

MEIGHEN HAS LIVELY CLASH WITH CRERAR

Farmer Leader Claims Gov't Making Religious Appeal in York-Sunbury.

PREMIER DENIES CABINET OFFER

No Approaches to the "Catholic Minister of Public Works in New Brunswick."

Ottawa, May 17.—Hon. T. A. Crerar, leader of the Progressives, today made his awaited speech on the budget. For the last couple of parliamentary days, the debate has dragged along with all the monotony of the three-old time and, on occasion, without even a quorum. Mr. Crerar's contribution aroused attention and filled the House. In his speech on Friday the Prime Minister made some biting comments on the party "angularly opposite" in reference to the geographical position which Progressives occupy in the House. Today, Mr. Crerar, returning by referring to Mr. Meighen's speech as "an exhibition of cheap political vaudeville occupying two and a half hours."

Some Sharp Passages
Mr. Crerar's criticisms led him into some sharp passages at arms. As he was attacking the "alchemy" of mergers under protection, Hon. C. C. Balfour, Minister of Marine, sharply interposed the query whether Mr. Crerar was still in favor of increasing the British preference to fifty per cent and, after five years, to free trade. "I have no hesitation in saying," Mr. Crerar warmly replied, "that we are still in favor of increasing the British preference to fifty per cent."

Clashed With Premier
Again, while referring to the York-Sunbury election, Mr. Crerar broke lances with the Prime Minister. He first claimed that the Government candidate was appealing to religious prejudices. "Are you going to vote for the man Catholics are voting for?" Mr. Crerar quoted the candidate as saying. Mr. Meighen demanded quotations. Mr. Crerar retorted that the Prime Minister could secure a score of witnesses. He then accused the Prime Minister of his agents with having approached the "Catholic Minister of Public Works in New Brunswick with a view to his coming into the cabinet."

"That is absolutely false as far as I am concerned," Mr. Crerar retorted, "I am not concerned with anyone's religious faith, but as far as anyone is concerned with my authority." He added that the Government candidate categorically denied having made any such appeal to prejudices.
Mr. Crerar claimed that the Government had produced a surplus by charging to capital what should have been charged to revenue. The Finance Minister had promised to reduce the debt but had increased it; and Mr. Crerar urged that a conference of provincial premiers be called to discuss the coordination of financial policies.

Economy for Five Years

Mr. Crerar also suggested that the Government should consider a policy of rigid economy for five years that expenditures of a local nature be discontinued for the time being, the municipalities and provinces to perform such work along these lines as they considered necessary.

STEEL WORKERS DEMAND PROBE

Dominion House of Commons Will be Asked to Investigate Steel Situation.

Sydney, N. S., May 17.—As a result of the proposal of the Dominion Iron and Steel Company to make a ten per cent wage cut as a means of obtaining rail contracts, the Sydney steel workers will ask for a federal investigation into the steel industry of Canada, similar to that which is now being conducted in the coal industry. The formal request for an inquiry will be made by a committee of the Dominion House of Commons, it is learned here tonight.

Decision to accept or reject the proposed wage cut will be finally reached at a mass meeting of the metal workers to be held here Wednesday night.

Lloyd George Silent About De Valera

London, May 17.—When Mr. Lloyd George was invited to say something concerning the Dublin Freeman's Journal, Monday to the effect that he had offered to meet Eamonn De Valera or other Irish leaders without conditions, the following statement was issued from No. 10 Downing street, the official residence of the Prime Minister: "Mr. Lloyd George has made no statement on the subject of Mr. De Valera beyond what he already has stated in the House of Commons."

Year in Prison For Aiding Coward

Mother of Millionaire Draft Evader Bergdoll Goes to the Penitentiary.

Philadelphia, May 17.—Mrs. Emma C. Bergdoll was today sentenced in the Federal District Court to one year and one day in the Atlanta penitentiary for conspiracy to aid her sons, Grover C. Bergdoll and Irwin R. Bergdoll, to desert the United States army, and was fined a total of \$7,000. Judge Dickinson, in imposing sentence, announced the prison sentence would be remitted if the \$12,500 paid within the present term of court ended, the second Monday in June.

ALL COAL MINE WORKERS UNITE IN WAGE FIGHT

Half Million Hard and Soft Pitmen Join to Present Solid Front.

WAGE SCHEDULE IS THE TROUBLE

Big Conference to Decide New Rates Will be Held Next September.

New York, May 17.—The anthracite mine workers will join forces with the bituminous miners in formulating policies which govern the negotiations of new wage agreements with the coal operators, to take the place of the present contracts which expire March 31, 1922.

This action, which will consolidate the ranks of the 600,000 miners of the United States so that they will present a solid front to the coal operators, was decided upon today at a conference between international officers of the United Mine Workers of America and the presidents and international board members of the three union districts comprising the anthracite coal regions.

Emergency Wage Proposal
The conference decided that the anthracite tri-district convention which is usually held in August for the purpose of drawing up the new wage demands, should be postponed until after the international convention of the United Mine Workers, which convenes at Indianapolis September 20. At this international gathering the bituminous workers frame their wage proposals.

SHIP COLLISION OFF CAPE SABLE

Freighter "Holby" Hits Unidentified Vessel Thought to be "Lady of Gaspe."

Halifax, N. S., May 17.—The British steamer Holby collided with an unidentified steamer in a dense fog off Cape Sable Island shortly before midnight, according to a radio message picked up by a wireless station at Glasgow Head, Guysboro County, N. S., at one o'clock this morning. A second message stated that both vessels were proceeding. The Holby gave her position as latitude 45.34 north, longitude 68.56 west. The steamer which collided with the Holby is supposed to be the Lady of Gaspe which sailed from Halifax today for St. Johns Nfld. The Holby, a vessel of 2,262 tons, was enroute from Pireaus via Algiers to Louisbourg, Cape Breton.

College Graduates' Duty to Dominion

Those Not So Fortunate Have a Claim Upon Them Says Mgr. Foley.

Antigonish, N. S., May 17.—Bloquent setting forth the duties of the college man toward his fellow who had not enjoyed the same opportunities and advantages. Right Rev. Monsignor Foley, rector of St. Mary's Cathedral, Halifax, today addressed the largest graduating class in the history of St. Francis Xavier University at the annual commencement exercises of that institution here. Twenty-seven young Nova Scotians received the degree of Bachelor of Arts.

VETERANS WILL PROTEST

Toronto, May 17.—Following a special meeting of the Dominion officials of the G. A. U. V. at headquarters here tonight, a telegram was sent to Premier the Hon. Arthur Meighen, stating that the unemployment situation had reached such serious proportions throughout Canada that it warranted "consolidation of the routine business of the Dominion House until a remedy was provided for."

BIG BLIZZARD BRINGS DEATH TO SIX SAILORS

Eight Inches of Snow Upon Lake Superior Results in Marine Tragedy.

BODY SIGHTED ON CABIN ROOF

Lost Barge Was in Tow of "Myron" That Figured a Year Ago in Disaster.

Sault Ste. Marie, May 17.—Six men, members of the crew of the barge Miztec, are believed to have lost their lives when the Miztec, with a smaller craft, the barge Peshtigo, broke loose from the steamer Zillah, of the O. W. Blodgett Line, off Whitefish Point, Lake Superior. The barges broke loose during a terrific snow and wind storm. The Miztec is believed to have been broken up. The Zillah was six miles above Whitefish Point when the barges broke away, the steamer getting in the lee of Whitefish Point.

Body on Wreckage
Officers of the steamer Renown, report seeing the body of a man on the roof of a floating cabin, believed to be from the Miztec. As the Renown was approaching the wreckage, the body was washed into the water and sank. No other bodies were sighted.

The Miztec carried a cargo of salt and was bound for Superior. The barge Peshtigo was going up light and was to have been dropped at Munising. The Miztec was in tow of the steamer Myron when that vessel sank off Crisp Point, November 22, 1919, with a loss of 18 men. The storm came with little warning and shipping lights were extinguished. The wind blew and the waves were high. All other craft on the lakes is believed to have weathered the storm safely.

GIOLITTE HAS THE MAJORITY

Ministry of Italy is Apparently Sustained by Appeal to the People

Rome, May 17.—The National Coalition Party, supporters of the ministry of Signor Giolitte, have elected 366 members in the new parliament according to the latest compilation on returns from the elections held throughout Italy on Sunday. The latest figures also show that Giolitte has elected 134 members, the Catholics 110, the Republicans ten, the followers of former Premier Nitti 15, the Slars 6 and the Germans 4.

Arthur Ecrement Is Not Guilty

Former M. P. is Acquitted on Charge of Misappropriating Funds Loaned.

Montreal, May 17.—Arthur Ecrement, ex-member of parliament for Berthier was today acquitted by Judge Barrin on a charge of misappropriating \$2,250 loaned him in his capacity of lawyer by Captain Oliver Pate. Arthur Ecrement's name was brought into prominence at the time of the theft of \$5,000 bonds in Wall Street, but he proved to the New York police he was not concerned. Ecrement was also acquitted in the Montreal courts on a charge of conspiracy connected with the fleeing of Michael Connelly, a local contractor, out of \$125,000 by a fake horse race gambling scheme operated in Buffalo.

Court House at Halifax Robbed

Halifax, N. S., May 17.—Twenty-eight dollars and some cents is missing from the cash drawer of the county treasurer in the court house here as the result of a theft which is thought to have occurred at an early hour this morning. A "blow" window near the judge's entrance, and a broken desk lock told the tale to the detectives who are investigating.

PRESIDENT TO SEND TROOPS TO VIRGINIA

Washington, May 17.—The situation along the Kentucky-West Virginia border was talked over by President Harding and his cabinet today, and it was indicated that the decision was affirmed to send Federal troops into the region only as a last resort. It was indicated that the governors of the two states would be advised that the army would be employed on police work only where states failed to maintain order.

DOCTOR ADMITS PARTIAL BELIEF IN FAITH CURE

Cancer, However, Not One of the Diseases That Can be Healed That Way.

