LAKE ERIE EXTENSION COMMENCES NEXT WEEK

Terms Of Franchise Drawn
Up With Townships
Yesterday

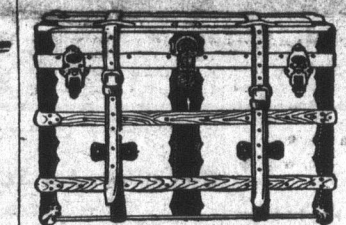

Road To Be Completed By
Jan. 1—The Route To
Be Taken

Everything points to the construction of the C. W. & L. E. railway extension to Lake Erie, and if nothing unforeseen happens, the citizens of this city and vicinity will soon be enjoying the use of this new and popular line. The contracts for the construction of the road were drawn up and signed yesterday. The concrete and grading works have been awarded to Blight & Fidler.

Yesterday afternoon a joint meeting between the Township Councils of Harwich and Raleigh and the representatives of the C. W. & L. E., was held in the office of Matthew Wilson, K. C. Those present were, Reeves Buchanan and Irving, Deputy Reeves Clark and Wellwood, Councilors Corlett, McColl Shreve, the Clerk of Raleigh, President Kipp, Mr. Kizer, Sr., Charles Hadley and George Stephens, ex-M. P. J. G. Kerr represented the railway company and Mr. Wilson represented the two townships.

At this meeting the terms of the franchise and the operation of the railway from Chatham to Lake Erie were agreed upon, and it is definitely understood that the railway will run in direct line to Lake Erie on the Raleigh side of the town line, unless the railway company exercise an option given them of diverting into Harwich south of Cedar Springs, along the 12 and 13 sidings and the Gore line to the Lake, and along the Lake to the Rondeau pier.

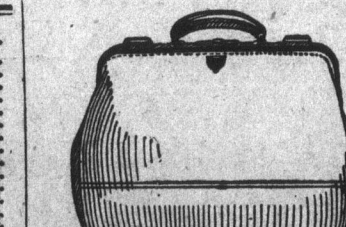

Mr. Wilson was instructed to prepare the necessary by-laws and agreements, according to the understanding of all the parties concerned, and have them executed without delay. Active work will commence within one month, and the road is to be completed to the Lake by January 1, 1908, permission being given to the railway company to begin work during the coming week, pending the execution of the agreements.

LOST HIS HORSE

Prominent Lumber Man Blames His Friends And Hunts Up A Policeman

A good joke, founded upon actual fact, is going the rounds on a prominent local lumber dealer. The said lumber merchant is known as one of the shrewdest in his line, and always has his eye open for new business. The other night he drove up town to keep a business appointment. He tied his horse up on King street and went to one of the hotels where he was to meet his man. The conversation which ensued lasted much longer than he had expected, and it was about twelve o'clock before he was ready to go home.

When he arrived to the place where he had tied up his horse, he looked around in vain for the faithful equine. A few of his friends were standing around at the time and asked him what was the matter. They were so anxious to know, that the merchant at once came to the conclusion that they knew something of the whereabouts of the horse and rig. He could take a joke, so he laughed, and asked them where they had put the horse.

The crowd of friends denied having anything to do with the disappearance of the horse, and what was more exasperating to the lumber man, they stuck to it. There is a limit to everything, and the seller of cedar posts and shingles finally lost all patience, and soon became real angry. This seemed to heighten the merriment of his small band of friends. They were too many for him to fight, so he hunted up a policeman.

The first officer he ran into was Henry Darr. Henry was studiously making the best between the Garner House and the Standard Bank. The lumber man caught him just in time, as he was leaving the Garner House. He explained his predicament, and wanted the old war horse of the force to do his duty and arrest the offensive practical joker. After receiving the description of the horse, Henry thought he could unravel the mystery. It turned out afterwards that Henry had noticed a horse answering to this description standing on the street a little longer than the law allowed. The picket dealer secured his horse from one of the feed barns and drove home via one of the back streets. He hasn't yet made any explanation to his friends.

VISITOR HAS NARROW ESCAPE FROM DROWNING

A middle-aged man, a stranger in the city, had a very narrow escape from drowning last night about 12 o'clock.

He was out for a time, and he had it. When he thought of going to his hotel, he was over the river. He didn't know this, however, in fact he didn't know where he was. He had been out with the boys and had fallen by the wayside. His friends wanted to take him to the hotel, but he said he could take care of himself, and he started out all alone to get to King street. He stopped at a house on Baldoon St. and wanted to be taken in, but he was told to move on, and so he had to keep on walking. Owing to poor steering on his part, he missed the Third St. bridge, and went down towards the Kent Mills. He lost the track of the sidewalk, and finally decided that as there was no bridge handy, he would try to walk across the river on the water. It didn't work. He made a good start and boldly stepped off the dock at the rear of the mill, when—Splash!—he woke up. He was then wet—both inside and out.

A man going over the bridge heard his cries, and the fireman at the Kent Mills afterwards pulled him out.

SAY NON METRE SYSTEM PRIVILEGE WAS ABUSED

Chairman Sheldon And
Supt. Jones Make Their
Explanations

Mr. Sheldon Refers To The
Inefficiency Of Plant's
Equipment

Chairman W. D. Sheldon and Superintendent E. B. Jones, of the Water Board, had something to say about an editorial appearing in The Planet yesterday, when they met a reporter for this journal this morning. The editorial in question had reference to the metre system for lawn services inaugurated by the Water Commissioners.

