**BEAVER BOARD**  
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.  
We carry a large stock in assorted sizes.

**MAIL ORDERS**  
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

## GRIPPING STORY OF THE SOLDIERS BATTLES With Glory in Desperate Fighting

Canadians Covered Themselves  
Lieut. H. W. Ferguson, whose letter has given a splendid description of the battle in which the 26th was engaged on October 13th, in a letter to his brother, Mr. W. M. Ferguson.

In his letter, which was written on October 14th, he says:  
October 14th, 1915.

Dear Will:  
I am writing this in my dugout in the trenches so that I can get it away in the first mail that leaves after we get out tomorrow night.

We got it hot yesterday and our casualty list is fairly heavy, but the German list must be longer than ours by at least five times the number.

Our engineer officer told me that there must be at least four hundred Germans lying killed and wounded in the wood slightly on our right front.

We started the fun in an attempt to take a crater forty yards in front of our line. This crater was where the Germans had sapped our underground and blown up, using the immense help as a point to bomb us from, our artillery shelled them for over an hour, then they threw smoke bombs over the parapet.

When the artillery began shelling, the Germans commenced their trenches expecting an attack, then when the smoke blew over on them they thought we were using gas and began crawling the communication trenches. Here our artillery got them, also our machine guns and mowed them down. Then our bombers and two platoons charged through the smoke at the crater. The Germans turned about a dozen machine guns on our fellows, but they got the crater.

Our engineer officer yelled out "about turn: it's mined," and two thirds of our fellows got out before it blew up. The smoke and din was awful. The crack of machine guns and rifles a continuous roar, with the thudding earth shaking booms of the bombs both sides were hurling at each other and the wind whirling the dense smoke about, through which darting forms and flashes were visible intermittently as it thinned a little here and there. It was war, Will, war, all right enough.

The whizzing, spluttering, whining bullets hammering about everywhere seemed at times like an army hornets and again like the snapping of a million sharp whip lashes. At times you could hardly see the length of a rifle in front of you, while again a whiff of wind would clear a path for yards, showing up now this portion and now that of the struggle. The Germans were driven out of their point of vantage, but our fellows had to retire when the mine went up, under a fearful machine gun fire. Talk about men! These men were MEN! They jumped that parapet on the word of command without a seconds hesitation and went for those Germans like an old time regiment. One sergeant shot eleven Germans and when the word to retire came strapped a wounded man on his back with the chaps puttee and carried him in. They all did their best and most of the wounded were brought in, but I am sorry to say nine bodies of our men are plainly visible out there in "no man's land" with half the machine guns in this portion of the German line playing all around the spot, making it absolutely impossible to get them in. One of my bombers had Sergeant Cotter on his back badly wounded and had only gone five steps with him when another bullet entered his cheek and came out the top of his head, killing him instantly. He dropped Cotter and picked up another wounded man and brought him in instead. Cotter is one of the number still outside the parapet. There is no way of getting at them. The string of wounded was the heartrending portion, but gamer men never lived or died than those fellows.

One chap with a leg shot off and two bullets through his stomach, smoked a cigarette and joked about the wooden leg he would have to get now. He died about six hours later, conscious all through.

Another chap with his scalp practically torn off his head and the blood all streaming down over his face and clothes, when the stretcher bearers came over to bandage him up, said nodding his head to the line of limp forms strung along the inside of the parapet, "Look after those poor chaps, they need it more than I do."

The Germans, beyond a doubt, were caught by surprise, even though they were massed in hundreds over there, but they quickly woke up, and every big gun in the entire line was soon playing on us. The big ones were coming over almost at the rate of rapid fire with rifles. It was a nerve shattering din. By this time most of our men were back behind the parapets, but still several parties were bringing in wounded. My ears still seem to be plugged with the noise of shells bursting.

These big "coal boxes" would seem to take the whole earth up with them. A pillar of pitch black smoke would fly in the air sixty to a hundred feet,

## LETTER RECEIVED FROM COMMANDER Major Anderson Writes Contradicting Report From Ottawa Re. Discharges

Some time ago statements were made by the Militia authorities at Ottawa regarding two of our town boys, Ray D. Young and James Cantwell. Later, the authorities found they were in error, and notified the Secretary of the Patriotic Fund of this fact, and to make the corrections all the more public, we have pleasure in publishing a letter received from Major Anderson, Commanding the Battery to which these men are attached.

15-10-15.  
Belgium.  
"Editor" of Campbellton Graphic:  
Dear Sir:

Will you allow me space in your valuable paper for the following letter. I noticed a local item in your paper, I forget the date at present, to the effect that the Secretary of the Patriotic Fund was advised that Corpl. Ray D. Young and Driver James Cantwell had been discharged (from the 8th Battery, or possibly from the British Expeditionary Force I presume).

Both these young men are from your town and I feel it nothing more than fair that I should write you and say that at this moment Corpl. Ray D. Young is on duty at the guns, where he has always been except for one week, "pass" in England in July.

He sleeps only 10 yards from No. 4 gun at night, and remains there all day. He is one of the most faithful, trustworthy and efficient members of the Brigade, (not only Battery). And we are within rifle shot of the enemy, where he takes his chances every day like a man.

Driver James Cantwell is in the D. O. C., where he was sent after recovering from his wounds, and where he is giving satisfaction. Driver Cantwell will be transferred to the Battery on first opportunity.

Thanking you, I am,  
Yours sincerely,  
O. B. Anderson, Maj.

"It would be well for our readers to remember that the report of the discharge of these two men was wired from Ottawa, and later, when the contradiction appeared in the columns of the Graphic."—Editor.

apparently carrying everything in the vicinity with it, making a roar that only be likened to the crack of doom. How long we were hammered this way I cannot tell you, but it seemed as though it would never stop. Even in the middle of it I couldn't repress a smile and I didn't feel much like smiling then, I can tell you. The cause of the smile was one of my fellows huddled all up with a dozen other against a bulkhead of sand bags, that would bust like tissue paper if a coal box hit it, remarking, "By Gosh Boys! This makes a man think of the past life he's led!" Whenever the bombardment ceased we had that parapet manned in a jiffy, but they didn't come at us. I was at it all last night, repairing the immense gaps torn in my trench, some of them you could drive a double team through and on each the Germans had a machine gun trained, and every few minutes would let loose a burst of rapid fire. We had many narrow escapes doing this repair work, but no casualties. The Germans seem very nervous and jumpy and let drive a stream of bullets at us at the slightest provocation.

Our boys have the feeling that we've "got their goat" across the way over there. When the time comes to jump the parapet and the whole line go for them at once, there'll be something doing, alright. The men don't like the game of bloody murder sitting tight, with any instant one of those hair raising "coal boxes" likely to lift them sky high.

Poor Almond Savident got his yesterday during the "big show". A piece of shell that got a couple of others hit him about the waist line, killing him instantly. He probably never knew what hit him for he was dead before the stretcher bearer had time to open his coat. The killed, wounded and missing list at present is considerably tangled, but so far Almond is the only man from Campbellton killed. Jack Shannon is still with us and so far as I know is alright. Jim McNaughton has left for the mechanical transport end of the game. I hear that Art Poirier is doing fine as a sniper in the 16th Battalion. In the trenches in the daytime we use trench periscopes most of the time and whenever we do poke our head up, we don't leave it up very long and never stick it up twice in the same place. It is quite true that they have quite a number of very good snipers, but it is their machine guns to no end that worry us the most. Whenever their artillery break our parapet, they turn a machine gun on the hole and keep it there every little while, letting the bullets drive in spurts. Also when we crawl out into "No man's land" to repair our barbed wire entanglements they are very unpleasant. The Germans send up hundreds of brilliant flares.

Balls of light shot in the air over our trenches that for half a minute illuminate everything like an arc lamp. When these are up we lie absolutely rigid with our nose dug in the earth or grass, for at the least suspicion of movement the Germans let loose with a machine gun at the spot, and run out a belt or two of ammunition and there is always a satisfying number of bullets flying about out there, without sending out a special invitation.

