On Monday evening, Oct. 22nd, a dozen of the friends of Mrs. John Baker surprised her with a birthday supper at her home on Main street. The dining table was artistically decorated with pale pink dahlias. After the supper was served toasts were drunk and speeches made wishing the guest of honor long life, good health and much happiness. Several callers dropped in later in the evening to offer congratulations.

The almost total absence of nuts of all kinds this year is leading weather prophets to predict a mild and open winter. But why so many squirrels? Perhaps they sensed the good corn crop, and have laid in a sufficient store from this source. There is no doubt that squirrels like corn. And for this reason they are unpopular with some farmers. The amount they consume is, however, not large, and in most cases is a toll the farmers concede to these little pets of the forest with pleasure. And in this season of famine in nuts we must make him a little larger allowance in corn and put it under the heading "famine relief."

Lambton's 149 I.O.D.E. held a most successful progressive ladies' bridge Tuesday afternoon, Oct. 23, in the Oddfellows Hall. Mrs. Leigh and Mrs. Nixon received the guests. Eight tables of players enjoyed the game from 3 to 5.30 when each lady returned to her original table and the prizes were distributed. These were small raffia card trays which the committee in charge had made. The winners were Mesdames Pritchett, Howden, Tanner, Stapleford, Franklin, MacLean, Gilroy and Miss Harris. The Chapter wishes to thank the Oddfellows for so very kindly allowing them to use their comfortable lodge room and also to express appreciation to the ladies who attended the affair. Lambton's 149, I.O.D.E. held a social afternoon on Monday, Oct. 22nd, at the home of Miss Ella McLean in honor of Mrs. F. A. MacLean, who is leaving shortly for her new home in Chesley. Mrs. C. C. Leigh, the Regent of the chapter, gave a short farewell address, speaking of Mrs. MacLean's capable and generous help in the various branches of the work of the society and regretting her departure. Mrs. MacLean replied in a very neat speech thanking the members for their good wishes and touching on the happy relations that existed among them.

A short program followed in which Miss Cameron's rendering of "A Bowl of Roses" was a pleasing feature, and Mrs. Leigh's and Miss Logan's readings were heartily applauded. The serving of tea brought the afternoon's proceedings to a close and the party dispersed with the singing of "For She's a Jolly Good Fellow."

Ladies' Coats—Northway make, better quality at a lower price.—A. Brown & Co.

A communication has been received complaining that auto owners who violate the law are prosecuted when they do so in Watford, and claim that they can violate the Motor Act with impunity in some other towns. If this statement is correct, and we have good reason to think that it is, it is up to our Council to investigate the matter and see that nearby towns enforce the Motor Act and are not permitted to violate the same to the detriment of Watford. We are of the opinion that in a village the size of Watford auto owners should be allowed to park cars without lights on any side street, and if this is not allowable under the Motor Act, the Council should use their influence to bear on the authorities that the Act be enforced in other places. As the matter now stands farmers will naturally go to the towns that are not so exacting in the enforcement of the terms of the Motor Act in respect to parking of cars. It is to be hoped the Council will discuss this matter at their next meeting and come to some decision in the matter.

THE ANDROCK MINSTRELS

A very successful Minstrel Show was put on the boards at the Lyceum on Friday and Saturday evening, by the Androck Minstrels under the auspices of the Watford Baseball Club. There was a capacity house on Friday evening and a fair-sized audience Saturday, the gross proceeds amounting to over \$150, which after deducting expenses, will be applied towards reducing the Baseball Club's deficit on last season's games.

The program was given entirely by local talent. F. W. Mahony, manager of the Andrews Wire Works, was the efficient director; Reeve W. G. Connolly, interlocutor; Clarence Cook, pianist, and the following formed the minstrel troupe, C. W. Cook, A. Doolittle, H. W. Nixon, J. Forrest, C. Roche, B. Richardson, H. Cook, W. J. Piercey and W. L. Millar.

The jazz band, skits on local young people, negro squibs and ditties, popular songs, etc., were all well received and brought forth much applause from the audience, and everybody went home in a good humor.

The Minstrels went to Alvinston Wednesday evening where they were greeted by a fair-sized and satisfied audience.

NOTE AND COMMENT

It would take a fleet of 1600 five ton motor trucks to haul the ore handled in one day at the Hollinger gold mine in New Ontario.

What prospect is there that a second or a third jury in the Murrell and Williams trial will agree? The task of the Crown will be more difficult at a second trial.

In the interior of Argentine, cattle are so plentiful that beef on the hoof often sells for less than two cents a pound and cattle are sometimes given to the butcher on condition that he shall return the hide to the owner.

The Canadian Fisheries Association has selected Wednesday, Oct. 31, as a National Fish Day in order to impress upon the people of Canada the importance of their fishing industry and of fish as an article of food.

The Canadian Forestry Association estimates that during the past five years over 3,600,000 acres of merchantable timber growing on publicly owned land have been destroyed by fire, while in the whole Dominion only 6,000 acres have yet been planted artificially in forest trees.

Hamilton Herald—We are not so sure as Lloyd George seems to be that the British Empire would be willing to go to war again to establish peace in Europe on a sound basis. Once before we were told that this country was engaged in "a war to end war," and were fooled.

The new ruling that special 2-cent excise stamps must be used on checks and receipts affects the revenue of the rural postmasters who make a good commission on stamp sales. In the cities the sub-postmasters get a salary and only 1 per cent. commission on all sales. Postmasters are not allowed to sell excise stamps.

The Provincial Government, which two months ago was thinking of abolishing the provincial savings offices, has reconsidered the subject and is now disposed to continue and extend the saving business. The new attitude is due to the attitude of the public which resented the idea of the savings offices being abolished. It can be stated almost positively that the offices are now permanently established. It is even rumored that the government may convert them into a chartered bank. The deposits are growing rapidly.