HON. DR. ROBERTS AT TORONTO MEETING

Health Convention Discusses Advisability of Public Officials on Municipal Branches

Toronto, May 17.—In connection with the National Public Health Convention being held in this city, the National Council for Combating Venereal Diseases, which is presided over by the chairmanship of provincial councils of the organization being occupied by government officials, and also deprecating municipal health officers being chairmen of municipal branches.

A resolution to this effect was proposed by Justice W. R. Riddell, the chairman, but it was withdrawn upon the advice of Hon. Dr. Roberts, of New Brunswick, who said that while the discussion would have a good effect, the passing of the resolution would be a disservice to the cause.

Admits Faith Cure
The association discussed the question of a cure for cancer. Dr. Adam Wright, Toronto, said he believed in the faith cure in many cases, but not for advanced cancer. In his opinion the knife was the only way to cure in the early stages of the disease.

Speaking before the hygiene section of the Ontario Health Officers' Association, Dr. C. K. Clarke, Toronto, said one way to deal with the problem of mental defectives was to go into the schools and make an examination and classification of all the children and treat those who required it. Greater care should be taken with immigrants at the port of entry, he said.

Dr. J. D. Page, of the Federal Health Department, said that thousands of mentally defective ex-imprial soldiers were coming to this country.

Rome, May 17.—According to figures published by the newspaper Il Paese, forty persons were killed in the street fighting which broke out on election day, last Sunday.

British Colonel Boxed Rebel Ears

Then He Took Rifles from Fifteen Poles and Drove to Headquarters.

Beuthen, Silesia, May 17.—Colonel Cockrell, British control officer, lectured, disarmed and sent home fifteen Polish insurgents who halted him at three o'clock in the morning and attempted to examine his papers and give him money. The Colonel jumped out of his automobile and shouted:

"What are you boys doing out at this time with guns? Give me your names." The insurgents who were mostly youngsters were non-plussed. The leader finally handed over his rifle and the colonel boxed their ears. He then made the others give up their guns and advised them all to go home. Loading their fifteen rifles into the machine, he proceeded to British headquarters. The Colonel's chauffeur, a Prussian soldier, said afterwards: "I have been through four years of the war, but that was the nerveiest thing I ever saw."

GERMANS HAVE FIRST PAYMENT READY IN GOLD

Bluff Game at End and Cash is Being Paid the Allies.

ALL READY WITHIN THE TIME LIMIT

One Hundred and Fifty Million Gold Marks Available at Present.

Berlin, May 17.—A semi-official note issued today announces that in compliance with the terms of the Allied ultimatum calling upon Germany to pay 1,000,000,000 gold marks to the Allies in reparations within a period of twenty-five days, the German Government has offered the reparations commission the first payment, on this amount to be made at once, amounting to 150,000,000 gold marks in the shape of foreign currency. Payment, it is stated, will be made at a place to be designated by the reparations commission, and the balance of the sum due will be paid within the period prescribed.

Pay This Week
Paris, May 17.—The Temps says it is probable Germany will remit this week 150,000,000 gold marks in specie on account of the one billion gold marks due May 31 at the latest, failure to pay the latter sum entailing automatic occupation of the Ruhr.

The newspaper adds that a sitting this afternoon of the reparations commission, on which Sir John Bradbury, the British representative, has resumed his seat, questions relating to distribution of the remittance among the Allies were discussed.

A London despatch of May 13 said that Sir John Bradbury, in a personal statement issued on that date, admitted he had desired to resign as British representative on the reparations commission, but that his government had pressed him to remain, which he considered it a public duty to do.

Bomb Outrage in Belfast Now

Shipyards Workers Hold Belfast Hall to Stop Sinn Fein Meeting.

Belfast, May 17.—For the first time a bombing attack on Crown forces, so familiar in Dublin, occurred in Belfast tonight in the Falls district. The bombs were successfully directed and the police fired on the attacking party who fled. It is believed several were hit.

Held Ulster Hall
A huge crowd of workers from the shipyards, headed by a band and the Union Jack, seized Ulster Hall tonight and filled every seat, in anticipation of an attempt by the Sinn Feiners to hold a meeting there. Three Socialist agitators had already arrived, but not the state affairs, slipped quietly away, and the Loyalists held a counter-meeting. Large forces of police and armored cars were present, but everything was good-humored and orderly.

Permission to use the Hall by the Sinn Feiners for an election meeting tonight had been refused by the Belfast Corporation earlier in the day.

Soldiers Are Ambushed
Dublin, May 17.—A motor load of soldiers was ambushed this morning near Inchicore, one soldier being killed and one wounded. The soldiers returned the fire, but the results are not known.

While soldiers were playing a football match in Bandon, County Cork, yesterday, armed civilians began firing with a machine gun. Several of the spectators were wounded. A military patrol engaged the attacking force and covered the retreat of the football players to the barracks, where a fight that lasted half an hour ensued. It resulted in one soldier being killed and three of the attacking party wounded.

ALLEGES SENATE IS NEGLECTED

Members Claim Commons Overlooks Their Suggestions Concerning New Laws

Ottawa, Ont., May 17.—Refusal of the House of Commons to accept Senate amendments to the Judges' Act prohibiting judges from acting as commissioners or in other extra-judicial capacities, drew forth strong criticism of the lower house in the Senate tonight. The amendments were attached to a government bill passed by the Commons respecting the salary of the chief justice, and the grants upon which they were rejected was that they had no relation to the bill itself.

Complaints of Neglect
Senator W. B. Ross complained that the Senate was not being fairly treated by the Commons. Bills were sent there and were never heard of again. In his opinion the minister of justice had assigned no real reason for rejection, and he favored adherence to their position.

Sir James Lougheed moved the adjournment of the debate until tomorrow, promising that in the meantime he would draw the attention of the minister of justice to the objections which had been voiced.

Capture Opium in Chinese Curio Store

Halifax, N. S., May 17.—Two small pots half filled with opium, a number of pipes and opium lamps were confiscated by police officers who raided a small Chinese curio shop, 25 Sackville Street here this afternoon. Five occupants of the premises were arrested and taken to the police station, which was almost immediately besieged by Chinese Haligonians anxious to furnish their for their countrymen. Four of them were finally released on \$500 bail each and the fifth on \$200.

AMERICA WILL REDUCE WAGES ON ALL LINES

Railway Board, Now in Session, Announces Cut Must be Made at Once.

EXTENT OF SLASH NOT KNOWN YET

Labor Was Not Expecting Such a Decision and is Caught Unprepared.

Chicago, May 17.—The United States Railroad Board announced late today that it had decided that "prevailing conditions justify, to an extent yet to be determined, a readjustment downward of the wages of the employees of the carriers, which are parties to the dispute already heard by the board."

The announcement which affects labor on practically every road in the United States was entirely unexpected, as the board only began formal consideration of the case yesterday.

An Early Decision
The board declared it would hand down its final decision in all wage disputes docketed prior to April 15 on June 1, to be effective on July 1.

Disputes filed since April 15 will be heard on June 6, "it being the purpose of the board to make its decision of the disputes heard June 6 effective on July 1."

The railroads completed their evasive May 7, and yesterday B. A. Jewell, president of the Railway Employees' Department of the American Federation of Labor, filed the union's final statement.

Men Refuse Cut
Buffalo, May 17.—Efforts of New York Central Railroad officials to reduce the company's employees to accept wage reductions, met with failure again today. General Chairman and General Secretaries of the Conductors', Trainmen and Switchmen's organizations for lines east and west of Buffalo rejected wage decreases proposed by the railroad and also a proposal to join the railroad in bringing the salary adjustment question before the Federal Railway Labor Board.

Spoke Four Hours On Road Policy

Nova Scotian Moves Censure of Provincial Government for Highway Scheme.

Halifax, May 17.—Speaking to his resolution censuring the provincial government for its administration of federal aid highways, an anti-Socialist, Yarmouth, spoke for four hours in the Provincial House of Assembly this afternoon and evening reviewing exhaustively the work of the highways department and the recent investigation by a Royal Commission into the affairs of that department and the highways board.

To Limit Practice
Debate was adjourned at nine o'clock and the House went into committee of the whole to discuss a bill which would limit the practice of osteopathy, chiropractic and Christian Science in the province. The bill provides that these branches of the healing art shall not be practiced in Nova Scotia except by persons who are registered as medical practitioners.

Chief Justice of U. S. Dying

Washington, May 17.—Chief Justice White of the Supreme Court of the United States is not expected to live through the night, his physician said late this evening. "His pulse is weak and his heart is bad," Dr. Frances R. Hagner said after a visit to the bedside at Garfield Hospital. He probably will not survive the night. The Chief Justice submitted to an operation for bladder trouble last Friday and had improved steadily until late today, when he suffered a relapse.

ST. FRANCIS XAVIER
Antigonish, N. S., May 17.—The largest
graduation class in the history of
the university was graduated from St.
Francis Xavier's yesterday, when the
degree of Bachelor of Arts was con-
ferred on twenty-eight students. Four
of the graduates were young lady stu-
dents of Mount St. Bernard Convent,
who received their degrees at a separate
convocation held in the Immacu-
late Hall of the convent last evening.

St. Francis Xavier conferred the
honorary degree of LL.D. on A. G.
MacDonald, Inspector of schools, An-
tigonish, and the honorary degree of
M.A. on Alphonus Landry, professor
in the Normal College in Truro, N.
S. MacDonald, of Bathurst, and Miss Nel-
lie Landrang, of Moncton, were New
Brunswick students to receive de-
grees.

Two Meetings.
Arrangements are being made for
Right Hon. Mr. Meighen to address
two public meetings in connection
with the by-election campaign in York-
Sunbury, while here. At 3 p. m. he
will address a women's meeting at
the Opera House and a big rally in
the evening at 8 o'clock will be held
at the same place.

Hon. Hugh Guthrie, minister of
the militia, is expected to accompany the
prime minister on his visit to Frederic-
ton.