I saw Jimmie Moores not long ago. He is on the artillery brigade staff and looking well indeed. The last time in billets I also saw Chip Duncan, Dewey Wall and Guy Lutz. I think I told you that I have also seen Chesley Fairly, Harry Murray, Leslie Dewar and Eddie Turner and Ernest Adams, all of whom are looking very well and fit.

Bert Cochran rode up to our billets some time ago wearing a corporals stripes on his arm. He belongs to the Divisional Cavalry of the II. Contingent.

Well, Will I'll have to wind this up as the mail goes out right now and won't await my pleasure. One thing I forgot to mention is that the 26th have received a personal note of congratulation from Major-General Turner, V.C., D.S.O., the General officer commanding the second Canadians, on our showing of the day before yesterday. I started this letter in my dugout in the trenches, but had to complete it in billets, so if it partakes of a disjointed nature, it is only the natural outcome of the conditions under which it was written. The mail man has his hand out so I must double on the home stretch. Give my love to all the home folks, Will, and my kind regards to all my friends.

HARRY.

## SUPERINTENDENT IS NOW APPOINTED W. R. Devenish Takes Position Here. W. R. Fitzmaurice Goes to Newcastle

Moncton, Nov. 1st.—Official announcement has been made to the effect that Mr. W. R. Devenish, assistant chief engineer of the I.C.R., has been appointed superintendent of District No. 2 at Campbellton and left on the Ocean Limited yesterday to assume his new duties. This position was formerly held by Mr. Evan Price, whose death occurred some weeks ago. Since that time, Mr. W. R. Fitzmaurice has been acting, while Mr. Claude D. Bovard has been acting at Newcastle. Mr. Fitzmaurice will return to Newcastle, while Mr. Bovard's new duties have not been assigned to him as yet.

Mr. Devenish will reside in Campbellton and Mrs. Devenish will remove there in a few days. During their residence in Moncton, Mr. and Mrs. Devenish have made many friends in this city.

### GERMANS DISGUSTED WITH OFFICERS' CRUELTY

Extracts From German Private's  
Diary Shows Conduct of  
Officers

London, Oct. 29.—The Times publishes this morning extracts taken from the diary of Pte. Becker, of the Company of the Ersatz Battalion of the 3rd Foot Guards of the landstrum, professor of Latin at the gymnasium of Bonn. The writer throughout makes complaints of brutalities practised by German officers and non-commissioned officers on soldiers. On August 7, when on the Russian front, Becker wrote, March 7th:

"Disgusting conduct of officers. Officers divide presents from home among themselves. They take away tents from the men and have fine tents put up for themselves in which to wrap themselves up comfortably. They go on a spree, steal bread and wine out of the wagons, and all the while they are drawing big rations."

On August 9 Becker wrote: "We are now three miles from the front. The third company has come back. All the men I knew in it were either wounded or killed. They are horribly tired and their morale is low."

August 12: "Drill night under canvas. It is a trifle in itself, but the endless threats of punishment for the smallest blunders make life unbearable. In the presence of the haughty and independent attitude of non-commissioned officers, the men seem like mere coppers."

August 14: "In action. Awful fire. The regiment lost about 170 men. It is stupid to attack so strong a position," muttered Capt. B. All the same it did not prevent him from firing on his own men."

August 15: "In pursuit of the Russians. Worn out by excitement and hunger. Exuberant cheerfulness of the officers. Colonel, major, captain, laugh boisterously, their faces beaming and shining with fat. For us, hardships, dirt and hunger. We are treated like criminals and worse. All of a sudden, for nothing, one is threatened with a beating. The commissioned ranks, from Major Silfrid downward, set the example. Everybody is discouraged. Men of peaceful nature are crushed, the passionate desire for peace amounting to physical pain."

August 25: "Lt. Reinicke is never there when the firing is going on. When the danger is over, he rushes impetuously to the front. The whole company laughs at it. He is a grotesque sight."

Aug. 29: "As soon as the attack opened, the officer commanding the company, Lt. Reinicke, stayed behind, and nothing more was seen of him. Not only so, but the section of leaders and non-commissioned officers stayed behind the section and groups advanced without leaders. Indescribable jumble. We had heavy losses, but one no longer notices them."

September 21: "When the diarist was transferred to the French front he wrote: 'Lt. Reinicke has got the Iron Cross. It is the triumph of this vile regime of masters and slaves. As a result of our marches in Poland many of us have sore feet. We marched incessantly and if we finished we were threatened with punishment.'"

September 27: "One gets stunned intellectually. One has no longer a single idea except to keep going physically. Always the same longing for peace, and before my eyes the spectre of the French front close at hand, with the horrors of its artillery fire. Lt. Reinicke has been drunk since yesterday."

### FRUIT, THE GREAT PHYSICIAN

#### Healing Powers of Fruit Proved by "Fruit-a-lives"

The simple juices of apples, oranges, figs and prunes, when transformed into 'Fruit-a-lives' will relieve diseases of the Stomach, Liver, Kidneys and Skin.

The truth of this statement has been proved in thousands of cases of Indigestion, Dyspepsia, Torpid Liver, Constipation, Kidney and Bladder Troubles, Skin Diseases, Rheumatism, Neuralgia and Chronic Headaches.

#### WILL BUILD NEW MILL AT NELSON

Fraser Ltd. Have Taken Over  
the Lynch Property on the  
Miramichi

Fredericton, N. B., Nov. 1.—The formal transfer of the Timothy Lynch lumber property on the Miramichi to the Fraser, Limited, of this city, took place here this morning. About 9,000 acres of granted lands and licenses for 125 square miles of crown lands made up the lumber lands in the transfer, while the millsite at Nelson and everything else in the Lynch company's business was also turned over, including half a million or so of round logs which are being carried over. The price was \$130,000.

Fraser will cut between six and eight million feet of lumber on the property this winter, and plan to purchase some logs as well as stock for the new mill to be erected on the site of the present Lynch mill at Nelson. The new mill will probably manufacture about ten million feet of lumber in 1916. The plant will be similar in most respects to Fraser's mill at Cabano, Quebec, and will have a capacity of about 120,000 feet per day and cost between \$80,000 and \$100,000.

#### REMEMBERED BY THEIR HOME TOWN

Dalhousie Recruits Supplied  
With Comforts by Donations  
From Former Residents

The Women's Institute of Dalhousie are in receipt of five dollars from Mr. G. Hagdow, which amount has been received by him from Miss Eugenia Shaw of Eldridge, California, to be used in supply comforts for the "Dalhousie Recruits."

Miss Shaw is a daughter of the late Dr. Saml. Shaw, formerly a resident of Dalhousie.

The sum of five dollars has also been received from Mrs. G. Ball of Claremont, N. H. Mrs. Ball was formerly Miss Margaret Scott, daughter of T. G. Scott, Esq., of Dalhousie. The members of the Institute wish to express their sincere thanks for these generous gifts from friends, who, though far away, have thus shown that their hearts are still in their old home town.

### CHANGES IN THE PATRIOTIC FUND

#### New Regulations Effective Nov- ember First—Some Restric- tions

The executive of the Canadian Patriotic Fund has made a revision of its rules in regard to the payment to wives and dependents of soldiers at the front. Allowances after November 1st are being based on the following regulations: 1. Families, in which the father is alive, able bodied, and under sixty-five years of age, or where there are other males over fifteen years of age, capable of assuming its support, should receive no assistance, from the fund. The fact that the other male members are out of work is not sufficient justification for granting aid; 2. Families of men on garrison and picket duty in Canada, known as active home service, must not hereafter be assisted by the fund; 3. Where there are several children in a soldier's family, only one may be reckoned at the maximum rate, and only one at the intermediate rate, and all others, no matter of what age at the minimum rate; 4. Where the wife of a Canadian volunteer (C.E.F.) has no children, is well and strong, and is regularly in receipt of separation allowance and assigned pay, she would not receive more than \$5 per month from the fund; it is felt that with \$40 per month from these three sources such a woman cannot be regarded as being in need. This ruling does not apply to widowed mothers and not to married women with children.

