CLOSING EXERCISES

Of Acadia Collegiate and Business Academy

The 93rd anniversary closing exercises of Acadia Collegiate and Business Academy were held on Monday evening in the presence of a large assembly which taxed the seating capacity of the Baptist Church. The program, which was featured by very excellent musical and literary contributions from students, was as follows:

Processional March—Miss Miriam Coit, Miss Alice Lamont.
Opening prayer—Rev. D. B. Hemmeon, Wolfville.
Piano Solo—"Rhapsody Hungroise, No. 6, Liszt"—Eleanor Mitchell, Sem '22.
Essay: "Ireland"—Fred S. Crossman.
Essay: "Class History"—George R. Mitchell.

College Quartette: Selected—Messrs. Crossman, Parsons, Prime and Vincent.
Essay: "Peter Abelard"—Charles F. Alabaly.
Essay: "The Valedictory"—Wallace F. Forgey.
Violin Solo: "Son of the Puszta"—Keler Bela—Verne S. Thompson, Sem. '23.
Address to the Graduates—Howard S. Ross, B.A., K. C., Montreal. Awarding Diplomas.

Principal's Address.
Mr. Ross, the principal speaker, was a graduate of the old Horton Academy, and a class-mate of the present Principal of the Collegiate at Acadia University. He afterwards graduated from Yale, where he has been addressing the students, and from thence he came to Wolfville. He also studied at Dalhousie and practised at Sydney before establishing himself in Montreal, where his sphere of interest has developed into other branches, especially economics and literature.

His advice to the students Monday night was timely and inspiring. He begged them not to be afraid to be called dreamers or poets, but to endeavour to cultivate the art of writing poems as much as possible. His recitals of quotations were most apt and pleasing. In particular he urged them to have the sort of courage that will enable them at all times to stand with the few for what they are convinced was right and never to be afraid of a few.

He tried away by it, but always to study it well before pronouncing judgement upon it. Above all, let them have a definite aim in life from the start and resolutely strive to reach it.
At the close of the address diplomas were awarded to the following successful students:
Allaby, Charles F., St. John.
Anderson, Fred H., Morrell, P. E. I.
Archibald, Harold F., Wolfville.
Bonney, Stanley C., Vancouver.
Bancroft, Willard, Wolfville.
Bleakney, Charles, Bedford.
Crossman, Fred S., Truro.
Chambers, Harold, Truro.
Cushing, Raymond, Bridgewater.
Duxbury, Frank, Halifax.

BACCALAUREATE SUNDAY

The service at the Baptist Church on Sunday morning was very largely attended, the seating capacity of the combined auditorium and school-room being taxed to the utmost. Rev. Dr. Cutten presided and beside him on the platform were Rev. Dr. Manning, chairman of the Board of Governors; Rev. W. C. Goucher, D. D., of St. Stephen, N. B.; Rev. Herbert Johnson, D. D., of Boston, Mass.; Rev. Clarence A. Barbour, D. D., of the Rochester Theological Seminary, Rochester, N. Y.; and Rev. J. H. MacDonald, pastor of the church. Miss Ethel Norton and Mr. Warren Peters rendered the processional march and a string orchestra, under the direction of Miss Langley, of the violin department and a choir directed by Mr. W. A. Jones, of the vocal department of Acadia Seminary, led the congregational singing.

Following the doxology and invocation by Dr. Johnson, the grand old hymn, "O God our help in ages past," was sung and the scripture lesson was read, after which the choir rendered "Nearer My God to Thee."

The preacher of the baccalaureate sermon on this occasion was Rev. Dr. Barbour, president of Rochester Theological Seminary who was introduced by President Cutten in fitting terms. His subject was "The Process of Possession" taken from Joshua 1:3. "Every place that the sole of your feet shall tread upon that place I give you, as I said unto Moses."
After briefly summarizing the journey of forty years ending with the burial of Moses by God on the mountain top, when with some relief and not without some sorrow the Great Leader had been privileged to see the Promised Land, the speaker referred to Joshua as a young general of fine character and courage talking up the reins that Moses had laid down. To illustrate what he meant by ownership with process of possession Dr. Barbour recalled the celebrations of the arrival of the first settlers, in the search of material for something to say in connection with which he had discovered that the settlers possessed maps on which were marked between parallels the several territories to which they were given title deeds. It was only the work of a moment to mark the maps but it took two hundred years to take possession of the whole territory. Ownership was not of much use without possession.

There were moral and intellectual hoboos who always took the line of least resistance and therefore never accomplished anything worth while. The price of mental power was battle every time, the setting of hard problems to the mind and compelling the mind to work them out. Ownership of success in a worth while life was only possible through the slow process of possession. Little Molly, who has shown aptness for music, is between the parallels and can only reach the goal by keeping going over the hard places and mastering the difficult tasks. A man's Bible was no bigger than that part of it which he has appropriated to himself.

He liked Van Dyke's description of a worth while life, which was (1) To think without confusion clearly; (2) to love one's fellowmen sincerely; (3) to act from honest motives purely; (4) to trust in God in Heaven securely.

In conclusion, addressing the graduating class, he impressed upon them the absolute need of applying these lessons to themselves as they go out into the world, to make it better by their own determination to live a life worth while, to study as though they had to live forever, and to live as though they had to die tomorrow.

Miss Evelyn Duncanson sang, "Sweetly as the years go by," and after the singing of the concluding hymn the benediction was pronounced by Rev. Dr. Manning.

The Sunday evening service was under the auspices of the College Y. M. C. A.

ACADIA UNIVERSITY CLOSING

Eighty-fourth Anniversary This Week Favored With Ideal Weather Conditions—Graduating Class the Largest in the History of the College.

Ideal weather conditions favored the eighty-fourth anniversary of Acadia University, which was celebrated this week. Every day was filled with sunshine and the music of birds, and the wide panorama of green fields and fruit trees bursting into bloom made living a joy. Visitors raved over the scene spread out before them and took their departure with regret when the time came for them to leave Wolfville. All the time-honored exercises of former days were observed and everything passed off successfully and without a jarring note. The attendance from various sections of the Maritime Provinces was large and enthusiastic, prevailed on every hand over a successful year's work at the various institutions.

The big event of the week was of course the university convocation on Wednesday morning, when every available seat in the Baptist Church was occupied by those who wished to see the graduating class, the largest in the history of Acadia, receive their degrees.

After President Cutten and distinguished visitors had taken their places on the platform, and the Board of Governors and graduating class had occupied the seats reserved for them, Dr. Cutten called upon Rev. Dr. Brown, of Princeton, Me., to open the exercises with prayer.

Four addresses were given by members of the graduating class, as follows: The Problem of Canadian Immigration, by John William Whitney Lank, of Wilson's Beach, N. B.

Library Interests in the Maritime Provinces by Ella Jean Warren, of Wolfville.

Beyond the Atom by Theodore Kierstead Cleveland, of Alma, N. B.
Co-operation by Herbert Tucker, of Dulverton, England.

