TUESDAY MORNING, FEB. 7, 1911
P. A. Y. E. AND P. A. Y.
Another of those delightful bluffs which tickle the public fancy while concealing the actual facts or conditions, was put into circulation yesterday when the street railway pulled off the P.A.Y.E. system, with the intimation that the people had triumphed.
Since the system was put into operation we have been trying to find out what the financial result was. The company expected, when the system was adopted, that more dollars would be the result. The retention of the system depended, as we have frequently said, upon its success in gathering in more dollars. If the company's revenue had been notably increased by the system, there would have been no withdrawal.
Companies are only moved by one consideration—that of profit. The P.A.Y.E. car did not P.A.Y.E. The conductors were slyer than the company thought, and the public had been more honest, and a stricter system of collection added nothing appreciable to the receipts—nothing, at all events, that would have balanced the conversion of old cars into new ones, and the installation of ticket alters.
The summer was coming, too, when the agile passenger hops up the sidewalk in swarms, and the conductor develops the faculties of Argus.
If Manager Fleming would devote one-half the ingenuity bestowed on such schemes as the P.A.Y.E. to building bigger and better cars and more of them, and to training the conductors and motormen to keep the cars moving when they are too full to let anyone else on—not to say in the fare collections would look after themselves. The best way, in fact, to increase the revenues is to increase the facilities for passengers.

ELK LAKE AND GOWGANDA EXTENSION.
Energy and enterprise is the characteristic of the pioneers of Northern Ontario, and with the extraordinary resources at their disposal they are inspired to utilize every means of civilization for its development.
The latest organized movement in the north is in connection with the long-desired opening up of the Elk Lake and Gowganda country by rail. The government is quite Scotch in its camliness, altho Col. Matheson appears to be the only Scotch constituent of the cabinet. At all events no persuasions and no entreaties have availed to secure favorable consideration for the proposed extension of the Charlton branch across the Montreal River.
Perhaps it is too much to expect the government to be as eager as the public in assuming what some may regard as a speculative responsibility, but there are so many large interests embarked on the allied enterprises of the Elk Lake and Gowganda country, and they will be so inevitably linked up with the Porcupine interests to the south, and the country has already shown such a return for the labor expended upon it, that those familiar with the situation regard it as full of promise.
Steps have been taken to present the salient points of the situation to the government next Wednesday, 15th inst., by a delegation from the north country, excursions having been arranged from Englehart and Cobalt on the T. & N. O. Railway, with the assistance of others who are interested in the Montreal River district.

SUPERVISION OF STOCK AND SHARE CERTIFICATES.
Now that public attention has been called to the possibility, under existing conditions, of placing treasury stocks on the market without proper authorization and to the prejudices of a company and its shareholders, it becomes the duty of the provincial government and legislature to prevent such an occurrence for the future. Prosecution and punishment of offenses is to some extent a deterrent, but it is not so satisfactory a method as that which can be secured. So far as the particular kind of wrongdoing is concerned, companies and shareholders can be protected by a method which entails no hardship or inconvenience and in no way interferes with the free conduct of their business or their administrative power.
The simple remedy is to require the deposit of the certificates of the stock or shares of all companies with a trust institution of standing, or in other responsible and independent hands. This will thereby protect the interests of companies and shareholders, since no stock or shares would be released with-

out evidence that all statutory requirements and the other steps prescribed by the company's articles had been fulfilled and taken. Investors have just now no security whatever with regard to this and have neither the knowledge nor the opportunity to find out for themselves whether stock issues are in order. The interposition of a responsible, independent authority will be an efficient safeguard against improper dealing with stock certificates.

NO SURRENDER TO THE WORD.
Even Sir Wilfrid Laurier, with all his backing and all the influence of the United States, cannot force reciprocity on the people of Canada. Let us fight it out and we'll win.

SEND IT BACK TO THE LEGISLATURE.

The city council did a wise thing yesterday in resolving to ask the legislature to take the right to fix the number of shop and hotel licenses from municipal councils and place it absolutely in the hands of the government or its commissioners. There has been a lot of bickering and ill-feeling over this same subject. A question that has nothing to do with good civic government goes back, or ought to go back, to those who have really assumed the responsibility of making and enforcing the liquor laws of the province.

WINTER STRAIN AND RECIPROCIDITY.
We come back to our topic of yesterday, the strain of our winter upon our people, and we propose to illustrate it from a somewhat different point of view.

