DAIRY QUESTION FULLY DISCUSSED

Meeting Last Night in Neighborhood
Theater Addressed by Minister
of Agriculture and County.

The Minister of Agriculture of the Province, Hon. Mr. McCreesh, and his deputy, Mr. Mitchell, whose specialty is the dairy industry, addressed the meeting. Mr. McCreesh spoke at some length about the possibilities of a revival of the industry in this county which he called the finest agricultural county north of Kings County, and also pointed out in no uncertain terms the fact that since the war the farmers of this section of the country were having very poor luck raising potatoes. He gave for his audience "to think over the oft repeated slogan, 'half as many potatoes and twice as much money'." The county of Kings that was more addicted to general farming had weathered the storm of depression better than Carleton County because of the fact that there seemed to be a steady market for the product as turned out by their creameries. The time had come, he said, when men must forget the potato industry and become like the farmers of old that "rose with the sun and retired with the sun." The farmers of today will not get up and milk their cows in the morning and go to bed at night without giving their herds the proper attention. He said that this trouble was being felt on the farms all over the province and he expressed the same trouble everywhere. It was not hard to get a man to start work at seven o'clock driving a team or have him knock off work at six. But the hard job was to find a man at any time who would get up in the morning and milk the cows. He could not see how the man that lived in the town could dare to say anything that might cast a slur on his farmer friends. The farmers were "the salt of the earth," but one great trouble was that the salt was beginning to lose its savor. He preached a revival of the old type of farming and expressed the opinion that farmers of today were on the road to ultimate destruction if there was not a period of retrenchment. He did not advocate the discontinuance of the potato industry for the reason that there was too much money invested in the industry, but he did think that the farmers would be better off if they went in more for mixed farming.

Mr. Mitchell in his remarks dwelt on the dairy industry. He had been in the dairy business for thirty-five years and remembered well giving a demonstration of better making in Hartland thirty-five years ago, and could remember the time when there were numerous butter and cheese factories in the county. During the course of his remarks he revealed figures that were very interesting to the audience along the line of dairying. He made a comparison between the Woodstock Creamery and several other creameries in the Province. In his opinion, and his opinion is one that is second with many years of experience in the dairy business, the reason the Woodstock Creamery and other small creamery propositions did not pay lay in the fact that they could not get the volume of business. The Woodstock Creamery ran a cream collecting route that summer up the west side of the river to Centreville and return. The cost of collection was about nine cents per pound of butter fat. This was prohibitive and the government had to subsidize this creamery by paying one-half the collection charges. The Moncton creamery was in financial straits because of lack of capital. He made the statement that start a creamery right. This would about \$12,000 would be necessary to give a creamery that would have a capacity to handle the output of 1,000 cows and he would not advise starting a creamery if the farmers would not pledge the support of a thousand cows. He made the word "cow" very plain. Cows meant COWS and not COWS. He said that the milk animals that appeared to be a mass of skin and bones that he was running around some of the country roads. This was a very remarkable statement. He thought that the time was ripe for dairying in Carleton County and would be only too glad to help the dairy industry.

(Continued on Last Page.)

PROGRESSIVES HOLD CONVENTION

Optimism Prevailed at Meeting Held
in Woodstock on Saturday.
Large Attendance.

A large representation of Progressives from every parish in Carleton County met in the "Parsons' Hall," Woodstock, on the afternoon of June 6. N. F. Phillips, the County President made a few preliminary remarks on the splendid record made by the Progressive Association during their term of office. He said one of the greatest needs in Canada today was more independent thinking on the part of the voter. Do your own thinking and pay less attention to the party whip was what he advocated. The local members were then called upon to address the convention. Mr. Burlock spoke briefly and to the point on some of the most important business that came before the House. He believed the automobile tax to be unjust and a change should be made and the tax lowered. A tax on gasoline should be made. He believed the business of the House would be expedited if less attention was paid by the members to party politics. He believed the time will come when the business of the local legislature would be done in the same way as that performed by County Councils.

Mr. Smith on rising to speak was the recipient of great applause. His fair-minded attitude on the legislation which both old parties had enacted that was really in the interest of the province at large was much commended by the convention. Speaking of public debt of over \$30,000,000 he believed it was heavy and the strictest economy should be the policy of the Government. While the debt was large he believed we had very many assets to offset it which it was well and proper to consider. He referred to some of these, viz., better roads, bridges and other improvements. Mr. Tracey was then called upon. Speaking along the need of industries in the province, he believed that something should be done to stop the exodus of so many of our young men. Cheap power must be obtained and he was in favor of developing the hydro project at Grand Falls. While it involved a big expense on the Province he believed it to be warranted. He referred to the abattoir in St. John and believed it would supply a long felt want to the farmers. The meeting was glad to hear him say he was one of the directors. Mr. Ernest Stairs of York County spoke very enthusiastically about the Progressive movement and predicted a victory for the Progressives. Nomination was then proceeded with and by an unanimous standing vote the three old members were again tendered the nomination. Each speaker was loudly applauded as he concluded his address. The greatest optimism prevailed throughout the convention and with that feeling prevalent in every parish the return of the Progressive candidates is a foregone conclusion.

HARTLAND BAPTIST CHURCH

The services of the Hartland United Baptist Church will be held at the usual hours on Sunday. The pastor will preach at both services. The subject in the evening will be "A Camouflaged Religion." The Sunday School meeting at the close of the evening service offers a cordial invitation to both men and women to share with us in the study of God's word.

DEDICATION AT HOLY TRINITY

Work Done on Church of England here
During Past Winter Dedicated
On Sunday Last.

Sunday last was certainly a red letter day in the history of Holy Trinity Church, the occasion being the dedication of the work which has been done in the church during the past winter. It was most appropriate that this event should take place on Trinity Sunday, the Patronal Festival of the church. The services commenced at 8 o'clock with a low celebration of the Holy Communion, followed by a High Celebration at 11 o'clock. The celebrant at the latter service was the Rev. H. P. Rigby, Rural Dean and Rector of Woodstock, assisted by the Rev. N. Franchetti, and the Rector of the parish. Mr. Rigby also performed the dedication ceremony at this service. The preacher at this service was the Rev. N. Franchetti who was rector of the parish when the church was begun in 1817. He spoke from the words "O worship the Lord in the beauty of Holiness," and emphasized the fact that no work was too beautiful to offer to Almighty God, and that beauty and dignity should be the keynote of all our worship. In the evening the Rev. N. Franchetti took the service and the Rural Dean was preacher and took for his text, "Built upon the foundation of the apostles and prophets, Jesus Christ himself being the corner stone." He said that it was a pleasure for him to be present as the work of the church in Hartland was begun from Woodstock, his parish by the saintly Archdeacon Neale whose name was held in love and reverence by all who knew him. Mr. Rigby said that religion was the only thing that could save the world from its present unhappy position. He pleaded with the people to seek the truth, demand the truth, and be satisfied with nothing less. Today we were ever seeking new things, but we must learn to go back to the old truths, and revive the apostolic doctrine and usages. Then, and then only could we have unity in the Christian church.

The choir, with the assistance of Mrs. S. S. Miller rendered the musical portions of the service in a pleasing manner, and the anthem "Sun of My Soul," with Mrs. Haigh as soloist was a valuable addition. The church presented a beautiful picture. During the winter the interior has been completely and partially from roof to floor and the woodwork finished in a rich oak colour. In addition to this, beautiful butter-nut pews have been installed and finished in the natural colour. Thanks are due to different members of the congregation for voluntary work, especially Mr. J. W. Montgomery for the staining, etc., and Mr. W. E. Thornton for collecting the money needed for the pews and many others. It is with gratitude that we acknowledge the gifts of money from our many friends in town.

PRESENTATION

At Mount Pleasant on May 30, the friends and neighbors of H. M. Foster met and spent a pleasant evening with them before their departure for their new home and business interests at Meductie. A lunch was served by the ladies, after which Mr. and Mrs. Foster were presented with a beautiful rug as a token of remembrance. Presentation being made by Richard Irving followed by a short address by S. J. Barlock, M. P., to which Mr. and Mrs. Foster fittingly replied.

A RECORD!

Recently a whole carload of Mohr's hair cream was forwarded in a single shipment to Toronto. The size of the shipment is remarkable enough in itself, but more astonishing still, it consisted solely of one kind of hair cream. The name of this hair cream is Mohr's hair cream.

could not be mentioned because production could not begin to cope with demand. But by increasing the plant capacity a further 2,000 boxes a day it is now able to keep up with the demand. The new Mohr's hair cream is Mohr's hair cream.

Never has a hair cream with such instant success, provided such big pay results, as Mohr's hair cream.

Bringing the West to the East

1—Empress Hotel, Victoria, with dome of Houses of Parliament on right; 2—Airplane view of Lake Louise and Chateau; 3—Crossing the Wolverine Pass in the Rockies; 4—Trail Riders in the Yoho Valley.

Not the smallest part of the education of a Canadian Teacher should be a knowledge of the Dominion, derived from personal contact with its vast areas. When in addition by a tour covering most of the former's points of interest, commercial, agricultural and scenic, then a very valuable addition to one's knowledge of one's own country has been consummated.