5. No C. E. F. family receiving separation allowance may draw more than \$30 per month from the fund, no matter how many persons it may include; 6. Not more than one extra month's allowance should in any case be given by way of retroactive payment; 7. Where there is shown or suspected that a man is enlisting for the second or third time, the family should receive only temporary assistance in small amounts, until the head office has been notified, and the man's record reported upon. If there be any doubt as to his being likely to remain with the regiment no regularly allotment should be made to the family, until the soldier has sailed for the other side; 8. Where a family desirous of returning to their former home overseas requires more than \$40 plus railway transportation to an ocean port the additional amount should be contributed by the family itself; 9. Compassionate allowance should be very rarely made. The assigned pay which every soldier's wife now receives, should be regarded as sufficient for special needs. Where a soldier's wife has saved part of this assigned pay it should be drawn upon by her for emergencies; 10. The family of a discharged soldier should on his return home, receive no further assistance from the fund; 11. As soon as a widow receives the first of her pension cheque, and as soon as a disabled man accepts an award fixed by the pension board of the Militia Department no further payments can legally be paid the family from the fund; 12. Families of soldiers who, though they may have enlisted for overseas service, are still living at home and drawing in addition to their pay a substantial allowance should receive no help from the fund. Only when these men go into barracks and the substantial allowance ceases, may their family be helped from the fund; 13. Recruiting officers should be notified that they have no authority to promise specified amounts to the wives of men, who enlist; 14. No allowance should be granted where the woman before the soldier's enlistment was in no way financially dependent upon him.

Official figures of the receipts for September 30th shows that there has been received \$5,235,540 and disbursed to that date \$3,207,406. Leaving a balance on hand of \$2,028,133. Up to the month of May the receipts were higher than the disbursements, but since that date the disbursements have been much heavier, so that there is no doubt of the necessity of inaugurating a new campaign.

JUST THE RIGHT PRESENT  
Don't take chances in the matter of Christmas presents. You don't want yours like so many others, to be received with indifference or worse, and ten days after Christmas to be cast aside and forgotten.

You take no such chances in giving The Youth's Companion for a year. Did you ever know of a home in which it came amiss, or of one in which it was not conspicuous on the library table or in some one's hands all through the year?

It is worth while to make a gift of that sort, and it is worth while to receive it, too, for The Companion illustrates the best traits in American and Canadian life in its stories and sketches, upholds the best standards in its articles and original contributions, and combines the practical and informing with the entertaining and blood-stirring.

If you do not know The Companion as it is to-day, let us send you one or two current issues free, that you may thoroughly test the paper's value. We will send also the Forecast for 1916. Every new subscriber who sends \$2.50 for the fifty-two weekly issues of 1916 will receive free all the issues for the rest of 1915 and The Companion Home Calendar for 1916.

## 20TH. CENTURY CLOTHING THE FINE ART OF DRESS

We have found that many Men who were more or less careless about their dress before they started wearing 20th Century Brand Clothes have never been careless since. Once they knew and felt the satisfaction of good clothes they continued to demand satisfaction. They learned that it's a mighty comfortable feeling to be well and correctly dressed.

Sure. Walter, aged seven, is a wise son who knows not only his own father, but his mother as well.

First. They were at dinner, and the dainties were on the table.

"Will you take pie or pudding?" asked papa of Tommy.

"Now, Walter," said the teacher, "if your father can do a piece of work in one hour, and your mother could also do it in one hour, how long would it take both of them to do it?"

"Three hours," answered Walter, "counting the time they would waste in arguing about how it should be done."

"Pie first!" answered Tommy triumphantly.

On Monday forenoon the brigade were called out to a fire at a dwelling house back of O'Leary Street. The fire had caught somewhere around the chimney, but was easily extinguished by the brigade, little damage being done.

### SUCCESSFUL SUPPER

The ladies of the Municipality of Mann, Cross Point, gave a supper on Thursday, Oct. 28th, at which they realized \$62.00 in aid of the Red Cross. It was a field day in the province of Quebec, and the ladies of Mann are to be congratulated upon their success.

### WAR SOUVENIR

Rev. Fr. Wallace received an interesting War Souvenir from Pte. Art. O'Keefe in the shape of an old Prayer Book, dated 1840. On the fly leaf is written "Picked up in a ruined house in Frise near Somme Canal, on October 13th.

### FOR FLYING CORPS

Robert K. Shives, of the class of 1913, was here on Saturday, October 9th, to pay Frederickton friends a short call on his way home to Campbellton. N. B. Shives has been taking instruction in the Curtiss school of aviation at Toronto, having qualified as a second lieutenant in the flying corps. He left the following week for England where he hopes soon to receive the rank of lieutenant in the Royal Flying Corps. It is believed here that his nerve and resourcefulness will win him rapid promotion in his hazardous undertaking and that he will play a man's part in the game wherever duty calls him. Along with the other forerunners now in the trenches we can only wish him success and a safe return. University Monthly, Frederickton.

### PRESENTATION

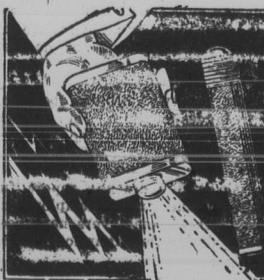

A very beautiful and acceptable presentation has been made to St. John's Presbyterian Church, of Kempt Road, P. Q., when Mrs. John McCormick of Boston presented the church with a Communion Table in memory of her father, the late Melvin A. Adams. The table is of solid oak in fumed finish and supplies a long felt want. The linen coverings, etc., beautifully worked, were supplied by Mrs. McCormick some years ago. The people of Kempt Road and vicinity wish to avail themselves of this opportunity of expressing their sincere thanks to Mrs. McCormick for her generous gifts.

### GETS COMMISSION

Word has been received that W. E. Trueman, a brother of Mr. W. A. Trueman of this town, has received a commission in the 89th Overseas Battalion in Alberta. This unit will be commanded by Lieut. Col. Naismith, a returned soldier who saw service at St. Julien. Mr. Trueman has been postmaster at Exshaw, Alberta, since leaving here some years ago, and at one time worked in the store of Mr. Ben Windsor. Mr. Trueman was through the South African war.

### GOING BACK TO THE FRONT

Major Jack Mersereau, who since his return from the front has been resting quietly in the seclusion of his former home at Doaktown, is making substantial progress towards recovery. Major Mersereau was wounded while serving in Flanders and was left for dead on the field. He was for a time deprived of his eyesight and also the power of his speech. He has not been much in the limelight since his return home but is counting the days when he will be well enough to get back to the front. He hopes to be well enough to leave early in the new year.

## HEADACHE?

Thousands of persons who have never known a day's sickness in any other form are subject to frequent attacks of Headache that almost drive them mad.

Whatever the nature may be and the cause, the immediate condition that produces the pain is a congestion or filling up of the blood vessels of the brain with blood, thus causing a pressure on the brain cells and nerve filaments.

In treating all forms of Headache the first thing to do is to relieve the congestion of the blood vessels of the brain. Abbey's Effervescent Salt in laxative doses does this promptly.

Sold everywhere at 25c. and 60c. Full blooded people who are subject to frequent attacks of Headache can be entirely relieved by taking laxative doses of the Salt every morning. Headaches from Indigestion and Bileousness are also entirely banished by continuing the use of the Salt until the normal action of the liver and stomach is restored.

### THE GRIST MILL

The machinery of the mill is now being installed and everything will be in readiness for grinding in about two weeks. Mr. Robt. St. Onge states that everything is going well and the company will be prepared to receive consignments next week. The operation of this industry should be a great boon to the farmers in this County, and it is hoped that the mill will receive a large share of patronage.