Belleville Intelligencer: There can be no doubt of the wonderful future of the North country, or more properly, the Northern part of Hastings county. Nature has not been so generous in soil fertility in sections of the North country as she has been in the Bay of Quinte section, but rich marble deposits, vast and valuable timber tracts, especially hardwoods, and an abundance of readily available water power are ample compensations. Experts have declared that all of the open marble quarries of the world together would be lost in one of the great beds of the Bancroft district.

HOW PRICES AFFECT FARMER

J. R. Reynolds, principal of the Ontario Agricultural College, in an address to the members of the Kiwanis Club at London declared that there is serious danger of an interruption of the inter-dependence of town and country, due to the changing conditions that invite an incursion of European peasants. He said that money values do not accurately reflect how higher prices have affected the farmer. The real test, he said, is to ascertain what he can get for his own products. He showed that a mower that could be got with 700 pounds of beef in 1914 now costs 1,500 pounds of beef; the cost of a seed drill has advanced from 166 bushels of oats to 416 bushels, and a manure spreader from 430 pounds of butter to 840 pounds.

CANADA AS THE STATES SEE HER

(By Bert E. Collyer, in his newspaper, "The Referee")

While we realize that the people of Canada would not regard exaggerated flattery in the light of a compliment, we believe we remain within the confines of simple truth when we remark that no nation in history has met the financial demands of war with greater good spirit and carried the financial burdens with greater intelligence than the vast Dominion that tops the North American continent. Ten years ago Canada's debt was less than \$350,000,000. On January 1, 1923, it was \$2,616,929,000—over two billion dollars added by the war. Were it not for the fact that the bulk of this colossal debt is owed within the Dominion—Canadians themselves owning bonds to the extent of \$1,969,995,000—the interest payments would doubtless drain the country dry, reduce the exchange value of the Canadian dollar to a ruinous figure, and plunge Canadian finance and business into a chaotic condition. As it is, the semi-annual interest payments go into hundreds of thousands of Canadian homes, and provide money for the payment of the Federal taxes, from which the interest payments are drawn. At the time, Canada might have met the enormous demands of the war by borrowing from New York, but the wisdom, as well as the patriotism, in resisting the temptation and instead placing the burden immediately upon the shoulders of her own people is now apparent. Within a few weeks \$172,000,000 of Dominion Government bonds will fall due. With the same spirit and intelligence, the Government is again co-operating with bankers and brokers to keep the debt in Canada. The prospect that practically the entire amount will be replaced by money advanced by Canadian investors is pleasing to the friends of plucky Canada the world over.

GOING SOME!

One who has journeyed over the Hamilton Highway to Toronto or from that city to Niagara Falls and observed the almost unbroken stream of motor traffic thereon may have a better conception of what modern motor transport means in the life of the man of today, when he is reminded that the first stage service between the then York, now Toronto, and Niagara was inaugurated just one hundred and seven years ago, and that the stage leaving Toronto on Monday reached its destination the following Thursday. Four days were spent by our forefathers on a journey that we now regard as a mere incident of an afternoon's drive. Which is some difference; but there is patent to the observer of the present day traffic still another, for when our ancestors set out on such a pilgrimage it was upon some set and serious purpose, while the modern hurrying throng appear to be going somewhere and wondering what they will do when they get there.

BANKING IN THE U. S.

A corn-belt farmer stopped work to sign a \$20 note for a fertilizer agent. The farmer had 140 acres of land in the clear and should have been good for \$20 without any note. But the agent came back and said he couldn't cash the note at the bank. That same day this bank put in a bid on over \$15,000 worth of non-taxable school bonds. The farmer knew his note was good. So did the agent and the bank. At seven acres to the dollar it had to be. But the bank was short of cash for everything except tax-exempt bonds, which it could turn over to city buyers at a quick profit. It was also short of other things, including a real banker, a little community loyalty, and half an idea of what the farm bloc will do to banking if farming gets jabbed that way often enough.—Collier's Weekly.

OUR TAXES ARE LIGHT COMPARED WITH THOSE OF GREAT BRITAIN

(St. Marys Journal)

A friend of The Journal, writing from England says:—By the way, one has to come to this country to learn how to be taxed. Do you know, for instance, that motor license fees are a pound per horsepower for pleasure cars? On that basis Ford's pay into the Government 23 pounds, in our money, about \$110. How many of us would be disporting ourselves in Canada in cars at such a fee, besides paying a driver's license fee and then burning up petrol (gasoline) at half a crown (60c) per gallon and oil at \$2.00 a gallon? Every possible source of revenue seems to be drawn from. The tax on big estates is so heavy that many previous rich people have become poor and have sold or rented their places to wealthy Americans. A professional man told me to-day that his income tax is one pound in four, or 25 per cent. At that rate is it any wonder the manufacturers here are making cars of 8, 10 and 12 horsepower, that they say give good service and 30 to 40 miles on the gallon?

And withal good old Great Britain is making a prodigious after-the-war showing. All their business narrative dates from the war. You always find the Briton saying certain conditions prevailed "before the war"; but now "since the war" it is different. Besides having borne an enormous share of the Great War in money and men and ships he is now doing what no other nation is doing, he is taxing himself more than any other nation in the world, at a time when business is nearly stagnant, in a stupendous effort to pay his debts when none others are making a similar effort towards him. And that is not all. We find the British generous not only to local but also to foreign charities. Even devastated France and Belgium have felt this beneficence, and many cities in Great Britain have "adopted" French towns and are assisting them with goods and money to get rebuilt and re-established.

I used to have an idea that British methods were not progressive, and many others on our continent have that sentiment. We should forget all that; they are the greatest people on earth.