This is the object of the 21-day tour of Canada which is now being arranged by the Canadian Teacher's Federation in repetition of their very successful similar trip last summer. The party will leave Toronto westward July 20 and will be back in that city August 10. It will be under the personal direction of Professor Sinclair Laird, Dean of the School for Teachers, MacDonald College, Quebec. The journey out and return will be over Canadian Pacific Railway lines, motors and boats and stop-overs will be arranged at points of interest.

Starting from Toronto in the afternoon, the train passes through a land of beautiful lakes, the Muskoka region, reaching Sudbury and continuing through the big game district of Northern Ontario and skirting the shores of Lake Superior for many miles before arriving at Port Arthur and Port William, the twin cities where the western grain is stored. A day is spent in Winnipeg, the center of the greatest grain marketing and export point in the Empire. The day is spent in Regina and the train is back in the same day.

Then on to Calgary where the last of the prairie country is covered and the foot hills of the Rockies commence. Passing next day through the Gap, the gateway of the Rockies, where the roadway is hewn through the solid rock, Banff is reached on the first Saturday of the trip.

At this point the traveler enters fairyland. Banff is the headquarters of the Rocky Mountains Park, a region of 2,751 square miles, covering rivers, lakes and mountain scenery of unsurpassed grandeur. The week-end is spent in this district. Drives and automobile trips here make a pleasant contrast with the train journey and the wonderful sights will live long in memory. There is Lake Louise, an exquisitely colored limpid mirror of glaciers and snow-crowned peaks and the brilliant blue of the sky with its arcoses of fleecy clouds. Mounts Stephen, Chancelor and Sir Donald rise into view as the Great Divide is crossed and the marvelous Yoho Park is traversed. Canyons, caves, valleys, deep gorges, passes twinkle past the train in its journey which is sometimes slowed up to admit of a more lasting impression. The scenery is so perfect that to avoid missing any the train does not travel at night and continues its journey at dawn. For 250 miles it passes through the Great Canyons of the Thompson and Fraser Rivers and the long day of fifteen hours is one unbroken pasture of delight. Vancouver is at last reached and a short but interesting boat trip is made across the straits of Georgia to Victoria with a panoramic

view of beautiful islands, bays and rocky headlands and the snow-capped mountains of the Coast ranges and the Olympics as a background.

The return journey takes us through the Cascade Mountains and the Kelowna Valley to Nelson, commercial centre of the Kootenay district. An overnight journey ends at Lake Windermere where after a trip to the Camp there is a motor run of 104 miles over the newly completed Banff-Windermere Highway through awe-inspiring scenery. Saturday, Sunday, Monday and Tuesday—four full days—are taken up with the above. Then commences the trip across the prairies to the head of the lakes which is reached via Edmonton and Saskatoon to Lake of the Woods district. A full 24 hours is spent among the sights of this wonderful Lake district and then the trip goes on to Fort William. From this point the journey is continued by boat through Lakes Superior and Huron to Port McNicoll whence Toronto is reached four hours later, and the trip completed.

It is difficult to conceive of a more healthy or a more diversified holiday than the one outlined above. In addition it brings home to the participant the glory of Canada in a way that is unequalled in so short a time. No one can take such a trip and not return from it bigger, wiser, more conscious of Canadian nationhood. And such an experience must of necessity be invaluable for those whose profession it is to teach the next generation of Canadians.

RECENT MARRIAGES

HALE McDougall

The marriage of Margaret Helen MacDougall, daughter of the late Allan MacDougall and Mrs. MacDougall of Kirkland to William Ernest Hale of Saint John took place at the home of her brother, Major Wm. A. MacDougall, M. C., Hartland, N. B., at 1:30 p. m., Wednesday, June 3. The ceremony was performed by

Rev. Jas. Ross, D. D., of Halifax, N. S., in the presence of the immediate friends of the bride and groom. The bride who was given in marriage by her brother, was gown in white embroidered georgette over white satin and wore a Spanish veil caught with a coronet of orange blossoms. She carried a flower bouquet of Ophelia roses and maiden hair fern. The house was tastefully decorated with apple blossoms and pink roses, while the ceremony was performed under an arch of ferns and apple blossoms.

After the wedding luncheon was served, Mr. and Mrs. Hale left for a motor trip through New Brunswick, Quebec and Maine. The bride travelled in a navy blue hairline stripe suit with imported black hat. On their return, Mr. and Mrs. Hale will reside in St. John.

OBSERVER LIMITED
HARTLAND, NEW BRUNSWICK

AMALGAMATION OF POTATO SHIPPERS FALLS THROUGH

There was held in the Court House, Woodstock, on Monday evening, June 1st, a meeting of potato shippers of the Saint John Valley for the purpose of endeavoring to effect an amalgamation of interests with the view of handling more expeditiously and with greater economy the potato crop of this section of New Brunswick. Since the suggested amalgamation was first mooted the proposal has received the keen interest of business men and farmers and general hope was expressed that the efforts of the organizing committee would be successful. The merger of potato dealers would mean much to the grower for under the existing competitive conditions among the shippers the producer is the victim of cut in prices consequent to the forced bidding prevailing. Coming from one who, by virtue of his office, should be in a position to know, the opinion was expressed that the prevailing method had, during the past shipping season, entailed an actual loss to the farmers of a sum aggregating well over the million dollar mark. This appalling loss constitutes a "velvet" gain by those brokers and buyers to whom our stocks are shipped. This is indeed a condition which in itself alone should provide grounds sufficient for the farmers to encourage to the fullest extent any steps contemplated by shippers to improve marketing methods.

The meeting above referred to, at which were gathered upwards of twenty of the most important potato shippers of the St. John Valley, was unproductive of any definite basis upon which organization could possibly be brought about. Certain clauses whose insertion into the constitution was demanded by those shippers whose interests were comparatively small could not be agreed to by the larger shippers. This, together with a failure to reach an amicable agreement as to appointment of a directorate it would seem, proved the barrier to organization. Back of it all, however, it would seem that there exists an unjust lack of trust in the bigger interests on the part of the smaller shippers. We take it that the matter, for the present at least stands in abeyance because of indifference and suspicion on one side countered on the other by considering the demands made unreasonable.

It is to be hoped that the group of men in whose hands has been placed the matter of organizing the dealers into one large shipping association will not permit the abortive character of the first attempt at organization to lessen their efforts in effecting the proposed merger. The scheme proposed is so commendable and the benefits to be derived so valuable that everything possible should be done to bring about materialization of the objectives sought. The so-called unsurmountable obstacles can be overcome. Some defeats are only instalments of victory.—Sentinel.

LOWER GREENFIELD

LOWER GREENFIELD, N. B., June 1—The Sunday School has reopened for the summer with Mr. A. E. Sippell as superintendent.

Miss Gladys Kinney is home from Mt. Allison Ladies' College, Sackville, to spend the vacation with her parents, Mr. and Mrs. Beverly Kinney.

Mrs. George Kilpatrick has been confined to the house for a couple of weeks with flu.

Miss Alta Kinney is visiting relatives in Presque Isle.

T. W. Caldwell, M. P., has purchased a new sedan.

M. and Mrs. James Kinney and family spent Sunday at Washington Kilpatrick's.

Mr. and Mrs. Herbert Kilpatrick and Mrs. Harry Kilpatrick and Dorothy had tea with Mr. and Mrs. Edgar Kilpatrick, Wicklow, Sunday.

Miss Eva Kilpatrick spent the week-end with her parents here.

Mr. and Mrs. Chas. Caldwell and daughter Geraldine, Mrs. T. W. Caldwell and Miss Florence Caldwell, spent Sunday at Roy Caldwell's, Windsor.

Mr. and Mrs. Fred Kilpatrick were calling at Jas. Hamilton's, Summerfield on Sunday.

Mr. and Mrs. Beverly Kinney and Miss Gladys and Clara Kinney spent Sunday with Mrs. Kinney's parents, Mr. and Mrs. Charles Ritchie.

Misses Margaret and Gussie Kilpatrick were visiting at Mr. W. E. McCain's on Sunday.

We are glad to welcome to our community Mr. and Mrs. J. Paynter and family from England. They are living on the farm formerly owned by D. Guilfoill.

LETTING THE WORLD KNOW.

Newspaper advertising is an accurate barometer of the progressiveness and enterprise of the community. The enterprise of the individual merchant may also be measured by the extensiveness and quality of his newspaper advertising. The prosperity of the community depends upon the prosperity of its business and the prosperity of any business depends in great part upon advertising. Merchants learned long ago the wisdom of inviting the buying public into their stores. From the merchant's experience communities have learned the value of inviting strangers to visit them. Through advertising the merchants and communities have succeeded in attracting buyers and visitors.

To succeed in business one must have more than something to sell. He must let the buying public know what he has for sale. Here again the community has learned something from the merchant and invites new citizens by apprising them of what it has to offer. But from the community the merchant has learned one of the secrets of advertising. The city or town seeking to expand its business and increase its population does not confine itself to praising one of its many civic achievements or institutions. It advertises them all. So the business man knows that, while his small ad in the newspapers will be read and bring him its fair share of new business, the large display advertisements will bring him more buyers.