"We would like to make it generally known," said Mr. Sheldon, "that the metre system has been introduced for the protection of our fire department. As far as the reference to the plumbers' work is concerned, we have nothing whatever to do with that. They take out a license to do the work, and we pipe the water to the property line. We cannot be therefore blamed for any waste of water caused by poor plumbing."

"I might further add that if we had the money which the city of Chatham owes to the Waterworks Department, we could put in another pump. This would insure the protection of our fire service. Last year there was so much water wasted by patrons who had a lawn service not on the metre system, that we had to pay a man to watch the services, and he discovered that the privilege was most flagrantly abused. It does seem hard on those people who tried to do the right thing, but the innocent must suffer with the guilty. It was much more unfair that these people who wasted water should pay no more for the privilege than those who did not, and it was only after careful consideration that we decided that the metre system must be introduced. It was compulsory on our part on account of the increased business being more than our plant could stand."

"The Waterworks is entitled to \$17,000 from the city, and we should have it to buy new filters and other equipment, but the city has spent our money, and we cannot get it. At present we have no place to put our new filter, and we must have a cover over it with a pump until such time as proper accommodation is provided. I think it is now generally known that we are cramped for room in the present Waterworks building, and all on account of the city electric light plant."

Superintendent Jones also had some explanations to make regarding the editorial in question.

"The metre system was merely introduced because a great number of people were willing to waste so much of the city's water under the old system," said Mr. Jones. "Some of them allowed the water to run all night. A detective we had employed to watch the various services last summer found some most flagrant examples of waste. Services were allowed to run and waste water all day and sometimes at night. At one man's place he found a service running on the banks of the river—just a case of extravagant waste. Now, this clearly proved that the old system allowed careless people to rob our other patrons. We had to protect ourselves and the patrons of the Waterworks."

"Some years ago, the Water Commissioners gave the people water services without metres, to help to beautify the city, and of course the understanding was that all these people were joint owners of the Waterworks system, and would therefore be careful and conserve the water as far as possible. They simply ignored the conditions under which the privileges were given them, and failed to comply, and the consequence was that the waste of water became so flagrant that the metre system had to be introduced. Tests made of the water pressure last summer and winter showed such a vast difference that we had to take some action to prevent the waste."

GAVE HIM A CHAIR

W. G. Burrows Financial Secretary
Of The Foresters Remembered By
His Brothers

A regular meeting of Court McGregor, No. 6, of the Independent Order of Foresters, was held last night, and was one of the best meetings of the year.

A very large number were present, and the delegates for the Grand Lodge of Ontario, which will be held in Berlin on August 29th, were appointed. The following are the delegates: Geo. W. Wands, W. T. Simpson, A. J. Gerney and C. W. McCubbin.

Addresses were given by R. A. Harrington and E. A. Mounter. Nine applications for membership were received and considered.

The feature of the evening was the presentation of a fine Morris chair of quarter cut oak and rich upholstery to Mr. W. G. Burrows. The following address was read to Mr. Burrows:

Dear Bro. Burrows.—After over nine years of efficient service as Financial Secretary of this Court, the members regret your decision of resigning from a position which you have filled so satisfactorily.

We realize that the success that has attended the Court in the past years has been due to no small extent to the zeal and energy displayed by you, and the cordial relations ever existing between you and the entire membership.

We know that you have made sacrifices many times in the interest of the Court, and have always been ready to extend a helping hand to a distressed Brother.

As a slight recognition of our good will we ask you to accept this chair with the heart-felt wish that you may long be spared to enjoy the pleasures of this life in the consciousness of having ever done your duty.

Signed on behalf of the Court:
A. J. GERNEY, Chief Ranger.
D. H. DIMOND, Recording Secretary.

Mr. Burrows made a very suitable reply, thanking the Brothers for their kindness, and assuring them that his heart and interests were still with the Order.

People have a lot of gratitude until the chance comes to show it.

It is much pleasanter to skip a board bill than to walk the plank.

There is nothing humbler than ambition when it is about to climb.

NO LIBEL PROVED.

Sir Wilfrid Laurier is expected home earlier than was intended. It is believed that this haste is due to trouble in Quebec among the supporters of the Federal Government. Not long ago there was a quarrel between Premier Parent and other Quebec Liberals, which culminated in a revolt and the deposition of the Premier. Sir Wilfrid provided with an \$8,000 federal allowance, a member of the Gouin Government has been accused of maladministration. The accused is a Liberal and the Minister prosecuted him for libel. In the course of the proceedings a witness swore that another Provincial Minister tried to obtain a \$150,000 election rake-off out of a Crown land deal. Finally the jury disagreed and the action for libel fell through. Now the question is whether the witness swore to the \$150,000 proportion should be prosecuted for perjury. It is a situation which calls for Sir Wilfrid's presence, and perhaps for the appointment of another discredited politician to a federal office.

Chatham ratepayers passed the by-law to bonus the Wolverine Brass Company, the firm which first applied to Windsor. The proprietor was indifferently received by members of the local Council, while the Chatham Council and the Board of Trade treated him like a king, with the result that Chatham gets a new factory which will employ sixty hands. Windsor could have had the Wolverine industry to which Chatham has just overwhelmingly voted a loan of \$20,000. Chatham is in the current—Windsor has been caught in an eddy and a few persons are keeping her there—"on principle." Windsor Record.