On the whole Canada has one of the best climates in the world; but we cannot, to tell the truth, say a great deal for the months of January and February that we have to face. At times these months are full of sunshine, of fair weather, of a moderate degree of cold; but at times they carry storms, blizzards, the blocking of roads and railroads, much illness in the way of colds, grip, influenza, pneumonia. A business is more or less paralyzed, and as a consequence, more or less inconsequence follows.

We should therefore frankly admit these facts and act accordingly. But we go on in the fond hope always that these months are to be like any other month of the year, and as a result we see railroad accidents, we see travel delayed, trains stalled, passengers having to go without food, general inconvenience.

Even our parliament sits in these months of strain, and as a result there is very little legislation. We have managed for some years to avoid holding elections in January and February, altho that was at one time the custom of the country; but Ottawa is still running at full steam, or trying to run at full steam, during January and February, the worst two months of the year.
In this very month of February, now when storms and lack of railway accommodation prevail, the most momentous question ever presented to the Canadian people is thrown into the arena. Thousands of business men propose to go to Ottawa to make protest. We do not know how they will get there or what circumstances will mark their trip. Railway disorder is one of the things they have ahead of them. There is only a single track, that of the Canadian Pacific, and it runs back thru the north inhospitable country. No effort has yet been made to put a good road from the Grand Trunk, say at Kingston, to Ottawa, where there would be a double track service and a fast one.
Speaking from a political point of view, a ministerial party in control of the country which summons parliament at Ottawa in January and February has a 200 per cent. advantage over the opposition, that is weaker in numbers, whose members have to do the fighting, who are not settled in comfortable houses, who live in lodgings, who have to travel, and who are put up against the weather in every sense of the term. A government can almost keep itself in power indefinitely in Ottawa, inaccessible as it is, if well-housed as against an opposition that is leading a gypsy life in comparison.
Again we say the month of January and the month of February are the months of stress in this country; that we ought to organize ourselves to get thru these months with the least strain, to do all things that are essential, but to leave things that can be left to other months, to leave them to other months. Certainly parliament could do its business in the fall for half a session, and from some time in March to June in the spring, for the other half of the session, and do it much better.

RECORD OF THE MANUFACTURERS' LIFE—1910 A RECORD YEAR.
The Manufacturers' Life had a statement in yesterday's World of the results of their business during the year 1910.
This company once more shows a record year. Some of the increases in the business done by the company are notable:
The premium income for the year shows an increase over the previous year of over \$142,000, and the total income an increase of over \$175,000. It is to be noted that the total income of the company has, for the first time, exceeded the \$3,000,000 mark.
The assets of the company show a remarkable increase of over \$1,350,000, reaching the total sum of over \$13,000,000. This is certainly an excellent increase for one year.
The company has increased its reserves during the year, for the protection of its policyholders, by over \$1,055,000, making the total reserves for this purpose over \$11,700,000.
The surplus held by the company for the further protection of its policyholders now amounts to \$1,075,535.55, an increase during the year of \$234,115.
The Manufacturers' Life certainly deserves to be proud of the record it has made.

Wreyford & Co

85 King Street West

much-talked-of "Barber's Regulation Act." I may state that two very material changes have been made to the bill. The first one, that it requires two years' apprenticeship instead of three; and the second, that if it becomes a law, the act does not apply to towns less than three thousand population. The bill in itself is of vital importance to the public at large, and we sincerely hope that our representatives to the provincial house will support it.

The bill requires that a provincial board of registration and examination composed of three experienced barbers, be appointed, who shall meet in different parts of the province for the purpose of examining applicants as to their qualifications for license as barbers.
The qualifications of a barber shall be determined by his ability to cut hair, shave and trim beards in a skillful and careful manner, and properly prepare his tools; but no person shall be permitted to pursue the business of barber nor be entitled to registration as a barber unless he, or she, shall have followed the occupation of barber for at least two years, either as an apprentice, barber, or both, and must possess skill and knowledge concerning the use of the razor, and the face, and neck and to prevent the aggravation and spreading of them.
"On payment of a small sum to the said board, a card or certificate of registration shall be issued to the holder to practise as a barber. That card or certificate must be renewed yearly. Every apprentice or student in a barber shop or school must serve three years as such before a card or certificate can be granted to him as a barber.
"That any barber shop shall be open to any fixed sum of money, such as razors, towels and other implements of the trade must be kept strictly sanitary, and under no circumstances shall any towels be used to wipe or dry persons' faces. A clean towel must be used on each person.
"All implements used in connection with the occupation of barber must be sterilized at least once a week, and immediately after use, or any person suffering from any eruption or disease of the face or neck, which reasonably may be expected to be contagious.
"Barbers must keep their hands clean and finger nails short. They must sterilize their hands after serving any person who may apparently be suffering from any eruption or disease of the face or neck, or any contagious disease."
The bill further requires that all apprentices or students must register with the board of examiners and secure apprenticeship card before commencing to work.
L. E. Worthall.

