Instead of having our strength distracted by a number of Catholic colleges, we would see the necessity of building up one or two great degree-conferring centres, to which the work of the others would be subordinated and directed. The Rheumatic Wonder of the Age

This Salve Cures Rheumatism, Felons or Blood Poisoning It is a Sure Remedy for Any of These Diseases.

A FEW TESTIMONIALS

198 King street East, Toronto, Nov. 21, 1902. John O'Conner, Esq., Toronto:

DEAR SIR-I am deeply grateful to the friend that suggested to me, when I was a cripple from Rheumatism, Benedictine Salve. I have at intervals during the last ten years been afflicted with muscular rheumatises. I have experimented with every available remedy and have consulted I might say, every physician of repute, without perceivable fit. When I was advised to use your Benedictine Salve, I was a helpless cripple. In less than 48 hours I was in a position to resume my work, that of a tinsmith. A work that requires a certain amount of bodily tivity. I am thankful to my friend who advised me and I am more than gratified to be able to furnish you with this testimonial as to the cacy of Benedictine Salve. Yours truly, GEO. FOGG. Tremont House, Yonge street, Nov. 1, 1901.

288 Victoria Street, Toronto, Oct, 81, 1801. John O'Connor, Esq., Nealon House, City: DEAR SIR-I cannot speak too highly of your Benedictine Salve. II has done for me in three days what doctors and medicines have been trying to do for years. When I first used it I had been confined to my bed with a spell of rheumatism and sciatica for nine weeks; a friend recemmended your salve. I tried it and it completely knocked rheumatics right

out of my system. I can cheerfully recommend it as the best medicine on

the market for rheumatics. I believe it has no equal. Yours sincerely, JOHN McGROGGAN,

DEAR SIR—I have great pleasure in recommending the Benedictine Salve as a sure cure for lumbago. When I was taken down with it I called in my doctor, and he told me it would be along time before I would be around again. My husband bought a box of the Benedictine Salve, and applied it according to directions. In three hours I got relief, and in four days was able to do my work. I would be pleased to recommend

DEAR SIR—It is with pleasure I write this word of testimony to the marvellous merits of Benedictine Salve as a certain cure for Rheumatism. There is such a multitude of alleged Rheumatic cures advertised that one is inclined to be skeptical of the merits of any new preparation. I was induced to give Benedictine Salve a trial and must say that after suffering for eight years from Rheumatism it has, I believe, effected as absolute and permanent cure. It is perhaps needless to say that in the last eight years I have consulted a number of doctors and have tried large number of other medicines advertised, without receiving any beneat

My brother, who appeared to have faith in your Benedictine Salve, gave enough of it to apply twice to my arm. I used it first on a Thursday night, and applied it ag a on Friday night. This was in the latter part of November. So e then (over two months) I have not had a trace of rheumatism. Toronto, Dec. 80th, 1901. Jehn O'Connor, Esq., Toronto: DEAR SIR-It is with pleasure I write this unsolicited testimonial, and in doing so I can say to the world that your Benedictine Salve thoroughly cured me of Bleeding Piles. I suffered for nine months. I consulted a physician, one of the best, and he gave me a box of salve and said that if that did not cure me Iwould have to go under an operation. It failed, but a friend of mine learned by chance that I was suffere ing from Bleeding Piles. He told me he could get me a cure and he was true to his word. He got me a box of Benedictine Salve and it gave me relief at once and cured me in a few days. I am now complete cured. It is worth its weight in gold. I cannot but feel proud after suffering so long. It has given me athorough cure and I am sure it will never return. I can strongly recommend it to anyone afflicted as I was

said in effect upon more than one public occasion that but for the poor within the fold the Catholicity of our day stood in peril of becoming cold and proud. His inheritance of aristocratic and conservative ideals may have endowed him with peculiar powers of discerning the irreligious in fluences of that insolent wealth which stands in such strong contrast to present day poverty, more noticeably so perhaps in England than in any other portion of the earth. The rich class there finds itself being steadily recruited from the ranks of trade and in the majority of cases the new rich are too much engrossed with the novelty of their position to have any thought for the problem of the poor. They are the strenuous pursuers of pleasure, outbidding the old nobility in display and all its vanities.
