

# The Acadian

Vol. XXXIX, No. 19.

WOLFVILLE, NOVA SCOTIA, FRIDAY, JANUARY 30, 1920.

\$1.50, payable in advance.

## Acadia Defeats Kings

### IN FAST GAME OF HOCKEY

The Acadia hockey team defeated the Kings College team at Evangeline Rink last Friday evening, the score being 4 to 2. The game was witnessed by a large crowd of spectators including a number from Kings College who came by special train. While neither team played good hockey as far as team work was concerned, still the play was never let to lag. Both teams started off with a rush and kept up the pace throughout the game. The Acadia boys had the better of the play throughout the great part of the game, and with some more practice should develop a splendid team. The game was inclined to be rough at times, but the referee, Jack Smith, of Windsor, kept a close watch on the players and handled the game well.

Play commenced soon after eight o'clock. The local team rushed the play into Kings territory, and one minute after the play started scored the first goal amid the cheers of the Acadia rooters. From the face off the visitors carried the play into Acadia's territory and tried hard to even the score. Acadia's goal was bombarded but Steeves was always on the job and they could not get the puck past him. After a few minutes play the home team got away with the puck and Tingley scored the second goal for Acadia. The play was again carried into the visitors territory, but after four minutes play the Kings men got away and succeeded in getting the puck past Steeves for their first score. The Acadia

boys tried hard to score again but the visitors again carried the puck to Acadia's end of the ice where the period ended. Score 2 to 1 in favor of Acadia.

Neither team scored in the second period although both teams tried hard to do so. First one goal and then the other was attacked but neither team was able to net the puck. Throughout this period Acadia had much the better of the play and had several chances to score but seemed unable to avail themselves of the opportunity.

The Kings boys came on the ice for the last period determined to even up the score, but for a long time it looked as though this period would be a repetition of the second period. Finally after about ten minutes play the visitors succeeded in tying the score and the Kings rooters were jubilant. This seemed to wake the Acadia boys up. From the face off the puck went back to Burton who cork-screwed his way through the whole Kings team and scored amid the cheers of the spectators. One minute later the home team again scored and the game was theirs. The visiting collegians tried hard to overcome the lead but were unable to do so, and the game ended with the score 4 to 2 in Acadia's favor.

The following were the players for Acadia, those named second being substitutes:

Goal—Steeves  
Point—Burton and Dean Rogers  
Cover Point—Allan Parker  
Centre—Paul Tingley and Murray  
Left Wing—Beardsley and Ayer  
Right Wing—Dave Rogers

We are getting a real old-fashioned winter, aren't we?

## Willow Bank Cemetery

The annual meeting of the lot-holders of Willow Bank Cemetery was held pursuant to notice given, at the Council Chamber, on Monday evening.

There was a very slim attendance and it was with considerable difficulty that a quorum was secured. This indicates a lack of interest on the part of those who should be deeply interested, that is not encouraging. If the state of the Cemetery is not what some citizens would wish it—there is a reason.

The president, Dr. Manning, occupied the chair and Dr. McKenna on motion was elected secretary pro tem.

The report of the secretary, Mr. R. E. Harris, who was absent and out of the country, was read by the Managing Director, Mr. C. S. Fitch, and gave some very interesting information. During the past year the total interments numbered fourteen, which is said to be the lowest recorded in any year since the Cemetery was opened. This speaks well for health conditions in this vicinity. The oldest person buried during the year was 81 and the youngest—with the exception of one infant—was 22, the average being 48.4, as against 47.4 the previous year. Much good work was reported as having been done during the year and a substantial balance was reported on hand in the bank.

The trustees of permanent funds reported that a number of lots had been placed under "perpetual care" during the year. The fund for this purpose now amounts to \$750 and is invested in Victory

Bonds. It was decided to assess the sum of two dollars upon each lot as in past years and it is hoped that there may be a general response to the request when made. In the past a number of lot-holders have neglected to pay their assessments, thus limiting necessary work and placing the whole burden of expense upon a comparative few.

Directors for next year were elected as follows: Dr. Manning, W. H. Chase, Ross Fraser, Dr. McKenna and R. E. Harris.

The directors propose, if sufficient funds can be raised, to engage a man permanently for next summer and undertake improvements that will put the Cemetery in a more creditable condition. It is hoped that all the lot-holders and citizens generally will assist in this most commendable undertaking.

## Election Card

To the Electors of the Town of Wolfville.

Ladies and Gentlemen:—I wish to take this opportunity to thank the electors who have nominated me to the Council Board. I very much appreciate the honor conferred upon me. In accepting the nomination I beg to say I have always been most interested in the progress and welfare of our town, and if elected to represent you in the Council, I shall endeavour to do so to the best of my ability. Soliciting your support and co-operation, I remain,

Faithfully yours,  
LAURA HALIBURTON MOORE.

Chatham, Ont., by an overwhelming majority on Jan. 1 voted for the government of the city by a Manager and no more Mayor and aldermanic rule; for a water work scheme costing \$300,000 and for a continuance of Daylight Saving.

## Civic Nominations

C. S. FITCH IS WOLFVILLE'S NEW MAYOR

Tuesday was nomination day for the civic elections. Mr. C. S. Fitch was the only one nominated for Mayor and consequently he is elected by acclamation.

It was expected that there would be only three persons nominated for the three vacancies in the Council and that there would be no election. However there were five persons nominated for the three vacancies in the Council and that there will be an election next Tuesday. Those nominated for Councillors were, Mrs. L. H. Moore, L. E. Shaw, P. W. Davidson, Wm. Regan and C. R. Nowlan.

## Election Card

TO THE ELECTORS OF THE TOWN OF WOLFVILLE.

