## I. O. D. E. WILL FURNISH SCHOOL CHILDREN WITH MILK

Dr. LeBanc, medical school inspector, has recently made an inspection of the children attending school in Newcastle and by actual test has found upwards of twenty children from Grades 1 to 5 in the public School to be anaemic from malnutrition.

This is a serious state of affairs and demands the immediate attention of the public. Many of the children are underweight, due to several causes, such as; inherited delicate constitutions, wrong diets; irregular habits, loss of sleep; lack of good ventilation, etc. etc. With un-nourished and underweight bodies children cannot grow to be physically or mentally strong men or women.

Whatever country needs to guard first and foremost is the children, who at all costs must be kept healthy and strong, and it is imperative that the general public see that their wants are attended to. If necessary, we should cut down all expenses that are not strictly required at the present time and make a supreme effort to guard the children who are in need.

The Department of Public Health is growing more and more in favor and parents are realizing its value. On Tuesday, March 3rd., this matter of un-nourished children in the public schools was drawn to the attention of the Lord Beaverbrook Chapter I. O. D. E., and the question of providing milk for underweight school children was discussed.

The I. O. D. E. consented to take the matter in hand and propose to supply one half pint of milk each day to each needy child at recess time. To do this funds will be required and it is estimated that at least \$14.00 per month will be required for the next three months, to carry out the program as above mentioned. Of course if there are found to be more than 20 children in need of nourishment the cost will be proportionately greater and if the good work is to be continued until the end of the school year generous contributions to the fund will be required.

In order to secure funds to begin their work the I. O. D. E. will hold a concert in St. James' Hall, on Thursday evening, March 12th., when Miss Marion Cantley, Soprano and Mr. Roderick Fraser, pianist both of New Glasgow, will present a musical entertainment. Miss Cantley is a talented soprano and possesses a delightful soprano voice, while Mr. Fraser who is blind, is an accomplished pianist.

The price of admission to this musical entertainment will be fifty cents and it is sincerely hoped that

## OCEAN LIMITED HIT LOAD OF PUIPWOOD NEAR JONES CROSSING

A serious accident was narrowly averted last Thursday afternoon about 2.15 o'clock, when the east-bound Ocean Limited was nearing Jones crossing, a short distance from Newcastle. While rounding a curve a few hundred yards above Jones Crossing the fireman in the cab of the locomotive observed a sled loaded with pulpwood stuck on the tracks. He immediately notified the driver, E. W. Carson of Moncton, who applied the brakes. The warning came too late, however, and the locomotive hit the forward section of the sled and distributed the load and portions of the sled over a few hundred feet in that vicinity. The train went about three car lengths before stopping. It appears that the driver of the horse and sled had endeavored to cross the tracks a few minutes before he heard the train approaching. The snow had disappeared and the horses were unable to haul the wood across, and with the approach of the train, the driver was forced to release his horses.

The front part of the locomotive which was one of the 6000 type was damaged slightly and after a short delay proceeded on her trip. It was fortunate that the wheels of the locomotive did not pass over a very great quantity of the wood, otherwise, a derailment might easily have been the result.

## Bill Will End Church Lotteries

L. H. Martell, of Hants, intends to introduce a bill in the House which, if adopted, will cut out church lotteries altogether. Under the Criminal Code as it stands, church and charitable institutions may hold lotteries with the permission of the municipal authorities, when the prize does not exceed \$50.

the citizens of the Town will patronize it to such an extent that a substantial amount will be realized for the very worthy object, which the I. O. D. E. has taken in hand, and by so doing give this splendid organization sufficient encouragement to enable them to perform their work with a degree of comfort and satisfaction.

Contributions towards this Child Welfare Work will be gratefully received by Mrs. David Ritchie, regent of the Lord Beaverbrook Chapter, I. O. D. E.

We feel satisfied that it is only a matter of drawing this serious state of affairs, at present existing in the public schools, to the attention of the citizens when aid will immediately be forthcoming.

## FIREMEN'S BENEFIT A GREAT SUCCESS

The Comedy Drama "Conductor 1492" shown last night at the Opera House, under the auspices of the Newcastle Fire Department was attended by a bumper house. The picture itself was conceded as being the best of its kind ever shown on the screen in this town. It was a scream from start to finish and the appreciation by hearty laughter and

large audience displayed their appreciation. If you did not see it last night make arrangements to see it tonight, as this is positively your last opportunity. You will regret it if you do not take advantage of to night's performance.

The Fire Department takes this opportunity of extending its thanks to the public for their patronage and are gratified that their efforts in providing clean, wholesome entertainment to provide funds for the purchase of fire equipment for the town is so well appreciated.

## DOLLAR DAY MARCH 18TH

The following merchants have decided to hold Dollar Day in Newcastle on Wednesday, March 18th. B. J. Maltby, Mitchell's Meat Market, J. B. O'Donnell, E. J. Morris, G. M. ### A Rival to Moirs Chocolates

Recently a ton and a half of Moirs Sultana, Plain Pound and Cherry Cake went to Montreal in one shipment and over two tons to St. Johns Nfld., this shipment also including Fruit Cake Marble and Layer Cake.

Regular shipments are now made as far West as Calgary--occasional ones even to the Pacific Coast. Considering the distance and the multitude of cake makers in Canada, this is a marvelous tribute to the goodness of Moirs Cake.

Mr. Moffat, of Moirs distributing organization in Toronto visited the home office last week.

Thin, Crisp, and O, so appetizing!

