UP TO CLOSE AT HAMILTON 4 FAVORITES 1ST ON FRIDAY

Light Brigade and Edgley Odds on Favorites Lost, Virtuoso, Benckart, Lord Radnor, Monochord Won.

Odds on favorites were beaten in the first two races at Hamilton yesterday, and the remaining four went to the public choice, all by comfortable margins.

Light Brigade, at 1 to 4, was never a stalling factor in the opening days, and he was the favorite in all the races.

Edgley Odds, at 1 to 2, was a good thing for third.

Benckart was steadily supported for the long race, and scored handily, finishing second in the second race.

Lord Radnor, at 1 to 2, was the favorite, and he was the favorite in all the races.

Monochord, at 1 to 2, was the favorite, and he was the favorite in all the races.

Monochord, at 1 to 2, was the favorite, and he was the favorite in all the races.

Monochord, at 1 to 2, was the favorite, and he was the favorite in all the races.

Monochord, at 1 to 2, was the favorite, and he was the favorite in all the races.

Monochord, at 1 to 2, was the favorite, and he was the favorite in all the races.

Monochord, at 1 to 2, was the favorite, and he was the favorite in all the races.

Monochord, at 1 to 2, was the favorite, and he was the favorite in all the races.

AN EVOLUTION
 in letter-filing systems has taken place—for it is now universally conceded that the "Mace" Vertical way is the only way to take care of correspondence. Just think of the time saved in referring to your correspondents' letters by this better way. It used to mean diving into perhaps a dozen or more transfer cases in which every body's letters were filed indiscriminately under A, B, C, etc., and perhaps then giving up the search in disgust—but now—simply say to our office boy "Bring me John Smith's letter Hamilton," and in 15 seconds he has it on your desk with all of the letters from Smith—and carbon copies of the letters you write in response. Doesn't this, this time, temper, labor and money-saving system appeal to you? Of course to the man who has a desk, it must be a "Mace." We'll be mighty glad to give further particulars.

FOR THE HARGRAFF TROPHY.
 The first match for the Hargraff trophy was played Friday afternoon between teams representing the Granite and the Woodstock clubs. WINTER RESORT

Cuba will be a favorite winter resort for the people of North America, because of its favorable location and uniform temperature. At the time when the Northern States are clothed with snow and ice, this island has the climate of June. With its fine sandy beach for bathing, its land-locked harbor for yachting, the rolling lands in the background for beautiful scenery, and Canadian people for neighbors, Ocean Beach should be the most desirable as a winter resort. The scenery on Guadiana Bay is grand and inspiring. Our Estate is covered with tropical foliage. The water is so clear that the gravelly bed from ten to twenty feet below can be seen distinctly, abounding in certain sections with Spanish mackerel, a species larger than the mackerel of our Northern markets, and fully as palatable.

LAND IS THE BASIS OF ALL WEALTH.

As a permanent place of residence as well as a health and pleasure resort, Cuba, owing to its climatic and scenic charms, is attracting wide attention. Any person from a northern climate can live in Cuba in Summer with as much comfort as in Canada, while the winter months are, of course, very much more comfortable than in a land of snow, sleet and blizzards.

PURPOSE OF THE COMPANY

Since Cuba obtained its independence, and since its favorable climate and fertile soil have become known, there is a growing demand among the people from "The States and Canada" for real estate holdings in this island. Nature has provided for the Canadian people, and to know that titles are clear and valid. As the company's property is especially adapted for the establishing of a colony, and as it contains more acreage than the company could put under cultivation in many years, we have concluded to offer for sale fifty thousand

acres of land divided into ten-acre lots or upwards. The balance will be put under cultivation for the benefit of the company. This suggested establishment of a colony is especially desirable in order to make a port of entry at Ocean Beach. The part of the tract facing the ocean near Guadiana Bay is set apart for a business and residential site. The land which we are offering for sale is the best portion of the property, as regards location for shipping facilities, being nearest the water front. The quality of the soil also is all that can be desired. There is no tax on improved real estate in Cuba.

COST OF TWENTY-ACRE BANANA PLANTATION.

Including Care of Same for Each Year.

200 banana plants to the acre	
Selling price at plantation, 35 cents per bunch	
Cost of land, at \$20 per acre	\$400
Cost of clearing, at \$5 per acre	100
Cost of 6000 banana bulbs, at 2 cents each	120
Cost of planting bananas, at 2 cents each	120
Cost of care of land, at \$10 per acre	200
Total cost	\$1000
Estimated Income from a Twenty-Acre Banana Plantation at End of Each Year	
Estimating 85 per cent. of plants bearing	\$1785
Cost of care and marketing products	200
Net profit	\$1585

Note: An owner of a ten or twenty-acre banana plantation can largely reduce this cost of "care" by doing much of the work himself.

