FATAL SHOOTING ACCIDENT IN P. E. I.

Young Man Named Winslow Shot in Abdomen and Died Soon After—A Liquor Case Dismissed.

Charlottetown, P. E. I., April 29.—(Special)—This morning Stipendiary Magistrate McDonald delivered judgment in the case against Dr. McNeill, charged with giving certificates for liquor for other than medicinal purposes in violation of the prohibition act. The charge was dismissed on the ground that it contained several offences, and that under the act a charge must contain a specific and certain offence.

On Monday evening a fatal shooting accident occurred at Alexandria, ten miles from Charlottetown, the victim being John Winslow, aged sixteen. He and his cousin, Arthur Wood, aged nineteen, were running. The latter saw a hawk and fired his rifle. The bullet struck Winslow in the abdomen. He died a few hours later.

(Continued.)

A pretty peck of trouble it seemed had my rival brought upon his head, and the matter of the Spaniard's escape, I judged, was not among the least of his anxieties. Of the latter's whereabouts I was as ignorant as when Wegens, but I knew that he might be relied to do all in his power to serve those luckless ladies and that after the success, it was to him I must look for aid in my present strait.

Now, it fell out upon the third day of this close confinement that I began to doubt whether it was not von Wegens's purpose to add hunger to the other hardships of my lot, for the other hand, at which my sentry brought me my meal, had passed long since and the man who had been nearly three o'clock, the key turned in the lock of my door and in blundering the soldier, who set the single dish so clumsily upon the table that most of its contents spilled upon the floor.

"Have a care," cried I, hungry and out of temper, "and the victuals spoiled."

He eyes me foolishly and turned to his comrade who stood gaping in the doorway. Each looked at the other with heavy blood-shot eyes—the knaves were drunk, 'twas plain.

"Was on the point of giving loose to my ill-humor, but knew all remonstrance was useless. Vacantly they stared at me, muttering some broken words of apology, and without as much as setting the flagon upright lurched into the passage.

"Make fast the door, Fritz," growled one. The handle rattled in an unsteady grip, the door swung to the key turned harshly, and the bolt shot forward wide to the lock. Drunken were they indeed, in a moment my foot was against the bottom rail of the door, just as it should swing inward and the fact that it was still unlocked catch the fellows' notice. But a brief delay put an end to any doubt I might have had. As I peeped through the crevice between door and jamb, I spied them seated side by side upon a bench against the wall of the corridor with their heads deep sunk upon their chests, their muskets between their knees.

Softly I turned to the table and swallowed some mouthful of food, tossed off what was left of the liquor and standing 'twixt window and door, turned over in my brain how best to put to account this lucky chance.

My mind was soon made up. I would seek the priest, Father Juan. At that hour of the afternoon he was to be found, as a rule, among his books, and with caution I might reach the library unobserved, since that their officer was absent from town.

Noislessly, I stole from my room, turned the key, slipped it into my

### MUCH BUSINESS DONE AT BOARD OF WORKS MEETING

Contracts Awarded for the Supplying of Street Materials.

There was a lengthy session of the board of public works last night at which a variety of business was transacted. Among other things the N. B. Telephone Company were granted permission to lay conduits in which to run their wires underground in Charlotte and Princess streets. A long discussion took place over the Wall and Stanley street bridges. The matter was left in the hands of the chairman, with the addresses from the wards interested. Tenders were awarded for coal, sand, asphalt and block paving. The recorder gave an opinion that the St. John Milling Co. on Rodney wharf had no claim for damages against the city by reason of the closing of Union street.

D. R. Jack, who is about to make some alterations in the old DeVries property in Coburg street, asked that the rock be cut away so as to make the street its proper width. On motion of Ald. Willet the matter was left with the director, the chairman and Ald. Hann.

The chairman brought up the matter of the Wall street and Stanley street bridges. R. H. Cushing was present on behalf of the railway department. He undertook that if the board gave permission to carry on the work it would be pushed forward as rapidly as possible.

After a good deal of discussion the matter was left with the chairman, and the aldermen from Kings, Victoria, Wellington and Dufferin wards with power to act.

The same committee was instructed to interview Terminal Superintendent L. R. Rose as to the placing of lights in such places as they might think most desirable.

Some discussion took place over the question of the contract between the city and street railway. The chairman stated that on the 10th of the contract just expired the total loss to the city was \$4,723.02.

On motion of Ald. Willet the matter was referred back to the sub-committee already appointed for the purpose of negotiating with the street railway for another contract.

Tenders were opened for the supply of tar, coal, sand, asphalt and block paving. Three tenders were submitted but after some discussion the matter was left in the hands of the chairman with Aldermen Baskin and Pickett.

Tenders for asphalt were received from the Robert Bedford Co., Montreal, at \$4.85 a barrel, and the Carter-Parking Co., St. John, at \$4.80 a barrel. The lowest tender was accepted.

Three tenders for sand were received. That of Herbert Caspation, \$115 per load of ten barrels, which was the lowest, was accepted.

J. S. Gibbon & Co. secured the tender for wooden paving blocks. Randolph & Baker gave a price for 3,000 yards at 44 cents. This was the lowest and the firm will get the contract, providing they can supply all that the city needs, amounting to 5,000 yards.

Ald. Frink brought up the matter of repairs at the Marsh bridge. He thought the city might ask the provincial or Dominion governments to help in the work, but in any case something would have to be done right away to prevent damage. He suggested that the director with Messrs. Murdoch and Hunter should be asked to look over the place and see what was necessary to be done and make a report.

