SPEAKERS:—The Candidate and other prominent speakers.

WORRY
It is not work that kills men; it is worry. Work is healthy; it is worry that is the enemy. You can hardly put more upon a man than he can bear. Worry is rust. It is not the revolution that destroys the machinery, but the friction. — Henry Ward Beecher.

Two broadcasting towers are now under construction in Germany that will exceed in height all others in the country. Both will be provided with elevators, and will be used as observatories as well. One, to be located in a suburb of Berlin, will be 1,049 feet high, topping the Eiffel tower at Paris.

OLD CHURCH PLANS MEMORIAL SERVICE, SUNDAY, AUGUST 23rd

In Memory of the Early Settlers of the Parish of Wilnot.

On Sunday, August 23rd, the second Memorial Service for the pioneers of the parish of Wilnot will be held in the Old Anglican Church, Lower Middleton. It is the original Holy Trinity, built in 1787, and consecrated in 1791, by the first Anglican Bishop in Canada, Bishop Inglis. The building, like many others of its kind, is of the rectangular shape, large windows and a small chancel at the east.

Passing through the porch, with its side vestries one sees a stairway which mounts to the gallery where the old revolutionary organ, upon which the Sunday hymns of praise, the joyous psalm of wedding marriage, the funeral dirge, were played by the hands that have long been stilled by death. Nine inch oaken beams and the firm floor testify to the strength and safety of the building.

The quiet, high vaulted, severe in contour, and the plain altar of pine wood stand as memorials to those men of early days who carried the message of the Cross through unrecounted hardships and severities, to their eager making parishioners. These people came on foot and by horse back over long trails to hear "God's good news," and to hold "sweet converse" with friends between services under the stately pines that swayed and murmured in the breeze, cradling the sacred edifice in their sheltering arms.

There are several objects of interest that will be on view to those who care to see them. An ancient Prayer Book that contains the service for "Guy Fawkes' Day" for the "Happy Restoration" of King Charles II, and the service for "King Charles the Martyr" is in a good state of preservation. The communion plate, of solid silver, bears on the Chalice and paten respectively: "The gift of Stephen Bay and Esq., to Holy Trinity Church at Wilnot in Nova Scotia, 1792"; "The gift of Mrs. Catherine Roberts in Nova Scotia, 1792".

The old yellow backed register, bought at Annapolis, Sept. 1837, had its first entry made in 1789 by Rev. John Wiswall, who was ordained by the Bishop of London in 1764, and was first rector of the parish from 1787 to his death in 1812. A tablet to his memory occupies an honored place in the new church.

One other rectory may be mentioned here, whose work, from 1832 to 1873, is spoken of in loving tones by those who came under his saintly ministrations. The Rev. Dr. Robertson, a tablet to his memory has also been placed. Photostat copies of the Register and Minute Book are in the archives at Ottawa. They contain much useful information, and are constantly used in giving certificates of former marriages, baptisms, burials, etc.

The services on Sunday will be morning and afternoon. Rev. Dr. Moore, President of Kings College, will be the speaker, the Archbishop, with other clergy, also being in attendance. The decorations will take place at the close of the afternoon service.—Morning Chronicle.

See advertisement on page 5 of this issue for particulars and hours of the services.

ESKIMO BEING CIVILIZED — HE DANCES, LIVES ALARM CLOCKS

Civilization is getting in its fine work in the far north. Hon. Charles Stewart, minister of the interior, is authority for the statement that traders going into Alaska find that the Eskimo have high-powered motors—simple motor products are not good enough for them—that gramophones are being used by the people, that the girls are able to dance the modern dances, an dhat in the one or two places where radio has penetrated dances are being held during the long winter nights and sometimes during the lightest days of summer to the strains of orchestras playing thousands of miles to the south.

Not only are the girls civilized, but the men are getting there also. A Church of England missionary, who has been in the region for some time, says that he has seen some of the results of the missionaries' work. He says that he has seen some of the results of the missionaries' work. He says that he has seen some of the results of the missionaries' work.

ANNOUNCEMENT—Mr. and Mrs. M. W. Burns announce the engagement of their daughter, Lillian, to Mr. George Acker of Springfield, Anna, Co., Nova Scotia. Wedding to take place at the home on Wednesday, August 26th, 1925, at 2 p. m.

OBITUARY

Mrs. Sidney W. Veinot

The death occurred on Monday, July 27th, of Flossie Pearle, beloved wife of Sidney W. Veinot, at her father's, (Mr. Judson Gates, Tremont), at the age of thirty-six years.