"Fish never die a natural death," said an old fisherman who has observed as he fished. "If they did bodies of dead fish would be floating on the surface of the water about all the while, because such bodies, if unmolested, would have to float. I mean, of course, fish in nature never die a natural death, not fish in captivity. And perhaps it should not be called natural death that fish in captivity die. Their environment induces mortality that fish in their native habitat would escape, and these causes might be properly classed as among the accidents that carry the captive fish off. If fish in their native element were never molested, I believe they would never die. If they had sufficient food, which would be impossible if they no longer preyed on one another, there would be no reason for their dying. It was to prevent much uninterrupted tenure of life that all fish were made fiercely predaceous, if not remorselessly cannibalistic, as many kinds are. A fish's life is a constantly strenuous one and one entirely selfish. A fish lives only to eat and to avoid being eaten."

CHILDREN'S AID SOCIETY

The regular monthly meeting of the Advisory Board of the Kent Children's Aid Society was held in the County Clerk's office, Harrison Hall, Monday afternoon at 4.30. Those present were Messdames Sheldon, H. D. Smith, J. L. Bray, Stephenson, G. C. Taylor, Sullivan, Simon, Goodland, Taft, Ed. Taylor, Hennessey, Miss Young, and Messrs. Macaulay, Naffel and Dr. R. V. Bray. Executive officer R. V. Bray reported: Visits made, one; letters written, five; interviews, seven; cases reported two, embracing five children, all of whom are under observation; applications for children, one; children in Police Court, four. After some explanation the report was adopted. Accounts amounting to \$46.18 were ordered paid. The Executive officer reported that Mrs. Harvie, the Provincial visitor from Toronto, had called, and that he had asked her to investigate one or two cases in the County, about which he had received anonymous letters. She did so, and will report on her return to Toronto. The various visiting committees reported having given aid where needed. The Executive officer was instructed to consult with Mr. Kelso in reference to a poor boy who stammers very badly, and to see if something cannot be done for him. A grant of \$20 from the Dover Township Council was very thankfully accepted. After some minor discussion, the Board adjourned till September 9th. Special meetings will be held in the meantime if necessary.

THE NEW REMEDY

Take It Now That Vacation Days Are Fast Approaching.

Thousands of men and women are anxiously looking forward to the vacation days that come in June, July and August—not so much for the pleasure or enjoyment as for the chance of getting rid of their ill health.

To thoroughly drive away troubles of the stomach most people think they have to make a business of it with dieting, exercise, and perhaps a vacation.

But Mi-o-na stomach tablets taken with regularity, in a very few days will drive away indigestion, dizzy spells, distress after eating, headaches, sleeplessness, and the many other symptoms of bad digestion and sluggishness of the digestive organs that keep people from enjoying themselves.

Day after day, at work behind desks or in the factory with poor sunlight and air, soon results in sluggishness of the entire physical and mental apparatus. The first slight symptoms of indigestion can be easily cured, but when they are allowed to increase without any help, then the stomach complaints become hard to shake off.

Strengthen the whole digestive system with Mi-o-na and you will soon find that both stomach and bowels do their work as they should.

C. H. Gunn & Co. sell Mi-o-na in 50 cent boxes and guarantee to refund the money if the remedy does not give complete satisfaction.

PRESENTATION MADE TO MISS ANNIE MERRITT

A very pleasant time was spent at the home of Miss May Parry, River Road, Dover, Tuesday evening, when about twenty-five of the young people of St. Thomas Church, Dover, gathered there for the purpose of presenting Miss Annie Merritt with a beautiful gift of table linen. Miss Myrtle Clements read the address, while the presentation was made by Miss May Parry. Miss Merritt made a suitable reply, thanking her friends for their pretty gift. Light refreshments were afterwards served.

Miss Merritt leaves for Edmonton on June 18, where her marriage to Mr. Eddie Keyes, formerly of this city, will take place. Mr. Keyes is now a prosperous young contractor in Edmonton.

Miss Merritt will be accompanied by Miss Lena Newkirk as far as Regina. Miss Newkirk is making the trip for the benefit of her health. Both young ladies are very popular, and they will be greatly missed by their many friends in this vicinity.

I'll stop your pain free. To show you first—before you spend a penny—I will mail you free, a Trial Package of them—Dr. Shoop's Headache Tablets, Neuralgia, Headache, Toothache, Period pains, etc., are due alone to blood congestion. Dr. Shoop's Headache Tablets simply kill pain by coaxing away the unnatural blood pressure. That is all. Address Dr. Shoop, Racine, Wis. Sold by all dealers.

TIGER HAS MORE TEMPER THAN SENSE

"The tiger has more temper than sense," says Animal Trainer Patterson, of the Forepaugh-Sells Shows. "He is a suspicious fellow and always looking out of the corner of his eye, as if he thinks someone is trying to impose upon him. When he has no family cares, and is fed regularly, he is a fairly decent fellow. That is, he does not make much of a racket nor scrap with his fellows, but squats amiably in a corner of his den. He has got a bad streak in him, though, like some miserably born people, and you cannot bank on him long. His head is a big box, but it does not seem to have much in it to give him judgment."