Ald. Baxter made a motion in agreement with Ald. Frink's remarks. He also suggested that the bills and bylaws concerning the abolition of the marsh commission and vesting its powers in the city council. The motion was carried.

A communication was read from the N. B. Telephone Company in Charlotte street from the corner of King to Duke and in Princess streets. Granting to Duke and B. J. Grant, St. James street, Carleton.

### THE WOMAN'S AUXILIARY

#### Three Interesting Sessions Held Yesterday.

The New Brunswick women's auxiliary held three interesting sessions yesterday. At the afternoon session, the president, Mrs. Thomas Walker, delivered her annual address. In this she made feeling reference to the death of the late Bishop Kingston and spoke of the good work being done by his successor, Bishop Richardson. The scheme of continuous inter-annual prayer on St. Andrew's day, Mrs. Walker said is generally observed now and was very successful. The president congratulated the auxiliary on a substantial increase in life membership.

Mrs. Howard, in her report as recording secretary, said that the auxiliary had been formed at Dalhousie, Lower Nelson, Newcastle, Chatham and two at Bay-du-Vin. Mrs. Brigstocke, wife of the late Canon Brigstocke, and Mrs. J. M. Robinson have been made life members. Reference was made to the study class during Lent in St. John's stone church schoolroom.

Mrs. Woodman followed with a very interesting paper on "Children's work in the city." She said that Mrs. J. G. Sadler, corresponding secretary, had her report. The formation of new branches of the auxiliary at various points in the diocese was noted. The question of increasing the salaries of missionaries was discussed so that each matron or assistant matron of the W. A. shall receive not less than \$200 per annum was spoken of. The general secretary had given notice of a resolution to this effect to be brought up at the triennial meeting. The balance of the report dealt with communications from the foreign field.

Mrs. Sargent, of the South Nelson branch of the missionary church, read a paper on "The children's work in the diocese." She said that after which the treasurer, Mrs. A. Robertson, submitted her report. She showed that the auxiliary had collected \$875.79 the previous year. The triennial thank offering amounted to \$102.04, an increase of \$20 over the year. The thank offering of the Fredericton branch of the W. A. to be presented at the general meeting was given up to this meeting. The money to be voted upon at this meeting will be \$75 for three life membership fees, \$30 from the Bibles' branch, \$15 from the G. C. U. and another matter mentioned was the project to increase the salary of Miss Wade, the missionary in charge, for which the branch is asked to contribute \$10.

The report of Miss Ooster, the leaflet editor, was the last submitted. The evening was given up to a social tendered the auxiliary by the Trinity church branch. Rev. A. Armstrong presided and a musical programme was carried out. The numbers were: Misses Good, Biederman and Pines, piano duet; Charles Biederman and Pines, piano solo; Mrs. J. W. Stewart, guitar solo; Misses Wade, vocal solo. Refreshments were served and a delightful time was spent. The auxiliary will continue its sessions today, and tonight a public missionary meeting will be held.

### PALE, WEAK WOMEN

Gain New Health and Strength Through Dr. Williams' Pink Pills.

Anemia is just the doctor's name for bloodlessness. Dr. Williams' Pink Pills for Pale People actually make new blood. Blood is bound to cure bloodlessness. Dr. Williams' Pink Pills cure anemia just as food cures hunger. They cured Mrs. Clara Cook, a young English woman who recently came to this country from Fredericton, England, and at present residing at Prince's Lodge, Halifax Co., N. S. She says: "I am an enthusiastic believer in the value of Dr. Williams' Pink Pills for Pale People for anemia. I had suffered from the trouble almost from childhood, but a few years ago it developed into a severe type of the trouble. My skin was pale and waxy; my lips seemed bloodless, and my entire system was run down. I suffered from headaches, dizziness, and my friends feared that I was going into a decline. I tried tonics and emollients, but without benefit. Then a friend who had used Dr. Williams' Pink Pills for the same trouble advised me to try them. In a short time they began to help me and in a couple of months I was quite well, the color having returned to my face, my appetite improved and I commenced to gain weight. I can strongly recommend Dr. Williams' Pink Pills to all anemic girls and women."

The pale anemic person needs only one thing—new blood. Dr. Williams' Pink Pills do only one thing—they make new blood. They won't cure any disease that isn't originally caused by bad blood. But when Dr. Williams' Pink Pills replace bad blood with good blood they strike straight at the root and cause of all common diseases like anemia, headaches, neuritis, rheumatism, indigestion, neuralgia, St. Vitus' dance, kidney trouble and the secret troubles that even the doctor knows but none of them like to talk about, even to their doctors. Dr. Williams' Pink Pills are sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

### WILL NOT HOLD JOINT DEBATE

Change in Arrangements of Fredericton Scott Act Campaign.

Fredericton, N. B., April 28.—There does not seem to be much likelihood of the Scott Act campaign closing with joint debate after all. Last evening a committee of temperance men waited upon F. W. Summerhayes, the license advocate, and offered him a chance to speak at their meeting in the Opera House, but no agreement was reached. He stated that he was in the hands of the licensing committee and would carry out the program of the meetings arranged for him. He offered half time to any speaker the temperance people might send to his meeting in Masonic Hall tonight, but the offer was declined on the ground that the hall was too small for a joint meeting. Mr. Sum-merhayes will speak at the Opera House tomorrow evening but it is doubtful if the temperance people take any part.