THINK HIM A SUICIDE.
Dartmouth, N. S., May 15.—Reuben
Hitz, of this town, is believed to have
committed suicide today. He had been
out of work for a week, but started
out this morning to begin a new job,
leaving a note addressed to his wife
as follows:—
"I am no use to anyone. You will
find me in Allison's Pond. A search

Plan Big Welcome For The Premier

Civic Reception to be Tendered Hon. Mr. Meighen at Fredericton.

Fredericton, N. B., May 17.—A civic reception will be tendered Right Hon. Arthur Meighen, prime minister of Canada, when he visits Fredericton on Monday, May 23rd.

Arrangements for the reception are nearing completion and are in the hands of Mayor Reid and members of the city council who will take the opportunity of Right Hon. Mr. Meighen's first visit to this city since his elevation to the position of prime minister to tender him an official welcome to the capital city of New Brunswick.

The civic reception will be entirely non-political in character. An official civic delegation will meet the prime minister with a band upon arrival and escort him to the city hall, where he will be presented with an address.

BISHOP SCORES THE GET-RICH QUICK SPIRIT

Children Join the Church at Too Young An Age Too.

BISHOP WORRELL'S SYNOD ADDRESS

Lack of Home Teaching Adds to Difficulties of the Age He Says.

Halifax, N. S., May 17.—That the get-rich-quick spirit, permeating the aspirations of the young people of today is but one manifestation of the general slackness of moral principle that is gripping humanity and destroying its vitality, was one of the statements made by Archbishop Clare Worrell in his charge to the Anglican Synod opening here this afternoon. The address, which seemed to be all that counted, he declared, remarking further: "The unpaid motives which carry people away from unpar-churches to summer resorts which are too often regarded as escapes from religious discipline are safety valves for the pent up forces of religious indifference."

Home Teaching.
Another point which the Archbishop strongly emphasized was the necessity of supporting home institutions. It was remarkable the number of boys and girls who were sent to Ontario to schools that were not a bit better than Nova Scotia institutions.

In regard to church union, the Archbishop said that he hoped to see the day of its realization, but that those who saw in church union the elimination of all special characteristics might as well conceive of speaking without the use of any particular language.

The Archbishop then spoke of King's College and all that it meant to the life of the diocese, and urged that every member should consider it his or her duty to give it all possible support.

"I appeal to the churches of Nova Scotia, to rally to its support, and by their generous gifts to place it in a position which will enable it to carry on the great work which belongs to it."

New Forces Out.
New forces of good-will and evil are abroad, he went on to say, and the greatest enemy of the forces of good is the spirit of suspicion.

If we could get rid of the suspicion of one by another, said the Archbishop, I am sure the road of King's

College could be carried on in the fairest manner possible without the enactment of canons and acts of parliament.

Among other important matters discussed by the Archbishop was that of communion in which he gave interesting figures to show that of almost thousand confirmations in his diocese during the past sixteen years, approximately five thousand had been apparently lost from the list of regular communicants.

This he laid to children joining the church too young, and remarked, "I would rather have a class of two or three earnest candidates than half a hundred thoughtless youngsters who are more concerned for the look of their dresses than for the privileges of the kingdom."

The Archbishop also touched upon the importance of the boy scouts' organization, social service, the need for instituting men's Bible classes and other important church work. He paid special tributes to the work of the Women's Auxiliary, and also to Canon Simpson, whose service had been most faithful. He also touched in an interesting manner upon the history of the Lambeth conference and its bearing on the church today, as well as giving an outline of the work of the diocese during the past year. He concluded with a blessing upon both members of the synod and their work during the year to come.

In the course of a vigorous declaration on the question of mixed marriages Archbishop Worrell said "let it be distinctly understood that mixed marriages, however undesirable they may be, are perfectly legal. I have often thought that it would be well in this new country if we could be free from the organizations which arose in the old world and marked the bitter struggles of another period, but circumstances that have recently occurred point in another direction and it will be necessary to meet organized aggression with organized opposition in some form or other."

The Archbishop then spoke of King's College and all that it meant to the life of the diocese, and urged that every member should consider it his or her duty to give it all possible support.

"I appeal to the churches of Nova Scotia, to rally to its support, and by their generous gifts to place it in a position which will enable it to carry on the great work which belongs to it."

A BETTER UNDERSTANDING

More than one speaker at recent Rotary Club meetings has put up a plea for a better understanding between Canadiana and their neighbors to the South, and some of them have been rather inclined to blame the Press for conditions as they now exist. But Press references are not wholly responsible for the feelings of irritation that sometimes arise between the English and Americans. Proper stress is not laid on the fact that many of the best books in use in the schools of the United States have been frankly anti-British. Within the past two or three years efforts have been made to rid these books of their hostile spirit or to abandon them altogether for general reading. We presume the average American learns about all he is ever likely to learn about history when he is at school. The average American is not a college graduate. When he leaves the public school he begins to hustle for a living and thereafter is too busy to study history. He is apt to grow up with the conviction that at the time of the American War of Independence, England was a tyrannical, brutal and stupid nation. He may presume that she has since improved in some respects, although he never will get it out of his head that a monarchical form of government is old fashioned and inclined to autocracy. In the present situation in Ireland he probably imagines that he perceives a resemblance to the American struggle for independence. The fact that it is more nearly parallel to the Civil War may not occur to him.

This American is as likely as not to be of British stock, and with no strong natural prejudice to Great Britain. He is to be influenced easily enough either by such a newspaper as one of those controlled by W. R. Hearst or maybe by some personal friend who happens to be a Sinn Féiner or a German. The average American does not read a newspaper like the New York Times, the Tribune or the Post. Great as is the influence of these papers, they are read by few persons compared with those who read the American or the Journal. They are papers for reasonable people, who have a just conception of the British Empire, who may have travelled in Europe and perhaps have strong personal friendships with Englishmen. Such papers have too great a sense of responsibility to be guilty of the pin-pricking to which Lord Northcliffe objects. If they did they would lose their readers. For instance, a single indiscreet editorial in the New York Times in the course of the war did that admirable paper damage that we presume the proprietor would have paid a million dollars to avoid. We can conceive of no indiscretion that would trouble their docile readers. They could probably turn round tomorrow and become pro-British or anti-German without disturbing their circulation. In considering average American opinion as regards Great Britain we must also take account of the tens of millions of American citizens who have no Anglo-Saxon blood in their veins at all. To them Britain is more of a foreign country than Germany, Austria, Russia or Italy. These are really the American masses. They do not object to a pin-pricking policy. Probably they rather like it. That is why Hearst and his like find that it pays.

CANADIAN GRAIN MOVEMENT

A Senate committee is trying to discover why the bulk of Canadian grain for export is carried on United States railroads and shipped through United States ports. After all the public expenditure over railways, terminals, canals, harbors, channel dredging, and aids to navigation, on Canadian routes, the Senate apparently wants to know why the grain movement from the north-west goes south across the borders to the Atlantic seaboard. While Canadian railroads lack traffic, and Canadian ports lack business, 70 per cent. or more of Canadian wheat exports furnished traffic and business in recent months for United States routes.

It might have been more to the advantage of Canada if the Senate had started to study this situation before Parliament voted to begin building the new \$50,000,000 Welland canal. In the session of 1913, before the first vote had been put through to start this useless expenditure, information was obtainable with regard to this tendency of the Canadian grain movement to follow United States lines. But the vote went through nevertheless, both parties being content. An inquiry before starting the new canal would have inspired caution. It would possibly have saved \$50,000,000 of the Canadian people's money.

The Ottawa Citizen now wants to know if any member took the trouble

even to ask for copies of all documents and reports prepared for the Minister of Railways and Canals before sanctioning the new canal scheme? This simple question would have brought out some of the essential information for which the Senate committee is now seeking. The records should still be on file in the Department. Perhaps the Senate committee will inquire?

It is not at all likely that any one in New Brunswick—or out of it for that matter—for one moment ever believed the story that was adroitly weaved or two ago that Mr. Veniot had been approached with a view to his becoming a member of the Melghech cabinet. Naturally of course when the subject was mentioned to him, Mr. Veniot would regard it as being too far-fetched a joke to be worth while denying, with the not unlikely result that some people might be disposed to place some credence in the report for that reason. However, Mr. Melghech himself was emphatic enough on the question in the House last night, when he declared that as far as he at least was concerned, there was not a word of truth in it, nor had any one else authority from him to approach Mr. Veniot. This gentleman would want to have him—and that would be little enough any way. When Mr. Veniot enters a Conservative cabinet, the story of the lamb lying down with the lion will be put in the shade.

The proposals for Maritime Union are not regarded with any particular favor by many people, and one of the chief arguments they adduce in opposition to it is that Nova Scotia being the more populous and aggressive province, would be continually attempting to overshadow New Brunswick and impose policies on the latter which may not always be beneficial to her, however much so it may be for Nova Scotia. An instance of this is found in the demand of the Bluebonnet province that the Canadian National Railways use only Sydney coal, which costs \$4.50 a ton at the mine. It is alleged that the miners cannot be kept going without. The Minto mines in this province can supply equally suitable coal for little more than half the price of the Sydney coal, and it is of just as much importance to the miners in this province that their work should be preserved for them as it is to the Nova Scotia miners that they should be kept employed. There does not appear, from the New Brunswick standpoint, to be any particular reason why her sister province should receive any better treatment than she herself does.

We have received a copy of a new quarterly, The Dalhousie Review. When we say that it is under the editorship of Dr. Herbert L. Stewart, with an Editorial Board which includes in its membership some of the ablest writers and thinkers in Nova Scotia, we have said sufficient to indicate the class of magazine it is. It is somewhat of a novelty for the Maritime Provinces which hitherto have had to be content in their search for literature of that particular class, with productions that have their place of origin in Upper Canada. The standard set by the first number is a high one, the articles are broad in ideal and comprehensive in range; and the magazine will appeal as strongly to the student as to the more learned members of society.