GOOD NEWS FOR DRUMMERS
Expenses to Be Classed With Salaries as Preferred Claim.
Commercial travelers will be interested in a decision of Justice Riddell in an appeal of William Ganning and W. J. Saville from the decision of the local judge of quality on matters relating to the liquidation of the Morlock & Cline Company of Guelph. This decision of Justice Riddell allows them the preferred creditors' chances to both salary and expenses, amounting in each case to \$209.94.
"Expenses," declared the Justice, "are as much a part of the wages as any fixed sum of money, such as razors, towels and other implements of the trade must be kept strictly sanitary, and under no circumstances shall any towels be used to wipe or dry persons' faces. A clean towel must be used on each person.
"All implements used in connection with the occupation of barber must be sterilized at least once a week, and immediately after use, or any person suffering from any eruption or disease of the face or neck, which reasonably may be expected to be contagious.
"Barbers must keep their hands clean and finger nails short. They must sterilize their hands after serving any person who may apparently be suffering from any eruption or disease of the face or neck, or any contagious disease."
The bill further requires that all apprentices or students must register with the board of examiners and secure apprenticeship card before commencing to work.

CRAMPTON FACES TRIAL FOR ACCEPTING NOTES

Travers Testifies That Dr. Nesbitt Planned Illegal Deal—J. J. Warren Heard From.

Fred Crompton, president of the Crompton Corset Co., and brother-in-law of Dr. Beattie Nesbitt, former president of the Farmers' Bank, was yesterday committed for trial from the police court upon a charge of illegally accepting the notes of the bank, contrary to the provisions of the Bank Act.

The only evidence taken was that of Travers, who was given protection by Magistrate Denison when he stepped into the box. Travers told the Mr. Crompton had been introduced by Dr. Beattie Nesbitt and that the illegal scheme by which the bank secured \$50,000 in cash from Mr. Crompton, giving him, in return, its own unsecured notes, upon which interest at 5 per cent. was later paid, was suggested by the fertile brain of the doctor. He said that he did not believe that Mr. Crompton knew that what he was doing was illegal, but that it simply looked like a good investment.
Travers said that the arrangement had been made verbally and that the money had been needed to tide over the bank's obligations at the clearing house. The former general manager was the only witness heard, but Messrs. V. A. Burke, James J. Fitzgibbon and E. A. B. McNeill were bound over as additional witnesses to be called when the case comes up for trial at the March sessions.

Released on Bail.

Mr. Crompton, who appeared upon a summons, and who has made restitution of \$388, said to have been received as interest upon the notes, was allowed to depart upon his own bail of \$1000.
Travers was once more clouted in the detective office for the day. At 5.30 he left by the 6.15 for the jail with Detective Murray, as he had come up in the morning. He is looking a good deal thinner, but healthier than when he first appeared in court.
Crown Attorney Conway yesterday received a telegram from James J. Warren, charged jointly with Dr. Nesbitt, Travers and the four provincial directors and C. H. Smith, with conspiracy to defraud the Farmers' Bank, the treasury board by which the bank operated its doors for business.
The telegram is from Revelstoke, B. C., and reads:
"Understand some proceedings contemplated. Writing you fully, with particulars my address, Telegraph answer to Spencerbridge."
Mr. Warren has interests in British Columbia. Take him there frequently.

McVeety v. Free Press—J. T. White, for plaintiff. H. M. Mowat, K.C. for defendants. An appeal by plaintiff from the order of the master in chambers directing that the plaintiff give security for costs of this action. Judgment: In my opinion, where it is required of defendants as necessary to get security for costs has substantially been complied with. I am not able to say that the plaintiff has disposed of the case made, and so not able upon the facts to reverse the order of the master. The plaintiff may have four weeks further time, from the date of this order, to put in security, should he desire to further prosecute the action. Subject to this, the appeal will be dismissed. Costs to be costs in the cause to the defendants.

