TO LEGISLATE ALL "DOPE" OUT OF THIS FAIR OLD DOMINION

"SOOTHING" SYRUPS TO GO AS WELL AS THE DEADLY PILL SO DEAR TO THE HEART OF THE "SNOW BIRD." DR. BELAND INTRODUCES BILL WHICH WILL WIPE AWAY THE TRAFFIC IN DRUGS.

Ottawa, May 16.—The "dope fiend" has no friends in Parliament. The law makers now propose to rob him of the drugs he uses to put a "kick" in the two and a half per cent. beer. Nor is the "snow-water" to have any more cocaine, or the "pin-pusher" to secure his...

It was Hon. Dr. Beland, M. P. for Resouche, who launched the attack on the so-called soothing syrups during the debate on the Canadian mother-tongue bill...

Ban Drugs With Liquor "We are talking about restricting the use of liquor," said Dr. M. Stagle of South Perth. "Now is the time to wipe out the traffic in the deadly drugs which too often are being used as a substitute for liquor..."

Words were translated into action by Dr. Beland, who moved to prohibit the manufacture, importation or sale of all potent medicines containing opium and its derivatives intended for internal use...

WAS MUCH ENJOYED

Christ Church Parish Hall was crowded to the doors last evening when Madam Jarley's Famous Wax Works was presented by the Ladies' Aid Society...

Mr. Harry Harding, as Madam Jarley, was exceptionally funny. He was ably assisted by Chas. Ferguson and Walter Balcombe...

There were three sets of characters. The first "The Historical," the second "The Chamber of Horrors," and the third "A General Chamber," and all the parts were splendidly acted.

Between the acts vocal solos were given by Messrs. George O'Neil, A. Lamb and Chas. Ferguson. After the performance supper was served to those taking part...

PREFERS DOUBLE HARNESS

Governor F. B. Harrison of Philippines Re-married After Only Four Hours of Single-blessedness

San Diego, Cal., May 16.—Mrs. Mabel Judson Harrison was granted a final decree of divorce in superior court here at 2 o'clock yesterday from Francis Burton Harrison, governor general of the Philippines...

NEWSPAPERS BLAMED FOR BUTTER PRICES

Scare Headlines, Says Dairy Commissioner, Causes Much Buying.

Ottawa, May 16.—Giving evidence before the Committee on Agriculture yesterday, Mr. J. A. Ruddick, Dominion Dairy Commissioner, stated that there had never been any justification for seventy-five cent butter in Ottawa, Toronto and other eastern Canadian cities...

"I cannot believe, that fellow human beings, however much under the influence of a wicked war, can really intend to reduce a kindred civilized people to slavery, for that is what these conditions mean."

Dealings with the general question of the effect of cold storage on the cost, to the consumer, Mr. Ruddick stated, that generally speaking the result is to equalize prices, which are increased during the period of flush production, but kept down during periods of non-production.

"There is only one cure for the present high prices of butter," said Mr. Ruddick, "and that is more production."

3-1 McCULLOUGH DOESN'T HANG

Much Money Being Wagered on Event in Murderer's Life.

Toronto, May 16.—The chances of Frank McCullough hanging on June 13th has turned into a gambling event in some quarters in the downtown section. Many business men are offering and betting three to one that he will not pay the penalty...

HUNS FBI INTO THEIR OWN TRAP

Paris, May 16.—Germany's blockade troubles were primarily brought upon her by herself, writes Maximilian Harden, the German freemason, in the latest number of his periodical, Die Zukunft. Both Bismarck and Caprivi had predicted such a measure against Germany if she went to war...

ALLIED FORCES TO POLICE SCHLESWIG

Paris, May 15.—The Council of Foreign Ministers is considering a plan prepared by the allied military and naval authorities to maintain order in Schleswig after the evacuation of that territory by the Germans.

The plan contemplated is to use an allied naval force stationed at Flensburg, in which Great Britain, the United States and France will join.

Pte. F. A. Cameron and other local men of the Siberian force, are expected home this afternoon.

MEDAL FOR ALL

Every Soldier Who Served to be Given Medal by the Imperial Government.

Information has been received that there will be a distinction between the 1914 and the 1915 ribbons issued with the Mons Star. The 1914 ribbon will carry a small silver rosette similar in design to that which marks the repeated D.S.O. with rosette, and will be issued to men who, in 1914, participated in actual fighting...

It has been learned as well, that a general war medal has been decided upon by the British Government, and that a design for a ribbon has been approved. The amount of material required for a ribbon is said to exceed two million yards, and it will be released for sale shortly.

GERMAN HEADS COME WHINING TO LABORITES

Plead to Britishers not to Force Them to Sign Away Their Birthright in an Hour of Weakness

London, May 16.—Philip Scheidemann, the German Premier, has sent to the Berlin correspondent of the Daily Herald, the labor newspaper, an appeal to the British people to realize "the appalling position Germany is placed in by the peace conditions."

Mr. Scheidemann in his appeal makes various points similar to those in speeches of his that have already been reported and in addition says: "We cannot believe, that fellow human beings, however much under the influence of a wicked war, can really intend to reduce a kindred civilized people to slavery, for that is what these conditions mean."

"We Germans call upon you English not to force us to sign away our birthright and the peace of Europe in our hour of weakness."

OVER MILLION DOLLARS FOR PENSION WORK

High Salaries Coupled With Administration Costs Boosted Office Expenses.

Ottawa, May 16.—Administration costs and salaries for the Pension Board amounted last year to \$1,250,000, according to a statement made by Hon. Mr. Rowell, while the House was in supply. This is apart from pensions actually paid by the board.

There was before the committee a supplementary vote of \$500,000 for salaries and expenses for the board. Mr. Rowell remarked that the amount seemed large and asked for particulars.