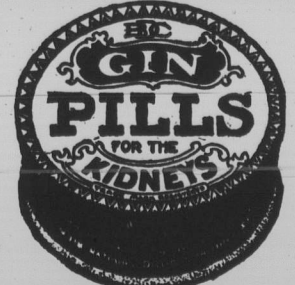

The lack of a grist mill has been a long felt want in this community, and now that this is an accomplished fact, we look to the Company earning good returns from their investment. While there may not be much wheat for grinding this year, the knowledge that we are able to grind all our own wheat, should stimulate farmers to go in more for growing grain, etc.

There is no doubt in any one's mind but that the soil in Restigouche is just as good as in the West, and there is nothing to hinder our County becoming a large grain growing district.

### UNCERTAINTY

It is much to be regretted that the present uncertainty regarding billeting of troops is acting as a deterrent against recruiting. Campbellton and district has given a large proportion of volunteers to the defence of the Empire and many more will yet be had once it is properly known what disposition will be made of recruits for the winter months.

Definite information regarding billeting is difficult to obtain, and it is hard to understand whether this matter will be governed by the exigencies of political expediency or military necessity. As the matter stands at present we have the statement of one military authority that the men will be billeted where they are recruited, while other officers state that no in-

Regulate Kidneys  
AND  
Relieve Constipation

Gin Pills are acknowledged to have the largest sale of any proprietary medicine in Canada—in achievement solely due to their remarkable virtue as a Kidney and Bladder remedy.

But users of Gin Pills have discovered that this invaluable remedy also acts as a mild cathartic. The evidence of hundreds of letters we have received establishes the very logical fact that in compensating a medicine to treat and cure the Kidneys and Bladder certain of the ingredients have a stimulating effect upon the other organs, especially the bowels. It is important to know that Gin Pills do not act harshly on the bowels as do many other purgatives, but a gradual and gentle restoration of function. Try Gin Pills for constipation. In this relieving the bowels, you safeguard yourself against possible Kidney trouble.

Gin Pills are 25c. a box, or 4 boxes for \$2.00 at your dealer's. A trial treatment will be sent upon request.

structions have been received from Ottawa on the subject. It was hoped that it would be possible to have the old I. N. R. station and other buildings fitted up to house some troops here, but we are informed that this plan is not looked on with favour by the authorities as it would cost too much money.

Our opinion is that too much money can not be spent on a district that has done so well as Campbellton has.

### THE REASON WHY.

The Kaiser wants Canada in order to accomplish his dream of World Empire. It is to preserve the freedom and liberty of the British Empire—to save Canada from German Dominion—that her soldiers are now fighting in Europe. Success of the Germans in Europe would set free her battleships to attack Canada. Canadians are now fighting side by side with men from the Mother Country, and the other Dominions of the Empire, but the numbers are not sufficient to drive back the German hordes.

The Reserves of the Empire are now being called for. Canada must do her share, and she wants you to make up the required number. General French says: "In this great service of the Overseas Dominions, at the head of them all, comes Canada."

Don't let the other fellow fight for you! Germany declares she will have World Dominion or Death—will you be in at the Death?

### ENGLISH ARE JUST

The "Saturday Evening Post" publishes two articles smuggled out from Constantinople by a lady correspondent who has been there ever since the Allied fleet commenced hammering at the Dardanelles. The previous article showed this lady to be on intimate terms with the German authorities at Constantinople and evidently friendly to their cause, but after reviewing the situation thoroughly, she plainly states that the Turks have little or no use for their German masters. She quotes a German officer saying—"Of course we do not like to admit it, but long as we have been here, it must be confessed that these people like the English better than they do us." And again she tells how a citizen told her in a confidential whisper that a great majority of the people are merely holding their breath in the certainty that things will be straightened out upon the arrival of the British who are just." In concluding the article the correspondent says—"Constantinople presents the unique spectacle of a besieged city, three quarters of the inhabitants of which are praying for the success of the besiegers."

### SIR CHAS. TUPPER

Ottawa, Oct. 30.—Premier Borden received word of the death in London this morning of Sir Charles Tupper.

Although only a few years have elapsed since Sir Charles Tupper severed connection with Canadian public life, he is known best not for his short term as Premier, nor his work in England as High Commissioner, but for the part he took in the Confederation movement, and later as one of the ministers of Sir John A. Macdonald. One of the fathers of Confederation, one of the group of men who played an important part in the stormy days of Canada's young life, Sir Charles was known to few Canadians of this day and generation. His memory, however, lingers. Old animosities are forgiven, he is regarded by Conservatives and Liberals as a great Canadian, the last of the fathers of Confederation. His death, although it comes in the fullness of years and after he had long passed the allotted span, will be heard of with sincere regret throughout the Dominion.

### THE FISH TRADE

We see it stated that notable developments are taking place this autumn in the fisheries of Western Canada. The announcement is made by the Grand Trunk Pacific authorities that White Fish is now being shipped in car lots from Lesser Slave Lake in Northern Alberta to Chicago.

The construction of the Edmonton, Dunvegan & British Columbia Railway northward from the main line of the G.T.P. has made this lake accessible, and in its waters are great numbers of fish. Two companies have been formed to carry on the fishing in the lake, and the Canadian Express Company is being called upon to supply special refrigerator cars to take the fish to Edmonton and thence by way of the Grand Trunk Pacific to Winnipeg, and by connecting lines to Chicago.

A great distributing point for fresh fish, the Chicago market can take all the white fish that can be sent from Western Canada, and the transportation companies, it is expected, will have to enlarge their arrangements next year to meet the growing traffic. Chicago is also taking from Canada large quantities of fresh Prince Rupert halibut, and the fishing industry is very brisk at the new Pacific Coast port. Over fifteen million pounds of fish handled in the month of August. While the salmon end of the industry was the largest part of the industry, halibut showed up well, with 2,106,400 pounds landed at this port. The salmon pack for the month represented 12,999,700 pounds of fish, representing at a modest valuation, well on for three-quarters of a million dollars.

It certainly seems passing strange that fresh halibut and white fish can be brought thousands of miles from the Pacific and Slave Lake to Winnipeg and Chicago, and that here in the East with not a fourth of the distance to overcome, we can get little or no fresh

## 'ZOE-TIC'

The Greek Health Tonic.

This splendid preparation is accomplishing what seem like wonders to those who have suffered, and drugged, and dragged themselves through the weary work to sleepless nights. But it is no wonder to those who know that health is natural—that headache, indigestion, chronic fatigue and "Nerves" are unnatural and unnecessary. Zoe-tic simply restores through proper nerve food the balance of natural joyous health.

Don't drug yourself—it is often dangerous—always temporary in relief—and as unnatural as taking a pill when you are hungry.

Take Zoe-tic—the health food for nerve hunger, live naturally and drink lots of pure water. If you cannot report real progress toward better health within two weeks return the unused portion of the bottle of Zoe-tic and we will refund your money without question. That's the measure of our faith—our knowledge of what Zoe-tic will do.

### SOLDIERS LETTERS

Letters from men of the 26th who took part in the fight of October 13, breathe the spirit of victory. The men are properly proud of what they did and the only thought of the wounded is to get back to the trenches. These letters should fire the enthusiasm of the men at home and make them realize where lies the path of duty.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Henry Ford, the great automobile manufacturer of Detroit, has stirred up a hornets' nest by his unhappy pronouncement on the American loan to the Allies. The latest question to be put to him on the subject is whether in view of it, he would advise Canadians to stop fighting the "men" who shot Edith Cavell. His answer has not yet been received.

Men and munitions are the twin needs. The struggle must be won in the field and in the factory. The more willing the offer to fight and work the sooner will the stress be ended.

Newcastle, N. B., Oct. 30th, 1915.  
To the Editor, Campbellton Graphic,  
Campbellton, N. B.

Sir:

The list of Officers appointed to the 104th Battalion, as given out last evening by Lt. Col. Fowler should cause some of the people who have taken an interest in recruiting in Restigouche, and other North Shore Counties to "sit up and take notice."

