U.S. "STANDS PAT" BIG BRITISH ADVANCE

Participation in War Taken as Inevitable, and Congress Will Vote Money for War Purposes—Sinking of Housatonic Not an "Overt Act," as Warning Was Given and Crew Rescued—Effort Made to Line Up All Neutrals.

Battle of the Ancre is Resumed and 500-Yard Advance Made on Three-Quarter Mile Front Near Beaucourt, With 100 Prisoners Taken—French Make Successful Surprise Attack Near Verdun—Russians Win Fight Near Riga.

WILSON MAKES A BOLD STROKE FOR SUPPORT OF ALL NEUTRALS

Suggests That Countries Break Off Diplomatic Relations With Germany and Orders Immediate Reports, Meantime Making Preparations for the Eventuality of War.

Washington, Feb. 4.—Besides breaking off diplomatic relations with Germany, President Wilson has made a bold stroke to range the moral force of all other neutrals along with that of the United States in the interest of peace.

The president has suggested to all other neutrals that they break off diplomatic relations with Germany as the United States has done and has instructed all American diplomats in those countries to report immediately how the suggestion is received. The opinion in diplomatic quarters here is that European neutrals, at the very least, will hesitate to take such a step. The effect of the suggestion in other countries is being eagerly awaited. This was the only development of first importance which came out of a day of tense waiting which followed the actual announcement yesterday of the break with Germany.

News that the American steamer Housatonic had not been sunk without proper warning and that no lives had been lost, dispelled a cloud which threatened the storm to follow the first overt act against the U. S. under the new war zone order.

Waiting Developments.

Still hopeful that Germany will not ruthlessly sacrifice American lives or rights, the administration is awaiting developments, but leaving nothing undone to prepare the country for the eventuality of war.

The situation as to Austria, is tonight unchanged. There is no doubt, however, that diplomatic relations will be broken with her when she announces her intention to adhere to Germany's course.

The president's invitation to neutrals to follow his action was contained in instructions to American diplomats to announce the break with Germany to the governments to which they are accredited. It was contained in the following note:

"You will immediately notify the government to which you are accredited that the United States has broken with Germany and has announced its intention to renew unrestricted submarine warfare, has no choice but to follow the course laid down in its note of April 13, 1916 (the Sussex note)."

"It has, therefore, recalled the American ambassador to Berlin and has delivered passports to the German ambassador to the United States."

"Say, also, that the president is reluctant to believe that Germany will actually carry out her threat against neutral commerce, but if it be done the president will ask congress to authorize use of the national power to protect American citizens engaged in their peaceful and lawful errands on the seas."

The course taken is in the president's view entirely in conformity with the principles enunciated in

his address to the senate on Jan. 12 (the address proposing a world league for peace).

"He believes it will make for the peace of the world if other neutral powers can find it possible to take similar action."

"Report fully and immediately on the reception of this announcement and upon the suggestion as to similar action."

"Thus it becomes apparent that in the shadow of war the president has not abandoned his efforts for peace, and as the first step has moved to direct the moral force of the neutral world to compel Germany's return to an observance of international law at sea."

Danger Not Minimized.

The danger that broke diplomatic relations between the United States and Germany will develop into a state of war is by no means minimized by the president's course, and neither he nor other officials of the government are abating their preparations for any eventuality.

Steps to protect American citizens and property against attack by foreign sympathizers are day and night going forward actively, albeit silently. Preparations for the disabling of German warbound ships in American ports are being taken, but they are unannounced. The question of conveying American ships on the voyage thru the submarine zone is still under consideration.

Nothing definite as to Ambassador Conrad's departure from Germany was announced tonight. It is presumed that as soon as he can secure his passports from the Wilhelmstrasse, assemble his suite and all American consular officers in Germany, he will go to some adjoining neutral state, probably Holland or Switzerland, and prepare to return to the United States.

President Wilson spent the day quietly, attending church in the morning, conferring briefly with officials over the telephone and in the afternoon talking with Senator Simons, chairman of the senate finance committee, the problem of raising necessary revenues should war come.

There were no unusual signs of activity about the different departments, but underneath the surface forces were at work preparing the country for a situation which has been expected, but hoped against, since the issue with Germany became acute.

May Delay Action.

It is not impossible that the present situation will continue several days before there are any evidences of whether Germany intends to halt her campaign of ruthlessness before President Wilson's final demand for respect for American rights or whether she

will follow out her plan and take the consequences.

Provisions made in the new submarine order for the safety of ships at sea at the time it was promulgated may postpone the overt act which would be an act of war.

On the other hand it may come at any moment by the ruthless act, or even mistake, of some submarine commander.

Congress, stirred with patriotic fervor, is making ready to stand behind the president in whatever he may do to uphold the honor and dignity of the country. The only dissenting note comes from a small pacifist group which several months ago supported the movement to warn Americans of armed ships. The president is confident that his action is approved by congress and the country.

HOUSATONIC SINKING NOT A SERIOUS AFFAIR

Attacking Submarine Acted Within International Law, Warning Was Given and Crew Rescued.

Washington, Feb. 4.—The possibility that the sinking of the American steamer Housatonic will become a serious factor in the crisis with Germany apparently was eliminated today by evidence that the attacking submarine acted within international law. American consul Stephens at Plymouth reported that warning was given and provision made for safety of the crew.

HUNS HOLD OUT BAIT TO NEUTRAL POWERS

Half Promise Given to Supply Them With Coal and Iron.

London, Feb. 4.—Reuters' Amsterdam correspondent says that while Berlin is preserving silence in regard to the rupture of relations between Germany and the United States, the German Government has issued the following statement:

"It is stated that negotiations are afoot between the authorities interested concerning how Germany, by removing certain transport difficulties, can take into account the requirements of some neutral states in relation to essential raw materials, especially coal and iron."

INTERNED GERMAN SHIP SET ON FIRE BY CREW

Gunboat Geier is Burning in the Harbor at Honolulu.

Honolulu, Feb. 4.—The interned German gunboat Geier is burning in the harbor here. She was set on fire by her crew, according to local authorities.

The Geier, of 1804 tons, was interned here shortly after the war began. She was built at Wilhelmshaven in 1894.

SPANISH GOVERNMENT TO JOIN IN PROTEST

Strong Stand Will Be Taken Against Germany, Says Imparcial.

Madrid, Feb. 4.—The Imparcial says it understands that a reply by the Spanish Government to the German note regarding unrestricted submarine warfare will be made public tomorrow, and that it will be in the form of a strong protest. The content of Spain is understood by this newspaper to be that the torpedoing of neutral steamships in the manner threatened is not authorized by international law.

Spain cannot paralyze her national life by acceding to the position of Germany, says the Imparcial. "Any weaker than a refusal would imply not only acceptance of the German doctrine, but also our consent to the interruption of the nation's life."

Additional News on the Situation in the United States Will Be Found on Page Four,

WILL ASK BRITAIN FOR SAFE CONDUCT

U.S. Willing to Oblige Both German and Austrian Ambassadors.

AUSTRIA BACKS KAISER

Wilson Believed to Have Received Official Notice From Vienna.

Special to The Toronto World.

Washington, Feb. 4.—It was announced at the state department today that a safe conduct for the German ambassador, Count von Bernstorff, will be requested of the British Government in the near future.

The same action undoubtedly will be taken regarding the new Austrian ambassador, Count von Tarnow. Although the state department does not admit it, it is believed that the Austrian Government has reinforced the action of Berlin in regard to the new submarine blockade.

The actual passports probably will be handed to the chargé d'affaires, Baron Ziehl, since Count von Tarnow has not yet presented his credentials to the president.

It is generally believed that Austria's notification of her adoption of the new submarine warfare is already in the hands of the president.

Ambassador Gerard will probably leave Germany by way of Copenhagen, since there is hardly a possible route by which he could reach the United States thru Holland. Dr. Van Dyke, the retiring American minister to the Netherlands, is now in London and his successor, J. W. Garrett, is to be directed Mr. Garrett to go to The Hague.

BIG ORDER FOR STEEL FOR "MYSTERY" STORE

Contract for Thirteen Thousand Tons Has Been Placed.

New York, Feb. 4.—In its weekly review of the iron and steel trade the Associated Press says that among the large transactions of last week was an order for 13,000 tons of steel for the construction of a great department store in Toronto.

On Jan. 24 City Architect Pearse received an application for a permit to build the first unit of a \$15,000,000 departmental store at the corner of Yonge and College streets.

ENEMY CREWS ATTEMPT TO DISABLE OWN SHIPS

Appropriate Steps Taken by Authorities of the Philippine Islands.

Washington, Feb. 4.—War-bound German crews at Philippine ports have attempted to disable some of their ships and appropriate steps have been taken by the island authorities. There are 23 ships in Philippine ports, 17 of them at Manila.

HOPE EXPRESSED THAT WAR NOT TO FOLLOW

Leaders of Many Classes and Interests in the United States Don't Want It.

Washington, Feb. 4.—The United States and a large part of the world today entered a period of suspense, not knowing what the German-American rupture may bring forth.

All agencies of the government turned to the problems of defense against possible hostilities, while officials and leaders of many classes and interests in this country expressed the earnest hope that war would not grow out of the break of diplomatic relations.

DINEEN'S STOCKTAKING SALE.

Reductions of 15 to 20 per cent. apply on all the popular stock offers during the February Stocktaking Sale.

The original prices were extremely reasonable for high-class furs so that the reductions really mean exceptional bargains. Men's fur-lined and coon-skin coats are on the schedule of reductions.

W. & D. Dineen Company, Limited, 140 Yonge Street, Toronto. In Hamilton 30 and 21 King Street West.

BRITISH TAKE FOE POSITION IN ACTION NORTH OF ANCRE

Make Successful Advance East of Beaucourt, Gain Slightly in the Fighting West of Le Transloy, North of Somme, Score Heavily in Trench Raids Near Souchez.

Special Cable to The Toronto World.

London, Feb. 4.—An advance of 500 yards on a three-quarters of a mile front gained for the British the control of valuable high ground east of Beaucourt and north of the Ancre last night. The British took 100 prisoners and three machine guns and they recaptured two German counter-attacks today. The enemy suffered many casualties, while the British had only light losses.

Resides their success on the northern bank of the Ancre, the British also advanced their front slightly west of Le Transloy.

Two raids in succession demoralized the Germans further southwest of Souchez. The British took 21 prisoners and one machine gun in these actions, besides demolishing dugouts.

The report from British headquarters in France tonight reads: "On the Somme front an enemy attack last evening in the neighborhood of Rancourt was repulsed by our fire. Our positions were entirely maintained. We advanced our lines slightly west of Le Transloy."

"We carried out a successful operation last night north of the Ancre as a result of which our line east of Beaucourt has been pushed forward some 500 yards on a front of about three-quarters of a mile. Over 100 prisoners and three machine guns were captured. During the day two hostile counter-attacks were repulsed with heavy losses to the enemy; our casualties were slight."

"The enemy blew a mine yesterday west of Vimy. Little damage was done. We entered trenches during the night south of Souchez and took 21 prisoners and a machine gun. Another machine gun and an enemy shaft containing German wire were captured. This afternoon we captured another raid in the same neighborhood, capturing a few prisoners and a machine gun and destroying another mine shaft and several dugouts."