All the addresses were of a high order and were listened to with close attention by the audience. There was also a selection by a double male quartette.

The following 44 candidates received the degree of Bachelor of Arts:
Charles Harry Atkinson, Appleton, N. S.; Laura Bagnall, Hazelgrove, P. I.; Guy Campbell, Blackton, P. I.;

Allyn Gorman, Truro, N. S.; Mabel Coralie Brown, Melvern Square, Marion Elizabeth Brown, St. John; Donald Douglas Cameron, Amherst; Winnie Laurie Chute, Waterville; Myrtle Reta Cochrane, Sunny Brae, N. B.

Flora Evelyn Colpitts, Upper Dorchester, N. B.; Albert Blackmore Corey, Bimlipatam, India.

Margarita Joy Cutten, Wolfville; Albert Kenneth Eaton, Lower Canard; William Harris Elgee, Jemseg, N. B.; Margaret Letitia Ford, Wolfville; Haze Josephine Freeman, Bridgetown; Horatio Warren Douglass Fritz, St. John.

Carey Kierstead Ganong, Jemseg, N. B.; Irene Constance Haley, St. Stephen, N. B.

Clarke Kenneth McLeod, Wolfville; Isabel Carrie MacPhail, Perth, N. B.; Mabel Gertrude Nichols, Kentville; Zella Idella Paillee, St. John; Beatrice Evelyn Phillips, Fredericton; Egbert Corning Prime, Freeport; Arthur Reginald Prince, Truro; Joseph Allaby Pyne, Tiverton, N. S.; Frances Martha Schurman, Central Bedeque, P. E. I.

Leon Parkin Steeves, Hillsboro, N. B.; Herbert Tucker, Dolverton, Eng'land; Gordon Sweet Vincent, Sackville, N. B.; Ella Jean Warren, Wolfville; Thomas Merrit Webb, Amherst; Mary Wyman, Carleton, N. S.

The degree of Bachelor of Science was conferred on nine candidates as follows: James Llewellyn Bowley, Paradise; Max Orday Brown, Princeton, Me.; Theodore Kierstead Cleveland, Alma, N. B.

Henry Gordon Goucher, Middleton; John Albert Rogers, Middleton; Lindsay Thurber, Freeport; Lutluff Jackson Weeks, Wolfville; Horace Hannington Wetmore, St. John; Herbert Stanley Thurston, Sanford, N. S.

Three candidates received the degree of Master of Arts: Wylie Louis Collins, Port Williams; Terence Alexander Meister, New Ross; Claude Sartoris Richardson, Sydney. Certificates of English Course in

Theology were presented to: George R. T. Ayling, Rawdon;

George N. Mott, Falmouth; Frank K. Neary, Wolfville. The following received certificates in Engineering:

Olen Leslie Backman, Lunenburg; Ralph Jones Conrad, Sussex; George William Christie, Amherst; Blai Fraser Crowdis, Sydney; Douglas Peter Dent, St. Sixte, Que.; Nathaniel Earl, Hunt, Mabou, N. S.; Mark Curry Lowe, St. Martins, N. B.; Neil Stanley Morrison, Middleton; Ernest Milton MacLeod, Cleveland, N. S.

Bruce Barnaby Reid, Truro; William Dickson Riseborough, N. Brookfield, N. S.; John Albert Rogers, Middleton; Hulbert Hart Schurman, Wolfville; Vernon Lionel Schurman, Bedeque, P. E. I.

Seven members of the class received Honor Certificates, the largest number for some years. They were as follows: Donald Douglas Cameron, English; Horace Hannington Wetmore, English; Theodore Kierstead Cleveland,

Chemistry; William Harris Elgee, New Testament Greek; Irene Constance Haley, German; John William Whitney Lank, Economics.

Herbert Tucker, Economics; Flora Evelyn Colpitts, Physics; John Albert Rogers, Physics. Honorary degrees were conferred as follows: Doctor of Divinity—Rev. C. W. Rose, Amherst; Rev. S. S. Prize to Wolfville High School—Margaret Allan. The Rose English Prize—D. D. Cameron.

The Re-union Cup was presented to the class of 1922, which had 8 members present out of a possible 24.

The distinguished visitors present were called upon to address the audience, which each did in a few appropriate words. All were listened to attentively and it was regretted that the time at their disposal was so short.

The Acadia Dramatic Society presented their play, "A Private Secretary," at Truro last evening, and to-night they play at Amherst.

E. W. BEATTY, K. C.

President of the C. P. R., who appeared before the special House Committee on Railway transportation costs, and stated the case of the C. P. R. He said that the railway was prepared to make immediate reduction in the freight rates on basic commodities.

THE CHIMES OF NORMANDY

One of the biggest musical treats the people of Wolfville have had the pleasure of enjoying for some time was the presentation of the opera, "The Chimes of Normandy," at the Opera House on Wednesday and Thursday evenings. Every one has been looking forward to the event with keen anticipation for some weeks, and the theatre was completely filled on the opening night. On account of the previous successful operas given by local talent a good show was expected, but the performance surpassed even the highest expectations. Nothing but praise is heard on every hand and Messrs. Mason and Evans are to be congratulated on the success attending their efforts.

All the parts were exceedingly well acted as well as sung, each one seeming perfectly suited to the part. Mr. B. C. Silver's voice was never heard to better advantage than in the part of Henri, the Marquis of Corneville, a part which he acted to perfection. The part of Jean Grenicheux was taken by Mr. A. J. Mason, whose splendid tone voice was as always, greatly enjoyed, especially in solos, "O'er Billows Rolling" and "That Night I'll Never Forget." As one person was heard to remark, the only fault with his singing was that there was not enough of it. Mr. Nat Evans took the very difficult part of Gaspard, the miser, and no one could have acted the part better. Mr. Fred Rand as the Bailli, furnished the comedy and kept the audience in laughter whenever he appeared on the stage. The Notary was acted by Mr. T. Stackhouse.

It was hard to decide which of the ladies, Miss Evelyn Duncanson as Serpolette and Miss Mona Parsons as Germaine, we enjoyed the most, their parts were so different and each taken so well. Their acting was a surprise to every one and quite as good as their singing which is saying considerable. Misses Frances Stackhouse, Amy Prescott, M. Schlegel and Margaret Stackhouse, as village maidens, took their parts very well.

The music of "The Chimes of Normandy" is most pleasing and some of the prettiest parts are the selections by the chorus. The training of the chorus means a great deal of work and Mr. Mason and Mr. John Arenburg, of Lunenburg, who consented to act as conductor, have worked very hard with this most important part of the company. Their labours were well rewarded, however, as the chorus Wednesday night was one of the best ever heard in Wolfville. A great deal of credit also goes to Mr. Don Cameron, the pianist. The costumes were splendid and the gay colors made a very pretty picture. The following composed the chorus:

Mrs. Barteaux, Mrs. Hutchinson, Mrs. J. W. Williams, Miss Daisy West, Miss Gladys West, Miss Olive Stackhouse, Miss Rhea Evans, Miss D. Mitchell, Miss I. Gertrude, Miss A. Pearson, Miss Jennie Pinea, Miss Nita Tretaway, Miss Elsie Smiley.

