NEW CUP WILL BE OFFERED FOR YACHTS—SIR THOMAS LIPTON WILL COMPETE.

London, Sept. 30.—As an outcome of the refusal of the New York Yacht Club to accept Sir Thomas Lipton's challenge for a race for the America cup, it is probable, according to the Times, that a new cup will be offered in response to suggestions of the British press for an international match under European rules of measurement...

MATT MCGRATH BREAKS WORLD'S RECORD HELD BY NICHOLSON.

Kansas City, Sept. 30.—Matt McGrath, representative of the New York Athletic Club, yesterday broke the world's record for throwing the 16-pound hammer from a nine-foot circle, held by Nicholson, of Scotland, by hurling it 164 feet 3 inches.

TRANQUILITY NOW SELDSOME FIGHTING ANTICIPATED FOR SOME TIME.

Casablanca, Sept. 30.—General Druce, commanding the French forces here, continues to send out reconnoitering parties to put an end to any opposition against the French that may arise.

ANOTHER SMELTER FOR THE ISLAND

Will be Built on West Coast to Handle Ore From Southern Cross and Other Mines.

Another smelter is in prospect for Vancouver Island. The enterprise will be undertaken by the Southern Cross Mining & Smelting Company, and \$100,000 has already been subscribed for the work.

The construction of the smelter plant will probably be commenced this winter or early next spring. Its location is to be somewhere near the mouth of the Alberni canal, in the neighborhood of the copper areas owned by the Southern Cross Company.

SIX THOUSAND FOR DEATH OF HUSBAND

WIDOW WINS CASE AGAINST RAILWAY

English Capitalists Make an Offer For the Edmonton Street Railroad Franchise

Montreal, Sept. 28.—A jury yesterday awarded Mrs. Thos. F. Boylan \$6,000 damages against the Grand Trunk Railway Company for the death of her husband who was killed a year ago at Rockfield, a suburban station while waiting for a train.

Montreal, Sept. 27.—Detective McCas-kill to-day arrived home from Washington, bringing with him Daniel Glass. Five years ago Glass almost murdered his cousin at Ilerville, and while awaiting trial he escaped from the St. John's jail by filing the bars of his cell. A few days ago he got into trouble at Washington, and confessed to being a fugitive from Canadian justice. The police here were communicated with and Glass came back to Canada without extradition.

Montreal, Sept. 27.—The trouble which has been brewing in the factory of the Montreal Waterproof Company has culminated in another strike. About fifty men and women went out. Some weeks ago it was decided to change the system of operating the factory, and a contract was given to Mr. Silver, who agreed to pay the same wages as was being paid by the firm. The strikers objected to the contractor. The manager of the concern says he told the employees that if they were not satisfied they could quit at the end of the week, and that about 50 went out.

On Way Home. Winnipeg, Sept. 27.—Duncan Ross, M. P. of Greenwood, has arrived in the city from Ottawa, where he was on business for the government. He left for the West to-night.

The Chateau Laurier. Montreal, Sept. 28.—The corner stone of the new Grand Trunk hotel at Ottawa will be laid on November 20th, and the structure will be called Chateau Laurier. This announcement was made by W. Wainwright in an interview.

Grain Receipts. Winnipeg, Sept. 27.—Grain receipts at points on the C. P. R. lines on Thursday amounted to 234,000 bushels, 222,000 bushels of wheat and 12,000 bushels of other grains. The total receipts for the season since September 1st amounted to 1,076,000 bushels of wheat and 93,000 bushels of other grains.

New Judges. Regina, Sept. 27.—Judge Prendergast and Hon. J. H. Lamont were sworn in as judges of the Supreme court by Lieut-Governor Forget yesterday.

May Renew Loan. Toronto, Sept. 27.—F. H. Clergue and

MACKENZIE KING'S DENIAL

(Special to the Times). Ottawa, Sept. 28.—An item appeared in eastern newspapers to the effect that Mackenzie King spoke favorably of Chinese immigration, and stated that some of them were getting \$4 a day in sawmills on the coast.

In a letter to the press Mr. King not only denies the truth of the report, but says that it was a malicious invention. Pettit got three years and Marshall four years in the penitentiary.

SENT TO PENITENTIARY. Toronto, Sept. 27.—Albert Pettit and William Marshall, two boys who escaped from Mimico industrial school some weeks ago and entered upon a burglar's career, were sentenced today. Pettit got three years and Marshall four years in the penitentiary.

WILL NOT GIVE WAY TO PANIC SIR WILFRID LAURIER ON TREATY WITH JAPAN

Government Must Make Full Inquiry Before Taking Action—Reciprocity in Trade

Ottawa, Sept. 27.—George Tate Blackstock, at the Canadian Manufacturers' Association banquet at Toronto last night, proposed the toast of Canada and the British Empire, and in doing so advocated Canada paying a contribution to the navy.

Referring to Canada's commercial relations, the Premier spoke of the preference which we are ready to reciprocate in trade within the British Empire, but Britain is not ready for it.

Edmonton Railway. Edmonton, Alta., Sept. 27.—The city council last night considered the offer of capitalists to secure the street railway franchise. It comes up again on Tuesday. Strathcona will also join with Edmonton to secure a joint railway.

MOTORMAN KILLED. Toledo, Sept. 28.—In a collision on the Toledo and Port Clinton electric road to-day, Motorman Nullman was killed and Conductor Brandon and half a dozen others were injured.

NORTHERN RAILWAY. Ottawa, Sept. 28.—The British-Yukon railway will apply at the next session of parliament for an act authorizing the company to construct a line of railway from near White Horse to the Tahkeena river with power to issue bonds.

DELEGATES GOING TO THE CONVENTION Representatives of the Liberals of Victoria Who Will Attend Gathering in Vancouver

On Tuesday of next week a provincial convention of the Liberals of British Columbia will be held in Vancouver. It has been called by the leader of the party in the local legislature, J. A. Macdonald, and at that gathering there is expected to be present all the Liberal members of the Dominion parliament and delegates from the different constituencies, the representation being based on set standard.

At a recent meeting of the Liberals of the city a full quota of delegates were selected. They will leave Monday for the Terminal City so as to be on hand for the convention. The delegates are: R. E. McKicking, R. A. C. Grant, W. G. Cameron, Richard Hall, Frank Higgins, E. Geiser, W. S. Fraser, Dr. Lewis Hall, James Tagg, R. Dinsdale, W. H. Jones, Capt. J. G. Cox, S. Reid, W. T. Andrew, J. B. Lovell, J. H. McConnell, Fred Peters, John Meston, J. H. McLaughlin, A. Fairfull, James Bell, R. L. Drury, T. J. W. Hicks, A. B. Fraser, Jr., A. R. McNellie, H. A. Munn, J. T. McIlmoyne, William Dee, Trevor Keene, A. J. Morris, Walter Walker, Frank Meilor, William Turpell, A. F. McCrimmon, R. L. Toy, E. H. Shulley, W. K. Houston, Dr. A. A. Humber, H. E. A. Courtney and W. E. Ditchburn.

INQUIRY ORDERED. Collision Between the Mongolian and Hurona to be Investigated.

Ottawa, Sept. 27.—The marine department has ordered an inquiry into the collision between the steamers Hurona and the Mongolian in the Straits of Belle Isle. The inquiry opens at Quebec on Monday.

MRS. CHADWICK ILL. Columbus, Ohio, Sept. 27.—Mrs. Cassie Chadwick, the Cleveland "witch of finance," who is in the Ohio penitentiary, is seriously ill. This morning she had a relapse, which alarmed the physicians, but she rallied. Her death is not expected, though it is admitted that the outcome cannot be predicted with certainty.

Reached Queenstown in Five Days, Four Hours and Nineteen Minutes From New York. Queenstown, Sept. 27. (3 a. m.)—The steamer Lusitania arrived here this morning, having made the eastward passage across the Atlantic in five days, four hours and 19 minutes, at an average speed of 22 1/2 knots.

At Liverpool. Liverpool, Sept. 27.—The Lusitania arrived here at 4 p. m., and was greeted by a large crowd.

The Australian coast is unbroken by any stream for nearly 1,000 miles.

STOCKBROKER SENT TO PRISON EDWARDS SENTENCED TO TEN YEARS FOR FRAUD

Canadian Pacific Railway Officials to Visit West—Financial Outlook is Improving

Winnipeg, Sept. 27.—T. D. Edwards, the fraudulent stockbroker, was given ten years by Magistrate Daly at the police court to-day. The prisoner has achieved some prominence in the city, and there was considerable interest in the case. The "ten years" compelled a hush of astonishment. It was more or less widely known that Edwards had a bad record, that his crooked dealings in this city were but the sequel to similar proceedings elsewhere, but "ten years," as an avowed barrister put it, "is a long time." As the magistrate went into the details of the prisoner's past, as he showed him to be a smooth-tongued villain, who defrauded every man he met, the justness of the punishment became apparent.

Coming West. Montreal, Sept. 27.—Very shortly after the annual meeting of the shareholders of the C. P. R. on October 2nd, the president will be accompanied by a party of directors to visit the West in order to make an extensive tour of the whole system. A special train will convey the party. The president will be accompanied by several of the leading directors and shareholders of the road.

Montreal, Sept. 27.—An inquiry at the

Shot by Woman. Montreal, Sept. 28.—Cellana Apoline, a young French Canadian dressmaker, entered a brilliant parlor on St. Cater-

Austin, Man., Sept. 27.—Little Rea Cuthbert was fatally burned while playing with matches. While her mother was in town and her father was with the threshing outfit, she and three younger children were keeping house. The children got access to the matches in some way and Rea, who is five years old, set fire to her clothes. She ran from the house, but before the flames could be extinguished she was very badly burned. All the medical care possible was given her, but she passed away.

Attempted Murder and Suicide by Montreal Dressmaker—Rancher Probably Ended His Life.

TO DISCUSS FREIGHT RATES. Vancouver, Sept. 28.—F. W. Peters, of the C. P. R., went to Victoria to-day. On Monday he will hold a conference with Victoria freight people on the rate question.

MURDERED BY BOXERS. Italian Priest and Number of Converts Killed in China. Shanghai, Sept. 27.—An outbreak of Boxerism has occurred at Nankangon, in the southern part of the province of Kiangsi.

Local Bakers Have Agreed Upon Twenty Per Cent Advance on First of Month.

PRICE OF BREAD. Bread is to be advanced in price commencing October 1st. After that date the bakers of the city will sell tickets at 16 for \$1.00, instead of 20 as at present. This means an advance of 50 per cent on the prevailing prices to the consumer.

Local Bakers Have Agreed Upon Twenty Per Cent Advance on First of Month.

Car Crashed Into Fence During a Race—Three Persons Probably Fatally Injured.

New York, Sept. 28.—In the first accident of consequence in the twenty-four hour race in Morris park, three were perhaps fatally injured and a score bruised. One of the cars going over sixty miles an hour crashed through the fence in the thirteenth hour of the race. The car was being driven by Harry Smelzer, of New York. He was struck by a heavy timber and thrown from his machine. It was found that his skull was fractured and he was taken to the hospital in a dying condition. John Clarke, who was standing near by, was injured internally, and a boy named Fred Tapp, had a fractured leg and sustained other injuries. Crowds rushed on the track and it was impossible for the police to hold them in check. Many had narrow escapes from being hit by cars that were racing around the track, the race not having been interrupted by the accident.

Medicine Hat, Sept. 28.—It is feared that S. S. Stronach, a well known rancher, has fulfilled a recent threat that he would take his own life if he ever felt himself "up against it." He was in town Wednesday of last week and sold a calf to W. J. Hunt for \$8. The amount was to be left at the slaughter house, but no more was seen of it. The mounted police getting wind of the affair, saw Mr. Hunt and information against the rancher for the theft of the calf, Stronach's wagon and team were found in the outstable at Bailey Place and the police watched until nine in the evening, under instructions to execute a warrant. As the owner did not turn up the team was brought to the barracks. On Monday Mrs. Stronach, who had remained alone with her children at the ranch, became alarmed and walked nine miles into Irvine where she telegraphed to the city making inquiry about her husband. The police rode down to the ranch on Tuesday but as stated could see nothing of Stronach.

Five Years' Hay Fever Cured. Don't leave home—don't experiment just use Catarrhine—it cures every case as quickly as it did Thomas Eaton, of Westwood, Ont., who says: "Five years I suffered from Hay Fever and had to leave this part of the country a month previous to the time of attack. Since using Catarrhine I have not been bothered. My cure is complete."

For Summer Catarrh, Asthma and Hay Fever, Catarrhine is guaranteed. Get it for \$1.00 from any dealer.

TRAINS COLLIDED

Ten Persons Reported Killed and Several Injured in Wreck in Pennsylvania.

Harrisburg, Pa., Sept. 27.—It is reported that ten persons were killed and several injured in a wreck on the Pennsylvania road, one mile west of Duncannon, Pa. A relief train was sent from Harrisburg to the scene.

Welland, Ont., Sept. 27.—Chas. Dean, 40 years old, a well-known farmer, was killed last night. He was run over by a threshing engine.

CLOTHING SET ON FIRE BY MATCHES

FIVE YEAR OLD GIRL BURNED TO DEATH

Attempted Murder and Suicide by Montreal Dressmaker—Rancher Probably Ended His Life.

Shot by Woman. Montreal, Sept. 28.—Cellana Apoline, a young French Canadian dressmaker, entered a brilliant parlor on St. Cater-

HEART-TO-HEART TALK WITH BORDEN

Western Conservatives Not Satisfied With His Policy—Must Make Radical Changes to Secure Their Support.