"There was considerable artillery activity on both sides during the day north of the Somme and in the neighborhood of Beaucourt-Hamel."

The report from British headquarters in France Saturday night, reads: "Successful raiding parties were driven off during the night east of Bouchavesnes and in the neighborhood of Arras. The enemy suffered considerable losses from our artillery fire while retreating."

"North of the Ancre our positions on Beaucourt-Hamel ridge have been further improved. We entered trenches of the enemy and secured a few prisoners. The enemy blew a mine last night east of Ypres, doing insignificant damage. We have captured a number of successful bombardments were carried out by us today north of the Somme and in the neighborhood of Beaucourt, Arras and Armentieres."

FEW STEAMERS SEEN ON ATLANTIC LANES

Officers of Two Lines So Report on Arrival at New York.

New York, Feb. 4.—The Associated Press says: "Officers of the White Star liner Cedric and the Scandinavian-American Line steamship Frederick VIII, which arrived here today, report a scarcity of shipping in the lanes these vessels traveled. The ocean appeared to be deserted, they said. The Cedric didn't sight a single ship from the time she left Liverpool, and the Frederick VIII passed only a sailing vessel, one day out from New York."

Denmark, Sweden and Norway Conferring on Sub. Situation

London, Feb. 4.—The Exchange Telegraph's Copenhagen correspondent says he understands negotiations are in progress between the Danish, Swedish and Norwegian governments concerning the submarine situation.

Sweden Demanding Inquiry Into Torpedoing of Steamer

London, Feb. 4.—According to Reuters' Stockholm correspondent the Swedish Government, as a result of the torpedoing, on Jan. 29, of the Swedish steamer Edda, has instructed the Swedish charge d'affaires at Berlin to demand an investigation of the case by Germany. Sweden reserves her right for future action.

FRANCE IS NOTIFIED OF WILSON'S ACTION

U. S. Ambassador Tells Briand That Rupture Came in Conformity With Sussex Note.

Special Cable to The Toronto World.

Paris, Feb. 4.—Premier Briand this afternoon received William Sharp, the American ambassador, who formally communicated to the French Government the announcement of the severance of diplomatic relations between the imperial German Government and the government at Washington. Ambassador Sharp stated in his communication that the rupture came in conformity with President Wilson's note on the Sussex case.

It is expected here that there will be a collective protest against the action of the German Government from the United States and the Scandinavian countries.

EXPECT FEBRUARY TO BE BIG MONTH

Britons Look for Terrible Hun Convulsions on Land and Sea.

TAKE BUT SMALL TOLL

German Submarines Secure Reduced Number of Victims in Four Days.

London, Feb. 4.—The first four days of German terrorism at sea have resulted in hardly a perceptible increase in the toll of shipping. Yesterday, in fact, the number of vessels sunk was below the recent average. On Feb. 1, ten ships were sunk, the following day eight more, yesterday the sinking of only four was reported, and today two more were sunk. A third was damaged, but remained afloat. Of the 24 victims, nine were sailing under neutral colors, including the American steamer Housatonic.

This is accounted for chiefly because the stoppage of the outgoing shipping from European neutral ports has decreased the number of vessels that might fall prey to German submarines. Soon, however, it is expected these savings will be resumed, since many of the neutrals are seriously dependent on their overseas trade with Britain and her allies.

Great campaign by Germany is expected at any moment. Undoubtedly the renewal of unrestricted submarine warfare, accompanied by fresh zeppelin attacks, another try with her fleet, and smashing blows with her armies in the west.

Expect Zeppelins.

Germany has permitted stories of the abandonment of zeppelins as an offensive arm to come out. That is a good reason to expect fresh attacks. But Britain has learned fast. She has the men and the means to combat attack, and she is not easily terrified. February is bound to produce some of the biggest features of the war—and to mark the real turning point of the struggle.

The morale of the German leaders has broken before that of the soldiers in the trenches, because the leaders know so much more about the true condition of Germany and her allies.

When Holweg succumbed to Tirpitz and Reventlow he admitted that the only possibility of success for Germany rested in a campaign to terrorize.

The allies, on the other hand, are entirely cool and ready to meet the wild champion of terrorism. Their military work has become easier, for they have simply to wait until the enemy exhausts himself.

"America First" Declaration Of Hypophenates of Pittsburgh

Pittsburgh, Feb. 4.—"America and only America" was the answer of Pittsburgh's German-Americans when questioned regarding the new crisis.

German-Americans are all loyal to their adopted country, and "America first" was the statement of Reinhardt Ulrich, president of the local branch of the German-American alliance.

VERDUN FIGHTING GROWS VIGOROUS

French Carry Out Fierce Bombardments of Positions on Meuse.

DO MUCH AIR WORK

Allies' Machines Engage in Nocturnal Raids Over German Lines.

Special Cable to The Toronto World.

Paris, Feb. 4.—Fighting has become more vigorous on the front of the Meuse, northwest of Verdun, with the resumption of heavy bombardments of the German positions in the rear of Hill 304 by the French. Two surprise attacks were made. French some advantages near Hill 204 at Moulin St. Quentin and in the region of Tracy la Val, between the Oise and the Aisne. Ten prisoners fell into French hands in the first attack and 22 in the second.

The official French war statement issued tonight announces a resumption of activities in the neighborhood of Hill No. 304. The statement follows: "A coup de main on the enemy trenches near Moulin St. Quentin yielded ten prisoners. An enemy attempt to occupy a mine crater at Epargue was checked by our fire. Our artillery effectively bombarded the German works at various points on the entire front, especially in the sector of Hill No. 304."

"Between the Oise and the Aisne we made a successful surprise attack on German trenches in the region of Tracy la Val and took two prisoners," says today's report from the war office.

"On the Verdun front there were intermittent artillery engagements in the sectors of Le Mort Homme and Hardaumont Wood."

"Our aviators threw a number of projectiles on barracks and roads at Ailly and Tergnier. One of our squadrons bombarded military establishments at Thionville."

Elsewhere the usual artillery activity continues on both sides.

"A number of fights took place in the air yesterday. Two German aircraft were destroyed; two others were driven down damaged. Three of our machines are missing."

The official statement issued by the war office Saturday, reads: "There was an interesting cannonade today at various points along the front. Patrol encounters occurred in the region of Bezonvaux. We made prisoners."

"Two aeroplanes were brought down within our lines by our special guns, one in the direction of Oulches (Aisne) the other near Epihan Sablon, in the region of Beaurieux."

"Belgian communication: 'During the course of the night patrol encounters in front of Dixmude ended to our advantage. Several attempts by the enemy to enter our trenches failed.'"

GERMANY SHOWN UP IN HER TRUE COLORS

Alies to Fight on Even if United States Does Not Join Cause.

Special Cable to The Toronto World.

London, Feb. 4.—Before a big meeting held at Dudley tonight, Minister of Pensions Barnes declared that Germany had shown herself "in her true colors to the world."

Mr. Barnes said in part that Great Britain should eagerly welcome President Wilson's co-operation in "our fight for the interests of civilization."

"If the United States does not enter the war," continued Mr. Barnes, "we must continue to fight until victory over the allied nations has been accomplished."

"Germany," he declared, "has proclaimed her true colors on neutral and unarmaged shipping at the most ghastly exhibition of depravity that the world has ever seen."

"Peace at the present moment is an utter impossibility."

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

PRESIDENT WILSON of the United States announced in an address before the senate on Saturday that owing to German ruthlessness with submarines he had ordered the breaking of diplomatic relations with Germany, and he followed up this action by instructing American ambassadors to request other neutrals throughout the world to break off diplomatic relations with Germany, too. The president does this in conformity with the league to enforce peace, and thus a weapon devised by the Germans to put economic pressure on the allies from the neutrals has become an engine to coerce Germany. Whether the threat of what is coming will induce Germany to surrender to the neutrals or the understanding that they apply the league against the allies remains unforeseen. The break with Germany, however, appears definite and final.

In forcing the United States to break off diplomatic relations with her, Germany has committed an almost inconceivable folly. The fact that the American Government has at last taken the bold step of treating Germany as an uncivilized country, unworthy of diplomatic intercourse with white men, will increase the confidence of the American public that the allies will win a complete victory, and it will accordingly enhance the credit of the allies. In war, credit means finance and finance means war material. The basic war material consists of iron and steel, and since the furnaces of France and Belgium are supporting the enemy, the allies have not yet surpassed the output of Germany, but they have largely depended on the production of the United States for their needs. In order to form a basis of credit in the United States the allies have been sending gold, but after a time gold becomes useless, so they have to float loans. These have as their foundation the confidence that the allies will ultimately be able to redeem

U.S. STEAMER HOUSATONIC WAS WARNED BEFORE ATTACKING Crews of A Interned Ships in U.S. Closely Guarded

HOUSATONIC WAS GIVEN WARNING

Crew Rescued by German Submarine and Towed Towards Land.

CARRIED WHEAT CARGO
Commander Has Orders to Sink Every Ship Bound for England.

Washington, Feb. 4.—Just how the United States will participate in the war, if it is forced by submarine outrages to do so, is an open question. It may take the form of naval defence against the blockade. There is no suggestion anywhere that the American Government raise and send armies to the battlefields of Europe. The universal service advocates undoubtedly will advise this matter in connection with their propaganda. The state department has made no promise about making public the note from Vienna yesterday. This is believed to have reference to Austrian participation in the German submarine warfare, but officials decline to talk about it. The former German ambassador probably will make his farewell to Secretary Lansing tomorrow. He again reiterated last night he had no plans for the future. He is entirely indifferent as to where he goes, he says, since his work is done and he has failed.

NO SUGGESTION MADE OF RAISING ARMIES

Just How U. S. Will Participate in War, If at All, is Not Known.

Washington, Feb. 4.—Just how the United States will participate in the war, if it is forced by submarine outrages to do so, is an open question. It may take the form of naval defence against the blockade. There is no suggestion anywhere that the American Government raise and send armies to the battlefields of Europe. The universal service advocates undoubtedly will advise this matter in connection with their propaganda. The state department has made no promise about making public the note from Vienna yesterday. This is believed to have reference to Austrian participation in the German submarine warfare, but officials decline to talk about it. The former German ambassador probably will make his farewell to Secretary Lansing tomorrow. He again reiterated last night he had no plans for the future. He is entirely indifferent as to where he goes, he says, since his work is done and he has failed.

DENIES INTENT TO SEIZE SHIPS

Malone, However, Forces Men on Interned Ships to Stay Aboard.

KAISERBLUM ABSENT
German-American Residents of New York No Longer Wear Emblem.

Special to The Toronto World.
New York, Feb. 4.—Acting under orders issued last afternoon by the office of Dudley Field Malone, collector of the port, custom house officers refused to permit any men from the ships of the Hamburg-American and North German Lloyd lines, interned at Hoboken, to leave their ships. The order was issued at 5 o'clock this afternoon. It forbids the men from bidding them to take bundles, ostensibly their personal baggage, from the ships. Between the first and second orders the men were permitted to go on and off the ships at will, but after 5 o'clock the federal officers warned all men who went on board that they would not be permitted to leave the boats. The rumor that the ships had been seized by the government spread rapidly, but there was no confirmation. Hundreds of curious sightseers crowded River street, Hoboken, watching the boats. The crowd was quiet and there was no disorder. The entire complexion of the town has changed in the few brief days since the German submarine news, where before the German-American population had worn the cornflower, or kaiserblum, today none of these flowers are seen.