Sir J. Martin Harvey's address to the Canadian Club yesterday will linger long in the memories of all those who were privileged to hear him. He brought a message from the Motherland that will be appreciated on this side, for it told of the gratitude which is felt in that land for the part which Canada's sons played in the late world struggle. He will be able on his return to take back the message that Canada while proud of her sons' practical achievements, is prouder still to be able to feel that when they were called upon they answered promptly, and are ready to do so again should occasion arise.

Le Madawaska, "a journal of the home," that has its origin in Edmundston, declares that "The Standard is not fit to enter a respectable house." When we regard our subscription lists we are appalled at the number of disreputable houses there are in this province—and this condition is getting worse every day.

The continuance of the British miners' strike is now bringing effective protests from the miners' wives. The present strike is bringing disaster to hosts of others entirely innocent of offence.

Only one man in 200 is more than six feet in height.

TRANS-CANADA.

(A Lightning Impression.)
 By Frank B. O'Neill.
 (With Sir John Harvey on his Canadian tour.)

All aboard!
 To hear the clanging of the engine-bell, the queer calling of the black porters;
 To mount the train on a trip Trans-Canadian;
 To accommodate yourself to the car, preparing for the 5,000-mile journey from Atlantic to Pacific;
 To stroll up and down the train—thru' the sleepers, the tourists, the diners, the observation car;
 To observe!

The curious settlements of the East, unfinished, untidy, embryos of great towns, hastily hatched; The old-time city of Montreal, the parent of the Dominion, kindly and courteous, half-British, half-French, surrounded by the mighty St. Lawrence, guarded by Mount Royal, the home of winter sports; Ottawa, beautiful in situation, socially distinguished, the jewel of the Dominion; Toronto, the city of wealthy traders, of bustling business perpetually growing, touched with Yankeeism.

The numerous small towns of Ontario, each with its individuality, each fired by rivalry;
 To skirt the Great Lakes, miles upon miles of beautiful, lake-bordered, winding round their dentured shores;
 The blue bays, the deep-green wooded slopes, the rocky cliffs, the lighthouse beacons;
 The trout leaping in the feeding streams, clear as crystal, defying frost.

The unending beauty of the unending snow!
 The virgin cloth broken only by the tracks of animals;
 The springs sparkling in the sun;
 The tiny tufts topping the tiny trees.

The Prairie!
 The interminable treeless expanse, league succeeding league—flat, staid but profitable, soon to be covered by whispering waves of wheat, providing the Empire's bread;

The great cities of the Prairie, rapid in development, large in imagination, open-handed in hospitality—from Winnipeg to Calgary.
 The astounding atmosphere of the West!
 Free, adventurous, speculative, self-reliant, buoyant, optimistic—Canadian.

The wonders of the Rockies, magnificent, massive, myriad;
 The towering peaks of imaginative shape, the roaring torrents, tumbling over heaving rocks;
 The mountain valleys and lakes, the hum of the waterfall, the beauty spots of giants;
 The impetuous railroad of indescribable ingenuity!
 The balmy breezes of British Columbia, with its wonderfully watered vales, its rich vegetation, its sparkling waves of the beautiful Vancouver!
 The even more beautiful Vancouver Sound, with its countless isles and inlets—its extraordinary color;
 The calm content of Victoria, the haven from life's labor, comfort and its surroundings;
 Most British in sentiment, the farthest from the Motherland—a fitting finish to the Empire in the West.

WHAT OTHERS SAY

A Thankless Task.
 Premier Melghech's criticism of Hon. Mr. Doherty's trip to England, in an effort to remove the cattle embargo, will not lack endorsement. It is a thankless task, offering to teach your grandmother how to suck eggs.—Hamilton Spectator.

Hard Time Com'g.
 The United States Senate has ratified a treaty making wife desertion an extraditable offence. The Canadian Parliament will be asked to ratify it also. Punch's advice to those about to marry will also apply now to those about to desert their wives, and cross the border.—Toronto Mail and Empire.

Wonderful.
 "The great British Dominions have a unique and essential role as links between the mother country and the United States"—Toronto Globe.
 "What a grand and glorious conception for the island-continent of Canada and for the island-continent of Australia—to serve as 'links'! As though they were of no importance in themselves!"—Hamilton Herald.

THE LAUGH LINE

A man usually drops his prosperous look when a bill collector calls.
 Nothing seems to please a loafer so much as an opportunity to bother a man who is busy.

Sign in a grocery store: "Man is made of dust; dust settles; be a man."
 "How about that oil company you invested in? Did they find a gusher?"
 "Only the one that wrote the prospectus."—Boston Transcript.

Doubling Up on Hubby.
 Mrs. Eye—"Does your husband remember the anniversary of your marriage?"
 Mrs. Wye—"Never; so I remind him of it in January and June and get two presents."

He called one day on an old school friend, and was shown into a room where his chum's sister was busy arranging a quantity of dried grasses which she had collected.
 "What a quantity of dried grass you have collected, Miss Hitchcock!" he said.
 Then his humor burst forth. "Nice room for a donkey to get into."
 "Then make yourself at home, Mr. Smithson," said the girl, pleasantly.
 When he arrived home, all the humor was gone out of him forever.

I was wawking home from skool today, being kind of monotonous, and I thawt, G, I think I'll wawk backwards for a change.

Wich I started to do, wawking 20 steps backwards and then looking around to see how strate I was wawking and then wawking 20 more steps, and I kepp on doing that till all of a sudden I bumped into something and I quick turned around and it was some man, being a kind of a fat man with thin legs.

Excuse me, I sed.

Excuse my eye, wy the mischief dont you wawk fruntwards like a regular human being instead of wawking backwards and tramping into peoples feet in this manner? sed the fat man.

Excuse me, I sed and kepp on wawking fruntwards as quick as possible, and down at the corner I looked around and the fat man was still brushing off his shoes with his handkerchief, and wen I got in the next block I started wawking backwards again, and pritty soon I bumped into something else, being a thin lady with a natural mad ipression looking even madder on account of being bumped in to.

I gave ma the lump to feel and she sed, I'll give you a smack in the face, thats wat I'll do, have you got the sents you were born with, wawking like a clown in a circus?

No mam, I meen yes mam, excuse me, I sed. And I kepp on wawking fruntwards agen as if that was the way I ever wawked, and wen I got in the next block I thawt, Well I'll try it once more and if I bump into one more thing thats the last I'll do it.

Wich I hadent hardly started agen wen I bumped into something else, being a tree and giving myself sutch a fearsome bump on the hed I could feel a lump ware it hit, and wen I got home I sed to my wife, I had a very interesting day, and she sed, I'll bet you had, but as soon as I told her how it happened she stopped and started to get mad instid.

Children Cry for Fletcher's CASTORIA
 Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?
 Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving Health and natural sleep. OBITUARY

Mrs. Samuel Given

Friends of Mrs. Samuel Given will learn with regret of her death, which occurred at her residence, 17 Exmouth street yesterday afternoon about 4:30 o'clock. The deceased had been ill for some time past and was severely shocked over the sudden death of her brother, Charles Nevins, which occurred some weeks ago. She was a staunch member of St. Mary's church and being greatly interested in all church affairs will be sorely missed by the congregation and other friends.

Besides a wide circle of friends she leaves to mourn, three cousins, Fred Bryden, Charles T. Nevins and Miss Lizzie Nevins, all of this city. The funeral will be held from the late residence Thursday afternoon at 2:15 o'clock and the remains will be conveyed to St. Mary's church for service at 2:30. Interment will be in Fernhill cemetery.

Sir Sam Hughes Is Very Much Improved

Transfusion of Blood Has Proved Successful and He is Expected to Recover.

Ottawa, May 17.—Due largely to the transfusion of blood on two occasions made possible by the volunteering of a final year McGill medical student the condition of Gen. Sir Sam Hughes is now distinctly improved and in the opinion of his medical advisers he is well on the road to recovery.

Sir Sam's condition three weeks ago was a matter of grave alarm and the idea of blood transfusion was regarded more or less as one of the last resources.

Mr. L. Robertson, who is in his final year of the medical course at McGill, Montreal, volunteered and on May 1, a transfusion of twenty ounces of blood was made.

Sir Sam's condition showed almost immediate improvement. A second transfusion was decided on and this took place Sunday afternoon last. A like quantity of blood was transmitted from the medical student.

A few hours later Mr. Robertson left for Montreal, apparently little the worse of the sacrifice. Ten hours later he was sitting at his desk in the examination rooms of the university writing on one of his final year test papers.

Dr. N. McOisbon, M. P., Muskoka, and Dr. Henry of Montreal, performed both the first and second operations.

Feared That The End Was Not Far

Old English Army Man Was Down to 98 Pounds But Now Weighs 148 and Feels Fine.

One of the most remarkable statements yet published in connection with Tanlac was given a few days ago by Robert Gill, well-known tailor of 1173 Dundas street, west, Toronto.

Mr. Gill served twenty-three years in the English Army, going through the Boer War in South Africa and the Burmah Campaign in India.

"When I started taking Tanlac," Mr. Gill began, "I was just a living skeleton and didn't weigh but ninety-eight pounds. I had suffered with rheumatism all over my body for three years and had gone from bed to worse until I didn't think I could live much longer. I had pains all through my limbs, joints, back, everywhere, and even my bones seemed to ache to the very marrow. My kidneys worried the life out of me nearly and my stomach got out of order and I hardly knew what sleep was. I had no mind to eat or work, and I went down hill and lost weight until I was a physical wreck.

"A friend of mine advised me to try Tanlac, and when I began taking it that was the best thing I ever did in my life. I started picking right up—my appetite came back and I commenced gaining in weight. I have taken nine bottles now, and it's an honest fact, they have knocked my troubles sky high, and I feel as lively as a cricket; I actually weigh a hundred and forty-eight pounds and don't remember the day when I was ever in better health. There is nothing I can say about Tanlac that will be too strong. It beats the world."

Montreal, May 17.—Gerald M. Bruce, the former partner of the firm of Oswald Bros., stock brokers of this city, was sentenced today by Chief Justice DeCarrie, to two years imprisonment on each of the charges on which he was found guilty. The sentences are to run concurrently.