The deceased had been in a broken state of health for several years and during her last illness her suffering was intense, but notwithstanding this fact, she was very patient and pleasant to wait upon.

On Easter Sunday she underwent a serious operation at Kings Memorial Hospital, and fifteen weeks after she quietly passed away. Her friends and relatives found it intensely hard to part with one that has been such a loving helpmate to her husband and one that had such a sweet way of greeting every one she met.

The deceased had been a member of Tremont Baptist Church and was ever she was living she was always willing to help in Church affairs in any way she could.

Besides her husband, she leaves to mourn their loss: her father and mother, Mr. and Mrs. Judson Gates, two sisters, Mrs. Arthur Veinot of South Tremont and Rosalie at home; two brothers, Percy and Charlie, both living at Tremont; and a large circle of relatives and friends.

The funeral after a Prayer and Hymn at her father's home, was held in the Baptist Church, Tremont, on Wednesday afternoon, at 2 o'clock. Rev. Mr. Phinney, sister-in-law of the deceased, conducted the service. Mr. and Mrs. Phinney, both died as well as vocally trained, took special interest in the music. The hymns which were very appropriate were all of the deceased's own selection. A tenor and alto duet was sung by Mr. and Mrs. Phinney, also soprano solo by Miss Ruth Veinot, sister-in-law of the deceased.

Loving relatives and friends banded the casket with beautiful flowers and laid her remains to rest in a grave in Tremont Cemetery that was beautifuly lined by Mrs. John McGinnis.

The floral tributes were as follows: Cross Husband; Pillow, Father, Mother, Sister, Rosalie, Percy, Jean, Charlie and Reta; Wreath, Ethel, Arthur and family; Star, Laura, Ruth and David; Flowers, Douglas and Floyd; Aunt Annie and family; Cross of Pansies, Mrs. Jefferson; Cross, Mrs. Moore and Leah; Pansies, Mrs. Lester Graves; Flowers, Friends; Spray, Mrs. Reagh; Spray Mrs. Spray, Mrs. Reagh; Spray Mrs. McGinnis; Spray, Catherine Gordon; Spray, Mr. J. E. Doherty; Spray, Mrs. Dorey; Spray, Mrs. McGinnis; Basket of Flowers, Mrs. Oickle.

The pallbearers were: The Bowditch brothers (Howard and Kenneth) and his brothers (Douglas and Floyd). When we see a precious blossom rudely taken from our bosom. How our aching hearts despair! Till the setting sun is low. Flossie's grave we linger. Feeling all our hopes have perished. With the one we cherished so.

The old saying that an "idle brain is the devil's work shop and idle hands his tools. Oh, how true this saying is! It is this shop that the devil goes for material wherewith to blight some happy home or attempt to ruin the life of a young man or the fellowman, by falsifying his good name, and forever destroying his bright prospects for the future. You cannot realize how low down and contemptible a village tattler is, until you have seen some of the results of their tattlers tales.

WILL THE STYLE PASS?

Asked if bobbing and shingling were the latest styles, a barber said, "Yes, because they are something more than mere fashions. They are part and parcel of the movement for the emancipation of women. They are the triumph of convenience over convention. No doubt women think they can make themselves especially attractive by bobbing or shingling, more so even than when they wore their hair in the old-fashioned way; but the real reason of the change is a desire to save trouble and to free women from the incubus of a mass of hair, which performs no useful purpose, except to please the other sex." But one of the most famous artists in the world describes shingling as the most hideous fashion ever invented. So, who can tell whether barber or artist is right, or whether bobbing and shingling will go the way of all fashions?

Yesterday we met an old-fashioned man who said he remembered when garters were worn for use not for ornament.

THE CAR THAT PUT THE WAR IN WARREN

Jim Warren bought a car; the "Gingerbread Six".

Never heard of it before, but he happened to be walking along Automobile Row and during a lapse moment his foot slipped—he stepped inside.

"Nifty boat," said the salesman.

"Not bad," said Jim, as paint and do-dabs got in their hypnotic work.

"But why isn't it advertised?" asked Jim.

"Don't need to advertise a job like that," was the foreman's reply, sounding logical. But—

Six months later Jim had a collection of bolts and grease-cups and broken springs and disintegrated steering mechanism and a motor that almost ran.