Farmer and Business Man Ahe Thus Brought Together, To the Benefit of Both

Two farmers were discussing their local newspaper. One thought the paper had too many advertisements in it. The other replied: "In my opinion, the advertisements are far from being the least interesting part of it. I look them over carefully and save many times the cost of the paper each week through the business advantages I get from them."

"I don't know but what you are right," said the second farmer. "I know that they pay me well and rather think it is not good taste to find fault with the advertisements after all." Those men have the right idea of the matter. It pays any man with a family to take a good local paper for the sake of the advertisements, if nothing more. If business men fail to give farmers a chance to read advertisements in the local paper, they are blind to their own interests. "You never trade with me," said a business man to a prosperous farmer. "You have never invited me to your place of business, and I never go where I am not invited, because I might not be welcome," was his reply.

Jackson Company and Norman Werrett of this city are preparing to manufacture a stop and direction indicator for use on automobiles, an invention by Mr. Fairchild. Patents have been secured in Canada and United States. The signal is composed of five lights carried in a semi-circular box fitted to the inside top half of the tire carrier at the back of the car. The central light is the red tail light, the lower right is a yellow light illuminating the word right, the lower left is a green light illuminating the word stop, and the upper left is a white light illuminating the word back. In the front of the car are green and yellow lights similar to those behind and connected with them showing right and left. The signals are operated by buttons on the sprockets of the steering wheel.

OCTOBER'S MAPLES On the trees, the beautiful trees The multiple tints, and hues, that one sees It is good we can say to grow old and decay If we radiate beauty like these maple trees. On the trees, the frost nipped trees Concessions, and sidelines, crowded with these Like snow in a flurry they skip in a hurry A voice from the clouds will scatter those leaves. The landscape and lawns are painted to please The gorgeous rags of the tattered young trees On pavement and street cluttered thick 'neath our feet The garments of green transmuted to these. The month of October transforming our views Changing and charming with different hues November, December we hope to remember To mellow out thoughts and give us bright views. Oh the years, the care-laden years The bleaching of hair, with traces of tears, Time's breezes will blow but our beauty will show The ripe grace of patience sweetly appears. Oct. 18, 1923 W. B. ONTARIO PLOWMEN COMPETE AT SARNIA

The Provincial Plowing Match Last Week Drew Big Crowds and Created Much Interest

The sixteenth annual plowing match of the Ontario Plowmen's Association which has been one of the most notable events held in Sarnia in the last half century, closed Friday when the last sod was turned on the farm of William Hillier and tired plowmen from every corner of Ontario drove in their horses and their tractors and came back to town to change their working garb for something neater and attend the big plowing banquet at which they were the guests of the city they had honored.

It was a great closing day despite rain and despite chill. From ten to twelve thousand people braved elements and plodded east to the field in which Ontario's finest horse plowmen were completing their furrows so straight and neat—then west two miles to where the chugging tractors were just as expertly directed.

The crowd inspected the work with relish. Those who understood the technique of plowing, buttoned up coats and lingered, admiring here, criticizing there. Those to whom plowing was not so familiar did not loiter at the end of the furrows as they did on Thursday but looked, admired and passed along. By five o'clock most of the crowd was away, and it says volumes for the enthusiasm of visitors and residents of this

county alike that such a large attendance faced the unpleasant weather and tramped the fields.

The memory of the Sarnia match will linger long however in the minds of residents of Lambton and visitors from further afield for on every side and without challenge it has been declared the greatest success in the history of Ontario plowing.

Thousands of visitors are carrying away to Eastern, Western, Northern Ontario and to Michigan the pleasant impressions they have made of Lambton county and the hospitality of its residents, of the capacity of Lambton men to organize with care and detail, of the agricultural and the industrial possibilities of this fair county.

On every hand a dominant note was a meed of praise for the splendid organization of the local committee.

This committee assisted by a number of sub-committees which all worked well and effectively consisted of: chairman, J. M. McAdams; vice-chairman, W. P. Macdonald; secretary, Geo. P. France, Sarnia; W. M. Miller, Alf. Hillier, R. Stirrett, W. E. Germain, W. T. Goodison, Robt. MacVicar, W. J. Smith, J. C. Macintosh, W. W. Miller, L. Harkness, H. A. Couse, H. A. Gilroy, John Farrell, Thos. H. Cook, Thos. Simpson, A. B. Auld, N. Plain, T. F. Towers, Henry Kewley, Wm. Nesbitt, G. C. Gardiner, John Hayne, Duncan Smith, Jas. S. Johnston, Jas. Burns, Ralph Griffin, Jos. Hardick, Archie McMillen, C. B. Leaver, C. S. Woodrow, Robt. Sharpe, R. C. Jamieson, Wm. Hall, J.

H. Johnston. Sarnia, Ont., Oct. 17—Favored with bright sunshine and clear skies the annual Provincial plowing match held under the auspices of the Ontario Plowmen's Association, commenced Wednesday. Only minor events were on the opening program. Following are Wednesday's winners:

First prize, John Hutchison, Sarnia; 2nd prize, Andrew Park, Oil City; 3rd prize, John Jardine, Camlachie. Mr. Jardine is 82 years old. Success unparalleled in the history of the association marked the second day's program. Officials estimated the attendance at between fifteen and twenty thousand, and at the peak of the day there were three thousand autos parked on and near the

grounds. Lieutenant-Governor Cockshutt formally opened the meeting with a very brief address, in which he expressed the hope that the event would exceed all expectations, and lauded the splendid organization.

Lambton plowmen captured the bulk of awards, except in the tractor class.

The results of Thursday's contests were as follows:

Clarke Young, of Milliken, York County, is this year's champion plowman of Ontario. His standing at the provincial match Friday wins him the silver cup donated by Burt Fansher, M.P., East Lambton, and also the Cockshutt Trophy. Mr. Young has won first place before, but was beaten last year at Lindsay by A. E. Pay, of Niagara, who made second place. The work was all in sod, and a record number of Ontario's best plowmen participated.

