united together to eatablish a Company for purchasing improving, settling and disposing of lands and other property in Upper Canada, and especially for purchasing and settling certain lands in the province of Upper Canada, which have been reserved for certain public purposes, and for the support of a Protestant clergy, and which are known by the name of "The Crown Reserves," and "The Clergy Reserves," and which merchants and others, for that purpose, have suhscribed a capital of One Million sterling;-having applicd to Earl Bathurst, His Majesty Principal Secretary of State having the Department of the Colonies, to advise His Majesty to grant to them a cbarter of incorporation, and to grant and convey to then, for certain valuable considerations, the said reserved lands in the province of Upper Canada; -the following arrangement has been concluded between the committec or court of Directors, appointed hy those persons, and acting for the general body, on the one part, and Lord Bathurst on the other part.
1st.-IT being necessary that the consent of Parliament should be obtained, before His Majesty can grant that part of the lands proposed to be conveyed to the company, which have been reserved for the support of a Protestant Clcrgy, Lord Bathurst will, at an early period of the next Scssion of Parliament, take the necessary measures for introducing a Bill for this purpose.

2nd.-As it nay be expedient to invest the proposed company with certain powels and privileges, which His Majesty, by the mere exercise of His royal prerogative could not confer, Lord Bathurst will introduce into the Bill to be submitted to Parliament, the necessary clauses for investing the proposed company with those powers and privileges.

3 ric.- Suhjoined to the present minute is a Memorandum, containing the heads of the Bill which Lord Bathurst proposes thus to lay before Parliament, for its consideration. His Lordship must be distinctly understood, as not hinding himself to support any particular parts of this Bill, which, in the course of the Parliamentary discussion of the subject, it may appcar to him rightt or expedient to abandon. The subjoined Mcmorandum must therefore be regarded only as containing those previsions which, upon his present consideration of the subject, Lord Bathurst thinks it would be proper to suggest to Parliament for its adoption.

4th.-Lord Bathurst will move the Lords of the Privy Council to advise His Majesty to issuc under the great scal, a royal charter for the incorporation of the proposed company. Hy this charter would he granted such powers and privileges as it is competent to the Crown; by virtue of its prerogative to confer, without the

aid of Parliament., Subjoined to the present minute is a Memorandum, containing the hcads of the charter which it is proposed thus to grant. It is however to be clearly and distinctly understood, that notwithstanding the present arraogement, the Lords of the Priyy Council (as the conatitulional advisers of the Crown on subjeets of this nature), and the Lord Chancellor (as kecper of the great seal) will exercise their judgment both as to the propriety of issuing such a-charter, and as to any particular clauses in if, which may appear to them illegal or objectionable.
5 th. - When the company shall bave been actually incorporated, I Ord "Bathurst will firther advise His diajesty to convey to them, upon the ternis and conditions subsequently mentioned, the lande in the province of Upper Candada, which are sub-
sequently described.

6th. -That part of the province of Upper Cunada, which has hitherto been occupied by His Majesty's subjects, is at present divided into districts, which are subdivided into counties, and in each of the counties yarious townships have beep laid out. In pursuance of the statute $31^{\mathrm{st}}$ George 3. c. 31. oue seventh of the land comprised in these townships, hes been reserved for the mantenance of Protestapt Clergy. These lands are called ""The Clergy Reserves.". One other seventh part of the lands included in these townships. has been rescryed by His Majesty the district of Niagara, no reserves have been made for the Crown Reserves." In ciency has been supplied by a large reservation in the adjoining district of Gore. Various grants in fee simple have already been made of parts buth of the "Clergy. Reserves and of the "Cruwn Reserves." Some parts of these lands have been demised for terms of years; other parts have beeh occupied either with the written licence of the colonial government, or on the faith of vcrbal profisises made by that government, that the occupants sbould receive grants on leasciy of the lands in their occupation." There are other parts, of these lands which, without any legal conof a public nature, or fual proujse or licenee, have becn appropriated to purposes vince; other portions which the convenience or advantage of the clergy of the profrom their peculiar loral adyantages, or from other circumstances, so situated as that the occupation of them may be peculiarly convenient or necessary for the public service within the province, or for the erection of churches, school-houscs, or par-sonage-houses, with small adjoining pleces of land io be used as burying grounds, yards or gardens. Finally, there are within the Clergy and Crown Reserves, various pareels of lapd which have been occupied for ten years and upwards, by persons who have resided upon then, not ondy without any grant, but without any pretence "f legal title, nid who, in America, are usually designated by the appellation of "Squatters," but who, notwithstanding, have not bern disturbed in that occupation. When the company shall actually have been incorporated, Lord Bathurst will advise His Majesty to convey to them, upon the conditions subsequently stated, the whole of the Crown Reserves, and one lalf of the Clergy Reserves, in those townships which, on or before the first day of Mareh 1824, were actually laid out in the several districts tiefore mentioned, in the provinee of Upper Canada; it leing understood that the several portions of the Cmwn' and Ctergy Reserves which, as above mentioned, have been granted or demised on lease, or oceupied on the licence or promise of the government, or appropriated to public or clerical purposes, or occupied without disturbance for ten years, or whith way be peculiarly convenient or necessary either for the publie service or the ecclesiastical objects already mentioned, are to be wholly excepted; so that there wiH be conveyed to the company one half of that part only of the Clergy Rescrves which will remain, after deducting these excepted lands from the entire quantity orighally reserved, and the whole of the Crown Reserves whieh with remain after making the corresp a aling deduction of the excepted
lands from them.