Mr. Rowell replied that last year the Government reduced the Pension Board's estimate of its expenses by \$250,000. It was found, however, that the actual expenditure amounted not only to the estimate of the board, but passed it by \$250,000. Therefore, the supplementary vote of \$500,000 was required. It was also found that larger salaries had to be paid in many cases than were at first contemplated. The vote carried.

DEATH OF MRS. GIBBONS

A particularly sad death occurred at Hamilton Hospital on Wednesday night when Annie Lena Finch, beloved wife of Charles Gibbons, passed to the Great Beyond, after a two weeks' illness, at the age of 34 years.

Deceased was born in Essex County, England, and after coming to this country, settled at Peterboro, later going to Niagara-on-the-Lake, and at the time of her marriage moved to St. Catharines where she has resided at 67 Rodman street, from which place the funeral will be held on Saturday afternoon to Victoria Lawn Cemetery.

The late Mrs. Gibbons was a member of St. Thomas Church and took an active part in the Ladies' Aid until she was attacked by poor health which necessitated her remaining at home. She was noted for her kindly disposition, and was ever willing to lend a helping hand in time of sickness or trouble. Beside her sorrow-stricken husband, one son, Melvin, left to survive the loss of an affectionate mother and devoted wife.

NO UNION JACK AT G. W. A. CONVENTION

Windsor, May 16.—During the convention yesterday it was suddenly discovered that there was not even a small Union Jack in the hall. Provincial Secretary W. E. Turley remedied this by hunting up a big one, which was placed over the table on the platform. The meeting was several hours in session before this was noticed.

The United States exports more chemicals and dyes to Japan than any other country in the world. This is exclusive of crude nitrate of soda, which comes first direct from Chile.

PROVINCIAL CONVENTION NOT IN FAVOR

Majority of Delegates are Opposed to \$2000 Gratuity Scheme. Each Get Cigarette Case.

Windsor, Ont., May 16.—The question of endorsing the Calgary resolution asking for a special war grant of \$2,000 for returned men who served in France, and \$1,500 for men who got as far as England, came before the Provincial convention of the G. W. V. A. today on their return from a motor trip around Windsor as the guests of the Kiwanis Club.

The resolution to endorse the Calgary proposal came before the convention at the instance of Central Branch, Toronto, who endorsed the Western branches' action. It is understood that 95 per cent. of the resolution on the \$2,000 grant refused to endorse it, and it was stated that only one resolution, that of Central Branch, favored the exact text of the Calgary proposal.

The resolutions committee itself refused to endorse the \$2,000 grant and submitted the following resolution in its stead: "That the physical and moral sacrifice of the returned men can neither be estimated nor repaid but that it is possible to estimate the difference in actual earnings between the overseas men and the men who stayed at home and that a committee should be appointed to collect the necessary data to make such an estimate."

The Buffalo Man is Rescued at Brink of Niagara Cataract Last Night.

Niagara Falls, May 16.—A man who said he was George T. Kensley, 68 years old, of No. 231 Auburn avenue, Buffalo, was rescued from the Niagara river about 75 feet above the American Falls at 7:45 o'clock last night.

Kensley said that he felt into the river at First Point, about 300 feet above the falls. Later he claimed he didn't know how he came to be in the water.

W. P. Burke, a Syracuse salesman, was walking along the path skirting the river and saw Kensley. He says Kensley seemed about to take off his coat and that shortly afterward he saw the man in the river. Burke called some boys standing near a tree at which there was a rescue pole, Dominic Lora, fourteen years old, of No. 221 Eleventh street, ran with the pole.

The alarm brought a crowd and R. D. Shure, of No. 223 Syracuse street, and Albert Vincent, of No. 134 West Fourth street, both of Ontario, and Joseph J. Linneman of the Rome, Watertown and Ogdensburg Railroad, ran to Burke's assistance. They managed to pierce one of Kensley's coat sleeves.

Burke says that Kensley shook off the pole and tried to keep his head under water. The swift current was carrying the man down stream. But the rescuers could see a bald head bobbing up at times and followed. Casting the pole again, they hooked Kensley's coat. This time, according to Burke, Kensley clung to the pole.

COMPLAIN AGAINST HYDRO

Thorold Board of Trade Council Passes Resolution re Power.

At the meeting of the Council of the Thorold Board of Trade held last evening, the following resolution in reference to the unsatisfactory service rendered by the Hydro Electric Power Commission to the industries of Thorold was passed: That the Thorold Board of Trade desires to express its strong disapproval of the unsatisfactory service at present being given to the industrial plants here through shortage of Hydro electric power, and we ask that the Hydro Electric Power Commission send their engineer to Thorold to investigate this complaint.

C.P.R. PENSION Advance in the Rate, Owing to the Cost of Living.

Montreal, May 16.—Owing to the high cost of living the C. P. R. directors have authorized a special advance to remain in force until the end of the year 1920, representing an increase of 15 per cent. on all pension payments to officers and employees on the pensions roll.

The yearly pension budget is now \$267,000 to 854 individuals.

TO FIGHT BRIDGE COMPANY

Bridgeburg Council Engages Legal Assistance.

Bridgeburg, May 16.—The Bridgeburg council yesterday engaged expert legal assistance from Toronto to aid in its fight against the International Bridge Company, which is to oppose the recent action of the Bridgeburg assessor in raising its assessments from \$300,000 to \$1,250,000.

The council will also hear appeal of the bridge company on May 26th, when it will constitute itself a court of revision. It is expected that the council will stand by its assessor, and thus a big legal fight will be on.

FRIENDS BEAT GRIM REAPER TO T. KENSLEY

Buffalo Man is Rescued at Brink of Niagara Cataract Last Night.