It was estimated that about 12,000 spectators were present, and the parked mass of motor cars seemed smaller than Thursday.

Middlesex men took two of the five prizes offered in a special class for Indians, Joe Young, of Christiania, taking second money, \$20, and E. Hill, of Muncey, fourth, with A. Antern, of Elgin County fifth. Waterloo plowmen turned out some fine work in sod this afternoon under the appreciative eye of William Elliott, M.P., and in class six, an open class for pointer plows, they cleaned up the money. The results were:

Class 1, sod plowing, open (Fansher Trophy)—Clarke Young, Milliken; A. E. Pay, Niagara; Wilfred Timbers, Stouffville; E. Green, Oshweken; John Hutchinson, Sarnia.

Class 2, sod plowing, limited to those not having won a prize in class 1 or a first in this class before (John E. Peart Trophy)—E. Timbers, Milliken; R. F. Booth, Niagara; James Richards, King; John Ley, Elora; Nicholas Plain, Corunna. Arch. Springstead of Carsonville made the best standing among the Michigan entrants, and wins \$20 in gold.

Class 3, sod, boys under 18—Fred Timbers, Stouffville; Gordon Fisher, Camlachie; Arch. Campbell, Alvinston; Milton Davis, Lindsay; Roslyn Fleck, Orkwood. First prize is a watch valued at \$20.

Class 4, pointer plows, open to residents of Michigan and Lambton, for trophy valued at \$35—James Welsh, Forest; Peter Barclay, Sarnia; Peter McCauley, Mandaumin; Alex. Class 5, plain plows, open only to Indians—George C. Garlow, Oshweken; Joe Young, Christiania; Thos. E. Brant, Deseronto; E. Hill, Muncey; A. Antone, Southwold, Garlow, in addition to the trophy donated by Jno. Wanless, Toronto, gets a pure-bred Yorkshire sow, offered by D. A. McIntyre, Alvinston, for the best plowed land by an Indian.

Class 6, pointer plows, trophy valued at \$35—W. O. Greenzbach, Hickson; Norman McLeod, R.R. No. 7, Galt, \$30; D. B. Mitchell, Bright, \$25; D. Lillico, Oxford, \$20; E. Dedman, Blair, \$15.

Best team and equipment—W. B. Hillier, L. Matthews and D. Ferguson, all of Sarnia.

Best plowed land in sod, open to plowmen of the Thumb District, Michigan, for \$50 trophy—A. Robertson, Yale; John Lewis, Atkin.

Best land in sod, open to Victoria

and Haliburton plowmen—Milton Davis, Lindsay.

Nicholas Plain, an Indian, won a special prize—a \$125 set of double harness, donated by R. V. LeSueur, M.P., for the Lambton competitor highest in the standing.

Standing in class 1 for stubble plowing was announced as follows: Norman McLeod, of Galt is first, winning a silver service, donated by A. J. H. Eckhart, Toronto, "in appreciation of the good work done for the farmers of Ontario by J. Lockie Wilson." Next in order are E. Green, Oshweken; John Ley, Orillia; E. Timbers, Milliken, and R. F. Booth, Niagara. Middlesex furnished the youngest stribling between the plowhandles, Clarence Young, of Muncey, aged 14, while the senior of many veterans competing was John Jardine of Camlachie, aged 82. Entries at the match showed an increase of about 30 over the previous mark.

The judges were: Norman Malcolm of Malton; Francis Thompson, Echo Place; Mr. Dickinson, Galt, and Mrs. Lawson, of King. For the special class, open to Lambton Indians, D. J. Gray of Ottawa; James McLean, of Richmond Hill, and Wm. Doherty of Toronto, officiated, while J. Brandon of Forest, judged the teams.

The local committee has not yet closed the accounts in connection with the Provincial plowing match at Sarnia. The fees for auto parking which were very considerable, and from the concessions go to meet the expenses of the local committee. The final reckoning is not likely to leave much margin either way. The local committee had to put up a guarantee of \$20,000, and were assisted by grants from Sarnia city council and Lambton county council.

BABY'S OWN TABLETS ALWAYS KEPT ON HAND

Mrs. Ernest E. Adkins, Brotton, Sask., writes:—"I have used Baby's Own Tablets with great success for four years and always keep a box on hand." Thousands of other mothers say the same thing—once they have used the Tablets for their little ones they will use nothing else. Experience shows them that the Tablets are the ideal medicine. They are a mild laxative, thorough in action and never fail to relieve the minor ailments of little ones. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

LAMBTON LOAN CO. ALMOST 100 YEARS STEADY SERVICE

Offers Attractive Investment in Debentures Bearing Interest at Five and a Half Per Cent.

The issue of the new Dominion government loan has established the fact that there is an enormous amount of money seeking profitable investment, the possessors of which are often unable to find an avenue which will offer a good rate of interest and at the same time provide the unquestioned security which is vital to the average investor.

In this connection attention is drawn to the debentures offered by the Lambton Loan and Investment Co., of Sarnia, an institution which for almost one hundred years has carried on a financial and investment business which has had few equals in the history of Canada. These debentures are for terms of one, two, three, four or five years bearing interest at the rate of 5 1/2 percent, carrying coupons payable twice a year. They are purchasable at any time and are backed by a capital and reserve of \$1,700,000.

One of Best Available. Consideration of these circumstances show that the investment offered by the Lambton Loan and Investment Company is one of the most attractive on the market today and is sure to prove of unusual interest to those who desire to place their money in channels of assured safety and at the same time reap the benefits of an interest rate of 5 1/2 percent. The fact that this strong Sarnia institution has served the public since its foundation in 1844 is a guarantee that cannot be overlooked.