Requests Before Common Council

Half Pay for City Employees While Overseas—Routine Business Disposed of.

Two requests for half pay while serving overseas were received by the common council yesterday from members of the police and sewerage department, and handed over to the mayor, who suggested that each commissioner furnish him with a list of men likely to make similar applications and then the matter could be more intelligently dealt with, and several matters of routine business were disposed of.

Mayor Schofield presided and Commissioners Bullock, Thornton, Frink and Jones were present.

The report of the committee of the whole, as published yesterday, was adopted, except that motion relating to the sale of a lot to Thomas McGrath, which was referred back.

An application from Dr. F. C. Thomas for permission to erect an electric sign on Main street, was referred to the commissioner of public works, as was also the request of W. N. Johnston for permission to reconstruct a building through the streets from Hazen street to Murray street.

Communication from Vancouver

A communication from the mayor of Vancouver asking the council to endorse some proposed amendments to the "Opium and Drugs Act," was referred to the commissioner of safety.

A communication from the Union of Canadian Municipalities regarding the 21st annual convention, which is to be held in Ottawa July 27, 28, 29, was referred to the mayor.

Commissioner Frink recommended that the application of the New Brunswick Telephone Co. for permission to lay a conduit in Duke street, west, be granted on condition that a number of poles be eliminated and the street repaired to the satisfaction of the road engineer.

On motion of Commissioner Jones, a bill of \$870.02 for excavating catch basins in Douglas Avenue was ordered paid.

Plans For Summer Camps Announced

Will Have Nine Days' Training at Camp—Several Towns Will Have Camps.

It was announced at military headquarters yesterday that summer camps would be held as follows:

N. B. Dragoons and the York Regiment at Fredericton from June 20 to 28.

Northumberland Regiment at New castle from June 23 to July 1, and the following week at this camp, from July 4 to 9, the 90th Battery. The 8th Princess Louise Hussars and the N. B. Rangers, at Sussex, from June 21 to 29.

The 9th Battery at Woodstock from June 20 to 25.

The 1st Brigadier Field Company and the Carleton Regiment at Woodstock from July 1 to 9.

The 8th Battery at Moncton from June 27 to July 2.

The three batteries of the 12th Brigade, C.F.A., will send firing detachments to Pettewawa, the 8th and 90th Batteries being there from August 3 to 8, while the 8th Battery will be there from July 31 to August 2.

The 3rd New Brunswick Heavy Brigade will complete their annual training at local headquarters by June 17, and firing detachments from the three batteries of the brigade will all be sent to Pettewawa from June 27 to July 2, for four days each. In the case of this brigade and the C. F. A. brigade the commanding officer, the adjutant and the sergeant-major will go to Pettewawa with the first battery and remain there until all have done their shooting.

The following units will train at local headquarters for nine days at the garrison establishments: St. John Fusiliers, 7th Canadian Machine Gun Brigade, and No. 6 Signal Company. No. 7 Company C. A. S. C. and No. 14 Field Ambulance will not train as units but will supply administrative detachments at the various camps. No. 7 Cyclist Company now in process of organization will not train this year.

The C. O. T. C. of U. N. B. and Mount Allison University will train at full establishment. The financial regulations of the C. O. T. C. have been changed to provide instead of a grant to the university that pay be issued to the contingent on the same basis as infantry regiments.

ADRIFT THREE DAYS

Portland, Me., May 17.—After eighty-four hours in an open boat, Thomas W. Armstrong, of Bedford, and Stephen Perry, of Cape Porpoise, fishermen, were picked up off Bone Island, and brought to Portland by the passenger steamer Ransom B. Fuller, today.

They were almost at the point of collapse. The man left the schooner Angeline Noonan, 70 miles off Cape Cod, on Friday, to set lines, and became lost in a fog.

Two million husbands

DO YOU know there are two million women in England today compelled to go through life unmarried because there are no men for them to marry?

What are they going to do with themselves? All England is talking about it.

Is the "right to motherhood" doctrine gaining ground? Or will these two million surplus women find happiness in a "transmuted" motherhood?

What of the women who are married and don't want babies?

How much are the marriage and divorce laws to blame?

And how about the surplus men—the inferior men whom women won't marry?

Ida Clyde Clarke, who has just returned from England, discusses the whole burning question in Pictorial Review for June. She gives you the viewpoint of a member of England's Birth Rate Commission, the protests of The Mothers' Union and a solution offered by a famous woman scientist! See what you think of it!

Kissing can't be shown on the screen in Japan

JAPANESE censors consider kissing highly improper. And yet their bathing customs would shock us. Opinions differ, that's all.

For instance, what do you mean by "sex plays." Norma Talmadge, the famous screen actress, asks this question in Pictorial Review for June. She shows clearly the difference between wholesome romance and suggestive sex-appeal.

Miss Talmadge also tells you what a movie actress's life really is. Read her intensely interesting article. This is the fourth article in Pictorial Review's campaign for cleaner movies.

"What Do You Mean by 'Sex Plays?'"

Did horrible dreams of yours ever come true? DID you ever dream that your mother was dying? That a brother—or a sister—had met with a terrible accident and been killed? That a man you knew was in danger of being murdered? That your child was being run over by an automobile? And have your dream come true afterwards in every detail exactly as you dreamt it? Science says these are not mere chance happenings and H. Addington Bruce explains the laws that govern these extraordinary dreams of prophecy. See his article in Pictorial Review for June, entitled—"Dreams that come from afar."

And all New York was looking for her

WOULD you enjoy being flung from your cozy Pullman on to the flinty soil of a Western prairie? And yet that's how a beautiful New York Society girl found the great romance of her life! Spoiled and pampered, with hosts of admirers, lo Weland, finds herself alone—bruised and cut when the train overturns.

There she meets a new kind of man in Errol Baneker—and begs him to keep her identity unknown. This provides one of the most fascinating novels of love and adventure we have yet published—

FOR WOMEN

A MUSEMENTS

Lady Harvey Was The Honored Guest

Lines of Activities for Women's Canadian Clubs Pointed Out in Address.

Various lines of activities which might be taken up by Women's Canadian Clubs, were pointed out by Lady Harvey in an earnest well delivered address made before members of the Women's Canadian Club yesterday.

After a delicious luncheon had been served, Mrs. Tilley in introducing Lady Harvey and welcoming the other members of the company, said that it was one of the privileges of Canadian Clubs to entertain distinguished visitors and to be able to meet strangers as friends.

Lady Harvey thanked those present for their hospitality, and in the name of herself and her friends spoke of her pleasure in the warm welcome accorded them in St. John. All across Canada she had been entertained by Canadian Clubs and by the Imperial Order Daughters of the Empire. They had had a royal welcome. She wished there was such an institution in St. John, and she would be only too glad to help in this work of cleaning up, which she felt sure the women of St. John could accomplish.

She felt she could say things with out being misunderstood, as we were all British and all could speak the same language. In closing she thanked the people of the city for their kindness, and said she thought she would start a Canadian Club over here.

The Club Honored. Mrs. John H. Thomson, in thanking Lady Harvey for her fine address, said there are many things we can learn and that she hoped sincerely that she would be able to do some good in St. John. The club had been honored in many ways and at this time the meeting of the season, it seemed as if the club had gone from better to best. The members of the company were then thanked by Mrs. Thomson for the pleasure they had given.

Understand the Soldiers. Teach your own men to understand the soldiers. Lady Harvey urged, it needs the infinite love, patience and understanding of women to get over this difficult time of readjustment. There is discontent all over the world and men fall a prey to agitators no less than they are understood and cared for. They need the love the mothers, sisters and wives can give. Women help them as they helped them in the trenches. They need protection in the unemployment problem and other troubles of the reconstruction period.

Train children in schools never to forget, for a moment, what the soldiers saved the hearts of Canada. Let us up may forget the legacy left to us from the sacrifice of the soldiers.

REFLECTIONS OF A BACHELOR GIRL

By HELEN ROWLAND (Copyright, 1920, by The Wheeler Syndicate, Inc.) Being the Confessions of the Seventh-Hundredth Wife.

A bachelor's notion of an "ideal wife" is a woman to whom he can turn for relief and consolation, after every foolish flirtation.

You can't judge an American man's character by his record in the divorce courts; because, nine times out of ten, that proves nothing except his inability to refuse a woman anything she wants—even a divorce.

A good husband is one who will get up and lift the groceries off the dumb waiter for you, instead of lying back and lifting his voice to tell you how to do it properly.

No woman will ever be a man's equal—not in vanity, anyway, so long as she feels that she must surpass her charms with powder and rouge in order to please him; while he has not a double standard, is fascinating enough to please any woman, just as God made him.

"The way of a man with a maid" is one thing—and the way of the same man with a widow is quite another.

Every man is, at heart, a profiteer when it comes to trying to get a whole beauty-chorus, harem, kitchen force, and celestial choir for the price of one wedding-ring.

A bride is forever begging her husband to "tell her everything;" but a seasoned wife prefers to find out the truth.

When a woman wishes to break off a love affair, she does it with the art and palette-knife; but a man is always in such a hurry, that he just picks up a quarrel and a cleaver and chops it off.

Every man is, at heart, a profiteer when it comes to trying to get a whole beauty-chorus, harem, kitchen force, and celestial choir for the price of one wedding-ring.

SCIENTISTS HONOR Madame Curie

Carnegie Hall to be Scene of Great Demonstration This Afternoon.

New York, May 17.—Canadian universities will be prominently represented at the reception to be tendered to Madame Marie Curie, co-discoverer of radium, at Carnegie Hall tomorrow afternoon.

The reception has been arranged for the university women graduates of United States colleges and officials of the Federation of University Women of Canada have arranged to occupy a box which will be appropriately decorated with the Canadian flag and the banners of the various Canadian universities represented.

The committee in charge has planned to include among those occupying the seats women graduates from every university in the Dominion.

Madam Curie Feted. Madame Curie was feted as the "Queen of the Scientists of the World" at a luncheon given in her honor today by four United States scientific societies.