"The elephant is as obedient as a child and fairly feeds on small, kindly attentions. He will cry when punished by some one he loves, and the cry is of the kind that produces big round tears. He has something of a woman's nature in taking sudden likes and dislikes to people, and by this same token is passionately fond of children. A child can walk all around and among a herd of elephants without receiving the slightest hurt. "This instinctive fondness for child life makes the elephant the tenderest of beasts with their young. In the Forepaugh-Sells herd there are twenty-five animals, and every one of them is really foolish, as they say, over Boston. This pudgy little elephant is swelled up because of these attentions, and gives me a lot of trouble to keep the kid from growing up careless or useless." The animal department will prove an interesting feature of the circus exhibitions to be given here Tuesday next.

SHAKE HANDS WITH ASTHMA. Awfully distressing in asthma. But worse, if possible, when combined with Bronchitis. Relieved quicker by Catarrhine than anything else—cured so thoroughly by "Catarrhine" that it doesn't return. Catarrhine's healing vapor is breathed right into the lungs, destroying the cause of the asthma, and succeeds in the most chronic cases. Try it. Two sizes, 25c. and \$1.00, at all dealers.

DISTRICT

BLENHEIM

Mr. J. S. Crookshank is at Gravenhurst at present visiting his daughter, Miss Nita, who has been in Muskoka for the past year for the benefit of her health.

It is a well-known fact that Blenheim is to have a system of rural phones, connecting Blenheim with the Mull, and giving the farmers the advantages of quick communication.

The council have finally confirmed the terms of the gas franchise to Mr. W. R. De Gruchy, of Boston, and authorized the Mayor and Clerk to sign the agreement. The council also had a proposition from the Maple City Oil and Gas Company to pipe gas for use in Blenheim, which is under consideration by the Finance committee, who will report to the council. Mr. De Gruchy agrees to have gas ready to use for fuel in Blenheim by November 1.

ROSY CHEEKS FOR PALE GIRLS.

Don't be debarred from strength and spirit, don't give in to illness and despair. Ferrozone supplies tone and vigor through which all functions of womanly life are maintained and fortified. From New Richmond, Que., comes the following statement from Mrs. Lafore Boissonneault: "I take deep pleasure in testifying to the powerful influence of Ferrozone. For years my daughter has been pale and sickly—showed signs of advanced anaemia. Her lips got so white and her cheeks so devoid of color I feared consumption. I can certify Ferrozone made an excellent cure, and to-day my daughter's health is the best." 50c. per box at all dealers.

TILBURY

Tilbury, June 13.—Mrs. Brown left yesterday to visit friends at Paris. Mr. and Mrs. W. J. Moffatt were in Amherstburg this week attending the funeral of Mr. Thomas Moffatt, who died suddenly on Sunday of heart failure.

ORCHARD FACES VICTIM'S SON

Young Steunenberg Sits Near Orchard While Giving Evidence

Boise, June 14.—It now seems probable that Harry Orchard will be allowed to leave the stand and make way for another witness in the Haywood trial by Saturday afternoon. The State will not take up much time with the re-examination, and this means that the re-examination will undoubtedly be disposed of. Yesterday Orchard gave the details of the assassination of former Governor Steunenberg.

The harrowing tale that made a crowded court room shudder was once more told and the murderer obliged to show the jury how cold-blooded and how cruel were the preparations and the deed itself. The murdered man's son sits within a few feet of Haywood and facing Orchard. He watches the witness closely, and during the narration of the scenes around his home prior to the murder and on the night when his father was killed, he shows evidence of great nervousness.

Is Not Spared By Defence.

The defence has not spared Orchard. His character as a criminal has been delved into until almost every crime in the calendar, big and little, has been brought home to him. The most remarkable thing about the man is the absolute nonchalance with which he admits the commission of these crimes. The plot to kidnap the children of Orchard's former partner in the Hercules Mine prospect is looked upon by the defence as a strong proof of the duplicity of the man. The claim of the defence is that Simpkins discovered the plot and warned August Paulson.

Paulson has been subpoenaed by the State. It was shown, however, by the defence in cross-examination that Paulson lent Orchard \$300 just before he left Wallace for Caldwell, shortly before the murder of Steunenberg.

Case For Defence.

The case for the defence, in contradiction of the connection of Haywood with the actual murder or arrangements for the murder of Steunenberg is shown by the questions put so as to bring out evidence to show that Orchard reached Wallace planning to kidnap Paulson's children. Failing that, he became poverty stricken and committed the burglary. Getting no proceeds from this he robbed a cash register. These funds running out, he borrowed \$300 from the man who had been his partner and who had become rich from the proceeds of the mine, a sixteenth share of which Orchard had sold for a song, and then, envious of the rich man and angered at the thought that Steunenberg had driven him, with other union men, from the State, he planned the enterprise of venal assassination. The defence asserts that Simpkins was at Wallace at the time in line with his duties as a member of the Executive Board of the Western Federation and that neither there nor at Caldwell had he any direct connection with Orchard's plans.

The Steunenberg Bomb.

When the trial was resumed yesterday, Orchard, replying to a question by Mr. Richardson, admitted that he had seen Detective McParland yesterday morning, but said the Haywood case had been discussed only casually.

Orchard continued his testimony by saying that as a result of his letter to Moyer, asking for money he had received from Jack Simpkins \$100, which he said, Haywood had sent to him. Orchard then proceeded to trace his movements prior to his second visit to Caldwell, which was made in November, 1905. He was accompanied by Simpkins. They attempted to kill Steunenberg, but did not succeed. Simpkins, Orchard said, "got

scared" and went back home to Wallace.