Jon. Gibbon of Ingersoll addressed a mass temperance meeting at the Opera House this evening and got a splendid hearing. Short addresses were also delivered by Chairman J. D. Phinney and Rev. Dr. McLeod. The meeting was very enthusiastic and points of several speakers were heartily applauded.

F. W. Summerhayes held forth on behalf of the license side of the question at the meeting in the Opera House. He took up the greater part of the time replying to arguments advanced by Mr. Gibbon. Referring to Mr. Gibbon's statement that the Scott Act had been found unconstitutional on account of the McCarty Act and repealed on that account, he wanted to know why it was again repealed after the various counties declared unconstitutional by the imperial privy council. D. J. Stockford presided at the meeting.

DISFIGURING FACE SORES

How to Cure Them.

Pimples, face sores, and the kindred eruptions common to late winter and early spring, are, the worst disfigurements the fair sex have to bear. The indoor life winter has caused impure matter which the skin should get rid of for the blood, to remain in the pores; the process of exhalation is interrupted; the general complexion suffers, and just where the bad matter collects, pimples, ulcers and sores quickly appear. To remove them, the only safe remedy must be used and the functions of the skin stimulated, by the vigorous application of Zam-Buk morning and night, and washing frequently with Zam-Buk Medicinal Soap. Zam-Buk reaches the roots of the disease by soaking through the skin and tissue and reaches the blood, driving out disease and making the skin do its work, which can be done simply by the use of internal medicine. Miss Ellen Smith, of Somerville Ave., Toronto, says: "My face was greatly disfigured by a skin eruption which annoyed me dreadfully for months. I was advised to try Zam-Buk and I am glad I did for it quickly removed the trouble and my face is now clear of all eruptions."

FORTUNE WASTED

A Bankrupt Youth Who Threw Away \$34,000 in 6 Years

(Lloyd's Weekly News.) Harold Collins, described as Colchester House, Maidenhead, told the Windsor Bankruptcy Court on Monday that \$34,000 expended by him in six years had gone to pleasure—in living, motor cars, traveling, and lending money. Some time since a warrant was issued for the arrest of the bankrupt owing to his having gone abroad. Last month, however, he appeared and surrendered at the court, and made apology. The costs were paid on his behalf, and the warrant was then withdrawn by the court. The bankrupt gave details of having mortgaged or realized the whole sum of \$22,000 receivable at the age of twenty-five under his father's will; also the sum of \$8,000 he would have received under his grandfather's will when reaching the age of twenty-one, but which he realised for \$3,000 altogether between the age of eighteen and twenty-one. His estimated liabilities are now \$230. In regard to a charge upon his annuity given to Messrs. Ashton and Mitchell, the estate agents in London, to secure payment of £40 lbs. 10d. debt and costs he explained to the Official Receiver that there were county court proceedings and costs, but he made that arrangement rather than appear in court. He had been hoping to be repaid a loan by Mr. Watson, but he was repaid by Mr. Watson. In 1905 he spent about £4,000, in 1906 about £3,000, and last year about £1,000. The Registrar: You simply threw your money about and kept no account?—I kept no account. From eighteen, when you left school, till you attained your majority, how much money did you raise?—About \$6,000. Can you give any account of what you have done with these large sums?—I cannot. Pressed, he said he had done a little betting, but only lost £100 altogether. That is a mere bagatelle. Where has all this money gone?—£28,000 and \$8,000—\$34,000 altogether in six years.—A tremendous amount of money has been paid in interest, and the rest gone in extravagant living. Debtor had also been in the habit of making presents of jewellery to ladies—he should think about £2,000 altogether. His present annuity of £250 would cease when he is twenty-five years of age in August next, when he would then have nothing whatever. A joint meeting of the layman's missionary movement committees of the Methodist churches was held in the parlors of the Wesleyan church last evening. G. A. Henderson was in the chair. Considerable progress with the work of organization was made, and the meeting adjourned until next Tuesday.

ST. JOHN MAN IN SASKATOON

A visitor to Saskatoon today was A. Haining, of St. John, N.B. Mr. Haining is a member of the large hardware firm of Emerson & Fisher, whose headquarters are in the New Brunswick city. Speaking to The Capital today, Mr. Haining stated that he is well pleased with what he has seen in the west. He left St. John early in April intending to proceed to the coast. The trip, however, embraced so many points of interest, that he was fain to stop over a while at each. The result was that he landed in Saskatoon yesterday. The "Hub" fame is well known "way down east," and it was but natural that Mr. Haining should desire to visit us. He was driven about the town and suburbs yesterday and thus got a good view of the locality. The situation of Saskatoon, as offering a fine opening for a wholesale and retail business, was pointed out. The visitor was surprised at the growth shown, and the general signs of progress noticeable everywhere in this budding metropolis, and expressed himself in these terms. Mr. Haining left this afternoon for Edmonton, and will continue thence to Calgary on his way to the coast. He expects to return to St. John about June 1.—Saskatoon Capital, April 23.

MARINE DEPARTMENT INQUIRY

WILL BE COMMENCED ON FRIDAY

Mr. R. L. Borden Makes the Charge That Partizan Lawyers Have Been Engaged to Conduct it—Mr. Brodeur Declares He Wants Whole Truth to Come Out.