Niagara Falls, May 16.—A man who said he was George T. Kensley, 68 years old, of No. 231 Auburn avenue, Buffalo, was rescued from the Niagara river about 75 feet above the American Falls at 7:45 o'clock last night.

GIANT DIRIGIBLE BREAKS FROM MOORINGS AND IS LOST

BIG SHIP IS SWEEPED OUT TO SEA AND PLANS OF UNITED STATES NAVY FOR TRANS-ATLANTIC FLIGHT BY AIRSHIP RECEIVED SEVERE JOLT AS A RESULT.

St. John's Nfld., May 16.—Plans of the United States navy for a trans-Atlantic flight by dirigible received a serious jolt yesterday when the giant "Blimp" C4 burst from her moorings in a gale and was swept out to sea soon after she had arrived from Montauk Point, after being in the air continuously for 25 hours and 45 minutes.

Lieutenant Charles G. Little, of Newburyport, Mass., who was even charge of the C5 after her crew had been taken off, was almost carried away by the fugitive gas bag while making a terry attempt to debate it. When she broke away he seized the rip cord and gave a tug which should have opened up the big envelope and permitted the gas to escape. The cord broke, however, and Lieutenant Little, realizing he would be unable to bring the ship down, leaped out from a height of 25 feet. His only injury was a sprained ankle.

The escape of the C5 followed a long struggle by sailors from the cruiser Chicago to prevent its injury when gusty west winds swept across its mooring place in Quidi Vidi basin and began tossing it about. Several of the sailors, clinging to guy ropes, were thrown down by the dirigible's final tug, but none were injured.

The loss of the Blimp was a bitter disappointment to Lieutenant Commander Emery W. Coff and his crew of five. Despite a heavy fog and unfavorable weather they had brought the big ship over a 1,300-mile course from Montauk Point with a performance record which they were confident would have brought the coveted order from the Navy Department to attempt the overseas flight.

RELICION AN OBSTACLE AGAINST BOLSHIEVISM

Ottawa, May 16.—During the debate in the House Wednesday, Hon. Rodolphe Lemieux said: "In our national existence as a people, we should see to it that in every school whether Catholic or Protestant, there should be religious teaching. The world today needs religion. In the years to come if the Bolsheviki were should spread, the greatest bulwark against it will prove to be the Province of Quebec with its sectarian schools where religion is taught. Religion is needed, let me tell my hon. friends."

HOBBLE-SKIRT WINS CASE FOR DEFENDANTS

Skilled Lawyer is no Match for Fables of Dame Fashion in New York Court.

New York, May 16.—William Travers Jerome, former District Attorney of New York, was bested in the Tombs Court yesterday by two hobble-skirts. Jerome represented Joseph Goldmuntz, jeweler, 37 Nassau street, who charged that Jennie and Minnie Berger, sisters, 63 West 110th street, with assault. In a quarrel over some zems, an accounting for which was demanded by the defendants, witnesses maintained that the young woman called the jeweler, who he admitted of their father's estate, and a smuggler, and repeatedly kicked him. "They kicked me, and kicked me," wailed Goldmuntz.

The sisters did not deem oral evidence necessary for their defense. They were modestly attired and smiling. They merely rose, shuffled forward a few paces, and Jennie, pointing to the hobbled ankles of Minnie and herself, exclaimed: "We kick him? Impossible!"

Magistrate Douras took a deliberate survey of the tight skirts and shook his head. "The court agrees," he observed, "Impossible."

HENRY HEINZ IS DEAD.

Pittsburg, May 16.—Henry J. Heinz president of the H. J. Heinz Company, a pickling and preserving corporation, died at his home here Wednesday, following a short illness. Mr. Heinz was born in this city in 1844.

THE WEATHER

Toronto, May 16.—A moderate disturbance is passing eastward across the Great Lakes. The weather is fair throughout the Dominion except in Southwest Ontario, and the general outlook is most favorable.

On Wednesday afternoon the officers of the Municipal Chapter, I.O. O.E., motored out to the home of Mrs. Arbutnot, Grantham, to present their charter to the newly formed "Peace" Chapter, Beech office of the Chapter was briefly explained by the officer holding it, solos were sung by Mesdames Gilman and Dyke, and the presentation of the charter was made by Mrs. Mulock, Regent of the Municipal Chapter. At the close of the business the visiting ladies were delightfully entertained to tea.

There was a splendid attendance and a keen competition at the regular weekly whist drive held under the auspices of the Junior Ladies' Auxiliary of the G.W.A. at the Club House last night.

A large attendance is expected at the meeting of the Women's Liberal Association to-night, when W. G. Charlton, organizer of Western Ontario Liberal Association, will give an address.

Today is joy day in police circles, as his majesty the "ghost" walked for the whole force. There is always a pleasant smile at the station house (Dr.) Mulock, Mrs. A. M. Stober, Mrs. A. Malcolmon, Mrs. A. Gil-Pte. Arnold Schner, of the Canadian, Mrs. Madill, Mrs. G. Thair, Ian Siberian Force, arrived home Mrs. G. G. Smith, Mrs. Hagerhorst, last night, and was given a warm Mrs. F. F. ALLIES' NEW AGREEMENT ON DALMATIAZ ISSUES

Paris, May 15.—Italian delegates to the Peace Conference are no longer insisting upon the fulfilment of the secret treaty of London and this part of the controversy relative to territory on the eastern shore of the Adriatic, according to those who have taken part in recent conferences. The status of Fiume is still being discussed, as the plan to make it a free city similar to Dantzic has not proved acceptable.

DIED

LAMBERT—In this city on Thursday evening, May 15th, 1919, Elizabeth Caroline Lambert. The funeral will take place on Sunday, May 18th, at 2:30 o'clock from the residence of her brother-in-law, Frank Shackleton, No. 15 John St. Interment in Victoria Lawn Cemetery. m16 17.