Ladies and Gentlemen.—Having been nominated as a candidate for Councillor at the coming civic election I feel that a short explanation is necessary. The returned men of your town, in placing me in the field as their candidates, wish to emphasize this fact, namely, that having given two or three of the best years of their lives overseas in the protection of their town they now feel that they are justly entitled to some slight representation in the management of its civic affairs. I am in hopes that you will appreciate their feelings in this matter on February 3rd and give them the support necessary to attain such representation. Possibly you may be asked to give your support to a candidate apparently so young in years. Although we are not necessarily supporters of the principal that this is the young man's age, we nevertheless feel that as the older men steadied us "over there" in the young man's game, so will the young men with the experience gained by their association with other people in other countries, be able to assist the older men over here with the management of the country. If you see fit to elect me to office on Tuesday next you have my assurance that the interests of the town will be my first consideration in all matters that may be transacted.

Yours truly,  
P. W. DAVIDSON.  
Jan. 28, 1920.

## Election Card

To the Electors of the Town of Wolfville:

Ladies and Gentleman.—Having been requested to accept a nomination for the office of Councillor at the coming Town Elections, I have decided to accept, and, if elected, will do my best to have the Town affairs carried on in a progressive and business like manner.  
C. R. Nowlan.  
Jan. 28, 1920.

## Election Card

To the Citizens of the Town of Wolfville:

Ladies and Gentlemen.—Having been urgently requested to become a candidate for Councillor in the coming contest I have decided to allow my name to appear. Should I be so honored as to be chosen as one of your representatives, I will consider it my duty and pleasure to give a fair share of my time and best judgment to the solving of Town problems.

L. E. SHAW.

## Acadia Notes

The Senior Class of Acadia Seminary enjoyed a sleighing party to Kentville last Friday evening, and had dinner at the Cornwallis Inn.

The Freshman class of the College had their sleigh drive on Monday evening, going to Kentville where they had dinner at the Green Lantern. The party was chaperoned by Prof. and Mrs. Cavichia.

The W-B society of Acadia enjoyed a sleigh drive and dinner on Tuesday evening. The party assembled at seven o'clock and had a two hours' drive. Then they had dinner at Stop and Rest Inn, and the evening was brought to a close with a dance. The chaperones were Dr. and Mrs. Avery deWitt.

The Business class of Acadia Seminary, chaperoned by Miss Chipman, enjoyed a sleigh drive to Kentville on Tuesday evening. The party had refreshments at the Green Lantern, and enjoyed the pictures at the Strand Theatre.

Acadia debates with Kings College this year in the intercollegiate series. The debate will be at Wolfville probably early in March. Acadia has chosen the negative of the question which is, Resolved that the political and commercial union of Canada, Newfoundland and the West Indies would be to the best interests of those countries. Political Union to mean a confederation the same as the Dominion of Canada, the same franchise laws to apply.

## Faculty Recital

The Annual Faculty Recital of the Acadia Conservatory of Music will be given in College Hall, Friday evening, Feb. 6, 1920.

A most interesting programme has been prepared—representing the Departments of Pianoforte, Voice, Violin, Elocution.

The price of tickets will be the same as in pre-war days. Reserved seats, fifty cents. General admission thirty-five cents. Reserve this evening.

## Women Voters

The women of Wolfville are reminded that they have the privilege on Tuesday next of using the franchise in town affairs. This is a right that women have long sought and ought long ago to have been granted them. They should make their influence felt at the poll on Tuesday and on all future occasions. In Mrs. Laura Haliburton Moore they have a candidate that will fittingly represent their views. Mrs. Moore has shown a lively interest in the community's welfare that well fits her for a place at the Council Board.

## Tonight, Friday

Tonight (Friday) the good people of Wolfville will have an opportunity of seeing one of the best amateur theatrical performances presented in Wolfville for many a day, accompanied by an orchestra of superior quality, when the Theatrical Club of the N. S. Sanatorium present the three act comedy "Adventures of Grandpa," at the Wolfville Opera House. This performance was originally prepared to show before the patients at the Sanatorium but after showing there twice it was considered a success worthy of taking the road and has since been showing in other places in this and other counties. It is purely a comedy and as stated above, played originally to keep up the moral of the patients at the San. It will be equally good to keep up the morale of the man who has to prepare for the next cold spell or the woman who sees her neighbor appearing out in a new fur coat.

The orchestra itself is nothing to be overlooked. Two Wolfville names and also that of Miss Evelyn Neily appear in the cast and give the little local touch which add interest to this performance.

The Theatrical Club is coming to Wolfville under the auspices of the G. W. V. A. and the proceeds are to be divided between the N. S. Sanatorium and the Wolfville G. W. V. A.

Seats are now on sale at the box office and from present reports will be snapped up in quick order.

## Death of Popular Citizen

On Friday of last week the death of a popular and highly esteemed citizen, Mr. Alexander Haliburton Hatfield, took place at his home on Summer street, after an illness of a few months.

The deceased was a native of Port Greville, where he was born forty-nine years ago. He came to Wolfville to live a few years ago and made many friends during his residence here. Mr. Hatfield was connected with the firm of Douglas Roberts & Co., of Amherst, as adjutor of insurance, and was widely known all over the province. He is survived by his wife, formerly Miss Georgina D. Sutcliffe, of Amherst, and four children: Miss Minta, Doane, Bryce and Robert. The sorrowing family have the sincere sympathy of the community generally.

The funeral was held on Monday afternoon, the remains being taken to the old home at Port Greville for interment. The service was conducted by Rev. Dr. MacDonald, assisted by Rev. Mr. Watts and Rev. Mr. Miller. There was a large attendance of sympathizing friends, including the members of St. George's Lodge, A. F. & A. M., who marched in the procession to the railway station.

When your friends call nothing you can offer them will be more appreciated than a cup of delicious tea, made from—

**Morse's Selected Orange Pekoe**

**Notes and Comments**

Silk worms hatched from an ounce of eggs eat a ton of mulberry leaves and produce from 150 to 200 pounds of silk.

According to the opinion of certain authorities, there seems to be identity between the rule for managing a person of Bolshevik tendencies and that for managing a husband—"feed the brute."

The annual convention of the Great War Veterans' Association is to be held in Montreal on March 22, according to an announcement from the Dominion Executive of the G. W. V. A.