Ottawa, April 28.—The escape of Private Moir after shooting down Sergt. Lloyd at Kingston barracks was brought to attention of the house today by Major Beattie who was of the opinion that the government should have offered some reward for his apprehension. The Finance minister introduced two bills which were foreshadowed in the budget speech. The first of these legislates the proceedings which were taken last year in connection with advances for moving grain. The second bill amends the bank act permitting banks at certain seasons to issue additional circulation to the extent of fifteen per cent. of their combined paid up capital and reserve. This is designed for assisting in the grain movement from the west. Mr. Beaugrande, the St. Francis, introduced a bill to amend the criminal code with respect to proceedings for contempt of court in connection with judgments. At present a judge may fine or imprison any one whom he deems to have unfairly criticised his judgment. Mr. Beaugrande's bill would require such a case to be tried by a jury or by another judge, thus doing away with the possibility of spite or personal resentment influencing the judge's decision. Several questions put by members at the opposition and replied to by Mr. Brodeur led up to a discussion of the investigation into the marine department which commenced Friday. Mr. Bergeron wanted to know who had suggested the appointment of counsel. Mr. Brodeur said that Judge Caselle had expressed the view that he should be given legal assistance. Mr. Foster asked on what grounds the lawyers chosen had been named. "Because they are men of repute, and there is no other reason," replied the minister. Then matter was allowed to drop till a motion to go into supply was reached when R. L. Borden declared that under the order in council, the inquiry must be restricted in its character. He commented on the fact that the Royal Civil Service Commission had left the inquiry in respect to the marine department in an unfinished state. The government, not having seen fit to send the report back to the commissioners to be completed, might have seen that the commissioners had a legal representative present at the forthcoming inquiry. Now, when the department, minister and government were to be placed on trial, two lawyers, both well known Liberals, had been named to assist Judge Caselle. This was in strange contrast to the policy pursued by the Conservatives at the investigation of the departments in 1901 when H. B. Omer and Mr. Coffrin, who were both associated with the Liberal party, were named. The present minister had, on more than one occasion, shown a disposition to shield himself behind his immediate predecessor. As Mr. Ferron had been a partner of Mr. Prefontaine it was easy to see the reason for his appointment.

PLAYS AND PLAYERS

FOR HER SAKE AT THE OPERA HOUSE

For Her Sake is the title of the offering by the Harter-Hall Stock Co. This is announced as being the most ambitious of the week and will give the company as a whole an opportunity to do some real acting, in that the play is a well-written and consistent melodrama, yet there are only three shots fired and they are "off-stage." The characters are diversified and distinct—a young Russian prince and his mother, aristocrats; an old and a young girl, a young girl; a young girl; a young girl; an old general of the army; an English nobleman and his sweetheart, an American heiress. The costumes are beautiful and were furnished by Schultz, the costumer, of Chicago, who made them from plates received in Europe. The amateurs, Friday night, will have an opportunity to compete for three cash prizes of seven, five and three dollars each. On this occasion The Slave Girl will be played, the only time this week.

A Sweet Breath

AT THE NICKEL

The experiences of a country girl in a seminary is the subject of the Nickel's leading picture for today and tomorrow. It is an Edison film of 1400 feet and treats of life in a fashionable college with the comely country lass heroine of a dozen adventures, including a horse race, basketball match, boxing escapade, theft, assault, sensational friend, like all good romances, a marriage. The picture is colored and the scenery was made in one of the leading ladies colleges in the United States. A Holiday Making in Japan depicts the 1908 people of the nation at a fête, and is very edifying. A Hunchback for Luck is a French comedy about a lottery ticket. There are three brand new pictures, as was explained before, the Nickel is enabled through special arrangement to show the "first run" of all the new film as soon as it is issued. The songs Rose and Dreams of You and Saw will be concluded tomorrow night.

WENT TO DEATH LIKE TRUE MEN

Discipline and Bravery of Gladiators' Crew Unsurpassed in History.

London, April 28.—Today's mild though dismal weather greatly helps the salvage operations at the Gladiators. Divers report seeing several bodies in the stranded ship, but are still unable to reach them. Meanwhile the divers are busy recovering all portable things carrying away battered boats and other material, and are also searching for confidential papers and the ship's books, the recovery of which will assist the authorities to complete the list of missing. From every quarter of the globe and notably the United States come messages of enthusiasm for the triumph of self-control and discipline displayed. Another incident which strikes the world's imagination is that of a bluejacket who climbed over on to the deck of the St. Paul when looked in the Cruiser's hull. He saluted as if he touched the liner's deck, seemed temporarily dazed, rapidly recovering himself he saluted again, then looked round seemed to realize his position and gasped, "Oh, my God, what have I done, what will my captain say?" then jumped back to the Gladiator and to the death. "There he is," says a German commentator, today, "large nobility is that immortal question, 'what will my captain say?'" It is the heroic note of Raleigh, Grenville, Drake and Nelson. At the annual meeting of the shareholders of the Thistle Curling Rink Co., Ltd., held at the rink last evening, reports were received and the old board of directors re-elected. Rev. E. C. Jenkins, the retiring pastor of the Presbyterian church, is leaving for evening with his family for Hartland, to assume charge of the church there. The town of Durbin, Man., is to have a weekly paper devoted to its interests.

GRAY MURDER CASE WAS TAKEN UP YESTERDAY

Trial of Richard Gray for Killing His Daughter's Child Now on at Woodstock.