"Never again!" said Jim. "The car that's little known and never advertised hasn't much responsibility; little to live up to. Before I buy a car—or another 'anything'—I'm going to get the facts. I'm going to read the advertisements in the local paper and find out all about automobiles—or whatever I'm buying."

Always go to the store that advertises. You know then that you are dealing with a town hustler, a business man. Remember advertisements are an invaluable guide to intelligent buying. Read them every week.

Why You Should Boost Middleton
THE ORCHARD TOWN OF NOVA SCOTIA

MIDDLETON has a population of about 1000, situated in the County of Annapolis, on the beautiful Annapolis River, mid-way between Halifax and Yarmouth. 28 miles N. E. of Annapolis Royal, the County seat. It has Telephone and Telegraph exchanges, Banks. Chief industries: Planing Mill, Concrete and Marble Works, Medicine Factory, Apple Evaporator, Apple Packing Houses, Cooperages, Creamery, Ice Cream Plant, Printing, etc. The town contains besides its factories, three churches, a splendid school, armoury, theatre, hotels and many handsome dwellings. It is in the heart of an excellent fruit-growing and farming district. Easy access to the bay shore, to hunting grounds and ideal fishing.

MIDDLETON is the junction point of the Dominion Atlantic and Canadian National

Railways, thus making it a Competitive point and an ideal Industrial Centre, on account of its railway facilities. Middleton owns and operates its own Electric Plant and Water System. Has one of the best educational schools of 12 grades in the Province.

FOR the season of 1924-25 there was shipped from Middleton alone 350000 barrels of Apples for export purposes.

IT has one of the largest and best planing mills in the Province, owned and operated by A. W. Allen & Son, who manufacture from the rough lumber into the finished article everything required for building purposes, also store furnishings, church and office fittings, cabinets, etc.

MIDDLETON is the home of McKenzie's

Creamery. For the first seven months of 1925 this creamery manufactured 321,000 pounds of butter and have an output of 400 quarts of ice cream daily. They buy all cream within a radius of 75 miles and are supplied by 750 patrons. It is one of the most modern Creameries in Canada, and are agents for the famous DeLaval Separators.

THE Middleton Cement Product Company manufacture all kinds of concrete blocks and tile. Their output is well known all over the Maritimes, and the increased demand for their goods promises to make this one of the most important industries in the Province.

COME to Middleton and look over this ideal spot for the manufacturer, the investor, the home seeker and the Tourist.

A Wonderland for Children at Wembley

Viscount Jellicoe, former Admiral of the British Navy during the Great War, shaking hands with Sir George McLaren Brown, European General Manager of the Canadian Pacific Railway, at the miniature Banff Station and seated on the miniature C.P.R. train which takes travellers around Treasure Island. Viscount Jellicoe is remarking: "This is but another of the great things the Canadian Pacific Railway is doing and I am sure that the Canadian Pacific trains are going to prove in conjunction with the wonders of Treasure Island one of the drawing cards of the (Wembley) Exhibition." The engine which draws this train is a replica of engine No. 2200. The Island is intended most of all to delight

children who obtain views of a sandy beach on which Robinson Crusoe and Man Friday depict themselves. There, too, the children dig in the sands to their hearts' content and there are caves and Noah's Ark with chains of moving animals; pirates and seventeenth century ships, characters out of fiction such as Pan and Wendy, Long John Silver and Jim Hawkins, Tweedledum and Tweedledee. The train passes through the Connaught tunnel and winds in and out of the Canadian Rockies through the Great Divide. There are realistic scenes of Banff and Lake Louise and a park of wild animals while from the sands the children climb by pony tracks to the summits of many famous peaks in the Canadian Pacific Rockies.

Anyone having flowers not mentioned above is asked to bring them and they will be awarded a prize if the exhibit warrants it.

The Committee asks the co-operation of everyone to make the show a success. Flowers for decorative purposes will be much appreciated.

It would greatly assist the Committee if intending exhibitors would send their names to the Hon. Sec. C. S. Bothamley, The Pines, Bridgetown, or to the Assistant Secretaries, Mrs. John Stoddart and Mrs. S. H. Daniels, Lawrence Town, before the day of the Show. Each exhibitor will be given a number for identification.

The ladies expect to serve tea at 6 p. m. and have a concert at intervals from 7.30 to 10 p. m. Flowers for exhibition or otherwise will be received until noon on the day of the show. Everyone is asked to make arrangements for their own containers.

The Show will be open from 3 p. m. to 10 p. m. Admission Adults 25 cts. and Children 10 cts.