No Intent to Seize.
Dudley Field Malone, collector of the port of New York, this evening visited Hoboken and the crews of the North German Lloyd Steamship Co. Asked whether he was in Hoboken for the purpose of taking possession of the interned ships of the North German Lloyd and Hamburg-American lines, he said: "I have come here to seize the ships. This report is absolutely false and without a shadow of foundation. I have come here to carry out the orders of the treasury department and to lend assistance and co-operation with the department of immigration, in passing upon the status of the officers and crews of all the self-detained ships in the port of New York. I am here for no other purpose."

When Collector Malone had finished that statement, which he gave in the office of the German Consul, the Co., in the presence of Inspector Miller of the company, and his assistants and other representatives of the lines, he turned to the newspaper reporters present and said he could make no further statement, and could not discuss anything. He merely wished the rumors to be corrected. He said his errand to Hoboken, so that there might be no misunderstanding. When asked about the decision as to the status of the officers and crews of the German liners, he made the same statement, and refused to discuss the matter.

MAY CONVOY SHIPS
All Sailings Will Be Held Up Pending a Decision.
Washington, Feb. 4.—The navy department has reached no decision as to the conveying a German merchant ship carrying goods. It is probable that all ship sailings will be held up for the time being, pending a decision.

OFFERS OF SUPPORT
Governors and Legislatures Send Messages to Wilson.
Washington, Feb. 4.—Strong offers of support were received by President Wilson today from the governors of South Dakota, Oregon, Arizona, Utah, Montana, North Dakota, Idaho, Connecticut, Virginia, Michigan, New Jersey and Wyoming, and from the legislatures of South Dakota, Arizona, North Dakota and Idaho.

CONGRESS AWAITS ANY DEVELOPMENTS

Ready to Act Quickly in Case of Any Emergency.

LEGISLATION IS READY
Bills Provide for New Warships and Confiscation of Vessels.

Washington, Feb. 4.—Congress, aroused to patriotic support of the president, calmly awaits developments in the diplomatic breach with Germany. Ready to act quickly and adequately in any emergency, administration leaders are in constant touch with executive departments, with legislative machinery prepared for expeditious disposition of extraordinary revenue and defense measures. While hopeful that the break with the imperial German Government will not force the U. S. into war, leaders already have cast partisanship aside, legislative squabbles over minor matters have been tempered and the legislative branch is standing by to respond to any demand for protection of the nation in the international crisis. The important measures bearing on the situation already are under consideration in both houses, among them the annual naval appropriation bill to which emergency amendments have been proposed since the president addressed congress yesterday. The bill carrying more than \$300,000,000 for naval maintenance and construction will be taken up again Tuesday with a prospect of passage before adjournment next night.

FEARS FOR SAFETY OF RELIEF SHIPS
Fifteen of Commission's Vessels Cannot Be Reached by Wireless.
SUSPEND OPERATIONS
Transportation Facilities Are Halted Pending Outcome of Negotiations.
Washington, Feb. 4.—Operation of all transportation facilities of the Belgian Relief Commission was ordered suspended today pending the outcome of negotiations with the German ambassador at Berlin tomorrow, by which it is hoped to open a lane of safety for the relief ships. Fifteen of the commission's ships in or near the war zone, could not be reached with new instructions and grave fear is felt for their safety. Herbert C. Hoover, chairman of the commission, said tonight that even if the ships were reached and ordered north to Belgium, their routes they must take, according to advice received by the commission, if they would have their flag respected by German submarines, there is great danger of their being destroyed by either German or British mines. Mr. Hoover, here working with the state department, telegraphed the fifty or more American members of the commission at their posts in Belgium, to remain on duty until otherwise advised. Regardless of what situation may arise between this country and Germany, the commission plans to continue such work operating, if necessary, thru other neutral countries.

SPECIAL PRECAUTIONS TAKEN FOR PROTECTION
U. S. Government Departments and Foreign Embassies Placed Under Special Guards.
Washington, Feb. 4.—Special police precautions have been taken at the White House, the government departments and the foreign embassies for the protection of the structures as well as their occupants. The large iron gates to the White House were closed by order of the secret service, and when visitors attempted to enter the White House grounds they were politely asked their business by the uniformed guard, and if their reasons were slightly damaged after the vessel's seizure last night in a civil proceeding. Marshal McTeel said that the boiler and several valves had been slightly damaged after the vessel's seizure last night in a civil proceeding. Temporary repairs were made today.

WILSON GOES TO CHURCH.
Washington, Feb. 4.—President Wilson received a brief respite from the tremendous strain under which he has been laboring since the severance of diplomatic relations with Germany, March 4, when he attended the Central Presbyterian Church. Accompanied by Mrs. Wilson, he left the White House a few minutes before 11 o'clock, intending to take a short automobile ride after the services. In anticipation of his attendance a great crowd gathered outside the church.

TO HAVE INAUGURATION.
Washington, Feb. 4.—Reports that there is a sentiment in official quarters to inaugurate the public ceremonies of inauguration on March 4, simply have the president take the oath of office in the White House on March 4, were denied today by Chairman Robert S. Harper, of the inaugural committee, and Senator Overman, chairman of the joint inaugural committee of congress. The Overmans were founded on the international crisis.

GERMAN MERCHANT VESSELS INTERNED AT HOBOKEN, N.J.

Millions in capital is represented in the vessels of the North German Lloyd and Hamburg-American Lines, interned at their docks at Hoboken, N.J., and with issuance of the German warning and the break between the United States and Germany because of it, the disposition of these vessels becomes an important factor in the situation. It is rumored that in the event of a break between the two countries these vessels will either be blown up or scuttled at their piers.

FEARS FOR SAFETY OF RELIEF SHIPS

Fifteen of Commission's Vessels Cannot Be Reached by Wireless.

SUSPEND OPERATIONS
Transportation Facilities Are Halted Pending Outcome of Negotiations.

Washington, Feb. 4.—Operation of all transportation facilities of the Belgian Relief Commission was ordered suspended today pending the outcome of negotiations with the German ambassador at Berlin tomorrow, by which it is hoped to open a lane of safety for the relief ships. Fifteen of the commission's ships in or near the war zone, could not be reached with new instructions and grave fear is felt for their safety. Herbert C. Hoover, chairman of the commission, said tonight that even if the ships were reached and ordered north to Belgium, their routes they must take, according to advice received by the commission, if they would have their flag respected by German submarines, there is great danger of their being destroyed by either German or British mines. Regardless of what situation may arise between this country and Germany, the commission plans to continue such work operating, if necessary, thru other neutral countries.

TO PROTECT CONSULATES.

Washington, Feb. 4.—The state department has telegraphed the governors of the states asking them to protect the consulates of the central powers in their states.

COUNT ADAM TARNOWSKI DE TARNOW.

Washington, Feb. 4.—The state department has telegraphed the governors of the states asking them to protect the consulates of the central powers in their states.

WILSON GOES TO CHURCH.

Washington, Feb. 4.—President Wilson received a brief respite from the tremendous strain under which he has been laboring since the severance of diplomatic relations with Germany, March 4, when he attended the Central Presbyterian Church. Accompanied by Mrs. Wilson, he left the White House a few minutes before 11 o'clock, intending to take a short automobile ride after the services. In anticipation of his attendance a great crowd gathered outside the church.

BRAZIL CONSIDERING JOINING THE ALLIES

Step to Be Taken if Germany's Course Affects Vital Interests.

Washington, Feb. 4.—Brazil's government is considering the possibility of joining the allies, according to a report received here today. The report states that the Brazilian government is studying the situation and will take a decision based on the interests of the country.

WILSON'S COURSE HEARTILY BACKED

New York Papers Express Great Satisfaction Over Turn of Events.

PEOPLE ARE UNITED

U. S. is Believed to Be on Verge of War With Germany.

SCENE OF ACTIVITY AT HAMPTON ROADS

Brisk Movements Recall Days Preceding the War With Spain.

Red Cross Preparing for Active War Relief Work

Washington, Feb. 4.—Identical telegrams ordering immediate preparations for active war relief work were dispatched today by the American Red Cross headquarters here, to 265 chapters throughout the country. First aid classes are to be organized and other preparations begun on a broad scale.

Dutch Late in Getting News Of German-American Crisis

London, Feb. 4.—Reuter's Amsterdam correspondent telegraphs that up to 1 o'clock this afternoon no news had been received there, from Germany relating to the German-American crisis. The censor has prevented the sending of German newspapers across the frontier to Holland.

TAFT MAKES CALL FOR CONSCRIPTION

Measure Needed to Build Up Army for Defence, He Says.

PROTECTED BY BRITAIN

U. S. in Danger of Being Lulled into Sense of False Security.

ARMED WITH RIFLES

Squads of sailors from the U.S. battleship Nevada, equipped with rifles, guarded the approaches and trestles of the recently completed New York connecting railway bridge, connecting the Bronx with Astoria, L.I.

MILITIA ORDERED OUT BY GOVERNOR WHITMAN

Acts of Violence Are Apprehended by Mayor of New York.

PRECAUTIONS AT CHICAGO

Chicago, Feb. 4.—The guard at the Great Lakes Naval Training Station at Lake Bluff, 30 miles north of Chicago, on Lake Michigan, was doubled today. All visitors have been barred. There are 1800 officers, petty officers and apprentice seamen at the station.

GUARD IS KEPT ON EAST RIVER

Five Great Bridges Patrolled and Guarded by Naval Militia.

DESTRUCTION FEARED
Vehicles and Pedestrians Crossing Bridges Must Undergo Search.

New York, Feb. 4.—Detachments of the New York naval militia, equipped as infantrymen, today patrolled and guarded the five great East River bridges connecting Manhattan with Long Island. At sunset five naval militia units, one on each vessel, were stationed on the bridges, warning all river craft not to approach within 50 feet of the bridge piers. Special vigilance was exercised on the Manhattan, Brooklyn and Williamsburg bridges, between which the navy maintains a strong force. Destruction of one of these bridges, it was pointed out, would interfere seriously with the departure of warships from the navy yard.

NO PRECAUTIONS NEGLECTED

To each bridge details of 100 militiamen were assigned, working in three reliefs. Instructions were given to search vehicles and pedestrians crossing the bridges in the direction of the sentries, and to permit no persons to halt on the structure, unless a search was kept at the cable anchors and "other points where the discharge of a small quantity of high explosives might lead to the destruction of the bridge."

GOOD RESPONSE TO CALL

Hell Gate bridge and its connecting trestles were being guarded tonight by naval militia. This structure is considered one of the best engineering feats in the country.

CORP. ALEXANDER BLAIR HAS WON THE D. S. M.

Employe of C. P. R. in Passenger Service Also Rewarded For Brave Act.

Corp. Ralph G. Murrow, for four years an employe in the passenger service of the C. P. R., has won the military medal by receiving a companion under heavy German fire and carrying him 500 yards to safety.

Corp. Alexander Blair, who went overseas with the 75th Battalion, and is now with the 50th in France, has received the distinguished service medal. He was wounded soon after-ward, but no further information has been received.

Pte. R. Wilson, whose nearest relative lives at 369 Shaw street, has been wounded. He went overseas with the 75th Battalion.