Woodstock, N. B., April 28.—Keen interest is being taken in the session of the Circuit Court which opened this morning at the court house at Upper Woodstock over the trial of Richard Gray, charged with murdering the child of his wife. This is the third murder trial to be held in this county within four years. The grand jury after retiring selected John A. Lindsay foreman, heard the evidence of Deputy Sheriff Foster, Estella Gray and Dr. Field and returning brought in a true bill for murder. To the charge the prisoner in a clear voice pleaded not guilty. Solicitor General McLeod is prosecuting, aided by J. C. Hartley and Hon. W. P. Jones, who as solicitor general was prosecuting Gray at the preliminary examination, is now defending the prisoner. Mr. Jones was only engaged yesterday on the retirement of T. C. L. Ketchum, and he was allowed a conference with the prisoner in the barristers' room, after which the work of selecting a jury proceeded. Ramsford Birmingham and Francis Dolery were challenged by the crown and George Arnold and John J. Eggers were challenged by Mr. Jones. Gilbert Gilbrison and Coun. W. C. Bidout were stood aside, the former being a witness for the prosecution and the latter being more than 60 years of age. The jury was then sworn as follows: H. H. Smallley, C. E. Gallagher, Harding C. Wolfe and Amos Demerout, Eber Kearney, Henry B. Smith, John Farley, Wilnot Robinson, Henry Post, Michael Keenan and Frank Hayward. Solicitor General McLeod addressed the jury in an able speech, giving the facts of the case from the birth of the child on January 22d last, claiming that it was born alive, that it was taken out of the bedroom by the prisoner and deposited by him where it was found about a mile from the house by Wilnot Lawrence and Leonard Wolverson on February 19th under an upper covered with snow. Estella Gray swore that she lived in a log cabin and was the daughter of Richard Gray and was seventeen years of age last December. She had lived all her life with her parents with the exception of a few months when she was with her grandfather Shaw in Somerville, that she gave birth to a child on January 22d, that she was alone in the house at the time, that she took what she supposed was the child after it was wrapped in a blanket by her mother out of the room through the kitchen and shed out doors, inside of half an hour after its birth. The spectators were ordered out of the room during a part of Miss Gray's evidence. Wilnot Lawrence and Leonard Wolverson swore to the finding of the body, notifying Sheriff Foster, who took the body to the corner in Bath. Ralph Whitney swore he resided in Houlton, was a policeman, assisted Foster to arrest prisoner near Houlton on February 8th. Neither Foster nor he offered any inducement or in any way threatened the prisoner to secure the confession which he made. Whitney was about to give the confession of the prisoner when Hon. Mr. Jones objected to the evidence on the ground that neither Foster nor Whitney were competent to testify to the confession, as it might be used against him on trial. Mr. Jones quoted authorities on the subject. The Solicitor General also read opinions contra and it being 6 o'clock, his honor adjourned the court until tomorrow at 10 o'clock.

THE LEGISLATURE. The coming session of the provincial legislature is anticipated with keener interest than any for very many years.

Their acts since they assumed office have met with general approval. In the matter of dismissals and new appointments they have pursued a conservative policy.

FISH AND GAME

That was a valuable suggestion made by Mr. A. Kelly Evans last evening, when he proposed that the provincial government secure control of the fishery at the mouth of several streams in order to be able to prevent netting, and then clear those streams of obstructions and restore the salmon to them.

There are, doubtless, streams entering into the Bay of Fundy and others into the Gulf which could again be made good salmon rivers. To ensure the continuance of that condition it would be necessary, not only to keep the stream clear of obstruction, but to be able to prevent netting at the mouth of the river when the spawning salmon sought to go up in the early summer.

Mr. Evans is no mere theorist. He comes with the facts and figures which prove the enormous value of fish and game when properly exploited and conserved. Maine is a near-by instance which must appeal to New Brunswick people.

value, since to get it the Maine people do not deplete their natural resources. What Maine has done New Brunswick may do. This province has woods and streams and lakes. It has the moose, caribou and deer, and may have the salmon and trout in far greater abundance than at present.

The remarks of Mr. J. Gregory Fraser on the subject of forest growth and protection were both interesting and valuable, and his suggestion that the press of the province during May and June should keep before the people a warning of the danger to the forest from careless fires was both timely and proper.

The following comment from the Ottawa Citizen will be strongly endorsed by public sentiment everywhere: "Three months' imprisonment seems like a day on the wrist for a railway telegrapher who gets drunk on duty and jeopardizes the lives of possibly a hundred people."

Australia is eagerly bidding for immigrants. A recent cable from Melbourne says: "Australia is doing everything she can to encourage immigration from Britain."

Regarding the ultimate triumph of Mr. Chamberlain's policy of preference, Mr. Alfred Mosley, C. M. G., who is now in Canada has no doubt. In an address to the Canadian Club at Ottawa on Saturday, he said: "We in England are slow at grasping new ideas, but a great change has taken place, especially in the minds of British workmen during the last few months, and we feel that a desire for fiscal reform will sweep the elections in the near future."

HOW TO TREAT THE CRIMINAL

An Interesting Article By Dominion Parole Officer Archibald Dealing With Important Matter.

(Ottawa Citizen). There is a most refreshing and thoughtful article by Mr. Archibald, Dominion parole officer, in a current publication on the treatment of criminals. To the results of extensive observation and experience, the writer brings to bear an element of crime common sense in considering his subject.

Many drunk where he can sober up and then turn him loose in time to get his breakfast and go to work. The criminal is not a child to be dealt with in this way, but a very large majority of the police and magistrates are being apprehended by the police and magistrates in the case in chronic.

**Draw Line Sharply Between Amateurs and Professionals**

Montreal, April 28.—The second annual meeting of the Amateur Athletic Federation of Canada was held in the M. A. A. Club House on Saturday night. The most important feature of the meeting was a decision to maintain a hard and fast line between amateurs and professionals. The decision was reached as a result of several applications from men who wanted to get back from the professional ranks to the amateurs.