"Eat a raw onion every day and you will be happy and healthy," advised a doctor. And you'll find there'll be more room for you in the trains and buses, too.

Ideas aren't worth anything unless they are used.

REV. P. A. WALKER TAKES OVER NEW CHARGE

Misses Mabel and Francis Phillips Rendered Duets Which Were Greatly Appreciated

In the United Church on Sunday last the new pastor, Rev. P. A. Walker, preached both in the morning and evening.

In the morning he derived his theme from the difference in context with which the apostles, Matthew, Mark and Luke report the words of Jesus.

The choir rendered special music and were assisted by Miss Mabel and Miss Francis Phillips who at both services rendered duets which were much appreciated.

The new pastor of the United Church is a preacher of unusual powers. His sermons are thoughtful and closely reasoned but his original and striking manner of expression and his excellent platform gifts make them very potent and compelling in their appeal. He undoubtedly will prove a valuable addition to the religious and community life of Middleton.

Mr. Walker was born in Ontario and received his education at Strathroy Collegiate School, McGill University and the Montreal Presbyterian College.

His first pastorate was at Burke, N. Y. State. From Burke he went to Montreal where he laboured for five years. He then was called to Calgary, where he remained until invited to Amherst where he has just completed a pastorate of eight years.

All his pastorates have been eminently successful. During his ministry he has been a member of the United Church of Canada, the Canadian Council of Churches, the Canadian Conference of Bishops, the Canadian Council of the United Church of Canada, the Canadian Council of the United Church of Canada, the Canadian Council of the United Church of Canada.

Mr. Walker is the daughter of the late Rev. George McLennan, formerly a prominent clergyman of Ontario. One brother is a professor of Philosophy at Oberlin College, Ohio, another a professor at Guelph and a third is Rev. George McLennan of Montreal. She is excellently adapted to assist her husband in his work.

Mr. and Mrs. Walker have no children of their own but the church home is enlivened by the presence of two very bright little girls and a boy, the children of a deceased brother of Mr. Walker.

The Outlook welcomes Mr. and Mrs. Walker to Middleton and speaks for them a very useful and happy residence here.

WEST DALHOUSIE
Aug. 12th—An ice cream sale was held at the home of Manley Brooks on Saturday evening. Proceeds for Church purposes.

Mr. Fred Balcom of Paradise is visiting friends in this place.
Russell Brooks was successful in obtaining his D certificate.
Mr. and Mrs. Fred Hanham and family accompanied by Mrs. John Girber spent the 9th at the home of Mr. and Mrs. George Duxbury, Bridgetown.

Mrs. P. Harnish of Dartmouth is the guest of her parents, Mr. and Mrs. Todd.
Mr. and Mrs. Forrest Falkenham and family of Centreville spent Sunday at the home of Mr. and Mrs. Albert Falkenham.
Mr. Howard Gillis of Waterville spent Sunday with relatives here. On his return he was accompanied by Mr. and Mrs. Clinton Gillis and family and Mr. Arthur Shipp.
A daughter arrived at the home of Mr. and Mrs. George Darling on Tuesday.

If you are contemplating a trip on the Sea of Matrimony, you are sure to need Invitations and Announcements, otherwise the trip is not going to be near as smooth as you hoped for. On your own hand, should you be thoughtful to prepare for the long journey and procure these essentials, and they prove not to be the latest in design, etc., and the workmanship not the best, there are still going to be "breakers." We urgently request you to call and at The Outlook and look over our samples which you will be sure of getting the latest in the quality of Wedding Stationery and our work is second-to-none in the Province. Get your Wedding Stationery printed at our office and your trip on the bewitching Sea of Matrimony will be balmy with no "breakers" to disturb the thoughts of the dovelike pair.

It is the person rather than the occupation that adds dignity to labor. There are those who can beautify the most menial occupation or service and there are others who can degrade the most honorable calling.

PARKING SPACE

It has been said—It's getting difficult to find parking space for advertising is continually done as others to it. Thirty Fords in a row attract the attention when lined up against a curb; but pork a Rolls Royce in the midst of this setting and see the attention it gets.

The fact is, do your advertising different to what the common trend of business people do; be original. There's money in advertising, and money can be wasted advertising.

Even nowadays, a lot of business people look upon advertising in the local paper as charity. We don't want charity advertising. We certainly want advertising, but we want every advertiser to derive benefit from it.

Every business that's a success, not merely an existence, advertises and advertises heavily. Why, because advertising is the backbone, the real foundation of any business.