Tonight she attended a reception held by the New York Academy of Sciences at the American Museum of Natural History.

Dr. Richard B. Moore, chief chemist of the United States bureau of mines, one of the speakers at the luncheon, said it was generally understood in science that uranium was the mother element of radium, but that Madame Curie was the real mother.

The difficulties. Explaining that it required reduction of 600 tons of ore, treated by sixty tons of chemicals, to produce one-tenth as much radium as the gram which the women of the United States will present to her next week, Dr. Moore declared:

"That is what Madame Curie had to go through to give radium to the world."

Beyond thanking her hosts for the reception the frail scientist made no remarks. It was explained that she was very much fatigued from social excursions since she arrived in this country. Her right arm was bandaged; the result of effusive handshaking.

"THIS is my recommendation, Sir"

"NOT so very long ago I was in the same ill health as yourself. Long and busy hours, the responsibility of filling drug prescriptions and other duties of the day's work proved a strain. I took a couple of boxes of Milburn's Heart & Nerve Pills and can honestly thank them for my present splendid condition.

This little incident from everyday life fits your case in one way or another. In these days of strenuous living it is only natural for the heart to get below normal, thus affecting the nervous system.

Many people ignore the symptoms of heart and nerve trouble. Every day people drop dead, simply because of ignoring them. You cannot afford to do this. Ask yourself, "Have I any of the following complaints?"

Dizziness, Headaches, Palpitation, Breath Shortness, Brain Fat, Loss of Flesh, Depression, Sleeplessness, Anæmia, Tobacco Heart, Loss of Appetite

These are some of the sensations which are experienced. They are a warning of vital importance. If you would be well and strong, just ask your druggist to-day for a box of Milburn's Heart & Nerve Pills.

YOU WILL BE SIMPLY ASTONISHED at the fast recovery you will make on taking them. Remember, they have been on the market for over 25 years, and you are using a preparation recommended by prominent people the country over.

All busy druggists sell Milburn's Heart & Nerve Pills at 50c. a box, or they will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ontario.

GIRLS! LEMONS

BLEACH SKIN WHITE

To a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well and you have a quartet pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day. Then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, as so as a freckle, sunburn, and tan bleach because it doesn't irritate.

Scientists Honor Madame Curie

Carnegie Hall to be Scene of Great Demonstration This Afternoon.

New York, May 17.—Canadian scientists will be prominently featured at the reception to be tendered at Carnegie Hall tomorrow afternoon. The reception has been arranged for the university women graduates of the United States and officials of the Federation University Women of Canada have agreed to occupy a box which will be appropriately decorated with the Canadian flag and the banners of the various Canadian universities represented. The committee in charge has arranged to include among those occupying the seats women graduates in every university in the Dominion.

Madame Curie Fed.
Madame Curie was feled as the centennial of the birth of the "Madame" at a luncheon given in her honor today by four United States scientific societies. Tonight she attended a reception held at the American Museum of Natural History. Richard B. Moore, chief chemist of the United States bureau of Mines, one of the speakers at the luncheon, said it was generally understood in science that uranium was the element of radium, but that Madame Curie was the real mother.

The Difficulties.
Explaining that it required reduction of 600 tons of ore, treated by tons of chemicals, to produce tenth as much radium as the gram of the United States. She said she presented to her next week. Dr. Curie declared: "That is what Madame Curie had to go through to give radium to the world."

beyond thanking her hosts for the option the frail scientist made no remarks. It was explained that she was very much fatigued from social duties since she arrived in this country. Her right arm was bandaged; the result of effusive handshaking.

Halifax, N. S., May 17.—Fear was expressed in football circles here tonight that the Scottish professional all star soccer team, scheduled to play their first Canadian game here at six o'clock tomorrow evening, would not arrive in time for their Halifax contest. Up to a late hour tonight no word had been received from the Anchor Line steamer Cameronia which is bringing the team to Halifax.

The Scotmen are scheduled to play their second game at Ottawa at two o'clock on Saturday afternoon and if the ship not arrive here until Wednesday night or Thursday morning, they may have to go right through Halifax.

Australian Davis Cup Challengers

Have Consented to Play First Round Against Canadian Team in Toronto.

Toronto, May 17.—The Australian Davis cup challengers have consented to play the first round against the Canadian team in Toronto and the matches will take place on the courts of the Toronto Lawn Tennis Club on July 23, 25 and 26.

JUNIOR BASEBALL

The Fort Howe Thistles defeated the Braves last evening by a score of 5 to 1 in an interesting baseball game on the Fort Howe diamond. The batteries were, for the winners, Turner, Joyce, and Halpin, for the losers, Neves and Martin. Cooper of the Thistles pulled the Babe Ruth stunt by batting out two homers.

The Thistles are out with a challenge to the Harrison Street Roses for a game to be played next Monday night on the Fort Howe diamond.

The Roses won their game from the Bluebirds last evening on the Elm street diamond by the close score of 3 to 2. The batteries who featured in the pitcher's battle were, for the winners, Corrigan and McCaustlin, for the losers, McNulty and Mitchell. The Roses challenge the Bluebirds to a second game to be played next Saturday morning.

W. C. T. U. Members Were Entertained

Mrs. O'Brien, Manawagonish Road, Was Hostess and Interesting Meeting Held.

Members of the W. C. T. U. were entertained yesterday afternoon at the home of Mrs. O'Brien, 72 Manawagonish road, and held a very interesting meeting. Mrs. David Hipwell, president, presided, leading the devotional exercises and giving a reading on Mark 8th chapter, her subject being "Love Goes a Long Way." Rev. Thomas Marshall led in prayer. A collection was taken for flowers.

Reports Received

Reports of the various superintendents were heard. Mrs. Hope Thompson telling of her work at the hospital; Mrs. Hennigar reporting on flowers sent sick members, and Mrs. Seymour telling of a needy family. Mrs. Seymour was given authority to assist this case.

A letter of thanks for flowers was read by Mrs. Berglund, from Mrs. Hanselbauer. A communication from the Dominion W. C. T. U. was read which contained advice to all Unions to study the life work of Blanche Reed Johnstone.

Mrs. Thomas Marshall who was present, gave a short talk on Temperance work, telling of her admiration for the W. C. T. U.

Mrs. W. H. Humphrey gave a paper entitled "The Flower Mission and its Aims." Little Miss Margaret Stout sang very sweetly a missionary hymn.

A visitor present was Mrs. C. H.

Wm. Sharpe Case Before The Court

Charged With Disobedience to Order of Supreme Court—Argument in Case.

Whether the arrest of William H. Sharpe for disobedience to the order of the Supreme Court was a criminal offense was a matter that was argued at some length in the police court yesterday, and allowed to stand over on Friday morning, falling a settlement of the matter out of court in the meantime.

Custody of Children.

Mr. Sharpe had been given custody of his two children by the court so long as they were kept within its jurisdiction, and he was obliged to give bail for \$2,000 personally, and provide two sureties of \$1,000. His counsel, J. K. MacLachlan and George E. Day being his bondsmen. On May 2 Day being his bondsmen. On May 2 Mr. Sharpe disobeyed the order of the court by removing his children from the province.

The position taken by W. R. Scott, of Wallace & Scott, representing Mr. MacLachlan, was that in disobeying the court's order the defendant had made himself liable to a forfeiture of the bail, but was only liable for a civil action. As the prosecution might avail themselves of the civil law, they argued, they were not justified in bringing a criminal action.

Cyrus F. Inches, appearing for Mrs. Sharpe, held that the bond was merely a condition precedent to Mr. Sharpe obtaining custody of the children. Accused had attempted to defeat the cause of justice and had disobeyed a court order. As the bond was in the nature of a bail, he ridiculed the idea that a criminal cause of action did not lie.

Magistrate Ritchie supported the contention of Mr. Inches, saying that if the defence were right in their assumption, the mother would lose all claim to her children so soon as the father forfeited his bail. This he did not think had been the intention of the court.

Constable Sherwood.

Provincial Constable Alfred E. Sherwood testified to finding the Sharpe children in a school in Truro. Their father told him he would not bring them back to St. John as he had furnished a bond for them.

Mr. Inches said that the defendant had applied to the Supreme Court on April 27 for permission to take his children to Truro and he was refused permission by Chief Justice Sir Douglas Hazen and Mr. Justice Grimmer in chancery. A few days later he said, the children disappeared.

Polydora Won The Paris Spring Stakes

Paris, May 17.—Polydora, an English bred three year old filly, belonging to M. Ambatiello, and trained by Wm. Duke, yesterday won the great spring trial stakes of 100,000 francs, the first big flat race of the season.

Polydora was at 25 to 1 in the betting. The Bohemian, M. A. Macomber's Derby candidate, an even money favorite, was badly beaten, finishing sixth in a field of eleven.

RUTH MAKES HIS TWELFTH HOMER

In the American League game at Cleveland with New York yesterday Babe Ruth made his twelfth home run of the season, batting the ball over the wall in right centre. Speaker and Ruth nearly came to blows in the sixth but were separated before a blow was struck.

DULL SESSIONS ON WALL STREET AFTER BEAR RAID

Moderate Losses on Some Rails Due to Pessimistic Reports.

"PROFESSIONALS" IN THEIR ELEMENT

Better Situation in Upper Silesia Has Effect Upon Money Market.

New York, May 17.—Today's operations in the stock market were perfunctory and dull. Dealings were lighter in volume and narrower of scope than in any full session of several weeks. The listless movement was accompanied by conflicting advances and declines which evidently derived their sole impulse from the professional element. Mere public participation seemed restricted to the selling side of the account.

News and other developments dealing with market values were of the same familiar tenor. Some rails suffered additional moderate losses as a result of pessimistic views uttered by transportation officials and believed to foreshadow more dividend readjustments. Similar conditions applied with equal or greater force to many steels, equipments, motors and other issues of no definite description, some of which were said to be feeling more actively the depression in their respective lines of industry.