Handling Government Bonds. The Lambton Loan and Investment Company is also accepting government bonds of November maturity for the next thirty days and will allow interest either on their deposit or conversion to Lambton Loan and Investment Debentures, from October 15, which means a bonus of two weeks interest. This is an opportunity for those who desire to convert their government bonds, that will be largely taken advantage of. The company will also accept government bonds for conversion to the new government issue in the ordinary method outlined in the government plan.

Readers should not overlook the advertisement on page three regarding the "Accumulative Bonds" of this company. They are backed by its entire assets. They are a very attractive and profitable form of investment.

WHO IS SHE ?

Widespread interest and comment is being caused throughout Canada by the amazing life story of "The Wonderful Heroine" in the Family Herald and Weekly Star of Montreal. The heroine of the story is a remarkably beautiful young woman of romantic and tragic history whose picture in colors is being given free to subscribers of the Family Herald and Weekly Star. When one considers that the subscription price of this big 72 page family and farm journal is only \$2.00 per year, one is amazed by the value received, but with a magnificent picture thrown in, the value is indeed superlative.

Ford
Order Books for Present Model Ford Closed Cars Will Close November 1st

Ford Motor Company
Automobile and Truck Manufacturers

October 12th, 1923.

TO ALL CANADIAN FORD DEALERS

When this organization decided, September 20th, to bring out the Four-door Sedan and redesigned Coupe models, we had on hand approximately 6500 present type bodies.

To ascertain how the buying public would react on Ford-car prices heretofore unprecedented, we reduced each closed model \$100. in price—the Coupe to \$395., the Sedan to \$685. both F.O.B. Ford, Ontario (Government Taxes extra).

The response has been such that we have on hand now only 696 of these models to dispose of. This demand is evidence that the public appreciates values, and we take this opportunity of thanking you, and through you, the public in appreciation of their action.

In view of our appreciation, and in order that you may play entirely fair with the Ford buying public, we think it advisable to inform you that at the present rate it is a matter of days before all these jobs will be completely disposed of to dealers. In any event, we will not be able to entertain orders from dealers on or after November 1st. On that date we will close our books. We reserve the right to do this earlier, if necessary.

If you have any orders you wish to deliver to the public after November 1st, it will be necessary for you to place them with us before November 1st.

All orders should, therefore, be taken by you with no obligation to deliver except as prior orders permit.

We must protect ourselves in the same way - we can deliver your orders placed with us only as prior orders permit and as long as the above number of cars last.

Yours very truly,
FORD MOTOR COMPANY OF CANADA, Limited,
Sales Manager.

The information in this letter should be known to every prospective Ford buyer. It opens up an opportunity for the family without a closed car to get one at prices which will probably not be as low again.

This is an opportunity for the man with a large car to relieve the larger car and decrease its depreciation, especially during the coming winter months.

A. Burtleigh Hodgins, a McGillivray township farmer, was injured near Melbourne Thursday at midnight when a motor truck crashed into his car in a fog. Hodgins was changing a tire on the roadside when the crash occurred. His car was almost completely demolished, and Hodgins suffered among other injuries a fracture of the jaw and a dislocated shoulder. He is now in the hospital at London and is expected to recover.

Mr. and Mrs. Jarvis Paul of Florence celebrated their golden wedding on Saturday evening by having a family gathering. Mr. and Mrs. Paul received many congratulations from old friends and neighbors during the day and early evening, and later in the evening the time was devoted to Mr. and Mrs. Paul, family and grandchildren, when a delightful wedding dinner was served and a family reunion enjoyed.

The garage owned by John McFarlane Jr., Camlachie, was completely destroyed by fire Saturday afternoon. The cause is unknown but it apparently started near the roof and made such rapid headway that nothing could be done to save the building. The contents were all removed. The wind blew the blaze over and threatened to fire Dr. Brown's residence and office but a bucket brigade soon formed and saved the building.

Two damage actions have been entered against the Dominion Tobacco Company, the Foster Tobacco Company, Limited, W. C. Macdonald, registered, and George Jaspersion, for more than \$30,000 by seventy-five tobacco growers of Essex and Kent. The case will probably be heard at the sittings of the Supreme Court at Chatham in November. The growers allege that the defendants some or one, refused to accept tobacco in the fall of 1919, for which they are alleged to have contracted.

The fine barns of J. Wesley McFadden, near Tupperville, containing the entire season's crop and farm implements, and a large hog pen adjoining, were destroyed by fire last Wednesday evening. Mr. McFadden was doing chores and was in the act of driving a cow into the building when he noticed the blaze. He had left the building a few moments before, and it is thought the lantern hanging in the building exploded. Mr. McFadden, who is deputy reeve of Chatham township, succeeded in saving all the livestock quartered in the building.

In the death of Mrs. J. H. Johnston on Wednesday, an old and highly-respected citizen of Oil Springs passed away. Over 62 years ago Mrs. Johnston, then Louise Maria Braund, came to Oil Springs, and with the exception of one year, lived here all her life. The funeral was held from the Methodist church Friday afternoon to the Oil Springs cemetery. Mrs. Johnston is survived by her husband J. H. Johnston, three daughters, Mrs. Burns of British Columbia; Mrs. Gad of Toronto; Mrs. Ganton of Alberta; two sons, H. Johnston of Tillsonburg, and A. Johnston of Oil Springs.