Pte. Harold R. Potts, 206 Balmson avenue, brother of Lieut. Arthur Potts, of the 20th Battalion has been wounded by gunshot in the left thigh. He was a member of the 55th Battalion and formerly worked in Eaton's store.

Pte. Thomas Greenhill, 34 Macdonell avenue, was wounded Jan. 12, according to reports. He is well-known in his own town, and went overseas with the 75th Battalion.

Pte. G. Ind. Underbridge, was wounded as killed in the official casualty list Saturday.

Pte. G. A. Waywell, formerly of 151 Portland street, was reported in Saturday's official list as killed.

Pte. W. Winkler, who before enlisting for overseas service, lived at 91 Park road, Swansea, has been reported killed in action.

Pte. E. H. Welban, whose parents reside at 24 Aetna avenue, has been reported as died of wounds. Saturday morning's casualty list reported him as dangerously wounded and the latter message was received before noon. He was wounded by gun shot in thigh, foot, arm and face, on Jan. 30.

Pte. Geo. Beatty, whose parents reside at Mimico, has been wounded in the leg. He went overseas with the 54th Battalion. He is 18 years old and a plumber by trade. A brother, Pte. W. Beatty, 20th Battalion, is in hospital at Epsom, suffering from trench fever and shell shock.

Corp. Thomas Andrews, formerly living at 246 Gerrard street east, is reported wounded. He suffered a back sprain, but had recovered. He went overseas with a second contingent unit and has several relatives in the service.

Pte. Robert Cleland, formerly 177 Gamble avenue, (Dormondton) has been admitted to hospital, in the direction of the front. He enlisted with the 53rd Battalion, and was then 15 years of age. He is a native of Glasgow, and had been in Canada several years.

Corp. C. I. Giles, 68 Woxester avenue, Riverdale, is reported to have been severely wounded in the hand. He is a Scotchman and a former employe of the Merchants' Mutual shipping line of Toronto.

Pte. G. E. Brasher, 151 Rhodes avenue, has suffered injuries thru an accident. He enlisted with the 123rd Battalion, and is a native of Essex, England.

Pte. W. Beardwood, formerly living at 149 Silverthorne avenue, has been reported wounded.

Pte. A. Smith, whose Toronto address is given as 37 Kenwood avenue, has been reported wounded.

Harry Branson, whose mother lives at 329 Parliament street, is reported ill in a Liverpool hospital. He left Toronto with the 7th Battalion, and was later with the 5th, and the latter was reported wounded in September.

According to word received by Mrs. Walker, 115 Paton road, Sunner, E. A. Walker, who was reported wounded Saturday, with gunshot in his right leg, has now returned to duty. He enlisted with the 5th Battalion. He is 18 years old, and a plumber in civil life.

Sergt.-Major W. G. Fraser, 38th Canadian Highlanders, son of Mr. and Mrs. J. Fraser, 324 Gladwin avenue, has been appointed a first-class war-rant officer in the British army. He received the D. S. M. and has been two years on the front line.

AN ADDRESS ON LETTERS.

"Some Letters I Have Met" will be the title of an address to be given before the Toronto Advertising Club today at 12:30 p.m. at the St. Charles Hotel, by Mr. Tim "Chet" Advertising manager of the American Multi-graph Sales Co. Mr. Tim's position and experience has made him one of the foremost authorities on letters and letter-writing on the continent, and in his address he will criticize in a constructive manner, will show the weaknesses, and point out how to find them, and thus supply business men of Toronto with information that can be used to very great advantage.

Realizing that letter-writing is one of the most important institutions with the average business man, the Toronto Advertising Club specially arranged for Mr. Tim to make the visit and give this address.

MADE LIFE-MEMBER.

Presentation of honorary life-member-ship certificates was made to Wor. Bro. Frank Somers, past county master, by the officers of William 3rd L.O.L. No. 140, Wor. Bro. Somers has been a member of L.O.L. No. 140 for 15 years. The presentation was made by Wor. Bro. McDonnell, master of No. 140. The presentation of Mr. Somers, the presentation was made at his residence, 32 Avenue Road. Among those present were: Charles N. A. Brown, Capt. Wm. Crawford, R. Lyons and W. A. Geddes.

TO SWEEP CANADA LIKE PRAIRIE FIRE

Pictures of Fighting at Courcellette Will Provide Tremendous Sensation.

AMAZINGLY VIVID Will Surpass Any War Films That Have Hitherto Been Shown.

The most dramatic day in the history of the British army in France was the sixteenth of September, 1916, according to Frederick Palmer, the American war correspondent. On that day the British made a greater gain of ground than in any single operation since the war began, declared General Sir Douglas Haig. That was the battle when the tanks were introduced and "Conqueror" Marsden, Piers and Beaumont Hanel were taken.

An Army of Prisoners.

The total number of prisoners taken in these operations since the commencement of the reserve army front on the evening of September 14 amounted at this date to over 4,000, including 127 officers.

The Canadian distinguished themselves in this battle, and it is a splendid picture of their achievements that the war records office under Sir Max Aitken secured.

The film is amazingly vivid," cables F. A. McKenzie to The Toronto Star, "the moving tragedy far surpassing any war films hitherto shown. They will sweep thru Canada like a prairie fire, showing the actuality of war as never before."

This, the first official Canadian film, will be presented in Toronto by Jule and Jay J. Allen under the auspices of The Toronto World at the Regent Theatre, week of February 12.

NEW CHURCH MEMBERS.

Eighty-six new members were received into the church at the quarterly communion service held at Woodgreen Methodist Tabernacle last night. The pastor, Rev. T. E. Barclay, conducted the service and welcomed the new members.

BROKE LEG IN SHORT FALL.

Francis Cueli, 279 Clarendon street, fell from a plank raised a few feet from the floor at the Consolidated Steel Company's plant, 1150 Dundas street, Saturday afternoon, and fractured one of his legs. He was removed to the Western Hospital in the police ambulance.

REVIVAL HELD.

At a revival church held in the Carman Methodist Church, West Bloor street, yesterday afternoon and evening, upwards of one hundred people professed conversion. The services were conducted by Robert McFarland and the pastor, Rev. E. W. Howe.

OUR EMPIRE IS GREAT BY REASON OF GIVING

Preacher of University Sermon Says Her Gifts to the World Have Built Her.

Rev. R. J. Remond, D.D., of the Church of the Ascension, Hamilton, preached the university sermon in Convocation Hall yesterday morning, in which he dealt with the effects of the present war and will have on Christianity. He took as his text the 14th chapter of Exodus, 15th verse. "And the Lord said unto Moses: Wherefore criest thou unto Me? Speak unto the children of Israel that they go forward." He said that might be the message even today, not to turn to the right nor to the left, not to look back but to go forward.

CITIZENS GIVEN CHANCE TO ASSIST GOVERNMENT

New War Savings Certificates Offer Absolute Security and Excellent Interest.

The new war savings certificates which have been created by the government to encourage thrift and economy and to give everyone an opportunity to assist in financing our war expenditure are now on sale at every bank and money order post office in Canada. The \$25 certificate sells for \$21.50, the \$50 for \$43 and the \$100 for \$86.

As an investment these certificates offer many attractive features, chief of which are the absolute security and the excellent interest return. Every \$25 will be returned at the end of six months.

There are two other features which are especially interesting to small investors. First, the certificates may be purchased at any time. If the buyer should need his money, and second, each certificate is registered in Ontario in the buyer's name and, if lost or stolen, is therefore valueless to anyone else.

But while these certificates are an investment opportunity for a most important patriotic service, the person who honestly saves to the extent of his ability and places his savings at the disposal of the government by purchasing these certificates may feel that he is having a direct share in feeding, equipping and maintaining our Canadian soldiers, who are so nobly doing their part.

Red Cross Contributions

Table listing Red Cross contributions from various individuals and organizations across Canada, including names like Brig.-Gen. James Mason, Mrs. M. Dutton, and various local chapters.

THE CANADIAN ARMY IN ACTION AND THE ADVANCE OF THE TANKS

THE OFFICIAL MOVING PICTURES OF THE BATTLE OF COURCELLETTE AND PRELIMINARY OPERATIONS SEPT. 15-16, 1916, AS ISSUED TO THE PEOPLE OF CANADA BY THE CANADIAN WAR RECORDS OFFICE IN COMMON TRIBUTE TO THOSE OF HER SONS WHO FOUGHT TO VICTORY AND TO THOSE WHO DIED VICTORIOUS, AND TO BE A LIVING RECORD IN THE NATIONAL ARCHIVES OF CANADA FOR ALL TIME.

UNDER the auspices of The Toronto World, and by authority, Jule and Jay J. Allen beg to announce the first presentation in Toronto of the official moving pictures of the Canadian Army in Action and the Advance of the Tanks as produced for the Canadian War Records Office, London, said presentation to be made at the Regent Theatre, Adelaide Street, beginning at 10 a.m., Monday, February 12, and continuing each day until 11 p.m., for one week.

THESE are the pictures which show our own sons in the fight to save Christian civilization. All Canada should see these pictures. All Canada shall see them. Arrangements are being made to show them in every city and town in the Dominion from coast to coast. Toronto's opportunity comes first.

(From a Special Correspondent to The Toronto Evening Telegram.) London, January 12.—Every man, woman and child throughout the length and breadth of Canada should make a point of seeing the latest war films from the Canadian front. Far clearer than any preceding films of the kind, these wonderful scenes from the Canadian battlefield. Marvelously realistic, too, are the tanks, every portion of them in plain view as with big guns manipulating they pursue their reptilian course over all obstacles.

"Canada's movie photographers have no rivals in daring. Some of the pictures were taken in the heat of battle where the air was literally full of flying death and the operator in terrible danger every moment. Imagine standing out in 'No Man's Land,' in an action, filming the advancing soldiers, snapping Hun prisoners, the white shells burst in close proximity, and bullets 'whip-lash' past in showers. Perched on the top of a parapet, hiding in a shell hole, manipulating an instrument which the Boche is as likely as not to take for a machine gun and act accordingly, is the portion of these daring movie men, whose work at such times is really more dangerous than that of the soldiers themselves."

FEBRUARY 12th TO 17th. Daily and Continuously from 10 a.m. Until 11 p.m.

Afternoon Prices: Evening Prices: Loge Seats, 35c; Balcony Seats, 25c; All Other Seats 25c; Ground Floor, 35c; Loge Seats, 50c

FOUNDED 1889. A morning newspaper published every day by the year by The World Newspaper Company of Toronto, Limited. Manager, Maclean, Managing Director.

MONDAY MORNING, FEB. 5.

National Government and National Unity

Apart from efficiency for the war and all that this implies, the greatest advantage of the creation of a national British Government in the old country, greater perhaps than even the economic and temporal advantages, is the unity of spirit and consciousness in the nation begotten and developed by the unity of action which has arisen out of the new effort.

In a small way it can be illustrated and understood from the field of sport. At Varsity, for example, there are rugby teams in all the faculties, of various years, senior, intermediate, junior. When the Varsity team goes out to represent the colors it is not the best team of any faculty that is chosen, but the best men of all faculties, and they join in a unity which is organic, and they play with a spirit that displays the strength of the whole student body.

Canada has unfortunately been deprived of the highest privileges that the war has bestowed on every other combatant. There is no spirit of national unity. There may be but few months remaining in which this great gain might be achieved. It had seemed as tho the huge republic, our neighbor, was also likely to miss the opportunity for unification and nationalization of the popular will and purpose which the great war affords; but events have proven kind, and few can fully appreciate what it means to the United States to come to one mind and heart on this supreme problem of human destiny.

