CRITICISM OF CANADA'S COASTAL LIGHTING.

Montreal, Aug. 25.—(Special)—A special London cable says: "Syren and Shipping writing of coastal lighting, says: 'We have heard much of Canadian intentions and their promises of betterment have frustrated, but only to a limited extent. Portland, Me., Aug. 23.—(Special)—Henry Bridges, of St. John, who says he was a passenger on the Clavin Austin on the trip when George H. Brigham left a note saying he had committed suicide, believes that Brigham jumped into the sea. Said Mr. Bridges: "I saw a good deal of him during the voyage and he talked freely to me about his family life and troubles and told me he intended to kill himself. He had a beetle just below me. I did not know him, but I heard him crying all day long in his berth and got into talk with him. He told me that his wife's relatives had made trouble between her and himself, that an action had been brought

BRITISH CRUISERS TO SEARCH FOR RUSSIAN STEAMERS

Smolensk and St. Petersburg to Be Rounded Up and Told Not to Disturb Neutral Ships in Future -- Balfour Assures Chamber of Commerce Delegation That There Need Be No Fear for Vessels in Future.

London, Aug. 25.—Prime Minister Balfour announced this evening that the British government had ordered two cruisers from the squadron at Cape of Good Hope, without delay, to locate the Russian volunteer fleet steamers Smolensk and St. Petersburg, and to convey to them the orders of the Russian government that they must not further interfere with neutral shipping. The premier stated that this action was taken at the request of the Russian government. This extraordinary statement was made when the premier by appointment received a deputation of the London Chamber of Commerce, which was appointed at a meeting held earlier in the day by the Chamber and East India section of the chamber. These in attendance included representative shipowners and others interested in trade in the Far East. A resolution was passed at the meeting expressing the hope "that this majesty's government will take such immediate and effective steps as will afford all reasonable protection of British shipping and ensure to it the same degree of immunity from vexatious stoppages and examinations as is apparently enjoyed by shipping of other nationalities." At the same time the meeting prepared a letter addressed to Lord Lansdowne, in which it was stated that the continuing of the present situation was having a disastrous effect on shipping and was causing irreparable damage to the whole

DUKE OF MARLBOROUGH FOR GOVERNOR GENERAL?

Ottawa Hears That It is Probable He Will Be Appointed.

Ottawa, Aug. 25.—(Special)—The report is revived here that the Duke of Marlborough may be appointed governor general of Canada. When first mentioned some months ago the report was received with incredulity, but since then it is said developments have occurred which render the rumor more probable. One of them is that the duke has lately been in training at the colonial office. There is also the fact that he stands in high favor with the present administration at Westminster. A leading government official to whom the report was mentioned today stated that although he had heard nothing of the matter he would not be surprised if the duke were appointed.

Louisiana Oil Wells on Fire

New Orleans, Aug. 25.—A long distance telephone message from Jennings, (La.), says that three of the Morse oil wells are on fire and five other wells are in danger. There seems little hope of saving the entire oil field from destruction. The fire was caused by friction in the pipes of one of the wells. So far as known no one has been injured.

ONLY THREE FORTS LEFT TO DEFENDERS AT PORT ARTHUR

Japs Reported to Have 300 Heavy Guns from Home Ports Hammering Stronghold--European Part of Town in Flames--Two of Czar's Destroyers Strike Mines and Sink.

St. Petersburg, Aug. 25.—The Japanese army in Manchuria are awaiting the result of the storming of Port Arthur by the Russian army, which is being hampered by the Russian army. Others are occupied by them, but they are subjected to an artillery fire which renders their tenure uncertain. Fort No. 5, which has frequently been reported taken by the Japanese and retaken by the Russians, is again declared to be in the hands of the Japanese. It is said that the Russian general reports that the new European section of Port Arthur is in flames. Owing to the mud and brick construction of the buildings, however, it is probable that the fire is not general. It is said that the Japanese are using 300 heavy calibre guns taken from the harbor defences of Kobe, Nagasaki and Yokohama. Dysentery in Russian Army. St. Petersburg, Aug. 25.—Lieut. General Sukharoff, commander of the Eastern army, telegraphs that the rains have ended and that fine weather has set in, but that the roads are still impassable. The excessive heat of mid-day has caused a recurrence of dysentery. Skirmishing is frequent, the general says, and there have been outpost encounters at Anshanshan, and a cavalry engagement southeast of Liandianshan. Laid Up Till After the War. Shanghai, Aug. 25.—The Russian cruiser Astold and the torpedoblast destroyer Grozovoi have gone out of commission, but the work of repairing them is being continued. They will remain in port until the war is over. Russian Cruiser Coaling from a German Steamer. The Palms, Canary Island, Aug. 25.—Fishermen report that three Russian cruisers are coaling from the German steamer Valska at Cape Juby, off the south coast of Morocco. Oyama With Japs at Port Arthur. Liao Yang, Aug. 25.—At the Russian headquarters here General Kuroki's army is estimated at 70,000 men, General Oyama at 40,000. This is exclusive of two divisions of about 30,000 moving upon the right bank of the Liao River. According to the Chinese, the Japanese have converted the branch railroad from New Chung to Tushichiao into a narrow gauge and are converting thirty-two gauge guns. The Japanese have converted the Japanese commander in chief, is understood to be with the besiegers of Port Arthur. It continues.