A glance at the list as published in the St. John papers last evening will show that the County of Restigouche has not a single Officer on the list, and that the four Counties, Restigouche, Gloucester, Northumberland and Kent, are represented by one Officer, and that one not an Officer of the Regt. but merely attached for a Military Course.

Lt. Col. Fowler stated at a recruiting meeting in St. John last evening, that all appointments were made for merit alone, but that sort of talk is not taken seriously, and deceives no one, appointments are made by "pull" political or otherwise, and every one knows it, then what is the matter with our Local Member, and the other Gentlemen who handle these things in Restigouche? Is it that they have not weight enough to see that our Officers get a square deal, or are they indifferent about the matter?

Restigouche has done its full share in filling up the ranks of the 104th, and should have been represented by at least two Officers.

There are several Officers in the County who have tried for months to get an overseas appointment, men who have spent their time, and money going to Camp to fit themselves for just such a time as this, and are now elbowed aside to make room for young fellows who have had no previous training, but who have the necessary "pull".

Is it any wonder that the older Officers are getting to be disgusted with the whole thing? Thanking you Mr. Editor, I am

"ONE OF THEM."

### MUST PROVIDE

Steady additions to the ranks of Canada's overseas forces makes necessary increases in the Patriotic Fund. That fact must be kept constantly in mind. The man who places his life at the service of the nation has a right to expect the stay-at-homes to provide liberally for those dependent on him. Your part, no matter what you pay, is easier than his.

Sir Robert Borden is still clinging to the Nationalists and bidding for Mr. Bourassa's support. His new Minister of Inland Revenue, Mr. Patenaude, is one of Henri Bourassa's greatest admirers and closest friends, and will count upon the support of the Nationalist voters in Hochelaga should his election be contested. In the autobiographical sketch which Mr. Patenaude furnished the Parliamentary Guide, he classes himself as a "Conservative-Nationalist" in politics.

If the war is going to end in October as the Kaiser predicted, it is disgusting its intention with the great skill.

One railroad man says: Automobiles in this country are bound for steady reduction in prices, and in a few years the masses will be using them by the million.

They say that the hammock is passing. It and the top buggy were wonderful aids to matrimony in old days. The automobile will never wholly replace them.

Coffee has been knocked out in three rounds, but there are other beverages we could name which take a lot more punishment.

Australia is doing better than Canada in this war, in proportion to its population. We refer to this fact simply as an inducement to Canada to do more.

German aviators who drop bombs on Swiss towns, even by accident, are taking long chances. Germany has foes enough.

Russia has two million beggared war refugees—Britain not one who has had to flee from the invader. That is what sea power means.

British trades unions report full treasuries and no unemployment. Evidently their employers have been forced to divide the gigantic war profits.

### He Knew.

"Do you know" the value of an oath?" asked the judge of an old dandy who was to be the next witness. "Yes, sah, I does. One ob dese yeah lawyers gibb one has a liblah to swear to suffin. Dat's de value of an oath. One dollah sah."

There was consternation in the court room.

## War Tax Stamps

Every Letter and Post Card mailed in Canada for delivery in Canada, United States, Mexico, United Kingdom and British Possessions, (wherever the two cent rate of post applied) must now bear a WAR STAMP in addition to the regular postage.

It is going to take the citizens of Canada a little while to get accustomed to the New System, and there will doubtless be many cases where the affixing of a WAR STAMP will be overlooked. All letters so mailed are sent to the Dead-Letter Office and opened, and where possible (if address is given) returned to sender.

YOU CAN AVOID this inconvenience by having your box number or name and address printed on corner or flap of your stationery. Then, if by any chance you should neglect to affix a WAR STAMP, your local postmaster would know at once where to return your mail matter, and the delay of going to the Dead-Letter Office would thus be avoided.

We will supply you with a good quality commercial envelopes, neatly printed for \$2.50 per 1000.

### SOLDIER'S LETTER FROM THE FIRING LINE

Well-Known Campbellton Boy Writes From Somewhere In France

The following letter has been received from Robert Steeves, son of Mr. Ben Steeves of this town. "Bob" went over with the first contingent and has been in the firing line now for nearly twelve months.

Somewhere in France 13-10-15

My Dear Mother: I received your most welcome letter yesterday and was awfully glad to know that all were well. I am feeling fine except for a slight cold, but we all have that so it is nothing to worry about. I am sorry that you had to wait so long for a letter, but it was not my fault for I write to you at least every three weeks. I have sent several cards, so there must be some mail going astray. You want to be very careful how you address my letter, as a slight mistake will delay it a month or more. I have sent Bert the proper address so you can get it from her. Well, now for a little war news. Of course, you know we are not allowed to say much about what is going on, but I will do my best. The French and British are having great success. On their advance they say the slaughter of the Germans is something awful. The First Contingent are not doing much real fighting just now. We are just holding our trenches, and it gets very tiresome. We would rather do some of the fighting. We do a lot of work digging trenches and building parapets and dugouts. In our homes we have to live like rats in a hole in the ground. I have sent Bert a big figure in this war. We had a great sight of one today. It was something wonderful the antics he cut in the air. He was being shelled by the German Anti-Air (craft) guns. He would drop two or three hundred feet, you would think that they had hit him, but he would loop the loop, regain his level, spiral around like a cork screw, dodge in and out to fool those who thought they would get him. He is about the best there is out here, we call him the mad major. Anything that he cannot do with a plane is not worth doing. We see such sights as that quite often. You were wanting to know what I thought about Howard joining. I think it is the best thing that he could do. Bert says Harry wants to join. He is a little young, but there is as young as he out here. I will not recommend to let him come, but it certainly would not do him any harm to have the training. It would make a man of him, but I know how you feel about it. I know that you worry a lot about me and now I expect Howard is added to that worry. But Mother Dear, remember this, that man is born but once to die and what better death could you wish them than dying for their country's honor. There are mothers in England who have more

### TWELVE RECRUITS DURING PAST WEEK

Gloucester County Doing Fairly Well Toward Supplying Men Needed for Service on the Firing Line

Besides J. Theo. Doucet, eleven other young men left their home in this County during the past week for the purpose of giving their services, and their lives if need be, for their King and country. Most of them are from points outside the town but two of those who have gone, were exceptionally popular young men of the town, Chas. Brown and Napoleon Canty. All were very fine specimens of manhood, and are sure to give a splendid account of themselves when the time comes. The list follows:— J. Theo. Doucet, Bathurst. Chas. Brown, Bathurst. Napoleon Canty, Bathurst. Jos. Casey, Bathurst. Arcade Breaux, St. Josephs. Richard Legeere, St. Josephs. Jos. P. Foley, Caraquet. Pierre Landry, Tracadie. Wm. O'Keefe, Tracadie. Honore Pinette, Mizonette. Docity Comeau, Pokemouche. Henry I. Dugday, Green Point.

sons in the war than you have got. What must it be for them. Now promise me that you will not worry any more about me, then I can go about my work more contented, and a man needs all his thinking power clean to enable him to do the work that has to be done out here, so you see it would be much easier for me if I knew that you are not worrying. I know that you are a great believer in the goodness of God. Well, leave it in His hands, if I should fall it is His will and not mine. His Will be done.

Well, I have said enough this time, you are not worrying. I know that I almost started to preach a sermon, but these are my feelings. I expect to get six days rest in about three weeks time. That will give me a change any way. I shall write again soon, so will have to say good bye. With love to all BOB.

### J. THEO. DOUCET LEAVES

FOR ST. JOHN TO JOIN 104TH

C.M.B.A. Band and Citizens Make Presentation and Express Regret at His Departure

The departure on Friday of J. Theo. Doucet, Deputy Sheriff of the County for service with the 104th Battalion at the front, has made an impression on the young men who have far less to leave than he had, that will possibly result in many more enlistments in the near future.