Messrs. W. B. Davidson, Roy Evans, B. I. Bry, Fred Russell, G. H. Waterbury, Theo. Rand, Frank Murphy, Karl Evans, Fred Bishop, Carlton Kenney.

A dancing act by Misses Frances, Margaret and Olive Stackhouse and Miss Parsons between the first and second acts was much enjoyed.

Dr. R. W. Bennett, of Gaspereau, has so far recovered from his recent operation that he expects to be able to conduct the service at the Gaspereau Baptist church on Sunday morning.

Two more entries have been received for the College of Arms exhibition in August. One is from Brankome Hall, Toronto, and the other from the School of Art at Hamilton.

A LESSON FROM CHINA

We think of China as a backyard nation and proudly assume that in every essential regard we are a long way in advance of her. But we might well take a leaf out of her book with respect to her present attitude on the matter of gambling. Anti-gambling crusades are being prosecuted in all parts of the country, and not only churches and schools, but trade and labour unions are taking part in seeking to abolish the vice. At Canton recently 15,000 citizens marched in a parade to present to the governor a petition signed by more than 15,000 members of the Anti-gambling Society. The trouble is that a crusade of that sort here would have to take in our fashionable bridge and whist parties, as well as "craps" and poker and betting on the races, and this would doubtless make it very unpopular in our "best circles." But it is something to see another nation, even if it is only poor old China, clearing its skirts of this evil.—Watchman-Examiner.

AN INDIAN VOLSTEAD LAW

The members of the sweeper caste at Delhi, India, have decided that any sweeper found violating the local prohibition law is to be beaten fifty times with his shoes, his moustach is to be shaved off on one side, and a fine of five cowries is to be imposed. Every member of the caste is an unofficial "Prohibition enforcement officer" and there is a reward of from one to five rupes for giving information against a person using intoxicating liquors.—From the Missionary Review of the World.

THE CLEAN-UP SEASON

(From the London Advertiser.) Now that we are at the season of the year when the clean-up spirit comes and dwells in our midst, why not clean up on this list? The man who spits on the sidewalk. The chap who cuts across the lawn. The girls who cut their skirts eight inches from the waist. The man who throws lighted matches and butts any place without looking or caring. The fellow who drops into your office for no reason and spends an hour. The wise man who wants to tell you where the best bootlegger in town resides. The resident who is always going to paint up and fix up his premises, but never does it. Of course, you can add to the list as occasion warrants.

DRIED STRAWBERRY

Soon we shall have the strawberry as a dried fruit. A method of preserving it in this shape has been satisfactorily worked out, the product having the appearance of a small reddish fig, with the consistency of a raisin. The dried strawberry retains the original flavor to a large extent.

"SIX MONTHS AGO"

"It's hard to realize that six months ago I couldn't walk across the floor and now I am so well!"

"I have never been very strong but the heat last summer was too much for me. This and the fact that my husband was out of work and I had to work day and night to keep from starving, left me a physical wreck. Luckily my husband was able to get a good job just when I had to go to bed. I tried everything I could think of to get strong, but each day I seemed to be getting weaker and weaker. I was reduced to a skeleton, I couldn't eat or sleep, I had no strength left and finally I was so weak that in trying to cross the floor one day I collapsed. I was so ill and weak that I didn't care whether I lived or died. And then I heard about that marvellous preparation—Carnol! A friend of mine had used it with wonderful results and as it had done so much for her, I decided to try it. The results were nothing less than miraculous. In two weeks I was able to get up and walk about the house. My appetite had returned. I was actually hungry. I could sleep when I went to bed, something I had not been able to do for months. I have already taken six bottles of Carnol and I am still taking it. I weigh more today than I ever weighed before in my life. I sleep like a child. I am never tired and my skin is as clear and my cheeks as rosy as a girl's. I bless the day I heard about Carnol." Mrs. E., Toronto.

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle and he will refund your money. 8-122

ACADIA DRAMATIC SOCIETY

Gives Another Successful Performance of "A Private Secretary"

The Acadia Dramatic Society repeated their success of a few weeks ago on Saturday evening when they again presented the three act farcical comedy, "A Private Secretary," at the Opera House, which was literally packed to the doors. All the parts were splendidly taken and, as before, William Miller and Gordon Goucher made a hit with the audience. The cast was as follows: Douglas Cattermole. Arthur Brown, 24 Mrs. Stead (Douglas' landlady) Jean Walker '24 Sydney Gibson (a tailor) Cecil Lewis '22 Harry Marsland Harrison Goodwin '24 Rev. Robert Spalding William Miller '22 Mr. Cattermole (Douglas' uncle) Gordon Goucher '22 Knox (a writ server) Harry Atkinson '22 Miss Ashford Edith Davison '23 Mr. Marsland (Harry's uncle) Harold Bannerman '24 Edith Marsland (Mr. Marsland's daughter) Zella Parlee '22 Eva Webster (Friend to Edith) Margaret Ford '22 John (a servant) Horace Wetmore '22

The musical selections by the Acadia Orchestra were a feature of the entertainment. All the numbers were presented in an excellent manner and were greatly appreciated by the audience. SPRING TIME

The apple-bloom is all a-blow In leafy orchards, high and low. O'er dale and down it flutters light, A cloud of filmy pink and white. It blossoms by the cottage door To prove that Spring has come once more, And sheds its winking, sweet perfume, The apple-bloom.

The apple-bloom bestrews the grass With fragrant petals as we pass; And long before the break of day It joins the breezes in their play, But when the sun is in the west, And all the world is rocked to rest, It folds its buds amid the gloom, The apple-bloom.

THE SEASON'S COLOR

White will be this summer's color, if one is to judge from the advance models of summer skirts and frocks. Fancy silks of heavier sporting grades are used for many sports skirts that are full, graceful and apparently offer all the freedom of movement necessary, even for tennis and golf.

The more a man gets the more he wants—unless the stipendiary magistrate is dealing it out.

Foolish Saving

A penny saved is not always a penny earned. Sometimes it is two pennies lost. The merchant who spends nothing on advertising loses much more than he saves.

The money spent for plate glass windows is not looked on as lost; nor is the money spent on better interior lighting.

Anything that increases favor, that adds to sales, that multiplies customers is very properly regarded as a good investment.

Advertising is a good investment—just as plate glass windows are. Advertising sells more goods to more persons than shop-windows do.

A WORD TO THE PUBLIC

Do you resent having a merchant address his message to you in the form of an advertisement in our columns? On the contrary, is not your impulse to respond to his friendly overtures?

A UNIQUE GIFT

This little statue (about ten inches high) of H. R. H. Prince of Wales taken from life when he was a sailor boy, was made for his Father and Mother to take with them on their voyage around the world when they were Duke and Duchess of York. It has just been given by the Prince to the South African training ship "General Botha."