REDUCTION MADE IN FIR STUMPAGE

Government Lowers Rate from \$1.25 to 80 Cents Per Thousand.

SMALL LUMBER CUT

Operators Intend to Curtail Output on St. John River 50,000,000 Feet This Year--Miramichi Cut to Be Much Less Also--No Speedy Trial for Alleged Pickpockets.

Fredericton, Aug. 25.—(Special)—A prominent lumberman said today that there would be a curtailment of 50,000,000 feet in the cut on the St. John river next season, so the cut will amount to between 80,000,000 and 100,000,000 feet. The Dalhousie Lumber Co. have agreed to curtail their operations this season fifty per cent. and Hilyard Bros. have also made that agreement. A Miramichi lumber concern which last year cut over seven million feet will not cut a log this winter. Most of the other important operators have made similar agreements, and in addition to this a large number of logs now on hand belonging to last season's cut, will be held over. Several mills of large capacity along the Miramichi are being closed down, some of the most important ones belonging to Messrs. Ritchie, Lynch and Burns. At the surveyor general's office today it was learned that the stumpage on fir has been reduced by the government as a result of their recent conference with the delegation from the Lumbermen's Association. The reduction in the stumpage rates on fir is from one dollar and twenty-five cents to eighty cents per thousand superficial feet. Before this the rates on even the inferior qualities of fir were just the same as those for such lumber as spruce and pine. This state of affairs the lumbermen felt was unreasonable and it was the unanimous feeling of the association that this should immediately be remedied. The reduction was made early in August. Judge Wilson this morning in chambers declined to grant the application of Charles J. Grant, John Williams and Jas. Howard, the alleged pickpockets, for a speedy trial, and reminded them to jail until the October term of the county court. The Grand Council of the Royal Templars of Temperance for the maritime provinces is to meet here on Tuesday, Wednesday and Thursday next, when on their 17th annual session, the opening session being on Tuesday afternoon. On Tuesday evening there will be a mass meeting in the Baptist church. Rev. Mr. Baillie and Mr. Hays, of Toronto, and Dr. Jos. McLeod will speak and good music will be provided. The marriage is to take place on Sept. 1st of Rev. Alfred S. Rogers of Bear River (N. S.) son of Rev. J. A. Rogers of this city, to Miss Mabel Rice, eldest daughter of Rev. Stephen Rice of Vernon River (P. E. I.).

ROBBERS USE DYNAMITE AT CHICAGO RACE TRACK

Caps Were Strewn Over Betting Ring and Explosion Injured Three -- Efforts to Grab Cash Boxes Failed.

Chicago, Aug. 25.—By the explosion of some dynamite caps, and in the panic that followed it, three persons were injured this afternoon at the Hawthorne race track. It is supposed that the caps were thrown on the floor of the betting ring with the idea of creating a panic, during which the cash boxes of the bookmakers might be robbed. An attempt was made to rob one bookmaker but it failed. There was a wild panic and while the bookmakers, seizing their cash boxes, bent low in their booths, the crowds rushed across to the south side of the ring in the effort to escape. Just as the thick of the throng reached that side of the ring, somebody trod on another cap and the crowd tore back to the place from which it had started. While the excitement was at its highest a man made an effort to grab the cash box of a bookmaker. He was knocked down by a clerk, but escaped. A search of the betting ring made after the injured had been removed, revealed a number of caps lying about the floor. There is no clue to the perpetrators. Schooner Passed Bottom Up. Eastport, Me., Aug. 25.—Schr. Mary E. Pike arrived here today from New York, reports having passed within forty feet of a 150-ton schooner, bottom up, at 3.15 yesterday afternoon, 18 miles southwest by south, from Moosepass, light. The schooner was evidently light, her mainmast was broken off and rudder gone. She gave no evidence of having been ashore. Those on board the Pike could not see the name of the schooner, but believed her to be of Nova Scotia build.