On Thursday evening there was a large gathering of Mr. Doucet's friends at the Court House to wish him Godspeed on the eve of his leaving home. The C. M. B. A. Band, of which he has been a faithful and valued member since its organization less than a year ago, turned out in full force, and after playing a number of selections in his honor, presented him with a slight remembrance of the high regard in which he is held in the form of a Ten Dollar gold piece. Mr. C. M. Mersereau, one of the Band Committee, made the presentation accompanied by a few remarks expressive of the feelings of the band, and was followed by Mr. B. C. Mullins, who on behalf of the citizens of the town presented Mr. Doucet with a handsome wrist watch. A large number of people had gathered at the Court House, and the stirring remarks of Mr. Mullins, as he referred to the high place which Mr. Doucet had attained in the esteem of his fellow citizens of the town and county, and the admiration felt by all classes that he should sacrifice so much for what he considered his duty in the present hour, struck an answering chord in the hearts of all present.

### ARMAND LAVERGNE REFUSES REQUEST TO RECRUIT MEN

Quebec, Nov. 3.—Armand Lavergne, M.L.A. for Montmagny, in the course of a long letter to the Minister of Militia, Maj.-Gen. Sir Sam Hughes declines the Minister's offer of a commission to recruit a battalion at Montmagny for foreign service.

Mr. Lavergne gives as his reason for refusal the following:

"As you know, I am, and was always, opposed to the participation of Canada in the wars of the Empire, to discuss now, is my absolute conviction, and, consequently, I cannot assume the responsibility of asking Canadians to take part in a war, which is not solely for the defence of Canada."

"Let me repeat here that I consider it little wise and most criminal to put Canada in danger for a war in which we have never had and we will never have, any control whatsoever. I am opposed to, and I will oppose with all my force and with what little talent Providence has given me, the contribution by our country of a man, of a ship or a dollar, until England thinks it a duty to allow us to participate not only in the dangers, but also in the control and responsibilities of the affairs of the Empire. It is not for us to defend England; it is for England to defend us. Our sole obligation is the defence for her of our country, Canada."

### 10 CENT "CASCARETS" FOR LIVER AND BOWELS

## REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind, I had cold, nervous, weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fears and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all is pleasure and happiness in my home."

Mrs. JOSIE HAM, R. F. D. 1, Box 22, Shamrock, Missouri.

### PORT DANIEL

Miss Drucie LeMarquand of Newport spent a few days with Mrs. Campbell last week.

Miss Ida LeGrand, student at New Carlisle Academy, was home for the week end.

Walter LeQueune of Grand River was renewing acquaintances here on All Saints Day. His many friends were glad to see him. He expects to spend the winter in Jersey.

Rev. Love is leaving the Coast, having been appointed to the mission of Marblerton in the Eastern Township. He expects to go in about two weeks.

His successor has not yet been appointed, but one will doubtless be on hand in a short time.

Jack Beebe, who has been laid up with a broken leg for the last six weeks, is getting about again.

Miss Agnes Sweetman has returned home, after spending a year with her uncle, Rev. LeGallais at Johnville.

Mrs. Chloine of Barachois is visiting her daughter, Mrs. Sydney Baisson.

Mrs. Alfred Duguay of Gascons spent a few days with her aunt, Mrs. Eddie Sweetman.

Miss Clara Horrie, who has been visiting at Campbellton, has returned home.

A number of the young people attended the dance in the Model School at Shigawake last Friday.

A letter received from Pte. Andrew MacPherson states that Pte. Watson Baird was wounded in the trenches by shrapnel. He was hit in three places, but the most serious wound is a broken jaw-bone.

With Andrew's assistance Watson walked from the trench. He is now in the General Hospital at Etaples, France.

### SHIGAWAKE

The Annual Harvest supper of Saint Paul's church here took place on Thursday last and was exceedingly successful.

The service at the church at which the Rev. H. Gomery of New Carlisle preached, and was assisted in the service by the Rev. A. J. Vibert. The collection at this service was for the W. & O. fund of the Diocese of Quebec and was the largest collection for that purpose since the present clergyman has been in charge of the Parish.

After the service a hearty supper was served in the Parish hall by the members of the Ladies' Guild, and this was enjoyed by a large number of people from Port Daniel, New Carlisle and Hopetown, as well as from here. Amount realized came to \$40.25.

We are pleased to hear that both Messrs. E. Byers and S. Walker, who have recently been ill, are on the rapid road to recovery again.

Mrs. B. P. LeGros leaves this week for Montreal together with her mother, Mrs. Jos. Norwood.

Mrs. Herrick has gone to Pasphebie to spend a few days with relatives there.

On Wednesday evening the 27th inst. Saint Paul's church here was the scene of a pretty wedding, when Mr. Duncan Sydney Ross of Hopetown was united in the holy bonds of matrimony to Miss Myrtle Gladys Irene McKay also of Hopetown. The groom was supported by Mr. Howard Ross as best man, while Miss Annie M. Carney acted as bridesmaid. The bride was given away by Mr. F. W. Chatterton.

Dame rumour has it that more weddings may be expected in the near future.

The collection on Sunday the 31st inst. for the benefit of the Order of the Cross Society and the Order of Saint John. It was hoped that the public will respond generously to this worthy object.

### PASPEBIAIC

Mr. S. S. McLean of the Bank of Nova Scotia has returned from Chatterton, where he has been relieving Mr. G. T. Kennedy for the last three weeks.

Mr. J. Edmond Levesque motored to Campbellton on Wednesday.

Mr. Bignell of Montreal paid a short visit to his daughter, Mrs. M. O. Harris this week.

## A SHIGAWAKE BOY WRITES FROM THE FRONT

Lance Corporal in Canadian Construction Corps to Mr. and Mrs. Vibert

The following letter, which may be of interest to our readers, is sent in publication by Rev. A. J. and Mrs. Vibert of Shigawake.

Longmoor Camp, Hants, England, October 7th, 1915.

Dear Mr. and Mrs. Vibert:

I have just returned from six weeks at the firing line, and as we are not rushed with work, I decided to drop a line to some of my friends. We have been recalled from the Western front and ordered abroad again somewhere East of the Suez Canal (sealed orders), but it looks like the Persian Gulf as the British India forces are now fighting the Turks and Persians in the Holy land around the Garden of Eden. I'd like very much to see all those old historic places. We left the trenches on Tuesday at 10 a. m. and were in England at 12 o'clock the same night, reached Longmoor Camp at 5 p. m. Wednesday morning. We will now have to outfit with sun helmets and canvas clothing for the hot climates, they are getting 120 in the shade out there now. Well, we had quite a trip to Belgium, landed in Calais and trained for the front, got off the train with a battle going on in the air overhead between two aeroplanes and the air full of bursting shells, we were billeted in a town five miles behind the firing line, five or six regiments of us, they all get four days in the trenches and four days rest in their billets. The Germans used to get hostile once a week and get off with a "Jack Johnson" in our billet. The town was pretty well smashed up, they often shelled Dunkirk, which was fifteen miles further in the rear than us. We built several bridges across the Canals for taking guns and ammunition over and several machine gun block houses, three foot six inches thick of reinforced concrete walls and roof, most of it was done under shell fire, some of it only 800 yards from the German trenches, we soon got accustomed to the shell fire and paid no attention to it. Its wonderful the way the guns are concealed with green branches and weeds and grass at ten feet distant they can't be seen. They paint all the wagons to resemble trees or grass so that the aeroplanes won't spot them easily. The people around there pay no attention to the war, they are farming, plowing and cutting and stacking grain within six or seven hundred yards of the German trenches, in between the Belgian lines and barbed wire entanglements. We had all the German shells hammer by the side, they all make a different noise coming through the air, the "Jack Johnson" and "Whizz Bangs", some of them are four feet long, the "Whizz Bangs" are the smallest, about six inches in diameter and eighteen inches long, we used to dig up one once in a while that didn't explode, that's enough for the war for one time, it's not worrying me any as long as we've a place to sleep and a feed of Bully beef and biscuits, we're O. K. For where can a man die nobler than fighting fearful odds, etc.