FLOWERS GROWN IN VEGETABLE GARDEN

Many people when selecting garden seeds each spring, include a few packets of flower seeds, and why not have a border of flowers around the vegetable garden, rather than a border of weeds? Nothing so improves the looks of a garden as a border of flowers. One very attractive garden last summer had a border of primroses, and just inside a row of perennials, with vegetables in the centre; another had a petunia bed in the centre.

If it is not convenient to make a border, as is the case when there is too much grass around the fence, then plant a few rows of flowers alternately with the vegetables. When a vegetable garden is near the road, where everyone who passes views it, it is especially well to have it as attractive as possible. If the garden is clean, rows straight and the whole brightened up with a few well chosen flowers, the owner is at once pictured as artistic and discriminating. If, on the other hand, they are grown up with weeds, if the rows are crooked and the vegetables planted in a helter skelter fashion, how different the impression conveyed!

MOUNT A. WINS INTERCOLLEGIATE TRACK MEET

Sackville, N. B., May 23.—The Western Intercollegiate Track Meet was held here this morning between Acadia and Mount A., U. N. B. having failed to put in an appearance. Mount Allison won quite handsily having a total of 52 points to Acadia's 38.

The meet was a feature of the Commencement Exercises for the day and was witnessed by hundreds of visitors, as well as Mount A. students and town's people.

The day was fine, but scarcely ideal for track sports as a cool breeze was blowing across the campus all the morning. No records were broken but very good time was made in most of the events considering the fact that neither of the two teams have been training hard owing to the examination period.

Mount Allison's victory this morning closes a very successful year in sports for that university and adds another trophy to her already large collection of silverware.

The following are the results:

100 yards dash—1st, R. Ashford, Mount A.; 2nd, Chown, Mount A.; 3rd, Conrad, Acadia. Time 11 seconds.

High Jump—1st, McCready, Acadia; 2nd, Myers, Mount A.; 3rd, Clarke, Mount A. 5 feet 4 inches.

220 yard's dash—1st, Chown, Mount A.; 2nd, Ashford, Mount A.; 3rd, (McCready, Acadia, Myers, Mount A., Tie). Time 25 seconds.

Broad Jump—1st, Corey, Acadia; 2nd, Anthony, Acadia; 3rd, Wyse, Mount A. 17 feet and 8 inches.

Shot Put—1st, Atkinson, Acadia; 2nd, Ashford, Mount A.; 3rd, Morrison, Mount A. 33 feet 6 inches.

440 yards dash—1st, Chown, Mount A.; 2nd, Anthony, Acadia; 3rd, Phillips, Mount A. Time 56 1/2 seconds.

Hammer Throw—1st, R. Ashford, Mount A.; 2nd, Morrison, Mount A.; 3rd, Atkinson, Acadia. 83 ft. 5 inches.

120 yards hurdle—1st, Hicks, Acadia; 2nd, Atkinson, Acadia; 3rd, Wyse, Mount A. Time 19 seconds.

Pole Vault—1 (Clark, Appleby), Mount A., Tie; 2nd, McKay, Acadia. 8 feet 8 inches.

The Mount A. men did not try the bar any higher.

One Mile Run—1st, Wetmore, Acadia; 2nd, McKenzie, Mount A.; 3rd, (H. Ashford, Mount A., Cox, Acadia), Tie. Time 4 minutes, 56 seconds.

ACADIA GRADUATE RECOGNIZED AS MIRACLE CAACH

The following from the Syracuse (N.Y.) Journal of May 3rd will be of interest to many readers who will remember Prof. Cox, when he was a student at Acadia from which institution he graduated in the class of 1903. Mr. Cox, who is an ardent athlete as well as a successful educationist, is a son of Mr. and Mrs. G. W. Cox, of Ware, Mass., and a nephew of Mr. B. O. Davidson of this town:

Coach Laurie D. Cox of the Syracuse University lacrosse team is being recognized as the miracle coach of lacrosse. Having trained two championship teams built up from men who were comparatively new at the game and had to be taught everything about it and now with a possibility of having another that ought to snatch the intercollegiate title he has made a record that is attracting attention throughout the East. Indications of winning the title are strengthened as a result of the victory over the star John Hopkins twelve.

Coach Cox, is the father of lacrosse at Syracuse University. A former Harvard star, he introduced the game on the Hill when he came here to become an instructor in landscape engineering in the New York State College of Forestry in 1914.

At first the game did not prove very popular as lacrosse was not very widely known. Men who previously played at high schools reported and a few others who were practically persuaded to learn the sport completed the squad. A majority were from the Forestry College. Then the war interrupted athletics and the team was abandoned.

It was revived by Coach Cox in 1919 and since then has risen to a place among the major sports of the University. It is probably the first branch of athletics to be made a major sport in such a short time.

The squad in lacrosse attracts almost 100 men every year. Most of them are just learning the game, too, and the successful combinations which have been turned out reflects considerable credit upon the instruction of Coach Cox, since the championship teams so far have had more inexperienced players at the beginning of the season, than older lacrosse men.

Coach Cox is being recognized as an authority in the game among lacrosse critics of the country. He holds the position of vice president of the Intercollegiate Lacrosse League and is a member of the rules committee. Besides this he was given the honor this year of writing the official record of the game last

year for the lacrosse guide.

The tour of the Oxford-Cambridge lacrosse team which has been one of the important international athletic events of the spring was entirely arranged by Coach Cox. He was instrumental in getting the Englishmen to come here and is now planning for a return trip to England next year for the Syracuse University team.

YOUNG AND WILD

The "movies" have unfortunately received a great deal of unfavorable publicity of late. We say unfortunately because the "movies" as an industry are doing a great service to the country and it seems a pity that this high degree of service cannot be followed throughout by the same degree of morality and fair business.

The divorce case of "Mary and Doug,"

in spite of their oft proclaimed popularity, has offered much food for thought in the 'legitimacy of the deal'. The death of Jack Pickford's wife, Olive Thomas, was never cleared up very satisfactorily. The Fatty Arbuckle case has most certainly done its share toward giving the general public—and that means the "movie" going public—a doubtful impression of the morality of those engaged in the movie world. Last but not least we have the death of William Taylor which the police are endeavouring to clear up and in doing so they are dragging into unfavorable lime light many remaining actresses to whom we may have been pinning our faith.

This is all very unfavorable but we must bear in mind that the moving picture industry is very young and like all young things, success and money have gone to its head. In time we will get things on a sounder basis and the

industry will be run worthily. Until then let us have patience and not judge too quickly and harshly.

TEA SHORTAGE—HIGHER PRICES

In 1920, so much more tea was produced than required throughout the world, that the market dropped to a very low level. The situation was so serious for the growers that they agreed to reduce their production 20% during 1921. Consumption, which has increased tremendously, and the production of tea being curtailed, has resulted in the highest prices for tea in years. The recent reduction of four pence per pound on tea tax in England has further stimulated consumption, which means that even higher prices may soon be expected.