ALSO A CHOICE LINE OF  
Groceries, Hay, Feeds and Flour  
**E. E. BENSON, - Newcastle, N. B.**

## PRESIDENT COOLIDGE RENEWED OATH

On Wednesday Calvin Coolidge calmly and quietly assumed the duties of President of the United States for four years. In a brief inaugural ceremony which never deviated from the simple and decorous program laid down by himself, Mr. Coolidge renewed his oath of office on his grandmother's Bible and in a short address restated his governmental policy of frugality.

Thousands of people witnessed the induction of Mr. Coolidge and millions more listened to what he said at their radio sets. His address was to "My countrymen". In a measured even tone the President read from his manuscript, steadily until he reached his final declaration that the United States cherishes no purpose "save to merit the favor of Almighty God"

Only twice was the cadence of his presidential voice disturbed by emotion—once when he reached his conclusion and once when he expounded his doctrine of governmental economy. "I favor the policy of economy not because I wish to save money, but because I wish to save people," he said, leaning forward and with voice growing husky just a little in the intensity he put into the words. "The men and women of this country who toil are the ones who fear the cost of the government. Every dollar that we carelessly waste means that their life will be so much the more meagre. Every dollar that we prudently save means that their life will be so much more abundant."

The President pledged himself to further tax reduction and promotion of peace, declared for responsible party government with the party label meaning more than a mere device for securing office; and for international co-operation including adherence by the United States to the world court.

The oath of office was administered by Chief Justice Taft, himself a former President. Mr. Coolidge responded with a firm yet almost auditable "I do"

The gala celebrations and expensive trappings of former occasions were almost entirely lacking. After the presidential addresses had been concluded, Mr. Coolidge was escorted by trotting cavalry from the Capitol to the White House where he took his place with his guests in a glass-enclosed reviewing stand to witness the passing of the inaugural parade.

A score of governors of States, marching soldiers, sailors and marines, columns of artillery and a battalion of the squad tanks filed up Pennsylvania Avenue past the view of the newly-installed executive and the formalities in which the President took a leading part were over.

The usual official inaugural ball did not take place at night, President and Mrs. Coolidge signifying their intention of spending the evening quietly.

## Says Insulin Stops Return Of Cancer

Successful use of insulin in preventing the recurrence of cancer in mice is reported in a paper read by Professor Friedrich Silberstein, of the Vienna Institute of Experimental Pathology.

Professor Silberstein described how he had certified by countless experiments on mice that; when they were treated with maximum supportable doses of insulin after the exclusion of their carcinomas; no relapse of the malady was observable in fifty per cent of the cases. He stated also that the development of cancerous growth slowed down or ceased entirely on continuous treatment with maximum doses of insulin for mice not operated upon.

## Doukhobors Must Obey Laws Or Go Somewhere Else

"Warning that if the Doukhobors did not want to obey the laws of British Columbia; they had better go to some other country;" was given by Premier Oliver to representatives of the Christian Community of Universal Brotherhood at an interview arranged at the request of J. P. Shukin; vice-president of the Community.

Mr. Shukin and his associates asked for the interview in order to apologize to the Premier for any affronts offered to him on Sunday by the Doukhobors at Grand Forks; as reported in the despatches.

Mr. Shukin then stated that the Doukhobors at Brilliant were anxious that the Premier should visit that colony and give an address through an interpreter.

This invitation the Premier declined; saying that he had given eight years to the Doukhobors considerable latitude; thinking that they eventually would come around and live up to laws like the rest of the people of British Columbia.

But instead of improving in that direction and living up to the laws; he said conditions were getting rapidly worse.

Whereas a few years ago more than four hundred children were going to school; the Premier said; before the death of Peter Veregan, they had begun to slaken off and the situation now was that they had burned eight schools and had no children going to school at all.

He said that he was going to see now that the Doukhobors lived up to the law. His Doukhobor audience who received his remarks through an interpreter; made no audible comment.

We have rendered our subscription accounts and would respectfully request each subscriber to remit us the amount due.

## Grand Falls Bill Passes Quebec House

Premier Veniot received a telegram Thursday afternoon informing him that the New Brunswick bill relating to the development of the water powers of Grand Falls had passed the Quebec Legislature after five amendments moved by opponents had been voted down. The bill was agreed to with but one condition attached and that is; that this province place five thousand Horse Power at the disposal of the Quebec government for a period of two years after the completion of the work; the price charged to be the same as prevailing in New Brunswick.

Hon. Mr. Veniot visited Quebec in connection with the Legislation and Hon. Mr. Michaud; a member of the N. B. Hydro Electric Commission was there last week in connection with the matter.

**Baron Beaverbrook And Sir Herbert Holt**

**Do Take Control Prices Broth-ers' Industry?**

Suggesting that Sir Herbert S. Holt; President of The Royal Bank and of the Montreal Light, Heat and Power Company; has acquired a large block of stock and now controls the affairs of Price Brothers and Company. The Financial Post says: "Sir Herbert's growing interest in Price Brothers will lead to speculation along other lines: because his important connection with the gigantic Duke-Price power development in Northern Quebec." After explaining the Duke-Price development The Financial Post continues: "With the acquisition by Sir Herbert Holt of important holdings in Price Brothers were the first step to closer unity of operations between the Montreal Power; the Duke-Price and the Shawinigan groups; it would be a move of considerable significance in the life of Quebec province."

Holt is already an important investor in pulp and Paper securities. He is largely interested in Belgo-Canadian Paper Company; and is understood to have quite an interest in the affairs of the Spanish-River Pulp and Paper Mills and Fort William Paper Company.

In any ownership in Price Brothers the power magnate will be in close association with Baron Beaverbrook; who has maintained an important degree of control in Price Brothers since going to England to become a leading newspaper publisher.

Price Brothers shares have held steady on the exchange and are in fact; selling at levels above the point reached following the tragic death of Sir William Price, a few months ago.