Pettigrew, G. T. R. Co.—A. G. Mackay, K.C., for plaintiff. L. McCarthy, K.C., for defendants. D. Robertson, K.C., and G. M. Kilner, K.C., for third parties. Motion by plaintiff for judgment of \$100,000 damages from the judgment of Mulock, C.J., of Nov. 2, 1910. The action was brought by Edith Pettigrew, widow of John Pettigrew, a brakeman in defendants' employ, who was killed on Jan. 14, 1910, to recover \$100,000 damages for his death, alleged to have been caused by the carelessness and negligence of defendants. The G. T. R. Co. claimed over against the third parties, that the plaintiff's action was dismissed with costs, and the railway company's claim against the third parties was also dismissed with costs. The appeal between the defendants and third party is not argued, but if necessary it will be heard on a later date.
Judgment: Appeal dismissed with costs, including costs of the third parties, to whom plaintiff gave no notice of appeal. No costs of appeal as between G. T. R. Co. and third parties.

F. B. POLSON'S ESTATE
Interest in Iron Works Valued at About \$300,000.
After a delay of over three years, the will of the late F. B. Polson of the Polson Iron Works, who died Oct. 27, 1907, is being finally disposed of in the supreme court. Exclusive of 298 shares of stock in the iron works, valued at \$100 each, and which are being sold by the Toronto General Trusts Company, executors, the estate is estimated at \$1,600,000, and is composed of stocks in the Canadian Tin Plate and Steel, Toronto Hunt Club, Electrical Development Company, Carbolite Carbolith, and the Timigami Navigation Company, as well as a half interest in Rosedale lands, and a lot on Binscarth-road.
To his wife and his daughter Grace, go \$200 each, and his other Annie will receive an income of \$2 per month until her death, after which \$1000 will be paid to each of her three children. His mother receives the same provision, while an aunt Jennie, receives \$1000. After the disposal of these legacies, his widow receives the annual income from one-fourth of the estate, the balance of which will be divided among their children up to the attainment of their majority. The stock is estimated at some \$280,000.

Protection From Fire.
Have you ever adopted any precautions to protect your family and home from the ever-present menace of fire? If not, why delay? You never know when the lives of your loved ones may be in danger from the fire fiend. The Davy Automatic Fire Escape is really the only fire escape in the market that is simple in operation. Can be attached to any window and will save five persons per minute from a three-story building. Gormley, 111 & Co., 25 Adelaide-street east, Toronto, agents. Write for full particulars.

TEMPERANCE

Nervous Prostration For Three Years

"Dr. Miles' Restorative Nerve cured me of a period of nervous prostration of over three years' duration, and the Anti-Pain Pills are as necessary to us as the roof of our house. They have been household remedies with us for many years."

WM. J. LOUGHRAN,
1214 Catherine Street, Philadelphia, Penna.

Much sickness is due to nervous troubles. Headache, dizziness, epilepsy and insanity are nervous troubles. Then there is a large class of disorders which arise from a weakness of the nerves of an organ or part, as weak lungs, heart, stomach, kidney, bladder, eyes, etc. Dyspepsia and indigestion are usually the result of nervous disorders.

Restorative Nerve
soothes the irritated nerves, and assists the nerve cells to generate nerve force.
Dr. Miles' Restorative Nerve is sold by all druggists. If the first bottle fails to benefit, your druggist will return your money.

Speculation in All Grains Continues of Light Character

Chicago Market a Dull Affair and Prices Sag Lower—Big Decrease in American Visible Supply.

Chicago Grain Review. (CHICAGO, Feb. 6)—Widespread snow, directly beneficial to fall-sown wheat, carried down the price of wheat to-day.

Receipts at Primary Centres. Receipts of wheat in car lots at primary points, with comparisons, were as follows:

European Wheat Markets. The Liverpool market closed 1/4 to 1/2 higher than on Saturday for wheat futures...

Winnipeg Inspection. Winnipeg receipts of wheat graded as follows: No. 1 northern, 6 cars; No. 2 northern, 15; No. 3 northern, 1; No. 4 northern, 1; winter wheat, 2.