Reports from all sections indicate the showing of apple-blossoms this year will be exceptionally fine. Next Sunday they will apparently be at their best and the Valley will be thronged with visitors come to view the beautiful scene. The season has been a backward one but the fine warm weather of the past week has brought the blossoms along rapidly and the early trees in most sections are now in full bloom, while the later varieties are coming out rapidly. Orchards in Kings county are receiving more than the ordinary amount of attention this Spring and orchardists are expecting and preparing for a bumper crop of fruit. During the next few days those who wish to see the "garden of Nova Scotia" at its best, should plan to visit Wolfville and the surrounding countryside.

TOWN COUNCIL

An emergency meeting of the Council was held on Monday evening for the purpose of considering a petition largely signed by citizens residing in the section affected, against the erection of the gasoline and oil storage tank of the Imperial Oil Co.

Mayor Sutherland and all the members of the Council were present as well as a number of citizens and Mr. Shatford, of the Imperial Oil Co. The latter was called upon and addressed the Council at length stating the conditions and the nature of the work being carried out. Rev. R. F. Dixon and Messrs. J. D. Chambers, J. L. Franklin and Jonathan Hayes were also heard and after some discussion a resolution was passed expressing the view of the Council that no valid reasons had been given for suspending the work and advising the Building Committee to grant the customary permit.

The Council then met as the Building Committee and granted the permit to the Imperial Oil Co. for the erection of a wagon-house and of cement foundations for tank. A permit was also granted Mr. A. M. Wheaton for the re-erection of a small building north of the railway track, to be used as a blacksmith shop.

DR. CUTTEN'S RESIGNATION

Accepted by Board of Governors—
Will Take Effect July 31st.

The resignation of Dr. George B. Cutten, president of Acadia University, was before the Board of Governors at the meeting held on Wednesday afternoon. It is understood that the resignation was reluctantly accepted and a committee composed of Dr. Manning, Dr. Cohoon, Dr. I. B. Oakes, Messrs. E. C. Whitman, W. G. Clark, W. C. Cross and O. P. Goucher, was appointed to name his successor. Dr. Cutten has filled the position of president since 1910 and under his direction the work of the university has grown and developed. Present rumors of his appointment to the presidency of Colgate University prepared the public for the news of his resignation, which was heard, however, with very general regret.

The matter of the federation of the colleges of the Maritime Provinces according to the proposal of the Carnegie Foundation came up for discussion, and a committee, composed of Dr. Cutten, Dr. Cohoon, Dr. J. H. MacDonald, Dr. C. W. Rose and Messrs. W. G. Clark, O. P. Goucher, E. C. Whitman and Hon. E. N. Rhodes was appointed to confer with similar committees from other interested institutions concerning the proposal.

Owing to the fact that the reports from some of the departments of church work were incomplete it was decided to adjourn until Monday evening, June 5th. On Wednesday evening June 7th, a meeting of the adherents and members of the church from the different appointments will be held in the vestry of the Horton church to receive the reports for the year just closed and consider the budget for the new year. Music will be provided and light refreshments served. An interesting time is expected.

THE NEW COUNCILLOR

Tuesday was the day for making nominations for the vacant seat in the Council. Only one nomination was put in, that of Mr. Henry A. Peck, and he is therefore elected by acclamation. Mr. Peck is one of our most progressive young business men and his election should bring considerable strength to the Council. For a number of years he has filled the position of secretary and manager of the Wolfville Fruit Co., and has handled the affairs of that organization with marked ability. He is well informed in regard to town affairs and undoubtedly will make a most useful member of the Council.

MEETING OF MEDICAL ASSOCIATION

The annual meeting of the Annapolis Valley Medical Association was held in Wolfville on Monday and was a most successful and interesting gathering. There were nineteen members of the medical profession present representing all parts of the valley. Meetings were held in the Chemistry Lecture Hall of the University. At the morning service the routine business of the Association was disposed of and in the afternoon Dr. J. G. MacDougall, of Halifax, gave a most interesting address on "Applied Psychology in Medicine and Surgery", and Dr. C. E. Avery deWitt spoke on "Preventive medicine as applied at Acadia Institutions" A third address on "The Ethics of Organization" was to have been presented by Dr. S. L. Walker, Associate Secretary of the Nova Scotia Medical Society, who was prevented by sickness from being present.

From 5 to 7 o'clock the visitors and a number of representative citizens were the guests of the Wolfville medical men and their wives at a reception held on the beautiful grounds of Westwood Hospital. Dainty refreshments were served and an excellent program of music was rendered by the College band. The day was a most delightful one and a most enjoyable time was spent.

ACADIA ALUMNI ASSOCIATION

One of the most delightful functions connected with the commencement exercises was a meeting of the Associated Alumni, which has now a membership approaching seven hundred. The Athletic Hall of the Memorial Gymnasium, where the proceedings were held Monday night, proved itself an ideal place for the reunion, which combined both business and social features.

The report of the executive showed that about seventy new members were added during the year. The nominations or representation of the Alumni on the Board of Governors was this year made on the principle of proportional representation and resulted in the choice of I. B. Oakes, M. A., D.C.L., and Rev. J. H. MacDonald, D.D., C. B. E. A leading feature of the gathering was an address of congratulation presented by President Cutten to the oldest living graduate, Dr. A. DeW. Bars, of Wolfville.

The New England Alumni was represented by Mrs. Floyd, who gave an excellent address and also by Dr. Murdoch Smith. The re-union classes responded as follows: '87, Dr. J. W. Manning; '87, R. W. Ford; '92, Rev. O. N. Chipman; '97, Dr. S. Spidle; '02, Miss Lyda Pipes; '07, Rev. B. D. Knott; '12, W. DeW. Bars; '17, Ralph Smallman; '22, W. H. Elgee. Brief remarks were also made by H. S. Ross, '92 and D. C. Clark, of St. John. The officers were elected as follows: President—A. B. Balcom, M. A. Vice-Pres.—Dr. O. B. Keddy, B. A. Sec'y.—Treas.—Rev. E. S. Mason, B. A. Nectrologist—Rev. W. C. Goucher, D.D. Auditor—J. F. Harbin, B. A. Directors—Dr. F. E. Wheelock, Dr. W. L. Archibald, Rev. O. N. Chipman, B. A., Mrs. H. B. Harvey, B. A., Mrs. G. B. Cutten, M. A., Prof. H. G. Perry, M. KEEN COMPETITION

In Acadia Track Events Monday Afternoon

The Acadia track events on the campus Monday afternoon were witnessed by crowds of spectators who enjoyed good sport. There were thirty-one contestants. The field officers were Dr. DeWolf and Prof. Conant, judges; Prof. Sutherland, starter; Drs. Coit and Ross, timekeepers; Mr. Russell, general director. In the mile event H. H. Wetmore, who finished the winner in 4.55, being only six seconds behind the record of 4.49, established by Brown '12, was considered to have done well, having regard to the soft condition of a portion of the track and the strong wind which blew from the sea across the campus. Perhaps if he had not exerted himself so much in the first lap when he forged far ahead of his nearest follower, he would have equalled, if not exceeded the record.