TRUCK GROWING IN CUBA

Of all agricultural pursuits, that of growing vegetables, as a commercial venture, has hidden in the possibilities much to attract not only the tiller of the soil but many of those who have surplus money accumulated in other than agricultural pursuits. It is easily within the bounds of probabilities to estimate a crop of vegetables that can be grown during the winter months at a thousand to two thousand dollars profit per acre, and if one takes into consideration the small vegetable places around Havana, it would be reasonable to say into thousands of dollars per acre.

NO DANGER OF OVERDOING

Won't this fruit business be overdone? we are asked. It will, provided that the United States and Europe quit growing, and our wide-awake transportation companies all get flat wheels and hot boxes. The United States is now buying millions of boxes of lemons yearly from Mediterranean ports. Cuba can grow every one of them. In 1924 Florida exported 250,000 boxes of early oranges to Liverpool that sold at 20 to 30 shillings per box. This market alone could be worked up to 1,000,000 boxes of early oranges to go to before Mediterranean oranges are ripe. All we need is the fruit to ship and we will have more markets than fruits. It will be at best ten years before Cuba can begin to cut any great amount of ice in the markets of the world. And to do this we must plant at once ten to twenty thousand acres yearly. We can pay the duty and land our products in the markets cheaper than Florida or California can, and as to quality, we are without a peer.

FISH, GAME AND ANIMALS

Seven hundred varieties of fish, also crabs, oysters, lobsters and turtles, are found in the waters surrounding the Isle of Pines. The sea and rivers which empty into it are literally alive with them. Sea-bass, red-snapper and pompano are the choicest eating. Parakeets and beautiful humming birds, brilliant as winged jewels, quail and wild pigeons are found in the woods, and ducks along the coast. Such game is plentiful, as very few natives own guns, owing to the license of \$10 a year required of those who keep them. There are positively no poisonous snakes or insects or dangerous wild animals on the island. The largest four-footed animal found is the "cutia," about the size of a large squirrel. You can sleep in the open air in the woods or in a tent without the slightest danger from beast or reptiles. Mosquitoes and even common house flies are never troublesome in summer.

TO MERCHANT, MECHANIC OR CLERK

The condition under which the average mechanic or clerk exists to-day is one of ceaseless toil, from morning till night, year after year. If he has a family, after paying the landlord, grocer and doctor, and buying coal and clothing, there is little left to provide for an emergency or old age. Contrast this condition with that under which one can live in Cuba. The owner of ten acres of land under cultivation will have an income double that which is earned by most mechanics, with the expenditure of one-half the labor. For a small sum he can construct a suitable house. His vegetable garden and fruits will supply a large portion of his food. There will be no rent bills, no coal bills and no winter clothing to buy. Under these conditions he can lead an independent, healthful, out-of-door life, having a sufficient margin between his expenses and income to enable him to put aside each year a portion for the future. His property, moreover, is constantly increasing in value. Do you want insurance against poverty? Do you want a guarantee of independence in old age? If you do, read every word of our Prospectus. It points the way to a comfortable income for life. It shows you how you can easily provide for the future. Give it your earnest attention. Read it carefully. Do it today.

TITLES GUARANTEED

The First Issue of the Company's Business, Residential and Winter Resort Lots.

The Site Consists of 640 Acres. About One Square Mile in Area.

It is situated on a slight elevation, sloping from the centre on either side towards the sea, chosen very carefully by the members of our company and the company's engineers with a view toward insuring perfect drainage. The location is well suited to the development of a thriving business and residential community. This tract is being divided by many avenues and a grand boulevard. The arrangement is effective, and when the streets and avenues have been cleared, leaving only the stately-royal palms, there will be no more picturesque beautiful spot in the tropics. Most of the lots are 50 x 125 in size, except where otherwise surveyed, as per map. These lots are unusually large and their size gives plenty of room for lawns, gardens, fruit and shade trees. The first issue will be sold for \$50.00 to \$75.00 each lot, according to location. Call or write for early selection and get your choice. Only a limited number will be sold at this price.

Remember That:

Hundreds of Canadian families have purchased plantations on our Company, and are going to make their permanent home on our estate. Ten thousand acres will be sold in Cuba for less than \$50 per acre anywhere to-day. Our business and residential lots will be sold rapidly, so don't let this opportunity pass; it is a chance in a lifetime. The same lots will advance in price rapidly. Hundreds are going down in September who have already located for their plantations. So rich is the soil of Cuba that a tract the size of a city lot will furnish all the fruit and vegetables that a family can consume.