Local And Personal Items

CENTREVILLE, N. B., June 8—Miss Rowena Downie spent Saturday in Fredericton.

Mr. and Mrs. J. R. D. White and family, Margaret and Douglas, Mr. Harley C. White and Pearl Hawkins, of Arcostook Jct., spent Sunday with Mrs. Alice White.

Mrs. Harold D. Baldwin and little daughter, Kathleen, of Douglasfield, are visiting at the home of Mr. and Mrs. A. C. Gibson for a few weeks.

Mrs. J. A. Humble of Truro, is a guest of her sister, Mrs. S. Niles.

Mr. W. R. Alexander and children of Houlton spent Sunday at the home of Mrs. Jane Alexander.

Mr. and Mrs. Will Gibson and family of Jacksonville were calling on relatives on Sunday.

Messrs. J. R. D. White, Harley C. White, W. M. Bruce, S. W. Niles and Burton Clark, motored to Woodstock on Sunday.

Mr. and Mrs. H. G. Patten of Woodstock spent Sunday in town; Mrs. Patten and children remaining a few days guests of Mrs. L. London.

Mr. and Mrs. James Hayden, of Riley Brook spent the week-end at Mr. J. Quinn's.

Mrs. James Hayden sang a solo in the Baptist Church Sunday morning. During the severe electrical storm of Wednesday morning the steeple of the Baptist Church was struck by lightning.

The Red Cross met at the home of Mrs. Charles Long on Thursday evening, lunch being served at the close of the meeting.

Mr. James Crone motored to Fredericton Sunday morning to meet Mrs. Crone who has been visiting her daughter in St. John.

Mr. and Mrs. Kirkbride spent Sunday with their daughter, Mrs. Upton in Monticello.

Quite a number from here attended the quarterly meeting at East Florenceville Monday and Tuesday.

Mr. Otis Charlton of Presque Isle and his sister, Mrs. Noddin, of Stockholm, visited their aunt, Mrs. Augie Gregg on Friday.

E. L. West and his sister, Miss West motored to Presque Isle on Saturday.

Mr. and Mrs. W. Kirkbride celebrated their 40th anniversary on Wednesday, June 3, when about 35 of their immediate family spent the day very enjoyably with them. They were the recipients of a number of useful gifts, among which was a chair from a few friends outside the family. Mrs. J. E. Long is visiting relatives in the village this week.

Eleanor Hawkins spent the week-end with her parents, Mr. and Mrs. A. R. Hawkins.

Mrs. Wilkinson and Mrs. Thomas Wakeling spent Sunday at Theodore Cain's, Knoxford.

Mr. and Mrs. C. A. Long spent the week-end with their daughter, Mrs. Elmer Burpee of Jacksonville.

Dr. F. M. Brown of Fredericton spent Sunday at his home here.

Mr. G. F. Briggs and Mr. A. P.

Ritchie each sold a valuable horse to Mr. E. A. Savage last week.

Mrs. S. W. Niles attended the branch meeting in Fredericton on Thursday and the Normal closing on Friday, June 4th and 5th.

Rev. H. R. Bell will preach on June 14 as follows: Centreville, 11 a. m., Lakeville, 3 p. m., Good Corner, 7.30.

Three new lights have been installed in the Good Corner Church and will enhance the services by their brightness, illumination and cheer. At the service Sunday evening there will be special music rendered to which we invite you to come and hear.

Evangelistic services will be held in the Baptist Church, Lakeville, every night next week at 8 p. m., except Monday.

Greer's Motor Mumbles

By EDWIN GREER
(President, Greer College of Automotive Engineering, Chicago.)

TO KEEP AWAY FROM THE ELECTRICAL REPAIRMAN

There are a number of factors to be considered to insure good ignition; breaker points must be kept clean and make perfect contact; make sure that the points separate the proper distance; coil connections must be tight; test for a broken down condenser; there is considerable wear on the distributor segments, same can be cleaned with 00 sandpaper.

No not run spark plug wires thru fiber or metal tubing; cut grooves in two blocks of fiber and run wires through grooves and bolt the blocks together. This will overcome considerable ignition trouble.

A short in the light wiring will cause battery to discharge and may also cause a fire. The presence of a short is indicated by a heavy discharge through the ammeter; a short is caused by a wire pinching between the frame of the car, breaking the insulation; for emergency repairs use friction tape to insulate the wire from the frame.

A good many arrests are being made for not having a tail light burning. The tail light should be connected in series with the dash light and then in the event that the tail light goes out the dash light will go out too. When a six-volt battery is used, dash and tail light globes must be three to four volts each, six to eight volts on head lights; with a 12-volt battery, dash and tail lights must be six to eight volts, head lights 12 to 16 volts.

The horn must respond the minute the button is pressed. With a little attention it will respond; lubricate the bearings by removing the horn cover, clean commutator with 00 sandpaper. To adjust horn loosen adjusting screw, turn with screwdriver and adjust to get the best possible sound. If the motor commutator is badly worn horn should be taken off and armature must be put on a lathe to true up the commutator, new brushes and brush springs should be installed.

There are times when the ignition switch is misplaced or lost and it is absolutely impossible for the average driver to start car without the aid of a skilled electrician.

Here are a few instructions on how to get the car started. In cases where magneto ignition is used remove magneto ground wire and the car will start without any trouble.

A car equipped with battery ignition can be started by connecting wire to the live side of the starting switch to one side of the ignition coil so that the current will go through the coil before it goes through the breaker points.

To make sure that the wire is connected to the right side of the starting switch touch the wire to the frame of the car and if a spark or short is produced the connection is O. K.

Hartland, N. B., June 10, 1925.

BATH

BATH, N. B., June 8—There was some jazz movements in this town on Friday last. It began in the way and manner following: That is to say, a bee bit a horse belonging to Dan Sullivan, and the horse taking the driver with it, retaliated by a sudden and vigorous charge upon a number of hives, situated on a lot owned by G. S. Larlee, thereby upsetting the dignity of the bees, heretofore resident therein, and they also made an onslaught on all and sundry in the vicinity. Several persons and many children were stung, some more than others and many and loud were the lamentations of the victims. No charge of assault and battery has yet been laid.

Born to Mr. and Mrs. Bert Dyer on June 3, a son—George.

On the King's Birthday the premier attraction was the flag-raising at the monument for full particulars see the program on another page. More visitors came into Bath than were expected as weather was unsettled. Some of our citizens went fishing but the catches were small. After the patriotic speeches, there was a ball game between Bath and Juniper, score 11 to 4 in favor of the home team. Later in the evening a dance was held in the Elite Theatre, an orchestra providing foot-stirring music which enabled the dancers to carry on until the early hours of the morning.

Mrs. R. A. Giberson is opening a select parlor in the Simms Building for the sale of ice cream to persons of discriminating tastes.

George Nixon is our champion salmon fisher, and what he gets runs to size and variety. Verily this is true.

On Friday week, the Women's Institute elected officers for the next term as follows: Mrs. Leo Kearney, president, Mrs. Edward Caldwell, secretary.

Friends of Mrs. John Commins will be pleased to learn that there is a decided improvement in the state of her health.

Perry Barker and assistants are fixing up Church street and Station Road. The sidewalk committee is not functioning at present. Charles Bohan is doing efficient work as main road patrol. Many visitors say that the Veniot highways are much more pleasant to travel on as there is a notable absence of the humps handed out on the nearby state roads. What everyone says must be right.

The Baptist convention at Arthurville was highly successful.

Many farmers from this vicinity attended the farmers' convention at Woodstock on Saturday and came back home with a stern and fixed determination to proceed along progressive lines.

Peter Brennan is getting ready to move into his newly erected residence on Church Road.

Other buildings are waiting for architects' plans to develop.

Mrs. George Kilpatrick and little daughter are staying with her parents here, while recovering from the effects of a severe attack of influenza.

The driver of a car belonging to James Stitham had an accident at the corner, when a child of the owner was hurt and on the next day, Saturday, Phyllis Fulton was injured by accidentally falling down a steep bank, near her home. Internal injuries resulted, the extent of which are unknown.

The Arctic Sea Cow.

An authentic writup of the Arctic sea cow, now extinct, was made about the middle of the eighteenth century by George W. Steller, who was shipwrecked on Bering Island, 1741, with the Russian navigator, Captain Vitus Bering. This "cow" was not unlike the manatee or dugong of southern waters, weighed 8,000 pounds, and was from twenty to thirty feet long. Steller and his companions ate its flesh.

A Quick Rejoinder.

A new story of Lord Darling is being told by Lord Birkenhead. The occasion was when Lord Darling, then a junior counsel, was addressing a jury at the Quarter Sessions. He had been speaking for some time when the chairman remarked: "Mr. Darling, have you noticed the position of the hands of the clock?" Swift came the reply: "Yes, sir; but with respect, I see nothing to cause anxiety. They seem to me to be where they usually are at this time of day."

CELEBRATION AT BATH ON KING'S BIRTHDAY

BATH, N. B., June 4—Bath celebrated the King's Birthday in a very appropriate manner, when a large number of the people of the County of Carleton met together at the Soldier's Memorial Monument on Main Street, to witness the dedication of the new flag to the glory of God, the honour of our country and the service of humanity.