The results were: 100 yards dash.—1st, H. Morrison; 2nd, Conrad; 3rd, Moffatt. Time 11 1-5 seconds.

High Jump.—1st, McCready; 2nd, Conrad; 3rd, Smiley. Height 5 ft. 5 in.

Broad Jump.—1st, Anthony; 2nd, Corey; 3rd, Atkinson. Distance 18ft.

Shot put.—1st, Atkinson; 2nd, Wigmore; 3rd, Clark. Distance 32 ft. 4 in.

220 yards dash.—1st, McCready; 2nd, Morrison; 3rd, Conrad. Time 24 4-5 seconds.

Hammer throw.—1st, Clark; 2nd, Atkinson; 3rd, Corey. Distance 67 ft. 9 1/2 in.

440 yards dash.—1st, Cox; 2nd, Anthony; 3rd, Morrison. Time 50 seconds.

BABES CAGED 8 YEARS; JABBER LIKE ANIMALS

A tenement near Cornwallis St. Halifax. Two innocent little girls; Katie and Margaret Boones, jailed up in a room for so many years by callous parents they never learned to talk, play, be loved and go to school like our little ones.

Till one day the S. P. C. found them, unkempt, squalid, snapping at food like animals, uttering wordless gibberish to each other, shuttered in from the growing world outside.

—Today you'll find them bright and sparkling under the guiding hands of the ladies of St. Joseph's Orphanage. Katie, now twelve, is nursed back from mental and social starvation and is entering grade four. Margaret the elder, too far gone to take to books, is an expert in domestic science and one of the finest bread makers in Halifax.

—Scores of heart aching cases yearly cry out to the ladies of St. Joseph's but doubly overcrowded as Hospice has been, many cry in vain. Next week, however, it is hoped to raise \$125,000 to add a wing to this orphanage that cost the province nothing and yet for seventy years has quietly gone on rescuing orphaned innocents.

—What you give will gain a harvest of lives through the year.

CARD OF THANKS

Miss Edna Collins, and Mrs. C. M. Gordon, wish to express their thanks, and appreciation of the numerous kind deeds shown them during their recent sad bereavement, in the loss of their dear mother; also for the floral offerings.

AQUATIC MEETS AT ACADIA

BOLD ROBBERY

While the closing exercise of the Acadia Seminary were in progress at the Baptist Church on Tuesday evening a daring robbery was committed at the Seminary, where money and jewelry other valuables to the extent of in the neighborhood of five hundred dollars was taken by some unknown person or persons. Detective Kennedy, of Halifax, was in town on Wednesday in connection with the robbery but so far as we can learn was unable to get any clue that might be worked upon. The affair has caused not a little sensation inth is usually law-abiding town and it is devoutly to be hoped that the offenders may yet be apprehended and punished as they deserve.

MRS. ROSA COLLINS

There passed away at White Rock Tuesday morning, May 9th, Rosa Collins, widow of the late James Collins, after an illness of four months, aged 63 years. She leaves to mourn their loss, three daughters and one son. Mrs. Harold Cleveland, Greenwich, is a daughter.

MOTORS AND MOTORING: A Page Full of Interest to the Owner or Prospective Owner of an Automobile.

FULL TOOL KIT IS URGED BEFORE STARTING TOUR

One of the best ways to "doll up" a car at this time in anticipation of a series of enjoyable tours is to equip it for every reasonable emergency that may arise. While "dolling up" may be interpreted to deal more particularly to trimmings that appeal more particularly to the eye, any veteran automobile tourist will tell you that "it's the things you don't see and don't think of that make motoring a real joy-ride or a glide into the gloom."

While "dolling up" your car, don't fail to consider the tool box. Here should be the useful articles that every car should carry to provide against emergencies that arise sooner or later with the most careful of drivers.

Among the tire repair tools there should be a wrench for rapidly removing the nuts which hold the tire in place. One should also have a three-in-one valve tool in case the threads on the valve become battered. A box of new plungers is also desirable. A tow rope is indispensable, and it should be long enough to be of real use. No one anticipates being towed, but a tow rope may get you out of a rut or a hole when nothing else would. Besides, you may be disposed to tow someone else.

There are many other things needed in a car by the driver who is going on a tour. One of them is a set of electric light bulbs of the right voltage and candle-power for the particular car. These may be bought in sets boxed at any supply store. At the same time, if the car has fuses in the electric system a set of fuses should be carried. A small ball of stout wire is likewise handy.

Here are some of the other things that should be carried:

- A set of ignition brushes boxed and labeled; several extra spark plugs, clean and adjusted, and in a carrier; tire pressure gauge; a quart can of oil, with a flexible nozzle if there are many oil holes in out-of-the-way corners; hydrometer for testing battery; ammeter or trouble light, for testing electric current; a box of assorted nuts, assorted cotter pins, assorted cap screws and assorted washers, a spool of copper wire, several lengths of different size brass spring wire, a bag of clean waste or rags, and if you like clean hands, a box of the new kind of soap paste, which can be used without water.

All of the things enumerated will show in the tool box or under the seat or properly wrapped, labeled and packed away. Some of them will not be needed often, but, when you need a thing while touring, you need it badly.

INSERT THE TUBE

When inserting a new inner tube or replacing the old one which has been repaired, the inside of the casing should be first wiped out with a damp cloth to remove any sand or grit that may be present. A single sharp pointed grain of sand between the casing and the tube is very likely to force its way through the tube, causing a puncture. This is the real cause of many a mysterious puncture.

Willie (to his father, who had recently married the second time)—There's a shop in the High Street just like you, daddy.

Father—Shop like me. What do you mean?

Willie (getting near the door)—Why, its under entirely new management.—Edinburg Scotsman.

LOST.—Overland Rim and reflector on Sunday, May 14, between Wolfville and Windsor. Finder please leave at THE ACADIAN office and receive reward.

Automobilists Attention

The provisions of the Motor Vehicle Act are to be rigidly enforced in Wolfville hereafter.

See to your lights.
Keep your cut-out shut.
Do not leave your car standing with engine running.

Turn corners properly at street junctures.
Keep within the speed limit.
Park your car with curb at your left hand.

No person under 16 years of age is permitted to operate a motor vehicle.
2-21 Police Committee

SUGGESTIONS OFFERED FOR CAREFUL AUTOISTS

With the shaking and wracking of the car the doors sometimes work loose and cause an annoying rattle. A small piece of rubber from an old tube, or even the rubber from a lead pencil, tacked in the right place, is often the only remedy needed.

When an engine is overheated, cold water should not be poured in immediately, as there is danger of cracking the hot metal. Pour in a little, which will run into the bottom of the water jackets and draw down some heat. Then pour in a little more. As the water rises it becomes heated and so does not chill the cylinders when it strikes the hottest part at the top.