Winnipeg, Sept. 28.—During the recent visit of R. L. Borden to Winnipeg he was informed by western Conservatives that his policy had too many "ifs" and "ands," it was too non-committal and not sufficiently anti-corporate in its tone. As a result, Mr. Borden promised to make a number of changes with a view to conciliating western supporters and securing much needed assistance in the ensuing campaign.

TO DISCUSS FREIGHT RATES. Vancouver, Sept. 28.—F. W. Peters, of the C. P. R., went to Victoria to-day. On Monday he will hold a conference with Victoria freight people on the rate question.

True Bill For Criminal Negligence Against Dispatcher--Schooner Wrecked on Eastern Coast

Whitby, Ont., Sept. 26.—Conductor Cook, of the C. P. R., tried for manslaughter as the result of a head-on collision at Myrtle last March, when two lives were lost, was acquitted by the jury last night. The grand jury before being discharged, returned a true bill for criminal negligence against train dispatcher Wilkinson for the same wreck.

Reply to Railway Men.

Toronto, Sept. 26.—Replying to a deputation of railway men who yesterday protested against the attorney-general's department prosecuting railway men held responsible by collectors' juries for accidents, Hon. Mr. Foy said the province did not make criminal laws, but merely administered them. The Crown counsel would not be eager to convict, but to bring out facts. The case should be fairly dealt with, and if it were necessary to emphasize on the Crown counsel these facts, Mr. Foy would have it done. The Crown counsel, he said, should defend as well as prosecute.

The Civil Service.

Toronto, Sept. 26.—Deputations from various branches of the inland revenue service waited upon the civil service commission this morning asking for a general increase of 23 1-3 on salaries, also that superannuation be granted. The suggestion was not adopted, while under the present system political appointments to service would be made, friction might be avoided by a consultation between those who have vested interests in the service and those who have to deal with such officers after appointments are made.

Winding Up Order.

Toronto, Sept. 26.—A winding up order was applied for to-day against the "Victory" Yarnish Company, incorporated in 1904, with authorized capital of \$40,000. The liabilities are \$25,000 and assets \$17,330.

Will Receive Degrees.

Kingston, Sept. 26.—The Queen's University has decided to confer degrees at the fall convocation on October 16th upon Hon. G. P. Graham, minister of railways and canals, and A. P. Love, director of the geological survey, Ottawa.

Prof. Fleming Inducted.

Winnipeg, Sept. 26.—To-night the induction service of Prof. J. D. Fleming was held in the Knox Presbyterian church. He will take the chair of professor of theology and philosophy in Manitoba College. Prof. Fleming has a very brilliant reputation as a student and is a graduate of Edinburgh University. For five years he studied under some of the best teachers on the continent, in Holland, France and Germany. At the Knox church, Rev. Dr. Duval, pastor of Knox church, presided. Rev. R. J. Robertson, pastor of Home street church, preached the induction sermon.

Schooner Wrecked.

St. John, N. B., Sept. 26.—The big three masted schooner Cumberland, of Portland, is ashore on the New Brunswick coast at the mouth of Coos Bay. The schooner was carrying a cargo of 1,000 tons. The crew of six men barely escaped with their lives, reaching shore in an exhausted condition and almost unable to help themselves. The schooner was loaded with plaster.

ONE MAN KILLED THREE WOUNDED

Men Injured in Fight Between Rival Railroad Forces in Alaska Likely to Die

Portland, Ore., Sept. 26.—A special cable to the Oregonian from Valdez states that only meagre details have been received of the ambushing of a party of surveyors and workmen employed by the Nome railroad by forces of the Guggenheim road and the Copper River & Northern Company in Keystone Canyon, but that it is reported one man was killed and three more will die from their wounds. One of the men shot is named Heckman. The Valdez advices state that popular feeling is running high and that citizens are talking of wreaking summary justice, should the men who did the shooting be caught.

FRENCH TRAIN WRECK.

Only One Passenger Seriously Injured in Railway Collision.

Paris, Sept. 26.—Nicholas Martin, agent of the White Star line, who returned from Cherbourg to-day, says that Miss F. K. Haskell, the step-daughter of Perry W. Earn, who was killed in the wreckage, was the only person seriously injured as the result of telescoping yesterday at the mouth of Breval tunnel near Mantes, of the coast coach of the special train from Paris to Cherbourg. Miss Haskell, who suffered greatly from the shock, was taken on board the Adriatic on a stretcher and placed in care of the ship's surgeon. The exact nature of her injuries had not been determined when the steamer sailed.

PRINCE'S FATAL FALL.

Slipped on Stairs and Fractured His Skull—Death Was Instantaneous.

Potsdam, Prussia, Sept. 27.—Prince Charles Gustav von Thurnund Taxis, youngest son of the late Prince Maximilian El Thurnund Taxis, lieutenant in the First regiment of Prussian foot guards, slipped on the stairs of the officers' mess of his regiment here and fractured his skull. He died instantly. The Prince was born in 1886.

INDEPENDENCE LEAGUE.

New York, Sept. 27.—Delegates from numerous States are here for the convention of the Independence League looking to the harmonization of the actions of branches of the league in various states and the inauguration of a national movement for the advancement of the league's principles. The delegates are quartered at the Milsey House. The conference will begin to-day at the Carnegie hall. Prior to the meeting, delegates will hold an informal meeting at the Milsey House.

BUSY TIMES IN THE WHEAT FIELDS

Farmers are Hurrying Grain to the Elevators—Labor Scarce in Some Districts

Winnipeg, Sept. 26.—The weekly crop report issued by the C. P. R. to-day tells of busy times in the great wheat fields of the Northwest of Canada, and of thousands of bushels of grain being hurried into elevators along the line at such an advance in price to bring happy smiles to the face of the farmer and to all who are directly concerned in the results of the harvest. While there is a shortage of men in some districts, the work goes merrily on, and the records of the separators tell of more bushels to the acre than had been hitherto thought possible.

While the frost has been very severe during some of the recent nights there has been little or any damage done, as most of the crop is now in the stock. John Lowe, president of the Winnipeg Elevator Company, has disposed of his interests to Clarence Piper, of Minneapolis. The Winnipeg Elevator Company is one of the largest doing business in the West. Mr. Lowe has been intimately connected with the grain business in the West for several years.

VIOLATIONS OF INTERSTATE LAW

RAILWAY AND STEAMSHIP COMPANIES INVOLVED

Alleged to Have Made Lower Rates Than Published Tariff on Trans-Pacific Shipments

San Francisco, Sept. 27.—According to a report in circulation six indictments were found yesterday by the federal grand jury against the Pacific Mail Steamship Company and Southern Pacific Company. In these indictments the names of Ed. H. Harriman, John C. Stubbs and R. P. Scherwin, it is understood, are mentioned. The indictments embrace 540 counts, and relate particularly to violations of the law on shipments from the Orient through the port of Frisco to Chicago.

The particular instance in which the law is said to have been violated related to the shipment of matting from Kobe to Chicago, these shipments being very heavy and numerous during a number of months of the year.

Special agent of the interstate commission, Mr. Duncan, has been on the Pacific Coast for several months, and also in Japan, investigating these shipments, and how the Pacific Mail and Southern Pacific have been making rates lower than the published tariff on them at various times. It is the making of a lower rate than the published tariff on which indictments have been based.

Southern Pacific officials admitted last night, prior to the enforcement of the new rate law, they had not been strictly living up to the three-day notice provision of the old law, because of the impossibility of doing so and retaining their share of Oriental shipments to this country in competition with foreign lines. They insisted, however, that since the new law has come into effect they have not made any lower rate than the published one, and have not violated the law for two reasons—first, the rates have been steady since the Orient and there has been no necessity for making rates other than those in the published tariff; second, that as the commission now has power to make a lower rate, it is necessary where an emergency rate is necessary all the carrier has to do now is to lay the matter before the commission and get it to authorize a lower rate, because of its dispensing power.

It is expected that indictments will be filed in open court when the federal grand jury meets this morning. This, it is claimed, is the first time in the history of trans-Pacific traffic through this port that a grand jury has ever made indictments for violations of the interstate law.

CUT IN ATLANTIC FARES.

Hamburg, Sept. 26.—The Hamburg-American line has announced further reductions on tickets to New York. For first class passengers they amount to \$5 and \$10, and on second class tickets from \$2.50 to \$5 according to the steamer.

EYES ON VICTORIA.

A. E. Ellis Says Residents of United States Are Looking to Residence Here.

A. E. Ellis, of this city, has returned from a tour among the cities of the eastern and middle States. He noticed while in St. Paul, St. Louis and all other parts of the area visited, that the attention of the residents was all directed to the prairie sections of Canada and the Pacific coast. These were the parts which all were looking to as the place to reside.

By the Pacific coast, Mr. Ellis says Portland, Seattle and Victoria are understood. These are the centres which the residents of the middle and eastern States now regard as the chief places of residence.

There is no doubt that there will be a large influx for some time to come to the prairies and the Pacific coast, including Victoria.

Mr. Ellis noted the splendid advertisement which Oregon fruit is obtaining in the east. Apples from the Willamette River district are everywhere on sale. These Oregon apples are being shipped to New York at \$3.45 a box for winter varieties.

UNION LABOR TICKET.

San Francisco, Sept. 27.—The Union Labor city and county convention last night nominated the following party ticket and adjourned to the call of the next meeting. The program of former Mayor Eugene Schmitz was carried out to the letter: Nominated—For mayor, P. H. McCarthy, president of the building trades council; sheriff, Thos. O'Neill, the present incumbent; city and county clerk, Harry L. Mulere, incumbent; city and county recorder, John Nelson, incumbent.

LIPTON AND THE AMERICA CUP

HOPES TO ENTER FOR RACE NEXT YEAR

Anxious to Meet Wishes of New York Club Regarding Size of Yacht.

London, Sept. 26.—Sir Thomas Lipton was interviewed to-night after he had learned the reasons why his challenge to race for the America cup had been declined by the New York club, and spoke as follows: "I am very disappointed. I still have plenty of time to issue another challenge, but it depends upon what I am advised to do. Mr. Fife is coming especially to consult with me on the situation."

"I know the New York Yacht Club feels its responsibility, and I am quite willing to abide by its decision, as the club certainly understands its business better than any one else. I cannot help hoping that the existing difficulty may be overcome, and that a race will occur in 1908. I will do everything in my power that is possible to meet the wishes of our American friends. I am willing to consider most favorably the idea of challenging with a 90-foot boat which will be constructed as a freak boat, even then I would only be pleased to do it."

Members Retire.

New York, Sept. 26.—Prospects for America cup next year were greatly improved to-day by the announcement of Sir Thomas Lipton that he will submit another challenge specifying a 90-foot boat, as the representative of the Royal Yacht Club.

Members of the New York Yacht Club were retired as to the action that would be taken by that organization in response to an amended challenge, but it was pointed out that the deed of gift, by which the America cup was placed in the custody of the New York Yacht Club to accept the challenge, provided certain conditions are complied with. The deed of gift specified that any foreign yacht club "shall always be entitled to the right of sailing a match for this (America) cup."

It is also set forth that the competing yachts, if one mast, "shall not be less than 65 feet nor more than 90 feet on the low water line." Then it is further set forth that the challenge cup shall give ten months' notice, that this notice must be accompanied by a certificate of the name and right of the challenging vessel, and the vessel's length on load water line, beam at mid water line, extreme beam and draught of water. A further clause provides that the courses for the races shall be sailed subject to its rules and sailing regulations so far as the same do not conflict with the provisions of the deed of gift, but without any time allowance whatever.

Commodore Baum's Views.

Chicago, Sept. 26.—The yachtmen of this city are strongly in favor of the participants in the races for the America cup, something besides mere racing machines. Commodore W. L. Baum, of the Chicago Yacht Club, said the New York Yacht Club was entirely within its right in taking the action it did. "At the same time, however, I think the majority of the yachtmen of this vicinity would very much like to see the cup contested for boats such as are in every day use, and not mere racing machines that are constructed solely for the purpose of a contest and then are broken up," he said.

Supports Lipton.

Milwaukee, Wis., Sept. 26.—"I believe Sir Thomas Lipton is right in his contention," said Commodore R. B. Malory, of the Milwaukee Yacht Club. "The demands of the New York Yacht Club are neither fair nor sportsmanlike. It wants to build a mere shell, while Sir Thomas must build a boat which can cross the ocean under its own sail and which must inevitably be heavier and consequently slower than the shell type."

ENDEAVORERS IN CONVENTION

SUBJECTS DEALT WITH THIS MORNING

An Enthusiastic Gathering of Christian Young People Discuss Methods of Work

(From Friday's Daily.)

The Provincial Christian Endeavor convention is now in full progress. This morning the delegates gathered in the Metropolitan Methodist church. There was a goodly attendance of delegates at the session which opened at 9 o'clock this morning, and the interest in the proceedings was keen from first to last.

It was appropriate that the first address should be upon "The Value of the Quiet Hour and How to Pre-empt It." This was presented by the Rev. W. H. Barraclough, B. A., of New Westminster.

A conference on junior work, a neglected field, was conducted by Mr. C. E. Van der Maaten in the closing hour of the session, which proved an exceedingly interesting one. Many of the delegates took part in the discussion, and much interest was shown by all.

Dr. Horsfall, of Seattle, was present at the morning session and was heard with delight by all. He will speak this afternoon on "Missionary Methods." The convention is in progress this afternoon, and a meeting will be held this evening in the Metropolitan church. The programme for this evening is as follows:

6.30-7.15—Street evangelistic meeting, conducted by Rev. A. J. Brace, speaker, Rev. A. W. McLeod, Nannimo.