Value of an Acre of Land in Cuba

Not only is Cuba attractive as a winter and health resort and permanent place of residence, but the fertility of its soil gives it agricultural advantages which are fast making it famous as a field for the cultivation of Citrus Fruits and Early Vegetables. Every acre of tillable land in Cuba is, in our opinion, worth \$100 as it is to-day. Cultivated (in oranges for instance), it is worth \$1000. These assertions seem broad, but they are not the less true. Every acre of good citrus fruit land in Cuba will yield from \$300 to \$500 yearly. Call the average \$250, and you have TWENTY-FIVE PER CENT. PROFIT ON \$1000 VALUATION—that is, of course, on the supposition that your land and planting COST YOU \$1000 per acre. California orange groves pay these returns, and are sold at these prices, in spite of their drawbacks, which don't exist in Cuba.

Resources

Citrus Fruits, such as Oranges, Grape Fruit, Pine Apples, Lemons and Limes, grow almost without care, while early vegetables—Potatoes, Beans, Peas, Tomatoes, Cucumbers, Onions, Corn, etc., can be grown and shipped in December and January, when they bring the highest prices in the Northern Markets. The light soil of the Island—a rich loam—is loose and easily worked. Its fertility is marvelous. In fact, the climatic and agricultural conditions make it a natural fruit orchard and a huge winter vegetable garden, requiring only ordinary effort to yield a rich harvest, its position below the "frost line" insuring to the orange grower the permanency and safety of his investment and far larger returns than can be obtained in Florida or California, since in those localities enormous sums must be expended to protect the orange groves from the killing frosts which frequently prevail.

ADDRESS ALL COMMUNICATIONS

GEORGE F. DAVIS,

AGENTS WANTED.

106 KING STREET WEST, TORONTO.

Managing Director

Telephone Main 5731.

READ THIS Letter Received From the Rev. J. G. Stuart.

65 Byron Avenue, London, May 25, 1905.

Dear Sir: I have just lately returned from a visit to the Island of Cuba. While there I visited your property. The steamer from Havana landed us by Lighter at the Punta Colorado, where you propose to start the town of Ocean Beach. It is the finest spot for a bathing resort that I saw in Cuba, on account of the splendid beach, which is rarely found there, because the trees grow close up to the shore. The town-site is finely situated, with a view of the Colorado Keys, which protect the shore from the storms of the ocean. This part of the property is covered with yellow pine, and the soil is of a sandy loam with a gravelly sub-soil. This land is like much of the fruit-lands of Florida, and will require fertilizing for oranges and other citrus fruits. But, with this, I believe will produce the finest trees in Cuba. It is more like California and Florida orange land than anything else that I have seen in Cuba, and will be cultivated at much less expense.

I hope to see all your property in the vicinity of the town-site covered with groves of oranges, lemons and grape fruit in the near future, and am satisfied that you will demonstrate to the most sceptical the value of your land for the culture of citrus as well as delicious plants. In traveling over these lands for several days it seemed to me that a portion of Florida had emerged from the ocean in the western end of the Island of Cuba. I understand that phosphates have been discovered on a neighboring island, and the indications are that they will be found on your property. If so, it will be an additional evidence of the similarity of this land to the fruit-lands of Florida. Hoping to learn that the Company are taking steps to cultivate it at an early date, and prove to a demonstration what I have indicated in the foregoing statements. I remain, yours truly, J. G. STUART.

Prunes etc.

"Prunes pay \$150 to \$200 per acre." "Vanilla pays \$100 per acre." "Apples net \$300 an acre." "Figs sell green at \$50 per ton, at the rate of \$500 an acre."—Southern Cal. Bureau of Information. "Cotton grows perennially—a most promising industry."

Figs.

Figs are in their natural state in Cuba; they require more care than either the cocoon or mango, but they are not difficult to raise when properly managed and yield large profits to both grower and packer. They begin to bear sooner than most of the tropical fruits, and from the fifth year on the yield is enormous.

What Could I Do in Cuba?

Among other things you can get rich. All you need is hustling and a little capital. A fortune there for you; pitch in and get it. Nothing can stop you if you go after it strong enough. This is no gold vein to pinch out; no oil gusher to stop flowing; no mining prospect or oil field to fail of realization; no rash promises.

No drought or blizzard or flood. No crop failure. Success is absolutely certain, if you are willing to hustle. This is all there is to it. A little money—a lot of energy—a great fortune. Any man with a few dollars who is willing to hustle can become rich in a few years in Cuba. There is absolutely nothing to say on the other side. Every element of success is there. You do the work properly, and fortune will follow as certainly as day follows night. And no beggarly pittance either, but wealth ample even for these days, and it can be vast wealth, if you have sufficient energy and push.

CATTLE RAISING

Grasses in Cuba have a most wonderful growth. Green all the year and very nutritious. Cattle-raising has always been the chief occupation of the natives, who have a natural disinclination to the labor necessary in cultivating the soil for market. Pasture always green and no winter storms or no need to prepare. Large numbers of cattle and hogs in fine condition and good breed are found in all sections of the island. Havana and other points in Cuba furnish the market, the price being much higher since the Spanish-American war than in the United States.