Some garage men wash cars with a mixture of kerosene and water as it makes a quicker job. This is bad for the finish on the body as it dulls it after a time. But it is even worse on the tires, as rubber is soluble in kerosene and so the outside of the tire is weakened and begins to break up, allowing water and dirt to reach the fabric and damage it.

Tighten up the spring clips (that hold the springs on the axles) occasionally, as much depends on them. If they are loose the spring will be broken more easily. If the nuts are held by split pins a glance at them occasionally is enough, but if they are held by lock washers, they should be tried with a wrench at least once a week.

WEIGHT AND PRESSURE

We hear a great deal of discussion on the subject of weight as related to their pressure. Every car owner knows it is bad for the tires to force them to carry more weight than they were intended to bear. Unfortunately it is not always possible to avoid overloading the car, not can the driver be expected to weigh each passenger and then pump up his casings to meet the demand about to be made upon them. When it becomes necessary to carry extra weight, let the car be driven slowly with all due care to avoid unusual bumps and a temporary overload will probably result in no damage to the tires.

The driver is possessed of the mistaken idea that under circumstances he has had the right to proceed after he has blown his horn and that pedestrians are compelled to get out of the way. This is a mistaken idea and unfair to the people and to the driver. The vehicle should be under control so that if the people do not get out of the way he can stop or otherwise get it under control.

WITH PROPER CARE SHE'LL BE ALRIGHT

Simple Schedule, Which if Adopted, Will Save Drivers from Great Deal Annoyance and Worry.

Regular care and inspection of the automobile will save the motorist heaps of trouble. A simple schedule, if followed, will insure that the car will be kept in fair running order and be ready for service without annoying delays that often occur when either owner or driver omits attending to simple matters, that should receive regular attention.

The following schedule is worth keeping for handy reference:

Once a Week
Lubricate springs and other parts thoroughly.

Inspect oil and gasoline connections carefully.

Give steering mechanism careful inspection.

Examine the condition of the storage battery and see that it has sufficient distilled water to cover the plates.

Once a Month
Clean out the carburetor.

Test the brakes and have them equalized.

Check up on the alignment of the

wheels.
Inspect the wheel bearings and have them looked after if they appear to need it.

MAGNETO FAILURE

A common cause of poor magneto action is dirt on the interrupter points. When the points are suspected of being dirty, a few drops of kerosene will remedy the trouble and restore the parts to good working order.

HOME MADE TONGS

It is possible to make a pair of tongs that are convenient for removing nuts, etc. from the mud pan by flattening the ends of two pieces of No. 9 wire each 30 inches long. Five inches from the end a hole is drilled, through these holes a bolt is thrust and fitted with a nut. This completes the tongs, which will be found invaluable for picking small objects out of the mud pan or from around the motor.

HIS REASON

Kind Old Lady—Why are you crying like that, my little boy?
Little Boy—'Cause it's the only way I know how.

THIS WILL BE ANOTHER Studebaker Year

Its the car everybody wants because it is the best.

The unusual popularity of STUDEBAKER CARS is attested by the fact that the corporation enjoyed the biggest business in its history in 1921.

Notwithstanding the fact that the total number of all automobiles sold (except Ford) was 40 per cent. less than in 1920, the total aggregate of sales for the Studebaker cars was 20 per cent. greater than in 1920—and in Canada 64 per cent. greater than in 1920.

ANATOMY LESSON IN VERSE

Every boy and girl will be interested in the following rime, which if committed to memory, will be found to be as valuable as the familiar "Thirty days hath September."

- How many bones in the human face?
Fourteen, when they're all in place.
- How many bones in the human head?
Eight, my child, as I've often said.
- How many bones in the human ear?
Four in each, and they help to hear.
- How many bones in the human spine?
Twenty-four, like a climbing vine.
- How many bones in the human chest?
Twenty-four ribs, and two of the rest.
- How many bones the shoulders bind?
Two in each—one before, one behind.
- How many bones in the human arm?
In each arm one; two in each forearm.
- How many bones in the human wrist?
Eight in each, if none are missed.
- How many bones in the palm of the hand?
Five in each, with many a band.
- How many bones in the fingers ten?
Twenty-eight, and by joints they bend.
- How many bones in the human hip?
One in each, like a dish they dip.
- How many bones in the human thigh?
One in each, and deep they lie.
- How many bones in the human knees?
One in each, the kneecap, please.
- How many bones in the leg from the knee?
Two in each, we can plainly see.
- How many bones in the ankle strong?
Seven in each, but none are long.
- How many bones in the ball of the foot?
Five in each as the palms are put.
- How many bones in the toes half a score?
Twenty-eight, and there are no more.

DID YOU KNOW THAT

- Paper bootlaces were made in Germany?
- The moon moves 3,350 feet per second?
- Women seldom suffer from colour blindness?
- Female spiders are much bigger than the males?
- Hair grows faster in summer than in winter?
- Nearly a mile of wire is used in an ordinary piano?
- Every adult should drink three pints of water per day?
- Potatoes are used extensively in the manufacture of buttons?

Arm signals, used when starting from the curb, turning to the right or left, or slowing down for a stop, should be clearly given, so that the cars around may readily understand the movement.

GREENWICH NOTES

The 24th or "Victoria Day," passed away quietly among our residents. A few of the small boys went troutling and little Misses Hilda and Eleanor Pudsey also Isabelle MacKinley, went to Evangeline Beach for the day, with their Sunday School mates of Port Williams.

Death recently claimed the infant daughter of Mr. and Mrs. Harold Cleveland at the age of about three weeks, this being the first break in their family of children. Sympathy is extended to them.

Mrs. Ada Forsythe held an auction of household furniture, etc. at her home here last Thursday afternoon. We hear it was quite successful. Mrs. Forsythe has rented her house, having leased the farm this Spring, apart from the house, to Mr. Frederick Ford.

Mr. and Mrs. S. W. Crowell, of Yarmouth, with children, moved here last Thursday and are occupying a suite of rooms in Miss Lillian Bishop's home. Mr. Crowell is engineer of the work on the highway between Kentville and Avonport.

Miss Parker, of Woodville, is stopping for a time at the home of Mr. and Mrs. George Bishop.

Mr. Gordon Vincent, a ministerial student, who graduates at Acadia College this week, was a guest one afternoon last week at the home of Mr. and Mrs. G. Fraser.

Mrs. Ward and Miss M. Dodge, of Annapolis Co., are guests at the home of Mr. and Mrs. T. A. Pearson.

Mr. Edward Hennigar received last Friday the sad news of the death by drowning, on that day, of his brother William in Truro. We understand Mr. Hennigar and four brothers, of Kentville, Port Williams and White Rock motored to Truro to attend the funeral. Deepest sympathy is extended to Mr. Hennigar.

This is particularly sad, being the second brother he has lost under such sad, shocking circumstances. His brother Byron, a business man of Wolfville, was instantly killed by lightning at White Rock, a few years ago.