**CHATHAM WON FROM MONCTON BY A 6-5 SCORE**

Chatham; N. B. March 2—In a thrilling game of hockey in the College rink tonight the local team defeated the fast Moncton squad by a score of 6 to 5 after ten minutes of overtime play. The fifth and tying goal scored by the Chatham team with two minutes to go was off side; but got by unnoticed; and counted. The local team led at the end of the first period 2 to 1 and held the game margin of one goal at the end of the second; the gong sounding with the score 4 to 3 in their favor. Moncton started out with a final burst of speed in the third period and drove two counters into the meshing while the locals were held scoreless until two minutes from the final gong when they shot a goal which as stated above was off side.

In the overtime play Chatham succeeded in notching up another and winning the game by a score of 6 to 5. The game was played on soft ice and water was dripping through the roof due to the heavy snow on it. Anthony Veo, handled the whistle.

**Rotor Ship Said To Be A Failure**

The Flettner rotor ship is economically unprofitable; at least for the present; according to a report of the German Shippers Association at Hamburg. The trip of the rotor ship Buckau to Scotland proved; it is asserted that; the number of men in the crew necessary remained undiminished; and that any saving in operating cost; compared to a steam propelled ship was not of practical importance, especially since it would be offset by high insurance premiums which insurers would charge on rotor ships.

**Clemency Urged For John Piere, Ottawa Murderer**

Ottawa; March 2—Clemency for John Bouchanan Piere; who last Oct murdered his wife and two children; is being urged in letters; resolutions and otherwise to the Minister of Justice.

The G. W. V. A are interesting themselves in the case. In the representations which are being made the most common plea is that Piere is mentally unbalanced by reason of an airplane crash during the war and consequently was not responsible for the crime he admits.

It is believed that the Department will order an examination of Piere by an expert alienist of its own.

**SAVE THESE FOREST WEEK IN APRIL**

**Here and There**

In conjunction with the further loan of \$3,000,000 for colonization to be authorized by the Quebec legislature this season, it is also intended to raise the bounty to settlers on the acreage cleared. At present the government gives a bonus of \$6 an acre. It will be raised to \$8 an acre. The province spent \$30,000 in this way in the last fiscal year.

The amount of butter exported to Japan through Vancouver during 1924 was nearly twice that of 1923, according to figures supplied by the Japanese consulate at that point. The report shows that in 1924 the quantity was 476,464 pounds, as compared with only 299,695 pounds in 1923. Total cheese shipments to the same destination last year amounted to 2,686 pounds, as against only 40 in 1923.

A recent analysis of immigration according to occupation of immigrants arriving in Canada since 1920 shows a steady increase in the ratio of agriculturists and domestic towards all others. In 1921 the figure was 35 per cent. It was 44 per cent for the fiscal year ending March 31, 1922, 47 per cent for the fiscal year 1923-24 and 51 per cent for the nine months April to December, 1924.

One of the outstanding features of the Grain Commission Board's report for the season 1923-24, was the tribute paid to the excellent service rendered by the Canadian Pacific Railway in handling the western crop. Though the company handled 106,000 cars of grain, it received only six complaints about lack of cars from the railway and commission combined. In 1923-24, with an even larger number handled, there were only eight complaints.

Orchestras from the Canadian Pacific steamships "Empress of France" and "Empress of Scotland", when they arrived recently at New York and before sailing on their round the world and Mediterranean cruises which the company starts annually from that port broadcasted through WJZ a forty-five minute programme of selected Scots, English, Welsh, Irish and Canadian airs, while the "Montroyal", on her return from the company's cruise to the West Indies, broadcasted British and Spanish music through WJY of New York.

Information furnished by J. Frank Callbreath, packing contractor and general merchant, shows that during the 1924 hunting season, parties secured 12 moose, 26 caribou, 26 goat, 31 sheep, 15 black bear and 11 grizzlies in the Telegraph Creek district of British Columbia. Of the caribou, the largest, shot by J. J. Sartori, of Brooklyn, N.Y., has a spread of 47 inches, is 39 1/2 inches long and has 27 points. The largest sheep horns were 41 1/2 inches long, with a spread of 31 inches, and were secured by A. D. Stewart, of New York.

The third annual Eastern International Dog Sled Derby, run off at Quebec on February 19, 20 and 21, was a tremendous success. Twenty-two mushers and their teams from many parts of Canada and the United States competed over the 120-mile course, the race being won by Emile St. Goddard, of Le Pas, Man., who also won this year's derby at that place. The last day's lap was run through a blinding snowstorm, which gave the thousands of sports visitors from Canada and the United States who witnessed it, a vivid impression of normal conditions experienced by these outfits.

**Moncton To Tax Railway Property**

Members of the delegation to Ottawa from Moncton took up with the government the question of taxation of property owned by the Canadian National Railways. Through the suggestion of Mathew Lodge and H. H. Mackay; C. N. R. directors; the railway board several weeks ago authorized the taxation of all houses owned by the railway. Mayor Edgett was so advised at the time; and the city assessors as well.

HON. DR. PUGSLEY DIED TUESDAY

Hon. William Pugsley died Tuesday night in Toronto; from pneumonia. From the first it was realized that for a man of his age; being 75 years old; the condition was serious, but he realized it from the first severe attack and then followed a long struggle in which the veteran statesman seemed likely to conquer the malady.

Mr. Pugsley occupied many prominent positions; including that of Minister of Public Works in the Laurier government; and later Lieutenant Governor of New Brunswick. His latest activity was as chairman of the commission adjudgating the claims of Canadians for reparations against the Germans.