The funeral of Mrs. William McCormick took place at her late residence in Plympton Township, London road Thursday afternoon. Rev. L. Stones, pastor of the Baptist church, officiated. Mrs. McCormick had been suffering from a severe spinal disease for the past three years and an operation in New York two years ago helped to some extent, but she finally succumbed on Tuesday. Mrs. McCormick had resided on the London road since her marriage, 30 years ago. She leaves, besides her husband, three children, Mrs. Neil Bolton, Sarnia, and Carey and John at home. She is also survived by three brothers and three sisters, Mrs. Wm. Culbert, Wyoming; Mrs. Margaret McKay, Warwick; Mrs. Wm. Hayward, Plympton; Frederick Brereton, William Brereton and John Brereton all of Plympton. The deceased was a lifelong member of the Baptist church.

Sores Flee Before It.—There are many who have been afflicted with sores and have driven them away with Dr. Thomas' Ectectric Oil. All similarly troubled should lose no time in applying this splendid remedy as there is nothing like it to be had. It's cheap, but its power is in no way expressed by its low price. m

A glass factory for Amherstburg is now an assured thing and is expected to be in operation in a short time. Detroit capital is said to be backing the venture.

The oil drillers are now busy sinking a test well on the farm of Daniel Campbell, a mile east of Keyser. The drill is down about 406 feet, and the instructions from headquarters are to go further. The indications are said to be favorable.

Gregory & Son, who have conducted a butcher business in Forest for the past two years have disposed of same to Warren Bros., of Arkona, who take possession at once. The Gregory family will probably go to Detroit to reside.

A very bad accident befel Mrs. Z. E. Beaul, of Bothwell, on Friday evening last, when she stepped backwards off the verandah at Mr. Fred Beamish's residence, breaking her limb to two places. She was taken to her home and medical aid was summoned.

While loading logs on a truck last week, Robt. McIntosh, Parkhill, had a leg broken below the knee. He is progressing favorably. The fracture received immediate attention from Dr. Taylor and the bones were very little displaced.

Mr. Oswald Jackson, has sold his farm, lot 3, concession 2, Plympton, to Mr. John Webster, Townline Sombra, and Moore. Mr. Jackson has lived on this farm, consisting of 100 acres for the past nine years, and is moving to Chatham, where he will reside.

The death took place at his home in Chicago in Sept. 25th, of Mr. Richard Genge, who about forty years ago was agent at the M.C.R. It was in Alvinston that he married Miss Catherine Brennan, who survives him. He was prominent in local affairs and is fondly remembered by many old citizens.

The Oil of the People.—Many oils have come and gone, but Dr. Thomas' Ectectric Oil continues to maintain its position and increase its sphere of usefulness each year. Its sterling qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands have benefited by it and would use no other preparation. m

The sudden death occurred at Victoria Hospital on Wednesday of Mrs. Swain, wife of Henry Swain of Ailsa Craig. Deceased had been ill only a short time. The young woman, who was formerly Sadie McKellar, leaves besides her widowed mother and husband, four little girls, the youngest a baby of a few weeks old. Three brothers, Archie, Donald and Robbie and one sister, Mrs. Bullen, also survive.

Donald McLarty, Sr., while picking apples at his home in Dresden on Wednesday, Oct. 10th, had a very serious fall, breaking both legs, his arm and collar bone. Mr. McLarty was on a ladder and stepped from the ladder to a limb of a tree. The limb was not strong enough to hold him, and Mr. McLarty fell about twenty feet to the ground. Dr. MacMurchy was called and it was deemed advisable to take Mr. McLarty to the hospital at Chatham, and he passed away while being taken there.

Gordon Brown, Amherstburg, was relieved of nearly \$100 in bills late Sunday night. He retired about a quarter after eleven and it was after this that the thief entered his room while he was asleep and stole the money from his pants pocket. After discovering his loss Monday morning he found that a window screen had been removed downstairs and it is supposed that the thief entered the house by this means. This is the third theft within two weeks by sneak thieves entering private houses in two cases and in the other a business place.

Orville Jamieson, 6th con., Bosanquet, met with a heavy loss Tuesday when his two barns, hen house and pig pen were all destroyed by fire, with 1,400 bushels of grain and 30 tons of hay, besides straw and other provisions. The farm implements were mostly all saved. The origin of the fire is unknown. Mr. Jamieson was preparing to go to a neighbor's after dinner, and on opening the barn door discovered the end of the building in flames, which spread so rapidly that nothing could be done to quench them. An insurance amounting to \$1,700 is held in the East Lambton Farmers' Insurance Co.

Burwell Malott has been appointed tax collector for Gosfield South for 1923 roll at a salary of \$275.

The work of renovating and decorating St. Anne's Church, Adelaide, is completed, and the re-opening was held on Sunday, Oct. 14th, with three services.

Mrs. Frank Rendle, con. 10, Bosanquet, had the misfortune on Monday to fracture a bone in her right leg. She was using a power washing machine, and in throwing off the belt with her foot, she became entangled in the belt. Fortunately the gas engine which drove the machine was shut off, or the result might have been more serious.

John Kearns, a well-known farmer and stockman of Euphemia township died suddenly Monday morning of heart failure. Apparently the deceased had always enjoyed the best of health, and that he ever suffered from this ailment came as a surprise to many who knew him well. Mr. Kearns retired on Sunday evening apparently in his usual good health. About 2 a.m. his son, Vincent, hearing a call, hurried to his father and found him dying. Deceased was in his 63rd year.

Fire of unknown origin totally destroyed the barn of Albert Trowbridge, a prosperous farmer residing on the 10th line of Enniskillen. The fire was first noticed by neighbors about two o'clock Monday morning but on account of the strong wind which fanned the flames, it was impossible to check them, and the barn was completely demolished. The contents of the barn were destroyed, including 15 tons of hay, 600 bushels of oats, 100 bushels wheat, as well as his complete stock of poultry. Fortunately no animals were in the barn at the time. Mr. Trowbridge is at a loss to understand the cause of the fire. The damage totaled around \$5,000. It was partially covered by insurance.