NIGHT SERVICES
PARK OF GEORGE
Pastor of Walmer Road Speaks at
Annual of Toronto Association
of Baptist Churches.
Successful beyond any of its predecessors was the opening session of the 10th annual meeting of the Toronto Association of Baptist Churches at York Mills. In attendance, in enthusiasm and high tone which characterized the several addresses the members of the association may be fairly congratulated. More than 200 delegates and members of the churches were present. Rev. Jesse Gibson spoke briefly on "The Holy Spirit and its Commission." The Canadian Northwest and British Columbia were in grave danger of being deprived of the day of rest. The western land was filling rapidly with a population containing an element of social and national danger. The missionary spirit must actuate the church in the future as in the past. The opening services were conducted by the pastor, Rev. P. A. McEwen, while the prayer, Rev. G. T. Weir delivered the opening sermon. Rev. W. J. Scott was elected moderator pro tem. S. J. Moore was subsequently elected moderator for the year 1905. The report of the secretary, Mr. G. T. Weir, was read and the financial statement of 1904, while the receipts for all church and mission funds were a most gratifying nature, indicating substantial gains in every department of church work. An animated discussion took place following the presentation of the several reports. The conference will continue to-day, the morning session being devoted to the voting on the mission circle conference. At 7:30 p.m. and 7:45 p.m. conferences will be held.
RODNEY'S BIG FIRE
As Told by Press Despatches—Town Was Threatened.
London, June 9.—(R.A.S. m.)—The town of Rodney is reported to be on fire. Brigades are being called for from neighboring towns.
Rodney, June 9.—(R.A.S. m.)—Fire broke out at 7:30 this morning in the business portion of the town, and at this hour (8:40) is beyond control. Assistance has been asked for from neighboring towns.
St. Thomas, June 9.—Fire was discovered in the basement of a building occupied by McBride's grocery this morning about 8 o'clock. At one time it looked as if the whole village would be wiped out, as Rodney has no fire brigade. Volunteers went to work with buckets and partly succeeded in holding the flames back till the fire brigade from Ridgeway arrived. T. W. Kirkpatrick's residence next door was also burned down.
LOCAL TOPICS
An order has been issued by the premier that all civil servants in the parliament buildings must be in their offices by 8:20 a.m. and stay until 3 p.m. with an hour for lunch.
The sermon to the graduating class of Moulton College was preached Sunday morning by Chancellor Wallace. On Tuesday evening the graduating exercises were held at the Moulton college hall. The exercises were held on Monday.
The board of control has accepted an appeal from Inspector Hughes to the Granite Bank this morning at 11 o'clock to meet the work of the public school pupils in art, manual training, needlework, writing and arithmetic. The school was closed on a strike at King and Yonge-streets yesterday. About \$200 damage was done to the school.
Challenger's Dimensions.
The launching of the Nichols Canada Cup challenger, the "Ternaire," will be held on Saturday next, at Captain James Andrews' ship yard, at Oakville. The Ternaire will be brought to Toronto as soon as possible to tune up.
The challenger's dimensions are: Length over all, 50 feet; water-line, 29 ft. 6 in.; forward overhang, 10 ft.; overhang aft, 10 ft.; beam on deck, 10 ft. 2 in.; beam on water-line, 9 ft. 9 in.; draught, 6 ft. 10 in.; ballast, 50 tons; mast over all, 47 ft. 9 in.; truck to deck, 44 ft. 9 in.; boom, 39 ft. 4 in.; gaff, 25 ft. 2 in.; mainmast, 23 ft.; spritaker boom, 20 ft. 4 in.; horn outboard, 5 ft.; sail area, 147 square feet.
Epworth League Convention, Beaver, Col., July 25-29, 1905.

Italian Smugglers Caught.
Niagara Falls, June 9.—Customs officers last night arrested Phillip Donna of Niagara Falls and E. Husen of Montreal on a charge of smuggling. They were caught driving a motor bridge with a load, as they said, of bananas and lemons, but which turned out to include Italian canned goods worth \$70 and lace valued at \$200. Today Donna was fined \$50 and costs, or two months. Husen will be tried tomorrow.
Saturday to Monday Outings.
The R. & O. Nav. Co. are offering very low rates this season to the citizens of Toronto for outings from Saturday to Monday to Montserrat, the steamers "Toronto" and "Kingston," leaving Toronto 3 p. m. for Charlotte Harbor, on the coast of Honduras, and Prescott; arriving in Toronto 6.45 a. m. Monday. The finest and cheapest water trip; the scenery unsurpassable. See "ads." in this paper for rates.