Visible Supply. A comparison of the visible grain supplies in the United States to-day and with the corresponding dates of the past two years is as follows:

Grain on Passage With Comparisons. This week's last week's last yr. Wheat, bush, 1,215,000 1,215,000 1,215,000

Shipments in Detail. World's shipments of wheat with comparison follows:

Argentine Cable. Argentine-Brazilian cables that leading houses here are receiving advices that fresh returns confirm a very low yield in Southern Buenos Ayres and what there is in the north is of inferior quality.

Liverpool Wheat Market. LIVERPOOL, Feb. 6.—The market was influenced at opening by lighter offers and some covering by shorts.

Chicago Cattle. CHICAGO, Feb. 6.—Cattle, receipts, 17,000; market, strong; beef, \$4.35 to \$4.80; Texas steers, \$4.25 to \$4.75; stockers and feeders, \$3.75 to \$4.25; cows and heifers, \$2.50 to \$3.75.

Winnipeg Wheat Market. Close. Open. High. Low. Close. Wheat—May 95 92 94 92 94

Chicago Cattle. CHICAGO, Feb. 6.—A good stock of 8000 head was offered at the wool auction sales to-day.

London Wool. LONDON, Feb. 6.—A good stock of 8000 head was offered at the wool auction sales to-day.

Chicago Cattle. CHICAGO, Feb. 6.—A good stock of 8000 head was offered at the wool auction sales to-day.

Chicago Cattle. CHICAGO, Feb. 6.—A good stock of 8000 head was offered at the wool auction sales to-day.

ESTATE NOTICES

ADMINISTRATRIX'S NOTICE TO Creditors and Others.—In the Matter of the Estate of Joseph Lea, Late of the Township of Scarborough, in the County of York, Manufacturer, Deceased.

NOTICE is hereby given, pursuant to R. S. O. Chapter 12, and amendments, that all creditors and others having claims against the estate of Joseph Lea, late of the Township of Scarborough, in the County of York, manufacturer, deceased, who at the time of his decease carried on business under the firm name of Canadian Ornamental Iron Company, and who died on or about the second day of December, one thousand nine hundred and nine, at the City of London, in England, are required to send by post, prepaid, or to deliver, to the undersigned Solicitors for Eliza Lea, the Administratrix of the estate of the said deceased, on or before the twenty-first day of February, 1911, their names, addresses and descriptions, and particulars of their claims against the estate of the said Joseph Lea, duly verified, and the nature of the securities, if any, held by them.

And further take notice that after the said twenty-first day of February, 1911, the said Administratrix of the estate of the said deceased, having regard only to the claims which the Administratrix has then notice of, and that the said Administratrix will not be liable for the said assets, or any part thereof, so distributed by her, or any other person, as Administratrix shall not have received notice at the time of such distribution.

And that after the said date the said Administratrix will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims which they shall then have notice of, and that the said Administratrix will not be liable for the said assets, or any part thereof, so distributed by her, or any other person, as Administratrix shall not have received notice at the time of such distribution.

JOHN BUSHNELL, Solicitor for the Administratrix. J.L.F.714

NOTICE TO CREDITORS.—In the Matter of the Estate of Eliza Perry, Late of the City of Toronto, in the County of York, Widow, Deceased.

NOTICE is hereby given, pursuant to R. S. O. Chapter 12, and amendments, that all persons having claims against the estate of the said Eliza Perry, who died on or about the twelfth day of December, 1910, are required to send by post, prepaid, or to deliver, to Owens & Proudfoot, Barristers, etc., Imperial Chambers, Adelaide-street East, Toronto, Solicitors for the Executors of the estate of the said Eliza Perry, on or before the first day of March, 1911, their names, addresses and descriptions, and a full statement and particulars of their claims, and the nature of the securities (if any) held by them, duly verified.

And that after the said date the said Executors will proceed to distribute the assets of the said estate among the persons entitled thereto, having regard only to the claims which they shall then have notice of, and that the said Executors will not be liable for the said assets, or any part thereof, so distributed by them, or any other person, as Executors shall not have received notice at the time of such distribution.

JOHN BUSHNELL, Solicitor for the Executors. J.L.F.714

NOTICE TO CREDITORS.—In the Matter of the Estate of William James Ferguson, Late of the County of York, Deceased.