This was about Dec. 1, 1905, and Orchard had not seen him since. Simpkins had helped him make the bomb, which, with some changes, was used to kill Steunenberg. Orchard also left Caldwell after the failure of the attempt with Simpkins. He telephone Bill Easterly of Silver City, asking him if he did not want to come over to Caldwell and "take part in a contract." Easterly declined, saying he was too busy at home. Orchard then went to Salt Lake to get a man named Shoddy to help him. Shoddy, however, could not be found.

One of the Plans.

The cross-examination here digressed to the plan Orchard conceived, to ride a short distance on a train with Steunenberg, and set the bomb in a grip under the governor's seat. With the paraphernalia all ready Orchard got aboard the train one day, but Steunenberg missed it. The fact that others in the car would have been killed, Orchard said, did not appeal to him.

Tried to Prove Coercion.

Richardson's questioning showed an attempt to prove coercion through solitary confinement. Orchard admitted that he had been brought to the penitentiary without his consent, and without being advised as to his rights. He also admitted that his confinement practically was solitary, his only cell neighbor being Bob Wetter, a condemned murderer.

Richardson pursued his questioning by referring to McParland's work among the "Molly Maguires" in Pennsylvania. Orchard said McParland had told him about "Kelly, the bum," who had committed many murders, but had turned state's evidence and escaped punishment by leaving the country after \$800 had been raised for his expenses. Kelly never reformed, McParland told Orchard. He also had been told of other figures in the coal fields troubles.

Almost a Victim.

Boise, June 14.—Former Gov. Peabody and Harry Orchard met face to face in the office of J. H. Hawley yesterday.

Orchard recognized him at once and shrank back and trembled. The former governor smilingly held out his hand, saying: "How are you, Orchard?" Orchard broke down completely. He said: "I am ashamed to look at you, sir; I am ashamed to speak to you."

The governor reassured him and Orchard replied: "I am thankful that I did not kill you and am spared the thought of that crime."

Manager G. A. Gray, of the clothing department at the Austin Store, met with a serious accident last evening. The man who was cleaning up at the store had removed one of the interior grates in the clothing department, and Mr. Gray accidentally stepped into this. The fall he sustained resulted in the dislocation of his collar bone.

Roy Brisco returned last night from Wabagon, where he has been looking after his mining interests. His mines are doing nicely, and a good future is looked for. Mr. Brisco has also purchased 1,000 acres of land in Zeland County, Rainy River District. He states that there are 75,000 cords of wood, 50,000 railroad ties and about 5,000 telegraph poles on the property. The land is of clay loam and will make fine farming land.

TOWNSHIP COUNCIL

CHATHAM TOWNSHIP COUNCIL.
The Township of Chatham council met at the township hall on Wednesday, the 29th day of May, 1907, as a Court of Revision on the general assessment and for general business, pursuant to adjournment and to the notice in that behalf.

Councillor Harper absent. Members present took and subscribed the necessary oaths as members of said Court.

The Clerk handed in the following list of appeals as having been received in proper time: Eli. Kahue, sub lot 26, block A, Taylor avenue; Wm. Graham, s e 1-2 lot 21, concession 5; Thomas Buckingham, s 1-2 s e 1-4 lot 18, concession 8; Thomas Jones s w 1-4 lot 10, concession 10; Sam. Engleson, n 3-4 n 1-2 lot 12, concession 9; John Haggerty, n e 1-4 lot 9, concession 14; Gill Hibert, Gore 4, concession 18; James McDonald, s 1-2 16, concession 1, Gore; Fred. Groombridge, part 13, concession 1, Gore. The appellants present were heard in evidence. After considering the evidence it was moved by Irwin, seconded by Wickens, that the following changes be made in the assessment roll as returned by the assessor the present year.

That the s 1-2 of the s e 1-4, lot 18, concession 8, be reduced \$50; the n e 1-4, lot 9, concession 14, be reduced \$200; Gore 4, concession 18, be reduced \$300, and that the said assessment roll as thus amended be confirmed and the Court of Revision finally closed.—Carried.

A short general business meeting was then held. The minutes of last meeting were read and adopted and signed by the Reeve.

A letter was received from J. G. Kerr, solicitor for the Chatham, Wallaceburg & Lake Erie Electric Railway, protesting against the assessment of \$2,000 made by Geo. A. McCubbin, C. E., on the said railway company for a bridge over the proposed Maxwell Creek Outlet, where it crosses the lands of the said railway company.

An application was received from R. Stanley Code, C. E., of Alvinston, for township engineering.

Two awards under the Ditches and Watercourses Act, the Armstrong Ditch and the McNaughton Ditch—were received.

A provisional by-law of the Township of Dover, providing for an extra bridge over the McFarlane Outlet drain, wherein Chatham lands and roads were asked to contribute \$117 as their proportion, was received.

The Reeve reported verbally that he had been served with an appeal made by the Township of Dover council to the drainage referee against Dover's assessment for the proposed Maxwell Creek Outlet drain.

S. E. Stewart, of Whitebread, addressed the council, pressing the matter of closing the given road across lot A, concession 3, in the Gore.

Moved by Brown and Irwin, that the Reeve consult with the Township solicitor in reference to the liability of the Township of Chatham to contribute to the Township of Dover to assist in building a bridge over the McFarlane drain.—Carried.