7.30—Prize service.

7.45—Partial report resolutions committee.

7.55—Address, "What the Christian Endeavor Owe to Himself," Rev. J. A. Doyle, Western field secretary of Epworth League of the Christian Endeavor for the Methodist church of Canada.

8.30—Anthem.

8.35—Address, "The Endeavorer's Inspiration Point," Mr. Clyde E. van der Maaten, Louisville, Ky.

8.50—Hymn and benediction.

BOAT SENSATION.

Occupants Supposed to Have Lost Their Lives in Lake Winapeg.

Winnipeg, Sept. 26.—Word was received here to-day that a small two-masted sailing boat was found on the beach about a mile and a half south of Whiteford on Tuesday morning, with both sails set. Mrs. Taylor, a lady who lives at Whiteford, claims to have seen a sailboat half a mile from Whiteford on Monday. As near as she could tell it contained three persons. While watching the boat someone appeared to go wrong with the sails, apparently causing the boat to capsize, as it was lost sight of. A very heavy sea was running at the time, with a strong north wind. A light grey overcoat and a valise were found in the locker. The valise contained two or three razors and an unopened bottle of liquor. The boat is painted white, with a blue strip around it. It had no name, and nothing was found by which the supposed occupants could be identified.

AUTOMOBILE FATALITY.

Machine Knocked Down and Killed a Passenger—Two of the Occupants Injured.

Paris, Sept. 27.—An auto containing Mrs. Wm. Graham, of Santa Barbara, Cal., her daughter and a governess was struck and killed a peasant yesterday near Auxerre, 100 miles from Paris. The chauffeur, in trying to avoid the accident ditched the machine and its occupants were thrown out. Mrs. Graham was cut about the head and the governess had an arm broken, but Miss Graham and the chauffeur were unhurt. The party was brought to Paris in an ambulance.

AERONAUT LOST HIS LIFE IN LAKE

Fell Into Water With Parachute and Was Drowned Two Hundred Yards from Shore

St. Paul, Minn., Sept. 26.—A special to the Pioneer Press from Lake City, Minn., says that Arthur Traynor, an aeronaut living at Minneapolis, was drowned in Lake Pepin this afternoon while making a balloon ascension. Traynor went up in his balloon to a height of several hundred feet. The balloon drifted towards the lake and Traynor, seeing the danger, released the parachute. The wind carried the parachute directly over the lake and when within fifty feet of the water the aeronaut dropped. The life preserver became detached from his back, and he was making the downward flight. Traynor struck the water with great force and was drowned within 200 feet of shore.

E. & N. ACQUIRING TERMINAL ROOM

Negotiations Now in Progress to Purchase Albion Iron Works Expected to Result in Sale of Property

(From Friday's Daily.)

R. Marpole, executive agent, and W. F. Salsbury, secretary of the Canadian Pacific railway, are in the city to-day representing their company in negotiations which are going on for the purchase of the Albion Iron Works property on Store street.

The acquisition of this property is contemplated, as an initial step at least, towards the extension of terminal facilities in this city, the need of additional accommodation to meet a constantly growing traffic on the E. & N., it having manifested itself of late to the great inconvenience of merchants and others looking to the railway for transportation of commodities.

It is said that plans for the utilization of this ground are now in course of preparation at the railway offices in Vancouver, and it is believed that considerable relief will be given to the situation from the shippers' point of view, if the necessity of further accommodation is not completely met by the absorption of this additional yard room by the railway company.

For several hours this morning, Mr. Marpole was in consultation with parties representing the owners of the property, and although the deed of sale has not yet been signed, it is expected

that the deal will be closed before the day is out, the only difference being that of a small figure in the purchase price, which will approximate about \$75,000.

As is well known the Albion Iron Works land is located on Store street. At the present time it is partially occupied by the buildings used by the company in the prosecution of the iron working trade. It is also stocked with considerable machinery and material which will either be sold here or removed to the establishment of the company at Vancouver. The property comprises eighteen full sized lots, or something like two acres, and is capable of yielding quite an appreciable service to the purposes of the company in extending their freight handling capacity.

Although it has not yet been developed it is said that the railway people have some additional purchases of land in prospect, with a view of building up sufficient housing room for the large expansion of traffic which is looked for in Victoria as a result of the general development in various parts of the island and the extension of the railway system to open up new, and unexploited sources of commerce.

It is said that the work of putting the eight acres of ground in shape for the reception of the railway works will be begun in the near future, after the deal is finally closed.

THE INQUIRY INTO BEEF INDUSTRY

COMMISSIONERS ARE PREPARING REPORTS

It Will Not be Necessary to Take Evidence Outside of Canada

Winnipeg, Sept. 26.—Alexander A. Campbell, of Argyle, Man., chairman of the beef commission, says that he will soon have his report finished on the meat investigation. Alexander Middleton, of Coleridge, Alb., the other commissioner, says that he is comparing joint reports for their respective governments, and it is not expected, as was suggested by an Edmonton dispatch, that the commissioners will require to go outside this jurisdiction to further pursue their inquiries. Mr. Campbell is of the opinion it would be much too costly, and in view of the fact that the United States export contract will not be called out. The action in New York is based on a purely local condition, and was referred to the executive board, of which I am chairman. It is the sense of this board that all contracts must be respected. A President Small also said that an agreement with the companies will be reached within the next ten days and the strike ended.

TO INSPECT LINE.

Ottawa, Sept. 26.—Collingwood Schrieber leaves on Saturday for inspection of the Vancouver Pacific from Winnipeg to Edmonton.

SENATOR BORAH'S TRIAL.

Witnesses Admit Taking Up Claims for Purpose of Selling Them to Alleged Conspirators.

Boise, Idaho, Sept. 27.—After having spent all the previous day in bringing out testimony of thirteen persons who admitted they had taken out claims to timber lands for the express purpose of selling them to members of the alleged land grabbing conspiracy, the government attorneys in the trial of United States Senator Borah yesterday turned the line of evidence into new channels which they claim will tend to affect the defendant's attorney. The testimony produced up to Thursday had been confined to the activity of John L. Wells and Lewis M. Pritchard, two of the men under indictment. The dummy entries examined on Wednesday were not cross-examined and testimony that they received from Wells, the money with which to prove their claims and from Pritchard the \$250 bonus for surrendering their titles went uncontradicted. Just prior to adjournment, the prosecution identified the signature of former Governor Steunenberg and Wm. Sweet to a document said to have been a contract. It is alleged Steunenberg and Sweet jointly furnished the money with which the first alleged fraudulent transactions were carried on.

MANY PERSONS LOST THEIR LIVES IN FIRE

Hundreds of Houses and Boats Destroyed—The Work of Incendiaries.

Hongkong, Sept. 27.—Hundreds of houses and many boats were destroyed to-day by a fire of Wuchow. It is feared the loss of life was heavy. The conflagration is said to be due to incendiaries, growing out of the recent establishment of a new interior customs station at Wuchow, the inhabitants of which are bitterly opposed to any extra taxation.

KILLED BY EXPLOSION.

Three Men Meet Death While Drawing Oil From a Tank.

New York, Sept. 27.—Three men were instantly killed to-day by the explosion of an oil tank in the Bronx, from which they were drawing crude petroleum into a sprinkling cart for use on the Merril park race track, where a 24-hour automobile race is to begin this evening. It is supposed that a lantern carried by one of the men ignited some loose oil from the tank.

LOCAL NEWS

—Miss Ebel Helmcken won the doll in the drawing at the Daughters of Pity tent yesterday, her ticket being number two.

—Fred M. Tatham was granted a permit yesterday by the city building inspector for the erection of a five-roomed frame dwelling on Grahame street, at a cost of \$1,500.

—A circular issued by the Grand Trunk Pacific says that Jno. W. Loud has been appointed freight traffic manager, effective September 29th, 1907. He will have headquarters at Montreal.

—The meeting of the Citizens' League which was to have been held this evening has been postponed to Friday of next week, in order to avoid conflict with the meeting of the Christian Endeavor Union.

—Owing to the fact that the sitting of the Assize court on October 10th has been cancelled, Sheriff Richards has given the members of the grand and petit juries notice that they need not attend on that date.

—The provincial mineralogist, W. Fleet Robertson, who has been engaged in the Atlin mining division for some time, is expected in Victoria in the near future. H. Carmichael, assistant mineralogist, is at present inspecting some of the mining areas on the west coast.

—In a bulletin just issued by the Dominion government as a guide to the public in the purchase of their fertilizers, it is shown that the product of the Victoria Chemical Company is in every case up to guarantee. The samples were taken from the samples offered by the different salesmen who handle the goods.

—Notice has been given by the city authorities that the garbage scow is now being operated from the Telegraph street wharf, and all scavengers are required to take offensive garbage to the wharf. The scavengers are asked to separate dry garbage and to unload it at the city's heap on the James Bay flats.

—Some apples of remarkable size have been brought down from Rivers Inlet, 350 miles north of Victoria, which were grown by S. Grant, a carneyman of that place. One of them measured thirteen inches in circumference, and weighed nearly sixteen ounces. The apples are of the Bismarck variety and from quite a young tree. Mr. Grant has also raised crab and berries of several varieties.

—The death occurred yesterday morning of Mrs. Jane Whetstone, wife of Abraham Whetstone of Springfield avenue. Mrs. Whetstone came from Yorkshire, England, in 1831, and settled near Toronto, the only survivor of the family now being Johnson Kidd, Lidolet, her brother. The deceased lived in this city about seventeen years, marrying her now bereaved husband on the first year of her arrival. The funeral will take place on Sunday from the Victoria West Methodist church at 2:25 p. m.

—Under the auspices of the Salvation Army, those who would like to have the opportunity of securing female help for domestic work, will be able to do so in a few days, when 50 girls from the Old Country are expected in the province. City folk who desire to employ any of these girls are requested to apply to Captain Travis at the Salvation Army quarters, No. 8 Amelia street, for particulars.

—An exhibit at the fair which the Times has so far failed to mention is the slate roofing of the Pacific Slate Company. The quarry from which these slates come is situated on Jarvis Inlet, about eighty miles north of Vancouver. The product is equal to the best Welsh slate and has been used very largely in both Victoria and Vancouver. The drill hall and the Roman Catholic cathedral are both roofed with slates from this quarry, and they have kept their color splendidly. Thirty-six men are at work at Jarvis Inlet with eight

trimming machines. About \$4,500 has already been spent there, and it is proposed to supply bath slabs, billiard table beds, and stair treads.

—The funeral of the late Mrs. Mary Penny, took place from Smith's Undertaking Parlor at 8:45 this morning, thence to St. Andrew's R. C. cathedral where requiem high mass was celebrated by Rev. Father Cain, and at the grave by His Grace, Right Rev. Archbishop Orth. The pall bearers were: John Siner, John Zeinshaw, Joseph Ronaut and W. W. Baines.

—Merton Smith, of Vancouver, here taking part in the convention, will open the men's meeting at the Y. M. C. A. Sunday at 2:30 with a stirring lecture on the following topics: dealing with atheistic and infidel arguments; "The Land of Nod Where Cain Found His Wife"; "Why Did God Order the extermination of the Canaanites?" "The Christ Was Born of a Woman Why Was He Not a Sinner?" The Knox male quartette of Vancouver will sing.

—Frank Bowser, Grand Master of the Masonic Order in British Columbia, is paying an official visit to the lodges of Vancouver Island. In company with local representative of the order, including W. K. Houston, D. G. M., and E. B. Paul, G. J. W., he went to Esquimalt last evening and was entertained by United Service Lodge 24. To-night the Grand Master will visit the Vancouver and Quadra lodges of this city, and to-morrow he will go to Duncan to meet the lodge at that place. In his visits this evening and to-morrow Mr. Bowser will be accompanied by Frank Burde, another representative of the order.

(From Monday's Daily.)
—The pair of swans used at the White Swan Soap exhibit will be weighed after the New Westminster exhibition. The weight and winners of prizes will be announced through these columns.

—County Court Judge Lammman did not give a decision in the case of Sun Jung and Tai Bow, the two Chinamen charged with selling lottery tickets, as expected on Saturday. He reserved his judgment on this point for a few days, allowing the defendants bail on their own recognizances.

—On Friday the marriage took place in this city of Mr. R. F. Kitcheson, of Eburne, and Miss Elizabeth Viola Hansen, of Stevenson. The ceremony was performed by Rev. S. J. Thompson, of the Centennial Methodist church. The marriage took place at the parsonage.

—Registration on last year's voters' list does not entitle a license or household to vote at the annual civic election. Those entitled to vote should call at the office of the city clerk and make the customary declaration at once. Anyone not doing so before the end of October will not be allowed to vote.

—The presentation of the report on the Sooke Lake watershed will probably be delayed for a couple of weeks owing to the fact that it has been found necessary to do some work at the lake. This morning City Surveyor Devereux left for Sooke with a number of assistants and will spend six or seven days obtaining further data on the suggested water source.

—The first target practice to be held with the new Ross carbines by the High School cadet corps took place on Saturday morning at Clover Point. Both rifles and range being new to the boys, there were not any very high scores, the following being among the best: Cadet Carmichael, 22; Cadet Gray, 25; Cadet Browne, 24; Cadet Duck, 23; Cadet Palmer, 23; Sergt. Hartman, 21; Cadet Swain, 15; Cadet Earsman, 11; Cadet Pineo, 15.