7th. -In order that the exceptions mentioned in the preceding paragraph, may not operate more extensively than ${ }_{2}$ is at juresent contemplated, Lord Bathurst will impediately instruct the licutenant govemor of Upper Canada to adopt ali necessary measures for preventing any new grants or leases being inade, or licences of occupation given, of any part either of the Clergy or Crown Reserves. But as until the proposed ebarter of incorporation shall be granted, the corporation alrcady cxisting

## INTENDED ARRANGEMENTS.

in Uper Canadd, for the management of tho Clergy Reserves, will in point of latr be inveited with the power of granting leases of those lands, His Majeaty's government is'not to be held responsible ta the compsny, if ing intermediete leases shall actually. be granted; a contingeney, however, which it uny te prenumedis inghly indprobable. To obviate any danger of ailsconception upon so inpportapt a subject, it is to be most distinctly understood; that the present arrangement is not in'ang degree whaterer to affect the riuht of the clergy of the proyince, or of the corporation surablialied for the management of the clergy estates, or of the King as head of the church in Canade, to mange, cultivate and settle that portion of the Clergy, Reserves which is not to be included in the zales thr the compary ; "but that when the portion of thd Clerky Reserves which is atill to be reserved to the clergy, shall be uscertained ond set aparh, as is subsequently meationed, every restriction apon the corporation, in respect of granting leases or otherwise, relating to the management of such portion of the - Clergy Rcserves, shall be as an end.

- Sth-The lands to be granted to the company, when incorporgted, will be conveyed to them in fee simple, to be theld in free and common soccage.
nth. -The company will have no claim to become purchasers of any lands which
may be reserved may be reserved, for tbe Crown or for the clergy, in any townships which maj be laid out in any part of the province subsequently to the ist day of March 1834 .
10th.- It is arranged, that so soonts the proposed charter of incorporation shall have passed the great'seal (and sooner, if the coinpany should think fit), five commissioness shall be appciated, who shall proceed to Upper Canada, witt power to ascettain the quantity and to determine the price to be paid by the company, for the said reserved
1 ittr. - Of the five commissiopers, two will be nominated by Hord Bathurst, and two by the committee or court of directors of the proposed company. These nominations being made, thie court of directors shall then bame three other persons r.s candidntes for the uffice of fith commissioncr. "If any twó of the four first named commissionert concur 'in objecting to ahy one or more of the thrce candidates, the naine or names of the perscis or persons so objected to shall be withdrant, and other no one of whom any two of the four first until three candidates shall be named, to of these three candidates, Lord lathurst will selcect one, who will be the fitth commissionce.

12 th. - The decision of the commissioners in every case, will be guded by the majority in number of votes. The senior commissioner appointed by the Crown, will be the permanent chairthan of the commission.
13 thi-In the event of a vacancy occurring, by the death, rcsignation, incapacity or permanent sickness of any commissioner, the vacancy is to be supplied by the hiniself appointed; but until the successor can be nominated in England, e provisional appointment maj be made in the province, either by the lieutemant-povernor, if the commissioncr creating the vacancy was appointed by the Crowns or hy the surviving or continuing connmisoiomer of the company, if the commissioner creating the vacancy was appointed by the compenyi or in the mode prescribed in the preceling paragrapli, No. 11, if the commissioner should create the vacmey, the lieutenant-governor will in that case have the right of selection froin the uhree candidates preseated to him. $\Lambda$ 'secretary will fee attached to the commission, to be appointed by the commissioners thenselves, with a salary not exceeding $\not \subset .500$.