We are having a swell time here in England, which won't be long, I wish it was Canada for a few days. For I tell you these English, French and Belgian girls are all very pretty and nice, but they can't compare with our Canadian girls. So roll on peace conference until I get back again. "It's a long way to Berlin but we're not downhearted yet. Are there many boys from around home enlisting, I can't see what keeps them back, it's the duty of every Britisher and Canadian today to stand by the colours and to get there quick before its too late. We have left too many dead comrades on the fields of France to ever lose now, we must win if it takes our last man to do it, our dead comrades expect it of us. WHY CAN'T THE COUNTRY WAKE UP? and see that we are standing on the brink of destruction, if they ever get to France and saw those vans of wounded go by from the trenches, 1500 to one hospital in one hour, they would wonder why they didn't enlist months ago. We are reported to have lost seven to a hundred thousand in that last two days fighting. Kitchener wants thirty thousand recruits to keep the Empire afloat. I'm no warrior myself, but I studied the matter out and I'm satisfied and happy to be here, here is the place of every man capable of carrying a service rifle. Well, I must close. If ever you get the time or inclination, drop a line to an old friend, it does a man good to write and to be soaked to the skin, to get a bit of news.

I remain your friend in Khaki, M. WILEY, Lance Corp. 2, Platoon 6, Can. Overseas Ry. Cons. Corps, Can. Exped. Force, Via England.

"33 years ago an ulcer appeared on my leg which, in spite of treatment, continued to spread until from ankle to knee was practically an open wound." So writes Mrs. Jeffrey of 31 French St., Methuen, Sh. c'ds. "Ulcer-Remedy" after remedy, was treated by several doctors, and did everything I could to get relief, but in vain. For years I was often unable to walk across the floor, and for months at a time was kept a prisoner in the house. The agony I suffered was intense, and I came to think the ulcer quite incurable.

"One day Zam-Buk was recommended to me, and although very doubtful about it, I gave it a trial. To my delight it reduced the pain and inflammation. I continued to use it and, in a few months, it had healed completely the terrible sore which I had suffered from for so many years."

For eczema, ulcers, eczema, old wounds, burns, cuts, cold sores, scalds, sores, blood-poisoning, and all skin injuries and diseases Zam-Buk is without equal. It is sold by all druggists and stores, or Zam-Buk Co. Toronto, for price.

## HOW LONG WILL

## THE WAR LAST?

What The Bible Prophecies Foretell.  
(By An Old Soldier in London Daily Mail.)

The most common question asked in the street, train, or club, and especially at the front, is "How much longer will the war last?" Many people have an answer ready, and generally the wish is father to the thought. But does anyone really know within months how long the war will last?

Lord Kitchener is credited, with what truth I know not, as having said that it would occupy three months or three years. His three months prophecy, which, of course, meant victory for the Kaiser, very nearly came true. Had it not been for the marvels wrought by the British army in the retreat from Mons and the improvising of an army in taxis from Paris three months would have decided the war in Germany's favor.

There is only one that can tell to a day when the war will cease, and that is the Great Architect of the Universe, and He will keep His counsel, unless He has already informed us and we are too blind to interpret Him. I refer to the 13th chapter of the Revelation of St. John the Divine. If this chapter does not foretell the war and its exact length—namely, forty-two months—then all I can say is that the coincidences contained in it are extraordinary.

The chapter begins, "I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns." Might this not be Germany, her recent advent as a big naval power being symbolized by her "rising out of the sea"? The seven heads would be the larger German States of Prussia, Bavaria, Württemberg, Baden, Saxony, Mecklenburg, and Hanover. The ten horns would be the lesser principalities and duchies.

The third verse runs thus: "And I saw one of his heads as it were wounded to death; and his deadly wound was healed: and all the world wondered after the beast." This would perhaps refer to the complete loss of naval power by the Germans and the curious fact that the loss has not been vital.

The chapter continues, "And they worshipped the beast, saying, Who is like unto the beast? Who is able to make war with him? And there was given unto him a mouth speaking great things and blasphemies, and power was given unto him to continue forty and two months."

"And it was given unto him to make war with the saints, and to overcome them: and power was given him over all kindreds, and tongues, and nations."

And I beheld another beast coming up out of the earth; and he had two horns like a lamb, and he spake as a dragon. And he exerciseth all the power of the first before him, and causeth the earth and them which therein to worship the first beast, whose deadly wound was healed."

This second beast might refer to Turkey, the two horns signifying Turkey in Europe and Turkey in Asia.

And so the chapter continues, with several minor coincidences which the reader will notice.

The key of the chapter, however, lies in the last verse, which reads: "Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six."

Now, supposing that the beast referred to is the Kaiser, the coincidence is most curious. Take the letters of the word and write them down in column and against each letter place the corresponding number of that letter in the alphabet. Place the number 6 opposite each of these figures, and the whole adds up as 666. Thus:—

K ..... 11-6  
A ..... 1-6  
I ..... 9-6  
S ..... 19-6  
E ..... 5-6  
R ..... 18-6

666

If the prophecies or coincidences in chapter 13 (fatal number) come true, it means that the war will be over in January, 1918, and this date is quite as likely as most of those mooted. January is a period when the real severities of winter set in and when the combatants know that they have three of the worst campaigning months in front of them. What more likely than that the heart of one of them should fail at the prospect?

If we knew for certain now that the war would last so long, would not our whole policy of conducting the campaign alter? Our finance, for one thing, would require looking into, and the question of compulsory service would no longer be a question, but an accomplished fact. It would be quite impossible for us to go on till January 1918 with voluntary service. No one can deny this. If compulsion has to come the sooner it comes the better, so that the numerous advantages which would arise from the social upheaval may be obtained during this war and not for future campaigns only.

And left to write in agony, We faint, O Lord, would intercede— Stop Thou such fiendish cruelty. May Satan's reign on earth now cease And grant, instead, Thine own blessed peace.

Nor would we fail to pray for those Who mourning are, the dear ones slain: In dire despair, to Thee we call, For those whose names are blotted from the dead.

While scalding tears come down in

## WELCOME MR. HAZEN

Enthusiastic Display Accorded Minister of Marine Last Thursday

The Minister of Marine and Fisheries, Hon. J. Douglas Hazen, accompanied by Mrs. Hazen, arrived in Bathurst early last Friday morning in his private car, "Empire", and were the guests all day of the citizens of the town, irrespective of political affiliations. Although his coming was known only a day ahead, a programme of entertainment had been arranged that kept the Minister and Mrs. Hazen busy until their departure on the west bound Ocean Limited, and most of the points of interest were thoroughly inspected, and the great development taking place in Bathurst and vicinity was pointed out to the much interested representative of this Province in the Federal Cabinet.

The day's proceedings commenced at 9.30 o'clock, when a large number of citizens, consisting of the Mayor and Town Council, Mr. J. B. Hachey, M.L.A., A. J. H. Stewart, M.L.A., Angus McLean, W. G. White and many others, accompanied by the C. M. B. A. Band, greeted the Minister as he stepped off his car, and after the Band had played a number of selections, Mayor Michaud stepped forward, and welcomed Mr. and Mrs. Hazen to Bathurst in a short address. In a few well chosen words the Mayor, on behalf of the citizens of the town, expressed the great pleasure it gave all to welcome the man who had been so active in advancing the interests of the community by using his influence to have the dredging of the harbor continued, and the construction of the spur line undertaken. Mrs. Hazen was received by a number of the ladies of the town, headed by Mrs. Michaud and Mrs. Angus McLean, and presented with a beautiful bouquet of American Beauty roses. Hon. Mr. Hazen replied most eloquently, thanking the citizens for their "social reception of himself and Mrs. Hazen, and referring to the great pleasure it always afforded him to visit Bathurst, the natural beauties of which he had always admired greatly. He was very glad also to congratulate the people of Bathurst on the air of prosperity and optimism which he now observed to be strongly in evidence. He referred to the almost entire absence of effect on the business of the Maritime Provinces as a result of the war, and said that he believed that this was because our business was founded on sound and substantial foundations. He spoke at considerable length regarding the war, pointing out that it was as much a struggle for the continuation of the liberties which we enjoy in Canada, that it was as much a fight for Canada's national existence, as it was for the existence of any of the other nations involved. "Canada had reason to be proud of the splendid record she had so far made, and the Minister of Militia had done remarkable work in raising and organizing an army larger than Wellington had under his command at Waterloo and the French and British had under arms in the Crimea. He called upon every unmarried young man whose presence at home was not made necessary by ties of the most sacred character, to don the khaki and take his place on the firing line, for the result of this war was to be decided by men, more men and still more men.