—The funeral of the late Mrs. Jane Whetstone took place from the Victoria West Methodist church yesterday afternoon, the Rev. A. E. Roberts officiating. There was a large attendance of sympathizing friends and the floral tributes were very beautiful. Mr. and Mrs. Whetstone have lived in Victoria many years. Previous to coming here the late Mrs. Whetstone lived in St. Mary's Ont. The pallbearers at the funeral were C. McDonald, J.

Jacobson, H. Callister, C. Mitchell, J. Willard and T. Morrell.

—The fruit exhibit to be sent from British Columbia for display in Great Britain will be made up of shipments from various parts of the province, including Kamloops, Lytton, Forts, Okanagan, Salmon Arm, Spence's Bridge, Chilliwack, Victoria, Salt Spring Island, Nelson and Duncan. The shipments will be assembled at Seacombe, and will go forward October 15th on a special car attached to the Imperial Limited. Exhibits will be made at Herefordshire, Kent, York, Leeds, Norwich, Edenborough, London and Dublin.

—During the month the police department dealt with 67 cases and sent up 23 persons for safe-keeping and lodgings. Drunks as usual constituted the majority of the offenders, there being 46 convictions. The other cases were: stealing, 3; infraction of city by-laws, 5; vagrancy, 4; aggravated assault, 1; using threatening language, 1; discharging firearms in city limits, 1; stealing from the person, 1; breaking and entering, 2; other charges, 3; The patrol wagon made 84 runs during the month.

—George MacFarlane, a character who is well known to the police, was sentenced to three months' imprisonment for vagrancy and five days for drunkenness by Magistrate Jay this morning. The prisoner was charged with vagrancy on Saturday and his case was remanded until this morning in order to give him an opportunity to leave the city. Instead of going away MacFarlane went in for a spree yesterday, purchasing a bottle of alcohol at a druggist's store and imbibing the greater part of it.

—Since the beginning of the month permits for the erection of thirty buildings, costing altogether \$55,325, were issued by the city building inspector, W. W. Northcott. These figures include all the buildings and additions permitted by the inspector within the city limits, and, although falling considerably short of last month, the total amount of work commenced is very good for this time of the year. Of the thirty permits issued four were for dwellings to be built upon the area which was devastated by the fire in the early part of the summer, and 25 of the whole total were for dwellings. The remaining five included a wharf shed, a barn and three additions to residences.

SUDDEN DEATH OF MRS. J. H. S. SWEET

Deceased Was a Prominent Worker in the Church—Funeral Takes Place Thursday.

The death took place at the Jubilee hospital yesterday morning of Mrs. Sweet, wife of Rev. J. H. S. Sweet, pastor of St. James' Anglican church, after a short illness. The deceased was taken ill a few days ago and was taken to the hospital on Friday night.

She was a very prominent church worker and was president of the Girls' Friendly Society of the Anglican church. She leaves besides her husband, one son, John Sweet, barrister, of Vancouver.

The funeral arrangements are not yet complete, but the interment will probably take place on Thursday.

PICKPOCKET CAUGHT.

Man Taken While He Was Attempting to Steal From Fair Visitor.

Caught with his hand in the pocket of an exhibition visitor yesterday evening, John Hays was arrested by the police and later handed over to the city police, who had a stronger case against him. In the police court this morning he was charged with stealing \$6 from F. A. Williams while going out to the exhibition on a car yesterday afternoon.

It appears that Hays, who gives his home address as Edmonton, but displays a woeful ignorance of that city, stole the money from Williams just as the car was reaching the grounds. Before his victim had properly realized his loss the light-fingered one was lost in the crowd. Not content with the half-dozen greenbacks he had gathered in, Hays mingled with the crush on the race course and attempted to add to his store of booty. He had got his hand in the pocket of another man's coat when his intended prey, James Reed, of Vancouver, detected him and held him until the police arrived. Later Williams identified Hays as the man that took his money, and the city, having the stronger case of the two, proceeded with the stealing charge. Hays pleaded not guilty and was remanded until to-morrow morning.

It is believed that the prisoner is one of a band of crooks, the police having been notified of several cases where small sums of money have been stolen. This afternoon Constable Carlow arrested another man who is believed to have had a hand in some crooked work since the exhibition commenced.

JAPANESE PASSPORTS.

Misunderstanding As to Action Taken By Immigration Agent at Vancouver.

Ottawa, Sept. 30.—There is some perplexity over the report from Vancouver that Dr. Munro, immigration agent is refusing admission to Japanese who are not provided with passports who Canada issued by Japanese authorities. It is understood that a message has been sent to Dr. Munro inquiring as to the authority under which he is acting and calling his attention to the fact that the course attributed to him is regarded here as a violation of the Canadian and Japanese treaties. There is some misunderstanding as to the action Dr. Munro is said to be taking.

FAIR OVER FOR ANOTHER YEAR TOMMY GRAHAM WON BELT FOR RIDING

Everything in Connection With This Season's Exhibition Passed Off Very Satisfactorily

The management of the fair are not in a position yet to make any statement of the condition of the finances, but they confirm what the Times stated on Saturday that the total gate receipts were about two thousand dollars more than for last year. To this must be added the whole of the grand stand takings, which in previous years has been included in the gate receipts. The total receipts from both the entrance and grand stand gates makes the takings fifty per cent, higher than at previous shows.

The expenses this year have been large and a large sum was spent in repairing and enlarging the grand stand so that it is not likely possible to say whether the show will clear expenses, but the general opinion seems to be that there will be a substantial balance on hand after paying for everything.

All accounts must be settled and all the business of the fair wound up on or before the twentieth of October, immediately after which a statement will be issued and the secretary's report made public. There have been no hitch-ups this year in the matter of protests. All prize moneys have been paid, so that the work of clearing things up will be not so difficult as formerly.

It is understood to be the intention of the management to keep all the concessions in their own hands next year. This time the whole thing was leased to Mr. Jackson, who sub-let the rights to anyone applying. By letting the concessions individually the management of the fair will be able to keep a stricter watch on the character of the sideshows and besides that they will make any money that is to be made for the benefit of the society.

Tommy Graham, Monte Creek, won the broncho-busting championship in magnificent style at the exhibition grounds on Saturday afternoon, crowning a thoroughly good display of horsemanship by riding Roan 373. Hans Richter, of Keremeos, who has worn the belt for a year, came second in the contest. The judge of the judges was received with cheering by the crowd as Graham had given many fine exhibitions of faultless horsemanship. He was second to Hans Richter last year. All the cow-boys who took part this year were excellent horsemen and general satisfaction was expressed at their work. The horses were live ones, full of vim and energy, and gave the riders plenty of trouble. Roan 373 was announced by the judges to be the best "bucker" with Fishlake Fox second.

The competitors left in for the final were Blatchford, of Caledon, Graham and Richter. Blatchford rode Sookee and Fishlake Fox in good style, but failed to come up to the older horsemen in points. Tom Graham then bustled White Stockings and Okanagan in a thorough manner and Richter rode Coboe and Bill Miner to everybody's satisfaction.

The Roan 373, which had proved the worst broncho of the lot to handle, was selected as the deciding test. Richter rode it, but was disqualified for catching hold of the neck of the horse. Graham, resting in the ability of Graham to ride the tricky back-jumper. The Monte Creek man made no mistake and accomplished the feat in a loud applause and cries of encouragement. He admitted to a Times reporter immediately after dismounting that he received a bad shaking-up in getting the belt. "If an two inches shorter," said Graham, laughing, as he made his way to the judges' stand.

During the afternoon the final Kioochman race was won by the same rider as had won on previous days carried off the prize again. During the exhibition she rode all the horses, but won on every one of them with ease.

TWO NEW BOATS FOR SKEENA RIVER

Plans For Vessels Have Been Approved by the Hudson's Bay Company

Vancouver, Sept. 30.—J. Thompson, of Victoria, manager of the Hudson's Bay Company, returned to-day from Winnipeg, where plans were approved for the construction of two new boats this winter for the Skeena river.

According to a telegram from Essington, the steamer Hazelton has been replaced so that it is expected she will make three more trips up to Hazelton this fall.

The funeral of Mrs. Alex. Whetstone, late of Springfield avenue, took place yesterday afternoon. A short service was held at the house when the cortege proceeded to the Methodist church, Victoria West, where services were conducted by the Rev. E. A. Roberts. There was a large gathering of friends present and many floral tributes were received, among them being contributions from the following: Mr. and Mrs. Whetstone, Mr. Totick and Mrs. Monteith, Mr. and Mrs. Dight, Mrs. Mansell and Miss White, Mrs. Kayton and Miss Kayton, Mrs. Hactnell and Mrs. Herd, Mr. and Mrs. Hughes, Mrs. MacDonald and Mrs. Jacobson. The following acted as pall bearers: the funeralists C. McDonald, J. Jacobson, H. Callister, C. Mitchell, J. Willard and T. Worrell.

We are spending \$5,000.00 this month to explain what the word "Constipation" means.

Constipation means NON-ACTION OF THE BOWELS. If the liver is healthy, it pours enough bile into the intestines to make the bowels move. Then, too, the bowels discharge waste matter from the body by a peculiar snake-like movement. This requires strong muscles.

When the bowel muscles are weak—when there is not sufficient bile—the bowels do not move for two, three, sometimes four and five days.

This non-action of the bowels is Constipation. Waste matter, which should leave the body, is taken up by the blood, and carried to the kidneys and skin. These organs—in a vain endeavor to throw off the poisons—are overworked. The poisoned blood, in turn, irritates the nerves, causing Headaches—Backaches—Neuralgia.

The weakened kidneys cannot rid the system of urea, which changes into uric acid, causing Rheumatism, Sciatica and Lumbago.

It is useless to try to cure Constipation with calomel, cascara, senna, strong purgative pills and vile-tasting mineral waters. They simply force the bowels to act by irritating the delicate membranes. Their action weakens the muscles and really does more harm than good.

"FRUIT-A-TIVES" ACT ON THE LIVER—stimulate the glands—and so regulate the action of the liver that it will excrete sufficient bile to move the bowels in the normal, natural way every day.

Nothing else in the world will so surely and permanently cure Constipation.

"FRUIT-A-TIVES" are made of fruit juices, intensified, with the most valuable tonics and antiseptics added. Cure yourself of Constipation by taking these wonderful liver tablets. 50c. a box. Sent by mail if your druggist has none.

Fruit-a-tives Limited, Ottawa. 107

G. T. P. COAL TO BE DEVELOPED

PRESIDENT HAYS ON PLANS OF COMPANY

Contracts For Mainline in British Columbia Expected to be Let Shortly.

The officials of the G. T. P., who were expected to reach Victoria last evening, will not pay a visit to this city, but have proceeded eastward by the Great Northern this afternoon.

According to the original plan the party was to have reached Vancouver by the steamer Princess May from Prince Rupert. They were then to have transferred to the steamer Princess Victoria and reached here last evening.

The Princess May did not arrive in time to permit of the plans being carried out, and consequently the visit to Victoria was cancelled.

The Times special correspondent in Vancouver this afternoon wires: "Chas. H. Hays, Frank W. Morse, J. H. Bacon and others of the G. T. P. party returned this morning from Prince Rupert. Mr. Hays is particularly enthusiastic and figures that a great trade will be worked up in the north."

"He has made friends with John Houston, the first northern edition of whose paper has just been issued."

"Mr. Hays says the railway will develop the 16,000 acres of coal lands it has in the Telqua, and expects to supply the western system and make shipments from Prince Rupert."

"He expects contracts will be awarded shortly for the construction of the main line which will be finished first, and then immediately afterwards the proposition of building south to Vancouver."

"The purchase of J. Hendry's charter has not been considered at all, says Mr. Hays, as the G. T. P. already has rights."

"He added that the company had received proposals from almost every steamship concern in the country for operating trans-Pacific liners, but that no final arrangements had yet been made."

"He expects a large influx of population next season."

"A SNAP" IF YOU WANT A STOVE HERE'S YOUR CHANCE: A "HAPPY THOUGHT RANGE," complete as exhibited in our window for \$50.00.

FINAL DAY OF THE RACE MEET

EXCITING CONTESTS IN SEVERAL EVENTS

Winners of the Prizes on the Last Day of the Victoria Fair.

Saturday's racing at the exhibition proved most attractive, five out of six events being good ones. The exception was the first race, free-for-all trot, in which three of the starters were flagged.

The first race, free-for-all trot or pace, was well-entered, but was won in three straight heats by Lady S. in a comparatively easy fashion. Tom Keene was fancied by a large element, but proved a decided disappointment, being distanced in each heat.

Fancy Free won the second event, the pony race, from Topsy, after laying back for half-a-mile. Four of the entries were scratched and Bessie Trimble was left at the post.

Fort Wayne, which has been the most disappointing horse at the meet, was left at the post for the fourth race, the Tourist selling purse. Four of the entries were scratched.

The fourth race, one mile, was the race of the day. From a very good start Katie Bell led with Silver Wedding second and the other three in a close race.

A poor start was made in the last event, the consolation race for non-winners. Laura E. got off badly and was out of the running.

Following is a summary of the results: First Race. Free-for-all trot or pace, one mile, three in five, purse \$500.