MUSIC AT THE SUMMER HOME

The Summer cottage is lacking one essential if it is to be a complete. The Victrola is the ideal musical instrument for this purpose, it comes in so many styles and sizes and it can be played by anyone. Before making your plans why not call at Teitzman Hall, 68 St. Paul Street, see the different instruments (sold on easy terms) and hear a few good records. Arrangements are already being made for the annual picnic of the Pricatons, when the tribesmen from Bradford, Hamilton, Wetland, Thorold and other points will be present. All the ex-members of the 19th overseas battalion will meet at the G.W. V.A. Club House to-night to make arrangements to attend the reception to be given the unit on its arrival in Toronto next week. The Finance Committee of the City Council will meet at the City Hall tonight. The Board of Works Committee of the City Council met at the City Hall last night, when the tenders for paving, sidewalks and curbs were opened.

The author of the "Modern Utopia" had a bright scheme for keeping the captains of men tuned up to a proper understanding of proportions.

There is need now, as at no other time in years, for steady nerves and governed tempers, for a working sense of humor and a grasp of the fitness of things. A month alone in the woods would work wonders.

WHAT EXCHANGES SAY
THE FRANCHISE ACT
Regina Leader. It is beyond all question true that thousands of Liberals who were in sympathy with the Military Service Act and wished to see it enforced, and who regretted the position taken on that issue by the late honored leader of the party, found it impossible to support Union Government under Sir Robert Borden, and composed in part of colleagues in the former Borden Government, because of the fact that these men were

responsible for the enactment of the vicious and unprincipled franchise legislation which disgraced that Government before the Union Government came into being. It is likewise true that other thousands of Liberals who did support Union found that same vicious legislation the greatest obstacle to bringing any real enthusiasm for Union into the campaign, while it rendered it extremely difficult for them to favorably influence their friends towards Union Government.

WHY THIS OPPOSITION?
Ottawa Citizen: But, after the League of nations becomes a fact and after this war has become a thing for dispassionate discussion, with its aftermath and developments, there will remain the puzzle of inspired opposition to a great constructive and practical method to save the world from a repetition of past horrors, manifested by the nature of many of the cables which appear nowadays in the press of the American Republic, and in our own journals. Surely no propaganda of the Germans in war days could have been more insidious and persistent, and nothing could better suit Germany to-day than a cam-

Design to undermine the League of Nations.
HEED THE WARNING.
Goderich Signal: The manufacturers must recognize that very large and increasingly powerful interests in the country are demanding lower tariffs. To meet moderate demands in a conciliatory manner would be the part of wisdom, rather than by an unyielding attitude to arouse antagonisms that might bring about much more sweeping changes than are at present contemplated.

CANADA IN THE AIR
Regina Leader. The creation of an Air Board by the Federal Parliament, the passage of legislation providing for control of aeronautics in Canada, and the formation of air service associations throughout the Dominion by the men who rendered such conspicuous service in the Royal Air Force during the war, are all signs of the times, and are but the preparatory steps in the development of a new feature in the life of this future Canadian citizen.

CHAMPION IS NOW READY FOR REAL HARD WORK

JESS HAS NO GREAT AMOUNT OF SURPLUS FLESH TO TAKE OFF BEFORE JULY 4.

Champion Jess Willard soon will be located at a training camp in Toledo and it will then be possible to get a better line on his form and his chances of retaining the title when he faces Jack Dempsey on July 4th. So far, Willard has done most of his work in private and none can say that his long absence from the ring has affected his prowess.

Judging by the latest photographs of the champion, the big fellow has a surprise in store for those who expect to see a wind broken hulk. Willard has not run to fat as Jim Jeffries did as soon as the boiler-maker tossed the gloves aside after his bout with Jack Munro. Willard has taken good care of his condition ever since he boxed that ten-round affair with Frank Moran in the Garden.

Willard had a rather difficult time of it reducing his bulky proportions when he was matched with Moran, and it probably taught him a lesson. For he never has been in very bad shape since that affair. Right now he looks to be as shapely as he was when he first came in the ring and he has yet to begin real hard work for the scrap.

The champion talks and acts as though he was absolutely sure of himself. He says he has improved and will be better than ever this time. How remaining idle can have improved him as a fighter is a mystery, but it is a fact that he did improve in his boxing between the time that he clashed between his bout with Tom McMahon and his battle for the championship with Jack Johnson.

In the affair with Little McMahon Willard performed like a raw novice and he was clearly outpointed by the New York light heavyweight. When he retired from view for nearly a full year only to come out again to fight for the title. At Havana it was apparent that Willard had learned how to box. He naturally was a good hitter and he did not improve in that respect to any great extent, but he certainly had learned a great deal about the finer points of the game.

Hard Hitting the Main Factor
Possibly Willard has learned still more about scientific boxing during the three years that have elapsed since the time Frank Moran, but he could not have improved as a fighter.

Only actual experience in the ring can improve a fighting man. The main questions to be answered are whether the champion can still deliver his blows with the necessary speed and accuracy to find a rating place for them on Jack Dempsey's bobbing head and whether he can still stand punishment as he did in the days when he was meeting all comers. Whether his boxing has improved a little is of little importance, for he never was, or could be fast enough to keep Dempsey from hitting him.

If the big fellow has lost the knack of snapping his blows, he will be in a bad way, for it will take more than the boxing skill that Willard possesses to win the decision in a twelve-round bout. Willard can be as sturdy and enduring as he ever was, but if he has lost his speed and hitting ability, no amount of science that it is possible for him to have acquired will win for him.

A boxer's ability to deliver the short snappy blows that produce knockouts usually is the first thing to leave him and when Willard met Moran it looked as though he had lost a great deal of his former ability as a hitter. He did not snap his blows as he had done when he was younger, and his muscles were more like shoves than real blows while his left and right hooks had lost much of their jarring effect.