The responsibility upon those who deprive Canada of this privilege is deep and heavy, and let no one imagine that it can be escaped. The war has given the Canadian people an opportunity to find themselves in singleness of aim and purpose, in unity of devotion and sacrifice. The wretched idea that one party or the other should or could monopolize the loyalty of the nation seems too miserably trivial in these times of world catastrophe to intrude itself, but it is evidently present in the minds of some. Where it interferes with the tendency which has taken shape in other nations to seize the opportunity for united national service, those who entertain it will diminish to the pettiness of their outlook, and sink to the limitations of their will and vision.

We are confident that the public of Canada, like those of other nations, only require leaders and guidance to rise to a unanimity of purpose and action which would not only distinguish Canada today, but would become the foundation for a national future such as can rest on no other basis. For this fundamental reason it is deeply to be regretted that we are yet without definite approach to a national government for the country.

The Brotherhood of Nations

What is the greatest gain to humanity in the latest move of the United States is the unanimity in the human race towards which it advances the nations. As one after another the nations of Europe fell in line against Germany and her dupes until only a few of the lesser nations remained outside the brotherhood of good faith, the abstention of the great western republic from the cause of humanity was a reason for regret. But the time of indecision has passed, and there can be no doubt now on which side the United States will be aligned when the final decision is made. For this we shall not have long to wait.

The American people have now put their hand to the plow. President Wilson would have sent another note, Senators Stone and Lewis would have waited for some overt act to have been perpetrated. But the other senators in the conference on Friday last objected to further delay. Germany and the United States are no longer friends. A little more Prussianism and they will be enemies.

There will be sorrow in Belgium over the break, but Spain or Switzerland may continue to be able to administer the relief funds which Germany's selfishness has rendered necessary. Holland, Sweden and Spain are all

exercised over the German announcement and ask for explanations. The Hohenzollern party, intensely arrogant, to save itself, is willing to sacrifice the German people and so defend the world. With the Hohenzollerns eliminated the German people can scarcely fail to discover the frightful way they have been defrauded of their rights in the policy of nations by the man and his advisers who should have guided them aright. The great war is tending towards a triumphant close, and the nations are a step nearer to "the parliament of man, the federation of the world."

Complaints About the Army

A strong letter by "the father of a Canadian soldier" appeared in The British Weekly of January 11, dealing with certain causes of the falling off in enlistments in Canada. Dissatisfaction with conditions prevailing—not at the front—but in the army in England or in Canada, is said to be a cause of the decrease.

"The evil influences, the lavish temptations of liquor and bad women which sweep down upon our boys in England are not felt to be necessary, and the hearts of multitudes of Canadian fathers and mothers are not with indignation at the apparent indifference of the authorities to the moral welfare of the troops."

Another complaint is of the undemocratic caste spirit which too frequently prevails. "In the ranks of the Canadian army are large numbers of young men from the best of homes, refined and educated gentlemen, university men, quite as good as the officers who command them, young men from the homes of clergymen, lawyers, physicians, even ministers of the crown. Such men naturally resent being treated with the supercilious insolence which seems too often to characterize the British army officer, and which his Canadian imitator too soon assumes."

It is alleged that Canadian officers in England are forbidden to speak to old friends in the ranks; that privates go cold in the damp and dangerous winter climate, while officers go warm; "that clean, fresh Canadian Government blankets, with privates' numbers plainly marked on them, are boldly commandeered for officers, and filthy old blankets given to the privates;" and that generally a social aristocracy or a military caste may weaken the imperial bond as well as damp the recruiting spirit.

There is undoubtedly some foundation for the complaints made, but it would be a mistake to say that the conditions are general. In regard to the temptations the cure for that lies chiefly in the men themselves. Men who are headed for folly will seek it out in spite of precautions to eliminate opportunity. As a matter of the health of the forces alone what can be done should be done to see that the grosser evils of camp and city are prevented.

As to the snobbish, while there are traces of it in Canada, it must develop rapidly overseas to be as bad as The British Weekly correspondent suggests. Much depends on the officer commanding any unit. He may impart the snobbish tone to his whole mess. We believe the rule is that the best of relations exist between officers and men, and while fraternizing in public is forbidden, even in Canada, between officers and privates, everybody understands the discipline, and in private and on active service the best and most cordial relations are practically universal.

It is a matter for frequent comment in England that in the new armies there is an entirely different spirit of more democratic order than was ever known in the old army, with the result that a great deal more of the spirit of the new world democracy than ever existed before has penetrated the old world forces of all ranks. It should not be forgotten that in England the masses are quite as jealous of their prerogatives, and resent intrusion on their own bounds and limits, as keenly as the classes could. To put it another way democracy may flourish triumphantly without possessing the artificial United States imposition of equality.

MORE SLIMNESS.

Editor World: I can heartily endorse your editorial in the issue of the 30th, headed "Obey Money Under False Pretences." Such police methods of obtaining convictions are not very commendable, to say the least; but what worse are they than the inland revenue officer going into a poor woman's store and inducing a young girl to sell him a package of talcum powder without the "war stamp being affixed? A fine of not \$5, but \$85, was imposed in this case. I hope the government will in future warn the dealers, and not allow any officer to resort to such petty methods.

War Savings Certificates Are Well Taken by Public

By a Staff Reporter. Ottawa, Ont., Feb. 4.—Sir Thomas White states that government war savings certificates are being taken up by the public at the rate of \$50,000 per day. More than seven thousand applications for the certificates were received during the week. The finance minister is optimistic over the venture, and believes that its success is more than assured.

Charges Canadian Conspiracy For Defrauding Government

London, Feb. 4.—A Canadian officer, giving evidence at Folkestone against several civilian defendants, informed the magistrates that there appeared to be a great conspiracy in camp to defraud the government in connection with the supply of meat, etc. Hundreds of men might be involved.

A SUFFERER

Ach, Himmel! Ven I pulls it oop to protect der vest part oph me der foots gets exposed, und ven I covers der foots I perish mit exposure in der whole pody

News in The Sunday World

GENERAL.

Thirty persons were killed when an explosion occurred on a Russian icebreaker while the vessel was unloading at Archangel. The Russian Government views the German blockade announcement as an arbitrary and piratical act. German newspapers urge government to stand by "brightest" policy on which the country has staked its fate, and to take the consequences of the action.

SOLDIERS' WIVES AND THRIFT.

Editor World: On the front page of one of the city papers recently there was an expression of a lady's views on the supervision of the expenditures of soldiers' wives. While this lady was not talking about something she knows nothing of, what was her own household doing? I guarantee there are great many soldiers' wives who could give her pointers on such housekeeping.

LOCAL.

Prominent citizens welcomed the news on Saturday that President Wilson had severed diplomatic relations between the United States and Germany. They considered the action inevitable. The coal section of the Retail Dealers' Association requested the government in view of the serious coal situation, to cancel all passenger traffic on the Grand Trunk and Canadian Pacific Railways, and compel them to use the power to give relief, and, if necessary, to take over the control of the roads for the duration of the war.

THE WAR.

United States breaks diplomatic relations with Germany and Bernstorff is given his passports. Wilson addresses congress and declares that there was no alternative to the action taken. American Ambassador Gerard has been recalled from Berlin. United States demands that its citizens taken prisoner by the German raiders in the South Atlantic, be released.

MEN AT THE FRONT IN BAD NEED OF SOCKS

The secretary of the Canadian War Contingent Association in London cabled Mrs. Plumtree, secretary of the Canadian War Contingent Association, yesterday that the association's stock of socks is getting very short. Only 24,000 pairs were shipped during January. This is the time when extra socks are most required. All women are asked to help the work of this great association, which does for the Canadians in the trenches the same work which the Red Cross does for Belgians, wounded and prisoners. Supplies of socks should be sent to any local receiving centre for the C.W.C.A., or may be forwarded to 77 East King street, Toronto, clearly marked "socks for the front." Cheques for other comforts needed by the men should be made payable to "The John Bruce, at the same address." Canadian War Contingent Association makes a special point of looking after the smaller units and men on special duty who are apt to be forgotten in the distribution of goods. Goods must be earmarked for a special battalion, but not addressed to any individual.

PREVENTABLE WASTE IN MEN AND MONEY

What matters it which rifle our soldiers carry—when they are not even half trained in its use as a weapon? The man who cannot shoot to kill might as well be armed with a spear as a rifle. What practical difference does it make to the user whether a rifle jams or not, if he cannot shoot effectively, anyhow? Why send riflemen to the front well drilled in everything but shooting to hit—men whose rifles are practically funnels through which we pour a vast amount of war money, and much blood, into the enemy's treasury. Every bullet that goes wide of its mark is gain to the enemy and loss in life and resources to us. It is possible and practicable to develop the equivalent of a second army from the now latent and wasted ability of our rifle forces—without a cent of extra expenditure.

WHY NOT DO IT?

Strap the military training tradition of the pike age, which now drills riflemen a thousand times in accessory actions to once in the act which is the main object of their existence as an armed force, the deadly use of their weapon, incorporate shooting practice in drill.

THE TARGET PRACTICE ROD.

Officially adopted by Canada and the U.S.A., but comparatively little used, offers the means to save millions of dollars of war waste and many lives. It is conceded by Expert Riflemen to be the most practical target practice device known, and is a simple, self-instructing, inexpensive firearm attachment, usable anywhere, by which men who have never handled a rifle before may be made seventy per cent. efficient in shooting, and trained men kept at high efficiency without use of ammunition. It costs less than 100 cartridges and saves hundreds of times its cost in cartridges alone. It saves men, munitions and time. Army rifle, less than 10 per cent. effective, solely because of lack of shooting practice. Drill every riflemen as constantly and thoroughly in the co-ordination of hand, eye and sense, which delivers a perfect shot as he is now drilled in other actions, and he will make perfect shots—hits—two or three times as often as he does now. This means to our men, our resources, and the enemy, is obvious. The value of our rifle forces can be more than doubled within a few months. It can be done by using a practice rod to each riflemen as part of his kit (instead of a hundred rounds of practice ammunition, the cost being about the same), and making shooting efficiency obligatory at every drill—and target proof of shooting efficiency obligatory at every inspection.

SHOOTING WITH THE TARGET PRACTICE ROD.

THE REARDON RIFLE SIGHT CO., LTD.

75 Sparks Street, Ottawa, Canada.

APPEAL FOR NAVY AT LOEW'S THEATRE

Twenty Men Answer the Call or Service at Sea. MUST DEFEAT KAISER Germany's New Scheme Increases Need of Naval Recruits.

Canada must help defeat Germany in her new submarine warfare. This was the keynote of an address by Norman Somerville at the recruiting rally for the British navy at Loew's theatre last night. He appealed for recruits for the navy in the name of the men who fell at Festenberg and St. Julien, in order to keep the lines of communication open to the allied armies at the front. That Canada must do her share to defeat the "black flag" of the pirate backed by the scientific savagery of the German nation," which has been hoisted to the winds of all oceans, was the declaration of Mr. Somerville. "If the Kaiser is able to blockade England," said Mr. Somerville, "then there comes a greater call than we have yet had. The fleet has met every emergency and knows today a greater peril, a foe more numerous and more insidious than it has yet faced. The president of the United States has said that one of the essentials in the world is the freedom of the seas. The men who have maintained the freedom of the seas are the greatest benefactors to mankind. The entire future is being decided by us today."