Mr. Pugsley; accompanied by his wife; had been enroute to the west to hear war claims commission; of which he was head. Three weeks ago during a brief stop over in Toronto he was taken ill. His son John A. T. Pugsley; was summoned to Toronto; but on Friday thinking his father to be past the danger point; returned home. Mrs. Pugsley was with him when the end came.

Will Be Taken Over By News Company

C. N. R. Restaurants to Change Hands

C. N. R. restaurants in the Maritime provinces will be taken over on April 1st. and conducted thereafter by the Canada Railway News Company.

The proposed transfer which has been mooted for some time is to bring the railway restaurant business in the Maritimes in line with the other parts of the Dominion where the News Company conducts the restaurants and have been doing so for forty years past. Several months back the company took over the restaurant at Truro and on April 1st. together with the St. John restaurant which is the largest and most important in the group; other smaller dining rooms at Newcastle and other centres will be taken over.

OXYGEN CARRIERS

Millions of red-blood cells, oxygen carriers, are born in a healthy body every day. The ability of these cells to enrich the blood depends upon how well you are nourished.

Scott's Emulsion

brings to the body rich vitamin-nourishment that is easily absorbed by the blood-making organs to build strength. Scott's Emulsion nourishes and strengthens wonderfully well.

HARKINS ACADEMY SCHOOL STANDING

D. J. Gulliver's Dept.
Grade IX—(Pupils making 70 per cent and over on written tests during February. Names in order of merit)—Louise Allison, Iva Mullin, Huntley Ferguson, Muriel Russell, Mary Crocker, Herman Murphy, Byron Petrie, Helen Jarvis, Mary Bell, Hazel Russell, Everett Russell, Clare Corbett, Theresa Sherrard, Hazel Maltby, Reta Amos, Victor Cummings.

S. J. Campbell's Dept.

Miss Hill's Dept.
Grade I—(Mavis Oveigton 1, Raymond Morrison, James Chambers 2, Jackie Foran 3.

Here and There

The Earl of Leitrim, Irish peer, who has been touring Canada, was much struck with the resemblance between north-west Ireland and the maritime provinces, with their wooded hills, sandy beaches and plenty of fish and game, as playgrounds for the tourist.

What is believed to be the largest salmon ever caught by hook and line in waters adjacent to Vancouver, B.C., was landed at Horseshoe Bay, Howe Sound, recently by A. C. Cohen. The fish measured four feet, one inch in length and weighed 64 pounds. It took 25 minutes to land it.

Irwin S. Cobb, the famous American humorist, has been hunting in the St. Maurice valley, served by Canadian Pacific lines. This is by no means his first trip to Canadian hunting and fishing centres, as he is a keen sportsman and has visited the wilds in Ontario, Quebec, Nova Scotia and New Brunswick.

Among the passengers landing at Quebec from the Canadian Pacific liner "Empress of Scotland," recently was: Miss Margaret Bondfield, M.P., a member of the Cabinet of the Macdonald Government of Great Britain. Miss Bondfield is in Canada to study conditions as they affect female immigrants.

Some interesting facts were made public by E. J. Belleisle, superintendent of the fish and game department of the Province of Quebec, when in Montreal recently. The province is now teeming with wild life, he says, mainly because of its conservation policy, whereby preserves are rented to fish and game clubs on the understanding that they appoint wardens. There are 500 such clubs employing a total of over 1,000 wardens.

The Trans-Canada Limited, crack transcontinental express of the Canadian Pacific Railway, completed its last run of the season on September 17th, and will not be operated again until next May. The train, which is the fastest long-distance express in North America, covered 758,748 miles in the season, or three times the distance between the earth and the moon, in its 238 runs, and carried the equivalent of 95,000 passengers for varying distances.

The new wing of the Chateau Lake Louise, the Canadian Pacific Railway's hotel at Lake Louise, one of the choicest beauty spots in the Rockies, is now under construction to replace that portion destroyed by fire some months ago. It will be a nine-storey, fire-proof, steel-frame structure of stucco, brick and stone, richly furnished in the best style of a mountain hotel, and will contain 280 bedrooms, bringing the total in the hotel up to 390.

The hunt for fur is extending northward each year, according to officials of the Hudson's Bay Company and Revillon Freres. They have already despatched their steamers on their annual tour of the northern posts which each season are being located farther and farther north as the field of the pelt hunters is extended into the Arctic. The Hudson's Bay Company now has a numerous chain of posts in Baffinland and other areas north of Hudson Strait.

NEWCASTLE WINS LAWLOR MEDAL

The local curlers in a sixteen rink match with Chatham on Wednesday afternoon and evening, eight rinks playing in Newcastle and eight playing in Chatham, succeeded in winning from them the Lawlor Medal by a margin of 35 points. The last time Newcastle won this Medal was in 1923. Some interesting games were played and there was a large number of spectators.

The Jardine Cup Contest will probably be held this week or next. Newcastle has had possession of this Cup for the past two years. The scores were:—

Table with columns for CHATHAM and NEWCASTLE, listing names and scores for various matches.

DOLLAR DAY

Next Wednesday will be a Banner Day in Newcastle. It marks the Annual \$ Day and every merchant is straining his utmost to make the year's event outshine all others.

At Creaghan's preparations for this big days sale have been going on for months and if real values and low prices mean anything people will crowd the store in a rush.

**House Approves Two New Treaties**

The House of Commons expressed its approval of two treaties concluded between Canada and the United States. The first is a treaty which aims at the suppression of smuggling operations and illegal drug traffic along the international border. The second enlarges the list of extraditable crimes by including crimes against the law for suppression of traffic in narcotics. It was intimated that Hon. Jacques Bureau, Minister of Customs, intended to ask the House of authority to provide for a special squad of men, not subject to the Civil Service Commission, who would be especially qualified to work in the suppression of smuggling.