There is so much difference of opinion as to whether Herbert Hoover is a Republican or a Democrat that it is a wonder some one has not suggested that he be put up by both parties and it be made unanimous.

Ferdinand Bonn, a German actor, proposes to make up as Wilhelm Hohenzollern, go to London and impersonate him at his trial. He must imagine that the Allies are going to sell the moving picture rights of the court proceedings.

Alexandre Millerand is the new Premier of the French Republic, in succession to Dr. Clemenceau. This selection of a Moderate Socialist to head the first Ministry under President Deschanel indicates where the votes came from that defeated the Tiger that saved France.

Lieut. John Philip Sousa recently celebrated the twenty-seventh anniversary of his band, as well as that of one of his most successful compositions, "Liberty Bell March." Sousa is probably the veteran band leader of the world, since, so far as it is known, no other conductor has been continuously in charge of an organization for so long a period.

That war of hatches—corpses addressed to the Dutch by the Allies in the case of Wilhelm Hohenzollern seems to have thrown the pan-Germans and former royalists into a high fever of rage. Having no imagination, these persons don't stop to think what the peremptory Prussian demands would have been if the war had ended the other way.

Now that the question of the future relations of the Allied universities with the Germans have been brought up, two things should be remembered—first, that every such institution in the Fatherland is openly pro-Hohenzollern, and, second, that the Teutonic savants at the outbreak of the war were the first to renounce their foreign honorary and other degrees with insults and jeers.

That first session of the League of Nations was rather pathetic. Business done; regrets expressed at the absence of the United States! "Where is Prince Hamlet?" asked the Queen? "An' it please Your Majesty," said Polonus, "the Senate would not let him come!" "Off with the Senators' heads!" quoth she. "Tut, tut, my dear," said the King, "perhaps it is better so!" Thereupon they appointed a permanent secretary from the British Foreign Office at a large salary and adjourned.

**A Kidney Remedy**

Kidney troubles are frequently caused by badly digested food which overtaxes these organs to eliminate the irritant acids formed. Help your stomach to properly digest the food by taking 15 to 30 drops of Extract of Roots, and as Nether Seign's Catharic Syrup, and your kidney disorders will promptly disappear. Get the genuine. 7

**N. S. Fruit Growers' Association**

HOLDS ENTHUSIASTIC CONVENTION AT KENTVILLE

The Nova Scotia Fruit Growers' Association held its annual convention at Kentville last week. The meetings were held in the Nicklet Theatre, and the sessions each day were largely attended. From the interest displayed by the members it looks as though the fruit growing industry of Nova Scotia is going to have quite a boom during the present year.

The first session was held on Tuesday morning at eight o'clock. President Shaw gave a careful and exhaustive review of the Association's work during the year. He spoke of the trials that the Fruit Growers had been called to undergo during the year, such as late frosts, the severe outbreak of scab, the shortage of barrels, and the severe frost in October. He deprecated the enormous freight charges they were obliged to pay the ocean steamship lines, and said that ship owners must be made to see that unless rates were materially lowered, apple consignments to Great Britain would cease.

The next speaker was Mayor Jas. H. Yould, who gave the Association a cordial welcome to the town.

He was followed by J. E. Kinsman, M. P. P., who confined his remarks to reminiscences stating that some fifty or sixty years ago when he knew the Association first, the annual shipment of apples was about 200 barrels, while now it was approximately two million. He urged greater production, that the young men should plant trees, and that every grower should devote more labor to his orchards.

Hon. H. H. Wickwire, who followed, made a practical and telling speech along the lines of education and reconstruction, more production and better facilities for transportation both by way of the country roads leading to shipping points, as well as railway facilities.

The next speaker was George E. Graham, general manager of the Dominion Atlantic Railway. His address, although devoted largely to the improvements made in the rail transportation of apples, laid particular stress on the importance of putting up apples in a more attractive form. He said it was a recognized fact and one that cannot be refuted that the producer, or grower, who makes an effort to meet the wishes of his customers in the matter of his product, will achieve the greatest measure of true success. He urged upon the fruit growers of Nova Scotia that they give serious consideration to the matter of the boxing of their product, in order that they may retain their hold in their own local markets, in Ontario and Quebec and in the United Kingdom.

At the evening session the delegates were given a movie exhibition, depicting the value of the humble bee in the increased production of apples, as well as other views descriptive of the Annapolis Valley.

The first business at the Wednesday morning session was the election of officers. The names of those elected appeared in last week's ACADIAN.

The speech of Professor Blair, of the Experimental Station, was easily the most important of the morning session, and he handled the subject of orchard management as only he can.

Captain Johnson, an inspector of loading at Halifax, was a very interesting speaker and gave the

growers some hard raps on their carelessness in shipping fruit.

Prof. W. H. Brittain, of Truro, was unable to be present at the afternoon session to deliver his address on "General Results from Orchard Spraying and Dusting Experiments," but his place on the programme was ably filled by Captain Goode, a returned veteran.

Professor Cumming, of Truro, spoke briefly on the work of the Agricultural College. He was proud to say that the past year had been the most successful they had ever had. There had been a better attendance and more interest on the part of the students than ever before. At the present time there were enrolled 153 students, among them being 40 returned men, who were taking a special course of training.

The event of the evening was the address of A. E. McMahon, General Manager of the United Fruit Companies Limited. He gave the history of the co-operative movement from its inception to the present time. With an annual business of \$400,000 in its first year, it did a business last year of over a million of dollars, and this year they are going to make it \$3,000,000. Not only is their business enormous in the shipping of apples and potatoes, but they are handling hundreds of thousands of dollars worth of flour, feeds and fertilizers. The United Fruit Companies Limited consists of over thirty co-operative fruit companies.

He severely criticized the growers and shippers of apples for their carelessness in the sorting, caring for and delivery of their apples, stating that hundreds of thousands of dollars were annually lost to the Valley through this slack and careless manner of poor handling and care. He stated that Nova Scotia apples had earned a reputation on the English markets through this cause. He advocated the extinction of about 150 varieties of apples that were now practically worthless. He complimented the Dominion Atlantic Railway for the efficient manner in which they had handled the 1920 crop.