TO RETURN TO CANADA.

Canadian Associated Press Cable. London, Feb. 4.—It is expected that General Curleton Jones, director of the Canadian medical services, will shortly return to Canada and continue his duties from Ottawa in accordance with the recommendation of the Bapists' report.

RECEIPTS OF COAL HOPELESSLY LIGHT

Derailment on Main Line Stops Freight Traffic Thruout the Day.

SUNDAY DELIVERIES

Local Dealers and Their Men Work Hard Doling Out Small Lots.

With a possible chance of attempting to clear the frontier, and especially the local situation, fate stepped in yesterday and stopped the transport of coal from the American border, when a train was derailed at Beamsville, blocking all traffic to Hamilton and Toronto for the best part of the day. The Grand Trunk had sent all the engines and crews that they could spare to the border yesterday to try and make a hole in the blockade there, but very few trains were able to get thru. The 11:40 train out of St. Catharines was derailed just outside of Beamsville, and although every effort was made to clear the metals this was not accomplished until late in the afternoon. Making train after train was held up, including numerous coal trains which had counted on making two or even three trips. This blockade again prevented Toronto receiving the coal that is due here, and the situation is not developing appreciably towards a possible solution or relief. Saturday the dealers and the railway officials were somewhat more optimistic in dealing with the situation, but they had not foreseen the obstacle which later presented itself.

Delivered on Sunday All day yesterday the dealers in the city, who had coal, attempted to relieve the situation by delivering to their customers. Although there was a considerable hardship on the men in compelling them to work the seventh day, after a hard week's work in the severe weather, still almost to a man the drivers were on hand to take charge of their wagons. Clean faces and even Sunday suits in some cases greeted the men who delivered the precious fuel, and the hard spell of the last few days has eaten a big hole in their piles and they are now viewing with alarm the fast disappearing coal and the possibility of roping-in. Several large factories and other public institutions, who had counted on consignments at this time, are at almost down to bed rock as far as coal is concerned. It will not be surprising if several of them are forced to close down before Tuesday, as the relief does not seem heavy shipments reach this city. Transportation has fallen down badly and prices are not standing still under the excessive demand for relief does not seem soon coal will almost be beyond the reach of the working man. \$15 a ton is the price quoted now for hard coal, but the dealers may raise this price any day now. Such long delays at the border before delivery force the dealers to meet their invoices almost on the date, and in some cases before delivery. The thirty days permissible on the invoice is eaten up by the delay in transportation and the dealers forced to meet their bills before realizing on their shipments. This also applies to other kinds of commerce en route to the border.

Harper, customs broker, 39 West Wellington st. corner Bay St.

THE WEATHER

Observatory, Toronto, Feb. 4.—(8 p.m.) A moderate disturbance is centered tonight near the middle Atlantic coast, while an area of high pressure covers the western portion of the continent. The temperature has been a little higher today in many parts of the Dominion, and local snowfalls have occurred in the lake region.

Minimum and maximum temperatures—Vancouver, 40-44; Kamloops, 25-38; Edmonton, 10 below-0; Medicine Hat, 16 below-0; Battleford, 22 below-16 below; Prince Albert, 26 below-10 below; Moose Jaw, 25 below-11 below; Regina, 22 below-2 below; Winnipeg, 18 below-8 below; Port Arthur, 16 below-0; London, 7-12; Toronto, 1-14; Kingston, 3-13; Ottawa, 5 below-16; Montreal, 8 below-16; Quebec, 15 below-14; Halifax, 4 below-26.

Lower Lakes and Georgian Bay, Ottawa and Upper St. Lawrence Valley—Strong west and northwest winds; local snow flurries, but mostly fair and decidedly cold.

Lower St. Lawrence—Cold, with local snowfalls.

Gulf and north shore—Strong winds and cold, with local snowfalls.

Maritime—Strong winds or gales, southerly to westerly, with occasional snow or rain.

Superior—Strong northwest winds; fair and clear, with occasional snow.

Manitoba—Fair and quite cold.

Saskatchewan—Local snowfalls or flurries, but mostly fair, with somewhat higher temperature.

Alberta—Local snowfalls or flurries, but mostly fair and mild.

SOCIETY

Conducted by Mrs. Edmund Phillips. Lady Hendrie gave an afternoon dance at Government House on Saturday afternoon, when she received at the entrance to the ballroom, wearing a gray gown with silver lace.

Mr. Hector MacInnes has arrived at the King Edward Hotel from Halifax, N.S.

Mr. Edmund Bristol was one of a party of Canadian members of parliament paying a visit to the grand fleet in England, the others being Col. Sam Sharpe, H. E. Tremaine, Col. G. F. Fowler, C. E. B. Hepburn, Col. Gerald White and Messrs. J. D. Taylor, S. J. Donaldson, E. N. Lewis, W. R. Smyth and James Arthur.

Mr. and Mrs. Turnbull Warren and Mrs. Drummond (Montreal) left yesterday afternoon on a visit to New York.

Lady Mackenzie received a cable on Sunday, telling her that Major and Mrs. McCarthy and Miss Mackenzie were sailing for Europe on the next, Major McCarthy's battalion having been broken up.

The Countess de Lesseps and Mrs. MacDonald are nursing in Paris.

Col. and Mrs. James George received a witness yesterday from Capt. and Mrs. Reggie George (formerly Miss Helen Heaton), announcing that they had sailed from St. John, New Brunswick, on Saturday morning.

The Hon. Robert Rogers and Mrs. Rogers are in town from Ottawa, and are at the King Edward.

The christening ceremony of Mr. and Mrs. R. E. Maxwell's little daughter, Helen Macdonald, took place on Saturday afternoon at the house of Mr. and Mrs. Harry Sifton in Crescent road, where Mrs. Maxwell is staying. Mr. Maxwell being in the 7th Battery, C.E.A., C.E.F. The hostess Mrs. Sifton, looked very pretty in a crushed velvet dress with geometric crepe sleeves and a corsage bouquet of violets and freesias.

Mr. and Mrs. H. F. Fuller and Miss Pollett have issued invitations to an "at home" this afternoon from 4.30 to 7 o'clock at the Sherbourne House Club, 23 Harbour street.

Mrs. F. H. Gooch, Crescent road, is spending the fortnight at the Welland, St. Catharines.

After the lecture by Mr. Poulney Bigelow in Barton, Lieut. Col. and Mrs. William Hendrie gave a delightful little supper party in the small banquet hall of the Royal Connaught. The guests were Mr. and Mrs. Poulney Bigelow, Sir John and Lady Vauxton, Mr. and Mrs. W. F. Eaton, Ottawa, Mr. and Mrs. W. P. Deane, Mr. and Mrs. M. J. Maclellan, Mr. W. F. Maclellan, Mr. and Mrs. McFarlane, Miss Jessie Lummis, Miss Aileen Kemp, Major Gordon Balfour.

Major Gwyn Francis has returned home from England.

Mr. Alan MacLean, who was taking a course in surgery at the University of Toronto, is expected to go into hospital for an operation, will probably come out on leave to see his parents, Mr. and Mrs. W. B. MacLean.

Captain M. Bell-Irving, D.S.O., arrived on Saturday from the front. Mr. Bell-Irving and his daughter, Mrs. W. Bell-Irving, arrived at the King Edward the same day from Vancouver to meet him.

Mr. and Mrs. H. H. Fuller and Miss Pollett have issued invitations to an "at home" this afternoon from 4.30 to 7 o'clock at the Sherbourne House Club, 23 Harbour street.

After the annual meeting of the St. George's Society and the elections, Mr. Marmaduke Rawlinson, the newly-elected president, entertained those present at supper.

PLAYS, PICTURES AND MUSIC

THE GIRL WHO SMILES

"The Girl Who Smiles," that delightful musical comedy by Paul Herve, will begin a main engagement at the Alexandra tonight. Not only is "The Girl Who Smiles" that rarest of musical comedies with a plot, but it is described as a story with a human thought and consistently developed character delineation, with scenes of real pathos. There are twenty-one musical numbers in this score.

THE FLAME

Owing to the fact that the production is so large and the cost of operation so great, Richard Walton Tully's latest success, "The Flame," which comes to the Alexandra next week, will play only in the larger cities in Canada. The play calls for some forty actors and the author gave his personal attention to the selection of the cast to make sure that each player was true to type.

FISKE O'HARA AT THE GRAND

The popular Irish singing comedian, Fiske O'Hara will present his new musical drama, "His Heart's Desire," at the Grand Opera House all this week, with matinees on Wednesday and Saturday. The Celtic star in his new play is said to be meeting with the greatest success of his career, and has a number of new songs which appeal not only to those who have a tender spot in their hearts for the Emerald Isle, but to theatregoers generally.

RAYMOND HITCHCOCK IN "BETTY"

Raymond Hitchcock, who has been absent from Toronto for a long time, returns to the Grand Opera House next Monday evening as the star of Charles Dillingham's new musical play "Betty." The announcement of his approaching visit is of especial interest, in view of the fact that this popular comedian makes his first local appearance in an English musical comedy, which was a sensational success in London.

THE HIPPODROME

Lionel Barrymore and Grace Valentine stars headline the bill at the Hippodrome this week. In "The Brand of Cowardice," a stirring five-reel feature depicting the life of an American soldier on the Mexican border. Toots Faka, will be featured with his splendid company of native Hawaiians in native songs and dances, with accompaniment on Hawaiian instruments. The new feature, "The Temple of Mystery," Roy Bryant has a comedy sketch, Francis and Rose are two eccentric dancers, Eddie Heron and Madge Douglas, Ho Gray and Al. Seaver, taking their part in "Revelations," "Behold I make all things new." "Not only is this the second anniversary of the Hippodrome church, but it is the occasion of great solemnity. We are now entering the outer shadows of the revival season of our church. We have two worlds before us, the present world of war, sorrow, with all its scarred and torn ideals, and that world of righteousness, purity and love. They remind one of the picture of Paradise lost on the one hand, and of Paradise regained on the other. Why are these two worlds considered together? It is to create in us a hunger and a thirst after righteousness. There is no more opportune time than in this hour, and during this terrible period of world war. Two worlds are ours. The same God made them both. Before he finished this present world he pronounced it "very good." It is our duty to be now suffering because of sin. Jackson Returns.

CHURCH ANNIVERSARY AND CONFIRMATION

Bishop of Toronto Officiates at Church of the Good Shepherd.

The services held at the Church of the Good Shepherd yesterday were a twofold nature. It was not only the second anniversary of the completion of the church proper, but also a confirmation service, at which Bishop Sheen presided, taking his text from Revelations, "Behold I make all things new." "Not only is this the second anniversary of the completion of the church, but it is the occasion of great solemnity. We are now entering the outer shadows of the revival season of our church. We have two worlds before us, the present world of war, sorrow, with all its scarred and torn ideals, and that world of righteousness, purity and love. They remind one of the picture of Paradise lost on the one hand, and of Paradise regained on the other. Why are these two worlds considered together? It is to create in us a hunger and a thirst after righteousness. There is no more opportune time than in this hour, and during this terrible period of world war. Two worlds are ours. The same God made them both. Before he finished this present world he pronounced it "very good." It is our duty to be now suffering because of sin. Jackson Returns.