Second Race. Ponies under 14 1/2 hands, purse \$150, five furlongs. Finish. Horse and Jockey. Betting. 1. Fancy Free, 124 (Williams) 2-1

Third Race. Tourist purse (selling), \$150. Five furlongs. Finish. Horse and Jockey. Betting. 1. Betsy, 124 (Kersten) 2-1

Fourth Race. Consolation purse, \$100, six furlongs, for non-winners at meeting. Finish. Horse and Jockey. Betting. 1. Rosemary D., 112 (Coll) 2-1

Fifth Race. Tommie purse, \$100, half-mile, for horses not running first or second at the meeting. Finish. Horse and Jockey. Betting. 1. Legal Form, 119 (Willie) 2-1

Sixth Race. Consolation purse, \$100, six furlongs, for non-winners at meeting. Finish. Horse and Jockey. Betting. 1. Rosemary D., 112 (Coll) 2-1

ers to slow down somewhat and the record made at the same track three weeks ago by a Renault, 1,079 miles, was not equalled.

YACHTING. REPLY DELAYED. London, Sept. 28.—The officers of the Royal Irish Yacht Club have decided instead of sending a reply to the New York Yacht Club to-day, to call a meeting of the Irish club for October 2nd at which the answer of the American club to Sir Thomas Lipton's challenge for the America cup, and what further action, if any is necessary, will be fully considered.

The first race for the cup was the America vs. the Aurora, around the Isle of Wight, on August 22nd, 1851; time, 10 hours 37 minutes; winner, the America by eighteen minutes.

The longest time of any of these American races was in 1876 (7 hours 15 minutes), and the shortest in 1871 (3 hours 7 minutes 42 seconds). The most notable victory, respecting time, took place in 1870, the Magic against the Cambria, the former winning by 28 minutes 12 seconds, and the closest contest was on October 13th, 1883, Vigilant against the Valkyrie II, 40 seconds.

THE RING. SQUIRES BEATEN AGAIN. San Francisco, Sept. 28.—Austrian Bill Squires, the heavyweight pugilist, who came to this country with the avowed intention of wrestling the title champion of the world from big Jim Jeffries, went down to defeat a second time to-day when he was practically knocked out by Jack "Twin" Sullivan.

At the end of the first quarter the Red Shirts, Bryson having added two goals, were in the lead. Only one goal was made in the second quarter, T. Rennis having it to his credit. After three minutes' play in the third quarter the Red Shirts took a little better for Vancouver by steering the ball past Gray, but Bryson retaliated by scoring for the Red Shirts a free kick scrimmage in front of the goal.

When the last quarter began, the score was 7-3 in favor of New Westminster, but if the Maple Leafs had put some extra time into their practice they might have pulled the game out of the fire. Instead of bracing up they allowed the "clock work" home of the Red Shirts to continue to work upon Ravey and rain shot after shot at him.

the Garrison is one of the competing teams. It will thus be seen that the grounds at the disposal of the league are entirely inadequate to fulfil to the letter the schedule of games which the league has drawn up for the present season.

In conjunction with the fact that games will be played every Saturday up to the end of the year, it has also been decided to pull off matches on public holidays, and by means of mid-week games. In spite, however, of these arrangements it is anticipated that owing to the lack of grounds considerable inconveniences will be met with, and the Vancouver Island district league is now exercising its ingenuity to obviate these disadvantages.

A few days ago a committee was formed to wait upon the Mayor with a view to gaining his permission to pull off a match each Saturday on the exhibition ground. It is pointed out that these grounds are being used through a greater portion of the year, and with a comparatively small amount of work they could be rendered fit for Association football. The committee has not yet waited on the Mayor, but it will do so in the course of a few days, and the members of the league are anticipating a favorable answer to their request. If this ground can be secured it will do away with any disadvantages, and it will be possible to complete the schedule of games in the Victoria district league before the end of the present year. This will leave the remaining half of the season open for matches with surrounding clubs, for the games in the island and provincial championships, and further, for a series of games between the Island and Mainland teams.

The playing grounds of the three games which will open the season on Saturday next will be announced in a subsequent issue.

When the last quarter began, the score was 7-3 in favor of New Westminster, but if the Maple Leafs had put some extra time into their practice they might have pulled the game out of the fire. Instead of bracing up they allowed the "clock work" home of the Red Shirts to continue to work upon Ravey and rain shot after shot at him.

At the end of the first quarter the Red Shirts, Bryson having added two goals, were in the lead. Only one goal was made in the second quarter, T. Rennis having it to his credit. After three minutes' play in the third quarter the Red Shirts took a little better for Vancouver by steering the ball past Gray, but Bryson retaliated by scoring for the Red Shirts a free kick scrimmage in front of the goal.

the Garrison is one of the competing teams. It will thus be seen that the grounds at the disposal of the league are entirely inadequate to fulfil to the letter the schedule of games which the league has drawn up for the present season.

In conjunction with the fact that games will be played every Saturday up to the end of the year, it has also been decided to pull off matches on public holidays, and by means of mid-week games. In spite, however, of these arrangements it is anticipated that owing to the lack of grounds considerable inconveniences will be met with, and the Vancouver Island district league is now exercising its ingenuity to obviate these disadvantages.

A few days ago a committee was formed to wait upon the Mayor with a view to gaining his permission to pull off a match each Saturday on the exhibition ground. It is pointed out that these grounds are being used through a greater portion of the year, and with a comparatively small amount of work they could be rendered fit for Association football. The committee has not yet waited on the Mayor, but it will do so in the course of a few days, and the members of the league are anticipating a favorable answer to their request. If this ground can be secured it will do away with any disadvantages, and it will be possible to complete the schedule of games in the Victoria district league before the end of the present year. This will leave the remaining half of the season open for matches with surrounding clubs, for the games in the island and provincial championships, and further, for a series of games between the Island and Mainland teams.

The playing grounds of the three games which will open the season on Saturday next will be announced in a subsequent issue.

THE RING. SQUIRES BEATEN AGAIN. San Francisco, Sept. 28.—Austrian Bill Squires, the heavyweight pugilist, who came to this country with the avowed intention of wrestling the title champion of the world from big Jim Jeffries, went down to defeat a second time to-day when he was practically knocked out by Jack "Twin" Sullivan.

At the end of the first quarter the Red Shirts, Bryson having added two goals, were in the lead. Only one goal was made in the second quarter, T. Rennis having it to his credit. After three minutes' play in the third quarter the Red Shirts took a little better for Vancouver by steering the ball past Gray, but Bryson retaliated by scoring for the Red Shirts a free kick scrimmage in front of the goal.

PROVINCIAL C. E. OPEN CONVENTION

Inspiring Addresses Delivered at Initial Gathering Held Last Evening—Open Air Meeting on the Street.

(From Friday's Daily.) Over two hundred delegates were in attendance at the opening session of the first annual convention held by the British Columbia Christian Endeavor Union at the Metropolitan Methodist church last evening.

Owing to the unavoidable detention of Mayor Morley on official business, the address of welcome to the delegates which he was to give at the opening of the convention, was postponed until the end of the programme.

In his closing remarks the speaker referred to the motto of the union, "Training for Service." The young people were training for service in their societies and training for the best of service in their homes.

Edward Lamphire, president of the local C. E. union, extended a welcome on behalf of that body. He also referred to the motto of the union.

Rev. W. H. Barraclough, of New Westminster, replied to the addresses of welcome. In opening he passed a complimentary notice of the "ideal convention city" as it is known to church workers.

The speaker then dealt with the work of the Christian Endeavor movement, saying that it stood for an united church against an united foe. The movement in company with the great international Sunday-school movement, was doing a very large part of the churches' work.

Rev. Le Roy Dakin, B. A., president of the British Columbia Christian Endeavor Union, delivered an excellent address, covering the history of the C. E. movement in the province. He said that he would divide his address into ten chapters, commencing with "Ancient History."

er, no matter how strong and intellectual he was, could do nothing without the support of the majority. If a tenth of the body politic was against the tenth part was powerless. To illustrate what this meant to the country he pointed out that the people might elect an executive head pledged to certain high ideals and principles, and yet surround him with men of such character that he could get no support in moral questions from them, thus preventing the leader from ever accomplishing the good work he had pledged to attempt.

An open air meeting was held at the corner of Government and Yates streets from 8.30 to 7.15 p.m., under the direction of A. J. Brace.

The final meeting in connection with the Methodist Young People's rally was held in the Metropolitan church yesterday afternoon. There was a splendid attendance of the church members and the proceedings were marked with enthusiasm.

THE PROFITS OF PIPE LINE COMPANY

Made Over Four Millions on an Investment of Two and a Quarter Millions.

New York, Sept. 28.—The Indiana Pipe Line Company, a subsidiary of the Standard Oil Company, made a profit of \$4,091,022 in 1906 on a total investment of \$2,228,748, according to the company's figures, produced by George Chesbro, controller of the National Pipe Line Company, who appeared as a witness in the federal suit to-day against the combine.

From balance sheets of the company, Frank B. Kellogg, conducting the government case, sought to show that the Indiana company was making excessive profits and that it maintained a high schedule of tariffs to prevent shipments of oil of the independent oil producers.

Mr. Milburn, in cross-examining the witness, developed the testimony that the pipe lines connecting the terminals at Unionville, Centre Bridge and Fond Groves with tide-water at New York and Baltimore were the three private lines of the Standard Oil Company of New Jersey and were not public carriers.

Mr. Payne said that the National and New York companies were prepared to accept business over the lines and to deliver it at their receiving stations. John D. Archibald, vice-president of the Standard Oil Company, issued a general notice to-day that false and injurious statements were being scattered broadcast as from a "representative of the Standard Oil Company" and warning the public that no credit should be given to any statement purporting to emanate from the Standard Oil Company unless signed by an executive official of the company or its designated attorney.

CONSPIRATORS ARRESTED.

Washington, Sept. 26.—Official word of the arrests of the conspirators in Havana reached the war department here last night. The conspirators, as they were termed by the department, were the present immigration of thousands from all countries and the best citizens of the United States.

MURDER SUSPECT ARRESTED.

Chicago, Sept. 26.—The local police received a telegram late in the afternoon from the authorities at Springfield, Ill., saying that Richard Walton, wanted for the murder of Mrs. Lillian W. Grant, had been arrested there and positively identified.

THE PROPOSED ALL-RED ROUTE OUTLOOK FOR THE SCHEME IS BRIGHTER

Deputy Minister of Mines Returns to Capital After Visiting the West.

Ottawa, Sept. 28.—The Dominion government is now certain of acceptance by British authorities of the All-Red line scheme, as outlined by Sir Wilfrid at the recent imperial conference. It is reported that a definite offer from a strong syndicate is now before His Majesty's government to provide for a fast passenger service between Canada and Great Britain.

DENOMINATIONAL RALLIES CLOSED

Methodist and Baptist Young People Held Final Meetings of Their Convention

The final meeting in connection with the Methodist Young People's rally was held in the Metropolitan church yesterday afternoon. There was a splendid attendance of the church members and the proceedings were marked with enthusiasm.

GAZETTE NOTICES.

Companies Which Have Been Incorporated—Appointments Made.

This week's Provincial Gazette contains notice of the following appointments:

The following have been appointed commissioners for taking affidavits under the Election Act:

Greenwood electoral district—William George Swaine and Duncan Murray, Esq.

Kamloops electoral district—Henry Beresford Bradshaw Brown, Joseph McCrum and Gilbert Lawrence, of Kamloops.

Victoria city electoral district—John Walker McBride, of Victoria.

Richmond electoral district—John M. Duval, Robert H. Bryce, James Campbell and Thomas Sheppard, of North Vancouver.

Dewdney electoral district—J. A. Johnston, of Harrison River.

Richmond electoral district—Albert Richard Steady, of North Vancouver.

Charles D. J. Christie and Cyril Pusey Bliss, of the city of Vancouver, to be notaries public for the province of British Columbia.

Paschal de Noe Walker, of the city of Victoria, to be a clerk in the office of the provincial secretary, from September 1st, 1907.

Hon. Robert Garnett Tatlow, minister of finance, to be acting provincial secretary during the absence of Hon. Harry Esson Young from the city of Victoria.

Howson & Co., with a capital stock of \$50,000.

Ideal Furniture Company, with a capital stock of \$10,000.

Norman Plass Lumber Company, capitalized at \$250,000.

Rossland Steam Laundry & Greenhouse Company, with a capital stock of \$8,000.

Scott Cove Timber Company, capitalized at \$50,000.

Shuswap Lumber Company, with a capital of \$50,000.

The Gas Investment Company of London has been given an extra provincial license, with R. K. Houlgate, of Vancouver, as attorney for the company.

The Red Cluff Land & Lumber Company, of Superior City, Wisconsin, has been given an extra provincial certificate, with H. I. Heimeken, of Victoria, as attorney for the company.

FOR RURAL SCHOOLS.

Quebec, Sept. 28.—Provincial Treasurer, Hon. W. A. Weil, after consultation with the Protestant members of the Quebec legislative assembly, has recommended to the government the distribution of the money available through the disappearance of McGill Normal school among the Protestant rural schools of Quebec.

There has been for a number of years a demand that something of a sort be done, but successive governments have found various difficulties in the way.

Recently the alleged neglect of the educational needs of the province and the relatively small amount voted for such purposes have attracted more attention than ever.

CONVENTION OF SCHOOL TRUSTEES

The Annual Meeting Will Be Held in New Westminster Next Week.

(From Friday's Daily.) The fourth annual convention of British Columbia school trustees will be held in New Westminster on Monday, Tuesday and Wednesday, September 30th and October 1st and 2nd. The programme is as follows:

Monday, 8.30 a. m. Enrolment of members; appointment of committees; perfecting organization.

Resolved: That this institute strongly favors, where practicable, the centralization of schools.

Resolved: That the provincial government be asked to allow a small sum yearly to assist all rural schools in securing a school library.

Resolved: That in the interests of public education the private schools should submit yearly or oftener the attendance of pupils on their roll.