The programme was as follows:
Song, O Canada, by scholars of Bath School.

Flag Raising, by Buird Kilcollins, a returned man.

Salute to Flag, by Bath School and assembly.

Song, By Primary Department.
Flag Drill, inadvertently omitted for which we express regret.

Speech, F. C. Squires, Wealth and Power of British Empire.

Song, by Bath School, The Maple Leaf Forever.

Speech, Hon. J. K. Flemming, How Dominion of Canada Began.

Speech, Rev. W. M. Donohoe, Sacrificial Service.

Speech, C. F. Gallagher, Born in Canada beneath the British Flag.

Speech, Rev. M. Vallis, The Benefits of Imperial Connections.

Speech, Hon. B. F. Smith, A Toast to John Bull.

Speech, Coun. G. W. Perry, National Economy to Begin at Ottawa.

Recitation, English, Irish and Scotch, Merrill DeMerchant.

Speech, Sam. Burlock, M. P. P., Appreciation of Heroism.

Speech, Gage Montgomery, British Law, The Best of All.

National Anthem, God Save the King.

After the ceremony was over, the Women's Institute of Bath, accepted from the subscribers to the Flag Fund, the Union Jack specially made for the memorial, to take charge of it, to see that it is hoisted on all proper occasions and to teach as far as possible, due respect and love for the flag of our country.

BASEBALL RESULTS

Bath, 12; Juniper, 3.

The initial game of the season for the recently organized Bath baseball team was held on the Bath diamond on June 3rd, when the Juniper Braves went down to defeat. A large number of fans from surrounding towns and villages witnessed the game and predicted that Bath's heavy hitting nine would carry away many scalps during the coming season.

At 4:30 p. m. following the patriotic flag-raising exercises at the Soldiers' Memorial monument, the opposing teams took the field. In the first inning Turnbull fanned, Densmore was caught out and Gartley fanned. For Bath, Shaw, Macdonald and Giberson scored. In the second frame Barr and Turnbull scored for Juniper. In the third inning Burst was relieved by Turnbull on the pitcher's mound. Shaw alone was able to tally. Wilson and Crocker scored in the 4th but it was in the 6th that the Monquaters made their break, tallying 6 to Gartley's one lone tally, made by Gartley. In the seventh neither team scored. The final count standing, Bath, 12, Juniper, 3.

Batteries: Bath, Shaw, p., Budo-vitch, c.; Juniper: Burst, Turnbull, p., Barr, c.

Juniper, 5; Bath, 0.

On Monday of this week the Bath nine journeyed to the headwaters of the Miramichi and camped on the Juniper diamond. The Juniper Braves marched but determined to stage a comeback and to send their friendly rivals from Monquart back home defeated. That they did so is evident from the score: Juniper, 5; Bath, 0. This defeat, however, coming so early in the season, should only tend to put each and every man on his toes. The hunt has just begun; the trophies are many and at the close of the season the Bath nine should be able to hang their fighting equipment in the attic and breath the words of the old Roman, "Veni, Vidi, Vici"—"I came, I saw, I conquered."

NOVEL PLANS TO SAVE THE FORESTS

Canadian Forestry Association's Motor Trucks Now Touring Province of N. B.

Mr. Robson Black, manager of the Canadian Forestry Association, who has been in Fredericton during the past week, announces that all arrangements have been completed for the start of the Association's motor truck tours to secure the co-operation of the general public in cutting down the number of forest fires caused annually through carelessness on the part of the forest-using public.

The Association has been very fortunate in securing the services of Prof. W. C. Kierstead of the University of New Brunswick to take charge of the campaigns in the English speaking sections of New Brunswick and Mr. Ambrose Legere of Fredericton for the French-speaking districts. This gives the Canadian Forestry Association a strong team as both these gentlemen possess a complete knowledge of forest conditions in the Province and are exceptionally well qualified to take charge of the community organizing. The motor trucks, loaned through the kindness of the Chief Engineer, Department of Highways, have been equipped with the latest devices for showing motion pictures either in daylight or darkness and to make them independent of local conditions, carry their own electric power plants which will prove of untold value in the more unsettled parts. They will travel hundreds of miles holding mass meetings daily for the adult population and special talks and demonstrations in the afternoons for the school children. For the children this will be in the nature of a wind-up to a course of instruction which has been carried out over the winter months by the Association in co-operation with the local teachers. Similar tours under the direction of the Canadian Forestry Association have attracted daily from 250 to 1000 people and there is every reason to expect the New Brunswick campaigns will be equally successful.

The films used in these demonstrations make an immediate appeal to all classes whether they use the forests for work or play. They show the value of timberlands as a means of providing employment for thousands of Canadians and their attractiveness as a playground for hunters, campers and fishermen. They clearly outline the cause and cure for many of our largest forest fires and prove that a little co-operation on the part of forest users can easily reduce the forest fires in 1 year by 50 per cent or more. The Canadian Forestry Association with a membership which includes hundreds of editors, farmers, merchants, engineers, railwaymen and others, makes this appeal as a citizens' organization, non-government, non-commercial in policy and with no motives other than national service to advance. This feature has been one of the chief factors in winning public confidence and support.

The cost of these tours is to be borne by the Canadian Forestry Association and both the Association and the New Brunswick Forest Service ask all citizens to make an effort to attend one of these meetings which will be held in all parts of the Province. A complete itinerary will be published at an early date.

ST. THOMAS

ST. THOMAS, N. B., June 8—Gordon Cummings of Woodstock was a caller in this place on Sunday.

A number of people from this place attended the baptism at Waterville Sunday afternoon.

Frank Henderson of Windsor spent the week-end visiting friends in this place before leaving for Royal Oak, Mich., on Wednesday.

John Rice and Eva Rice accompanied by Ambrose Guest and Sister Mary were calling at this place Sunday afternoon.

Charles Kelly spent the week-end at his home here.

Perry Hamilton and family from Grenfield spent Sunday with Mrs. Margaret Kelly.

Miss Margaret Travis who was working in Lakeville has returned to her home.

Robert Treacartin was a caller here Saturday evening.

A number of the young folks of this place attended the dance at H. P. Gallivan's Friday night.

Misses Louise Gallagher and Mary McInnis spent Sunday afternoon with Miss Alice Travis.

CUTWORM PLAGUE

A great many gardens in this vicinity are again this year being devastated by the cut worm. The following mixture is highly recommended for the extermination of these pests:

POISONED BRAN MIXTURE
(For Cutworms and Grasshoppers)

Bran, 20 lbs.; Molasses, 1 quart; Paris Green, ½ lb.; Water 2 to 3 gallons.

Mix the bran and Paris Green together thoroughly in a wash tub, while dry. Dissolve the molasses in the water and wet the bran and poison with the same, stirring well so as to dampen the bran thoroughly.

For cutworms a simple formula for small gardens is one quart of bran, one teaspoonful of Paris Green and one tablespoonful of molasses with sufficient water to moisten the bran. Shorts or middlings in place of bran are also useful for cutworm control. For grasshoppers excellent results have been obtained with sawdust used as the carrier for the poison.

In gardens containing rows of vegetables the mixture should be scattered thinly along the rows on either side, as soon as cutworm injury is noticed. Flowering plants may be protected by placing a small quantity of the poisoned bran around, but not touching the plants. It is important that the poisoned bran be scattered after sundown so that it will be in the very best condition to attract the cutworms when they come out to feed at night.

keeps you and your shoes fit

ladies going over by automobile, the drivers of the cars were entertained by Mr. Boyer. This will be the last meeting to be held during the summer months.

Mr. Charles Plummer who had not been feeling well for several days was seized on Saturday morning by an illness which was, according to the prognosis made by the doctor in attendance, bordering on to apoplexy. Mr. Plummer who is over 80 years of age is quite dazed in his mind and at times does not know his friends. His daughter, Mrs. H. C. Rice arrived Monday evening to be her father.

On Monday evening about 25 friends of Miss Evelyn Tedlie met at the home of Mrs. W. P. Haigh and tendered her a variety shower. Miss Tedlie, who is to be one of the principals in an interesting event in the near future was wholly taken by surprise. She was the recipient of a choice variety of presents. After the gifts were inspected refreshments were served and a very pleasant evening was spent.

At Mount Pleasant on June 1st the death occurred of Mr. Benjamin Laskey at the home of his nephew, Wm. Laskey, Jr. He was in his 90th year of his age and was unmarried. He is survived by two brothers, William of Bannan and Samuel who lives in Massachusetts. In early life he was engaged in the lumbering business. After he had passed his 80th year he professed religion and was baptised. The funeral was held on Wednesday at the Bannan Church, and was largely attended. Rev. H. B. Bragdon conducted the service assisted by Rev. O. W. Shaw. Interment was made at Bannan.

ANDOVER

ANDOVER, N. B., June 8—Miss Janet Curry is visiting in St. Stephen, guest of Miss Mary Henderson.

Mrs. Harold Tatlock of Rowena is the guest of her parents, Mr. and Mrs. Charles Loos.

Mrs. William Lawson of Fredericton is the guest of her parents, Mr. and Mrs. Benjamin Beveridge.