Call Money Short. Although call money held 7 per cent, shorts were driven to bid before the close by purchases of local traction issues, as well as gas issues, copper and shipping. Final prices in most instances were considerably above the lowest levels. Sales amounted to 575,000 shares.

Continuance of the holiday period abroad detracted from activity of foreign exchange, but advances received by well informed banking interests indicated an amicable settlement of the Silesian controversy. Except for the Dutch rate, all important international remittances were firm to strong. Foreign issues were the most conspicuous features of the bond market. Chilean 8's reacted on dissolution of the underlying syndicate and Mexican 5's lost ground with French municipalities. Domestic bonds were steady, although the Liberty group showed further irregularity. Total sales, par value, aggregated \$10,750,000.

'Phone Rights Is Down Ten Points

Brompton and Breweries the Most Active Stocks on the Montreal Market.

Montreal, May 17.—Breweries again continued the active feature of the day's trading on the local stock exchange today with Brompton furnishing the next largest number of transactions. Both were strong, the former adding 1 1/2 points at 56 7/8, and the latter a point at 37 1/2.

Bell Telephone was more active than usual and sold down 2 points to 194 1/2. Over 2,000 rights were traded in 30 to 40, a drop of 10 points. The market as a whole was strong, few issues, such as Steamship stocks, Ontario Steel and Tuckett's Tobacco, Albenza and Sugar being weaker features. Tuckett's was down 2 points at 40; Ontario Steel 7 at 60; and the others showed fractional declines.

Penman's The Best.
A small lot of Penman's made the day's best gain, one of 2 1/2 points at 85; Textile moved up 2 points to 130; Cement gained 1 1/2 points to 63 1/2; Dominion Glass preferred and Laurentide Steel gained a point at 82 and 87.

The papers outside those mentioned were not active but were steady as were also the utilities.

The bond list was less active and was inclined weaker with, however, few changes of importance. Total sales: 11,029; rights 2,166; bonds \$215,300.

Unlisted Market Rather More Active During Last Week

Comeback of Frontenac Breweries Was Big Feature—Bond Market Still Dull.

Special to The Standard.
Montreal, May 17.—The Unlisted Market was again rather active with a sharp rise in Frontenac Breweries the feature, says Ralston White and Co. This stock, which was offered down as low as 40 during the last month, sold at 55 and closed 54 1/2 to 56, New Riordon Common opened at 4 1/4 and sold down to 3 1/2, closing 3 1/2 bid no stock offered at 20 7/8 bid, offered at 31, sold at 29, and closed with stock offered at 29 no bid. This stock is being watched with interest as the future market trend of it depends on whether the Company are able to raise the \$5,000,000, for which they are at present appealing to their present shareholders. Nova American Gold was steady at around 3 1/2, and sold at 3 3/4, closing 3 1/2 bid no stock offered; Whalen Pulp sold at 10, and the Preferred is still offered at 37 1/2 with no bid in the market. Dryden sold at 15, and is now offered at 15 with no bid.

Cuban Sugar Lost.
Cuban-Canadian Sugar Preferred again lost two points and sold at 15, and the Common sold between 4 and 5. Laurentide Paper opened at 80 bid, and closed 87 bid with no offer. Montreal Oil is unchanged offered at 40 cents with no transactions. Southern Canada Power Preferred again sold at 75, with the Common sold at 10 3/4 and 11, and is now quoted 10 1/2 to 11. Ames Holden Tire Common sold at 22, and Canadian City Notes at 77 1/2. Argyraunt Gold sold at 40 cents, and is offered there with no bid in the market. Famous Players Preferred with 50 per cent bonus offered at 87, and closed 87 bid with no offer. Cockshutt Flour Preferred lost a point, being offered at 58 with out a buyer in the market.

Marconi Advancing.
British Empire Steel Common is quoted 8 1/2 to 9, and the Preferred at 35, and there seems to be a good demand for Loews Metropolitan Common between 4 3/4 and 5. Loews Ottawa Common again sold at 5, and the Preferred is 65 bid with no stock offered. Marconi of Canada advanced 5 cents, and is now 1 1/2 bid with no stock offered. There have been no offerings of this stock for several months. Winnipeg Electric Preferred was bid up to 78, and sold between 77 and 79 with quite active trading. Western Grocers Preferred is 62 1/2 bid with stock offered.

Bond Market Dull.
Home Bank sold at 98, and is now offered there, and Sterling lost 2 1/2 points now being offered at 1133. Montreal City and District is 164 bid with no stock offered.

Sharp Break In Cash Wheat Price

Closed With Loss of Over Five Cents on Trading of the Day.

Winnipeg, Man., May 17.—The feature of the local wheat market today was the break in the cash premium which lost ground sharply over night. The demand was poor and at the same time offerings were extremely light owing to the decline in both cash and futures. In the future market May, after the lower opening, fell steadily until a low of 3 1/2 1/2 was reached, and closed with a loss of 5 1/8 cent from the previous close. July recovered its early loss and closed 9 1/2 cent higher, while October gained 1 1/2.

There was little change in the coarse grain situation. Wheat, Close: May 1.29 1/2; July, 1.48; October, 1.23 1/2. Oats, May, 42 1/2; July, 43 1/2; October, 44 1/2.

British Trade is Gaining Brazil

States is Being Ousted from the Markets.

New York, May 17.—British trade prospects are driving United States manufacturers out of Brazilian markets, according to Augusto Cochran, Brazilian Ambassador to the United States, who addressed the World Trade Conference of the National Association of Manufacturers here today.

During the war, he said, United States manufacturers had a free field, and since the restoration of peace, they have had to meet the competition of former rivals, who, he said, are undoubtedly driving them out. Even at the present time, when capital is much more abundant in the United States than in Europe, it has been found more easy for Brazil to place loans in Great Britain than the United States, he stated.

Rapid Decline in Rail Profits

Steady Increase in Operating Costs is Reason for the Changed Conditions.

Washington, May 17.—Continuing his testimony today before the Senate Interstate Commerce commission on the United States railroad operating expenses, President of the Baltimore and Ohio railway company road into the record a table to show that since 1912 there had been a steady increase in the ratio of operating expenses to net revenues. The return on property values, he said, at the same time has declined from an average of approximately five per cent up to 1917, to 32 hundredths of one per cent in 1920 and to one hundredth of one per cent in February, 1921.

Notwithstanding there had been a constant but slight decrease in the rate of return on traffic handled and a gradual increase in prices of commodities and in rates of pay, Mr. Williams said, "there was no abnormal change in net revenue."

G. M. MOVEMENTS.
Montreal, May 17.—The Canadian government merchant marine fleet of 15 Canadian steamers will be the first to leave this port for Yaguajay, via the Panama Canal.

On arrival at Vancouver the Canadian steamer will enter the coasting service between Vancouver and San Francisco which will be inaugurated shortly. It was announced here today that two other boats will be employed in this service.

C. G. M. officials declared today that the government fleet, while numbering fifty-five ships, is less than at any time. Only one ship, the Canadian Recruit, is laid up and she is in Halifax undergoing repairs.

THROUGH RAIL SERVICE TO PACIFIC COAST

Canadian National Railways Offer Most Direct Connections With Fast Through Trains From Montreal.

The finest train service to the Pacific Coast is afforded by the Canadian National-Grand Trunk "Canadian Limited" now leaving at 8 p. m. daily from Bonaventure Station, Montreal.

The route of this finely equipped all steel train to the coast is via Ottawa, North Bay, Cochrane, and via the Transcontinental to Winnipeg and Grand Trunk Pacific to Saskatoon and Edmonton and via Canadian National Railways to Vancouver—the finest of scenic routes through the Rockies and over the smoothest roadbed.

From Maritime Province points there is connection by Ocean Limited with the Continental Limited daily and by the Maritime Express daily except Sunday. The Maritime arrives in Montreal at 7.40 p. m. affords the most direct connection, but passengers by the Ocean Limited will have the advantage of a day spent in Montreal. The Maritime arriving at Levesque at 1.50 p. m. affords connection with train No. 11 leaving Quebec daily for Cochrane at 5.00 p. m. This train makes connection at Cochrane with the Continental Limited, so it will be seen there is really a choice of two distinct routes.

There is also the through service to the Pacific coast by train leaving Toronto daily at 10.30 p. m. via Burlington, Fort Arthur, Fort William and Winnipeg. Connection for this is made by the Ocean Limited to Montreal and the Grand Trunk International Limited to Toronto.

Particulars of these splendid rail services to the West will be explained by all C. N. B. Ticket Agents, and folders and illustrated matter may be obtained by application to any of the City Ticket Offices or by writing to General Passenger Department, Montreal, N. B.

The first financial statement of the Montreal Pulp and Paper Company for seven months to December 31, 1920 shows net profits of \$1,001,770 which after deduction of interest, depreciation, etc., and debit balance December 31, 1920 of \$188,066, C. N. B. assets are \$2,001,076 and liabilities are \$1,484,306.

IN NEW QUARTERS

The St. John Anti-Tuberculosis Society took up their quarters yesterday in the old government executive rooms on Prince William street. The Sewerage and Waterworks department have taken over the rooms formerly occupied by the society in the Waterworks Building on Carmarthen street.

LOYALIST DAY DANCE

The committee in charge of the Loyalist Day dance and bridge at the Armories tonight under the auspices of Fundy Chapter and First Contingent C. E. F. have done wonders in decorations and placing the floor in excellent condition. A large number of ladies and gentlemen will be present tonight to enjoy the affair.

LOOKED GOOD TO ALL

The window of W. H. Thorne & Co. devoted to an attractive display of fishing tackle, was admired by crowds of interested gazers last night. Not only was there an inviting array of everything that tickles the fancy of the devotee of the rod, but to cap it all were a half dozen of the speckled beauties "caught with Thorne's fishing tackle."

PRIZES SENT

The presentation of the trophies to the team winning the league in the St. John Garrison Bowling League took place yesterday morning at military headquarters in front of the Macdonnell, C.M.G., D.S.O., addressed the winning team and handed the beautiful cup to the team captain. He also presented the individual prizes, and made a short address to the men, complimenting them up to their victory.