Saturday morning fire completely destroyed Norman Bristow's tobacco barn on the Wm. Mills farm, near Essex, together with seventeen kilns of the finest quality leaf which had been cut and cured before the frost. Though Mr. Bristow carried considerable insurance his loss will be heavy. The fire started in a house adjoining the barn, occupied by a Belgian family, and once it caught flamed up like tinder, the fierce flames licking up the leaf like chaff. There were no means of fighting a fire of this kind and it was impossible to save anything. Seventeen kilns of tobacco represents about 8 1/2 tons and Mr. Bristow's loss can easily be figured, as leaf in this stage of curing is worth at least 50 cents a pound. This adds another to the growing list of tobacco barns burned in South Essex this season.

David Neely, R.R. 1, Camlachie, aged 12, was seriously injured in a runaway accident which occurred in Sarnia on Saturday at noon. He is in the Sarnia General Hospital and his attending physician stated that he would recover. The youth in company with his mother and younger sister was riding in a buggy when that vehicle was bumped by a coupe automobile. This impact frightened the horse and, getting beyond the control of the driver it galloped down Milton street. Near the corner of Kathleen avenue the buggy collided with the curb and the occupants were thrown out. The boy alighted on his head and as soon as the serious nature of his injuries was learned he was rushed to the hospital. An examination revealed that he had suffered injuries to the brain but these are not expected to prove fatal. His mother and sister escaped with minor injuries.

ALVINSTON

A very enjoyable evening was spent in the basement of Guthrie Presbyterian church on Friday when a fowl supper was served under the auspices of the Ladies' Aid. At the conclusion of the supper a program consisting of home-talent was listened to by a large crowd. L. W. Oke, M.P.P., acted as chairman for the evening. H. A. Jackson played two very fine violin solos and Ella Martyn also rendered very sweetly on the violin "One Fleeting Hour," and "Minuet in G." Robert Morrison and Rev. Wm. Montieth rendered two very acceptable solos. Rev. A. L. Spracklin gave a short address commending the ladies and wishing them every success in their future undertakings. Jeanetta McTaggart gave two readings. The proceeds of the venture will be devoted to the purchasing of a pipe organ.

The death occurred suddenly on Tuesday at the home of her parents, of Mary Hester, only child of Mr. and Mrs. Wm. Smith, at the age of 11 months. The child was apparently in the best of health until about five o'clock in the evening when it took convulsions and died a few hours after.

This was all saved but the implements together with all the season's crop were destroyed. As it was seen the barns could not be saved attention was turned to the house which was only a few rods away. The loss is only partly covered by insurance.

JOHN BROWN

One of Lambton's oldest, most widely known and highly respected pioneers, John Brown, passed away on Thursday morning, Oct. 18th, at the advanced age of 85 years. The deceased who was born in Dalhousie, county of Lanark, moved to Lambton in 1854. In 1880 he settled on the 2nd concession of Moore, at that time a primeval forest, where he resided continuously up to the time of his death. His partner in life, Nancy Maitland passed on before four years ago. Mr. Brown was one of a family of twelve, two of whom survive him, George of Brook street Sarnia, and Mrs. Blain of Nebraska. He is survived by his four sons, Rev. John Rex Brown of Calgary; James of Sault Ste Marie; and Ned and David, 2nd line Moore. The funeral obsequies which were largely attended took place on Saturday afternoon and were conducted by the pastor, the Rev. Mr. Hagelstein and the Rev. Mr. McEachern of Point Edward, a former pastor. The pallbearers were George Armstrong, Wm. Clubb, Jno. McKenzie, Peter Rattray, David McDonald and David Gray. Mr. McEachern based his address on John 11:25 "I am the resurrection and the life," which words the speaker said, had been assigned him by the deceased as his funeral sermon text some six years ago. There were few men in Lambton, said the speaker, who enjoyed in as large a measure the confidence, esteem and regard of their fellow citizens as did Mr. Brown. The very soul of rectitude and honor, unassuming and courteous in manner, he was beloved by all who came within the charmed circle of his friendship. His sterling integrity, shrewd sagacity and blamelessness of life rendered him a tower of strength to every worthy cause. He was the founder, foster father, of the Plum Creek Presbyterian congregation of which he has been since its inception a beloved elder and a worthy example to the flock in faith and practice. It might be said of John Brown, that rich was all the treasures of spiritual knowledge and experiences—the growth and accumulation of a whole life time of discipline—came to his last hour like the mellow fruit that gathers into itself all the life of the tree, and all the dew and sunshine of the summer and at last bends and breaks the branch from which it hangs, verily "the actions of the just smell sweet and blossom in the dust."

MOTHER OF LARGE FAMILY

Recommends Lydia E. Pinkham's Vegetable Compound to Other Mothers

Hemford, N. S.—"I am the mother of four children and I was so weak after my first baby came that I could not do my work and suffered for months until a friend induced me to try Lydia E. Pinkham's Vegetable Compound. Since taking the Vegetable Compound my weakness has left me and the pain in my back has gone. I tell all my friends who are troubled with female weakness to take Lydia E. Pinkham's Vegetable Compound, for I think it is the best medicine ever sold. You may advertise my letter."—Mrs. GEORGE I. COUSSE, Hemford, N. S.

My First Child

Glen Allen, Alabama.—"I have been greatly benefited by taking Lydia E. Pinkham's Vegetable Compound for bearing-down feelings and pains. I was troubled in this way for nearly four years following the birth of my first child, and at times could hardly stand on my feet. A neighbor recommended the Vegetable Compound to me after I had taken doctor's medicines without much benefit. It has relieved my pains and gives me strength. I recommend it and give you permission to use my testimonial letter."—Mrs. IDA RYK, Glen Allen, Alabama.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women." c

To Secure Repeat Orders

Re-ordering goods by Long Distance is one of the most popular uses made of it.