Moved by Irwin and Brown, that as the Township of Dover has served the Township of Chatham with a notice of appeal to the drainage referee against the report and assessment of Geo. A. McCubbin, C. E., on the proposed construction of the Maxwell Creek Outlet drain, the Reeve is hereby authorized to take all proceedings in defence of the said action of the Township of Dover council.—Carried.

Moved by Brown and Wickens, that the Reeve and Fire Deputy Reeve be appointed a committee to inspect the road petitioned to be closed across lot A in concession 3, and report as to the advisability of closing said road.—Carried.

Moved by Wickens and Irwin, that the account of Dr. Wiley, for medical attendance on the Smith before, be reported to be in destitute circumstances, be referred to Councillor Brown to investigate with power.—Carried.

Moved by Irwin and Wickens, that the Reeve enquire into the condition of James Smith's son, who is in the hospital in Chatham, and do in the matter what he thinks proper.—Carried.

Moved by Wickens and Irwin, that Councillor Mr. George Brown wait on Mr. Donald J. McDonald and try and arrange the price of the land to be used as a roadway north of Running Creek bridge in concession 1, and if no settlement can be arrived at Alex. Mason, of the Township of Camden, is appointed an arbitrator in behalf of the Township of Chatham to decide the matter.—Carried.

Moved by Brown and Brown, that the by-law authorizing the issue of debentures to provide the Township of Chatham's proportion of the cost of constructing the Whitebread Tap Drain, be finally passed, signed and sealed.—Carried.

Moved by Brown and Wickens, that the by-law changing the boundary of school sections 10 and 12 be finally passed, signed and sealed.—Carried.

Moved by Irwin and Wickens, that the Reeve and Councillor George Brown be appointed a committee to dispose of Township's debentures that are now on hand.—Carried.

Moved by Wickens and Brown, that as there are a number of drains under the Drainage Act and under the Ditches and Watercourses Act, that require to be constructed and repaired this summer, the Clerk is hereby instructed to notify the Township Engineer, F. W. Flater, to report on the same as speedily as possible.—Carried.

There were a number of accounts ordered paid.

Meeting adjourned.
A. McARTHUR, Clerk.

The two Messrs. Miller, concession 1, were arrested for dogging and worrying cattle and sows, on a charge preferred by Orpheus Stevens, concession 1. They were tried before Magistrate Jonah Webster at Ruthersford on Friday and were fined \$1 each and costs, and received a severe reprimand from Mr. Webster.

Miss Janie Travis, who we regret to say is in poor health, is staying in Dresden at present.

Perry Shaw, who purchased the

farm of L. Wallace, concession 2, now resides on it.

Clinton Oliphant, of Brigidon, visited his parents and other relatives here prior to leaving for New Ontario to work with a bridge gang.

The little Misses Vera Oliphant, concession 3 school, Nita Kerr and Mabel Stevens, concession 1 school, are preparing to write on the entrance examination this summer.

The infant son of Wm. King and Mrs. King, who has been very ill of convulsions throughout May, is better.

Barley is looking very good here now, though oats are poor. A few fields of wheat are not bad, that of C. H. Stevens being notably good. Corn planting is very late. The farmers are very pessimistic about the crops.

DUNDONALD RETIRES.

Since Clash With Canadian Politicians Has Had No Appointment.

London, June 13.—(C. A. P.)—Lord Dundonald, former commander-in-chief of the militia in Canada, has retired from the army. The announcement was made public yesterday and has caused considerable comment.

Earl Dundonald has evidently not forgotten the circumstances under which he gave up command of the forces in Canada, and in an interview with The Darby News, he once again openly expresses his opinion as to the appointment of officers to the Canadian regiments.

Speaking to the representative of The News, Lord Dundonald says: "Since I called attention in Canada to the political jobbery in the appointment of officers, I have been offered no appointment by the British Government."

"I therefore automatically retire." Asked if he proposed to enter a political career, he said:

"I do not intend to sit down and do nothing."

CRUSHED TO DEATH.

Workman Pinned Beneath Eight Ton Concrete Girder.

Toronto, June 13.—A misplaced roller caused fatal injury to Charles McGinnis, at a new Hyslop building here yesterday.

McGinnis, with fourteen other men, was moving an 8-ton concrete girder. It tilted and fell across his abdomen, crushing his legs to a pulp.

A heavy block and tackle was necessary to move the beam, and ten minutes elapsed before McGinnis could be taken away. He was conscious all the time. He died at St. Michael's Hospital.

McGinnis was 32 years of age, and leaves a widow.

CHURCH IN POLITICS.

Delegate Advises Attention to Choice of Candidates.

Ottawa, June 13.—G. C. Smith of Cornwall, one of the lay delegates to the Anglican Synod of the Ottawa diocese, speaking before the synod, asserted that the need of the day is that the church should take a more active part in politics. The church should endeavor to exert an influence on the choice of members of both the Federal and Provincial Parliaments.

He agreed with the view expressed before the Presbyterian General Assembly, that graft and not intemperance, is the curse of Canada. He hoped an effort would be made by the Anglican church to help purify the political and commercial atmosphere.

WHEN YOU EAT TOO FAST.

You have indigestion, perhaps cramps, or in any case the system is overloaded with matter that should be eliminated. Breath gets bad, eyes look dull, headaches are frequent.

Easily done with Dr. Hamilton's Pills; their action is most gratifying. In every case they give the exact assistance the ailing organs require. You'll feel fit and fine, eat with a relish, sleep like a top, have a clear color and restful sleep if you regulate your system with Dr. Hamilton's Pills. Price 25c. per box, at all dealers.