In these days of enlightenment, the business that does not advertise, gradually loses hold. Its customers fall away, they go to the store that advertises, and eventually cowboys are even where people used to tread.

The Outlook has plenty of space for "prime" advertising, and there are lots of business concerns that should be parking in this space. The paper is read by a prosperous people, and in order to get a fair share of this business, we can offer no better suggestion than advertising in The Outlook.

For the love of Pete, do not advertise with the sole object in view of helping the publisher; advertise with the intentions of making money for the advertiser. That is the way to make her go. Advertise like a Rolls Royce among a bunch of Fords and there is a gold mine in it for you! Sounds like a dream to the man, who says it doesn't pay to advertise—but British Columbia, the cat's-paw, coming soon again; stop the exodus of the dollars that rightfully belong to the community. Advertise, and advertise more!

New Strain of Oats
The dollar-and-cents value of the partnership between scientist and farmer would be difficult to estimate. Fifteen millions have been added to the wealth of Canada by the development of Marquis wheat by Dr. Chas. E. Saunders, whose work has been somewhat tardily recognized by the granting of an annuity at the last session of the Dominion Parliament. And now comes an announcement that a new strain of oats with which the Ontario Agricultural College has been experimenting for seven years, has produced sensational results? This variety, known as O.A.C. Number 44, has given an average yield per acre 6.4 bushels more than O.A.C. Number 72. This increase has been steady over the entire period of experimentation, according to Dr. C. A. Zavitz who made the announcement at Regina.

Here and There

Since the first of April up to the present time approximately seven million pounds of various fish have been landed at North Sydney, N.S., by local fishermen. The catch made so far this season is far in excess of any previous year's catch in the history of this port.

All tourist and motorists records are being broken at Banff this year. There are three times as many campers as in any other year and 2,400 more bathers than in 1924. The Canadian Pacific hotel here and at Lake Louise reports bookings as being unusually heavy.

More Alberta provincial savings certificates were sold in the first six months of this year than in any full year previously, even including the big record year of 1920. Since the beginning of the current year up to the end of June, the total sales amounted to \$1,401,600. There is now close to \$7,000,000 outstanding in savings certificates.

Radio receiving licenses held in Canada at the end of last month numbered 56,063, according to a statement issued by the Federal Government. Ontario leads all provinces with a total of 28,507. Quebec occupied second place with 7,882 licenses, followed by Saskatchewan with 6,551; Manitoba, 4,445; British Columbia, 3,302; Alberta, 2,004; Nova Scotia, 1,435; New Brunswick, 735; Prince Edward Island, 87; Yukon, 22; and Northwest Territories, 5.

A consignment of 21 fox hounds from the famous Mendip Hunt Pack, in Somerset, England, was brought to Canada early in August by the Dominion Express Company for the Toronto Hunt Club. The English papers published photographs of these splendid animals and expressed gratification that good British hounds were being used on the hunting fields of Ontario. This is the third such consignment brought out by the Dominion Express within recent weeks.

The delegates to the Empire Press Conference at Australia who came from Britain and passed through Canada recently spent several days in the Canadian Pacific Rockies and enjoyed themselves trail-riding and hiking among the beauty spots that surround Banff and Lake Louise. Lord Burnham and several other distinguished British journalists established new walking records in covering the distance between Wapita and Emerald Lake in two hours, while it took the trail-riders on ponies two hours and a quarter to cover the same ground.

Representing education authorities and the public and secondary schools of Great Britain, about one hundred teachers from the United Kingdom arrived recently at Montreal on the "Empress of Scotland" and are now touring the country. Before their departure they received a congratulatory message from King George and on their arrival were tendered an official reception by representatives of the Quebec provincial government, prominent educationists and were entertained to dinner at the Chateau Frontenac by E. W. Beatty.

In a recently published monograph on "The Transportation of Canadian Wheat to the Sea" Miss L. M. Fair, M.A., makes the following comparison of Canadian and United States rates to show to what extent the resources of our railways are organized for the benefit of western producers:

To Port	Miles	Rate per U.S. bushel	Rate per cent
From—			
Winnipeg	420	.08	.12
Portage la Prairie	475	.09	.13
Carberry	525	.09	.13

Cholera Infantum

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months, and unless prompt action is taken the little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent the dreaded summer complaint. They are an absolute safe medicine, being guaranteed to contain neither opiates nor narcotics or other harmful drugs. They cannot possibly do harm—they always do good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