Discussion showed agreement that smuggling be suppressed. "All that can be done," observed Hon. Arthur Meighen Conservative leader, "is to wish the treaty well and to remark that its application depends about 99 per cent upon the earnestness and determination of the Government and its officers."

**Assuring Your Business**

A policy of advertising is a policy of life assurance, and the protection thus secured is well worth its annual cost.

Old customers die or move away—they must be replaced.

Old customers are subject to the influence of temptation—they may be induced to divide their custom—to go to some of their shopping at a competitor's.

New comers to this community will shop with you—become regular customers—if they are invited to do so.

Your competitor's advertising is an influence which must be offset if you are to maintain your trade.

Not to advertise regularly to the readers of the UNION ADVOCATE is to leave your business unprotected.

**A WORD TO THE PUBLIC**

It is no sign of weakness to follow the lead of advertising. You owe it to yourself to get the most for your money, the best goods and the best service. And if you find that your inclination is to shop where you are invited to shop rather than to continue to be a customer of the shop which never solicits your good-will you need have no compunctions of conscience.

**Shop Where You are invited to Shop**

**Curtailment Of Logging on Miramichi**

Curtailment of logging operations on the Southwest Miramichi because of the unfavorable condition of the lumber market is reported by J. W. Brankley, speaking of conditions on the Southwest Miramichi, said that he did not expect more than twenty Million feet of lumber to be driven on that river in the coming spring.

Outside conditions are controlling the matter, according to Mr. Brankley. The British market is depressed and in the United States competition by Pacific Coast Lumber shipped via the Panama Canal, is keen, and has greatly injured New Brunswick lumber.

"Unless there is marked improvement in the lumber market before the first of May, we will not turn a wheel," said he for his own company.

In Miramichi waters in general the cut of logs has not been as heavy this winter as in former years the operators evidently holding back for better conditions in the world market. Last year at this time it was estimated that eighty-five million feet would be driven on both branches of that river.

The Southwest Miramichi Lumber Company held its meeting in Fredericton on Tuesday. Officers were elected as follows:

President, J. W. Brankley, Chatham.

Secretary, P. J. Hughes, K. C. Fredericton.

Treasurer, W. P. Eaton, Chatham.

Mr. Hughes succeeds R. W. McLellan, his partner who is in Europe in poor health.

The meeting also dealt with routine matters. The Miramichi Lumber Company is the chief shareholder in the company.

**Keep a Box Always Handy!**

Zam-Buk provides an ever-ready and reliable first-aid for injuries. It is also unequalled as a soothing, speedy remedy for obstinate and deep-seated skin disease, poisoned wounds, ulcers, piles, etc.

Within every box of Zam-Buk are stored the most valuable healing, soothing and antiseptic properties known to Science. Its unique herbal composition and its absolute freedom from animal fats and mineral drugs make Zam-Buk the safest and best dressing for skin troubles of all kinds.

**Tourists Pay More To Stay In France**

The French Chamber of Deputies has adopted the article in the revenue bill raising the fee for an identity card—which all foreign visitors intending to stay in France more than a fortnight must obtain within forty-eight hours of their arrival—from ten francs to sixty; plus supplementary taxes of eight to four francs for the department and city of issue; respectively making a charge of 72 francs in all.

The cards are valid for three years when they must be renewed and the fee for renewal is fixed at 200 francs the object being to distinguish between mere tourists and more or less permanent residents who it is felt ought to be asked to make a contribution to the French revenue over and above the ordinary taxes which they pay like other inhabitants since neither they nor their children are liable to military service.

Exception is made in the cases of foreign students and workmen; for whom the fee is fixed at 10 francs either for issuance of the card or renewal.

It is estimated that this tax on foreigners will yield from two hundred million to three hundred million francs annually.

**May Seize The Estates Of The Coburg Family**

The Czech-Slovak government will soon render an important decision as to what to do with the large estates in the republic belonging to the Coburg family.

The late Philip of Coburg was the possessor of one hundred and fifty thousand acres of land castles; forests and quarries in this country. In his will he left his possessions to the present Czar Boris of Bulgaria and to Prince Philip Josiah of the Hungarian-Austrian branch of the Coburgs. The latter, the son of a former Austrian archduchess; is making a strong fight against the Bulgarian Coburgs for the exclusive possession of the Czech-Slovak properties. Prince Philip Josiah is being supported by members of the Hungarian and former Austrian nobility Czar Boris; on the other hand has sent his brother Prince Cyril; to Prague to confer with the Czech-Slovak government.

It is believed here that because of the fear of the restoration of the Hapsburgs; the estates will be taken over by the Czech-Slovak republic.

**AWARDED CONTRACT**

The contract for heating and plumbing in the New High School Building at Newcastle; has been awarded to Messrs Bradley and Walsh of Campbellton. The contract calls for a system similar to that installed by this same firm in the Chateau Restigouche in Campbellton.

**WORKING GIRL'S  
EXPERIENCE**

Read How She Found Help  
in Lydia E. Pinkham's  
Vegetable Compound

Arnprior, Ontario.—"I must write  
and tell you my experience with your  
medicine. I was working at the factory  
for three years and became so run-down  
that I used to take weak spells and  
would be at home at least one day each  
week. I was treated by the doctors for  
anemia, but it didn't seem to do me any  
good. I was told to take a rest, but was  
unable to, and kept on getting worse.  
I was troubled mostly with my periods.  
I would sometimes pass three months,  
and when it came it would last around  
two weeks, and I would have such pains at  
times in my right side that I could hardly  
walk. I am only 19 years of age and  
weigh 118 pounds now, and before tak-  
ing the Vegetable Compound I was only  
108 pounds. I was sickly for two years  
and some of my friends told me about  
Lydia E. Pinkham's Vegetable Com-  
pound, and when I had taken a bottle of  
it I felt a change. My mother has been  
taking it for a different ailment and has  
found it very satisfactory. I am willing  
to tell friends about the medicine and  
to answer letters asking about it."  
—Miss HAZEL BERNDT, Box 700, Arnprior,  
Ontario.