NOTICE is hereby given that all persons having claims against the estate of the late William James Ferguson, who died on or about the 14th day of December, 1910, at Toronto, in the County of Ontario, are required to send by post, prepaid, or to deliver, to the undersigned Solicitors herein for the Administratrix, the said William James Ferguson, their names and addresses, and particulars in writing, and the nature of the securities (if any) held by them.

And that after the said date the said Administratrix will proceed to distribute the assets of the said estate among the persons entitled thereto, having regard only to the claims which they shall then have notice of, and that the said Administratrix will not be liable for the said assets, or any part thereof, so distributed by her, or any other person, as Administratrix shall not have received notice at the time of such distribution.

JOHN BUSHNELL, Solicitor for the Administratrix. J.L.F.714

Halting Tendency Displayed on All Stock Markets

Stock Market Has a Tired Look and Moderate Setback Occurs

Wall Street Turns Dull and Values Begin To Sag—Toronto Exchange Merely Marks Time.

World Office, Monday Evening, Feb. 6.—There was a slowing down in speculation to-day at both the Montreal and Toronto exchanges. On the Toronto market there was scarcely a feature, the majority of transactions being within the smallest fractions of the prices at the end of last week. Some strength was shown by Toronto Ralls and Northern Navigation, but in neither instance were the dealings important. Toronto Ralls was pulled by Montreal interests, and on the eastern market the price rose to 127 1/2. The only news to be gleaned on the stock is that there is a possibility of an increase in the capital which in the present market would mean rights to shareholders. Northern Navigation shares recovered to 118, and this was accepted as a normal rally from the precipitate dip in the price last week. Rio, Sao Paulo and Mackay just held their own. The latter stock was weaker on this market than any other. At New York the last sale was 94 3/8, and was regarded as a pointer to a further advance of an attempt to get out shares on Canadian exchange on the New York quotation. The weakest stock was General Electric, bids for which failed to cross 100, although the shares have sold recently up to 106. Rather heavy buying of Commerce caused a rally from 210 to 212, at which price the stock was wanted at the close. Investment enquiry in the bond department is good, and several issues are wanted at firm prices without offering. To-day's storm is thought to have kept away some speculative orders, and there is no evidence of any change in sentiment. Predictions of higher prices are accepted in the main without dissent.

WALL STREET POINTERS.

Canadian Pacific wins taxation exemption test suit. Berlin Bank rate reduced from 5 to 4 1/2 per cent. London fortnightly settlement begins on Wednesday. Serious revolutionary disturbances continue in Northern Mexico. Deadlock at Albany continues, with no immediate prospect of relief. Blizzard has swept over middle west, and Chicago hard hit by worst storm since 1908. Pittsburgh and surrounding territory experiencing heavy snowstorm; blizzard threatened. General tone of newspaper comment over Sunday definitely bullish than for some time.

Actual condition of bank statement shows further increase in loans and continued net gain in cash.

London—Cuttner—Close: Spot, 53 1/2; futures, 55 7/8; advance, 55 on both. Washington: Chairman Clements held to-day that he believed the decisions in rate advances cases would be announced by last week of this month.

The Illinois Steel Co. will re-employ 1000 men at Gary on Feb. 15, when the entire plant resumes operation.

The market is surely hardening and getting into position to do something really big. Interiors are good. Northern Pacific is good. Specialties: Big money will be found in Copper. Big Beet Sugar on any dips.—Joseph's Financial News Bureau.

Big Increase in Earnings.

OTTAWA, Feb. 6.—The annual meeting of the Ottawa Electric Railway Co. took place at noon to-day. The report showed gross earnings of the year 1910 to have been \$748,708.75, an increase of \$71,251.40 over 1909. The net earnings were \$277,220.11, an increase of \$79,474.18.

Sir Henry Pellatt Down East.

SYDNEY, N.S., Feb. 6.—Sir Henry Pellatt and C. Hugh Brown are here. Sir Henry is paying his first visit to the Dominion Steel and Coal plants, in which he is financially interested. Mr. Brown has been the confidential adviser of some of the industrial corporations in the United States. Both are very free in the expression of their opinion about the certainty of industrial development here.

ON WALL-STREET.

Erickson Perkins & Co. had the following: After the sharp rise that we had in the stock market Saturday and this morning, a setback was in order and it came in the last hour. It should go a little further to-morrow, then we expect another bounce. The market has not continued long enough for a distributive one, which leads to the conclusion that certain stocks will be carried higher. We would not buy anything except on drives from now on. The weakness of N. Y. Central and D.