Miss Lillian White was also heard to advantage in Sandercock's "Spring's Awakening" while Mr. Dan Llewellyn sang "My Dreams" which was a feature of the evening. The accompanist was Mr. W. T. Thompson. During the intermission His Worship Mayor Elson gave a brief address in which he pointed out that music had played a part in martial affairs. The 19th Band which is a part of the 19th Regiment has been kept together throughout the war and as it is likely that the regiment will be re-organized in the fall, His Worship appealed to the public to support this splendid organization in order that the high efficiency attained by the band in the past years may be kept up in the future.

REGISTRATION

OF
W-S-S.
(War-Savings Stamps)

The Dominion of Canada offers you every safeguard for your investment in War-Savings Stamps.

Affix your W-S.S. (costing \$4.01 each this month) to the Certificate provided, and ask the Postmaster at any Money-Order Post Office to issue the stamp or stamps for you.

The stamps are then absolutely useless to anyone but yourself. If your registered W-S.S. are lost by theft, fire, or other cause, the interest continues to accumulate and you can obtain your money at the office where the stamps were registered.

Remember, that at the rate of interest allowed on W-S.S., four dollars would grow to \$361.39 in 100 years.

EVERY time you are tempted to spend money needlessly, buy Thrift Stamps instead, at 25 cents each. Sixteen of these on a Thrift Card represent \$4.00 in the purchase of a W-S.S.

Delivery of Gas Is Expensive

East winds; rain before night; Saturday showery; northwest winds.

Two things make natural gas delivery costly. It must be piped long distances, which means an extensive pipe system.

And this system must be maintained in warm weather, when heat gas is used just as in the season of heavy demand.

Constant testing for possible leakage and deterioration is necessary, because natural gas is very "volatile."

This makes the cheapness of natural gas more remarkable.

ALTHOUGH NATURAL GAS IS CHEAP, DO NOT WASTE IT. THE SUPPLY IS NOT EVERLASTING.

TIME-SAVERS FOR BUSY WOMEN

To know where one's things are, in which bag or box or trunk, in easy to label the boxes and bags packing the wearables away it is just laid on the top tray will save much time and labor when one is hunting for a particular dress, and it can be changed as wearables are taken out or put into the trunks. On the outside of a piece bag fasten the largest safety pin to be found, and attach to this pin samples of everything that the bag contains. This will save lots of time and patience.

When there is no shoe polish at hand, lemon juice makes an excellent substitute. A few drops sprinkled on black or tan shoes and rubbed briskly will leave a brilliant shine.

MODERN SOLDIER'S BURDENS

Most persons have the impression that the mail clad knight carried an enormous weight, yet the largest heaviest suit of armor in the Tower of London weighs only 66 lbs., where as every British soldier on active service carried from 75 lbs. to 90 lbs. Also the cavalry horses of today though less sturdy than those ridden by knights of old carry more weight than the horses of the days of armor.

MRS. SANFORD'S MESSAGE TO WORKING WOMEN

Laurel, Miss. — "Eight years ago I was suffering with pains and weakness caused by a female trouble. I had headaches, chills and fevers, and was unable to do my work part of the time. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took twelve bottles of it, and my health has been good ever since. I am able to run the machine and do dress-making besides my housework. You are at liberty to publish my letter if it will help some poor suffering woman." — Mrs. J. C. SANFORD, 1237 Second Ave., Laurel, Miss.

Thousands of women drag along from day to day in just such a miserable condition as was Mrs. Sanford, or suffering from displacements, irregularities, inflammation, ulceration, backache, headache, nervousness, or "the blues." Such women should profit by Mrs. Sanford's experience and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and find relief from their sufferings as she did. For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their long experience is at your service.

Peter Demitry, Stephen Polserone and Mrs. John Dixon were fined five dollars each in police court this morning for unlawfully selling goods, to wit, candy, on the Lord's Day, commonly called Sunday, the said goods not being drugs or medicines. Two cyclists were fined \$2 each for riding on the sidewalk.

Charles Miller appeared before His Honor Judge Campbell in the County Judges Criminal Court this morning and pleaded guilty to stealing a number of small articles from the Catholic school at Merritton. He was remanded until Monday next for sentence.

WESTERN LIBERALS SHOCKED

Regina Leader: Mr. McKensie recent declaration in favor of the principle of tariff protection, and that while he did not support "high" protection, he was convinced that "adequate" protection was necessary to certain industries, comes as a shock and a distinct disappointment to Western Liberals. Even the Canadian Manufacturers' Association and the Conservative party have always disclaimed that they demanded "high" protection; the term which found favor with them was exactly the term now used by Mr. McKensie—"adequate" protection. Occasionally a manufacturer shouted for high protection, "as high as Haman's galls," but the generally urged demand was for a policy of "adequate" protection to Canadian industries.

SETTLING MEN BACK TO CIVIL LIFE BIG TASK

Government has Large Job in Front of it to Master Re-establishment Problem. The Department of Soldiers' Civil Re-establishment which, save in the administration of the soldier settlement scheme, is entrusted with the work of caring for the returned soldier from the time of his discharge until he is reestablished in civilian life, is today one of the big spending departments of the Dominion Government.

teaching him how to perform light tasks that will take his mind off his ailment. If when he has been discharged from hospital his injuries are found to have incapacitated him for his old vocation, the Department offers him a course in vocational training, in order that he may be fitted for other work.

The work of the S. C. R. Department begins really at the dispersal station; but in order that it might be prepared for the work devolving upon it, as soon as the armistice was signed an official was sent overseas with a questionnaire that was circulated among the men, in which they were asked to state the community to which they desired to return the kind of work they had done and what they would like to do.