LAST CAR CLUB

The weekly meeting of the Last Car Club was held last evening at the home of Mr. and Mrs. McCafferty, 202 Metcalf street. A large number of members were present, and a very enjoyable whist drive was held. The first prize was won by Mr. McCafferty and Mrs. Dravot, and the consolation prizes by Mr. Cuddeh and Mrs. Jackson. After the whist drive was over, refreshments were served, and after singing Old Lang Syne, the guests all caught the last car for their several homes.

TWO PRISONERS ARE SENT UP FOR TRIAL

Joseph Joyce and Robert Smith charged with Assault and Attempting to Rob.

Joseph Joyce and Robert Smith were sent up for trial by Stipendiary Magistrate Allingham of Fairville yesterday on the charge of assaulting with intent to rob, Dr. F. X. Morris. The doctor was the only one who gave evidence in the case. He stated that the two men had come to his office about two months ago and asked for a prescription for liquor which he refused. Then they asked for the loan of \$10, which he also refused, whereupon they assaulted him, but ran off when his wife appeared.

H. PRICE WEBBER ALWAYS WELCOME

Our always welcome friend H. Price Webber, the popular theatrical actor and manager, made a pleasant call on The Standard last evening. Mr. Webber gave his monologue entitled "Sidelights of a Busy Theatrical Life" at the McAdam Opera House on Monday evening last for the benefit of the building fund of the Union Church of that town.

Conference With Wholesale Vendors

Provincial Liquor Commission Has Not Reached Definite Understanding

Hon. J. F. Tweeddale announced last evening that the Provincial Liquor Commission, of which he is chairman, with Martin McGuire and A. F. Boyle, associate members, had been in conference yesterday afternoon with Harry S. Mooney, manager of the National Drug Co., wholesale vendor, on a view of taking over the stock of liquor of that company. No definite understanding had been arrived at, he said, and a further meeting will be held today which will also be attended by a representative of the other wholesale vendor in the city, the Brayley Drug Co.

A Large Stock

Mr. Tweeddale said that the stock of the National Drug Co. was somewhat larger than it was when the commission was first appointed, as considerable stock had been on the high seas had arrived and been cleared by the company. He estimated that there would be about \$300,000 worth of liquor to be taken over from this company by the commission.

The Brayley Co. Carried a Lighter

The Brayley Co. carried a lighter stock and would have about \$50,000 to be taken over. This would be done just as soon as the commission and the wholesalers could come to an agreement regarding the price. He was of the opinion that the transaction would be closed by the middle of next week.

Storing Quarters

The commission, he said, were all ready to receive the liquor stocks, as secure, and satisfactory storage-rooms had been built in the old stone barracks at Fredericton. Five of the old gun casements had been converted into excellent storing quarters, and the old guard room had been fitted up for a bonded warehouse. In this warehouse all surplus liquors would be stored, and the excise duty would be paid until the liquor was required. In this manner much money would be saved the province, as under the duties recently established the amount to be collected in excise duty amounts to more than the liquor's original cost.

50th Anniversary of Well Known Couple

Hundreds of Friends Call at Home of Mr. and Mrs. R. R. Patchell Yesterday.

The home of Mr. and Mrs. R. R. Patchell, corner of Winter and Stanley streets, was the scene of a pretty, impressive and inspiring occasion Tuesday afternoon and evening, when that honored and highly esteemed couple celebrated the fiftieth anniversary of their wedded life.

R. R. PATCHELL

The home was beautiful for the occasion, the simplicity and neatness of its appointments being enhanced and becomingly set off by countless bouquets of roses, carnations and other blooms sent by friends as tokens of esteem and remembrance on this anniversary day.

Many Prized Gifts

Mr. and Mrs. Patchell were the recipients of many beautiful gifts and remembrances, besides the bouquets referred to. Among the most highly prized were a beautiful gold watch, suitably engraved, to father, and a variety case containing a \$50 bill and a \$10 gold piece to mother from the children. There were ten children born to Mr. and Mrs. Patchell, five sons and five daughters. Five of the children were present yesterday and from the others came messages and telegrams of love and affection. As the parents affectionately said last night: "The proudest achievement of our lives is the happy family we have reared. We have always been paid and will be to the end."

Successful Career

Mr. Patchell has long been identified with the business life of the city. For forty-two years he conducted a grocery business at the corner of Winter and Stanley streets. By strict attention to business and the application of the square deal to all, he prospered and succeeded. During all these years his life has been a model of industry and hard work, and he is enjoying the results of his labors to-day.

Barristers' Society Annual Meeting

Annual Banquet at Union Club, Attended by Forty Members, Enjoyable Affair.

The annual meeting of the Barristers' Society of St. John was held yesterday afternoon followed by a banquet in the evening at the Union Club. At the annual business session there was a discussion of questions of particular interest to the society's members, and the re-election of the same slate of officers that served the past year.

Banquet Enjoyed

About forty members gathered around the banquet board with the President, C. F. Sanford, presiding. The menu card was unique in design, being in the form of a legal parchment, properly sealed, ribboned and endorsed. Music was provided by Black's Orchestra.

The Toast to the King was Honored

H. O. McInerney, Judge of Probate, proposed the toast to His Honor, the Lieutenant Governor. In the absence of Lieut. Governor Pugsley it was responded to by Chief Justice Sir J. Douglas Hazen, who made a particularly pleasing speech humorously reminiscent.

W. H. Harrison Proposed the Toast to the Bench

W. H. Harrison proposed the toast to the Bench. This was responded to by Chief Justice Sir J. Douglas Hazen, Mr. Justice Chandler, Mr. Justice Grimmer and Hon. R. J. Ritchie.

Will Lay T Rail On Douglas Avenue

City Fathers Grant Permission to N. B. Power Co.—Opposition to Co's Attitude.

The city council yesterday decided to allow the New Brunswick Power Co. to lay the T rail on Douglas Avenue and to allow them one year in which to pay to the city the amount due as their proportion of the paving and it is expected the work will be proceeded with at once. The proposition to allow the use of the T rail met with strenuous opposition from Commissioner Thornton and all the commissioners condemned the attitude of the Power Co. in this matter.

Com. Frink's Report.

The following report was presented by Commissioner Frink and considered by the council:

1. "The Common Council permits the New Brunswick Power Company to lay a T rail of not less than 80 pounds, such rails to be new, and the Power Company agrees to order the new rails forthwith and to facilitate in every way possible the delivery and laying of same, but does not assume any responsibility for delays, due to accidents, strikes, force majeure, or otherwise beyond its control."

2. "That the Company shall pay to the City the sum of \$2,600 for affixing the paving blocks so as to conform to the T rail."

3. "That the Company in constructing the track shall use round Hemlock ties. Ties 6 x 6-7 feet long spaced 2 foot centres. New T rail 80 lb. All rail fastenings to be of Standard pattern. Standards 7/8 inch bonding, welded Bond Concrete." 4. "The City will, to further the work, delay the collection of cost to the Company of the various items heretofore mentioned together with the Company's proportion of the concrete base, such delay to be more than one year and the Company to pay the City interest at the rate of 6 per cent. per annum on all such deferred payments."

Strong Disapproval.

Commissioner Thornton expressed strong disapproval of the first section and said he did not feel he would be keeping faith with the people unless he opposed the laying of the T rail. The additional cost to the Power Co. for the U rail would only be about \$2,400 as they were going to pay the cost of preparing the nose blocks, some \$2,500, and the total difference in the cost of the two types of rail was \$5,000. The company had agreed to lay the U rail and they should carry out their promise.

The Section Adopted.

Section 2 was adopted. Section 3 was adopted. Section 4 was adopted. The section was carried. Commissioner Thornton asked if in any way financing the purchase of the rails and was informed that it was not, all that was being done was to delay collecting the amount which the company had to pay to the city. Section was adopted.

MR. JUSTICE GRIMMER DELIVERED JUDGMENT

Mr. Justice Grimmer, delivered judgment yesterday in the matter of Deling Bourgeois vs Wm. Sanford Smith and J. Carter, an action tried in Moncton last year arising over the matter of a lease of certain premises there. The case was tried before Mr. Justice White. His Honor found that there had been a mistake made in connection with the lease and there was much contradictory evidence surrounding it.

Windsor Chapter.

The last meeting for the season of Windsor Chapter, I.O.O.F.E., was held last evening at the residence of Miss Drinnan, Guilford street, West Side, the report, Miss Gertrude Lawson, presiding. Plans were made for summer work.

The Dykeman Window Displays Reflect the World of Merchandise

The Dykeman window displays are the spectacles through which Mrs. S. John largely views the world outside. What's the latest style that Paris is wearing? You'll find it displayed here about as soon as any larger city with their cosmopolitan exhibits, and the latest fancy of Fifth Avenue receives here a showing that is but little later than its New York debut. It will be the effort of this store to show what's new at the most moderate prices that our good judgment permits. Merchandise chosen for its sterling quality and better style, chosen because among so much that is fine it seemed best. Our efforts to show in our windows what is new will meet with the hearty approval of all our patrons. It will be a guide to better dressing to watch each change of display. The price in every case will be as low as one would expect to pay for leading fashion features.

MARTIN HARVEY TWICE TODAY

The matinee premiere of "The Burgomaster of Sillemonde"—the emotional Masterpiece play—at the Imperial today will start at 2.30 sharp. Sir John Martin Harvey will play the role of the Burgomaster, considered to be his finest work, at least closely rivaling his Sydney Carton of "The Only Way." Tickets for the matinee are on sale now at the special scale indicated in the advertisement. Tonight the curtain will rise at 8.15 on the same piece. There is already a large advance sale for both performances.

BANQUET FOR CHAMPIONS

A banquet is to be tendered to the Y.M.C.A. Bowling team, champions of the 1921 New Brunswick and Maine Bowling tournament in the Y.M.C.A. next Thursday night. After their fine showing in Fredericton it is probable that a large number of bowling fans will be on hand to honor their team.