Prof. W. T. Macoun, of Ottawa, also was in favor of the elimination of some of the varieties of fruit grown in the Valley, and the substitution of others. His address was highly instructive and resulted in a number of questions being asked, which he satisfactorily answered, and a general discussion ensued. An adjournment was had at 10:30 for the Strand Theatre, where the Convention was entertained by a special programme through the courtesy of the Kentville Board of Trade.

The last day of the convention was, from the stand-point of doing things, by far the best.

J. M. Robinson, of Kentville, delivered an interesting address on the thinning out of fruit, that brought out questions and discussion, that could only result in benefit to the industry throughout the Valley.

Then there was an address on the value of bees in the orchard, by F. W. L. Sladen, Dominion Apiarist, Ottawa, that should bring good results, as the bee is a wonderful worker, and cheap, because it will produce more than enough honey to feed itself, while it is doing a few things to the apple blossom that will result in better and more fruit.

Chief Fruit Inspector George H. Vroom gave an address on the handling of the fruit crop of 1919, which brought up the matter of the care of fruit from the time it is picked until it reaches the con-

Canada's Woman Judge and First School Inspector.

The new day is opening fresh doors to womanhood in every walk of life.

It was a pleasure to meet at luncheon in Toronto, Mrs. Emily Murphy (Janny Canuck) Canada's first woman magistrate; Miss Marty, Toronto's first woman school inspector, was another guest of honor. Miss Marty also is distinguished by the fact that she is the first woman graduate of Queen's University to be honored with the degree of LL.D.

Over one-hundred women eminent in art, science, letters, social service and citizenship and representatives of Woman's Institutes were present upon what Miss Marty said to us personally was "An historic occasion."

It was as guests of the Woman's Century directorate, these splendid women from east and west foregathered.

Mrs. L. A. Ham lton, with Mrs. McIvor and Mrs. Morgan Dean, the Century editors, were the hostesses, and there surely was "the feast of reason and flow of soul."

"What a wonderful family! A charming wife and five beautiful daughters. You must be a very happy man!"

"Yes, I suppose I ought to be, and I suppose I really am; but right now I want to say that I can tell you a lot about the difficulties of being outwoted six to one."—Detroit Free Press.

Coal production has increased so rapidly recently that several mines in the western and north-western fields of the United States have closed down for lack of orders. This should put an end to "famine" talk for this winter at least.

THE PIPE ORGAN

The pipe organ is without doubt the noblest of all instruments—the wonderful evolution of the centuries. This instrument is invested with such a dignity yet possessing such massive tones that no other instrument approaches. The Pipe Organ originated in ancient Greece from the "Pan Pipes" which consisted of a series of whistles fastened together and blown by the mouth. These same pipes were afterwards placed on a wind box and supplied with air through a bellows. The number of pipes was increased and required more wind than the hand bellows could produce, so a series of bellows was arranged and persons were engaged to walk upon them, forcing in the air by their weight. Then a water system or hydraulic pressure was introduced, then pneumatic and now electricity which is more powerful and enables quicker action, etc.

Now about the playing of these instruments. In the early days, there being no keyboard, the fingers were placed over the pipes to stop the tone afterward a slider was attached and these were pulled in and out at the base of the pipe to admit the air. Following this a key was devised, it being found easier to depress the key with a blow than to pull the slider which had great resistance.

The first keyboard had sixteen keys, each key 40 inches long and 3 inches wide. The performers were called organ beaters or smiters, having to smite the key with the fist.

Space will not allow to explain fully the gradual advancement and growth of the Pipe Organ, but it is most interesting.

The tone of the organ in its earlier stage was much more lusty than the present day organ. It is recorded that the pipe voices were so loud and strong that listeners could not venture near with uncovered ears.

The modern pipe organ is known to all but its parts and working method may not be so generally known. The kind of pipes are of the whistle or flute type, also beating and free reeds. These are made to imitate orchestral instruments. The modern organ is capable of producing from the softest tone to the great power of a huge band.

The keyboard is known as the manual, and in one large organ, 5 smaller organs independent of each other may be combined, each smaller organ having a separate keyboard to itself, making a bank of keyboards one above the other ranged before the player. The organist's hands are completely occupied and besides this he must be an expert in performing upon the pedals with his feet, the pedals compass being 30 notes.

All pipes are made of wood and metal (tin, lead and zinc,) all the pipes are built in shape of huge

whistles.

The modern keyboard has 5 complete octaves, the principal keyboard is called the "Great," the one above is the "Swell," the one below, the "Choir," while the "Solo" is above the swell and the "Echo" is above that.

It is good for the music student when visiting a city to take every opportunity to hear good music of this kind as an organ recital by a competent organist should create much interest.

Some people pride themselves upon hearing great organists and do not forget to boast about it, but listen to this: A visitor of pompous character going up to one of the attendants in Westminster Abby said, "Will you please tell me who that is at the organ, I cannot tell by the touch if it is Sir Walter Parrat or Sir Frederick Bridge? The attendant answered, "I beg your pardon, sir, that is not either of them, it's the vacuum cleaner over in the corner."

San Francisco possesses one of the largest and finest organs in the world, the organist is Frederic Lemare, the eminent English Organist, whose salary is \$10,000. Compare this with the Great Beethoven who was appointed second court organist at 150 florins (\$63).

The organ is the most interesting part of a church property as judged from the stand point of public interest. You may have stained glass windows, libraries and carved furniture in the church investment, but leave out the organ and what is the result—an immediate lack of interest. A good sincere, eloquent, devout pastor a good choir, and a good organ means a great church.

Do not suffer another day with itching, burning, or bleeding piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as a certain cure you see a box at dealers or Edmanson, Baker & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 1c. stamp to pay postage.

Spacing Spark Plugs

Sometimes it becomes necessary to adjust the distance between the contact points of the breaker. The common error is that of setting these points too far apart; the proper distance is approximately one fiftieth of an inch, and this may be taken as the standard. Incidentally the width of the spark gaps has a great influence on the functioning of the ignition system.

HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound."—Mrs. J. E. Ronsano, 630 Kasap St., N. E., Pittsburgh, Pa.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should accept Mrs. Rohrbach's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Minard's Liniment Cures Diphtheria.

A Tonic For The Nerves

THE ONLY REAL NERVE TONIC IS A GOOD SUPPLY OF RICH, RED BLOOD

"If people would only attend to their blood, instead of worrying themselves ill," said an eminent nerve specialist, "we doctors would not see our consulting rooms crowded with nervous wrecks. More people suffer from worry than anything else."

The sort of thing which the specialist spoke of is the nervous run-down condition caused by overwork and the many anxieties of today. Sufferers find themselves tired, morose, low-spirited and unable to keep their minds on anything. Any sudden noise hurts like a blow. They are full of groundless fears, and do not sleep well at night. Headaches, neuritis and other nerve pains are part of the misery, and it all comes from starved nerves.

Doctoring the nerves with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of rich, red blood. Therefore to cure nervousness and run-down health Dr. Williams' Pink Pills should be taken. These pills actually make new, rich blood, which strengthens the nerves, improves the appetite, gives new strength and spirits, and makes hitherto despondent people bright and cheerful. If you are at all "out of sorts" you should begin curing yourself to-day by taking Dr. Williams' Pink Pills.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

France's New President.

Paul Eugene Louis Deschanel the new French President, has all the qualities that could fit him for the station to which he has been called by the representatives of the people. Like Raymond Poincare, he belongs to a family noted for learning. He is a brilliant orator, an Academician, a writer of distinction and was popular as presiding officer of the Chamber of Deputies.

Mr. Deschanel's progress in public life has been in marked contrast to that of Dr. Clemenceau. He was almost continually fortunate, the interruption never being of a serious nature. It was even a piece of good luck on his part that he did not take such a conspicuous part in the war as to make him undesirable as a figurehead. In the chair he was silent and made no enemies.

Perhaps, after all, it was just as well that Dr. Clemenceau—whom they are talking of dubbing officially "Savior of the Country"—was not chosen. That fiery spirit, accustomed to action and labor, would have been uncomfortable in an office which is only really important when a Prime Minister with his Cabinet resigns.

For just as the President of the United States is the most powerful of all chiefs of state, so the French President is the least powerful. But should the hour of danger come for France, Paul Deschanel may be depended on to do his duty as Raymond Poincare did his.

Now they say that it was Noah, not Adam, who ate the apple. That lets out Eve, too, of course. In fact Eve is eliminated, for no person corresponding with her is found in the Sumarian Tablets. But will the sex be pleased to find that mankind was capable even of an indiscretion apart from her lovely influence?

Frost Song

Here where the bee slept and the orchis lifted Her honeyed pipes of peart, her veils lip, Only the swarth leaves of the oak lie drifted In somber fellowship. Here where the flame-weed set the lands alight Lies the bleak upland, webbed and crowned with white. Build high the logs, O love, and in thine eyes Let me believe the summer lingers late. We shall not miss her passive pageantries, We are not desolate, When on the sill, across the window bars, Kind winter flings her flowers and her stars.

N. S. Fruit Growers' Assn.

Continued from Page 2. He was quite severe in his criticisms of the lack of ordinary care in the handling of fruit and strongly urged that if Nova Scotia was to regain its prestige as an apple producing country vast improvement will have to be made in the way in which it is handled and cared for.

The important meeting of the entire Convention was the final meeting on Thursday afternoon, when the matter of the standard barrel was introduced by Mr. Vroom, and was thoroughly discussed.

Mr. McMahon, of the United Fruit Company, was an ardent champion of the standard barrel, as without it Nova Scotia could not compete in the markets of the world against the United States and Ontario. He stated that the old time barrel varied in its holding capacity as much as from 40 to 45 pounds as regards potato shipments, and as each barrel could not be individually weighed, it meant a loss to the grower and dealer of approximately one hundred thousand dollars during the past season.

His remedy for this condition is the adoption universally of the standard barrel, that the Government be requested to pass laws penalizing the person who gets out the stock if he does not get it out to comply with the regulations for standard barrels, and penalizing the maker of the barrels unless he places his name on each manufactured barrel. If this were done, and any barrels were delivered that were not standard, the loss would fall on the persons who should bear it, and not on the growers. F. H. Foster, Secretary of the Association, strongly supported Mr. McMahon's suggestion, as did T. A. Morse, of Berwick, and a number of others.

Mr. Gates, one of the largest manufacturers of barrels in the Valley, also spoke of the standard barrel. He was in favor of its adoption, stating that while it might cost a few more cents per barrel, its benefits to the industry would be almost incalculable. Finally the suggestion made by Mr. McMahon was turned over to a special committee consisting of Prof. W. S. Blair, Manning Ellis, and Ray Clark, who subsequently brought in a resolution demanding of the Dominion Government such legislation as would result in the placing on the market of a standard barrel that would bear the stamp of the maker, thereby guaranteeing its being what it purports to be.

This resolution was unanimously adopted, and after the usual votes of thanks to the town of Kentville for its hospitality, and the singing of God Save the King, the 1920 annual convention of the Nova Scotia Fruit Growers' Association came to an end.

**We Can All Help**

The important work that has been undertaken in town by the class in Social Service at Acadia should receive the hearty support of every citizen. This is no less than the taking of a complete school and church census of the town for the purpose of securing information that is sure to be of great value. The members of the class will call at every home in Wolfville to-day, and THE ACADIAN asks for the assistance of all our people. The canvassers will take very little of your time and are themselves receiving no compensation for the labor they have undertaken. The value of the data that will be secured depends entirely upon its reliability and clear and correct answers to all questions will aid very materially in making the movement a success. Our schools, our churches and other institutions will gain much from the information secured. Let us all give every encouragement to this good work in the interest of the community.

**Port Williams Notes**

Mr. Manning K. Ellis was recently on a business trip to the Upper Provinces.