Resolved: That the government be asked to provide for a flag for all rural schools.

Resolved: That the necessity be urged upon the government of a thorough and systematic medical examination of all public school children and teachers.

Resolved: That our educational interests would be best conserved by having reciprocity between the provinces in the matter of school teachers.

Resolved: That a uniform qualification for teachers and grading of pupils be proposed to the Dominion would be beneficial.

Resolved: That it would be in the interests of the Empire to have one universal text book.

Address by Dr. Scott, city school superintendent, Calgary, Alta., subject: "The Efficiency of the Teacher and How to Determine It."

Paper by J. C. Fagan, M. D., subject: "The Importance of Public Health and Hygiene Taught in Our Public Schools; Is Our Medical Health Inspection Sufficient?"

Address by Dr. Frazer, subject: "What the Child Has a Right to Expect of the State."

Tuesday, 9.30 a. m. Resolved: That the council of public instruction be urged to amend the regulations so as to permit teachers who have taught successfully a number of years to write on a part of the additional subjects yearly till a first-class certificate is obtained.

MANUFACTURERS ELECT OFFICERS

THE ADMISSION OF JAPANESE TO CANADA

Many in Favor of Asiatics—The Question of Tariff—Old Country Immigration

Toronto, Sept. 28.—The Canadian Manufacturers' Association to-day elected the following officers: President, Hon. J. D. Rolston; Montreal; vice president, John Hendry, Vancouver.

An animated discussion arose over the Japanese question, many favoring admitting Asiatics. A resolution was finally passed asking the government to consider very carefully before abrogating the treaty.

That the governments, both provincial and Dominion, fear the labor party's vote was the opinion expressed at the meeting of the parliamentary committee of the association, yesterday.

The manufacturers lay the whole blame for the death of skilled workmen amongst the British immigrants at the doors of the government and the labor party. Many were the heated remarks when it was pointed out in the committee's report that the government could offer little help for the situation.

"To pay a commission for bringing out laborers, and to refuse to pay for bringing out artisans would indicate that in the opinion of the government the man who digs a ditch is worth more to Canada than the man who builds a house," said Secretary Rogers.

T. J. Thorne, of Toronto, said the views taken by the government was that the taxpayers' money should not be used to bring out men who will compete with them in their trades.

The tendency seems to be for neither party to depend on the labor vote for election, he said. "Statistics show that there are only 50,000 organized labor men in Canada, and that consequently the vote is not of much consequence. Mr. Thorne reminded the association of how the Trades and Labor convention at Winnipeg censured the C. M. A. for appointing Louis Leopold as their London agent. Their tendency evidently is to restrict incoming skilled artisans to compete with them."

The association yesterday defeated a motion to cut out the clause reflecting on the courage of the Dominion government in carrying out its tariff policy. The effect of the tariff report, which was adopted without alteration, and of the discussion, was that the committee should get to work immediately to secure a tariff which would furnish relief to industries at present suffering from unequal competition.

Last evening the members and their lady friends attended the theatre.

RIVAL CLAIMANTS FOR MAN'S BODY.

KEY FOUND IN POCKET ESTABLISHED IDENTITY

Farmer Ended His Life by Hanging Himself During Absence of Children.

Montreal, Sept. 28.—There was a dispute at the morgue to-day regarding the ownership of a body and the matter was settled when they key found in his pocket opened the door of his late home on Cuvilliers street. The body was first identified as that of C. M. Laforgues, of Panama, who arrived in Montreal several weeks ago. The man answered the description of Laforgues. Before the case was disposed of by the coroner, however, the relations of Louis W. Palardou, who disappeared some time ago, called at the morgue and claimed the remains. They identified the clothing and the key. The coroner sent his officer to the house to find out if the key would fit the lock. The key was apparently made for the lock and this decided the question. There were no marks of violence on the body, and the case will likely be disposed of without a jury.

Farmer's Death. Labroquerie, Man., Sept. 28.—Camille Bailey, while moving a threshing outfit, attempted to oil part of the engine and his knee was caught in the driving gear, crushing it to pieces. Bailey died about four hours afterward from loss of blood. Deceased was one of the most respected farmers of this city. He was reared in the Labroquerie Cheese & Butter Company.

Hanged Himself. St. Constant, Que., Sept. 28.—Joseph Monet, a farmer of this place, who has been insane for some time, committed suicide this afternoon. He sent his children on an errand, and during their absence took his own life by hanging himself to the top of the front door.

THE VANCOUVER RIOTS. Secretary of Japanese Consulate at Honolulu Will Make Report.

San Francisco, Sept. 28.—T. Imai, secretary of the Japanese consulate at Honolulu, arrived here to-day on the steamer Siberia. He has been ordered by his home government to proceed to Vancouver and make a thorough investigation of the recent anti-Japanese outbreak there.

MORE WINNERS AT THE EXHIBITION Additional Prize Lists in Different Departments -Citizens' Day Was a Grand Success at the Fair.

(From Friday's Daily.) The most interesting exhibit at the show yesterday was the people. The diversity of interests, of physiognomy, and to the ladies of dress afforded a study. They went to see the races, the bronchos, or the exhibits, as the case may be. The majority of the people of Victoria were there, and there were practically all the countryside as well. Farmers who had stayed over with last year, there has been a steady influx from the mainland, and of their time had crossed in order to see the citizens enjoying themselves.

Perhaps the most noticeable thing about the attendance was the large number of strange faces to be seen. Two things tended to make this, one was the Christian Endeavor convention being held here brought many strangers to the point. Even Americans ahead of their time had crossed in order to see the citizens enjoying themselves.

During yesterday morning Miss Laura Rose of the Guelph Agricultural college, a lady who has been on the staff of that institution a number of years, gave a demonstration on the use of the Babcock tester and on separating milk. She explained the different constituents of milk and the use of each to the body. From this she showed the wisdom of discarding poor cows and keeping only such as gave a good return in butter yield.

The B. C. Hardware Company handles the Lorraine Ranges. The range is the one article of furniture which really affects the whole household. Given a good cooking apparatus and a good cook and the household is at peace. But once try one of these ranges with a poor range and it is spoiled with the result that the family feel unwell and are ill-tempered. To avoid all this see that the range ordered is a Lorraine & name which stands for all that is best.

There is a standard in everything. The standard for bugles and farm machinery is set by E. G. Prior & Co. who have been dealing with the farmers of British Columbia for so many years that they have got to be looked upon as the standard. Their prices are always reasonable considering the quality of the goods they supply. At the fair they have some of their latest machinery and most up-to-date rigs which should be examined carefully by those wishing to learn or to buy.

men's profits and enabling them to sell a better grade of instruments at lower prices than any other music house in British Columbia.

Capewell Company. A rather unique little exhibit was that of the Capewell Horse Nail Company which aims to provide the best possible nail with which to shoe horses. The firm gives away finger rings made from horse nails.

The judges at the baby show were L. A. Manley, J. M. Guardhouse and R. H. Taber. No local judges could be persuaded to act so the thanks of the community is due to these gentlemen for preventing the disappointment which would have followed if the show should have had to be called off.

The two Lang boys have each their hobbies, and they ride them well. The elder boy, J. L. brought his brown Indian horse to the fair and carried off three first, three second, and two third prizes. This is a splendid record for a small back yard poultry farm.

The Agassiz experimental farm has an exhibit of nuts which shows what might be done in that direction. They are in bottles all along the top of the exhibit.

The Cowichan creamery took first prize for butter. The creamery is owned by J. W. Brethour of Sidney, the first in pound prints, and Mrs. Watt secured two firsts and a third for her butter.

The children's exhibit this year is small, but what there is of it is very good. It is in one corner of the ladies' department.

The art displays of three of the local photographers is well worthy of notice. The exhibit of Skene Lowe was not for competition, but it shows some splendid portrait work, good enough for anything. The medal went to Savannah, and it was well deserving, for the winner gives a great deal of study to the pictorial side of his work.

Haymitching-1, Miss Victoria; 2, Dorothy Hay. Miscellaneous. The morning was dull and it looked doubtful whether clear up or rain; but at noon of old Sol burst through the clouds and the sun shined brightly on the water. The boats in the harbor were full of people, and the air was filled with the sound of music and the laughter of children. The weather was just what was needed for the day, and the people were all in high spirits. The show was a grand success, and the people were all in high spirits. The show was a grand success, and the people were all in high spirits.

Even the optimistic office Victoria fair had not expected curbed yesterday. So great crowd that it was with difficulty that the people were by the tramway company arrived at the show. Ten thousand and sixteen people had come to the fair, and the weather was just what was needed for the day, and the people were all in high spirits. The show was a grand success, and the people were all in high spirits.

Miscellaneous.

For the best looking baby at the exhibition, under 12 months old-Pussy Tindal, Victoria.

Even the optimistic officials of the Victoria fair had not expected what occurred yesterday. So great was the crowd that it was with the greatest difficulty that they were handled both by the tramway company and the gates at the side of the fair.

hundred and sixteen people passed through the gates besides those who were attendants or exhibitors. This puts the association a thousand dollars more to the good over the takings of last year. The grand stand, although considerably enlarged since last year, was packed to overflowing and the race track was surrounded by eager watchers.

The weather conditions were perfect. The morning was dull and at one time it looked doubtful whether it would be a sun or a rain, but at noon the rays of old sun burst through the clouds and the fate of the day and of the exhibition as a whole was fairly decided.

Beginning at about lunch time, the five groups of the holiday-keepers to their destination. Large numbers of them remained there for the evening meal so that there was scarcely a bus or a sleigh left in any of the restaurants or tents.

Not only were the crowds watching the races and the broncho riding, but large numbers spent their time in examining the indoor exhibits and the comments heard on every side were most favorable to the management of the show and also to the growers.

The fruit exhibit particularly attracted the attention of the visitors who had come to learn about the district. The commercial display of Rockside Orchard, which won first prize, was very complete and the fruit of excellent quality; but the Salt Spring Island man, William E. Scott, of Ganges, had if anything finer apples than the Victoria men. The color of this fruit was slightly better and the fruit

larger, but the whole display was not as complete, there being few plums and pears. Reeve Brydon, of South Saanich, also had a fine lot of fruit, but the collection was not as large as the others.

The cattle and horses came in for many encomiums from the large numbers who visited the stalls, and also from those who saw only those who took the parade in the parade. The latter were the uninitiated, the town people who care only for the general appearance, but who knew nothing about the fine differences between the different individual cattle or horses. Many people had an idea that the cattle exhibit was not large because there were not many in the parade. The parade was the largest ever seen in Victoria, but only a few of the prize winners took part in it. Some of the cattle will not lead, and these remained in their stalls.

Miss Edmonds, of Seattle, again assisted the band in the musical part of the entertaining afternoon. She gave a number of the old favorites, and they were appreciated by the immense throng. Miss Edmonds has a powerful and sweet voice which filled the building and brought forth many favorable remarks.

Dr. Tolmie, on being asked for his opinion on the exhibit this morning, said that he considered the whole stock exhibit a very fine one. In the cattle the short-horn shown by P. W. Paterson and H. M. Vasey were splendid specimens of their kind. The Jerseys and Holsteins also were a very fine lot of cattle, especially the Holsteins.

"This year," continued Dr. Tolmie, "we have attempted to put up a show rather different from that of other years. We have gone strong on racing to encourage the breeding of the best horses, and raise the whole standard of light horses. We have interested the ranchers of the upper country through the rough riding contests and by means of the stock parade, which we consider one of the most important parts of the attractions. We have tried to interest everyone in the real object of the exhibition."

"The management have felt that in former years the light attractions and games have played too important a part in the exhibition, and the success of the department from the old times has been made clearly manifest by the appreciation of the public, who on every hand express favorable comment, and of the judges who travel all over Canada attending the different districts, and who are better than anyone else able to give an opinion on the subject.

"Probably the cheap rates given by the C. P. R. had as much to do with the success of the exhibition. These rates have been given from points west of Calgary, and have been taken advantage of by a large number of people in different parts of British Columbia. The remarks of these visitors concerning the exhibits are certainly very satisfactory to the management.

"In the opinion of the judges this year the committee have taken special pains to secure experts in the departments allotted to them, and these, on the whole, have given great satisfaction. The most success has been secured through the agricultural departments of the provincial and Dominion governments.

"In future," said Dr. Tolmie, "it will be necessary to get better accommodation for the public. The grand stand must be enlarged to a very large extent, and there must be more entrance gates as well as increased accommodation for the stock. We have now a large and well situated grounds, and immediately after the exhibition it would be wise to secure a proper plan of the premises, and for erecting future buildings they should be so placed as to give uniformity to the whole. Each section should be complete in itself and situated as conveniently as possible to the show grounds, and it is also very speedy for a hackney.

"The second prize was awarded to a black of wonderful substance, belonging to Mr. Hadwin, with lots of admiration, but with action not quite so good as the first.

"The third is probably as fine a type of hackney as any in the class. He had been a long time in the cars and he had a good many others, got his docks a little hurt. This might have had something to do with the place he got.

"The unplaced stallion is a hackney of great substance and beautiful color, but did not show as much action as the others.

"In carriage teams Pemberton's chestnuts obtained the first prize. They are thoroughly broken, of good action, perfect manners, and were justly entitled to win a first prize.

"The second, Mitchell's grey and chestnut, are a nice type of carriage team, but could hardly expect to win higher than second, seeing that they had only been in harness a few weeks.

"In saddle horses Pemberton's beautiful little black mare showed splendid breeding, with head, neck and shoulder almost perfect for the class in which she was exhibited.