Cotton Gossip.

Erickson Perkins & Co. say at the close of the market to-day: The local market showed the effects of a gradual but steady weakening in sentiment, and confidence in the situation, prices breaking sharply under general liquidation, led by New Orleans. The con-

UPWARD MOVEMENT STILL BEING MARKED OUT.

World Office, Monday Evening, Feb. 6.

The Toronto stock market had no great breadth to-day, and, despite a general feeling of bullishness, the upward movements were few and far between. Toronto Ralls was the strong spot, the Montreal operators being responsible for any dealings on this market. Another issue of stock is looked for by the Toronto Railway Company at no distant date, and this is supposed to be the incentive for the present buying of the shares. On the whole, the Toronto market was only conspicuous in its steadiness to-day. In some issues offerings are being made to keep prices down for accumulation, while in others an attempt is being made to distribute shares. The upward movement is still in the process of being worked out.

tioned heavy movement, now pointing to a crop of considerably over 12,000,000 bales, and smaller speculators' takings, seem to have taken the heart out of the former bull leaders, and the market has now to face liquidation in the spot markets. Prices at the lowest represent a decline of 1 1/2 points from the season's high, which, we think, should lead to caution in following the decline much further. Would cover shorts on any further bounce.

Montreal Stocks

MONTREAL, Feb. 6.—Trading on the Montreal stock market to-day was not as active as recently, and price movements were somewhat irregular. Steel Corporation was the most active issue, with transactions of 1000 shares, and, after advancing fractionally to 94, it closed off at 94, with that figure bid and 94 1/2 asked at the close. Toronto Ralls were a strong feature, advancing to 127 1/2, or one point above Saturday's close, with the last sale at 127 1/2. Rio, after selling at 109, sold off to 108 1/2, recovering to 108 1/2. United, after selling at 72 1/2, recovering to 72 1/2. The close was somewhat easy.

Open High Low Close Sale.

W.M. GREENWOOD BROWN, Secretary.

HONORED GEORGE FAIRHEAD

Transportation Men Made Him Presentation on Eve of Marriage.

There was a representative gathering of transportation men in Krausman's Hotel yesterday to give George Fairhead, commercial agent of Canadian Northern Railway, Hamilton, a send-off and suite of dining-room furniture in anticipation of his marriage. John H. Copeland, President of the board, was in the chair and O. Wood, western freight agent, Allan Lane, made the presentation.

Among Mr. Mulrhead's well-wishers in the city and out of town, who offered him the usual salutations, were: Wm. Phillips, C. P. Green, H. Bourlier, Fred Notch, Chappell Green, P. Wright, A. Lennox, F. Mitchell, W. Graisley, E. Brown, J. W. Good of Canadian Northern Railway, J. J. Rose, W. Maughan, T. Mullins, J. Jolley, G. Ruckley, W. Anderson and A. Morice of Canadian Pacific Railway, C. E. F. Brown, J. W. Good of Canadian Northern Railway, Hamilton, E. R. Thorpe of Grand Trunk Railway, Geo. Fernley, G. M. Thomas and S. G. Tiffin, International Railway, A. J. Taylor, C. M. & St. P. R.; B. H. Bennett and P. H. Torrey of C. N. W. R. H. E. Watkins, F. A. Nanckivell, G. H. Nor. Ry.; P. G. Van Vleet, I. & V. Journal; J. A. Yorkick, Burlington Road, R. S. Lewis, K. M. Fitzpatrick, L. R. V.; E. C. Boland, Can. Lake Lines; Wm. Polley, J. O. Goodall, U.P.R.; S. A. Baker, C.G.W.R.; Geo. Bunting.

SIMPSON

Hosiery, Furniture, Silverware, Wall Paper and Curtain Sales at Simpson's. Bargains

The Hosiery Sale

In the olden days stockings meant wool and work. The method of manufacture is a little different nowadays, but the wool and workmanship count for everything in the production of the first-class article just the same. Our Hosiery Sale has a reputation in Toronto which has been built up by careful buying from factories noted for good wool and workmanship. And we will not lose that reputation in February, 1911. The English, French and German factories cannot judge their year's sales to a nicety, and our expert buyers come along, cash in hand, and snap up any excess at great reductions; hence our sale prices. Remember, that only overmakes of first quality are touched.