Mrs. Oscar Chase, of Church Street, accompanied by her daughter Mary, left last week for Bermuda, where they expect to spend the winter.

Port Williams is pleased to have its representative of this ward again elected as Warden of the County Council. He has served many years in the Council, one term previously as Warden, and also four years as representative of Kings county at Halifax.

**Kentville Notes**

The anniversary services at St. Paul's church on Sunday were exceptionally fine. Services were held morning, afternoon and evening, the speaker at each service being Principal McKinnon, of Pine Hill College, Halifax. The afternoon meeting was for men only and Dr. McKinnon's subject was "The Safeguard of Freedom". A special musical program was rendered at the evening service, Mrs. Gordon Embree being the conductress. Those taking part were Mrs. George Osborne Bowser, Misses Evelyn Neily and Marie Wilson, and Messrs. A. A. St. Clair, J. Milton Robinson, and B. C. Silver.

Nominations for Mayor and Town Councillors were made Tuesday as follows: For Mayor, W. S. Blair, by acclamation; for Councillors, E. B. Newcombe, T. A. Lydiard, Major Roop, C. S. Silver, Reginald Redden and J. W. McKay. Three of these will be selected on next Tuesday.

Mr. George E. Graham, General Manager of the D. A. R., who left last week for Winnipeg, was caught in the wreck at North Bay, Ont., on Sunday, and sustained a fractured shoulder and was cut about the back. Mr. Graham arrived home on Wednesday and it is hoped he will soon recover from his accident.

The twenty-fourth annual convention of the Nova Scotia Farmers' Association was held here this week. The sessions were held at the Nickist Theatre, and were well attended.

**Mayor Hales to Electors**

To the Citizens of the Town of Wolfville.

Ladies and Gentlemen:—In retiring from your Council Board after fifteen years of service, during three of which I held the honorable position as Mayor, I wish to thank you most sincerely as Citizens and Friends of the town of Wolfville for the confidence and honor that you bestowed upon me. To the members of the Town Council and Town Officials, I wish publicly to thank you for your loyal support

and the assistance that you have given me in the discharge of my duties during the past three years.  
 Yours sincerely,  
 J. EDWARD HALES.

**Business Notice**

I wish to announce that I have sold my business to W. C. L. Bauld, who will continue business at the old stand. I thank my former customers for their trade during the years that I have been in business in Wolfville, and ask that you patronage Mr. Bauld in the future.

Wm. C. Bleakney.

**An Excellent Medicine For Little Ones**

Baby's Own Tablets are an excellent medicine for little ones. They are a mild but thorough laxative which sweeten the stomach and regulate the bowels, thus bringing relief in cases of constipation, indigestion, colic, colds and simple fevers. Concerning them Mrs. L. J. Chiasson, Paquetville, N. B., writes:—"I have found Baby's Own Tablets excellent for my young baby in the case of constipation and colic and it gives me great pleasure to recommend them to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A Pennsylvania genius has invented a portable dairy, so that milk may be served at the door "fresh from the cow." Tut, tut! They have been serving milk "fresh from the goat" and upstairs too, in Naples for scores of years.

In Paris and in Berne there is no 13 in house numbers, 12½ being used instead.

The Russian dominions embrace 8,650,000 square miles, or about one sixth of the land surface of the world.

In Siberia a Winter rainbow sometimes lasts all day. It is caused by fine particles of snow suspended in the air.

The demand of the Entente Powers that Holland deliver up to them former Emperor William of Germany that he may be tried "for a supreme offence against international morality and the sanctity of treaties" has been refused by Holland.

Rev. Chas. M. Sheldon, the author of "In His Steps," distinguished writer-lecturer and preacher, has been appointed editor-in-chief of The Christian Herald, New York.

Crime has increased in Chicago 25 per cent. in the last year. There were 23,000 thefts in the year with losses of \$9,700,000. Crime is a business there, not due to poverty or hard times.

**Organizing for Old Home Summer**

REPRESENTATIVES OF ALL COUNTIES INVITED TO THE CONFERENCE NEXT MONTH

Organization of the Old Home Summer International Exposition is proceeding very successfully. Another big conference is scheduled to be held in Halifax on February 12th. All the County conveners, representatives of the Press, and chairman of School Boards are invited to the Conference.

The organization proposed is to be very thorough—every community of each County is to have its own association. All associations of a County are to be brought under a County directorate comprised of the presidents of each local association. There will be a secretary for each County.

All the schools of the Province are to have their own Old Home Summer associations. The children will have some definite object to work for during the next four years—just as each town and community is to have a well-defined plan of improvement and growth.

Keeping pace with the movement in Nova Scotia, the friends of this Province in New England are organizing and boosting also. Hon. H. H. Wickwire, Minister of Roads, will be one of the speakers at the Canadian Club luncheon at

Boston on Saturday next. Horatio C. Crowell, Secretary of the Old Home Summer International Exposition, will also be present. He will speak before the Intercolonial Club of Boston at a reception on the evening of the 31st.

Gold coin amounting to approximately \$10,000,000 has arrived in New York from Canada. This is undoubtedly balance of the \$20,000,000 the Dominion contemplated shipping last December. It was announced by Canadian finance minister that \$20,000,000 might be shipped to New York to meet some obligations and partly to remedy depreciation in exchange. Only \$10,000,000 of the metal arrived, however, shipments coming in Dec. 13 and 14. It is believed the \$10,000,000 recently received completes this transaction.

**Children Cry FOR FLETCHER'S CASTORIA**

The unexpected decision of the Allies to resume trade relations with Russia appears to be popular with all British business men. Plans for renewing the exchange of goods have not yet been formed but there are lively expectations among the big banking and commercial houses engaged in business with Russia before the war of a coming boom. Transport, both within Russia and to Russia, and finance, are the chief obstacles to be dealt with.

Scott & Bowser, Toronto, Ont.