MEDICAL SERVICES The medical services branch takes charge of the wounded men who may require lengthy or permanent treatment. In such cases its work begins when they have been discharged from the military hospitals.

Respecting vocational training, this branch of the work is divided into two classes; occupational therapy and industrial re-training. The former is a course of treatment of a utilitarian nature, the purpose of which is not so much to train the patient for an occupation as to promote his recovery by giving him something to occupy his mind.

Information services branch, which has to do chiefly with the men who are able to resume the ordinary duties of life, begin its work at the dispersal stations. For the purpose of its work the Dominion is divided into eleven units, corresponding to the eleven military districts.

Two classes of work Speaking in general terms, the work of the Department falls into two branches. One of these has to do with the care of invalided and disabled soldiers, while the other assumes responsibility for the returned men until they take their place again in the regular life of the community.

The report of the S. C. R. representatives of the various employment offices throughout the Dominion shows that up to April 19, 14,073 men had been placed since these officials began their operations. The returns by districts are as follows: Prince Edward Island, 21; Nova Scotia, 231; New Brunswick, 208; Quebec, 2,284; Ottawa, 271; Kingston, 393; New Ontario, 154; Thunder Bay, 249; Manitoba, 793; Saskatchewan 663; British

Columbia, 1,670; L and J districts (Toronto and Hamilton, Brantford and Niagara Falls), 4,115; Unit F (Montreal, Sherbrooke, Lachine, and Three Rivers), 1,089. Alberta leads with 74.6 per cent of placements of applications. Toronto, Hamilton and Niagara being second with 71.7.

SPORT NOTES

Rube Benton halted Doug Baird, who had hit safe in five games for 304.

The great Zim was stopped by both Elmer Jacobs and Umpire Klein, after a hitting streak that endured his first seven games during which Zim poled ten hits in twenty-six tries for 385.

Casey Stengel and Walter Holke poked out four hits in a game. Joe Gedeon is the leading batter, with an average of .485.

Buck Weaver leads in runs scored with 12 tallies. Joe Jackson garnered the most hits, twenty-one. Two of Shoeless Joe's were for the circuit.

The White Sox were the first major team to tally fifty runs this year. They reached the half-century on May 4, off Allan Sothoron.

Ira Flagstead quit to Claude Williams after hitting .400 in five games. Joe Jackson, the White Sox slugger, who hit safely in his first ten games last season, got away to a good start this year by hitting safe in his first eight games played.

Harry Sallee set the Cubs back with three hits his first game for the Reds, on May 4. It was Slim's twenty-sixth victory over the Cubs and 142 wins during his major career.

was done as a war measure and it is not intended to continue it beyond the present year.

Owing to the dry summer of 1918, a serious feed shortage developed in the southern districts of the Prairie Provinces, while in the northern parts feed was plentiful, and in order that the cattle might be brought through the winter, the Department undertook to meet half of the freight charges of carrying feed from the north to the south or cattle from the south to the north, the other half being met by the railways. The Live Stock Branch was given charge of this work, and over 10,000 cars of feed were transhipped under this policy, while in Alberta 31,000 cattle and 59,000 sheep, and in Saskatchewan 118 cars of cattle and one car of sheep were moved north.

The work of this Branch has also consisted of assistance to various Live Stock organizations to encourage the breeding of better live stock. Increased meat production is likely to result from the newly inaugurated policy of giving assistance in shipping back unfinished live stock and live stock fit for breeding purposes that has been placed on the market.

The Health of Animals Branch has established a new research station at Hull, Que., for the study of various live stock diseases and the testing of biological products.

A Dominion Dairy Conference was held under the auspices of the Dairy and Cold Storage Branch. At this conference, a National Dairy Council, to be composed of representatives of the various dairying industries of the country, was organized. A uniform standard of grading for dairy products was inaugurated and the legal standards for milk and its products revised, with a view to their recognition and adoption by all Canadian municipalities engaged in food inspection.

A survey of food stocks was taken by the Seed Branch in collaboration with the United States Seed Stocks Committee, with reassuring results. The seed testing work at the seed laboratories at Ottawa and Calgary has been increasing greatly during the last few years, over 12,000 samples being tested at Ottawa and nearly 1,400 at Calgary in 1917. It was accordingly found necessary to open a new laboratory at Winnipeg in October last, in order to test, for purity and germination, samples sent in by farmers and seed merchants. The operations of the Seed Purchasing Commission were extended to include rye, peas, beans and corn, and a new marketing service for clover and grass seed was started at the Canadian Government Elevator at Calgary with successful results.

The Fruit Branch has been of great assistance to the Canada Food Board in enforcing its regulations, and in this operation has also done a great deal by aiding shippers in marketing their fruit and vegetable products to the best advantage. Certain amendments were made to the Inspection and Sales Act last year, aiming at more clearly defined grades for fruit, and the greater standardization of fruit packages.

The efforts of the Entomological Branch have been specially directed towards the protection from insects of field, fruit and vegetable crops and forest trees. A number of parasites and destructive insects were success-

THE WORK OF THE DOMINION AGRICULTURE DEPARTMENT

Generally speaking, the efforts of the Dominion Department of Agriculture during the last three or four years, have been mainly directed towards increasing agricultural production and improving methods of and facilities for marketing agricultural products in this country. Of the many new lines of work that have been opened up and of the many others carried to a satisfactory conclusion during the last year, those given in the following brief paragraphs are the most outstanding and important.

Military requirements have caused a great increase in the importance of the fibre flax industry in this country, and to keep pace with this, a Fibre Division of the Experimental Farms Branch was formed a few years ago, and a fully equipped mill, fitted up with all appliances and every facility for testing and experi-

menting, has been erected at the Central Experimental Farm. Investigations into improved labor saving flax machinery, by means of a certain amount of success, and an attempt is now being made to discover some economical method of utilizing Western flax straw, usually burnt after threshing, for fibre purposes.