**MAKE NEW POLE VAULT RECORD**

**Dray of Yale Cleared Bar at 12 ft. 6 1-2 Inches.**

Philadelphia, Pa., April 28.—The character of the performance of the hundreds of athletes at the annual relay meets and field sports held on Franklin Field Saturday under the auspices of the University of Pennsylvania, was of the highest order. One worthy record, that for the pole vault, was broken by W. R. Dray, of Yale. The University of Pennsylvania was the blue ribbon event of the meet, the one mile relay race for the championship of the United States.

**FAMOUS GOTCH FOR SYDNEY, N.S.**

**Said That He and "Yankee" Rogers Will Tour Maritime Provinces.**

Montreal, April 28.—Yankee Rogers, the well-known catch-as-catch-can wrestler, through his manager, Mr. W. B. Maylor, has just received a good contract for four weeks' work in the Maritime Provinces of England. Rogers opens in London at one of the suburban theatres the week beginning August 31, and will meet all comers. Rogers has a match in New York early in June, with one of the best men in the business, but before going there, he will make a tour of the Maritime Provinces and will probably include a match with the world's champion, Frank Gotch, at Sydney, N. S. He also has three matches in the Maritime Provinces. Rogers was very anxious to get the match with Gotch, through the challenge made in these columns, but the big Frenchman evidently does not care for this kind of business.

**Frenchman Eclipses All Records in Aeroplane Flight.**

(Lloyd's Weekly News, April 19.) All records in aeroplane flight were eclipsed on Saturday by M. Delagrangue, the well-known aviator. In a series of flights, covering over six miles without stopping, M. Delagrangue succeeded in wreathing the Archdeacon cup from Mr. Henry Farman.

**PREPARING FOR MEMORIAL DAY REGATTA ON THE HARLEM.**

New York, April 28.—Local oarsmen are now in full swing preparing for the Memorial Day regatta on the Harlem River, and so far as the majority are concerned, no regular work was begun until this week because of cold, unpleasant weather. With the advent of spring sunshine, crews and boats began to appear on the water, and there is every prospect that the spring regatta will have about as many entries as usual, which means at least sixty.

**BALL NOTES**

Good judges of ball players are picking Thoney to be one of the leaders of the American League. They pick Cobb to be the only man to lead him. They calculate on Jack Batters and Cobb 330.

Stallings of Newark will most likely land Ferriss, the Cleveland recruit, for the third base position, and Cobb 330. Considered the best third sacker in the American Association last year. He played with Toledo.

It is reported that Sokelexis, the first full-blooded Indian to play baseball and gain fame with a major league club, is dying from alcohol poisoning at his home near Portland, Me. Sock was a player on the famous Cleveland team in 1898 under Casey Tobson.

Baltimore has been trying hard to get Hannan from New York Club, but it looks now as if he will go to Boston, as Joe Kelley has decided that he can use him to advantage on his team if New York does not want him. Boston will not agree to Brain's demand for a raise in salary, and the management cannot be blamed, as Brain wants to be paid out of all proportion to his worth as a ball player.

**TORONTO STILL LOOKS FOR TOP POSITION.**

Toronto, April 28.—No one will believe that Toronto is entitled to stay long as the tail end of the Eastern Baseball League, where the vicissitudes of the past few days have placed us. It is said to relate that the champions are the first team to lodge indignantly at the bottom, Montreal even having the better rating. This vigorous eleven innings on Saturday might be mentioned as an excuse for the defeat on the Sabbath, had not Jersey City turned round and trounced the Bronchos. Still it will require more than a mere brace of defeats to upset the equilibrium of the loyal followers of McCaffery, who feel assured that a day or two will see our boys out of the hat and setting sail for the top of the heap, where we properly belong.

**Cough Caution**

Nerve, possit vel never poison your lungs. If you cough—ever from a simple cold only—you should always have a bottle of Dr. Shoop's Cough Cure. Don't blindly suppress it with a suppressing medicine. It is said to be to be those that know it best. It is said to be to be those that know it best. It is said to be to be those that know it best. It is said to be to be those that know it best.

**WOLVES WON THE ENGLISH CUP FINAL.**

London, April 28.—The final game in the contest for the English Association cup, the blue ribbon of the British football world and the goal for which all the best football teams in the country have been struggling throughout the past winter, was played at the Crystal Palace Saturday afternoon and resulted in a victory for the Wolverhampton Wanderers over the Newcastle United, the score standing 3 to 1. The attendance, owing to the wintry weather, was between sixty and seventy thousand. This is small for these fixtures, which usually attract in the neighborhood of one hundred thousand persons.

**GOOD THINGS COME HIGH.**

At a meeting of the General Supervisory Fund committee for the Methodist conference of N. B., N. S., P. E. I., and New Brunswick, held in Centenary church yesterday, Joseph A. Likely was elected to take the place of the late Rev. Dr. Paisley, co-treasurer of the fund. There were some suggestions to make the constitution more nearly conform with the superannuation fund of the western conferences, but nothing was decided. A resolution of sympathy in regard to the death of Rev. Dr. Paisley was passed and will be sent to the members of the family.

**OLYMPIC STADIUM MANAGER TALKS.**

London, April 28.—The manager of the great Stadium at Shepherd's Bush, which is to be used for the Olympic games Thursday, gave an interview to the press on the subject of the great endeavor which he was to see through to a successful end.