**Recollections of the Old Survey Days**

During the summer of 1881, we were locating and running trail lines for the main line of the Canadian Pacific Railway along Nobsungung Lake and down the Vase Creek towards Lake Nipissing. A Mr. Hegan was in charge of the party, that gentleman for work, Mr. E. J. Duchesnay was transitman, and Emile Tetu leveller. At that time there was but one settler on Nobsungung Lake, and what fishing there was in it!

While we were camped along the lake we used a lumberman's red boat to take us to and from our work, when we invariably trawled with a hand line and common spoon.

I recollect while rowing to work one morning, Duchesnay trawled. I sat looking on. Suddenly there was a tremendous tug at the line. Uttering an exclamation Duchesnay began hauling it in, but it was no easy matter. "Was evident he had hooked a big one. Fortunately, however, the line was a stout one and the fish securely caught. After a brief and desperate struggle on the part of the fish, he was brought alongside of the boat. The question then was, how to get him on board? for we had neither gaff nor landing-net. At his belt, Duchesnay carried a neat little .32 calibre Smith and Wesson revolver. A brilliant idea occurred to me.

"Shoot it, Mr. Duchesnay," I called out. Promptly acting on my suggestion, at a range of a couple of feet or so, he broke his back with a bullet, killing him immediately and a mauling of thirty-two lbs. weight—weighed on our return to camp in the evening—was lifted into the boat without any trouble.

The following Sunday morning Duchesnay and I took a bark canoe and went trawling. We had but one line and took it turn about to fish and paddle. I do not recollect how many were caught, but I do remember that after fishing, for only a portion of the morning, was brought back to camp more black bass and dogs than the whole party of about twenty-two men could eat, before a good part of the catch went bad and had to be thrown away.

I do not know how many settlers are now living about the lake, or

how much fishing has been done since those days, but unless it has been much fished, it should still well repay a visit of any enthusiastic disciples of the gentle art.

Recollect we had but one common, large red and silver spoon. How the fish must have swarmed in the lake, then. What sport might not expert fishermen have today, with rods and proper tackle? Where could they find finer camping grounds either, or lovelier wild scenery of lake and woods?

When we had left the lake a few miles with our survey we got into the undulating brulé country along The Vase Creek. What a paradise that country was for sportsmen, then, before its world old-silence had been disturbed by the locomotive's whistle. Moose, bear, lynx abounded. Never a day passed that we did not see fresh tracks of them. The bear and lynx we never saw. What animals are more shy or wary? A moose occasionally we did.

One day, while running the line along a side hill, in the open brulé country, we saw six magnificent moose. But, of course, no rifle was ever carried on the line and we could only watch them trot away. What strides they took, with what ease they negotiated fallen timber!

It was about mid-summer, if I remember rightly, of that year 1881, somewhere along The Vase. We had gone out to work as usual, I was a

rodman on that survey; that morning, however, one of the chainmen was laid off, for sickness or something, and I was told to fill his place.

As usual, that morning, Duchesnay set up his transit, and as usual the axemen lolled about, lighted their pipes, or gave a final touch with whitestones to their axes, while they waited for line. In a few moments the transit was in readiness and Duchesnay turned to me.

"Get a good stout four by four inch, four foot dry stake, like a hub-stake, blaze it like a hub-stake, and mark on it with red keel, in big letters, 'C.P.R. Station G.' From now on this line will be known as The Canada Central." He turned to the men. "All right, boys, stick up a picket and get line now."

Thus I had the distinction of making and driving in the first station stake marked, C.P.R.

I think there is a station now somewhere about there called 'Amen-dar.'

F. H.

**Children Cry for Fletcher's**

**CASTORIA**

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

**What is CASTORIA?**

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

## ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEE GARCEAU

32 Hickory St., Ottawa, Ont.

"I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again.

I look upon this fruit medicine, 'Fruit-a-tives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

AMEDEE GARCEAU.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

An Englishman, thinking to put one over an Irish friend, said to the latter, "I say, Pat, if you weren't an Irishman, what would you be?" The somewhat disconcerting retort came back, "Sure, and I'd be ashamed of myself."

### Children Cry FOR FLETCHER'S CASTORIA

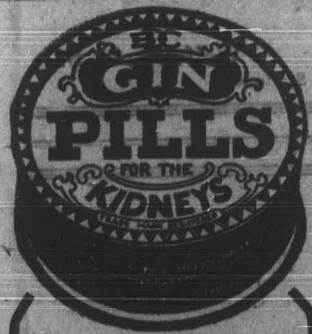

A circus was travelling through Scotland, and when it got just outside of Dumfries a baboon died. Not wanting to be bothered with the body it was thrown over a hedge, into a field. Three Scotch farmers went that way, saw the baboon, and wondered who it was.

"He's no a Cameron," said one; "he's too broon!"

"He's no a Macdonald," said the second; "he's too reed!"

"And he's no a Mactavish," said the third; he's too dashed guid luikin'! Away to yonder hoose an' see if there's an English visitor meesin'!"

Provision is being made for the printing of a new Canadian cent. It will approximate the American cent in size.

### Help the Kidneys in Time

As soon as that warning backache comes, get a box of Gin Pills, which will promptly put matters right. Neglect is criminal. It may result in an operation. Now is the time to help the delicate organs to regain strength. Gin Pills relieve pain and soothe the inflamed tissues. Your druggist or chemist sells them at 50c. a box with money-back guarantee. Send for free sample.

Address: The National Drug & Chemical Co. of Canada, Ltd., Toronto  
U.S. Address: No-Drug Co., Inc., 282 Main St., Buffalo, N.Y.

Winard's Lintment Cures Distemper.

### The "Home" Paper.

It's printed 'old fashioned' and homely. Bearing name of a small country town: With an unfeigned sneer at its wrapper queer,

The postman in scorn throws it down. But I scan every line that it offers. Each item brings something to view Through the vista of years, through youth's pleasure and fears,

It serves their keen touch to renew. The death of a girl I once courted, The growth of a firm I once peered, The rise of a friend I love to commend, The fall of a man I revered.

As I read I drift dreamily backward To the days when to live was a joy. I think, I pore, till the city's dull roar Grows faint, and again I'm a boy. Rare perfume of green country by-ways,

Fair music of flowers and bees, And the quaint little town with its streets leading down: To the creek and the low bending trees.