A good many from here have been attending the various exercises at the Closing of the Acadia University in Wolfville. Services on Sunday particularly good this year, the speakers and the musical part being of a very high order and interesting.

Emerson Johnson graduated on Monday evening from Acadia Collegiate and Business Academy, Wolfville. Congratulations.

Our farmers have been busily engaged spraying their orchards the last few days, the dust spray being used, which showed good results the last two years in this place.

Good many complaints are being heard about the condition on the Ridge Road, near the main street, a low place in road causing much trouble and annoyance at time of rains. It is hoped it will be repaired while work is being done on the main street, as it is near by.

Everything comes to him who waits, but he who doesn't advertise waits longest. THE ACADIAN'S advertising columns are always available.

ASTOUNDING SETTINGS

Feature of George Melford's Beautiful Paramount Production "The Sheik" Featuring Rudolph Valentino

One of the most impressive features of "The Sheik," George Melford's latest production for Paramount, which comes to the Opera House next Monday and Tuesday are the many magnificent and spectacular settings in which the various scenes are enacted. These include:

A remarkable conception of a public section of the ancient City of Carthage under Roman rule; a birdseye shot of the City of Biskra, the Monte Carlo of the Algerian Sahara, taken from a minaret with an Arab praying in the foreground; fifteen actual shots about the city of Biskra, especially made for the picture by a representative from Paramount's London Studio, a picturesque-African oasis, especially constructed on a desert site near Hollywood; a complete Arabian village—the stronghold of the bandit chieftain, Omair; and beautiful, exotic interiors, such as the interior of the Skeik's tent, and the desert palace of Omair.

In the Carthage episode, which is a vision in the picture, a very unusual effect is presented, Agnes Ayres, playing the principal feminine role, is shown as the haughty queen who rules the city under Roman domination. When the scene first opens, it shows the proud English girl, later to be captured by the Sheik, encamped at night among the ruins of Roman splendor in the ancient city. There are broken pillars and crumbling ruins.

Then the girl becomes a Carthaginian queen, the architecture is restored and the scenes of splendor, peopled with the royal court, flower girls, harp girls, slaves, centurions and Roman soldiers follow. The vision establishes the haughty, dominant character of the girl, who insists upon taking a journey into the desert, despite her brother's objections.

The role of the Sheik is played by Rudolph Valentino, the popular "Julie" of "The Four Horsemen of the Apocalypse." The cast further includes Lucien Littlefield, Adolphe Menjou, George Wagner, Ruth Miller, Walter Long and F. R. Butler.

Telephone, and Make Sure!

The blue skies and yellow roads of these late Spring days make an inviting picture to car owners—yes, and to car hirers, too.

As the brightness and the warmth increase, the Call of the Road will be irresistible, and the highways will be thronged with those lucky enough to have a car at their disposal and to be able to get out of town and away from business.

Not only the highways will be thronged, the country hotels will be crowded, too: and accommodation may prove difficult to secure just when and where it's wanted.

The wise motor tourist is the one who, before starting out, has a talk over the Long Distance Telephone and makes sure that he, at least, won't be stranded, dinnerless and bedless.

The talk costs little, and what a load it takes off the motorist's mind!

Personal Paragraphs

Mr. Ralph Smallman has arrived home from McGill Medical College to spend his vacation.

Dr. and Mrs. Cullen have had as their guest this week Mrs. McClellan, of Deep Brook.

Mr. G. K. Prescott has had as his guest this week Mr. J. T. Prescott, of Sussex, N. B.

Rev. Dr. Goucher, of St. Stephen, N. B. has been the guest the past week of Mrs. A. J. Woodman.

Miss Dorothy Giffin, of Goldboro, Guysboro Co., has been attending the Acadia closing exercises.

Mr. A. N. Perry has returned to Wolfville after spending a short vacation among relatives in Digby.

Dr. and Mrs. R. L. Chipman, of St. John, have been the guests this week of Dr. and Mrs. Leslie Eaton.

Mrs. Heustis, who has been visiting her sister, Mrs. S. P. Benjamin, left for Middleton on Friday last.

Dr. J. T. Roach, Dr. V. Primrose and Mr. O. H. Foshay were the guests of Mr. Frank Lordy at his cottage at St. Margaret's Bay over the week end.

Rev. Charles Barbour, D.D., President of Rochester Theological Seminary, and Rev. Herbert Johnson, D.D., of Boston, have been the guests this week of Dr. and Mrs. G. B. Cullen.

Rev. B. H. Penwarden, of Harcourt, N. B. was a visitor at Wolfville this week, attending the Closing exercises. His daughter was a member of the Seminary graduating class.

Rev. J. W. Brown, Ph. D., of Princeton, Maine, a former resident of Wolfville, was in town this week attending the closing of Acadia. His son Max was a member of the graduating class.

Mr. G. F. Milne, H. M. Senior Trade Commissioner for Newfoundland and Canada was in Wolfville over Sunday, in connection with the coming College of Arms exhibition, which is to take place in August.

Mr. C. F. Crandall, editor of the Vancouver World, was an over Sunday visitor in town, at the home of his parents, Rev. and Mrs. Noble Crandall. Mr. Crandall was on a business trip to Montreal and took the opportunity to pay a flying visit to his old home.

Mrs. J. B. Tingley left on Tuesday morning for Montreal where she expects to be joined by Lieut. Harold Tingley and sail for England. She expects to be absent during the coming year, which she will spend in England and Scotland. Many Wolfville friends will join in wishing her a safe trip and a pleasant sojourn in the old land.

Mr. Frank E. Marsh, Jr., who for the past two years has most successfully filled the position of Musical Director at Acadia Seminary, closed his engagement at the end of the school term and left on Monday for Montevideo, A. S., where he has accepted a similar position at the Alabama Technical Institute and College for Women. Mr. Marsh is a good instructor and a musician of talent and high attainment and did excellent service for the advancement of music during his sojourn in Wolfville. Both he and Mrs. Marsh will be deeply missed by the many friends whom they made during their stay in this town.

The silver cup given to the High School hockey league by the I. O. D. E. was presented to Capt. Joe Burgess, of Grade X, by Mrs. L. H. Moore, on May 23rd. A full list of the prizes presented on that day will be published in next week's ACADIAN.

BACCALAUREATE SUNDAY

(Continued from Page 1.)

Mr. Prosser, President of the society occupying the chair. The preacher was the Rev. Herbert S. Johnson, of Boston. He chose for his theme The One Thing Needful, based on the words of Jesus in Luke 10:42, "One thing is needful." The speaker said that a close view of life gave the impression that one could choose one of any number of callings for his life's task. This was a miopic conception. The long ranged view showed that whatever one's calling might be, there was but one task calling for performance and that is to know God in order to do his will. Dr. Johnson called attention to two dangers facing the young life of today, namely the love of things and the belief that a merely secular education fitted one for life's task. It was a strong address, delivered with great earnestness and dramatic power to a congregation which occupied every available seat in the Church.