A day out each week shows in the pay  
envelope. If you are troubled with some  
weakness, indicated by a run-down con-  
dition, tired feelings, pains and irregu-  
larity, let Lydia E. Pinkham's Vegeta-  
ble Compound help you.

**On Extended Trip  
To Pacific Coast  
And California**

Mr. and Mrs. R. N. Wyse and  
daughter, Miss Ruth Wyse, of Mon-  
cton, left Thursday morning on an ex-  
tensive trip to Western Canada, the  
Pacific Coast and California going as  
far south as Los Angeles where they  
will visit a son, Mr. Harry Wyse, who  
has been located in Los Angeles, for  
the past two years.

The party will travel via St. John  
and C. P. R., and will go first to St.  
Paul Minn where they will visit be-  
fore going on to Winalipeg, Calgary  
and Vancouver. From the latter city  
they will continue their journey  
south visiting Victoria, Seattle,  
Portland and San Francisco while en  
route to Los Angeles.

The party expect to be away from  
Moncton for about three months.

**POULTRYMEN  
ARE ACTIVE**

Poultrymen are waging  
with somewhat success the  
battle against the  
European poultry plague in  
the United States. This pest,  
whose presence was made  
known to most Canadians  
through the application of a  
partial embargo upon imports  
from New York, New Jersey  
and Pennsylvania, has caused  
heavy loss in many parts of  
the Republic. A death rate of  
60 per cent is reported in some  
carloads en route from Chi-  
cago to New York. Interstate  
movement within the U. S.  
has been prohibited for some  
time. The Poultry producers  
of Ontario at their recent  
meeting asked an extension of  
the Canadian embargo to all  
other States affected by the  
disease and to baby chicks as  
well as mature poultry. Many  
farmers and commercial men  
are in favor of organizing a  
Canadian Poultry Council  
representing the industry and  
empowered to speak authori-  
tatively for it upon such oc-  
casions as the present but the  
project hangs fire because no  
method of financing such an  
organization has yet been  
worked out. A Committee  
has the matter in hand how-  
ever, and a solution is be-  
lieved to be in sight.

**Giving the Mouth  
A New Telephone  
Angle**

In case one does not care  
to stoop to a telephone while  
talking, or does not care to  
put the transmitter to the  
mouth, he can make himself  
heard by very simple means.  
Simply place the abdomen or  
chest against the mouthpiece  
of the transmitter and talk  
into the open air, and the  
sound will get to the party  
on the other end. The whole  
chest wall and the wall of the  
abdomen vibrate in unison  
when the mouth is speaking,  
as they are a great sounding  
board, and they will transmit  
the proper sound waves to  
the diaphragm. This is easy  
to try and astonishing in re-  
sult.

**ECZEMA** You are no  
experiment  
ing when  
you use Dr.  
Chase's Oint-  
ment for Eczema and Skin Irrita-  
tions. It relieves at once and gradu-  
ally heals the skin. Sample box Dr.  
Chase's Ointment free if you mention this  
paper and send 2c stamp for postage. See a  
box at all dealers or Edmanston, Bates & Co.,  
Limited, Toronto.

Apply Minard's every day and  
rub it in well with the finger  
tips. It penetrates and heals.  
Removes inflammation.

A remedy for every pain.

**Keystone of Northland is Mystery**

A typical coastal Indian village scene. Left and Right, Mesquiat Indian totem poles now owned by W. C. Bannister of Vancouver. Below, The Princess Charlotte, one of the Canadian Pacific fleet which ply the Alaskan route.

Mystery it is said, is the keynote of the north. Mystery  
and silence. And because of its mystery there will  
always be an attraction, something to draw men on and  
hold them. For it is no mere legend that the north  
calls back those who have once lived in the snow and the  
mountains, or through an Alaskan summer. What is true  
of Alaska is also, to a very great extent true of the east  
and western shores of Vancouver Island and of the  
northern mainland shoreline. Scarcely has one left  
Vancouver or Victoria than there dawns the feeling that  
here is a new life opening out. As everywhere there is  
charm, so also is there mystery. One stops off at little  
coastal villages to explore, or perhaps to fish or hunt, or  
study native life or industry, and the first thing that one  
runs into is the mysterious totem pole, that Indian  
"family tree", which has great significance in the aborigi-  
nal history and life of the Indians of the Coast, but  
which conceals its strange tales from the uninitiated  
white man.

Two striking examples of Indian art, totem poles  
which are said to be among the best on the Pacific Coast  
because of their excellent design, legendry and historical  
importance, have been brought from the west coast of  
Vancouver Island to Vancouver, B.C., where Mr. C.  
Bannister, who secured them from the Indians, has  
erected them in front of his home. They were made by  
the Hesquiat Indians and illustrate native legends and  
tribal history.

The Hesquiat Indians lay claim to being the first  
natives to see the white man in British Columbia. The  
tribe's legend of the seeing of these men dates back to  
1788. The story told by these Indians is:

"Two Indians were travelling along the west coast  
in canoes and in a light mist. Suddenly out of the mist  
there loomed a giant canoe with white wings and skulls  
hanging from them. All over the decks of the boat  
scrambled strange-looking creatures such as they had  
never seen before. They had white faces and stone feet.