The death of Mr. Welland Sisson occurred very suddenly in Woodstock Hospital on Thursday morning last. The funeral services were held Saturday afternoon in the Baptist Church conducted by Rev. H. O. Howlett. Mr. Sisson has always been a highly respected citizen and great sympathy is felt for his sorrowing wife and family.

The death took place on Wednesday last of Mr. Stephen P. Waite, one of Andover's oldest and most respected residents. The funeral services were held on Sunday afternoon and were led by Rev. Gordon Pringle, assisted by Rev. Mr. Frame. Rev. J. Rees Jones and Rev. E. E. Fyche. Mr. Waite was a devoted Mason and more than 60 of his brother Masons marched with his remains to their last resting place in St. James Cemetery. He leaves to mourn his loss, his wife, two sons Mr. Harold Waite of New York, Mr. Ralph Waite of Havana Cuba, and two daughters, Miss Myrtle Waite and Miss Pearl Waite, both at home. Every sympathy is extended to the bereaved family.

Dr. and Mrs. Harvey Murphy of Dexter, Me. spent a few days of last week with Mrs. S. P. Waite, owing to the death of Mr. S. P. Waite.

Mr. and Mrs. Harold Waite of New York were here last week to attend the funeral of his father, Mr. Waite. Miss Hilda Tracey of Centreville, Miss Edith Clark of St. John and Mr. Beckwith of Centreville were guests of Mr. and Mrs. P. M. Howard on Thursday.

Mr. and Mrs. A. W. L. Taylor and Miss Harley left on Monday by motor to spend a short vacation in Halifax, N. S.

COLDSTREAM.

COLDSTREAM, N. B., June 8—Friends of Mrs. S. S. Page will be pleased to hear that she has recovered from her recent illness.

ANOTHER FOREST LOOK-OUT TOWER

Contract Awarded for 16th in Chain
Which Protect New Brunswick's
Forests.

FREDERICTON, N. B., June 4.—Hon. Dr. J. E. Hetherington, Acting Minister of Lands and Mines, has announced the award of the contract for the construction of the latest addition to the chain of forest fire look-out towers used by the New Brunswick Forest Service in New Brunswick to James S. Neill & Sons, Ltd. of Fredericton.

The new tower which will be the sixteenth to be placed in service in the Province, will be erected three miles from Chipman near Salmon River where it will overlook the area extending to the head of the Salmon River, the Mount Hope lookout on the Penniac and south to the Belle Isle. It will be constructed of galvanized steel and will be seventy feet high, equipped with a look-out's cabin on top. It is expected that this tower will be in operation before the end of June. Direct telephone connection will be made with the New

Brunswick Telephone Company at Chipman.

The tower is similar to those recently purchased by the Department for Martin's Bluff and by Hollingsworth and Whitney at McMannus Hill, Kings County. The purchase of towers by private lumbering concerns is a further indication of the recognized value of lookout towers in the work of fire prevention. A new tower is also being erected by the Nashwaak Pulp and Paper Company at the Nashwaak Narrows this week. In the placing of this tower the Provincial Government is co-operating to the extent of supplying a plan and adjustable table for use in connection with the fire-finder to be installed in the observer's cabin on top of the tower.

The new tower at Chipman will accord the means of triangulation in the accurate location of fires in conjunction with both the Mount Hope and Tood Mountain lookouts, the latter being located on forest lands owned by the Miramichi Lumber Company on southwest Miramichi near Boiestown and maintained by that company.

EDMUNDSTON

R. D. Murphy returned from a business trip to Boston on Monday. A. Armbruster left on Tuesday for Ontario and United States points. He is expected home next week.

Isaac Kasner returned from Montreal on Monday where he has been for the past few weeks on matters of business.

We regret to hear of the death of the sister of Grenville Baker who passed away in Woodstock this week. Mr. Baker motored to Woodstock on Wednesday.

There will be no service at Fraser Hall on Sunday evening, and the services on Sunday, June 14th, will be omitted. Services will be resumed on June 21. Sunday school will not meet next Sunday but will meet as usual on June 14th at 12 noon.

The Rev. John Hardwick leaves on Sunday night to attend the General Assembly of the Presbyterian Church which meets in Toronto on Monday evening. There will be two thousand delegates drawn from coast to coast to these meetings which will last for a week.

Mrs. McKenzie entertained at four tables of bridge on Friday last in honor of Miss Smallman who is visiting at Mr. and Mrs. D. H. VanWart's. The prize winners were Miss Helen Murchie, Mrs. White, and the guest prize being presented to Miss Smallman. Others present were Mrs. Scott, Mrs. Landers, Mrs. Sherwood, Mrs. Griffin, Mrs. Franchetti, Mrs. VanWart, Mrs. McCabe, Miss Greta Hammond, Miss Helen Stevens, Miss Blonnie Matheson, Miss D. Boone, Miss Brebner and Miss Phyllis Hall.

We are glad to see Dr. P. C. LaPorte of Clair is giving three days a week to the needs of Edmundston. Dr. LaPorte has gained an enviable reputation as a surgeon and specialist in women's and children's diseases, in the county and beyond, and has taken a suite of offices in the Madawaska Block and is having installed the latest and most expensive instruments and scientific apparatus to care for the diseases he is specializing in. We believe that Dr. LaPorte is an acquisition to the medical fraternity in Edmundston and hope to see the time when he will be one of our citizens with his home here.

Mrs. Ralph McDonald with Carl and Evelyn returned on Saturday from Kansas City, Mo., where they have been for the past few weeks.

Mrs. McDonald says that they had a wonderful time, the weather there being much warmer than it has been here.

Mrs. W. Wallace returned from St. Basil Hospital on Sunday. We are glad to know that she is improving rapidly.

Mrs. A. W. Brebner motored to Woodstock on Wednesday.

Here and There

According to the Alberta Provincial Department of Agriculture nearly a quarter of a million bushels of oats were shipped from that province to New Zealand for seed purposes last winter.

The Quebec Provincial Automobile Bureau estimates that well over 100,000 automobiles will be registered in that Province during the year. This will mean an increase over the 1924 registration of about 15,000 cars.

The 1924 exports of live cattle to Great Britain exceed the 1923 figures by over twenty-two thousand heads, according to the official Canadian returns. Exports to the United States also showed a slight increase.

Four small wooden vessels to act as tugs and feeders from Coronation Gulf to Herschel Islands, in the Arctic, are being built at Vancouver, B.C., to the order of the Hudsons Bay Company. They will be well powered and sheathed in iron bark.

There is now only one mine in the Crow's Nest Pass district idle. Between eight and nine thousand tons of coal are being mined there daily and the mines at Coleman, Blairmore and Bellevue are rapidly striking their stride, their output being about six thousand tons.

Although the chief beneficiaries under the new British preference proposals will be Canadian sugar, tobacco and automobiles, it is stated that Canadian wines and silk goods will also benefit to a certain extent. In the sugar preference an increase of about 25%, and in tobacco of from a fourth to sixth has been made.

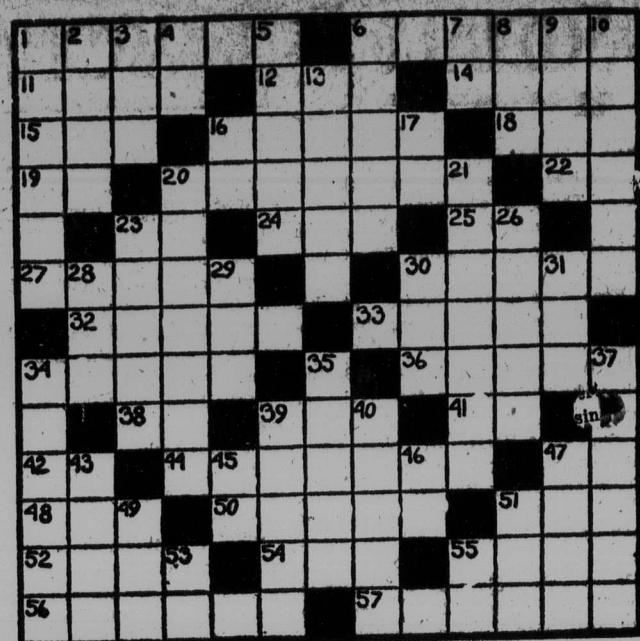

By a recent Order-in-Council of the Lieutenant-Governor, premiums for clearing land, which had previously been set at \$6 an acre, were increased to \$8. The Order also provides that the premium will be paid for a maximum of twenty acres of land and, as a result of it, a settler may obtain a grant of \$160 from the Government as a reward for his work.

The annual invasion of Canada by anglers from the United States has commenced. F. N. Peet, secretary of the Isaak Walton League of Chicago, with other members of the League is catching salmon at Cains River, N.B., while a party of prominent newspapermen from New York is at Lake Archambault, in the Laurentians, in quest of the elusive trout. Mr. Peet holds the world championship for casting a fly.

Walter Lindley-Jones, editor and founder of the Mercantile Guardian, of London, Eng., and an authority upon commercial matters in general, recently passed through Canada on the last lap of a journey around the world, by Canadian Pacific steamships and trains. Mr. Lindley-Jones states that a terrific boom is due in China as soon as hostilities cease there and that Great Britain and Canada will be the chief beneficiaries.