Another notable line of work of the Experimental Farms Branch has been the production of field root and vegetable seeds, in co-operation with the Seed Branch, in order to prepare for a threatened shortage of these seeds in the near future. This work was commenced in 1917, on certain of the Experimental Farms, as well as on a number of leased areas, and, as two seasons are required for the production of these seeds, 75,000 pounds of mangel, turnip and carrot seed was obtained in 1918 from the 200 acres of stockings produced from the 1917 seedling. The seed produced all of proved varieties, is now available for sale to seedmen, farmers' organizations, etc., and besides this, large quantities of stockings have also been grown so that, if thought necessary, these may be utilized for the production of further seed during the present year.

Plant breeding work with fruits, vegetables, tobacco, forage plants and cereals has yielded some valuable and interesting crosses. Of these, the most important new varieties produced in sufficiently large quantities for distribution are Ruby wheat, a heavy yielding, early maturing king; Liberty oats, a hullless variety and Alberta barley; a very early ripening variety. With live stock, the work with milking machines and experimental calf-rearing has been brought to a satisfactory conclusion, while some poultry survey work and egg-laying contests have been commenced. Other work has included the study of fertilizers and substitutes, plant diseases, tobacco growing and bee-keeping.

The Feed Division of the Live Stock Branch was organized in 1917, to purchase live stock feeds and distribute them to farmers at cost and thus counteract, if possible, the shortage of cattle feed that had developed and the curtailment of live stock production that seemed imminent. Notwithstanding the successful utilization of elevator screenings, feeds had to be imported to meet the situation. This

**SHOOTING AT PORCUPINE
HE FIRES HIS HOUSE!**

Huntsville, May 15.—A dwelling in
the township of Chaffey was burned
Monday under peculiar circumstances.
The occupant was an old man,
who had as his companion his unmar-
ried son. They had been annoyed for
some days with nightly visits from
porcupines, and during the forenoon
yesterday the son determined to ex-
terminate the pests. He secured an
old shotgun and drove one under the
house. He poked the barrel under
the sill and fired. Inflammable mat-
ter caught fire and the building was
soon totally destroyed, together with
almost the whole of the contents. The
aged father was brought to town and
will remain with friends here until
a new home can be provided.

**MEAT CAUSE OF
KIDNEY TROUBLE**

Take Salts to flush Kidneys if Back
hurts or Bladder bothers.

If you must have your meat every
day, eat it, but flush your kidneys
with salts occasionally, says a noted
authority who tells us that meat
forms uric acid which almost paraly-
zes the kidneys in their efforts to
expel it from the blood. They become
luggish and weaker; then you suffer
with a dull misery in the kidney re-
gion, sharp pains in the back or sick
headache, dizziness, your stomach
sour, tongue is coated and when
he weather is bad you have rheuma-
tic twinges. The urine gets cloudy,
full of sediment, the channels often
get sore and irritated, obliging you to
seek relief two or three times dur-
ing the night.

To neutralize these irritating acids,
to cleanse the kidneys and flush off
the body's urinous waste get four ounces
of Jad Salts from any pharmacy
ere; take a tablespoonful in a glass
of water before breakfast for a few
days and your kidneys will then act
ne. This famous salts is made from
he acid of grapes and lemon juice,
omined with lithia, and has been
sed for generations to flush and
stimulate sluggish kidneys, also to
neutralize the acids in urine so it no
onger irritates, thus ending bladder
weakness.

Jad Salts is inexpensive; cannot
injure, and makes a delightful effec-
vescent lithia-water drink.

MERRITTON

Mrs. W. Bach and daughter, Mrs. Rog-
ers of Stamford, are spending a few
days the guest of Mr. and Mrs. John
Wilson of "The Mountain."

The residence and surrounding build-
ings on the property of Mr. George
Burch, Thorold Road, are being re-de-
corated throughout, and when com-
pleted will present a very neat ap-
pearance.

Friends of Mrs. Thomas Wheeler,
St. David's Street, will regret to hear
of the unfortunate accident on Wednes-
day to fall while going into the basement
fracturing her collar bone. Mrs. A.
Bradley, Merritt Street, also had the
misfortune to break her right arm by
falling off a chair while papering a
room.

Miss Ethel Lafferty has returned
to her home on Merritt Street, after
spending the past twelve weeks with
relatives in Toronto.

Mr. and Mrs. William Bentham are
moving from St. Catharines into town
into the house opposite Thompson
Grocery Store, on Merritt St.
here they will reside permanently
fr. and Mrs. Kadwill who previous-
ly occupied the house have moved to
Cincinnati, Ohio, where the former has
taken a position.

The choir of St. James Church held
very successful practice last night
the members of the choir were glad
to welcome back Mr. Elmer Richard-
son who has been overseas for some
time past.

Mrs. Alfred J. Clark of Thorold has
increased the brick residence on St.
David's Street from Mr. R. A. Gibson
to take possession on Tuesday.

THOROLD

Mrs. Alfred J. Clark, who has re-
sided on Queen street for a number
of years has moved to Merrittton
where she has purchased the resi-
dence of Mr. R. A. Gibson. Mrs. Clark
with her family have made many
warm friends in town who have heard
of their departure with regret.

Mrs. Needham, Pine street, is visit-
ing relatives at Port Colborne.