"One of the strange palefaces took a long stick and  
pointed it in the air and it spurted fire. Immediately a  
seagull fell dead.

"The two Indians in the canoe never recovered from  
the shock of this quick succession of strange and terrify-  
ing scenes and died on the spot."

The totems which Mr. Bannister has secured exceed  
twenty feet in height and have been set in concrete bases.  
The Great Eagle on the top of one of the poles was looked  
upon by Indians as a deity and is seen bringing the whale,  
which is also an emblem of great strength, to the power-  
ful chief, Cee-Ta-Ka-Nim who was famous as a whale  
hunter.

When a potlatch, or great giving away feast was held,  
all of the people of the tribe would gather in the lodge  
of the chief and a human skull thrown in amongst them.  
The man who was able to get out of the lodge with the  
skull was the hero of the potlatch and received the  
greatest measure of gifts and attention. Cee-Ta-Ka-Nim  
evidently accomplished this feat as he is seen holding the  
skull in his hands. The large killer whale beneath is part  
of his family crest or emblem.

On the other pole the top figure is the official dancing  
mask of the Hesquiat chief. Beneath is depicted the  
legend of the Kingfisher and the Great Bear.

The Kingfisher was looked upon as a great prevaricator  
and boaster. One day the bear was walking by a creek  
where the kingfisher was fishing. The Great Bear said  
"Tam-Moo-Kee, you are always boasting to everybody of  
what you can do, yet you never seem to do anything. Now  
you never hear me boast, but I will show you what I  
can do." He stood up on his hind legs and started to draw  
a serpent out of his stomach much to the astonishment  
and amazement of the kingfisher.

In nearly all Indian legends the characters took on a  
dual personality, and were able at any time to change  
themselves into birds, animals or fishes.

Another peculiar thing  
noticed in telephones at times  
is phantom talk heard in a  
receiver when one is waiting  
for central to give connection.  
Odd scraps of conversation  
may be heard in this manner.  
They are probably due to con-  
versations going on over wires  
lying in close proximity to  
the one that you are using—  
such conversations causing  
small oscillating currents  
which, by the process of in-  
duction, cause small oscil-  
lating currents to take place  
in your line of like character.

**"Exhausted Nerves  
and Palpitating Heart"**

Mrs. L. Whiting, 202 King St. West, Brockville, Ont.,

writes:  
"I took very sick with my nerves and stomach, and seemed to  
be all run down. At times my heart would flutter and palpitate so  
and I would take such weak spells in the pit of my stomach that  
I sometimes thought I would  
never get better. I tried  
several doctors, but it  
seemed nothing they gave  
me helped. I had almost  
given up hope when a friend  
advised the use of Dr.  
Chase's Nerve Food. I tried  
it, and can say it certainly  
has done wonders for me. I  
did not stop until I had taken  
twenty-five boxes."

**Dr. Chase's Nerve Food**  
60 cts. a box of 60 pills, Edmanston, Bates & Co., Ltd., Toronto

## Local and General News

**Read Mitchell's Ad in this issue, it will be profitable to you.**

### NO CURLING

The mild weather of the last few days has put a crimp in the curling at the local rink.

### MARRIED

At the Presbyterian Manse, Chatham, N. B.; March 4th, 1925 by the Rev. J. H. A. Anderson, William Butler and Bertha MacDonald both of Newcastle, N. B.

### AUTHORIZES ISSUE

The Board of Education meeting Wednesday afternoon received an application from the Bathurst School Board for permission to issue bonds to the value of \$50,000 for a new school building. Permission was granted. Other business was routine.

**It is for your interest that Mitchell's Continuance Dollar Day Sale is put on. Particulars are in this issue—look it up.**

### FAST GAME IN SUSSEX

The dates for the final play-off for the Maritime Amateur Hockey title have been set as follows:—  
The Sussex team, winners of the N. B. and P. E. I. section, will play the winners of the Truro-Windsor series in Sussex on Friday, March 13th, and the return game will be played in the Nova Scotia town on Tuesday, the 17th.

### FIRE ALARM

The Fire Department was called out last Saturday morning at 6 o'clock for a fire in a building owned by Joseph Napke, situated on the Public Wharf. The fire had gained considerable headway before the alarm was given, but was quickly extinguished on the arrival of the department.

### OPERA HOUSE

The management of the Opera House begs to advise the general public that the motion picture machine used at the Opera House has recently been thoroughly inspected and new parts have been placed on it, thus removing any possibility of flickering or flickering the picture when shown on the screen. This has been done for the purpose of giving the Opera House patrons the very best service possible and no doubt will be appreciated by the moving picture audiences.

### A VALUABLE INDUSTRY

The value of the salmon catch in New Brunswick last year, according to figures given out at Ottawa was \$368,000. In addition to this something like \$40,000 was paid into the provincial treasury for leases and fishing licenses; and it is safe to say that the non-resident anglers who were attracted to the province expended at the very least \$100,000. The salmon is the greatest of all game fish and is easily worth a half million dollars a year in New Brunswick.

### BABY'S COLDS

Children's delicate digestions are easily disturbed by too much "dosing." Still, the little ones' cold troubles cannot be neglected.  
At the very first sign of croup, sore throat, or any other cold trouble, apply Vick's VapoRub over the throat and chest. There is nothing to swallow—just rub it on. Colds go over right, croup is usually relieved in 15 minutes.

### GOOD TRAVELLING

The travelling on the river ice has been excellent for the past week. One party of five came up to Chatham from Baie St. Anne, a run of about 28 miles by highway.