Charlottetown, P. E. I., Aug. 25.—(Special)—William Hickey, aged forty-five, employed at J. M. Clarke & Co.'s lumber mill at Summerside, was killed today by the bursting of an emery wheel. About ten miles out the engine struck the square ends of the points of a cross over switch and bent the rail across the track. During Saturday night's rain storm the water soaked into the cellar of a new house at La Tete owned by W. J. Tucker, a farmer. The blessing took place after the celebration of High Mass, the sermon being preached by Rev. Father Bellefleur, of Grand Digby, Shelburne. The bells, of which there are three, came from France. A very successful concert was held in the Robitney Baptist church Thursday evening. A choice programme of music and readings was carried out. Among those who assisted were Mr. Webb, Mr. F. P. Roberts, Miss Scott, Miss Leves, Mr. Robertson, Mrs. McGinnis, Miss Thompson and Miss Huey. The success of the concert was largely due to Miss Alice Roberts, who had the management of the entertainment. The proceeds, which amounted to about \$30, are to be devoted to renovating the interior of the church building.

He went up the Kennebec and when near Antigonish, found the current so strong that he could not return. He managed to land on the Robitney side and in the early hours returned to town by train.

There's a barber in the city who left Middleville Wednesday evening for a boat sail, but whose cruise was extended to an all night affair. He went up the Kennebec and when near Antigonish, found the current so strong that he could not return. He managed to land on the Robitney side and in the early hours returned to town by train.

GRAND COUNCIL C. M. B. A. IN SESSION

Four Hundred Delegates at Annual Meeting in Toronto.

Toronto, Aug. 24.—(Special)—The 13th annual meeting of the grand council of the Catholic Mutual Benefit Association opened here today, delegates numbering about 400 attending his mass at St. Michael's Cathedral at 9 a. m. After the service the delegates assembled at the Temple Building and a public reception was tendered them by representatives of the city, local C. M. B. A. and other local Catholic organizations. At 2 o'clock the business proper of the convention commenced with the president, Hon. M. F. Hackett, K. C., of Stansfeld, Quebec, in the chair. Other present included Dr. J. J. Pellivan, Silesias (N. B.), first vice-president; J. A. Chouinard, V. B., Halifax; trustees, G. V. McInerney, C. St. John (N. B.); A. D. Richard, Dorchester (N. B.); and Rev. M. A. O'Keefe, Grand Falls (N. B.). The financial report showed a total of 19,556 members and the total receipts of three years for the beneficiary fund was \$80,078, the amount paid out being \$78,390. Reserve fund amounts to \$167,636. Receipts for the general fund were \$74,183 and expenditures \$73,937. Thirty-seven new families have been organized during the past three years. Late Treasurer's Report. Today's session of the C. M. B. A. convention was devoted to discussing a shortage of \$29,500 in the accounts of the late secretary, Samuel R. Brown, of London (Ont.). The executive secured from the widow all the insurance, \$39,000, and hope to realize about \$4,000 more in the settlement with Mrs. Brown, conditional on the association not calling on the guarantee company for \$5,000, which would lead to the company attacking the estate. The matter was referred to a committee.

Premier in Excellent Health—Reception to be Tendered Him by N. B. and Quebec Politicians

Newcastle, N. B., Aug. 24.—(Special)—Sir Wilfrid and Lady Laurie arrived at Metapedia this morning in their private car, attached to the Maritime express. They were received by Senator Casgrain, Charles MacNeil, M. P., and Mrs. MacNeil, and Mr. Cassidy, manager of the Atlantic and Lake Superior Railway, who presented to Lady Laurie a bouquet of flowers. Both the premier and his wife are in excellent health and were anxious to reach Carleton, where they will be the guests of Senator and Mrs. Casgrain for a few days. After a half-hour's pleasant conversation the government car was attached to the train, drawn by the locomotive MacNeil, which was gallily decorated with bunting. The date of the reception to the premier at New Carlisle, the county seat of Bonaventure, will be fixed in a few days. It promises to be a very elaborate affair and will be participated in by the electors of Bonaventure, Restigouche, Gloucester and Gaspé counties.

Its 37th Annual Catalogue.

The 37th annual catalogue of the St. John Business College has just come to hand. It is a credit both to the institution and the printer. Besides the usual information as to rates of tuition, etc., the volume contains good photographs of the proprietors, Messrs. Kerr, and the teachers. An interesting feature is a collection of testimonials from graduates of the college, both in this city and in the States bearing witness to the benefits they derived from a course of tuition at this excellent institution.