GAYETY

George White and Lucille Cavanaugh, comedy stars, headline the bill at Sheen's this week. In "A Presentiment," a comedy of songs, dances and gowns. The gowns of Miss Cavanaugh will prove a treat to the fair sex. Lucille Montgomery and George Perry are featured in "Gowns," a satire on modern society. Bert Melrose, Mac Curtis, the Musical Johnstons, Bee Ho Gray and Al. Seaver, taking their part in "Revelations," "Behold I make all things new." "Not only is this the second anniversary of the Hippodrome church, but it is the occasion of great solemnity. We are now entering the outer shadows of the revival season of our church. We have two worlds before us, the present world of war, sorrow, with all its scarred and torn ideals, and that world of righteousness, purity and love. They remind one of the picture of Paradise lost on the one hand, and of Paradise regained on the other. Why are these two worlds considered together? It is to create in us a hunger and a thirst after righteousness. There is no more opportune time than in this hour, and during this terrible period of world war. Two worlds are ours. The same God made them both. Before he finished this present world he pronounced it "very good." It is our duty to be now suffering because of sin. Jackson Returns.

STAR

The Broadway Belles Company, which appears at the Star all this week, features Sam Backen, who is a comedian par excellence. Mr. Backen is considered one of the few men in burlesque who are without doubt wonderful vocalists. For years he was a musical comedy star, but deserted the Broadway ranks for burlesque comedy parts.

FINE BILL AT STRAND

A bill which for excellence of variety is almost unsurpassable will be presented at the Strand Theatre today, tomorrow and Wednesday. One of the two headliners will be "The Man of Mystery," a big five-act Viagrath production, with E. H. Sothern in the title role. The other feature will be "Easy Street," the latest Chaplin comedy.

MADISON

Pauline Frederick, in "The Slave Market," will appear for the first time at the Madison commencing this evening. This play, which created a bigging, has been released in recent months, not only has an extremely powerful plot, but its production and the acting of Miss Frederick and the remainder of the cast is both masterful and clever.

REGENT

Clara Kimball Young, the supreme screen star, appears at the Regent theatre the first half of this week in "The Feast of Life." One of the strongest casts ever assembled assisted Miss Young in this production. The play, which is a masterpiece of dramatic construction, will be the feature attraction of the last part of the week.

Quebec and Ottawa Win N.H.A. Games

RIVERSIDES PLAY ALL STARS AT THE AMATEURS PLAY EXHIBITION IN ARENA AS PROS. FAILED TO COME FROM MONTREAL.

A crowd of about two hundred fans saw the exhibition match Saturday night at the arena between the champions of the All-Star hockey league, who replaced the 22nd Battalion and the Wanderers, who were scheduled for a professional fixture. The latter game was called off as the Wanderers were unable to reach the city because of the poor railway service. The amateur game was concluded with the score standing three to two in favor of the All-Stars. The exhibition was a real hockey and the All-Stars, who were the champions of the All-Star league, played a fine game. The All-Stars, who were the champions of the All-Star league, played a fine game. The All-Stars, who were the champions of the All-Star league, played a fine game.

Quebec Easily Beat Torontos

Quebec, Feb. 3.—Quebec won in decisive fashion from the Toronto team tonight, the locals playing close to the net and the Quebec team showing a fine game. The Quebec team, who were the champions of the All-Star league, played a fine game. The Quebec team, who were the champions of the All-Star league, played a fine game.

Ottawa Won Game French Won Fights

Ottawa, Feb. 3.—Ottawa defeated Montreal tonight 2 to 1 in a game that was not only fast but rough. Corbett and notched a second tally for his team on a nice pass from Trax. A few minutes before the end of the game, Ottawa scored a goal when Corbett was caught napping on a rebound. Paris scored the other goal in this period.

Three Great Australian Fighters Before Darcy

If Lester Darcy proves to be all that is claimed for him he will be the fourth greatest Australian boxer in the world. Darcy, who is a professional boxer, has a record of 10 wins and 2 losses. Darcy, who is a professional boxer, has a record of 10 wins and 2 losses.

American Athletic Union Championships

New York, Feb. 3.—Frederick W. Billings, secretary-treasurer of the Amateur Athletic Union, today announced the dates of the A.A.U. championships in basketball, track and field, boxing, gymnastics and wrestling.

Aura Lee Juniors Beat the Soldiers

Aura Lee defeated the 22nd Battalion Saturday afternoon in the arena, 2 to 0, in the junior series of the All-Star hockey league. The 22nd Battalion, who were the champions of the All-Star league, played a fine game. The 22nd Battalion, who were the champions of the All-Star league, played a fine game.

MCCOY HAS CHANCE TO BEAT LES DARCY

New York, Feb. 4.—When Albert R. Darcy, world's middleweight champion, steps into the ring with Les Darcy on the night of March 3, he will be more confident that he will win than he is now. The Brooklyn champion is the personification of confidence. McCoy spilled a few facts that will be new to the public, among them being that he is the first southpaw to win a title in any class. McCoy is the first man to win a title in a ten-round non-decision battle. McCoy is the first man to win a title with a single punch.

It is pointed out that ball players are specially fitted to become soldiers—a half battalion alone in major leagues. The United States at War might stop all professional league baseball. The United States at War might stop all professional league baseball.

E. RIVERDALE WON NOW TENNIS SOLONS ARE AFTER SUSPECTS

Chicago, Feb. 3.—Objection of the middle west to recent changes suggested in the bylaws of the United States National Lawn Tennis Association will be discussed and perhaps acted upon at the annual meeting of the Western Lawn Tennis Association, to be held here next Monday, Feb. 5.

City Playgrounds' Annual Championships at Moss Park Centre

The city playgrounds' annual skating championships were held at Moss Park Recreation Centre on Saturday afternoon with a good competition in all events except the seniors, owing to enlistment of the seniors. The ice was in splendid condition, but the attendance was only fair.

Princeton Mentor Flays Regatta

New York, Feb. 4.—Hopes of the stewards of the Intercollegiate Rowing Association, which governs the annual Poughkeepsie regatta, that Princeton would enter the regatta under the new plan of a three-mile varsity race, instead of a four-mile event, were shattered last night by a statement by Dr. Spaeth, crew coach at Tiger town. Dr. Spaeth takes exception to the Poughkeepsie regatta, not so much from the point of view of commercialism, but because it flays the practice of Cornell, Columbia and Pennsylvania in sending crew squads to row in home waters during the college year, and in the atmosphere of view of commercialism.

THEY WANT FROM ATHLETIC UNION

British Columbia Decides to Ask Better Representation and Other Things. Vancouver, Feb. 3.—The adjourned annual meeting of the British Columbia Amateur Athletic Union was held in the Hotel Vancouver when the following business was transacted: Messrs. David Leith and A. C. C. C. were appointed to act as a local board until such time as conditions permit which would make it possible to form a local board to govern amateur sport in the City of Vancouver.

Mammoth Football Prospect at Iowa

Iowa City, Ia., Feb. 3.—Probably the University of Iowa has the biggest football prospect for the year. It is Bernard H. Koyle, of Des Moines, who is expected to enter the university the second semester and to be out for center on the varsity next fall. Koyle claims to be the best center in the United States, and is at the present time awaiting the arrival of a new pair of shoes, size 10 1/2. He is 175 pounds and 5 feet 10 inches tall.

Won Trophies at Calgary Bospiel

Calgary, Feb. 3.—As was the case last year, the majority of this year's prize-winners in the different classes of the Calgary Bospiel are outside winners. The following is a list of the trophy-winners: Wilkie, Skatshewan—F. M. Florence, lead; L. P. Blair, second; W. Taylor, third; W. Blair, skip.

Broadview Y.M.C.A. Basketball League

One of the finest games of the season was played in the Saturday Afternoon Basketball League, when the leading teams clashed for the leadership and honors of the first series. The game was inclined to be rough at times, but the play was fast and the action was exciting. The Broadview Y.M.C.A. Basketball League.

Old Country Soccer

London, Feb. 3.—The principal football games today resulted as follows: **SCOTTISH LEAGUE.** Partick 0, Morton 0. Celtic 5, Rangers 1. Aberdeen 6, Rangers 1. Airdrieonians 3, Clyde 0. Ayr United 1, Dundee 2. Dumbarton 2, Hearts 1. Hamilton 3, Kilmarnock 0. Hibernian 1, Falkirk 2.

COAL SITUATION LOOKS VERY BLACK

Canadian Railways Evidently Helpless in Face of Tremendous Blockade.

MILES OF COAL CARS Waiting at the Border for the Grand Trunk to Bring Them in.

By a Staff Reporter.

Buffalo, N.Y., Feb. 5.—That the Canadian railways have not treated the people fairly was the opinion of several prominent railroad men and shippers when interviewed by a reporter from the Toronto World on Saturday. One of these was a Canadian by birth, who regrets that Canada has fallen down so badly in the matter of transportation in winter. It was his opinion that Canadians did not understand the first rudiments of national service, and that there would be a director or board of directors, practical men, should be appointed to have supreme charge of all traffic, especially that of imports. No man should be allowed to accumulate coal or other commodities at the present time. He would have this board consist of all the freight around Buffalo consigned to Canadian firms, take it into Canada and hand it over as it is needed by munition plants and other industries, so that there would be no slackening in the output thru lack of fuel or raw material. Such a board would operate the railroads thru the present machinery at a higher efficiency and to greater national advantage. The shortage of help could be overcome by the employment of mechanics from the ranks of the army in training in Canada and using them for the extent of time necessary to man the railroads.

The government should act and act quickly in this matter, as the critical time is between now and the opening of navigation, great quantities of Canadian freight has to go into Canada via the bridges during the winter. At Suspension Bridge, which is double-tracked, there is the Lehigh Valley, N.Y. Central and the Erie Railroad all bringing freight to this bridge, and the international traffic which is single-tracked, there is the N.Y. Central, Erie, D. L. and W. and the Pennsylvania R.R. bringing freight. All this freight is to be carried thru these two bridges, which makes the winter movement difficult. In summer there are four additional gateways in the car line to handle Port Stanley, Fort Burwell and Port Maitland.

Should Nationalize Railways. He felt sure that when an emergency arose the proper course was to nationalize the railways, and the shippers and railway men work out their problems together in the interest of the nation. In the present congestion there had been too much evasion occasioned by the efforts of each party in trying to lay the blame on the other.

Is Dumped on Curb. Buffalo citizens are paying from \$7.40 to \$7.90 a ton for anthracite coal delivered on the curb in front of their homes. A man, if requested, will be sent around later to put this coal in the cellar at a charge of 25c to 35c a ton extra. The dealers maintain no storage facilities and do not bag the coal as is done in Toronto. The dealers' operators maintain trestles and to these the dealer sends his motor trucks and teams, has the coal dumped into his wagon inside of a few minutes and when the wagon reaches the house of the customer the coal is dumped on the curb. In this way the wagon or motor truck is on the go practically the whole time and does not have to stand while the man carries sacks of coal to the cellar window and dumps them. Neither does it have to wait at the yards for the stacks to be piled. In Toronto the dealers have to maintain their own storage yards, bag all the coal, and the same wagon equipment would be used for the amount it would if the same delivery system prevailed as in Buffalo.