14tb. -The renitucration of the twb commissioners nominated by Lord Bathurst will be provided for by His Majesty's government; the company will remunerate the cominissioners appointed by themselves. The remuneration of the fifth conimissioner and of the secretary, and all the expenoes which may, be reasonably incurred by the commissiouers in travellag or otherwise, by veason and in the execution of the commission with which they are to be charged, will be equally divided letweea His Majesty's government and the company.

## GANADA COMPANY MINUTES OF

15 th. - The five commissioners thas nominated, will recaive a commisejon under the groat ceal of the proviace ; for their guidance in the exegution of the duties to be commitend th thean, they will receive writen instructions from Lord Bethurat. If in the progrew of the comminsion it shóuld be nectesary to issue furtber inutivetions, they wilf be given by Lond Bathurst in coucert and comihunication with the' cqutt of lirectors; subjoined to this minute is a copy of tbe conmission which it is proposed 10 grant, add of the instructoms which will imnediately insue for the gaidance of the commiagloners.

16th. - Cpon their srival in Upper Cannda, the commanoners wasised by every menas which due local governmoht cde command, wilf proceed to ascertain what is tho price to be paid by the company to His Majesty goveriment, for the lands proposed to be grapert to them. In fixing that price they will be goveched by the principler and rules subsequently laíd downs

- 17 th. - The comningiopers will first jnguire what sales of land have been effected in each diatrict of (Tpper Canade, for ready yoney, during the period of the last five ycars pitcceeding the firat day of March 18.4. Ry. thê expreyen Sales effected or ready money, will be undertood not only sales in which, upon the conveyanceof the la de the moncy was uctually paid to the seller in cath, but also'sales in whicly. the purchase money was paid by billa of exchange, whetier home or forcign, "at the nsual sights. In" suchinquiry reference shall not ba bad to.siles of single lots of not morc than 200 acres, or smuller parcels of laid, or to gles of lands which at the time of sucl sale were cleared or çuhivated all the lands so as aforesaid to be grantea, to the sqid proposed company. be ing unclearod and unoccupied, and the nmaneusent bet wecil the parties, and the intent and uncaning of thitis agreement being, that the most recent transactions and the largest sales which shall be found to have. taken place previous to the said 1 st day of March 1824 , shall be, the criterion or staudard by which the commissioners shall be principally regulated" in the prices which they are to ascertají añd Uetermine. Having ascertained as far as possible, the most recent, and the largest classes of the ready money sales thas effected during the bicforementioned period, in all of the districts in Upper Canada the couninissioners wilf proceed to strike an average ready money price for cach district, upout equitable principles, regulated by the facts so to be asccrtained, and by every other information, in conformity with the terms and spirit of the arrangement made betwcen the partiest

18 th. - Ap it may happen that the valun of lands in difierent parts of the same districts may be "paterially differeot, sales effected in onc part of such a Ulistrict Would'afford no enterion of the value of lands in another part of that district; for the purpose of the intended average valuation, the existing division of the terntory into districts, which was adopted for political purposes merely, may perhaps bo Sound entirely inapplicable. Adjoining parts of different districts uay bear só strony a resemblance to each other, in those circumstances which constitute the value of hands that a fair, averuige would be most effectually obtained by classing togethor lands which lie in different political divigions of the province. If these suppositions should prove to be consistent with the fact, it will be in the discretion of the commissioners if they shall think fit, in forming the general ayerage, to observe the following rules:- They will ascertain the population of each townstip in the proyince, according to the latest census; they will then consider, existing divition of the province into districts, what townships most nearly resemale each orher in population, in advantages or disedvantages nt locality, and in matural fertility of soil. They will place together in one class, as many townigips, whether lying in the same or in scparate districts, as may appear to them sufficiently to resanble eich other in the thice particulars already menfioned, of poptilation, locality
and fertility.

1gth.- In fixing the price to be paid by the company, for the lands to be granted to them, the cominissioners will have regard to the ready money price of lands in cach district; when thus ascertained and avcraged. "These averages will be regaided as the first and moit important, but not as the single criterion, by which the price to be paid by the company to His Majestys Government, is tơ be deternined, To correct any misconception as to the valuation which might arise from having regard