A man reached the station platform just as the 5.15 was pulling out. A little burst of speed netted him fifty feet in overcoming the train's handicap, but the best he could do thereafter was to run a losing race. He quit at the end of the long platform and returned. "Miss your train, sir?" enquired the porter cheerfully. "No, my friend," he replied, "Oh, no! I was just chasing it out of the yard. You oughtn't to allow it to go around here. Don't you see the tracks it has left?"—From "Red Life," by Alfred Price.

THE OBSERVER'S CROSS-WORD PUZZLE

KEY TO CROSS WORD PUZZLE

How to Solve The Cross Word Puzzle

Every number in the form represents the beginning of a word, reading either horizontally or vertically. If there is a black square to the left of the number the word is horizontal. If above it the word is vertical. The same number may of course begin both a horizontal and a vertical. The definitions for the correct words to fill the form are found below, with numbers corresponding to those on the form. Run through the definitions till you find one that you recognize, and put it in its proper place on the form, one letter for each white space. This will furnish several cross-clues to the words linking with it at right angles. Continue in this manner till the form is completely filled. If you have solved the puzzle correctly it should read both horizontally and vertically with words corresponding to the definitions.

Horizontal

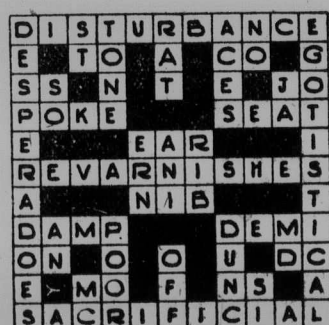

- 1 Red breasted birds.
- 6 A favorite season of the year.
- 11 Soon
- 12 Chief Certified Accountant (abbr.)
- 14 Above
- 15 A southern state (abbr.)
- 16 A material used in making beer. (plural.)
- 18 An affirmative.
- 19 Exists
- 20 Leasing
- 22 Rupees (abbr.)
- 23 That man
- 24 A color
- 25 An Egyptian sun god.
- 27 Sleek, smooth, (slang)
- 30 To wed
- 32 A girl's name
- 33 Meaning
- 34 The chief devil
- 36 Indifference to pain or pleasure
- 38 A note in the diatonic scale
- 39 The knave of clubs in 5 card loo.
- 41 Half the width of an em.
- 42 Railroad (abbr.)
- 44 A kind of duck.
- 47 A measure of area
- 48 An aural appendage
- 50 An ancient queen of Thebes whose children were all slain. (Greek myth.)
- 51 Atmosphere
- 52 A native of Arabia
- 54 A suffix used in forming true names of certain hydrocarbons.
- 55 A kind of singing voice
- 56 Instrument of measuring

Vertical

- 1 Proportions
- 2 A pronoun (pl.)
- 3 A case of wood or cardboard.
- 4 Within
- 5 Meagre
- 6 A kind of fabric
- 7 Recto (abbr.)
- 8 A clinging vine.
- 9 Never (poetic)
- 10 Covered with grass
- 13 A place in a church
- 16 Another form of "I"
- 17 Tin (symbol.)
- 20 To claim over again
- 21 Allowed
- 23 Parts of swords
- 26 Malicious burning
- 28 A meadow
- 29 Knowledge (Scotch)
- 30 Methodist Episcopal (Church) South (abbr.)
- 31 Portuguese Money
- 34 A shill, loud noise
- 35 A drawing room
- 37 A vegetable

Answer To Last Week's Puzzle

LOWER BRIGHTON

LOWER BRIGHTON, N. B., June 8.—Rev. E. W. Lester baptised five candidates in the river here Sunday afternoon, May 31.

Mr. Wm. Trafton, St. John spent Sunday last guest of his uncle, Geo. Tedlie.

Arthur Richardson, son of B. F. Richardson, who has been at the Military Hospital, St. John, came home Saturday last for a short visit quite improved in health.

Mr. Hazen London has gone to Windsor for a time.

The U.B.W.M.A. held their meeting in the Church here Thursday, June 4.

Mr. and Mrs. Franklyn Morehouse of Perth spent Sunday with Mrs. Morehouse's parents, Mr. and Mrs. George Nixon.

Mrs. Ida Smith, Hartland, has been visiting her aunt, Mrs. Jane Sweeney.

Mr. and Mrs. B. W. Brown made a trip to Somerville, to G. B. Nixon's to see Mrs. Hayden Shaw who has been quite poorly recently.

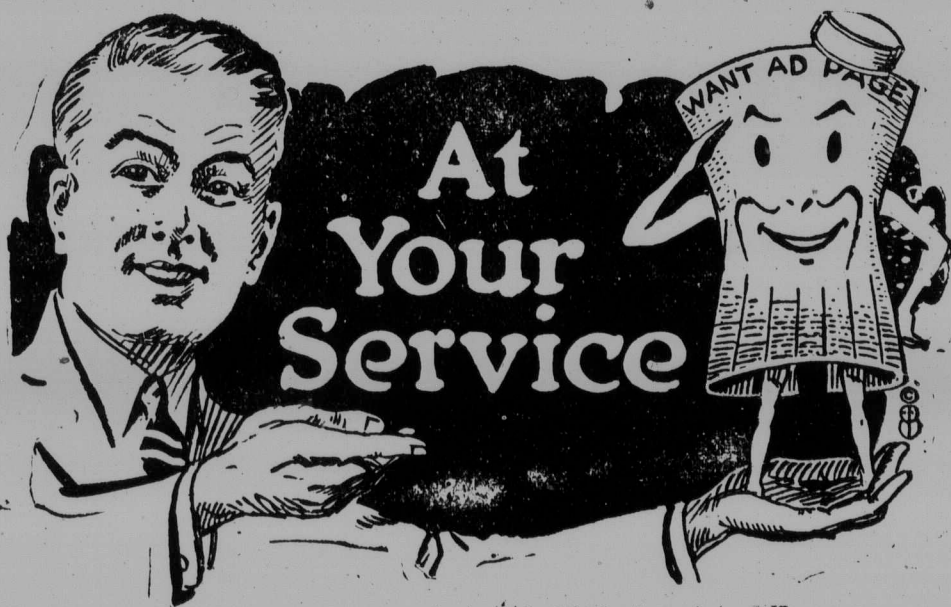

Rev. O. W. Shaw is holding revival meetings at Wilmot and reporting good success.

Take REAL Mustard to Your Summer Home

Be sure to include one or two tins of COLMAN'S MUSTARD in the supplies you take to your Summer Cottage or Camp.

Only real Mustard—freshly mixed—can give you that savoury zest and tang in your food that you appreciate so much. And only real mustard—freshly mixed with cold water—furnishes real aid to digestion. Make a note now to "remember Colman's Mustard" when you leave.

Colman's Mustard
aids digestion

At Your Service

Give this little fellow a job! If you have a house and want to sell it, let him sell it for you. He'll do it. If you want to find a buyer for your automobile, let him find you one. If it's hired help you need, or a room or a home, use his services in filling your needs.

And he's useful in many other ways. Who is he? He's the result-getting WANT-AD column of

THE CARLETON OBSERVER

ABLE TO DO HOUSEWORK NOW

Sick a Year. Got Great Benefit from Lydia E. Pinkham's Vegetable Compound

Bloomington, N. S.—"I took Lydia E. Pinkham's Vegetable Compound for pains and headache, also for nervousness, sick headaches and sleeplessness. I was troubled in this way for over a year, and a friend told me about the Vegetable Compound and induced me to take it. I must say I have received great benefit from it and am able to do my housework now. I recommend the Vegetable Compound myself and am willing for you to use this letter as a testimonial."—Mrs. WILLIAM MORSE, Bloomington, Annapolis County, N. S.

Do you know that in a recent canvass among women users of the Vegetable Compound over 220,000 replies were received. To the question, "Have you received benefit by taking this medicine?" 98 per cent. replied "Yes." This means that 98 out of every 100 women are in better health because they have given this medicine a fair trial.

Mrs. Morse is simply another case of a woman receiving "great benefit." Women suffering from the troubles so common to their sex should listen to what other women say who have experienced the same sufferings and found relief. Give this dependable medicine a chance—and at once. It is sold at all drug stores.

HIGHGATE

HIGHGATE, N. B., June 8—Mrs. Maria Olmstead has returned home after visiting friends and relatives in Hartland, East Brighton, Somerville and other places.

Beecher Stewart, Road Supervisor, has been working on the road at Coldstream during the past two weeks.

Tommy Clark is engaged in hauling lath for Ben Clark, Mainstream.

Mrs. Darold Stockford is visiting Mrs. Thomas Stockford of this place.

Among those who attended the play, "A Poor Married Man," at Hartland last Tuesday evening were Ruby Slipp, Lulu Stewart, Wendell Stewart, Hartley Stewart and Harley Stewart.

Harry Stewart and Miss Margaret Hopper were calling on Mrs. Beecher Stewart Thursday evening.

Mrs. Raleigh Britton, who has been visiting her parents, Mr. and Mrs. Beecher Stewart of this place and Mr. Britton's parents, Mr. and Mrs. Geo. Britton, Hartland, returned to her home at Sussex, on Saturday last.

Edwards Williams, Cloverdale, was recently calling on friends in this place.