"Mitchell's second did not show enough breeding, but in a combination ride and drive would be hard to beat.

"The small pony that won the first prize is a beautiful little pinto, the admiration of the whole crowd, and might be sent to any exhibition in the country and expect to be placed. The second pony was good but much larger and in classes of this kind the smaller animal is the more valuable."

Judge Kidd was heard to remark that it would have been better to have driving horses in two classes, as it is most unsatisfactory to compare carriage and road horses. The fair as a whole, he thought, was good (this with emphasis) and in looking at the parade he said one would never think it was taking place in as new a country as this. All the arrangements of the show were excellent and the officers had done everything in their power to make the work of the judges as easy and pleasant as possible.

R. H. Taber, the judge of the heavy horses, made a few criticisms of the horses he judged, and it must be remembered he was speaking from a strictly critical standpoint. He said:

"There were eight good horses entered in the aged stallion class. The first winner, Dean Swift, is a good, big draught horse, of good quality, a good mover, and with lots of character. The Royal Sceptre came second, from Chilliwack. He is a good thick horse, of fair quality and a fair mover.

"Premier Prince, the third in the class, was not big enough to get a higher place. Besides being rather

small he was not brought in the best bloom.

"The fourth place was given to Earl Seaham, a horse of good quality. There were also a number of very good horses that did not get prizes.

"In the three-year-olds, Mercer's yearling out. This is a horse of good quality, but somewhat out of bloom on account of his trip. Still, it is a real good colt."

"Paterson also won the first in two-year-olds, a horse of good quality, fresh in limb, and with plenty of the right kind of bone and feather. He was, however, a little light in the middle, partly on account of his trip. This will fill up.

"Pemberton's yearling won out in his class. A colt of good quality, a good mover, but rather too much furnished for a yearling.

"Pemberton also took first in brood mares, with Nellie Garrick. She is a mare of excellent quality, a grand mover, but rather on the fine side for a draught mare.

NEW WHARVES FOR THE INNER HARBOR

C. W. Brown Has Decided to Provide Additional Accommodation for the Increasing Shipping of This Port

By April next the inner harbor will have its docking facilities very materially increased. Arrangements are now being made by which the whole of the waterfront from the Alaska Steamship Company's new wharf to the Dominion government's wharf will be prepared for the accommodation of steamships.

The water front between the two points mentioned was acquired some time ago by C. W. Brown, of this city. For a time he had it on the market, but recently he came to the conclusion that a good opportunity presented itself for the investment in wharves which would be independent of any of the shipping companies and would be open to all comers on the same terms.

He therefore has decided to withdraw

the property from sale, and is now perfecting the plans for the erection of the new wharves. These will be commenced within a few weeks and pushed to completion so as to be ready for trade early next spring.

The water front owned by Mr. Brown is about 400 feet, and all will be utilized by him in his new undertaking. The providing of additional accommodation for the shipping is regarded as necessary. At the present time many steamers have to berth at the outer wharf which would prefer to come close into the business places if the facilities existed for them to do so.

The wharves will be equipped in the very best of shape. Mr. Brown expects to spend about \$5,000 or \$6,000 in the work and will give local firms and shipping companies every facility for the handling of freight and the accommodation of passengers.

OVER A SCORE DEAD AND INJURED EXPRESS COLLIDED WITH FREIGHT TRAIN

Failure of Operator to Turn Switch Said to Have Caused the Wreck.

Wheeling, W. Va., Sept. 28.—Eight men were killed, four fatally injured and seventeen more or less seriously hurt late to-day, when the Chicago & Wheeling express on the Baltimore and Ohio railway was wrecked below this city. A freight train was just taking a siding for the express. The latter, however, failed to pass over the switch and crashed into the freight. Until a late hour the exact number of dead and injured was not known.

The wreck is said to be the failure of an operator to throw the switch. The westbound freight had received orders to meet the passenger at the western limits of the Bellaire yards and was moving slowly along the siding. At the point where the wreck occurred, there is a very sharp curve, which prevents the engines of eastbound trains from seeing more than a few feet ahead. The passenger train swung around the curve rapidly, being three hours late, and should have gone on in safety on the main line. This switch to the siding, however, had not been turned, and the train shot into the siding and into the freight. There was scarcely time for the brakes to be applied and no time for the engine men to jump. The two big engines were reduced to junk by the impact.

The worst damage was done to the smoker, which was telescoped so completely by the baggage car that every seat was broken in the coach. Every occupant of the smoker was killed or badly injured. The passengers of the other day coaches and the two Pullmans were tumbled from their seats but not seriously injured.

Engineer Galbraith was scalded to death by escaping steam. The injured were taken to Glendale, W. Va., and Bellaire hospitals.

Great difficulty was experienced in removing the injured passengers of the wrecked smoker. The work was slow, because every movement of the debris caused some one to shriek with pain, as the victims were tangled in a mass of timbers and twisted iron.

Among the passengers on the wrecked train were the members of the Richard Carl "Spring Chicken" comic opera company, which was to have played at Wheeling this afternoon and evening. All the members of the company escaped serious injury, except Alfred Dolby, the musical director. It was found necessary to amputate his right arm, thus ending his career in his profession. He was riding in the smoker, and was found with a timber tightly binding him by the arms.

At the office of Superintendent Loree to-night it was said that they were not certain as to the blame for the accident, but a thorough investigation was under way. The property damage will amount to about \$60,000.

Engineer H. A. Lipscomb, of the passenger train, underwent probably the most heroic surgical operation in modern times. Caught beneath his engine, it was found impossible to remove the broken iron from his body on account of the way in which one of his legs was entangled. Escaping steam across his face made it impossible to administer an anesthetic, and as a result his physicians amputated his leg as he lay there unconscious. Despite the burning seam and the pain of the operation, he bore it bravely. It is feared, however, that the rest will die.

Thanksgiving services were held to-night by every member of the "Spring Chicken" company, from Richard Carl himself down to the humblest chorus member.

APPLES FOR STATES.

Toronto, Sept. 28.—According to P. W. Hodgett, secretary of the Fruit Growers' Association, there will be a considerable export of Ontario apples to the United States this year, in spite of the duty of five a barrel.

KIDNAPPING OF 'FRISCO EDITOR TAKEN FROM BAY CITY IN AN AUTOMOBILE

Habes Corpus Proceedings Resulted in His Release on Bond of Three Thousand Dollars

Santa Barbara, Cal., Sept. 28.—Fremont Older, managing editor of the San Francisco Bulletin, who has been active in the prosecution of the bribery and graft cases in San Francisco, was taken off a southbound Southern Pacific train at 8.30 o'clock this evening by a force of 20 deputy sheriffs, who served a warrant for his arrest to Judge S. E. Crow at 10 o'clock this morning on habeas corpus proceedings instituted to rescue him from the hands of a deputy constable from Los Angeles. It is alleged, virtually kidnapped him in San Francisco.

Word was received here early this morning of the reported kidnapping of Editor Older and his enforced trip to Los Angeles in custody of a deputy sheriff. Attorney Cobb, Francis J. Heney's associate, telephoned to Richards & Carter, local attorneys, and asked them to institute habeas corpus proceedings to take Older from his captors on the train. Judge Crow of the superior court, was aroused from his sleep by the news and immediately issued a writ of habeas corpus, which was served on the train. Judge Crow of the superior court, was aroused from his sleep by the news and immediately issued a writ of habeas corpus, which was served on the train. Judge Crow of the superior court, was aroused from his sleep by the news and immediately issued a writ of habeas corpus, which was served on the train.

JAPANESE IN MILLS.

Ottawa, Sept. 28.—Albert MacLaren, the big mill owner at Buckingham, near here, who has had considerable experience with Japanese in British Columbia, is of the opinion that the white residents of the western provinces are making a grave mistake in attempting to drive the Japanese and Hindus out or prevent them from landing. The James MacLaren Lumber Company, which has a mill at Vancouver, has employed many Japanese in the past two years and they have shown the best of satisfaction. "British Columbia needs Japanese to develop its wonderful resources," said Mr. MacLaren. "White men are preferable certainly, but there are not enough whites in British Columbia to keep up with the pace. We have many Japanese in our mills out there, although white employees are in the majority. The Japanese never failed to do their work. There is no danger of the Japanese preventing white men from getting employment. There is undoubtedly plenty of work in British Columbia for all hands and Canada needs Japanese."

SUPT. HUSSEY BACK FROM THE NORTH

Head of Provincial Police Expects Considerable Development on Queen Charlotte Islands

(From Monday's Daily.)

Superintendent F. S. Hussey, of the provincial police, returned from his annual tour of inspection in the north of British Columbia, yesterday, which arrived on Saturday. He reports great activity all along the coast and says that he will recommend additions to the force in a number of points in the province which are rapidly increasing in population. As the winter season, now coming on, is a comparatively quiet one for the police, he is expected that the changes will be made early next spring.

Besides visiting the provincial police stations at Prince Rupert, Port Essington and Port Simpson, Superintendent Hussey made a trip to the Queen Charlotte Islands. He visited the islands on Moresby Island and was greatly impressed with the progress that is being made. To the times this morning Mr. Hussey expressed himself as confident that these islands would attract greater attention than ever in the future as their resources were rapidly becoming known.

Navigation on the Skeena is at present at a stand-still owing to the light-draught steamers being out of commission through the recent accident. The Caledonia, which was launched the week before last after being entirely refitted, will be put on the river as the steamer Prince Rupert, which returned the river will hardly permit of passage by even the steamers drawing the light draughts which are out of commission. To the times this morning Mr. Hussey expressed himself as confident that these islands would attract greater attention than ever in the future as their resources were rapidly becoming known.

MANY TRAVEL ON WEST COAST ROUTE

Steamer Tees Brought Body of Valencia Victim—New Departure in Shipping Whale Oil

(From Monday's Daily.)

With the longest passenger list that she has carried during the present year the steamer Tees, Capt. Townsend, arrived in port on Saturday night from Cape Scott and way ports on the west coast of Vancouver Island. She had on board over 150 passengers, of whom 75 were in the steerage. Her cargo consisted of 330 barrels of whale oil, which were brought from the whaling station at Kyquoot. Over 600 barrels were lying there awaiting shipment, but as the steamer Anzur arrived while the Tees was in port taking on cargo, she left the balance of the barrels, which were transmitted overland. It is stated that although the freight charges are much heavier, the return is quicker, and the latter fact has decided the Pacific Whaling Company in its new method of dealing with the oil.

The balance of the cargo on the steamer consisted of 1,083 cases of salmon brought from Uchuckestif. All of this will be shipped to Vancouver.

On board the Tees were the remains of one of the victims in the Valencia disaster. The name of the victim was not known, and the body, which was enclosed in a wooden case, had been buried at Cl-o-osee, and is now being forwarded to an undertaker called Notice in Seattle. This is the last body which rested in the vicinity of Cl-o-osee, although there are believed to be others further down the coast.

The great number of passengers carried by the steamer Tees is accounted for by the fact that the Sutton Lumber Company's mills at Mosquito harbor are closing down, and the men employed there are coming south for the winter months. The vessel which upward bound took 22 Japanese to work at the Kyquoot whaling station, and brought 22 of the Japs away from that port. In connection with the whaler on the west coast of the island, it has been determined to keep them working until the end of November, unless the weather becomes very bad. At the end of that time one of the whalers will be brought round to Page's lagoon, and it will hunt from there during the remainder of the winter.

Among the passengers who made the trip on the Tees were S. McB. Smith, who made the round trip from Alberni, engaged in the business of his department; P. Durge, managing director of the Vancouver Island Copper Company, who was on a visit to the mine of that company; Sidney Inlet; a number of sportsmen who had been engaged in hunting the elk, four of which were captured by Messrs. Carlisle and O'Brien. One party which was engaged in timber cruising reported

HUNDRED CHINESE PERISHED IN FIRE

Conflagration at Wuchow Caused Property Loss Estimated at One Million Dollars

Hongkong, Sept. 27.—About one hundred lives were lost in the fire at Wuchow, while property valued at a quarter of a million dollars was destroyed. The fire was put out after the kerosene depot had exploded.

Looting is now going on in Wuchow, but all the foreigners there are safe. Incendiaries are believed to have started the fire.

COSSACKS CHASED ENGINEER.

Bibbe, Ariz., Sept. 28.—Pawnee Bill's private car was overturned and two other cars badly smashed in a rear-end collision between a freight train and the Pawnee Bill show train, on the El Paso & Southwestern railroad, near here to-day. One woman was probably fatally hurt and several others less severely injured. In the excitement following the accident the Cossacks, connected with the show, chased the engineer of the show train a mile up the track.

RICH ORE AT COBALT.

Cobalt, Sept. 28.—On Thursday afternoon a rich strike was made on the S. C. Cobalt mine in Buckle township, adjoining the Chambers-Perland property. The strike is a vein of Argentine, ten inches wide, which will run about 2,500 ounces of silver to the ton. The find is 20 feet from the main shaft in a drift on the first level at a depth of 50

FINAL DAY OF THE RACE MEET

Exciting Contests in Several Events

Winners of the Prizes on the Last Day of the Victoria Fair.

(From Monday's Daily.)

Saturday's racing at the exhibition proved most attractive, five out of six events being good ones. The exception was the first race, free-for-all trot, in which three of the starters were flagged. In the five furlongs dash Betsy was ridden close to record time by Kersten, doing the distance in 1:03, although carrying 124 pounds. Maxtrass added another success to the week's performance, by capturing the mile in rattling style after running second most of the way.