The friends of soldiers killed in the
war are now receiving the official
burial reports and according to
their terms many particulars not con-
sidered now will be supplied when it is
possible to do so. Mrs. J. F. Dav-
ling Street, has just received the re-
port of the burial of her husband, C.
Davis (850593) killed in action on
August 31st, 1918, which shows that
he is buried in Valley Cemetery, Vis-
sartois, which is seven and one half
miles south east of Arras, France
the grave is not yet officially num-
bered, the report states, but will be
done. Meanwhile a temporary wood
memorial with all the particulars
of deceased inscribed thereon, has
been erected over the grave.

Mr. and Mrs. Ernest Boyd of Bea-
verdam, are receiving congratulation
upon the arrival of a fine baby girl
to their home.

Already, this season fifteen permits
for sewers have been issued in the
town of Thorold.

Reeve George T. Richings is erect-
ing two new bungalows on King St.
E. C. Nicholson of St. Catharines has
the contract, and the houses will cost
in the vicinity of \$1,500 each.

Mrs. McCubbin of Niagara-on-the-
Lake is in town in connection with
the interest of the Girl Guide move-
ment.

A pleasant surprise party was held
at the residence of Mr. W. Sulman
on Monday night in honor of Miss
Amelia Rosenson of Brooklyn, N.Y.,
a guest at the Sulman home. About
fifty people were present and a most
enjoyable evening was spent by all.
Miss Rosenson was the recipient of
many beautiful gifts as tokens of es-
teem.

FOOTBALL
The G. W. V. A. football team had a fine work out at the lacrosse grounds last night in preparation for their league game on Saturday against Niagara Falls Colonials.

"Bob" Morrow will likely be seen on the half back line with the Vets on Saturday and if the going is good he should prove a tower of strength to the men from overseas.

The G.W.V.A. football team held a fine practice at the Lacrosse Grounds last night and are in splendid shape for the game with the Colonials on Saturday. After the practice the following team was selected: Resadore, Read, Dodd, Campbell, Cole, Sloan, Trueman, Hendrie, Woodcock, Gray and Brown; reserves, Mitchell, Rawson and Tribble. The Colonials will bring their strongest line-up, and a fast game is assured. The ball will be kicked off at 3.30.

DEPARTMENT STORE EPIC NEW CLAYTON FILM "MAGGIE PEPPER"
Beautiful Paramount Star Has Excellent Role and is Well Supported

What O. Henry, Edna Ferber and other story writers have done for department store workers in literary form, Charles Klein did for the stage in "Maggie Pepper," and now Paramount has pictured the play as a screen attraction with beautiful Ethel Clayton as the star. The picture will be shown at the Griffin Opera House today and to-morrow. "Maggie Pepper" was prepared for the screen by Gardner Hunting and directed by Chester Witely.

It would be difficult to select a more perfect cast than that chosen to support Miss Clayton in this play. Elliott Dexter plays the leading role opposite the star. It is hardly necessary to call attention to his record for splendid work. He was leading man for Miss Clayton in "Women's Weapons" and has been seen in leading roles in many of Cecil B. DeMille's celebrated Artcraft specials. Tully Marshall, a famous character

actor, is cast for a heavy part and Raymond Hatton is an inimitable Helmut drummer. His work is artistic to the last degree. Winifred Greenwood is excellent as the wife of the crook and the mother of little Claire. Edna May Wilson is seen as Claire, the child—a fine role. Marcia Macon a skilful actress, has a good character part; Clyde Benson is the hat-ed manager; Billy Elmer is a crook; Bud Duncan is a messenger; C. H. Geldart and Fay Holderness are detectives.
With such a cast, "Maggie Pepper" should prove delightful as a screen attraction.

THOROLD

The lantern lecture given at Beaverdams last night by Mr. W. A. Tice, of Toronto, Grand Patron of Cadets of Temperance, under the auspices of the Grand Division of Ontario Sons of Temperance, was much enjoyed by the large number who attended. Mrs. Swayze-Walker was present and rendered two very pretty vocal solos, "The Holy City" and "Silver Threads Among the Gold."

A very interesting meeting of the W. M. S. was held at the Presbyterian Church yesterday, a large number attending. Mrs. (Rev.) McGregor, of Niagara-on-the-Lake, gave a very instructive lecture upon the different branches of work connected with the W. M. S., which was listened to with great interest. Mrs. Swayze-Walker was present and sang a very pretty solo which was, as usual, very much enjoyed, and was heartily applauded. While the refreshments were being served, the Junior Mission Band of the W. M. S. supplied splendid music, and a very successful meeting was brought to a close.

The many friends of Mrs. Holman will be pleased to hear she has entirely recovered from her severe illness.

The organ recital given in St. John's Church last night by Dr. Norman Anderson, organist of St. Andrew's Church, Toronto, was without doubt one of the biggest treats the residents of Thorold have ever listened to in their town. Each number received hearty applause, and he was forced to give encores after every number. Mr. W. S. Hamilton, tenor of Toronto, was present and added materially to the programme with his vocal numbers.

The Grenville Hall was the scene of a most successful social last evening under the auspices of the Social Improvement Club. A large number were present and all report a most enjoyable time.

MERRITTON

An interesting ball game took place last night between the Oriole team and the Riordan Paper Mill team, the former winning by a score of 8 to 7.

A meeting of the different committees appointed to take charge of the big memorial day to be held on May 24th was held last night, and the reports received were all very favorable. This promises to be one of the biggest days held in the Town of Merrittton for some time past, and every person is requested to carry the good work along by decorating their residences and places of business to extremes. The parade will no doubt draw a large number of spectators from outside points.

The Ladies' Aid of St. James' Church held a well attended meeting at the home of Mrs. H. Lovell, Merritt street, on Thursday afternoon. A large quantity of sewing, etc., was turned out, after which refreshments were served.

George Cutshaw quit to Specs Meadows after hitting safely in six games in a row for a mark of 429.

The Lobins were the first major team to bang out a century of hits, getting their hundredth hit on May 4 off Pat Regan.