### NEW SCHOOL

**FOR CAMPBELLTON**  
Campbellton intends to borrow \$50,000 for the purpose of erecting a new school building. Bonds will be issued.

**Special display of "Royal" dresses at CREAGHANS' on Thursday.**

### ATTENTION! GIRL GUIDES

All girls who formerly belonged to Company No. 2 of the Canadian Girl Guides Association, or who wish to join this Company, are asked to meet in the W. C. T. U. Hall, Mitchell Street, on Friday evening, March 13th, 1925, at 7.30 o'clock.

### NO GASOLINE TAX IN

**NEW BRUNSWICK SAYS**  
**PREMIER VENIOT**  
There will be no gasoline tax in New Brunswick this year," Premier Veniot said.  
The Premier made this definite statement on the matter in a view of reports which had been published.

### AWARDED CONTRACT

The contract for heating and plumbing in the New High School Building at Newcastle, has been awarded to Messrs Bradley and Walsh of Campbellton. The contract calls for a system similar to that installed by this same firm in the Chateau Restigouche in Campbellton.

### PLEASANT EVENING SPENT

A most enjoyable evening was spent at the home of Mr. and Mrs. Charles McKay, Whitneyville, when about twenty young people gathered Saturday evening to bid farewell to their son, Jarvey who left Tuesday for Montreal, where he has accepted a responsible position. Games, cards, dancing and music were the chief amusements. Luncheon was served and a pleasant time spent.

**A Food Sale, under the auspices of the Catholic Women's League of Canada will be held in Demers' store, Newcastle, on Sat., March 14th., at 3 o'clock. All are cordially invited to attend.**

### RADIO TUNING TIPS

When tuning in, always keep your detector tube filament low and the vario coupler type, the tickler coil and secondary coil loose. That is to say; where there is a coil of the honeycomb or spider web type; it should be moved away from the secondary and where it is of the vario coupler type; the tickler coil should be placed at right angles to the secondary. The condensers should always be turned slowly and at the same time tighten the coupling between the tickler coil and the secondary; final adjustments are made with the condenser. In case the set is about to break into oscillation; which will be noticed by the music or voice being distorted; the tickler coil must be moved away immediately; as this distortion is a warning that the set is about to break into oscillation.

When tuning in another station always first loosen the couplings between the tickler coil and the secondary; and then proceed as before. Never turn your condenser until you hear a squeal and then proceed to tune in; as this is the way you disturb your neighbor; who; if he is a hot-headed fellow; retaliates by allowing his own set to oscillate and twisting his condenser around; thus causing interference over a wide area.

## SERVICE SCHOOL THIS WEEK

On Wednesday and Thursday of this week the Chevrolet Motor Company, represented by the Service Engineer, the Sales Manager for Canada, the Advertising Manager and the Maritime Representative; will conduct a service school at Lounsbury Co.'s Motor show room. Chevrolet owners will reap great benefit from this school, the mechanics demonstrating improved mechanical methods.

This year's Chevrolet Models will be on display and a cordial invitation is extended the public to visit this school on Wednesday evening 11th inst. from 8 to 10 o'clock to see the new cars and hear them discussed by factory experts.

## Newspaper Men To Meet At Winnipeg

At a meeting of the Board of Directors of the Canadian Weekly Newspaper Association held at Toronto recently, it was finally decided to hold the annual meeting of the Association at Winnipeg toward the latter part of June. Plans were formulated for the programme and it is expected the meeting will be the largest yet held.

## March Weather Dangerous To Baby

Our Canadian March weather—one day bright, but sloppy, the next blustery and cold—is extremely hard on children. Conditions make it necessary for the mother to keep the little ones indoors. They are often confined to overheated, badly ventilated; badly ventilated rooms and catch colds which rack their whole system. To guard against these colds and to keep the baby well till the brighter days come along, a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. The Tablets are a mild but thorough laxative which never fail to regulate the stomach and bowels and thus they relieve colds and simple fevers and keep the baby fit.  
The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

## THE JOHN BRANDER CO.

NEWCASTLE, N. B.

## BROTHERHOODS FRATERNIZE

Seventy members of the Brotherhood of St. Luke's church, Chatham; drove in teams Wednesday evening to Newcastle where they were guests of the Newcastle Brotherhood of the Methodist church, at an entertainment given in the church hall.

An excellent programme had been prepared consisting of comedy dialogues, in which Joseph Beckwith starred, mixed quartettes, orchestral selections, readings by Mrs. Waldo Crocker and solos by David Gulliver William Masson and Joseph Beckwith.

Refreshments were served and at the close a hearty and eloquent vote of thanks on behalf of the visitors was moved by Mr. L. A. Abbott and was unanimously and

appreciatively carried. There was a large attendance and the meeting was a most enjoyable one.

## W. B. SNOWBALL'S FIRST SPEECH

Pays a Tribute to His Predecessor, Hon. John Morrissey.

W. B. Snowball; M. P. for Northumberland made his first speech in parliament on the race track gambling bill. He said gambling was as insidious as the drink habit; the country should go the whole length in suppressing it, insofar as it affected horse racing. People had been ruined, stated Mr. Snowball, and homes broken by gambling. Efforts should be made to protect the youth of the country.

In opening his speech Mr. Snowball said:—  
"I cannot help, on rising to make my first speech in this House, but refer to the death of the late member for Northumberland, Mr. Morrissey, whose place in this parliament I was elected to fill. It was a pleasure to me to listen to the remarks by our respected leader on this side of the House (Mr. Mackenzie King), by the right hon. leader of the opposition, and the hon. leader of the Progressive party. Mr. Morrissey was a politician who stood high in the estimation of the people, a man who died with his name unscathed."