FIVE MORE DROWNINGS.

Three Perish at Twin Chutes—Two Englishmen in Montreal River.

Cobalt, June 13.—A. E. Hogue, managing engineer, and H. B. Munroe, a Cobalt broker, returned yesterday after a hard trip to Lake Abitibi.

They report the death by drowning at Twin Chutes, on Lake Abitibi, of three men, named Thorpe, Cramer and Blundell. Thorpe was the assayer at the Mosher Camp, near Beadman's Narrows.

A report has also reached Cobalt that two Englishmen were drowned Tuesday in Montreal River. A third one was saved.

TREATING WRONG DISEASE.

Many times women call on their physicians suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worsens by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects in any condition of the system.

Acknowledge your blunders, but don't talk too much of them.

\$200,000 LOSS BY FIRE

Canadian Shipbuilding Yard Suffers Severe Damage.

Blaze Started in Big Building Near Furnace—Several Sheds Destroyed—Buffalo Fire-Fighters Failed to Respond to Call—Were No Water Plugs—Had to Use Hand Buckets No Lives Lost.

Buffalo, N. Y., June 13.—The fire which visited the Canadian Shipbuilding Co. on the Canadian shore of Niagara River, four miles north of the International Bridge, Tuesday night, did about \$200,000 damage.

The fire started near one of the furnaces in the big building. William Helms, night watchman, was the first to discover it. He immediately telephoned the Bridgeburg volunteer fire-fighters.

Albert King, resident manager of the company, who lives in Bridgeburg, was notified of the fire. He called out about 200 employees to fight the fire.

Buffalo and Niagara Falls, Ont., were also appealed to for assistance, but for some reason this city's fire department did not send any apparatus. The Niagara Falls department sent an engine and crew to the plant, but because of no fire plugs in the vicinity of the burning building, the men were unable to work. They, however, assisted the volunteer fire-fighters.

The burned building was 40 x 200 feet, built of steel girders, with corrugated roof and walls. In a few minutes the entire structure was enveloped in flames. The bucket brigade and the men who manned the hand pumps worked valiantly, but their efforts were unrewarded.

At the local offices of the Canadian Shipbuilding Co., it was stated that the main shed constructed of steel, the blacksmith shop, the punch shop, and the cab of the electric train were destroyed.

COLLEGE FOR B. C.

Presbyterian General Assembly Decide to Found Training School.

Montreal, June 13.—Yesterday was the General Assembly's busy day. The tendency towards infinite talk was somewhat restrained by the formidable doctor of business.

Dr. Wardlaw Taylor introduced the report of the committee on a theological college for British Columbia.

In the report it was pointed out that one of the most serious handicaps under which the work of the church is prosecuted in the middle and far west is the lack of continuous home mission supply. The mission fields are, in the report, left in a lamentably large number of instances without regular supply, during the winter months.

The committee believe that this difficulty, which is bound to become more acute as the rapid development of the country proceeds, might be overcome in large measure by the establishment of a course of theological teaching carried on during the summer months.

The assembly decided to found the college, a committee, with Prof. Dyde as convener, being appointed to carry out the project.

In finishing the commission's report a fund of a thousand dollars for manse building in Northern Ontario was set apart. Dr. McLaren reported that 32 men from Britain were coming out for mission work in September, and 15 more were available. It was agreed to appoint a superintendent for British Columbia, to leave Dr. Hendman free for Alberta.

GOVERNMENT MEN STRIKE.

Freight Handlers at Halifax Want Higher Wages.

Halifax, N.S., June 13.—The freight handlers on the waterfront in the employ of the Dominion Government went on strike yesterday. Ten days ago they asked for an increase in pay, and not having had a reply to their request up to Tuesday, they decided to quit work.

They demand 90 cents an hour for day work and 25 cents for night. They are now getting 15 cents for day work and night work.

The strikers were informed that their request had been referred to General Manager Pottinger of the I. C. R.

They expect a decision in their favor.

Fushimi In Toronto.

Toronto, June 12.—Prince Fushimi, cousin of the Emperor of Japan, and distinguished for his military genius, received the city's welcome yesterday. His arrival proved an event of interest to many thousands of Torontonians, as the crowds at the Union Station indicated, and the warmth of the hospitality extended left little to be desired and was manifestly gratifying to the prince.

The civic drive around the city, followed by the garden party at Government House and the state dinner in the evening, were functions that appeared to please the visitor's fancy. The prince, who, with his suite, spent the night as guests of the Lieutenant-Governor, leaves for the west at 11 a. m. to-day.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Do not make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weakness of these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by all dealers.

ABOLISH PRIVY COUNCIL.

Australian Attorney-General May Introduce Legislation.

London, June 13.—(C.A.P.)—A Melbourne despatch says the Attorney-General is considering legislation to remove the anomaly of the high court and privy council being the ultimate and final courts of appeal on questions arising between the Commonwealth and the states.

TRAIN CRASH OUT WEST

Head-On Collision on B. C. E. Railway at Vancouver.

One Passenger Killed—Five Others Seriously Injured—Now in Vancouver Hospital—Shunter and Car Meet at Full Speed Near Horseshoe Curve—Overrunning Orders Was the Cause of the Accident.