MORE FAITH.

There appears in these columns two short reports, each of which pertains to projects in which the residents of this county in general and the farmers in particular, should be interested. The one, by far the most important, refers to the unsuccessful attempt to amalgamate the potato shippers interests into one large marketing organization, the other, which to a smaller degree, perhaps, contributes to a bettering of marketing methods, draws attention to a recently adopted policy for the marketing of eggs and poultry in this province.

The greater of the two, confronted with bigger obstacles, met with failure in its initial attempt to effect organization. The smaller project though one capable of bringing about material benefit to those to whom it caters, is meeting with an attitude unfavorable to successful and widespread organization, because of a stipulated small assumption of responsibility by those who subscribe to the constitution in question.

In both cases, however, we do not believe that the responsibility assumed by the co-operators is the paramount obstacle to organization. In the background, but ever present, there is that colossal barrier to human achievement to whose credit or discredit must be attributed the greater proportion of failures—the lack of faith in one another.

If we could but cast aside our distrust and pool our faith, resources and ability, there is much that we can accomplish to improve our own conditions and those surrounding our neighbors. No other single factor has contributed more liberally to the impediment of progress in this or any other country than the suspicion and consequent discord, with which is viewed by too many projects promulgated to best serve the interests of the country.

Opportunities correspond with almost mathematical accuracy to the ability to use them. Opportunity to better our conditions are daily afforded us. Why then can we not see in the other fellow that honorable, courageous and intelligent character with which we firmly believe ourselves to be endowed and join with him in promoting plans intended to be productive of prosperity to our country. There it no defeat except from within. There is really no unsurmountable barrier save our own inherent weakness of purpose. Let us get into the habit of looking for the silver lining of the cloud and haying found it, continue to look at it rather than at the leaden gray in the middle—Sentinel.

REPRODUCING PIANO OPENS UP WONDERFUL POSSIBILITIES

(From the Canadian Bureau for the advancement of Music.)

"The reproducing piano of today in my estimation," says W. C. Heat-on, writing in a music trades journal, "offers the greatest medium in history for appealing to the great mass of the public and particularly to the artist and music lover, for it opens up avenues for musical entertainment and instruction that are little short of marvelous. As a matter of fact, the reproducing piano—and by that term I mean an instrument that actually reproduces the playing of the pianist in all faithfulness just as it was recorded and does not simply add automatic expression—is not as fully appreciated as it might be.

"The public itself, which is more or less acquainted with the reproducing piano, has much to learn regarding what it really means. That the public is in a receptive mood, has been proven on numerous occasions. I would cite numerous instances where admitted skeptics who had declared that they would not buy reproducing pianos because they had heard that they did not measure up

People who use "Red Rose" are usually those who like tea of extra good quality

RED ROSE TEA "is good tea"

The ORANGE PEKOE is extra good. Try it!

to claims, have not only been convinced but actually sold through intelligent presentation.

"I will cite an instance, one of a well known music teacher, who did not believe in reproducing pianos. I happened to have a record made by one of her favorite pupils and considered a situation wherein she was enabled to hear the reproduction.

"I know of only one person who can play that piece as it was played, but I am sure that you do not know her, for she is miles away," she said. "The lady mentioned the name of

her pupil and I simply rewound the roll to show the young lady's name clearly printed thereon."

The reproducing piano opens up wonderful educational possibilities in the whole field of piano literature for the musician or the amateur or the lover of music. It sets new standards of accomplishment and is invaluable for comparison of the playing of the greatest pianists of the present day.

Canada's Affairs Discussed at Railway Meeting

President of great National Institution Tells of Country's Business Conditions and Discusses General Railway Situation—Immigration Shows Signs of Coming Improvement.

- 1 J. K. L. Ross, Director.
- 2 Rt. Hon. Lord Shaughnessy, K.C.
- 3 Grant Hall, Vice-President.
- 4 Hon. Frederick L. Beique, K.C., Director.
- 5 W. H. Curle, K.C., general Solicitor.

A glimpse at a corner of the big room in which Canadian Pacific Shareholders gather to hear the annual address of Chairman and President E. W. Beatty on national business conditions and the Company's affairs.

- 6 John Leslie, Chairman.
- 7 Sir Herbert S. Holt, Director.
- 8 E. W. Beatty, Chairman and President.
- 9 L. G. O'Brien, Vice-President.
- 10 Ernest Alexander, Secretary.
- 11 F. W. Molson, Director.
- 12 W. N. Tilley, K.C.

The annual shareholders' meeting of the Canadian Pacific Railway is one of the important financial events of the year as naturally follows from the position held by that company as a great national institution the activities of which touch every branch of Canadian life. On the first Wednesday in every May the shareholders gather to hear the president tell of the company's past year and to elect directors to carry on its great work. At these meetings are always to be found many of the country's leaders in industry, commerce and finance representing all parts of the Dominion, and the president's report is looked upon as an epitome of business conditions throughout the whole of Canada. Of course, all the shareholders cannot attend, they are far too many and they are too widely scattered, particularly in recent years when the holding of Canadian Pacific stock or bonds has greatly grown in popularity among the small investors of the country. If all were present the gathering would be a great mass meeting and the country towns, villages and even the farming districts of Canada would be represented to a surprising extent.

The meeting was this year held on May 6 and the chairman and president, Mr. E. W. Beatty, drew attention to the company's lessened earnings during 1924 which had resulted from a decrease in the movement of manufactured articles and a smaller crop movement for the year. These conditions, he said, had continued during the first three months of the present year, but during the month of April the decrease in gross earnings were appreciably less which gave ground for the belief that conditions were slowly improving. With a good crop, particularly in Western Canada, there was cause for confidence that the results of the year's operations

would be reasonably satisfactory. He pointed out, however, that neither rail nor ocean traffic had reached normal proportions and that until they did so the company's expenditures for capital, maintenance and general operation must be curtailed so far as may be without impairing the high standard at which the property has always been maintained. Mr. Beatty referred to the government proposal to subsidize a line of freight steamers on the Atlantic under the proposed Petersen contract, and pointed out that particularly during the past 2 years Atlantic shipping operations have been conducted with very unsatisfactory financial returns. He said the companies felt they had been placed on trial and therefore were making the fullest disclosures of the traffic conditions and of the results of the operation of the Canadian Pacific Steamships, Ltd.

Attention was drawn to the need of an aggressive immigration policy and the unsatisfactory results so far this year when 10,792 immigrants came to Canada as against 23,880 during the same period of the previous year. Mr. Beatty pointed out there was nothing fundamentally unsound in Canada's immigration laws, but there was an apparent lack of concerted and definite policies in Great Britain and on the continent. There was encouragement in the fact that emigration from the British Isles was becoming more active, enquiries from the United States were becoming more numerous and the continental field showed considerable promise.

In this address Mr. Beatty felt impelled by the prominence which the general railway situation has recently been accorded in parliament and through the country generally to make some references thereto. He noticed and welcomed an awakening of public interest quite contrary to the disinterested apathy heretofore

displayed by Canadians towards transportation matters. Mr. Beatty drew attention to the statement often heard that the present railway situation in the Dominion was due to the failure in former years of private undertakings, the inference being administration resulted in the establishment of public ownership. Mr. Beatty pointed out that the principal causes of the present unsatisfactory conditions "was undoubtedly the formation from time to time of policies of extensive new construction and duplication of existing lines, in most, if not all cases by the government or with government assistance and in anticipation of a much greater development than the country has enjoyed."

Failure was almost inevitable, Mr. Beatty continued, since the undertakings were so far in advance of the country's existing or immediate requirements, and it did not seem material whether the over-ambitious projects were launched by the government of the day or were conceived by individuals or companies. In each case these undertakings received the financial support of the government and the approval of the people of Canada, without which they could not have been completed, but in neither case could their break-down be attributed to private ownership.

In consequence of the existing conditions, there was, said Mr. Beatty, a general and deep-rooted desire for railway economies, for the elimination where possible of intensive competition and duplicate services and the utilization where feasible of joint facilities. In this connection the president of the Canadian Pacific Railway pointed out that the position of his company was unique. He stated that many of the lines of railway now forming the National System were not constructed as part of one

railway conception, but were conceived and designed to compete with each other as separate transportation units, while each of them, in addition, was in competition with the Canadian Pacific system.

The consolidation of the National System had, he said, brought, in consequence under one administration, lines which were originally designed to be competitive and in no sense part of a unified system. On the other hand, the Canadian Pacific Railway had been conceived and constructed as one system, had been extended from time to time always as a single system, each part of which was planned to support the other. There had further been heavy expenditure of public monies with a view to bringing the national system lines to a higher state of efficiency, in particular by the addition of much modern equipment and power. Since little new traffic had been developed in Canada in the last five years and a very moderate amount of new territory opened, the expenditures were aimed to take from the Canadian Pacific Railway as much as improved service and large expenditures could accomplish.

As to the larger question of the future relations which the two systems would bear to one another, Mr. Beatty said: "We propose to work in the greatest possible harmony with the National Railways consistent with the interests of your property and of its owners. I am convinced that the vast majority of Canadians, especially the business interests of the country, do not desire to see the company either absorbed or menaced. I should add, too, that no proposals of any kind from the company to the Government or from the Government to the company have been made save those to do with the question of reducing economic waste through the elimination so far as possible of duplicate services."