**KING MANUEL WIPES OUT FATHER'S FAULT**

**Will Refund the Value of Crown Jewels Which Were Sold by the Late Carlos.**

Lisbon, April 27.—The scandal of the Portuguese crown jewels being sold and dragged into the light. When King Miguel was deposed as ruler of Portugal in 1834 the jewels, valued at \$2,000,000, were confiscated and deposited in the Bank of Portugal as the property of the State.

Furthermore, the administrator of the royal house declared that the government, which at that time was controlled by the "rotative" party, had consented to their removal. The governor of the Bank of Portugal was questioned and admitted the removal of the precious stones, but he declared that the sale had been made upon the urgent demand of King Carlos, who desired to meet certain pressing debts of the royal household.

**Beautiful Women**

**Rely Upon Newbro's Herpicide**

Pilar Morin, the strikingly beautiful Parisian actress, of whom America's leading theatrical manager says: "I consider her the greatest actress in her line in all the world," writes as follows about Newbro's Herpicide:

"It is the most delightful hair dressing that has ever come to my notice. It prevents the hair from falling out, does away with dandruff, and gives the hair a beautiful luster."

Cordially yours,  
[Signed] PILAR MORIN.

The fact that leading Parisian women prefer Newbro's Herpicide is certainly conclusive evidence of its superiority.

Beautiful, glossy hair, full of snap and life, is just as essential to a beautiful face as is the frame around a beautiful picture.

Nature does not permit every woman to have a great or unusual abundance of hair, but every woman who has reasonably good health may have beautiful hair if she will give it some care and attention.

First of all she must constantly strive to keep it free from the invisible, vegetable growth (the dandruff germ) that causes dull, brittle and lusterless hair with, later, dandruff, itching scalp and falling hair.

The only rational remedy for this purpose is Newbro's Herpicide, the original remedy that "kills the dandruff germ." In addition to its germ-destrorying power, it is the most exquisite hair dressing in the world for no other substance tends to beautify the hair as does Herpicide.

Just begin the intelligent use of Herpicide in secret, and see how quickly your friends will notice the improvement in your hair.

**Herpicide contains no grease. It will not stain or dye. Stops itching of scalp.**

**Fish, Forest and Game Protection Discussed in Rousing Address at Keith's Assembly Rooms Last Night—J. Fraser Gregory Reviews Question from the Lumberman's Standpoint.**

That the address in the assembly rooms of Keith's theatre last evening by A. Kelly Evans of Ontario, under the auspices of the New Brunswick Fish, Forest and Game Protective Association is likely to result in a better understanding of the aims and objects of the association and in a deeper interest in matters of this kind, was the feeling expressed by those who listened to the speaker. As he referred to the advantages of organizing for the better protection of the forests, the fish and the game and told of what was being done or had been done in other provinces and in other countries, it was apparent that the audience was in sympathy with his views and was receiving with frequent applause and expressions of approbation.

The chairman in his opening remarks stated briefly that the objects of the meeting were to create a greater interest in the work of the association. He then introduced J. Fraser Gregory, president of the association, occupying the chair.

Mr. Kelly Evans expressed himself as being much impressed with the energy and organizing skill shown by D. W. Clinch, and he felt sure that when the N. B. Association realized his capabilities it would feel satisfied with his choice of secretary.

The general idea of the organization of the association similar to the Ontario F. F. and G. P. A. was that of a body of distinctly democratic tendencies to which all classes were welcome. These associations were educative in their design as well as in their aims, and it was the duty of the government to enforce them. The scheme was also of a patriotic nature, and intended to take the fullest advantage of fish and game as an additional means of prosperity to the people.

The speaker then gave some description of the type of perfection.

Perfection does not mean an extraordinary service. By perfect we mean that which has no flaws in it. In pianos, perfection is reached in the famous New Scale Williams Piano—the favorite in Canadian homes.

THE W. H. JOHNSON CO., LTD.

of the original conditions in New Brunswick when every river abounded with salmon and every stream and lake was filled with trout, and when dense forests of magnificent timber covered the land. He reminded his hearers that forests were the growth of centuries, and that it took generations to reap the benefits of scientific forestry, but that the results of fish and game were seen almost immediately.

Referring to the history of the state of Maine, he showed that in 1887, owing to the greed, rapacity and ignorance of the settlers, a condition had been arrived at that was almost appalling. A commission appointed by the legislature reported that the fish in the inland waters were practically valueless; that very few deer existed, and that there were evidences of only a few individual moose in the whole district. Today, through wise laws energetically enforced, there were 1,000 lakes and ponds abounding with landlocked salmon; deer and moose were found in large numbers and the state supported eight hatcheries, and the state supported eight hatcheries, and the state supported eight hatcheries.

An enthusiastic meeting of Sunday school workers was held last evening in Douglas avenue church, where A. H. Chipman was in the chair and in the course of a cheering address, offered suggestions on the topic for discussion. Missionary work and the duties of pastors and officers were fully discussed and helpful results were obtained. Rev. J. B. Cannon, field secretary, J. N. Harvey and Rev. D. Hutchinson were among those who took part.

**If We Could Look at the Heart of a Pale-Faced Person!**

Few people ever stop to consider what pallor to the countenance means. In the first place it indicates an absence from the blood of the rich, red, life-giving element so requisite to health; and in the second place it indicates a weakened heart action. These two things act and react. If we could look at the heart of one of these pale-faced people, we would see it flabby, weak and palid. No wonder they are easily tired, get out of breath quickly, have palpitation, are nervous and down-hearted. Their muscles are poor, their skeletons disordered, and their lives are sapped from misery.