Vancouver, B. C., June 13.—The most serious accident in the history of the B. C. E. Railway Co. occurred shortly after five o'clock yesterday afternoon on the Skewton tram line, about a mile and a half from Vancouver. Two cars, a heavy shunter and a passenger car, met head on near the Horseshoe curve, with terrible results. The list of dead and injured is as follows:

Dead.
J. McCall, Steveston.
J. Graner, both legs broken.
E. Stevens, motorman, Steveston, legs out.
J. Lefont, legs injured.
William Byron, Ladner.
Unknown Chinaman, unconscious, probably concussion of the brain.

Four Japanese and several lady passengers are slightly hurt.

It appears the accident was caused by the crew of the passenger car overrunning orders. This car should have crossed at the Ninth avenue switch, but, instead, went on and met the heavy freight shunter east of the Horseshoe curve, just inside the city limits. Both cars were going full speed and met head-on. The shunter telescoped the passenger car. The shunter was hitched on to the box car, behind, which was loaded with logs. When the collision occurred the two front trucks of the passenger car were driven into the car, and the end of the car rested on the rails. Both cars were badly smashed. The first intimation of the occurrence came with telephone messages for doctors and ambulances. Aid was hurried to the spot, and the injured passengers brought to the city hospital.

Yesterday's Wreck.

Huron, Ohio, June 13.—Westbound fast mail No. 43, on the Lake Shore and Michigan Southern, was wrecked at 6:10 o'clock last evening, when it struck the caboose of a freight train.

FATAL DRUNKEN ROW.

Two Young Men Lose Their Lives by Drowning.

Montreal, June 13.—Two young men lost their lives Tuesday night as the result of a drunken quarrel in a frail rowboat on the river opposite the Locomotive and Machine Co.'s works at LaSalle Pointe.

There were three in the boat, and the two drowned were Alfred Focault, 18 years of age, St. Felix street, and Arthur Cole, 18 years of age, Frontenac avenue.

The two who were drowned started fighting after some words with the third man, who was upset, and the two participants in the quarrel drowned.

ADRIAT AT SEA 14 DAYS.

Picked Up After Having Eat Nothing For 8 Days.

New York, June 13.—The steamer Carman, which arrived yesterday, brought Louis Vollet, aged 33 years, one of the crew of the fishing schooner Mimosa, from St. Malo, France, who was picked up on the Grand Banks, off Newfoundland, on Monday, after he had been adrift in a dory for 14 days.

His dory mate had been drowned by a great wave, and Vollet had clambered back into the boat.

For six days he subsisted on sea biscuit and rain water, and when picked up had eaten nothing for eight days.

Mayor Drowned In Creek.

Springfield, Ill., June 13.—Mayor David S. Griffith of this city was drowned, and Fire Chief Jacobs narrowly escaped a similar fate yesterday afternoon by their horse stepping off a submerged bridge 10 miles south-west of this city, which they were crossing over a creek to attend a fishing party.

The body was recovered.

Mayor Griffith was born in Hamilton, Ont., May 5, 1873.

Second Man Killed.

St. John, N. B., June 13.—Melville Spencer, workman on the Royal Bank which is near completion, was killed last night by falling 45 feet down the elevator.

This is the second man killed in this building since Saturday last. Another was injured Monday, and may die.

Body Found In Creek.

Chatham, June 13.—Mrs. Hannah Burleigh, Duke street, aged 62, who disappeared Monday night, was found dead in McGregor's Creek yesterday morning.

She was feeble-minded, and it is supposed walked into the water during her sleep.

Section Man Killed On Track.

Port Credit, June 13.—S. Corrie, Italian section man on the C.P.R., was instantly killed yesterday morning, near here. He stepped out of the way of a west-bound passenger train, and when it passed walked in front of an east-bound passenger train.

No Trace Yet Found.

Norfolk, Va., June 13.—No trace has yet been found of the bodies of the men who are supposed to have been drowned by a steamer while returning to their ship after a dance at the Jamestown Exposition.

Cut In Two by Saw.

Athabasca Landing, June 13.—At Dunvegan, a fatal accident befell Jas. Higgins, Ontarion, Ont. The foreman in charge of a sawmill. He lost his balance and fell on the circular saw and was cut in two.

Julius Caesar.

The consensus of learned opinion is to the effect that history's all around greatest man was Julius Caesar, the originator of Roman imperialism. Caesar was great as a general and great as a writer and speaker, but greater as a statesman. Could he have been spared the assassin's dagger and been permitted to live ten years longer he might have set civilization ahead a full thousand years.

Was Stopped to Death.

Winnipeg, Man., June 13.—Luta Soreby, aged 20, was killed in a Galician fight on Burrows avenue Tuesday night, by being struck with stones thrown by fellow-countrymen who had been attending a dance at a house, the wind-up of a wedding festivity. Shots were fired.

People ask "Why do you claim that

Veteran's Sure Cure, one medicine, cures Rheumatism, Backache, Sciatica, Dyspepsia, Bright's Disease, etc." We reply, because 16 years' practical use has proved that V. S. C. contains the medicinal properties that cure the digestive organs. And when the people properly realize that good health depends upon pure blood and pure blood upon properly digested food being supplied by a healthy stomach, kidneys and liver, they will want the medicine that gives the best results. And we believe they will find V. S. C., has no equal. The V. S. C. Medicine Co., Limited, Chatham, Ont., Seane Block, King street. Druggists also sell it. Prices: 35c. doses \$1.00, 150 doses 50c.