The freight rate on coal from the bridges to Toronto costs 25 cents a ton. There is no duty or war tax in the case of anthracite coal, but on bituminous lump coal the duty is 55 cents a ton and 7 1/2 per cent. war tax on the cost of the mines. On bituminous slack the duty is 14 cents a ton, and the war tax 7 1/2 per cent. of the cost at the mines. Thus, if the bituminous lump coal costs \$5 a ton at the mines, the freight duty and war tax to bring it over the bridges to Toronto would cost \$15.12. This does not include the freight from the mine to the bridges.

HIS LAST NOTE

WILL DISCHARGE BOYS IN C. E. F.

Ottawa Order Bans All Under Seventeen From Going Overseas.

RECRUITING BRISK

Canadian Buffs Will Deposit Colors in Canterbury Cathedral.

Four hundred and eighty Toronto men offered for active service in the C. E. F. during the week just ended. A total of 149 of them were accepted. The number of recruits volunteering was nearly a hundred more than recorded in the previous week, but the total accepted showed a slight decrease. On Saturday 22 men were examined and seven accepted. Ten others were submitted by the 25th Battalion and will be examined by a medical board this week. Saturday's attested recruits were secured by these units: Skilled Railwaymen's Section, two; 25th Railway Construction Battalion, artillery, 6th Battery, 220th Yorks and Signal Corps, each one.

MERCURY WILL HOVER AROUND ZERO TODAY

Yesterday's Break Was Only Temporary, Says Impassive Weatherman

Those who battled home Saturday night against a 30-mile an hour westerly gale awoke with a sigh of relief yesterday morning to find that the gale had dropped. Those who shoveled coal to the furnace in desperate frenzy on Saturday night with the mercury away down below zero eased up with a silent prayer in face of the threatened coal famine yesterday morning when the thermometer registered several degrees higher. Although during the day it appeared as if a heavy fall of snow was in store, it did not materialize, and with the exception of a few flurries there was nothing to complain about the weather yesterday. Late Saturday night the street car service suffered at various intersections owing to the snow banking up in the points and several cars "dumped" the metals out no serious accident was reported.

CHARGED WITH THEFT FROM SOLDIER FRIEND

Corporal Carter of Out of Town Battalion is Now in Police Cells.

Charged with stealing \$37 from Sergt. Richard Sivel, a comrade, Corp. William Carter of the 20th Battalion was arrested yesterday morning by Acting Detective McConnell. According to the police, the two soldiers came from some outside point to Toronto for the purpose of undergoing bayonet instruction. Saturday morning they stayed at a downtown hotel, while sleeping together it is alleged that Carter stole the money. Missing the money, Sivel reported his loss to the matter to the police. When the men had retired to bed they had bolted the door of their room in question. Carter was discovered by Clarke Young, champion plowman of the county, was responded to by C. Cunniff. "Organization" proposed by E. Wiggins, drew a splendid response from R. J. Ash and Mrs. G. A. M. Davidson, the latter representing the women attending the Domestic Science Club, which numbered between 50 and 60 members, and has been in session in the village for some time.

CANADIAN AIR SERVICE TO HAVE MANY PLANES

Will Include Twenty Squadrons and Three Hundred and Sixty Flying Machines.

Under the direction of Col. "Bobby" Low, work has started at Camp Borden in preparing the great new Canadian Aviation School. The men's quarters will be on the area occupied last summer by the 198th Canadian Buffs Battalion. The Canadian Air Service will include an air fleet of 29 squadrons, made up of 360 airplanes. By the early summer, upwards of 2000 aviators are likely to be in training in Canada at the various flying schools. Seventy-seven men of the Royal Flying Corps are billeted with the 20th Battalion at Exhibition Camp and the officers are quartered at the King Edward Hotel.

TRAINS WERE DELAYED BY STORM AND COLD

Nearly All Arrivals Were Late and Traffic Was in Bad Shape.

Trains from all points were in the majority of cases late in arriving in the city yesterday. The 11:45 C. P. R. train out of Buffalo arrived in Toronto at 8:15 p.m., and the 5:25 from the same place followed her half an hour later. The reason given was a snow blockade on the other side of Buffalo. The 11:40 G. T. R. train from St. Catharines was derailed just outside of Beamsville and it was late in the afternoon when transportation was again commenced. Traffic was tied up for hours and the coal and other freight which was expected to be moved from the border was seriously handicapped. The C. P. R. train from Montreal was on time, but this grand trunk reported an hour and ten minutes late.

Party Patronage System

Ottawa, Feb. 4.—E. M. Macdonald (Pictou) has given notice of a resolution to abolish party patronage from federal administration. His resolution reads that the system is "a menace to honest and efficient government."

Party Patronage System

Ottawa, Feb. 4.—E. M. Macdonald (Pictou) has given notice of a resolution to abolish party patronage from federal administration. His resolution reads that the system is "a menace to honest and efficient government."

YORK COUNTY AND SUBURBS

WOULD ENROL MEN FOR HOME DEFENCE

York County Council Favors Enforcement of the Canadian Militia Act.

The York County Council, at its closing session on Saturday, went on record as unanimously favoring a resolution asking the federal government to at once enrol all men of military age for home defence. The resolution brought out a lively discussion, but the consensus of opinion was strongly in favor of drastic action.

Frank Barber, county engineer, who during the previous session of council was notified to vacate the office occupied by him in the county building, was given an increase in salary under the scheme of rates which will immediately go into effect.

Coal Scarcity in County Grows Much More Serious

At many points thruout the county there is great scarcity of coal, dealers holding only enough to carry their customers over from week to week. Deputy Reeve Fred Miller of Miller & Sons said last night he had ordered another nine cars in addition to the amount on hand, and hoped to weather thru. Down at the Ontario Industrial Home office, where so serious the situation that the officials had recourse to the fence rails on the farm to protect the inmates from the cold. All the centers in the county report the situation as serious.

UNIONVILLE AGRICULTURAL CLASS HAS ANNUAL BANQUET

Successful Affair at Unionville Attended by Large Number of Members and Residents.

The banquet held under the auspices of the York County Agricultural Class of the Village of Unionville, on Friday evening, was attended more than 150 members of the class and residents of the surrounding district, and was a great success. Following the banquet a program of exceptional merit was given.

The "British Empire," proposed by E. Wiggins, was responded to by G. A. M. Davidson. "Canada," proposed by Stanley Watson, was replied to by George S. Henry, M.L.A., and "Our Young Champion Plowman of the County," was responded to by C. Cunniff. "Organization" proposed by E. Wiggins, drew a splendid response from R. J. Ash and Mrs. G. A. M. Davidson, the latter representing the women attending the Domestic Science Club, which numbered between 50 and 60 members, and has been in session in the village for some time.

THOMAS OGDEN BURIED

Late Resident of Unionville Prominent in Many Walks of Life.

The funeral of the late Thomas Ogdén of Unionville, whose death took place on Thursday, was held on Saturday afternoon at Bethel Cemetery on the fifth concession. The late Mr. Ogdén, who was about 60 years of age, had been ill only two days, death resulting from pneumonia. He was a Liberal, a member of the Orange Order and the Methodist Church, and is survived by one sister, Hannah, at home, and two brothers, Nehemiah and Joseph.

U. S. Red Cross Workers Give Cheers for Wilson

London, Feb. 4.—The news of the severance by the U. S. of diplomatic relations with Germany by the American Embassy. The news was immediately announced to the staff surgeons the young American college students who drive auto ambulances and act as orderlies and the nurses. Round after round of cheers were given for President Wilson.

FIRE AT FORT WILLIAM

Heavy Damage to Departmental Store of Chaples, Limited.

Fort William, Ont., Feb. 4.—Fire, which broke out in the basement of the Commercial Chambers building this morning, caused heavy damage to the stock and fixtures of the departmental store of Chaples, Limited. The stock and fixtures are valued at \$125,000, but the extent of the damage is not known.

EARLS COURT RECRUITING APPEAL TO EARLS COURT MEN

An Enthusiastic Meeting Held and Many Names Are Handled in.

A patriotic and recruiting meeting, under the auspices of the 204th Overseas Battalion, was held last evening in the Royal George Theatre, Earls Court, the building being packed to capacity. John Walsh, president of the Earls Court Business Men's Association, occupied the chair.

Capt. G. W. Keith made a forceful appeal for recruits, stating that they were to go overseas in a few weeks and were about 25 short of their complement. He stated that the people of Earls Court had nobly responded to the call, and if there were any young men still in the civilian ranks of the district, he would urge upon them to get in the khaki and go overseas with the 204th. He described life in Camp Borden as not such an alarming experience as some writers would lead the public to believe. He paid a tribute to the work of the Women's Auxiliary of the 204th, who have been untiring in their efforts on behalf of the boys.

In your own district of Earls Court the ladies of the Trench Comfort League have done excellent work. You cannot do too much for the soldiers," said the speaker.

Petty Officer Marston appealed for recruits for the Canadian and British troops, and following a roll call of Capt. Keith and officers of the 204th. He showed pictures of several of the largest British men-of-war.

Capt. Joseph Lawson, in a forceful appeal, contrasted the brutality of the German soldiers in the conquered countries and their treatment of the unfortunate Belgian people with the happiness, peace and prosperity of all those living under the Union Jack.

An excellent program was given by the following artists contributing: Thomas Brown, soloist, E. Williamson, W. Mandy and others. War pictures were also shown. Capt. Marston handed in a good list of names of the membership was present.

EARLS COURT MEN'S BROTHERHOOD

The regular meeting of the Earls Court Men's Brotherhood was held yesterday afternoon in the auditorium of the Central Methodist Church, Assot. speakers were Rev. Arthur Wallace, B.A., president, Professor Brown was the speaker, and a good attendance of the membership was present.

NORTH TORONTO Metropolitan Motor Car Is Brought to Sudden Stop

Between 11 and 12 o'clock on Saturday night a local southbound car of the Metropolitan Railway was running past the power house just south of the old Belt Line bridge on Yonge street when the car was suddenly stopped and throwing it across the street at right angles to the tracks. The car would in all probability have been and for the fact that the road was as hard as iron from frost, and the hind trucks met with obstruction, the car would in all probability have overturned. While considerably shaken up, none of the passengers were injured, and in half an hour a wrecking crew had the car on the rails again.

Twenty-Six Americans Are Sailing on Rochambeau

New York, Feb. 4.—The Associated Press says twenty-six Americans were among the passengers who sailed tonight on the French Line steamship Rochambeau for Bordeaux. They were twenty-two cancellations in the last two days. The Cunard liner Curmania and the Atlantic Transport Line steamship Manhattan also sailed today. The Curmania carried eighty-two passengers. Passengers were not permitted on the pier to say good-bye to those sailing on any of these vessels.

PLAN FOR BOND ISSUE BEFORE SENATE SOON

Washington, Feb. 4.—The senate finance committee will meet to consider the plan for the issue of a \$100,000,000 revenue bill, now under consideration. Secretary of the Treasury McAdoo is expected to submit a definite plan for the bond issue in the next few days. Predictions vary from five hundred million to more than a billion dollars.

MEETING HOUSE BURNED

Cardston, Alta., Feb. 4.—The morning meeting house was totally destroyed by fire yesterday afternoon while about 1000 people were in conference. No one was injured.