The first race, free-for-all trot or pace, was well-entertained, but was won in three straight heats by Lady S. in a comparatively easy fashion. Tom Keene was fancied by a large element, but proved a decided disappointment, being distanced in each heat. Dan Dee fought each heat with Lady S. for the greater part of the way, but the mare was never short on the home stretch and pulled away from him. In the last heat Dell Bar hung close behind Dan Dee and the winner all the way round and sneaked into second place with Nelly B. third and Dan Dee fourth. Tom Keene was distanced each time although allowed to start in the second heat after being flagged in the first. Driver McMillan was substituted, but failed to make the horse run with the others.

Fancy Free won the second event, the pony race, from Topsy, after laying back for half-a-mile. Four of the entries were scratched and Bessie Trimble was left at the post. Topsy led from the start, but Fancy Free came up at the last turn and ran home an easy winner.

Port Wayne, which has been the most disappointing horse at the meet, was left at the post for the fourth time in the Tourist selling purse. Four of the entries were scratched. The race was an excellent one. Calls went away at the start with Betsy close up and Mabel Hollander third. For over half-a-mile the horses hung together in this order and on the home stretch Betsy made the running too hot for Calls and won by half-a-length. Mabel Hollander was third.

The fourth race, one mile, was the race of the day. From a very good start Katie Bell led with Silver Wedding second and the other Fitzgerald entries, Lady Mirthful, third. The horses ran in this order until the turn on to the home stretch, when Maxtrass, ridden in great style by Pendergast, made a great run and won by two lengths. Katie Bell was second and Silver Wedding third.

Legal Form won the fifth race, for the Tolmie purse, by a head from May Holiday, after leading all the way. May Holiday came with a great rush on the home stretch and beat Hobson's Choice by a nose. Ethel Barrymore was left at the post.

A poor start was made in the last event, the consolation race for non-winners. Laura E. got off badly and was out of the running. Rosemary D. went ahead almost from the start and won by a length from Tejon, with Dangerous Girl third.

Following is a summary of the results:

Free-for-all trot or pace, one mile, three heats. Purse \$500, one mile, three heats.

H. Matheson's Lady S. (Glen-Cross) 1 1 1
J. A. Sasso's Dan Dee 2 2 3
C. H. Authier's Dell Bar (Rippling) 3 2 2
F. H. Brooks' Nelly B. (Brooks) 4 4 4
A. Thomson's Ora Wilkes 5 5 5
E. Johnston's Tom Keene 6 6 6
C. R. Richards' Yukon (Rico) Distanced
V. P. Hart's Kitty Distanced
(Davis) Distanced
Time, 2:20, 2:26, 2:21 1/2.

Second Race.

Ponies under 14 1/2 hands, purse \$150, five furlongs.

Finch, Horse and Jockey. Betting.

1. Fancy Free, 124 (Williams) 2-1
2. Topsy, 119 (Willis) 3-2
3. Mabel Hollander, 114 (Goodchild) 4-1
4. Show Me, 119 (Bill Minter) 5-1
5. Bessie Trimble, 119 (Jackson) 4-1
6. Tejon, Nattie Bumpo, Roma, Aguilardo scratched.

Third Race.

Tourist purse (selling), \$150. Five furlongs.

Finch, Horse and Jockey. Betting.

1. Betsy, 124 (Kersten) 2-1
2. Calls, 102 (Young) 3-2
3. Silver Wedding, 124 (Kersten) 3-2
4. Youth, 107 (Willis) 5-1
5. Dr. Scharrf, 125 (Patterson) 3-2
6. Port Wayne, 126 (Pendergast) 3-1
Kaintuk, Rosemary D., Dangerous Girl, Miss Provo scratched.

Fourth Race.

Finch, Horse and Jockey. Betting.

President's purse, one mile, \$125.

1. Maxtrass, 124 (Pendergast) 2-1
2. Katie Bell, 119 (Williams) 3-1
3. Silver Wedding, 124 (Kersten) 3-2
4. Lady Mirthful, 119 (Taylor) 1-3
5. El Chehuahua, 119 (Goodchild) 5-1
6. Frank Rose, 89 (Young) 5-2
Legal Form scratched. Lady Mirthful and Silver Wedding were coupled in betting.

Fifth Race.

Tolmie purse, \$100, half-mile, for horses not running first or second at the meeting.

Finch, Horse and Jockey. Betting.

1. Legal Form, 119 (Willis) 2-1
2. May Holiday, 119 (Kersten) 2-1
3. Hobson's Choice, 119 (Williams) 3-1
4. Gerollette, 119 (Pendergast) 2-1
5. David Boland, 119 (Young) 5-1
6. Ethel Barrymore, 119 (Goodchild) 5-1
Laura E. scratched.

Officials Summons.

Must Appear Before Judge in Connection With Indictments Against Harriman Corporations.

San Francisco, Sept. 28.—Judge De Haven, of the United States District court, has issued an order for the summoning of officials of the Southern Pacific & Pacific Mail Steamship Company on indictments returned yesterday, charging the two Harriman corporations with granting reductions in rates on shipments from Japan, without filing the three days' notice required under the law to be filed with the interstate commerce commission.

Remember!

It has recently been asserted on the best of authority that "newspaper advertising nets the largest return in actual cash profit" of all advertising of every class whatsoever. If it is a fact well worth keeping in mind, that money is often lost by inexperienced advertisers is a truth no one questions, but inexperience in any form of human endeavor is invariably costly. We have an advertising man who will be more than pleased to start you right and keep you right. His service is not only cheerfully given, but is also free of all cost to you. Our rate, a most reasonable one, service considered, is the only charge. "Phone NOW."

VICTORIA AND DISTRICT REALTY CO.

METROPOLITAN BLOCK, OPP. POST OFFICE.

FOR SALE.

20 ACRES OF LAND—20 cleared, balance fine land, GOOD EVERLASTING STREAM OF WATER, fruits and vegetables in abundance, 6 roomed good house, barn, stable, pig sty, chicken house, wagon, and other outbuildings, in first-class order and repair; choice, 75 pigs, 200 chickens, 11 cows. Price \$2,250.

S. A. BAIRD.

REAL ESTATE AND FINANCIAL AGENT. NEW ADDRESS, 20 DOUGLAS ST.

COLVILLE ROAD—5 roomed cottage, with 2 lots, 20 fruit trees, one block from car line. \$2,100. Phone 2121.

SITUATIONS WANTED—MALE.

Advertisements under this head are set a word each insertion.

BOOKKEEPER, experienced office clerk, competent to take charge, desires engagement; highest references and testimonials. Address C. J. P., care of P. O. Box 25, Victoria, B. C.

CONTRACTORS—We can furnish you with laborers, or any kind of men, at short notice; Poles, Slaves, Huns, Italians, Lithuanians, etc. Boston Ship Rigging Co., 11 Norfolk Street, New York City.

WATER REPAIRING.

A. PETCH, 9 Douglas Street. Specialty in English water repairing. All kinds of clocks and watches repaired.

A Serious Question.

A persistent bad cold will run into consumption unless it is relieved in time. So it is with the little daily wants of the people; if they grow serious if not promptly filled. You can afford, for instance, to have that house tenanted for a little while, but when it continues tenanted month after month it becomes a serious matter. The timely "want" ad ends the trouble.

LEE & FRASER,

REAL ESTATE AGENTS, 11 TROUBLE AVE., VICTORIA, B. C. LARGE LOT, DOUGLAS GARDENS—46 ft. by 138 ft. Price \$2,500.

CADBORO BAY ROAD—8 roomed dwelling and one acre of land, about 10 fruit trees; on terms. Price \$5,000.

BOLESLKINE ROAD—Half an acre and 6 roomed house, \$2,500.

RECORD CROWDS WITNESS RACES INTERESTING EVENTS AT FALL FAIR MEET

Betsy in the Visitors' Purse Establishes Half Mile Record For N. W. P. Circuit.

If the measure of success which attends an undertaking can be gauged by the number of people present, the sport provided, and the enthusiasm evinced, yesterday's race meet, held in connection with the great provincial exhibition, must be pronounced an excellent, a record breaking achievement. Fully 6,000 people witnessed the racing and the action of the officials in pulling off the different events with such promptitude cannot be too highly commended.

Thurston, reeled off the distance in 50.4-5, winning in a canter by two lengths from Youth with Ed Davis, third, two lengths away. In this race the start was a fiasco. Two of the animals had their tails to the barrier when the gate went up, two others were badly mixed together, and only three of the nags got away with anything like a winning chance. In four furling races, the shortest there are, too much care cannot be exercised with the start, as if a horse does not get away with its full chance of having anything to say to the finish are infinitesimal.

lop round the track was not exciting although picturesque and when the red-boned nags passed the post it was difficult to tell which of the rally ribboned riders had annexed the spoils. The Kiootichman were quite unconcerned with the jeering remarks of the spectators, and strode down the course after the all right signal had been given, with an unconcern which Tod Sloan, in his palmyest moments, would have envied.

DECISION REACHED BY THE DENTISTS

British Columbia Association Will Not Affiliate With the Dominion Dental Council

At the final session of the annual meeting held by the British Columbia Dental Association last night it was decided that the association would not affiliate with the Dominion Dental Council at present owing to certain clauses in the affiliation which were found objectionable. The association generally acknowledged that affiliation was a matter of time, however, and the number of delegates in favor of it was considerably in excess of that at the last meeting when it was discussed. As reported in the Times yesterday, the morning session was occupied by the presentation of the case for the Dominion Dental Council, Dr. C. H. Abbott, of London, Ont., and Hon. Stanley McInnis, president and vice-president, respectively, of the council, setting forth the advantages which would accrue from affiliation. In the evening a vote was taken upon the question, and a majority expressed themselves as opposed to the change.

hearty support of every sportsman in the United States and the world. "The America cup is without a peer as a trophy for outdoor sport, because it has always stood as the prize of the swiftest yacht in the world of the large type and because it has been successfully defended against attacks of the ablest designers and yachtsmen of the best yachting nation of Europe. Sir Thomas has sporting blood that is as good as his advisors are bad. Sir Thomas wants a fair race on the best terms possible. Others want to get hold of the cup by hook or crook. They have waged a long war of words and succeeded in throwing so much dust into American eyes that a rule was adopted to discourage the building of swift boats. They have not yet succeeded in making the America cup the trophy of a class of houseboats."

following described lands Coast District: 5. Commencing at a post planted on the north shore of Francois Lake, about 5 miles in a westerly direction from the outlet of the Steiako River from Francois Lake, thence 40 chains north, thence 40 chains north to point of commencement. ROBERT SPARROW.

Staked July 24th, 1907. G. O. BUCHANAN.

London, Oct. 3.—Young Englishman was at the Grand Trunk has been notified the death of an uncle in fallen heir to about \$40,000. Steamship Injunir

Do You Think For yourself?

Dr. Do You Open Your Mouth Like a Young Bird and Gulp Down Whatever Food or Medicine May be Offered You?

If you are an intelligent, thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true, honest medicine of KNOWN COMPOSITION, sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible indorsement of the leading and standard authorities of the several schools of medical practice, are not afraid to print, as they do, the list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts. It contains no alcohol, so injurious to delicate women even in small quantities when long continued. Neither does it contain any narcotics, or other harmful or habit-forming drugs and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famous medicine is advised by its manufacturers.

No other medicine for woman's ills has any such unqualified endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of every one of the several ingredients by leading medical men of all the schools of practice. It is such an endorsement not worthy of your consideration. It is certainly a guarantee that it is the best medicine for woman's ills that has ever been known.

MONTHS OF AGONY.

A Severe Case of Rheumatism Cured by Dr. Williams' Pink Pills. "For many weary months I suffered under untold agony. I could not walk, I could scarcely raise myself to a sitting posture. It was under medical care, but in vain. Finally I tried Dr. Williams' Pink Pills. It restored me to my former healthy condition."

GRAND DUKE DYING.

Constance Grand Duchy of Baden, Sept. 28.—Grand Duke Frederick, who has been suffering from intestinal inflammation for a week or more, is rapidly growing worse and is hardly expected to survive the night. All the members of his family together with the president of the ministry and the other members of the grand cabinet, have gathered at the Chateau and are awaiting the end.

PEACE CONFERENCE.

Washington, Sept. 28.—Minister Correa, of Nicaragua, and Minister Mejia, of Salvador, called at the state department to-day and discussed with Acting Secretary Bacon the approaching conference to arrange a permanent peace treaty.

CRUISE OF BATTLESHIPS.

Washington, Sept. 28.—On leaving the White House to-day, Secretary of the Navy Mead said that he had distributed a copy of a report on the question of the proposition of coal for the Atlantic fleet on its cruise to the Pacific coast. The secretary also discussed the question of the award of the contract for building the submarine boats authorized by law. A decision as to whether the government can ship coal in foreign bottoms, the secretary said would be arrived at this week.

TRIAL OF MINISTER.

Lincoln, Neb., Sept. 28.—The church trial of Rev. Wilber P. Ferguson, of the Methodist church of University Place, was resumed this afternoon, with Mrs. B. C. Cross the accusing witness on the stand. Her testimony was similar to that given during the preliminary investigation, alleging that she was guilty of misconduct with the minister, who was her boarder. Mrs. Cross said she had assured her that love was greater than law.

WANNIPEG NOTES.

Dr. Gunn Appointed Medical Superintendent of Hospital—New Luxton Memorial School. Winnipeg, Sept. 28.—Dr. John Gunn, the well known city doctor, will be appointed medical superintendent of the general hospital, succeeding Dr. Campbell, resigning.