At the conclusion of his stirring address, the Mayor called for three cheers and a tiger for Mr. and Mrs. Hazen, and these were given with a will, while the Band played "For he's a jolly good fellow and the National

rain.

Their anguish cries aloud to Thee— Take pity, in Thy inclemency.

Make right to triumph over wrong, Honor the cause that honors Thee; Let tyranny and bondage fall, That all Thy glorious light shall see: God of our nation, hear us now, Low at Thy throne of grace we bow.

## Anthem.

A procession was then formed of about thirty automobiles, all gaily decorated with flags and bearing such legends as "Hon. J. D. Hazen, the man who does things", "Bathurst's population now 4000, in five years 10,000", "Bathurst, the busiest town in New Brunswick", "2000 men employed in Bathurst industries", "Hon. Mr. Hazen will have necessary harbor improvements made" and many others. Headed by the band playing patriotic airs, Mr. and Mrs. Hazen and a large number of citizens crossed the bridge from the station, and passed through the town in which many of the buildings were decorated with flags, and the party spent some time in an inspection of the new pulp mill. Mr. Hazen was greatly struck with the improvement in the town since his last visit, and was very much interested in the pulp plant, which he understood was the most modern in Canada.

After looking through the pulp mill, the party was taken to the Bathurst Lumber Co's West Bathurst docks, where the Steamer "Reliable" of the Northern Dredging Co's fleet was waiting to take them on a trip of the harbor. All the boats in the harbor were strung with flags and presented a gay holiday appearance, and as the "Reliable" passed along, the Minister was saluted by blasts of the whistles of the different boats. The great improvements which have been made to the harbor since the dredging operations were started two years ago were pointed out to Mr. Hazen, and what it is yet proposed to do in order to complete the work was also drawn to his attention. He showed by his questions and his knowledge of the conditions that have existed that the improvements to Bathurst harbor have received considerable attention at his hands, and as a result he was able to form a quick opinion on the great advantages that these improvements were making in the commercial possibilities of the town. After the trip on the harbor, the party adjourned to the Robertson Hotel, where Mr. Hazen was the guest of the citizens at luncheon. After the expected had been done to the good things provided, Mr. J. B.

Hachey proposed the toast of "Our Guest", and Mr. Hazen responded briefly, expressing his great appreciation of his kindly reception and the pleasure it gave him to note the rapid progress being made by the community.

Mrs. Hazen was entertained at luncheon at the White House by Mrs. Angus McLean, the guests being the following:—Mrs. J. N. Michaud, Mrs. T. M. Burns, Mrs. A. E. Loosen, Mrs. E. P. Mackay, Mrs. R. G. Duncan, Mrs. A. G. McIntyre, Mrs. Gilday, Mrs. H. Bishop.

After luncheon, a special train left the I. C. R. station for Bathurst Mines. A stop was made at the Grand Falls, and at the Mines the party was met by Messrs. T. M. Burns, Edgar McDougall and Mr. Hughes, and Mr. S. Godin, and shown the extent of the iron deposits and the other interesting points in connection with the new iron industry. Mr. McDougall and Mr. Hughes, who are connected with the new owners of the property, informed Mr. Hazen that it was hoped to make a start mining the ore next spring, but on account of the scarcity of vessels and the consequent high rates of freight, it was a very difficult matter to tell at the present time just what could be done toward resuming operations.

The special train left the Mines about four o'clock, and arrived in Bathurst shortly before the Limited arrived. Mr. Hazen's car was then connected to the Limited and left with that train on its way to Ottawa.

### TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

### RECRUITING HAS NOW SLACKENED UP

Lieut. DelaPerelle Has Returned From St. Leonards—Will go to Gaspe Coast

Recruiting in this district has not been so steady as it was a few weeks back. This however, does not reflect on the patriotism of our young men in the slightest, but is caused by the uncertainty regarding billeting of troops here for the winter. Recommendations have been made to the Military authorities regarding billeting places, but so far no definite statement has been made regarding this.

It is hoped however, that within a few days, the recruiting officers will be in possession of full information, so that the recruits who are now willing to sign on may be enlisted, and cause the stream of volunteers from this district to flow on in increased volume.

The following men have enlisted with Recruiting Officer MacDonald here:

George Svenson, New Mills, Wm. Girard, New Mills.

Harry Kierstead, Campbellton, Fred Tope, Campbellton.

H. R. Norman, Campbellton, W. H. Keith, Campbellton.

Gordon Mann, Matapedia. Lieut. P. DelaPerelle returned yesterday from a recruiting tour in Madawaska County, which was very successful, a number of men being signed on, and sent forward to Sussex. These recruits were all for the 104th Batt.

Lieut. DelaPerelle will start on a recruiting tour through the Gaspe Coast next week, going direct through to Gaspe and working back. The probable dates on which he will visit the various towns will be as follows:

Gaspe and Grand River, Nov. 12th. Chandler, Nov. 15th.

Newport, Nov. 16th. Paspébie, Nov. 18th.

New Carlisle, Nov. 19th. Bonaventure and Capin, Nov. 21st.

New Richmond and Cascapedia, Nov. 22nd.

Carleton, Nov. 23rd. St. Omer, Nov. 24th.

Lieut. DelaPerelle will go to St. Alexie tomorrow, Friday, and will probably take up Matapedia and district on his return from the Gaspe Coast, about the end of the month.

**DEATH AT CHATHAM**  
The death occurred at the Hotel Dieu Hospital, Chatham, on Monday morning at six o'clock, of Albert Matthei, of Boom Road, aged 33 years, after only a few weeks' illness of fever.

The deceased young man was the son of Mr. and Mrs. Herbert Matthei, of Boom Road, married. He had been working in Campbellton where he took sick, and came home. He was taken to the hospital three weeks ago Monday, but was unable to survive his illness.

#### THE FAMOUS MARCH OF THE OLD 104TH

Of the famous exploit of the old 104th Regiment, which name is to be borne by Lt. Col. Fowler's battalion, a clipping from a St. John paper of 1861 says:—

Captain Wm. Chearnley, late in H. M. 8th, or King's Rgt., addresses a letter to the Halifax Reporter, in reference to the march of troops overland to Canada, from which we copy:—

"As regards the march to Canada, the 104th Rgt. were the first to go, I think, in the winter of 1814, via New Brunswick to Canada, followed by the King's Rgt. This march was accomplished on snow-shoes, the men being obliged to haul their own provisions on toboggans." Only one man was lost on that trying line of march, and that was by the accidental falling of a tree. No extra clothing was given to me—and he it was written to their everlasting credit—that the good folks of Fredericton, N. B., presented each member of the corps with a knitted Welsh wig, before leaving for their forest trip."

Slight Variation.

"De Ancient and Honorable Order of Hoboes is a sad order mum," said Gritty George, as he munched the mince pie.

"I suppose so," sneered the industrious housewife. "I suppose you have as your motto Dante's famous expression, 'He who enters here leaves hope behind.'"

"Oh, no, mum. Our motto is on dat order, but somewhat different."

"Indeed! And what is it?"

"Why, 'He who enters here leaves soap behind.'"

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.