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation.

ROOFING

I have a first class roofing paint for both steel and cedar shingles, or any other kind of roofing. It is called ASBESTOLINE and is guaranteed on cedar shingles for seven years, on steel shingles ten years. If it cracks or peels it will be replaced free of charge.

When you want real roof protection at low cost—use ASBESTOLINE. It also gives you a cheaper rate of insurance.

I have it in five gallon cans and ten gallon cans. A good stock of oil and white lead on hand. Call at

THE OLD PIANO IN THE ATTIC

(From Canadian Bureau for the Ad-
vancement of Music, Ryrie
Building, Toronto.)

The following story is told of a
woman of culture and refinement, en-
gaged in social service in New York,
in connection with her struggles to
get a musical education when she
was a girl. She was so poor that for
a long time she could not afford to
hire any kind of an instrument and
used to practice for hours daily on a
make-believe piano keyboard which
she had made from a sheet of brown
paper.

While struggling to get along in
this way, she was invited to a dinner
at the home of a wealthy family. After
dinner she was shown over the
house by the hostess who took her
from the kitchen to the attic.

"And there, stowed away in the at-
tic," said the lady, "was an old piano
which I would have given anything
in the world I had to possess. I would
have been glad to walk a long dis-
tance every day for the privilege of
practising on it. I cared nothing for
the sumptuous dinner, the handsome
furniture, the beautiful pictures, the
evidence of luxury on every hand,
but that old piano lying unused in
the attic haunted me. It would have
opened the door to Paradise to me,
but I dared not ask for it."

The owner of the old piano would
probably have been glad to give it
to the girl had she known of her
great need. But the other was too
proud to make her poverty known,
and the dust piled high on the pre-
cious instrument in the attic while she
practised on a make-believe key-
board!

Perhaps there are dozens of homes
throughout Canada today where the
piano has been either figuratively or
actually relegated to the attic.

But would it not be better were
this piano given away to some home
where it would be used profitably and
not be allowed to collect dust in
the attic. Think it over!

PUBLIC NUISANCES.

Is there nothing that can be done
to the Hartland bridge to keep those
loose planks from rattling? The
noise that the loose planks make es-
pecially at night annoys not only
those people who reside near the
end of the bridge but in fact every-
one along the front street of the
Town of Hartland is bothered to a
certain extent by this terrific rattling.

One would think that the Depart-
ment of Public Works could be pre-
valled upon by the Town Council to
have a few pounds of good long spikes
in order that this nuisance should
cease. Now is the time of year when
the noise is most bothersome and as
the summer season lasts quite a
while yet, we would suggest that the
Town Fathers or whoever is the res-
ponsible party go to work immedi-
ately and have something done.

Another noise that troubles the
sleep of townpeople is the wondrous
billy soothing music that comes from
the vicinity of the C. P. R. Station
at certain times. The loading of
stock in the Town should not be al-
lowed especially when the animals
have to remain in the cars over-
night. Some time ago the town by
exerting pressure on the responsible
parties had the stockyards moved
below town and now these same stock-
yards are now being used. Wake up,
Town Fathers, and see what you can
do about it. It is our humble opin-
ion that something can be done
about it and the sooner the better.

If these two things are looked after
at once the restful qualities of the
Hartland night time would be much
improved. Now is the time for ac-
tion and the sooner action is taken
the sooner the people who have to
suffer will be satisfied.

NOTICE

The charge for publishing memor-
ial notices is 50 cents. For poetry
accompanying the notice a charge is
sent in poetry with the memorial
plaque, count the lines and send ten
cents for each, besides the 50 cents
made of ten cents a line. So when

DAIRY QUESTION DISCUSSED

(Continued from page 1)
to help in every way possible.
The Danish Settlements in this
part of the province were highly
praised by both the minister and
his deputy. Mr. Mersereau said that
he thought the Danish settlements
had weathered the storm of de-
pression better than any other district
in the Province and this was due no
doubt to the fact that the Danes are
great dairymen and that they ship-
ped their cream to the central cream-
ery at St. Hilare in Madawaska Co.
The meeting was very free with
their questions and the Deputy Min-
ister answered them all to the sat-
isfaction of all concerned. The meet-
ing then adjourned to meet at a later
date.

The supposition seems to be pre-
valent in a large section of the coun-
try that after May 29 Sweet Adeline
will take up her residence in Ontario.

ADDRESS ON CHURCH UNION

To Be Delivered by Rev. J. K. King
in the Methodist Church on
Sunday Evening.

To commemorate the uniting of the
Methodist, Presbyterian and Congre-
gational churches, which is consum-
mated this week, there will be held in
the Methodist Church on Sunday ev-
ening at 7:30 o'clock a mass meeting
at which Rev. J. K. King will de-
liver an address on the subject of
Church Union. This is a historic
event and all members and adherents
of the church and all others who are
in any way interested in this great
movement are strongly urged to be
present on this occasion. A request
has been sent to every Methodist
church in Canada to have such a
meeting, holding it if possible on
June 16, when union goes into effect.
Do not miss this opportunity to hear
what has been done during the last
year to make effective the plans for
uniting the three denominations and
what it means.

Opposition Convention

THERE WILL BE HELD AT THE
VOGUE THEATRE
WOODSTOCK, N. B.
THURSDAY, JUNE 18, 1925
AT 2.30 P. M.

A Convention for the purpose of selecting
candidates in opposition to the Veniot ad-
ministration in the approaching election.

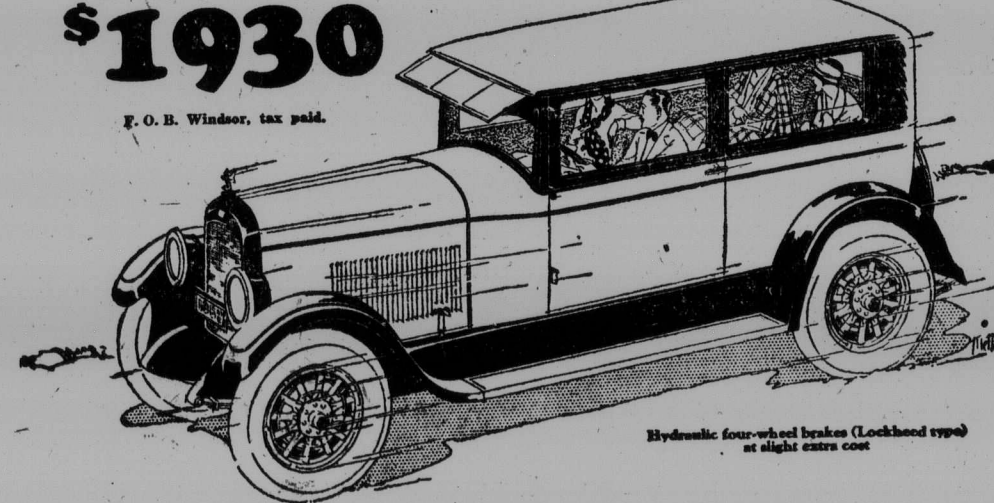

All electors opposed to the present Gov-
ernment and in favor of a better adminis-
tration of provincial affairs are requested
to attend.

Seats will be reserved for ladies, who
are cordially invited to take part in the
proceedings of the convention.

PER ORDER OF EXECUTIVE.

Jewett Coach \$1930

F. O. B. Windsor, tax paid.

Hydraulic four-wheel brakes (Lockheed type)
at slight extra cost

Superb quality—new beauty—flashing action!

Through skillful, studied building,
Jewett has produced the finest Coach
ever designed.

Already, thousands have bought the
Jewett Coach because of its superb
quality.

It's a Conspicuous Beauty
Ask your wife to judge Jewett
Coach—its refreshing, colorful, per-
manent lacquer finish, its smart double
belt moulding, its gracefully rounded
back.

These are features that make
custom-built cars individual and cool-
ly—and give Jewett Coach its harmo-
nious beauty.

Jewett has introduced a new type of
wholesomeness in the Coach. It's an ideal
combination of rich beauty and wear-
ing quality that has long been neces-
sary in a Coach—but never a reality
until Jewett Coach appeared.

To drive Jewett Coach is to experi-
ence an utterly new and amazing type

of motor car action. You have never felt
such a power thrill. From 2 miles an
hour, without bucking, to 60 in less
than a city block—in high gear.
Yes—Jewett Coach will outperform
any car within \$750 of its price.

Its Performance Lasts!
A silent chain drives pump and tim-
ing shafts. Chain wear is automati-
cally taken up as it occurs. Full, high-
pressure oiling guards every bearing
against even ordinary wear.

Agew, heavy, counterbalanced
crankshaft eliminates vibration. From
the first sweet trip until your speed-
ometer clicks the fifty-thousandth mile
and more—Jewett motor will remain
smooth—silent—satisfying.

Reasons enough for Jewett's Coach
leadership. It's the greatest Jewett
ever built—with riding, steering, driv-
ing qualities that will amaze you. So
Jewett Coach. Drive it yourself be-
fore you buy!

HARRY MARSTERS

Woodstock, N. B.