One enterprising Ontario merchant says "We distribute our product to a considerable number of surrounding towns. To increase sales we send a circular to all our customers requesting them to use Long Distance when re-ordering. The plan has worked very well."

Such orders come in on Station-to-Station calls, which makes it inexpensive. Try it.

So sharp is the competition for labor and so urgent the necessity for completing the harvest, that farmers are paying as high as \$10 a day to potato diggers in the Elmira, Mich., district. Every school has been closed and almost every inhabitant—man, woman and child—is out harvesting potatoes.

The Post office Department invites attention to the fact that the use of other than standard size envelopes frequently results in delay to the letters with consequent annoyance to the public. "When we urge you to use standard size envelopes it is to facilitate the handling of your own letters," says the communication. "Therefore, if you wish to have your letters handled promptly use envelopes where possible about 4 inches wide and from 6 to 9 inches long."

In submitting the report of the Ontario Stallion Enrolment Board for the year ending July 31st, 1923, the chairman, Robert McEwen, and secretary, R. W. Wade, call attention to the fact that more than 15 per cent. of the 1,317 stallions enrolled are A1 and over 73 per cent are Form I horses, leaving only 10 per cent. in the defective class and one per cent. undesirable. This indicates that Ontario occupies a fairly strong position as regards the quality of the stallions used. A summary of breeds of stallions enrolled for the years 1912 to 1923, inclusive, shows Clydesdale leading in numbers all through the period, with Percherons second and Standard-bred third.

One was when Allan Wyant threw out his shoulder while using a big sledge necessitating him taking a prolonged holiday and the second occurred Wednesday when Robert Webb cut the index finger of his right hand, to the bone. At the time of the accident Bob was holding a piece of iron in his right hand and hitting it with a sledge in the other. The accident was caused by a miss.

E. and Mrs. Shaunessy of Petrolea, in the presence of a number of relatives and friends. The ceremony was conducted by Rev. R. S. Hosking, pastor of the Methodist church, assisted by Rev. G. V. Collins of Almonte, uncle of the bride.

Mr. Alex McDougall met with an accident on Saturday night while driving home from Petrolea in his Ford. Travelling along the Blind line at a fair rate of speed he failed to make the turn on the sideroad and went through the wire fence down the bank. Fortunately the car did not turn turtle and with the aid of a team of horses it was drawn back on the road, none the worse of the leap. Nothing but a miracle prevented the driver from being injured.

THE CAUSE OF SICKNESS

Almost Always Due to Weak and Impoverished Blood.

Apart from accident or illness due to infection, almost all ill-health arises from one or two reasons. The mistake that people make is in not realizing that both of these have the same cause at the root, namely poor blood. Either bloodlessness or some other trouble of the nerves will be found to be the reason for almost every ailment. If you are pale, suffering from headaches, or breathlessness, with palpitation of the heart, poor appetite and weak digestion, the cause is almost always poor blood. If you have nervous headaches, neuralgia, sciatica and other nerve pains, the cause is exhausted nerves. But run down nerves are also a result of poor blood, so that the two chief causes of illness are one and the same.

If your health is poor; if you are pale, nervous or dyspeptic, you should give Dr. Williams' Pink Pills a fair trial. These pills act directly on the blood, and by enriching it give new strength to worn out nerves. Men and women alike greatly benefit through the use of this medicine. If you are weak or ailing, give Dr. Williams' Pink Pills a fair trial and you will be pleased with the beneficial results that will speedily follow.

If your dealer does not keep these pills you can get them by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

When a mother detects from the writhing and fretting of a child that worms are troubling it, she can procure a reliable remedy in Miller's Worm Powders which will expel all worms from the system. Autumn Weddings

ROBERTSON—McKERCHER

A very pretty autumn wedding took place at the home of Mr. and Mrs. John McKercher, Huron street, on Monday, October 22nd, at 12.30 noon, when their daughter, Lillian E. was united in marriage to Gerald M. Robertson, son of Edward Robertson of Warwick. The ceremony was conducted by Rev. H. V. Workman. The drawing room was tastefully decorated with flowers and autumn leaves.

The bride looked lovely in a gown of grey canton crepe with hose and shoes to match and carried ophelia roses. She was unattended. Immediately after the ceremony dinner was served.

The groom's gift to the bride was a gold wrist watch, and to the pianist a gold bar pin set with diamonds.

The bride's traveling gown was a navy suit skirt and crepe blouse, (Rat) fur coat, small grey and blue metal lace hat, grey hose and shoes. The happy couple left for a trip to Detroit and points west and on their return will reside on the groom's farm on the second line of Warwick. Don't Make Yourself Poor to Carry Insurance

SOMETIMES when men are canvassed for Life Insurance they raise the objection, "I don't want to make myself poor just to carry Life Insurance!" But no one makes this remark after his policy has accumulated a large Cash Value. He may say "At times it was difficult to raise the premiums, but I am mighty glad I made the sacrifice."

Did you ever hear an old man express regret that he had taken out Life Insurance? Instead of making yourself poor, you are saving money, and building for yourself a Fund to meet emergencies later on and to finance your old age problems, as well as taking care of your Family in event of your death.

The Canada Life Assurance Co.

W.B. TRENOUTH
Watford Agent

Do you "feel poor" after making a deposit in the Savings Bank? If not, why should you "feel poor" after depositing money with a Life Insurance Company? You DO NOT make yourself poor by carrying Life Insurance. By it you create an immediate estate, making yourself that much richer. Unlike a Bank Account, in the event of death, the amount payable is many times the deposits.

If it will make you poor to carry a reasonable amount of Insurance, HOW DO YOU EXPECT YOUR FAMILY TO LIVE SHOULD YOU BE TAKEN OFF SUDDENLY WITHOUT INSURANCE?