Let them take Millburn's Heart and Nerve Pills; there is no remedy so equal them for making pale faces rosy, weak hearts and shabby nervous system, flabby muscles firm, and instilling new hope and ambition into life.

Mr. W. J. Churchill, Lombardy, Ont., writes: "I was troubled for three years with a weak heart and nervousness. I could not sleep and ever so little food would distress me. I also had faint and dizzy spells, and doctored with three doctors but was growing weaker. After taking three boxes of Millburn's Heart and Nerve Pills I feel as well as ever. I did. They are the best pills on earth."

### THOUGHT IT A FALSE ALARM

#### Destruction by Fire of West End House This Morning Largely Due to Unfortunate Circumstances.

As the result of a fire early this morning which destroyed a two-story frame house owned by Capt. Frederick Nice near the corner of Ladlow and Germain streets, west end, abundant evidence was furnished of the necessity of another fire station in west end, located somewhere in Brooks ward.

The only fire station on the west side at present is situated at the head of King street and residents of other portions of the west side feel that the protection is not adequate.

This morning's fire, which completely gutted Capt. Nice's house and destroyed the furniture and effects of his tenants, might not have been so serious had it not been for a combination of unfortunate circumstances. In the first place the fire was discovered about 11 o'clock last night by an Englishman. He ran to box 118 at the corner of Queen and Victoria streets and pulled an alarm. Not knowing that it was necessary to remain at the box until the firemen arrived he at once returned to the burning house. When the firemen reached the box they could see no signs of fire and as there was no person at hand to direct them, they concluded it was a false alarm and went back to the engine house.

Meanwhile the man who pulled the alarm had succeeded, as he thought, in extinguishing the blaze and went away, intending to return later and see that all was right.

Almost three hours later Everett Watson and Walter Ring discovered flames bursting from the back of the building. A second alarm was at once rung in but the fire had gained too much headway and the house was gutted.

Capt. Nice values the building at \$900 and had \$800 insurance on it. John Henniger, who lived in the house, had \$200 insurance on his furniture and lost it all. A man who boarded with Henniger also lost his clothes.

At the time of the first alarm of fire Mrs. Henniger was alone with her children, her husband being at work. Being coming alarmed, she spent the rest of the night with Mrs. Westwood, a neighbor, so there was no one in the house at the time of the second alarm.

### TONIGHT'S CONCERT

The Every Day Club and its friends of both sexes, young and old, are invited to attend the concert to be given in the hall this evening by the Junior League, Queen square Methodist church. There will be features of very special interest, and the affair will be one of the most notable in the history of the club. An excellent program has been provided to accommodate the young people who take part. John F. Bullock is the leader.

### THE CAMPAIGN ON IN EARNEST

#### How the St. John Board of Trade is Rapidly Increasing Its Membership.

Interest in the Board of Trade was never at a higher ebb than at the present time. Business men have discovered that in union there is strength. Accordingly since the "Booster" membership committee has started on its campaign, many business men have signed application for membership and the fifty new members for the May meeting looks like an assured thing.

There are some members of the Board who believe one thousand members should be the aim of that committee. At all events, you may depend upon it that if you are not a member of the Board you are going to be "approached."

The Times has before recited some of the reasons why every citizen should be a member of the Board of Trade. It is necessary to re-hush any of those arguments solely to remind you that you owe it to your city to assist in the work of making it a better city in which to live, a better city from which to sail.

### BE A BOOSTER

Do you know there's lots of people "settlin'" round in every town, Growlin' like a broody chicken, Knockin' every good thing down?

Don't you be that kind of cattle, 'Cause they ain't no use on earth. You just be a booster rooster, 'Cause you're good for all you're worth.

If your town needs boostin'—booster, Don't hold back and wait to see. If some other feller's willin', Sail right in, this country's free.

No one's got a mortgage on it, It's just yours as much as his, If your town is shy on boosters, You get in the boostin' biz.

If things don't just seem to suit you, Don't hold back and wait to see. What's the matter with a boostin' Just to help the thing along?

'Cause if things should stop agoin', We'd be in a sorry plight, You just keep that horn blowin', Boost 'er up with all your might.

If you see some feller tryin' For to make some project go, You can boost it up a trifle, That's your cue to let him know.

That you're not agoin' to knock it, Just because it ain't your shoot, But you're goin' to boost a little, 'Cause he's got the best thing out.

### IS THIS OUR ROGER?

New Glasgow Chronicle—Dr. Varian of St. John's, Newfoundland, passed through with a cartload of horses for the Ancient West cattle purchased in Toronto. It is a far cry from Chicago and Toronto to St. John's and it does seem curious that live stock can be transported this great distance and disposed of at a profit. Breeders and farmers in Nova Scotia should note this fact as there would be a good profit for them in the difference in freight rates had they stock to dispose of.

### MADE FRIENDS IN HALIFAX.

G. Bruce Burpee, of St. John, who during the past winter has performed the duties of steamship ticket agent for the C. P. Mr. Burpee has made many friends during his short stay in Halifax, and they will be pleased to see him at any time he should come this way again.—Halifax Mail.

### CIRCUMSTANTIAL EVIDENCE.

"You say you met the defendant on a street car and that he had been drinking and gambling," said the attorney for the defence during the cross-examination.

"Yes," replied the witness.

"Did you see him take a drink?"

"No."

"Did you see him gambling?"

"No."

"Then how do you know," demanded the attorney, "that the defendant had been drinking and gambling?"

"Well," explained the witness, "the conductor of a blue chip for his carfare and told him to keep the change.—Lippincott's."