Around me the forms of my comrades, About us earth's glory unfurled. Each heart undimmed, with the faith of a child Looking forth to a place in the world.

And the paper tells how all have prospered, I follow their lives as they flow, Applauding each gain and regretting each pain

For the sake of the days long ago. Above all the huge city dailies, With wondrous utterances wise, This scant page hath power to spread for an hour A fairyland sweet to my eyes!

### Plan to Boom Nova Scotia

D. A. R. APPOINTMENTS. D. J. MURPHY, COLONIZATION AND INDUSTRIAL AGENT

Following the policy for greater production, increased settlement, colonization and industrial development, etc., being energetically advanced by the Dominion Atlantic Railway Company, Mr. D. J. Murphy, Jr., formerly Superintendent of Transportation for the Dominion Atlantic, but for the last four years on active service in France, has been appointed Colonization and Industrial Agent, with headquarters at Kentville.

In the appointment of Mr. Murphy, and in co-operation with the Nova Scotia Government, the executive of the Dominion Atlantic will actively encourage the development of the country between Halifax and Yarmouth.

The management of the Railway already have many applications for land from intending settlers in Great Britain and the United States. New industries are seeking locations, and Nova Scotia has been in the minds of many investors of capital recently. The new branch of the organization above referred to, is necessary in order to obtain the requisite data, and to put it in such shape that persons wishing to go onto the land, or invest their capital, will be in a position to obtain first hand, and definite information promptly.

The appointment is in line with the policy of the Dominion Atlantic in developing its territory. Every indication points to a great influx of settlers into Canada during the next few years.

### Final Returns on Victory Loan.

Final returns on the Victory Loan of 1919 were given out recently and show total subscriptions of \$682,032,215.

It is generally thought that the Government will accept \$650,000,000. Ontario led with 455,489 subscribers and \$355,739,000 in subscriptions. The Maritime Provinces were as follows:

Nova Scotia, 36,389—\$28,521,000.

New Brunswick, 21,778—\$15,835,050.

Prince Edward Island, 4,229—\$3,158,400.

### Keeps Baby's Skin Healthy

If every mother could only realize the danger which lurks in the neglect of chafing and skin irritations she would not take chances on being without Dr. Chase's Ointment to apply after baby's bath.

It arrests the development of eczema and makes the skin soft, smooth and velvety.

60 cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

### Cleaning Valve Stems

A very simple way of cleaning valve stems which are under suspicion of harboring carbon deposits is to inject a little kerosene in the air valve of the carburetor while the engine is running. In this way a little of the kerosene finds its way down the valve stem and softens and washes off the carbon. It is no bad idea to do this once a month or so.

### Winter Fire Protection

Winter fires in barns, stables or outhouses are usually caused by the knocking over or explosion of kerosene lamps or lanterns. Keep a few pails of dry sand on hand. Dry sand will not freeze. In the incipient stages of an oil fire, sand will smother, whereas water will spread it.

**Canning Notes**

Miss Mary Kerwin, of the staff of A. D. Payzant, and Miss Huston, of the Staff of A. S. Burgess, left last week for a few weeks trip to Boston.

Miss Josephine Burgess, is visiting her uncle, Colonel Jacques, of Halifax.

Mrs. Cyril Smith, of Halifax, is conducting a class in Home Nursing, under the auspices of the Women's Institute of Canning, a large number availing themselves of this opportunity.

The many friends of Mr. Edward Beckwith who underwent a serious operation at the Halifax Infirmary will be glad to hear that he has recovered sufficiently, to be able to return to his home in Canning.

Rev. Dr. Donahoe, who has been confined to his home through illness, has returned to Kentville.

Mrs. A. D. Payzant was the hostess at a delightful tea on Tuesday afternoon of last week.

In the death of Mr. Jacob Lockhart, Canning has lost one of its most respected citizens. Much sympathy is expressed for Mrs. Lockhart, in her sudden bereavement. Mrs. Lockhart and three sons left last week for Boston where they will remain for some weeks.

Mrs. Joseph Hebbletwaite, who has been spending the winter in Canning, the guest of her parents, Mr. and Mrs. Frank Huston, left last week for her home in Dedham, accompanied by her sister Miss Alice Huston, and her little daughter Elain.

Mrs. and Miss Reynolds of Halifax, are guests at the Waverly where they will spend the winter.

Mr. and Mrs. Richard Thompson, of Oxford, Cum. Co., are visiting Messrs. Sidney and Lor-an Blenkhorn and other relatives and friends.

The United Baptist church intend holding a special meeting in the near future to celebrate the wiping out of the debt on the church. Dr. Crowell, of Yarmouth, who laid the Corner Stone, has been invited to be present.

Mr. Sheldon Eaton, who has spent the last three years in Orilla, Ont., has been spending his vacation with his parents, Mr. and Mrs. N. W. Eaton.

Mr. Whitney Parker is taking a course in Electrical work at the Nova Scotia Technical College, Halifax.

Mrs. Everett Strong is spending the winter with Mrs. Stanley Robinson.

Mr. Andrews of the Andrews Construction Co., of Halifax, has the contract for the new rink at Canning, the construction of which is well underway.

Miss Minnie Miller, of the staff of Edgell, Windsor, has been visiting her parents, Dr. and Mrs. Miller, Canning.

**Canard Notes**

Mrs. Sydney Nixon, of Upper Canard, left recently for England, where she expects to spend a few months.

Miss Elizabeth Eaton, of the staff of Edgell, Windsor, spent a few days at Canard recently.

Mrs. Leonard Clarke, an aged resident, has been very ill at the home of her daughter, Mrs. Freeman Eaton.

Mrs. Edwin Dickie, of Halifax, is the guest of her son, Mr. Arthur Dickie, of Canard, during the absence of Mr. and Mrs. Alfred Dickie, who expect to spend the winter in California. Mr. and Mrs. Dickie left for New York on Wednesday of last week.
